Motion was made by Commissioner Rufus Alexander, seconded by Commissioner Reginald Sessions to approve Items 11f, 11g, and 11h.

AYE: Mayor Linda Hudson, Commissioner Rufus Alexander, Commissioner Jeremiah Johnson, Commissioner Thomas Perona, Commissioner Reginald Sessions

Passed

Regarding items 11a, 11b, 11c, 11d, and 11e, Commissioner Perona inquired about the liens for which a reduction is sought.

Code Compliance Manager, Peggy Arriaz explained that the church had obtained the adjacent lots without knowing that there were existing liens for demolition and lot clearing. The total amount of all liens is a little over $88,000.00. Staff has recommended waiving $63,600.00 which represents interest, penalties, and administration charges. The remaining approximate balance of $24,400.00 is the actual hard costs expended. Staff and the property owner have worked out a re-payment plan to be phased in over three (3) years.

Commissioner Sessions would like to see the hard costs reduced further to assist with the owner's plan to develop a Cultural Center. Commissioner Johnson mentioned that the City of Fort Pierce can offer better assistance when the actual development begins through the CRA. Commissioner Sessions would like the City Commission to consider offering assistance on the front end through the reduction of the hard costs. He feels that this proposed development of a Cultural Center would be a great benefit to our community. Mayor Hudson agrees that this church is a remarkable asset to Fort Pierce and would like to offer whatever assistance if feasible; however, the City of Fort Pierce always holds the line on hard costs. Mayor Hudson would favor a longer time frame to work this out.

Motion was made by Commissioner Thomas Perona, seconded by Commissioner Jeremiah Johnson to approve Items 11a, 11b, 11c, 11d and 11e with a re-payment term to be over thirty-six months in the amount of $24,419.23.

AYE: Mayor Linda Hudson, Commissioner Rufus Alexander, Commissioner Jeremiah Johnson, Commissioner Thomas Perona, Commissioner Reginald Sessions

a. Quasi-Judicial Hearing - Application for Conditional Use with New Construction submitted by property owner Hyer Management LLC, and representative William P. Stoddard to construct a single family home seaward of the Coastal Construction Control Line (CCCL) at 324 South Ocean Drive, Fort Pierce, FL. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A), Parcel ID: 2401-501-0026-000-3.

City Clerk Linda Cox introduced the application for conditional use with new construction, to construct a single-family home seaward of the Coastal Construction Control Line (CCCL) at 324 South Ocean Drive, Fort Pierce, FL.

Mayor Linda Hudson asked all present to listen carefully to what City Attorney, Peter Sweeney, would read regarding Quasi-Judicial Hearings as they apply to all subsequent Quasi-Judicial Hearings tonight.

Before commencing this Quasi-Judicial Hearing, Peter Sweeney, City Attorney, reminded the City Commission that they serve in both a legislative and quasi-judicial role. When acting as a legislative body, the commission engages in law-making activity by passing laws and establishing policies. When acting as a quasi-judicial body, the commission applies those laws and policies and is held to stricter procedural requirements.

Quasi-judicial proceedings are less formal than proceedings before a circuit court but are more formal than the normal commission meeting. Quasi-judicial proceedings must follow basic standards of notice and due process; and, decisions must be made based on competent substantial evidence.

Therefore, Commissioners have a duty to conduct the quasi-judicial proceedings more like judges than legislators. That is why the commission has established the uniform procedures for quasi-judicial hearings that will be followed this evening.

Mayor Linda Hudson called the proceeding to order.

City Clerk, Linda Cox, confirmed the City complied with advertisement and notice requirements.

Mayor Linda Hudson inquired with the Commission regarding ex-parte communications and asked City Clerk to call the roll:

Commissioner Alexander - yes.
Commissioner Johnson - yes.
Commissioner Perona - yes.
Commissioner Sessions - yes.
Mayor Hudson – yes.

Mayor Linda Hudson opened the public hearing.

City Clerk, Linda Cox, was asked to swear in those wanting to speak during this Quasi-Judicial hearing. Individuals in the audience intending to speak on this item were asked to stand, raise their right hand, and administered an oath to tell the truth, the whole truth, and nothing but the truth. Those that were sworn in were asked to clearly state their name for the record and confirm they were sworn in at such time as they were asked to come forward to testify.

<u>Staff Presentation</u>
Brandon Creagan, Planner, provided an overview of the proposed application for conditional use with new construction submitted by property owner Hyer Management LLC, and representative William P. Stoddard to construct a single-family home seaward of the Coastal Construction Control Line (CCCL) at 324 South Ocean Drive, Fort Pierce, FL. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A), Parcel ID: 2401-501-0026-000-3. Mr. Creagan provided a site map, zoning map, height reduction exhibit, and design review plan.

This application is consistent with the City Code & the Comprehensive Plan; does not adversely affect the public health, safety, convenience, and general welfare of the public; and will not cause an adverse effect to the dune system. Planning Board voted 6-0 to recommend approval with four (4) conditions.

Staff recommends approval with the following four (4) conditions:
1. The relocation and mitigation of the Royal Palm that will need to be removed as part of the project shall be coordinated with the City of Fort Pierce Public Works Department before construction activity can commence.

2. Erosion and sedimentation control will be required to ensure no drainage issues to the drainage system during construction will occur. This shall be coordinated and approved by the City of Fort Pierce Engineering department before construction activities can commence.
3. Obtain the approval of the Florida Department of Environmental Protection for construction activities seaward of the Coastal Construction Control Line before construction activities can commence.
4. The Landscape Plan that is provided as part of the Building Permit shall be signed and sealed by a Florida registered Landscape Architect.

Sixty-seven (67) notifications were mailed to adjacent property owners, five (5) were returned in favor, and two (2) in opposition.

Commission questions for Staff:
Commissioner Johnson inquired about features in the architecture regarding the changing elevations or floor plan. Mr. Creagan explained that there was a change in the ceiling height from the original plan which was submitted in 2017. Mr. Creagan will defer to the applicant for further explanation.

Applicant questions for Staff: None

Applicant presentation:
William Stoddard, Applicant Representative, sworn, explained that the design was modified by the new owner to eliminate the flat roof and the overall roof height was reduced. The FDEP has approved moving the fill material to the seaward end of the frontal dune. The plan, as approved by FDEP, includes a temporary retaining wall that will be constructed approximately five feet seaward of the residence to stabilize and minimize impact to the dune system.

Commission questions for Applicant:
Commissioner Perona commented that the plan has improved since the original application in 2017 and he appreciates the reduction in height. The architectural embellishment of the roofline is much better than before.

Public comment:
Bill Winch, sworn, opposed to the application.
Steve Tarr, submitted a sworn statement which was read into the record by City Clerk, supports the application.
Charles Hyek, submitted a sworn statement which was read into the record by City Clerk, supports the application.

Mayor Hudson, seeing no one else, closed the public hearing.

Comments by the City Commission:
Commissioner Johnson commented that the applicant and architect have done a good job addressing the issues that surrounding neighbors had.
Commissioner Perona commented that based upon the presentation, there is no competent substantial evidence to deny this application. This plan is an improvement over the prior application.
Commissioner Sessions commented that the applicant has done an exceptional job in addressing the concerns of the neighbors.
Commissioner Alexander commented that it is a beautiful structure being added to the City of Fort Pierce and welcomes the new owner.

Motion was made by Commissioner Jeremiah Johnson, seconded by Commissioner Thomas Perona to approve the application for conditional use with new construction as submitted by property owner Hyer Management LLC, and representative William P. Stoddard to construct a single-family home seaward of the Coastal Construction Control Line (CCCL) at 324 South Ocean Drive, subject to four (4) conditions as recommended by staff:

AYE: Mayor Linda Hudson, Commissioner Rufus Alexander, Commissioner Jeremiah Johnson, Commissioner Thomas Perona, Commissioner Reginald Sessions

b. Quasi-Judicial Hearing - Review and Approval of an application for Conditional Use with no new construction submitted by property owner and applicant, Ann F. Harris, to establish a Dwelling Rental, offering lodging for less than six (6) months, with a minimum rental period of 31 days at 722 Granada Street, Unit A, Fort Pierce, FL.The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A), Parcel ID: 2401-503-0094-000-6.

City Clerk Linda Cox introduced the application for conditional use with no new construction submitted by property owner and applicant, Ann F. Harris, to establish a dwelling rental, offering lodging for less than six (6) months, with a minimum rental period of 31 days at 722 Granada Street, Unit A, Fort Pierce, FL.

Mayor Hudson called the public hearing to order and reminded the Commission and Public that this proceeding is a Quasi-Judicial Hearing and that City Attorney Peter Sweeney has read the legal requirements into the record.

City Clerk, Linda Cox, confirmed the City complied with advertisement and notice requirements.

Mayor Linda Hudson inquired with the Commission regarding ex-parte communications and asked City Clerk to call the roll:

Commissioner Alexander - none.
Commissioner Johnson - none.
Commissioner Perona - none.
Commissioner Sessions - none.
Mayor Hudson – none.

Mayor Linda Hudson opened the public hearing.

City Clerk, Linda Cox, was asked to swear in those wanting to speak during this Quasi-Judicial hearing. Individuals in the audience intending to speak on this item were asked to stand, raise their right hand, and administered an oath, to tell the truth, the whole truth, and nothing but the truth. Those that were sworn in were asked to clearly state their name for the record and confirm they were sworn in at such time as they were asked to come forward to testify.

Staff Presentation
Vennis Gilmore, Planner, provided an overview of the review and approval of an application for conditional use with no new construction submitted by property owner and applicant, Ann F. Harris, to establish a Dwelling Rental, offering lodging for less than six (6) months, with a minimum rental period of 31 days at 722 Granada Street, Unit A, Fort Pierce, FL. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A), Parcel ID: 2401-503-0094-000-6. Mr. Gilmore provided aerial and zoning maps of the subject premises. One hundred eighty-two (182) notifications were sent to adjacent property owners with seven (7) returns in favor and thirteen returns in opposition of the application.

Staff recommends approval with eight (8) conditions:

1. The property manager for the dwelling rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.
2. Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources to minimize conflicts.
3. The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of Conditional Use approval.
4. There shall be a limitation of no more than no two (2) vehicles at the site.
5. The City of Fort Pierce Business Tax License number shall be included in all advertising.
6. The maximum occupancy of the home shall ensure compliance with City Code Section 8.5-43. - Required space in dwelling units, based upon the size of each unit.
7. Pave the required parking spaces per City Code Section 22-60(c)(6) Surface Material:
   a. Required parking spaces, access drives, and loading areas must be paved and maintained with concrete, asphalt, or similar material of enough thickness and consistency to support anticipated traffic volumes and weights.
   b. Alternative paving materials or parking surfaces (including pervious surfaces) may be approved by the city engineer if such materials or surfaces are demonstrated to exhibit equivalent wear resistance and load-bearing characteristics as concrete or asphalt.
8. Install a sidewalk along Granada Street or submit payment in-lieu to the City of Fort Pierce within ninety (90) days of conditional use approval. Pursuant to City Code Section 11-62(b)(4) Sidewalks. In order to provide continual access for pedestrians, sidewalks and sidewalk linkages shall be required to be provided by the property owner or permit applicant, when plans are submitted for conditional use application or pay a payment to the city sidewalk fund pursuant to City Code Section 22-62(g).

Commission questions for Applicant: None

Public comment: None

Mayor Hudson, seeing no one else, closed the public hearing.

Comments by the City Commission:
Commissioner Johnson commented that all the conditions are consistent with applications similar to this one.
Commissioner Perona commented that the owners of this property live out of state and have hired a local property manager. Commissioner Perona inquired about the process for the short term rental conditional use. Jennifer Hofmeister, Planning Director outlined the application process which takes approximately four (4) months. The vacation and dwelling rentals fall under the City Code's for conditional use and procedures are followed per code requirement.

Motion was made by Commissioner Thomas Perona, seconded by Commissioner Jeremiah Johnson to approve the application for conditional use with no new construction submitted by property owner and applicant, Ann F. Harris, to establish a dwelling rental, offering lodging for less than six (6) months, with a minimum rental period of 31 days at 722 Granada Street, Unit A, Fort Pierce, FL subject to the eight (8) conditions recommended by staff.

Mayor Linda Hudson opened the public hearing.

City Clerk, Linda Cox, was asked to swear in those wanting to speak during this Quasi-Judicial hearing. Individuals in the audience intending to speak on this item were asked to stand, raise their right hand, and administered an oath, to tell the truth, the whole truth, and nothing but the truth. Those that were sworn in were asked to clearly state their name for the record and confirm they were sworn in at such time as they were asked to come forward to testify.

Staff Presentation
Vennis Gilmore, Planner provided an overview of the proposed application for conditional use with new construction submitted by property owner and applicant, Palmieri Design Planning LLC, to construct and establish a two (2)-story 59,362 square foot Assisted Living Facility with 56-units located at 1600 N. Lawnwood Circle, Fort Pierce, FL. The property is zoned Medium Density Residential Zone (R-4), Parcel ID: 2416-504-0211-000-2. Mr. Gilmore provided an aerial map, zoning map, proposed site plan, design review plan. The applicant is requesting to construct a two (2)-story 59,362 square foot assisted living facility with a memory care program. The approximately 2.21 acres property is located just north of North Lawnwood Circle and south of Jersey Avenue and South 17th Circle. The subject site is surrounded by multi-family housing to the north and south, an assisted living facility to the east, and a medical rehabilitation center to the west. The subject site is located within the Lawnwood Regional Medical Center medical-centric neighborhood enclave. The property has a Future Land Use of Medium Density Residential (RM) and is zoned Medium Density Residential Zone (R-4). The subject assisted living facility is specifically dedicated to senior military veterans, first responders, patriots, and their spouses who need assistance with daily activities. The project's floor plan will consist of 56 living units with 96 beds in total. Staffing will be provided 24 hours daily.

Thirty-seven (37) notifications were sent to adjacent property owners with six (6) returned in favor and three (3) returned opposed.

Staff recommends approval with the following five (5) conditions:

1. Provide a separate gated entrance to the refuse collection area for employee access.
2. Per City Code Section 22-62. – Sidewalks (d)(1) Sidewalks and sidewalk linkages shall be installed in public or private right-of-way the full length of any and all streets abutting a parcel of property and parallel to the street.
3. Provide an additional pedestrian sidewalk linkage near the western portion of the property or centrally locate the provided sidewalk linkage.
4. Submit a Landscape Bond prior to Certificate of Occupancy.
5. Per City Code Section 22-60. – Off-Street Parking and Loading. (j) Lighting. Adhere to the lighting plan to ensure the minimum requirement of two (2) foot candles.

Commission questions for Staff:
Commissioner Johnson inquired if coordination with community transit services has been done and if there are any outdoor amenities being provided. Mr. Gilmore will defer these items to the applicant for a response. Jennifer Hofmeister, Director of Planning advised the City Commission that the application was distributed to the TRC and the Transit Planner for the County.

Applicant questions for Staff: None

Applicant presentation: None.

Commission questions for Applicant: Wesley Mills of Mills, Short & Associates, Applicant Representative, sworn, was available to answer any questions. The proposed facility will offer a van shuttle service for its residents. Commissioner Johnson wanted to make the applicant aware that St. Lucie County as a partner of the City of Fort Pierce offers a Veteran's Program through its Community Services which includes transportation. Commission Johnson inquired about the patio area on the plan. Mr. Mills explained the patio area at the northeast rear of the property has a fence around it and has a covered patio which will be a garden area. Mr. Mills added that this will be an assisted living facility with memory care.

Public comment:
David Earle, sworn, discussed stormwater and drainage concerns related to the Lawnwood Community Drainage System.

Mayor Hudson, seeing no one else, closed the public hearing.

Closing Comments by Applicant: Mr. Mills gave a brief history of the development. In 2006 the site received permits from South Florida Water Management and from the City of Fort Pierce and that's when development started. The infrastructure was in the ground and drainage pipes were tied into the road system. Prior to that, in 1982, 96 acres were part of the Lawnwood development which also included this site. The stormwater system for this site was included in the original development permit. Sewer and water are already in the ground. The applicant will work with Mayfair and neighbors to ensure amicable agreements are in place regarding stormwater.

Comments by the City Commission:
Commissioner Johnson commented that the plan looks good and perhaps further input from the City Engineering Department on conditions may be warranted, but that will happen during the permit process.

Motion was made by Commissioner Jeremiah Johnson, seconded by Commissioner Reginald Sessions to approve the application for conditional use with new construction submitted by property owner and applicant, Palmieri Design Planning LLC, to construct and establish a 59,362 square foot Assisted Living Facility with 56-units at 1600 N Lawnwood Circle, Fort Pierce, FL subject to the five (5) staff conditions and adding one (1) additional condition:

1. Provide a separate gated entrance to the refuse collection area for employee access.
2. Per City Code Section 22-62. – Sidewalks (d)(1) Sidewalks and sidewalk linkages shall be installed in public or private right-of-way the full length of any and all streets abutting a parcel of property and parallel to the street.
3. Provide an additional pedestrian sidewalk linkage near the western portion of the property or centrally locate the provided sidewalk linkage.
4. Submit a Landscape Bond prior to Certificate of Occupancy.
5. Per City Code Section 22-60. – Off-Street Parking and Loading. (j) Lighting. Adhere to the lighting plan to ensure the minimum requirement of two (2) foot candles.
6. The applicant will work with the existing property owners' association on a stormwater maintenance agreement if applicable based on the previous stormwater design.

Staff Presentation
Rebeca Guerra, Assistant Planning Director provided an overview of the proposed Culverhouse Replat (Thumbpoint Subdivision Replat) located at or near 1635 Thumb Point Drive. Ms. Guerra provided a future land use map, zoning map, overall plat, proposed lot 1, proposed lot 2, and proposed lot 3 maps. The subject properties have a Future Land Use designation of Low-Density Residential (RL), which is intended for parcels that are best suited for lower density residential uses. The subject properties have a compatible zoning classification of Single-Family Low-Density Residential Zone (R-1). The surrounding properties are all designated with a Future Land Use of RL and are zoned Single-Family Low-Density Residential Zone (R-1), with the exception of the parcels to the north which are zoned Single-Family Intermediate Density (R-2). The surrounding properties are occupied by single-family homes.

The applicant is proposing to reconfigure two platted lots (Lots 29 and 30) and half of another platted lot (Lot 28) into three (3) distinct lots. Each lot will meet the minimum lot width, depth, and area requirements specified by City Code for the RL Zoning District. Additionally, staff has reviewed the application in accordance with Chapter 18 - Subdivisions of the City Code. The Planning Board has recommended approval subject to one (1) condition:

Staff recommends approval subject to the one condition.
1. The applicant will supply two (2) Mylars for appropriate signatures and then the plat is recorded with St. Lucie County Clerk of Court in accordance with Florida State Statute 177.111.

Commission questions for Staff: None.

Applicant questions for Staff: None

Applicant presentation:
William Stoddard, Applicant Representative, sworn, stated the applicant has worked with staff and it meets all the minimum standards in the land development code.

Attorney Frank Fee, Applicant Representative, sworn, stated that all issues previous regarding this property have been resolved. Attorney Fee is available to answer any questions.

Commission questions for Applicant:
Commissioner Perona inquired of Attorney Fee if the proposed lot sizes are sufficient to develop for this area. Attorney Fee stated that all lots exceed the minimum 12,000 square foot requirement.

Public comment: None.

Mayor Hudson, seeing no one, closed the public hearing.

Comments by the City Commission: None.

Motion was made by Commissioner Thomas Perona, seconded by Commissioner Jeremiah Johnson to approve the Culverhouse Replat (Thumbpoint Subdivision Replat) Block 1, Portion of Lot 28 and all of Lots 29 and 30 generally located at or near 1635 Thumb Point Drive subject to one (1) condition as recommended by staff.

Staff Presentation
Rebeca Guerra, Assistant Planning Director provided an overview of the proposed replat of Granada Street Cottages, a portion of block 7 and 8, revised plat of Palm Haven Subdivision Plat Book 8, page 44 of the public records of St. Lucie County, Florida lying in section 1, township 35 south, range 40 which is generally located at or near the southeast corner of Porpoise Avenue and Granada Street. Ms. Guerra provided future land use, zoning, and overall plat maps.

The subject properties have a Future Land Use of Hutchinson Island Residential (HIR) which was established due to Hutchinson Island being a sensitive barrier island that presents development considerations which are either unique to the area or are of added concern, such as environmental fragility, beach erosion, and hurricane evacuation. The subdivision comprises a total of one parcel with 1.9 acres and will be subdivided into a total of 10 separate lots. Each lot will meet the minimum lot width, depth, and area requirements specified by the City Code. Staff has reviewed the application in accordance with Chapter 18 - Subdivisions of the City Code. The applicant, Granada Street Properties, LLC (Henry Louden) received an abandonment approval by the City Commission on August 5, 2019, for a portion of the subject properties.

The proposed project is consistent with the Comprehensive Plan. The Planning Board recommended approval subject to one (1) condition.

Staff recommends approval subject to one (1) condition:

1. The applicant will supply two (2) Mylars for appropriate signatures and then the plat is recorded with St. Lucie County Clerk of Courts in accordance with Florida State Statute 177.111.

Commission questions for Staff:
Commissioner Perona inquired if the road is paved. Ms. Guerra stated that it is not a paved road; however, it is in the engineering plan for improvement. Staff is reviewing the timing for improvement for this project. Code requires any new development fronting on a right-of-way must be improved with paving and sidewalks.

i. Legislative Hearing - Ordinance 20-014 adopting new Code of Ordinances. FIRST READING

City Clerk Linda Cox introduced the ordinance, read by title only, into the record.

ORDINANCE NO. 20-014
AN ORDINANCE ADOPTING AND ENACTING A NEW CODE FOR THE CITY OF FORT PIERCE, FLORIDA; PROVIDING FOR THE REPEAL OF CERTAIN ORDINANCES NOT INCLUDED THEREIN; PROVIDING A PENALTY FOR THE VIOLATION THEREOF; PROVIDING FOR THE MANNER OF AMENDING SUCH CODE; PROVIDING FOR SEVERABILITY; AND PROVIDING WHEN SUCH CODE AND THIS ORDINANCE SHALL BECOME EFFECTIVE. (FIRST READING)

City Attorney, Peter Sweeney, provided a brief overview of the proposed ordinance. Attorney Sweeney demonstrated that the new code has a little over 1,100 pages. The Code has been organized and repaginated into three sections: City Charter, ordinances related to the operation of city government, and ordinances related to land development. In conjunction with Senior Code Attorney, Roger Merriam at Municode, ordinances that have been superseded by Florida or Federal law have been removed. Historically inaccurate ordinances have been removed. Fees have been removed so they can be addressed by resolution. Penalties have been standardized to create uniformity for infractions of the code of ordinances. Definitions have been reviewed, cross-referenced, and edited to match Florida statutes. Several sections of the City Charter have been edited due to the application of Florida statute section 166.021. This statute identifies provisions of municipal charters that are limitations on home rule power and decrees that they should be stricken from the municipal charter. Several sections of the City Charter have been corrected because they included language that was not properly approved by referendum.

**13. CITY COMMISSION**

a. Discussion at the request of Commissioner Alexander of the public requirement for face masks in Fort Pierce

Face Coverings Commissioner Alexander is opposed to the St. Lucie County Board of County Commissioners' decision to not mandate the requirement to wear a face-covering or face mask in public for all citizens.

Commissioner Sessions agrees that this pandemic now at critical exposure in our community. Every precaution needs to be done to ensure social distancing and the wearing of facial masks for all while in public. Commissioner Sessions distributed a copy of Florida Statute 252 to the City Commission which allows the City of Fort Pierce as a municipality to implement and put in place a resolution for the requirement to wear a face mask in public. Commissioner Sessions expressed the urgency for something to be done to reduce the number of exposures and ultimate deaths.

Mayor Hudson commented that the ordinance passed by the County was a compromise of conflicting opinions regarding the mandate to wear face masks. The ordinance which goes into effect July 07, 2020, requires business and employees to wear face masks and recommends that customers do so as well. Penalties will be civil and not criminal.

Commissioner Johnson inquired as to who will be issuing the civil citations for violation of the ordinance. If first responders have to respond to a call for a violation, not only are they being subjected to potential exposure, but they are being pulled away from true emergencies. Commissioner Johnson reviewed recent COVID-10 numbers for our community. Many people who initially resisted wearing a mask, are now wearing them voluntarily.

Commissioner Perona is concerned with what impact will be a result of a mandate or ordinance and what resources it will take to enforce this requirement. Commissioner Perona would like to continue to follow the County’s lead on this but does realize that the City of Fort Pierce may have to make its own resolution or ordinance in the future.

Commissioner Sessions agrees that it is personal responsibility, but if a mandate were in place, citizens would be less likely to forget to have a mask. At least two other municipalities already have this mandate in place.

b. Update on the demolition of 2607 Avenue D - Continued from February 18, 2020 as Resolution No. 20-R12

Peggy Arriaz, Code Compliance Manager provided a brief update on the status of 2607 Avenue D. Ms. Arriaz has had several discussions with the property owner. The owner has been working toward her goal of getting this project going but was delayed due to COVID-19. Ms. Arraiz has spoken with her contractor and as of today, the engineered drawings are completed. Things are progressing. The owner is in constant communication with Code Enforcement.

Motion was made by Commissioner Rufus Alexander, seconded by Commissioner Jeremiah Johnson to extend the time allowed on this project for a period of ninety (90) days.

## 15. COMMENTS FROM THE CITY MANAGER

Nick Mimms, City Manager, would like to commend the new leadership group in Fort Pierce who came out this evening to express their concerns and opinions during the public comment. Mr. Mimms has submitted to the City Commission three reports: Purchasing Report, City Manager's Report, and COVID-19 Report.

At the request of Commissioner Alexander, Mr. Mimms provided a brief overview of the reports.

<u>COVID-19 Report</u>
The COVID-19 Grant Relief program continues. The mortgage and lease assistance program has had 34 applications approved in the total amount of $60,682.80. The small business relief program has had 34 applications approved in the total amount of $102,000.00. COVID-19 testing has been completed. The food distribution program with our community partners has been very successful. Mr. Mimms feels this is the most rewarding and fulfilling service offered to our residents. Everybody needs a little help right now regardless of color or creed. It has been challenging finding the staples to provide but together with our partners, we were able to service over 600 families at the last distribution held at Percy Peek Gym.

Commissioner Alexander asked if future testing will be done. Mr. Mimms explained that the City of Fort Pierce has exhausted the Cares Act Funding which paid for the testing. The City will be working with the Department of Health and St. Lucie County to bring pop-up testing or another testing location to northern St. Lucie County to provide free testing services. They have concentrated their efforts in the southern part of the county but will also now bring that testing to the northern part of the County. Commissioner Alexander would like the City of Fort Pierce to provide more testing. Commissioner Sessions feels it is an injustice that services are not made available in our area as it is in the southern areas of the county.

Mr. Mimms reported that the City of Fort Pierce and its partners have distributed over 100,000 meals to our community for which he is very proud.

City Facility Access
Public access to city facilities is constantly changing. For City Hall, we have concentrated one point of entry which is controlled by temperature readings. We are following CDC guidance with a 100.4 degree reading as being classified as a fever. We are doing this to protect our employees and visitors. City Hall department access remains open but by appointment only.

Communications
The See-Click-Fix program has had 89 requests. The average response time is approximately two days.

Employee Status
Thirteen (13) employees have reported and exhibited symptoms of the COVID-19. We have five (5) confirmed positive test results. Co-workers through contact tracing were immediately notified of the potential exposure. We have intensified sanitization throughout facilities.

Budget
The budget process is complete. A balanced budget will be presented to the City Commission that should meet and exceed expectations. The number one directive to make sure the police department had adequate funding has been achieved. The balanced budget to be presented addresses our strategic goals and initiatives without having any layoffs or furloughs.

City Attorney, Peter Sweeney has no comments.

**16. COMMENTS FROM THE COMMISSION**

Commissioner Alexander
A reminder to our community that St. Lucie County has stated that school will resume in August. Commissioner Alexander appreciates comments from the public this evening and supports the decriminalization of marijuana and will encourage the City Manager to place this item on the agenda at a future meeting.

Commissioner Perona
A reminder about the importance of the Census. Churches, health organizations, and public assistance has been a great communicator of the importance to complete the Census. We need to continue to get the word out there so funding can be made available to our community. Commissioner Perona would like to express thanks to the Code Enforcement and Police Department for keeping control over the Fourth of July holiday weekend. Commissioner Perona would like to learn more about the decriminalization of marijuana. The representatives who came forward this evening were energized, organized, articulate, and well-prepared with their presentations. Commissioner Perona would like the Commission to learn more about the topic. Regarding COVID-19 testing, result times are taking from six to 10 days which causes great stress and anguish waiting for the results.

Commissioner Sessions
Please be cautious about how you move around in your day-to-day activities. Practice social distancing and wear a face mask. Commissioner Sessions would like the group who presented this evening to be encouraged and advised that the platform to work on is with state legislation. Commissioner Sessions remains open to discussion on this issue. He does not agree with having a police record for small amounts of marijuana. He truly appreciates their presentation to city officials. Regarding the Census, the regional director is going to continue to work on hiring Hispanic and Black representatives to engage the people in the community. Again, please wear masks and take this pandemic seriously.

Commissioner Johnson
Applauds each of the members of the group that presented this evening who were speaking from the heart. Commissioner Johnson is all about getting the facts and parameters to make an informed decision. Commissioner Johnson would like an update on annexations. American Red Cross sent a mailer regarding the 2020 hurricane season. Commissioner Johnson would like an update on any grant opportunities for sheltering or the emergency operation center, as well as an update on the parklet program. July 01, 2020, the animal shelter became operational.

Mayor Hudson
Thanked the group that presented this evening. Mayor Hudson is very interested in the points raised and will reach out to the Roundtable Committee for a Drug-Free St. Lucie. Mayor Hudson is interested in learning more from the Police Department regarding the issues raised this evening. Don’t forget about the Census! FPUA has mailed an insert with their statements that explains the Census and hurricane preparations.

**17. ADJOURNMENT**

Immediately following adjournment, please move toward the doors and exit the chambers. This allows for the safe and courteous exit of all persons, and those on the dais. Conversations after the meeting should be held outside of chambers, in the foyer or elsewhere, but not in the commission chambers where lights will be out as soon as the chambers are empty.

Mayor Linda Hudson adjourned the meeting at **11:02 PM.**

I feel great pride for our Ft. Pierce Police Department. I attend our monthly Colonnades Crime Watch Program, which is outstanding. Officers Fasenello and Spots provide timely and appropriate information and arrange for guest speakers.
They are: articulate, knowledgeable, and dedicated.
open to questions, discussion, and suggestions.
positive and have a great sense of humor.

Our community is blessed and protected by our Ft. Pierce Police Department.
As a Senior Citizen, I feel safe.
Thank you, Julie Oyler.

Dear Mayor, I came across a YouTube video of the Police Chief Diane Hobley-Burney regarding the recent issue at a mental health facility there. I want to applaude the Chief for her handling of the issue, all be it a sad situation. Watching this, Chief Burney handled the issue in the press conference very well and professionally. It must have been hard for her to do this since it happened under her watch, but one cannot control everything.

Its unfortunate that this happened but Chief Burney was swift to take action and came forward quickly to the public to detail her and the departments action regarding.

Please let Chief Burney know she is "Top Notch" and the city is lucky to have her at the helm of the police department.

RE: Town Hall Meeting at Renaissance on the River Condominium Association

Ladies and Gentlemen:

On Wednesday June 24th Officer Damian Spotts and Officer Caleb Gillette from the Fort Pierce Police Department spoke to the condominium board and other interested residents.

We attended the meeting and were very impressed with the preparations that both officers had made for the presentation. They had inspected the security in our building with a board member and their discussion revealed a thorough understanding of it.

However, more impressive was their conduct during the meeting. They fielded a wide-ranging Q&A session with humor while deftly answering possibly inflammatory comments. Both officers showed their concern for the citizens of Fort Pierce, whether residents in our building or the homeless people who shelter in this area. We learned a lot and left the session with our previous high regard for the Fort Pierce Police Department amply reconfirmed.

Sincerely,

Rebecca Ascoli

**AMENDMENT 2**
To State Term Contract 425-001-12-1
Office Furniture and Files

This Amendment 2 ("Amendment"), effective as of March 2, 2020, to the Office Furniture and Files, Contract No. 425-001-12-1 ("Contract"), is made by and between the State of Florida, Department of Management Services ("Department"), and ("Contractor"). The Department and Contractor are collectively referred to herein as the "Parties."

**WHEREAS,** the Contract was entered into by the Parties on March 2, 2012, to continue through March 1, 2016, for the provision of office furniture and files, pursuant to Solicitation No. ITB 17-425-001-F;

**WHEREAS,** the Contract was subsequently renewed and is now set to expire on March 1, 2020; and

**WHEREAS,** in accordance with section 287.057(12), Florida Statutes, upon mutual agreement, the Department and the Contractor may extend the Contract.

**NOW THEREFORE**, for the mutual covenants contained herein, and pursuant to subsection 4.42, Attachment II, the Parties agree to amend the Contract as follows:

**1.0** **Contract Extension.** The Contract is extended for a period of six (6) months, effective March 2, 2020, through September 1, 2020.

**2.0** **Scrutinized Companies.** Section 11, Scrutinized Company List, of the Contract is hereby amended to add the following sentence:

The Department may immediately terminate this Contract if the Contractor has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

**3.0** **Public Records.** The Contract is hereby amended to add a new section 19 as follows:

**19.0 Public Records.**
The Department may unilaterally cancel this Contract for refusal by the Contractor to comply with this section by not allowing public access to all documents, papers, letters or other material made or received by the Contractor in conjunction with the Contract, unless the records are exempt from section 24(a) of Article I of the State Constitution and section 119.07(1), F.S. Solely for the purposes of this section the contract manager is the agency custodian of public records, unless another is designated per (e), below. If, under a resulting contract or purchase order, the Contractor is providing services and is acting on behalf of a public agency, as provided by section 119.0701, Florida Statutes. The Contractor shall:

(a) Keep and maintain public records required by the public agency to perform the service;

(b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within reasonable time and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law;
(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law for the duration of the contract term and following the completion of the contract if the contractor does not transfer the records to the public agency;
(d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency; and

(e) **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE TELEPHONE NUMBER, EMAIL ADDRESS AND MAILING ADDRESS PROVIDED IN THE RESULTING CONTRACT OR PURCHASE ORDER.**

**4.0** **Inspector General and Records Retention.** The Contract is hereby amended to add a new section 20 as follows:

**20.0 Cooperation with Inspector General and Records Retention.**
Pursuant to section 20.055(5), F.S., the Contractor understands and will comply with its duty to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing. Upon request of the Inspector General or any other authorized State official, the Contractor must provide any information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but will not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor will retain such records for the longer of five years after the expiration of the Contract, or the period required by the General Records Schedules maintained by the Florida Department of State, at the Department of State's Records Management website. The Contractor agrees to reimburse the State of Florida for the reasonable costs of investigation incurred by the Inspector General or other authorized State of Florida official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State of Florida which results in the suspension or debarment of the Contractor. Such costs will include but will not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor agrees to impose the same obligations to cooperate with the Inspector General and retain records on any subcontractors used to provide goods or services under the Contract.

**5.0** **Warrant of Authority.** Each person signing this Amendment warrants that he or she is duly authorized to do so and to bind the respective party.

**6.0** **Effect.** Unless otherwise modified by this Amendment, all terms and conditions contained in the Contract shall continue in full force and effect.

**AMENDMENT NO.: 1**
**RENEWAL NO.: 1**
Office Furniture and Files
State Term Contract No.: 425-001-12-1

**This Amendment No. 1** ("Amendment"), effective as of March 3, 2016, to the Office Furniture and Files, State Term Contract No. 425-001-12-1("Contract"), between the State of Florida, Department of Management Services ("Department") and NAME ("Contractor") are collectively referred to herein as the "Parties." All capitalized terms used herein shall have the meaning assigned to them in the Contract, unless otherwise defined herein.

**WHEREAS** the Department awarded the above referenced Contract to NAME for the provisions of Office Furniture and Files; and

**WHEREAS** the Parties agree to amend the contract as provided in section 4.26 of State Term Contract No. 425-001-12-1; and

**THEREFORE,** in consideration of the mutual promises contained below, and other good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, the Parties agree to the following;

**I. Contract Amendment**. Pursuant to sections 4.26 of the State Term Contract, the State Term Contract No. 425-001-12-1 is renewed for a period of four years at the same terms and conditions, with a new contract expiration date of March 2, 2020.

**II. Employment Verification.** Pursuant to State of Florida Executive Orders Nos.: 11-02 and 11-116, Contractor is required to utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment of all new employees hired by the Contractor during the contract term. Also, Contractor shall include in related subcontracts a requirement that subcontractors performing work or providing services pursuant to the state contract utilize the E-Verify system to verify employment of all new employees hired by the subcontractor during the contract term.

**III. Preferred Price Affidavit Requirement.** The Department will provide the Preferred Pricing Affidavit, incorporated by reference as the attached Exhibit D, for completion by an authorized representative of the Contractor attesting that the Contractor is in compliance with the preferred pricing provision in Section 4(b) of the PUR 1000 form. The contractor agrees to submit to the Department, at least annually, the completed Preferred Pricing Affidavit.

**IV. Scrutinized Company List.** In executing this contract, Contractor certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to section 215.473, Florida Statutes. Pursuant to section 287.135(5), F.S., Contractor agrees the Department may immediately terminate this contract for cause if the Contractor is found to have submitted a false certification or if Contractor is placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List during the term of the contract.

**V. Conflict.** To the extent any of the terms of this Amendment conflict with the terms of the Contract, the terms of this Amendment shall control.

**VI. Cooperation with the Inspector General**. Pursuant to section 20.055(5), Florida Statutes, contractor and any subcontractors understand and will comply with their duty to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing.

**VII. Warrant of Authority.** Each person signing this Amendment warrants that he or she is duly authorized to do so and to bind the respective party.

**VIII. Effect.** Unless otherwise modified by this Amendment, all terms and conditions contained in the Contract shall continue in full force and effect.

**IX. Preference to Florida Vendors.** If the lowest response is submitted by a Respondent whose principal place of business is located outside the State of Florida, preference shall be applied consistent with Section 287.084, F.S.

**X. Diversity Reporting.** The State of Florida is committed to supporting its diverse business industry and population through ensuring participation by minority, women, and veteran business enterprises in the economic life of the State. The Department of Management Services encourages supplier diversity through certification of business enterprises, advocacy and outreach and Business Match Maker events. For additional information, please contact the Office of Supplier Diversity at (850) 487-0915 or osdhelp@dms.myflorida.com. Upon request, the Contractor shall report to the Department, spend with certified and other minority business enterprises. These reports will include the period covered, the name, minority code and Federal Employer Identification Number of each minority Vendor utilized during the period, commodities and services provided by the minority business enterprise, and the amount paid to each minority Vendor on behalf of each purchasing agency ordering under the terms of this Contract.

**XI. Subcontractors.** The Contractor shall not subcontract any work under the Contract without the prior written consent of the Department. The Contractor is fully responsible for satisfactory completion of all subcontracted work. The Department supports diversity in its Procurement Program and requests that all subcontracting opportunities afforded by this contract enthusiastically embrace diversity. The award of subcontracts should reflect the full diversity of the citizens of the State of Florida. Contractor can contact the Office of Supplier Diversity at (850) 487-0915 for information on minority vendors who may be considered for subcontracting opportunities.

| **Reception Desks** | **Single & Multiple Seating Units** |
| **Sofas & Loveseats (Public Areas)** | **Occasional Tables** |

## 4.0 SUMMARY OF PENALTY FOR FAILURE OF CONTRACTOR TO MEET DELIVERALBES

Delay in delivery beyond the time specified must be justified to the ordering agency, in writing, and if required, the Contractor shall provide temporary furniture on a rent-free basis. Furthermore, items not delivered within the required delivery schedule may result in the Contractor being found in default by the Department in accordance with contract conditions.

## 5.0 EFFECTIVE DATE

This Contract shall begin on March 2, 2012, or on the last date in which it is signed by all parties, whichever is later.

## 6.0 EXPIRATION DATE

This Contract shall expire on March 1, 2016 unless cancelled earlier in accordance with its terms.

## 7.0 RENEWAL

In accordance with Section 4.26 of the State Term Contract No. 425-001-12-1, upon mutual written agreement, the Customer and the Contractor may renew the Contract, in whole or in part, for a period that may not exceed 4 years at the same price, terms and conditions, allowed by Chapter 287, Florida Statutes.

## 8.0 EFFECT OF A REPLACEMENT CONTRACT

A replacement contract may be established under a new solicitation process prior to March 1, 2016. In such case, the Department may terminate this Contract prior to March 1, 2016.

## 9.0 INTELLECTUAL PROPERTY

The parties do not anticipate that any intellectual property will be developed as a result of this contract.

## 10.0 PREFERRED PRICE

The Contractor agrees to submit to Customer at least annually an affidavit from an authorized representative attesting that the Contractor is in compliance with the preferred pricing provision in Section 4(b) of form PUR 1000.

## 11.0 SCRUTINIZED COMPANY LIST

In executing this contract, Contractor certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to section 215.473, Florida Statutes. Pursuant to section 287.135(5), F.S., Contractor agrees the Department may immediately terminate this contract for cause if the Contractor is found to have submitted a false certification or if Contractor is placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List during the term of the contract.

## 12.0 EMPLOYMENT ELIGIBILITY VERIFICATION

Pursuant to State of Florida Executive Orders Nos.: 11-02 and 11-116, Contractor is required to utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment of all new employees hired by the Contractor during the contract term. Also, Contractor shall include in related subcontracts a requirement that subcontractors performing work or providing services pursuant to the state contract utilize the E-Verify system to verify employment of all new employees hired by the subcontractor during the contract term.

## 13.0 REPORTING REQUIREMENTS

Section 5.7 of the ITB 17-425-001-F, is superseded and entirely replaced with the following:
Each Contractor shall submit a sales report on a Quarterly basis. Reporting periods coincide with the State Fiscal Year:

- Quarter 1- (July-September)
- Quarter 2 - (October-December)
- Quarter 3 - (January-March)
- Quarter 4 - (April-June)

Each Quarterly Sales Report must be in Excel format and shall include:

- Contractor's Name and contact information as required on the Department of Management Services "Contract Quarterly Report"
- Detail of time period covered by included data

- Total sales including detail of list price and contract price
- Transaction detail will include:

| | |
|---|---|
| **Part Number/SKU** | Your product part number if applicable |

Failure to provide quarterly and annual sales reports, including no sales, within thirty (30) calendar days following the end of each quarter (January, April, July and October) and/or contract year may result in the contract supplier being found in default and termination of the contract by the Department. Upon request, the Contractor shall report to the Department, spend with certified and other minority business enterprises. Reports must include the period covered, the name, minority code and Federal Employer Identification Number of each minority vendor utilized during the period, commodities and services provided by the minority business enterprise, and the amount paid to each minority vendor on behalf of each purchasing agency ordering under the terms of this contract. Initiation and submission of the Contract Sales Summaries are to be the responsibility of the Contractor without prompting or notification by the Contract Manager. The Contractor will submit the completed Contract Sales Summary forms by email to the Contract Manager.

## 14.0 MYFLORIDAMARKETPLACE (MFMP) CATALOG REQUIREMENTS

Section 5.25 of the ITB 17-425-001-F, is supplemented with the following specific detail:

The Contractor shall provide a Line-item catalog containing all awarded items and contracted final prices using the format supported by the system. The awarded supplier ("Contractor") hereby agrees to cooperate with DMS and MyFloridaMarketPlace (and any authorized agent or successor entity to MyFloridaMarketPlace) in the event DMS selects this statewide contract to be exhibited on the MyFloridaMarketPlace. At a minimum, the Contractor agrees to the following:

1.0 Contractor agrees, upon DMS' request, to deliver a line item catalog. The line item catalog content must be limited to the Contractor's statewide contract offering.

2.0 Line Item Catalog. By providing a line item catalog, Contractor is providing a list of its products/services and pricing within a specific template format for MyFloridaMarketPlace through a catalog repository tool used for MyFloridaMarketPlace called Aravo*. In this scenario, Contractor must submit an updated electronic catalog from time to time to maintain the most up to-date version of its product/service offering under the statewide contract. As a result, DMS will have an opportunity to confirm the accuracy of the electronic catalog that was loaded into Aravo before the electronic data file is loaded into the MyFloridaMarketPlace eProcurement System (MFMP). In addition, DMS will have the ability to define when the electronic catalog and any subsequent revisions thereto "go live".

3.0 The Contractor agrees to meet the following requirements:

a. Catalog must contain the most current pricing, including all applicable administrative fees and or discounts, as well as the most up-to-date product/service offering the Contractor is authorized to provide in accordance with the statewide contract; and

The accuracy of the catalog must be maintained by Contractor throughout the duration of the statewide contract; and

b. The catalog must include a State-specific contract identification number; and
c. The catalog must include detailed product line item descriptions; and
d. The catalog must include pictures when possible;** and
e. The catalog must include any additional DMS content requirements

4.0 Contractor agrees that DMS controls which statewide contracts appear in MFMP and that DMS may elect at any time to remove any Contractor's offering from MFMP.

5.0 Contractor must be able to accept Purchase Orders via fax, e-mail, cXML or EDI INT AS 12.

*Aravo is a catalog repository tool used by MFMP. Contractors maintain their line item catalog offerings through this online tool. Contractor's catalog content is reviewed and approved by DMS in Aravo before being migrated into the MyFloridaMarketPlace eProcurement System. These services will be provided by MFMP at no additional cost to the Contractor.

**Details regarding the submission of image files and catalog content will be discussed during the enablement process; however, the following represents key information regarding the submission of product image files:

- Provide actual image files (in gif, jpeg and other commonly used formats) for all of the items in the Contractor's catalog that will be hosted by the MyFloridaMarketPlace system. These images are displayed to the customer directly in search results as well as in the product details window.
- Provide the actual image files in a 'zip archive'. Please go to www.winzip.com to download the WinZip® application that is needed to create such an archive as well as additional details about using WinZip® application.
- Provide only one image per product.
- Color pictures are preferred; however, black and white pictures or drawings are acceptable if this is the current standard for the Contractor's business marketing.
- Please note the MyFloridaMarketPlace prefers jpg format for image files (280X280 pixels) although images in many other formats are accepted.
    - When an image is in jpg format, it is resized to 280X280 pixels, if necessary, to maintain a consistent appearance MFMP.
    - When an image is in a format other than jpg, it will be converted to jpg and resized to 280X280 pixels to maintain a consistent appearance for MFMP.
- As products change, updated image files must be submitted to update the MyFloridaMarketPlace Catalog.

In rare instances where an image is not available, DMS will work with the Contractor to determine the best solution for advertising the Contractor's offering.

**15.0** **ELECTRONIC INVOICE** The Contractor shall supply electronic invoices in lieu of paper-based invoices for those transactions processed through the MFMP. Contractor agrees, upon DMS' request, to establish electronic invoicing within ninety (90) days of written request. Electronic invoices shall be submitted to the agency through the Ariba Supplier Network (ASN) in one of three mechanisms as listed below. Suppliers can select the method that best meets their capabilities from the following list:

- **cXML (commerce eXtensible Markup Language)**
  This standard establishes the data contents required for invoicing via cXML within the context of an electronic environment. This transaction set can be used for invoicing via the ASN for catalog and non-catalog goods and services. *The cXML format is the Ariba preferred method for eInvoicing*.
- **EDI (Electronic Data Interchange)**
  This standard establishes the data contents of the Invoice Transaction Set (810) for use within the context of an Electronic Data Interchange (EDI) environment. This transaction set can be used for invoicing via the ASN for catalog and non-catalog goods and services.
- **PO Flip via ASN**
  The online process allows suppliers to submit invoices via the ASN for catalog and non-catalog goods and services. Suppliers have the ability to create an invoice directly from their Inbox in their ASN account by simply "flipping" the PO into an invoice. This option does not require any special software or technical capabilities.

For the purposes of this section, the Contractor warrants and represents that it is authorized and empowered to and hereby grants the State and the third party provider of MFMP, a State Contractor, the right and license to use, reproduce, transmit, distribute, and publicly display within the system the information outlined above. In addition, the Contractor warrants and represents that it is authorized and empowered to and hereby grants the State and the third party provider the right and license to reproduce and display within the system the Contractor's trademarks, system marks, logos, trade dress, or other branding designation that identifies the products made available by the Contractor under the Contract.

The Contractor will work with the MFMP management team to obtain specific requirements for the Electronic Invoicing upon contract award.

**16.0 CONTRACT DOCUMENTS**

This Contract, together with the following attached documents, set forth the entire understanding of the parties with respect to the subject matter. In case of conflict, the terms of this Contract shall control. If a conflict exists among any of the attached documents, the documents shall have priority in the order listed:

**A.** **ATTACHMENT I:** THIS DOCUMENT
**B.** **ATTACHMENT II:** ITB, No.: 17-425-001-F, as amended.

**2.1 Definitions**
The definitions found in s. 60A-1.001, F.A.C. shall apply to this agreement. The following additional terms are also defined:

(a) "Buyer" means the entity that has released the solicitation. The "Buyer" may also be the "Customer" as defined in the PUR 1000 if that entity meets the definition of both terms.
(b) "Procurement Officer" means the Buyer's contracting personnel, as identified in the Introductory Materials.
(c) "Respondent" means the entity that submits materials to the Buyer in accordance with these Instructions.
(d) "Response" means the material submitted by the respondent in answering the solicitation.
(e) "Timeline" means the list of critical dates and actions included in the Introductory Materials.

**2.2 General Instructions**
Potential respondents to the solicitation are encouraged to carefully review all the materials contained herein and prepare responses accordingly.

**2.3 Electronic Submission of Responses**
Respondents are required to submit responses electronically. For this purpose, all references herein to signatures, signing requirements, or other required acknowledgments hereby include electronic signature by means of clicking the "Submit Response" button (or other similar symbol or process) attached to or logically associated with the response created by the respondent within MyFloridaMarketPlace. The respondent agrees that the action of electronically submitting its response constitutes:

- an electronic signature on the response, generally,
- an electronic signature on any form or section specifically calling for a signature, and
- an affirmative agreement to any statement contained in the solicitation that requires a definite confirmation or acknowledgement.

**2.4 Terms and Conditions**
All responses are subject to the terms of the following sections of this solicitation, which, in case of conflict, shall have the order of precedence listed:

- Technical Specifications,
- Special Conditions and Instructions,
- Instructions to Respondents (PUR 1001),
- General Conditions (PUR 1000), and
- Introductory Materials.

The Buyer objects to and shall not consider any additional terms or conditions submitted by a respondent, including any appearing in documents attached as part of a respondent's response. In submitting its response, a respondent agrees that any additional terms or conditions, whether submitted intentionally or inadvertently, shall have no force or effect. Failure to comply with terms and conditions, including those specifying information that must be submitted with a response, shall be grounds for rejecting a response.

**2.5 Questions**
Respondents shall address all questions regarding this solicitation to the Procurement Officer. Questions must be submitted via the Q&A Board within MyFloridaMarketPlace and must be RECEIVED NO LATER THAN the time and date reflected on the Timeline. Questions shall be answered in accordance with the Timeline. All questions submitted shall be published and answered in a manner that all respondents will be able to view. Respondents shall not contact any other employee of the

Buyer or the State for information with respect to this solicitation. Each respondent is responsible for monitoring the MyFloridaMarketPlace site for new or changing information. The Buyer shall not be bound by any verbal information or by any written information that is not contained within the solicitation documents or formally noticed and issued by the Buyer's contracting personnel. Questions to the Procurement Officer or to any Buyer personnel shall not constitute formal protest of the specifications or of the solicitation, a process addressed in paragraph 20 of these Instructions.

**2.6 Conflict of Interest**

This solicitation is subject to chapter 112 of the Florida Statutes. Respondents shall disclose with their response the name of any officer, director, employee or other agent who is also an employee of the State. Respondents shall also disclose the name of any State employee who owns, directly or indirectly, an interest of five percent (5%) or more in the respondent or its affiliates.

**2.7 Convicted Vendors**

A person or affiliate placed on the convicted vendor list following a conviction for a public entity crime is prohibited from doing any of the following for a period of 36 months from the date of being placed on the convicted vendor list:

- submitting a bid on a contract to provide any goods or services to a public entity;
- submitting a bid on a contract with a public entity for the construction or repair of a public building or public work;
- submitting bids on leases of real property to a public entity;
- being awarded or performing work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and
- transacting business with any public entity in excess of the Category Two threshold amount ($25,000) provided in section 287.017 of the Florida Statutes.

**2.8 Discriminatory Vendors**

An entity or affiliate placed on the discriminatory vendor list pursuant to section 287.134 of the Florida Statutes may not:

- submit a bid on a contract to provide any goods or services to a public entity;
- submit a bid on a contract with a public entity for the construction or repair of a public building or public work;
- submit bids on leases of real property to a public entity;
- be awarded or perform work as a contractor, supplier, sub-contractor, or consultant under a contract with any public entity; or
- transact business with any public entity.

**2.9 Respondent's Representation and Authorization**

In submitting a response, each respondent understands, represents, and acknowledges the following (if the respondent cannot so certify to any of following, the respondent shall submit with its response a written explanation of why it cannot do so).

- The respondent is not currently under suspension or debarment by the State or any other governmental authority.
- To the best of the knowledge of the person signing the response, the respondent, its affiliates, subsidiaries, directors, officers, and employees are not currently under investigation by any governmental authority and have not in the last ten (10) years been convicted or found liable for any act prohibited by law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract.
- Respondent currently has no delinquent obligations to the State, including a claim by the State for liquidated damages under any other contract.
- The submission is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive response.
- The prices and amounts have been arrived at independently and without consultation, communication, or agreement with any other respondent or potential respondent; neither the prices nor amounts, actual or approximate, have been disclosed to any respondent or potential respondent, and they will not be disclosed before the solicitation opening.
- The respondent has fully informed the Buyer in writing of all convictions of the firm, its affiliates (as defined in section 287.133(1) (a) of the Florida Statutes), and all directors, officers, and employees of the firm and its affiliates for violation of state or federal antitrust laws with respect to a public contract for violation of any state or federal law involving fraud, bribery, collusion, conspiracy or material misrepresentation with respect to a public contract. This

includes disclosure of the names of current employees who were convicted of contract crimes while in the employ of another company.

- Neither the respondent nor any person associated with it in the capacity of owner, partner, director, officer, principal, investigator, project director, manager, auditor, or position involving the administration of federal funds:
  - Has within the preceding three years been convicted of or had a civil judgment rendered against them or is presently indicted for or otherwise criminally or civilly charged for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state, or local government transaction or public contract; violation of federal or state antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; or
  - Has within a three-year period preceding this certification had one or more federal, state, or local government contracts terminated for cause or default.
- The product offered by the respondent will conform to the specifications without exception.
- The respondent has read and understands the Contract terms and conditions, and the submission is made in conformance with those terms and conditions.
- If an award is made to the respondent, the respondent agrees that it intends to be legally bound to the Contract that is formed with the State.
- The respondent has made a diligent inquiry of its employees and agents responsible for preparing, approving, or submitting the response, and has been advised by each of them that he or she has not participated in any communication, consultation, discussion, agreement, collusion, act or other conduct inconsistent with any of the statements and representations made in the response.
- The respondent shall indemnify, defend, and hold harmless the Buyer and its employees against any cost, damage, or expense which may be incurred or be caused by any error in the respondent's preparation of its bid.
- All information provided by, and representations made by, the respondent are material and important and will be relied upon by the Buyer in awarding the Contract. Any misstatement shall be treated as fraudulent concealment from the Buyer of the true facts relating to submission of the bid. A misrepresentation shall be punishable under law, including, but not limited to, Chapter 817 of the Florida Statutes.

**2.10 Manufacturer's Name and Approved Equivalents**

Unless otherwise specified, any manufacturers' names, trade names, brand names, information or catalog numbers listed in a specification are descriptive, not restrictive. With the Buyer's prior approval, the Contractor may provide any product that meets or exceeds the applicable specifications. The Contractor shall demonstrate comparability, including appropriate catalog materials, literature, specifications, test data, etc. The Buyer shall determine in its sole discretion whether a product is acceptable as an equivalent.

**2.11 Performance Qualifications**

The Buyer reserves the right to investigate or inspect at any time whether the product, qualifications, or facilities offered by Respondent meet the Contract requirements. Respondent shall at all times during the Contract term remain responsive and responsible. In determining Respondent's responsibility as a vendor, the agency shall consider all information or evidence which is gathered or comes to the attention of the agency which demonstrates the Respondent's capability to fully satisfy the requirements of the solicitation and the contract.

Respondent must be prepared, if requested by the Buyer, to present evidence of experience, ability, and financial standing, as well as a statement as to plant, machinery, and capacity of the respondent for the production, distribution, and servicing of the product bid. If the Buyer determines that the conditions of the solicitation documents are not complied with, or that the product proposed to be furnished does not meet the specified requirements, or that the qualifications, financial standing, or facilities are not satisfactory, or that performance is untimely, the Buyer may reject the response or terminate the Contract. Respondent may be disqualified from receiving awards if respondent, or anyone in respondent's employment, has previously failed to perform satisfactorily in connection with public bidding or contracts. This paragraph shall not mean or imply that it is obligatory upon the Buyer to make an investigation either before or after award of the Contract, but should the Buyer elect to do so, respondent is not relieved from fulfilling all Contract requirements.

**2.12 Public Opening**

Responses shall be opened on the date and at the location indicated on the Timeline. Respondents may, but are not required to, attend. The Buyer may choose not to announce prices or release other materials pursuant to s. 119.071(1) (b), Florida

Statutes. Any person requiring a special accommodation because of a disability should contact the Procurement Officer at least five (5) workdays prior to the solicitation opening. If you are hearing or speech impaired, please contact the Buyer by using the Florida Relay Service at (800) 955-8771 (TDD).

**2.13 Electronic Posting of Notice of Intended Award**

Based on the evaluation, on the date indicated on the Timeline the Buyer shall electronically post a notice of intended award at http://fcn.state.fl.us/owa_vbs/owa/vbs_www.main_menu. If the notice of award is delayed, in lieu of posting the notice of intended award the Buyer shall post a notice of the delay and a revised date for posting the notice of intended award. Any person who is adversely affected by the decision shall file with the Buyer a notice of protest within 72 hours after the electronic posting. The Buyer shall not provide tabulations or notices of award by telephone.

**2.14 Firm Response**

The Buyer may make an award within sixty (60) days after the date of the opening, during which period responses shall remain firm and shall not be withdrawn. If award is not made within sixty (60) days, the response shall remain firm until either the Buyer awards the Contract or the Buyer receives from the respondent written notice that the response is withdrawn. Any response that expresses a shorter duration may, in the Buyer's sole discretion, be accepted or rejected.

**2.15 Clarifications/Revisions**

Before award, the Buyer reserves the right to seek clarifications or request any information deemed necessary for proper evaluation of submissions from all respondents deemed eligible for Contract award. Failure to provide requested information may result in rejection of the response.

**2.16 Minor Irregularities/Right to Reject**

The Buyer reserves the right to accept or reject any and all bids, or separable portions thereof, and to waive any minor irregularity, technicality, or omission if the Buyer determines that doing so will serve the State's best interests. The Buyer may reject any response not submitted in the manner specified by the solicitation documents.

**2.17 Contract Formation**

The Buyer shall issue a notice of award, if any, to successful respondent(s), however, no contract shall be formed between respondent and the Buyer until the Buyer signs the Contract. The Buyer shall not be liable for any costs incurred by a respondent in preparing or producing its response or for any work performed before the Contract is effective.

**2.18 Contract Overlap**

Respondents shall identify any products covered by this solicitation that they are currently authorized to furnish under any state term contract. By entering into the Contract, a Contractor authorizes the Buyer to eliminate duplication between agreements in the manner the Buyer deems to be in its best interest.

**2.19 Public Records**

Article 1, section 24, Florida Constitution, guarantees every person access to all public records, and Section 119.011, Florida Statutes, provides a broad definition of public record. As such, all responses to a competitive solicitation are public records unless exempt by law. Any respondent claiming that its response contains information that is exempt from the public records law shall clearly segregate and mark that information and provide the specific statutory citation for such exemption.

**2.20 Protests**

Any protest concerning this solicitation shall be made in accordance with sections 120.57(3) and 287.042(2) of the Florida Statutes and chapter 28-110 of the Florida Administrative Code. Questions to the Procurement Officer shall not constitute formal notice of a protest. It is the Buyer's intent to ensure that specifications are written to obtain the best value for the State and that specifications are written to ensure competitiveness, fairness, necessity and reasonableness in the solicitation process.

Section 120.57(3) (b), F.S. and Section 28-110.003, Fla. Admin. Code require that a notice of protest of the solicitation documents shall be made within seventy-two hours after the posting of the solicitation.

Section 120.57(3) (a), F.S. requires the following statement to be included in the solicitation: "Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes."

Section 28-110.005, Fla. Admin. Code requires the following statement to be included in the solicitation: "Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes."

**2.21 Limitation on Vendor Contact with Agency During Solicitation Period**

Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

### 3. 4 Who May Respond

The Department seeks Responses from manufacturers holding current Federal (GSA) Contracts for products offered on this Contract. Though the Department intends to contract directly with manufacturers, the Department encourages the participation of certified minority business enterprises (CMBE). Information on CMBEs is available from the Office of Supplier Diversity at http://osd.dms.state.fl.us.

Each Respondent must be authorized to conduct business with the State of Florida, and possess the experience and personnel resources to provide the products and services described in this ITB. The Department retains the right to request additional information pertaining to the Respondent's ability and qualifications to accomplish all services described in this ITB as deemed necessary during the ITB or after contract award.

### 3.5 MyFloridaMarketPlace Overview

The Department uses the MyFloridaMarketPlace system (MFMP) to receive Responses electronically. This solicitation will be conducted using the MyFloridaMarketPlace Sourcing Tool.

#### 3.5.1 MyFloridaMarketPlace Vendor Registration Application

Vendors must have a revised, current, and complete Vendor Registration Application identified on the MyFloridaMarketPlace Vendor Registration System at: https://vendor.myfloridamarketplace.com/. If you have not registered or have requested a registration update, please be advised that a minimum of forty-eight (48) hours will be required for access to the MyFloridaMarketPlace Sourcing Tool. Completion of this registration is mandatory for those Vendors who wish to submit a Response.

#### 3.5.2 MyFloridaMarketPlace Sourcing Tool Training

#### 3.5.3 MyFloridaMarketPlace Sourcing Tool Tips

When working in the MyFloridaMarketPlace Sourcing Tool, be aware of the twenty (20) minute time-out function in the tool. This means that you should save your work (click the SAVE button) at intervals of less than twenty (20)

minutes to ensure your entries since you last saved are not lost.

Please note that clicking the SAVE button within the MyFloridaMarketPlace Sourcing Tool only saves your solicitation Responses. **The SAVE button does not transmit your solicitation Response to the State**. In order to transmit your solicitation Response to the State, you must click the SUBMIT button on the SUMMARY page of the solicitation Response.

After clicking the SUBMIT button, it is the Respondent's responsibility to check any submitted Response within the MyFloridaMarketPlace Sourcing Tool to verify that the Response is accurately and completely captured within the MyFloridaMarketPlace Sourcing Tool. Respondents must do this while there is sufficient time remaining in the solicitation period in the event you discover an error and need to resubmit a revised Response.

To validate your Response, you should do the following before the solicitation period ends:

- Go to the "My Bids / My Responses" tab within the MyFloridaMarketPlace Sourcing Tool after you submitted your Response.
- Click on the Response ID number of your last submitted Response.
- Review entire Response to make sure all responses are complete, accurate, and as you intended to submit.
- Minimum areas to check are:
    - Text boxes – Is your entire answer viewable?
    - Yes/No questions – Is the displayed answer correct?
    - All uploaded document files – Can you open attached document(s) and clearly view entire content? Does the content of the file(s) match your intended Response within the MyFloridaMarketPlace Sourcing Tool (e.g., not an earlier version, incomplete copy, or working copy)?
    - Pricing and Other Information – Are all Prices and other information you intended to submit visible and accurately captured within MyFloridaMarketPlace Sourcing Tool?
    - Required Items - Are all items listed in the solicitation completed as required within the MyFloridaMarketPlace Sourcing Tool?

**DO NOT RELY ON THE MYFLORIDAMARKETPLACE SOURCING TOOL'S TIME REMAINING CLOCK. THE OFFICIAL SOLICITATION CLOSING TIME SHALL BE AS REFLECTED IN SECTION 1.2, EVENT TIMELINE.** The Response deadline(s) shall be as reflected in Section 1.2, Event Timeline, of this solicitation. The MyFloridaMarketPlace Sourcing Tool's time remaining clock is not the official submission date and time deadline, it is intended only to approximate the solicitation closing and may require periodic adjustments.

**It is strongly recommended that you submit your response as early as possible.** You should allow time to receive any requested assistance and to receive verification of your submittal; waiting until the last hours of the solicitation could impact the timely submittal of your response.

### 3.5.4 Email Notification

Respondents are reminded that the Sourcing Tool's email notifications are an option provided to Respondents as a courtesy. The State of Florida is not under any obligation and does not guarantee that Respondents will receive email Notifications concerning the posting, amendment or close of ITB's. Respondents are responsible for checking the MyFloridaMarketPlace Sourcing Tool and the Vendor Bid System for information and updates concerning this ITB.

### 3.5.5 Questions and Answers

Respondents shall examine this solicitation to determine if the Department's requirements are clearly stated. If there are any requirements which are unclear or objectionable, Respondents should submit notice to the Department using the Sourcing Tool's Q&A Board by the due date for Respondents to submit questions listed in the Event Timeline.

Please note that questions will **NOT** be answered via telephone or fax. The Department shall post the answers to the questions via the MyFloridaMarketPlace Sourcing Tool by the date stated on the Event Timeline. Each

Respondent is responsible for monitoring the MyFloridaMarketPlace system for new or changing information. The Department shall not be bound by any verbal information or by any written information that is not either contained within the solicitation documents or formally noticed and issued by the ITB sole point of contact. Questions shall not constitute formal protest of the specifications or of the solicitation. The formal protest process is described in Section 2.20 Protests.

### 3.6 Amendments or Addendums to the Solicitation Documents

The Department reserves the right to issue amendments or addendums to the solicitation. Notice of any amendment or addendum will be posted within the MyFloridaMarketPlace Sourcing Tool and the Vendor Bid System. Such notice, if required, will contain the appropriate details for identifying and/or reviewing the formal changes to the solicitation. Each Respondent is responsible for monitoring the sites for new or changing information concerning this solicitation.

### 3.7 Order of Precedence

Respondents are encouraged to carefully review all materials contained herein and prepare responses accordingly. In the event any conflict exists between the Special and General Instructions, the Special Instructions shall prevail. In the event any conflict exists between the Special and General Conditions, the Special Conditions shall prevail. This Section, **3.7**, supersedes and replaces **Section 2.4**, General Instructions Terms and Conditions.

All responses are subject to the terms of the following sections of this ITB which, in case of conflict, shall have the order of precedence listed:

a) Introduction
b) Special Contract Conditions
c) Special Instructions To Respondents
d) General Contract Conditions (PUR 1000)
e) General Instruction to Respondents (PUR 1001)
f) Price Sheets
g) Forms

The Department objects to and shall not consider any additional terms or conditions submitted by a Respondent, including any appearing in documents attached as part of a Respondent's Response. In submitting its Response, the Respondent agrees that any additional terms or conditions, whether submitted intentionally or inadvertently, shall result in the disqualification of the Respondent's Response for any offers associated with the additional terms or conditions. Failure to comply with the solicitation requirements, specifications, terms, and conditions, including those specifying information that must be submitted with a Response, may be grounds for rejecting a Response.

### 3.8 Submittal of Response

Respondents shall submit their offer online via the MyFloridaMarketPlace Sourcing Tool at: https://sourcing.myfloridamarketplace.com.

**OFFERS MUST BE SUBMITTED IN THE MYFLORIDAMARKETPLACE SOURCING TOOL BY THE DATE AND TIME SPECIFIED ON THE EVENT TIMELINE. Offers not submitted within MyFloridaMarketPlace shall be rejected.**

The Department shall not consider late offers and the Sourcing Tool will NOT accept offers after the closing date and time specified in the Event Timeline or as amended by the Department. Each Respondent is responsible for ensuring that its response is submitted at the proper time. In the event a Respondent submits more than one response in the MyFloridaMarketPlace Sourcing Tool, **only** the last Response received by the system shall be considered for award. Previous responses will not be visible to the State of Florida. The Response Preparation Checklist is provided to assist submittal but does not relieve the Respondent of responsibility for ensuring that all Requirements of the ITB are included with the Response submittal.

**The following documents must be uploaded into the Respondent's Response within the MyFloridaMarketPlace Sourcing Tool*:**

1. **Price Sheet**

2. **Ordering Instructions Form**
3. **Authorized Dealers & Manufacturer Representatives Form**
4. **Savings/Price Reductions Form**
5. **Product List Form**
6. **Certification of Drug-Free Workplace Form**

***IT IS STRONGLY RECOMMENDED THAT YOU SUBMIT YOUR RESPONSE AS EARLY AS POSSIBLE. YOU SHOULD ALLOW TIME TO RECEIVE ANY REQUESTED ASSISTANCE AND TO RECEIVE VERIFICATION OF YOUR SUBMITTAL; WAITING UNTIL THE LAST HOURS OF THE SOLICITATION COULD IMPACT THE TIMELY SUBMITTAL OF YOUR RESPONSE. DO NOT RELY ON THE "MYFLORIDAMARKETPLACE" SOURCING TOOL'S TIME REMAINING CLOCK. THE OFFICIAL SOLICITATION CLOSING TIME SHALL BE AS REFLECTED IN THE EVENT TIMELINE OF THIS ITB.**

**Additionally**, the following information must be **received by** the contact person below no later than the Response Opening Date & Time. Please refer back to the Event Timeline for Dates and Times.

**Recycled Content Requirements shall be submitted with the mailed Response and received by the contact person no later than the Response Opening Date and Time.**
**Failure to comply with this requirement may result in disqualification of Response.**

### 3.12 Manufacturer's URL Address for Dedicated Website Address

The Department displays contract and product information online for customer's use. Each Contractor shall develop and maintain a State Contract web page on the Internet to post approved contract information. Respondent shall submit the Universal Resource Locator (URL) address for this Contract. This URL link may remain hidden while the responses are under evaluation. Reference Section 5.24, Dedicated State Term Contract Website Requirement for specific requirements.
**URL Address shall be submitted with the mailed Response and received by the contact person no later than the Response Opening Date and Time.**
**Failure to comply with this requirement may result in disqualification of Response.**

### 3.13 Cost Savings Objective

Chapter 2010-151, Laws of Florida, Section 47, provides the following:
Each state agency, as defined in s. 216.011, Florida Statutes, shall review existing contract renewals and reprocurements with private providers and public-private providers in an effort to reduce contract payments by at least 3 percent. It is the statewide goal to achieve substantial savings; however, it is the intent of the Legislature that the level and quality of services not be affected. Each agency shall renegotiate and reprocure contracts consistent with this section. Any savings that accrue through renegotiating the renewal or reprocurement of an existing contract shall be placed in reserve by the Executive Office of the Governor.

In order to achieve this objective, the Department seeks to achieve a cost savings of at least 3 percent when compared to the pricing contained in the Department's most recent state term contract for these commodities. Current and previous contracts can be accessed through the Division of State Purchasing website at:
http://dms.myflorida.com/business_operations/state_purchasing.

### 3.14 State Objectives

Within thirty (30) calendar days following award of the Contract, if awarded, the successful Respondent shall submit plans addressing each of the State's five (5) objectives listed below, to the extent applicable to the items / services covered by this solicitation.

#### 3.14.1 Diversity

The State of Florida is committed to supporting its diverse business industry and population through ensuring participation by minority- and women-owned business enterprises in the economic life of the state. The State of Florida Mentor Protégé Program connects minority- and women-owned businesses with private corporations for business development mentoring. We strongly encourage firms doing business with the State of Florida to consider this initiative. For more information on the Mentor Protégé Program, please contact the Office of Supplier Diversity at (850) 487-0915.

It is vital that small, minority, women-owned and veteran-owned business enterprises participate in the State's procurement process as both prime Contractors and Subcontractors under prime Contracts. Small, minority, and women-owned businesses are strongly encouraged to submit replies to this solicitation.

The Contractor shall submit documentation addressing Diversity and describing the efforts being made to encourage the participation of small, minority, women-owned and veteran-owned businesses. Information on Certified Minority Business Enterprises (CMBE) is available from the Office of Supplier Diversity at:

http://dms.myflorida.com/other_programs/office_of_supplier_diversity_osd/.

### 3.14.2 Environmental Considerations

The State supports and encourages initiatives to protect and preserve our environment. The Department encourages the Contractor to submit as part of any response the Contractor's plan to support the procurement of products and materials with recycled content. The Contractor shall also provide a plan for reducing and or handling of any hazardous waste generated by Contractor's company. Reference Rule 62-730.160, Florida Administrative Code. It is a requirement of the Florida Department of Environmental Protection that a generator of hazardous waste materials that exceeds a certain threshold must have a valid and current Hazardous Waste Generator Identification Number. This identification number shall be submitted as part of Contractor's explanation of its company's hazardous waste plan and shall explain in detail its handling and disposal of this waste.

### 3.14.3 Certification of Drug-Free Workplace Program

The State supports and encourages initiatives to keep the workplaces of Florida's Suppliers and Contractors drug free. Section 287.087 of the Florida Statutes provides that, where identical tie bids are received, preference shall be given to a response received from a Respondent that certifies it has implemented a drug-free workforce program. If applicable, Respondent shall certify that the Respondent has a drug-free workplace program using the Certification of Drug-Free Workplace form included in Section 7.4 of the solicitation. The Contractor shall describe how it will address the implementation of a drug free workplace in offering the items of the solicitation.

### 3.14.4 Products Available from the Blind or Other Handicapped (RESPECT)

The State supports and encourages the gainful employment of citizens with disabilities. It is expressly understood and agreed that any articles that are the subject of, or required to carry out, this Contract shall be purchased from a nonprofit agency for the blind or for the severely handicapped that is qualified pursuant to Chapter 413, Florida Statutes, in the same manner and under the same procedures set forth in Section 413.036(1) and (2), Florida Statutes; and for purposes of this Contract the person, firm, or other business entity carrying out the provisions of this Contract shall be deemed to be substituted for the state agency insofar as dealings with such qualified nonprofit agency are concerned. Additional information about the designated nonprofit agency and the products it offers is available at http://www.respectofflorida.org.
The Contractor shall describe how it will address the use of RESPECT in offering the items of the solicitation.

### 3.14.5 Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE)

The State supports and encourages the use of Florida correctional work programs. It is expressly understood and agreed that any articles which are the subject of, or required to carry out, this Contract shall be purchased from the corporation identified under Chapter 946, F.S., in the same manner and under the same procedures set forth in Section 946.515(2), and (4), F.S.; and for purposes of this Contract the person, firm, or other business entity carrying out the provisions of this Contract shall be deemed to be substituted for this agency insofar as dealings with such corporation are concerned. Additional information about PRIDE and the products it offers is available at http://www.pride-enterprises.org/.

The Contractor shall describe how it will address the use of PRIDE in offering the items of the solicitation.

## 3.15 Basis for Award

Award shall be made statewide for each manufacturer's office furniture product offering currently available on GSA schedule. The Department intends to award to responsible vendor per brand offering GSA pricing or better. Respondents

whose bids, past performance, or current status do not reflect the capability, integrity or reliability to fully and in good faith perform the requirements of the Contract may be rejected as non-responsible.

The Department reserves the right to make awards as determined to be in the best interest of the State of Florida, and to accept or reject any and all offers, or separable portions, and to waive any minor irregularity, technicality, or omission if the Department determines that doing so will serve the State of Florida's best interest.

**3.16 Special Accommodation**
Any person requiring a special accommodation at State Purchasing because of a disability should call State Purchasing at (850) 488-8440 at least five (5) workdays prior to the bid opening. If you are hearing or speech impaired, please contact State Purchasing by using the Florida Relay Service at (800) 955-8771 (TDD).

### 4.1 Definitions

The definitions contained in s. 60A-1.001, F.A.C. shall apply to this agreement. The following additional terms are also defined:

(a) "Contract" means the legally enforceable agreement that results from a successful solicitation. The parties to the Contract will be the Customer and Contractor.

(b) "Customer" means the State agency or other entity identified in a contract as the party to receive commodities or contractual services pursuant to a contract or that orders commodities or contractual services via purchase order or other contractual instrument from the Contractor under the Contract. The "Customer" may also be the "Buyer" as defined in the PUR 1001 if it meets the definition of both terms.

(c) "Product" means any deliverable under the Contract, which may include commodities, services, technology or software.

(d) "Purchase order" means the form or format a Customer uses to make a purchase under the Contract (e.g., a formal written purchase order, electronic purchase order, procurement card, contract or other authorized means).

### 4.2 Purchase Orders

In contracts where commodities or services are ordered by the Customer via purchase order, Contractor shall not deliver or furnish products until a Customer transmits a purchase order. All purchase orders shall bear the Contract or solicitation number, shall be placed by the Customer directly with the Contractor, and shall be deemed to incorporate by reference the Contract and solicitation terms and conditions. Any discrepancy between the Contract terms and the terms stated on the Contractor's order form, confirmation, or acknowledgement shall be resolved in favor of terms most favorable to the Customer. A purchase order for services within the ambit of section 287.058(1) of the Florida Statutes shall be deemed to incorporate by reference the requirements of subparagraphs (a) through (f) thereof. Customers shall designate a contract manager and a contract administrator as required by subsections 287.057(15) and (16) of the Florida Statutes.

**4.3 Product Version**

Purchase orders shall be deemed to reference a manufacturer's most recently release model or version of the product at the time of the order, unless the Customer specifically requests in writing an earlier model or version and the contractor is willing to provide such model or version.

**4.4 Price Changes Applicable Only to Term Contracts**

If this is a term contract for commodities or services, the following provisions apply.

(a) Quantity Discounts. Contractors are urged to offer additional discounts for one time delivery of large single orders. Customers should seek to negotiate additional price concessions on quantity purchases of any products offered under the Contract. State Customers shall document their files accordingly.

(b) Best Pricing Offer. During the Contract term, if the Customer becomes aware of better pricing offered by the Contractor for substantially the same or a smaller quantity of a product outside the Contract, but upon the same or similar terms of the Contract, then at the discretion of the Customer the price under the Contract shall be immediately reduced to the lower price.

(c) Sales Promotions. In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, a Contractor may conduct sales promotions involving price reductions for a specified lesser period. A Contractor shall submit to the Contract Specialist documentation identifying the proposed (1) starting and ending dates of the promotion, (2) products involved, and (3) promotional prices compared to then-authorized prices. Promotional prices shall be available to all Customers. Upon approval, the Contractor shall provide conspicuous notice of the promotion.

(d) Trade-In. Customers may trade-in equipment when making purchases from the Contract. A trade-in shall be negotiated between the Customer and the Contractor. Customers are obligated to actively seek current fair market value when trading equipment, and to keep accurate records of the process. For State agencies, it may be necessary to provide documentation to the Department of Financial Services and to the agency property custodian pursuant to Chapter 273, F.S.

(e) Equitable Adjustment. The Customer may, in its sole discretion, make an equitable adjustment in the Contract terms or pricing if pricing or availability of supply is affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to causes wholly beyond the Contractor's control, (2) the volatility affects the marketplace or industry, not just the particular Contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Contractor that continued performance of the Contract would result in a substantial loss.

**4.5 Additional Quantities**

For a period not exceeding ninety (90) days from the date of solicitation award, the Customer reserves the right to acquire additional quantities up to the amount shown on the solicitation but not to exceed the threshold for Category Two at the prices submitted in the response to the solicitation.

**4.6 Packaging**

Tangible product shall be securely and properly packed for shipment, storage, and stocking in appropriate, clearly labeled, shipping containers and according to accepted commercial practice, without extra charge for packing materials, cases, or other types of containers. All containers and packaging shall become and remain Customer's property.

### 4.7 Inspection at Contractor's Site
The Customer reserves the right to inspect, at any reasonable time with prior notice, the equipment or product or plant or other facilities of a Contractor to assess conformity with Contract requirements and to determine whether they are adequate and suitable for proper and effective Contract performance.

### 4.8 Safety Standards
All manufactured items and fabricated assemblies subject to operation under pressure, operation by connection to an electric source, or operation involving connection to a manufactured, natural, or LP gas source shall be constructed and approved in a manner acceptable to the appropriate State inspector. Acceptability customarily requires, at a minimum, identification marking of the appropriate safety standard organization, where such approvals of listings have been established for the type of device offered and furnished, for example: the American Society of Mechanical Engineers for pressure vessels; the Underwriters Laboratories and/or National Electrical Manufacturers' Association for electrically operated assemblies; and the American Gas Association for gas-operated assemblies. In addition, all items furnished shall meet all applicable requirements of the Occupational Safety and Health Act and state and federal requirements relating to clean air and water pollution.

### 4.9 Americans with Disabilities Act
Contractors should identify any products that may be used or adapted for use by visually, hearing, or other physically impaired individuals.

### 4.10 Literature
Upon request, the Contractor shall furnish literature reasonably related to the product offered, for example, user manuals, price schedules, catalogs, descriptive brochures, etc.

### 4.11 Transportation and Delivery
Prices shall include all charges for packing, handling, freight, distribution, and inside delivery. Transportation of goods shall be FOB Destination to any point within thirty (30) days after the Customer places an Order. A Contractor, within five (5) days after receiving a purchase order, shall notify the Customer of any potential delivery delays. Evidence of inability or intentional delays shall be cause for Contract cancellation and Contractor suspension.

### 4.12 Installation
Where installation is required, Contractor shall be responsible for placing and installing the product in the required locations at no additional charge, unless otherwise designated on the Contract or purchase order. Contractor's authorized product and price list shall clearly and separately identify any additional installation charges. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment, rigging, and materials required to install or replace the product in the proper location. Contractor shall protect the site from damage and shall repair damages or injury caused during installation by Contractor or its employees or agents. If any alteration, dismantling, excavation, etc., is required to achieve installation, the Contractor shall promptly restore the structure or site to its original condition. Contractor shall perform installation work so as to cause the least inconvenience and interference with Customers and with proper consideration of others on site. Upon completion of the installation, the location and surrounding area of work shall be left clean and in a neat and unobstructed condition, with everything in satisfactory repair and order.

### 4.13 Risk of Loss
Matters of inspection and acceptance are addressed in s. 215.422, F.S. Until acceptance, risk of loss or damage shall remain with the Contractor. The Contractor shall be responsible for filing, processing, and collecting all damage claims. To assist the Contractor with damage claims, the Customer shall: record any evidence of visible damage on all copies of the delivering carrier's Bill of Lading; report damages to the carrier and the Contractor; and provide the Contractor with a copy of the carrier's Bill of Lading and damage inspection report. When a Customer rejects a product, Contractor shall remove it from the premises within ten days after notification or rejection. Upon rejection notification, the risk of loss of rejected or non-conforming product shall remain with the Contractor. Rejected product not removed by the Contractor within ten days shall be deemed abandoned by the Contractor, and the Customer shall have the right to dispose of it as its own property. Contractor shall reimburse the Customer for costs and expenses incurred in storing or effecting removal or disposition of rejected

product.

**4.14 Transaction Fee**

The State of Florida has instituted MyFloridaMarketPlace, a statewide eProcurement System ("System"). Pursuant to section 287.057(23), Florida Statutes (2002), all payments shall be assessed a Transaction Fee of one percent (1.0%), which the Contractor shall pay to the State, unless exempt pursuant to 60A-1.032, F.A.C.

For payments within the State accounting system (FLAIR or its successor), the Transaction Fee shall, when possible, be automatically deducted from payments to the Contractor. If automatic deduction is not possible, the Contractor shall pay the Transaction Fee pursuant to Rule 60A-1.031(2), F.A.C. By submission of these reports and corresponding payments, Contractor certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee.

Contractor shall receive a credit for any Transaction Fee paid by the Contractor for the purchase of any item(s) if such item(s) are returned to the Contractor through no fault, act, or omission of the Contractor. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the Contractor's failure to perform or comply with specifications or requirements of the agreement.

Failure to comply with these requirements shall constitute grounds for declaring the Contractor in default and recovering reprocurement costs from the Contractor in addition to all outstanding fees. **CONTRACTORS DELINQUENT IN PAYING TRANSACTION FEES MAY BE SUBJECT TO BEING REMOVED FROM THE DEPARTMENT OF MANAGEMENT SERVICES' VENDOR LIST AS PROVIDED IN RULE 60A-1.006, F.A.C.**

**4.15 Invoicing and Payment**

Invoices shall contain the Contract number, purchase order number if applicable, and the appropriate vendor identification number. The State may require any other information from the Contractor that the State deems necessary to verify any purchase order placed under the Contract.

At the State's option, Contractors may be required to invoice electronically pursuant to guidelines of the Department of Management Services. Current guidelines require that Contractor supply electronic invoices in lieu of paper-based invoices for those transactions processed through the system. Electronic invoices shall be submitted to the Customer through the Ariba Supplier Network (ASN) in one of the following mechanisms – EDI 810, cXML, or web-based invoice entry within the ASN.

