**Subject:** 701 Orange Ave.

Good morning Mike, I wanted to send an email to thank you and your team for the prompt attention to fix the streetlight on 7<sup>th</sup> St. adjacent to the Anytime Fitness facility. As you know our facility is a 24 hour per day operation and proper area lighting is of utmost importance. I think your repair personnel had it repaired within 48 hours of our reporting it. All the service your department has provided in that general area including repairs to street lighting, sidewalks, access walkways to the city parking lot have been a substantial enhancement to the area and helped to create a pedestrian friendly environment.

Thank you.

Regards,

Michael Broderick RPA, FMA, CAM
