3. APPROVAL OF MINUTES

a. Minutes from the June 19, 2019 meeting

Motion was made by Jon Neprud, and seconded by Plythe Freedman to approve the minutes from the June 19, 2019 meeting.

AYE: Lillian Jimenez, Michael Brown, Jr., Plythe Freedman, Kristina Gibbons, Jon Neprud, Chair Charlie Frank Matthews

Passed

4. CHAIRMAN VIEWPOINTS

The chair introduced the newest CRA member, Curtis Johnson Jr. and asked the CRA members to attend the CRA Community meeting on Thursday, July 25, 2019 at the Riverwalk Center.

5. OLD BUSINESS

a. **Pan Handling**

Mr. Brown suggested that the city piggyback on St. Augustine's pan handling ordinance by possibly creating geographically limited zones. Committee members mentioned that Vero has signs up that say, "Pan Handling Discouraged." Mr. Mimms explained there are several components to creating an ordinance that may be challenged and could be unconstitutional. Chairman Matthews suggested that the committee review ordinances from other cities, come up with an idea and then make a recommendation to the FPRA Board.

6. NEW BUSINESS

a. **July 15, 2019 FPRA Meeting Update**

Chairman Matthews said the presentation and recommendation at the FPRA meeting was well-received. The chair suggested that the committee stay focused on ideas for Fisherman's Wharf and eliminating blighted areas.

b. **St. Lucie County Veteran's Housing Project**

Wayne Teegardin, Veteran's Service Manager for St. Lucie County, gave a presentation on the proposed veteran's housing project. Mr. Teegardin explained he was tasked with tackling homelessness in St. Lucie County. Mr. Teegardin showed examples of tiny homes that may be used. Mr. Teegardin said the house will be a HUD certified structure and the veteran's will be able to stay in the home for 12- 24 months and during that time they will be rehabilitated and case managed. Mr. Teegardin stated the county wants to turn the housing over to an owner/operator for the long term. Mr. Teegardin also stated that the veterans will have to pay rent that they can afford, using HUD based vouchers.

c. **Future Utilization of 1207 Avenue L**

Mr. Mimms explained the county deeded the property to the City of Fort Pierce due to the taxes not being paid. Mr. Mimms said the city has a desire to create a community land trust. Mr. Mimms asked the committee for their thoughts on what the city should do with the property. The committee discussed putting the property up for sale or fixing up the house for the homeless.

A recommendation for the FPRA Board was made by Chairman Matthews to sell the property located at 1207 Avenue L.

AYE: Jon Neprud, Lillian Jimenez, Michael Brown, Jr., Plythe Freedman, Kristina Gibbons,
Chair Charlie Frank Matthews

Passed

d. **CRA Advisory Committee Education**

Mr. Mimms said he would like to send 2-3 members to the October 2019 FRA conference in Tampa and the City Manager's office will handle the travel arrangements. Ms. Guerra said the conference is a great opportunity to learn more and if you cannot attend the entire conference, you can attend certain classes or the CRA boot camp.

7. PUBLIC COMMENT

8. STAFF AND COMMITTEE MEMBER COMMENTS

Ms. Jimenez provided her ideas for Fishermans Wharf. Ms. Freedman suggested the committee does their due diligence on ideas, to make sure they have worked somewhere else.

Mr. Mimms said the city has wrapped up negotiations with the Lindsey School of Arts for the St. Anastasia building and the developer's agreement, with Audobon Development, will be wrapped up in the next 30 to 60 days.

Mr. Neprud provided the committee with a handout from Spilowski Planning about helping out CRA's. Mr. Neprud also mentioned he has a contact in Los Angeles whose function is to take old screen theaters that are abandoned and restore them back to class, and they are very excited about the Lincoln Theater.

Mr. Neprud said that Fishermans Wharf will need to be dredged for a ferry service and possibly a dock will need to be built to accommodate the ferry.

Ms. Freedman handed out an e-mail from Pierce Harbour regarding the changes needed within the CRA area. Ms. Guerra stated she would hand this information over to the CRA consultant.