Payment shall be made in accordance with sections 215.422 and 287.0585 of the Florida Statutes, which govern time limits for payment of invoices. Invoices that must be returned to a Contractor due to preparation errors will result in a delay in payment. Contractors may call (850) 413-7269 Monday through Friday to inquire about the status of payments by State Agencies. The Customer is responsible for all payments under the Contract. A Customer's failure to pay, or delay in payment, shall not constitute a breach of the Contract and shall not relieve the Contractor of its obligations to the Department or to other Customers.

**4.16 Taxes**

The State does not pay Federal excise or sales taxes on direct purchases of tangible personal property. The State will not pay for any personal property taxes levied on the Contractor or for any taxes levied on employees' wages. Any exceptions to this paragraph shall be explicitly noted by the Customer in the special contract conditions section of the solicitation or in the Contract or purchase order.

**4.17 Governmental Restrictions**

If the Contractor believes that any governmental restrictions have been imposed that require alteration of the material, quality, workmanship or performance of the products offered under the Contract, the Contractor shall immediately notify the Customer in writing, indicating the specific restriction. The Customer reserves the right and the complete discretion to accept any such alteration or to cancel the Contract at no further expense to the Customer.

**4.18 Lobbying and Integrity**

Customers shall ensure compliance with Section 11.062, FS and Section 216.347, FS.The Contractor shall not, in connection with this or any other agreement with the State, directly or indirectly (1) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any State officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the

benefit of, or at the direction or request of, any State officer or employee. For purposes of clause (2), "gratuity" means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. Upon request of the Customer's Inspector General, or other authorized State official, the Contractor shall provide any type of information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but shall not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor shall retain such records for the longer of (1) three years after the expiration of the Contract or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at: http://dlis.dos.state.fl.us/barm/genschedules/gensched.htm). The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs shall include, but shall not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for any costs of investigations that do not result in the Contractor's suspension or debarment.

**4.19 Indemnification**

The Contractor shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State and Customers, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Contractor, its agents, employees, partners, or subcontractors, provided, however, that the Contractor shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or a Customer.

Further, the Contractor shall fully indemnify, defend, and hold harmless the State and Customers from any suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right, provided, however, that the foregoing obligation shall not apply to a Customer's misuse or modification of Contractor's products or a Customer's operation or use of Contractor's products in a manner not contemplated by the Contract or the purchase order. If any product is the subject of an infringement suit, or in the Contractor's opinion is likely to become the subject of such a suit, the Contractor may at its sole expense procure for the Customer the right to continue using the product or to modify it to become non-infringing. If the Contractor is not reasonably able to modify or otherwise secure the Customer the right to continue using the product, the Contractor shall remove the product and refund the Customer the amounts paid in excess of a reasonable rental for past use. The customer shall not be liable for any royalties.

The Contractor's obligations under the preceding two paragraphs with respect to any legal action are contingent upon the State or Customer giving the Contractor (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at Contractor's sole expense, and (3) assistance in defending the action at Contractor's sole expense. The Contractor shall not be liable for any cost, expense, or compromise incurred or made by the State or Customer in any legal action without the Contractor's prior written consent, which shall not be unreasonably withheld.

**4.20 Limitation of Liability**

For all claims against the Contractor under any contract or purchase order, and regardless of the basis on which the claim is made, the Contractor's liability under a contract or purchase order for direct damages shall be limited to the greater of $100,000, the dollar amount of the contract or purchase order, or two times the charges rendered by the Contractor under the purchase order. This limitation shall not apply to claims arising under the Indemnity paragraph contain in this agreement.

Unless otherwise specifically enumerated in the Contract or in the purchase order, no party shall be liable to another for special, indirect, punitive, or consequential damages, including lost data or records (unless the contract or purchase order requires the Contractor to back-up data or records), even if the party has been advised that such damages are possible. No party shall be liable for lost profits, lost revenue, or lost institutional operating savings. The State and Customer may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them. The State may set off any liability or other obligation of the Contractor or its affiliates to the State against any payments due the Contractor under any contract with the State.

**4.21 Suspension of Work**

The Customer may in its sole discretion suspend any or all activities under the Contract or purchase order, at any time, when in the best interests of the State to do so. The Customer shall provide the Contractor written notice outlining the particulars of suspension. Examples of the reason for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, the Contractor shall comply with the notice and shall not accept any purchase orders. Within ninety days, or any longer period agreed to by the Contractor, the Customer shall either (1) issue a notice authorizing resumption of work, at which time activity shall resume, or (2) terminate the Contract or purchase order. Suspension of work shall not entitle the Contractor to any additional compensation.

**4.22 Termination for Convenience**

The Customer, by written notice to the Contractor, may terminate the Contract in whole or in part when the Customer determines in its sole discretion that it is in the State's interest to do so. The Contractor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the Contract, if any. The Contractor shall not be entitled to recover any cancellation charges or lost profits.

**4.23 Termination for Cause**

The Customer may terminate the Contract if the Contractor fails to (1) deliver the product within the time specified in the Contract or any extension, (2) maintain adequate progress, thus endangering performance of the Contract, (3) honor any term of the Contract, or (4) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences of default. The Contractor shall continue work on any work not terminated. Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from events completely beyond the control, and without the fault or negligence, of the Contractor. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted products were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Customer. The rights and remedies of the Customer in this clause are in addition to any other rights and remedies provided by law or under the Contract.

**4.24 Force Majeure, Notice of Delay, and No Damages for Delay**

The Contractor shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Contractor. In case of any delay the Contractor believes is excusable, the Contractor shall notify the Customer in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) days after the date the Contractor first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against the Customer. The Contractor shall not be entitled to an increase in the Contract price or payment of any kind from the Customer for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Contractor shall perform at no increased cost, unless the Customer determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State or to Customers, in which case the Customer may (1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to Customers with respect to products subjected to allocation, or (2) purchase from other sources (without recourse to and by the Contractor for the related costs and expenses) to replace all or part of the products that are the subject of the delay, which purchases may be deducted from the Contract quantity, or (3) terminate the Contract in whole or in part.

**4.25 Changes**
The Customer may unilaterally require, by written order, changes altering, adding to, or deducting from the Contract specifications, provided that such changes are within the general scope of the Contract. The Customer may make an equitable adjustment in the Contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the written consent of the Contractor, which shall not be unreasonably withheld. If unusual quantity requirements arise, the Customer may solicit separate bids to satisfy them.

**4.26 Renewal**
Upon mutual agreement, the Customer and the Contractor may renew the Contract, in whole or in part, for a period that may not exceed 3 years or the term of the contract, whichever period is longer. Any renewal shall specify the renewal price, as set forth in the solicitation response. The renewal must be in writing and signed by both parties, and is contingent upon satisfactory performance evaluations and subject to availability of funds.

**4.27 Purchase Order Duration**
Purchase orders issued pursuant to a state term or agency contract must be received by the Contractor no later than close of business on the last day of the contract's term to be considered timely. The Contractor is obliged to fill those orders in accordance with the contract's terms and conditions. Purchase orders received by the contractor after close of business on the last day of the state term or agency contract's term shall be considered void.

Purchase orders for a one-time delivery of commodities or performance of contractual services shall be valid through the performance by the Contractor, and all terms and conditions of the state term or agency contract shall apply to the single delivery/performance, and shall survive the termination of the Contract.

Contractors are required to accept purchase orders specifying delivery schedules exceeding the contracted schedule even when such extended delivery will occur after expiration of the state term or agency contract. For example, if a state term contract calls for delivery 30 days after receipt of order (ARO), and an order specifies delivery will occur both in excess of 30 days ARO and after expiration of the state term contract, the Contractor will accept the order. However, if the Contractor expressly and in writing notifies the ordering office within ten (10) calendar days of receipt of the purchase order that Contractor will not accept the extended delivery terms beyond the expiration of the state term contract, then the purchase order will either be amended in writing by the ordering entity within ten (10) calendar days of receipt of the contractor's notice to reflect the state term contract delivery schedule, or it shall be considered withdrawn.
The duration of purchase orders for recurring deliveries of commodities or performance of services shall not exceed the expiration of the state term or agency contract by more than twelve months. However, if an extended pricing plan offered in the state term or agency contract is selected by the ordering entity, the contract terms on pricing plans and renewals shall govern the maximum duration of purchase orders reflecting such pricing plans and renewals.

Timely purchase orders shall be valid through their specified term and performance by the Contractor, and all terms and conditions of the state term or agency contract shall apply to the recurring delivery/performance as provided herein, and shall survive the termination of the Contract.

Ordering offices shall not renew a purchase order issued pursuant to a state term or agency contract if the underlying contract expires prior to the effective date of the renewal.

**4.28 Advertising**
Subject to Chapter 119, Florida Statutes, the Contractor shall not publicly disseminate any information concerning the Contract without prior written approval from the Customer, including, but not limited to mentioning the Contract in a press release or other promotional material, identifying the Customer or the State as a reference, or otherwise linking the Contractor's name and either a description of the Contract or the name of the State or the Customer in any material published, either in print or electronically, to any entity that is not a party to Contract, except potential or actual authorized distributors, dealers, resellers, or service representative.

**4.29 Assignment**
The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Contract, or under any purchase order issued pursuant to the Contract, without the prior written consent of the Customer. In the event of any

assignment, the Contractor remains secondarily liable for performance of the contract, unless the Customer expressly waives such secondary liability. The Customer may assign the Contract with prior written notice to Contractor of its intent to do so.

**4.30 Antitrust Assignment**
The Contractor and the State of Florida recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the State of Florida. Therefore, the contractor hereby assigns to the State of Florida any and all claims for such overcharges as to goods, materials or services purchased in connection with the Contract.

**4.31 Dispute Resolution**
Any dispute concerning performance of the Contract shall be decided by the Customer's designated contract manager, who shall reduce the decision to writing and serve a copy on the Contractor. The decision shall be final and conclusive unless within twenty one (21) days from the date of receipt, the Contractor files with the Customer a petition for administrative hearing. The Customer's decision on the petition shall be final, subject to the Contractor's right to review pursuant to Chapter 120 of the Florida Statutes. Exhaustion of administrative remedies is an absolute condition precedent to the Contractor's ability to pursue any other form of dispute resolution; provided, however, that the parties may employ the alternative dispute resolution procedures outlined in Chapter 120.

Without limiting the foregoing, the exclusive venue of any legal or equitable action that arises out of or relates to the Contract shall be the appropriate state court in Leon County, Florida; in any such action, Florida law shall apply and the parties waive any right to jury trial.

**4.32 Employees, Subcontractors, and Agents**
All Contractor employees, subcontractors, or agents performing work under the Contract shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under the Contract must comply with all security and administrative requirements of the Customer and shall comply with all controlling laws and regulations relevant to the services they are providing under the Contract. The State may conduct, and the Contractor shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by the Contractor. The State may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with a Customer's security or other requirements. Such approval shall not relieve the Contractor of its obligation to perform all work in compliance with the Contract. The State may reject and bar from any facility for cause any of the Contractor's employees, subcontractors, or agents.

**4.33 Security and Confidentiality**
The Contractor shall comply fully with all security procedures of the United States, State of Florida and Customer in performance of the Contract. The Contractor shall not divulge to third parties any confidential information obtained by the Contractor or its agents, distributors, resellers, subcontractors, officers or employees in the course of performing Contract work, including, but not limited to, security procedures, business operations information, or commercial proprietary information in the possession of the State or Customer. The Contractor shall not be required to keep confidential information or material that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the State's or Customer's confidential information, or material that is otherwise obtainable under State law as a public record. To insure confidentiality, the Contractor shall take appropriate steps as to its personnel, agents, and subcontractors. The warranties of this paragraph shall survive the Contract.

**4.34 Contractor Employees, Subcontractors, and Other Agents**
The Customer and the State shall take all actions necessary to ensure that Contractor's employees, subcontractors and other agents are not employees of the State of Florida. Such actions include, but are not limited to, ensuring that Contractor's employees, subcontractors, and other agents receive benefits and necessary insurance (health, workers' compensations, and unemployment) from an employer other than the State of Florida.

**4.35 Insurance Requirements**
During the Contract term, the Contractor at its sole expense shall provide commercial insurance of such a type and with such terms and limits as may be reasonably associated with the Contract. Providing and maintaining adequate insurance coverage is

a material obligation of the Contractor. Upon request, the Contractor shall provide certificate of insurance. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers authorized or eligible to write policies in Florida.

**4.36 Warranty of Authority**
Each person signing the Contract warrants that he or she is duly authorized to do so and to bind the respective party to the Contract.

**4.37 Warranty of Ability to Perform**
The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Contract obligations. The Contractor warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to section 287.133 of the Florida Statutes, or on any similar list maintained by any other state or the federal government. The Contractor shall immediately notify the Customer in writing if its ability to perform is compromised in any manner during the term of the Contract.

**4.38 Notices**
All notices required under the Contract shall be delivered by certified mail, return receipt requested, by reputable air courier service, or by personal delivery to the agency designee identified in the original solicitation, or as otherwise identified by the Customer. Notices to the Contractor shall be delivered to the person who signs the Contract. Either designated recipient may notify the other, in writing, if someone else is designated to receive notice.

**4.39 Leases and Installment Purchases**
Prior approval of the Chief Financial Officer (as defined in Section 17.001, F.S.) is required for State agencies to enter into or to extend any lease or installment-purchase agreement in excess of the Category Two amount established by section 287.017 of the Florida Statutes.

**4.40 Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE)**
Section 946.515(2), F.S. requires the following statement to be included in the solicitation: "It is expressly understood and agreed that any articles which are the subject of, or required to carry out, the Contract shall be purchased from the corporation identified under Chapter 946 of the Florida Statutes (PRIDE) in the same manner and under the same procedures set forth in section 946.515(2) and (4) of the Florida Statutes; and for purposes of the Contract the person, firm, or other business entity carrying out the provisions of the Contract shall be deemed to be substituted for the agency insofar as dealings with such corporation are concerned." Additional information about PRIDE and the products it offers is available at http://www.pridefl.com.

**4.41 Products Available from the Blind or Other Handicapped**
Section 413.036(3), F.S. requires the following statement to be included in the solicitation: "It is expressly understood and agreed that any articles that are the subject of, or required to carry out, this contract shall be purchased from a nonprofit agency for the Blind or for the Severely Handicapped that is qualified pursuant to Chapter 413, Florida Statutes, in the same manner and under the same procedures set forth in section 413.036(1) and (2), Florida Statutes; and for purposes of this contract the person, firm, or other business entity carrying out the provisions of this contract shall be deemed to be substituted for the State agency insofar as dealings with such qualified nonprofit agency are concerned." Additional information about the designated nonprofit agency and the products it offers is available at http://www.respectofflorida.org.

**4.42 Modification of Terms**
The Contract contains all the terms and conditions agreed upon by the parties, which terms and conditions shall govern all transactions between the Customer and the Contractor. The Contract may only be modified or amended upon mutual written agreement of the Customer and the Contractor. No oral agreements or representations shall be valid or binding upon the Customer or the Contractor. No alteration or modification of the Contract terms, including substitution of product, shall be valid or binding against the Customer. The Contractor may not unilaterally modify the terms of the Contract by affixing additional terms to product upon delivery (e.g., attachment or inclusion of standard preprinted forms, product literature, "shrink wrap" terms accompanying or affixed to a product, whether written or electronic) or by incorporating such terms onto the Contractor's order or fiscal forms or other documents forwarded by the Contractor for payment. The Customer's

acceptance of product or processing of documentation on forms furnished by the Contractor for approval or payment shall not constitute acceptance of the proposed modification to terms and conditions.

**4.43 Cooperative Purchasing**

Pursuant to their own governing laws, and subject to the agreement of the Contractor, other entities may be permitted to make purchases at the terms and conditions contained herein. Non-Customer purchases are independent of the agreement between Customer and Contractor, and Customer shall not be a party to any transaction between the Contractor and any other purchaser.

State agencies wishing to make purchases from this agreement are required to follow the provisions of s. 287.042(16) (a), F.S. This statute requires the Department of Management Services to determine that the requestor's use of the contract is cost-effective and in the best interest of the State.

**4.44 Waiver**

The delay or failure by the Customer to exercise or enforce any of its rights under this Contract shall not constitute or be deemed a waiver of the Customer's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

**4.45 Annual Appropriations**

The State's performance and obligation to pay under this contract are contingent upon an annual appropriation by the Legislature.

**4.46 Execution in Counterparts**

The Contract may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

**4.47 Severability**

If a court deems any provision of the Contract void or unenforceable, that provision shall be enforced only to the extent that it is not in violation of law or is not otherwise unenforceable and all other provisions shall remain in full force and effect.

The Department reserves the right to require Respondents to submit samples of the proposed products before making a final determination of acceptability.

**5. 2 Exclusions**

The following items are specifically excluded and not within the scope of this Contract:

- Art work
- Decorative lamps and accessories

**5.3 Qualifications**

Only Responses submitted by product manufacturers will be considered for evaluation. Respondents must have the capability to provide products and services in accordance with the solicitation documents. Contract orders may be directed to a manufacturer's representative or to servicing dealers, but only those Responses signed and presented by the product manufacturer will be considered for contract award.

**5.4. Doing Business with the State – Other State Agencies Requirements**

Vendors doing business with the State of Florida are required to register in the MyFloridaMarketPlace (MFMP) system. In addition, to conduct business in Florida, a vendor must register/obtain licenses with particular state agencies such as the Department of State, Division of Corporations, the Department of Revenue, and the Department of Financial Services. To review these requirements, click on the following link:
http://dms.myflorida.com/business_operations/state_purchasing/myflorida_marketplace/mfmp_vendors/vendor_toolkit/doing_business_with_the_state_of_florida

**5.5 Ethical Business Practices**

Contractor shall work in partnership with the State to ensure a successful and valuable contract, and ethical practices are required of State employees, Contractors, and all parties representing the contractor. All work performed under this Contract will be subject to review by the Inspector General of the State of Florida, and any findings suggesting unethical business practices may be cause for default proceedings and/or contract termination. **Reference General Contract Conditions, PUR 1000, Lobbying and Integrity, Section 4.18 for additional requirements.**

**5.6 Sales Requirement**

Sales will be reviewed on a quarterly basis. Should **no** sales be recorded in two consecutive contract quarters, the Contractor may be placed in probationary status or may be subject to termination for convenience.

**5.7 Quarterly Contract Sales Summary Requirement**

The Contractor is required to provide Quarterly Contract Sales Summary reports to the Contract Manager. Reports shall include:

- Contractor's Name
- Reporting Period

- Total dollar value of purchases per quarter differentiating between Eligible User types, State Agencies and Political Subdivisions.
- Listing total dollar of Environmentally Preferred Products sales and contract sales through Certified Minority Business Enterprises.

Initiation and submission of the Contract Sales Summaries are to be the responsibility of the Contractor without prompting or notification by the Contract Manager. The Contractor will submit the completed Contract Sales Summary forms by email to the Contract Manager as stipulated. The Department shall distribute, in electronic format, the Contract Sales Summary forms to be used by the Contractor upon Contract Formation, Section 2.17.
The Department reserves the right to require Contractors to submit more detailed reports as necessary.
**Reference General Contract Conditions, PUR 1000, Transaction Fee, Section 4.14 for reporting requirements.**

**Failure to provide a quarterly report, including no sales, within thirty (30) calendar days following the end of each quarter may result in the default proceedings and/or termination of the Contract by the Department.**

### 5.8 Purchasing Card Program

The State of Florida and numerous Eligible Users have adopted and implemented various Purchasing Card programs using different universal card formats (e.g., American Express, MasterCard, and Visa). Accordingly, the Contractor and the Manufacturer's authorized Dealers must have the ability to accept universal card format Purchasing Cards, including American Express, MasterCard, and Visa, during the Contract term. Contractors and Manufacturer's authorized Dealers may receive payments from Eligible Users by universal card format Purchasing Cards in the same manner as other credit / debit card purchases. Universal card format Purchasing Cards (e.g., American Express, MasterCard, and Visa) acceptance is mandatory, but is not the exclusive method of payment (e.g., Purchase Order). The method of ordering and payment (e.g., Purchase Order, Purchasing Card) shall be selected by the Eligible User.

The Eligible User will not fill out any Contractor or Manufacturer's authorized Dealer forms or separate contracts in association with the Contractor or Manufacturer's authorized Dealer accepting a Purchasing Card payment. Contractors and Manufacturer's authorized Dealers are not allowed to charge a fee for accepting a Purchasing Card payment. Surcharges or convenience fees are prohibited. On-line billing or payment systems maintained by the Contractor, Manufacturer's authorized Dealer, or their respective agent will not store the card holder's name, account number, and expiration date for re-use. Card holders will provide the Contractor or Manufacturer's authorized Dealer, as applicable, with card account information at each Purchasing Card transaction.

### 5.9 Preferred Price Compliance

In accordance with Chapter 2010-151, Laws of Florida, Section 48(2), the Contractor is required to submit, at least once during each year of the Contract, an Affidavit from an authorized representative of the Contractor attesting that the Contract is in compliance with Section 4.4(b), Best Pricing Offer. Contractor's failure to comply with Section 4.4(b) may be grounds for terminating the Contract, at the Department's sole discretion. The Department shall distribute the Affidavit form to be used by the Contractor upon Contract Formation, Section 2.17.

### 5.10 Prices/Discounts

**All pricing shall duplicate GSA price lists and discounts for every item offered.**
Prices shall be submitted in the form of:

1.) A discount off manufacturer's current published price list **with the GSA-approved discount structure or better, in effect at the time of bid opening.** A copy of your GSA Contract verifying the price and discount offered must be submitted with the Response.

**AND**

2.) **The published GSA discounted price lists**, in effect at the time of bid opening.

Adjustments to address a difference between the GSA industrial Funding Fee and the MyFloridaMarketPlace Transaction Fee may be listed on the Price Sheet as a percentage of the total applicable charge, and shall not exceed the exact difference of the two fees (.25%).
**Reference General Conditions (PUR 1000), Section 4.14 Transaction Fee Reports for additional information.**

**Reference Special Instructions to Respondents, Price Sheet, Section 3.8.1.**
**Reference Special Conditions, Contract Revisions, Section 5.23 for price adjustments.**

**5.11 Balance-of-Line Price/Products**

Contractor may offer additional products, parts or items for series that have not been included on the Contractor's GSA Contract but expand additional offering and options to the State of Florida. Any Balance-of-Line series or products approved by GSA during the contract term must be submitted to the State for consideration or remove them from the Balance-of-Line category. Balance-of-Line items may be added or removed during the contract term and the process will not impact your GSA product offering on the state term contract.

Pricing submitted for Balance-of-Line items shall be within 5% of the discount offered for similar items already on the current contract. The request to increase prices for Balance-of-Line must meet the criteria for an Equitable Adjustment. The only price increases considered outside of GSA modifications (for approved products) are Equitable Adjustments.
For more details on the Equitable Adjustment process, please reference (General Conditions (PUR 1000) Section 4. Price Changes Applicable only to Term Contracts, paragraph (e) Equitable Adjustments: http://dms.myflorida.com/business_operations/state_purchasing/vendor_information/state_contracts_agreements_and_price_lists/state_term_contracts/furniture_office_and_files.

The Department reserves the right to accept or reject any balance of line items submitted for the Contract. This provision is not intended to allow an abundance of non-GSA approved items on the Contract. The majority of items approved on this Contract for any Contractor should be GSA approved items.

**5.12 Fill-In Pricing**

The Contractor must honor "fill-in" orders at the same pricing and discount for 90 days after substantial completion of a single job, delivered to a single location.

**5.13 Addition/Deletion of Vendors and Products Offered**

The Department reserves the right to add or delete products, and delete vendors, within 180 days after such action by GSA, as published in the Federal Supply Schedule and all "Supplements".

**5.14 Quantity Discounts**

Contractor is encouraged to offer additional discounts for one time delivery of large single orders of any assortment of items.

**5.15 Delays & Complaints**

Delivery delays and service complaints will be monitored on a continual basis. Documented inability to perform under the conditions of the Contract (via the established Complaint to Vendor process (PUR 7017)) may result in default proceedings and/or contract termination.

**5.16 Compliance with Laws**

The Contractor shall comply with all laws, rules, codes, ordinances, and licensing requirements that are applicable to the conduct of its business, including those of federal, State, and local agencies having jurisdiction and authority. By way of non-exhaustive example, Chapter 287 of the Florida Statutes and Chapter 60A-1 of the Florida Administrative Code govern the Contract. By way of further non-exhaustive example, the Contractor shall comply with section 247A(e) of the Immigration and Nationalization Act, the Americans with Disabilities Act, and all prohibitions against discrimination on the basis of race, religion, sex, creed, national origin, handicap, marital status, or veteran's status. Violation of such laws shall be grounds for contract termination.

**5.17 Conformance to Codes**

The installing dealer shall be responsible for verifying furniture space plan/configuration fits the given space and all aisles and openings and doors meet the local fire and safety codes and are in conformance with ADA regulations. Also, upon the request of the Department or Customer, the Contractor shall be responsible for providing written verification of their product's conformance to current fire and flammability codes, as regulated by the State of Florida.

**5.18 Delivery Requirements**
**The delivery requirements below are specific to this contract. Reference General Contract Conditions, PUR 1000, paragraph 4.11 for additional information.**

Delivery and shipping costs shall mirror charges as approved by GSA. All charges for freight, delivery, and installation shall be noted on the Price Sheet(s), Section 6.1. The Department reserves the right to reject any additional charges.

Delivery of all contract items (with the exception of special finish, custom fabric, or customized orders) is required within 90 days from receipt of purchase order containing complete ordering information (contract number, commodity number, item description, manufacturer's model number and street delivery address (not Post Office Box)). **It is highly recommended that the Agency confirm receipt of the Purchase Order with the manufacturer and servicing dealer. If orders are sent directly to the manufacturer, the servicing dealer may not always be aware of pending orders and the time frame.** Any known factors (including vacation period, factory inventory, etc.) that may disrupt this delivery schedule must be clearly presented to the Customer along with the specific information on how orders will be processed during such periods. Delay in delivery beyond the time specified must be justified to the ordering agency, in writing, and if required, the Contractor shall provide temporary furniture on a rent-free basis. Furthermore, items not delivered within the required delivery schedule may result in the Contractor being found in default by the Department in accordance with contract conditions.

**5.19 Delivery/Installation Recommendations for Steel Files**
The stability of steel files is assured if they are properly installed and loaded, therefore **THE STATE OF FLORIDA HIGHLY RECOMMENDS** users to consider purchasing steel files **"DELIVERED AND INSTALLED"** from the approved manufacturer.

If steel files are ordered "Drop-ship" or "Delivered Not Installed"; it is highly recommended that the user note on the order to the Contractor or servicing dealer that a delivery carrier must be equipped with a way to remove the files from the truck (see "Drop-ship" or "Delivered Not Installed" under Section 3.1 Delivery Methods – Definitions of Terms).

Follow the instructions that are shipped with the files to ensure that they are properly installed to provide safe performance. Instructions should include information about leveling files and ganging files together. Counterbalance for lateral file units is recommended unless cabinets are ganged from most manufacturers. There may be an additional charge for counterbalance.

**5.20 Installation Costs/Reconfiguration**
Installation charges shall be listed as a per-item fee, percentage of price fee, or negotiable on the price sheets. Installing agent shall be responsible for receipt, inspection, and assembly of items at the location listed on the purchase order. The installation charges shall also apply to any required reconfiguration of systems furniture during the term of the contract.

**5.21 Space Planning/Design Fees**
Space planning fees for systems and modular furniture shall be listed as an hourly fee, percentage of price fee or negotiable per project on the price sheet. Customer shall approve space planning or design fees in writing prior to any services being performed by the Contractor or servicing dealer.

**5.22 Change Orders**
Issuance of a purchase order under a contract resulting from this Response is a binding agreement. Purchasers should carefully check the accuracy of the order. Change orders or revisions are thereafter subject to the following:

- All requests for changes must be submitted in written form or entered in the Ariba System (per format of the purchase order). Changes in the number of units (additions or deletions), commodity number, description, features of colors can only be made subject to the approval of the Contractor.
- Changes or revisions in the method of delivery or the designated delivery destination can only be made subject to the approval of the Contractor.
- Multiple delivery points must be clearly indicated on the purchase order. When multiple delivery locations are required, enter "See Below" in the "Ship To" box on the purchase order. List delivery locations and

instructions in the body of the purchase order, as well as the commodity number and quantity for each location.

- Orders may be cancelled ONLY by obtaining approval from the Contractor, and may be subject to a 25% (or greater) re-stocking fee, plus freight charges. Most furniture orders are considered custom and cannot be cancelled or returned.

**5.23 Contract Revisions**

Revisions to the contract are allowed during the term of the contract. Any revisions to the originally approved contract information **must** be authorized in writing by the Department prior to implementation. A contract revision authorization form will be sent to awarded Contractors and must be submitted with any request to revise pricing and/or terms,ordering instructions, or servicing dealer listing. Any **GSA revision of pricing and products shall** be submitted to the Department with the Department reserving the right to accept or reject within 30 days, or cancel the Contract. **Any increase shall not become effective until approved by the Department.** The Department reserves the right to reject items offered whose discounts are less favorable than those offered to other entities in the State (i.e., city or county contracts), and reject items that do not offer the best value to the State.

**PRICE OR PRODUCTS CHANGES**

New or revised price lists or additional/deleted products may be considered for addition/deletion to the contract after GSA approval. All requests must include the following:

1. Contract Revision/Authorization Form (may submit one form for all requests).
2. Revised Price Sheet Form. Any line item not completed, example -installation or space planning fees, we assume no charges are incurred for Customers.
3. Copy of the Federal GSA Modification approving any price changes or adjustments, add/deletion of products – in its entirety. All pages, attachments and letters referenced in the modification must be included in your request.
4. Current manufacturer published price list/book consistent with GSA Contract referenced in the GSA modification- compact disc format (CD). Cover page, terms and conditions, table of contents must be included to confirm pricing.
5. Manufacturer's current Federal GSA Catalog (if it's applicable and you are submitting a new GSA Contract during this contract) - compact disc format (CD). Cover page, terms and, table of contents must be included to document GSA discount and tiers.
6. Literature of product or series requested for addition.

**SERVICING DEALER CHANGES**

Addition or deletions of servicing dealers may be requested at any time during the Contract. All requests must include the following:

1. Contract Revision/Authorization Form (may submit one form for all requests).
2. Letter or email information from the manufacturer requesting addition/deletion of the dealer(s).
3. Updated Distributor Template – if they will be receiving orders on behalf of the manufacturer in MyFloridaMarketPlace (MFMP). See Authorized Dealers and Manufacturer Representative Form for additional information. (Section 7.2)

**ORDERING INSTRUCTION CHANGES**

Changes to the Ordering Instructions may be requested at any time during the contract effective dates. All requests must include the following:

1. Contract Revision/Authorization Form (may submit one form for all requests).
2. Letter or email information from the manufacturer clarifying the requested change - if needed.
3. Revised Ordering Instructions Form

**5.24 Dedicated State Term Contract Website Requirement**

The contract resulting from this ITB will become a public document. The Department is using the Florida Communities Network (FCN) on the Internet World Wide Web (WWW) to distribute contract and product information to users of State Term Contracts outside of MyFloridaMarketPlace (MFMP).

The Department shall link the Contractor's web page and Price Sheet (Section 6.1) to the contract site: http://dms.myflorida.com. Approved revised Price Sheet(s) from the Contractor will be sent to the Contract Manager in Microsoft Word version for posting to the contract site.

Contractors shall develop and maintain a State Contract Web Page on the Internet WWW to post approved contract information to enable access to and ordering of Customers' specific items. The Contractor's web page will be linked from the State Contract website and dedicated to the State of Florida Contract. Contractors are responsible for maintaining the contract information below through their State Contract Web Page for the life of the contract.

Each Contractor's State Contract Web Page must include the following information:

- Ordering Instructions
- Authorized Servicing Dealers & Manufacturer Representative
- Commercial Price Book or GSA Price Book, PDF or HTML
- Environmental Requirements
- Recycled Content Requirement
- Additional links may be included to access additional product literature, the Contractor's home page, or any other pertinent information.

Any revisions to the originally approved contract information **must** be authorized in writing by the Department prior to implementation. If unauthorized information is discovered within the site, the contract link may be immediately suspended until the information is appropriately revised, or until the contract is terminated. **Except in the event of unforeseen technological interruptions or forces of nature, continued disruption of service or inadequate access may be grounds for default proceedings and/or contract termination.**
**Final award is contingent on completion of submitted Universal Resource Locator (URL) for the State Term Contract Web Page. See Event Timeline.**

**5.25 MyFloridaMarketPlace (MFMP) Electronic Catalog Requirement**.
The MyFloridaMarketPlace ("MFMP") third-party service provider is responsible for converting Contract catalog information into a format supported by the system. To accomplish this conversion, the Contractor, if requested, shall provide certain information in electronic format directly to the service provider (Note: This format is generally Microsoft Excel™.).

Within ten (10) business days of written notice from the MFMP service provider, Contractor shall provide all information necessary to facilitate electronic purchases from this Contract. Such information may include, but is not limited to, Contractor Name, Manufacturer / Brand Name, SKU, Commodity Description, unit of measure. Contractor shall provide this information in the format required by the MFMP service provider. No costs or expenses associated with providing this information shall be charged to the State, Department, Eligible Users, or MFMP service provider. With the Contractor's timely assistance, the MFMP service provider shall create and maintain web-based placement of the requested Contract information.

**Final award is contingent on completion of and submittal of MyFloridaMarketPlace electronic catalog. See Event Timeline.**

**5.26 Requirements of Contractors**

- Printed paper copies of this contract will not be automatically distributed to contractors or users. Contractors can view their current contract through the State Purchasing website at http://purchasing.state.fl.us.
- Color brochures and fabric/finish cards must be provided to all users upon request.
- All price lists and literature will be provided at no charge to the Department or Customers.
- The Department shall review and approve all literature, price lists, and promotional materials before distribution to agencies and political subdivisions.

Failure to comply with these requirements may result in default proceedings and/or contract termination.

**5.27 Authorized Servicing Dealers and Manufacturer Representative**

Contractors are required to name at least a minimum of two (2) different servicing dealers for the State of Florida. **Contractors are encouraged to use certified Minority Business Enterprise dealers.** It is the Contractor's responsibility to insure that all customers will be given equal representation and service with the approved dealers. Each dealer named will be responsible for delivery and installation of products, as well as providing needed assistance to Eligible Users, as defined in Special Instructions, Eligible Users, Section 3.1. All servicing dealers participating in this contract are required to register in MyFloridaMarketPlace if they will be receiving orders on behalf of the manufacturer.

**5.28 Intellectual Property**

The parties do not anticipate that any Intellectual Property will be developed or created as a result of the Contract. However, in such case as it is developed or created, any Intellectual Property developed or created as a result of the Contract will belong to and be the sole property of the State of Florida. This provision will survive the termination or expiration of the Contract.

**5.29 Warranty**

All equipment including material used therein shall be warranted by the Contractor against mechanical, electrical, and workmanship defects. In the event defects become evident within the warranty period, the Contractor shall either repair or replace the defective parts and materials at no additional cost to the Customer. The Contractor shall be liable to the Customer for supply of information and material necessary for mandatory revisions determined by the manufacturer at no additional cost to the Customer for the duration of the warranty period. The duration of this full parts warranty period shall be at least 5 years (except for fabric and pneumatic cylinders, which shall be warranted for a minimum of 1 year), or the manufacturer's standard warranty period, whichever is longer. The warranty period shall start with the date of equipment acceptance and shall be extended to include times during which the equipment is out of service for warranty repair. The warranty shall apply to all equipment provided under this contract.

**5.30 Insurance, Worker's Compensation**

The Contractor shall take out and maintain during the life of this agreement, Worker's Compensation Insurance for all of his employees connected with the work of this project and, in case any work is sublet, the Contractor shall require the subcontractor similarly to provide Worker's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Such insurance shall comply fully with the Florida Worker's Compensation law. In case any class of employees engaged in hazardous work under this contract at the site of the project is not protected under the Workmen's Compensation statute, the Contractor shall provide, and cause each sub-contractor to provide, adequate insurance, satisfactory to the Customer, for the protection of his employees not otherwise protected.

INSURANCE, CONTRACTOR'S PUBLIC LIABILITY AND PROPERTY DAMAGE

The Contractor shall take out and maintain during the life of this agreement COMPREHENSIVE GENERAL LIABILITY AND COMPREHENSIVE AUTOMOBILE LIABILITY INSURANCE as shall protect him from claims for damage for personal injury, including accidental death, as well as claims for property damages which may arise from operating under this agreement whether such operations are by himself or by anyone directly or indirectly employed by him, and the amount of such insurance shall be the minimum limits as follows:

| | |
|---|---|
| A. CONTRACTOR'S COMPREHENSIVE GENERAL LIABILITY COVERAGES, BODILY INJURY & PROPERTY DAMAGE | $300,000.00 Each Occurrence, Combined Single Limit |
| B. AUTOMOBILE LIABILITY COVERAGES, BODILY INJURY & PROPERTY DAMAGE | $100,000.00 Each Occurrence, Combined Single Limit |

Insuring clause for both BODILY INJURY and PROPERTY DAMAGE shall be amended to provide coverage on an OCCURRENCE BASIS

# Certification of Drug-Free Workplace: Section 7.3

Section 287.087 of the Florida Statutes provides that, where identical tie bids are received, preference shall be given to a bid received from a bidder that certifies it has implemented a drug-free workforce program. Please sign below and return this form to certify that your business has a drug-free workplace program.

1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs and the penalties that may be imposed upon employees for drug abuse violations.

3) Give each employee engaged in providing the commodities or contractual services that are under Bid a copy of the statement specified in Subsection (1).

4) In the statement specified in Subsection (1), notify the employees, as a condition of working on the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after such conviction.

5) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by any employee who is so convicted.

6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements. False statements are punishable at law.

|---|---|
| Question No. 1 | Due to restructuring within our company, our current GSA contract is scheduled to expire this year. However, our parent company intends to secure a new GSA contract under the parent company's name and FID #. If awarded a contract with the State of Florida, are we able to transfer the Florida contract to the new GSA contract awarded to our parent company at the prices on the new GSA contract? |
| Answer No.1. | Awarded Contractors may request revisions at any time during the contract term in accordance with Prices/Discount, Section 5.10, Addition/Deletion of Vendors and Products Offered, Section 5.13 and Contract Revisions, Section 5.23. |
| Question No. 2 | Can a vendor/manufacturer be included on 2 contracts? Example: if a vendor has an E&I contract which does not include conferencing and desk, will this vendor be able to submit those products on this contract? Thanks |
| Answer No. 2 | Yes, a vendor can be included on two contracts; however, the products must not be in conflict. Please reference Basis for Award, Section 3.15 and Eligible Products, Section 5.1. |
| Question No. 3 | Good afternoon, I would like to respond to this bid, however, I do not see anywhere in this package an itemized list indicating product, descriptions and quanitities. Will there be a separate addendum? |
| Answer No. 3 | No. The contract resulting from this solicitation is a state term contract and will be used for many projects throughout the state. Specific project requirements will be provided by contract customers, per project. Please reference Introduction, Section 1.1. |
| Question No. 4 | I notice that only Manufacturers who hold a GSA Contract can submit a bid. Does the GSA Contract held at the time of submitting a bid have to remain in effect for the entire term of the Florida Contract? |
| Answer No. 4 | Awarded Contractors may request price and product changes at any time during the contract term in accordance with Prices/Discount, Section 5.10, Addition/Deletion of Vendors and Products Offered, Section 5.13 and Contract Revisions, Section 5.23. |

Question No. 5 I am requesting that the deadline for questions be extended. This bid was issued just before Christmas break and many of the manufacturers I represent are just getting back as they

were closed the last two weeks. Another few days to a week would be helpful to be sure we have reviewed and asked all relevant questions.

Answer No. 5 The Event Timeline is comparable to previous solicitations for this commodity. The Department does not intend to amend the timeline.

Question No.6 As a continuation of my question on GSA Pricing- our current GSA catalog is out of date (and) has several line items that are obselete. The new GSA catalog has several new line items - we would like to submit the new price list as the basis for our bid, even though it has not been approved by GSA yet (should be within a month). Can we do that?

Answer No. 6 The Basis for Award, Section 3.15, specifies products currently available on GSA Schedule. Awarded Contractors may request price and product changes at any time during the contract term in accordance with Prices/Discount, Section 5.10, Addition/Deletion of Vendors and Products Offered, Section 5.13 and Contract Revisions, Section 5.23.

Question No. 7 Can you please clarify what "Series Bid" means (on Section 6.1 Price Sheet). We sell Console furniture and millwork but have several types of consoles. Are each of our console products considered a different series? Is Millwork a different series?

Answer No. 7 "Series Bid" means the name and/or number your company assigns or refers to a group of products to identify the products.

Question No. 8 (Company name removed) recently submitted a request for a price change to our GSA catalog. I expect this to be accepted by GSA in the next month. Can I use this new GSA pricing as the basis for our bid? Our current GSA price is based off our old Price catalog, not the current one.

Answer No. 8 Please refer to Answer No. 6.

Question No. 9 RE; "Copy of GSA Contract"; Are you wanting the award pages and mods or are you wanting the entire solicitation offer award and mods which runs over 400 pages?

Answer No. 9 Reference Section 3.8 Submittal of Bid. We need the specific pages which detail the Respondent's GSA award that confirm manufacturer name, contract number, effective dates, and pricing discounts.

Question No.10 The ITB has a Responses Due date of January 24, 2011 (2:00 pm ET), but the online timer indicates only 6 days left. Which is correct.

Answer No.10 The solicitation was in Preview Status at the time of this question. The timer would have shown how many days were remaining in the Preview phase. Responses are due January 24, 2011, 2:00 PM ET.

Question No. 11 I need your advice on how or if I should bid for the contract. We are (Company Name) the Florida distributor for Ergonomic Office Chairs. We sell quite a few 24/7 chairs to 911 and power companies in Florida. Ergonomic Office Chairs has the Ironhorse line of chairs under a GSA contract. Normally when I sell to GSA in my territory, the transaction has to go through Ergonomic Office Chairs and then I am the direct contact for the GSA customer if a warranty issue arises. The pricing is all the same in my territory under the GSA pricing. My

question is can I bid on the Florida contract? All the pricing will be the same whether you purchase from me or direct through Ergonomic Office Chairs. I would appreciate your input. Thank you very much and have a good day.

Answer No.11 Please reference Who May Respond, Section 3.4.

Question No.12 Can you tell me where the Prepare Response button is located? It is not at the top of the page, thank you very much.

Answer No.12 Please refer to Answer #10.

Question No.13 Good morning, Are all manufacturers eligible that meet the GSA and state specs?

Answer No.13 Please reference Who May Respond, Section 3.4 and Basis for Award, Section 3.15.

Question No.14 Good morning, Will you need a seperate product list for each manufacturer?

Answer No.14 Yes. Please reference Submittal of Response, Section 3.8.

Question No.15 Good morning, In order to give you pricing I will need more specs on the product list form. There are no specifications about size, finish or needs. Will you publish a spec sheet?

Answer No.15 No. Please refer to Answer #3.

Question No.16 Section 4.11 Transportation and Delivery - Will the order acknowledgement with the actual ship date be satisfactory to comply with potentional delivery delays beyond the 30 day requirement notification?

Answer No.16 Section 5.18 Delivery Requirements takes precedence over Section 4.11. Section 5.18 specifies 90 days delivery for furniture. Delays must be clearly presented to the Customer and justified to the ordering agency in writing. If a delay is noted on the Order acknowledgement, it is the responsibility of the manufacturer or servicing dealer to notify this delay to the Customer and obtain acceptance.

Question No.17 Section 4.4 (d) Trade-In. Please confirm that the term equipment is strictly meaning things like copiers and fax machines, etc. Not, furniture.

Answer No.17 Trade-In, Section 4.4, paragraph (d) is not applicable for furniture. Please reference Order of Precedence, Section 3.7.

Question No.18 5.10 prices/Discounts: (Company name removed) is a State of Florida corporation. We manufacture and install Full Height Demountable wall systems. We do not have a GSA price list with discount. We have a Miami-Dade County contact for materials, labor and freight included with a discount schedule. Can we provide this contract in lieu of the GSA pricing under 287.042 (16) (a), F.S.?

Answer No.18 Please reference Section 3.4, Who May Respond. Responses are requested from manufacturers holding current Federal (GSA) Contracts for products offered on this contract. Section 287.042(16), F.S., references an alternate contract source approval process. This process is separate from this competitive process outlined in Section 287.057

(1) (a), F.S.

Question No.19 Even though our current contract was just extended through March 2012 we should still participate in this bid?

Answer No.19 Yes. The current state term contract for Office Furniture and Files has been renewed through March 1, 2012, and will be in effect until a new contract has been implemented.

**City Commission Regular Meeting** **11. b.**

**Meeting Date:** 07/20/2020

**Re:** Case #18-1524 - 1005 Ohio Avenue - Lisa M. Chase Pacheco

**Submitted For:** Shaun Coss, Building Dept. Coordinator, Building

**SUBJECT:**

Approve request to reduce the Building Department lien in the amount of $23,340.00 against 1005 Ohio Avenue., Fort Pierce, FL 34950 - Parcel ID Number: 2415-703-0102-000-3 owned by Lisa M. Chase Pacheco, of the same address, to $672.74 payable in 60 days.

**SUMMARY:**

The request for reduction is made by Ms. Lisa M. Chase Pacheco, owner of the property. She hired a contractor to replace her AC and the contractor applied for the permit but it was not issued. After receiving the violation letter, she tried to contact the contractor, by phone and certified letter, but was unable to make contact. The case eventually went before the Special Magistrate, and after some time the owner obtained the permit and the necessary inspection. At the Massey Hearing before the Special Magistrate, she agreed to staff's recommended reduction to $672.74 payable in 60 days.

**RECOMMENDATION:**

The Special Magistrate, having heard the request of the owner and testimony from staff, recommends reducing the lien to $672.74 payable in 60 days. If not paid within the 60 days, the lien will revert to the original amount of $23,340.00.

| | |
|---|---|
| Hard Costs (postage / filing fees / photos) | $ 47.74 |
| Case Processing Fees (months open / inspections) | $225.00 |
| Special Magistrate Hearing Costs | $150.00 |
| City Commission Hearing (7/20/20) | $250.00 |

**ALTERNATIVES:**

Deny Request.
Make alternative arrangements.

## REQUEST FOR REDUCTION OF PENALTY FOR BUILDING VIOLATIONS

By completing this form, you are making statements under oath. Failure to be truthful is a violation of Fort Pierce City Code and Florida Statutes pertaining to perjury, which is a felony punishable by up to fifteen (15) years imprisonment.

INSTRUCTIONS:

1. Please fill in blanks completely.
2. Be specific when writing your statement. Use additional pages if necessary.
3. If you are claiming medical or financial hardship, attach supporting documentation (i.e. doctor's statement or proof of income).
4. Complete the appropriate application for lien reduction / rescindment.
5. For lot clearing or demolition liens, contact Kathy D'Arton in the Finance Department (772-467-3076) for cost / fees breakdown.
6. For code enforcement liens (those imposed by a Special Magistrate or Code Enforcement Board), contact Colleen Greer (772-467-3149) for cost / fees breakdown.
7. For building violation liens (those imposed by a Special Magistrate or Code Enforcement Board), contact Elizabeth Beck (772-467-3718) for cost / fees breakdown.
8. If you do not have access to a Notary Public, one will be provided to you by the Department at no charge. All forms must be signed in the presence of the Notary to be valid.
9. Return this form, the application and any other pertinent documentation to the Building Department.
10. Requests for Reduction / Rescindment of building violation liens are governed by Rule 17 of the City's Rules & Regulation for Code Enforcement Board and Special Magistrate.

Property Address: 1005 Ohio Ave

Property Owner: Lisa Pacheco

Mailing Address: 1005 Ohio Ave Fort Pierce, FL 34950

E-Mail Address: LCHASE14@yahoo.com

Is the property in compliance? Yes If not, please explain in the narrative of your request.

Rule 17: Requests for Reduction of Liens.

A. A respondent may request a reduction of a lien otherwise imposed by the City to the Department, after the original violation is in compliance and the Department has issued an affidavit of compliance. No such request shall be made until after the date originally set for compliance has passed and the property is already under penalty. Any request for reduction of lien shall be made in writing to the Department and shall state reasons why a reduction of the Lien should be considered. The request should include a description of any supporting documentation which should be considered in furtherance of such request.

B. If any of the following conditions are met, the Department has the authority to process a lien reduction request and issue a Release of Lien:

(1) The amount of settlement for a property zoned residential with less than four (4) dwelling units is $5000 or more and is payable in less than 30 days.

(2) The amount of the settlement for a property either zoned residential with four (4) or more dwelling units, zoned commercial or zoned industrial is $10,000 or more and is payable in less than 30 days.

(3) The settlement is based upon the receipt of excess tax sale proceeds that have been received by the City and respectively cover the administrative costs incurred.

The Department shall forward the request to the Special Magistrate or Code Enforcement Board if additional review is required, if a hearing is specifically requested or in the best interest of the City. The Department and Requestor may enter into an agreement to settle the Lien reduction. Any written agreement between the requesting party and the Department to settle the lien reduction shall constitute a waiver of hearing by the Special Magistrate or Code Board by both parties.

C. If the request does not meet the criteria outlined in Section (b), the Department has determined the request requires additional review, or the requesting party chooses to not waive his or her right to a hearing, the Department shall schedule a hearing on the request before the Special Magistrate or Board, with notice to the respondent. After hearing both sides, the Special Magistrate shall make a determination, or the Board shall adopt a motion, that the request for reduction of the lien be denied, granted, or granted with conditions. The determination will be based upon evidence, upon consideration of the following criteria:

(1) The gravity or seriousness of the violation;

(2) Any and all actions taken by the violator to correct the violations or, if the violation was not corrected by the original violator, what action was taken

by any other owner or party in interest to bring the property into compliance;

(3) The length of time necessary to bring the property into compliance;

(4) The number of times the violator was previously found in violation by either the Code Enforcement Board, Special Magistrate, or other quasi-judicial or judicial process, or otherwise admitted guilt in any such proceeding;

(5) The number of violation notices the violator has received in the past as well as their nature and the final disposition of each such notice;

(6) Whether or to what extent there are extenuating factors preventing timely compliance, such as unavoidable personal hardship.

(7) Whether or to what extent there are pending violation proceedings on the subject property or any other property within the City owned by the respondent.

D. If the Special Magistrate only determines that the request for reduction be approved and the following conditions are met, they may order the Department, once payment is received and any other conditions are met, to issue a Release of Lien:

(1) The amount of settlement for a property zoned residential with less than four (4) dwelling units is $3,000 or more and is payable in less than 6 months.

(2) The amount of the settlement for a property either zoned residential with four (4) or more dwelling units, zoned commercial or zoned industrial is $7,500 or more and is payable in less than 6 months.

The Special Magistrate or Code Enforcement Board may, at its discretion, forward the request to the Commission if they feel additional review is required or in the best interest of the City.

E. If the Special Magistrate or the Board determines that the request for reduction be approved but the request does not meet the criteria outlined in Section (d), the determination is to deny the request, or additional review is required, they shall forward their recommendation to the City Commission for a final determination.

F. Any recommendation for waiver or reduction may include further recommendation that the reduction be conditioned upon payment of the reduced amount within a specified period of time. Failure to pay the reduced amount within that time period will result in the lien reverting to the original amount.

G. There shall be established an administrative fee of $250.00 for any requests for mitigation of a code enforcement lien that must be heard by the City Commission. Such fee may be imposed after consideration by the City

I, Lisa Pacheco, do hereby submit this Petition in request for a reduction in the total amount of the penalty imposed and in support offer the following statement:

Im writing this to outline my position regarding the correspondance I have recieved from your office in connection with the permit for the Air Conditioning unit and why I feel everything has been out of my control. Back in Sept 2017 I decieded to upgrade my air conditioning unit. After considerable research I hired Mike Mazzilli of So Low Air Conditioning and Heating Inc. to carry out the nessisary work, Which I paid in full and assumed that he had done everything correctly and by the book. It wasnt untill I recieved your letter dated May 24th 2018 that it came to my attention

that a new permit had not been attained. So I called and spoke with Shaun Coss and told him what happed, he told me to try and get a hold of Mike Mazzilli through letter which I did through social Media as well and never heard back from Mike Mazzilli. Once again I though all was taken care of (I didn't realize it was mine and not Mikes problem being that it was in our contract that he was responsible for the permit) Until I got a letter in January 2019 that I had to go to Court. So I went to City Hall and spoke to Shaun Coss and told him everything and he kindly informed me exactly what I had to do and explained everything So I could understand it and basicly said I had to pay a fine and get a permit but he said he'd give me either 60 or 90 days to get the money. So in March I returned to pay the fine and no one could

any paper work and had ~~the~~ said that codes had changed and that they were sorry that they would call me when they found the paperwork when I returned from my cruise

And yet again it wasn't until I received a letter dated December 2019 stating I owed $17,000 So again I went to city hall to straighten everything out where finally I obtained a permit, had the inspector come and get my permit

I have always tried to do the right thing and I feel I shouldn't have to pay any fines. My only wrong doing is being nieve on how the System works and trusting in it.

I can go into much more detail if I have to. I've learned alot and I'm much more knowledgable as a new homeowner in Florida. I feel I've always ~~tried~~ tried to do the ~~right~~ right thing

And I should not be penalized for other peoples negligents.

Thank you,
Sincerly Lisa Pacheco

**Meeting Date:** 07/20/2020

**Re:** Conditional Use - Dreamchaser Preschool - 505 N. 7th Street

**Submitted For:** Jennifer Hofmeister, Planning Director, Planning & Zoning

---

**SUBJECT:**

Quasi-Judicial Hearing - Review and Approval of an application for Conditional Use with no new construction submitted by property owner and applicant, Dreamchaser Preschool, LLC, to operate a 7,126 square foot preschool at 505 N. 7th Street. The property is zoned Medium Density Residential Zone (R-4), Parcel ID: 2410-601-0134-000-8.

**SUMMARY:**

- The applicant is requesting the review and approval of a Conditional Use with No New Construction to construct to allow for a preschool facility. The applicant is seeking to operate the preschool in an existing 7,126 sq. ft. structure.
- **The subject property was declared surplus by Resolution No. 16-R38 in August of 2016. The property was marketed previously and the last proposal offering of $50,000 was rejected by the City Commission in April of 2017. Staff placed a new RFP and two proposals were offered. A selection team comprised of Purchasing, Public Works, and Grants Administration reviewed the proposals and after careful review and consideration, recommended the sale be awarded to Maloma Peterkin of Dreamchaser Preschool, in the amount of $75,000 for the purpose of a preschool program. On November 19, 2018 the City Commission approved Resolution No. 18-R57 authorizing the sale of 505 7th Street to Maloma Peterkin of Dreamchaser Preschool, in the amount of $75,000 for the purpose of a preschool program. All supporting documents for Resolution N0. 18-R57 are attached.**

**RECOMMENDATION:**

The proposed use offers a provision of Daycare Centers and Childcare Facilities (Preschools) representing a limited commercial use that is compatible with the surrounding neighborhood and is generally consistent with the City's Comprehensive Plan and Land Development Code with appropriate restrictions. Therefore, Staff recommends **APPROVAL** with the following condition:

1. Pursuant to City Code Section 22-62(b)(4) Sidewalks. In order to provide continual access for pedestrians, sidewalks and sidewalk linkages shall be required to be provided by the property owner or permit applicant, when plans are submitted for condition use applications or pay a payment into the city sidewalk fund pursuant to City Code Section 22-62(g). **Please install a sidewalk along Avenue E and Cedar Place connecting to the N. 7th Street existing sidewalk or please submit payment in-lieu to the City of Fort Pierce within ninety (90) days of Conditional Use Approval.**

Dreamchaser Preschool, LLC

**Company Overview**

Dreamchaser Preschool LLC, is a Florida limited liability company was incorporated September 10, 2015. Company was previously operating under CANDYLAND CHILDREN CENTER LLC that was originally established on October 3, 2013. We have adopted word from Harriet Tubman to be a mission statement, *"Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to change the world."* At Dreamchaser we groom every child to reach for the star and to make a change in their community and the world. We have over one hundred and ten pupils currently at our facility. Our pupils are currently from new born to kindergarten. Our center offer childcare, VPK, after-school programs, summer camps, food service, transportation for participants. Our center is inclusive ELC participants at our center. Our facility includes fence playground, outdoor play stations in mulch covered area for pupils. Our staff is well trained and certified daycare candidates which consist of twelve fulltime and part-time employees. Our staff payroll is over $250,000 annually.

Part of our goal to acquire subject property is to aid in our facility expansion. Our future expansion is to include K-5$^{th}$ Grade pupils. This will provide increase in pupil and teacher ratio. Our expansion will add more jobs to the area, increase in tax base from additional staff and property taxes that will go towards our city budget.

The administrator and Owner, Maloma Peterkin has over 20 years working in childcare. It was out of this desire and passion that she has build a growing daycare service in the Fort Pierce community.

## Intended Property Use

The property located at 505 N. 7th Street, Fort Pierce, Florida 34950 is owned by The City of Fort Pierce. The building is zoned for school or educational building. Dreamchaser Preschool LLC acquiring subject property will continue same use in expanding company. The educational services provided by our company will match existing use and will not need to be re-zoned.

## Renovation/Improvement after Acquisition

Our intent is to make a cash offer on subject property for acquisition. We are currently in the process of establishing business line of credit for renovations and improvement. Our planned renovation and improvements will include:

1. Replace missing or damage air condition unit
2. Fence entire compound
3. Resurface driveway and parking lot
4. Add play station for pupils with mulch covered area.
5. Re-paint building interior and exterior.
6. Repairs windows and other exterior damages
7. Refinished floors
8. Update kitchen and bathrooms
9. Refinished basements
10. Change main entry door way.
11. Update landscape to add curb appeal.
12. Install security cameras and security alarm system.
13. Install local network and cable network.

## Economic Impact

Dreamchaser Pre-School, LLC will have a positive economic impact within the City of Fort Pierce and surrounding area. Some of the impact include contributing to property tax collected by county and city for privately owned real estate. Increase job creation for area by hire 2- 5 more full and part-time employee that will increase employment taxes collect by state. We offer above minimum wages to our staff to lower staff attrition and retain dedicated and certified teachers and staff for our facility. The community will enjoy continued quality childcare and a more convenient location for child drop off and pick you.

**Re:** Conditional Use - Wood Vacation Rental - 1123 Hernando Street, Apt. B

**Submitted For:** Jennifer Hofmeister, Planning Director, Planning & Zoning

---

**SUBJECT:**

Quasi-Judicial Hearing - Review and Approval of an application for Conditional Use with no new construction submitted by property owner and applicant, Tiffany Wood, a Vacation Rental at 1123 Hernando Street, Apt. B, offering lodging for less than six (6) months. The minimum rental period is identified as one (1) day. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A), Parcel ID: 2401-811-0018-000-6.

**SUMMARY:**

- The applicant is requesting the review and approval of a Conditional Use to operate a Vacation Rental at 1123 Hernando Street, Apt. B.
- The subject single-story duplex's Apartment B is a four (4)-bedroom and three (3)-bathroom unit with approximately 1,852 square feet. The total square footage of both apartments (A&B) is approximately 2,564 gross square feet.
- The proposed Conditional Use will offer lodging of less than six (6) months with a minimum stay of 1 day to guests.
- **The property previously received a Conditional Use Approval to operate a dwelling unit B for over 31 days on February 21, 2017 by the City Commission. The current application is to rent dwelling unit B for less than 30 days with a minimum stay of one day.**

**RECOMMENDATION:**

The proposed use presents the provision of transient lodging accommodations to the general public, representing a limited commercial use that is compatible with the surrounding neighborhood, and is generally consistent with the City's Comprehensive Plan and Land Development Code with appropriate restrictions. Therefore, Staff recommends **APPROVAL** with the following five conditions:

1. The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.

2. Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.

3. The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.

4. There shall be a limitation of no more than no two (2) vehicles at the site.

5. The City of Fort Pierce Business Tax License number shall be included on all advertising.

**ALTERNATIVES:**

- Approval with alternate conditions
- Denial

**Staff Analysis:**
In accordance with Sections 22-22 and 22-76 of the City Code, the applicant is requesting the review and approval of a Conditional Use to operate a Vacation Rental at 1123 Hernando Street, Apt. B. The subject single-story duplex's Apartment B is a four (4)-bedroom and three (3)-bathroom unit with approximately 1,852 square feet. The total square footage of both apartments (A&B) is approximately 2,564 gross square feet. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A). The proposed Conditional Use will offer lodging of less than six (6) months with a minimum stay of 1 day to guests.

The property is within the South Beach neighborhood, generally situated west of South Ocean Drive and approximately one hundred feet north of Mariner Bay. The subject site is surrounded by a duplex situated to the north, a single-family home and duplex to the east, single-family homes to the west, and a single-family home to the south. The subject property has a Future Land Use designation of Hutchinson Island Residential (HIR) with a compatible zoning classification of Hutchinson Island Medium Density Residential (R-4A).

The property previously received a Conditional Use Approval to operate a dwelling unit B for over 31 days on February 21, 2017 by the City Commission. The current application is to rent dwelling unit B for less than 30 days with a minimum stay of one day.

<u>Dwelling Rentals</u>
Pursuant to City Code Section 22-3. – Definitions - Generally, the rental of any dwelling unit for less than six months, is classified as a "Dwelling Rental (dwelling unit)," and defined as follows: "One or more rooms

connected together in a building, constituting a separate, independent housekeeping establishment, other than a motel/hotel, for purposes of rental on a daily, weekly or longer basis."

The State of Florida provides further classification of a dwelling that is rented for periods of less than one month. Pursuant to Florida State Statute 509.242, declaring the use a "Vacation Rental," defines such use as any unit that is also a transient public lodging establishment but that is not a timeshare project, which is rented to guests more than three times in a calendar year for periods of less than 30 days or one calendar month, whichever is less or which is advertised or held out to the public as a place regularly rented to guests. A dwelling rental, as locally defined, is also a "Vacation Rental" if the duration of stays are less than 30 days. The rental of a dwelling for periods at a minimum of 31 days, but less than six months, is a "Dwelling Rental," but not a "Vacation Rental."

Table 1 presents general characteristics to clarify Dwelling Rentals and the transitioning threshold for Vacation Rentals.

**Table 1 – Dwelling & Vacation Rental Definitions**

| | **Dwelling Rental** | **Vacation Rental** |
|---|---|---|
| ***Length of Stay*** | Less than 6 months | 30 days or less |
| ***Lodging Type(s)*** | Non-Transient<br>(more than 30 days) | Transient Lodging |
| ***State License Requirement*** | If rented 30 days or less<br>(Vacation Rental) | Division of Hotels &<br>Restaurants – Vacation |
| ***Public lodging establishment (ADA & Misc. Regulations)*** | If rented 30 days or less<br>(Vacation Rental) | Public lodging establishment |

**Future Land Use and Zoning**

The purpose and intent of the R-4A zoning district is to establish height and density regulations for lands located within the city which are situated east of the Indian River. The R-4A zone is compatible with the Medium Density Residential Hutchinson Island designation in the comprehensive plan. Permitted gross residential densities in this district may not generally exceed eight (8) units per acre. Bonus density of up to one additional unit per acre is available as provided for in this section. This district is established because Hutchinson Island is a sensitive barrier island which presents development considerations which are either unique to the area or are of added concern, such as environmental fragility, beach erosion, and hurricane evacuation.

**Parking**

Pursuant to City Code Section 22-60 (d)b, motels, hotels and resort hotels shall provide 1.6 spaces for each unit 500 square feet or larger.

**Conditional Use**
As stated in City Code Section 22-74, the purpose of the Conditional Use process is to allow, when desirable, uses that would not be appropriate generally or without restriction throughout a particular zoning district, but which, if controlled as to number, area, location, or relation to the neighborhood, would not adversely affect the public health, safety, comfort, good order, appearance, convenience, and the general welfare.

**Technical Review Committee**
All affected departments have reviewed the proposed Conditional Use with regards to the requirements of the City Code. Findings from the review by corresponding departments and the associated responses by the applicant are provided.

***Property Owner Response Summary***
A total of 75 notifications of the proposal were mailed to the owners of property located within 500 feet of the subject property. An update will be provided to the City Commission at the public hearing.

***Planning Board Recommendation***
The Planning Board, at their June 9th, 2020 meeting, voted 3-2 to recommend **Approval** of the request.

**Staff Recommendation**
The proposed use presents the provision of transient lodging accommodations to the general public, representing a limited commercial use that is compatible with the surrounding neighborhood, and is generally consistent with the City's Comprehensive Plan and Land Development Code with appropriate restrictions. Therefore, Staff recommends **APPROVAL** with the following five conditions:

1) The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.

2) Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.

3) The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.

4) There shall be a limitation of no more than no two (2) vehicles at the site.

5) The City of Fort Pierce Business Tax License number shall be included on all advertising.

### b. Conditional Use - Dreamchaser Preschool - 505 N. 7th Street

Mr. O'Connell stated he owns property a block and a half away.

Mr. Gilmore gave an overview of the application and answered questions from the Board on the sidewalk. Mr. Gilmore noted that the lighting condition will be handled by the City of Fort Pierce.

Ms. Hofmeister explained the applicant has not expressed interest in the sidewalk payment-in-lieu option so the city anticipates the sidewalk construction will take place.

Claude Facey, applicant representative, stated the applicant is going to move forward with the sidewalks.

The Board applauded the applicant for the impressive packet and step in the right direction.

**Motion was made by Tim O'Connell, and seconded by Patricia Diaz to approve the Conditional Use with the following two conditions.**

1. **Per City Code Section 22-60.- Off-Street Parking and Loading. (j) Lighting. Prior to Certificate of Occupancy, please provide a Lighting Plan or a Certified Letter to ensure the minimum requirement of two (2) footcandles.**
2. **Per City Code Section 22-62 Sidewalks. b) Applicability: In order to provide continual access for pedestrians, sidewalks and sidewalk linkages shall be required to be provided by the property owner or permit applicant when one of the following events occur: (4) Plans submitted for site plan, conditional use, PUD/PUR, and subdivision review. Please install a sidewalk along Avenue E and Cedar Place connecting to the North 7th Street existing sidewalk or submit payment in-lieu to the City of Fort Pierce Engineering Department within ninety (90) days of Conditional Use Approval.**

c. **Conditional Use - Wood Vacation Rental - 1123 Hernando Street, Apt. B**

Mr. Gilmore gave an overview of the application and answered questions from the Board on renting out both sides of the duplex, sidewalk installation, parking and other rentals on the street.

Ms. Hofmeister stated the Technical Review Committee comments regarding the requirements of a sprinkler system and signed and sealed life safety plan are from the previous application and no longer apply. Ms. Hofmeister said the city's position on those matters have since changed due to a ruling from the Florida Building Code Commission.

Ms. Hofmeister explained there was a general statement made by the City Commission that a maximum of two cars are allowed for short term rentals because too many cars create a nuisance and incompatibility with the neighborhood.

Tiffany Wood, applicant, stated she will pay the sidewalk payment-in-lieu fee. Ms. Wood explained that in the nine years of renting their has been approximately two cars per renter. Ms. Wood said there are two units in the duplex and one unit is used as a studio and for storage of personal belongings.

Ms. Hofmeister explained to the Board what was learned from the recent ruling. She stated that the Planning departments role is to review the short term rentals based on the city code and to make sure the applicant is meeting the conditions of approval. She noted the enforcement arm is handled by Code Enforcement and anything in the interior of the home is handled by the Building department and the annual updates and inspections are done by the state Department of Business and Professional Regulations (DBPR).

Chairman Creyaufmiller asked the city attorney to comment if a motion was made in opposition to the application.

Ms.Earley stated the Board consider all the information and if a motion is to deny that there be sufficient discussion and analysis provided by the Board to determine the basis for the decision. Ms. Earley said there needs to be a record showing substantial competent evidence for denial.

Ms. Hofmeister commented that the ADA accessibility and fire codes still apply but not at the Planning stage. She said the state requires minimum design criteria and there is an overlapping of agency review.

The Board asked if a condition be added that states the business tax receipt cannot be issued until all staff conditions have been met.

Ms. Earley advised the Board that the conditions may not be supported by the Code of Ordinances and she will need to look into it further.

The Board asked the Assistant City Attorney to follow up on the issue.

Ms. Wood stated she met all the conditions of approval in 2017 and she will pay for the sidewalk payment-in-lieu fee if it has not been paid.

Ms. Diaz stated the Board can give a better recommendation to the City Commission if the neighbors were notified by mail prior to the Planning Board meeting.

Ms. Hofmeister noted there would need to be a change made to the Code of Ordinances and

the notification is part of the code amendment rewrite the department is currently working on.

Board discussion ensued on receiving payment from the applicant on the Sidewalk Payment-in-lieu fee from 2017 prior to moving forward to City Commission.

Ms. Earley stated the Business Tax Receipt will not be issued until the Planning Department signs off.

**Motion was made by Michael Broderick, and seconded by Bob Burdge to forward a recommendation of APPROVAL with the following six conditions and that condition # 6 is clarified and the information is brought forward to the Planning department prior to the City Commission meeting so the information can be presented to the City Commission for finalization.**

1. **The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.**
2. **Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.**
3. **The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.**
4. **There shall be a limitation of no more than no two (2) vehicles at the site.**
5. **The City of Fort Pierce Business Tax License number shall be included on all advertising.**
6. **Per City Code Section 22-62 Sidewalks. b) Applicability: In order to provide continual access for pedestrians, sidewalks and sidewalk linkages, the property owner or permit applicant shall provide within thirty-one (31) days of Conditional Use approval a permit for the installation of a sidewalk along the property line that abuts Hernando Street and or a payment in lieu of construction if one of these items was not previously completed with the last Conditional Use approval from February 2017 for the dwelling rental of 31 days or more.**

d. **Conditional Use - Wright-Ofeimu Vacation Rental -715 S. Ocean Drive, Unit E**

Mr. Gilmore gave an overview of the application and answered questions from the Board on the limitation of the number of occupants, parking, HOA regulations and change of use.

Chairman Creyaufmiller asked if the link had been added to the city website showing the listing of property manager's contact information for approved short term rentals.

Ms. Hofmeister stated she was not aware of the list but she will look into it.

Tiffany Wright Ofeimu, owner, provided information to the Board on the property manager, property reputation and the HOA rental regulations.

**Motion was made by Patricia Diaz**, **and seconded by Michael Broderick to forward a recommendation of APPROVAL with the following five conditions:**

1. **The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.**
2. **Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.**

e. **Conditional Use - Robbins Vacation Rental - 1014 S. 7th Street**

Ms. Hofmeister gave an overview of the application and answered questions from the Board.

Chairman Creyaufmiller stated the Board heard the case twice before but this case contains new information.

Ms. Hofmeister explained the building department submitted Technical Review Committee comments and will also be reviewing the Business Tax Receipt application along with the ADA requirements. The Board asked that the building official provide clarification regarding ADA requirements for short term rentals.

Mr. O'Connell and Ms. Diaz stated there hands are tied with short term rentals and this is worse than a hotel. Board discussion ensued on the frustration of not having any control over short term rentals.

Ms.Hofmeister highlighted that every year the property is inspected by the Department of Business and Professional Regulations (DBPR) for life safety, cleanliness and the interior of the home.

Mr. Broderick stated the Board is in the position to make short term rentals more manageable.

Michelle Longarzo, applicant, disagreed with the comments being made. Ms. Longarzo spoke about property rights and she stated she has been in regular contact with Paul Thomas, City of Fort Pierce Building Official and Captain Paul Langel from the St. Lucie County Fire department. Ms. Longarzo read an e-mail she received from Captain Langel stating that fire sprinklers are not required for this single family home. Ms. Longarzo also stated that the DBPR does not require fire sprinklers. Ms. Longarzo sugested the Board embrace the changes because tourism brings money to the area. Ms. Longarzo noted the property manager vets the client and will be on call 24 hours a day.

Marcia Baker, Clay Yates and William R. Bond sent in letters of opposition and they were read at the meeting.

Ms. Longarzo said the former denial is no longer relevant based on DBPR regulations and ADA requirements.

Chairman Creyaufmiller stated the Planning Board is an advisory Board and they do not operate under a Quasi-Judicial hearing. Chairman Creyaufmiller mentioned that eight properties around this home were not homesteaded.

Ms. Diaz recused herself because her colleague, Mr. Yates, submitted a letter in opposition.

**Motion was made by Michael Broderick, and seconded by Bob Burdge to forward a recommendation of APPROVAL with the following six (6) conditions:**

1. **The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.**
2. **Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.**
3. **The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.**
4. **There shall be a limitation of no more than no two vehicles at the site.**
5. **The City of Fort Pierce Business Tax License number shall be included on all advertising.**
6. **Pave the required parking spaces per City Code Section 22-60(c)(6) Surface Material:a.Required parking spaces, access drives, and loading areas must be paved and maintained with concrete, asphalt or similar material of enough thickness and consistency to support anticipated traffic volumes and weights.b.Alternative paving materials or parking surfaces (including pervious surfaces) may be approved by the city engineer if such materials or surfaces are demonstrated to exhibit equivalent wear resistance and load bearing characteristics as concrete or asphalt.**

f. **Preliminary Plat - Culverhouse - Thumbpoint Subdivision - Block 1, Portion of Lot 28 and all of Lots 29 and 30**

Ms. Guerra gave an overview of the Plat and answered questions from the Board on frontage requirements, square footage requirements, existing structure setbacks and maximum lot coverage for the building.

William Stoddard, property owner agent, made himself available for questions.

Ms. Earley inquired of Mr. Fee. lawyer representing the owner, about the conversation with the city attorney regarding some pending litigation and she asked Mr. Fee to bring the Board up to speed on the issue.

Ms. Diaz recused herself because she is a colleague of Mr. Fee.

Speedy Fee, lawyer representing the owner, explained the property has been in litigation for an extended period of time for two mortgage loans. Mr. Fee noted that PNC Bank owns the loans and is attentive to and receptive of the application because it would provide the wherewithal through sales to pay off the loan and move it out of litigation. Mr. Fee stated the bank has

signed off on the plat and all the issues with the city have been resolved.

**Motion was made by Michael Broderick, and seconded by Bob Burdge to forward a recommendation of APPROVAL of the request with the following one (1) Condition:**

1. **The applicant will supply two (2) Mylars for appropriate signatures and then the plat is recorded with St. Lucie County Clerk of Courts in accordance with Florida State Statute 177.111.**

g. **Preliminary Plat - Granada Street Cottages - Portion of Block 7 & 8 (Palm Haven Subdivision)**

Ms. Guerra gave an overview of the plat and answered questions from the Board on fee simple ownership and Granada Street road improvements.

Chairman Creyaufmiller asked for clarification on the lots being undersized.

Ms. Guerra explained that the original plat was plotted with 10 lots instead of 5 lots and it did not meet the minimum design standards. Ms. Guerra stated the new plat meets the state and city requirements.

Ms. Guerra highlighted that Granada Street is on the city's Capital Improvements Plan so the city will be making the road improvements.

**Motion was made by Michael Broderick, and seconded by Patricia Diaz to forward a recommendation of APPROVAL of the request with the following one (1) Condition:**

1. **The applicant will supply two (2) Mylars for appropriate signatures and then the plat is recorded with St. Lucie County Clerk of Courts in accordance with Florida State Statute 177.111**

7. **COMMENTS FROM THE PUBLIC**

Any person who wishes to comment on any subject may be heard at this time. Please limit your comments to three (3) minutes or less, as directed by the Chair, as this section of the Agenda is limited to thirty minutes. The Planning Board will not be able to take any official actions under Comments from the Public. Speakers will address the Board and the Public with respect. Inappropriate language will not be tolerated.

There were no comments from the public.

8. **DIRECTOR'S REPORT**

There was no Director's Report.

## 9. BOARD COMMENTS

Chairman Creyaufmiller thanked the United States government, the City Commission, the mayor, the departments and employees of the City of Fort Pierce for the great job and the decisions being made during the pandemic. Chairman Creyaufmiller also thanked the police department for doing a great job in how they are responding to the protest and he thanked the general public and how they are handling the protest situation.

Ms. Diaz stated she wished the laws that conferred property rights also conferred social responsibility and being a good neighbor.

Mr. Broderick asked about the status on the meeting notification mailing prior to Planning Board.

Ms. Hofmeister stated that staff is taking apart the code in sections and the notification process is part of the review. She said currently the city is reducing fees due to the pandemic so there will have to be some discussion in putting the burden on the petitioner.

Mr. Burdge read a November 27, 2017 memo from the previous Planning Director, Rebecca Grohall, to the mayor and city commission that talks about the follow up of site plan and redevelopment notification. Ms. Grohall indicated the subject had been debated several times in the past and the direction was to not send notices about the Planning Board meeting. The deciding factor was the additional cost to the applicant and may also be due to the interpretation of the previous legal team in regards to the Public Hearing. The Public Hearing is held at City Commission. The Planning Board ask if anyone in the public would like to speak but does not hold public hearings. Mr. Burdge said the memo goes on to talk about the increase cost and the only notice the Planning Board has to give is a posted sign.

Board discussion ensued on notifications.

Mr. Broderick discussed coming up with a process for neighbors being able to notify property management for short term rentals without having to go online or go to the city clerk's office. Mr. Broderick suggested discussing this as an agenda item at the next meeting because the Boards need to make sure the conditions being put on short term rentals are working.

Chairman Creyaufmiller suggested putting together a committee to discuss the short term rentals.

Ms. Diaz suggested having a workshop on the operation of the short term rentals and invite the public. Ms. Diaz suggested giving the police department the contact list of property managers for short term rentals.

Ms. Hofmeister recommended making conditions tougher and not so vague.

Mr. Broderick suggested that the building department put a maximum occupancy load on the Business Tax Receipt.

Chairman Creyaufmiller discussed the Planning Board packets being electronic moving forward. The chairman asked for a package of drawings to be available in the Planning department for review. Mr. Burdge requested a hard copy packet for the Planning Board meetings.

Ms. Earley clarified that the Board does have the right to deny a short term rental application for Conditional Use as long as there is competent substantial evidence that the use requested is inconsistent with the health, safety and welfare.

BUILDING DEPARTMENT Florida

# Vacation Rental Policy Adjustment
# April 1, 2020

Vacation rentals properties, including transient rentals, shall be regulated through the DBPR, Florida Statute 509.242(c), Florida Administrative Code 61A-43 and will be amended by any future legislation or directives from the State of Florida. A change of use is required if converting to a transient use (rental for 30 days or less), which may trigger the requirements of the Florida Accessibility Code. The requirement for fire sprinklers will be deferred to chapter 633 of the National Fire Prevention Code. All vacation rental properties shall comply with the minimum safety requirements found in the DBPR Form HR 5025-753.

1. **New Construction Designated to be a Transient Vacation Rental.**
   Per the Florida Building Code, this Occupancy is either R-1 or R-2 and is required to be fully sprinkled per Chapter 9 of the Florida Building Code.

2. **Conversion of an Existing Apartment Building (R-2 Primarily Non-Transient) to Transient Apartment Building:** Florida Statute 509.242(e) **Transient Apartment:** *A transient apartment is a building or complex of buildings in which more than 25 percent of the units are advertised or held out to the public as available for transient occupancy.*
   Thus, an apartment building/complex would maintain an R-2 Primarily Non-Transient classification until more than 25% of the units are utilized for transient rentals. Exceeding the 25% threshold will trigger the occupancy classification to be changed from R-2 to R-1. The applicant that exceeds the 25% threshold assumes the responsibility of obtaining a change of occupancy for the building and to satisfy the requirements of Chapter 10 of the Existing Building Code; Chapter 9 of the Florida Building Code; FBC Accessibility and the National Fire Prevention Code. The above-mentioned code requirements will apply to the entire building, not just an individual unit within the building.

3. **Transient Rental of a Single Family Dwelling: Florida Statute 509.242(c) Vacation rental.**—*A vacation rental is any unit or group of units in a condominium or cooperative or any individually or collectively owned single-family, two-family, three-family, or four-family house or dwelling unit that is also a transient public lodging establishment but that is not a timeshare project.*
   The transient rental of a single family dwelling triggers a change of use to R-2, per the requirements of chapter 10 of the FBC Existing Building Code and may trigger the requirements of the Florida Building Code Accessibility. The requirement for sprinklers is deferred to the SLC Fire Marshal per the Florida Administrative Code 69A-43.

1. **NO SMOKING** in the home at any time. You are welcome to smoke outside only.

2. People other than those in the Guest party set forth above may not stay overnight in the property. Any other person on the property is the sole responsibility of Guest.

3. This home is privately owned; the owners are not responsible for any accidents, injuries or illness that occurs while on the premises or its facilities. The Homeowners are not responsible for the loss of personal belongings or valuables of the guest. By accepting this reservation, it is agreed that all guests are expressly assuming the risk of any harm arising from their use of the premises or others whom they invite to use the premise.

4. Keep the property and all furnishings in good order.

5. Only use appliances for their intended use.

6. Pets: Dogs ***only*** permitted on premises with prior homeowner approval and with the ***Pet Addendum*** completed.

7. Parking: Vehicles are to be parked in designated parking areas only. Parking on the road is not permitted. Any illegally parked cars are subject to towing; applicable fines/towing fees are the sole responsibility of the vehicle owner.

8. Housekeeping: There is no daily housekeeping service. While linens and bath towels are included in the unit, daily maid service is not included in the rental rate. We do not permit towels or linens to be taken from the units.

**9.** Hot Tub: No children under the age of 18 permitted in hot tub without adult supervision. When using the hot tub, remember there is a certain health risk associated with this facility. Use at your own risk. **DO NOT STAND, JUMP FROM or use the hot tub in any position other than seated.**

**10.** Pool Equipment – we have had the pool serviced every Thursday by the same company for several years. Due to the sensitivity of the pool equipment, should there be any tampering with ANY of the equipment, heaters, filters, buttons, timers, etc other than what is authorized, there will be a $75 service charge reduced from security to have the pool company come out and reset the equipment – so please no tampering.

**11.** Keys Returned – there is a $50 fee for any keys that are not returned at the end of your stay.

**12.** The property is limited to a maximum number of 8 people due to the size of the home, pool, and property. This allows us to keep the rental costs down, and not have to pass on the fees of our pool and cleaning contractors to you. For this reason, we will charge $300 per day for **any additional** occupants found.

RE: Wood Rental - Application for Conditional Use
Dwelling Rental
1123 Hernando Street

DATE: February 10, 2017

## STAFF REPORT

Owner/Applicant: David & Tiffany Wood
1123 Hernando St
Fort Pierce, FL 34949

Requested Action: Approval of a Conditional Use to operate a Dwelling Rental, offering lodging for less than six months.

Location: 1123 Hernando Street

Parcel ID: 2401-811-0018-000-6

Current Zoning: Hutchinson Island Medium Density Residential Zone (R-4A)

Future Land Use: Hutchinson Island Residential (HlR).

Surrounding Zoning:

| North | East | South | West |
|---|---|---|---|
| R-4A | R-4A | R-4A | R-2 |

Site Size: .27 acres

Utilities: Located within the FPUA Retail Service Area

Staff Analysis:

*Request*

In accordance with Sections 22-22, and 22-76 of the City Code, the applicant is requesting the review and approval of a Conditional Use to operate a Dwelling Rental at 1123 Hernando Street, offering non-transient lodging with minimum stays of one (1) month. The subject single-story duplex features a finished floor area of 2,509 square feet, and contains one owner occupiable unit. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A).

The property is located one street west of South Ocean Drive, a few hundred feet north of Mariner Bay. A duplex is situated to the north, a single-family home and duplex to the east, single-family homes to the west, and a single-family home to the south. This site features a circular concrete driveway with parking designated for each unit.

Hernando Street does not feature any sidewalk connections along this segment of the roadway. A bicycle rack is required to facilitate multimodal options for guests.

The application presents operational guidelines such as screening of potential renters, a near-site manager (owner's relative), and minimum stays of one (1) month. The application details specific limits on vehicle parking locations on-site. There are notification requirements for pets on premises. The provided documents note a maximum occupancy of six (6) guests, with a notable surcharge for any additional guests. The applicant has been advised that the current floor plan acknowledged by the City would limit the occupancy of the unit for rental to 5 guests, based upon the finished floor area and minimum occupancy requirements per City Code Section 8.5-43. Such limitation should be accounted for by the applicant in operational guidelines, or until said time that an expanded floor plan is verified with the Building Department.

*Dwelling Rentals*

Pursuant to City Code Section 22-3. - Definitions—Generally, the rental of any dwelling unit for less than six (6) months, is classified as a "Dwelling rental (dwelling unit)", and defined as follows: One or more rooms connected together in a building, constituting a separate, independent housekeeping establishment, other than a motel/hotel, for purposes of rental on a daily, weekly or longer basis, though less than what is otherwise provided for a dwelling, physically separated from any other rooms or dwelling units which may be in the building, and containing sleeping and sanitary facilities and one kitchen.

The State of Florida provides further classification if a dwelling is rented for periods of less than thirty (30) days, declaring the use a "Vacation rental", and defined such use as any unit or group of units in a condominium or cooperative or any individually or collectively owned single-family, two-family, three-family, or four-family house or dwelling unit that is also a transient public lodging establishment but that is not a timeshare project, which is rented to guests more than three times in a calendar year for periods of less than 30 days or 1 calendar month, whichever is less, or which is advertised or held out to the public as a place regularly rented to guests.

