DRAFT

CITY OF FORT PIERCE CRA ADVISORY COMMITTEE

CRA Advisory Committee Minutes

OF THE REGULAR MEETING OF THE FORT PIERCE CITY CRA ADVISORY COMMITTEE HELD ON WEDNESDAY, **JUNE 19, 2019, IN FORT PIERCE 2ND FLOOR CONFERENCE ROOM, 100 NORTH US HIGHWAY 1, FORT PIERCE, FLORIDA.**

1. CALL TO ORDER

2. ROLL CALL

Present: Hoyt Murphy, Jr.; Plythe Freedman; Lillian Jimenez; Al Johnson; Jon Neprud; Chair
Charlie Frank Matthews

Absent: Kristina Gibbons; Michael Brown, Jr.

Staff Present: Nicholas Mimms, City Manager
Rebeca Guerra, Interim Planning Director
Shyanne Helms, Communications and Economic Development Manager
Vennis Gilmore, Planner
Alicia Rosenthal, Executive Assistant

3. APPROVAL OF MINUTES

a. Minutes from the May 23, 2019 meeting

Motion was made by Hoyt Murphy, Jr., and seconded by Jon Neprud to approve the minutes from the May 23, 2019 meeting.

AYE: Jon Neprud, Al Johnson, Lillian Jimenez, Plythe Freedman, Hoyt Murphy, Jr., Chair
Charlie Frank Matthews

Passed

4. CHAIRMAN VIEWPOINTS

Chairman Matthews stated the City Commission approved a developer for the King Site and the Crane property has been sold. Chairman Matthews asked the committee to attend the CRA Open House community meetings in July. Chairman Matthews explained at the FPRA meeting on July 15, 2019 CRA members will speak on the recommendations for the homeless and Fisherman's Wharf and their will be an appointment made to fill the CRA committee at-large vacancy.

5. OLD BUSINESS

Ms. Guerra spoke on the plaques for historic buildings and the tax benefits listed in the Historic Designation brochure.

a. Pan Handling

This items was tabled.

6. NEW BUSINESS

a. Tiny Housing

Mr. Neprud stated he would love to start a pilot program to develop tiny houses for transitional or long term housing for the homeless and veteran population. Mr. Neprud said St. Lucie County has found funding for one tiny house and since they are pre-manufactured the cost should be inexpensive.

Ms. Guerra suggested to start have a meeting with the Planning and Building department to review the zoning and building codes before moving this to the FPRA Board as a recommendation.

b. Fisherman's Wharf

Chairman Matthews suggested that the Fisherman's Wharf layout be presented at the October 21, 2019 FPRA meeting since Mr. Neprud will not be able to attend the July FPRA meeting.

Mr. Mimms asked the committee to look at the Fisherman's Wharf property and identify the property as a target and priority for the City of Fort Pierce and the FPRA and subsequently come up with some ideas and recommendations as to what would fit on the property to help the city. Mr. Mimms stated that the land does not have an intended direction or use. Mr. Mimms said at the July 15, 2019 FPRA meeting he would like to ask the FPRA to move forward with the RFP for Fisherman's Wharf.

Committee discussion ensued on dredging the water and ideas such as a fast ferry service, cruise ship, stationery entertainment boat, a 2-story restaurant and a hotel. Mr. Mimms stated the yacht captains, crew, woodworkers, welders and electricians would take advantage of the Fishermans Wharf development.

Ms. Guerra asked that the committee to bring their ideas and visions to the Fishermans Wharf CRA community meeting in July.

7. PUBLIC COMMENT

8. STAFF AND COMMITTEE MEMBER COMMENTS

Mr. Mimms stated he would like all the CRA members to attend the Florida Redevelopment Association conference, and he will look into what he can do to facilitate the education.

Mr. Murphy presented an interesting article he read about blight houses and how the city of Mobile, Alabama handled it.

Ms. Freedman stated she was very excited and pleased with how the FPRA handled the HD King site proposal.

\$10 for Certificate of Appropriateness - COFP to determine whether "Design Review Fee" is applicable in a Historic District

Commission, and are inactive for three (3) months and have failed to provide the necessary changes or information, will be charged a new fee to be processed for review. Items withdrawn or tabled (at any stage of the development review process) can be reactivated within three (3) months at no charge. After three (3) months the application is considered to have expired and a new review fee is required. Fees for amendments to previously approved site plans shall be based on minor amendment fees unless the proposed change is significant in size to require major review fees.

Applications that do not obtain approval by the final required board of commission within 12 months from the date of the initial submittal shall be required to pay a new application fee. This fee is the full application fee identified by the application category.

Pre-Application Meeting

Pre-application meeting are scheduled for Wednesday afternoons each week and must be scheduled a minimum of one week in advance. The meetings are typically held in the 2nd Floor Conference Room of City Hall. The applicant or property owner is required to attend; architects, engineers, or contractors for the proposal are encouraged to attend. The fee for a pre-application meeting is **\$250** with an additional \$250 fee for a “no show”. To discuss or schedule a pre-application meeting please contact the Planning Department at (772) 467-3737. Please forward any applicable site surveys, site plans or details of the proposal with your application.

