OUR HISTORY

During the hot summer of 1954, in a cramped one-room machine shop in Augusta, two brothers founded E-Z-GO from a simple belief that they could build a better golf car, to better meet the needs of the customer.

From those humble beginnings, E-Z-GO has grown into a global leader in the golf industry and light transportation, building many thousands of vehicles each year from its global headquarters in Augusta, which has been recognized as one of the top 10 manufacturing facilities in North America by Industry Week magazine. E-Z-GO manufactures multiple, extensive lines of vehicles, including golf cars, utility vehicles, personnel carriers, refreshment vehicles and is able to customize any vehicle to your unique requirements.

E-Z-GO is a renowned leader in electric-vehicle technology, from our revolutionary RXV, with its exclusive AC Drive technology and automatically applied parking brake, to our newly redesigned TXT golf car, with innovative TruCourse™ Technology and a host of features designed to enhance the on-course experience for the golfer. Our Cushman line of utility vehicles offers a range of models with varying payloads and powertrains to handle any job on your course --upholding the tradition of a brand that has been recognized for more than a century for its rugged, reliable and versatile work machines.

E-Z-GO became part of Textron Inc. (NYSE: TXT) in 1960. This global, multi-industry company leverages its global network of aircraft, defense, industrial and finance businesses to provide customers with innovative solutions and services. Textron is known around the world for its powerful brands such as Bell Helicopter, Cessna Aircraft Company, Jacobsen, Kautex, Lycoming, E-Z-GO, Greenlee, and Textron Systems.

Today, E-Z-GO still has that single belief – that it exists to build vehicles and services that exceed the expectations of the customer. It is the drive to sustain and improve that position – to offer an unparalleled combination of world-class products, advanced technology, manufacturing expertise, and extraordinary service – that leads E-Z-GO to cover new ground.