A dwelling rental, as locally defined, is also a Vacation Rental if the duration of stays is less than thirty (30) days. The rental of a dwelling for periods greater than thirty (30) days, but less than six (6) months is a dwelling rental, but not a Vacation Rental.

Table 1, below, presents general characteristics to clarify Dwelling Rentals, and the transitioning threshold for Vacation Rentals.

Table 1 – Dwelling & Vacation Rentals

| | Dwelling Rental | Vacation Rental |
|---|---|---|
| *Length of Stay* | Less than 6 months | 30 days or less |
| *Lodging Type(s)* | Non-Transient (more than 30 days) & Transient Lodging (Vacation Rental) | Transient Lodging |
| *State License Requirement* | If rented 30 days or less (Vacation Rental) | Division of Hotels & Restaurants – Vacation Rental License |
| *Public lodging establishment (ADA & Misc. Regulations)* | If rented 30 days or less (Vacation Rental) | Public lodging establishment |

The rental of residential properties for short-term occupancy by tourists is a rapidly expanding sector of the hospitality industry. Short-term vacation rentals offer an alternative to traditional hotel or bed and breakfast accommodations, generally offering unique amenities, and a higher capacity to accommodate families or more guests than a single hotel room. The benefits of increased tourism and economic activity related to short term rentals are discernable; however the necessity to regulate and guide the location for this use is well documented.

Vacation rentals have the capacity result in incompatible adverse impacts on neighborhoods including, but not limited to, increased noise, litter, traffic, and the uncertainty or instability of the identity of occupants of neighboring properties. The short-term vacation rental use and longer term residential use may be incompatible, due to the rapid turnover associated with short-term vacation rental use, therefore provisions such as maximum guests, parking restrictions, property manager registration, and guide booklets for renters regarding local rules and resources should be considered to minimize conflicts. The applicant is seeking to offer non-transient lodging, with safeguarding parameters to further assimilation with the surrounding medium density residential neighborhood.

The applicant has verified that the operation would strictly limit stays to a minimum period of one (1) month. This operational approach ensures that the lodging provided is "non-transient", seeking to provide a more compatible use for the surrounding neighborhood. Input garnered from neighboring property owners has described adverse impacts from short term, weekly rentals at the subject site.

In addition to the provision of greater stability, and less frequent turn over in occupants, the enactment of minimum stays of one (1) month, or more, helps to diversify the use to provide a complementary lodging

option which does not overlap with offerings of local hotels or commercial venues of public accommodation. Longer term stays, with a base line of one month, seek to not only reduce the potential conflict of a high turnover, commercial use, but also reduce competition to established hotels and motels.

*Zoning & Land Use*

The subject site is located within the Hutchinson Island Medium Density Residential Zone (R-4A) which is designed to facilitate residential and compatible development on Hutchinson which account for the unique characteristics of Hutchinson Island and concerns of environmental fragility, beach erosion, and hurricane evacuation. Furthermore, the site has a land use designation of Hutchinson Island Residential (HIR).

The Hutchinson Island Residential (HIR) designation is intended for parcels that are best suited for residential development on Hutchinson Island. This future land use category allows single-family detached and attached units, duplexes and multifamily residences at densities ranging up to 8 dwelling units per acre. Limited public uses and commercial uses that are *compatible* with the surrounding development shall also be allowed.

The presented use of the property represents a limited commercial use, with defined parameters of intensity or impact. The presentation of guest capacity for the single (1) unit limits the quantity of vehicles, additional traffic and noise from the proposal. The use is limited in comparison to a typical commercial use, or hotel/motel, especially with parameters in place to advance compatibility with the neighborhood. Limitation of guests is necessary to comply with City Code section 8.5-43.

## Technical Review Committee

All affected departments have reviewed the proposed Conditional Use with regards requirements of the City Code, and conditionally approved the request.

## Planning Board

The Planning Board, at their January 10th meeting, voted 8-2 to recommend approval of the request with the conditions guided by staff.

## Staff Recommendation:

The proposed use presents the provision of non-transient lodging accommodation to the general public, on a limited scale, that is compatible with the surrounding neighborhood of this location, and is generally consistent with the City's Land Development Code and Comprehensive Plan with appropriate restriction therefore; Staff recommends the approval with the following conditions:

1. Strict adherence to minimum rental periods of one (1) month.
2. Limitation of occupancy to 5 guests based upon City Code Section 8.5-43, unless verification of interior renovation permits for expansion of the southern unit is provided by the Building Department;

3. Registration of a local property manager, and secondary property manager, accessible at all times to resolve complaints or violations of City Code;
4. Issuance of guide booklets for renters regarding local rules and public service resources to minimize conflicts;
5. Installation of a sidewalk connection, or payment in-lieu of construction, along the Hernando Property line;
6. Installation of a bicycle rack for guests; and
7. The applicant files for and obtains St. Lucie County & City of Fort Pierce Business Tax Licenses within fourteen (14) days of Conditional Use approval.

FORT PIERCE
CITY CLERK'S OFFICE
Florida

February 27, 2017

David and Tiffany Wood
1123 Hernando St
Fort Pierce, FL 34949

Dear Mr. and Mrs. Wood:

At their meeting on Tuesday, February 21, 2017, the City Commission considered an application for Conditional Use, submitted by Property Owner, David and Tiffany Wood to establish a Dwelling Rental, offering lodging for less than six months located at 1123 Hernando Street, Fort Pierce, FL. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A) (Parcel ID 2401-811-0018-000-6).

The Commission approved the application with the following conditions:

1. Strict adherence to minimum rental periods of one (1) month.
2. Limitation of occupancy to 5 guests based upon City Code Section 8.5-43, unless verification of interior renovation permits for expansion of the southern unit is provided by the Building Department;
3. Registration of a lead property manager, and secondary property manager, accessible at all times to resolve complaints or violations of City Code;
4. Issuance of guide booklets for renters regarding local rules and public service resources to minimize conflicts;
5. Installation of a sidewalk connection, or payment in-lieu of construction, along the Hernando Property line;
6. Installation of a bicycle rack for guests; and
7. The applicant files for and obtains St. Lucie County & City of Fort Pierce Business Tax Licenses within fourteen (14) days of Conditional Use approval.
8. Retention of a state licensed property manager whose business is located within the city limits of Fort Pierce.

Very truly yours,

Linda W. Cox
City Clerk

cc: Rebecca Grohall, Planning Director

Mr. Creagan gave an overview of the application and answered questions from the Board on the anticipated timeframe of the planned development and designation of public transportation.

Lee Dobbins, applicant representative from the Dean Mead Law Firm, clarified that the applicant is not proposing additional transit stops and the feedback from the St. Lucie County traffic analysis is still being reviewed.

**Motion was made by Tim O'Connell, and seconded by Gloria Johnson-Scott to approve the Future Land Use Map Amendment for Misty Creek Preserve.**

## 7. NEW BUSINESS

### a. Conditional Use - The Manor Assisted Living Facility - 4201 S. 25th Street

Ms. Lewicka explained that the project was previously approved in 2018 for 32 units and the applicant is requesting an additional ten units. Ms. Lewicka said the footprint is shrinking slightly and the development is proposed in two phases. Ms. Lewicka answered questions from the Board on the traffic study and parking requirements.

No one spoke for or against the project.

**Motion was made by Michael Broderick, and seconded by Gloria Johnson-Scott to forward a recommendation of approval to the City Commission.**

AYE: **Gloria Johnson-Scott, Tim O'Connell, Michael Broderick, Chairman Frank Creyaufmiller**

### b. Conditional Use - Wood Vacation Rental - 1123 Hernando Street

Mr. Creagan gave an overview of the application and answered questions from the Board on rental and handicap parking. Mr. Creagan explained that condition number six is being deleted because the wording is duplicated in condition number ten. Mr. Creagan stated the applicant is diligently working with the building official on the state ADA requirements. Mr. Creagan added that the conditions of approval are similar to the existing Conditional Use on the property, except for the required handicap parking space and the business tax license being required on all advertising.

Mr. Broderick provided the Board a VRBO advertisement for the Wood vacation rental on the Trip Advisor website that showed the home sleeps 8 with a 1 night minimum rental. Mr. Broderick stated the rental rules provided in the packet allow a maximum of 10 people, which is a violation of the current approved dwelling rental Conditional Use for over 31 days. Mr. Broderick expressed concerns with relying on neighbors to police the neighborhood.

Tiffany Wood, owner, explained that reconfiguring of the parking spaces will be handled by her design engineer, and she only contracts with the Home Away website, and not the sister websites. Ms. Wood stated she has had no complaints from her neighbors and there were advertising mistakes made on the vacation rental websites. Ms. Wood noted that the information in the packet is from her 2017 Conditional Use approval and the dimensions of the house have increased.

Board discussion ensued on increased occupants and parking.

Bill Piant, resident, spoke in opposition of the project and asked the Board if any vacation rentals have been approved for less than 31 days and if a motel is allowed in R4A zoning. Mr. Piant expressed concerns with the possibility of cars being parked in the front yard and the unmanageable enforcement.

Ms. Hofmeister stated that most of the vacation rentals that were not approved were in the R2 zoning classification.

William Fearn, resident, spoke in opposition of the project. Mr. Fearn said he has felt the negative impacts of the short term rentals in the area. Mr. Fearn stated he likes the community the way it is and there is no need to make exceptions to the zoning rules.

Charlene Adair, resident, explained she is a volunteer researcher for the City of Fort Pierce Code Enforcement department, and she has been keeping data on short term rentals since 2015. Ms. Adair highlighted that Vacation Rentals, VRBO and Home Away websites are one company and the ads are carbon copies of one another for those three websites. Ms. Adair stated that this address did not have a business tax receipt on record for 27 months and had been advertising for less than 31 days, which is a violation of the present Conditional Use on the property. Ms. Adair expressed concerns with permitting and safety. She said there is a difference from someone who rents one day compared to 30 days. Ms. Adair highlighted the Conditional Use is supposed to enhance and protect the neighborhood, not have a negative impact.

Mr. Sweeney explained that processes are being put into place all over the state of Florida, due to the internet making it easy to advertise a vacation or short term rental.

Ms. Hofmeister stated that a corrected layout, parking plan and occupant load will need to be provided prior to the project going to City Commission.

Ms. Wood noted that Mr. Roseberry from the building department recommended she not move forward with the life safety plan until her application has been approved by City Commission.

Board discussion ensued on moving forward to the City Commission with the lack of difinitive information and accurate plans.

Mr. Sanders suggested the applicant to use conceptual planning because it is inexpensive and it can show how parking and the ADA requirements fit it.

Ms. Hofmesiter stated once an accurate layout is received the conditions can be revised prior to going to City Commission.

Mr. O'Connell said he is not in favor of the vacation rental because of the compatibility issue with the neighborhood, and both Code Enforcement and the Police department cannot control the parking issues.

**Motion was made by Tim O'Connell, and seconded by Gloria Johnson-Scott to disapprove of the application.**

AYE: **Tim O'Connell, Michael Broderick, Gloria Johnson-Scott**

NAY: **Chairman Frank Creyaufmiller**

Passed

## 8. COMMENTS FROM THE PUBLIC

Any person who wishes to comment on any subject may be heard at this time. Please limit your comments to three (3) minutes or less, as directed by the Chair, as this section of the Agenda is limited to thirty minutes. The Planning Board will not be able to take any official actions under Comments from the Public. Speakers will address the Board and the Public with respect. Inappropriate language will not be tolerated.

## 9. BOARD COMMENTS

Mr. Broderick stated a modification of the conditional use process for vacation rental needs to be addressed because the Board clearly needs more information. Chairman Creyaufmiller asked staff to add this as an agenda item so it can be discussed among the Board. Mr. Sanders suggested that the Board and staff look at appropriate places that are compatible for vacation rentals.

Chairman Creayaufmiller asked for an update on the review of the alcohol beverage ordinance and Bed and Breakfast regulations.

**Re:** Conditional Use - Wright-Ofeimu Vacation Rental - 715 S. Ocean Drive, Unit E

**Submitted For:** Jennifer Hofmeister, Planning Director, Planning & Zoning

---

**SUBJECT:**

Quasi-Judicial Hearing - Review and Approval of an application for Conditional Use with no new construction submitted by property owner and applicant, Tiffany Wright-Ofeimu, a Vacation Rental at 715 S. Ocean Drive, Unit E, offering lodging for less than six (6) months. The minimum rental period is identified as two (2) days. The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A), Parcel ID: 2401-504-0001-000.

**SUMMARY:**

- The applicant is requesting the review and approval of a Conditional Use to operate a Vacation Rental at Unit E of the Boardwalk Condominiums, located at 715 S. Ocean Drive.
- The subject condominium is a one (1)-bedroom and one (1)-bathroom unit with approximately 680 square feet.
- The proposed Conditional Use will offer lodging of less than six (6) months with a minimum stay of 2 days to guests.

**RECOMMENDATION:**

The proposed use presents the provision of transient lodging accommodations to the general public, representing a limited commercial use that is compatible with the surrounding neighborhood, and is generally consistent with the City's Comprehensive Plan and Land Development Code with appropriate restrictions. Therefore, Staff recommends **APPROVAL** with the following five conditions:

1. The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.

2. Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.

3. The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.

4. There shall be a limitation of no more than no two (2) vehicles at the site.

5. The City of Fort Pierce Business Tax License number shall be included on all advertising.

**ALTERNATIVES:**

- Approval with alternate conditions
- Denial

**Staff Analysis:**
In accordance with Sections 22-22 and 22-76 of the City Code, the applicant is requesting the review and approval of a Conditional Use to operate a Vacation Rental at Unit E of the Boardwalk Condominiums, located at 715 S. Ocean Drive. The subject condominium is a one (1)-bedroom and one (1)-bathroom unit with approximately 680 square feet. The proposed Conditional Use will offer lodging of less than six (6) months with a minimum stay of 2 days to guests.

The property is within the South Beach neighborhood, generally situated at the southwest corner South Ocean Drive and Gulfstream Avenue. The subject site is surrounded by multi-family residences to the north, west, east, and south. The subject property has a Future Land Use designation of Hutchinson Island Residential (HIR) with a compatible zoning classification of Hutchinson Island Medium Density Residential (R-4A).

Dwelling Rentals
Pursuant to City Code Section 22-3. – Definitions - Generally, the rental of any dwelling unit for less than six months, is classified as a "Dwelling Rental (dwelling unit)," and defined as follows: "One or more rooms connected together in a building, constituting a separate, independent housekeeping establishment, other than a motel/hotel, for purposes of rental on a daily, weekly or longer basis."

The State of Florida provides further classification of a dwelling that is rented for periods of less than one month. Pursuant to Florida State Statute 509.242, declaring the use a "Vacation Rental," defines such use as any unit that is also a transient public lodging establishment but that is not a timeshare project, which is rented to guests more than three times in a calendar year for periods of less than 30 days or one calendar month, whichever is less or which is advertised or held out to the public as a place regularly rented to guests.

A dwelling rental, as locally defined, is also a "Vacation Rental" if the duration of stays are less than 30 days. The rental of a dwelling for periods at a minimum of 31 days, but less than six months, is a "Dwelling Rental," but not a "Vacation Rental."

Table 1 presents general characteristics to clarify Dwelling Rentals and the transitioning threshold for Vacation Rentals.

**Table 1 – Dwelling & Vacation Rental Definitions**

| | **Dwelling Rental** | **Vacation Rental** |
|---|---|---|
| ***Length of Stay*** | Less than 6 months | 30 days or less |
| ***Lodging Type(s)*** | Non-Transient<br>(more than 30 days) | Transient Lodging |
| ***State License Requirement*** | If rented 30 days or less<br>(Vacation Rental) | Division of Hotels & Restaurants – Vacation |
| ***Public lodging establishment (ADA & Misc. Regulations)*** | If rented 30 days or less<br>(Vacation Rental) | Public lodging establishment |

**Future Land Use and Zoning**
The purpose and intent of the R-4A zoning district is to establish height and density regulations for lands located within the city which are situated east of the Indian River. The R-4A zone is compatible with the Medium Density Residential Hutchinson Island designation in the comprehensive plan. Permitted gross residential densities in this district may not generally exceed eight (8) units per acre. Bonus density of up to one additional unit per acre is available as provided for in this section. This district is established because Hutchinson Island is a sensitive barrier island which presents development considerations which are either unique to the area or are of added concern, such as environmental fragility, beach erosion, and hurricane evacuation.

**Parking**
Pursuant to City Code Section 22-60 (d)b, motels, hotels and resort hotels shall provide 1.6 spaces for each unit 500 square feet or larger.

**Conditional Use**
As stated in City Code Section 22-74, the purpose of the Conditional Use process is to allow, when desirable, uses that would not be appropriate generally or without restriction throughout a particular zoning district, but which, if controlled as to number, area, location, or relation to the neighborhood, would not adversely affect the public health, safety, comfort, good order, appearance, convenience, and the general welfare.

**Technical Review Committee**
All affected departments have reviewed the proposed Conditional Use with regards to the requirements of the City Code. Findings from the review by corresponding departments and the associated responses by the applicant are provided.

***Property Owner Response Summary***
A total of 158 notifications of the proposal were mailed to the owners of property located within 500 feet of the subject property. An update will be provided to the City Commission at the public hearing.

***Planning Board Recommendation***
The Planning Board, at their June 9th, 2020 meeting, voted unanimously to recommend **Approval** of the request.

**Staff Recommendation**
The proposed use presents the provision of transient lodging accommodations to the general public, representing a limited commercial use that is compatible with the surrounding neighborhood, and is generally consistent with the City's Comprehensive Plan and Land Development Code with appropriate restrictions. Therefore, Staff recommends **APPROVAL** with the following five conditions:

1) The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.

2) Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.

3) The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.

4) There shall be a limitation of no more than no two (2) vehicles at the site.

5) The City of Fort Pierce Business Tax License number shall be included on all advertising.

# Are there any exceptions to the requirement that a Florida property manager have a broker's license?

YES. For example, if a property owner employs someone to manage their property, and that employee is paid a salary, as opposed to being paid a commission or on a transactional basis, a broker's license is not required.

For more information about these and other Florida property management requirements and exceptions, please contact the Florida Real Estate Commission.

Before hiring a property manager to manage your Florida rental property, you should always check that he or she is licensed appropriately. You can check the license status of Florida property managers at the Florida Department of Business and Professional Regulation's Licensee Search webpage.

# Florida Community Association Manager License Requirements

Florida community association manager licensing requirements include:

- Age: Must be at least 18 years of age
- Education: Must complete at least 18 hours of pre-licensure education from an approved provider

DECLARATION OF CONDOMINIUM

OF

BOARDWALK CONDOMINIUM

K. M. BROOKS and LOUISE M. SPARKS, for themselves, their successors, grantees and assigns, being the owners of the fee simple title to the following described real property in St. Lucie County, Florida, (hereafter referred to as the "Land"):

Lots 8, 11 and 12, Block 8, OCEAN VIEW, a Subdivision according to the plat thereof recorded in Plat Book 6, page 61, of the public records of St. Lucie County, Florida

hereby submit the Land and the improvements thereon in fee simple to condominium ownership pursuant to the provisions of Chapter 718, Florida Statutes, hereinafter referred to as the "Condominium Act", in existence as of the date of this Declaration, upon the terms, conditions, restrictions, reservations and limitations hereinafter set forth.

NOW, THEREFORE, K. M. BROOKS and LOUISE M. SPARKS make the following declarations:

1. STATEMENT OF PURPOSE. The purpose of this Declaration is to submit the Land and the improvements thereon to the condominium form of ownership and use in the manner provided in the Condominium Act. Except where variances permitted by law appear in this Declaration, in the exhibits attached hereto, or in lawful amendments to any of them, the provisions of the Condominium Act as constituted on the date of this Declaration, including the definitions therein contained, are adopted and included herein by express reference. All restrictions, reservations, covenants, conditions and easements contained herein shall constitute covenants running with the land or equitable servitudes upon the land, as the case may be, and shall rule perpetually unless terminated as provided herein, and shall be binding upon all unit owners. In consideration of receiving and by acceptance of a grant, devise or mortgage, all grantees, devisees or mortgagees, their heirs, personal representatives, successors and assigns, and all parties claiming by, through or under such persons, agree to be bound by the provisions hereof, and all exhibits hereto. Both the burdens imposed and the benefits provided shall run with each unit and the interests in the common elements appurtenant thereto, as defined herein.

1.1 Name and Address. The name by which this Condominium is to be known and identified is BOARDWALK CONDOMINIUM, and its address is 715 South Ocean Drive, Fort Pierce, Florida.

1.2 The Land. The legal description of the Land, which is hereby being submitted to condominium ownership, is as described in the introductory paragraph hereof.

2. DEFINITIONS. As used herein, in the exhibits attached hereto, and in all amendments hereto, unless the context requires otherwise:

2.1 Assessment means a share of the funds required for the payment of common expenses, which from time to time is assessed against the unit owners.

2.2 Association means BOARDWALK OWNERS ASSOCIATION, INC., the entity responsible for the operation of this Condominium.

2.3 Board of Directors means the representative body responsible for the management of the Condominium and business of the Association.

2.4 By-Laws means the By-Laws of the Association, as they exist from time to time. A copy of the By-Laws is attached hereto as Exhibit E, and incorporated herein by reference.

2.5 Common Elements means the portions of the condominium property (including the tangible personal property required for the maintenance and operation of the condominium property) not included in the units.

2.6 Common Expenses means all expenses and assessments properly incurred by the Association for the Condominium and includes, but is not limited to: the expenses of administration and maintenance, operation, repair and replacement of the common elements and of the portions of units to be maintained by the Association; taxes, special assessments and insurance for the common elements; other expenses declared to be common expenses herein and in the By-Laws; and any other valid charge against the Condominium as a whole.

2.7 Common Surplus means the excess of all receipts of the Association, including but not limited to, assessments, rents, profits and revenues on account of the common elements, over the amount of common expenses.

2.8 Condominium means all of the condominium property as a whole when the context so permits, as well as that form of ownership of real property which is comprised of units that may be owned by one or more persons, and in which there is appurtenant to each unit an undivided share in the common elements.

2.9 Condominium Act means Chapter 718, Florida Statutes, in existence as of the date of this Declaration.

2.10 Condominium Parcel means a unit, together with the undivided share in the common elements which is appurtenant to the unit.

2.11 Condominium Property means and includes the land hereby submitted to the condominium form of ownership, all improvements thereon, and the common elements; and all easements and rights appurtenant thereto.

2.12 Declaration or Declaration of Condominium means this intrument as it may from time to time be amended.

2.13 Developer means K. M. BROOKS and LOUISE M. SPARKS, their heirs, personal representatives and assigns, and whoever offers for sale condominium parcels created herein in the ordinary course of business; except the term shall not include the owners of units who have not acquired all the right, title and interest of K. M. BROOKS and LOUISE M. SPARKS, in the condominium property.

2.14 Institutional Mortgagee means a bank, bank holding company, or subsidiary thereof, savings and loan association, insurance company, union pension fund, mortgage company approved by Developer, its successor, grantees or assigns, agency of the United States Government, or Developer, its grantees, successors and assigns holding a first mortgage of public record on a condominium parcel or on any portion of the condominium property.

2.15 Land means the real property in St. Lucie County, Florida, which is being submitted to condominium ownership, and is more particularly described in the introductory paragraph hereof.

2.16 Limited Common Elements means those common elements which are reserved for the use of a certain unit to the exclusion of other units, and for all purposes herein shall be treated as common elements as to the unit for which they are reserved.

2.17 Occupant means the person or persons, other than the unit owner, in possession of a unit or limited common elements.

2.18 Special Assessment means a share of the funds required for payment of common expenses which are unbudgeted or for which insufficient provision is made in the budget, occasioned for unforeseeable and fortuitous events, which from time to time may be assessed against the unit owners.

2.19 Unit or Residential Unit means a part of the condominium property which is subject to private ownership, to be used as a single family residence and as designated on the exhibits attached to this Declaration.

2.20 Unit Owner means the owner of a condominium parcel.

2.21 Singular, Plural, Gender. Whenever the context so permits, the use of the singular shall include the plural and the plural shall include the singular, and the use of any gender shall be deemed to include all genders.

3. DEVELOPMENT PLAN AND IDENTIFICATION OF UNITS. The condominium property consists of the land, all easements and rights appurtenant thereto, and the buildings constructed thereon, comprising in total the units, common elements and limited common elements. The improvements on the land consist of two (2) 2-story buildings in which all of the units are located. One building, containing eleven (11) units, possesses five (5) units on the first floor (Units A through E, inclusive), and six (6) units on the second floor (Units F through K, inclusive). The second 2-story building contains two (2) units, Unit M on the first floor, and Unit L on the second floor. The condominium has thirteen (13) units in total.

The units have been created through the conversion of existing improvements to the condominium form of ownership. All units have been previously occupied, for the most part by transient tenants as vacation or seasonal residences.

3.1 Designation of Units. Each unit in the two (2) buildings of the condominium is designated alphabetically by letter, A through M, inclusive, for a total of thirteen (13) units. No unit bears the same alphabetical designation as any other unit.

3.2 Unit Boundaries.

(a) Each unit shall have as its boundary lines the interior unpainted finished surfaces of the ceiling, floor, and perimeter walls. All weight bearing walls and solid concrete columns located within a unit constitute part of the common elements up to the unpainted finished surface of the walls and columns. All doors, glass or otherwise, and screening which are part of or in the perimeter walls of a unit shall be deemed a part of the unit up to the exterior unfinished surface thereof.

(b) All pipes, wires, conduits and other utility lines, regardless of location, constitute part of the common elements, up to their outlets.

(c) The screened porch of any unit is a part of that unit. The boundary lines of each such screened porch are the interior vertical and horizontal surfaces thereof, and the exterior unpainted finished surface of the perimeter baluster or wall of any screened porch, but the Association, and not the unit owners, shall maintain and repair the exterior baluster or wall of any screened porch. The planes of all boundaries shall be extended to the point of intersection with other boundaries, if necessary.

(d) The ventilation chases and plumbing chases located within a unit are common elements. The boundary lines of each chase shall be the exterior unpainted surfaces thereof.

4. COMMON ELEMENTS. The common elements of the condominium consist of the Land and all other parts of the Condominium Property not within the apartments, including all tangible personal property used in the maintenance and operation of the condominium. Included within the meaning of Common Elements are the following:

(a) The ventilation chases, plumbing chases, and concrete columns within the units;

(b) Easements through units for conduits, ducts, plumbing, wiring and other facilities for the furnishing of utility services to units and the common elements;

(c) An easement of support in every portion of a unit which contributes to the support of the building;

(d) Installations for the furnishing of utility and other service to more than one unit or to the common elements or to a unit other than the unit containing the installation; and

(e) The condominium property which is not included within the units.

5. LIMITED COMMON ELEMENTS. Those areas reserved for the use of a certain unit to the exclusion of other units are designated as limited common elements, and are shown and located on Exhibit B, attached hereto. The limited common elements include the parking space serving a unit, air-conditioning and heating equipment servicing a unit and located outside of that unit, including air-conditioning compressors and ducts located outside the unit served.

5.1 Responsibility of Unit Owners. The unit owner who has the right to the exclusive use of a limited common element, other than paved parking spaces, shall be responsible, at his cost and expense, for the maintenance, care, and preservation of the limited common element. The Association shall maintain and repair the exterior of the balusters or walls of the screened porches.

5.2 Responsibility of Association. Except as provided in 5.1 above and as elsewhere provided herein, any expense for the maintenance, repair or replacement relating to common elements shall be treated and paid for as a part of the common expenses of the Association. Should any maintenance, repair or replacement be caused by the negligence or misuse by a unit owner, his family, guests, employees, and licensees, he shall be responsible therefor, and the Association shall have the right to levy an assessments against the owner's unit, which assessment shall have the same force and effect as all other assessments.

6. SURVEY, SITE PLAN AND GRAPHIC DESCRIPTION OF IMPROVEMENTS. Attached hereto as composite Exhibit B is a survey of the Land, graphic descriptions of the improvements in which units are located, a Plot Plan locating the common elements and limited common elements, and floor plans and cross sections for the units in the Condominium.

6.1 Surveyor's Certificate. Attached hereto as Exhibit A and incorporated herein by reference is the certificate of a surveyor authorized to practice in Florida certifying that the construction of the improvements is substantially complete so that Composite Exhibit B, together with the provisions of this Declaration describing the condominium property, is an accurate representation of the location and dimensions of the improvements, and that the identification, location and dimensions of the common elements and of each unit can be determined from these materials.

7. POSSESSION AND ENJOYMENT OF CONDOMINIUM PARCELS AND APPURTENANCES.

7.1 Condominium Parcels. Each condominium parcel is a separate parcel of real property, the ownership of which shall be in fee simple. Each condominium parcel includes the unit, the undivided share of the common elements which is appurtenant to that unit, and the interest of the unit in the limited common elements appurtenant thereto.

7.2 Appurtenances. There shall pass with each unit as appurtenances thereto, the following:

(a) An undivided share in the common elements;

(b) An undivided share in common surplus;

(c) An exclusive easement for the use of air space occupied by the unit as it exists at any particular time and as the unit may lawfully be altered or reconstructed from time to time, which easement shall be terminated automatically in any air space which is vacated from time to time;

(d) Membership of each unit owner in the Association and the interests of each unit in the funds and assets held by the Association;

(e) The right to use all of the common elements for their intended purposes, subject to the provisions of the Declaration, the By-Laws, and such reasonable rules and regulations as may from time to time be established by the Association; but no use shall hinder or encroach upon the lawful rights of other unit owners;

(f) The exclusive right to use such portion of the common elements as may be provided by this Declaration to be limited common elements appurtenant exclusively to the unit.

8. RESTRAINT UPON SEPARATION AND PARTITITION OF COMMON ELEMENTS AND LIMITED COMMON ELEMENTS. The undivided share in the common elements and limited common elements which is appurtenant to a unit shall not be separated therefrom and shall pass with the title to the unit, whether or not separately described.

(a) A share in the common elements and limited common elements appurtenant to a unit may not be conveyed or encumbered except together with the unit;

(b) The shares in the common elements and limited common elements appurtenant to the units shall remain undivided, and no action for partition of the common elements or limited common elements shall lie.

9. PERCENTAGE OWNERSHIP OF COMMON ELEMENTS AND SHARING OF COMMON EXPENSES AND COMMON SURPLUS. The undivided share in the common elements appurtenant to each unit and the percentage of sharing common expenses and of owning common surplus attributable to each unit is shown on Exhibit C attached hereto and incorporated herein by reference. The respective undivided interests as set forth in Exhibit C have been carefully established, giving effect to numerous criteria, and cannot be changed, altered or amended except as provided in this Declaration and the Condominium Act.

10. TAX ASSESSMENTS. For the purposes of ad valorem taxation, the interest of the owner of a condominium parcel in his condominium unit and in the common elements shall be considered as a unit. The value of the unit shall be equal to the percentage of the value of the entire condominium, including land and improvements, as has been assigned to the unit as its undivided share of the common elements by this Declaration. The total of all of the percentages equals 100% of the value of all of the land and improvements thereon.

11. EASEMENTS. The following easements are hereby granted or reserved:

11.1 Easements for Unintentional Encroachments. Perpetual easements are granted and reserved for encroachments presently existing or which may hereafter be caused by settlement or movement of the building or minor inaccuracies in construction, which easements shall continue until such encroachments no longer exist. If any part of the condominium property is destroyed and then rebuilt, encroachments due to construction shall be permitted and a valid easement for said encroachments and the maintenance thereof shall exist.

11.2 Utility Easements. Easements are hereby granted and reserved for the Developer, unit owners, and the Association through the condominium property as may be required for utility service in order to serve the Condominium.

11.3 Ingress and Egress. An easement is hereby granted and reserved to Developer, its successors or assigns, for pedestrian and vehicular traffic over, through, and across such portions of the common elements as may from time to time be intended and designated for such uses and purposes, for the use and benefit of the unit owners, their families and invitees, in obtaining ingress and egress for all such units to public rights of way.

12. MEMBERSHIP IN ASSOCIATION AND VOTING RIGHTS.

12.1 Membership. Every owner of a unit, whether he has acquired title by purchase from Declarant, Declarant's grantees, successors or assigns, or by gift, conveyance or operation of law, is bound to and hereby agrees that he shall accept membership in the Association and does hereby agree to be bound by this Declaration, the By-Laws of the Association and the rules and regulations enacted pursuant thereto, and the provisions and requirements of the Condominium Act and lawful amendments thereto. Membership is automatic upon acquisition of a unit and approval by the Association, and may not be transferred apart and separate from a transfer of the ownership of a unit. Membership shall automatically terminate upon sale or transfer of the unit, whether voluntary or involuntary.

12.2 Voting Rights. There shall be one person with respect to each unit who shall be entitled to vote at any meeting of the unit owners. If a unit is owned by more than one individual, the owners of said unit shall designate one of them as the voting member. If a unit is owned by a corporation, the Board of Directors of the corporation by duly passed resolution shall designate one of its officers or employees as the voting member. If a unit is owned by a partnership all of the partners by an appropriate resolution shall designate one of the partners as the voting member. If a unit is owned by more than one trustee, all of the trustees shall designate one of the trustees as the voting member. The By-Laws of the Association shall govern the proceedings to follow in designating an individual as the voting member of the unit. If one individual owns more than one unit, he shall have as many votes as the number of units that he owns. The vote of a unit is not divisible.

13. THE ASSOCIATION. The operation and management of the condominium property shall be by BOARDWALK OWNERS ASSOCIATION, INC., a corporation not for profit under the laws of the State of Florida. The Association shall have all of the powers and duties set forth in the Condominium Act, and all of the powers and duties granted to or imposed upon it by this Declaration, the Articles of Incorporation, and the By-Laws of the Association. A copy of the Articles of Incorporation and By-Laws of the Association are attached hereto as Exhibits D and E, respectively, and incorporated herein by reference.

13.1 Limitation Upon Liability of Association. Notwithstanding the duty of the Association to maintain and repair parts of the condominium property, the Association shall not be liable to unit owners for injury or damage, other than the cost of maintenance and repair, caused by any latent condition of the property to be repaired and maintained by the Association or caused by the elements or other unit owners or persons.

13.2 Notice of Contingent Liability. In any legal action in which the Association may be exposed to liability in excess of insurance coverage protecting it and the unit owners, the Association shall give notice of the exposure within a reasonable time to all unit owners who may be exposed to the liability and they shall have the right to intervene and defend. A copy of each insurance policy obtained by the Association shall be made available for inspection by unit owners at reasonable times.

13.3 Control of the Association. The first Board of Directors of the Association shall remain in office, and Developer shall control the Association until all units in the condominiums have been sold and closed, or until Developer elects to turn over control, whichever shall first occur; provided, however, such term of office of the original Directors shall in no event extend beyond three (3) years after fifty per cent (50%) of said units have been sold and closed, or three (3) months after ninety per cent (90%) of such units have been sold and closed. Upon sale and closing of at least fifteen per cent (15%) of the units of this condominium, the unit owners other than Developer shall be entitled to elect one-third (1/3) of the members of the Board of Directors. Upon the occurrence of any of said events, a special meeting for the purpose of electing interim Directors will be held upon due and proper notice being given to all unit owners in accordance with applicable law and the By-Laws of the Association. The interim election and all subsequent elections shall take place in accordance with the procedures set forth in the By-Laws as applicable to regular meetings. An employee or an agent of a business entity owner, such as Developer, shall be eligible to serve as a Director of the Association. Developer shall be entitled to elect at least one member of the Board of Directors of the Association as long as Developer holds at least one (1) of the units in the condominium for sale in the ordinary course of business.

14. BY-LAWS. The operation of the Condominium shall be governed by the By-Laws of the Association. No modification of or amendment to the By-Laws shall be valid unless set forth in or annexed to a duly recorded amendment to this Declaration in accordance with the formalities set forth herein. No amendment to the By-Laws shall be adopted which would affect or impair the validity or priority of any mortgage held by an Institutional Mortgagee covering any condominium parcel without the consent of said Institutional Mortgagee. Defects or omissions in the By-Laws shall not affect the validity of the Condominium or title to the condominium parcels.

15. MAINTENANCE, ALTERATIONS AND IMPROVEMENTS. Responsibility for the maintenance of the condominium property and restrictions upon alterations and improvements thereof shall be as follows:

15.1 Common Elements.

(a) The maintenance and operation of the common elements shall be the responsibility of the Association and shall be a common expense;

(b) There shall be no material alteration or further substantial improvement of common elements without prior approval, in writing, by record owners of seventy-five per cent (75%) of all units. The cost of such alteration or improvement shall be a special assessment and so assessed.

(1) All portions of a unit contributing to the support of the building, which portions shall include but not be limited to the outside walls of the building, all fixtures on the exterior thereof, the perimeter baluster and walls abutting each screened porch, including the exterior surfaces thereon, boundary walls of a unit, floors and ceiling slabs, load-bearing columns and load-bearing walls, but shall not include screening, windows, exterior doors, glass and interior surfaces of walls, ceilings and floors;

(2) All conduits, plumbing (but not fixtures), wiring and other facilities for the furnishing of utility services which are contained in a unit but which service all or parts of the building other than the unit within which contained;

(3) Ventilation and plumbing chases that are common elements;

(4) All parking area pavement;

(5) All incidental damage caused to a unit by such work shall be promptly repaired by the Association.

(b) The responsibility of the unit owner shall include:

(1) To maintain, repair and replace, at his sole and personal expense, all doors, windows, glass, screens, electric panels, electric wiring, electric outlets and fixtures, air-conditioning and heating equipment, including but not limited to condensers, compressors and evaporators whether located within or outside the unit; refrigerators, other appliances, drains, plumbing fixtures and connections, interior surfaces of all walls, including boundary and exterior walls, floors and ceilings, including screened porch floor coverings, if any, and all other portions of his unit and limited common elements appurtenant thereto, except the portions specifically to be maintained, repaired and replaced by the Association.

(2) To refrain from enclosing, painting or otherwise decorating or changing the appearance of any portion of the exterior of the condominium building, or the screened porch appurtenant to the unit, including, but not limited to, screened porch floor coverings, if any, screening, windows, window coverings, and exterior doors, without the written approval of the Association.

(3) To promptly report to the Association any defect or need for repairs, the responsibility for which is that of the Association.

15.3 Enforcement of Maintenance. In the event the owner of a unit fails to maintain the property as required above, or otherwise violates the provisions hereof, the Association or any other unit owner shall have the right to proceed in a court of

BY-LAWS OF

BOARDWALK OWNERS ASSOCIATION, INC.
A Non-Profit Florida Corporation

## ARTICLE I

### GENERAL

Section 1. Name: The name of the corporation shall be BOARDWALK OWNERS ASSOCIATION, INC., hereinafter referred to as the "Association" or "Corporation".

Section 2. Principal Office: The principal office of the Association shall be at Boardwalk Condominium, 715 South Ocean Drive, Fort Pierce, Florida, or at such other place as may be subsequently designated by the Board of Directors. All books and records of the Association shall be kept at the principal office or at the office of the registered agent of the Association.

Section 3. Definitions: As used herein, terms defined in the Declaration of Condominium for BOARDWALK CONDOMINIUM, hereinafter referred to as the "Condominium", shall mean the same herein.

## ARTICLE II

### DIRECTORS

Section 1. Powers: The property and business of the Association shall be managed by the Board of Directors ("Board"), which may exercise all corporate powers not specifically prohibited by statute, the Articles of Incorporation or the Declaration of Condominium to which these By-Laws are attached. The powers of the Board of Directors shall include, but not be limited to, all those powers as set forth in Article IV of these By-Laws.

Section 2. Number and Term: Three (3) Directors shall constitute the whole Board of Directors. Except for the initial directors designated in the Articles of Incorporation and any other directors selected by the Developer, a director shall be elected to serve for the term of one (1) year, or until his successor has been elected and qualified. An employee or agent of a business entity owner shall be eligible to serve as a director of the Association. If the number of Directors falls below three (3), a special members' meeting shall be called for the purpose of filling vacancies on the Board of Directors.

Section 3. Vacancy and Replacement: If the office of any director becomes vacant by reason of death, resignation, retirement, disqualification, removal from office or otherwise, a majority of the remaining directors, though less than a quorum, at a special meeting duly called for this purpose, shall choose a successor, who shall hold office for the unexpired term in respect to which such vacancy occurred. The Developer shall be empowered to remove or replace at any time any director originally selected by the Developer.

Section 4. Removal: Directors may be removed for cause by an affirmative vote of a majority of the qualified votes of voting members. No director shall continue to serve on the Board if, during his term of office, his membership in the corporation shall be terminated for any reason whatsoever.

Section 5. Recall: Directors may be recalled and removed from office with or without cause by the vote or agreement in writing by a majority of all voting members. A special meeting of the voting members to recall a Director or Directors may be called by ten per cent (10%) of the voting members giving notice of the meeting as required in Article VI of these By-Laws, and the notice shall state the purpose of the meeting.

Section 6. First Board of Directors: The first Board of Directors designated in the Articles of Incorporation shall hold office and exercise all the power of the Board of Directors until the first membership meeting, anything herein to the contrary notwithstanding; provided, any or all of said directors shall be subject to replacement by the Developer or, in the event of resignation or death, as above provided.

Section 7. Compensation: Neither directors nor officers shall receive compensation for their services as such.

Section 8. Meetings:

(a) The first meeting of each Board of Directors newly elected by the voting members shall be held immediately upon adjournment of the meeting at which they were elected, provided a quorum shall then be present, or as soon thereafter as may be practicable. The annual meeting of the Board of Directors shall be held at the same place as the voting members' annual meeting, and immediately after the adjournment of same;

(b) Special meetings shall be held whenever called by the President or a majority of the Board of Directors. The Secretary shall give notice of each special meeting either personally, by mail or telegram to each director at least three (3) days before the date of such meeting, but the Directors may waive notice of the calling of the meeting;

(c) Meetings of the Board of Directors shall be open to all unit owners. Adequate notice of all meetings of the Board of Directors shall be posted conspicuously on the condominium properties at least forty-eight (48) hours in advance, except in an emergency;

(d) A majority of the Board of Directors shall be necessary and sufficient at all meetings to constitute a quorum for the transaction of business, and the act of a majority present at any meeting at which there is a quorum shall be the act of the Board of Directors. If a quroum shall not be present at the meeting, the Directors then present may adjourn the meeting without notice, other than announcement at the meeting, until a quorum shall be present.

Section 9. Order of Business: The order of business at all meetings of the Board of Directors shall be as follows:

1. Roll call and quorum determination;

2. Reading of minutes of last meeting;

3. Consideration of communications;

4. Resignations and elections;

5. Reports of officers and employees;

6. Reports of committees;

7. Unfinished business;

8. Original resolutions and new business;

9. Adjournment.

Section 10. Annual Statement: The Board shall present, no less often than at the annual meeting, a full and clear statement of the business and condition of the Association, including a report of the operating expenses of the Association and the assessments paid by the members.

ARTICLE III

OFFICERS

Section 1. Executive Officers: The executive officers of the Association shall be a President, Vice-President, Treasurer and Secretary, all of whom shall be elected annually by the Board of Directors. Any two of said offices may be united in one person, except that the President shall not also be the Secretary or an Assistant Secretary of the Association. The President shall be a director ex officio, unless elected to the Board. If the Board so determines, there may be more than one Vice-President.

Section 2. Subordinate Officers: The Board of Directors may appoint such other officers and agents as they may deem necessary, who shall hold office during the pleasure of the Board of Directors and have such authority and perform such duties as from time to time may be prescribed by the Board.

Section 3. Tenure of Officers; Removal: All officers and agents shall be subject to removal, with or without cause, at any time by action of the Board of Directors. The Board may delegate powers of removal of subordinate officers and agents to any officer.

Section 4. The President:

(a) The President shall preside at all meetings of the members and Directors; he shall have general and active management of the business of the Association; he shall see that all orders and resolutions of the Board are carried into effect; he shall execute bonds, mortgages and other contracts requiring a seal, under the seal of the Association; the seal when affixed shall be attested by the signature of the Secretary;

(b) He shall have general superintendence and direction of all the other officers of the Association, and shall see that their duties are performed properly;

(c) He shall submit a report of the operation of the Association for the fiscal year to the Directors whenever called for by them, and to the members at the annual meeting, and from time to time shall

report to the Board all matters within his knowledge which the interest of the Association may require to be brought to their notice;

(d) He shall be an ex officio member of all committees, and shall have the general powers and duties of supervision and management usually vested in the office of President of a corporation.

Section 5. The Vice-President: The Vice-President shall be vested with all powers and required to perform all duties of the President in his absence; and such other duties as may be prescribed by the Board of Directors.

Section 6. The Secretary:

(a) The Secretary shall keep the minutes of the meetings of the voting members and of the Board of Directors in one or more books provided for that purpose; said minute books shall be available for inspection by unit owners, or their authorized representatives, and directors at any reasonable time; said minutes shall be retained for a period of not less than seven (7) years.

(b) He shall see that all notices are duly given in accordance with the provisions of these By-Laws or as required by law;

(c) He shall be custodian of the corporate records and of the seal of the Association and shall see that the seal of the Association is affixed to all documents, the execution of which on behalf of the Association under its seal is duly authorized in accordance with the provisions of these By-Laws;

(d) He shall keep a register of the post office address of each unit owner, which shall be furnished to the Secretary by each unit owner;

(e) In general, he shall perform all duties incident to the office of secretary and such other duties as from time to time may be assigned to him by the President or by the Board of Directors.

Section 7. Treasurer:

(a) The Treasurer shall keep full and accurate accounts of receipts and disbursements in books belonging to the Association, and shall deposit all monies and other valuable effects in the name and to the credit of the Association, in such depositories as may be designated by the Board of Directors;

(b) He shall disburse the funds of the Association as ordered by the Board, taking proper vouchers for such disbursements, and shall render to the President and directors, at regular meetings of the Board, or whenever they may require it, an account of all his transactions as Treasurer and of the financial condition of the Association;

(c) He may be required to give the Association a bond in a sum and with one or more sureties satisfactory to the Board, for the faithful performance of the duties of his office, and the restoration to the

Association, in case of his death, resignation or removal from office, all books, papers, vouchers, money or other property of whatever kind in his possession belonging to the Association.

Section 8. Vacancies: If the office of the President, Vice-President, Secretary or Treasurer, one or more, becomes vacant by reason of death, resignation, disqualification or otherwise, the directors, by a majority vote, may choose a successor who shall hold office for the unexpired term.

Section 9. Resignations: Any director or other officer may resign his office at any time, such resignation to be made in writing, and to take effect from the time of its receipt by the Association, unless some time be fixed in the resignation, and then from that date.

## ARTICLE IV

## POWERS AND DUTIES OF THE ASSOCIATION

The Association shall have all powers granted to it by law, the Declaration of Condominium, the Condominium Act, and the Articles of Incorporation, all of which powers shall be exercised by its Board of Directors, unless the exercise thereof is otherwise restricted in the Declaration of Condominium, these By-Laws, or by law. The powers of the Association shall include, but not be limited to, the following:

(a) To levy and collect regular and special assessments and to establish the method and time within which payments are to be made;

(b) To expend monies collected for the purpose of paying the common expenses of the Association;

(c) To purchase equipment, supplies and material required for the maintenance, repair, replacement, operation and management of the condominium properties;

(d) To insure and keep insured the buildings and improvements of the Condominium as provided for and limited by the Declaration of Condominium;

(e) To employ the personnel required for the operation of the condominium properties;

(f) To make reasonable rules and regulations for the use of the condominium properties and to amend them from time to time, and see to it that all members are notified of such changes in the rules and regulations as may be enacted;

(g) To improve the condominium properties subject to the limitations of the Declaration of Condominium;

(h) To enforce by any legal means the provisions of the Articles of Incorporation, the By-Laws, the Declaration of Condominium, and the regulations promulgated by the Association;

(i) To collect delinquent assessments by suit or otherwise, and to abate nuisances and enjoin or seek damages from unit owners for violation of the provisions of the condominium documents;

(j) To approve or disapprove of all conveyances of condominium parcels as provided for in the Declaration of Condominium;

(k) To select depositories for Association funds, and to determine the manner of receiving, depositing, and disbursing Association funds, and the form of check and the person or persons by whom checks shall be signed, when not signed, as otherwise provided by these By-Laws;

(l) To collect for the management and maintenance of the condominium and to authorize a management agent to assist the Association in carrying out its powers and duties by performing such functions as the collection of assessments, preparation of records, enforcement of rules and maintenance of the common elements. The Association shall, however, retain at all times the power and duties granted them by the Condominium Act, including, but not limited to, the making of assessments, promulgation of rules, and execution of contracts on behalf of the Association.

Nothing in this subparagraph or in the Declaration of Condominium shall be deemed to require the Association to maintain the interior of any condominium unit, or to enter into any contract or undertaking to provide for the maintenance or upkeep of the interior of any condominium unit.

(m) To establish the offices of additional officers of this Association and to appoint all officers;

(n) To propose and adopt the budget for the Condominium;

(o) To possess, enjoy and exercise all powers necessary to implement, enforce, and carry into effect the powers above described, including the power to acquire, hold, convey, and deal in real and personal property.

## ARTICLE V

## MEMBERSHIP

Section 1. Definition: Voting membership in the Association shall be limited to owners of condominium units in the Condominium.

Section 2. Transfer of Membership and Ownership: Membership in the Association may be transferred only as an incident to the transfer of the transferor's condominium parcel, and such transfer shall be subject to the procedures set forth in the Declaration of Condominium.

Section 3. Plural Ownership: Membership may be held in the names of more than one person, in which event, all of the plural owners of the unit shall be entitled collectively to only one vote in the management of the affairs of the Association, and the vote may not be divided between the plural owners. The plural owners

must file a certificate authorizing a voting member in accordance with Article VI, Section 7, of these By-Laws.

## ARTICLE VI

## MEETINGS OF MEMBERSHIP

Section 1. Place: All meetings of the Association membership shall be held at the office of the Association or at such other place as may be stated in the notice of the meeting.

Section 2. Annual Meeting:

(a) The first annual meeting of the members shall be held the first Wednesday in October, 1983, at 8:00 PM , and each subsequent regular annual meeting of the members shall be held on the same day of the same month of each year thereafter, at the hour of 8:00 P.M.

If the day for the annual meeting of the members is a legal holiday, the meeting will be held at the same hour on the first day following that which is not a legal holiday. If the meeting is re-scheduled, the directors elected at the first annual meeting and the officers elected as a result of the directors' meeting will hold office until the annual meeting is held.

(b) At the annual meeting, the members, by a plurality vote, shall elect a Board of Directors and transact such other business as may properly come before a meeting.

(c) Written notice of the annual meeting shall be given to each unit owner and shall be posted in a conspicuous place on the condominium properties at least fourteen (14) days prior to the annual meeting. The notice of the annual meeting shall be sent by mail to each unit owner and the post office certificate of mailing shall be retained as proof of such mailing.

Section 3. Membership List: At least ten (10) days before every regular meeting of the membership, a complete list of members entitled to vote at said meeting, arranged numerically by units, with residence of each, shall be prepared by the Secretary. Such list shall be produced and kept for said ten (10) days at the office of the Association, and shall be open to examination by any member throughout such time.

Section 4. Special Meetings:

(a) Special meetings of the members, for any purpose(s), unless otherwise prescribed by law, the Declaration of Condominium, or Articles of Incorporation, may be called by the President, and shall be called by the President or Secretary at the written request of one-third (1/3) of the voting members. Such request shall state the purpose(s) of the proposed meeting;

(b) Written notice of a special meeting of members, stating the time, place and purpose(s) thereof,

shall be served upon or mailed to each voting member at the address as it appears on the books of the Association, at least five (5) days before such meeting;

(c) Business transacted at all special meetings shall be confined to the purpose(s) stated in the notice of the meeting;

(d) Unit owners may waive notice of special meetings and may take action by written agreement without meetings, if allowed by law, the Declaration of Condominium, and the Articles of Incorporation.

Section 5. Quorum: A majority of the total number of voting members of the Association, present in person or represented by written proxy, shall be required for and shall constitute a quorum at all meetings of the members for the transaction of business, except as otherwise provided by statute, by the Articles of Incorporation or these By-Laws. If, however, such quorum shall not be present or represented at any meeting of the members, the voting members present in person or represented by written proxy, shall have power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting originally called.

Section 6. Vote Required to Transact Business: When a quorum is present at any meeting, a majority of the votes cast, in person or represented by written proxy, shall decide any questions brought before the meeting, unless the question is one upon which, by express provision of law, the Declaration of Condominium, the Articles of Incorporation or these By-Laws a different vote is required, in which case such express provision shall govern and control the decision of such question. Cumulative voting is prohibited.

Section 7. Entitled and Qualified to Vote; Plural Ownership; Proxies: Each unit owner shall be entitled to one (1) vote for each unit owned by him. At any meeting of the members, every member entitled to vote may vote in person or by proxy. Such proxy shall only be valid for such meeting or subsequent adjourned meetings thereof. If more than one (1) person or a corporation owns a unit, they shall file a certificate with the Secretary of the Association naming the person authorized to cast votes for said unit. If the certificate is not on file, the owner(s) shall not be qualified to vote and the vote of such owner(s) shall not be considered nor shall the presence of said unit owner(s) at a meeting be considered in determining whether the quorum requirement has been met. If a unit shall be owned by husband and wife as tenants by the entirety, no certificate need be filed with the Secretary naming the person authorized to cast votes for said unit, and either spouse, but not both, may vote in person or by proxy and be considered in determining whether the quorum requirement has been met at any meeting of the members, unless prior to such meeting, either spouse has notified the Secretary in writing that there is disagreement as to who shall represent the unit at the meeting, in which case the certificate requirements set forth above shall apply.

Section 8. Waiver and Consent: Whenever the vote of members at a meeting is required or permitted by any provision of law, the Declaration of Condominium, the Articles of Incorporation or these By-Laws to be taken in connection with any action of the Association, the meeting and vote of members

may be dispensed with, if all members who would have been entitled to vote upon the action at such meeting, if such meeting were held, shall have consented in writing to such action being taken.

Section 9. Order of Business: The order of business at annual members' meetings, and as far as practical at other members' meetings, shall be:

1. Election of Chairman
2. Roll call and Quorum Determination
3. Proof of Notice of Meeting or Waiver of Notice
4. Reading of Minutes of Prior Meeting
5. Officers' Reports
6. Committee Reports
7. Elections
8. Unfinished Business
9. New Business
10. Adjournment

Section 10. Procedure: Roberts Rules of Order (latest edition) shall govern the conduct of Association proceedings when not in conflict with the Articles of Incorporation, these By-Laws or any provision of law.

## ARTICLE VII

## NOTICES

Section 1. Definition: Except where expressly provided to the contrary, whenever under the provision of law, the Declaration of Condominium, the Articles of Incorporation or these By-Laws, notice is required to be given to any director or member, it shall not be construed to mean personal notice; but such notice may be given in writing by regular mail, by depositing the same in a post office or letter box in a postpaid, sealed envelope, addressed as appears on the books of the Association.

Section 2. Service of Notice - Waiver: Whenever any notice is required to be given under the provisions of these By-Laws, a waiver thereof, in writing, signed by the person(s) entitled to such notice, whether before or after the time stated herein, shall be deemed the equivalent of such notice.

Section 3. Address: The address for notice to the Association is 715 South Ocean Drive, Fort Pierce, Florida 33450.

## ARTICLE VIII

## FINANCES

Section 1. Fiscal Year: The fiscal year of the Association shall be the calendar year, commencing January 1 of each year,

provided, however, that the Board of Directors is authorized to change to a different fiscal year at such time as the Board deems advisable.

Section 2. Checks: All checks or demands for money and notes of the Association shall be signed by any one of the following officers: President, Secretary or Treasurer, or by such officer(s) or such other person(s) as the Board of Directors may from time to time designate.

Section 3. Depositories: The funds of the Association shall be deposited in a bank(s) in St. Lucie County, Florida, in an account for the Association under resolutions approved by the Board of Directors, and shall be withdrawn only over the signature of the Treasurer, the President or the Vice-President, or such other person(s) as the Board may authorize. The Board may require more than one signature on checks and bank drafts. Said funds shall be used only for Association purposes. If necessary, and if demanded by Institutional Mortgagees, separate accounts shall be established to maintain and disburse escrow funds required by Institutional Mortgagees to meet mortgage requirements as to establishment of escrows for real estate taxes and insurance respecting condominium parcels.

Section 4. Inspections and Records: The Association shall maintain good accounting records. All such records and any legal documents, policies of insurance, and books of the Association shall be open to inspection at reasonable times by members, their authorized representatives, and all Institutional Mortgagees. Upon request, Institutional Mortgagees shall have the right to receive an unaudited financial statement of the Association within ninety (90) days following the end of the fiscal year.

Section 5. Annual Statement: The Board of Directors shall present at each annual meeting a full and clear statement of the business and condition of the Association.

Section 6. Insurance: The Association shall procure, maintain and keep in full force and effect, all insurance required by and in accordance with the Declaration of Condominium.

Section 7. Fidelity Bonds: Fidelity bonds may be required by the Board of Directors from all officers and employees of the Association and from any contractor handling or responsible for Association funds. The premiums for such bonds shall be paid by the Association as a common expense.

Section 8. Assessments:

(a) The Board of Directors has the power to and shall from time to time fix and determine the amount necessary to pay the common expenses of the Condominium. Common expenses include those expenses described in Paragraph 2.6 of the Declaration of Condominium and any other expenses designated as common expenses by the Board of Directors.

(b) Funds for the payment of common expenses shall be assessed and be a lien against the condominium parcels in the proportion of percentage of sharing common expenses as provided in the Declaration of Condominium.

(c) Regular assessments shall be paid by the members on a monthly basis unless the membership shall approve a different period for payment.

(d) Special assessments, when required by the Board of Directors, shall be levied and paid in the same manner as regular assessments, unless the Declaration of Condominium shall otherwise provide. The Board of Directors may make special assessments in emergencies and upon such conditions as the Board may authorize.

(e) When the Board of Directors has determined the amount of any assessments, the Secretary or Treasurer shall transmit a statement of such assessment to each condominium parcel owner. All assessments shall be made payable to and at the office of the Association and upon request the Secretary or Treasurer shall give a receipt for each payment made.

(f) Assessments are necessarily made upon projections and estimates of the Board of Directors, and may be in excess of or less than the sums required to meet the cash requirements of the Condominium, in which event the Board of Directors may increase or decrease the amount of an assessment, and make such adjustments in cash or otherwise, as they shall deem proper, including the assessment of each member of his proportionate share of any deficiency. Notice of all changes in assessments shall be given to all unit owners.

(g) Assessments shall not include charges for utilities separately charged and metered to each condominium unit, nor charges for such alterations, repairs, maintenance, improvements or decorating within the interior of any unit as are the obligation of the unit owner and not the obligation of the Association. The Board of Directors may provide certain maintenance and repairs as would otherwise be the obligation of the individual unit owners, by the undertaking of contracts with business establishments providing repair and maintenance services, and in such cases the cost or price of such contractual services may be treated as a common expense and assessed against the members as part of their monthly maintenance. The specific contracts or undertakings need not be submitted by the Board of Directors to the membership for approval once the membership has approved the policy of having a specific type of repair or maintenance undertaken by the Association which would otherwise be the individual unit owners' responsibility.

(h) Assessments are due on the dates stated in the notice of assessments, and thereafter shall bear interest at eighteen per cent (18%) per annum until paid.

(i) In the event an assessment is not paid within fifteen (15) days of the date it is due and payable, the Association through the Board of Directors, may proceed to enforce and collect said

assessment from the delinquent owner in any manner provided by the Condominium Act, the Declaration and these By-Laws. Each condominium parcel owner shall be individually responsible for the payment of reasonable attorney's fees and costs incurred by the Association in the collection of sums due and enforcement of any lien held by the Association.

(j) The Board of Directors may authorized the President to enter into a management contract with third parties to whom the power to levy and collect assessments may be delegated.

(k) All sums collected by the Association from assessments may be commingled in a single fund or divided into more than one fund, as determined by the Board of Directors. All assessment payments by a unit owner shall be applied as provided herein and in the Declaration of Condominium.

(l) Any unit owner shall have the right to require from the Association, a certificate showing the amount of unpaid assessments against him with regard to his condominium parcel. The holder of a mortgage or other lien shall have the same right as to any condominium parcel upon which it has a lien. Any person other than owner who relies upon such certificate shall be protected thereby.

Section 9. Budget:

(a) The Board of Directors is empowered to propose and adopt the budget for the Condominium.

(b) Notice of the meeting and a copy of the proposed annual budget of common expenses shall be mailed to the unit owners not less than thirty (30) days prior to the meeting of the Board of Directors at which the budget will be considered. Such meeting shall be open to the unit owners. If a budget is adopted by the Board of Directors which requires assessments against the unit owners in any fiscal year exceeding 115 per cent of such assessments for the preceding year, a special meeting of the unit owners shall be held, if requested in writing by at least ten per cent (10%) of the unit owners, to consider and enact a revision of the budget, or recall any and all members of the Board of Directors and elect their successors. Such meeting shall be held not less than ten (10) days after written notice is given to each unit owner, but not more than thirty (30) days after such meeting has been requested in writing. The revision of the budget or the recall of any or all members of the Board of Directors shall require a vote of not less than two-thirds (2/3) of the voting members. The Board of Directors may in any event propose a budget to the unit owners at a members' meeting or in writing, and if such proposed budget is approved by the unit owners at a members' meeting or by a majority of voting members in writing, such budget shall not thereafter be re-examined by the unit owners in the manner set forth above, nor shall the Board of Directors be recalled under the terms of this sub-section.

Section 1. Enforcement of Lien: In the event a unit owner does not pay any sums, charges or assessments required to be paid to the Association within thirty (30) days from the due date, the Association, acting on its own behalf or through its Board of Directors, may enforce its lien for assessments to which it is entitled, in accordance with the Declaration and provisions of law.

Section 2. Proceeds of Sale: If the Association becomes the owner of a unit by reason of foreclosure, it shall offer said unit for sale and at such time as a sale is consummated, it shall deduct from the proceeds of said sale all sums of money due it for assessments and charges, all costs incurred in the bringing of the foreclosure suit, including reasonable attorneys' fees, and any and all expenses incurred in the resale of the unit, which shall include but not be limited to advertising expenses, real estate brokerage fees and expenses necessary for the repairing and refurbishing of the unit. All monies remaining after deducting the foregoing items of expenses shall be returned to the former owner of the unit.

Section 3. Violations: In the event of violation of the provisions of the Declaration, Articles of Incorporation or these By-Laws, for thirty (30) days after notice from the Association to the unit owner to correct said breach or violation, the Association, on its own behalf or through its Board of Directors, may bring appropriate action to enjoin such violation or may enforce the provisions of said documents, or may sue for damages, or take such other courses of action, or other legal remedy, as it or they may deem appropriate. An Institutional Mortgagee, as defined in the Declaration of Condoiminium, of a unit shall be entitled to written notice from the Association of any default by the mortgagor of such unit under the condominium documents which is not cured within thirty (30) days.

Section 4. Attorneys' Fees: In the event such legal action contemplated by this Article is brought against a unit owner and results in a judgment for the Plaintiff, the Defendant shall pay the Plaintiff's reasonable attorney's fees and court costs.

Section 5. Binding Effect: Each unit owner, for himself, his heirs, successors and assigns, agrees to the foregoing provisions relating to default and abatement of nuisance,

## AMENDMENT OF BY-LAWS

These By-Laws may only be amended at a duly called meeting of the voting members; provided (1) that the notice of the meeting shall contain a full statement of the proposed amendment; and (2) that the quorum requirement for such purposes shall be a majority of the voting members, in person or by proxy. It shall be necessary that there be an affirmative vote of three fourths (3/4) of the voting members, in person or by proxy. It shall be necessary that there be an affirmative vote of three fourths (3/4) of the voting members, as well as an affirmative vote of two thirds (2/3) of the Board of Directors, in order to amend these By-Laws. No amendment to these By-Laws shall be passed which would operate to impair or prejudice the right or liabilities of any Institutional Mortgagee without the consent of said Institutional Mortgagee.

No By-Law shall be revised or amended by reference to its title or number only. Proposals to amend existing By-Laws shall contain the full text of the By-Laws to be amended; new words shall be inserted in the text underlined, and words to be deleted shall be lined through with hyphens. If the proposed change is so extensive that the above procedure would hinder, rather than assist, the understanding of the proposed amendment, it is not necessary to use underlining and hyphens as indicators of words added or deleted, but a notation must be inserted immediately preceding the proposed amendment in substantially the following language: "Substantial rewording of By-Laws. See By-Laws _____ for present text".

Non-material errors or omissions in the By-Laws amendment process shall not invalidate an otherwise properly promulgated amendment.

19. USE AND OCCUPANCY RESTRICTIONS

19.12 **Parking Restrictions.**
Only automobiles will be parked in the parking areas of the condominium property. No other vehicles and objects, including but not limited to trailers, boats, motor homes and trucks over 3/4 ton may be parked or placed upon any of the condominium property.

**Exceptions**: **Moving vans** shall be permitted to park, but not on the grass for the purpose of loading and unloading; **Vehicles**, regardless of classification, necessary for the **maintenance, care** or **protection** of the Properties; **Service and delivery vehicles**, regardless of classification, during regular business hours; **Vehicles for handicapped persons**; **Police and fire safety vehicles**

The following restrictions also apply:

No repair (including changing of oil) of a vehicle shall be made within the Condominium except for minor repairs necessary to permit removal of a vehicle. However, washing or waxing of a vehicle is permitted.
No motor vehicle, including moving vans, shall be parked at any time on the grass/swales within the Condominium.
Except where safety dictates otherwise, horns shall not be used or blown while a vehicle is parked, standing in or driving through parking areas. Racing engines and loud exhausts shall be prohibited. No vehicle shall be parked with motor running.

**Remedy of Towing.** If upon the Association's provision of that notice required by Section 715.07, Florida Statutes, and any applicable County Ordinances, amended from time to time, an offending vehicle Owner does not remove a prohibited or improperly parked vehicle from the Condominium, the Association shall have the option and right to have the vehicle towed away at the vehicle Owner's expenses. By this provision, each Owner and vehicle Owner provides the Association with the necessary consent to effect the tow.

STATEMENT PREPARED

## INTRODUCTION

The following is an analysis of the general condition and state of repair of the 13 UNIT APARTMENT COMPLEX located at 715 South Ocean Drive, Fort Pierce, Florida, as determined by visual inspection of the premises by James Bushouse & Associates, Inc., under the direct supervision of James D. Bushouse, P. E. The report is divided into the component parts of the Buildings and Premises as required by Florida Statute, with the following information listed for each component:

1. Approximate age of the Component.

2. Estimated remaining useful life – Economic Life
   This figure represents the Engineer's estimate of the amount of relatively maintenance free service life which could be expected from a particular component.

3. Current Replacement Cost
   This figure represents the Engineer's estimate of the current replacement cost of a particular building component shown as a total amount and as per unit share of the expense.

4. A discussion of the overall state of repair and the structural soundness of the component.

The apartments consist of 2 buildings, 1 consisting of 2-2 bedroom units and the other 11-1 bedroom units. The buildings are constructed with C. B. S. walls on the 1st floor and wood stud with texture 1-11 on the second floor. The roof is wood trusses with asphalt shingles on the slope part and built-up roof on the flat part.

The 2 unit building was built a few years before the other, but due to the fact that it has been well maintained, this report calls the component of both the same age.

Our visual inspection covered the civil, structural, mechanical and electrical elements of the project, including the roofs. In general, for a 5 year old project, it is in good condition and appears to have been well maintained. For the age, estimated remaining useful life and estimated current replacement cost of the component parts of the buildings, refer to Appendix "A" of this report.

### A. STRUCTURAL

The general structural condition of the apartment buildings is average for buildings of this type. The structural elements are safe and sound for use intended. There are some thermal stress cracks in the walkway slab, side of stairways and exterior walls under windows that will require on going maintenance.

### B. ROOFS

The flat part of the roofs which are built-up are in generally good condition with no visible signs of leaks. The slope parts which are asphalt shingles, are in very good condition with no visible signs of leaks. The soffits should be monitored and maintained as necessary.

### C. ELEVATORS

There are no elevators on the premises. Access to the upstairs units is achieved through exterior concrete stairways.

D. HEATING AND COOLING SYSTEMS

The general condition of the A/C Systems was average for buildings of this age period. Our inspection of the ductwork and air distribution system indicates there are no problems in these areas. Each apartment unit is equipped with its own split system A/C unit. All of the condensing units are located on a concrete pad on the ground.

E. PLUMBING

Our inspection of the plumbing systems indicate that the systems are safe and sound and are in good condition and functioning properly with no obvious defects or code violations. Water pressure at the second floor of the building was adequate. Sanitary drainage on the second floor drains slower than normal.

The electric hot water heater in the apartments appear to be in good condition with the exception that the water line connection in isolated cases is starting to rust. The main water distribution system is PVC and copper piping. The distribution lines within the apartments are copper. The hot water system and laundry room equipment appears to be adequately servicing the buildings and seems to pose no apparent maintenance problems.

F. ELECTRICAL SYSTEMS

The electrical distribution and utilization devise systems within the apartments are safe, sound and are functioning properly for the use intended and present no apparent shock or fire hazard. The elements comprising the electrical distribution system and the appliances, circuit breakers, etc. are of quality material and were installed with good workmanship. With the exception of a few lights, switches and toilet exhaust fans (of the units that were inspected) all of the utilization devices, controls, light fixtures, A/C equipment and appliances were operating. Of the outlets and switches inspected, all were properly installed and grounded. There was no ground fault breaker on the outlet in the bathrooms.

The electrical work in the public spaces was inspected and found to be functioning properly and to be safe and sound for the use intended. Electrical service equipment and distribution apparatus are in safe and sound condition. No violations of codes, standards, or regulations were observed in the power service equipment and main distribution apparatus and they were functioning properly.

G. SWIMMING POOL AND EQUIPMENT

There is no pool on the premise.

H. SEAWALLS

There are no seawalls on the premise.

I. PAVEMENT AND PARKING AREAS

Asphalt paving was in good condition for its age; some minor settlement has occurred, which will cause some minor problems. Also the paving should be sealed to add to the possible life of the surface.

J. SITE DRAINAGE SYSTEM

The drainage of the Parking Areas is to the grass swales where the water them percolates into the water table.

K. SYNOPSIS

Other than the items mentioned above, there is nothing that would constitute a serious problem any time in the near furture. The structural integrity of the buildings appear sound and can be expected to remain so with proper maintenance. The buildings are constructed with C. B. S. walls on the first floor, wood studs with texture 1-11 on the second floor and wood studs and drywall for the interior partitions. The 11 unit building was given a Certificate of Occupancy about October 1977. The 2 unit building was constructed in 1970. This is estimated year only, due to the fact that no records of Certification of Occupancy could be located in the city of Fort Pierce. The prior use of these buildings were as a Rental Apartment Complex.

The items in this report indicate the current status at the time of inspections, which was June 7, 1982. These items are not to be considered all inclusive, nor a guarantee, but our professional expression based on our experience, knowledge, examination of available plans and on our visual inspection of the exposed conditions to the extent reasonably possible. It is the opinion of this firm that the above referenced buildings are safe for residential habitation.

THIS STATEMENT WAS PREPARED JUNE 16, 1982.

## SCOPE OF INSPECTION

A trained and qualified representative of this company has conducted a careful inspection of the visible and accessible areas of the structure(s) listed above. This report is made on the basis of what was visible and accessible at the time of the inspection and is not an opinion covering areas such as, but not necessarily limited to, those that are enclosed or inaccessible, areas concealed by wall coverings, floor coverings, furniture, equipment, stored articles, or any portion of the structure in which inspection would necessitate removing of defacing finished wood.

THIS IS NOT A STRUCTURAL DAMAGE REPORT: A wood-destroying organism inspector is not ordinarily a construction or building trade expert and therefore is not expected to possess any special qualifications which would enable him to detect the extent of structural damage. If damage or other evidence of wood-destroying organisms is noted in this report, further investigation by qualified experts of the building trade should be made to determine structural soundness of the property. This is not to be construed to constitute a guarantee of the absence of wood-destroying organisms.

a. The amount of $_____ shall be deposited by the Purchaser with FLOWERS-CULPEPPER REALTY, INC., Registered Real Estate Broker, whose business address is 2011 South 25th Street, Fort Pierce, Florida

Escrow Agent, pursuant to agreement dated _____, and pursuant to the Florida Condominium Act (Chapter 718, Florida Statutes, 1981)

b. The balance is to be paid in cash by the Purchaser to the Seller at the time of closing.

3. Anything herein to the contrary notwithstanding, it is mutually agreed that the purchase and sale contemplated hereby is contingent upon the Purchaser's obtaining a commitment for a mortgage loan to encumber the apartment, in the amount of $_____, which said loan shall be at an annual rate of interest and upon such terms as may be reasonable in St. Lucie County, Florida at the time the application for loan is made. Said commitment for loan is to be obtained within twenty (20) days of the date of this agreement from a lending institution in St. Lucie County, Florida; its purpose is to obtain funds with which to pay such purchase price; and the Purchaser agrees to diligently attempt to obtain said loan. If not obtained within said twenty-day period and such diligent attempt has been made, the Purchaser's deposit will be returned and this agreement shall be null and void and of no further force or effect between the parties hereto. The Seller agrees that it will assist the Purchaser in obtaining mortgage financing on the apartment which is the subject of this contract.

(NOTE: This Paragraph No. 3 shall not be a part of this Agreement unless the amount of loan is specified in full by the Purchaser upon his execution of this Agreement.)

4. All mortgages or liens now or hereafter encumbering the apartment will be discharged or released at or prior to the closing unless assumed by the Purchaser. The Seller will convey by warranty deed a marketable fee simple title to the apartment together with all appliances and fixtures located in the apartment and the air conditioning unit serving the apartment. The title to the apartment will be subject to the following exceptions:

a. The provisions of the Declaration, including all exhibits and changes thereto made prior to the time of delivery of the warranty deed; and all rules and regulations and contracts affecting the property

made by BOARDWALK OWNERS ASSOCIATION, INC., the nonprofit corporation responsible for the operation of the condominium (hereinafter called the "Association"), existing at the time of delivery of the warranty deed.

b. The easements provided for in the Florida Condominium Act (Chapter 718, Florida Statutes, 1981).

c. Restrictions, reservations and easements of record.

d. Such zoning or other restrictions upon the use of the apartment and upon all of the condominium property as may be imposed by governmental authorities having jurisdiction.

e. Taxes for the year in which the sale is closed, if not paid; and for subsequent years.

f. Any mortgage executed by the Purchaser encumbering the apartment.

Any or all of the foregoing exceptions may be omitted from the warranty deed to be delivered hereunder, but all such provisions so omitted shall nevertheless survive delivery of the warranty deed.

5. Real and personal property taxes, less the November discount, will be prorated as of the date of closing; and, if the taxes for the year in which this sale is closed are assessed against the condominium property as a whole, the total amount thereof may be estimated by the Seller and the portion apportioned to the apartment, the appliances and the air conditioning unit shall be the same share as the share of common expenses attributed to the apartment. In such event, the Seller and the Purchaser agree that they will each pay their proportionate share of such taxes. If the amounts of the taxes have not been established as of the date of closing, such prorations and apportionments will be based upon the amounts of the taxes for the previous year.

6. Assessments, if any, for the apartment established by the Association will be prorated between the Seller and the Purchaser as of the date of closing.

7. Subject to those items specified in Item 4 hereof, the title which the Seller obligate themselves to convey to the Purchaser will be marketable and insurable. As evidence of their title and in order to provide title security to the Purchaser, the Sellers agree to provide to the Purchaser at, or immediately following, the closing an Owner Title Insurance Guarantee covering the apartment which is the subject matter of this contract.

8. At or before the closing contemplated hereby, the Purchaser agrees to pay, in addition to the purchase price for the apartment unit, the following:

a. The sum required to record the warranty deed to Purchaser; and

b. All mortgage closing costs, if applicable, pursuant to Paragraph 3 hereof, including the charge of $50 for mortgagee title insurance coverage if the same is required by Purchaser's mortgage lender. Said mortgagee coverage will be issued concurrently with the owner coverage provided for in Paragraph 7 above.

Seller shall pay for all documentary stamps to be affixed to the warranty deed at the time of its recording.

9. Unless mutually agreed otherwise, the closing of this sale shall be held no later than thirty (30) days from the effective date of this contract. The effective date of this contract shall be the date upon which Seller furnishes to Purchaser copies of all documents, including the Declaration of Condominium, listed in Florida Statutes §718.503(2), with copies of same having been previously filed by Seller with the Division of Florida Land Sales and Condominiums. Prior to said effective date, this contract shall be voidable by Purchaser. The closing shall be held at the office of the Seller, at the office of the Seller's attorneys, or at the office of the Seller's title insurance agent, or at the office of the mortgagee of any mortgage executed by the Purchaser encumbering said apartment. At such closing, the Purchaser will pay the balance of the purchase price and the Seller will deliver the warranty deed to the Purchaser.

10. In the event the Purchaser fails to take title pursuant to the provisions of this Agreement, the Sellers at their election may terminate same by giving written notice of such termination to the Purchaser. Ten (10) days after the mailing of such notice, this Agreement will become null and void and of no further force or effect.between the parties hereto; and the Seller may retain the deposit, together with interest accrued thereon, as liquidated damages. If the Seller defaults in the performance of this Agreement by failing to convey title pursuant to its provisions, the Purchaser may terminate same by giving written notice of such termination to the Seller. Ten (10) days after the mailing of such notice, the Seller will return the deposit, together with interest accrued thereon, to the Purchaser and this Agreement shall become null and void and of no further force or effect between the parties hereto.

11. THIS AGREEMENT IS VOIDABLE BY PURCHASER BY DELIVERING WRITTEN NOTICE OF THE PURCHASER'S INTENTION TO CANCEL WITHIN FIFTEEN (15) DAYS AFTER THE DATE OF EXECUTION OF THIS AGREEMENT BY THE PURCHASER, AND RECEIPT BY PURCHASER OF THE ITEMS REQUIRED TO BE DELIVERED TO HIM BY THE DEVELOPER (SELLER) UNDER SECTION 718.503, FLORIDA STATUTES. PURCHASER MAY EXTEND THE TIME FOR CLOSING FOR A PERIOD OF NOT MORE THAN FIFTEEN (15) DAYS AFTER THE PURCHASER HAS RECEIVED ALL OF THE ITEMS REQUIRED. PURCHASER'S RIGHT TO VOID THIS AGREEMENT SHALL TERMINATE AT CLOSING.

12. Purchaser acknowledges that Seller has advised that the condominium unit which is the subject matter of this contract is approximately five (5) years of age and has been previously occupied, prior to conversion to condominium ownership, by transient tenants as vacation or seasonal residences.

13. The Purchaser has examined the apartment to be sold, the apartment building within which it is located and all other portions of the condominium property and is familiar or will be familiar in advance of the closing with the physical condition thereof. The Seller does not make any representations as to the physical condition, expense of operation, or any other matter affecting or relating to said property, except as herein, or in the Declaration and in the other documents described in Section 718.503 of the Florida Condominium Act.

14. The Purchaser, by the execution of this Purchase Agreement, acknowledges that he is entitled to a receipt of copies of all documents described in Section 718.503 of the Florida Condominium Act. Such documents include the declaration

At the time of delivery of said documents, Purchaser agrees to give a receipt therefor. At closing, the Purchaser will in writing agree to be bound by the provisions of said documents, including the declaration of condominium, and the warranty deed conveying the apartment to the Purchaser will contain an acknowledgment that the conveyance is subject to the provisions of said documents. Further, the Purchaser will, in writing at the closing, ratify, confirm and approve all of the provisions of said documents and will agree to be bound thereby; Purchaser will impress a lien upon the apartment, as security for his obligations as described in the declaration and its exhibits and will acknowledge and agree that said documents and this Purchase Agreement contain all of the warranties, representations and inducements concerning the purchase by Purchaser of the apartment.

15. Wherever the context hereof so permits, the use of plural will include the singular, the singular the plural, and the use of any gender will be deemed to include all genders.

16. The delivery of any item and the giving of any notice in compliance with this Agreement shall be accomplished by personal delivery of the item or notice to the party intended to receive it, or by mailing it to the address of the party as stated in this Agreement, by registered or certified mail, return receipt requested. It shall be the obligation of Purchaser to insert his correct mailing address in the place specified below. Notice or delivery by mail shall be effective when mailed.

# VACATION RENTAL SHORT TERM LEASE AGREEMENT

This Vacation Rental Short Term Lease Agreement (this "Agreement") is made by and between Tiffany Wright Ofeimu ("Owner") and _____ ("Guest") as of the date last written on the signature page of this Agreement. Owner and Guest may be referred to individually as "Party" and collectively as "Parties." For good and valuable consideration, the sufficiency of which is acknowledged, the Parties agree as follows:

**1. Property.** The property is described as a condominium with one (1) bedrooms and one (1) bathrooms located at 715 South Ocean Dr Unit E, Fort Pierce, FL 34949 (the "Property"). The Property is owned by Owner. The Property is fully furnished by Owner and equipped for light housekeeping. The following amenities are included in the Property:

- microwave, stove, refrigerator
- small kitchen appliances, pots/pans, cooking utensils, dishes, silverware
- wifi
- bed and bath linens
- Beach towels, chairs, umbrellas
- books and games

A starter supply of household cleaning and hygiene products may be available in the Property for use. Guest is responsible for purchasing any additional supplies and all food and beverages.

**2. Rental Party.** All persons in the rental party will be bound by the terms of this Agreement. Only persons listed on this Agreement may stay in the Property. "Rental Party" means Guest plus the following persons:

| First Name & Last Name | Relationship to Guest |
|---|---|
| _____ | _____ |
| _____ | _____ |
| _____ | _____ |

The total number of adults in the Rental Party will be _____2___. The total number of children in the Rental Party will be ____0_____.

**3. Maximum Occupancy.** The maximum number of persons allowed to stay in the Property is limited to two (2), unless the Owner gives its prior written consent. A charge of _____NA_____ per person per night will be assessed for each person who stays in the Property in addition to the Rental Party. Guest will be charged without notice for additional persons staying in the Property and not disclosed to Owner.

**4. Visitors.** A visitor is an occupant of the Property who is not staying overnight. The total number of persons permitted in the Property at any given time, including visitors, is five (5). Any visitor staying

overnight is subject to additional charges. No visitor will be allowed to use the common facilities, including any pools or tennis courts, when Guest is not on the Property.

**5. Rental Period & Check-In.** The term of this lease will be from _____("Arrival Date") to _____("Departure Date"). The Property will be ready for Guest's occupancy beginning at 3pm on the Arrival Date and the Property must be vacated by 11am on the Departure Date, unless otherwise agreed by Owner. If Guest or any member of the Rental Party remains on the Property beyond the Departure Date, Guest will be responsible to pay the rental rate prescribed in Section 8 below for the period of time between Departure Date and the actual date Guest and all members of the Rental Property vacate the Property. The Property requires a two (2) night minimum stay.

**6. Keys & Access Codes.** Owner will provide Guest with door and alarm access codes to the rental. Code is _____.

**7. Rental Rules & Restrictions.** Guest agrees to abide by the Rules and Regulations of Boardwalk Condominium and any other restrictions imposed by Owner (the "Rules"), attached to this Agreement as Exhibit A, at all times while on the Property and will cause all persons in the Rental Party and any visitors that Guest permits on the Property to abide by the Rules while on the Property. In addition, Guest agrees to abide by the following restrictions by Owner:

(A) Follow all city, state, and federal laws.
(B) No smoking in unit
(C) Pets only with approval

If any person in the Rental Party fails to follow any of the Rules, the Rental Party may be asked to vacate the Property and Guest will forfeit all rent paid.

**8. Reservation Deposit and Payment.** Guest agrees to pay the rent and fees described below (the "Total Amount Due"). A deposit in the amount of _____ (the "Reservation Deposit") is due and payable upon return of this signed Agreement in order to secure Guest's reservation. The Reservation Deposit is non-refundable and will be applied toward the rental rate. Payment in full of the following fees, less the Reservation Deposit, will be due within _____ days before the Arrival Date.

| | |
|---|---|
| Rental rate of 300 PER WEEK x 3 WEEKS | _____ |
| Cleaning service fee | _____ |

**9. Security Deposit.** Owner reserves the right, at its discretion, to charge a security deposit at the time of reservation in the amount of $_____. This deposit will be refunded after Guest's departure and an inspection of the Property by Owner, less any deductions for damage to the Property or furnishings, excessive mess requiring additional cleaning or other costs incurred outside the normal course due to Guest's stay.

**10. Cancellation.** If Guest cancels the reservation less than five (5) days before the Arrival Date, the Total Amount Due will be forfeited.

**11. Cleaning.** Daily housekeeping services are not included in the rental rate. Throughout the rental period, Guest will be responsible for keeping the Property clean and in good condition. Any unsafe or dangerous condition must be reported to Owner immediately. Guest acknowledges that on the Arrival Date, the Property is in good condition, except for any defect Guest may report to Owner by the end of the first day following the Arrival Date. The Property should be left in the same condition as it was found by Guest on the Arrival Date. Guest promises to leave the Property in good repair. A cleaning fee of $200 will be charged to the Guest if you is left in poor condition.

