Re: Letter of Appreciation

As you know, the Police Department has had its challenges with janitorial services for a while now. We brought our concerns to Mr. Reals, the Director of Public Works, who listened intently to our needs. We both know Public Works can be stretched pretty thin given their daily duties and responsibilities, but he asked us to be patient. I am very pleased to report that the recent change in janitorial personnel assigned to the Police Department is working out phenomenally. Therefore, I would like to express my appreciation to Mr. Reals for addressing our concerns and needs.

I would also like to take this opportunity to acknowledge the great work that Shirley Briggs has been doing at the Police Department. Since her first day on April 16, 2018, she has done an outstanding job in keeping both the Main Station and Sub Station looking and smelling great. We have had numerous comments and compliments, from both staff and visitors alike. She pays close attention to detail, and has submitted work orders for issues she has encountered while completing her daily tasks. She has been very approachable, and accommodating, when we've asked for attention to be paid to a particular area due to events or ceremonies. We are very appreciative of the work she is doing.

I would like to formally recognize both Mr. Reals and Ms. Briggs at the next City Commission Meeting and have the letter of appreciation included in the commission packets. Thank you.
