# Definitions of Terms

## **POLICY –**

is an issue that needs direction or a policy decision by the Commission; or needs a major funding decision by the Commission; or an issue that needs Commission leadership by the governing body in the community; or with other governmental bodies (city government, other city governments, state government, federal government) – questions of “WHAT: IS THE DIRECTION; IS THE GOAL; IS THE BUDGET OR RESOURCES; IS THE CITY'S POLICY OF REGULATION?”

## **MANAGEMENT –**

a management action which the Commission has set the overall direction and provided initial funding (e.g. phased project), may require further Commission action on funding; or a major management project particularly multiple years (e.g. upgrade to the information system)-questions of “HOW: DO WE ADDRESS THE ISSUE, MANAGE THE CITY; IMPLEMENT A DECISION OR PROGRAM; CAN WE IMPROVE THE MANAGEMENT OR ORGANIZATIONAL PROCESS?”

## **MANAGEMENT IN PROGRESS –**

a management or organization action which Commission has set the direction, needs staff work before going to Commission for direction next year or beyond, no choice mandated by an outside governmental agency or institution, management process improvement budgeted or funded by the Commission.

## **MAJOR PROJECT –**

a capital project funded in the CIP or by Commission action which needs design or to be constructed (e.g. Road project, city facility project, park project, etc.).

## **ON THE HORIZON –**

an issue or project that will not be addressed during the year by management or the Commission but should be addressed in the next five years; it could become an action item for this year if another party moves the issue or project forward-it depends on them.