**12. Furnishings.** The following furnishings will be provided with the Property:

- Fully furnished and equipped condo

Furnishings are subject to change without notice. Furniture, bedding, kitchen equipment, utensils, and any other personal property supplied with the Property must not be removed from the Property. Loss of any items within the Property or damage to the Property or furnishings in excess of normal wear and tear will be charged to Guest. The Property will be inspected by Owner after Guest's departure. All contents of the Property are the property of Owner. If an item should break, Guest must notify Owner immediately. Guest is not permitted to alter the wiring of any television, computer, or gaming equipment.

**13. Parking.** Parking is limited to one (1) spaces. Guest may only park in designated parking area-E. Any illegally parked cars may be subject to towing and/or fines.

**14. Mechanical Failures.** Owner attempts to properly maintain the Property. While all electrical and mechanical equipment within the Property are in good working order, Owner cannot guarantee against mechanical failure of electrical service, stopped plumbing, water supply, heating, air conditioning, audio visual equipment, internet access, cable service, or appliances. Guest agrees to report any inoperative equipment or other maintenance problem to Owner immediately. Owner will make every reasonable effort to have repairs done quickly and efficiently. Guest will allow Owner or a person permitted by Owner access to the Property for purposes of repair and inspection. Owner is not responsible for any inconvenience that may occur and no refunds or rent reductions will be made due to failure of such items.

**15. Acts of God.** If there is a storm or severe weather and a mandatory evacuation order is issued by state or local authorities, Guest shall be entitled to a prorated refund for each night Guest is unable to

occupy the Property. Owner will not be liable or deemed in default under this Agreement for any failure to perform or delay in performing any of its obligations due to or arising out of any act not within its control, including, without limitation, acts of God.

**16. Limitation on Liability.** Owner is not responsible for any accidents, injuries or illness that occur to any member of the Rental Party or Guest's visitors while in the Property or on the Property. Owner is not responsible for loss of personal belongings or valuables belonging to any member of the Rental Party or any of Guest's visitors. Guest agrees to assume the risk of any harm arising from use of the Property. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, TORT, CONTRACT, STRICT LIABILITY, OR OTHERWISE, SHALL OWNER BE LIABLE TO GUEST OR ANY OTHER PERSON FOR ANY DAMAGES OF ANY NATURE WHATSOEVER INCLUDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR GUEST'S RENTAL OF THE PROPERTY OR USE OF THE PROPERTY. IN NO EVENT WILL OWNER BE LIABLE FOR ANY DAMAGES IN CONNECTION WITH THIS AGREEMENT, EVEN IF OWNER SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGE.

**17. Indemnification.** Guest acknowledges that the use of the Property by the Rental Party and Guest's visitors is entirely at their own risk. Guest will indemnify and hold harmless Owner from any and all expenses, costs, damages, suits, actions, or liabilities whatsoever arising from or related to any and all loss of or damage to personal property, injury or death resulting from the use or occupancy of the Property or the failure of any member of Rental Party or Guest's visitors to observe the Rules and restrictions set forth in Paragraph 7.

**18. Violation of Agreement.** If Guest or any member of the Rental Party violates any of the terms of this Agreement, including but not limited to maximum occupancy, visitors and rental rules and restrictions, Owner may evict Guest and the Rental Party from the Property and Guest will forfeit all rent and security deposit paid.

**19. Governing Law.** This Agreement and all transactions contemplated by this Agreement will be governed by, and constructed and enforced in accordance with the laws of the State of Florida (not including its conflicts of laws provisions). Any dispute arising from this Agreement shall be resolved through mediation. If the dispute cannot be resolved through mediation, then the dispute will be resolved through binding arbitration conducted in accordance with the rules of the American Arbitration Association.

**20. Amendments.** This Agreement may be amended or modified only by a written agreement signed by both Owner and Guest.

**21. No Waiver.** Neither Owner nor Guest shall be deemed to have waived any provision of this Agreement or the exercise of any rights held under this Agreement unless such waiver is made expressly and in writing.

**22. Severability.** If any provision of this Agreement is held to be invalid or unenforceable in whole or in part, the remaining provisions shall not be affected and shall continue to be valid and enforceable as though the invalid or unenforceable parts had not been included in this Agreement.

**23. Notices.** Any notice or communication under this Agreement must be in writing and sent via one of the following options:

- electronic email transmission

**24. Successors and Assigns.** This Agreement will inure to the benefit of and be binding upon Owner, its successors and assigns, and upon Guest and its permitted successors and assigns.

**25. Entire Agreement.** This Agreement and Exhibit A represents the entire understanding and agreement between the Parties with respect to the subject matter of this Agreement and supersedes all other negotiations, understandings and representations (if any) made by and between the Parties.

DECLARATION OF CONDOMINIUM

OF

BOARDWALK CONDOMINIUM

K. M. BROOKS and LOUISE M. SPARKS, for themselves, their successors, grantees and assigns, being the owners of the fee simple title to the following described real property in St. Lucie County, Florida, (hereafter referred to as the "Land"):

Lots 8, 11 and 12, Block 8, OCEAN VIEW, a Subdivision according to the plat thereof recorded in Plat Book 6, page 61, of the public records of St. Lucie County, Florida

hereby submit the Land and the improvements thereon in fee simple to condominium ownership pursuant to the provisions of Chapter 718, Florida Statutes, hereinafter referred to as the "Condominium Act", in existence as of the date of this Declaration, upon the terms, conditions, restrictions, reservations and limitations hereinafter set forth.

NOW, THEREFORE, K. M. BROOKS and LOUISE M. SPARKS make the following declarations:

1. STATEMENT OF PURPOSE. The purpose of this Declaration is to submit the Land and the improvements thereon to the condominium form of ownership and use in the manner provided in the Condominium Act. Except where variances permitted by law appear in this Declaration, in the exhibits attached hereto, or in lawful amendments to any of them, the provisions of the Condominium Act as constituted on the date of this Declaration, including the definitions therein contained, are adopted and included herein by express reference. All restrictions, reservations, covenants, conditions and easements contained herein shall constitute covenants running with the land or equitable servitudes upon the land, as the case may be, and shall rule perpetually unless terminated as provided herein, and shall be binding upon all unit owners. In consideration of receiving and by acceptance of a grant, devise or mortgage, all grantees, devisees or mortgagees, their heirs, personal representatives, successors and assigns, and all parties claiming by, through or under such persons, agree to be bound by the provisions hereof, and all exhibits hereto. Both the burdens imposed and the benefits provided shall run with each unit and the interests in the common elements appurtenant thereto, as defined herein.

1.1 Name and Address. The name by which this Condominium is to be known and identified is BOARDWALK CONDOMINIUM, and its address is 715 South Ocean Drive, Fort Pierce, Florida.

1.2 The Land. The legal description of the Land, which is hereby being submitted to condominium ownership, is as described in the introductory paragraph hereof.

2. DEFINITIONS. As used herein, in the exhibits attached hereto, and in all amendments hereto, unless the context requires otherwise:

2.1 Assessment means a share of the funds required for the payment of common expenses, which from time to time is assessed against the unit owners.

2.2 Association means BOARDWALK OWNERS ASSOCIATION, INC., the entity responsible for the operation of this Condominium.

2.3 Board of Directors means the representative body responsible for the management of the Condominium and business of the Association.

2.4 By-Laws means the By-Laws of the Association, as they exist from time to time. A copy of the By-Laws is attached hereto as Exhibit E, and incorporated herein by reference.

2.5 Common Elements means the portions of the condominium property (including the tangible personal property required for the maintenance and operation of the condominium property) not included in the units.

2.6 Common Expenses means all expenses and assessments properly incurred by the Association for the Condominium and includes, but is not limited to: the expenses of administration and maintenance, operation, repair and replacement of the common elements and of the portions of units to be maintained by the Association; taxes, special assessments and insurance for the common elements; other expenses declared to be common expenses herein and in the By-Laws; and any other valid charge against the Condominium as a whole.

2.7 Common Surplus means the excess of all receipts of the Association, including but not limited to, assessments, rents, profits and revenues on account of the common elements, over the amount of common expenses.

2.8 Condominium means all of the condominium property as a whole when the context so permits, as well as that form of ownership of real property which is comprised of units that may be owned by one or more persons, and in which there is appurtenant to each unit an undivided share in the common elements.

2.9 Condominium Act means Chapter 718, Florida Statutes, in existence as of the date of this Declaration.

2.10 Condominium Parcel means a unit, together with the undivided share in the common elements which is appurtenant to the unit.

2.11 Condominium Property means and includes the land hereby submitted to the condominium form of ownership, all improvements thereon, and the common elements; and all easements and rights appurtenant thereto.

2.12 Declaration or Declaration of Condominium means this intrument as it may from time to time be amended.

2.13 Developer means K. M. BROOKS and LOUISE M. SPARKS, their heirs, personal representatives and assigns, and whoever offers for sale condominium parcels created herein in the ordinary course of business; except the term shall not include the owners of units who have not acquired all the right, title and interest of K. M. BROOKS and LOUISE M. SPARKS, in the condominium property.

2.14 Institutional Mortgagee means a bank, bank holding company, or subsidiary thereof, savings and loan association, insurance company, union pension fund, mortgage company approved by Developer, its successor, grantees or assigns, agency of the United States Government, or Developer, its grantees, successors and assigns holding a first mortgage of public record on a condominium parcel or on any portion of the condominium property.

2.15 Land means the real property in St. Lucie County, Florida, which is being submitted to condominium ownership, and is more particularly described in the introductory paragraph hereof.

2.16 Limited Common Elements means those common elements which are reserved for the use of a certain unit to the exclusion of other units, and for all purposes herein shall be treated as common elements as to the unit for which they are reserved.

2.17 Occupant means the person or persons, other than the unit owner, in possession of a unit or limited common elements.

2.18 Special Assessment means a share of the funds required for payment of common expenses which are unbudgeted or for which insufficient provision is made in the budget, occasioned for unforeseeable and fortuitous events, which from time to time may be assessed against the unit owners.

2.19 Unit or Residential Unit means a part of the condominium property which is subject to private ownership, to be used as a single family residence and as designated on the exhibits attached to this Declaration.

2.20 Unit Owner means the owner of a condominium parcel.

2.21 Singular, Plural, Gender. Whenever the context so permits, the use of the singular shall include the plural and the plural shall include the singular, and the use of any gender shall be deemed to include all genders.

3. DEVELOPMENT PLAN AND IDENTIFICATION OF UNITS. The condominium property consists of the land, all easements and rights appurtenant thereto, and the buildings constructed thereon, comprising in total the units, common elements and limited common elements. The improvements on the land consist of two (2) 2-story buildings in which all of the units are located. One building, containing eleven (11) units, possesses five (5) units on the first floor (Units A through E, inclusive), and six (6) units on the second floor (Units F through K, inclusive). The second 2-story building contains two (2) units, Unit M on the first floor, and Unit L on the second floor. The condominium has thirteen (13) units in total.

The units have been created through the conversion of existing improvements to the condominium form of ownership. All units have been previously occupied, for the most part by transient tenants as vacation or seasonal residences.

3.1 Designation of Units. Each unit in the two (2) buildings of the condominium is designated alphabetically by letter, A through M, inclusive, for a total of thirteen (13) units. No unit bears the same alphabetical designation as any other unit.

3.2 Unit Boundaries.

(a) Each unit shall have as its boundary lines the interior unpainted finished surfaces of the ceiling, floor, and perimeter walls. All weight bearing walls and solid concrete columns located within a unit constitute part of the common elements up to the unpainted finished surface of the walls and columns. All doors, glass or otherwise, and screening which are part of or in the perimeter walls of a unit shall be deemed a part of the unit up to the exterior unfinished surface thereof.

(b) All pipes, wires, conduits and other utility lines, regardless of location, constitute part of the common elements, up to their outlets.

(c) The screened porch of any unit is a part of that unit. The boundary lines of each such screened porch are the interior vertical and horizontal surfaces thereof, and the exterior unpainted finished surface of the perimeter baluster or wall of any screened porch, but the Association, and not the unit owners, shall maintain and repair the exterior baluster or wall of any screened porch. The planes of all boundaries shall be extended to the point of intersection with other boundaries, if necessary.

(d) The ventilation chases and plumbing chases located within a unit are common elements. The boundary lines of each chase shall be the exterior unpainted surfaces thereof.

4. COMMON ELEMENTS. The common elements of the condominium consist of the Land and all other parts of the Condominium Property not within the apartments, including all tangible personal property used in the maintenance and operation of the condominium. Included within the meaning of Common Elements are the following:

(a) The ventilation chases, plumbing chases, and concrete columns within the units;

(b) Easements through units for conduits, ducts, plumbing, wiring and other facilities for the furnishing of utility services to units and the common elements;

(c) An easement of support in every portion of a unit which contributes to the support of the building;

(d) Installations for the furnishing of utility and other service to more than one unit or to the common elements or to a unit other than the unit containing the installation; and

(e) The condominium property which is not included within the units.

5. LIMITED COMMON ELEMENTS. Those areas reserved for the use of a certain unit to the exclusion of other units are designated as limited common elements, and are shown and located on Exhibit B, attached hereto. The limited common elements include the parking space serving a unit, air-conditioning and heating equipment servicing a unit and located outside of that unit, including air-conditioning compressors and ducts located outside the unit served.

5.1 Responsibility of Unit Owners. The unit owner who has the right to the exclusive use of a limited common element, other than paved parking spaces, shall be responsible, at his cost and expense, for the maintenance, care, and preservation of the limited common element. The Association shall maintain and repair the exterior of the balusters or walls of the screened porches.

5.2 Responsibility of Association. Except as provided in 5.1 above and as elsewhere provided herein, any expense for the maintenance, repair or replacement relating to common elements shall be treated and paid for as a part of the common expenses of the Association. Should any maintenance, repair or replacement be caused by the negligence or misuse by a unit owner, his family, guests, employees, and licensees, he shall be responsible therefor, and the Association shall have the right to levy an assessments against the owner's unit, which assessment shall have the same force and effect as all other assessments.

6. SURVEY, SITE PLAN AND GRAPHIC DESCRIPTION OF IMPROVEMENTS. Attached hereto as composite Exhibit B is a survey of the Land, graphic descriptions of the improvements in which units are located, a Plot Plan locating the common elements and limited common elements, and floor plans and cross sections for the units in the Condominium.

6.1 Surveyor's Certificate. Attached hereto as Exhibit A and incorporated herein by reference is the certificate of a surveyor authorized to practice in Florida certifying that the construction of the improvements is substantially complete so that Composite Exhibit B, together with the provisions of this Declaration describing the condominium property, is an accurate representation of the location and dimensions of the improvements, and that the identification, location and dimensions of the common elements and of each unit can be determined from these materials.

7. POSSESSION AND ENJOYMENT OF CONDOMINIUM PARCELS AND APPURTENANCES.

7.1 Condominium Parcels. Each condominium parcel is a separate parcel of real property, the ownership of which shall be in fee simple. Each condominium parcel includes the unit, the undivided share of the common elements which is appurtenant to that unit, and the interest of the unit in the limited common elements appurtenant thereto.

7.2 Appurtenances. There shall pass with each unit as appurtenances thereto, the following:

(a) An undivided share in the common elements;

(b) An undivided share in common surplus;

(c) An exclusive easement for the use of air space occupied by the unit as it exists at any particular time and as the unit may lawfully be altered or reconstructed from time to time, which easement shall be terminated automatically in any air space which is vacated from time to time;

(d) Membership of each unit owner in the Association and the interests of each unit in the funds and assets held by the Association;

(e) The right to use all of the common elements for their intended purposes, subject to the provisions of the Declaration, the By-Laws, and such reasonable rules and regulations as may from time to time be established by the Association; but no use shall hinder or encroach upon the lawful rights of other unit owners;

(f) The exclusive right to use such portion of the common elements as may be provided by this Declaration to be limited common elements appurtenant exclusively to the unit.

8. RESTRAINT UPON SEPARATION AND PARTITITION OF COMMON ELEMENTS AND LIMITED COMMON ELEMENTS. The undivided share in the common elements and limited common elements which is appurtenant to a unit shall not be separated therefrom and shall pass with the title to the unit, whether or not separately described.

(a) A share in the common elements and limited common elements appurtenant to a unit may not be conveyed or encumbered except together with the unit;

(b) The shares in the common elements and limited common elements appurtenant to the units shall remain undivided, and no action for partition of the common elements or limited common elements shall lie.

9. PERCENTAGE OWNERSHIP OF COMMON ELEMENTS AND SHARING OF COMMON EXPENSES AND COMMON SURPLUS. The undivided share in the common elements appurtenant to each unit and the percentage of sharing common expenses and of owning common surplus attributable to each unit is shown on Exhibit C attached hereto and incorporated herein by reference. The respective undivided interests as set forth in Exhibit C have been carefully established, giving effect to numerous criteria, and cannot be changed, altered or amended except as provided in this Declaration and the Condominium Act.

10. TAX ASSESSMENTS. For the purposes of ad valorem taxation, the interest of the owner of a condominium parcel in his condominium unit and in the common elements shall be considered as a unit. The value of the unit shall be equal to the percentage of the value of the entire condominium, including land and improvements, as has been assigned to the unit as its undivided share of the common elements by this Declaration. The total of all of the percentages equals 100% of the value of all of the land and improvements thereon.

11. EASEMENTS. The following easements are hereby granted or reserved:

11.1 Easements for Unintentional Encroachments. Perpetual easements are granted and reserved for encroachments presently existing or which may hereafter be caused by settlement or movement of the building or minor inaccuracies in construction, which easements shall continue until such encroachments no longer exist. If any part of the condominium property is destroyed and then rebuilt, encroachments due to construction shall be permitted and a valid easement for said encroachments and the maintenance thereof shall exist.

11.2 Utility Easements. Easements are hereby granted and reserved for the Developer, unit owners, and the Association through the condominium property as may be required for utility service in order to serve the Condominium.

11.3 Ingress and Egress. An easement is hereby granted and reserved to Developer, its successors or assigns, for pedestrian and vehicular traffic over, through, and across such portions of the common elements as may from time to time be intended and designated for such uses and purposes, for the use and benefit of the unit owners, their families and invitees, in obtaining ingress and egress for all such units to public rights of way.

12. MEMBERSHIP IN ASSOCIATION AND VOTING RIGHTS.

12.1 Membership. Every owner of a unit, whether he has acquired title by purchase from Declarant, Declarant's grantees, successors or assigns, or by gift, conveyance or operation of law, is bound to and hereby agrees that he shall accept membership in the Association and does hereby agree to be bound by this Declaration, the By-Laws of the Association and the rules and regulations enacted pursuant thereto, and the provisions and requirements of the Condominium Act and lawful amendments thereto. Membership is automatic upon acquisition of a unit and approval by the Association, and may not be transferred apart and separate from a transfer of the ownership of a unit. Membership shall automatically terminate upon sale or transfer of the unit, whether voluntary or involuntary.

12.2 Voting Rights. There shall be one person with respect to each unit who shall be entitled to vote at any meeting of the unit owners. If a unit is owned by more than one individual, the owners of said unit shall designate one of them as the voting member. If a unit is owned by a corporation, the Board of Directors of the corporation by duly passed resolution shall designate one of its officers or employees as the voting member. If a unit is owned by a partnership all of the partners by an appropriate resolution shall designate one of the partners as the voting member. If a unit is owned by more than one trustee, all of the trustees shall designate one of the trustees as the voting member. The By-Laws of the Association shall govern the proceedings to follow in designating an individual as the voting member of the unit. If one individual owns more than one unit, he shall have as many votes as the number of units that he owns. The vote of a unit is not divisible.

13. THE ASSOCIATION. The operation and management of the condominium property shall be by BOARDWALK OWNERS ASSOCIATION, INC., a corporation not for profit under the laws of the State of Florida. The Association shall have all of the powers and duties set forth in the Condominium Act, and all of the powers and duties granted to or imposed upon it by this Declaration, the Articles of Incorporation, and the By-Laws of the Association. A copy of the Articles of Incorporation and By-Laws of the Association are attached hereto as Exhibits D and E, respectively, and incorporated herein by reference.

13.1 Limitation Upon Liability of Association. Notwithstanding the duty of the Association to maintain and repair parts of the condominium property, the Association shall not be liable to unit owners for injury or damage, other than the cost of maintenance and repair, caused by any latent condition of the property to be repaired and maintained by the Association or caused by the elements or other unit owners or persons.

13.2 Notice of Contingent Liability. In any legal action in which the Association may be exposed to liability in excess of insurance coverage protecting it and the unit owners, the Association shall give notice of the exposure within a reasonable time to all unit owners who may be exposed to the liability and they shall have the right to intervene and defend. A copy of each insurance policy obtained by the Association shall be made available for inspection by unit owners at reasonable times.

13.3 Control of the Association. The first Board of Directors of the Association shall remain in office, and Developer shall control the Association until all units in the condominiums have been sold and closed, or until Developer elects to turn over control, whichever shall first occur; provided, however, such term of office of the original Directors shall in no event extend beyond three (3) years after fifty per cent (50%) of said units have been sold and closed, or three (3) months after ninety per cent (90%) of such units have been sold and closed. Upon sale and closing of at least fifteen per cent (15%) of the units of this condominium, the unit owners other than Developer shall be entitled to elect one-third (1/3) of the members of the Board of Directors. Upon the occurrence of any of said events, a special meeting for the purpose of electing interim Directors will be held upon due and proper notice being given to all unit owners in accordance with applicable law and the By-Laws of the Association. The interim election and all subsequent elections shall take place in accordance with the procedures set forth in the By-Laws as applicable to regular meetings. An employee or an agent of a business entity owner, such as Developer, shall be eligible to serve as a Director of the Association. Developer shall be entitled to elect at least one member of the Board of Directors of the Association as long as Developer holds at least one (1) of the units in the condominium for sale in the ordinary course of business.

14. BY-LAWS. The operation of the Condominium shall be governed by the By-Laws of the Association. No modification of or amendment to the By-Laws shall be valid unless set forth in or annexed to a duly recorded amendment to this Declaration in accordance with the formalities set forth herein. No amendment to the By-Laws shall be adopted which would affect or impair the validity or priority of any mortgage held by an Institutional Mortgagee covering any condominium parcel without the consent of said Institutional Mortgagee. Defects or omissions in the By-Laws shall not affect the validity of the Condominium or title to the condominium parcels.

15. MAINTENANCE, ALTERATIONS AND IMPROVEMENTS. Responsibility for the maintenance of the condominium property and restrictions upon alterations and improvements thereof shall be as follows:

15.1 Common Elements.

(a) The maintenance and operation of the common elements shall be the responsibility of the Association and shall be a common expense;

(b) There shall be no material alteration or further substantial improvement of common elements without prior approval, in writing, by record owners of seventy-five per cent (75%) of all units. The cost of such alteration or improvement shall be a special assessment and so assessed.

15.2 Units and Limited Common Elements.

(a) The Association shall maintain, repair and replace as a common expense:

(1) All portions of a unit contributing to the support of the building, which portions shall include but not be limited to the outside walls of the building, all fixtures on the exterior thereof, the perimeter baluster and walls abutting each screened porch, including the exterior surfaces thereon, boundary walls of a unit, floors and ceiling slabs, load-bearing columns and load-bearing walls, but shall not include screening, windows, exterior doors, glass and interior surfaces of walls, ceilings and floors;

(2) All conduits, plumbing (but not fixtures), wiring and other facilities for the furnishing of utility services which are contained in a unit but which service all or parts of the building other than the unit within which contained;

(3) Ventilation and plumbing chases that are common elements;

(4) All parking area pavement;

(5) All incidental damage caused to a unit by such work shall be promptly repaired by the Association.

(b) The responsibility of the unit owner shall include:

(1) To maintain, repair and replace, at his sole and personal expense, all doors, windows, glass, screens, electric panels, electric wiring, electric outlets and fixtures, air-conditioning and heating equipment, including but not limited to condensers, compressors and evaporators whether located within or outside the unit; refrigerators, other appliances, drains, plumbing fixtures and connections, interior surfaces of all walls, including boundary and exterior walls, floors and ceilings, including screened porch floor coverings, if any, and all other portions of his unit and limited common elements appurtenant thereto, except the portions specifically to be maintained, repaired and replaced by the Association.

(2) To refrain from enclosing, painting or otherwise decorating or changing the appearance of any portion of the exterior of the condominium building, or the screened porch appurtenant to the unit, including, but not limited to, screened porch floor coverings, if any, screening, windows, window coverings, and exterior doors, without the written approval of the Association.

(3) To promptly report to the Association any defect or need for repairs, the responsibility for which is that of the Association.

15.3 Enforcement of Maintenance. In the event the owner of a unit fails to maintain the property as required above, or otherwise violates the provisions hereof, the Association or any other unit owner shall have the right to proceed in a court of

BY-LAWS OF

BOARDWALK OWNERS ASSOCIATION, INC.
A Non-Profit Florida Corporation

## ARTICLE I

### GENERAL

Section 1. Name: The name of the corporation shall be BOARDWALK OWNERS ASSOCIATION, INC., hereinafter referred to as the "Association" or "Corporation".

Section 2. Principal Office: The principal office of the Association shall be at Boardwalk Condominium, 715 South Ocean Drive, Fort Pierce, Florida, or at such other place as may be subsequently designated by the Board of Directors. All books and records of the Association shall be kept at the principal office or at the office of the registered agent of the Association.

Section 3. Definitions: As used herein, terms defined in the Declaration of Condominium for BOARDWALK CONDOMINIUM, hereinafter referred to as the "Condominium", shall mean the same herein.

## ARTICLE II

### DIRECTORS

Section 1. Powers: The property and business of the Association shall be managed by the Board of Directors ("Board"), which may exercise all corporate powers not specifically prohibited by statute, the Articles of Incorporation or the Declaration of Condominium to which these By-Laws are attached. The powers of the Board of Directors shall include, but not be limited to, all those powers as set forth in Article IV of these By-Laws.

Section 2. Number and Term: Three (3) Directors shall constitute the whole Board of Directors. Except for the initial directors designated in the Articles of Incorporation and any other directors selected by the Developer, a director shall be elected to serve for the term of one (1) year, or until his successor has been elected and qualified. An employee or agent of a business entity owner shall be eligible to serve as a director of the Association. If the number of Directors falls below three (3), a special members' meeting shall be called for the purpose of filling vacancies on the Board of Directors.

Section 3. Vacancy and Replacement: If the office of any director becomes vacant by reason of death, resignation, retirement, disqualification, removal from office or otherwise, a majority of the remaining directors, though less than a quorum, at a special meeting duly called for this purpose, shall choose a successor, who shall hold office for the unexpired term in respect to which such vacancy occurred. The Developer shall be empowered to remove or replace at any time any director originally selected by the Developer.

Section 4. Removal: Directors may be removed for cause by an affirmative vote of a majority of the qualified votes of voting members. No director shall continue to serve on the Board if, during his term of office, his membership in the corporation shall be terminated for any reason whatsoever.

Section 5. Recall: Directors may be recalled and removed from office with or without cause by the vote or agreement in writing by a majority of all voting members. A special meeting of the voting members to recall a Director or Directors may be called by ten per cent (10%) of the voting members giving notice of the meeting as required in Article VI of these By-Laws, and the notice shall state the purpose of the meeting.

Section 6. First Board of Directors: The first Board of Directors designated in the Articles of Incorporation shall hold office and exercise all the power of the Board of Directors until the first membership meeting, anything herein to the contrary notwithstanding; provided, any or all of said directors shall be subject to replacement by the Developer or, in the event of resignation or death, as above provided.

Section 7. Compensation: Neither directors nor officers shall receive compensation for their services as such.

Section 8. Meetings:

(a) The first meeting of each Board of Directors newly elected by the voting members shall be held immediately upon adjournment of the meeting at which they were elected, provided a quorum shall then be present, or as soon thereafter as may be practicable. The annual meeting of the Board of Directors shall be held at the same place as the voting members' annual meeting, and immediately after the adjournment of same;

(b) Special meetings shall be held whenever called by the President or a majority of the Board of Directors. The Secretary shall give notice of each special meeting either personally, by mail or telegram to each director at least three (3) days before the date of such meeting, but the Directors may waive notice of the calling of the meeting;

(c) Meetings of the Board of Directors shall be open to all unit owners. Adequate notice of all meetings of the Board of Directors shall be posted conspicuously on the condominium properties at least forty-eight (48) hours in advance, except in an emergency;

(d) A majority of the Board of Directors shall be necessary and sufficient at all meetings to constitute a quorum for the transaction of business, and the act of a majority present at any meeting at which there is a quorum shall be the act of the Board of Directors. If a quroum shall not be present at the meeting, the Directors then present may adjourn the meeting without notice, other than announcement at the meeting, until a quorum shall be present.

Section 9. Order of Business: The order of business at all meetings of the Board of Directors shall be as follows:

1. Roll call and quorum determination;

2. Reading of minutes of last meeting;

3. Consideration of communications;

4. Resignations and elections;

5. Reports of officers and employees;

6. Reports of committees;

7. Unfinished business;

8. Original resolutions and new business;

9. Adjournment.

Section 10. Annual Statement: The Board shall present, no less often than at the annual meeting, a full and clear statement of the business and condition of the Association, including a report of the operating expenses of the Association and the assessments paid by the members.

ARTICLE III

OFFICERS

Section 1. Executive Officers: The executive officers of the Association shall be a President, Vice-President, Treasurer and Secretary, all of whom shall be elected annually by the Board of Directors. Any two of said offices may be united in one person, except that the President shall not also be the Secretary or an Assistant Secretary of the Association. The President shall be a director ex officio, unless elected to the Board. If the Board so determines, there may be more than one Vice-President.

Section 2. Subordinate Officers: The Board of Directors may appoint such other officers and agents as they may deem necessary, who shall hold office during the pleasure of the Board of Directors and have such authority and perform such duties as from time to time may be prescribed by the Board.

Section 3. Tenure of Officers; Removal: All officers and agents shall be subject to removal, with or without cause, at any time by action of the Board of Directors. The Board may delegate powers of removal of subordinate officers and agents to any officer.

Section 4. The President:

(a) The President shall preside at all meetings of the members and Directors; he shall have general and active management of the business of the Association; he shall see that all orders and resolutions of the Board are carried into effect; he shall execute bonds, mortgages and other contracts requiring a seal, under the seal of the Association; the seal when affixed shall be attested by the signature of the Secretary;

(b) He shall have general superintendence and direction of all the other officers of the Association, and shall see that their duties are performed properly;

(c) He shall submit a report of the operation of the Association for the fiscal year to the Directors whenever called for by them, and to the members at the annual meeting, and from time to time shall

report to the Board all matters within his knowledge which the interest of the Association may require to be brought to their notice;

(d) He shall be an ex officio member of all committees, and shall have the general powers and duties of supervision and management usually vested in the office of President of a corporation.

Section 5. The Vice-President: The Vice-President shall be vested with all powers and required to perform all duties of the President in his absence; and such other duties as may be prescribed by the Board of Directors.

Section 6. The Secretary:

(a) The Secretary shall keep the minutes of the meetings of the voting members and of the Board of Directors in one or more books provided for that purpose; said minute books shall be available for inspection by unit owners, or their authorized representatives, and directors at any reasonable time; said minutes shall be retained for a period of not less than seven (7) years.

(b) He shall see that all notices are duly given in accordance with the provisions of these By-Laws or as required by law;

(c) He shall be custodian of the corporate records and of the seal of the Association and shall see that the seal of the Association is affixed to all documents, the execution of which on behalf of the Association under its seal is duly authorized in accordance with the provisions of these By-Laws;

(d) He shall keep a register of the post office address of each unit owner, which shall be furnished to the Secretary by each unit owner;

(e) In general, he shall perform all duties incident to the office of secretary and such other duties as from time to time may be assigned to him by the President or by the Board of Directors.

Section 7. Treasurer:

(a) The Treasurer shall keep full and accurate accounts of receipts and disbursements in books belonging to the Association, and shall deposit all monies and other valuable effects in the name and to the credit of the Association, in such depositories as may be designated by the Board of Directors;

(b) He shall disburse the funds of the Association as ordered by the Board, taking proper vouchers for such disbursements, and shall render to the President and directors, at regular meetings of the Board, or whenever they may require it, an account of all his transactions as Treasurer and of the financial condition of the Association;

(c) He may be required to give the Association a bond in a sum and with one or more sureties satisfactory to the Board, for the faithful performance of the duties of his office, and the restoration to the

Association, in case of his death, resignation or removal from office, all books, papers, vouchers, money or other property of whatever kind in his possession belonging to the Association.

Section 8. Vacancies: If the office of the President, Vice-President, Secretary or Treasurer, one or more, becomes vacant by reason of death, resignation, disqualification or otherwise, the directors, by a majority vote, may choose a successor who shall hold office for the unexpired term.

Section 9. Resignations: Any director or other officer may resign his office at any time, such resignation to be made in writing, and to take effect from the time of its receipt by the Association, unless some time be fixed in the resignation, and then from that date.

## ARTICLE IV

## POWERS AND DUTIES OF THE ASSOCIATION

The Association shall have all powers granted to it by law, the Declaration of Condominium, the Condominium Act, and the Articles of Incorporation, all of which powers shall be exercised by its Board of Directors, unless the exercise thereof is otherwise restricted in the Declaration of Condominium, these By-Laws, or by law. The powers of the Association shall include, but not be limited to, the following:

(a) To levy and collect regular and special assessments and to establish the method and time within which payments are to be made;

(b) To expend monies collected for the purpose of paying the common expenses of the Association;

(c) To purchase equipment, supplies and material required for the maintenance, repair, replacement, operation and management of the condominium properties;

(d) To insure and keep insured the buildings and improvements of the Condominium as provided for and limited by the Declaration of Condominium;

(e) To employ the personnel required for the operation of the condominium properties;

(f) To make reasonable rules and regulations for the use of the condominium properties and to amend them from time to time, and see to it that all members are notified of such changes in the rules and regulations as may be enacted;

(g) To improve the condominium properties subject to the limitations of the Declaration of Condominium;

(h) To enforce by any legal means the provisions of the Articles of Incorporation, the By-Laws, the Declaration of Condominium, and the regulations promulgated by the Association;

(i) To collect delinquent assessments by suit or otherwise, and to abate nuisances and enjoin or seek damages from unit owners for violation of the provisions of the condominium documents;

(j) To approve or disapprove of all conveyances of condominium parcels as provided for in the Declaration of Condominium;

(k) To select depositories for Association funds, and to determine the manner of receiving, depositing, and disbursing Association funds, and the form of check and the person or persons by whom checks shall be signed, when not signed, as otherwise provided by these By-Laws;

(l) To collect for the management and maintenance of the condominium and to authorize a management agent to assist the Association in carrying out its powers and duties by performing such functions as the collection of assessments, preparation of records, enforcement of rules and maintenance of the common elements. The Association shall, however, retain at all times the power and duties granted them by the Condominium Act, including, but not limited to, the making of assessments, promulgation of rules, and execution of contracts on behalf of the Association.

Nothing in this subparagraph or in the Declaration of Condominium shall be deemed to require the Association to maintain the interior of any condominium unit, or to enter into any contract or undertaking to provide for the maintenance or upkeep of the interior of any condominium unit.

(m) To establish the offices of additional officers of this Association and to appoint all officers;

(n) To propose and adopt the budget for the Condominium;

(o) To possess, enjoy and exercise all powers necessary to implement, enforce, and carry into effect the powers above described, including the power to acquire, hold, convey, and deal in real and personal property.

## ARTICLE V

## MEMBERSHIP

Section 1. Definition: Voting membership in the Association shall be limited to owners of condominium units in the Condominium.

Section 2. Transfer of Membership and Ownership: Membership in the Association may be transferred only as an incident to the transfer of the transferor's condominium parcel, and such transfer shall be subject to the procedures set forth in the Declaration of Condominium.

Section 3. Plural Ownership: Membership may be held in the names of more than one person, in which event, all of the plural owners of the unit shall be entitled collectively to only one vote in the management of the affairs of the Association, and the vote may not be divided between the plural owners. The plural owners

must file a certificate authorizing a voting member in accordance with Article VI, Section 7, of these By-Laws.

## ARTICLE VI

## MEETINGS OF MEMBERSHIP

Section 1. Place: All meetings of the Association membership shall be held at the office of the Association or at such other place as may be stated in the notice of the meeting.

Section 2. Annual Meeting:

(a) The first annual meeting of the members shall be held the first Wednesday in October, 1983, at 8:00 PM , and each subsequent regular annual meeting of the members shall be held on the same day of the same month of each year thereafter, at the hour of 8:00 P.M.

If the day for the annual meeting of the members is a legal holiday, the meeting will be held at the same hour on the first day following that which is not a legal holiday. If the meeting is re-scheduled, the directors elected at the first annual meeting and the officers elected as a result of the directors' meeting will hold office until the annual meeting is held.

(b) At the annual meeting, the members, by a plurality vote, shall elect a Board of Directors and transact such other business as may properly come before a meeting.

(c) Written notice of the annual meeting shall be given to each unit owner and shall be posted in a conspicuous place on the condominium properties at least fourteen (14) days prior to the annual meeting. The notice of the annual meeting shall be sent by mail to each unit owner and the post office certificate of mailing shall be retained as proof of such mailing.

Section 3. Membership List: At least ten (10) days before every regular meeting of the membership, a complete list of members entitled to vote at said meeting, arranged numerically by units, with residence of each, shall be prepared by the Secretary. Such list shall be produced and kept for said ten (10) days at the office of the Association, and shall be open to examination by any member throughout such time.

Section 4. Special Meetings:

(a) Special meetings of the members, for any purpose(s), unless otherwise prescribed by law, the Declaration of Condominium, or Articles of Incorporation, may be called by the President, and shall be called by the President or Secretary at the written request of one-third (1/3) of the voting members. Such request shall state the purpose(s) of the proposed meeting;

(b) Written notice of a special meeting of members, stating the time, place and purpose(s) thereof,

shall be served upon or mailed to each voting member at the address as it appears on the books of the Association, at least five (5) days before such meeting;

(c) Business transacted at all special meetings shall be confined to the purpose(s) stated in the notice of the meeting;

(d) Unit owners may waive notice of special meetings and may take action by written agreement without meetings, if allowed by law, the Declaration of Condominium, and the Articles of Incorporation.

Section 5. Quorum: A majority of the total number of voting members of the Association, present in person or represented by written proxy, shall be required for and shall constitute a quorum at all meetings of the members for the transaction of business, except as otherwise provided by statute, by the Articles of Incorporation or these By-Laws. If, however, such quorum shall not be present or represented at any meeting of the members, the voting members present in person or represented by written proxy, shall have power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting originally called.

Section 6. Vote Required to Transact Business: When a quorum is present at any meeting, a majority of the votes cast, in person or represented by written proxy, shall decide any questions brought before the meeting, unless the question is one upon which, by express provision of law, the Declaration of Condominium, the Articles of Incorporation or these By-Laws a different vote is required, in which case such express provision shall govern and control the decision of such question. Cumulative voting is prohibited.

Section 7. Entitled and Qualified to Vote; Plural Ownership; Proxies: Each unit owner shall be entitled to one (1) vote for each unit owned by him. At any meeting of the members, every member entitled to vote may vote in person or by proxy. Such proxy shall only be valid for such meeting or subsequent adjourned meetings thereof. If more than one (1) person or a corporation owns a unit, they shall file a certificate with the Secretary of the Association naming the person authorized to cast votes for said unit. If the certificate is not on file, the owner(s) shall not be qualified to vote and the vote of such owner(s) shall not be considered nor shall the presence of said unit owner(s) at a meeting be considered in determining whether the quorum requirement has been met. If a unit shall be owned by husband and wife as tenants by the entirety, no certificate need be filed with the Secretary naming the person authorized to cast votes for said unit, and either spouse, but not both, may vote in person or by proxy and be considered in determining whether the quorum requirement has been met at any meeting of the members, unless prior to such meeting, either spouse has notified the Secretary in writing that there is disagreement as to who shall represent the unit at the meeting, in which case the certificate requirements set forth above shall apply.

Section 8. Waiver and Consent: Whenever the vote of members at a meeting is required or permitted by any provision of law, the Declaration of Condominium, the Articles of Incorporation or these By-Laws to be taken in connection with any action of the Association, the meeting and vote of members

may be dispensed with, if all members who would have been entitled to vote upon the action at such meeting, if such meeting were held, shall have consented in writing to such action being taken.

Section 9. Order of Business: The order of business at annual members' meetings, and as far as practical at other members' meetings, shall be:

1. Election of Chairman
2. Roll call and Quorum Determination
3. Proof of Notice of Meeting or Waiver of Notice
4. Reading of Minutes of Prior Meeting
5. Officers' Reports
6. Committee Reports
7. Elections
8. Unfinished Business
9. New Business
10. Adjournment

Section 10. Procedure: Roberts Rules of Order (latest edition) shall govern the conduct of Association proceedings when not in conflict with the Articles of Incorporation, these By-Laws or any provision of law.

## ARTICLE VII

## NOTICES

Section 1. Definition: Except where expressly provided to the contrary, whenever under the provision of law, the Declaration of Condominium, the Articles of Incorporation or these By-Laws, notice is required to be given to any director or member, it shall not be construed to mean personal notice; but such notice may be given in writing by regular mail, by depositing the same in a post office or letter box in a postpaid, sealed envelope, addressed as appears on the books of the Association.

Section 2. Service of Notice - Waiver: Whenever any notice is required to be given under the provisions of these By-Laws, a waiver thereof, in writing, signed by the person(s) entitled to such notice, whether before or after the time stated herein, shall be deemed the equivalent of such notice.

Section 3. Address: The address for notice to the Association is 715 South Ocean Drive, Fort Pierce, Florida 33450.

## ARTICLE VIII

## FINANCES

Section 1. Fiscal Year: The fiscal year of the Association shall be the calendar year, commencing January 1 of each year,

provided, however, that the Board of Directors is authorized to change to a different fiscal year at such time as the Board deems advisable.

Section 2. Checks: All checks or demands for money and notes of the Association shall be signed by any one of the following officers: President, Secretary or Treasurer, or by such officer(s) or such other person(s) as the Board of Directors may from time to time designate.

Section 3. Depositories: The funds of the Association shall be deposited in a bank(s) in St. Lucie County, Florida, in an account for the Association under resolutions approved by the Board of Directors, and shall be withdrawn only over the signature of the Treasurer, the President or the Vice-President, or such other person(s) as the Board may authorize. The Board may require more than one signature on checks and bank drafts. Said funds shall be used only for Association purposes. If necessary, and if demanded by Institutional Mortgagees, separate accounts shall be established to maintain and disburse escrow funds required by Institutional Mortgagees to meet mortgage requirements as to establishment of escrows for real estate taxes and insurance respecting condominium parcels.

Section 4. Inspections and Records: The Association shall maintain good accounting records. All such records and any legal documents, policies of insurance, and books of the Association shall be open to inspection at reasonable times by members, their authorized representatives, and all Institutional Mortgagees. Upon request, Institutional Mortgagees shall have the right to receive an unaudited financial statement of the Association within ninety (90) days following the end of the fiscal year.

Section 5. Annual Statement: The Board of Directors shall present at each annual meeting a full and clear statement of the business and condition of the Association.

Section 6. Insurance: The Association shall procure, maintain and keep in full force and effect, all insurance required by and in accordance with the Declaration of Condominium.

Section 7. Fidelity Bonds: Fidelity bonds may be required by the Board of Directors from all officers and employees of the Association and from any contractor handling or responsible for Association funds. The premiums for such bonds shall be paid by the Association as a common expense.

Section 8. Assessments:

(a) The Board of Directors has the power to and shall from time to time fix and determine the amount necessary to pay the common expenses of the Condominium. Common expenses include those expenses described in Paragraph 2.6 of the Declaration of Condominium and any other expenses designated as common expenses by the Board of Directors.

(b) Funds for the payment of common expenses shall be assessed and be a lien against the condominium parcels in the proportion of percentage of sharing common expenses as provided in the Declaration of Condominium.

(c) Regular assessments shall be paid by the members on a monthly basis unless the membership shall approve a different period for payment.

(d) Special assessments, when required by the Board of Directors, shall be levied and paid in the same manner as regular assessments, unless the Declaration of Condominium shall otherwise provide. The Board of Directors may make special assessments in emergencies and upon such conditions as the Board may authorize.

(e) When the Board of Directors has determined the amount of any assessments, the Secretary or Treasurer shall transmit a statement of such assessment to each condominium parcel owner. All assessments shall be made payable to and at the office of the Association and upon request the Secretary or Treasurer shall give a receipt for each payment made.

(f) Assessments are necessarily made upon projections and estimates of the Board of Directors, and may be in excess of or less than the sums required to meet the cash requirements of the Condominium, in which event the Board of Directors may increase or decrease the amount of an assessment, and make such adjustments in cash or otherwise, as they shall deem proper, including the assessment of each member of his proportionate share of any deficiency. Notice of all changes in assessments shall be given to all unit owners.

(g) Assessments shall not include charges for utilities separately charged and metered to each condominium unit, nor charges for such alterations, repairs, maintenance, improvements or decorating within the interior of any unit as are the obligation of the unit owner and not the obligation of the Association. The Board of Directors may provide certain maintenance and repairs as would otherwise be the obligation of the individual unit owners, by the undertaking of contracts with business establishments providing repair and maintenance services, and in such cases the cost or price of such contractual services may be treated as a common expense and assessed against the members as part of their monthly maintenance. The specific contracts or undertakings need not be submitted by the Board of Directors to the membership for approval once the membership has approved the policy of having a specific type of repair or maintenance undertaken by the Association which would otherwise be the individual unit owners' responsibility.

(h) Assessments are due on the dates stated in the notice of assessments, and thereafter shall bear interest at eighteen per cent (18%) per annum until paid.

(i) In the event an assessment is not paid within fifteen (15) days of the date it is due and payable, the Association through the Board of Directors, may proceed to enforce and collect said

assessment from the delinquent owner in any manner provided by the Condominium Act, the Declaration and these By-Laws. Each condominium parcel owner shall be individually responsible for the payment of reasonable attorney's fees and costs incurred by the Association in the collection of sums due and enforcement of any lien held by the Association.

(j) The Board of Directors may authorized the President to enter into a management contract with third parties to whom the power to levy and collect assessments may be delegated.

(k) All sums collected by the Association from assessments may be commingled in a single fund or divided into more than one fund, as determined by the Board of Directors. All assessment payments by a unit owner shall be applied as provided herein and in the Declaration of Condominium.

(l) Any unit owner shall have the right to require from the Association, a certificate showing the amount of unpaid assessments against him with regard to his condominium parcel. The holder of a mortgage or other lien shall have the same right as to any condominium parcel upon which it has a lien. Any person other than owner who relies upon such certificate shall be protected thereby.

Section 9. Budget:

(a) The Board of Directors is empowered to propose and adopt the budget for the Condominium.

(b) Notice of the meeting and a copy of the proposed annual budget of common expenses shall be mailed to the unit owners not less than thirty (30) days prior to the meeting of the Board of Directors at which the budget will be considered. Such meeting shall be open to the unit owners. If a budget is adopted by the Board of Directors which requires assessments against the unit owners in any fiscal year exceeding 115 per cent of such assessments for the preceding year, a special meeting of the unit owners shall be held, if requested in writing by at least ten per cent (10%) of the unit owners, to consider and enact a revision of the budget, or recall any and all members of the Board of Directors and elect their successors. Such meeting shall be held not less than ten (10) days after written notice is given to each unit owner, but not more than thirty (30) days after such meeting has been requested in writing. The revision of the budget or the recall of any or all members of the Board of Directors shall require a vote of not less than two-thirds (2/3) of the voting members. The Board of Directors may in any event propose a budget to the unit owners at a members' meeting or in writing, and if such proposed budget is approved by the unit owners at a members' meeting or by a majority of voting members in writing, such budget shall not thereafter be re-examined by the unit owners in the manner set forth above, nor shall the Board of Directors be recalled under the terms of this sub-section.

(c) Each proposed annual budget of common expenses adopted by the Board of Directors shall be detailed and shall show the amounts budgeted by accounts and expenses classifications, including, but not limited to, the following:

1. Administration of the Association.
2. Management fees.
3. Maintenance.
4. Taxes upon Association properties, if any.
5. Insurance.
6. Security provisions.
7. Utilities.
8. Other expenses.
9. Operating capital.
10. Reserves.
11. Fees payable to Division of Florida Land Sales and Condominiums.

(d) Regular assessments shall be made against unit owners not less frequently than monthly, in an amount no less than required to provide funds in advance for payment of all the anticipated current operating expenses and for all of the unpaid operating expenses previously incurred.

(e) The provisions of Florida Statute 718.112, with regard to limitations on budget increases, special membership meetings for budget reconstruction, and the right to consider and adopt a budget at the annual membership meeting as an alternative, are hereby adopted. In determination of the percent of increase of the annual budget over the preceding years, authorized provisions for reasonable reserves for repair or replacement of the condominium properties, anticipated expenses by the Association which are not anticipated to be incurred on a regular or annual basis, and assessments for betterments to the condominium properties shall be excluded from the computation.

(f) As long as Developer is in control of the Association, the Association shall not impose an assessment for any year greater than one hundred fifteen per cent (115%) of the prior fiscal year's assessment without approval by a majority of all voting members.

(g) Notwithstanding anything in these By-Laws or the Declaration which authorize expenditures, no single expenditure for the improvement of the common elements exceeding $2,000.00 shall be made without the approval of seventy-five per cent (75%) of the membership, except for the

Section 1. Enforcement of Lien: In the event a unit owner does not pay any sums, charges or assessments required to be paid to the Association within thirty (30) days from the due date, the Association, acting on its own behalf or through its Board of Directors, may enforce its lien for assessments to which it is entitled, in accordance with the Declaration and provisions of law.

Section 2. Proceeds of Sale: If the Association becomes the owner of a unit by reason of foreclosure, it shall offer said unit for sale and at such time as a sale is consummated, it shall deduct from the proceeds of said sale all sums of money due it for assessments and charges, all costs incurred in the bringing of the foreclosure suit, including reasonable attorneys' fees, and any and all expenses incurred in the resale of the unit, which shall include but not be limited to advertising expenses, real estate brokerage fees and expenses necessary for the repairing and refurbishing of the unit. All monies remaining after deducting the foregoing items of expenses shall be returned to the former owner of the unit.

Section 3. Violations: In the event of violation of the provisions of the Declaration, Articles of Incorporation or these By-Laws, for thirty (30) days after notice from the Association to the unit owner to correct said breach or violation, the Association, on its own behalf or through its Board of Directors, may bring appropriate action to enjoin such violation or may enforce the provisions of said documents, or may sue for damages, or take such other courses of action, or other legal remedy, as it or they may deem appropriate. An Institutional Mortgagee, as defined in the Declaration of Condoiminium, of a unit shall be entitled to written notice from the Association of any default by the mortgagor of such unit under the condominium documents which is not cured within thirty (30) days.

Section 4. Attorneys' Fees: In the event such legal action contemplated by this Article is brought against a unit owner and results in a judgment for the Plaintiff, the Defendant shall pay the Plaintiff's reasonable attorney's fees and court costs.

Section 5. Binding Effect: Each unit owner, for himself, his heirs, successors and assigns, agrees to the foregoing provisions relating to default and abatement of nuisance,

## AMENDMENT OF BY-LAWS

These By-Laws may only be amended at a duly called meeting of the voting members; provided (1) that the notice of the meeting shall contain a full statement of the proposed amendment; and (2) that the quorum requirement for such purposes shall be a majority of the voting members, in person or by proxy. It shall be necessary that there be an affirmative vote of three fourths (3/4) of the voting members, in person or by proxy. It shall be necessary that there be an affirmative vote of three fourths (3/4) of the voting members, as well as an affirmative vote of two thirds (2/3) of the Board of Directors, in order to amend these By-Laws. No amendment to these By-Laws shall be passed which would operate to impair or prejudice the right or liabilities of any Institutional Mortgagee without the consent of said Institutional Mortgagee.

No By-Law shall be revised or amended by reference to its title or number only. Proposals to amend existing By-Laws shall contain the full text of the By-Laws to be amended; new words shall be inserted in the text underlined, and words to be deleted shall be lined through with hyphens. If the proposed change is so extensive that the above procedure would hinder, rather than assist, the understanding of the proposed amendment, it is not necessary to use underlining and hyphens as indicators of words added or deleted, but a notation must be inserted immediately preceding the proposed amendment in substantially the following language: "Substantial rewording of By-Laws. See By-Laws _____ for present text".

Non-material errors or omissions in the By-Laws amendment process shall not invalidate an otherwise properly promulgated amendment.

19. USE AND OCCUPANCY RESTRICTIONS

19.12 **Parking Restrictions.**
Only automobiles will be parked in the parking areas of the condominium property. No other vehicles and objects, including but not limited to trailers, boats, motor homes and trucks over 3/4 ton may be parked or placed upon any of the condominium property.

**Exceptions**: **Moving vans** shall be permitted to park, but not on the grass for the purpose of loading and unloading; **Vehicles**, regardless of classification, necessary for the **maintenance, care** or **protection** of the Properties; **Service and delivery vehicles**, regardless of classification, during regular business hours; **Vehicles for handicapped persons**; **Police and fire safety vehicles**

The following restrictions also apply:

No repair (including changing of oil) of a vehicle shall be made within the Condominium except for minor repairs necessary to permit removal of a vehicle. However, washing or waxing of a vehicle is permitted.
No motor vehicle, including moving vans, shall be parked at any time on the grass/swales within the Condominium.
Except where safety dictates otherwise, horns shall not be used or blown while a vehicle is parked, standing in or driving through parking areas. Racing engines and loud exhausts shall be prohibited. No vehicle shall be parked with motor running.

**Remedy of Towing.** If upon the Association's provision of that notice required by Section 715.07, Florida Statutes, and any applicable County Ordinances, amended from time to time, an offending vehicle Owner does not remove a prohibited or improperly parked vehicle from the Condominium, the Association shall have the option and right to have the vehicle towed away at the vehicle Owner's expenses. By this provision, each Owner and vehicle Owner provides the Association with the necessary consent to effect the tow.

STATEMENT PREPARED

## INTRODUCTION

The following is an analysis of the general condition and state of repair of the 13 UNIT APARTMENT COMPLEX located at 715 South Ocean Drive, Fort Pierce, Florida, as determined by visual inspection of the premises by James Bushouse & Associates, Inc., under the direct supervision of James D. Bushouse, P. E. The report is divided into the component parts of the Buildings and Premises as required by Florida Statute, with the following information listed for each component:

1. Approximate age of the Component.

2. Estimated remaining useful life – Economic Life
   This figure represents the Engineer's estimate of the amount of relatively maintenance free service life which could be expected from a particular component.

3. Current Replacement Cost
   This figure represents the Engineer's estimate of the current replacement cost of a particular building component shown as a total amount and as per unit share of the expense.

4. A discussion of the overall state of repair and the structural soundness of the component.

The apartments consist of 2 buildings, 1 consisting of 2-2 bedroom units and the other 11-1 bedroom units. The buildings are constructed with C. B. S. walls on the 1st floor and wood stud with texture 1-11 on the second floor. The roof is wood trusses with asphalt shingles on the slope part and built-up roof on the flat part.

The 2 unit building was built a few years before the other, but due to the fact that it has been well maintained, this report calls the component of both the same age.

Our visual inspection covered the civil, structural, mechanical and electrical elements of the project, including the roofs. In general, for a 5 year old project, it is in good condition and appears to have been well maintained. For the age, estimated remaining useful life and estimated current replacement cost of the component parts of the buildings, refer to Appendix "A" of this report.

### A. STRUCTURAL

The general structural condition of the apartment buildings is average for buildings of this type. The structural elements are safe and sound for use intended. There are some thermal stress cracks in the walkway slab, side of stairways and exterior walls under windows that will require on going maintenance.

### B. ROOFS

The flat part of the roofs which are built-up are in generally good condition with no visible signs of leaks. The slope parts which are asphalt shingles, are in very good condition with no visible signs of leaks. The soffits should be monitored and maintained as necessary.

### C. ELEVATORS

There are no elevators on the premises. Access to the upstairs units is achieved through exterior concrete stairways.

D. HEATING AND COOLING SYSTEMS

The general condition of the A/C Systems was average for buildings of this age period. Our inspection of the ductwork and air distribution system indicates there are no problems in these areas. Each apartment unit is equipped with its own split system A/C unit. All of the condensing units are located on a concrete pad on the ground.

E. PLUMBING

Our inspection of the plumbing systems indicate that the systems are safe and sound and are in good condition and functioning properly with no obvious defects or code violations. Water pressure at the second floor of the building was adequate. Sanitary drainage on the second floor drains slower than normal.

The electric hot water heater in the apartments appear to be in good condition with the exception that the water line connection in isolated cases is starting to rust. The main water distribution system is PVC and copper piping. The distribution lines within the apartments are copper. The hot water system and laundry room equipment appears to be adequately servicing the buildings and seems to pose no apparent maintenance problems.

F. ELECTRICAL SYSTEMS

The electrical distribution and utilization devise systems within the apartments are safe, sound and are functioning properly for the use intended and present no apparent shock or fire hazard. The elements comprising the electrical distribution system and the appliances, circuit breakers, etc. are of quality material and were installed with good workmanship. With the exception of a few lights, switches and toilet exhaust fans (of the units that were inspected) all of the utilization devices, controls, light fixtures, A/C equipment and appliances were operating. Of the outlets and switches inspected, all were properly installed and grounded. There was no ground fault breaker on the outlet in the bathrooms.

The electrical work in the public spaces was inspected and found to be functioning properly and to be safe and sound for the use intended. Electrical service equipment and distribution apparatus are in safe and sound condition. No violations of codes, standards, or regulations were observed in the power service equipment and main distribution apparatus and they were functioning properly.

G. SWIMMING POOL AND EQUIPMENT

There is no pool on the premise.

H. SEAWALLS

There are no seawalls on the premise.

I. PAVEMENT AND PARKING AREAS

Asphalt paving was in good condition for its age; some minor settlement has occurred, which will cause some minor problems. Also the paving should be sealed to add to the possible life of the surface.

J. SITE DRAINAGE SYSTEM

The drainage of the Parking Areas is to the grass swales where the water them percolates into the water table.

K. SYNOPSIS

Other than the items mentioned above, there is nothing that would constitute a serious problem any time in the near furture. The structural integrity of the buildings appear sound and can be expected to remain so with proper maintenance. The buildings are constructed with C. B. S. walls on the first floor, wood studs with texture 1-11 on the second floor and wood studs and drywall for the interior partitions. The 11 unit building was given a Certificate of Occupancy about October 1977. The 2 unit building was constructed in 1970. This is estimated year only, due to the fact that no records of Certification of Occupancy could be located in the city of Fort Pierce. The prior use of these buildings were as a Rental Apartment Complex.

The items in this report indicate the current status at the time of inspections, which was June 7, 1982. These items are not to be considered all inclusive, nor a guarantee, but our professional expression based on our experience, knowledge, examination of available plans and on our visual inspection of the exposed conditions to the extent reasonably possible. It is the opinion of this firm that the above referenced buildings are safe for residential habitation.

THIS STATEMENT WAS PREPARED JUNE 16, 1982.

## SCOPE OF INSPECTION

A trained and qualified representative of this company has conducted a careful inspection of the visible and accessible areas of the structure(s) listed above. This report is made on the basis of what was visible and accessible at the time of the inspection and is not an opinion covering areas such as, but not necessarily limited to, those that are enclosed or inaccessible, areas concealed by wall coverings, floor coverings, furniture, equipment, stored articles, or any portion of the structure in which inspection would necessitate removing of defacing finished wood.

THIS IS NOT A STRUCTURAL DAMAGE REPORT: A wood-destroying organism inspector is not ordinarily a construction or building trade expert and therefore is not expected to possess any special qualifications which would enable him to detect the extent of structural damage. If damage or other evidence of wood-destroying organisms is noted in this report, further investigation by qualified experts of the building trade should be made to determine structural soundness of the property. This is not to be construed to constitute a guarantee of the absence of wood-destroying organisms.

## PURCHASE AGREEMENT

THIS AGREEMENT, made and entered into by and between K. M. BROOKS and LOUISE M. SPARKS, hereinafter called the "Seller", and

hereinafter called the "Purchaser"; which terms Seller and Purchaser shall include and bind the heirs, executors, legal representatives, successors and assigns of the respective parties hereto whenever the context hereof so requires or admits;

W I T N E S S E T H :

WHEREAS, the Seller is converting to condominium ownership apartments situate in the City of Fort Pierce, State of Florida, known as BOARDWALK CONDOMINIUM, (hereinafter called the "Condominium"), and has submitted or will submit the land upon which such building is located to the condominium form of ownership and use by recordation of a Declaration of Condominium for the Condominium in the public records of St. Lucie County, Florida; and

WHEREAS, the Purchaser will read when available, or has read, the Condominium documents to be submitted, or submitted, by the Seller as required by Florida Statutes 718.503, including a copy of said Declaration of Condominium and all of its exhibits (hereinafter called the "Declaration"); and

WHEREAS, the Purchaser desires to purchase Apartment Unit _____ of the Condominium, all appliances located or to be located therein, and the air conditioning unit serving or to serve said apartment; and

WHEREAS, the Seller does hereby approve of the purchase of said apartment by the Purchaser, and the parties desire to set forth herein all of the terms and conditions of such sale and purchase;

NOW, THEREFORE, in consideration of the mutual promises and undertakings hereinafter set forth, the parties mutually agree as follows:

1. The Seller will sell and convey and the Purchaser will purchase all of that certain property in St. Lucie County, Florida, described as follows:

Apartment Unit _____ of BOARDWALK CONDOMINIUM, hereinafter called the Apartment, according to the Declaration, together with all of the appurtenances to such apartment, including but not limited to automobile parking space _____, all furniture, furnishings, appliances and fixtures located or to be located therein, and the air conditioning unit serving or to serve said apartment.

2. The total purchase price to be paid for the apartment is $_____, payable as follows:

a. The amount of $_____ shall be deposited by the Purchaser with FLOWERS-CULPEPPER REALTY, INC., Registered Real Estate Broker, whose business address is 2011 South 25th Street, Fort Pierce, Florida

Escrow Agent, pursuant to agreement dated _____, and pursuant to the Florida Condominium Act (Chapter 718, Florida Statutes, 1981)

b. The balance is to be paid in cash by the Purchaser to the Seller at the time of closing.

3. Anything herein to the contrary notwithstanding, it is mutually agreed that the purchase and sale contemplated hereby is contingent upon the Purchaser's obtaining a commitment for a mortgage loan to encumber the apartment, in the amount of $_____, which said loan shall be at an annual rate of interest and upon such terms as may be reasonable in St. Lucie County, Florida at the time the application for loan is made. Said commitment for loan is to be obtained within twenty (20) days of the date of this agreement from a lending institution in St. Lucie County, Florida; its purpose is to obtain funds with which to pay such purchase price; and the Purchaser agrees to diligently attempt to obtain said loan. If not obtained within said twenty-day period and such diligent attempt has been made, the Purchaser's deposit will be returned and this agreement shall be null and void and of no further force or effect between the parties hereto. The Seller agrees that it will assist the Purchaser in obtaining mortgage financing on the apartment which is the subject of this contract.

(NOTE: This Paragraph No. 3 shall not be a part of this Agreement unless the amount of loan is specified in full by the Purchaser upon his execution of this Agreement.)

4. All mortgages or liens now or hereafter encumbering the apartment will be discharged or released at or prior to the closing unless assumed by the Purchaser. The Seller will convey by warranty deed a marketable fee simple title to the apartment together with all appliances and fixtures located in the apartment and the air conditioning unit serving the apartment. The title to the apartment will be subject to the following exceptions:

a. The provisions of the Declaration, including all exhibits and changes thereto made prior to the time of delivery of the warranty deed; and all rules and regulations and contracts affecting the property

made by BOARDWALK OWNERS ASSOCIATION, INC., the nonprofit corporation responsible for the operation of the condominium (hereinafter called the "Association"), existing at the time of delivery of the warranty deed.

b. The easements provided for in the Florida Condominium Act (Chapter 718, Florida Statutes, 1981).

c. Restrictions, reservations and easements of record.

d. Such zoning or other restrictions upon the use of the apartment and upon all of the condominium property as may be imposed by governmental authorities having jurisdiction.

e. Taxes for the year in which the sale is closed, if not paid; and for subsequent years.

f. Any mortgage executed by the Purchaser encumbering the apartment.

Any or all of the foregoing exceptions may be omitted from the warranty deed to be delivered hereunder, but all such provisions so omitted shall nevertheless survive delivery of the warranty deed.

5. Real and personal property taxes, less the November discount, will be prorated as of the date of closing; and, if the taxes for the year in which this sale is closed are assessed against the condominium property as a whole, the total amount thereof may be estimated by the Seller and the portion apportioned to the apartment, the appliances and the air conditioning unit shall be the same share as the share of common expenses attributed to the apartment. In such event, the Seller and the Purchaser agree that they will each pay their proportionate share of such taxes. If the amounts of the taxes have not been established as of the date of closing, such prorations and apportionments will be based upon the amounts of the taxes for the previous year.

6. Assessments, if any, for the apartment established by the Association will be prorated between the Seller and the Purchaser as of the date of closing.

7. Subject to those items specified in Item 4 hereof, the title which the Seller obligate themselves to convey to the Purchaser will be marketable and insurable. As evidence of their title and in order to provide title security to the Purchaser, the Sellers agree to provide to the Purchaser at, or immediately following, the closing an Owner Title Insurance Guarantee covering the apartment which is the subject matter of this contract.

8. At or before the closing contemplated hereby, the Purchaser agrees to pay, in addition to the purchase price for the apartment unit, the following:

a. The sum required to record the warranty deed to Purchaser; and

b. All mortgage closing costs, if applicable, pursuant to Paragraph 3 hereof, including the charge of $50 for mortgagee title insurance coverage if the same is required by Purchaser's mortgage lender. Said mortgagee coverage will be issued concurrently with the owner coverage provided for in Paragraph 7 above.

Seller shall pay for all documentary stamps to be affixed to the warranty deed at the time of its recording.

9. Unless mutually agreed otherwise, the closing of this sale shall be held no later than thirty (30) days from the effective date of this contract. The effective date of this contract shall be the date upon which Seller furnishes to Purchaser copies of all documents, including the Declaration of Condominium, listed in Florida Statutes §718.503(2), with copies of same having been previously filed by Seller with the Division of Florida Land Sales and Condominiums. Prior to said effective date, this contract shall be voidable by Purchaser. The closing shall be held at the office of the Seller, at the office of the Seller's attorneys, or at the office of the Seller's title insurance agent, or at the office of the mortgagee of any mortgage executed by the Purchaser encumbering said apartment. At such closing, the Purchaser will pay the balance of the purchase price and the Seller will deliver the warranty deed to the Purchaser.

10. In the event the Purchaser fails to take title pursuant to the provisions of this Agreement, the Sellers at their election may terminate same by giving written notice of such termination to the Purchaser. Ten (10) days after the mailing of such notice, this Agreement will become null and void and of no further force or effect.between the parties hereto; and the Seller may retain the deposit, together with interest accrued thereon, as liquidated damages. If the Seller defaults in the performance of this Agreement by failing to convey title pursuant to its provisions, the Purchaser may terminate same by giving written notice of such termination to the Seller. Ten (10) days after the mailing of such notice, the Seller will return the deposit, together with interest accrued thereon, to the Purchaser and this Agreement shall become null and void and of no further force or effect between the parties hereto.

11. THIS AGREEMENT IS VOIDABLE BY PURCHASER BY DELIVERING WRITTEN NOTICE OF THE PURCHASER'S INTENTION TO CANCEL WITHIN FIFTEEN (15) DAYS AFTER THE DATE OF EXECUTION OF THIS AGREEMENT BY THE PURCHASER, AND RECEIPT BY PURCHASER OF THE ITEMS REQUIRED TO BE DELIVERED TO HIM BY THE DEVELOPER (SELLER) UNDER SECTION 718.503, FLORIDA STATUTES. PURCHASER MAY EXTEND THE TIME FOR CLOSING FOR A PERIOD OF NOT MORE THAN FIFTEEN (15) DAYS AFTER THE PURCHASER HAS RECEIVED ALL OF THE ITEMS REQUIRED. PURCHASER'S RIGHT TO VOID THIS AGREEMENT SHALL TERMINATE AT CLOSING.

12. Purchaser acknowledges that Seller has advised that the condominium unit which is the subject matter of this contract is approximately five (5) years of age and has been previously occupied, prior to conversion to condominium ownership, by transient tenants as vacation or seasonal residences.

13. The Purchaser has examined the apartment to be sold, the apartment building within which it is located and all other portions of the condominium property and is familiar or will be familiar in advance of the closing with the physical condition thereof. The Seller does not make any representations as to the physical condition, expense of operation, or any other matter affecting or relating to said property, except as herein, or in the Declaration and in the other documents described in Section 718.503 of the Florida Condominium Act.

14. The Purchaser, by the execution of this Purchase Agreement, acknowledges that he is entitled to a receipt of copies of all documents described in Section 718.503 of the Florida Condominium Act. Such documents include the declaration

# VACATION RENTAL SHORT TERM LEASE AGREEMENT

This Vacation Rental Short Term Lease Agreement (this "Agreement") is made by and between Tiffany Wright Ofeimu ("Owner") and _____ ("Guest") as of the date last written on the signature page of this Agreement. Owner and Guest may be referred to individually as "Party" and collectively as "Parties." For good and valuable consideration, the sufficiency of which is acknowledged, the Parties agree as follows:

**1. Property.** The property is described as a condominium with one (1) bedrooms and one (1) bathrooms located at 715 South Ocean Dr Unit E, Fort Pierce, FL 34949 (the "Property"). The Property is owned by Owner. The Property is fully furnished by Owner and equipped for light housekeeping. The following amenities are included in the Property:

- microwave, stove, refrigerator
- small kitchen appliances, pots/pans, cooking utensils, dishes, silverware
- wifi
- bed and bath linens
- Beach towels, chairs, umbrellas
- books and games

A starter supply of household cleaning and hygiene products may be available in the Property for use. Guest is responsible for purchasing any additional supplies and all food and beverages.

**2. Rental Party.** All persons in the rental party will be bound by the terms of this Agreement. Only persons listed on this Agreement may stay in the Property. "Rental Party" means Guest plus the following persons:

| First Name & Last Name | Relationship to Guest |
|---|---|
| _____ | _____ |
| _____ | _____ |
| _____ | _____ |

The total number of adults in the Rental Party will be _____2___. The total number of children in the Rental Party will be ____0_____.

**3. Maximum Occupancy.** The maximum number of persons allowed to stay in the Property is limited to two (2), unless the Owner gives its prior written consent. A charge of _____NA_____ per person per night will be assessed for each person who stays in the Property in addition to the Rental Party. Guest will be charged without notice for additional persons staying in the Property and not disclosed to Owner.

**4. Visitors.** A visitor is an occupant of the Property who is not staying overnight. The total number of persons permitted in the Property at any given time, including visitors, is five (5). Any visitor staying

overnight is subject to additional charges. No visitor will be allowed to use the common facilities, including any pools or tennis courts, when Guest is not on the Property.

**5. Rental Period & Check-In.** The term of this lease will be from _____("Arrival Date") to _____("Departure Date"). The Property will be ready for Guest's occupancy beginning at 3pm on the Arrival Date and the Property must be vacated by 11am on the Departure Date, unless otherwise agreed by Owner. If Guest or any member of the Rental Party remains on the Property beyond the Departure Date, Guest will be responsible to pay the rental rate prescribed in Section 8 below for the period of time between Departure Date and the actual date Guest and all members of the Rental Property vacate the Property. The Property requires a two (2) night minimum stay.

**6. Keys & Access Codes.** Owner will provide Guest with door and alarm access codes to the rental. Code is _____.

**7. Rental Rules & Restrictions.** Guest agrees to abide by the Rules and Regulations of Boardwalk Condominium and any other restrictions imposed by Owner (the "Rules"), attached to this Agreement as Exhibit A, at all times while on the Property and will cause all persons in the Rental Party and any visitors that Guest permits on the Property to abide by the Rules while on the Property. In addition, Guest agrees to abide by the following restrictions by Owner:

(A) Follow all city, state, and federal laws.
(B) No smoking in unit
(C) Pets only with approval

If any person in the Rental Party fails to follow any of the Rules, the Rental Party may be asked to vacate the Property and Guest will forfeit all rent paid.

**8. Reservation Deposit and Payment.** Guest agrees to pay the rent and fees described below (the "Total Amount Due"). A deposit in the amount of _____ (the "Reservation Deposit") is due and payable upon return of this signed Agreement in order to secure Guest's reservation. The Reservation Deposit is non-refundable and will be applied toward the rental rate. Payment in full of the following fees, less the Reservation Deposit, will be due within _____ days before the Arrival Date.

| | |
|---|---|
| Rental rate of 300 PER WEEK x 3 WEEKS | _____ |
| Cleaning service fee | _____ |
| Security Deposit | _____ |
| State and local sales/rental taxes (_EXEMPT___) | _____ |
| **Total Amount Due** | **_____** |
| (Less reservation deposit due immediately) | (_____) |
| **Total Balance Due** | **_____** |

Acceptable payment methods are:

Checks should be made payable to: Tiffany Wright Ofeimu and sent to: 3122 Winchester Rd, West Bloomfield, MI 48322. A fee of $50.00 will be charged to Guest for dishonored checks.

**9. Security Deposit.** Owner reserves the right, at its discretion, to charge a security deposit at the time of reservation in the amount of $_____. This deposit will be refunded after Guest's departure and an inspection of the Property by Owner, less any deductions for damage to the Property or furnishings, excessive mess requiring additional cleaning or other costs incurred outside the normal course due to Guest's stay.

**10. Cancellation.** If Guest cancels the reservation less than five (5) days before the Arrival Date, the Total Amount Due will be forfeited.

**11. Cleaning.** Daily housekeeping services are not included in the rental rate. Throughout the rental period, Guest will be responsible for keeping the Property clean and in good condition. Any unsafe or dangerous condition must be reported to Owner immediately. Guest acknowledges that on the Arrival Date, the Property is in good condition, except for any defect Guest may report to Owner by the end of the first day following the Arrival Date. The Property should be left in the same condition as it was found by Guest on the Arrival Date. Guest promises to leave the Property in good repair. A cleaning fee of $200 will be charged to the Guest if you is left in poor condition.

**12. Furnishings.** The following furnishings will be provided with the Property:

- Fully furnished and equipped condo

Furnishings are subject to change without notice. Furniture, bedding, kitchen equipment, utensils, and any other personal property supplied with the Property must not be removed from the Property. Loss of any items within the Property or damage to the Property or furnishings in excess of normal wear and tear will be charged to Guest. The Property will be inspected by Owner after Guest's departure. All contents of the Property are the property of Owner. If an item should break, Guest must notify Owner immediately. Guest is not permitted to alter the wiring of any television, computer, or gaming equipment.

**13. Parking.** Parking is limited to one (1) spaces. Guest may only park in designated parking area-E. Any illegally parked cars may be subject to towing and/or fines.

**14. Mechanical Failures.** Owner attempts to properly maintain the Property. While all electrical and mechanical equipment within the Property are in good working order, Owner cannot guarantee against mechanical failure of electrical service, stopped plumbing, water supply, heating, air conditioning, audio visual equipment, internet access, cable service, or appliances. Guest agrees to report any inoperative equipment or other maintenance problem to Owner immediately. Owner will make every reasonable effort to have repairs done quickly and efficiently. Guest will allow Owner or a person permitted by Owner access to the Property for purposes of repair and inspection. Owner is not responsible for any inconvenience that may occur and no refunds or rent reductions will be made due to failure of such items.

**15. Acts of God.** If there is a storm or severe weather and a mandatory evacuation order is issued by state or local authorities, Guest shall be entitled to a prorated refund for each night Guest is unable to

occupy the Property. Owner will not be liable or deemed in default under this Agreement for any failure to perform or delay in performing any of its obligations due to or arising out of any act not within its control, including, without limitation, acts of God.

**16. Limitation on Liability.** Owner is not responsible for any accidents, injuries or illness that occur to any member of the Rental Party or Guest's visitors while in the Property or on the Property. Owner is not responsible for loss of personal belongings or valuables belonging to any member of the Rental Party or any of Guest's visitors. Guest agrees to assume the risk of any harm arising from use of the Property. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, TORT, CONTRACT, STRICT LIABILITY, OR OTHERWISE, SHALL OWNER BE LIABLE TO GUEST OR ANY OTHER PERSON FOR ANY DAMAGES OF ANY NATURE WHATSOEVER INCLUDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR GUEST'S RENTAL OF THE PROPERTY OR USE OF THE PROPERTY. IN NO EVENT WILL OWNER BE LIABLE FOR ANY DAMAGES IN CONNECTION WITH THIS AGREEMENT, EVEN IF OWNER SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGE.

**17. Indemnification.** Guest acknowledges that the use of the Property by the Rental Party and Guest's visitors is entirely at their own risk. Guest will indemnify and hold harmless Owner from any and all expenses, costs, damages, suits, actions, or liabilities whatsoever arising from or related to any and all loss of or damage to personal property, injury or death resulting from the use or occupancy of the Property or the failure of any member of Rental Party or Guest's visitors to observe the Rules and restrictions set forth in Paragraph 7.

**18. Violation of Agreement.** If Guest or any member of the Rental Party violates any of the terms of this Agreement, including but not limited to maximum occupancy, visitors and rental rules and restrictions, Owner may evict Guest and the Rental Party from the Property and Guest will forfeit all rent and security deposit paid.

**19. Governing Law.** This Agreement and all transactions contemplated by this Agreement will be governed by, and constructed and enforced in accordance with the laws of the State of Florida (not including its conflicts of laws provisions). Any dispute arising from this Agreement shall be resolved through mediation. If the dispute cannot be resolved through mediation, then the dispute will be resolved through binding arbitration conducted in accordance with the rules of the American Arbitration Association.

**20. Amendments.** This Agreement may be amended or modified only by a written agreement signed by both Owner and Guest.

**21. No Waiver.** Neither Owner nor Guest shall be deemed to have waived any provision of this Agreement or the exercise of any rights held under this Agreement unless such waiver is made expressly and in writing.

**22. Severability.** If any provision of this Agreement is held to be invalid or unenforceable in whole or in part, the remaining provisions shall not be affected and shall continue to be valid and enforceable as though the invalid or unenforceable parts had not been included in this Agreement.

**23. Notices.** Any notice or communication under this Agreement must be in writing and sent via one of the following options:

- electronic email transmission

**24. Successors and Assigns.** This Agreement will inure to the benefit of and be binding upon Owner, its successors and assigns, and upon Guest and its permitted successors and assigns.

**25. Entire Agreement.** This Agreement and Exhibit A represents the entire understanding and agreement between the Parties with respect to the subject matter of this Agreement and supersedes all other negotiations, understandings and representations (if any) made by and between the Parties.

- The property is zoned Hutchinson Island Medium Density Residential Zone (R-4A), Parcel ID 2401-504-001-000

# Rationale for application

- Less than 30 days permits owners to occupy property for their own use
- Ideal vacation area- property is directly across from beach and walking distance to waterfront restaurants
- Property rental will increase tourism to Fort Pierce and revenue to Fort Pierce businesses
- Property rental will bring forth revenue in the form of taxes to the City of Fort Pierce

# Conditions required per Planning Board Approval

1. The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.

✓ Alex Saffron 7402 Santa Rosa Parkway, Fort Pierce, Fl 34951

2. Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.

✓ Requested from Heather Debevec- 7/8/2020, to be picked up 7/20/2020

3. The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.

✓ To be completed immediately after approval. Applications are submitted to St Lucie County-pending processing after the Fort Pierce Business Tax Number is issued

4. There shall be a limitation of no more than two (2) vehicles at the site.

✓ One designated spot and 8 guests spots available for building use

5. The City of Fort Pierce Business Tax License number shall be included on all advertising.

✓ To be completed upon approval and issuance of License number

# Supportive information:

- Economic benefits to city will come from taxes and other revenue because generated from guests who will spend their money on other visitor related amenities, such as restaurants, bars and museums.
- Benefits to the renter over hotels: a kitchen, more room and privacy, flexible schedule, personal customer service
- Many short-term hosting companies do a certain amount of screening before they allow potential users access to their website listings.
- Commercially insured
- Property rights

# Witnesses in support

- Jordan Ofeimu-son (3122 Winchester, West Bloomfield, MI 48322)

# Letter of Support

To whom it may concern

I am writing in response to the application from Tiffany Wright Ofeimu for conditional use permit for under 30 days for a vacation rental at 715 S. Ocean Dr. Fort Pierce, FL 33949. I have been a tenant in a home owned by Tiffany Wright Ofeimu for over a year. She has been a great landlord to me -she responds to any needs or concerns in a timely fashion. If a need arises, she calls out an appropriate professional immediately I am sure she will put the same great care to her unit in Florida.

I am hoping to rent her condo in Fort Pierce for a vacation soon.

Thanks

# Letter of Support

To whom it may concern

I am writing in response to the application from Tiffany Wright Ofeimu for conditional use permit for under 30 days for a vacation rental at 715 S. Ocean Dr. Fort Pierce, FL 33949. I have been a professional colleague and friend of Tiffany Wright Ofeimu for over 20 years. When she told me that she was buying a condo in Fort Pierce, I was surprised since that is not somewhere that we had visited in the past. I vacation in Florida at least once a year but I have never been to Fort Pierce. However after I recently visited Hutchinson Island, I knew why she chose it. This was a beautiful  vacation spot. I can see why she wants to share this with others.
I can attest that Tiffany will do whatever it takes to keep her condo safe and desirable to not only her tenants but also her neighbors. She takes great proud in her professional and personal life. If any need arises, she will address it expeditiously.
I look forward to bringing my husband to see Fort Pierce and all that it has to offer and renting her condo soon.

Sincerely,

Tonya Freeman

***Request***

In accordance with Sections 22-22 and 22-76 of the City Code, the applicant is requesting review and approval of a Conditional Use to operate a Vacation Rental located at 1014 South 7th Street. The subject single-family unit is a two (2)-bedroom and two (2)-bathroom single family home with approximately 1,883 gross square feet. The proposed Conditional Use will offer lodging of less than six (6) months with a minimum stay of 2 days to guests.

The property is within in the Pinewood neighborhood, generally situated north of Sunrise Boulevard and south of Parkway Drive. The subject site is surrounded by single family housing to the north, south, east, and west. The subject property has a Future Land Use designation of Residential Low (RL) with a compatible zoning classification of Single-Family Intermediate Density (R-2).

***Dwelling Rentals***

Pursuant to City Code Section 22-3. – Definitions - Generally, the rental of any dwelling unit for less than six (6) months, is classified as a "Dwelling Rental (dwelling unit)," and defined as follows: "One or more rooms connected together in a building, constituting a separate, independent housekeeping establishment, other than a motel/hotel, for purposes of rental on a daily, weekly or longer basis."

The State of Florida provides further classification of a dwelling that is rented for periods of less than one (1) month. Pursuant to Florida State Statute 509.242, declaring the use a "Vacation Rental," defines such use as any unit that is also a transient public lodging establishment but that is not a timeshare project, which is rented

to guests more than three (3) times in a calendar year for periods of less than 31 days or one (1) calendar month, whichever is less or which is advertised or held out to the public as a place regularly rented to guests. A dwelling rental, as locally defined, is also a "Vacation Rental" if the duration of stays are less than 31 days. The rental of a dwelling for periods at a minimum of 31 days, but less than six (6) months, is a "Dwelling Rental," but not a "Vacation Rental."

Table 1, below, presents general characteristics to clarify Dwelling Rentals, and the transitioning threshold for Vacation Rentals.

**Table 1 – Dwelling & Vacation Rental Definitions**

| | **Dwelling Rental** | **Vacation Rental** |
|---|---|---|
| ***Length of Stay*** | Less than six (6) months | 30 days or less |
| ***Lodging Type(s)*** | Non-Transient<br>(more than 30 days) | Transient Lodging |
| ***State License Requirement*** | If rented 30 days or less<br>(Vacation Rental) | Division of Hotels and Restaurants – Vacation Rental |
| ***Public lodging establishment (ADA & Misc. Regulations)*** | If rented 30 days or less<br>(Vacation Rental) | Public lodging establishment |

***Future Land Use & Zoning***

The purpose and intent of the R-2 zoning district is designed mainly for areas of single-family dwellings with an average net density of less than five (5) units per acre for conventional developments. In addition to housing, various public facilities and other nonresidential uses are permitted under the conditions and safeguards.

***Parking***

Pursuant to City Code Section 22-60 (d)b, motels, hotels and resort hotels shall provide 1.6 spaces for each unit 500 square feet or larger.

***Conditional Use***

As stated in City Code Section 22-74, the purpose of the Conditional Use process is to allow, when desirable, uses that would not be appropriate generally or without restriction throughout a particular zoning district, but which, if controlled as to number, area, location, or relation to the neighborhood, would not adversely affect the public health, safety, comfort, good order, appearance, convenience, and the general welfare.

***Technical Review Committee***

All affected departments have reviewed the proposed Conditional Use with regards to the requirements of the City Code. Findings from the review by corresponding departments and the associated responses by the applicant are provided.

