DECLARATION OF RESTRICTIVE COVENANT

THIS DECLARATION OF RESTRICTIVE COVENANT (hereinafter "Declaration") is made this ____ day of _____, 2018, by Fort Pierce Redevelopment Agency, a dependent special district of the City of Fort Pierce (hereinafter "GRANTOR") and the Florida Department of Environmental Protection (hereinafter "FDEP").

RECITALS

A. GRANTOR is the fee simple owner of that certain real property situated in the County of St. Lucie, State of Florida, more particularly described in Exhibit "A" attached hereto and made a part hereof (hereinafter the "Groundwater Restricted Area");

B. The FDEP Facility Identification Number for the Groundwater Restricted Area is COM_82363 and BF561101001. The facility name at the time of this Declaration is Former H.D. King Power Plant Site – Parcel #1. This Declaration addresses contamination that was addressed by GRANTOR pursuant to the terms of a Brownfield Site Rehabilitation Agreement entered into between the GRANTOR and FDEP on November 29, 2012 (hereinafter the "BSRA");

C. The presence of vanadium and naphthalene in the Groundwater Restricted Area is documented in the following reports that are incorporated by reference:

1. *Interim Source Removal Report - 2014*, prepared by Cardno, dated October 31, 2014;
2. *Interim Source Removal Report - 2015*, prepared by Cardno, dated August 31, 2015; and
3. *Combined Document – Site Assessment Addendum and Source Removal Completion Report*, prepared by Cardno, dated November 20, 2016.

D. The reports noted in Recital C set forth the nature and extent of the contamination described in Recital C that is located in the Groundwater Restricted Area. These reports confirm that contaminated groundwater as defined by Chapter 62-780, Florida Administrative Code (F.A.C.), exists on the Groundwater Restricted Area. Also, these reports document that the groundwater contamination does not extend beyond the Groundwater Restricted Area boundary, that the extent of the groundwater contamination does not exceed 1/4 acres, and the groundwater contamination is not migrating.

E. It is the intent of the restrictions in this Declaration to reduce or eliminate the risk of exposure of users or occupants of the Groundwater Restricted Area and the environment to the contaminants and to reduce or eliminate the threat of migration of the contaminants.

F. FDEP has agreed to issue a Site Rehabilitation Completion Order with Conditions (hereinafter "Order") upon recordation of this Declaration. FDEP can unilaterally revoke the Order if the conditions of this Declaration or of the Order are not met. Additionally, if concentrations of naphthalene and vanadium increase above the levels approved in the Order, or if a subsequent discharge occurs at the Groundwater Restricted Area, FDEP may require site rehabilitation to reduce concentrations of contamination to the levels allowed by the applicable FDEP rules. The Order relating to FDEP Facility No. COM_82363 and BF561101001, can be obtained by contacting the appropriate FDEP district office or Tallahassee program area; and

G. GRANTOR deems it desirable and in the best interest of all present and future owners of the Groundwater Restricted Area that an Order be obtained and that the Groundwater Restricted Area be held subject to certain restrictions, all of which are more particularly hereinafter set forth.

NOW, THEREFORE, to induce FDEP to issue the Order and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by each of the undersigned parties, GRANTOR agrees as follows:

1. The foregoing recitals are true and correct and are incorporated herein by reference.

2. GRANTOR hereby imposes on the Groundwater Restricted Area the following restriction:

a. There shall be no use of groundwater under the Groundwater Restricted Area. There shall be no drilling for water conducted on the Groundwater Restricted Area, nor shall any wells be installed on the Groundwater Restricted Area, other than monitoring wells pre-approved in writing by FDEP's Division of Waste Management (DWM), in addition to any authorizations required by the Division of Water Resource Management and the Water Management Districts. Additionally, there shall be no stormwater swales, stormwater detention or retention facilities, or ditches on the Groundwater Restricted Area. For any dewatering activities, a plan approved by FDEP DWM must be in place to address and ensure the appropriate handling, treatment, and disposal of any extracted groundwater that may be contaminated.

3. In the remaining paragraphs, all references to "GRANTOR" and "FDEP" shall also mean and refer to their respective successors and assigns.

4. For the purpose of monitoring the restrictions contained herein, FDEP is hereby granted a right of entry upon, over and through and access to the Groundwater Restricted Area at reasonable times and with reasonable notice to GRANTOR. Access to the Groundwater Restricted Area is granted by North Indian River Drive.

5. It is the intention of GRANTOR that this Declaration shall touch and concern the Groundwater Restricted Area, run with the land and with the title to the Groundwater Restricted Area, and shall apply to and be binding upon and inure to the benefit of GRANTOR and FDEP, and to any and all parties hereafter having any right, title or interest in the Groundwater Restricted Area or any part thereof. FDEP may enforce the terms and conditions of this Declaration by injunctive relief and other appropriate available legal remedies. Any forbearance on behalf of FDEP to exercise its right in the event of the failure of GRANTOR to comply with the provisions of this Declaration shall not be deemed or construed to be a waiver of FDEP's rights hereunder. This Declaration shall continue in perpetuity, unless otherwise modified in writing by GRANTOR and FDEP as provided in paragraph 7 hereof. These restrictions may also be enforced in a court of competent jurisdiction by any other person, firm, corporation, or governmental agency that is substantially benefited by these restrictions. If GRANTOR does not or will not be able to comply with any or all of the provisions of this Declaration, GRANTOR shall notify FDEP in writing within three (3) calendar days. Additionally, GRANTOR shall notify FDEP thirty (30) days prior to any conveyance or sale, granting or transferring the Groundwater Restricted Area or portion thereof, to any heirs, successors, assigns or grantees, including, without limitation, the conveyance of any security interest in said Groundwater Restricted Area.

6. In order to ensure the perpetual nature of this Declaration, GRANTOR shall record this Declaration, and reference these restrictions in any subsequent lease or deed of conveyance, including the recording book and page of record of this Declaration. Furthermore, prior to the entry into a landlord-tenant relationship with respect to the Groundwater Restricted Area, GRANTOR agrees to notify in writing all proposed tenants of the Groundwater Restricted Area of the existence and contents of this Declaration of Restrictive Covenant.

7. This Declaration is binding until a release of covenant is executed by FDEP Secretary (or designee) and is recorded in the public records of the county in which the land is located. To receive prior approval from the FDEP to remove any requirement herein, cleanup target levels established pursuant to Florida Statutes and FDEP rules must be achieved. This Declaration may be modified in writing only. Any subsequent amendments must be executed by both GRANTOR and FDEP and be recorded by GRANTOR as an amendment hereto.

8. If any provision of this Declaration is held to be invalid by any court of competent jurisdiction, the invalidity of that provision shall not affect the validity of any other provisions of the Declaration. All such other provisions shall continue unimpaired in full force and effect.

9. GRANTOR covenants and represents that on the date of execution of this Declaration that GRANTOR is seized of the Groundwater Restricted Area in fee simple and has good right to create, establish, and impose this restrictive covenant on the use of the Groundwater Restricted Area. GRANTOR also covenants and warrants that the Groundwater Restricted Area is free and clear of any and all liens, mortgages, or encumbrances that could impair GRANTOR'S rights to impose the restrictive covenant described in this Declaration.