Briefly describe the nature of your proposed project (Use Proposal, Standard Operations, etc.)

The property owner is aware that a Pre-Application meeting has been requested.

 Property Owner’s Signature

The purpose of the pre-application meeting is to assist the applicant in assembling a complete application. The pre-application meeting provides an applicant or property owner with specific process information, code requirements, and feedback from representatives of the Planning, Building, and Engineering Departments for the proposal. The meeting also provides the applicant an opportunity to address any concerns or challenges that may arise during the process.

THE SUNRISE CITY
FORT PIERCE
BUILDING DEPARTMENT *Florida*

Welcome and thank you for coordinating your project with the City of Fort Pierce. We look forward to working with you to bring your project to a successful fruition.

The City of Fort Pierce Building Department requires a fee of \$50.00 per half hour to attend and advise applicants on matters relevant to the Florida Building Code and certain Ordinances during pre-application meetings. This fee will be collected at the time of your pre-application payment.

Application for Future Land Use Map Amendment

Future Land Use Map Amendment – Large Scale (>10 acres)

Future Land Use Map Amendment – Small Scale (<10 acres)

In accordance with Chapter 163.3187, Florida Statutes, The City of Fort Pierce will consider applications for land use changes on parcels in excess of 10 acres (“Large Scale Amendments”) only twice each calendar year. The City Commission will consider applications for land use changes on parcels less than or equal to 10 acres with a maximum density of 10 units per acres or less at any time during the calendar year. You are encouraged to schedule a pre-application meeting with the planning staff and to submit your application up to three months in advance of the application deadline.

Application submission shall include the following:

● **TRC (*Initial Submission):** One (1) original and (8) paper copies of the application and support documents and provide one (1) electronic copy of the application packet as described below.

● **Planning Board:** One (1) original and (13) paper copies of the application and support documents and provide one (1) electronic copy of the application packet as described below.

● **City Commission:** One (1) original and (11) paper copies of the application and support documents and provide one (1) electronic copy of the application packet as described below.

In addition to a complete application, packets shall include:

- Warranty Deed & Legal Description
- St. Lucie County Property Record Card
- Statement of why there is a need for the proposed future land use map amendment and how the amendment will result in an orderly and logical development pattern; statements how amendment(s) are consistent with Comprehensive Plan; how future land use designation is compatible with future land use designations and existing land uses surrounding the amended lands; identify future land use designations and existing land uses within a ½ mile of the subject property that have the same or greater type of proposed future land use designation; data and analysis to support conclusions.
- Current Survey
- Environmental Study

Description of Requested Work

Please indicate the type of work requested:

- Fence Shed Door(s) Roof
- Window(s) Signage Shutter(s) Porch

- Rehabilitation New Construction Demolition Relocation

Site Improvements (describe) _____

Other (describe) _____

Please provide a detailed description of the proposed work to be performed: _____

Have other alterations been made to the site within the last 12 months? No Yes, _____

Will the proposed work require a Zoning Variance? No Yes, Code Section(s): _____

Application Requirements

- \$10.00 Application fee
- Site Plan with dimensions.
- Architectural Drawings:
 - Drawings should show all current and proposed floor plans and elevations, fences, walls, and any other landscape features.
 - Drawings should indicate materials to be used.
- Photos - One (1) color photograph of the main façade of the site and photographs of any areas affected by the proposed project.
- Material(s) specifications and/or sample(s)
- Color samples.
- Demolition – Plans for what will be taking the demolished structure’s place should be submitted.

- Chapter 23 -

Preservation of Historic and Archaeological Sites, Structures, & Districts

Article V. - Certificate of Appropriateness

Section 23-41. Required.

No building, structure, improvement, landscape feature, or site within the city, which has been designated a historic site or historic district, shall be erected, altered, restored, rehabilitated, excavated, moved or demolished until an application for a certificate of appropriateness regarding any features, landscape features, or site improvements has been submitted and approved pursuant to the procedures in this chapter. Features shall include, but not be limited to, the architectural style, scale, massing, siting, general design and general arrangement of the exterior of the building or structure, including the type, style and color of roofs, windows, doors and appurtenances. Architectural features shall include when applicable, interior spaces where interior designation has been given pursuant to this chapter. Landscape features and site improvements shall include, but shall not be limited to, site re-grading, subsurface alterations, fill, paving, landscaping, walls, fences, courtyards, signs and exterior lighting. No certificate of appropriateness shall be approved unless architectural plans for such construction, alterations, excavation, restoration, rehabilitation, relocation or demolition are approved by the historic preservation board.

Section 23-44. Pre-application conference.

Before submitting an application for a certificate of appropriateness, an applicant may confer, at such applicant's election, with the historic preservation officer to obtain information and guidance before entering into binding commitments or incurring substantial expense in the preparation of plans, surveys and historic data. The purpose of such conference is to further discuss and clarify preservation objectives and design guidelines. In no case, however, shall any statement or representation made prior to completion of official application review be binding on the city.

Section 23-45. Guidelines for review and issuance.