***Staff Recommendation***

The proposed use presents the provision for short-term lodging accommodations to the general public, representing a limited commercial use that is compatible with the surrounding neighborhood, and is generally consistent with the City's Land Development Code and Comprehensive Plan with appropriate restrictions. Therefore, Staff recommends **APPROVAL** with the following six (6) conditions:

1. The property manager for the vacation rental shall be available at all times to resolve complaints or violations of city code. Said manager shall reside in St. Lucie County and shall be registered with the City of Fort Pierce.
2. Guide booklets (available from Code Enforcement) shall be provided to renters regarding local rules and public service resources, to minimize conflicts.
3. The applicant shall file for and obtain St. Lucie County and City of Fort Pierce Business Tax Licenses within thirty (30) days of issuance of a license from the Florida Department of Business & Professional Regulation.
4. There shall be a limitation of no more than no two vehicles at the site.
5. The City of Fort Pierce Business Tax License number shall be included on all advertising.
6. Pave the required parking spaces per City Code Section 22-60(c)(6) Surface Material:
    a. Required parking spaces, access drives, and loading areas must be paved and maintained with concrete, asphalt or similar material of enough thickness and consistency to support anticipated traffic volumes and weights.
    b. Alternative paving materials or parking surfaces (including pervious surfaces) may be approved by the city engineer if such materials or surfaces are demonstrated to exhibit equivalent wear resistance and load bearing characteristics as concrete or asphalt.

***Planning Board Recommendation***

The Planning Board, at their June 9, 2020 meeting, voted 3-1 with one recusal to recommend **APPROVAL** of the request.

**ORDINANCE NO. 20-014**

AN ORDINANCE **ADOPTING AND ENACTING A NEW CODE** FOR THE CITY OF FORT PIERCE, FLORIDA; PROVIDING FOR THE REPEAL OF CERTAIN ORDINANCES NOT INCLUDED THEREIN; PROVIDING A PENALTY FOR THE VIOLATION THEREOF; PROVIDING FOR THE MANNER OF AMENDING SUCH CODE; PROVIDING FOR SEVERABILITY; AND PROVIDING WHEN SUCH CODE AND THIS ORDINANCE SHALL BECOME EFFECTIVE.

**BE IT ORDAINED** by the City Commission of the City of Fort Pierce, Florida as follows:

**Section 1.** The Code entitled "The Code of Ordinances of the City of Fort Pierce, Florida," published by Municipal Code Corporation, consisting of chapters 1 through 125, each inclusive, is adopted.

**Section 2.** All ordinances of a general and permanent nature enacted on or before March 16, 2020, and not included in the Code or recognized and continued in force by reference therein, are repealed.

**Section 3.** The repeal provided for in section 2 hereof shall not be construed to revive any ordinance or part thereof that has been repealed by a subsequent ordinance that is repealed by this ordinance.

**Section 4.** Unless another penalty is expressly provided, every person convicted of a violation of any provision of the Code or any ordinance, rule or regulation adopted or issued in pursuance thereof shall be punished by a fine not exceeding $500.00 or imprisonment for a term not exceeding sixty (60) days, or by both such fine and imprisonment except as otherwise provided by law or ordinance: (i) With respect to violations of this Code that are continuous with respect to time, each day that the violation continues is a separate offense; and (ii) With respect to other violations, each act constitutes a separate offense. The penalty provided by this section, unless another penalty is expressly provided, shall apply to the amendment of any Code section, whether or not such penalty is reenacted in the amendatory ordinance. In addition to the penalty prescribed above, the city may pursue other remedies such as abatement of nuisances, injunctive relief and revocation of licenses or permits.

**Section 5.** Additions or amendments to the Code when passed in such form as to indicate the intention to make the same a part of the Code shall be deemed to be incorporated in the Code, so that reference to the Code includes the additions and amendments.

**Section 6.** Ordinances adopted after March 16, 2020, that amend or refer to ordinances that have been codified in the Code shall be construed as if they amend or refer to like provisions of the Code.

**Section 7.** If any provision of this ordinance is held to be invalid, unconstitutional, or unenforceable for any reason by a court of competent jurisdiction, such invalidity shall not affect the validity of the remaining portions of this article, which shall be deemed separate, distinct, and independent provisions to the fullest extent possible.

**Section 8.** This Ordinance shall be and become effective immediately upon final passage.

CITY ATTORNEY'S OFFICE Florida

From: Peter J. Sweeney, City Attorney

Subject: City of Fort Pierce Code of Ordinances rewrite

Date: June 30, 2020

The City Commission tasked the City Attorney's Office with a complete review and rewrite of the Code of Ordinances for the City of Fort Pierce, which was last completed in 1983. In conjunction with the City Clerk, my office engaged Municipal Code Corporation to assist with this undertaking. Over the last several months, our two offices have coordinated with all of the City's departments, as well as invested a significant number of hours individually, in reviewing, rewriting and editing/proofing the new code.

In all, the code has been reorganized into 65 new chapters, arranged alphabetically, which includes over 1,000 pages of code text. A copy of the proof with redline edits is provided with this memo for reference.

There are several noteworthy issues to advise the Commission of:

- First and foremost, by working in conjunction with Municode's assigned Senior Code Attorney Roger Merriam, ordinances that have been superseded by Florida or Federal law have been removed.

- Additionally, ordinances that are now historically inaccurate (such as former Section 11-12.1 "Sounding of train horns and whistles prohibited during certain hours at specific crossings") have also been removed.

- Fees have been removed from the code of ordinances, as much as possible, so that they can be addressed by resolution. This will allow the City Commission to move more nimbly in the event there is a need to change a fee in short-order, as a resolution only requires one reading.

- Penalties have been standardized, as much as possible, to create uniformity for infractions of the code of ordinances. There are still specific penalties for certain infractions, as requested by the individual department for particular enforcement purposes.

- Definitions have been reviewed, cross-referenced and edited to match Florida state statutes on the same subject in order to remove ambiguity and/or conflicting usage of specific terms of art.

- Several sections of the City Charter have been edited due to the application of Florida statute section 166.021. This statute identifies provisions of municipal charters that are limitations on home rule power and decrees that they should be stricken from said municipal charter. In the event the problematic charter language should instead be considered an ordinance, it was moved to the appropriate section of the code of ordinances.

- Finally, and perhaps most importantly, several other sections of the City Charter have been corrected because they included language that was not properly approved by referendum, as required by Florida statute section 166.031. As identified by Mr. Merriam, this language was added to the Charter by ordinance without a referendum and is legally null and void. As a result, the Charter language must revert back to the original Charter language from 1965.

As this is a comprehensive document with over 1,000 pages and several hundred edits, I am happy to speak with any of you individually if you have any questions.

Sincerely,

Peter J. Sweeney

## CHARTER*

***Editor's note**--Published in this part in the city Charter, being Laws of Fla. ch. 57-1331. Amendments are indicated by parenthetical history notes following amended sections. The absence of a history note indicates that the provision remains unchanged from the original. Obvious misspellings have been corrected without notation. For stylistic purposes, a uniform system of headings and catchlines has been used. Additions made for clarity are indicated by brackets.

Provided, however, that the lands incorporated within the city limits of the City of Fort Pierce by virtue of this act, not heretofore having been included within the city limits of the City of Fort Pierce by provisions of Chapter 12746, Laws of Florida, Acts of 1927, or any ordinance of the City of Fort Pierce, shall not be taxed or assessed in any manner for the payment of any bonds heretofore issued by the City of Fort Pierce or any interest due, or which may become due thereon or any refunding bonds which may have been issued or may be issued, interest thereon, refunding any of the bonded indebtedness of the said City of Fort Pierce, existing at the time of the passage of this Act.

(Laws of Fla., Ch. 65-1552, § 1)

**Editor's note--**The provisions of section 3 have been deleted as obsolete in light of subsequent annexations.

**Sec. 4. Obligation not impaired.**

No obligation, or contract, of said municipality shall be affected or impaired by the enactment of this charter, but all debts, contracts and obligations, shall be obligations upon and enforceable against the new municipality.

**Sec. 5. Title to property.**

PROOFS

The title, right and ownership of property, uncollected taxes, dues, claims, judgments, decrees and choses in action, held or owned by the city abolished by Section one (1) of this act, shall pass to and be vested in the municipal corporation hereby organized to succeed said municipality.

**Sec. 6. Present ordinances to remain in effect.**

All ordinances and parts of ordinances now in force in the city, which are not in conflict with the provisions of this act, or with the constitution and laws of the State of Florida, shall be and remain in full force and effect until repealed by law or ordinance.

**Sec. 7. Validating assessments and levies.**

All assessments, levies and collections of taxes heretofore done, made, and performed by the city are hereby legalized and declared valid and of full force and effect and binding in law and equity.

**Sec. 8. General description.**

The form of government of the city shall be that known as the "commission manager plan". The city commission shall constitute the governing body with powers as hereinafter provided to pass ordinances, adopt regulations and appoint a chief administrative officer to be known as the "city manager" and to exercise all other powers hereinafter provided.

**Sec. 9. Term of office of present commission.**

~~The term of office of the city commissioners, heretofore elected as city commissioners, and now qualified and acting as such, shall not be affected by this act and such officers shall be and remain city commissioners of the city under this charter until their successors are elected, or are appointed as hereinafter provided, and qualified. The acting city commission, now in office, shall have power to perform all the duties of the city commission under this act.~~

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 10 were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been included in the Code and are, therefore, repealed by the adoption of the Code.

**Sec. 11. Official bonds.**

Any officer, clerk or employee who handles city funds shall be bonded in an amount to be determined by the city commission or the city manager. The city commission or the city manager shall determine whether any other officer, clerk or employee shall be bonded, and the amount thereof. ~~All bonds shall be procured from a regularly accredited surety company authorized to do business under the laws of the State of Florida and the City of Fort Pierce, the premiums on such bonds to be paid by the city. All such bonds shall be filed in the office of the city clerk, excepting the bond of the city clerk, which shall be filed with the clerk of the circuit court of St. Lucie County, Florida, after it has been approved by the city commission. When the office of the city clerk is combined with another office, the bond for such office shall be filed with said clerk of the circuit court.~~

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 12 were either repealed as a limitation on power or assumed ordinance status. Such provisions have been included in the Code. See the code comparative table for the 1957 Charter for their location in the Code.

### Sec. 13. Sale or lease of certain city owned property; notice; deposit or bond.

(a) The city commissioners of the city are hereby expressly authorized to lease or sell and convey any property, real or personal, belonging to the city and not required for public purposes, provided, however, that no lease beyond a term of one year or sale of any real property shall be made unless notice thereof shall be published once a week for two (2) consecutive weeks in some newspaper of general circulation published in the said city, calling for bids for the lease or purchase of the real estate so advertised to be leased or sold and in each case the bid of the highest bidder complying with the terms and conditions set forth in such notice shall be accepted unless the commissioners shall reject any and all bids. The city commissioners may require a deposit to be made or a surety bond to be given in such form or in such amount as the commission shall determine with each bid submitted.

(b) In exercising the powers conferred in section 13(a) of this charter the city commissioners may lease or sell any such property, real or personal, for such price and upon such terms and conditions as the said commissioners shall deem proper provided, however, that in giving notice for the lease or sale of the real estate the terms and conditions shall be stated in such notice. In making any lease or sale or [of] property under this act, the commission is hereby authorized and empowered to lease or convey title to such property to the lessee or purchaser thereof and to execute a proper lease or conveyance thereof.

(c) Whenever, in the opinion of the commission of the city, the city holds and possesses any real or personal property not needed for city purposes and such property may be to the best interest of the city, exchanged for other real or personal property which the city may desire to acquire for city purposes, the said commission of the city is authorized and empowered to make such an exchange; provided, however, before any exchange of property shall be effected a notice setting forth the terms and conditions of any such exchange of property shall be first published once a week for two (2) consecutive weeks in a newspaper of general circulation published in the city before the adoption by the commission of a resolution authorizing the exchange of such properties.

(d) If the United States of America, or any department or agency thereof, the State of Florida or any political subdivision or agency thereof, or any municipality of this state should desire any real or personal property that may be owned by the city for public or community interest and welfare, then the United States of America, or any department or agency thereof, state or political subdivision[,] agency or municipality may apply to the commission for a conveyance or lease of such property. The commission, if satisfied that such property is required for such use and is not needed for city purposes, may thereupon convey or lease the same at private sale to the applicant for such price, whether nominal or otherwise, as such commission may fix regardless of the actual value of such property. The fact of such application being made, the purpose for which the property is to be used and the price or rent therefor shall be set out in a resolution duly adopted by such commission. In case of a lease the terms of such lease shall be recited in such resolution. No advertisement shall be required.

(e) The provisions of section 13, subsections a, b, c, and d, shall not be construed to cover the sale or disposition of those lands conveyed to the city for a specific purpose and containing a reversionary clause whereby said lands shall revert to the grantor or grantors upon failure to use said real property for such purposes.

(f) The provisions of this section shall not apply to the sale of any public utility plant owned by the city.

(g) The provisions of this section shall not apply to the sale or exchange by the city of any obsolete, outmoded, unusable or unserviceable piece of equipment or parts or supplies therefor.

## ARTICLE II. POWERS*

### Sec. 14. Powers of the city.

Subject only to the necessary extent of the constitutional limitations and laws of the United States and the State of Florida, the city shall have full power and authority as provided by law to:

(1)--(32) [Text deleted.]

(1) (a) *Acquiring, maintaining and disposal of properties for specified purposes.* The city shall have full power and authority to receive, acquire, take, hold, control and dispose of property, real, personal and mixed, both within and without its corporate limits, or partially within and partially without its corporate limits, for the use, benefit, welfare and interest of the city, by acquisition, condemnation or otherwise, and to purchase, own, build, construct, alter, repair, lease, maintain and operate, either individually or in connection with any of the political subdivisions of St. Lucie County or with the board of public instruction of St. Lucie County or with the board of county commissioners of St. Lucie County, within or without its corporate limits or partially without its corporate limits, all buildings and appurtenances necessary for the proper administration of the city affairs, hospitals, libraries, cemeteries, airports, landing fields, training fields, schools, forest and game preserves, playgrounds, recreational centers, buildings and grounds for recreational, educational[,] amusement and commercial purposes, television or radio broadcasting stations or substations for municipal purposes, telephone systems, golf courses, baseball, football and athletic fields, trailer parks, parks, causeways, bridges, docks, wharves, warehouses, slips and piers, abattoirs and the appurtenances thereto found by the said city to be expedient or necessary, and the exercise of the power by the said city to own, build, construct, alter, repair, lease, maintain and operate the same is hereby declared to be a proper municipal purpose, and to issue its negotiable bonds or revenue certificates or other evidences of indebtedness for the purpose of exercising each or any of the above enumerated powers; provided, however, any bonds issued for said purposes shall be issued and sold as provided elsewhere in this act, and any revenue certificates hereinafter issued for said purposes shall be paid solely from revenues derived from the operating, leasing and hiring that which was created or acquired by the exercise of any of the above enumerated powers; and to sell, lease or otherwise dispose of any and all property, real or personal, which may belong to said city, except the utility plants of the city, which may only be sold, leased or disposed of as otherwise herein specifically provided, to the same extent as natural persons may do; that the city commission may prescribe by ordinance the manner of making such conveyances.

**Amendment note** — Ch. 67-1391, § 1, amended, § 14(1)(a) by adding libraries to the grant of general authority therein.

(b) *Authority to acquire and use property.* To acquire by the exercise of eminent domain[,] purchase, gift, devise, grant or exchange, or in any lawful manner, such property, real or personal or any estate or interest therein, within or without the city, that the city may deem necessary for the purpose of carrying into effect any of the powers granted to the city, and to improve, sell, lease, mortgage, pledge, exchange or otherwise dispose of the same or any part thereof or interest or estate therein.

**State Law reference** — Eminent domain, F.S. §§ 166.401, 166.411.

(c) *Acquiring property for use of federal or state government.* To acquire real estate by purchase, gift, devise, condemnation or otherwise located within or without the territorial limits of the city for the purpose of giving, granting or conveying the same to the United States of America or to the State of Florida, or any lawful agency thereof, under such conditions as may be deemed by the city commission to be beneficial or to the best interests of the city.

(d) *Decision of commission on eminent domain final.* In exercising the right of eminent domain, the decision of the commission shall be considered final as to the necessity of exercising the right of eminent domain on any occasion.

(e) *Granting leases and concessions on certain property.* Leases or concession rights on, in or to public property of the city operated in a proprietary capacity, for a period not exceeding ninety-nine (99) years, may be granted or executed upon four-fifths ( 4/5 ) vote of the commission at any time. Included in properties operated in a proprietary capacity are airports and airport property, public recreational facilities, including golf courses, tennis courts, recreational halls, stadiums, football fields, baseball fields, playgrounds, public beaches, swimming pools, fishing piers, yacht basins and restaurants, parking

PROOFS

areas, docks and wharves, which enumeration shall not be deemed exclusive but merely indicative of the class of public property deemed to be operated in a proprietary capacity.

**Amendment note** — Ch. 67-1391, § 2, amended § 14(1)(e) by changing the maximum lease period from twenty to ninety-nine years.

(f) *Purchase of properties for public use.* The city is authorized to acquire by the exercise of the right of eminent domain, condemnation, purchase or otherwise, waterworks, electric light plant, gas plant, sewers, drains, parks, parking lots, hospitals, golf courses, waterways, canals and transportation systems, and also any franchise, right, or privilege of any person, firm, or corporation in any street or part thereof, or other public place or any easement over private property, and to enter into and execute contracts, leases or mortgages thereon, subject to constitutional limitations, for the purchase price thereof, provided, however, that the date of payment shall in no case be for a period longer than thirty (30) years, nor shall the rate of interest on such payment exceed the rate of seven (7) percent per annum. The commission is authorized to issue such evidence of indebtedness for the purchase price, as it may deem best. All net revenues derived from any of the properties so purchased shall be applied to the payment of interest and to create a sinking fund for the redemption of such obligations. Any obligation issued under this section shall be exclusive of and in addition to the limitation of the power of the city to issue bonds and revenue certificates as elsewhere provided in this charter.

**Amendment note** — Ch. 69-1064 amended § 14(1)(f) by changing the maximum interest rate from six percent to seven percent.

(2) *Borrow money.* To borrow at a rate of interest as allowed by Florida Statutes for municipalities, not exceeding sixty seven million dollars ($67,000,000.00) and to execute negotiable notes therefor.

**State Law reference** — Municipal borrowing, F.S. § 166.101 et seq.

(3) *Limitation on current indebtedness.* To purchase supplies, materials, equipment or other personal property, provided, however, that the city shall not owe at any time upon open account an amount in excess of one hundred thousand dollars ($100,000.00), provided that nothing herein contained shall limit the entering into contracts for construction work or contracts for equipment, materials and supplies for construction work or improvements which are to be paid for out of bond issues for such construction.

(4) Contract and be contracted with.

(5) Sue and be sued.

(6) Plead and be impleaded in all the courts of the state.

(7) *Bonds, issuance.* Issue and sell bonds upon its property, both within and without its corporate limits, or on the earning thereof, or both, for any lawful municipal purpose.

(8) *Police, housing, zoning and sanitary laws.* Adopt and enforce local police, housing, zoning, sanitary and other similar regulations not in conflict with state laws.

(9) *Removal of buildings and nuisances.* The city commission shall have power to provide by resolution for the removal and/or abatement of any building or structure that constitutes a menace to business, health, or safety, or any building or structure that constitutes a fire hazard or which is unsightly or does not conform in architecture to adjacent or surrounding buildings which are hereby designated and declared to be a nuisance; that the city commission shall have the power to designate other things that may constitute a nuisance. When any such building or structure shall have been declared a nuisance by resolution of the city commission and its removal or destruction required in such resolution as a nuisance and/or menace to business, health, safety, or as constituting a fire hazard or because said building or structure is unsightly or does not conform in architecture to adjacent or surrounding buildings, such resolution shall require the owner, agent or any person, firm or corporation having a lien on or interest in said building or structure, which lien or interest is a matter of record in the public records of St. Lucie County, Florida, of such building or structure to show cause, at a time and place to be fixed and named by the resolution, why said building or structure should not be by the city commission condemned and its removal or destruction required. Notice of which hearing shall be made by mailing by registered or certified mail a certified copy of said resolution to the hereinbefore named persons, firms or corporations at least ten (10) days prior to the date of said hearing by the city clerk of the City of Fort Pierce.

PROOFS

After such hearing if no good and sufficient cause be shown to the contrary the city commission shall pass a resolution requiring the removal or destruction of such building or structure within a reasonable time to be named by the city commission in said resolution.

If such building or structure be not removed or destroyed within the time fixed by said resolution the city commission may:

(a) By order authorize the removal or destruction of the said building or structure in the name of the City of Fort Pierce. Any person, firm or corporation having any lien on, or interest in the property ordered condemned or removed, shall have the right to appeal from said resolution in the same manner as provided in section 47* of Article V of this act, providing for appeals from judgment of the municipal court, provided, however, such appeal shall not operate as a supersedeas until appeal bond has been filed with the clerk of the circuit court for St. Lucie County, Florida, the amount of which bond shall be set by the judge of the circuit court of St. Lucie County, Florida, in an amount sufficient to cover all costs, attorney's fees and expenses of the City of Fort Pierce, reasonably incurred by the said city in protecting the public from dangers and damages arising from an incident to the building or structure involved in the said appeal. Provided, however, writ of error shall be sued out within three (3) days (Sundays excluded) and made returnable within fifteen (15) days from the date of said resolution.*

(1) And it is further provided that the cost of the removal and/or destruction of the building or structure hereinbefore referred to shall be charged against the real estate upon which such building or structure shall be located and shall constitute a lien thereon superior in rank and dignity to all other liens, encumbrances, titles and claims to or against the real property involved whether or not recorded prior to the lien herein. The lien thereon shall continue until such costs of removal or destruction including interest on such cost, together with all costs reasonably incurred in connection therewith, for the filing, recording, enforcement, foreclosure or otherwise of said lien, including reasonable attorney's fees and costs through the appellate level [shall have been fully paid off and discharged.]

(b) By action in equity in the name of the said city, cause the same to be destroyed or removed in procedure in substantial compliance with the general laws of the State of Florida providing for the abatement of nuisances. The final decree of the court in such cause may provide for the removal and/or destruction of such building within a time to be fixed by such decree and may further provide that upon the failure of the parties required to remove and/or destroy such building that the City of Fort Pierce cause the same to be destroyed and/or removed and that the cost of such removal and/or destruction shall be charged against the real estate upon which such building may be located, and be and constitute a lien thereon until such cost of removal, including interest on such cost and a reasonable solicitor's fee to be fixed by the court, shall have been fully paid off and discharged.

(11) *Insuring officers and employees.* The City of Fort Pierce shall have full power and authority to insure or

PROOFS

cause to be insured its officers and employees against any loss or risk whatever including hospitalization insurance, pension and retirement plans and any other type insurance which the city commission shall deem proper, under such terms and conditions which the city commission may by resolution or ordinance deem proper, and the payment of premiums in whole or part by said city due upon any policy of insurance, including the right to deduct from the salaries of its employees all or part of the sums necessary to pay said insurance premiums, provided the said employee, or employees, agree to participate in such insurance plan.

**State Law reference** — Group insurance for public officers and employees, F.S. § 112.08.

(12) *Accepting benefits under state or federal acts.* The City of Fort Pierce may by resolution or ordinance accept the benefits or liabilities imposed or granted under any statute, rule or regulation of the State of Florida or the United States, heretofore or hereafter enacted, or any branch, department[,] bureau or division thereof, or any organization, firm or corporation organized and existing under the laws of the State of Florida or the United States for the benefit of the people of the City of Fort Pierce or the officers and employees thereof.

(13) *Powers not limited in defense of state or U.S.* The powers of the City of Fort Pierce shall be in no wise limited or curtailed when the exercise thereof shall be in the furtherance of the defense of the State of Florida and the United States of America.

**State Law reference** — Disaster preparedness, F.S. Ch. 252.

(14) *Merit system and civil service.* The City of Fort Pierce may by ordinance prescribe any merit system or civil service plan for the employment, suspension, discharge and retirement of its officers and employees as it may deem expedient and proper.

(15) *Penalty for violation of ordinances.* The City of Fort Pierce shall have full power and authority to make and enforce all ordinances, rules and regulations necessary or expedient for the purpose of carrying into effect the powers conferred by this charter or by any general law and to provide and impose suitable penalties for the violation of such ordinances, rules and regulations or any of them by fine not exceeding five hundred dollars ($500.00) or imprisonment at hard labor on the streets or other works of the city, for a term not exceeding sixty (60) days, or both.

(16) *Misdemeanors of state.* The violation of any law of the State of Florida which by statute declared to be a misdemeanor shall be a violation of the ordinances of the City of Fort Pierce and shall be punishable when the punishment is not otherwise specifically provided for by ordinance by fine or imprisonment or both within the limits heretofore set forth herein.

(17) *Cleaning lots, etc.* To require property owners or persons having charge of or control over property to clear and clean and remove the same of weeds, undergrowth, rubbish, debris, brush, trees and unsightly and unsanitary matters and conditions, including discarded or old metals or similar products or materials, auto parts or motor vehicle frames, and to fill lots and any and all unsanitary excavations and depressions thereon and to maintain any casuarina tree (Australian pine) now in existence at a height not exceeding thirty (30) feet. When the commission shall determine that any property situate within the city shall be so cleaned or maintained in the manner aforesaid, it shall so declare by resolution giving a description of the property to be improved and fixing a date in the resolution not less than twenty (20) days from the passage thereof, and if the owner or owners or persons interested in such property, including lessees, do not comply with any such requirements within the time limited and fixed by the resolution, the city commission shall make or cause said work to be done and make the cost thereof, including advertising and all other administration costs, a charge and lien against such property of and to the same extent and character as any lien now granted or which may hereafter be granted to the city by law for special assessments for the cost of local improvements; which charge and lien shall be superior in rank and dignity to all other liens, encumbrances, titles and claims, to or against the real property involved whether or not recorded prior to said lien. Said liens shall be forthwith due and payable, with the same penalties, including all costs of collection and a reasonable attorney's fee for representation of the city therein being assessed in favor of the city, through the appellate level, and the same rights of collection and sale to forfeiture as may be provided by law for assessments or local improvements. Whenever the word "trees" is used herein, the same shall mean and have reference to dead or unsightly trees or those that block, hinder or impair the view at street intersections or those which are noxious, constitute a hazard or nuisance or constitute a menace to health and safety.

**Amendment note** — Ch. 65-1552, § 3, amended subsection (17) of § 14, by adding the definition of "trees." Ch. 67-1391, § 3,

PROOFS

amended subsection (17) by adding discarded or old metals and similar items.

(18) *Mosquito eradication.* To do any and all things necessary and expedient for the eradication and control of mosquitoes within the city, and without the city limits in territory adjoining and contiguous thereto.

(19) *Abatement of nuisances.* To determine [the] existence and to compel the abatement and removal of all nuisances within the city or upon the property owned by the city beyond its corporate limits, at the expense of the person or persons causing the same, or of the owner or occupant of the ground or premises whereon the same may be; to require all lands, lots or other premises within the city to be kept clean, sanitary and free from weeds, wild growth and rubbish, or to clean and make them so at the expense of the owner or occupants thereof.

(20) *Garbage and trash collection.* The city commission may by ordinance provide for, charge and collect fees for the collection of garbage, trash or other similar matter, under rates and under such terms and conditions as it may find necessary.

**State Law reference** — Fixing of fees by city, F.S. §§ 180.13, 180.191 et seq.

(21) *Sewage and collection and disposal.* To collect and dispose of sewage, offal, carcasses of dead animals and other refuse, inside and outside the city limits, and to acquire and operate reduction, cremation, neutralization or other plants for the utilization of such materials, or for any of them, inside and outside the city limits; and to contract for and regulate the collection and disposal thereof. The city commission may, if it deems it expedient or necessary, make reasonable charges for sewerage service or the use of the city's sewers to any person, firm or corporation using the same.

**State Law reference** — Municipal sewerage systems, F.S. § 180.07.

**Annotation** — Under former charter language, the proceeds of a utility tax could not be used for sewer purposes, even though an earlier general law contained no such restriction. *State v. City of Fort Pierce*, 88 So.2d 135(1956).

(22) *Dairies, slaughterhouses and animals.* To regulate or prevent slaughterhouses or other noisome or offensive businesses within the city; to provide for inspecting and regulating the sanitary condition of all dairies, butcher pens and slaughterhouses within and without the city limits where the products of the same are sold within the city limits; to regulate and prohibit the keeping of animals and fowl within the city limits.

**State Law reference** — Nuisances, F.S. § 386.01 et seq.

(23) *Licensing the keeping of dogs.* The city commission may, by ordinance, provide for licensing the keeping of dogs and for the destruction of dogs, when the owners and keepers thereof shall not comply with the regulations prescribed by ordinance in effect thereto and for the punishment of persons violating the city ordinances on this subject.

(24) Regulation of use of streets.

(a) The city commission is authorized and empowered to permit the use of its streets and alleys to only such persons and vehicles and under such terms and conditions, as may be consistent with the constitution and laws of the State of Florida, as it may by ordinance find necessary or expedient to promote the public safety or to protect and maintain its said streets and alleys, including the right to require examination of said persons to determine the extent of their proficiency and ability to operate vehicles on said streets and alleys, and the right to require inspection and examination of said vehicles to determine whether or not their operation or use on the streets and alleys of the City of Fort Pierce will create a hazard or be detrimental to the public safety or to the said streets and alleys or the pavements thereof.

(b) The city commission may fix, charge and collect, reasonable fees for the examinations and inspections herein provided for, and in addition thereto may issue and sell permits for the vehicular use of its streets and alleys under such terms and conditions as it deems necessary or expedient to protect and maintain the streets and alleys of the City of Fort Pierce and to promote the public safety.

(25) *Traffic.* To license, control, tax and regulate traffic and sales upon the streets, sidewalks, and public places within the city; to make, enact, adopt and promulgate regulations governing the traffic on the public streets

PROOFS

or parts of the streets as may be necessary or convenient; to regulate the operation and speed of all cars and vehicles using the same; to provide for parking spaces on the streets and at any time to discontinue the right to use such parking spaces; to install and operate parking meters, on, near or adjacent to the public streets or on city-owned or leased property, regulating the parking of vehicles upon any portion of the public streets of the city on or city-owned or leased property, and to levy and impose a charge or fee for the use of such parking space, by requiring the same to be deposited in the parking meter; and generally, to exercise any and all powers necessary for the regulation of traffic upon the public streets and highways within the city limits.

**State Law reference**— Traffic control powers of local authorities, F.S. § 316.008; speed zones, F.S. § 316.187 et seq.

(26) *Off-street parking.* To acquire property, both real and personal, improved or unimproved, above, at or below the surface of the earth, by purchase, lease, gift, devise, condemnation, or otherwise, for the purpose of providing off-street automobile parking; to plan, design, locate, finance, acquire property for, construct, develop, improve, alter, enlarge, use, maintain, operate, lease (either as lessor or lessee), subject to constitutional limitations, otherwise provide and foster off-street automobile parking facilities, either acting alone or in cooperation with any federal, state or local agency as deemed necessary or desirable; to create automobile parking agencies answerable to the city for the purpose of establishing, operating and maintaining public off-street parking facilities; to fix, levy and collect fees, rents or charges for the use of such facilities; to install, establish, maintain and control parking meters in or on such off-street parking facilities and regulate the use thereof; to prohibit curb parking on streets in the area or vicinity of such off-street parking facilities as desired; to issue general obligation bonds within the legal debt limitation for the purpose of acquiring, developing and improving property for off-street parking of motor vehicles and for the creation of parking facilities; to issue revenue bonds or certificates payable solely out of the revenue derived from the use of such parking facilities; to make general fund appropriations to the extent deemed necessary and desirable; to receive state, federal and local aid by gift, bequest, devise, grant or otherwise; to do all acts and things necessary and convenient to carry out the powers expressly provided herein. The legislature of the State of Florida hereby declares and finds that excessive curb parking of motor vehicles on roads and streets in the city and the lack of adequate off-street parking facilities create congestion, obstruct the free circulation of traffic, diminish property values, and endanger the health, safety and general welfare of the public, [and] that conveniently located off-street parking facilities, provided by the city for the parking of automobiles off the public streets and open to public use, with or without charge, are therefore necessary to alleviate such condition; and that the establishment of public off-street automobile parking facilities is deemed to be [a] proper public purpose.

**State Law reference**— Local bonds, Fla. Const. Art. VII, § 12; F.S. § 166.101 et seq.

(27) Public carriers.

(a) To license, cause to be registered, control, tax, regulate or prohibit on designated streets or parts of streets, carriages, omnibuses, motor buses, cars, wagons, drays, jitney buses and all other vehicles for hire, and to cancel any such licenses which may have been issued, upon good cause shown, in the discretion of the commission, providing that such cause be inimical to the health, safety, welfare, [or] morals of the people of the city; [and] to license, cause to be registered, and control the drivers thereof.

(b) To require all vehicles [sic] for the carriage of all persons for hire to execute a bond or provide [an] insurance policy to be conditioned as required by ordinance for the protection of passengers and of the public, and to make such bond or provide [sic] insurance policy inure to the benefit of persons or property which may be injured or damaged by the operation of such vehicles for hire, and to require such bond or insurance policy with such security to be furnished by all vehicles for hire operating upon the streets of the city whether such operation be wholly within the city limits or between the city and other cities, towns and places outside the city.

(c) To regulate the service to be rendered and the rates to be charged by buses, motor cabs, taxicabs, or other vehicles for the carriage of passengers, freight and baggage for hire within the city and to the public works beyond the city limits.

**State Law reference**— Carriers in suburban areas, F.S. § 323.054; nonpublic intercity bus services, F.S. § 341.102.

(28) *Railroads and locomotives.* To regulate, suppress or prohibit the blowing of whistles or the making of unusual noises by any engine, locomotive or train within the city; to abolish and prevent grade crossings over streets and highways by railroads; to limit and regulate the rate of speed and manner in which any engine, locomotive,

PROOFS

train, car or cars of any railway company may be operated within the city limits; to limit the time that any engine, locomotive, train, car or cars may stand upon, obstruct or block any such street or other public crossing; to require any street or other railway company operating any engine, locomotive, train, car or cars in or through the said city to provide gates and stations and keep watchmen at such public crossings of such railway within the city as the commission may designate by ordinance, to care for and protect the public while passing over or crossing such track or tracks.

**State Law reference** – Speed of trains in cities, F.S. § 351.03.

(29) *Aircraft.* To prescribe or regulate the flying height and manner of flight and size of airplanes and other aerial conveyances, including the operation of aircraft for advertising purposes for which a permit and fee shall be prescribed, over, above and within the area of the city limits; and to impose and enforce adequate penalties for violation of such rules and regulations.

**State Law reference** – Aircraft registration fee prohibited, F.S. § 330.17.

(30) Streets and sidewalks.

(a) To acquire, hold, establish, open, locate, relocate, pave, repave, curb, macadamize, remacadamize, vacate, alter, widen, extend, grade, regrade, improve, adorn, beautify, repair, construct, reconstruct, maintain[,] sprinkle, drain and clean, within or without the limits of the city, public highways, streets, boulevards, trafficways, parkways, sidewalks, alleys, public grounds, parks and squares, memorials, bridges, subways, tunnels, conduits, aqueducts, pipe lines, reservoir sites and reservoirs, sewers, sewer outlets and drains, or any of them, and all things appurtenant thereto; and to do all other things deemed beneficial to the use and enjoyment thereof; to have and exercise full, complete and exclusive control over the same, and regulate the use thereof, and to keep and maintain the same in an open, safe and clean condition, and to make and enforce all needful regulations therefor.

(b) To lay off such parks, public squares, streets, avenues, lanes, highways, canals, and other public ways, as may [be deemed] necessary and expedient for the public health or interest, and open, fill in, grade, pave, dig, dredge, widen, deepen, and otherwise enlarge, change and improve the same; and the said city or commission may alter, widen, fill in, grade, pave, change or divert the use of all or any part thereof or discontinue any public park, public square, street, avenue, highway or any other way which has heretofore been or shall hereafter be laid out, either by cities or persons, natural or artificial, fixed or established in any manner whatsoever; provided that no authority herein granted shall be applicable to any designated state road without the concurrence of the state department of transportation.

(c) The commission shall have the power by resolution or ordinance to prescribe the width of every street, alley or sidewalk in the city and the material of which the same shall be constructed, and shall have power on such notice as may be prescribed by resolution to require owners of property to lay, construct or repair sidewalks in front of their property. Upon failure of the property owners to lay, construct or repair such sidewalks, the commission shall have power to cause such sidewalks to be laid or repaired and to assess the cost and expenses of laying or repairing the same against the abutting property in the manner provided in sections 151 through 156, and such assessment shall create a lien against the property. Nothing herein contained shall prevent the city from constructing sidewalks and providing for the payment therefor as elsewhere in this charter provided.

(31) *Plats and maps of city.* To prepare, approve and adopt a plat or map covering all lands within the city limits showing all lands and streets, avenues, parks, public buildings and public ways, to be known as the "Official Map of the City of Fort Pierce"; and to change the names of subdivisions, streets and avenues thereon from time to time when conflicts exist or changes are deemed necessary. Such plat or map, when adopted and approved by the city commission, shall be prepared in duplicate, one (1) copy to be filed with the city clerk, [and] one (1) copy to be filed with the clerk of the circuit court of St. Lucie County, Florida, for public use; and such plat or map, so adopted and filed, shall be the official map of the city.

**State Law reference** – Platting, F.S. § 177.011 et seq.

(32) *Water supply.* To acquire by the exercise of the rights of eminent domain or in any lawful manner within or without the city in any county of the state, or without the state, such water, lands and lands under water as the

PROOFS

city may deem necessary for the purposes of providing an adequate water supply for the city and piping or conducting the same; to lay all necessary mains; to erect and maintain all necessary dams, pumping stations and other works in connection therewith, to make reasonable rules and regulations for promoting the purity of its water supply and for protecting the same from pollution; and for this purpose to exercise full police powers and sanitary patrol over all lands comprised within the limits of the watershed tributary to any such supply wherever such lands may be located in this state; to impose and enforce adequate penalties for violation of any such rules and regulations; and to prevent by injunction any pollution or threatened pollution of such water supply and any and all acts likely to impair the purity thereof; and for the purpose of acquiring lands or materials for any such use to exercise within the state all powers of eminent domain. For any of the purposes aforesaid, the city may acquire by condemnation, purchase or otherwise, any estate or interest in such lands or any of them, or any right or easement therein, or may acquire such lands or any of them, or any right or easement therein, or may acquire such lands or any of them in fee, reserving to the owner or owners thereof such rights or easements therein as may be prescribed in the ordinance providing for such condemnation or purchase. The city may sell or supply to persons, firms, industries, or municipal corporations residing or located outside of the city limits, any surplus water it may have over and above the amount required to supply its own inhabitants.

**State Law reference** — Eminent domain, F.S. §§ 166.401, 166.411.

(33) *Creation of utilities authority.* The city commission, by ordinance subject to referendum shall have the power to create and establish a utilities authority to be known and designated as the Fort Pierce Utilities Authority, which shall consist of five (5) members, and to prescribe the powers and duties of said utilities authority.

**Amendment note** — Ord. No. F-399, passed April 24, 1972, was approved by a majority of the electors voting on a referendum at a special election held on May 30, 1972, and becoming effective June 29, 1972, amended § 14(33) by deleting "Fort Pierce Utilities Commission" and substituting in lieu thereof "Fort Pierce Authority."

**State Law reference** — Municipal public works, F.S. Ch. 180.

(34) *Police powers.*

(a) To exercise all of the powers of local self-government and to do whatever may be deemed necessary or proper for the safety, health, convenience or general welfare of the inhabitants of the city; to exercise full police powers to do and perform all acts and things permitted by the laws of the State of Florida, and comprehended as duties in the performance of anything recognized as a "municipal purpose," whether now existing and recognized, or hereby [sic] recognized as a municipal purpose by statute, law or court decision. [Text deleted.]

(b) Police protection. To establish and maintain a police department for the benefit of the city and to furnish police protection within one-half mile of the corporate limits, provided that this extension of power shall not exceed into any other municipal corporation.

(35) *General laws of state.* All general laws of the state, applicable to municipal corporations, heretofore or hereafter enacted and which are not in conflict with the provisions of this charter or with ordinances or resolutions hereafter enacted by the commission pursuant to authority conferred by this charter, shall be applicable to said city; provided, however, that nothing contained in this charter shall be construed as limiting the power of the commission to enact any ordinance or resolution not in conflict with the constitution of the state or with the express provisions of this charter.

**State Law reference** — Municipal powers generally, F.S. § 166.021.

**Annotation** — Later special act prevails over general act where in conflict, *State v. City of Fort Pierce*, 88 So.2d 135(1956).

(36) *Enumerated powers not exclusive.* The special and general powers granted by this charter shall be construed as objects, purposes and powers of the city and shall be construed to be in furtherance and not in limitation of general powers conferred by the laws of the state upon cities and towns; and it is specifically provided that no limitation, expression or declaration of specific powers and purposes enumerated in this charter shall be deemed to limit or restrict or to be exclusive. Whenever this charter shall grant or confer upon the city the rights, powers and privileges now belonging to or conferred upon cities and towns by the general laws of the state, such rights, powers, and privileges enjoyed by cities and towns under the general laws of this state and hereby [sic] granted and conferred upon the city, shall extend but not restrict or infringe upon or limit the rights, privileges and powers conferred by

this charter. The city, in receiving and exercising the rights, privileges and powers conferred upon cities and towns under authority of either special or general laws of the state, shall not thus be subjecting itself to any other duties, limitations or obligations naturally a part of such rights, privileges and powers, except those herein specifically provided; and finally in addition to any enumerated particular powers or adoption of powers of other cities and towns in the state granted either by general or special laws of the state, the city shall have and exercise all other powers which under the state constitution it would be competent for the legislature to enumerate specifically.

(37) *Industrial development.* The city shall have full power and authority to receive, acquire, take, hold, control and dispose of real property, both within and without its corporate limits or partially within and partially without, by acquisition, condemnation or otherwise, and to purchase, own, develop, lease, maintain and operate, either individually or in connection with any of the political subdivisions of St. Lucie County or with the board of county commissioners of St. Lucie County, said real property for an industrial park or parks and for grounds and sites for industrial development, businesses or enterprises, including appurtenances thereto found by the city to be expedient or necessary; to regulate the use thereof; and to sell, lease or otherwise dispose of any and all such property which may belong to the city or in which the city may have an interest therein. The city may become a member of and contribute financially to any agency or organization, deemed and found appropriate by the city whose objectives include the attraction of industrial enterprises for location in St. Lucie County or in the City of Fort Pierce and which thereby will serve and be for the benefit, welfare and interest of the city. The city commission may prescribe by ordinance or resolution the manner of exercising the foregoing powers.

cost of the benefits under such retirement fund shall be provided for contributions made thereto by said city. The benefits of such fund shall be related to salary and to the years of creditable service as determined by the ordinances establishing such retirement fund, or the benefits of such retirement fund may be related to the contributions made thereto by the members thereof, or a combination of these conditions may be adopted.

The fund or system may receive gifts, devises and bequests of money or property for the benefit thereof, contributions from members, earnings or investments and deposits and contributions from the City of Fort Pierce, and said city shall have the power to raise amounts needed for the purpose herein provided, upon the express condition that amounts necessary shall not be raised by taxation upon any real property located within the City of Fort Pierce, Florida.

(Laws of Fla., Ch. 61-2176, § 1; Ord. No. I-246, § 2, 10-19-87)

**Sec. 17. Same—Membership.**

The ordinances establishing the retirement fund under the provisions of this act shall provide that all employees of the city, in service on the effective date of such retirement fund shall become members thereof as a condition of their employment; provided, however, that day laborers and temporary employees employed by the city shall not become members thereof.

(Ord. No. G-371, § 2, 10-17-77)

### Sec. 20. Powers of commission.

All powers of the city and determination of all matters of policy shall be vested in the city commission. Without limitation of the foregoing, the commission shall have power:

(a) To appoint and remove with or without cause (1) the city manager, (2) the city clerk, (3) the city attorney, (4) the city prosecuting attorney and (5) the city auditor.

(b) To create and abolish departments other than those created by the charter, and establish their functions.

~~(c) To adopt the annual budget.~~

~~(d) Subject to the limitations provided by law, to levy taxes and special assessments and to borrow money.~~

(c), (d) [Text deleted.]

(e) To serve as trustees of the sinking fund and of such bonds as may be issued by the city and to manage and control such sinking funds [sic] subject to the provisions of general laws and city ordinances.

**State law reference**—Municipal borrowing, F.S. § 166.101 et seq.

(f) To inquire as a body into the conduct of any officer, department or agency of the city and investigate municipal affairs whenever it deems such actions to be in the public interest.

(g) To appoint members of the civil service board, the city planning board and the zoning board of appeals, and such other boards created under this charter, acts amendatory thereto and not otherwise provided for, or by the city commission.

~~(h) To adopt plats.~~

~~(i) To adopt and modify the official map of the city.~~

~~(j) To regulate private property for zoning purposes, and provide and designate fire districts and zones.~~

~~(k) To provide for the removal of any building or structure that constitutes a menace to business, health, or safety, or any building or structure that constitutes a fire hazard or which is unsightly or does not conform in architecture to adjacent or surrounding buildings and to designate other things that may constitute a nuisance.~~

~~(l) To pass all such ordinances and laws, not inconsistent with the constitution and laws of the United States and this state, as may be expedient and necessary for the preservation of the public peace and order, for the suppression of riots and disorderly assemblies, for the good order and government of the city and for effectuating the provisions of this charter, and to impose such fines, penalties and forfeitures as may be needed to carry the same into effect; provided, that for no offense made punishable by the laws and ordinances of said city shall a fine of not [sic] more than five hundred dollars ($500.00) or imprisonment for a period of time longer than sixty (60) days or both, be imposed.~~

~~(n) To provide for an annual independent audit of the finances of the city.~~

**State law reference**—Audits, F.S. § 166.241.

~~(o) Upon the taking effect of this act and every five (5) years thereafter, the city commission shall employ a qualified actuary with pension experience to conduct an evaluation of the city's existing pension and retirement funds and recommend such measures as he may deem wise for efficient operation of the system and for assuring its future solvency.~~

(Laws of Fla., Ch. 65-1552, § 5)

**Editor's note--**Except for subsections (a), (b), and (e)--(g), pursuant to F.S. § 166.021, the provisions of section 20 were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been carried forward into the Code and are, therefore, repealed by the adoption of the Code.

### Sec. 21. Other powers of commission.

All powers of the city except such as are vested in the jurisdiction of the municipal court and except as otherwise provided by this charter, or by the constitution and laws of the State of Florida are hereby vested in the city commission; and except as otherwise provided by this charter, or by the constitution and laws of the State of Florida, the city commission may by ordinance or resolution prescribe the manner in which any such power of said city shall be exercised.

**Editor's note**—The municipal court has been abolished under Article V of the state constitution.

### Sec. 22. Powers and duties of mayor-commissioner.

The mayor-commissioner shall preside at all meetings of the city commission and perform such other duties consistent with his office as may be imposed by it. The mayor-commissioner shall have a voice and a vote in the proceedings of the commission; but no veto power. He may use the title of mayor in case in which the execution of legal instruments or writings or other necessity arising from the general laws of the state so requires, but this shall not be considered as conferring upon him the administrative or judicial functions of a mayor under the general laws of the state. He shall be recognized as the official head of the city by the courts for the purpose of serving civil processes; by the government in the exercise of military law, and for all commercial purposes. He may issue proclamations during times of grave public danger or emergency.

**State law reference**—Declaration of state of emergency, F.S. § 870.042.

### Sec. 23. Mayor pro tem.

At the first regular meeting following January 1st of each year, the city commissioners shall select one (1) of their number as mayor pro tem. He shall act as mayor-commissioner and have all of the powers and duties of that office during the absence or disability of the said mayor-commissioner.

or mayor-commissioner, after being duly sworn in, shall assume the duties of office immediately following the meeting being called to order and approval of the minutes of the previous regular and/or special meeting, if any. ~~Thereafter the city commission shall meet at such time and place as may be prescribed by ordinance or resolution, except that it shall meet regularly not less than twice each month.~~

(3) The mayor-commissioner, or any three (3) members of [the] commission, or the city manager and any two (2) members of the commission, may call special meetings of the city commission, upon at least six (6) hours written notice to each member, served personally, or left at his usual place of residence or business.

(Laws of Fla., Ch. 59-1290, § 1; Laws of Fla., Ch. 67-1391, § 6; Laws of Fla., Ch. 69-1065, § 3; Laws of Fla., Ch. 71-643, §§ 3, 4)

**Editor's note--**The first sentence of section 24 has been deleted as superseded by F.S. § 286.011.

### Sec. 25. Legislative procedure.

A majority of all members of the city commission shall constitute a quorum but a less number may adjourn from time to time and compel the attendance of absent members in such a manner and under such penalties as may be prescribed by ordinance.

(Laws of Fla., Ch. 71-643, § 5)

**State law reference—**Procedure for adoption of ordinances and resolutions, F.S. § 166.041.

### Sec. 26. Commission to be judge of own election.

The city commission shall be the judge of the election and qualification of its own members subject to review by the courts. ~~Any member of the commission who shall be convicted of [a] felony while in office shall thereby forfeit his office.~~

**Editor's note--**Pursuant to F.S. § 166.021, the second sentence of section 26 was either repealed as a limitation on power or assumed ordinance status. Such sentence has been included in the Code. See the code comparative table for the 1957 Charter for its location in the Code.

### Sec. 27. Absences.

~~Absence from four (4) consecutive regular meetings of the commission shall operate to vacate the seat of a member, unless such absence is excused by the commission by motion setting forth the fact of such excuse duly entered upon the minutes.~~

[Text deleted.]

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 27 were either repealed as a limitation on power or assumed ordinance status. See AGO 73-475. Such provisions have been included in the Code. See the code comparative table for the 1957 Charter for their location in the Code.

### Sec. 28. Filling of vacancies.

At the time a vacancy occurs, if there is less than six (6) months before the next general election said vacancy in the commission shall be filled by vote of the remaining members of the commission within thirty (30) days after said vacancy shall occur. The person appointed shall hold office for the balance of the term and shall be a qualified commissioner meeting all qualifications under state law, the city charter, and the city Code.

At the time the vacancy occurs, if there is more than six (6) months before the next general election, a special election shall be set as early as legally possible and no temporary appointment shall take place. The winning candidate shall be sworn in at the first meeting after said election.

Vacancies resulting from a recall election shall be filled in the manner hereinafter prescribed.

(Ord. No. I-165, § 2, 6-2-86)

### Sec. 29. Qualifications of officers and employees.

Officers and employees of the city may hold more than one office in the city government of the city, but shall not be interested in the profits or emoluments of any contract, work or service for the city, and any such contract in which any member is, or may become interested, shall be declared void by the commission.

PROOFS

Any officer or employee in the classified service who shall act as city manager or department head for a period of more than ninety (90) consecutive days at any one time shall forfeit all benefits and rights under the classified service and become classified in the unclassified service.

**Sec. 30. Commission to keep out of managerial details.**

Neither the commission nor any of its members shall direct or request the appointment of any person to, or his removal from[,] the administrative service of the city by the city manager or by any of his subordinates, or in any manner take part in the appointment or removal of any officers or employees, as hereinbefore specified. Except for the purpose of inquiry or investigation, the commission shall deal with the administrative service solely through the city manager.

**Sec. 31. No commissioner shall give order to city employees.**

No commissioner or commissioners acting as individuals shall give orders to the city manager or his subordinates either publicly or privately. Any commissioner violating the provisions of this section, shall be guilty of a misdemeanor and upon conviction thereof shall cease to hold office as a commissioner.

(As amended by Laws of Fla., Ch. 59-1290, § 1)

**Secs. 32—34. [Reserved.]**

**Sec. 35. Repeal shall not revive any ordinance.**

[Text deleted.]

~~The repeal of an ordinance shall not repeal the repealing clause of such ordinance, nor revive any ordinance which has been repealed thereby.~~

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 35 were either repealed as a limitation on power or assumed ordinance status. Such provisions have been included in the Code. See the code comparative table for the 1957 Charter for their location in the Code.

**Sec. 36. [Reserved.]**

**Sec. 37. Improvements beyond city limits.**

The city commission is authorized to enter into contracts with any person, firm or corporation, owning property adjacent to the city, with respect to the payment by the city of all or any part of the cost of improvements which may be constructed thereon and which are wholly public in nature, provided however, that no expenditure shall be made by the city in pursuance of any such contract unless and until the property involved shall have become located within the city limits.

~~**Sec. 38. Independent annual audit.**~~

~~At the beginning of each fiscal year the commission shall designate a qualified certified public accountant or accountants who shall make a continuing and independent audit of accounts and other evidences of financial transactions of the city government and shall submit their report to the commission. Such accountants shall have no personal interest, direct or indirect, in the fiscal affairs of the city government. They shall not maintain any accounts or records of city business, but, within specifications approved by the commission, shall post-audit the books and documents kept by the department of finance and any separate or subordinate accounts kept by any other office, department or agency of the city government.~~

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 38 were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been included in the Code and are, therefore, repealed by the adoption of the Code. The section is obsolete in light of F.S. § 218.39.

## ARTICLE IV. CITY MANAGER

**Sec. 39. Appointment of city manager.**

The commission shall appoint a city manager for an indefinite term and fix his compensation. He shall be chosen solely on the basis of his executive and administrative qualifications and need not be a resident of the city or state at the time of his appointment. No commissioner shall receive such appointment during the term for which he shall have been elected, nor within one year after the expiration of his term.

**Sec. 40. Removal of city manager.**

The city manager may be removed by the city commission at any time with or without cause.

**Sec. 41. Absence, disability, or suspension of city manager.**

To perform his duties during his temporary absence or disability, the city manager may, with the approval of the commission, designate by letter filed with the city clerk a qualified administrative officer of the city. If the city manager fails to make such designation or if there is a vacancy in the office of city manager, the commission may designate by resolution a qualified person, or an employee of the city to perform the duties of city manager during his absence or disability or during said vacancy.

**Sec. 42. Powers and duties of city manager.**

The city manager shall be the chief executive and administrative head of the municipal government and shall be responsible to the commission for the proper administration of all affairs of the city. He shall exercise general supervision and control over all city departments, except the office of city clerk, city attorney and city auditor. His powers and duties shall be:

(a) To see that the laws and ordinances are enforced;

(b) To supervise the operation of the merit system and to uphold and enforce the principles of merit and fitness in all personal actions affecting city officials and employees coming within his jurisdiction;

(c) To appoint and, when necessary for the good of the service, to transfer, demote, remove or suspend all officers and employees of the city except as otherwise provided by this charter and except as he may authorize the head of a department or office to appoint, or suspend subordinates in such department or office;

(d) To fix the number of employees in the city departments, determine their duties and conduct a comprehensive program of in-service training for city officials and employees to help them develop their talents and skills and increase their proficiency;

(e) To prepare the annual budget and submit it to the commission not later than August 15 of each fiscal year and to be responsible for its execution after adoption by the commission;

(f) To keep the commission fully informed of the financial condition and future needs of the city and to make such recommendations as he may find desirable;

(g) To prepare and submit to the commission as of the end of the fiscal year a complete report on the finances and administrative activities of the city for the preceding year;

(h) To attend all meetings of the commission with the right to take part in the discussion but without a vote;

(i) To appoint[,] with the approval of the city commission, a finance director for the city, who shall be under the supervision and direction of the city manager;

(j) To perform such other duties as may be prescribed by this charter or required of him by the commission, not inconsistent with this charter.

(Laws of Fla., Ch. 65-1552, § 6; Laws of Fla., Ch. 71-643, § 7)

## ARTICLE V. CITY DEPARTMENTS AND AGENCIES

**Sec. 43. Departmental organization.**

PROOFS

There shall be a department of finance, a police department, an office of city auditor, an office of city clerk, an office of city attorney, a city prosecuting attorney, a personnel officer, a municipal court and such other departments and offices as provided in this act or may be established by the city commission by ordinance.

Each department as herein established, except the city auditor, city clerk, the city attorney, the municipal court, and the city prosecuting attorney, shall be administered by an officer designated by, and subject under this charter to the direction and supervision of the city manager. With the consent of the city commission, the city manager may serve as the head of one or more departments; provided, however the city manager shall not serve as personnel officer or director of finance, or auditor; provided further that the director of finance shall not serve as city clerk or auditor.

(Laws of Fla., Ch. 65-1552, § 7)

**Editor's note--**This section was amended by Ord. No. G-356, § 2, adopted August 1, 1977 without referendum. As it appears that this section cannot be amended without a referendum (see F.S. §§ 166.021, 166.031), the section has been restored to read as amended by Laws of Fla. ch. 65-1552, § 7. References in the above section to the municipal court and city prosecuting attorney are obsolete.

### Sec. 44. City clerk.

The city commission shall appoint a city clerk for an indeterminate term and fix his compensation. [Text deleted.] ~~His powers and duties shall be:~~

~~(a) To attend all meetings of the commission, in person or by deputy clerk, and keep permanent minutes of its proceedings, which shall be approved and engrossed in a well-bound book and signed by the mayor and attested by the clerk or deputy clerk at the next regular meeting.~~

~~(b) To be the custodian of the city seal, all ordinances and resolutions and all records and papers of a general or permanent character pertaining to the affairs of the city.~~

~~(c) [Repealed by Laws of Fla., Ch. 69-1065.]~~

~~(d) [Reserved.]~~

~~(e) To preserve, file and index all contracts to which the city is a party, which file and record shall be open to the inspection of all interested persons at all reasonable times.~~

~~(f) To perform such other duties as may be prescribed by this charter or required of him by the commission.~~

~~(g) To collect all occupational and dog license fees.~~

(Laws of Fla., Ch. 65-1556, § 3; Laws of Fla., Ch. 67-1391, §§ 8, 9; Laws of Fla., Ch. 69-1065, § 5)

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 44 (first sentence excepted) were either repealed as a limitation on power or assumed ordinance status. Such provisions have been included in the Code. See the code comparative table for the 1957 Charter for their location in the Code.

### Sec. 45. City attorney.

(a) The city commission shall appoint a city attorney for an indefinite term and fix his compensation. [Text deleted.] ~~He shall be a practicing attorney who is a member in good standing of the Florida Bar who shall act as the legal advisor to, and counselor for, the city and all of its officers in matters relating to their official duties, and shall attend all meetings of the city commission, unless excused by the commission. He shall prepare all contracts, bonds and other instruments in writing in which the city is concerned, and shall endorse on each his approval of the form and correctness thereof, and no contract with the city shall take effect until his approval is so endorsed thereon. The city attorney, subject to the approval of the state's [state] attorney, may be assigned the duties of a special prosecuting attorney in county court at the will of the city commission. If the city attorney shall engage in private practice with the consent of the city commission, he shall, under no circumstances, accept retainerships, temporary or permanent, from the State of Florida or any of its component agencies, the County of St. Lucie, the district school board of St. Lucie County, or any other municipality or special taxing districts situate wholly within the boundaries of St. Lucie County.~~

~~(b) The foregoing language in this section shall never be construed to require the city attorney to endorse his approval of the form and correctness on bonds and revenue certificates issued by the city.~~

PROOFS

~~(c) When required to do so by the city manager or the city commission, he shall prosecute and defend[,] for and in behalf of the city, all complaints, suits and controversies in which the city is a party. He shall furnish the city commission, the city manager, the head of any department, or an officer or board not included in any department, his opinion on any question of law relating to their respective powers and duties.~~

(Laws of Fla., Ch. 65-1552, § 8; Laws of Fla., Ch. 71-643, § 8; Ord. No. G-356, § 4, 8-1-77)

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 45 (first sentence excepted) were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been included in the Code and are, therefore, repealed by the adoption of the Code.

### Sec. 46. Claims against city.

[Text deleted.]

~~(a) *Tort actions; notice of injury limitations; information to include in notice*. No suit shall be maintained against the city for damages arising out of any tort unless it shall be made to appear that the damage alleged is attributable to the negligence of the city, and that written notice of such damage was, within thirty (30) days after the receiving of the injury alleged, presented to the city commission with such reasonable specification as to time and place and witnesses as would enable the city officers to investigate the matter.~~

~~(b) *Commission to act on notice in injury*. It shall be the duty of the city commission to inform its attorney, upon receiving notice required by the preceding [subsection], and the city attorney shall promptly investigate the matter and lay the facts, before the commission in a written report, and the commission may, by resolution, after such report, affect [effect] a reasonable settlement for the injury suffered, or deny liability and direct the city attorney to defend any suit brought for the recovery of damages.~~

~~(c) *Notice of action prerequisite to institution*. No suit shall be instituted against the city unless a written statement giving the particulars of the alleged cause of action, containing a notice of intention to sue, be filed at least thirty (30) days before such suit is instituted, with the city commission.~~

~~(d) *Limitation of actions*. Suits on all causes of actions of whatever kind or nature, accruing against the city shall be instituted within twelve (12) months after the cause of action accrues.~~

**Editor's note--**The provisions of section 46 have been deleted as superseded by F.S. § 768.28.

### Sec. 47. [Repealed.]

(Laws of Fla. ch. 61-3177, § 1; Ch. 65-1557, § 1; Ch. 67-1391, §§ 10, 11; Ch. 71-643, § 9; Ord. No. Ord. No. G-334, § 1, 3-28-77)

**Editor's note—**Former § 47, pertaining to the municipal court, was repealed by Ord. No. G-334

### Sec. 48. Police department.

(a) There is hereby created in the city a police department for the preservation and enforcement of law and order within the city. Such police department shall be composed of a chief of police and as many subordinate officers and employees as the city manager may direct.

(b) The chief of police shall have exclusive control of the stationing and transfer of all patrolmen and other officers and employees constituting the police force, subject to the approval of the city manager or under such rules and regulations as may be prescribed by ordinances of the city.

(c) The chief of police shall be appointed by the city manager with the approval of the city commission and may be discharged by the city commission or by the city manager with the consent of the city commission with or without cause.

(d) ~~The chief of police and his deputies shall have the power and authority immediately to arrest, with or without warrant, and also to take into custody any person who shall commit or threaten to commit in his presence or within his view any offense prohibited by the ordinances and laws of the city and shall without unnecessary delay bring the offenders before the municipal court* to be dealt with according to law.~~ [Text deleted.]

(e) [Text deleted.] ~~When a prisoner, who is under arrest and confined to the city jail and is poor, indigent~~

PROOFS

~~and poverty stricken, requires medical, hospital or surgical treatment for an injury or disease not caused by the prisoner's own negligence or neglect, said services or treatment or both, when furnished to him, shall be paid by the city; provided however, the liability or responsibility of the city in such case shall cease and terminate when the sentence of the prisoner has expired, been reduced or suspended. In case of arrest and incarceration only, the responsibility of the city shall terminate when the arrest has been nolle prossed or otherwise disposed of. The city shall not be liable or responsible for any ambulance service rendered to or for the benefit of any person or prisoner; or medical services of any nature whatsoever rendered to any person prior to both arrest and incarceration; or medical services of any nature whatsoever rendered to any prisoner who is financially able to pay for the same; or medical services of any nature whatsoever rendered to any person or prisoner whose condition arose or resulted from the negligence, contributory negligence or neglect of said person or prisoners [sic] or arose otherwise from or through conditions not within the control of the city. In no event shall the liability or responsibility of the city exceed the sum of seven hundred fifty dollars ($750.00) unless the medical services of whatsoever nature are performed under written contract between the city and the person or firm rendering the same. In any event, the city shall have a claim for all sums paid for or on behalf of any prisoner under this provision, and the city shall become subrogated to all rights of any person or firm to whom the city makes any payment under this provision, and in the event the claim by the city for reimbursement of any payment hereunder results in litigation, then the prisoner on whose behalf said payments have been made shall be responsible for all court costs and a reasonable attorney's fee for representation of the city in said litigation.~~

(Laws of Fla., Ch. 59-1286, § 1; Laws of Fla., Ch. 59-1288, § 1; Laws of Fla., Ch. 67-1391, § 12)

**Editor's note**--Pursuant to F.S. § 166.021, the provisions of section 4, subsections (d) and (e) of this section were either repealed as a limitation on power or assumed ordinance status. The provisions of subsection (d) of this section have been included in the Code. See the code comparative table for the 1957 Charter for their location in the Code. The provisions of subsection (e) of this section have not been included in the Code and are, therefore, repealed by the adoption of the Code.

### Sec. 49. City planning board.

The city commission may provide by ordinance for the establishment of a city planning board, the members of which shall serve without compensation, and it shall be the duty of such board to procure and suggest plans for the arrangement of the city with a view to its general improvement and probable growth and demands, these plans to take into consideration the extension on the city works into adjacent territory, improvement and changes in public utilities and lines of transportation, by surface and water, and the location, widths and grades of highways necessary for the best development of the city and improvement of the waterfronts, with the seawalls and wharves; the location and design of public buildings and municipal decoration and ornamentation and such further extension of and additions to the park and boulevard system as may be deemed advisable. All expenditures of funds for permanent improvements shall be restricted to such purposes as are contemplated under the plans of the city planning board which may have been approved and adopted as provided for by state statute. The members of the city commission and the city manager shall be ex officio members of the city planning board.

(Laws of Fla., Ch. 61-2174, § 1)

**Editor's note**--Section 49 was amended by Ord. No. I-11, § 1, adopted June 6, 1983, without referendum. As it appears that this section cannot be amended without a referendum (see F.S. §§ 166.021, 166.031), the section has been restored to read as amended by Laws of Fla. ch. 61-2174, § 1.

### Sec. 50. City plan fund.

~~Authority is hereby given for the creation of a fund to be known as the "city plan fund", which shall be raised by tax levy as other taxes are levied, of not exceeding one-half mill on the dollar in one year. The fund so created shall be held by the city as are all other public funds, but may be disbursed at the order of the city planning board and shall remain available until expended.~~

[Text deleted.]

**Editor's note**--Pursuant to F.S. § 166.021, the provisions of section 50 were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been included in the Code and are, therefore, repealed by the adoption of the Code.

### Sec. 51. Advisory boards.

The city commission may at any time appoint other advisory boards composed of men or women who are

PROOFS

residents of the city, qualified to act in an advisory capacity to the city commission, the city manager or to any department of government, with respect to the conduct and management of any property or institutions or the exercise of any public functions of the city. The members of any such boards shall serve without compensation for the time fixed in their appointment or at the pleasure of the commission, and their duties shall be to consult and advise with such municipal officers and make written recommendations which shall become part of the records of the city.

(Laws of Fla., Ch. 59-1288, § 1)

## ARTICLE VI. ELECTIONS*

***Editor's note—**Ord. No. L-152, § 2, adopted Jan. 18, 2011, amended Art. VI in its entirety and enacted similar provisions as set out herein. The former Art. VI derived from Laws of Fla., Ch. 59-1290, § 1; Laws of Fla., Ch. 65-1553, § 2; Laws of Fla., Ch. 65-1557, § 2; Laws of Fla., Ch. 67-1391, §§ 13, 14; Laws of Fla., Ch. 71-643, § 10; Ord. No. H-131, §§ 2, 4, adopted May 19, 1980, passed at referendum Sept. 9, 1980; Ord. No. I-174, § 2, adopted July 21, 1986; Ord. No. J-59, §§ 2—4, adopted Oct. 4, 1993; Ord. No. J-119, § 2, adopted Sept. 19, 1994; Ord. No. I-198, adopted Dec. 15, 1986; and Ord. No. L-07, §§ 1—3, adopted March 17, 2008.

**State law reference—**Qualification and registration of electors, F.S. § 97.011 et seq.; use of county registration system, F.S. § 98.901; absentee voting, F.S. § 101.62 et seq.; polling places, F.S. § 101.71 et seq.; form of general election ballot, F.S. § 101.191; offenses relating to elections, F.S. Ch. 104; charter amendments by referendum, F.S. §§ 166.021, 166.031.

### Sec. 52. Regular municipal elections; term of office of commissioners; multiple candidates; tie-vote; write-in candidates; special elections.

(a) Regular municipal elections shall be held on the first Tuesday after the first Monday in November of each even-numbered year and shall be a part of the general election ballot conducted by the county supervisor of elections. All elections shall be conducted in accordance with applicable state law pertaining to elections insofar as there is no conflict with the terms of this act.

(b) The commission seat occupied by the mayor-commissioner shall be designated as seat 1. The remaining four (4) city commission seats shall be designated as seats 2, 3, 4 and 5 respectively.

The mayor-commissioner shall be elected in an at-large citywide election. Candidates for the office of mayor-commissioner may reside anywhere in the City of Fort Pierce without regard to election district.

The city commissioners who occupy seat 3 and seat 5 shall be elected solely by the voters within election District 1. Candidates for city commission seats 3 and 5 shall be residents of District 1. (See Code Section 6-6)

The city commissioners who occupy seat 2 and seat 4 shall be elected solely by the voters within election District 2. Candidates for city commission seats 2 and 4 shall be residents of District 2. (See Code Section 6-6)

In accordance with a Referendum held on November 2, 2010, approved by a majority of the voters in order to change the election date from an odd-numbered year to an even-numbered year, the following adjustment will be in effect: (a) the mayor and city commissioners who currently occupy seats 1, 2, and 3 shall continue to hold office and their term extended to the second regular meeting following the general election (December 3, 2012); and (b) the city commissioners who currently occupy seats 4 and 5 shall continue to hold office and their term extended to the second regular meeting following the general election (December 1, 2014); and thereafter:

Elections for city commission seats 1, 2 and 3 shall be held every other even year commencing in 2012. Elections for city commission seats 4 and 5 shall be held every other even year commencing in 2014.

The term of each commissioner and the mayor shall be for four (4) years or until their successors are elected and seated as provided in Section 18(1).

(c) When there are only two (2) candidates for any one office in a regular municipal election, the names of both candidates shall be placed on the general election ballot; and the candidate receiving a majority of the total votes cast for such office shall be declared elected to such office.

(d) When three (3) or more persons qualify as candidates for any of the designated seats of the city commission or mayor to be filled, the persons' names who so qualified shall appear on the ballot and be voted upon at a primary election to be held on the day established by F.S. § 100.061 prior to the general election. Each candidate receiving a majority of the votes cast at the primary election for a designated seat shall be declared elected without the necessity of being voted upon in the regular city election. In the event no single candidate receives a majority of the votes cast in the primary election for a designated seat, the two (2) persons receiving the highest number of votes cast for that designated seat on the city commission or mayor shall be voted upon at the regular city election conducted on the date of the general election held on the first Tuesday after the first Monday in November of even-numbered years.

PROOFS

(e) In event that at any election the two (2) candidates for the same office should receive the same number of votes, the question shall be decided by lot, conducted by the city commission at the first regular meeting of the city commission following certification of the results of the election submitted by the supervisor of elections, and the results thereof shall be certified in the minutes of such meeting by the city clerk. The person duly chosen shall be seated at the next regular meeting of the city commission following their selection by lot.

(f) In the event there is only one candidate qualified for any one seat, the name of the candidate shall not be printed on the primary election ballot or general election ballot, and shall be declared elected to the office; and shall be seated as provided in Section 18(1).

(g) Write-in candidates shall be permitted at only regular city elections. Each person seeking to qualify for election to office as a write-in candidate shall file his or her qualification papers with the city clerk at any time after noon of the first day for qualifying, but not later than noon of the last day of the qualifying period for the office sought. A write-in candidate shall not be required to pay a filing fee and election assessment. A write-in candidate shall not be entitled to have his or her name printed on any ballot; however, space for the write-in candidate's name to be written in shall be provided on the general election ballot.

(h) Special municipal elections for any purpose shall be held in the same manner as a regular election except the city commission, by resolution or by ordinance, shall fix the date of holding such special election, the office to be balloted upon and a qualifying period for candidates, or the question to be balloted upon.

(Ord. No. L-152, § 2, 1-18-11; Ord. No. L-261, § 1, 6-18-12)

**Sec. 53. Election procedure.**

All elections shall be held in accordance with the provisions of the state election code, except as otherwise provided by this Charter.

(Ord. No. L-152, § 2, 1-18-11)

**State law reference—**Florida Election Code, F.S. Ch. 97 et seq.

**Sec. 54. Ballots.**

All ballots used in any special or regular biennial election held under authority of this Charter shall be without party mark or designation and without any insignia or mark of any association or organization thereon, and shall be substantially in the same form as the election ballots used in state and county elections.

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 55. Voting precincts.**

In city elections, the city shall use the same voting precincts, or parts thereof, lying within the city limits as are now or may hereafter be designated for use in county and state elections.

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 56. Polling places for special or referendum elections.**

The city commission shall not be required to adopt the polling places of St. Lucie County, but shall have the authority to establish polling places and designate the location thereof for holding special or referendum city elections not held during the general or primary biennial elections.

(Ord. No. L-152, § 2, 1-18-11)

**State law reference—**Polling places, F.S. § 101.71 et seq.

**Sec. 57. Absentee voting.**

Absentee voting shall be allowed as provided by Florida Statutes under the direction of the County Supervisor of Elections.

**State law reference—**Qualifications to vote, F.S. § 97.041; municipal electors, F.S. § 166.032; absentee registration, F.S. § 97.063; absentee voting, F.S. § 101.62, et seq.

PROOFS

**Sec. 58. Election districts.**

The City of Fort Pierce shall have two (2) election districts to be known as District 1 and District 2. The boundary between said districts shall be determined by ordinance of the city commission on a periodic basis. The district boundaries shall be adjusted in accordance with population changes as reported by the official U.S. census, so that the population of the two (2) districts remains approximately equal.

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 59. Adoption of county registration books.**

In all municipal elections, including special and regular biennial elections, the registration books and records authorized by law to be used in general elections of the County of St. Lucie and the State of Florida, shall be the official registration and election books and records of the city.

(Ord. No. L-152, § 2, 1-18-11)

**State law reference—**Registration of electors, F.S. § 98.041; use of county registration system by city, F.S. § 98.091.

**Sec. 60. Registration.**

To entitle an elector to vote in the city elections he shall register in the registration books and records of St. Lucie County, Florida, at such times and places as provided by law for registering of electors to vote in the State of Florida and County of St. Lucie elections.

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 61. Reserved.**

**Sec. 62. Clerk to represent city in dealing with elections officer.**

The city clerk shall be the official representative of the city and the city commission in all transactions with the county supervisor of elections, in relation to matters pertaining to municipal elections.

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 63. Qualifications of candidates for mayor-commissioner and city commissioner.**

(a) Any qualified elector of the city who has resided or will have continuously resided therein for a period of two (2) years prior to the date of the election for which the elector becomes a candidate, may become a candidate for mayor-commissioner (seat 1) by filing with the city clerk as provided below. Any qualified elector of District 1 who has resided or will have continuously resided therein for a period of two (2) years prior to the date of the election for which the elector becomes a candidate, may become a candidate for city commissioner seats 3 or 5 by filing with the city clerk as provided below. Any qualified elector of District 2 who has resided or will have continuously resided therein for a period of two (2) years prior to the date of the election for which the elector becomes a candidate, may become a candidate for city commissioner seats 2 or 4 by filing with the city clerk as provided below.

(b) Any elector who is qualified as provided above and who desires to become a candidate for mayor-commissioner or city commissioner shall file with the city clerk, at any time after noon of the first day for qualifying, which shall be the seventy-first (71st) day prior to the first primary election, but not later than noon of the sixty-seventh (67th) day prior to the date of the first primary election, a written request that his or her name be placed upon the ballot for election, a written request that his name be placed upon the ballot for election and declare himself as a bona fide candidate for election and declare himself as a bona fide candidate for such office; and shall at the same time pay to the city clerk a registration or filing fee of twenty-five dollars ($25.00) and any election assessment fee as established by state law. Any candidate may withdraw his name at any time before the forms for the election ballots are delivered to the printer for printing, but in no event shall the registration or filing fee be returned or refunded.

(Ord. No. L-152, § 2, 1-18-11)

**State law reference—**Candidate's statement of financial interest F.S. § 99.012(6).

**Sec. 64. Disqualification.**

PROOFS

No candidate for office in a city election shall promise any money, office, employment or other thing of value to induce or secure votes. A violation of this provision, shall disqualify him from holding the office if elected, and the person receiving the next highest number of votes, who has observed the foregoing condition, shall be entitled to the office and declared elected.

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 65. Form of oath.**

Every candidate for nomination to office shall take, sign, and subscribe to an oath or affirmation in writing in substantially the following form:

"State of Florida

City of Fort Pierce, St. Lucie County, Florida.

Before me, an officer authorized to administer oaths, personally appeared _____ to me well known who being sworn says that he is a candidate for the office of _____; that he is a qualified elector of the City of Fort Pierce, Florida; that he has resided in the City of Fort Pierce for the last past [sic] two (2) years immediately preceding the date of the election; and that he is qualified under the constitution and laws of Florida and the charter of the City of Fort Pierce to hold the office for which he desires to be nominated.

_____

(Signature of candidate)

Sworn to and subscribed before me this _____ day of _____, 20___, at St. Lucie County, Florida."

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 66. Candidates['] names on ballots.**

A candidate who has filed the required oath and has paid the qualifying fee shall be entitled to have his name printed on the official election ballot.

(Ord. No. L-152, § 2, 1-18-11)

**Sec. 67. Acceptance of returns; canvass of returns.**

(1) At the first regular meeting of the city commission after the primary election and the general election, the city commission shall adopt a resolution accepting the returns as provided by the county supervisor of elections to the city clerk, such returns having been canvassed by the county canvassing board, and declaring the outcome of the election.

(2) At the first regular meeting of the city commission after any special or referendum election, the city commission together with the supervisor of elections and the city clerk shall canvass the returns; and the city commission shall adopt a resolution accepting the returns as provided by the county supervisor of elections to the city clerk, declaring the outcome of the election.

(3) The city clerk shall, not later than noon of the second day after the results of the election have been declared, by mail or in person, furnish a certificate of election to each candidate shown to have been elected.

## ARTICLE VII. CIVIL SERVICE AND MERIT SYSTEM*

***State law reference**—Civil service laws authorized, Fla. Const. Art. III, § 14; assistance by state department of administration, F.S. § 110.129.

### Sec. 78. Establishment of merit system; repeal of previous act.

All appointments and promotions in the administrative service of the city shall be made according to merit and fitness to be ascertained, so far as practicable, by competitive tests. In order to permit the adoption and use of a modern merit system which is efficient and fair to officials, employees and the public, Chapter 23296, Acts of 1945, and all acts amendatory thereto are hereby repealed and a merit system is hereby created which shall conform to the provisions hereinafter set forth.

### Sec. 79. Classified and unclassified service.

The following shall constitute the unclassified service of the city and shall be exempt from the provisions of this chapter [article]:

(a) Members of the city commission and all elected officials.

(b) The city manager, city clerk, city auditor, city attorney, personnel officer, city prosecuting attorney, director of finance, chief of police, department heads, and all members of any board or commission or any individual in a specialized field appointed by the city commission. Department heads other than those named by this subsection shall be designated by the city manager and approved by the city commission.

(c) Part-time or temporary employee[s].

The classified service shall include all other positions now existing or hereafter created, and the provisions of this act shall apply thereto except as hereinabove set out.

(Laws of Fla., Ch. 65-1556, § 4; Laws of Fla., Ch. 65-1557, § 2)

**Editor's note--**Section 79 was amended by Ord. No. G-356, § 2, adopted August 1, 1977 without referendum. As it appears that this section cannot be amended without a referendum (see F.S. §§ 166.021, 166.031), the section has been restored to read as it read prior to amendment by Ord. No. G-356. The reference in the above section to the city prosecuting attorney is obsolete.

### Sec. 80. Status of present employees.

Any person holding a position in the classified service when this act takes effect, who shall have served in such position for a period of at least six (6) months, shall be retained without preliminary or performance tests and shall thereafter be subject in all other respects to the provisions of this act. Any other persons in the classified service at the time this act takes effect shall be considered as having been given probationary appointments at the time this act takes effect.

### Sec. 81. Personnel officer.

There shall be a personnel officer, who shall be appointed or removed by the city manager with the approval of the commission. The personnel officer shall administer the merit system of the city in accordance with this charter and the personnel rules adopted thereunder. To this end, his powers and duties shall be:

(a) To prepare competitive examinations and tests of various types for all appointments in the classified service, restricted to persons reasonably qualified to perform duties of the position;

(b) To give wide publicity through appropriate channels in each case to all announcements of competitive examinations to the end of encouraging qualified persons to take such examinations;

(c) To prepare and recommend to the city manager such rules as he may consider necessary, appropriate or desirable to carry out the provisions of this chapter [article] except rules, regulations and procedure pertaining to suspension, removal or demotion of any person in [the] classified service;

(d) To prepare, install, and maintain a classification plan based on the duties, authority and responsibility of positions in the city service;

(e) To prepare and submit to the city manager and the city commission for its consideration a pay plan for

PROOFS

the city service;

(f) To establish and maintain a roster of all persons in the municipal service in which there shall be set forth, as to each officer and employee, (1) the class title of the position held, (2) salary or pay, (3) any changes in class title, pay or status, and (4) such other data as may be deemed desirable or useful to produce significant facts pertaining to personnel administration;

(g) To certify all payrolls for persons in the classified service. No payment for personal service to any person in the classified service of the city shall be made unless the payroll vouchers bear the certification of the personnel officer or his authorized agent that the persons mentioned therein have been appointed and employed in accordance with the provisions of this act;

(h) To assist the city manager in developing and establishing training and educational programs for persons in the municipal service, so that wherever possible vacancies may be filled within the service;

(i) To perform such acts, consistent with this charter and the personnel rules adopted thereunder, as he may deem desirable to administer the provisions of this chapter [article].

**Sec. 82. Civil service appeals board created.**

(a) Upon the taking effect of this act, the board of civil service created by Chapter 23296, Acts of 1945, shall be abolished and shall be superseded by a civil service appeals board consisting of five (5) members. Two (2) members shall be appointed by the city commission of said city, and two (2) members shall be elected by the members of the civil service of said city. The fifth member shall be named by the other four (4) members. In the event said four (4) members shall not agree upon the fifth member within fifteen (15) days after said four (4) members take office, the county judge of St. Lucie County, Florida, shall designate such fifth member. The said board shall elect one of their members to be chairman. The two (2) members named by the city commission and the two (2) members of the board named by the employees shall serve for a term or a period of two (2) years except the first member appointed by the city and the first member appointed by the employees shall serve for a term of only one year, but thereafter all terms of members of the board shall be for two (2) years. The fifth member of the board named by the other members of the civil service [sic] shall hold office for a period of one year. All members of the appeals board shall hold office until their successors are duly elected or named and qualified.

(b) The city commission of said city shall elect two (2) alternate members of the civil service appeals board and the members of civil service of said city shall elect two (2) alternate members of the civil service appeals board. The five (5) members of the said board shall elect two (2) alternate members of the civil service appeals board to serve in the event of disqualification or absence of the five (5) members of the said board.

(c) If there exists any ground which under the laws of the State of Florida would disqualify the judge of any court, or which is a ground of challenge for cause to disqualify any juror then such procedure shall apply to members of the civil service appeals board and any member who shall be disqualified shall not be permitted to hear and determine any cause wherein he is disqualified.

(d) Whenever a person [sic] to any charge or proceeding, shall make and file an affidavit that he fears a fair trial cannot be had before said board, where charges are pending, on account of the prejudice of any member or members of said board against the applicant or in favor of the adverse, and thereupon, such member or members shall proceed no further therein, but an alternate or alternates for such member or members shall be designated in the manner prescribed for the substitution of members for the trial of any case when any member is disqualified.

The member or members may, however, examine the affidavit supporting the motion to disqualify any of them for prejudice, to determine its legal sufficiency but shall not pass on the truth of the facts alleged nor [ad]judicate the question of disqualification.

Every such affidavit shall state the facts and the reasons for the belief that any such bias or prejudice exists, and such affidavit shall be filed not less than forty-eight (48) hours before the time the case is called for hearing or good cause shown for the failure to so file the same within such time.

Any such affidavit so filed, shall be accompanied by a certificate of counsel representing the applicant stating that such affidavit and application are made in good faith and the facts stated as a basis for making the said affidavit shall be supported in substance by affidavits of at least two (2) reputable citizens of St. Lucie

PROOFS

County, not kin to the applicant or of the counsel for the applicant. Provided, however, that when a suggestion of disqualification of any member or members has been made and the disqualification of such member or members shall have been admitted and an alternate member acting in lieu of the member so held to be disqualified [is designated], the said alternate member shall not be disqualified on account of alleged prejudice against the party making the suggestion in the first instance, or in favor of the adverse party unless such alternate member shall admit that it is then a fact that he, the said alternate member does not stand fair and impartial between the parties and if the alternate member shall state and hold that he does stand fair and impartial between the parties and their respective interests, he shall cause such statement or holding to be entered on the minutes of the said board and shall proceed to serve as member of said board in the pending case. The foregoing holding or ruling may be reviewed by the appellate court, as are other rulings of the said board.

(e) In event a member of the civil service appeals board shall refuse to qualify as such member, or if said office shall become vacant by reason of death, resignation or otherwise, the proper alternate shall become a member of the civil service appeals board for the unexpired term of the member vacating said office, and a first alternate shall be elected as herein provided for the election of a second alternate.

(Laws of Fla., Ch. 59-1290, § 1)

**Sec. 83. Qualifications of board members.**

Each member of the civil service appeals board shall be a qualified elector of the city, shall be known to be in sympathy with the merit principle as applied to the civil service, shall neither hold nor be a candidate for any other public office or position, and shall not be a member of any local, state or national committee of a political party or an officer in any partisan political club or organization. No person who has been convicted of a crime involving moral turpitude, or who is an officer or employee of said city shall be eligible to hold said office.