Seven50 Plan for Southeast Florida

Seven50 ("seven counties, 50 years") is a blueprint for growing a more prosperous, more desirable Southeast Florida during the next 50 years and beyond. The plan was developed to help ensure a vibrant and resilient economy, and stewardship of the fragile ecosystem in what is quickly becoming one of the world's most important mega-regions.

Spearheaded by the South Florida and Treasure Coast Regional Planning Councils and the Southeast Florida Regional Partnership (SFRP), a unique collaboration of more than 200 public, private, and civic stakeholders, Seven50 mapped the strategy for the best-possible quality of life for the more than six million residents of Monroe, Miami-Dade, Broward, Palm Beach, Martin, St. Lucie and Indian River counties.

The plan was devised through a series of public summits, workshops, online outreach and high-impact studies led by the region's top thinkers. Seven50 has been made possible by a grant from the US Department of Housing & Urban Development's Sustainable Communities Initiative.

Spikowski Planning Associates assisted a consulting team led by Dover, Kohl & Partners of Coral Gables, Florida. This planning effort was given the 2016 Charter Award from Congress for the New Urbanism.

Click on the cover to the right below to download a copy of "Indicators and Benchmarks in Successful Regional Visions and Plans," prepared by Spikowski Planning Associates to examine indicators and benchmarks that have been used around the country, either separately or as part of regional visioning efforts. Community indicators can measure progress toward policy goals in fields such as transportation or quality of life.

Subject: CRA Meeting

Dear Plythe,

As you are aware, the Fort Pierce Redevelopment Agency (FPRA) was established to guide the city in its redevelopment efforts and has been hosting Community Outreach Meetings this month in order to update the CRA Plan. To support these efforts, and to express our vision for the future of Pierce Harbor, it is our sincere hope you will participate and assist in this endeavor by attending and suggesting the below points. We would appreciate your support and input in presenting these points at the next CRA meeting on July 17th from 6-8PM at Old City Hall 315 Avenue A Fort Pierce, FL 34950.

Community Redevelopment Plan Community

Some of the changes needed within the CRA areas;

- Create an over lay of PIERCE HARBOR DISTRICT – Utilize the attached map
- Eliminate parking requirements to encourage development of ART Galleries, Independent Retailers, a Live/Work Development, Cafe/Restaurants and all Art, and Community Venues
- Create Tax abatements with the County and City - collaboration to encourage developments
- Create facade Grants in the Pierce Harbor district specifically for PUBLIC ART to private property
- Create District identity through flagpole identity for the Pierce Harbor District
- District Identity: The "Pierce Harbor District" - The Creative, Inclusive and Sustainable Community on the Treasure Coast; focusing on economically sustainable, ecologically conscious to our environment, and creative with the Arts and Culture Community
- Community projects for the Mentally Disabled, Autistic, and intellectually disabled, i.e., Adult Programs for employment in our Community Garden Programs

- Create workforce housing incentives with property deeds restrictions in place for the purpose of a sustainable community. This would apply to ONLY the Ft Pierce City and County employed First-Responders, Civil servants and Community Educators (teachers) serving the city and county limits
- Create an extensive landscaping and watering program, Grant program funded, to encourage beautification through the landscaping and building of the green area
- Create CODE enforcement in the CRA areas and strict guidelines with the ability to enforce
- Create Bicycle lanes designated in the district and connect the Beach areas; to include ample bike racks throughout the district making very apparent that it is a bicycle promoting area
- Create a transportation source, Trolley or Bus Loop, within the District to include the Beach area for public transportation in and to the district; include Indian River State College and their housing area Route to the District
- Include the Port area in the District. Create PORT Zoning as a Retail, Restaurant, Professional Office, Residential, Mixed-Use and PORT FREE Trade zone. Use Boston Port district as model. Include community support boat ramps and green areas.
- Increase density along the Indian River Drive area to 15 stories
- Increase general density plan for the overall district zoning, while decreasing parking requirements
- Create Parking garage designations and incentives for developers within the district
- Create local event incentives for all local community residents, artist programs, educational cross-over and theatre, art, and cultural events; where there are city, county, and district fees, these should be waived if the event promotes art, culture, theatre, and educational events
