FROM : Mike Reals, Director of Public Works *MR*

RE : **TRC PROJECT NUMBER #19-99800004**
TEXT AMMENDMENT TO CHAPTER 22

DATE : February 5, 2019

The Public Works Department is in full support of the proposed text amendment as presented. Public Works responds to the request from Planning with the specific information on where to place the sign, when to place the sign as well as the text to appear on the sign. This process is labor intensive and poses challenges on timely placement when multiple requests are received at one time. The signs are printed and prepared in the compound and then sent out for installation by the sign technician. They are bulky, heavy and cumbersome to install by one person and oftentimes require several trips to the compound before all are installed.

This office respectfully request that the City Commission and Planning Board support the recommendation from staff.

Please contact this office if you have any questions.