**Editor's note--**Section 83 was amended by Ord. No. J-17, § 1, 2, adopted May 4, 1992, without referendum. As it appears that this section cannot be amended without a referendum (see F.S. §§ 166.021, 166.031), the section has been restored to read as it read prior to such amendment.

**Sec. 84. Term of office; employees; meetings and compensation.**

Members of the civil service appeals board elected as herein provided shall take office within ten (10) days after their election or appointment. The oath of office shall be administered to each member of the civil service appeals board by the city clerk.

The personnel officer shall act as secretary to the appeals board of civil service. The city commission may employ such additional personnel for said board as said city commission shall deem necessary.

The civil service appeals board shall hold not less than one regular meeting each month and may hold special meetings when required for the transaction of business by said board. Such members may be called by the chairman or any three (3) members of the board, upon giving each member written notice thereof served personally, or left at the members usual place of residence. A majority of the board shall constitute a quorum for all meetings; except, however, for all hearings there shall be a full board.

(Ord. No. I-12, § 1, 6-6-83; Ord. No. K-288, § 1, 10-4-04)

**Editor's note--**Section 84 was amended by Ord. No 1-12, § 1, adopted June 6, 1983, without referendum, and by Ord. No. K-288, § 1, adopted on 10-4-2004, without referendum. As it appears that this section cannot be amended without a referendum (see F.S. §§ 166.021, 166.031), the section has been restored to read as it read prior to ordinance amendment.

**Sec. 85. Duties of board.**

It shall be the duty of the civil service appeals board:

(a) To make any investigation which it may deem desirable concerning personnel administration in the classified service and to that end, any member of the board shall have the power to administer oaths.

(b) To report to the city commission and expose publicly any abuses or improper practices which it may find in the classified service of the city.

(c) To provide rules for the procedures and grounds for suspension, demotion and dismissal of employees,

PROOFS

said rules being subject to the approval of the city commission, and for the filing of appeals with the civil service appeals board herein created.

(d) To sit as a body to hear appeals of any person in the classified service who is dismissed, demoted, suspended or transferred.

(e) To supervise the holding and grading of all competitive examinations held under the merit system.

(Laws of Fla., Ch. 65-1557, § 2)

**Sec. 86. Existing rules and regulations stand until superseded.**

The rules and regulations of the board of civil service which are in effect upon the taking effect of this chapter [article] shall remain in full force and effect until superseded by the rules adopted under this chapter [article].

**Sec. 87. Personnel rules.**

Immediately after the taking effect of this act, the personnel officer shall prepare personnel rules to govern the merit system and carry out the provisions of this chapter [article]. The city manager shall approve them with or without modification. When approved by him they shall be submitted to the city commission and shall become effective thirty (30) days after the commission by resolution adopts them, with or without amendment. Thereupon, the rules and regulations of the board of civil service passed on June 19, 1944, and amended as of July 15, 1954, shall be automatically repealed and superseded by the rules herein provided, except rules promulgated by the civil service appeals board under subsection (c) of section 85 of this act.

The personnel rules shall provide for:

(1) The classification of city positions which classification shall be based on the duties, authority and responsibility of each position;

(2) A pay plan for all city positions embodying the principle [of] equal pay for equal work which plan shall become effective when the commission by resolution adopts it with or without amendment;

(3) The method of holding competitive tests for fairly determining the merit and fitness of candidates for appointment and promotion;

(4) The establishment, maintenance and certification of eligible lists for filling vacancies;

(5) The order and manner in which layoffs may be ~~effected~~ [affected];

(6) Hours of work, attendance, regulations and provisions for sick and vacation leave;

(7) The procedure governing provisional or probationary appointments;

(8) Other practices and procedures necessary for effective administration of the merit system under the provisions of this charter;

(9) To make rules and regulations for the selection of a grievance committee by members in the classified service.

**Sec. 88. Rules to incorporate principle of merit and fitness.**

The rules required by section 87 shall be so prepared that all decisions on personnel matters shall be made solely on the basis of merit and fitness of the individual, and the various practices and procedures established thereunder which are to govern these decisions shall incorporate established professional standards and techniques which will serve to further that end.

**Sec. 89. Causes for suspension and dismissal.**

Any member of the civil service under this act who shall be incompetent, neglect his duty, be guilty of insubordination, immorality, drunkenness, any felony or crime involving moral turpitude or for the violation of any rules and regulations adopted by the civil service appeals board pursuant to subsection (c) of section 85 of this act shall be subject to reduction, suspension, fine or dismissal; provided, however, that no officer or employee shall be fined a sum in excess of one month's compensation.

**Sec. 90. Removals, fine and appeals.**

PROOFS

(a) The city manager may at any time fine or suspend or dismiss or demote or transfer any employee of the classified service for any cause which will promote the efficiency of the service but only in accordance with the rules and regulations of the merit system and the civil service appeals board.

(b) The members of the civil service appeals board shall not discuss the facts or merits of any case which may be tried before them with any person or persons whomsoever, except to receive the list of witnesses by any person or which the said city desires to subpoena before the board.

(c) Violations of the foregoing provisions of this section by any member of the board shall be grounds for disqualifications.

(d) In investigation of charges each member of the civil service appeals board shall have the power to administer oaths, and said board is hereby authorized to compel by subpoena the attendance of witnesses, [and] the production of books and papers relevant to such investigation, said subpoena to be served by a member of the police department.

(e) It shall be unlawful for any person to fail or refuse to respond to any subpoena duly issued by the civil service appeals board, without a legitimate excuse therefor, and such failure or refusal to respond is hereby declared to be a misdemeanor and shall be punishable as is now provided by [the] criminal code of the city for violation of misdemeanors.

(f) All witnesses demanding witness fees for attendance shall be entitled to a per diem of one dollar ($1.00) to be paid by the city, but no employee of the city summoned before said civil service appeals board to testify shall be entitled to any compensation.

(g) Upon dismissal, suspension or demotion, the city manager shall within twenty-four (24) hours give the employee a written statement of the reasons for his dismissal, suspension or demotion and shall immediately file a copy thereof with the civil service appeals board. If the employee desires, he may within seven (7) days file with the board a request for a hearing upon the dismissal or suspension or demotion. Any employee under the classified service of the city transferred within the classified service shall also have the right of appeal to the civil service appeals board within seven (7) days after such transfer upon written request to the board. The board upon receiving such notice of appeal, shall within five (5) days set a date for a hearing. Notice of the time and place of such hearing shall be served upon the city manager and the employee either personally or by registered mail at least five (5) days before the date of hearing.

(h) The board shall conduct the hearing at the time set, which hearing shall be public and may adjourn the hearing from time to time upon cause shown, or upon its own motion, provided that such adjournment in all shall not extend beyond thirty (30) days from the date of dismissal or fine or demotion or transfer, except for good cause shown. Both the affected employees and the city manager shall be given full opportunity to be heard in person or with counsel. The personnel officer shall spread on the official minutes of the board the facts contained in the appeal, the board's findings and its decision which shall be final. Such decisions shall be transmitted to the city manager and executed by him.

(Laws of Fla., Ch. 65-1557, § 2)

## ARTICLE VIII. FINANCES*

***State law reference**—Municipal finance and taxation, F.S. § 166.201 et seq.

### Sec. 91. Department of finance.

There shall be a department of finance headed by a director of finance to be appointed by the city manager with the approval of the city commission who shall administer the financial affairs of the city under the general direction of the city manager.

[Text deleted.]

~~The director of finance shall:~~

~~(a) Furnish financial information as required by the city manager and assist him in the preparation and execution of the city budget.~~

~~(b) Assess property for taxation at actual cash value and make all special assessments levied by the commission.~~

~~(c) Maintain a plan and complete accounting system for the city government and all of its departments, offices and agencies, which system shall show all financial transactions of the city in detail and disclose the true financial condition of the city at all times.~~

~~(d) Prescribe and enforce the procedure for handling financial transactions of every character.~~

~~(e) Exercise budgetary control over each department, office or agency, in order to prevent the overdrawing of any fund or the overexpenditure of any appropriation.~~

~~(f) Keep a separate account for each item of appropriation made by the commission showing the amount appropriated, and any allotments thereof, the amounts paid therefrom, the unpaid obligations against it, and the unencumbered balance.~~

~~(g) Require all city departments, offices and agencies to report and remit all receipts to him daily.~~

~~(h) Collect all taxes, special assessments and other revenues of the city and receive all money receivable by the city from any department, office or agency of the city or from any other government.~~

~~(i) Have custody of all public funds belonging to or under the control of the city or any of its departments, offices, or agencies, and deposit all funds coming into his hands in such depositories as may be designated by the commission, subject [to] the requirements of law or ordinances as to surety and the payment of interest which interest shall accrue to the city and be accounted for and credited to the proper fund and account.~~

~~(j) Have custody of all investments and invested funds of the city government, or in possession of such government in a fiduciary capacity, and have the safekeeping of all bonds and notes of the city and the receipt and delivery of city bonds and notes for transfer, registration, and exchange, provided that no one person shall have access to the city's safe deposit box except as provided in section 97 of this article.~~

~~(k) Supervise and be responsible for the disbursement of all moneys in the city treasury; and no money shall be paid out of the treasury unless he first (1) verifies the appropriation, allotment and availability of funds to cover the claim concerned and certifies thereto, except for purchases of less than five hundred dollars ($500.00), and (2) determines that such claim is regular in form, correctly computed, and constitutes a valid obligation.~~

~~(l) Examine all contracts, orders and other documents, except for purchases of less than five hundred dollars ($500.00), by which the city government incurs financial obligations to ascertain that moneys have been appropriated and allotted and will be available when the obligations shall become due and payable.~~

~~(m) Audit and approve before payment all bills, invoices, payrolls and other evidences of claims, demands or charges against the city government and determine the regularity, validity and correctness thereof.~~

~~(n) Inquire into and inform himself or the validity of all claims against the city, and for this purpose he shall have power to require evidence that the amount of any claim is justly due and in conformity with the law and the ordinances of the city.~~

PROOFS

~~(o) Each month submit to the commission through the city manager a statement of revenues and expenditures for each fund for the preceding month and the fiscal year to date. Each month submit a balance sheet for each fund showing the financial condition of the fund at the end of the preceding month.~~

~~(p) Submit to the commission through the city manager at the end of each fiscal year a report of the financial transactions of that year.~~

~~(q) Issue vouchers, directly or by designee approved by the city commission through resolution duly enacted, for the payment of moneys, which vouchers must be countersigned by the city manager or any designee of the city manager as may be approved by the city commission through resolution duly enacted.~~

~~(r) Establish general ledger accounting control over physical properties and stores. Establish systems of internal control over physical properties and stores.~~

(Laws of Fla., Ch. 65-1556, § 5; Laws of Fla., Ch. 65-1557, § 2; Laws of Fla., Ch. 67-1391, § 15; Ord. No. G-341, §§ 2, 4, 5-16-77)

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of the second sentence of section 91 were either repealed as a limitation on power or assumed ordinance status. Such provisions have been included in the Code. See the code comparative table for the 1957 Charter for their location in the Code.

### Secs. 92—96. [Repealed by Ord. No. 6-342, §§ 2, 4, 6, 8, 10, 5-16-77.]

**Editor's note**—The above sections, pertaining to the purchasing agent, competitive bidding, finances, accounting control and prohibited contracts and expenditures, were derived from Ch. 57-1331, §§ 92—96; Ch. 65-1556, § 6; Ch. 67-1391, §§ 16—18; and Ord. No. G-211, §§ 1—3, 5-5-75.

### Sec. 97. Access to safe-deposit box.

[Text deleted.]

~~No safe-deposit box for safekeeping of securities and other papers held by the city shall be entered except by two (2) of the following officials, in the presence of each other; (a) the finance director, (b) the city manager or (c) the independent auditor employed by the city commission.~~

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 97 were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been included in the Code and are, therefore, repealed by the adoption of the Code.

### Sec. 98. Fiscal year.

~~The fiscal year of the city shall begin on the first day of October and end on the thirtieth day of September of each year.~~

[Text deleted.]

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 98 were either repealed as a limitation on power or assumed ordinance status. Such provisions have been included in the Code. See the code comparative table for the 1957 Charter for their location in the Code.

### Sec. 99. Annual budget.

(1) The city manager shall prepare and submit to the city commission not later than August 15, a budget for the operation of the city government during the next fiscal year, including an estimate of the revenues and expenditures. This estimate shall be compiled from detailed data and information to be furnished by the director of finance, and any other officers or department heads of the city and in its arrangement the classification of expenditures shall be as nearly uniform as possible for the main functional divisions and departments of the city, and shall give in parallel columns the following information:

(a) Detailed estimate of the expense of conducting each department and division of the city government, including all public utilities and enterprises conducted by the city;

(b) Expenditures of corresponding items during the two (2) fiscal years last past;

(c) Amount of supplies and material on hand;

(d) Increase of demands compared with the corresponding appropriation for the last fiscal year;

PROOFS

(e) Such other information as is required by the city commission or as the city manager may deem advisable to submit. The estimates so given and constituting the recommendations of the city manager as to the amounts necessary to be appropriated for the ensuing fiscal year shall be supported with information, giving the reasons therefor in such detail as may be necessary to afford the city commission a comprehensive understanding of the needs and requirements of the various divisions of the city government for the ensuing period. Sufficient copies of the annual report and estimate of the city manager shall be prepared that there may be copies on file in the office of the city clerk or finance director for inspection by the public.

(2) (a) The city commission of the city is hereby authorized and empowered to prepare and adopt a budget for each fiscal year, making separate and several appropriations therein for the payment of its necessary operating expenses in the performance of the functions of municipal government, and with the power to separately classify and fix the priorities in the payment of said appropriations for expenses, and to set aside a specific income of the city whether for taxes or licenses to the payment of any specific expenses and for the payment of the interest and principal of any indebtedness of the city. Prior to the adoption of any budget aforesaid, the city commission shall cause to be published in a newspaper in the City of Fort Pierce a notice of a time and place, not less than seven (7) days after date of publication, at which the commission will hold a public hearing on said proposed budget. At the time and place so advertised or at any time and place to which the public hearing shall from time to time be adjourned, the commission shall give any and all interested persons an opportunity to be heard, for or against the items of said budget. Following said public hearing, the commission may adopt said budget or may insert new items or may increase or decrease or delete any of the items of the proposed budget, without further hearing.

(b) In the event the city commission of the city, instead of following the plan outlined in subsection (a) immediately preceding, shall in any year make separate levies and assessments of taxes upon real and personal property within the city for the payment of the necessary operating expenses of the city in the performance of the functions of municipal government, and for the payment of the interest and principal of the debts of the city, or shall in the levy of taxes fix separate rates of taxation for the said purposes; and said levies for necessary operating expenses and for the payment of debts, or the said separate rates of taxation for said purposes, shall be separate, distinct and independent levies, neither one depending upon the other, and shall when levied, constitute separate, distinct and independent liens. If in such event a taxpayer shall tender to the finance director sufficient money to pay either of said levies against his land or personal property, without tendering sufficient ~~moneys~~ to pay both levies, or shall tender sufficient money to pay the rate of taxation for one purpose included in said levy without tendering sufficient money to pay all purposes included in said levy, it shall be the duty of the finance director to accept such tender and issue to the taxpayer a receipt showing said payment and for which the levy or portion of said levy the said payment was made. Thereupon, the finance director shall pay into the city treasury the money so paid, which shall be placed to the credit of the fund provided in said tax levy for which said payment was made. Such payment shall discharge the lien of the levy for which said payment was made, or in the event of a levy including several purposes said payment shall discharge that portion of the levy for which such payment is made; but such tender or payment shall not discharge the lien of the said tax levy or portion of said tax levy for which payment has not been made.

(Laws of Fla., Ch. 67-1391, § 19)

**Sec. 100. Appropriation ordinance.**

The city commission shall carefully consider such estimates before introducing any appropriation ordinance for the ensuing year, and before passage the city commission shall cause same as introduced to be published one time in a local newspaper of general circulation in the city, and shall state in said publication the time and place same will be acted on finally and shall also state in such notice that the estimate of the city manager upon which same is based is on file for inspection of the public at the office of the city clerk, and such ordinance shall not be passed by said city commission until after five (5) days after such publication.

**Sec. 101. Revision of appropriations.**

If the appropriations for expenditures of the city government for the current fiscal year have been made, then

PROOFS

the city commission shall have power by ordinance to revise, to repeal or change said appropriation and make additional appropriations for that year.

**Sec. 102. Transfer of funds.**

Upon request of the city manager, the city commission may transfer any part of an unencumbered balance of an appropriation to a purpose or object for which the appropriation of the current year has proved insufficient, or may authorize a transfer to be made between items appropriated to the same office or department.

**Sec. 103. Limitation on appropriations.**

At the close of each fiscal year the unencumbered balance of each appropriation shall revert to the respective fund from which it was appropriated and shall be subject to future appropriation. Any accruing revenue of the city not appropriated as hereinafter provided, and any balance at any time remaining after the purpose of the appropriation shall have been satisfied or abandoned, may from time to time be appropriated by the city commission to such use as will not conflict with any uses for which specifically such revenues accrued. No money shall be drawn from the treasury of the city, nor shall any obligations for the expenditure of money be incurred, except pursuant to the appropriation made by the city commission.

### Secs. 106—138. [Repealed by Laws of Fla., Ch. 65-1556, § 9.]

### Sec. 139. Licenses.

~~The city commission is authorized to levy and impose license taxes, by ordinance, for the purpose of regulation and revenue, upon all occupations and upon all privileges, and to create and fix the amounts to be paid; to provide for the collection of the same, and to provide penalties for failure or refusal to pay such license taxes.~~

~~(a) All such license taxes, so imposed, shall constitute a legal indebtedness to the city which may be recovered in any court of competent jurisdiction, and no property of such debtor shall be exempt from forced sale, after due process of the law, for such indebtedness.~~

~~(b) The agent or agents of nonresident proprietors shall be severally responsible for carrying on business in like manner as if they were proprietors.~~

~~(c) The fact that any firm, person or corporation reports himself or itself as engaged in any business, calling, profession or occupation for the transaction of which a license is required or that said person exhibits a sign or advertisement indicating engagement in such business, calling, profession, or occupation, shall be conclusive evidence of the liability of such person, firm, or corporation to pay license.~~

~~(d) License shall be issued for the periods and be transferable as provided by ordinances.~~

~~(e) The amount of such license and the amount of such license taxes imposed as herein provided, shall not be dependent upon a general state law of the State of Florida relating to license taxes, nor shall the provisions of this section be repealed by implication or by any law of the State of Florida unless specifically referred to by chapter number.~~

**Editor's note--**Pursuant to F.S. § 166.021, the provisions of section 139 were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been included in the Code and are, therefore, repealed. Insofar as the section relates to license taxes, it is superseded by Fla. Const. Art. VII, § 9(a), which section provides that non-ad valorem taxes must be authorized by general law. Authority for business taxes in provided for in F.S. ch. 205.

### Sec. 139.1. Cancellation of certain county taxes.

~~(1) All taxes heretofore levied or assessed for county purposes against all lands situated within the boundaries of the City of Fort Pierce, Florida, and owned by the City of Fort Pierce on the date this act becomes effective, remaining unpaid, heretofore levied or assessed under and by virtue of the laws of Florida are hereby cancelled and declared null and void and of no force and effect.~~

~~(2) The clerk of the circuit court of Saint Lucie County, Florida, is hereby directed to make notation thereof, upon the tax certificates, if any there be and tax records, and to certify to the comptroller of the State of Florida his action, in so doing, for proper entry upon the records in the comptroller's office.~~

~~(3) In the event of a sale of any of said lands, title to which was acquired by the City of Fort Pierce through foreclosure of municipal taxes and/or special assessments, and upon which taxes are hereby cancelled, as herein provided, the officials of the City of Fort Pierce shall pay to the proper officials of Saint Lucie County, Florida, that pro rata share of the sale price which the unpaid county taxes, with penalties and interest, which are cancelled by this act, bears to the amount of such cancelled county taxes, with penalties and interest thereon, plus all unpaid municipal taxes which have been levied or would have been levied annually by the City of Fort Pierce, with penalties~~

### Sec. 140. [Repealed by Ord. No. J-117, § 5, 8-15-94, approved by referendum on 10-4-94.]

**Editor's note—**The above section, pertaining to disposition of net revenues of utilities, was derived from Laws of Fla., § 1 of Ch. 59-1290; § 2 of Ch. 65-1557; and § 20 of Ch. 67-1391.

### Sec. 141. Light, heat and power.

The city commission shall have power to provide for lighting the streets, parks and public buildings of the city; and to establish, maintain and operate plants either within or without the corporate limits of the city for lighting and heating by electricity, gas, or any other method; and to supply the inhabitants of said city with artificial light, heat and power for domestic, business and other purposes, and to charge and collect reasonable rates, prices and compensation for furnishing and supplying the same.

### Sec. 142. Waterworks.

The city commission shall have power to construct, establish and maintain waterworks and to bore and dig wells, construct reservoirs, lay pipes and do such other things as may be necessary, essential, or convenient, either within or without the corporate limits of said city, for procuring and distributing an abundant supply of good wholesome water to the inhabitants of said city for domestic, commercial, industrial, and fire protective purposes; and to make reasonable rates, prices and compensations for furnishing and supplying the same, including charges for private fire hydrants, standpipes and sprinkler systems rentals, and charges against the operation of the city for public fire hydrant rental and service, payment for which shall be provided in the annual budget.

### Sec. 143. Service of utilities to consumers outside of city.

The city commission shall have power to supply water, electricity, gas and sewer service for domestic and other purposes to individuals or corporations outside of the city and to charge and collect reasonable rates, prices and compensation therefor, including the costs or any part thereof for extension of said services, as determined by the city and upon such terms as may be imposed by the city, and the city commission may charge a different rate but not a lesser rate for such consumers than is charged for a like class of customers within the corporate limits of the city.

**State law reference—**Rates charged consumers outside city limits, F.S. § 180.191.

### Sec. 144. Other utilities.

The city commission shall have the power to provide for such other public utilities as they may see fit including municipal ice plant, gas plant, slaughterhouses, cold storage plants, public markets, telephone and transportation systems, sewage collection systems and sewage disposal plants. They may construct, maintain, and operate any of such public utilities, provided, however, that in the event that there is at the time of the establishment such a utility in private hands operating in the city which would be in competition thereof, the city commission before establishing such a public utility shall submit the question of such establishment by the city to the qualified electors of the city at a general election of the city or special election called by the said city commission.

**State law reference—**Construction or extension of utility, F.S. § 180.04; activities authorized under public works law, F.S. § 180.06.

### Sec. 145. Power to sell public utility plants.

The city commission may sell any public utility plant owned by the city and enter into contracts with the purchasers or owners of such plants for continued service to the city and its inhabitants, after the city commission has passed an ordinance in which is stated the terms of sale and purchase and the proposed contract for service, and

PROOFS

after such ordinance has been submitted to the voters of the city and said ordinance has been ratified and approved by sixty (60) percent of the votes cast in such election.

The city commission shall guarantee any obligation secured by the revenues collected from the utility which is sold, and shall make any necessary arrangements for the payment and redemption of said obligation.

Any proceeds remaining after said obligations are met shall be deposited in an irrevocable trust account under the control of the city commission of the City of Fort Pierce. Said funds shall be invested at the highest rate of interest available in investments not prohibited by the Florida constitution or the laws of the State of Florida, and in accordance with the guidelines for fiduciary investments as set out in Chapter 518, Florida Statutes, 1975, entitled "Investment of Fiduciary Funds," and the income from said investments shall be distributed as follows: On an annual basis, eighty-five (85) percent of the income shall be distributed to the general government. Also on an annual basis, fifteen (15) percent shall be reinvested with the principal sum. Said principal sum cannot be spent or pledged or in any way diminished unless any proposed expenditure is submitted to a vote of the qualified voters of the City of Fort Pierce and approval of sixty (60) percent of the votes cast in such election is secured.

(Laws of Fla., Ch. 59-1290, § 1; Ord. No. G-295, § 2, 9-20-76)

**Sec. 146. [Repealed by Ord. No. G-296, § 2, 9-20-76, approved by referendum on 11-2-76.]**

**Sec. 147. Public franchises.**

The city commission shall have power to grant to persons or corporations the franchise for construction and operating any and all public utilities provided for by this charter or by the general laws of the State of Florida, but no franchise shall be granted for a longer period than thirty (30) years, and in granting such franchise the city commission shall reserve the right to prescribe reasonable charges for such service and to make reasonable regulations for the control and management of such utilities. Provided, however, that nothing in this section contained, with reference to the regulation or [of] rates or service, shall apply to any public utility, the rates or services of which are by law placed under the jurisdiction of the Florida Public Service Commission.

**State law reference—**Franchises, F.S. § 180.14.

**Sec. 148. Forfeitures.**

If any action shall be instituted or prosecuted directly or indirectly by the grantee of any such grant, or by its stockholders or creditors, to set aside or have declared void any of the terms of any such grant, the whole of such grant may thereupon be forfeited and annulled at the option of the city commission, to be expressed by resolution. All such grants shall make provision for the declaration of a forfeiture by the city commission for the violation by the grantee of any of the terms thereof.

**Sec. 149. General provisions.**

Nothing in this charter contained shall operate in any way, except as herein specifically stated[,] to limit the city commission in the exercise of any of its lawful powers, respecting public utilities, or to prohibit the city commission from imposing in any such grant such further restrictions and provisions as it may deem to be in the public interest, provided only that the same are not inconsistent with the provisions of this charter or the constitution of the state.

## ARTICLE XI. IMPROVEMENTS*

***Editor's note--**The provisions of article XI, as amended by Laws of Fla. ch. 67-1390) and consisting of §§ 150--168 have been deleted. (Section 162 was been amended by Ord. No. I-445, § 2, adopted December 17, 1990.) Pursuant to F.S. § 166.021, the provisions of article XI were either repealed as a limitation on power or assumed ordinance status. Such provisions have not been placed in the Code and are, therefore, repealed by the adoption of the Code. The city would make local improvements pursuant to F.S. ch. 170.

**State Law reference**—Alternative method of making local improvements, F.S. § 170.01 et seq.; municipal borrowing, F.S. § 166.101 et seq.

### Sec. 150. Authority of city; issuance of bonds; limitation on amount or aggregate issues.

The city commission shall have power to cause the local improvements hereinafter designated to be made wholly or in part at the cost of the property owners benefited thereby, levying and collecting special assessments hereunder, and may finance such local improvements, in the manner herein provided. Provided, however, that local improvement bonds shall not be issued in any case where the aggregate amount to be assessed shall exceed sixty (60) percent of the total assessed value of all properties benefited on the current tax roll of the city. Nothing herein contained, as to limitations shall in any wise affect, alter or impair, the authority of the city commission to issue local improvement bonds for the completion of those certain local improvement projects under actual construction prior to this act becoming a law.

(Laws of Fla., Ch. 67-1390, § 1)

### Sec. 151. List of improvements allowed.

(a) Streets, highways, boulevards, avenues, squares, lanes, alleys and parks, or any part thereof, may be opened, reopened, widened, graded, regarded, paved, repaved, surfaced, or resurfaced, and curbs and gutters may be constructed or reconstructed therein.

(b) Sidewalks may be graded, regraded, and leveled, laid, relaid, paved, repaved, surfaced or resurfaced.

(c) Sewage disposal plants, sanitary sewers, storm sewers, and other drains or sewers may be laid or relaid, and constructed or reconstructed in any street, highway, boulevard, avenue, square, lane, alley or park.

(d) Indian River fill. When the owners of eighty (80) percent of the front footage of any city block bounded by the Indian River shall petition the city commission, the city commission may fill in the river frontage, erect bulkheads, promenades, and boulevards thereupon and assess the whole or any part of the cost thereof against the property benefited thereby.

(e) The city may provide for the payment of all or any part of the costs of any such improvements by levying and collecting special assessments on the abutting, adjoining, contiguous or other specially benefited property.

(f) The city commission shall have power to pay out of its general fund or out of any special fund that may be provided for that purpose, such portion of the cost of the proposed improvement as it may deem proper. Interest accrued while an improvement is under construction and for six (6) months thereafter shall be deemed part of the cost of the improvement. All engineering and inspection costs, all overhead costs including a proper proportion of the compensation, salaries and expenses of the engineering staff of the city properly chargeable to any improvement, shall be deemed a part of the cost of the improvement. All costs and estimated costs of the issuance of the bonds hereafter provided for shall be deemed part of the cost of the improvement. When the improvement has been completed the city commission shall ascertain and determine the cost of the improvement and shall declare the same by resolution.

(g) Method of prorating special assessments. Special assessments against property deemed to be benefited by local improvements, as provided for herein, shall be assessed upon the property specially benefited by the improvement in proportion to the benefits to be derived therefrom, said special benefits to be determined and prorated according to the foot frontage of the respective properties specially benefited by said improvements, or by such other method as the governing body of the municipality may prescribe.

(h) The city commission in investigating whether to make such local improvement hereunder, the costs of which or any part thereof is to be assessed against property benefited, may adopt an initiating resolution directing the city engineer to proceed with tentative plans, specifications and cost estimates, assessment plat, tentative

PROOFS

apportionment of estimated costs, with a short and convenient designation of the proposed improvement district by number. The foregoing shall be filled [filed] with the city clerk when complete, whereupon the city commission may proceed to consider it and either reject it entirely or add to or otherwise alter it, and then if acceptable, the city may proceed with said improvements as hereinafter set forth.

**Sec. 152. Resolution; notice; hearing.**

Whenever the city commission shall determine to make any local improvement hereunder, the cost of which or any part thereof, is to be assessed against property benefited, it shall adopt a resolution declaring the necessity and determination to install the proposed improvement, describing the nature and extent of the work, the general charter of the materials to be used and the location and terminal points of the streets, highways, boulevards, avenues, squares, alleys or parks or parts thereof in which said improvements are to be made, and the part or portion of the expense thereof to be paid by special assessments, the manner in which said assessments shall be made[,] when said assessments are to be paid, [and] what part, if any, shall be apportioned to be paid from the general improvement fund of the municipality, and said resolution shall also designate the lands upon which the special assessments shall be levied, and in describing said lands it shall be sufficient to describe them as "all lots and lands adjoining and contiguous or bounding and abutting upon such improvements or specially benefited thereby and further designated by the assessment plat hereinafter provided for." Such resolution shall also state the total estimated cost of the improvement. At the time of the adoption of the resolution provided for herein, there shall be on file with the town or city clerk, or like officer, of the municipality adopting said resolution, an assessment plat showing the area to be assessed, with plans and specifications, and an estimate of the cost of the proposed improvement, which assessment plat, plans and specifications and estimate shall be open to the inspection of the public. Said resolution shall fix a time and place at which the owners of the property to be assessed, or any other persons interested therein may appear before said governing authority and be heard as to the propriety and advisability of making such improvements, as to the cost thereof, as to the manner of payment therefor and as to the amount thereof to be assessed against each property so improved. Ten (10) days notice in writing of such time and place shall be given to such property owners which shall be served by mailing a copy of such notice to each of such property owners at his last known address, the names and addresses of such property owners to be obtained from the records of the tax assessor or from such other sources as the city or town clerk or engineer deems reliable, proof of such mailing to be made by the affidavit of the clerk or deputy clerk of said municipality, or by the engineer, said proof to be filed with the clerk, provided, that failure to mail said notice or notices shall not invalidate any of the proceedings hereunder. Notice of the time and place of such hearing by the city clerk shall also be given by two (2) publications a week apart in a newspaper of general circulation in said municipality, and if there be no newspaper published in said municipality the governing authority of said municipality shall cause said notice to be published in like manner in a newspaper of general circulation published in the county in which said municipality is located; provided that the last publication shall be at least one (1) week prior to the date of the hearing. Said notice shall describe the streets or other areas to be improved and advise all persons that the description of and the amount to be assessed to each piece or parcel of property may be ascertained at the office of the clerk of the municipality. Such service by publication shall be verified by the affidavit of the publisher and filed with the clerk of said municipality.

**State Law reference** — Resolution required, F.S. § 170.03; plans and specifications with estimated cost, F.S. § 170.04.

**Sec. 153. Hearing objections.**

(1) At the time named in such notice, or to which an adjournment may be taken by the council, the commission shall receive any objections of interested persons and may then or thereafter repeal or confirm such resolution with such amendments, if any, as may be desired by the commission.

(2) All objections to any such resolution on the ground that it contains items which cannot be properly assessed against property, or that it is, for any default or detect [defect] in the passage or character of the resolution or the plans or specifications or estimate, void or voidable in whole or in part, or that it exceeds the power of the

PROOFS

commission, shall be made in writing, in person or by attorney, and filed with the clerk at or before the time or adjourned time of such hearing. Any objections against the making of the improvement not so made shall be considered as waived, and if any objection shall be made and overruled or shall not be sustained, the conformation of the resolution shall be the final adjudication of the issues presented unless proper steps shall be taken in a court of competent jurisdiction to secure relief within ten (10) days.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 154. Call for bids for construction.**

As soon as practicable after the authorization of bonds under the provisions of this chapter [article] or the appropriation of moneys for such purposes, the clerk shall publish once, in a newspaper published in the municipality, a notice calling for sealed bids to be received by the commission on a date not earlier than fifteen (15) days from the first publication for the construction of the work, unless in the resolution the council shall have declared its intention to have the work done by municipal forces without contract. The notice shall refer in general terms to the extent and nature of the improvement or improvements and may identify the same by the short designation indicated in the resolution and by reference to the plans and specifications on file. If the resolution shall have given two (2) or more alternative descriptions of the improvement as to its material, nature, character and size, and if the commission shall not have theretofore determined upon a definite description, the notice shall call for bids upon each of such descriptions. Bids may be requested for the work as a whole or for any part thereof separately and bids may be asked for any one (1) or more improvements authorized by the same or different resolutions, but any bid covering work upon more than one (1) improvement shall be in such form as to permit a separation of cost as to each improvement. The notice shall require bidders to file with their bids either a certified check upon an incorporated bank or trust company for two and one-half (2½) percent of the amount of their respective bids or a bid bond in like amount with corporate surety satisfactory to the attorney for the municipality to insure the execution of a contract to carry out the work in accordance with such plans and specifications and to insure the filing, at the making of such contract, of a bond in the amount of the contract price with corporate sureties satisfactory to such attorney conditioned for the performance of the work in accordance with such contract. The commission shall have the right to reject any or all bids, and if all bids are rejected the council may readvertise or may determine to do the work by municipal forces without contract.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 155. Preparation and notice of assessment list.**

Upon the completion of any improvement hereunder, the city commission shall cause to be prepared a roll or list, to be called the preliminary assessment roll, showing the names of the property owners, and opposite each name a description of each lot or parcel of land proposed to be assessed for such improvement, and the amount proposed to be assessed against each lot or parcel of land. It shall be a public record, and the entry therein of any assessment shall be and constitute notice to the public of the lien against the land so assessed, and no other record or notice thereof shall be necessary to any person or corporation for that purpose. No error, omission or mistake in regard to the name of the owner shall be held to invalidate any assessment. After the completion of the said preliminary assessment roll said roll shall be delivered to the finance director of the city, who shall thereupon give notice by publication once a week for two (2) weeks in some newspaper published in said municipality that the preliminary assessment roll (describing the same), has been delivered to him, and is open for inspection at his office, and that at a time and place therein mentioned, not less than fifteen (15) days from the date of the first publication, the governing authority of said municipality will meet to hear and determine any objections or defenses, that may be filed to such assessments, or the amounts thereof. Said notice shall also state the general character of the improvements, the terminal points thereof, the streets, highways, boulevards, avenues, squares, lanes, alleys, and parks or portions thereof, on which the improvement has been constructed.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 156. Determining assessment; railroads' responsibility on street pavings, or sewer installations.**

Such assessment shall be made and apportioned in the manner fixed by the resolution of the city commission determining to proceed with the improvement. No assessment shall exceed the special benefits derived from the improvement. If there be a steam, electric or other railroad track or tracks on any street, highway, or other

PROOFS

thoroughfare, improved, paved, or repaved, under the provisions of this act, the cost of such improvement between the tracks and the rails of the tracks and in case there be two (2) or more tracks, the space between such tracks and eighteen (18) inches on each side thereof, including switches, and turnouts, shall be paid by the owner of the railroad and shall be assessed to and become a lien on said railroad and the property connected therewith. In the event storm or other sewers are constructed under the provisions of this act, which drain the streets or other public thoroughfares and rights-of-way in which a steam, electric or other railroad has been constructed there shall be assessed against such railroad, a fair and just proportion of the cost of construction of such sewer to be determined by the city commission and such assessment shall be a lien upon the said railroad like other improvements under this act; provided, however, that nothing herein contained shall affect the right or power of the city commission to require the owner of such railroad to repave or reconstruct its tracks or the pavement between the same and on either side thereof under any franchise granted to such owner or its predecessors in title or under any contract made with such owner or its predecessors in title.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 157. Payment of assessments.**

All liens for special assessments due to the city shall be payable in cash; except as hereinbefore provided the city commission shall have the power, in its discretion, but shall not be compelled to authorize the payment of any special assessments, or any part of the same, or any interest due thereon, with bonds, interest coupons or other valid written evidences of debt of the city. All payments of special assessments or interest thereon heretofore made and accepted by the city with bonds, interest coupons, or other evidences of indebtedness of the City of Fort Pierce, are hereby validated and confirmed, and declared to be legal payments of the same.

City of Miami* 6 Fed. Supp. 305(1932).

**Sec. 158. Division of assessments between separate tracts of land.**

Where the city has heretofore or shall hereafter make assessments for public improvements against a tract or parcel of land and thereafter the owner of such tract or parcel of land shall desire the said special assessments divided and apportioned as between two (2) separate parts of such tract of land, the city commission shall be, and is hereby empowered to make a division of the said special assessments and to apportion the same to the portions of said tract into which the same shall be divided, upon the same basis as that on which the original assessment was made; and upon such division the said parcels into which the same shall be divided, with the assessment against each parcel, shall be entered on the assessment roll in lieu of the original assessment, and such divided assessments shall be valid and binding liens on the separate parcels so assessed to the same extent as if the same were originally assessed on said assessment roll against such divided parcels. All divisions of the assessments heretofore made by the city commission are hereby validated and confirmed and declared to be legal divisions of such assessments.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 159. Objections to assessments.**

At the time and place stated in such notice the commission shall meet and receive the objections in writing of all interested persons as stated in such notice. The commission may adjourn the hearing from time to time. The commission shall either annul or sustain or modify in whole or in part the prima facie assessment as indicated on such roll, either by confirming the prima facie assessment against any or all lots or parcels describing therein, or by cancelling, increasing or reducing the same, according to the special benefits which the commission decides each such lot or parcel has received or will receive on account of such improvement. If any property which may be chargeable under this section shall have been omitted from the preliminary roll or if the prima facie assessment shall not have been made against it, the commission may place on such roll an apportionment to such property. The commission shall not confirm any assessment in excess of the special benefits to the property assessed, and the assessments so confirmed shall be in proportion to the special benefits. Forthwith after such confirmation such assessment roll shall be delivered to the director of finance of the municipality. The assessments so made shall be final and conclusive as to each lot or parcel assessed unless proper steps be taken within ten (10) days in a court of

PROOFS

competent jurisdiction to secure relief. If the assessment against any property shall be sustained or reduced or abated by the court, the director of finance of the municipality shall note that fact on the assessment roll opposite the description of the property affected thereby. The amount of the special assessment against any lot or parcel which may be abated by the court, unless the assessment upon the entire district is abated, or the amount by which such assessment is so reduced, may by resolution of the commission be made chargeable against the municipality at large; or, in the discretion of the council, a new assessment roll may be prepared and confirmed in the manner hereinabove provided for the preparation and conformation of the original assessment roll.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 160. Recording assessment roll.**

A certified copy of the assessment roll finally as confirmed shall be recorded in the office of the clerk of the circuit court for St. Lucie County, Florida, and the liens evidenced thereby shall be indexed by the said clerk in the same manner as other liens are indexed by him.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 161. Installment payment of assessments.**

Any assessment may be paid at the office of the director of finance of the municipality within thirty (30) days after the confirmation thereof, without interest. Thereafter all assessments shall be payable in equal annual installments, with interest at not to exceed eight (8) percent per annum from the expiration of said thirty (30) days in each of the succeeding twenty (20) calendar years or over the years estimated to be the life of the project and at the time or times in each year at which general municipal taxes are payable; provided, however, that the council may by resolution fix a shorter period of payment for any assessment; and provided further, that any assessment may be paid at any time before due, together with interest accrued thereon to the date of payment.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 162. Keeping assessment book; information in; priority of liens.**

The finance director shall enter in the "assessment book for local improvement" under separate heads, the dates of filing of each lien, the name of the person being assessed, the amount of the assessment, and the number of installments in which the same shall be payable. Such "assessment book for local improvement" shall constitute a docket and shall stand as lien docket for the assessments in favor of the city against such lot or parcel of land or other property until such assessments and interest and penalties are paid in the manner hereinafter provided. All unpaid assessments, unpaid penalties and unpaid interest shall be and remain a lien on each lot or parcel of land or other property respectively in favor of the city, superior in rank and dignity and shall take priority over all other liens, encumbrances, titles and claims in, to or against the real property involved, whether recorded prior to the lien, penalty or assessment, except the liens for state and county taxes.

**Sec. 164. Enforcement of delinquent assessments.**

All assessments shall constitute a lien upon the property so assessed from the date of confirmation of the

PROOF

resolution ordering the improvement, of the same nature and to the same extent as the lien for general municipal taxes falling due in the same year or years in which assessment or installments thereof fall due, and any assessment or installment not paid when due shall be collectible in the same manner and at the same time as such general taxes are or may be collectible, with the same attorney's fee, interest and penalties and under the same provisions as to forfeiture and the right of the municipality to purchase the property assessed as are or may be provided by law in the case of municipal taxes; provided, however, that no such sale of any property for general municipal taxes or for an installment or installments of any such assessment and no perfecting of title under any such sale shall divest the lien of any installment of such assessment not due at the time of the sale. Collection of such assessments, with such interest and with a reasonable attorney's fee and costs, but without penalties, may also be made by the municipality by proceedings in a court of equity to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the state; or by an action in rem in the manner provided by law for the foreclosure and collection of ad valorem taxes; provided that any such proceedings to foreclose shall embrace all installments of principal remaining unpaid with accrued interest thereon, which installments shall by virtue of the institution of such proceedings, immediately become and be due and payable. Nevertheless, if, prior to any sale of the property under decree of foreclosure in such proceedings, payments be made of the installment or installments which are shown to be due with interest as required and all costs including attorney's fee, such payment shall have the effect of restoring the remaining installments to their original maturities, and the proceedings shall be dismissed. It shall be the duty of the municipality to enforce the prompt collection of assessment by one (1) or the other of the means herein provided, and such duty may be enforced at the suit of any holder of bonds issued under this chapter in a court of competent jurisdiction by mandamus or other appropriate proceedings or action. Not later than thirty (30) days after the annual sale of property for delinquent taxes of the municipality, or if such property or taxes are not sold by the municipality, then within sixty (60) days after such taxes become delinquent, it shall be the duty of the council to direct the attorney or attorneys whom the council shall then designate, to institute actions within three (3) months after such direction to enforce the collection of all special assessments for local improvements made under this section and remaining due and unpaid at the time of such direction (unless theretofore sold at tax sale). Such action shall be prosecuted in the manner and under the conditions in and under which mortgages are foreclosed under the laws of the state. It shall be lawful to join in one (1) action the collection of assessments against any or all property assessed by virtue of the same assessment roll unless the court shall deem such joinder prejudicial to the interests of any defendant. The court shall allow a reasonable attorney's fee for the attorney or attorneys of the municipality, and the same shall be collectible as a part of or in addition to the costs of the action. At any sale pursuant to decree in any such action, the municipality may be a purchaser to the same extent as an individual person or corporation, except that the part of the purchase price represented by the assessments sued upon and the interest thereon need not be paid in cash. Property so acquired by a municipality, including the certificate of sale thereof, may be sold or otherwise disposed of, for cash or upon terms, the proceeds of such disposition to be placed in a fund to be applied on principal and interest on bonds; provided, however, that no sale or other disposition thereof shall be made unless notice calling for bids therefor to be received at a stated time and place shall have been published in a newspaper published in the municipality one (1) time at least one (1) week prior to such disposition.

No special assessments, shall be made under this act against the property of the United States, nor against the State of Florida, in respect of any lands or real property held by it for public purposes.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 166. Assessing political subdivisions in city.**

The county in which the municipality is located and each school district and other political subdivision wholly or partly within the municipality and each public agency or instrumentality owning property within the municipality shall possess the same power and be subject to the same duties and liabilities in respect of assessment under this section affecting the real estate of such county, district, political subdivision, or public agency or instrumentality which private owners of real estate possess or are subject to hereunder, and such real estate shall be subject to liens for said assessments in all cases where the same property would be subject had it at the time the lien attached been

**~~Sec. 167. Issuance of bonds.~~**

~~(1) The commission is hereby authorized to provide by ordinance or resolution, at one (1) time or from time to time, for the issuance of revenue bonds of the municipality for the purpose of paying all or a part of the cost of the improvements made hereunder. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding eight (8) percent per annum, shall mature at such time or times, not exceeding forty (40) years from their date or dates, as may be determined by the commission and may be made redeemable before maturity, at the option of the municipality, at such price or prices and under such terms, and conditions as may be fixed by the commission prior to the issuance of the bonds. The commission shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds and coupons and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this charter shall have and are hereby declared to have all qualities and incidents of negotiable instruments under the negotiable instruments laws of the state. The bonds may be issued in coupon, or in registered form, or both, as the commission may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of and [any] bonds registered as to both principal and interest. The issuance of such bonds shall not be subject to any limitations or conditions contained in any other law, and the commission may sell such bonds in such manner and for such price, as it may determine to be for the best interest of the municipality, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than eight (8) percent per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computations, the amount of any premium to be paid on redemption of any bonds prior to maturity. Prior to the preparation of definitive bonds, the municipality may, under like restrictions, issue interim receipts or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The commission may also provide for the replacement of any bonds which shall be mutilated or be destroyed or lost.~~

~~(2) Bonds may be issued under the provisions of this chapter [article], either funding or refunding bonds, without obtaining the consent of any commission, board, bureau or agency of the state, and without any other proceeding or the happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this chapter [article]. Bonds may be issued under the provisions of this chapter [article] beyond the general limits of indebtedness prescribed by law and shall not be included in the amount of bonds which the municipality may be authorized to issue under any other law.~~

~~(3) The proceeds of such bonds shall be used solely for the payment of the cost of the improvements for the construction or reconstruction of which such bonds shall have been authorized, and shall be disbursed in such manner and under such restrictions, if any, as the commission may provide in the authorizing ordinance or resolution. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the authorizing ordinance or resolution, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose. If the proceeds of the bonds of any issue shall exceed the amount required for the purpose for which such bonds shall have been issued, the surplus shall be paid into the fund provided under the provisions of this chapter [article] for the payment of the principal of and the interest on such bonds.~~

~~(4) The city is authorized to issue bond anticipation notes[,] the proceeds of which shall be used as interim financing for the payment of all or part of the costs of said improvements, until such time as the aforesaid bonds are sold and delivered. Said notes shall be singular or multiple and in such amounts and denominations as the city deems appropriate. They may be authorized by resolution or ordinance, which shall set and establish the interest rate, denomination and maturity date, and they may be issued and sold at public or private sale, at the option of the~~

city, and under such further and other terms and conditions as may be fixed by the city.

(5) Revenue bonds issued under the provisions of this chapter [article] shall not be deemed to constitute a pledge of the faith and credit of the municipality, but such bonds shall be payable solely from the funds provided therefor under the provisions of this chapter [article]. All such bonds shall contain a statement on their face substantially to the effect that the municipality is not obligated to pay such bonds or the interest thereon except from such funds and that the faith and credit of the municipality are not pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this chapter [article] shall not directly or indirectly or contingently obligate the municipality to levy any ad valorem taxes whatever therefor or to make any appropriations for their payment except from the funds pledged under the provisions of this chapter [article].

(6) The ordinance or resolution authorizing the issuance of revenue bonds under the provisions of this chapter [article] shall pledge the revenues to be received, which includes the special assessments levied hereunder, but shall not convey or mortgage any improvements or any part thereof, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the municipality in relation to the construction, reconstruction, improvement, maintenance, operation, repair and insurance of the improvements, if any, and provisions for the custody, safeguarding and application of all moneys, and for the employment of consulting engineers in connection with such construction, reconstruction or operation. Such ordinance or resolution may set forth the rights and remedies of the bondholders, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds or debentures of corporations. In addition to the foregoing, such ordinance or resolution may contain such other provisions as the council may deem reasonable and proper for the security of bondholders. Except as in this chapter [article] otherwise provided, the commission may provide for the payment of the proceeds of the sale of the bonds and the revenues of the improvements to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such ordinance or resolution may be treated as a part of the cost of operation.

(7) The ordinance or resolution providing for the issuance of revenue bonds may also contain such limitations upon the issuance of additional revenue bonds as the commission may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such ordinance or resolution.

(8) In lieu [of] or in addition to levying special assessments upon benefited property on account of the construction or reconstruction of improvements, the municipality may charge and collect such rates, fees and charges for the services and facilities furnished or to be furnished by such improvements to premises connected therewith as may be just and equitable, taking into account the total amount of bonds authorized for such improvements and the amount of such special assessments, if any. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times, (a) to pay the cost of maintaining, repairing and operating the improvements, including reserves for such purpose and for replacements and depreciation and necessary extensions, (b) to pay the principal of and the interest on the revenue bonds as the same shall become due and reserves therefor, and [(c) to] provide a margin of safety for making such payments. The municipality shall charge and collect the rates, fees, and charges which shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the municipality or of the state or of any sanitary district or other political subdivision of the state.

(9) All revenue bonds heretofore issued and sold by the city and all special assessments heretofore made, imposed and levied, which are pledged to secure the payment of said bonds, for improvements of the same type as herein defined, be and the same are hereby validated, ratified and confirmed.

(Laws of Fla., Ch. 67-1390, § 1)

**Sec. 168. Additional pledge of excise taxes.**

The municipality may pledge the proceeds of utilities services taxes, cigarette taxes, or franchise taxes, as defined, herein, or any other excise taxes or other funds which such municipality is authorized to levy and collect or will have available, as additional security for the payment of the principal of and interest on any revenue bonds issued hereunder, or for reserves for such debt service. In the event of the pledge of such utilities services taxes, cigarette taxes, franchise taxes, or other excise taxes as provided herein, such pledge shall be and constitute a valid

~~and legally binding contract between the municipality and the holders of such revenue bonds, as the case may be, and the municipality shall be obligated to continue the levy and collection of such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes in accordance with the proceedings which authorize the issuance of the revenue bonds for which such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes are so pledged as additional security as long as any of said revenue bonds or general obligation bonds are outstanding and unpaid. It shall be the mandatory duty of the municipality, when it has so pledged any utilities services taxes, cigarette taxes, franchise taxes or other excise taxes as additional security for such revenue bonds to continue the levy and collection of such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes in the manner provided in the proceedings authorizing the issuance of the bonds for which the same are pledged, and to raise the rates of such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes to the maximum rates permitted by the statutes or franchises in effect at the time of the authorization of such bonds to the full extent necessary to comply with such proceedings authorizing the issuance of such bonds. The state does hereby covenant with the holders of such bonds that it will not repeal or impair, or amend in any manner which will materially and adversely affect the rights of such holders, the duty and obligation and power of the municipality to levy and collect such utilities services taxes, cigarette taxes, franchise taxes or other excise taxes in accordance with the proceedings authorizing the issuance of such bonds.~~

## ARTICLE XII. FORT PIERCE UTILITIES AUTHORITY*

***Editor's note**—Ord. No. F-399, §§ 1—14, passed April 24, 1972, has been included herein as enacted. The editors deleted §§ 15, 16, severability and repealer provisions, § 18, calling for a referendum election, and § 19, effective date provisions, added catchlines in order to facilitate indexing, reference and use, and changed the words "act", "ordinance" and "chapter" to "article" where appropriate.

### Sec. 169. Created; powers, duties, responsibilities generally; definitions.

(a) There is hereby created and made a part of the government of the City of Fort Pierce a utilities authority to be known and designated as Fort Pierce Utilities Authority, City of Fort Pierce, Florida, which shall be responsible for the development, production, purchase and distribution of all electricity, gas, water, sanitary sewer collection and disposal, and such other utility services as may be designated by resolution by the city commission. The authority shall have exclusive jurisdiction, control and management of the utilities of the city and all of its operations and facilities. The authority shall have all the powers and duties possessed by the city to construct, acquire, expand and operate utility systems, and to do any and all acts or things that are necessary, convenient or desirable in order to operate, maintain, enlarge, extend, preserve and promote an orderly, economic and businesslike administration of the utility systems. The authority shall operate as a separate unit of the city government; and except as otherwise provided in this article, the authority shall be free from the jurisdiction, direction, and control of other city officers and of the city commission. The authority may sue or be sued in its own name. All damage claims arising from the operations of the authority and the utilities shall be the responsibility of and be liquidated by the authority from the appropriate funds of the utility systems.

(b) For the purposes of this article, unless otherwise designated or the context requires, the word "authority" shall mean the Fort Pierce Utilities Authority, the word "member" shall mean a member of the Fort Pierce Utilities Authority, and the word "city" shall mean the City of Fort Pierce.

(Ord. No. F-399, § 1, 4-24-72)

### Sec. 170. Composition; qualifications, selection, terms of office, removal and compensation of members; vacancies; election and duties of officers; authority to adopt rules; required vote to act; quorum; meetings; execution of contracts, written instruments.

(a) The authority shall consist of five (5) members, one (1) of whom shall be the mayor. In the discretion of the city commission, the city manager may serve as an ex officio member without vote, and whose term shall be set by the city commission.

(b) The city commission shall, within fifteen (15) days upon this article becoming law, elect by a majority vote, four (4) citizens with such qualifications as are provided for herein, one of whom shall serve for one year, one

PROOFS

of whom shall serve for two (2) years, one of whom shall serve for three (3) years, and one of whom shall serve for four (4) years, each of such terms to commence the first day of each new fiscal year. Thereafter, the term of office of each member shall be for four (4) years, but each elected member shall hold such office until his successor has qualified and been elected and furthermore, the city commission shall by a majority vote nominate and elect any successor to the present membership of the utilities authority and shall by a majority vote elect all new members of the authority. No member of the utilities authority shall serve more than two (2) consecutive terms.

(c) Any vacancy in the authority shall be filled for the unexpired term in the same manner as provided for appointment after the initial appointments. No vacancy in the authority shall impair the right of the remaining members to exercise all the powers of the authority.

(d) Any member may be removed from office by the city commission for malfeasance, misfeasance or nonfeasance in office, or upon conviction of a felony.

(e) No person shall be a member unless he shall be a qualified elector of the city. No person who holds any other public office or who is an employee of the city government or who has any business relationship with the authority other than as a consumer shall be a member, except the mayor and the ex officio member. A member ceasing to possess any of these qualifications shall be removed from his office forthwith by the city commission.

**State law reference—**Code of ethics for public officers and employees, F.S. § 112.311 et seq.

(f) Each member shall be paid as set out in the budget and approved by the city commission in accordance with section 176, subsection (12).

(g) The authority by majority vote shall elect from among its members a chairman, who shall preside over the meetings of the authority, a vice-chairman who shall act for the chairman during his absence, and a secretary. An election of officers of the authority shall be held at the first regular meeting at which all members are present following the appointment of a new member for a full term, but not later than the fourth meeting following the appointment.

(h) The authority shall adopt rules for the conduct of its meetings.

(i) No action shall be taken by the authority except by the affirmative vote of at least three (3) members.

(j) Three (3) members shall constitute a quorum.

(k) The authority shall meet at least once each month. All meetings shall be open to the public and minutes shall be kept of all meetings; copies of such minutes shall be furnished members of the city commission within seven (7) days of such meeting. Special meetings may be called upon six (6) hours['] written notice thereof by the chairman or any three (3) members.

(l) All contracts shall be executed by the chairman or vice-chairman and secretary. All other instruments in writing necessary to be signed by the authority shall be executed by the chairman or vice-chairman and secretary, or by such officer, agent or employee of the authority as it may designate.

(Ord. No. F-399, § 2, 4-24-72; Ord. No. G-297, §§ 2, 4, 9-20-76)

**Sec. 171. Separate divisions for electric, water and other utility operations.**

(a) The authority may establish separate divisions for the electric, water, and other utility operations, respectively.

(b) Separate accounts shall be kept for each division and as may be found practical by the authority in accordance with the uniform systems of accounts for sanitary sewer, gas, electricity, water and other utilities, as promulgated by the Public Utilities Commission of the State of Florida or the Federal Power Commission and according to generally accepted public utility accounting principles.

(c) Each division may be operated independently of the others, except insofar as the authority determines joint operations to be advisable and economical.

(d) Expenses incurred in joint operations shall be equitably prorated among the divisions by the authority.

(Ord. No. F-399, § 3, 4-24-72)

**Sec. 172. Utilities director; officers, employees, department heads.**

PROOFS

The authority shall have the power to appoint a utilities director to be responsible to the authority and who shall serve at its pleasure. There shall be such other officers and employees as may be provided by the authority. The officers shall be appointed or removed by the utilities director subject to confirmation by the authority. The employees shall be appointed and removed by the utilities director. The authority shall fix the salary of the utilities director and shall have, but may delegate to the utilities director, the power to fix the salaries of all other officers and employees of the authority. The authority shall also have the power to employ or appoint engineers, accountants, lawyers, and such other personnel as may be required for the operation and management of the utilities and to fix their compensation. Department heads shall be appointed by the director subject to the approval of the authority.

(Ord. No. F-399, § 4, 4-24-72)

**Sec. 173. Surety bonds for officers, employees.**

The authority may require surety bonds for any of the officers and employees in such amounts as the authority deems necessary. The premiums for the bonds shall be paid in the same manner as any other operating expense.

(Ord. No. F-399, § 5, 4-24-72)

**Sec. 174. Pension and retirement system.**

The authority shall not have power to create or regulate a pension or retirement system, but shall utilize the existing city pension and retirement plans for its employees and shall make contributions to the cost of pension and retirement plans as may be, from time to time, required which cost shall be paid in the same manner as any other operating expense.

(Ord. No. F-399, § 6, 4-24-72)

**Sec. 175. Authorization to combine operations of utilities with other city operations.**

The authority may, in order to promote the efficient and economical operation of the utilities, with the approval of the city commission, combine the operations of the utilities with other city operations, including, but not limited to, the following:

(1) Any officer or employee of the city at the time this [article] becomes effective, or who is appointed or employed thereafter, may serve as an officer or employee of the authority, or in a dual or joint capacity, but in no event shall [he] receive more than one (1) salary as may be fixed by the authority or by the city commission, except the mayor-commissioner.

(2) Life, accident and health insurance plans for city employees may be utilized by the authority for its officers and employees.

(3) Accounting, billing or any other operations or functions may be combined or operated jointly.

(Ord. No. F-399, § 7, 4-24-72)

**Sec. 176. Enumeration of specific powers and duties.**

The authority in the efficient and economical operation of the city utilities, both inside and outside the city limits, shall have the following powers and duties.

(1) To sell its products and services to public and private corporations and to other consumers; construct plants, transmission lines and other facilities and purchase real estate in the name of the city and to enter into all contracts, leases, and agreements in furtherance hereof. Franchises may be purchased with the approval of the city commission.

(2) The utilities authority shall have power to supply water, electricity, gas, and sewer service for domestic and other purposes to individuals or corporations outside of the city, and to charge and collect reasonable rates, prices and compensation therefor, including the costs or any part thereof for extension of said services as determined by the utilities authority, and upon such terms as may be imposed by the utilities authority, and the utilities authority may charge a different rate but not a lesser rate for such consumers than is charged for a like class of customers within the corporate limits of the city. No extension of facilities or services outside the city limits for any of the utilities, including those utilities now under the contract of the utilities authority, shall be valid unless approved by the city commission. Any extension

PROOFS

of facilities or services shall be based on a finding of the city commission that the extension of the facilities or services is in the best interests of the city, and a surplus of the capacity of the facilities or system to be extended exists and present facilities and services and future expansions within the city limits of the City of Fort Pierce will not be impaired.

(3) The authority may contract with any public or private corporation or any individual, both inside and outside the city limits, for the joint use of poles and other property belonging either to the city or to the other contracting party or jointly to both parties; and with the approval of the city commission for the joint acquisition of real property and franchises and the joint financing, construction, and operation of plants, transmission lines, and other facilities, whereby any property acquired may become the property of either or both the city and the other contracting party.

(4) The authority may enter upon any land or water for the purpose of making surveys and may exercise the right of eminent domain on behalf of the city whenever public necessity or convenience requires inside and outside the city limits in the manner provided by law.

(5) The authority may use the ground over, under or along any road, railroad, highway, street, sidewalk, thoroughfare, alley, waterway, or other public way, in the operations of the utilities but shall, in all cases and subject to the applicable general regulations of the city, cause the surface of the public way to be restored to its usual condition.

(6) The authority shall fix rates to be charged for gas, electricity, water, sanitary sewer, and other utilities services sold and services rendered. Provided, however, said utilities authority shall submit any rate changes or any changes in the formula by which rates are determined to the city commission. If a four-fifths (4/5) majority vote of the city commission does not disapprove of the proposed rate changes within thirty (30) days of the date of submission of said change or changes in the formula to the city commission, the rates or the formulas by which the rates are determined shall be deemed approved and shall become effective.

If a four-fifths (4/5) majority vote of the city commission disapproves any rate change or any change in the formulas by which the rates are determined within thirty (30) days, said rates shall not become effective and the previous rates or the formulas by which the rates were determined which were previously established shall remain in effect. If any rate changes or any changes in the formulas by which the rates are determined are not approved by the city commission, the city commission shall state the reasons for said disapproval. The city commission may by majority vote waive the thirty-day period for disapproval and approve same by a majority vote. Any rate adjustment resulting from fuel adjustment changes made in accordance with a previously approved formula will not have to be submitted to the city commission.

Rates shall be uniform for all consumers within the same class, but different rate schedules may be applied to different classes of consumers as determined by the authority. Rates shall be sufficient to pay all operating and maintenance expenses of each respective utility operation, capital outlay, all bond interest and redemption costs, and payments authorized by this article. The authority may require deposits as security for the payment of charges for utility services and may provide for the return of deposits when satisfactory consumer credit has been established.

(7) No money shall be drawn from the funds of the utilities nor shall any obligation for the expenditure of money be incurred except as authorized by the authority. No claim against the authority shall be paid unless evidenced by a voucher approved by the utilities director or by some other employee to be designated by him.

(8) The authority shall have the right, power and authority by resolution to issue and sell revenue bonds or certificates in such amounts as shall be deemed necessary to finance all or part of the costs of acquisition, construction, repairs, replacements, improvements, additions and extensions of the city's utilities and equipment required therefor. All of such revenue bonds or certificates issued by the authority shall be obligations of the City of Fort Pierce; provided, however, the authority shall have no power to pledge the full faith and credit of the city and nothing set forth herein shall be so construed. No referendum or freeholders' election shall be required as a condition precedent to the issuance of such revenue bonds or

certificates. The bonds, or revenue certificates, shall be dated, shall bear interest, at such rate or rates not exceeding that established by state law, shall mature at such time or times not exceeding forty (40) years from their date or dates, as may be determined by the authority, and may be redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds or certificates. The authority shall determine the form of bonds, or certificates, including any interest coupons to be attached thereto, and the manner of execution, and shall fix the denomination or denominations, and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. The resolution authorizing the issuance of the bond, or certificates, shall contain such provisions relating to the use of the proceeds from their sale and for the protection and security of holders thereof, including their rights and remedies, and the rights, powers, privileges, duties and obligations of the authority with respect to the same, as shall be determined by the authority. In case any officer whose signature or facsimile of whose signature shall appear on any bonds, certificates or coupons shall cease to be such officer before the delivery of such bonds, or certificates, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds, or certificates, issued under the provisions of this article shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the law merchant and the Uniform Commercial Code-Investment Securities Law of the State of Florida. The bonds, or certificates, may be issued in coupon or in registered form, or both, as the authority may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The issuance of such bonds shall not be subject to any limitations or conditions contained in any other law. All revenue bonds, or certificates, issued hereunder shall be advertised for sale on sealed bids, which advertisement shall be published once a week for two (2) weeks, the first publication to be made at least fifteen (15) days preceding the date advertised for the reception of bids, in a newspaper published in the City of Fort Pierce and also in a financial paper designated by resolution. The authority may reject any and all bids. If the revenue bonds, or certificates, are not sold pursuant to such advertisement and public bidding, they may be sold by the authority at a private sale by negotiation or may be readvertised in the same manner for public sale. In the event of a private sale by negotiation, the authority may sell said certificates or notes upon the best terms offered therefor. Revenue bonds, or certificates, issued under the provisions of this act shall be payable from the revenues derived from the operation of the city's utilities or services under the supervision, operation and control of the authority and from any other funds legally available therefor. The authority is authorized to provide by resolution for the issuance of refunding revenue bonds, or certificates for the purpose of refunding any revenue bonds, or certificates heretofore issued by the City of Fort Pierce then outstanding or issued under the provisions of this article; providing, however, that any such refunding obligation shall only refund outstanding bonds and interest and redemption premiums therein at a lower net average interest cost rate; and to issue notes in the anticipation of the receipt of the proceeds of the sale of any such bonds, or certificates. The authority, with the consent of the city commission, may pledge the proceeds of utilities service[s] taxes, cigarette taxes, or franchise taxes (as defined in Chapter [section] 159.02, Florida Statutes 1969) or any other excise taxes or other funds which such authority is authorized to levy and collect or will have available, as additional security for the payment of the principal and interest on any revenue bonds or certificates issued hereunder, or for services for such debt services.

**State law reference—**Neither credit nor taxing power pledged under Revenue Bond Act, F.S. § 159.04.

(9) The authority may borrow money for periods not to exceed two (2) years and may issue negotiable notes, payable from the revenues of the utilities or a division thereof, as evidence of the loans, with the approval of the city commission. The action of the authority may be by resolutions which may be adopted at the same meetings at which introduced and shall take effect immediately upon adoption and public sale shall not be required.

(10) The authority may authorize reasonable expenditures to advertise and otherwise promote the use of the utility services and to acquaint the public with the operations, programs, and planned expansion of the utilities.

PROOFS

(11) The authority may invest idle funds in banks or savings institutions when qualified as city depositories, provided such investments are secured by direct obligations of the United States Treasury, or may invest idle funds in direct obligations of United States Treasury. The authority may also invest such idle funds in investments secured by indirect obligations of the United States of America.

(12) The authority [shall], in addition to the reports and accounting it may otherwise be required by law to make, promptly after the close of the fiscal year, furnish the city commission its annual report which shall include the following statements as of the end of the preceding fiscal year: A balance sheet showing the financial condition of the utilities and each separate division, prepared as nearly as practical according to generally accepted public utility accounting principles; a statement of operations for each division of the utilities; and any additional supporting statements or schedules deemed necessary and desirable by the city commission to make a clear and informative presentation of the financial position of the utilities. The reports shall be kept on file in the city clerk's office and shall be open to public inspection. The funds and accounts of the utilities shall be audited annually by a certified public accountant appointed by the city commission. The authority shall also annually prepare and adopt a budget for the ensuing year and furnish a copy to the city commission at least forty-five (45) days prior to the beginning of the next fiscal year.

If a four-fifths (4/5) vote of the city commission does not disapprove of any line item expenditures in said budget, or any amendments thereto within thirty (30) days of the date of submission to said city commission, said budget or any amendments thereto shall be deemed approved as submitted. The city commission may not increase any amounts in the proposed budget or amendments thereto, but may reduce by a four-fifths (4/5) vote of the city commission any line item in said budget or amendments thereto. The city commission may by majority vote waive the thirty-day period for disapproval and approve said budget, or any amendment thereto, by majority vote. Any expenditures disapproved shall not be authorized. No amendments to the utilities authority budget shall be authorized unless submitted to the city commission as set out herein.

Nothing contained herein shall be construed to prevent adoption of necessary and reasonable procedures for providing for emergency repairs and/or restoration or maintenance of services.

The fiscal year of the authority shall be the same as the City of Fort Pierce. The annual budget shall contain an amount anticipated to be transferred to the general fund of the city.

**State law reference—**Powers of city as to public works, F.S. § 180.02.

**Sec. 177. Pre-existing obligations deemed binding.**

Contracts and obligations relating to the utility systems of the city incurred prior to the taking effect of this article shall be binding upon the authority insofar as they apply to the authority.

(Ord. No. F-399, § 9, 4-24-72)

**Sec. 178. Authorization to manage and operate financial affairs.**

(a) The utilities authority shall, except as specifically provided in Section 176 of this Chapter [Charter], have the exclusive power and authority to manage and conduct its financial affairs in accordance with generally accepted accounting principles applied to municipal utilities systems and the provisions of resolutions authorizing its revenue bonds and other obligations outstanding as of the effective date of the ordinance.

(b) All revenues derived from the utilities after paying the necessary costs and expenses shall be applied to the payment of interest on and principal of bonds, revenue certificates, loans, and other obligations from monies borrowed, both senior and subordinate lien and to the sinking fund for the redemption thereof as required by law and ordinances under which said bonds were issued. The utilities authority shall set up reserve accounts and comply with all other provisions required by any revenue bonds and other obligations issued prior to [October 4, 1994,] the effective date of this ordinance [section].

(c) The utilities authority shall pay to the City of Fort Pierce each year a sum equal to six (6) percent of the gross revenues as hereinafter defined, derived from the operation of the utilities for the preceding fiscal year, unless

PROOFS

the city commission, by majority vote, agrees to accept a lesser percentage. This sum shall be paid on or before sixty (60) days after approval and acceptance of the audit for such fiscal year by the city commission.

(d) (i) *Gross revenue* means all the income derived from retail sales of electricity, gas, and wastewater disposal; wholesale and retail sales of water; gains on sales of assets, interest, rents, royalties, dividends, and management fees.

(ii) Where a power cost adjustment or purchase gas adjustment is utilized, "gross income" shall mean the amount billed based upon the applicable rate without a debit or credit for the cost adjustment.

(e) All revenue bonds and other obligations or, other evidences of debt issued by the utilities authority subsequent to [October 4, 1994,] the effective date of this ordinance [section] shall comply with the provisions of Article XII. The utilities authority may issue revenue bonds, or other obligations or evidence of debt, varying from the requirements of this article, if said issue and terms are approved by majority vote of the city commission.

(f) All other provisions not in conflict herewith of Article XII remain in full force and effect.

(Ord. No. F-399, § 10, 4-24-72; Ord. No. J-117, § 3, 8-15-94)

**Sec. 179. Competitive bidding.**

Contracts for services, construction, materials, supplies, equipment, or machinery where the cost, value or amount exceeds five thousand dollars ($5,000.00), shall not be entered into or purchases made without competitive bidding and advertisement by a notice published at least once a week for two (2) consecutive weeks before the award of any contract in a newspaper having a general circulation in the city. Bids shall not be required to purchase patented and manufactured products offered for sale in a noncompetitive market or when the product can be obtained only from a sole source of supply, or where services cannot be contracted for upon the basis of competitive bidding. The provisions of this section shall not apply to any contract or agreement between the authority and any engineers, architects, accountants, attorneys, or for other professional services; or to agents, or investment bankers, relating to financing herein authorized; or to contracts of a continuing nature where an extension thereof without bids shall be in the best interest of the authority.

(Ord. No. F-399, § 11, 4-24-72)

**Editor's note--**Section 179 was amended by Ord. No J-153, §§ 1, 2, adopted July 17, 1995, without referendum. As this section cannot be amended without a referendum (see F.S. §§ 166.021, 166.031), the section has been restored to read as it read prior to ordinance amendment.

**Sec. 180. City employees to continue under city's pension plans, civil service merit system.**

All employees of the City of Fort Pierce on the effective date of this article who shall be under the supervision of the authority shall continue without any loss of right or benefits as employees under the pension plans and civil service merit system of the city existing on the effective date of this article or hereafter.

(Ord. No. F-399, § 12, 4-24-72)

**Sec. 181. Powers, authority granted not deemed exclusive.**

The powers and authority granted in this article to issue and sell revenue bonds or certificates shall not be deemed exclusive, and the authority may issue revenue bonds and certificates and may exercise any of the powers granted to the city under general laws of the State of Florida for the development, production, purchase and distribution of electricity, gas, water, sanitary sewer [sic] collection and disposal, and other utility services with the approval of the city commission, when the same is not inconsistent with the provisions of this article.

(Ord. No. F-399, § 13, 4-24-72)

**Sec. 182. Issuance of bonds, certificates and other obligations to constitute legal investments for bonds, etc., and securities eligible for deposit as security for public funds.**

Any revenue bonds, certificates or other obligations issued pursuant to this article shall be and constitute legal investments for bonds, savings banks, trustees, executors, administrators and all other fiduciaries for all state, municipal and public funds and shall also be and constitute securities eligible for deposit as security for all state, municipal or other public funds notwithstanding the provisions of any other law or laws to the contrary.

# CODE OF ORDINANCES

Subpart A

# GENERAL ORDINANCES

Chapter 1

# GENERAL PROVISIONS

## ARTICLE I. IN GENERAL

### Sec. 1-1. How Code designated and cited.

The ordinances embraced in the following chapters and sections shall constitute and be designated the "Code of Ordinances of the City of Fort Pierce, Florida," and may be so cited. Such Code may also be cited as the "Fort Pierce Code."

(Code 1960, § 1-1; Code 1983, § 1-1)

### Sec. 1-2. Definitions and rules of construction.

The following definitions and rules of construction shall apply to this Code and to all ordinances, unless the context requires otherwise:

*Generally.*

(1) When provisions conflict, the specific shall prevail over the general and the more stringent provision shall always prevail.

(2) All provisions shall be liberally construed so that the intent of the city commission can be effectuated.

(3) Words and phrases shall be construed according to the common and approved usage of the language, but technical words, technical phrases and words and phrases that have acquired peculiar and appropriate meanings in law shall be construed according to such meanings.

(4) Grammatical errors shall not vitiate, and a transposition of words and clauses may be resorted to when the sentence or clause is without meaning as it stands.

~~Building official. The word "building official" shall mean the director of development or his designee.~~

*Charter.* The term "Charter" means the Charter of the City of Fort Pierce, Florida, as amended.

*Written* or *in writing.* The term "written" or "in writing" means and includes any representation of words, letters or figures, whether by printing or otherwise.

*Year*. The term "year" means a calendar year.

(Code 1960, § 1-2; Code 1983, § 1-2; Ord. No. I-194, § 1, 12-1-1986; Ord. No. I-262, § 1, 2-16-1988)

**State law reference—**Definitions used in construction of statutes, F.S. § 1.01.

**Sec. 1-3. Catchlines of sections; history notes; references.**

(a) The catchlines of the several sections of this Code printed in boldface type are intended as mere catchwords to indicate the contents of the section, and shall not be deemed or taken to be titles of such sections, nor as any part of the sections, nor, unless expressly so provided, shall they be so deemed when any of such sections, including the catchlines, are amended or re-enacted.

(b) The history notes appearing in parentheses after sections of this Code are not intended to have any legal effect, but are merely intended to indicate the source of matter contained in the section.

(c) References and editor's notes following certain sections are inserted as an aid and guide to the reader and are not controlling nor meant to have any legal effect.

PROOFS

(Code 1960, § 1-3; Code 1983, § 1-3)

**Sec. 1-4. Effect of repeal of ordinances.**

(a) The repeal of an ordinance shall not revive any repealed ordinance.

(b) The repeal of an ordinance shall not affect any punishment or penalty incurred before the repeal took effect, nor any suit, prosecution or proceeding pending at the time of the repeal, for an offense committed under the ordinance repealed.

(1957 Charter, § 35; Code 1960, § 1-5; Code 1983; § 1-10)

**Sec. 1-5. Amendments to Code; effect of new ordinances; amendatory language.**

(a) All ordinances passed subsequent to this Code which amend, repeal or in any way affect the same may be numbered in accordance with the numbering system of this Code and printed for inclusion herein. When subsequent ordinances repeal any chapter, section or subsection or any portion thereof, such repealed portions may be excluded from the Code by omission from reprinted pages. The subsequent ordinances as numbered and printed, or omitted in the case of repeal, shall be prima facie evidence of such subsequent ordinances until such time that this Code and subsequent ordinances numbered or omitted are re-adopted as a new code of ordinances by the city commission.

(b) Amendments to any of the provisions of this Code may be made by amending such provisions by specific reference to the section number of this Code in substantially the following language: "That section ____ of the Code of Ordinances of the City of Fort Pierce, Florida, is hereby amended to read as follows: . . .." The new provisions should then be set out in full as desired.

(c) In the event a new section not heretofore existing in the Code is to be added, the following language is suggested: "That the Code of Ordinances of the City of Fort Pierce, Florida, is hereby amended by adding a section, to be numbered ____, which said section reads as follows: . . .." The new section should then be set out in full as desired.

(d) All sections, articles, chapters or provisions desired to be repealed should be specifically repealed by section, article or chapter number, as the case may be.

(Code 1960, § 1-4; Code 1983, § 1-8)

**Sec. 1-6. Supplementation of Code.**

(a) By contract or by city personnel, supplements to this Code shall be prepared and printed whenever authorized or directed by the commission. A supplement to the Code shall include all substantive parts of permanent and general ordinances passed by the commission during the period covered by the supplement and all changes made thereby in the Code. The pages of a supplement shall be so numbered that they will fit properly into the Code and will, where necessary, replace pages which have become obsolete or partially obsolete, and the new pages shall be so prepared that, when they have been inserted, the Code will be current through the date of the adoption of the latest ordinance included in the supplement.

(b) In preparing a supplement to this Code, all portions of the Code which have been repealed shall be excluded from the Code by the omission thereof from reprinted pages.

(c) When preparing a supplement to this Code, the codifier (meaning the person, agency or organization authorized to prepare the supplement) may make formal, nonsubstantive changes in ordinances and parts of ordinances included in the supplement, insofar as it is necessary to do so to embody them into a unified code. For example, the codifier may:

(1) Organize the ordinance material into appropriate subdivisions;

(2) Provide appropriate catchlines, headings and titles for sections and other subdivisions of the Code printed in the supplement, and make changes in such catchlines, headings and titles;

(3) Assign appropriate numbers to sections and other subdivisions to be inserted in the Code and, where necessary to accommodate new material, change existing section or other subdivision numbers;

(4) Change the words "this ordinance" or the words of the same meaning to "this chapter," "this article,"

PROOFS

"this division," etc., as the case may be or to "sections ____ to ____" (inserting section numbers to indicate the sections of the Code which embody the substantive sections of the ordinance incorporated into the Code); and

(5) Make other nonsubstantive changes necessary to preserve the original meaning of the ordinance sections inserted into the Code; but in no case shall the codifier make any change in the meaning or effect of ordinance material included in the supplement or already embodied in the Code.

(Code 1983, § 1-9)

~~**Sec. 1-6. Altering code.**~~

~~It shall be an offense against the city for any person to change or amend by additions or deletions any part or portion of this Code, or to insert or delete pages or portions thereof, or to alter or tamper with such Code in any manner whatsoever which will cause the law of the city to be misrepresented.~~

~~(Code 1960, § 1-7; Code 1983, § 1-6)~~

**Sec. 1-7. General penalty; continuing violations.**

(a) In this section, the term "violation of this Code" means any of the following:

(1) Doing an act that is prohibited or made or declared unlawful, an offense, a violation, or a misdemeanor by ordinance or by rule or regulation authorized by ordinance.

(2) Failure to perform an act that is required to be performed by ordinance or by rule or regulation authorized by ordinance.

(3) Failure to perform an act if the failure is prohibited or is made or declared unlawful, an offense, a violation, or a misdemeanor by ordinance or by rule or regulation authorized by ordinance.

(b) In this section, the term "violation of this Code" does not include the failure of a city officer or city employee to perform an official duty, unless it is specifically provided that the failure to perform the duty is to be punished as provided in this section.

(c) Except as otherwise provided by law or ordinance, any person convicted of a violation of this Code shall be punished by a fine not exceeding $500.00, or imprisonment for a term not exceeding 60 days, or by both such fine and imprisonment.

(d) Except as otherwise provided by law or ordinance:

(1) With respect to violations of this Code that are continuous with respect to time, each day that the violation continues is a separate offense.

(2) With respect to other violations, each act constitutes a separate offense.

(e) The imposition of a penalty does not prevent suspension or revocation of a license, permit or franchise, or other administrative sanctions.

(f) Violations of this Code that are continuous with respect to time are a public nuisance and may be abated by injunctive or other equitable relief. The imposition of a penalty does not prevent injunctive relief.

(Code 1960, § 1-8; Code 1983, § 1-5)

**State law reference—**Penalty for ordinance violations, F.S. § 162.22.

**Sec. 1-8. Severability of parts of Code.**

It is hereby declared to be the intention of the city commission that the sections, paragraphs, sentences, clauses and phrases of this Code are severable, and if any phrase, clause, sentence, paragraph or section of this Code shall be declared unconstitutional by the valid judgment or decree of a court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Code.

(Code 1960, § 1-6; Code 1983, § 1-4)

PROOFS

**Sec. 1-9. Prior offenses, penalties, contracts or rights not affected by adoption of Code.**

(a) Nothing in this Code or the ordinance adopting this Code shall affect any offense or act committed or done or any penalty or forfeiture incurred or any contract or right established or accruing before the effective date of this Code.

(b) The adoption of this Code shall not be interpreted as authorizing or permitting any use or the continuance of any use of a structure or premises in violation of any ordinance or resolution in effect on the date of adoption of this Code.

**Sec. 1-10. Provisions considered as continuation of existing ordinances.**

The provisions appearing in this Code, so far as they are substantially the same as ordinances existing at the time of the effective date of this Code, shall be considered continuations thereof and not as new enactments.

**Sec. 1-11. Certain ordinances not affected by Code.**

Nothing in this Code or the ordinance adopting this Code shall be construed to repeal or otherwise affect the validity of any of the following and all such provisions are hereby recognized as continuing in full force and effect to the same extent as if set out at length herein:

(1) Any ordinance promising or guaranteeing the payment of money for the city, or authorizing the issuance of any bonds of the city or any evidence of the city's indebtedness;

(2) Any appropriation ordinance or ordinance providing for the levy of taxes or adopting or amending an annual budget;

(3) Any ordinance annexing territory to the city or excluding territory as a part of the city, or otherwise affecting the corporate limits;

(4) Any ordinance granting any franchise, permit or other right;

(5) Any ordinance approving, authorizing or otherwise relating to any contract, agreement, lease, deed or other instrument;

(6) Any ordinance creating or organizing departments;

(7) Any ordinance accepting, dedicating, naming, establishing, locating, relocating, opening, paving, widening, vacating or repairing any specific street or public way;

(8) Any ordinance consistent with this Code prescribing traffic or parking regulations for specific locations, or on specific streets or parts of streets;

(9) Any ordinance prescribing the street grades of any street in the city;

(10) Any ordinance providing for local improvements or relating to special assessments therefor or assessing taxes therefor;

(11) Any ordinance ~~regulating the subdividing of land or~~ accepting or approving any plat or subdivision in the city;

(12) ~~The zoning ordinance of the city or~~ ordinance zoning or rezoning specific property;

(13) Any ordinance providing for the compensation of officers and employees not codified in this Code;

(14) Any ~~charter provision, not amended or repealed by the city, that~~ ordinance published in the Charter that became an ordinance under F.S. § 166.021;

(15) Any temporary or special ordinance;

(16) Any ordinance adopted for purposes that have been consummated.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Code inspector* means any authorized agent or employee of the ~~municipality~~ city whose duty it is to ensure code compliance.

*Local governing body* means the legislative body of the ~~municipality~~ city.

*Local governing body attorney* means the legal counselor for the ~~municipality~~ city.

*Special magistrate* means an attorney and member of the state bar who shall be appointed by the city commission for a term of two years to preside over code enforcement matters and who may be discharged by the city commission at its discretion, with or without cause.

(Code 1960, § 2-23; Code 1983, § 2-242; Ord. No. H-241, 12-6-1982; Ord. No. 17-017, § 1, 6-5-2017)

**State law reference**—Similar provisions, F.S. 162.04.

**Sec. 1-72. Special magistrate.**

Pursuant to F.S. § 162.03, the local governing body adopts a code enforcement system that gives the office of the special magistrate the authority to hold hearings and assess fines against violators of the codes and ordinances of the city. The special magistrate shall have the jurisdiction and authority to hear and to decide alleged violations of the codes and ordinances of the city, and exercise the powers of a code enforcement board, as provided in F.S. ch. 162, and this Code.

(Code 1983, § 2-243; Ord. No. 17-017, § 1, 6-5-2017)

**State law reference**—Similar provisions, F.S. § 162.05.

**Sec. 1-73. Enforcement procedure.**

(a) It shall be the duty of the code inspector to initiate enforcement proceedings of the various codes;

PROOFS

provided, however, no special magistrate shall have the power to initiate such enforcement proceedings.

