Dear Mayor and Commissioners,

I am writing this e-mail to be heard at the next commission meeting.

I have asked on several occasions over the past few years that the Chief and City Manager's contracts be placed on the agenda. Commissioner Sessions ordered Mr. Mimms to place their contracts on the agenda through a tickler assignment two years ago and this still hasn't occurred. So both of these charter members have been automatically renewing for years. As each of you know, I have sent emails to each of you about this matter and still nothing has happened.

This brings me to the matter of my medical records being placed on the city's website for the public to view. I have emailed Mr. Mimms about this issue with no response. If this happened to a minority there would have been an investigation immediately. As of last week there has been no investigation. This is unacceptable. The pages were taken down so the city knows the issue at hand and still refuses to do anything about it. How much more of the tax money needs to be wasted on these so called managers? Where is the investigation into this issue and why hasn't Mr. Mimms returned my call?