The U.S. Secretary of the Interiors Standards for the Treatment of Historic Properties are hereby adopted as the standards by which applications for any certificate of appropriateness are to be measured and evaluated. In adopting these guidelines, it is the intent of this chapter to promote the proper maintenance, restoration, preservation, rehabilitation, or reconstruction appropriate to the property, and compatible contemporary designs which are harmonious with the exterior architectural and landscape features of neighboring buildings, sites and streetscapes. From time to time, the board may adopt additional standards to preserve and protect special features unique to the city. Based on the Secretary of the Interior's standards for the treatment of historic properties, the designation report, a complete application, any additional plans, drawings, photographs, and samples of materials to fully describe the proposed project, the historic preservation board may approve or deny the application for a certificate of appropriateness.

Section 23-49. Demolition.

Review of any certificate of appropriateness for demolition shall be in accordance with criteria set forth in this section. Denial of an application for demolition shall be evidenced by written order detailing the public interest which is sought to be preserved.

- (1) The board may grant a certificate of appropriateness to demolish with a deferred effective date of up to eighteen (18) months from the date of the board's decision at a public hearing. The effective date shall be determined by the board based upon the relative significance of the structure and the probable time required to arrange a possible alternative to demolition. During the demolition deferral period, the board may take such steps as it deems necessary to preserve the structure in accordance with the purposes of this chapter. Such steps may include, but shall not be limited to, consultation with civic groups, public agencies and interested persons, recommendations for acquisition of property by public or private bodies or agencies, and

exploration of the possibility of moving one or more structures or other features. After the specified expiration date of the deferred certificate of appropriateness a demolition permit shall be issued if requested by the applicant.

- (2) In connection with any certificate of appropriateness for demolition of buildings or improvements the board may encourage the salvage and preservation of building materials or architectural details and ornaments, fixtures and the like for reuse in restoration of other historic properties. The board may also require, at the owner's expense and prior to demolition, the recording of the building for archival purposes by photographs.
- (3) In addition to all other provisions of this chapter, the board shall consider the following criteria in evaluating applications for a certificate of appropriateness for demolition of designated sites or buildings within a designated historic district.
 - a. Is the structure of such interest or quality that it would reasonably meet national, state or local criteria for designation as a significant historic or architectural site or structure?
 - b. Is the structure of such design, craftsmanship or material that it could be reproduced only with great difficulty or expense?
 - c. Is the structure one of the last remaining examples of its kind in the city, county or region?
 - d. Does the structure contribute significantly to the historic character of a designated district?
 - e. Would retention of the structure promote the general welfare of the city by providing an opportunity for study of local history, architecture and design or by developing an understanding of the importance and value of a particular culture and heritage?
 - f. Are there definite plans for re-use of the property if the proposed demolition is carried out, and what will be the effect of those plans on the character of the surrounding area?

Section 23-50. Moving existing structures.

A designated structure or one which is located in a historic district, may not be relocated except upon approval of a certificate of appropriateness. In considering such certificate the board shall determine whether any reasonable alternative is available for preserving the improvement or structure on its original site and whether the proposed relocation-site is compatible with the historic and architectural integrity of the improvement or structure.

Variances

Section 23-61. Variances.

The historic preservation board shall have the power to waive, with or without conditions, the set-back, off-street parking, height, signage, density and floor-area-ratio requirements of the underlying zoning district of those properties designated by the city commission as historic sites, either individual sites or buildings within districts, where it is deemed appropriate for the continued preservation of the historic site or historic district. The board shall only grant such variances when an application for a certificate of appropriateness has been issued to promote preservation, rehabilitation or restoration. In carrying out this responsibility, the historic preservation board must follow the same procedures specified for the board of adjustment in article VIII of chapter 22 of this Code of ordinances.

standards for rehabilitation

- 1)** A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
- 2)** The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.
- 3)** Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.
- 4)** Changes to a property that have acquired historic significance in their own right will be retained and preserved.
- 5)** Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.
- 6)** Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture, and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.
- 7)** Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.
- 8)** Archeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.
- 9)** New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.
- 10)** New additions and adjacent or related new construction will be undertaken in a such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Aerial Map

Good evening Team,

Thank you again for your time and coordination this morning. I've attached a compilation of Floor Plans provided by Diana, architectural designs concepts, application forms in accordance with the types discussed, and the application outlook.

The typical unit dimensions for, concept planning, are approximately 40' by 15' with the example floor plan and design exhibits attached for reference.

Important Note: City Code Section Sec. 8.5-43. - Required space in dwelling units.

Every dwelling unit shall contain a minimum gross floor area of at least two hundred fifty (250) square feet for the first occupant, at least two hundred (200) square feet for each of the next three (3) occupants, and at least one hundred seventy-five (175) square feet of gross floor area for each occupant thereafter. Every habitable room shall have a minimum ceiling height of seven (7) feet over fifty (50) percent of the floor area. Any portion of a room having a ceiling height of less than five (5) feet shall not be considered in computing the total floor area of such room.

(Ord. No J-131, § 3, 12-19-94)