(b) All enforcement procedures and proceedings shall comply with F.S. ch. 162~~ Except as provided in subsection (c), if a violation of the codes is found, the code inspector shall notify the violator and give such violator a reasonable time to correct the violation. The notice shall be in writing, delivered either through regular mail or by hand delivery of the code inspector. Should the violation continue beyond the time specified for correction, the code inspector shall notify the special magistrate and request a hearing pursuant to the procedure in section 2-245. Written notice shall be mailed to said violator as provided in this article.~~

~~(c) If the code inspector has reason to believe a violation presents a serious threat to the public health, safety and welfare, the code inspector may proceed directly to the procedure in section 2-245 without notifying the violator.~~

(Code 1960, § 2-25; Code 1983, § 2-244; Ord. No. H-241, 12-6-1982; Ord. No. K-13, § 1, 6-19-2000; Ord. No. 17-017, § 1, 6-5-2017; Ord. No. 20-001, § 1(2-244), 2-3-2020)

**State law reference—**Similar provisions, F.S. § 162.06.

**Sec. 1-74. Conduct of hearing.**

(a) The special magistrate may call code enforcement hearings. The special magistrate at any hearing may set a future hearing date. The special magistrate shall attempt to hold a hearing no less frequently than once every two months, but the special magistrate may hold a hearing more or less often as the demand necessitates. Minutes shall be kept of all hearings by the special magistrate, and all hearings and proceedings shall be open to the public. The local governing body shall provide clerical and administrative personnel as may be reasonably required by the special magistrate for the proper performance of the special magistrate's duties.

(b) Each case before the special magistrate shall be presented by either the local governing body attorney or by a member of the administrative staff of the local governing body.

(c) The special magistrate shall proceed to hear the cases on the agenda for that day. All testimony shall be under oath and shall be recorded. The special magistrate shall take testimony from the code inspector and alleged violator. Formal rules of evidence shall not apply, but fundamental due process shall be observed and govern said proceedings.

(d) At the conclusion of the hearing, the special magistrate shall issue findings of fact, based on evidence of record, and conclusions of law and shall issue an order affording the proper relief consistent with powers granted in this division.

(Code 1960, § 2-26; Code 1983, § 2-245; Ord. No. H-241, 12-6-1982; Ord. No. 17-017, § 1, 6-5-2017)

**State law reference—**Similar provisions, F.S. § 162.07.

**Sec. 1-75. Powers.**

The special magistrate shall have the power to:

(1) Adopt rules for the conduct of special magistrate hearings;

(2) Subpoena alleged violators and witnesses to special magistrate hearings. Subpoenas may be served by the sheriff of the county, code inspector, or by any other person designated by the city commission;

(3) Subpoena evidence;

(4) Take testimony under oath;

(5) Issue orders having the force of law, commanding whatever steps are necessary to bring a violation into compliance.

(Code 1960 § 2-27; Code 1983, § 2-246; Ord. No. H-241, 12-6-1982; Ord. No. J-03, § 2, 2-18-1992; Ord. No. 17-017, § 1, 6-5-2017; Ord. No. 20-001, § 1(2-246), 2-3-2020)

**State law reference—**Similar provisions, F.S. § 162.08.

~~**Sec. 2-247. Administrative fines; liens.**~~

~~The special magistrate, upon notification by the code inspector that a previous order of the special magistrate~~

PROOFS

has not been complied with by the set time, may order the violator to pay a fine not to exceed two hundred fifty dollars ($250.00) for each day the violation continues past the date set for compliance in the case of a first violation and an amount not to exceed $500 per day for a repeat violation, and, in addition, may include all costs of repairs pursuant to F.S. § 162.09(1). However, if the special magistrate finds the violation to be irreparable or irreversible in nature, the magistrate may impose a fine not to exceed $5,000 per violation. A certified copy of an order imposing a fine may be recorded in the public records and thereafter shall constitute a lien against the land on which the violation exists or, if the violator does not own the land, upon any other real or personal property owned by the violator and may be enforced in the same manner as a court judgment by the sheriffs of this state, including levy against the personal property, but shall not be deemed otherwise to be a judgment of a court except for enforcement purposes. After one year from the filing of any such lien which remains unpaid, the special magistrate may authorize the city attorney to foreclose on the lien.

(Code 1960, § 2-28; Code 1983, § 2-247; Ord. No. H-241, 12-6-1982; Ord. No. 17-017 , § 1, 6-5-2017)

**State law reference**—Similar provisions, F.S. § 162.09.

### Sec. 1-76. Provisions of article supplemental.

Nothing contained in this division shall prohibit the city commission from enforcing its codes by any other means. It is the legislative intent of this division to provide an additional or supplemental means of obtaining compliance with local codes.

(Code 1983, § 2-251; Ord. No. 20-001, § 1, 2-3-2020)

### Sec. 1-77. Duration of lien.

No lien provided by this article shall continue for a period longer than 20 years after the certified copy of an order imposing a fine has been recorded, unless within that time an action to foreclose on the lien is commenced in a court of competent jurisdiction. The continuation of the lien effected by the commencement of the action shall not be good against creditors or subsequent purchasers for valuable consideration without notice, unless a notice of lis pendens is recorded.

(Code 1983, § 2-248; Ord. No. K-73, § 1, 4-16-2001)

**State law reference**—Similar provisions, F.S. § 162.10.

### Sec. 1-78. Appeals.

An aggrieved party, including the local governing body, may appeal a final administrative order of the special magistrate to the circuit court. An appeal shall be filed within 30 days of the execution of the order to be appealed.

(Code 1960, § 2-29; Code 1983, § 2-249; Ord. No. H-241, 12-6-1982; Ord. No. 17-017 , § 1, 6-5-2017)

**State law reference**—Similar provisions, F.S. § 162.11.

### Sec. 1-79. Notices.

All notices required by this article except as otherwise provided, shall be by certified mail, return receipt requested, or where mail would not be effective, by hand delivery by the code inspector.

(a) All notices required by this division must be provided to the alleged violator by:

(1) Certified mail, return receipt requested, to the address listed in the tax collector's office for tax notices or to the address listed in the county property appraiser's database. For property owned by a corporation, notices may be provided by certified mail to the registered agent of the corporation. If any notice sent by certified mail is not signed as received within 30 days after the postmarked date of mailing, notice may be provided by posting as described in subsection (b)(2) of this section;

(2) Hand delivery by the code inspector;

(3) Leaving the notice at the violator's usual place of residence with any person residing therein who is above 15 years of age and informing such person of the contents of the notice; or

(4) In the case of commercial premises, leaving the notice with the manager or other person in charge.

PROOFS

(b) In addition to providing notice as set forth in subsection (a) of this section, at the option of the city, notice may be served by publication or posting, as follows:

(1) a. Such notice shall be published once during each week for four consecutive weeks (four publications being sufficient) in a newspaper of general circulation in the county. The newspaper shall meet such requirements as are prescribed under F.S. ch. 50 for legal and official advertisements.

b. Proof of publication shall be made as provided in F.S. §§ 50.041 and 50.051.

(2) a. In lieu of publication as described in subsection (b)(1) of this section, such notice may be posted at least ten days prior to the hearing, or prior to the expiration of any deadline contained in the notice, in at least two locations, one of which shall be the property upon which the violation is alleged to exist and the other of which shall be the city hall.

b. Proof of posting shall be by affidavit of the person posting the notice, which affidavit shall include a copy of the notice posted and the date and places of its posting.

(3) Notice by publication or posting may run concurrently with, or may follow, an attempt to provide notice by hand delivery or by mail as required under subsection (a) of this section.

(c) Evidence that an attempt has been made to hand deliver or mail notice as provided in subsection (a) of this section, together with proof of publication or posting as provided in subsection (b) of this section, shall be sufficient to show that the notice requirements of this division have been met, without regard to whether or not the alleged violator actually received such notice.

(Code 1960, § 2-30; Code 1983, § 2-250; Ord. No. H-241, 12-6-1982; Ord. No. K-13, § 2, 6-19-2000; Ord. No. 20-001, § 1, 2-3-2020)

**State law reference**—Similar provisions, F.S. § 162.12.

**Secs. 1-80--1-97. Reserved.**

## DIVISION 3. SUPPLEMENTAL PROCEDURES*

***State law reference**—Supplemental ordinance enforcement procedures, F.S. § 162.21 et seq.

### Sec. 1-98. Authority; intent; applicability.

This division is adopted pursuant to the authority granted by F.S. §§ 162.21—162.23. The procedures contained herein are declared to be an additional and supplemental means of enforcing the codes and ordinances. Nothing contained herein shall be construed as limiting any other means of enforcement consistent with general or special law, or this Code. The provisions of this division shall apply to all violations of city codes or ordinances which are expressly declared by the city commission to be governed by the provisions of this division. This division shall not apply to building codes, adopted pursuant to F.S. § 553.73, as they apply to construction, provided that a building permit is either not required or has been issued by the city.

(Code 1983, § 2-252; Ord. No. K-27, § 1, 10-2-2000)

### Sec. 1-99. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Citation* means the notice issued by a code enforcement officer in a form prescribed by the city and shall contain:

(1) The date and time of issuance.

(2) The name and address of the person to whom the citation is issued.

(3) The date and time the civil infraction was committed.

(4) The facts constituting reasonable cause.

(5) The number or section of the code or ordinance violated.

(6) The name and authority of the code enforcement officer.

PROOFS

(7) The procedure for the person to follow in order to pay the civil penalty or to contest the citation.

(8) The applicable civil penalty, if the person elects to contest the citation.

(9) The applicable civil penalty, if the person elects not to contest the citation.

(10) A conspicuous statement that, if the person fails to pay the civil penalty within the time allowed, or fails to appear in court to contest the citation, the person shall be deemed to have waived his right to contest the citation and that, in such case, judgment may be entered against that person for an amount up to the maximum civil penalty.

*Code enforcement officer* means any designated employee or agent of the city whose duty it is to enforce codes and ordinances enacted by the city, and may include code inspectors, building inspectors, law enforcement officers and animal control officers. The training and qualifications of the employees or agent shall be determined by the city.

*Person* means any natural person, firm, co-partnership, association, or corporations, or individual acting on behalf of or employed by a business. If other than a natural person, the citation shall be issued in the name of an individual who is an officer, director, or partner of the firm, co-partnership, association, or corporation.

*Special magistrate* shall have the meaning set forth in section 1-71.

(Code 1983, § 2-253; Ord. No. K-27, § 1, 10-2-2000; Ord. No. K-91, § 1, 7-16-2001; Ord. No. K-427, § 1, 7-3-2006; Ord. No. 17-017, § 2, 6-5-2017)

**Sec. 1-100. Citation authorization; violation as civil infraction; maximum civil penalty.**

(a) Any code enforcement officer is hereby authorized to issue a citation to a person when, based upon personal investigation, the code enforcement officer has reasonable cause to believe that the person has committed a violation of any kind of ~~the~~ an ordinance as set forth in section 1-106. Pursuant to F.S. § 403.413(7), or as the same may hereafter be renumbered, code enforcement officers are designated to enforce the Florida Litter Law (presently codified as F.S. § 403.413).

(b) A code or ordinance violation for which a citation may be issued pursuant to this division, shall be deemed to be a civil infraction.

(c) The maximum civil penalty for such civil infraction shall not exceed $500.00 per violation. In addition to the civil penalty, the code enforcement officer may request that the special magistrate or court issue an order to include all applicable costs of prosecution and legislative assessments, plus court costs.

(d) A civil penalty of less than the maximum civil penalty shall be assessed if the violator does not contest the violation. The amount of the penalty for an uncontested citation shall be determined by the class of the violation as set out in section 1-106.

(Code 1983, § 2-254; Ord. No. K-27, § 1, 10-2-2000; Ord. No. K-143, § 2, 3-18-2002; Ord. No. 16-017, § 1, 9-19-2016)

**Sec. 1-101. Notice prior to citation issuance; exception.**

(a) Prior to issuing a citation, a code enforcement officer shall provide notice to the person that the person has committed a violation of a code or ordinance and shall establish a reasonable time period within which the person must correct the violation. Such time period shall be no more than 30 days. If, upon personal investigation, a code enforcement officer finds that the person has not corrected the violation within the time period, the code enforcement officer may issue a citation to the person who has committed the violation.

(b) A code enforcement officer shall not be required to provide the person with a reasonable time period to correct the violation prior to issuing a citation and may immediately issue a citation, provided that a repeat violation is found or that the code enforcement officer has reason to believe that the violation presents a serious threat to the public health, safety, or welfare, or if the violation is irreparable or irreversible.

(Code 1983, § 2-255; Ord. No. K-27, § 1, 10-2-2000)

**Sec. 1-102. Service of warning notice or citation.**

(a) Written warning notices and/or citations shall be provided to the alleged violator by hand delivery by the code enforcement officer. In the absence of the alleged violator, issuance of a written warning notice or citation

PROOFS

may be accomplished by leaving a copy at the alleged violator's residence with any person residing therein who is 15 years of age or older, and informing the person of the contents; or by leaving a copy at the alleged violator's place of business with any employee or agent acting on his behalf, and informing the person of the contents; or by certified mail, return receipt requested.

(b) Issuance of a written warning notice or citation to a business may be accomplished by leaving a copy at the business, during regular business hours, with any employee and informing the employee of the contents or by registered or certified mail, return receipt requested. Each employee of the business shall be deemed an agent of the business for service of warning notices and citations.

(Code 1983, § 2-256; Ord. No. K-27, § 1, 10-2-2000)

**Sec. 1-103. Form of contents of citation; filing with court.**

(a) A citation issued by a code enforcement officer shall be in a form prescribed by the city commission or by administrative order of the chief judge of the nineteenth judicial circuit and shall contain the information as set out under the definition of the term "citation" in section 1-99.

(b) After issuing a citation to an alleged violator that does not require a mandatory court appearance, a code enforcement officer shall deposit the original citation with the code enforcement clerk within two working days. The code enforcement officer shall retain one copy for his records.

(c) After issuing a citation to an alleged violator that requires a mandatory court appearance, a code enforcement officer shall deposit the original citation with the county court by filing same with the clerk of court within two working days. The code enforcement officer shall retain one copy for his records.

(Code 1983, § 2-257; Ord. No. K-27, § 1, 10-2-2000; Ord. No. 16-017, § 1, 9-19-2016)

**Sec. 1-104. Refusal to sign citation.**

~~Any person who willfully refuses to sign and accept a citation issued by a code enforcement officer shall be guilty of a misdemeanor of the second degree punishable as provided by F.S. §§ 775.082 or 775.083.~~

(a) If the person cited ~~so~~ refuses to sign the citation, the code enforcement officer shall write the words "refused" or "refused to sign" in the space provided for the person's signature and shall then leave a copy of the citation with the person cited, if possible.

(b) Following such refusal to sign, the code enforcement officer shall contact the city police department to report such refusal as a violation of F.S. § 162.21(6).

(Code 1983, § 2-258; Ord. No. K-27, § 1, 10-2-2000)

**Sec. 1-105. Processing citations; payment of fines; court hearings.**

(a) If the person elects not to contest the citation, such person shall pay in full the applicable reduced civil penalty, as set forth in this division, to the city within 30 calendar days of the issuance of the citation.

(b) If the person cited elects to pay the applicable reduced civil penalty set forth herein, the person shall be deemed to have admitted the infraction and waived the right to a hearing. If the person cited fails to pay the civil penalty by the 30th calendar day after issuance of the citation or fails to request a hearing within the time prescribed, the code enforcement officer shall request a hearing be scheduled before the special magistrate and may request a fine be assessed up to the maximum civil penalty, plus court costs, ~~of ten dollars ($10.00)~~ in the amount established by resolution.

(c) If the person elects to contest the citation, the person shall request a hearing before the special magistrate within 14 calendar days of the date of citation. The code enforcement clerk shall notify the code enforcement officer of any contested citations and of the date when such contested citation may be scheduled to be heard by the special magistrate. The case shall be presented by the code enforcement officer who issued the citation and the standard of proof shall be a preponderance of the evidence. A contest of the citation shall be deemed a waiver by the person of any right to pay the reduced civil penalty and, upon a finding by the special magistrate that the person cited committed the civil infraction charged, the special magistrate may order the violator to correct the violation and may impose a civil penalty up to the maximum civil penalty, plus all applicable costs of prosecution, plus court costs ~~of ten dollars ($10.00)~~ in the amount established by resolution. ~~in no event, however, shall any such civil~~

PROOFS

~~penalty imposed by the special magistrate be less than the reduced civil penalty as provided in this division.~~ The special magistrate may provide for the civil penalty to be paid, and the violation to be corrected, within such time as the special magistrate determines to be appropriate. If the person found to be in violation fails to pay the civil penalty or to correct the violation within the time provided, the citation shall be referred to the clerk of courts for enforcement as provided by F.S. § 318.325, and may be punishable as provided in F.S. § 316.1967.

(d) Should the person cited schedule a hearing as provided for herein, and thereafter fail to appear at such hearing, the person shall be deemed to have waived the right to contest the citation and order determining violation shall be entered against the person in an amount not to exceed the maximum civil penalty; provided, however, that the special magistrate shall have the discretion to continue or reschedule any hearing when it determines that doing so will further the interest of justice. In such event, the code enforcement clerk shall notify the code enforcement officer and the person cited of the date and time of the hearing as rescheduled.

(e) In the event an order is entered finding that a violation of ~~the~~ an ordinance cited has been committed, the city may record said order in the official records of the county and the same shall thereinafter constitute notice to and be binding upon the violator and any subsequent purchasers, successors in interest, or assigns, if the violation concerns real property, and the findings therein shall be binding upon the violator and any subsequent purchasers, successors in interest, or assigns, if the violation concerns real property.

(f) If the person cited has been previously cited for the same violation at least two times within a 12-month period or commits a violation that requires a mandatory court appearance, upon issuance of the citation, the person shall not have the option of paying a reduced civil penalty but instead shall appear before a county court judge to answer the charge.

(g) Payment of any civil penalty imposed by this division shall be made to the city, if a judgment has been entered for the civil penalty and satisfied, the code enforcement officer shall be notified that the judgment is satisfied and a satisfaction of judgment shall then be prepared and recorded in the official records of the county.

(h) The Florida Rules of Civil Procedure and the Florida Evidence Code shall apply.

(Code 1983, § 2-259; Ord. No. K-27, § 1, 10-2-2000; Ord. No. 16-017, § 1, 9-19-2016; Ord. No. 17-027, § 1, 9-18-2017)

### DIVISION 1. GENERALLY

**Sec. 2-19. Compensation.**

(a) Effective October 1, ~~2017~~ 2019, the annual compensation of the mayor-commissioner of the city shall be ~~thirty-two thousand, six hundred eighteen dollars ($32,618.00)~~ $33,598.19.

(b) Effective October 1, ~~2017~~ 2019, the annual compensation of each city commissioner of the city shall be ~~twenty-five thousand, one dollar and seventy-five cents ($25,001.75)~~ $25,757.00.

(c) In no event shall the mayor-commissioner or city commissioners be compensated in excess of the salaries, provided in subsections (a) and (b) of this section, for attending any regular, postponed or special meeting.

(d) The compensation for the mayor-commissioner and city commissioners shall be payable at the same time that other city employees are paid.

(Code 1983, § 2-16; Ord. No. H-171, § I, 5-28-1981; Ord. No. J-458, § 1, 10-5-1998; Ord. No. K-291, § 1, 9-27-2004; Ord. No. 16-020, § 1, 9-19-2016; Ord. No. 17-031, § 1, 9-25-2017; Ord. No. 18-032, § 1, 9-4-2018)

**Sec. 2-20. Forfeiture of office for conviction of felony.**

Any member of the city commission who shall be convicted of a felony while in office shall thereby forfeit his office.

(1957 Charter § 26)

**Sec. 2-21. Auto expense.**

(a) The mayor-commissioner and the city commissioners shall receive each month, as automobile expenses for the use of their personal automobiles in connection with their duties performed within the county, an amount to be set out by the mayor-commissioner and the city commissioners in the annual budget prior to the beginning of each fiscal year.

(b) Said automobile expense money shall be paid to said mayor-commissioner and city commissioners on the first day of each month.

(Code 1960, § 2-9.2; Code 1983, § 2-17)

**Sec. 2-22. Disclosure of ex-parte communications.**

(a) Any person not otherwise prohibited by statute, Charter provision or ordinance may discuss with any city commissioner the merits of any matter on which action may be taken by the city commission.

(b) The adoption of the procedure set out in this section shall remove the presumption of prejudice arising from ex-parte communications with city commissioners.

(c) The substance of any ex-parte communication with a city commissioner which relates to a quasijudicial

PROOFS

action pending before the city commission is not presumed prejudicial to the action if the subject matter of the communication and the identity of the person, group or entity with whom the communication took place is disclosed and made a part of the record before final action on the matter.

(d) A city commissioner may read a written communication from any person. However, the written communication that relates to quasijudicial action pending before the city commission shall not be presumed prejudicial to the action and such written communication shall be made a part of the record before final action on the matter.

(e) City commissioners may conduct investigations and site visits and may receive expert opinions regarding quasijudicial actions pending before the city commission. Such activities shall not be presumed prejudicial to the action if the existence of the investigation, site visit or expert opinion is made a part of the record before final action on the matter.

(f) Disclosure made pursuant to subsections (a) through (e) of this section must be made before or during the public meeting at which a vote is taken on such matters so that persons who have opinions contrary to those expressed in the ex-parte communication are given a reasonable opportunity to refute or respond to the communication. This section does not subject the city commissioners to F.S. ch. 112, pt. III (F.S. § 112.311 et seq.) for not complying with this subsection.

DIVISION 2. MEETINGS*

***State law reference—**Public meeting required, F.S. § 286.011.

**Sec. 2-46. Generally.**

The city commission shall meet at such time and place as may be prescribed by ordinance or resolution~~, except that it shall meet regularly not less than twice each month~~.

(1957 Charter § 24(2))

~~**Sec. 2-26. Public meetings.**~~

~~All meetings of the city commission or of the committee or the whole thereof shall be public and shall comply with Florida Statutes Section 286.011, commonly referred to as the "government in the sunshine" law.~~

~~All discussions between the chief executive officer of the public employer or his representative and the legislative body of the public employer relative to collective bargaining shall be exempt from the provisions of Florida Statutes section 286.011 in accordance with Florida Statutes section 447.605.~~

~~(Code 1960, §§ 2-4, 2-5; Code 1983, § 2-26))~~

**Sec. 2-47. Regular meetings; date and place.**

The city commission shall meet regularly not less than twice each month. All meetings of the commission, whether regular or special, shall be held in the city hall commission chambers, located at 100 North U.S. 1, unless a majority of the commission directs that a meeting be held at some other specified date, place, and time.

(Code 1920, §§ 2-1, 2-3; Code 1983, § 2-27; Ord. No. I-175, § 2, 8-18-1986; Ord. No. J-15, § 1, 2-18-1992; Ord. No. K-443, § 1, 9-18-2006; Ord. No. 18-001, § 1, 2-5-2018)

**Sec. 2-48. Absences.**

Absence from four consecutive regular meetings of the commission shall operate to vacate the seat of a member, unless such absence is excused by the commission by motion setting forth the fact of such excuse duly entered upon the minutes.

(1957 Charter § 27)

~~**Sec. 2-28. Special meetings.**~~

PROOFS

~~The mayor-commissioner, or any three members of the commission, or the city manager and any two members of the commission, may call special meetings of the city commission, upon at least six hours' written notice to each member, served personally, or left at his usual place of residence or business.~~

~~(Code 1960, § 2-2; Code 1983, § 2-28)~~

**Sec. 2-49. Procedure—Generally.**

(a) *Order of business.* Promptly at the hour set on the day of each meeting, the members of the commission, city manager, city clerk and city attorney shall take their regular stations in the commission chambers, and the business of the commission shall be taken up for consideration and disposition in substantially the following order:

(1) Meeting called to order.

(2) Roll call.

(3) Approval of minutes.

(4) Comments from the public, relating to agenda items which do not require public hearings.

(5) Additions or deletions to agenda and approval of agenda.

(6) Miscellaneous reports.

(7) Consent agenda.

(8) Items requiring public hearings.

(9) New business, matters of public interest.

(10) Comments from the public.

(11) Comments of city manager and city attorney.

(12) Comments of commissioners.

(13) Adjourn.

(b) *Robert's Rules.* In all matters coming before the commission, the parliamentary conduct thereof shall be governed by ~~Robert's Rules of Order, as revised,~~ Robert's Rules of Order, Newly Revised, 11th edition, except as otherwise provided by state law, the charter or ordinances of the city.

(c) *Request for placement on agenda.* Any person desiring to appear before the city commission on a matter set for public hearing may appear and speak for a reasonable length of time as determined by the commission. As to any subject which is either not set for public hearing or does not otherwise appear on the agenda, persons desiring to place an item on the agenda may make written request to the city manager no later than 5:00 p.m. 15 days preceding the regular city commission meeting. Such request must state the subject matter of the individual's appearance and should include any background materials pertinent to the issue. The city manager shall review the request to determine if the item might be handled administratively; or determine whether the subject matter is an item of city business. If so, the city manager shall submit the item for placement on the agenda to the city clerk no later than 5:00 p.m. ten days preceding the regular city commission meeting and shall direct appropriate staff to be prepared to answer any questions the commission may have. The mayor may impose a time limitation of five minutes, or allow such additional time he determines necessary and appropriate for such person to make a presentation. Such person shall state his name, his address, and the subject on which he wishes to speak.

(d) *Agenda.* All reports, communications, ordinances, resolutions, contracts, documents or other materials to be submitted to the commission shall, no later than 12:00 noon on Wednesday prior to each meeting, be delivered to the city clerk, who shall arrange a list of such matters and furnish each member thereof with a copy of the same prior to the regular meeting, and as far in advance of the meeting as time for preparation will permit.

(e) *Writing; debate.* Ordinances and resolutions shall be reduced to writing before the same are read by the city clerk; however, amendments thereto may be made orally. The presiding officer shall require a motion and a second before allowing general debate thereon.

Rules at special meetings of the commission shall be the same as for regular meetings, except that no minutes of any meeting shall be finally approved except at a regular meeting.

(Code 1960, § 2-9.1; Code 1983, § 2-30)

**Sec. 2-51. Withdrawal of resolutions and motions.**

Withdrawal of any resolution, motion or amendment by the member offering it shall be permitted at any time.

(Code 1960, § 2-6; Code 1983, § 2-31)

**Sec. 2-52. Voting.**

(a) Voting on all motions, resolutions and amendments, except adjournment, shall be by "yeas" and "nays" upon call of the roll of members in alphabetical order of surnames, except that the name of the mayor-commissioner may be called last. The record of the vote shall be recorded.

(b) Any member may orally state the reason for his vote and may insert in the record his reason in writing in not to exceed 25 words.

(Code 1960, § 2-7; Code 1983, § 2-32)

**Sec. 2-53. Minutes—Contents.**

The city clerk shall keep and enter on the minutes of the meeting a record of all resolutions, motions and amendments passed, together with the vote of each member thereon. A brief statement of the substance or character of those not passed with the vote thereon will suffice.

(Code 1960, § 2-8; Code 1983, § 2-33)

**Sec. 2-54. Minutes—Attestation.**

All minutes after approval and recording shall be attested by the signatures of the mayor-commissioner, or of the mayor pro tem who presided at the meeting, and the city clerk.

(Code 1960, § 2-9; Code 1983, § 2-34)

**Sec. 2-55. Addressing the commission, generally.**

(a) *Limited participation.* The city manager, city clerk, and city attorney shall have the right to take part in discussion but may not vote.

(b) *Written communications by others.* Any person may address the commission concerning items on the agenda by submitting written communications. Such communications shall be received by the presiding officer and entered into the record of the meeting by the city clerk.

(c) *Oral communication by others.* After first securing permission from the presiding officer, any person may address the commission orally on specific matters, at the appropriate times as designated by the order of business provided in section 2-49(a).

(1) *Manner of addressing the commission; time limit.* Each person recognized by the presiding officer and granted leave to address the commission shall step up to the microphone; shall provide the city clerk with his name and address for the record; and unless further time is granted by majority vote of the commission, shall limit his address to three minutes. All remarks shall be addressed to the commission as a body and not to any individual member thereof. No person, other than the commission and the person having the floor, shall be permitted to enter into any discussion, either directly or through a member of the commission, without the permission of the presiding officer. No question shall be asked by a commission member. No person from the audience shall address the commission.

PROOFS

(2) *Decorum, generally.*

a. *By commission members.* While the commission is in session, the members must preserve order and decorum, and a member shall not, by conversation or otherwise, delay or interrupt the proceedings or the peace of the commission, or disturb any member while speaking or refuse to obey the orders of the commission or its presiding officer, except as otherwise provided in this article.

b. *By all persons.* Any person making personal, impertinent, slanderous, obscene, profane, inflammatory, irrelevant or immaterial remarks, or who shall become boisterous while in the commission chambers, or shall incite violence or fighting, whether or not addressing the commission, shall be declared by the presiding officer to be out of order. Any person who refuses to obey an order of the presiding officer in relation to preserving order and decorum shall be banned from further attendance at the meeting in question, unless permission to remain is granted by a majority vote of the commission. No heckling or verbal outbursts in support or opposition to a speaker or his remarks shall be permitted.

(3) *Enforcement of decorum.* The chief of police, or such member of the police department as he may designate, shall be sergeant-at-arms of the commission meetings. The sergeant-at-arms shall carry out all orders and instructions given by the presiding officer for the purpose of maintaining order and decorum at the commission meeting.

## ARTICLE III. CITY MANAGER

### Sec. 2-84. Powers and duties generally.

The city manager, as the administrative head of the municipal government, shall exercise general supervision and control over all city departments, and in such capacity, may establish and enforce reasonable rules and regulations for the administrative functioning of the city, including various departments, which administrative affairs and functions shall include all matters not expressly reserved exclusively for action by the city commission, either by law, the Charter or any ordinance.

(Code 1960, § 2-48; Code 1983, § 2-46)

### Sec. 2-85. Procedure for establishment of rules.

In the establishment of rules and regulations or amendments thereto under this article, the city manager shall furnish the original and seven copies in writing to the city clerk, who shall furnish a copy to the mayor-commissioner, city commissioners and city attorney, and shall post a copy in the city hall for a period of 30 days. If, after expiration of said 30-day period, no action has been taken to the contrary by the city commission, said rules and regulations shall be deemed ratified and adopted by the city commission, and the original thereof shall be retained by the city clerk and certified as to passage in accordance with these provisions.

(Code 1960, § 2-49; Code 1983, § 2-47)

PROOFS

and attested by the clerk or deputy clerk at the next regular meeting.

(2) To be the custodian of the city seal, all ordinances and resolutions and all records and papers of a general or permanent character pertaining to the affairs of the city.

(3) To preserve, file and index all contracts to which the city is a party, which file and record shall be open to the inspection of all interested persons at all reasonable times.

(4) To perform such other duties as may be prescribed by the Charter or required of the clerk by the commission.

(5) To collect all ~~occupational~~ business license and dog license fees.

(1957 Charter § 44)

**Sec. 2-115. Functions of finance director.**

The finance director shall:

(1) Furnish financial information as required by the city manager and assist him in the preparation and execution of the city budget.

(2) Assess property for taxation at actual cash value and make all special assessments levied by the commission.

(3) Maintain a plan and complete accounting system for the city government and all of its departments, offices and agencies, which system shall show all financial transactions of the city in detail and disclose the true financial condition of the city at all times.

(4) Prescribe and enforce the procedure for handling financial transactions of every character.

(5) Exercise budgetary control over each department, office or agency, in order to prevent the overdrawing of any fund or the overexpenditure of any appropriation.

(6) Keep a separate account for each item of appropriation made by the commission showing the amount appropriated, and any allotments thereof, the amounts paid therefrom, the unpaid obligations against it, and the unencumbered balance.

(7) Require all city departments, offices and agencies to report and remit all receipts to him daily.

(8) Collect all taxes, special assessments and other revenues of the city and receive all money receivable by the city from any department, office or agency of the city or from any other government.

(9) Have custody of all public funds belonging to or under the control of the city or any of its departments, offices, or agencies, and deposit all funds coming into his hands in such depositories as may be designated by the commission, subject to the requirements of law or ordinances as to surety and the payment of interest which interest shall accrue to the city and be accounted for and credited to the proper fund and account.

(10) Have custody of all investments and invested funds of the city government, or in possession of such government in a fiduciary capacity, and have the safekeeping of all bonds and notes of the city and the receipt and delivery of city bonds and notes for transfer, registration, and exchange. ~~provided that no one person shall have access to the city's safe-deposit box except as provided in section 97 of this article.~~

(11) Supervise and be responsible for the disbursement of all ~~moneys~~ in the city treasury; and no money shall be paid out of the treasury unless he first verifies the appropriation, allotment and availability of funds to cover the claim concerned and certifies thereto, except for purchases of less than $500.00, and determines that such claim is regular in form, correctly computed, and constitutes a valid obligation.

(12) Examine all contracts, orders and other documents, except for purchases of less than $500.00, by which the city government incurs financial obligations to ascertain that ~~moneys~~ have been appropriated and allotted and will be available when the obligations shall become due and payable.

(13) Audit and approve before payment all bills, invoices, payrolls and other evidences of claims, demands or charges against the city government and determine the regularity, validity and correctness thereof.

PROOFS

(14) Inquire into and inform himself of the validity of all claims against the city, and for this purpose, he shall have power to require evidence that the amount of any claim is justly due and in conformity with the law and the ordinances of the city.

(15) Each month submit to the commission through the city manager a statement of revenues and expenditures for each fund for the preceding month and the fiscal year-to-date. Each month submit a balance sheet for each fund showing the financial condition of the fund at the end of the preceding month.

(16) Submit to the commission through the city manager at the end of each fiscal year a report of the financial transactions of that year.

(17) Issue vouchers, directly or by designee, approved by the city commission through resolution duly enacted, for the payment of ~~moneys,~~ which vouchers must be countersigned by the city manager or any designee of the city manager, as may be approved by the city commission through resolution duly enacted.

(18) Establish general ledger accounting control over physical properties and stores. Establish systems of internal control over physical properties and stores.

(1957 Charter § 91)

**Sec. 2-116. Police.**

The chief of police and his ~~deputies~~ shall have the power and authority immediately to arrest, with or without warrant, and also to take into custody any person who shall commit or threaten to commit in his presence or within his view any offense prohibited by the ordinances and laws of the city ~~and shall without unnecessary delay bring the offenders before the municipal court* to be dealt with according to law~~.

(1957 Charter § 48(d))

**Secs. 2-117--2-145. Reserved.**

DIVISION 2. TRAVEL EXPENSES*

***State law reference**—Per diem and travel expenses, F.S. § 112.061.

**Sec. 2-146. Definitions.**

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Authorized person* means a person, whether elected or appointed, who is authorized by the city manager or city commission to incur travel expenses in the performance of his official duties.

*Class A travel* means continuous travel of 24 hours or more away from official headquarters.

*Class B travel* means travel for short or day trips where the traveler is not away from his official headquarters overnight.

*Common carrier* means a train, bus, commercial airline operating scheduled flights, or rental car of an established rental car firm.

*Employee* means an individual who is filling a regular or full-time authorized position in the employ of the city other than an official or public officer.

*Official* or *public official* means an individual, whether elected or appointed, who is vested by this Code, the Charter or resolution with the duty or the power to act on behalf of the city.

*Travel day* means a period of 24 hours consisting of four quarters of six hours each.

*Travel expense, traveling expenses, necessary expenses while traveling, actual expenses while traveling,* or words of similar nature, means the usual ordinary and incidental expenditures necessarily incurred by a traveler.

*Travel period* means a period of time between the time of departure and time of return.

*Traveler* means a public officer, public employee or authorized person, when performing authorized travel.

PROOFS

(Code 1960, § 2-120(a—j); Code 1983, § 2-81)

**Sec. 2-147. Purpose.**

It is the desire of the commission to establish uniform maximum rates and limitations for travel expenses, applicable to all elected and appointed officials, employees and authorized persons whose traveling expenses are paid from public funds of the city.

(Code 1960, § 2-119; Code 1983, § 2-82)

**Sec. 2-148. Maximum rates and limitations.**

(a) *Generally.* The uniform maximum rates and limitations for travel expenses in this section are hereby established, applicable to all elected and appointed officials, employees and authorized persons whose traveling expenses are paid from public funds of the city.

(b) *Authority to incur traveling expenses.*

(1) All travel of officers and employees subject to the control of the city manager must be authorized and approved by the city manager. Authorized travel shall be within the appropriation set out in the annual budget.

(2) Traveling expenses of travelers shall be limited to those expenses necessarily incurred by them in the performance of a public purpose and must be within the limitations prescribed by this section.

(3) When authorization is granted to travel by air to individuals whose travel expenses are financed through city funds for other than coach tickets, the same shall be with the approval of the city manager. Except in unusual circumstances, this will require that coach accommodations are not available and no reasonable alternative exists.

(c) *Computation of travel time for reimbursement.*

(1) *Class A travel.* The travel day for Class A travel shall be a 24-hour day commencing one minute after 12:00 midnight on the day travel commences. The day shall be divided into four six-hour quarters and per diem shall be paid for any quarter or portion thereof in which an employee travels. The first quarter shall be from 12:01 a.m. to 6:00 a.m.

Example: A traveler departs at 8:00 a.m. and returns 48 hours later at 8:00 a.m. His travel starts in the second quarter of the day (i.e., 6:00 a.m. to 12:00 noon). He would be paid for the second, third and fourth quarter for the first day, for all four quarters of the second day and for the first and second quarters of the third day.

(2) *Class B travel.* A traveler shall not be reimbursed on a per diem basis for Class B travel, but shall receive subsistence as provided in this section, which allowance for meals shall be based on the following schedule:

a. Breakfast—When travel begins before 6:00 a.m. and extends beyond 8:00 a.m.

b. Lunch—When travel begins before 12:00 noon and extends beyond 2:00 p.m.

c. Dinner—When travel begins before 6:00 p.m. and extends beyond 8:00 p.m. or when travel occurs during night-time hours due to special assignment.

No allowance shall be made for meals when travel is confined to the city or the immediate vicinity.

(d) *Rates of per diem and subsistence allowance.* For purposes of reimbursement, rates and methods of calculation, per diem and subsistence allowances shall be as established by resolution. ~~are divided into the following groups:~~

~~— All travelers may be allowed for subsistence either of the following:~~

~~— Per diem as approved in section 112.061 of the Florida Statutes, or its successor; or~~

~~— Up to the amounts permitted in paragraph (2) of this subsection for meals, plus up actual expenses for lodging at a single occupancy rate substantiated by paid bills therefor, plus up to a five-dollar allowance to cover gratuities for baggage-handling services for each trip.~~

PROOFS

~~— Meals only: All travelers may be allowed for subsistence while on Class B travel up to the following amounts.~~

~~— Breakfast ..... $ 8.00~~

~~— Lunch ..... 8.00~~

~~— Dinner ..... 20.00~~

~~Plus all amounts for gratuities not in excess of 15 percent of the cost of each meal, provided for in (f) where substantiated by paid bills. Should actual expenses exceed the above rates due to emergency conditions or unusual economic surroundings, paid receipts must be submitted.~~

(e) *Transportation.*

(1) All travel must be by a usually traveled and economical route. In case a person travels by an indirect route for his own convenience, any extra costs shall be borne by the traveler and reimbursement for expenses shall be based only on such charges as would have been incurred by a usually traveled and economical route.

(2) Transportation by common carrier when traveling on official business and paid for personally by the traveler shall be substantiated by a receipt therefor.

(3) The use of privately-owned vehicles for official travel in lieu of publicly-owned vehicles or common carriers may be authorized by the city manager. Whenever travel is by privately-owned vehicle, the traveler shall be entitled to a mileage rate allowance at a fixed rate not to exceed the optional business standard mileage rate as set forth by the Internal Revenue Service. Reimbursement for other expenditures related to the operation, maintenance, and ownership of a vehicle shall not be allowed when privately-owned vehicles are used on public business and reimbursement is made pursuant to this subsection. All mileage shall be shown from point of origin to the point of destination. Vicinity mileage necessary for the conduct of business is allowable. No individual who receives a regular monthly car allowance from the city shall receive additional reimbursement for vicinity mileage within the county under this subsection; however, reimbursement may be allowed by the city manager for travel outside the county in connection with official business.

(4) Transportation by chartered vehicles when traveling on official business may be authorized by the city manager when necessary or where it is to the advantage of the city, provided the cost of such transportation does not exceed the cost of transportation by privately-owned vehicles.

(5) No traveler shall be allowed either mileage or transportation expenses when he is gratuitously transported by another person, or when he is transported by another traveler who is entitled to mileage or transportation expense.

(f) *Other expenses.* The following incidental traveling expenses of the traveler may be reimbursed:

(1) Taxi fare.

(2) Ferry fares.

(3) Bridge, road and tunnel tolls.

(4) Storage or parking fees.

(5) Communication expense includes a reasonable amount for phone calls to home and office.

(6) Convention registration fees while attending a convention or conference which will serve a direct public purpose. However, the value of any meals or lodging included in the registration fee will be deducted from any per diem reimbursement paid pursuant to subsection (d) of this section.

(7) Such other expenses are incidental and necessary to such travel.

(g) *Fraudulent claims.* Claims submitted pursuant to this division shall not be required to be sworn to before a notary public or other officer authorized to administer oaths but any claim authorized or required to be made under any provision of this division shall contain a statement that the expenses were actually incurred by the traveler as necessary traveling expenses in the performance of his official duties and shall be verified by a written declaration

PROOFS

that it is true and correct as to every material matter; and any person who willfully makes and subscribes any such claim which he does not believe to be true and correct as to every material matter, or who willfully aids or assists in, or procures, counsels or advises the preparation or presentation under the provisions of this division of a claim which is fraudulent or is false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person authorized to present such claim, is guilty of a misdemeanor and, upon conviction thereof, shall be punished accordingly. Whoever shall receive an allowance or reimbursement by means of a false claim shall be civilly liable in the amount of the overpayment for the reimbursement of the public fund from which the claim was paid.

(h) *Advancements.* Notwithstanding any of the restrictions and limitations in this division, the city manager may make, or authorize the making of, advances to cover anticipated costs of travel to travelers.

(i) *Business guests.* All expenditures of funds for business guests must be reported and justified.

(Code 1960, § 2-121; Code 1983, § 2-83; Ord. No. I-158, §§ 1—3, 4-7-1986; Ord. No. J-203, § 1, 9-4-1996; Ord. No. K-359, §§ 1, 2, 7-18-2005; Ord. No. L-32, § 1, 7-7-2008; Ord. No. L-218, § 1, 8-15-2011)

DIVISION 4. GENERAL EMPLOYEES' RETIREMENT SYSTEM

*Subdivision I. In General*

**Sec. 2-257. Definitions.**

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Accumulated member contributions* means the balance in a member's individual account in the member's deposit fund.

*Annuity* means a series of monthly payments to a retired participant or annuity beneficiary from the retirement system.

*Annuity beneficiary* means an individual who is being paid an annuity or has been designated to be paid an annuity from the retirement system on account of the death of a member or retired member.

*Code* means the Internal Revenue Code of 1986, as amended from time to time.

*Compensation* means the salary or wages paid an employee for personal services rendered a participating employer. The term "compensation" includes:

(1) Base pay;

(2) Incentive pay;

(3) Longevity pay, shift premiums and police incentive pay;

(4) Overtime pay, provided that such overtime pay shall not exceed a sum equivalent to what is credited for the first 300 hours of overtime earned annually during a fiscal year.

(5) Base salary or wages while absent from work on account of vacation, holiday, illness or other authorized paid leave;

(6) Payments in consideration of unused sick and vacation time, but only as accrued through September 30, 2012, provided further, that the individual became a member of the system prior to October 1, 2012, but also provided that, in the event the member is an employee of the utility authority, such accrual shall not extend beyond July 1, 2011.

(7) City contributions on behalf of the employee to a deferred compensation program maintained pursuant to section 457 of the Internal Revenue Code.

The term "compensation" shall not include any salary, wage or other remuneration not specifically designated in this definition as included in compensation. For purposes of applying the limitations of section 415(b), the term "compensation" includes those items listed in subsections (1) through (7) of this definition.

*Credited service* means the years of service, to the nearest 1/12 year, in an individual's credited service account.

*Employee* means any person who:

(1) Is employed by a participating employer in a position normally requiring 700 or more hours of work per annum; and

(2) Is compensated on a regular participating employer payroll in a position subject to withholding of federal income and FICA taxes.

The term "employee" shall include elected officers of participating public employers who satisfy the requirements of the preceding sentence. The term "employee" shall not include any person whose service is compensated wholly on a contractual or fee basis.

*Final average salary* means one-sixtieth of the compensation paid a member during the five consecutive years of the member's credited service producing the highest total compensation paid and contained within the member's ten years of credited services immediately preceding termination of membership. If a member has less than five

PROOFS

years of credited service, the term "final average salary" means the total compensation paid the member divided by the member's credited service. For utilities authority and police officer members, the five years need not be consecutive and a year shall be 12 consecutive months or such other consecutive period of time as is used and consistently applied.

*General employee* means any employee except a utilities employee or a police officer.

*Member* means an employee who is a member of the retirement system.

*Participating employer* means the city and the city utilities authority.

*Police officer* means an employee of the city who is certified or required to be certified as a law enforcement officer in compliance with F.S. § 943.14 holding the rank of patrol officer, including probationary patrol officer, or higher rank. The term "police officer" shall not include:

(1) Any person who is employed in a civilian position in the police department;

(2) Any person who is temporarily employed as a police officer for an emergency;

(3) Any person who is privately employed as a police officer.

*Refund beneficiary* means the person designated by a member or former member to receive payment of all or a portion of the member's or former member's accumulated member contributions as provided in this division.

*Retired member* means a former member who is being paid an annuity by the retirement system.

*Retirement board* means the retirement board provided for in this division.

*Retirement system* means the retirement and benefit system of the city created and established by this division.

*Utilities employee* means an employee of the city utilities authority.

*Vested former member* means an individual who at the time of termination of membership met the requirements of section 2-272 for vested former member status and who has not subsequently forfeited credited service by electing payment of accumulated member contributions.

*Vested member* means a member who meets the credited service requirement for vested termination specified in the coverage plan applicable to the member.

*Workers' compensation period* means the period a member, retired member or beneficiary is in receipt of workers' compensation on account of a member's disability or death arising out of and in the course of participating employer employment. If the member, retired member or beneficiary is paid a single sum in lieu of future weekly workers' compensation, the workers' compensation period shall be the period, if any, the member, retired member or beneficiary was in receipt of weekly workers' compensation plus the period arrived at by dividing said single sum by the member's, retired member's or beneficiary's weekly workers' compensation award.

(Code 1983, § 13-16; Ord. No. K-414, § 1, 3-20-2006; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-150, § 2, 10-18-2010; Ord. No. L-298, § 1, 9-16-2013)

**Sec. 2-258. Retirement system established.**

There is hereby established the retirement and benefit system of the city to provide for the retirement of officers and employees of the city and participating employees who become superannuated due to age or disability; to provide conditions of membership; to provide annuities and other benefits to be payable upon the retirement of members and under certain conditions to the dependents of members and retired members; to provide for the financing of the retirement system by contributions to be made by participating employers and members; to provide for the return of members' accumulated member contributions under certain conditions; to provide a retirement board to administer the retirement system; to provide for the investment of ~~moneys~~ of the retirement system and to delegate certain authority and responsibilities to the retirement board. This system is intended to be a tax-qualified plan under section 401(a) of the Internal Revenue Code and meet the requirements of a governmental plan, as defined in section 414(d) of the Internal Revenue Code.

(Code 1983, § 13-19; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-150, § 2, 10-18-2010)

PROOFS

**Sec. 2-259. Exemption of benefits from city tax.**

No annuity or other benefit under this division shall ever be subject to any city tax or process, but shall be exempt therefrom.

(Code 1983, § 13-20; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-260. Composition of fund; payment by city and utilities authority.**

The trust fund created under this division, together with the ~~moneys~~ hereby retroactively brought into the same, and the subsequent accumulations to same from participating employers shall constitute the trust hereby created. Each participating employer shall at the end of each biweekly period pay a sum of money into the trust determined in accordance with section 2-289.

(Code 1983, § 13-21; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-261. Assessments against land for city's contribution.**

No tax shall ever be assessed against any land to raise the city's contribution to the retirement fund.

(Code 1983, § 13-22; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-262. Fund held as separate trust; direction; supervision; bond.**

The trust fund provided for in this division shall be deemed to be held in separate trust from all municipal ~~moneys~~, under the direction and in the discretion of the retirement board, subject to supervision by the city commission. All payments by the retirement system shall be authorized by a specific or continuing resolution of the retirement board and shall be made by check signed by the city finance director and countersigned by the chairperson of the retirement board.

(Code 1983, § 13-23; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-263. Membership—Requirements for; exclusions from.**

(a) Each employee of a participating employer shall be a member of the retirement system, unless excluded from membership by subsections (b) or (c) of this section. Elected officials must file written application for membership with the retirement board. If any question arises about the membership status of any person, the retirement board shall resolve the question and such resolution shall be final.

(b) An employee holding an excludable position may be elected to be excluded from membership. The election shall be in writing and to be valid must be filed with the retirement board within 30 days of assuming an excludable position. Excludable positions are:

(1) The city manager;

(2) The chief of police;

(3) The director of the city utilities authority; and

(4) The city attorney.

(c) A former employee of a participating employer, who is presently receiving regular or disability retirement benefits under this article, who is subsequently reemployed by a participating employer, shall not be a member of the retirement system. For the purpose of this section, the term "employee" is given the meaning imposed by general law governing agency principals, not as such term is otherwise defined in section 2-257.

(Code 1983, § 13-24; Ord. No. K-442, § 1, 10-16-2006; Ord. No. K-469, § 1, 2-20-2007; Ord. No. K-512, § 1, 10-1-2007; Ord. No. 16-012, § 1, 6-20-2016)

**Sec. 2-264. Membership—Termination.**

The membership of an employee shall cease upon termination of employee status or upon becoming employed in a position excluded from membership as provided in section 2-263(b).

(Code 1983, § 13-25; Ord. No. K-469, § 1, 2-20-2007)

PROOFS

**Sec. 2-265. Employment after retirement.**

(a) Benefits shall not be paid, but shall be suspended, under this division for any period that membership or employment is reinstated with any member employer following termination of such membership or retirement from employment, nor shall benefits under this division be paid during any period where the former member or retiree performs services as an independent contractor, as such term is defined and construed under general state law, for the member employer unless such independent contracting services commence more than 30 days after termination of membership or retirement, provided that such independent contracting agreement is furnished to the board for prior review and approval, based upon determination that such contract is for a bona fide independent contracting relationship.

(b) Any person who is receiving regular or disability retirement benefits under this division and who becomes reemployed in any capacity with a participating employer, as the term "employment" is construed in general law according to agency principals, shall give timely notice of such reemployment in writing to the board, and such person's retirement benefits shall be suspended for the balance of the period of reemployment. Any person employed in violation of this section and any participating employer which knowingly employs or appoints such person without notifying the board to suspend retirement benefits shall be jointly and severally liable for reimbursement to the retirement system of any benefits paid during the period of reemployment. To avoid liability, the participating employer shall have a written statement from the retiree, at the time the employee becomes reemployed, that notice of reemployment was given to the board in accordance with this section. Any retirement benefits received by such person while reemployed shall be repaid to the retirement system and the retirement benefits shall remain suspended until such repayment has been made. Any benefits suspended in accordance with this subsection shall apply toward the repayment of benefits received in violation hereof.

(Code 1983, § 13-25.1; Ord. No. K-442, § 2, 10-16-2006)

**Sec. 2-266. Service credit; requirements for; forfeiture of; reinstatement.**

(a) Service rendered a participating employer by a member shall be credited to the member's credited service account in accordance with retirement board rules and regulations:

(1) Service shall be credited to the nearest 1/12 year; and

(2) In no case shall less than ten months of service rendered in any calendar year be credited as a year of service; nor shall more than one year of service be credited for all service rendered in any calendar year.

(b) Credited service shall be forfeited if either:

(1) Membership terminates prior to retirement, death or satisfaction of the requirements for vested termination provided in section 2-272; or

(2) Accumulated member contributions are paid to the former member, former member's refund beneficiary or legal representative.

(c) The last forfeited credited service of a member may be reinstated, following reemployment of such member, if the following requirements are satisfied:

(1) If the member is a police officer, the member repays the retirement system, following reemployment, the accumulated member contributions previously paid by the police office member, plus interest determined by the board; or

(2) If the member is not a police officer, the member pays the full actuarial cost of such previously forfeited service credit so that no part of the cost will be paid by the employer or the retirement system. In addition, the member requesting reinstatement shall be responsible for paying the actuary's fee for providing the cost information.

Credited service shall be reinstated and become effective immediately following payment of the ~~moneys~~ provided for in this section by the police officer members or other members.

(Code 1983, § 13-26; Ord. No. K-469, § 1, 2-20-2007; Ord. No. K-471, § 1, 3-5-2007; Ord. No. K-513, § 1, 10-1-2007)

~~**Sec. 13-26.1. Service purchase options for the city manager.**~~

PROOFS

~~The person who is the city manager at the time the ordinance from which this section derives is adopted by the city commission shall be given the option to purchase any or all of the following:~~

~~(1) The period of time from the city manager's date of employment to the date he became a member of the retirement system;~~

~~(2) One year of military service in addition to the three years authorized by section 13-28.~~

~~The money required to be paid for the purchase of any or all of these periods shall be due and payable when the purchase is requested. The city manager will pay the full actuarial cost of said requested service so that no part of the cost will be paid by the city or the retirement system. The retirement system may accept a transfer of assets from a 457 plan or another 401(a) plan as part of any purchase.~~

~~(Code 1983, § 13-26.1; Ord. No. K-469, § 1, 2-20-2007)~~

**Sec. 2-267. Credit for intervening military service.**

(a) A member who left the employ of a participating employer to enter the Armed Forces of the United States during any period of compulsory military service, and who reenters the employ of a participating employer and again becomes a member, shall have such armed service, not to exceed a total of five years, credited as participating employer service, if the following conditions are satisfied:

(1) Immediately upon the member's return from active duty to city employment, the department of human resources shall make the returning member aware of entitlement to claim military service credit under this section, and shall inform the member in writing that application for such entitlement must be made to the retirement board within one year following the date such member was released from duty under honorable conditions;

(2) The member's reemployment is on the basis of the personnel rules and regulations of the member's participating employer;

(3) The member pays the retirement system the amount of accumulated member contributions the member may have withdrawn. In any case of doubt as to the period of military service to be credited a member, the retirement board shall have final power to determine the period. During the period of such armed service, contributions to the retirement system shall be suspended; and

(4) The same period of service has not been used to obtain or increase a benefit from another retirement program.

(b) In the event this section should conflict with the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), either as originally enacted or as thereafter amended, this section shall be construed, where applicable, in conformity with such Act.

(Code 1983, § 13-27; Ord. No. K-469, § 1, 2-20-2007; Ord. No. 18-038, § 1, 12-3-2018)

**Sec. 2-268. Purchase of active duty military service time.**

(a) A member with military time on active duty for the United States forces may purchase up to four years of active duty military time if the following requirements are satisfied:

(1) The member has been employed by participating employers for at least five years and is vested in the retirement system as provided in section 2-272; and

(2) The purchase is completed by the member's retirement date.

(b) The money required to be paid for the purchase of military time as provided in this section shall be due when the purchase is requested. The employee will pay the full cost of the purchase of said military credit, and no part of the cost will be paid by the employer. If an employee is already receiving retirement benefits from the military services of the United States, the employee will not be eligible to purchase military service credit under this provision. The cost of purchasing the military service credit will be determined by percentages based on current annual base salary of the employee at the time that option is exercised.

(Code 1983, § 13-28; Ord. No. K-469, § 1, 2-20-2007)

PROOFS

**Sec. 2-269. Normal retirement; conditions for.**

A member or vested former member may retire upon written application filed with the retirement board setting forth at what time, not less than 30 days, nor more than 90 days subsequent to the execution and filing thereof, the member or vested former member desires to be retired, if the following conditions are satisfied:

(1) Employment by all participating employers is terminated prior to the selected date of retirement; and

(2) The member or vested former member meets an age and/or credited service requirement specified in the coverage plan applicable to the member or vested former member.

(Code 1983, § 13-~~16~~29; Ord. No. K-469, § 1, 2-20-2007)

~~**Sec. 2-270. Reserved.**~~

**Sec. 2-270. Retirement annuity.**

(a) Except as otherwise provided by the retirement ordinance and the provisions of section 415 of the Internal Revenue Code applicable to public employee retirement plans, the amount of annuity under the standard form of payment shall be determined in accordance with the provisions of the coverage plan under which the member or vested former member has been covered. If the member has been covered under more than one coverage plan, the amount of annuity shall be determined as follows:

(1) *Step 1.* Calculate the amount of annuity for each coverage plan as if the member or vested former member had acquired all credited service under the coverage plan.

(2) *Step 2.* Multiply the amount of each annuity calculated in Step 1 by the ratio of credited service acquired while covered under the coverage plan to the member's or vested former member's total credited service.

(b) A member or vested former member may elect to be paid the annuity under a form of payment option provided in section 2-273 in lieu of the standard form of payment.

(c) If the member last became a member on or after January 1, 1980, the amount of standard form of annuity shall not exceed 100 percent of the member's average final compensation as defined in F.S. § 112.65, except that as to individuals who become members on or after October 1, 2012, the amount of the standard form of annuity shall not exceed 75 percent of the members average final compensation. In no event may the maximum pension payment to any member exceed $100,000.00 annually.

(Code 1983, § 13-31; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-298, § 2, 9-16-2013)

**Sec. 2-271. Vested termination of membership.**

(a) A member who ceases to be a member for a reason other than retirement or death shall be a vested former member, if the following requirements are satisfied:

(1) The member meets the credited service requirement for vested termination specified in the coverage plan applicable to the member; and

(2) The member's accumulated member contributions are left on deposit with the retirement system.

(b) Eligibility for normal retirement and the amount of normal retirement annuity shall be determined according to the provisions of ~~the retirement ordinance~~ this article in effect on the date of termination of membership. Determination of the amount of annuity under a form of payment option shall be made using the assumptions in effect at the time of retirement.

(c) An election by a member or vested former member to be paid accumulated member contributions shall cause forfeiture of credited service and all rights to any benefits of the retirement system other than payment of the accumulated member contributions.

(Code 1983, § 13-32; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-272. Form of payment options.**

(a) A member or vested former member may elect to have annuity payments made under one of the form of payment options provided in this section and name a survivor pension beneficiary. The election of a form of payment option and naming of survivor annuity beneficiary shall be made on a form furnished by and filed with the

PROOFS

retirement system prior to the date the first annuity check is issued. The election of form of payment option and/or survivor annuity beneficiary can be changed up to and until the issuance of the first annuity check. After the date that the first annuity check is issued, no change can be made in the election of form of payment option. If Option A, Option B, Option D, or Option E has been elected, no change can be made in the survivor annuity beneficiary, except as provided in subsection (d) of this section. If form of payment Option C has been elected, more than one survivor annuity beneficiary may be selected. Each selected survivor beneficiary shall share equally in any benefit that becomes payable to a survivor annuity beneficiary, unless the retired member has specified and filled with the retirement system, in writing, a different sharing. Payment shall be made under the standard form of payment if there is no timely election of an option form of payment. The amount of annuity under a form of payment option shall have the same actuarial present value as the amount of annuity under the standard form of payment.

(b) The form of payment options available for election are:

(1) *Option A: Lifetime payments with 100 percent lifetime continuation to survivor annuity beneficiary.* The retired member is paid a reduced annuity for life under form of payment Option A. The last payment to the retired member is the payment for the month in which the retired member dies. The named survivor annuity beneficiary, if living on the first day of the month following the death of the retired member, is then paid 100 percent of the reduced annuity for life. The first payment to the survivor annuity beneficiary is for the month following the month in which the retired participant dies. The last payment to the survivor annuity beneficiary is for the month in which the survivor annuity beneficiary dies. No payment is made to the survivor pension beneficiary if the death of the retired participant and the death of the survivor annuity beneficiary occur in the same month and year. If the named survivor annuity beneficiary dies prior to the first month in which the retired member dies, the amount of the retired member's annuity shall change to the amount that would have been payable under the standard form of payment. The change in amount shall commence with the payment for the month following the month of death of the survivor annuity beneficiary.

(2) *Option B: Lifetime payments with 50 percent lifetime continuation to survivor annuity beneficiary.* The retired member is paid a reduced annuity for life under form of payment Option B. The last payment to the retired member is the payment for the month in which the retired member dies. The named survivor annuity beneficiary, if living on the first day of the month following the death of the retired member, is then paid 50 percent of the reduced annuity for life. The first payment to the survivor is for the month following the month in which the retired participant dies. The last payment to the survivor annuity beneficiary is for the month in which the survivor annuity beneficiary dies. No payment is made to the survivor pension beneficiary if the death of the retired participant and the death of the survivor annuity beneficiary occur in the same month and year. If the named survivor annuity beneficiary dies prior to the first of the month in which the retired member dies, the amount of the retired member's annuity shall change to the amount that would have been payable under the standard form of payment. The change in amount shall commence with the payment for the month following the month of death of the survivor annuity beneficiary.

(3) *Option C: Annuity for ten years certain and life thereafter.* The retired member is paid a reduced annuity for life under form of payment Option C. If the retired member dies before being paid 120 monthly annuity payments, the monthly annuity payment shall be continued for the remainder of the period of 120 months to the retired member's survivor annuity beneficiary. If there is no surviving survivor annuity beneficiary, the actuarial present value of the remaining annuity payments in the 120-month period shall be paid to the estate of the retired member or trust.

(4) *Option D: Lifetime payments with 75 percent lifetime continuation to survivor annuity beneficiary.* The retired member is paid a reduced annuity for life under form of payment Option D. The last payment to the retired member is the payment for the month in which the retired member dies. The named survivor annuity beneficiary, if living on the first day of the month following the death of the retired member, is then paid 75 percent of the reduced annuity for life. The first payment to the survivor annuity beneficiary is for the month following the month in which the retired participant dies. The last payment to the survivor annuity beneficiary is for the month in which the survivor annuity beneficiary dies, no payment is made to the survivor pension beneficiary if the death of the retired participant and the death of the

PROOFS

survivor annuity beneficiary occur in the same month and year. If the named survivor annuity beneficiary dies prior to the first month in which the retired member dies, the amount of the retired member's annuity shall change to the amount that would have been payable under the standard form of payment. The change in amount shall commence with the payment for the month following the month of death of the survivor annuity beneficiary.

(5) *Option E: Lifetime payments with 66 2/3 percent lifetime continuation to survivor annuity beneficiary.* The retired member is paid a reduced annuity for life under form of payment Option E. The last payment to the retired member is the payment for the month in which the retired member dies. The named survivor annuity beneficiary, if living on the first day of the month following the death of the retired member, is then paid 66 2/3 percent of the reduced annuity for life. The first payment to the survivor annuity beneficiary is for the month following the month in which the retired participant dies. The last payment to the survivor annuity beneficiary is for the month in which the survivor annuity beneficiary dies. No payment is made to the survivor pension beneficiary if the death of the retired participant and the death of the survivor annuity beneficiary occur in the same month and year. If the named survivor annuity beneficiary dies prior to the first month in which the retired member dies, the amount of the retired member's annuity shall change to the amount that would have been payable under the standard form of payment. The change in amount shall commence with the payment for the month following the month of death of the survivor annuity beneficiary.

(c) If all annuity payments permanently terminate before the retirement system has paid an aggregate amount equal to the former member's accumulated member contributions, the difference between the amount of accumulated member contributions and the aggregate amount of annuity payments made shall be paid to the legal representative or administrator of the estate of the former member.

(d) If a retired member has elected Option A, Option B, Option D, or Option E, and such retired member's annuity payments have commenced, the retired member may thereafter change the designated beneficiary up to two times. Upon receipt of a completed change of joint annuity form or such other notices the board may prescribe, the member's monthly benefit shall be readjusted by the application of actuarial tables and calculations developed to ensure that the benefit paid is the actuarial equivalent of the present value of the members current benefit, taking into account the ages of the former beneficiary, the new beneficiary and the member. The member shall be responsible for payment of the cost incurred for any such actuarial calculations. The consent of the member's beneficiary to such change shall not be required

**Sec. 2-273. Death of member; survivor annuities; named beneficiary; spouse.**

(a) A vested member who either has 20 or more years of credited service, or is age 55 years or older, may elect form of payment Option A and name a survivor annuity beneficiary or may elect form of payment Option C and name a survivor annuity beneficiary or a trust. At any time prior to retirement, the member may revoke or change the election of Option A or Option C and nomination of survivor annuity beneficiary. Upon the death of a member who has a form of payment Option A or Option C election in effect the named survivor annuity beneficiary or trust shall be paid an annuity. The amount of annuity shall be computed in the same manner in all respects as if the member had retired the day preceding the date of the member's death, even though the member might not have met the applicable conditions for retirement. Payment to a survivor annuity beneficiary or trust under this section shall terminate upon the earlier of the end of the certain period and the death of the designated survivor annuity beneficiary.

(b) If a member has form of payment Option A or Option C election in effect at the time of retirement pursuant to this section, the election and naming of survivor annuity beneficiary shall continue in effect.

(c) The spouse of a vested member who does not have a form of payment Option A or Option C election in effect pursuant to section 2-276, and dies while in the employ of a participating employer, shall be paid an annuity. The amount of annuity shall be computed in the same manner as if the deceased member had retired the day preceding death, elected form of payment Option A named the spouse as beneficiary; even though the member might not have met the conditions for retirement. A spouse's annuity shall terminate upon the death of the spouse.

(Code 1983, § 13-34; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-290, § 2, 6-17-2013; Ord. No. L-298, § 3, 9-16-2013)

PROOFS

**Sec. 2-274. Death of member in line of duty; survivor annuities.**

(a) If a member dies and the retirement board finds that the member's death is the result of a personal injury or disease arising solely and exclusively out of and in the course of the member's actual performance of duty in the employ of a participating employer, and that workers' compensation is granted on account of the member's death, the applicable annuities provided in subsections (a)(1) through (3) of this section shall be paid, subject to subsection (b) of this section.

(1) The surviving spouse of the deceased member shall be paid an annuity equal to his weekly workers' compensation award converted to a monthly basis. Payment of the annuity shall begin with the month following termination of the surviving spouse's workers' compensation period and shall terminate with the payment for the month in which occurs the surviving spouse's death.

(2) The deceased member's unmarried child or children under age 18 years shall each be paid an annuity equal to the child's weekly workers' compensation award converted to a monthly basis. Payment of a child's annuity shall begin with the payment for the month following the month of termination of the child's workers' compensation period and shall terminate with the payment for the month in which occurs the child's adoption, marriage, attainment of age 18 years or death, whichever occurs first.

(3) The deceased member's financially dependent parents shall each be paid an annuity equal to the parent's weekly workers' compensation award converted to a monthly basis. Payment of a parent's annuity shall begin with the payment for the month following the month of termination of the parent's workers' compensation period and shall terminate with the payment for the month in which occurs the parent's remarriage or death.

(b) No annuities shall be paid under this section on account of the death of a member if any annuities become payable under section 2-276 on account of the member's death.

(c) If an annuity becomes payable under this section on account of the death of a member, the member's accumulated member contributions shall continue to be credited with interest until payment of an annuity begins. Accumulated member contributions shall be transferred to the annuity reserve fund when payment of an annuity starts.

(Code 1983, § 13-35; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-275. Disability retirement; conditions for.**

(a) The retirement board may retire a member on account of disability if all of the following requirements have been met:

(1) The member has five or more years of credited service;

(2) The member was a member at the time the disability was incurred;

(3) A written application for disability retirement, in the form and containing the information prescribed by the retirement board, has been filed with the retirement system by the member or the member's department head;

(4) Membership is terminated prior to the selected date of disability retirement;

(5) The participant submits to all medical examinations and tests and furnishes copies of all medical reports requested by the retirement board;

(6) The retirement board determines the member to be totally and permanently incapacitated for duty in the employ of the member's participating employer, by reason of a personal injury or disease;

(7) Two physicians, one of whom shall be selected by the retirement board and paid by the retirement system, and one of whom shall be selected by the member and paid by the member, both report to the retirement board, in writing, that the member is mentally or physically totally incapacitated for duty in the employ of the member's participating employer, the incapacity will probably be permanent, and the member should be retired.

PROOFS

(b) The five years of credited service requirement contained in this section shall be waived in the case of a member whom the retirement board finds to be in receipt of weekly workers' compensation on account of disability arising out of and in the course of his employment by a participating employer.

(Code 1983, § 13-36; Ord. No. K-414, § 2, 3-20-2006; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-298, § 4, 9-16-2013; Ord. No. 18-037, § 1, 11-5-2018, eff. 9-16-2013)

**Sec. 2-276. Disability annuity; amount of.**

(a) The amount of a disability retirement annuity under the standard form of payment shall be calculated as provided in section 2-270, subject to subsections (b) and (c) of this section.

(b) If a member is retired on account of disability as provided in section 2-275 for a disability arising out of and in the course of the member's employment by a participating employer, the following additional provisions shall apply:

(1) Subject to subsection (c) of this section, the amount of disability annuity under the standard form of payment during the member's duty disability period shall be 75 percent of the member's final average salary for all coverage plans.

(2) The member's duty disability retirement period begins on the date of the member's disability retirement.

(3) The member's duty disability retirement period ends on the first to occur of the following dates: the date the pension is terminated as provided in section 2-278; or the end of the month in which the retired member dies; or the date the annuity has been paid for the maximum duty disability retirement period.

(4) The maximum duty disability retirement period is the number of months in the period from the date of the member's duty disability retirement and the first to occur of the following dates: the date the member would have acquired 25 years of credited service had employment continued with a participating employer; or the date the member attains age 65 years but not prior to the date which is 60 months after the date of duty disability retirement.

(5) Credited service shall not be projected for the purpose of calculating the amount of a disability annuity.

(6) At the end of the disability period the disability benefit would convert to a regular retirement benefit with service credit granted for the duty disability period.

(c) The amount of a disability retirement annuity shall not exceed the difference between 100 percent of the member's final average salary and the monthly equivalent of any weekly workers' compensation paid the retired member.

(d) In no case shall the amount of the duty disability annuity under the standard form of payment for a police officer member be less than 42 percent of final salary, nor shall the amount of the non-duty disability annuity under the standard form of payment for a police officer member who has ten or more years of service be less than 25 percent of final salary.

(Code 1983, § 13-37; Ord. No. K-469, § 1, 2-20-2007; Ord. No. K-472, § 1, 3-5-2007)

**Sec. 2-277. Reexamination of disability retired member.**

(a) At least once each year during the first five years following a member's retirement on account of disability, and at least once in every three-year period thereafter, the retirement board may require a disability retired member who has not attained age 55 years to undergo a medical examination to be made by or under the direction of a physician designated by the board. If the retired member refuses to submit to the medical examination, payment of the retired member's disability annuity maybe suspended by the board until refusal is withdrawn. Should refusal continue for one year, all the retired member's rights in and to a disability annuity may be revoked by the retirement board. If the physician reports to the retirement board that the retired member is physically able and capable of resuming employment with the participating employer from which retired, and the retirement board concurs, the retired member shall be returned to employment and the disability annuity shall terminate. In returning the retired member to employment, reasonable latitude shall be allowed the participating employer in placing the retired member in a position commensurate to the retired member's type of work and compensation at the time of retirement.

PROOFS

(b) A disability retired member who is returned to employment shall again become a member and the credited service at the time of retirement shall be reinstated. The member shall be given credited service for the period the disability annuity was paid if within payment period weekly workers' compensation was paid on account of the same disability arising out of and in the course of employment by a participating employer; otherwise credited service shall not be given for the payment period.

(c) In the event a disability retired member who has not attained age 55 years becomes engaged in a gainful occupation, business or employment paying more than the difference between the retired member's final average salary and disability annuity, the annuity shall be reduced to an amount which together with the amount so earned equals but does not exceed the final average salary. However, for a police officer member, the reduced amount cannot be less than the minimums specified in section 2-276(d). Should the retired member's earnings change, the reduction of the annuity shall be adjusted accordingly. Gainful occupation, business or employment existing at the time of disability retirement, other than with a participating preceding disability retirement other than with a participating employer, shall not be considered to the extent of the amount of earnings in the calendar year preceding disability retirement. The retirement system may periodically request substantiated income information from retired members subject to this section. Failure to provide requested information within 90 days of the request shall cause suspension of payment of the disability annuity until the information is provided.

(Code 1983, § 13-~~16~~38; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-278. Disability review committee.**

(a) There shall be a disability review committee, made up of the following members:

(1) The treasurer and secretary and of the retirement board (who shall chair the committee);

(2) The risk management administrator for the city;

(3) The human resources director for the city;

(4) The human resources manager for the utilities authority;

(5) A designated representative for the police department;

(6) And the administrative department head of the department by whom the benefits applicant or retirant was employed.

(b) The disability review committee shall be responsible for the following:

(1) Preliminary investigation of each application for disability benefits, whether under section 2-275 or 2-276;

(2) Review and reexamination of continued entitlement of retirants to disability benefits;

(3) Devise forms for use in the disability administrative process, which forms shall include, but not be limited to, applications, authorizations and correspondence, with all such forms to receive approval by the retirement board;

(4) Obtain and consider all pertinent medical evidence which may be available or may be requested of the retirant or applicant;

(5) Establish policies and procedures necessary to carry out the responsibilities imposed by this section;

(6) Preparation and maintenance of a list of suitable outside consultants and medical experts, with such list to be periodically submitted to the retirement board for approval. Such list shall be available as a convenience in guiding the choice of a physician by the board's treasurer and secretary when making a medical referral in accordance with section 2-275(a)(7). But the choice of referral is not limited to listed consultants or physicians, should the treasurer and secretary reasonably determine that the referral should be made to consultant or physician whose name is not on the list;

(7) Submission of a written report setting out a recommendation to the retirement board upon completion of the preliminary investigation;

(8) Serve as an advisory body to the retirement board on matters relating to award, continuation and administration of disability benefit entitlement.

**Sec. 2-279. General coverage plan; applicability; credited service and/or age and credited service requirements for normal retirement; amount of normal retirement annuity; member contribution rate.**

(a) The general coverage plan is applicable to all members to whom a different coverage plan is not specifically made applicable.

(b) The credited service and/or age and credited service requirement for normal retirement are:

(1) 25 or more years of credited service; or

(2) Age 60 years or older and five or more years of credited service.

(c) The amount of a normal retirement annuity under the standard form of payment is:

(1) For general employees who are covered by a collective bargaining agreement, three percent of the member's final average salary times the member's credited service, not to exceed the applicable maximums set forth in sections 2-270 and 2-297.

(2) For general employees who are not covered by a collective bargaining agreement, three percent of the member's final average salary times the member's credited service, not to exceed the applicable maximums set forth in sections 2-270 and 2-297.

(d) The member contribution rate ~~is 5.16 percent~~ shall be the following percent of compensation:

(1) 5.16 percent for general employees employed by the city who are subject to collective bargaining.

(2) 5.16 percent for general employees employed by the city who are not subject to collective bargaining.

(e) The credited service requirement for vested termination of membership is five years. A vested former member may make application for benefit commencement on or after attainment of age 60 years.

(Code 1983, § 13-39; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-298, § 5, 9-16-2013; Ord. No. 18-037, § 2, 11-5-2018, eff. 9-16-2013)

**Sec. 2-280. Utilities authority coverage plan; applicability; credited service and/or age and credited service requirements for normal retirement; amount of normal retirement annuity; member contribution rate.**

(a) The utilities authority coverage plan is applicable to all members employed by the utilities authority.

(b) The credited service and/or age and credited service requirement for normal retirement are:

(1) 25 or more years of credited service; or

(2) Age 60 years or older and five or more years of credited service.

(c) The amount of a normal retirement annuity under the standard form of payment is three percent of final average compensation times credited service, subject to the applicable maximums set forth in sections 2-270 and 2-297.

(d) The member contribution rate is 6.16 percent of compensation.

(e) The credited service requirement for vested termination of membership is five years. A vested former member may make application for benefit commencement on or after attainment of age 60 years.

**Sec. 2-281. Deferred retirement option program (DROP).**

(a) *Generally.*

(1) In general, and subject to the provisions of this section, the deferred retirement option program, hereinafter referred to as the DROP, is a program under which an eligible member of the retirement system may elect to retire, participate, and become a retirant of the retirement system, deferring receipt of retirement benefits while continuing employment with the participating employer. The deferred monthly benefits of a DROP participant shall accrue in the retirement system on behalf of the DROP

PROOFS

participant, plus earnings (losses) at the rate of investment return earned (or lost) during the period of DROP participation. DROP assets are self-directed by the member and are subject to administrative expenses.

(2) During the period of DROP participation, neither the participating employer nor the DROP participant is obligated to make additional contributions to the retirement system on behalf of the DROP participant. Upon termination of employment and participation in the DROP, the DROP participant shall receive his total DROP benefits and begin to receive his previously determined normal retirement benefits under the option elected prior to DROP participation. Employment while participating in the DROP does not guarantee employment for any specified period. A DROP participant is a retired member of the retirement system.

(b) *Eligibility to participate in the DROP.*

(1) Any member who is eligible to receive a normal retirement annuity and is employed by a participating employer may participate in the DROP and there is no break in service between the member's last working day as an employee and first day as a retired member and DROP participant. The member shall advise the participating employer and the retirement system in writing of the date on which DROP shall begin.

(2) Election to participate shall be forfeited if not exercised within the first 30 years of credited service. However, participation in the first year of enactment will be extended to all eligible members.

(3) The total years of participation in the DROP shall not exceed five years.

(4) Upon a member's election to participate in the DROP, he shall cease to be a member and shall no longer accrue any benefits under the retirement system. For all retirement system purposes, the member becomes, a retired member. The amount of credited service and final average salary freeze as of the date of entry into the DROP. Retirement system amendments which become effective after the date of participation in the DROP will not be applicable to the DROP participant, unless expressly stated by the amendment.

(5) Upon electing to participate in the DROP, the member shall submit on forms required by the retirement system and/or the third-party administrator:

a. A written election to retire;

b. A written election to participate in the DROP;

c. An irrevocable resignation from service to the city and withdrawal from the DROP effective after no more than 60 months participation in the DROP;

d. A properly completed DROP application for normal retirement as provided in this section; and

e. Any other information required by the retirement system or by the third-party administrator or provider.

(6) Reemployed retired members of the city's retirement system are not eligible to participate in DROP.

(c) *Amounts payable upon election to participate in DROP.*

(1) Monthly retirement benefits that would have been payable had the member terminated employment with the participating employer and elected to receive monthly pension payments will be paid into the DROP and credited to the retired member. Payments into the DROP will be made monthly over the period the retired member participates in the DROP, up to a maximum of 60 months.

(2) Each DROP participant shall have a DROP account to which his monthly retirement benefits will be transferred. The participating employer shall select a third-party administrator or provider for this purpose. Payments to the DROP shall be directly deposited with a third-party administrator or provider. Each DROP participant shall direct the manner in which the amounts in his DROP account shall be invested from options selected by the participating employer and approved by the board of trustees. The DROP account will be responsible for investment expenses and the DROP participant will be responsible for the risks associated with investment outcomes. If a retired member does not terminate employment

PROOFS

at the end of participation in the DROP, all future DROP transfers shall cease and be permanently forfeited.

(3) No payments will be made to a retired member until he terminates employment with the city utilities authority.

(4) Employee benefits, other than benefits under the retirement system, which are granted to employees, will be provided to DROP participants.

(5) Upon termination of employment, the retired member, or if deceased, such retired member's named beneficiary, and verification of the same to the board of trustees, a retired member or named beneficiary will receive the balance of the DROP in accordance with the option listed below:

*Direct rollover*. All accrued DROP benefits, plus interest and earnings, if any, shall be paid from the DROP directly to the custodian of an eligible retirement plan, as defined in section 402(c)(8)(B) of the Internal Revenue Code. However, in the case of an eligible rollover distribution to the surviving spouse of a deceased DROP participant, an eligible retirement plan is an individual retirement account or an individual retirement annuity as described in section 402(c)(9) of the Internal Revenue Code.

(6) Any form of payment selected must comply with the minimum distribution requirements of the IRC 401(a)(9).

(7) The accrued benefits of any DROP participant, and any contributions accumulated under such program, shall not be subject to assignment, execution, attachment, or to any legal process whatsoever, except for income deduction orders and federal income tax levies.

(8) DROP participants shall not be eligible for disability retirement benefits as provided under the retirement system. In the event a DROP participant becomes incapacitated for employment by the participating employer, the DROP participation will terminate, and the former DROP participant will elect one of the alternatives under subsection (c)(5) of this section.

(9) Death benefits under the DROP.

a. Upon the death of a DROP participant, the named beneficiary shall be entitled to apply for and receive the accrued benefits in the DROP as provided under subsection (c)(5) of this section.

b. The monthly retirement benefit transferred to the DROP account during the month of a DROP participant's death shall be the final transfer for such DROP account.

c. Eligibility to participate in the DROP terminates upon the death of a DROP participant. A DROP participant's annuity beneficiary shall not be eligible for retirement system death benefits as provided in section 2-273 or 2-274, unless the DROP participant dies on or after the effective date of enrollment in the DROP, but prior to the first monthly benefit being transferred to the DROP.

(10) Cost-of-living adjustment. The DROP participants' monthly retirement benefit shall be increased as provided in section 2-283.

(d) *Administration of the program.*

(1) The board of trustees shall make such rules as are necessary for the effective and efficient administration of this subsection. The board of trustees shall not be required to advise members of the federal tax consequences of an election related to the DROP but may advise members to seek qualified independent advice.

(2) The DROP will be cost-neutral to the city. To maintain the cost-neutral basis to the city, any increase or decrease in the cost of administering the DROP will be absorbed by the participating employer and/or the DROP accounts on a proportionate basis as determined by the participating employer.

(Code 1983, § 13-40.1; Ord. No. K-511, § 1, 10-1-2007; Ord. No. L-85, § 1, 10-19-2009)

**Sec. 2-282. Police officer coverage plan; applicability; credited service and/or age and credited service requirements for normal retirement; amount of normal retirement annuity; member contribution rate.**

(a) The police officer coverage plan is applicable to all members who are a police officer employed by the city.

(b) The credited service and/or age and credited service requirement for normal retirement are:

(1) 25 or more years of credited service; or

(2) Age 55 years or older and five or more years of credited service.

(c) The amount of a normal retirement annuity under the standard form of payment is three percent of the member's final average salary times the member's credited service, not to exceed the applicable maximum set forth in sections 2-270 and 2-297:

(1) For police officers who are covered by a collective bargaining agreement, three percent of the member's final average salary times the member's credited service, not to exceed the applicable maximums set forth in sections 2-270 and 2-297.

(2) For police officers who are not covered by a collective bargaining agreement, three percent of the member's final average salary times the member's credited service, not to exceed the applicable maximums set forth in sections 2-270 and 2-297.

(d) The member contribution rate shall be the following percent of compensation:

(1) 5.16 percent for police officers employed by the city who are subject to collective bargaining;

(2) 5.16 percent for police officers employed by the city who are not subject to collective bargaining.

(e) The credited service requirement for vested termination of membership is five years. A vested former member may make application for benefit commencement on or after attainment of age 60 years.

**Sec. 2-283. Cost-of-living adjustment pertaining to COLA.**

The board may, but is not required, with the advice of the plan's actuary, to adjust the pensions of retired members annually to reflect the change in the cost-of-living as measured by the Consumer Price Index or such other index approved by the board, provided that such adjustments may only be made from investment return of the fund in excess of that required to satisfy the actuarial interest assumption used in the most recent actuarial valuation of the plan. The adjustment shall be subject to a maximum in any plan year of three percent of the current benefit amount. The cumulative value of any cost-of-living adjustments granted pursuant to this section shall not be greater than the cumulative net actuarial gains and losses incurred after the effective date of the ordinance from which this section is derived. The procedures and methods to be followed in the determination of any adjustments shall be established from time to time by the board.

(Code 1983, § 13-43; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-284. Accounting.**

The mandatory accounting funds of the retirement system are the member's deposit fund, the employer accumulation fund and the annuity reserve fund. The retirement board may establish such additional funds and accounts as it from time to time deems appropriate. The maintenance of separate funds and accounts does not require the actual segregation of retirement system assets among the funds and accounts. The accounting records of the retirement system shall be maintained in a manner which permits determination of the equity of each participating employer in the assets of the retirement system.

(Code 1983, § 13-44; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-285. Members' deposit fund.**

(a) The member's deposit fund is hereby created. It shall be the fund in which shall be accumulated the contributions of members, and from which shall be made refunds and transfers of accumulated member contributions, as provided in this division.

PROOFS

(b) A member's contributions to the retirement system shall be as provided by the coverage plan applicable to the member.

(c) Each participating employer shall cause the contributions provided for in subsection (b) of this section to be deducted from the compensation of each member on each payroll. The members' contributions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any member is thereby changed. Each member shall be deemed to consent and agree to the deductions made and provided for herein. Payment of the member's compensation less the deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the member during the period covered by such payment, except as to benefits provided by the retirement system. When deducted, the contributions shall be paid to the retirement system within five working days and shall be credited to the member's accumulated member contribution account.

(Code 1983, § 13-45; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-286. Accumulated member contributions—Transfer.**

Upon retirement, a member's accumulated member contributions shall be transferred to the annuity reserve fund. Except as otherwise provided in this division, at the expiration of a period of four years following the date a member ceases to be a member, any balance of the member's accumulated member contributions unclaimed by the member or the member's legal representative, shall be transferred to the employer accumulation fund.

