Code Enforcement Officer: Heather Debevec

Dear Code Enforcement Department:

This letter is to recognize your officer Mrs. Debevec whom I misjudged a few weeks ago. I must admit she went the extra mile to accommodate my schedule, violations, and concerns. Mrs. Debevec reached out to me to ensure she was working with me and not against me. She waited to meet me in person to assure me the corrections I made were in fact within the code and explained how she wants nothing more than to beautify our community. Therefore, this letter is not complain yet to offer accolades to an outstanding officer whom cares about the property owners as well as the residents.

Sincerely,

Mrs. Rodella Ervin