(Code 1983, § 13-46; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-287. Accumulated member contributions—Refund of.**

(a) The accumulated member contributions of a member or a vested former member who has not met a credited service and/or credited service and age requirement for normal retirement shall be paid to the former member or vested former member upon written request to the retirement system.

(b) If a member, vested former member or former member dies prior to retirement and no annuity becomes payable by the retirement system on account of the death, the deceased's accumulated member contributions shall be paid to the deceased's refund beneficiary. If there is no refund beneficiary surviving the deceased, the accumulated member contributions shall be paid to the estate of the deceased.

(Code 1983, § 13-47; Ord. No. K-469, § 1, 2-20-2007)

~~**Sec. 13-48. Reserved.**~~

**Sec. 2-288. Employer accumulation fund; funding objective; contributions by participating employers.**

(a) The employer accumulation fund is the fund in which shall be accumulated the contributions made by participating employers. The funding objective for the retirement system is to establish and receive contributions during each plan year which are sufficient to:

(1) Fund the actuarial cost of benefits likely to be paid on account of service rendered by members during the plan year (normal cost); and

(2) Liquidate the unfunded actuarial cost for benefits likely to be paid on account of service rendered by members prior to the plan year (unfunded actuarial accrued liability) over not more than 30 years from the date of establishment of each increment to the unfunded actuarial accrued liability, but in no case over a longer period than the maximum period established by state statute or the maximum period established by the governmental accounting standards board for the purpose of determining pension expense.

(b) Participating employer contributions shall be determined by annual actuarial valuation using a level percent of compensation actuarial cost method. A separate contribution rate shall be determined for each coverage plan. Each participating employer shall appropriate or budget the contributions so determined and pay the contribution to the retirement system.

(c) Administrative expense incurred in the operation of the retirement system shall be charged to the employer accumulation fund and paid on a current basis in addition to the annual funding costs otherwise

**Sec. 2-289. Investment of ~~moneys.~~**

(a) The retirement board shall be the trustees of the ~~moneys~~ and assets of the retirement system and shall have full and unrestricted discretionary power and authority to invest and reinvest such portion of the ~~moneys~~ and assets as in its judgment is not immediately required for the payment of pensions, refunds of accumulated contributions and expenses. The retirement board shall have full and unrestricted discretionary power and authority to hold, sell, assign, transfer or otherwise dispose of any securities and investments in which any ~~moneys~~ of the retirement system have been invested, as well as the proceeds of such investments. In exercising its discretionary power and authority with respect to the management of the ~~moneys~~ and assets of the retirement system, the retirement board shall have in mind the responsibilities which are attached to such office and shall exercise the judgment and care under the circumstances then prevailing which men of prudence, discretion and intelligence exercise in the management of their own affairs, considering probable income and appreciation as well as the probable safety of capital. Within the limitations of the foregoing standards, investments may be made in accordance with the provisions of applicable state law, if any.

(b) The board may employ investment counsel to advise in the making and disposition of investments and may delegate discretionary authority to its investment counsel within the framework of a duly adopted investment policy.

(c) The board may employ the services of a bank, insurance company or other investment company in the execution of its investment transactions.

**Sec. 2-290. Allowance of regular interest.**

All interest and other earnings on ~~moneys~~ and investments of the retirement system shall be credited to the employer accumulation fund. The retirement board may use a portion of the earnings of the system to defray the costs of investing and managing the assets of the system. The retirement board shall, at the end of each fiscal year credit interest to accumulated member contributions and to the annuity reserve fund. Interest shall be calculated on the accumulated member contribution balance at the beginning of the fiscal year and on the mean balance in the annuity reserve fund. The interest so credited shall be charged to the employer accumulation fund.

(Code 1983, § 13-55; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-291. Right to annuity not subject to garnishment; assignment.**

(a) The right of a person to annuity payments, to the return of accumulated member contributions, the annuity itself, any optional benefit, any other right accrued or accruing to any person under the provisions of this division and any ~~moneys~~ belonging to the retirement system shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law or any process of law whatsoever, and shall be unassignable, except as is specifically provided in this division. The city shall have the right of setoff from the employee's retirement and benefit system for any claim arising from larceny by, embezzlement by or fraud of a member.

(b) If a member or a survivor annuity beneficiary is covered by a group insurance or prepayment plan participated in by a participating employer and should the member or survivor annuity beneficiary be permitted to and elect to continue such coverage, the annuity recipient may authorize the retirement board to have deducted from his annuity the payments required to continue coverage under the group insurance or prepayment plan.

**~~Secs. 13-57, 13-58. Reserved.~~**

PROOFS

**Sec. 2-292. Annuity reserve fund created.**

The annuity reserve fund shall be the fund from which shall be paid all annuities. In the event a disability annuity is terminated as provided in section 2-277 and the retired member returns to employment with a participating employer, the annuity reserve at that time shall be transferred from the annuity reserve fund to the member's deposit fund, and the employer accumulation fund in the same proportion as was originally transferred from the said funds to the annuity reserve fund.

**Sec. 2-293. Gifts, devises, etc., to retirement system.**

All gifts, devises and bequests to the retirement system shall be credited to the employer accumulation fund division as the retirement board shall determine.

(Code 1983, § 13-60; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-294. Subrogation.**

In the event a person becomes entitled to an annuity or other benefit payable from funds of the retirement system, as a result of an accident or injury caused by the act of a third party, the participating employer shall be subrogated to the rights of the said person against such third party to the extent of the benefits which the retirement system pays or becomes liable to pay.

(Code 1983, § 13-61; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-295. Correction of errors.**

The retirement board shall correct errors in the records of the retirement system and in the actions of the retirement board and/or its agents and staff. The retirement board shall seek to recover overpayments and shall make up underpayments. Recovery of overpayments may be accomplished by reducing future payments so that the actuarial present value of actual payments is equal to the actuarial present value of correct payments.

(Code 1983, § 13-62; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-296. Member contribution pickup.**

(a) Upon implementation, a member's participating employer shall, solely for the purpose of compliance with section 41724(h) of the Internal Revenue Code, pick up, for the purposes specified in that section, member contributions required by this division for all compensation of the member after implementation. Member contributions picked up under the provisions of this section shall be treated as participating employer contributions for purposes of determining income tax obligations under the Internal Revenue Code; however, such picked up member contributions shall be included in the determination of the member's compensation for all other purposes under federal and state laws.

(b) Member contributions picked up under this section shall continue to be designated member contributions for all purposes of this division and shall be considered as part of the member's compensation for purposes of determining the amount of a member contribution. The provisions of this section are mandatory with respect to all employees of a participating employer, and the individual member shall have no option concerning the pickup or to receive the contributed amounts directly instead of having them paid by the participating employer to the retirement system.

(c) Implementation of this section shall be by resolution of the ~~governing body~~ city commission of a participating employer adopted subsequent to receipt of a letter of determination from the Internal Revenue Service as to the qualified status of the retirement system.

(Code 1983, § 13-63; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-297. Qualified plan.**

(a) The city intends the retirement system to be a qualified pension plan under section 401 of the Internal Revenue Code, as amended, and that the trust be an exempt organization under section 501 of the Internal Revenue Code. The retirement board shall administer the retirement system so as to fulfill this intent.

PROOFS

(b) Employer-financed benefits limitation.

(1) 415 Internal Revenue Code limits:

a. Basic limitations. Subject to the adjustments in subsection (b)(1) of this section, the maximum amount of the actual annual retirement income paid in any year with respect to a participant under this plan attributable to employer-provided benefits shall not exceed the dollar amount allowable for any calendar year pursuant to section 415(b) of the Code, as adjusted in such calendar year for increases in the cost-of-living in accordance with regulations issued by the Secretary of the Treasury under section 415(d) of the Internal Revenue Code. For the purposes of applying the basic limitation, benefits payable in any form other than a straight life annuity with no ancillary benefits shall be adjusted, as provided by Treasury regulations, so that such benefits are the actuarial equivalent of a straight life annuity. For purposes of this section, the following benefits shall not be taken into account:

1. Any ancillary benefit which is not directly related to retirement income benefits;

2. Any other benefit not required under section 415(b)(2) of the Internal Revenue Code and Treasury regulations thereunder to be taken into account for purposes of the limitation of section 415(b)(1) of the Internal Revenue Code.

b. Participation in other defined benefit plans. The limitation of this section with respect to any participant who at any time has been a participant in any other defined benefit plan (as defined in section 414(j) of the Internal Revenue Code) maintained by the city shall apply as if the total benefits payable under all defined benefit plans in which the participant has been a participant where payable from one plan.

c. Adjustments in limitations.

1. In the event the participant's retirement benefits become payable before age 62, the maximum amount of annual retirement income limitation prescribed by this article shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of section 415(b) of the Internal Revenue Code, so that such limitation (as reduced) equals an annual benefit (beginning when such retirement income begins) which is equivalent to section 415(b) of the Internal Revenue Code maximum amount of annual retirement income beginning at age 62. This limitation shall not apply to qualified police or firefighters, as that term is defined in section 415(b)(2)(G) of the Internal Revenue Code.

2. In the event the participant's benefit is based on at least 15 years of credited service, the adjustments provided for in subsection (a) of this section shall not apply.

3. The reductions provided for in subsection (a) of this section shall not be applicable to disability benefits or preretirement death benefits.

4. In the event the participant's retirement benefit becomes payable after age 65, for the purposes of determining whether this benefit meets the basic limitation set forth in subsection (b)(1)c.1 of this section, such benefit shall be adjusted so that it is actuarially equivalent to the benefit beginning at age 65. This adjustment shall be made using an assumed interest rate of five percent and shall be made in accordance with regulations promulgated by the Secretary of the Treasury or his delegate.

5. Less than ten years of service. The maximum retirement benefits payable under this division to any participant who has completed less than ten years of credited service with the city shall be the amount determined under subsection (b)(1)c.1 of this section multiplied by a fraction, the numerator of which is the number of the participant's years of credited service and the denominator of which is ten. The reduction provided for in this subsection shall not be applicable to disability benefits or preretirement death benefits.

6. Ten-thousand-dollar limit. Notwithstanding the foregoing, the retirement benefit payable with respect to a participant shall be deemed not to exceed the limitations in this section if the

PROOFS

benefits payable, with respect to such participant under this plan and under all other qualified defined benefit pension plans to which the city contributes, do not exceed $10,000.00 for the applicable plan year and for any prior plan year and the city has not any time maintained a qualified defined contributions plan in which the participant participated.

7. Reduction of benefits. Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the participant's benefit under any defined benefit plans in which participant participated, such reduction to be made first with respect to the plan in which participant most recently accrued benefits and thereafter in such priority as shall be determined by the board and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures for defined contribution plans in which the participant participated, such reduction to be made first with respect to the plan in which participant most recently accrued benefits and thereafter in such priority as shall be established by the board and the plan administrator for such other plans; provided, however, that necessary reductions may be made in different manner and priority pursuant to the agreement of the board and the plan administrator of all other plans covering such participant.

8. Cost-of-living adjustments. The limitations as stated herein shall be adjusted annually in accordance with any cost-of-living adjustment prescribed by the Secretary of the Treasury pursuant to section 415(d) of the Internal Revenue Code.

d. This section shall be effective for distributions after December 31, 2001.

e. For the purposes of applying the limitations of section 415(b) of the Internal Revenue Code, the term "compensation" means and includes base pay, incentive pay, longevity pay, shift premiums, police incentive pay, overtime pay, base salary or wages while absent from work on account of vacation, holiday, illness or other authorized paid leave, payments in consideration of unused sick and vacation time, and city contributions on behalf of the employee to a deferred compensation program maintained pursuant to section 457 of the Internal Revenue Code. Additionally, this limitation specifically includes the crediting of compensation while absent from service for military duty; such crediting shall not exceed the compensation that would have been credited under the system if system services had continued.

(c) The provisions of this division notwithstanding, the retirement board shall at all times administer the retirement system in compliance with the provisions of section 415 of the Internal Revenue Code which are applicable to public employee retirement plans.

(d) It is the intent of the city that the retirement system be permanent and remain in effect for an indefinite period. The city, however, reserves the right to modify, amend or discontinue the retirement system at any time. The city expressly reserves the right to amend the retirement system in order to take advantage of or comply with any statute, rule or regulation of the federal government of the state or any duly constituted agency thereof.

(e) In the event the retirement system is discontinued or terminated, all members shall immediately become fully vested in their benefits. The discontinuance or termination shall be carried out in all respects in conformance with applicable statute, rule or regulation of the federal government or the state or any duly constituted agency thereof.

(f) Actuarial equivalencies shall be calculated using such rates of interest and mortality tables as the retirement board shall from time to time adopt. In no case shall a rate of interest be less than five percent a year, compounded yearly. No change in interest rate or mortality table shall reduce the accrued benefit of any member. In the event the makeup of the retirement board is changed in a manner that brings the board under the direct control of an employer, actuarial equivalencies shall be calculated using the 1974 Group Annuity Mortality Table (Male) and an interest rate of five percent a year, compounded yearly.

(g) All assets of the retirement system shall be held and invested for the sole purpose of meeting the legitimate obligations of the retirement system and shall be used for no other purpose. No part of the assets shall be used for or diverted to purposes other than for the exclusive benefit of participants and beneficiaries prior to satisfaction of all retirement system obligations.

PROOFS

(h) Members of the retirement board and its employees and agents are prohibited from:

(1) Having a beneficial interest, direct or indirect, in an investment of the retirement system;

(2) Borrowing from the retirement system; and

(3) Receiving any pay or emolument from any individual or organization providing services to the retirement system.

(i) 401(a)(31) rollovers.

(1) Direct transfers of eligible rollover distributions.

a. *General.* This subsection (g)(1) applies to distributions made on or after January 1, 1993. Notwithstanding any provision of the plan to the contrary that would otherwise limit a distributee's election under this subsection (g)(1), a distributee may elect, at the time and in the manner prescribed by the board of trustees, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

b. *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

*Direct rollover* means a payment by the plan to the eligible retirement plan specified by the distributee.

*Distributee* means and includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is entitled to payment for alimony and child support under an income deduction order are distributees with regard to the interest of the spouse or former spouse.

*Eligible retirement plan* means an individual retirement account described in section 408(a) of the Internal Revenue Code, an individual retirement annuity described in section 408(b) of the Internal Revenue Code, a qualified trust, an annuity plan described in section 403(a) of the Internal Revenue Code, an eligible deferred compensation plan described in section 457(b) which is maintained by an eligible employer described in section 457(e)(1)(A) of the Internal Revenue Code or an annuity contract described in section 403(b) of the Code, that accepts the distributee's eligible rollover distribution.

*Eligible rollover distribution* means any distribution of all or any portion of the balance to the credit of the distributee, except that the term "eligible rollover distribution" does not include any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more and any distribution to the extent such distribution is required under section 401(a)(9) of the Internal Revenue Code.

(j) Compensation in excess of the limitations set forth in section 401(a)(17) of the Internal Revenue Code shall be disregarded. The limitation on compensation for eligible employees shall not be less than the amount which was allowed to be taken into account under the system as in effect on July 1, 1993. For the purpose of this section, the term "eligible employee" means an individual who was a member of the retirement system before the first plan year beginning after September 30, 1996.

(k) 401(a)(9) Internal Revenue Code required distributions.

(1) Effective for distributions after December 31, 1996, in accordance with section 401(a)(9) of the Internal Revenue Code, all benefits under this plan will be distributed, beginning not later than the required beginning date set forth in subsection (k)(2) of this section, over a period not extending beyond the life expectancy of the member or the life expectancy of the member and a beneficiary.

(2) Any and all benefit payments shall begin by the later of:

a. April 1 of the calendar year following the calendar year of the member's retirement date; or

b. April 1 of the calendar year following the calendar year in which the member attains age 70 1/2.

PROOFS

(3) If an employee dies before his entire vested interest has been distributed to him, the remaining portion of such interest will be distributed at least as rapidly as provided for under this plan.

(4) All distributions under this plan will be made in accordance with this section, section 401(a)(9) of the Internal Revenue Code and the regulations thereunder, notwithstanding any provisions of this plan to the contrary, effective beginning January 1, 2003.

(5) Any remaining portion of the member's interest that is not payable to a beneficiary designated by the member will be distributed within five years after the member's death; and

(6) Any portion of the member's interest that is payable to a beneficiary designated by the member will be distributed either:

a. Within five years after the member's death; or

b. Over the life of the beneficiary or over a period certain not extending beyond the life expectancy of the beneficiary, commencing not later than the end of the calendar year following the calendar year in which the member died or, if the designated beneficiary is the member's surviving spouse, commencing not later than the end of the calendar year following the year in which the member would have attained age 70 1/2.

(Code 1983, § 13-64; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-150, § 3, 10-18-2010)

*Subdivision II. Retirement Board*

**Sec. 2-330. Created; composition.**

(a) There is hereby created a retirement board in which is vested the power and authority to administer, manage and operate the retirement and benefit system, and to construe and make effective the provisions of this article. The board shall consist of the following persons:

(1) Two members of the city commission to be designated by the city commission.

(2) Two members from the general membership, one of these to be elected by members covered by the utilities authority coverage plan and the other to be elected by the members covered by the general coverage plan.

(3) One member to be elected by the members covered by the police officer coverage plan.

(4) The director of finance.

(5) A member to be designated by the city utilities authority.

(b) The elections of members to the retirement board shall be held under such rules and regulations as the retirement board shall from time to time adopt.

(Code 1983, § 13-71; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-331. Meetings; quorum; rules; records.**

The retirement board shall hold at least four meetings each year at a time and place designated by the board, and as many other meetings that are deemed necessary to transact the business of the retirement system. At any meetings of the retirement board, four members shall constitute a quorum. Each retirement board member shall be entitled to one vote on each question and at least four concurring votes shall be required for a decision by the board at any of its meetings. The board shall adopt its own rules of procedure and shall keep a record of its proceedings. All meetings of the board shall be public. As to F.S. ch. 185, all acts and decisions shall be effectuated by vote of a majority of the members of the board.

(Code 1983, § 13-72; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-332. Officers; actuary; contracts.**

(a) The retirement board, at its first meeting in October, shall designate from its own number a chairperson and vice chairperson.

PROOFS

(b) The director of finance of the city shall be treasurer and secretary of the retirement system and the custodian of its assets.

(c) The city attorney or his designee shall be legal advisor to the retirement board.

(d) The retirement board shall designate an actuary who shall be the technical advisor to the board and who shall perform such other duties as the retirement board shall from time to time designate.

(e) The retirement board is authorized and empowered to employ such professional and other services as are required for the proper administration of the retirement system. Such services shall be employed on a contractual or fee basis and persons performing such services shall not be considered employees of the city. Compensation for such services shall be fixed by the retirement board, subject to approval by the city commission.

(Code 1983, § 13-73; Ord. No. K-469, § 1, 2-20-2007; Ord. No. 16-012, § 2, 6-20-2016)

**Sec. 2-333. Annual reports.**

The secretary-treasurer shall keep, or cause to be kept, such data as shall be necessary for an actuarial valuation of the assets and liabilities of the retirement system. The retirement board shall annually report to the mayor and city commission showing the fiscal transactions of the retirement system for the preceding fiscal year. The board shall furnish the mayor and the city commission such additional information regarding the operation of the system as the mayor or city commission shall from time to time request.

(Code 1983, § 13-74; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-334. Adoption of experience tables and regular interest.**

The retirement board shall from time to time adopt such mortality and other tables of experience, and a rate or rates of regular interest, as are necessary in the operation of the retirement system on an actuarial basis.

(Code 1983, § 13-75; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-335. Vacancies.**

A retirement board member provided for in section 2-330(a)(2) or (3) who ceases to be a member shall be considered to have resigned from the retirement board and the board shall, by resolution, declare the office vacant. A vacancy on the retirement board shall be filled, for the unexpired term, in the same manner as the office was previously filled. In the event the retirement board member provided for in section 2-330(a)(4) ceases to be director of finance, the retirement board shall appoint an employee from the department of finance to serve on the board until such time as the director of finance takes office.

(Code 1983, § 13-76; Ord. No. K-469, § 1, 2-20-2007)

**Sec. 2-336. Terms of office.**

The term of office of a retirement board member provided for in section 2-330(a)(2) and (3) shall be for three years. The retirement board members provided for in subsections section 2-330(a)(1) and (4) shall serve for the term of their tenure in office. The city utilities authority member shall serve for a term of three years.

The following words, terms and phrases, when used in this subdivision, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Actuarial equivalence* or *actuarially equivalent* means that any benefit payable under the terms of this plan in a form other than the normal form of benefit shall have the same actuarial present value on the date payment commences as the normal form of benefit. For the purposes of establishing the actuarial present value of any form of payment, all future payments shall be discounted for interest and mortality by using 7 1/2 percent interest and the 1983 Group Annuity Mortality Table for Males, with ages set ahead five years in the case of disability retirees.

*Average salary* means the average regular monthly salary of the police officer during his best three years of the last ten years of credited service prior to retirement, termination, or death. The term "average salary" includes amounts paid ~~a~~ in differential wages while a member was deployed from employment to active duty military service.

*Code* means the Internal Revenue Code of 1986, as amended from time to time.

*Credited service* means that period of continuous uninterrupted employment with the city as a police officer from the effective date of the ordinance from which this division is derived, or his last date of employment, if later, and the earlier of his date of termination of service or his normal retirement date, as hereinafter described. An authorized temporary leave of absence, granted by the employing authority, whether paid or unpaid, shall not be construed as a break in credited service provided the police officer's credited benefits remain in the plan. Time spent in compulsory service of the United States by the police officer will be credited, provided the police officer re-enters the service of the city as a police officer within 12 months after the date of release from such military service, except that members who die or become disabled while serving on active duty military service shall be entitled to the rights of this section even though such member was not reemployed by the city. Members who die or become disabled while on active duty military service shall be treated as though reemployed the day before the member became disabled or died, was credited with the service they would have been entitled to under this section, and then either died a non-duty death while employed or became disabled from a nonduty disability.

*Police officer* means any duly appointed and enrolled police officer in the regular full-time employ of the city.

*Police officers' retirement plan,* herein called the plan, means a special plan created exclusively for the purposes herein provided.

*Salary* means the regular monthly salary paid to a police officer for services rendered. For the purposes of applying the limitations of section 415(b) of the Internal Revenue Code, the term "compensation" means and includes base pay, incentive pay, longevity pay, shift premiums, police incentive pay, overtime pay, base salary or wages while absent from work on account of vacation, holiday, illness or other authorized paid leave, payments in consideration of unused sick and vacation time, and city contributions on behalf of the employee to a deferred compensation program maintained pursuant to section 457 of the Internal Revenue Code. Additionally, this limitation specifically includes the crediting of compensation while absent from service for military duty; such crediting shall not exceed the compensation that would have been credited under the system if system services had continued.

*Total disability* means as defined in F.S. § 185.18(2), as amended.

**Sec. 2-382. Police officers' retirement law and rules adopted.**

The provisions thereof and all rules and regulations promulgated pursuant to F.S. ch. 185, known as "Municipal Police Officers' Retirement Trust Funds," are hereby adopted by the city, except as inconsistent with the provisions of city ordinances or portions thereof.

(Code 1983, § 13-162; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008)

PROOFS

**Sec. 2-383. Established; purpose; effective date.**

(a) There is hereby established a retirement plan for the members of the city police department. The purpose of this plan is to establish the terms and conditions under which supplementary retirement benefits will be provided to eligible members of the police department. The benefits under this plan shall be in addition to the amounts to which eligible members are entitled under the city employees' pension plan and in addition to amounts received as Social Security benefits or from any other pension plan. The effective date of this plan shall be the anniversary date of the plan. This system is intended to be a tax qualified plan under section 401(a) of the Internal Revenue Code and meet the requirements of a governmental plan, as defined in section 414(d) of the Internal Revenue Code.

(b) There is hereby created a board of trustees of the retirement plan for the members of the city police department which shall be solely responsible for administering the trust fund. The membership of the board of trustees consists of five members, two of whom, unless otherwise prohibited by law, must be legal residents of the city and must be appointed by the city commission, and two of whom must be police officers, as defined in F.S. § 185.02 who are elected by a majority of the active police officers who are members of such plan. The fifth member shall be chosen by a majority of the previous four members, and such person's name shall be submitted to the city commission. Upon receipt of the fifth person's name, the city commission shall, as a ministerial duty, appoint such person to the board of trustees. The fifth member shall have the same rights as each of the other four members appointed or elected, shall serve as trustee for a period of four years and may succeed himself in office. Each resident member shall serve as trustee for a period of four years, unless sooner replaced by the city commission, at whose pleasure the member serves, and may succeed himself as a trustee. Each police officer member shall serve as trustee for a period of four years unless he sooner leaves the employment of the city as a police officer, whereupon a successor shall be chosen in the same manner as an original appointment. Each police officer may succeed himself in office.

(Code 1983, § 13-163; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-111, § 1, 2-1-2010; Ord. No. L-118, § 2, 5-3-2010)

**Sec. 2-384. Excise tax on casualty insurance premiums.**

There is hereby assessed and levied on every insurance company, corporation or other insurer now engaged in or carrying on, or which shall hereafter engage in or carry on the business of insuring with respect to casualty risks, as shown by the records of the state department of insurance, an excise or license tax in addition to any lawful license or excise tax now levied by the city, amounting to 0.85 percent of the gross amount of receipts of premiums from policyholders on all premiums collected on casualty insurance policies covering property within the corporate limits of the city.

(Code 1983, § 13-164; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008)

**Sec. 2-385. Records; accounts; disbursements; deposits; contributions; actions.**

(a) The board of trustees shall keep and maintain a full and complete permanent record of all accounts, receipts, disbursements, deposits, and all other official actions of the board. These records shall be available to all members participating in the plan.

(b) The trustees, if they so desire, may designate any one of their members to execute all instruments requiring execution by the board of trustees and/or they may designate the chairperson to execute such instruments or exercise such powers as they may determine. The members of the board of trustees shall be free from any liability for any action taken or omitted in carrying out their duties of administering the plan, except that which results from their own willful misconduct.

(c) The board of trustees may employ a money manager to advise the board in the making and disposition of investments and may delegate discretionary authority to its money manager within the framework of a duly adopted investment policy. The board of trustees may also employ the services of a bank, insurance company, or other investment company in the execution of its investment transactions.

(d) All ~~moneys~~ and investments of the plan shall be held for the sole purpose of meeting disbursements for annuities and other payments authorized, and shall be used for no other purpose. Available cash on deposit shall not exceed ten percent of the total assets of the plan.

PROOFS

(e) In addition to all other powers of the board of trustees as provided by law, the board of trustees may invest and re-invest the assets of the plan as follows:

(1) The board shall have the power and authority to invest and reinvest the ~~moneys~~ of the fund and to hold, purchase, sell, assign, transfer, and dispose of any securities and investments held in the fund, including the power and authority to employ counseling or investment management services. The aim of the investment policies shall be to preserve the integrity and security of fund principal, to maintain a balanced investment portfolio, to maintain and enhance the value of the fund principal, and to secure the maximum total return on investments that is consonant with safety of principal, provided that such investments and reinvestments shall be limited only by the investments permitted by the investment policy guidelines adopted by the board in accordance with state law. Notwithstanding the foregoing, investments in foreign investments are limited in accordance with F.S. § 185.06(1)(b)4. The board members must discharge these duties with respect to the plan solely in the interest of the participants and beneficiaries and:

a. For the exclusive purpose of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the plan;

b. With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims; and

c. By diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so.

(2) Notwithstanding anything else in this section and as provided in F.S. 215.473, the board of trustees must identify and publicly report any direct or indirect holdings it may have in any scrutinized company, as defined in that section. Beginning January 1, 2010, the board must proceed to sell, redeem, divest, or withdraw all publicly traded securities it may have directly in that company. The divestiture of any such security must be completed by September 10, 2010. The board and its named officers or investment advisors may not be deemed to have breached their fiduciary duty in any action taken to dispose of any such security and the board shall have satisfactorily discharged the fiduciary duties of loyalty, prudence, and sole and exclusive benefit to the participants of the pension fund and their beneficiaries if the actions it takes are consistent with the duties imposed by F.S. § 215.473 as provided for in F.S. § 185.06(7) and the manner of the disposition, if any, is reasonable as to the means chosen. For the purposes of determining which companies are scrutinized companies, the board may utilize the list of scrutinized companies as developed by the state board of administration. No person may bring any civil, criminal or administrative action against the board of trustees or any employee, officer, director, or advisor of such pension fund based upon the divestiture of any security pursuant to this subsection.

(3) Marketable, investment grade real estate investment trusts, but not to include investments in private mortgages, land, private equity or other illiquid real estate investments.

(4) Notwithstanding anything else in this section and as provided in F.S. § 215.473, the board of trustees must identify and publicly report any direct or indirect holdings it may have in any scrutinized company, as defined in that section. Beginning January 1, 2010, the board must proceed to sell, redeem, divest, or withdraw all publicly traded securities it may have directly in that company. The divestiture of any such security must be completed by September 10, 2010. The board and its named officers or investment advisors may not be deemed to have breached their fiduciary duty in any action taken to dispose of any such security and the board shall have satisfactorily discharged the fiduciary duties of loyalty, prudence, and sole and exclusive benefit to the participants of the pension fund and their beneficiaries if the actions it takes are consistent with the duties imposed by F.S. § 215.473 as provided for in F.S. § 185.06(7) and the manner of the disposition, if any, is reasonable as to the means chosen. For the purposes of determining which companies are scrutinized companies, the board may utilize the list of scrutinized companies as developed by the state board of administration. No person may bring any civil, criminal or administrative action against the board of trustees or any employee, officer, director, or advisor of such pension fund based upon the divestiture of any security pursuant to this section.

(Code 1983, § 13-165; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-111, § 2, 2-1-2010; Ord. No. 14-002, § 1, 2-3-2014)

**Sec. 2-386. Retirement.**

(a) *Normal retirement date.* The normal retirement date for participants retiring on or after October 1, 1999, shall be age 55 or older with ten or more years' service. With the consent of the board of trustees, a participant may retire within the ten-year period prior to his normal retirement date and in such an event the cash accumulated under this plan may be applied to purchase an actuarially reduced pension at such earlier retirement date. A participant may also retire with no reduction in pension benefits after obtaining 25 or more years of credited service.

(b) *Amount of retirement income*.

(1) Each police officer who is a participant in the plan shall be entitled to two percent of his average monthly salary for each year of service from the effective date (July 29, 1958) until his normal retirement date, subject to the following limitations:

1. Credited service is limited to a maximum of 30 years; and

2. Retirement income under this section is limited to a maximum of the greater figure as computed by either two percent of average monthly salary with a $1,000.00 per month maximum (based on 30 years' credited service) or one percent of average monthly salary with no maximum per month (based on 30 years' maximum service).

(2) The normal retirement income at normal retirement date provided under this plan shall be a retirement annuity guarantee payable for ten years certain and for lifetime thereafter. The benefit provided under this plan shall be increased to the extent required to ensure that the benefit provided under this plan and the benefit provided under the retirement system for officers and employees of participating employers are actuarially equivalent to a retirement annuity of two percent per year of service guaranteed for ten years certain and for lifetime thereafter. If a retired member has elected an option with a joint pensioner or beneficiary and his retirement income benefits have commenced, he may thereafter change the designated joint pensioner or beneficiary up to two times in accordance with F.S. § 185.341 without the approval of the board of trustees or the current joint annuitant or beneficiary. The retired member is not required to provide proof of the good health of the joint annuitant or beneficiary being removed and the joint annuitant or beneficiary being removed need not be living. Any retired member who desires to change his joint annuitant or beneficiary shall file with the board of trustees a notarized notice of such change. Upon receipt of a completed change of joint annuitant form or such other notice, the board of trustees shall adjust the retired member's monthly benefit by the application of actuarial tables and calculations developed to ensure that the benefit paid is the actuarial equivalent of the present value of the member's current benefit and there is no impact to the plan. No retired member's current benefit shall be increased as a result of the change of beneficiary.

(c) *Disability benefits.*

(1) *Duty disability.* The benefit provided in the event of under this plan shall be increased to the extent required to ensure that the benefit provided under this plan and the benefit provided under the retirement system for officers and employees of participating employers are actuarially equivalent to a retirement annuity of at least two percent of average monthly salary per year of service guaranteed for ten years certain and life.

(2) *Non-duty disability.* The benefit provided under this plan shall be increased to the extent required to ensure that the benefit provided under this plan and the benefit provided under the retirement system for officers and employees of participating employers are actuarially equivalent to a retirement annuity guaranteed for ten years certain.

(3) *Disability process.*

a. A police officer will be considered totally disabled if, in the opinion of the board of trustees, he is wholly prevented from rendering useful and efficient service as a police officer; and a police officer will be considered permanently disabled if, in the opinion of the board of trustees, such police

PROOFS

officer is likely to remain so disabled continuously and permanently from a cause other than as specified in subsection (c)(3)b of this section.

b. A police officer will not be entitled to receive any disability retirement income if the disability is a result of:

1. Excessive and habitual use by the police officer of drugs, intoxicants, or narcotics;

2. Injury or disease sustained by the police officer while willfully and illegally participating in fights, riots, civil insurrections or while committing a crime;

3. Injury or disease sustained by the police officer while serving in any armed forces. This exclusion does not affect members who have become disabled as a result of intervening military service under the federal Heroes Earnings Assistance and Relief Tax Act of 2008 (H.R. 6081; P.L. 110-245);

4. Injury or disease sustained by the police officer after employment has terminated.

c. No police officer shall be permitted to retire under the provisions of this section until examined by a duly qualified physician or surgeon, to be selected by the board of trustees for that purpose, and is found to be disabled in the degree and in the manner specified in this section. Any police officer retiring under this section may be examined periodically by a duly qualified physician or surgeon or board of physicians and surgeons to be selected by the board of trustees for that purpose, to determine if such disability has ceased to exist.

(4) *Additional provisions.* Any condition or impairment of health of any police officers employed in the city caused by tuberculosis, hypertension, heart disease, hardening of the arteries, hepatitis, or meningococcal meningitis resulting in total or partial disability or death, shall be presumed to be accidental and suffered in line of duty unless the contrary be shown by competent evidence. Any condition or impairment of health caused directly or proximately by exposure, which exposure occurred in the active performance of duty at some definite time or place without willful negligence on the part of the police officer, resulting in total or partial disability, shall be presumed to be accidental and suffered in the line of duty, provided that such police officer shall have successfully passed a physical examination upon entering such service, which physical examination including electrocardiogram failed to reveal any evidence of such condition, and provided further, that such presumption shall not apply to benefits payable under or granted in a policy of life insurance or disability insurance. In order to be entitled to the presumption in the case of hepatitis, meningococcal meningitis, or tuberculosis, the member must meet the requirements of F.S. § 112.181. The final decision as to whether a member meets the requirements for duty disability pension rests with the board and shall be based on substantial competent evidence on the record as a whole.

(Code 1983, § 13-166; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-84, § 3, 7-20-2009; Ord. No. L-111, § 3, 2-1-2010)

**Sec. 2-387. Death benefits.**

Upon the death of a plan member who dies with ten years credited service, and vested in the plan, the beneficiary or beneficiaries shall be entitled to a lump sum payment, in cash, equal to the pension benefit the deceased member would have been entitled to receive at his normal retirement date of age 55, actuarially reduced. A plan member's beneficiary or beneficiaries shall be designated in accordance with the provisions of F.S. § 185.162. The benefit provided under this section and in conjunction with the benefit provided under the retirement system for officers and employees of participating employers shall in all cases provide at a minimum a benefit that is the actuarial equivalent of the benefit required under F.S. § 185.21.

(Code 1983, § 13-167; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008)

**Sec. 2-388. Employee withdrawal from the plan.**

(a) Employees who terminate employment prior to ten years' continuous service in the police department shall not be eligible for benefits.

(b) Employees who terminate with ten or more years continuous service with the police department shall be entitled to a benefit equal to the purchase of an annuity equal to the value of the lump sum payment at age 50 as

PROOFS

computed in section 2-386(c) actuarially reduced by three percent for each year that the member retires early. The member can elect to wait to receive the benefit until age 55 without an actuarial reduction. Employees hired after December 17, 1984, shall not be eligible to receive lump sum benefits and may only accept the purchase of an annuity as provided herein. The benefit provided under this section and in conjunction with the benefit provided under the retirement system for officers and employees of participating employers shall in all cases provide, at a minimum, a benefit that is the actuarial equivalent of the benefit required under F.S. §§ 185.16(4) and 185.19.

(c) Employees who become totally and permanently disabled after ten or more years of continuous service shall be entitled to 100 percent of the lump sum amount accumulated on their behalf as of date of disability as computed in section 2-386(c). The lump sum shall be equal in value to the amount of monthly benefits to which the member is entitled.

(d) Notwithstanding any of the provisions hereof, if the early monthly retirement income payable to any person entitled to benefits hereunder is less than $75.00 per month, the trustees in the exercise of their discretion may specify that the actuarial equivalent of such retirement income be paid in a lump sum.

(e) Notwithstanding any of the provisions hereof, if the monthly retirement annuity from the municipal retirement system is equal to 50 percent of the average monthly salary of the retiring police officer, or if the combined monthly annuity from the municipal retirement system, federal Social Security retirement and the city police retirement fund is equal to 50 percent of the retiring police officer's average monthly salary, the trustees may, in the exercise of their discretion, specify that the actuarial equivalent of the monthly benefit in excess of 50 percent of such average monthly salary be paid in a lump sum.

(Code 1983, § 13-168; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008)

**Sec. 2-389. Police members' deposit fund.**

(a) The police members' deposit fund is hereby created. It shall be the fund in which shall be accumulated, at regular interest, the contribution of members, and from which shall be made refunds and transfers of accumulated contributions as provided in this division.

(b) A member's contribution to the retirement system, specifically to the city police officers' retirement system as set up in accordance with F.S. ch. 185, shall be as follows: After the effective date of Ordinance No. I-272, 3 1/2 percent of the compensation of each member of this municipal police officers retirement trust fund, set up in accordance with F.S. Ch. 185, shall be paid by each member to said system. Effective for the first full payroll period after May 2, 2011, the member's contribution shall be 4 1/2 percent of the salary or compensation of each member of the city police officers' retirement trust fund which shall be paid by each member to said system. Effective for the first full payroll period after October 1, 2011, the member's contribution shall be seven percent of the salary or compensation of each member of the city police officers' retirement trust fund which shall be paid by each member to said system.

(c) The officers responsible for making up the payroll shall cause the contributions provided for in subsection (b) of this section to be deducted from the compensation of each member on each payroll, for each payroll period, so long as he is a member of his retirement system. Each member shall be deemed to consent and agree to the deductions made and provided for herein. Payment of his compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by him during the period covered by such payment, except as to benefits provided by the retirement system. When deducted, each of said contributions shall be paid into the members deposit fund and shall be credited to the individual account therein of the member from whose compensation said deduction was made. Effective the first day of the first full payroll period following the effective date of this section, the city shall pick up the member contribution required by this section. The contributions so picked up shall be treated as employer contributions in determining tax treatment under the Internal Revenue Code. The city shall pick up the member contributions from funds established and available for salaries, which funds would otherwise have been designated as member contributions and paid to the fund. Member contributions picked up by the city pursuant to this section shall be treated for purposes of making a refund of members' contributions, and for all other purposes of this and other contributions made prior to the effective date of the ordinance from which this section is derived. The intent of this section is to comply with section 414(H)(2) of the Internal Revenue Code.

(d) Should any police officer leave the service of the city before accumulating aggregate time of ten years

PROOFS

toward retirement and before being eligible to retire under the provisions of this division, such police officer shall be entitled to a refund of all his contributions made to the city police officers' retirement trust fund without interest, less any benefits paid to him.

(e) Should any city police officer who has been in the service of the city for at least ten years and has contributed to the city police officers' retirement trust fund for at least ten years elect to leave his accrued contributions in the city police officers' retirement trust fund, such police officer, upon attaining the age of retirement authorized under this Code, may retire at the amount of such retirement income otherwise payable to him.

(f) Should any city police officer die before being eligible to retire under the provisions of this division, the heirs, legatees, beneficiaries or personal representative of said deceased police officer shall be entitled to a refund of 100 percent, without interest, of the contributions made to the city police officers' retirements trust fund by such deceased police officer.

(Code 1983, § 13-169; Ord. No. K-469, § 1, 2-20-2007; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-212, § 1, 5-2-2011; Ord. No. L-229, § 1, 12-5-2011)

**Sec. 2-390. Forfeiture of pension; conviction and forfeiture.**

Any participant who is convicted of any of the following offenses committed prior to retirement, or whose employment is terminated by reason of his admitted commission, aid or abetment of the following specified offenses, shall forfeit all rights and benefits under this plan, except for the return of his accumulated contributions as of the date of termination:

(1) Specified offenses are as follows:

a. The committing, aiding or abetting of an embezzlement of public funds.

b. The committing, aiding or abetting of any theft by a public officer or employee from the employer.

c. Bribery in connection with the employment of a public officer or employee.

d. Any felony specified in F.S. ch. 838.

e. The committing of an impeachable offense.

f. The committing of any felony by a public officer or employee who willfully and with intent to defraud the public or the public agency, for which he acts or in which he is employed, of the right to receive the faithful performance of his duty as a public officer or employee, realizes or obtains or attempts to obtain a profit, gain, or advantage for himself or for some other person through the use or attempted use of the power, rights, privileges, duties or position of his public office or employment position.

g. The committing on or after October 1, 2008, of any felony defined in F.S. § 800.04 against a victim younger than 16 years of age, or any felony defined in F.S. ch. 794 against a victim younger than 18 years of age, by a public officer or employee through the use or attempted use of power, rights, privileges, duties, or position of his public office or employment position.

(2) For the purpose of this section, the term "conviction" means an adjudication of guilt by a court of competent jurisdiction; a plea of guilty or a nolo contendere; a jury verdict of guilty when adjudication of guilt is withheld and the accused is placed on probation; or a conviction by the state senate of an impeachable offense.

(3) For the purpose of this section, the term "court" means any state or federal court of competent jurisdiction which is exercising its jurisdiction to consider a proceeding involving the alleged commission of a specified offense. Prior to forfeiture, the board shall hold a hearing on which notice shall be given to the police officer whose benefits are being considered for forfeiture. Said police officer shall be afforded the right to have an attorney present. No formal rules of evidence shall apply, but the police officer shall be afforded a full opportunity to present his case against forfeiture.

(4) Any police officer who has received benefits from the plan in excess of his accumulated contributions after police officer's rights were forfeited pursuant to this section shall be required to pay back to the

PROOFS

fund the amount of the benefits received in excess of his accumulated contributions. The board may implement all legal action necessary to recover such funds.

(5) It is unlawful for a person to willfully and knowingly make, or cause to be made, or to assist, conspire with, or urge another to make, or cause to be made, any false, fraudulent, or misleading oral or written statement or withhold or conceal material information to obtain any benefit from the plan.

a. A person who violates this subsection (5), commits a misdemeanor of the first degree, punishable as provided in F.S. §§ 775.082 or 775.083.

b. In addition to any applicable criminal penalty upon conviction for a violation described in this subsection (5), a police officer or beneficiary of the plan may, in the discretion of the board, be required to forfeit the right to receive any or all benefits to which the person would otherwise be entitled under the plan. For purposes of this subsection, the term "conviction" means a determination of ~~guilt~~ that is the result of a plea or trial, regardless of whether adjudication is withheld.

(Code 1983, § 13-170; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-84, § 3, 7-20-2009)

**Sec. 2-391. Pension validity.**

The board shall have the power to examine into the facts upon which any pension shall heretofore have been granted under any prior or existing law, or shall hereafter be granted or obtained erroneously, fraudulently or illegally for any reason. The board is empowered to purge the pension rolls or correct the pension amount of any person heretofore granted a pension under prior or existing law or any person hereafter granted a pension under this plan if the same is found to be erroneous, fraudulent or illegal for any reason, and to reclassify any person who has heretofore under any prior or existing law been or who shall hereafter under this plan be erroneously, improperly or illegally classified. Any overpayments or under payments shall be corrected and paid or repaid in a reasonable manner determined by the board.

(Code 1983, § 13-171; Ord. No. L-34, § 1, 8-18-2008)

**Sec. 2-392. Claims procedure.**

(a) The applicant for benefits under this plan may, within 20 days after being informed of the denial of his request for pension benefits, appeal the denial by filing a reply to the proposed denial with the pension plan board of trustees. If no appeal is filed within the time period specified, then the denial is final.

(b) The board shall hold a hearing within 45 days after receipt of the appeal. Written notice of the hearing shall be sent by certified mail to the applicant ten days prior to the hearing, at the address listed on the application.

(c) The board shall have the power to subpoena, require the attendance of witnesses, and the production of documents for discovery, prior to and at any proceedings provided for in the plan. The claimant may request in writing the issuance of subpoenas by the board. A reasonable fee may be charged for the issuance of any subpoenas, not to exceed the fees set forth in the state statutes.

(d) The procedures at the hearing shall be as follows:

(1) All parties shall have an opportunity to respond, to present physical and testimonial evidence and argument, on all issues involved, to conduct cross-examination, to submit rebuttal evidence, and to be represented by counsel. Medical depositions may be accepted in lieu of live testimony, at the board's discretion.

(2) All witnesses shall be sworn.

(3) The applicant and the board shall have an opportunity to question all witnesses.

(4) The formal rules of evidence and the formal rules of civil procedures shall not apply. The proceedings shall comply with the essential requirements of due process of law.

(5) The record in a case governed by this section shall consist only of:

a. A tape recording of the hearing, to be taped and maintained as part of the official files of the board of trustees by the pension's secretary.

PROOFS

b. Evidence received or considered.

c. All notices, pleadings, motions and intermediate rulings.

d. Any decisions, opinions, proposed or recommended orders or reports by the board of trustees.

(e) Within ten days after the hearing, the board shall take one of the following actions:

(1) Grant the pension benefits by overturning the denial by majority vote;

(2) Deny the benefits and confirm the denial.

The board's decision shall be in writing set forth as an order.

(f) Findings of fact by the board shall be based on competent, substantial evidence on the record.

(g) Upon rendering its order, the board shall send by certified mail a copy of the order to the applicant.

(h) The applicant may seek review of the order of the board by filing a petition for writ of certiorari with the circuit court within 30 days of the order being rendered.

(Code 1983, § 13-172; Ord. No. L-34, § 1, 8-18-2008)

**Sec. 2-393. Required distributions.**

(a) In accordance with section 401(a)(9) of the Internal Revenue Code, all benefits under this plan will be distributed, beginning not later than the required beginning date set forth in subsection (b) of this section, over a period not extending beyond the life expectancy of the participant or the life expectancy of the participant and a beneficiary designated in accordance with the provisions of F.S. § 185.162.

(b) Any and all benefit payments shall begin by April 1 of the calendar year following the calendar year of the member's retirement date; provided, however, all participants who will reach 70 before December 31, 1999, may, at participant option, elect to begin benefits on April 1 of the calendar year following the calendar year in which the member attains age 70 1/2.

(c) If an employee or elected officer dies before his entire vested interest has been distributed to him, the remaining portion of such interest will be distributed at least as rapidly as provided for under section 2-386.

(Code 1983, § 13-173; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-118, § 3, 5-3-2010)

**Sec. 2-394. Rollover distributions.**

(a) *Applicability.* This section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of the plan to the contrary that would otherwise limit a distributee's election under this section, a distributee may elect, at the time and in the manner prescribed by the board of trustees, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

(b) *Definitions*. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

*Direct rollover* means a payment by the plan to the eligible retirement plan specified by the distributee.

*Distributee* means and includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is entitled to payment for alimony and child support under an income deduction order, are distributees with regard to the interest of the spouse or former spouse.

*Eligible retirement plan* means an individual retirement account described in section 408(a) of the Internal Revenue Code, an individual retirement annuity described in section 408(b) of the Internal Revenue Code, a qualified trust, an annuity plan described in section 403(a) of the Internal Revenue Code, an eligible deferred compensation plan described in section 457(b) of the Internal Revenue Code which is maintained by an eligible employer described in section 457(e)(1)(A) of the Internal Revenue Code, or an annuity contract described in 403(b) of the Internal Revenue Code that accepts the distributee's eligible rollover distribution.

PROOFS

*Eligible rollover distribution* means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover does not include any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more and any distribution to the extent such distribution is required under section 401(a)(9) of the Internal Revenue Code. This definition is effective January 1, 2003.

(Code 1983, § 13-174; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-118, § 4, 5-3-2010)

**Sec. 2-395. Internal Revenue Code limits.**

(a) *Limits on compensation.* Compensation in excess of limitations set forth in section 401(a)(17) of the Internal Revenue Code shall be disregarded. The limitation on compensation for an eligible employee shall not be less than the amount which was allowed to be taken into account hereunder as in effect on July 1, 1993.

(b) *415 Internal Revenue Code limits.*

(1) *Basic limitations.* Subject to the adjustments in subsection (b)(3) of this section, the maximum amount of the actual annual retirement income paid in any year with respect to a participant under this plan attributable to employer provided benefits shall not exceed the dollar amount allowable for any calendar year pursuant to section 415(b) of the Internal Revenue Code, as adjusted in such calendar year for increases in the cost-of-living in accordance with regulations issued by the Secretary of the Treasury under section 415(d) of the Internal Revenue Code. For purposes of applying the basic limitation, benefits payable in any form other than a straight life annuity with no ancillary benefits shall be adjusted, as provided by Treasury regulations, so that such benefits are the actuarial equivalent of a straight life annuity. For the purposes of this section, the following benefits shall not be taken into account:

a. Any ancillary benefit which is not directly related to retirement income benefits;

b. Any other benefit not required under section 415(b)(2) of the Internal Revenue Code and Treasury regulations thereunder to be taken into account for the purposes of the limitation of section 415(b)(1) of the Internal Revenue Code.

(2) *Participation in other defined benefit plans.* The limitation of this section with respect to any participant who at any time has been a participant in any other defined benefit plan (as defined in section 414(j) of the Internal Revenue Code) maintained by the city shall apply as if the total benefits payable under all defined benefit plans in which the participant has been a participant where payable from one plan.

(3) *Adjustments in limitations.*

a. In the event the participant's retirement benefits become payable before age 62, the maximum amount of annual retirement income limitation prescribed by this division shall be reduced in accordance with regulations issued by the Secretary of the Treasury pursuant to the provisions of section 415(b) of the Internal Revenue limitation (as reduced) equals an annual benefit (beginning when such retirement income begins) which is equivalent to the section 415(b) of the Internal Revenue Code maximum amount of annual retirement income beginning at age 62. This limitation shall not apply to qualified police or firefighters, as that term is defined in section 415(b)(2)(G) of the Internal Revenue Code.

b. In the event the participant's benefit is based on at least 15 years of credited service, the adjustments provided for in subsection (b)(3)a of this section shall not apply.

c. The reductions provided for in subsection (b)(3)a of this section shall not be applicable to disability benefits or preretirement death benefits.

d. In the event the participant's retirement benefit becomes payable after age 65, for the purposes of determining whether this benefit meets the basic limitation set forth in subsection (b)(1) of this section, such benefit shall be adjusted so that it is actuarially equivalent to the benefit beginning at age 65. This adjustment shall be made using an assumed interest rate of five percent and shall be made in accordance with regulations promulgated by the Secretary of the Treasury or his delegate.

e. Less than ten years of service. The maximum retirement benefits payable under this division to any

PROOFS

participant who has completed less than ten years of credited service with the city shall be the amount determined under subsection (b)(1) of this section multiplied by a fraction, the numerator of which is the number of the participant's years of credited service and the denominator of which is ten. The reduction provided for in this subsection shall not be applicable to disability benefits of preretirement death benefits.

f. Ten thousand dollar limit. Notwithstanding the foregoing, the retirement benefit payable with respect to a participant shall be deemed not to exceed the limitations in this section if the benefits payable with respect to such participant under this plan and under all other qualified defined benefit pension plans to which the city contributes, do not exceed $10,000.00 for the applicable plan year and for any prior plan year and the city has not at any time maintained a qualified defined contributions plan in which the participant participated.

g. Reduction of benefits. Reduction of benefits and/or contributions to all plans, where required, shall be accomplished by first reducing the participant's benefit under any defined benefit plans in which participant participated, such reduction to be made first with respect to the plan in which participant most recently accrued benefits and thereafter in such priority as shall be determined by the board and the plan administrator of such other plans, and next, by reducing or allocating excess forfeitures for defined contribution plans in which the participant participated, such reduction to be made first with respect to the plan in which the participant most recently accrued benefits and thereafter in such priority as shall be established by the board and the plan administrator for such other plans; provided, however, that necessary reductions may be made in different manner and priority pursuant to the agreement of the board and the plan administrator of all other plans covering such participant.

h. Cost-of-living adjustments. The limitations as stated herein shall be adjusted annually in accordance with any cost-of-living adjustments prescribed by the Secretary of the Treasury pursuant to section 415(d) of the Internal Revenue Code.

i. For any person who first becomes a participant in any plan year beginning on or after January 1, 1996, compensation for any plan year shall not include any amounts in excess of the Internal Revenue Code section 401(a)(17) limitation (as amended by the Omnibus Budget Reconciliation Act of 1993), which limitation of $200,000.00 shall be adjusted as required by federal law for qualified government plans and shall be further adjusted for changes in the cost-of-living in the manner provided by section 401(a)(17)(B) of the Internal Revenue Code. For any person who first became a participant prior to the first plan year beginning on or after January 1, 1996, the limitation on compensation shall be not less than the maximum compensation amount that was allowed to be taken into account under the plan as in effect on July 1, 1993, which limitation shall be adjusted for changes in the cost-of-living since 1989 in the manner provided by section 401(a)(17)(1991) of the Internal Revenue Code.

j. This section shall be effective for distributions after December 31, 2001.

k. For the purposes of applying the limitations of section 415(b) of the Internal Revenue Code, the term "compensation" means and includes base pay, incentive pay, longevity pay, shift premiums, police incentive pay, overtime pay, base salary or wages while absent from work on account of vacation, holiday, illness or other authorized paid leave, payments in consideration of unused sick and vacation time, and city contributions on behalf of the employee to a deferred compensation program maintained pursuant to section 457 of the Internal Revenue Code. Additionally, this limitation specifically includes the crediting of compensation while absent from service for military duty; such crediting shall not exceed the compensation that would have been credited under the system if system services had continued.

(Code 1983, § 13-175; Ord. No. L-34, § 1, 8-18-2008; Ord. No. L-118, § 5, 5-3-2010; Ord. No. L-212, § 2, 5-2-2011)

**Sec. 2-396. Termination of plan and distribution of fund.**

Upon termination of the plan by the city for any reason, or because of a transfer, merger, or consolidation of governmental units, services, or functions as provided in F.S. chapter 121, or upon written notice to the board of

PROOFS

trustees by the city that contributions under the plan are being permanently discontinued, the rights of all employees to benefits accrued to the date of such termination or discontinuance and the amounts credited to the employees' accounts are nonforfeitable. The fund shall be distributed in accordance with the following procedures:

(1) The board of trustees shall determine the date of distribution and the asset value required to fund all the nonforfeitable benefits, after taking into account the expenses of such distribution. The board shall inform the city if additional assets are required, in which event the city shall continue to financially support the plan until all nonforfeitable benefits have been funded.

(2) The board of trustees shall determine the method of distribution of the asset value, whether distribution shall be by payment in cash, by the maintenance of another or substituted trust fund, by the purchase of insured annuities, or otherwise, for each police officer entitled to benefits under the plan, as specified in subsection (3) of this section.

(3) The board of trustees shall distribute the asset value as of the date of termination in the manner set forth in this subsection, on the basis that the amount required to provide any given retirement income is the actuarially computed single-sum value of such retirement income, except that if the method of distribution determined under subsection (2) of this section involves the purchase of an insured annuity, the amount required to provide the given retirement income is the single premium payable for such annuity. The actuarial single-sum value may not be less than the employee's accumulated contributions to the plan, with interest if provided by the plan, less the value of any plan benefits previously paid to the employee.

(4) If there is asset value remaining after the full distribution specified in subsection (3) of this section, and after payment of any expenses incurred with such distribution, such excess shall be returned to the city, less return to the state of the state's contributions, provided that, if the excess is less than the total contributions made by the city and the state to date of termination of the plan, such excess shall be divided proportionately to the total contributions made by the city and the state.

(5) The board of trustees shall distribute, in accordance with the manner of distribution determined under subsection (2) of this section, the amounts under subsection (3) of this section.

(Code 1983, § 13-176; Ord. No. L-111, § 4, 2-1-2010)

**Sec. 2-397. Deferred retirement option plan (DROP).**

(a) *Eligibility to participate in the DROP.*

(1) Any member who is eligible to receive a normal retirement pension may participate in the DROP. Members shall elect to participate by applying to the board of trustees on a form provided for that purpose, including an irrevocable letter of resignation from service to the city and withdrawal from the DROP effective after no more than 60 months of participation in the DROP.

(2) Election to participate shall be forfeited if not exercised within the first 27 years of combined credited service. However, participation in the first year of enactment will be extended to those members with 28 years of service in calendar year 2011.

(3) A member shall not participate in the DROP beyond the time of attaining 30 years of service and the total years of participation in the DROP shall not exceed five years. For example:

a. Members with 25 years of credited service at time of entry shall only participate for five years.

b. Members with 26 years of credited service at time of entry shall only participate for four years.

c. Members with 27 years of credited service at time of entry shall only participate for three years.

(4) Upon a member's election to participate in the DROP, he shall cease to be a member and is precluded from accruing any additional benefit under the pension fund. For all fund purposes, the member becomes a retirant. The amount of credited service and final average salary freeze as of the date of entry into the DROP.

(b) *Limitations on participation.*

PROOFS

(1) DROP election shall be irrevocable following deposit of the first payment into the member's account.

(2) A member may participate in the DROP only once. After DROP participation commences, a member may not rejoin the retirement system as an active member nor shall the member be eligible to receive disability or preretirement death benefits from the system.

(3) A member shall continue to receive all other benefits guaranteed active members under any collective bargaining agreement or applicable city policy, unless otherwise addressed in this plan.

(4) Members who are also participating in the DROP in the city retirement and benefits plan must cease participation in both DROP programs at the same time. If the entry date into both was not the same date, then the termination date of participation in both DROP plans will be the earlier termination date.

(5) If a police officer fails to terminate employment at the end of participation in the DROP, interest credits shall cease on the current balance and there shall be no future DROP deposits and those amounts will be forfeited.

(c) *Amounts payable upon election to participate in DROP.*

(1) Monthly retirement benefits would have been payable had the member terminated employment with the department and elected to receive monthly pension payments will be paid into the DROP and credited to the retirant. Payments into the DROP will be made monthly over the period the retirant participates in the DROP, up to a maximum of 60 months.

(2) Members who are entitled to a lump-sum payment under section 2-388 of the pension plan may enter into the DROP. However, the member's benefit will be paid as a monthly annuity, during the period of the DROP and for the member's lifetime thereafter (with ten years of payments guaranteed). The member will be entitled to the lump sum of the DROP balance at the end of the DROP term, but no other lump sum will be payable.

(3) Payments to the DROP will be invested in a member directed account. The board shall select a third-party administrator or provider for this purpose. The member's DROP account will be required to pay the expenses of investment and the DROP participant shall be responsible for the investment risks.

(4) No payments will be made from DROP until the member terminates employment with the city. Upon termination from DROP and from employment, a member's monthly pension benefit will be paid directly to the member.

(d) *Amounts payable upon termination of employment.*

(1) Upon termination of employment, participants in the DROP shall receive the balance of the DROP account in accordance with the following rules:

a. Members must elect to begin to receive payment from the DROP upon termination of employment.

b. Payments shall be made in a lump sum and the entire account balance will be paid to the retirant upon approval of the board of trustees. The account balance may be rolled over via a trust to trustee transfer as provided for in section 2-394.

c. Any form of payment selected by a police officer must comply with the minimum distribution requirement of the section 401(A)(9) of the Internal Revenue Code (e.g., payments must commence by age 70 1/2 or retirement, whichever is later).

d. The beneficiary of the DROP participant who dies before payments from DROP begin shall have the same rights as the participant in accordance with this section.

(2) Members may elect a beneficiary to receive the DROP balance upon the member's death.

(3) Benefit amounts not guaranteed. All benefits payable under this DROP program shall be paid solely from DROP assets. Neither the city nor the board of trustees shall have any duty to pay the member, except as set forth in this program. No rate of return on DROP assets is guaranteed and by their participation, members consent to the terms of this program and discharge the city and board of trustees from any and all liability, except as set forth in this program.

PROOFS

(4) There shall be no material fiscal impact or effect on the city as a result of this section.

## ARTICLE V. FINANCE*

***State law reference—**Municipal finance and taxation, F.S. § 166.201 et seq.

### Sec. 2-423. Investment of city funds.

(a) From and after May 20, 1985, the city hereby adopts the attached as its official investment policy, subject to the provisions and restrictions contained therein.

(b) A copy of the investment policy shall be on file with the city clerk's office and the city finance director's office, and is available for review by any interested party.

(c) Policies and procedures.

(1) The primary investment objectives are safety of capital, liquidity of funds, and investment income, in that order.

(2) The investment returns are compared against recognized benchmarks for similar investment.

(3) In carrying out its investment activities, the city adopts the prudent person rule.

(4) As far as possible, investments are made in accordance with known/anticipated cash needs and cash flow requirements.

(5) Whenever feasible and appropriate, all investments are subjected to the competitive bidding process.

(6) The operational procedures established within the city's department of finance contain the component parts of the internal control program which establishes functional control over the investable assets of the city. These procedures are subject to annual review by the city's independent public accountants.

(7) All officials involved in the investment process annually participate in continuing education in subjects or courses related to investment practices and products.

(Code 1983, § 2-1; Ord. No. I-110, § 1, 5-20-1985; Ord. No. K-50, § 1, 12-4-2000)

### Sec. 2-424. Fiscal year.

The fiscal year of the city shall begin on October 1 and end on September 30 of each year.

(1957 Charter § 98)

**State law reference—**Municipality to adopt above fiscal year, F.S. § 166.241.

### Sec. 2-425. Sale or lease of certain city owned property; notice; deposit or bond.

(a) The city commissioners of the city are hereby expressly authorized to lease or sell and convey any property, real or personal, belonging to the city and not required for public purposes; provided, however, that no lease beyond a term of one year or sale of any real property shall be made unless notice thereof shall be published once a week for two consecutive weeks in some newspaper of general circulation published in the said city, calling for bids for the lease or purchase of the real estate so advertised to be leased or sold, and in each case, the bid of the highest bidder complying with the terms and conditions set forth in such notice shall be accepted unless the commissioners shall reject any and all bids. The city commissioners may require a deposit to be made or a surety bond to be given in such form or in such amount as the commission shall determine with each bid submitted.

(b) In exercising the powers conferred in section 13(a) of the Charter, the city commissioners may lease or sell any such property, real or personal, for such price and upon such terms and conditions as the said commissioners shall deem proper; provided, however, that in giving notice for the lease or sale of the real estate the terms and conditions shall be stated in such notice. In making any lease or sale or of property under this section, the commission is hereby authorized and empowered to lease or convey title to such property to the lessee or purchaser

PROOFS

thereof and to execute a proper lease or conveyance thereof.

(c) Whenever, in the opinion of the city commission, the city holds and possesses any real or personal property not needed for city purposes and such property may be to the best interest of the city, exchanged for other real or personal property which the city may desire to acquire for city purposes, the said city commission is authorized and empowered to make such an exchange; provided, however, before any exchange of property shall be effected a notice setting forth the terms and conditions of any such exchange of property shall be first published once a week for two consecutive weeks in a newspaper of general circulation published in the city before the adoption by the commission of a resolution authorizing the exchange of such properties.

(d) If the United States, or any department or agency thereof, the state or any political subdivision or agency thereof, or any municipality of the state should desire any real or personal property that may be owned by the city for public or community interest and welfare, then the United States, or any department or agency thereof, state or political subdivision, agency or municipality may apply to the commission for a conveyance or lease of such property. The commission, if satisfied that such property is required for such use and is not needed for city purposes, may thereupon convey or lease the same at private sale to the applicant for such price, whether nominal or otherwise, as such commission may fix regardless of the actual value of such property. The fact of such application being made, the purpose for which the property is to be used and the price or rent therefor shall be set out in a resolution duly adopted by such commission. In the case of a lease, the terms of such lease shall be recited in such resolution. No advertisement shall be required.

(e) The provisions of subsections (a) through (d) of this section shall not be construed to cover the sale or disposition of those lands conveyed to the city for a specific purpose and containing a reversionary clause whereby said lands shall revert to the grantor upon failure to use said real property for such purposes.

(f) The provisions of this section shall not apply to the sale of any public utility plant owned by the city.

(g) The provisions of this section shall not apply to the sale or exchange by the city of any obsolete, outmoded, unusable or unserviceable piece of equipment or parts or supplies therefor.

## ARTICLE VI. PURCHASING*

***State law reference**—Consultants' Competitive Negotiations Act, F.S. § 287.055.

### Sec. 2-437. General provisions.

(a) *Purpose and application.*

(1) *Purpose.* The purpose of this article is to provide for the fair and equitable treatment of all persons involved in public purchasing by the city, to maximize the purchasing value of public funds in procurement, and to provide safeguards for maintaining a procurement system of quality and integrity.

(2) *Application.* This article applies to contracts for the procurement of supplies, services, and construction, entered into by the city after the effective date the ordinance from which this ~~of this~~ article is derived, unless the parties agree to its application to contracts entered into prior to the effective date; provided, however, that this article shall not apply to the obtaining of legal services. It shall apply to every expenditure of public funds by a public agency for public purchasing irrespective of the source of the funds. When the procurement involves the expenditure of federal assistance or contract funds, the procurement shall be conducted in accordance with any mandatory applicable federal law and regulations. Nothing in this article shall prevent any public agency from complying with the terms and conditions of any grant, gift, or bequest that is otherwise consistent with law.

(b) *Definitions.* The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

PROOFS

*Architect-engineer and land surveying services* means those professional services within the scope of the practice of architecture, professional engineering, or land surveying, as defined by the laws of the state.

*Blind trust* means an independently managed trust in which the employee-beneficiary has no management rights and in which the employee-beneficiary is not given notice of alterations in, or other dispositions of, the property subject to the trust.

*Brand name or equal specification* means a specification limited to one or more items by manufacturers' names or catalogue numbers to describe the standard of quality, performance, and other salient characteristics needed to meet city requirements, and which provides for the submission of equivalent products.

*Brand name specification* means a specification limited to one or more items by manufacturers' names or catalogue numbers.

*Business* means any corporation, partnership, individual, sole proprietorship, joint stock company, joint venture, or any other private legal entity.

*Change order* means a written order signed and issued by the purchasing director, directing the contractor to make changes which the changes clause of the contract authorizes the purchasing director to order without the consent of the contractor.

*Confidential information* means any information which is available to an employee only because of the employee's status as an employee of the city and is not a matter of public knowledge or available to the public on request.

*Construction* means the process of building, altering, repairing, improving, or demolishing any public structure or building, or other public improvements of any kind to any public real property. The term "construction" does not include the routine operation, routing repair, or routing maintenance of existing structures, buildings, or real property.

*Contract* means all types of city agreements, regardless of what they may be called, for the procurement of supplies, services, or construction.

*Contract modification (bilateral change)* means any written alteration in specifications, delivery point, rate of delivery, period of performance, price, quantity, or other provisions of any contract accomplished by mutual action of the parties to the contract.

*Contractor* means any person having a contract with the city or a using agency thereof.

*Cost analysis* means the evaluation of cost data for the purpose of arriving at costs actually incurred or estimates of costs to be incurred, prices to be paid, and costs to be reimbursed.

*Cost data* means factual information concerning the cost of labor, material, overhead, and other cost elements which are expected to be incurred or which have been actually incurred by the contractor in performing the contract.

*Cost-reimbursement contract* means a contract under which a contractor is reimbursed for costs which are allowable and allocable in accordance with the contract terms and the provisions of this article, and a fee or profit, if any.

*Direct or indirect participation* means involvement through decision, approval, disapproval, recommendation, preparation of any part of a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity.

*Disadvantaged business* means a small business which is owned or controlled by a majority of persons, not limited to members of minority groups, who have been deprived of the opportunity to develop and maintain a competitive position in the economy because of social disadvantages.

*Employee* means an individual drawing a salary or wages from the city, whether elected or not; any noncompensated individual performing personal services for the city or any department, agency, commission, council, board, or any other entity established by the executive or legislative branch of the city; and any noncompensated individual serving as an elected official of the city.

*Financial interest* means:

PROOFS

(1) Ownership of any interest or involvement in any relationship from which, or as a result of which, a person within the past year has received, or is presently or in the future entitled to receive, more than $1,000.00 per year, or its equivalent;

(2) Ownership of five percent of any property of business; or

(3) Holding a position in a business such as officer, director, trustee, partner, employee, or like, or holding any position of management.

*Gratuity* means a payment, loan, subscription, advance, deposit of money, service, or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value is received.

*Immediate family* means a spouse, children, parents, brothers, and sisters.

*Invitation for bids* means all documents, whether attached or incorporated by reference, utilized for soliciting sealed bids.

~~*Person* means any business, individual, union, committee, club, other organization, or group of individuals.~~

*Price analysis* means the evaluation of price data, without analysis of the separate cost components and profit as in cost analysis, which may assist in arriving at prices to be paid and costs to be reimbursed.

*Pricing data* means factual information concerning prices for items substantially similar to those being procured. Prices in this definition refer to offered or proposed selling prices, historical selling prices and current selling prices. The term "pricing data" refers to data relevant to both prime and sub-contract prices.

*Procurement* means the buying, purchasing, renting, leasing, or otherwise acquiring of any supplies, services, or construction. The term "procurement" also includes all functions that pertain to the obtaining of any supply, service, or construction, including description of requirements, selection, and solicitation of sources, preparation and award of contract, and all phases of contract administration.

*Public agency* means a public entity subject to or created by the city.

*Qualified products list* means an approved list of supplies, services, or construction items described by model or catalogue numbers, which, prior to competitive solicitation, the city has determined will meet the applicable specification requirements.

*Request for proposals* means all documents, whether attached or incorporated by reference, utilized for soliciting proposals.

*Responsible bidder or offeror* means a person who has the capability in all respects to perform fully the contract requirements, and the tenacity, perseverance, experience, integrity, reliability, capacity, facilities, equipment, and credit which will assure good faith performance.

*Responsive bidder* means a person who has submitted a bid which conforms in all material respects to the requirements set forth in the invitation for bids.

*Services* means the furnishing of labor, time, or effort by a contractor, not involving the delivery of a specific end product other than reports which are merely incidental to the required performance. The term "services" does not include employment agreements or collective bargaining agreements.

*Small business* means a United States business which is independently owned and which is not dominant in its field of operation or an affiliate or subsidiary of a business dominant in its field of operation.

*Specification* means any description of the physical or functional characteristics or of the nature of a supply, service, or construction item. The term "specification" may include a description of any requirement for inspecting, testing, or preparing a supply, service, or construction item for delivery.

*Supplies* means all property, including, but not limited to, equipment, materials, printing, insurance, and leases of real property, excluding land or a permanent interest in land.

*Using agency* means any department, commission, board, or public agency requiring supplies, services, or construction procured pursuant to this article.

PROOFS

(c) *Public access to procurement information.* Procurement information shall be a public record to the extent provided in F.S. ch. 119 and shall be available to the public as provided in such statute.

(Code 1983, § 2-61; Ord. No. J-419, § 2, 4-20-98)

**Sec. 2-438. Office of the purchasing director.**

(a) ~~Establishment, appointment, and tenure.~~ *Establishment of the position of purchasing director.* There is hereby created the position of purchasing director, who shall be the city's principal public purchasing official.

~~(2) [ *Reserved* ].~~

~~(3) [ *Reserved* ].~~

(b) *Authority and duties.*

(1) *Principal public purchasing official.* Except as otherwise provided herein, the purchasing director shall serve as the principal public purchasing official for the city, and shall be responsible for the procurement of supplies, services, and construction in accordance with this article, as well as the management and disposal of supplies.

(2) *Duties.* In accordance with this article, and subject to the supervision of the city manager, the purchasing director shall:

a. Procure or supervise the procurement of all supplies, services, and construction needed by the city;

b. Exercise direct supervision over the city's central stores and general supervision over all other inventories of supplies belonging to the city;

c. Sell, trade, or otherwise dispose of surplus supplies belonging to the city; and

d. Establish and maintain programs for specifications development, contract administration and inspection and acceptance, in cooperation with the public agencies using the supplies, services, and construction.

(3) *Operational procedures.* Consistent with this article, and with the approval of the city manager and the city commission, the purchasing director may adopt operational procedures relating to the execution of its duties.

(c) *Delegations to other city officials.* With the approval of the city commission and the city manager, the purchasing director may delegate authority to purchase certain supplies, services, or construction items to other city officials, if such delegation is deemed necessary for the effective procurement of those items. Notwithstanding the provisions of subsection (b) of this section (authority and duties), procurement authority with respect to certain supplies, services, or construction may be delegated to other city officials by the city manager with the approval of the city commission, when such delegation is deemed necessary for the effective procurement of these supplies, services, or construction.

(Code 1983, § 2-62; Ord. No. J-419, § 2, 4-20-98)

**Sec. 2-439. Source selection and contract formation.**

(a) *Methods of source selection.*

(1) *Competitive sealed bidding.*

a. *Conditions for use.* All contracts of the city shall be awarded by competitive sealed bidding except as otherwise provided in subsections (a)(2) (competitive sealed proposals), (a)(3) (contracting for designated professional services), (a)(4) (small purchases), (a)(5) (sole source procurement), and (a)(6) (emergency procurements) of this section and section 2-442(d) (public announcement and selection process).

b. *Invitation for bids.* An invitation for bids shall be issued and shall include specifications, and all contractual terms and conditions applicable to the procurement.

c. *Public notice.* Adequate public notice of the invitation for bids shall be given a reasonable time. Such notice will include publication in a newspaper of general circulation in the city, once a week

PROOFS

for two consecutive weeks, the first issue thereof to be not less than ten days prior to the reception of such bids. The public notice shall state the place, date, and time of bid opening.

d. *Bid opening.* Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The amount of each bid, and such other relevant information as the purchasing director deems appropriate, together with the name of each bidder shall be recorded; the record and each bid shall be open to public inspection in accordance with section 2-437(c) (public access to procurement information).

e. *Bid acceptance and bid evaluation.* Bids shall be unconditionally accepted without alteration or correction, except as authorized in this article. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life cycle costs. The invitation for bids shall set forth the evaluation criteria to be used. No criteria may be used in bid evaluation that are not set forth in the invitation for bids.

f. *Correction or withdrawal of bids; cancellation of awards.* Correction or withdrawal of inadvertently erroneous bids before or after bid opening, or cancellation of awards or contracts based on such bid mistakes, may be permitted where appropriate. Mistakes discovered before bid opening may be modified or withdrawn by written or telegraphic notice received in the office designated in the invitation for bids prior to the time set for bid opening. After bid opening, corrections in bids shall be permitted only to the extent that the bidder can show by clear and convincing evidence that a mistake of a nonjudgmental character was made, the nature of the mistake, and the bid price actually intended. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the city or fair competition shall be permitted. In lieu of bid correction, a low bidder alleging a material mistake of fact may be permitted to withdraw its bid if:

   1. The mistake is clearly evident on the face of the bid document but the intended correct bid is not similarly evident; or

   2. The bidder submits evidence which clearly and convincingly demonstrates that a mistake was made. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the purchasing director.

g. *Award.* The contract shall be awarded with reasonable promptness by appropriate written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids. In the event the low responsive and responsible bid for a construction project exceeds available funds as certified by the finance director, and such bid does not exceed such funds by more than five percent, the purchasing director is authorized, when time or economic considerations preclude resolicitation of work or a reduced scope, to negotiate an adjustment of the bid price with the low responsive and responsible bidder, in order to bring the bid within the amount of available funds. Any such negotiated adjustment shall be based only upon eliminating independent deductive items specified in the invitation for bids.

h. *Multi-step sealed bidding.* When it is considered impractical to prepare initially a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been determined to be technically acceptable under the criteria set forth in the first solicitation.

(2) *Competitive sealed proposals.*

a. *Conditions for use.* When the purchasing director determines in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the city, a contract may be entered into by use of the competitive sealed proposals method.

PROOFS

b. *Request of proposals.* Proposals shall be solicited through a request for proposals.

c. *Public notice.* Adequate public notice of the request for proposals shall be given in the same manner as provided in subsection (a)(1)c of this section (competitive sealed bidding, public notice).

d. *Receipt of proposals.* No proposals shall be handled so as to permit disclosure of the identity of any offeror or the contents of any proposal to competing offerors during the process of negotiation. A register of proposals shall be prepared containing the name of each offeror, the number of modifications received, if any, and a description sufficient to identify the item offered. The register of proposals shall be open for public viewing only after contract award.

e. *Evaluation factors.* The request for proposals shall state the relative importance of price and other evaluation factors.

f. *Discussion with responsible offerors and revisions to proposals.* As provided in the request for proposals, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award for the purpose of clarification to assure full understanding of, and conformance to, the solicitation requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of the identity of competing offerors or of any information derived from proposals submitted by competing offerors.

g. *Award.* Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the city, taking into consideration price and the evaluation factors set forth in the request for proposals. No other factors or criteria shall be used in the evaluation. The contract file shall contain the basis on which the award is made.

(3) *Contracting for designated professional services.*

a. *Authority.* For the purpose of procuring the services of accountants, clergy, physicians, ~~lawyer,~~ dentists, as defined by the laws of the state, any using agency requiring such services may procure them on its own behalf, in accordance with the selection procedures specified in this subsection (a)(3). A using agency procuring such services shall consult with the purchasing director. No contract for the services of legal counsel may be awarded without the approval of such officer as may be required by applicable law.

b. *Selection procedure.*

1. *Conditions for use.* Except as provided under subsection (a)(5) (sole source procurement) or (a)(6) (emergency procurements) of this section, the professional services designated in subsection (a)(3)a of this section shall be procured in accordance with this subsection (a)(3)b.

2. *Statement of qualifications.* Persons engaged in providing the designated types of professional services may submit statements of qualifications and expressions of interest in providing such professional services. A using agency using such professional services may specify a uniform format for statements of qualifications. Persons may amend these statements at any time by filing a new statement.

3. *Public announcement and form of request for proposals.* Adequate notice of the need for such services shall be given by the using agency requiring the services through a request for proposals. The request for proposals shall describe the services required, list the types of information and data required of each offeror, and state the relative importance of particular qualifications.

4. *Discussions.* The head of a using agency procuring the required professional services or a designee of such officer may conduct discussions with any offeror who has submitted a proposal to determine such offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.

PROOFS

5. *Award.* Award shall be made to the offeror determined in writing by the head of the using agency procuring the required professional services or a designee of such officer to be best qualified based on the evaluation factors set forth in the request for proposals, and negotiation of compensation determined to be fair and reasonable. If compensation cannot be agreed upon with the best qualified offeror, then negotiations will be formally terminated with the selected offeror. If proposals were submitted by one or more other offerors determined to be qualified, negotiations may be conducted with such other offeror or offerors, in the order of their respective qualification ranking, and the contract may be awarded to the offeror then ranked best qualified if the amount of compensation is determined to be fair and reasonable.

(4) *Small purchases.* Any contract not exceeding $500.00 may be made in accordance with the small purchase procedures authorized in this article. Contract requirements shall not be artificially divided so as to constitute a small purchase under this section.

(5) *Sole source procurement.* A contract may be awarded without competition when the purchasing director determines in writing, after conducting a good faith review of available sources, that there is only one source for the required supply, service, or construction item. The purchasing director shall conduct negotiations, as appropriate, as to price, delivery, and terms. A record of sole source procurements shall be maintained as a public record and shall list each contractor's name, the amount and type of each contract, a listing of the item procured under each contract, and the identification number of each contract file.

(6) *Emergency procurements.* Notwithstanding any other provisions of this article, the purchasing director may make or authorize others to make emergency procurements of supplies, services, or construction items when there exists a threat to public health, welfare, or safety; provided that such emergency procurements shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file. As soon as practicable, a record of each emergency procurement shall be made and shall set forth the contractor's name, the amount and type of the contract, a listing of the item procured under the contract, and the identification number of the contract file.

(7) *Cancellation of invitations for bids or requests for proposals.* An invitation for bids, a request for proposals, or other solicitation may be canceled, or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is for good cause and in the best interests of the city. The reasons therefor shall be made part of the contract file. Each solicitation issued by the city shall state that the solicitation may be canceled and that any bid or proposal may be rejected in whole or in part for good cause when in the best interest of the city. Notice of cancellation shall be sent to all businesses solicited. The notice shall identify the solicitation, explain the reason for cancellation and, where appropriate, explain that an opportunity will be given to compete on any resolicitation or any future procurements of similar items. Reasons for rejection shall be provided upon request by unsuccessful bidders or offerors.

(b) *Qualifications and duties.*

(1) *Responsibility of bidders and offerors.*

a. *Determination of nonresponsibility.* If a bidder or offeror who otherwise would have been awarded a contract is found nonresponsible, a written determination of nonresponsibility, setting forth the basis of the finding, shall be prepared by the purchasing director. The unreasonable failure of a bidder or offeror to supply promptly information in connection with an inquiry with respect to responsibility may be grounds for a determination of nonresponsibility with respect to such bidder or offeror. A copy of the determination shall be sent promptly to the nonresponsible bidder or offeror. The final determination shall be made part of the contract file and be made a public record.

b. *Right of nondisclosure.* Information furnished by a bidder or offeror pursuant to this section shall not be disclosed by the city outside of the office of the purchasing director, or using agency, without prior written consent by the bidder or offeror.

(2) *Cost or pricing data.*

PROOFS

a. *Required submissions relating to the award of contracts.* A prospective contractor shall submit cost or pricing data when the contract is expected to exceed $100,000.00 and is to be awarded by competitive sealed proposals, as provided for in subsection (a)(2) of this section (competitive sealed proposals), or by sole source procurement authority, as provided for in subsection (a)(5) of this section (sole source procurement).

b. *Exceptions.* The submission of cost or pricing data relating to the award of a contract is not required when:

1. The contract price is based on adequate price competition;

2. The contract price is based on established catalogue prices or market prices;

3. The contract price is set by law or regulation; or

4. It is determined in writing by the purchasing director that the requirements of section (b)(2)a of this section (cost or pricing data; required submissions relating to the award of contracts) may be waived, and the determination states the reasons for such waiver.

c. *Required submissions relating to change orders or contract modifications.* A contractor shall submit cost or pricing data prior to the pricing of any change order or contract modification, including adjustments to contracts awarded by competitive sealed bidding, whether or not cost or pricing data was required in connection with the initial pricing of the contract, when the change or modification involves aggregate increases or aggregate decreases in costs plus applicable profits that are expected to exceed $100,000.00.

d. *Exception.* The submission of cost or pricing data relating to the pricing of a change order or contract modifications not required when:

1. Unrelated and separately priced adjustments for which cost or pricing data would not be required are consolidated for administrative convenience; or

2. It is determined in writing by the purchasing director that the requirement of subsection (b)(2)c of this section (cost or pricing data; required submission relating to change orders or contract modification) may be waived and the determination states the reason for such waiver.

e. *Certification required.* A contractor, actual or prospective, required to submit cost or pricing data, in accordance with this section, shall certify that, to the best of its knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of a mutually specified date prior to the award of the contract or the pricing of the change order or contract modification.

f. *Price adjustment provision required.* Any contract award, change order, or contract modification under which the submission and certification of cost or pricing data are required shall contain a provision stating that the price to the city, including the profit or fee, shall be adjusted to exclude any significant sums by which the city finds that such price was increased because the contractor-furnished cost or pricing data was inaccurate, incomplete, or not current as of the date agreed upon between the city and the contractor.

(3) *Cost or price analysis.* A cost analysis or a price analysis, as appropriate, shall be conducted prior to award of the contract other than one awarded under subsection (a)(1) of this section (competitive sealed bidding). A written record of such cost analysis or price analysis shall be made a part of the contract file. In making a price analysis, consideration must be given to any differing terms and conditions.

(4) *Bid and performance bonds on supply or service contract.* Bid and performance bonds or other security may be requested for supply contracts or service contracts as the purchasing director or head of a using agency deems advisable to protect the city's interests. Any such bonding requirements shall be set forth in the solicitation. Bid or performance bonds shall not be used as a substitute for a determination of a bidder or offeror's responsibility.

(c) *Types of contracts and contract administration.*

(1) *Types of contracts.*

PROOFS

a. *General authority.* Subject to the limitations of this section, any type of contract which is appropriate to the procurement and which will promote the best interests of the city may be used, provided that the use of a cost-plus-a-percentage-of-cost contract is prohibited. A cost reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the city than only other type or that it is impracticable to obtain the supply, service, or construction item required except under such a contract.

b. *Multi-term contracts.*

1. *Specified period.* Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interest of the city, provided that the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the first fiscal period at the time of contracting. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefor.

2. *Determination prior to use.* Prior to the utilization of a multi-term contract, it shall be determined in writing that:

i. Estimated requirements cover the period of the contract and are reasonably firm and continuing; and

ii. Such a contract will serve the best interests of the city by encouraging effective competition or otherwise promoting economies in city procurement.

3. *Cancellation due to unavailability of funds in succeeding fiscal periods.* When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled and the contractor shall be reimbursed for the reasonable value of any non-recurring cost incurred but not amortized in the price of the supplies or services delivered under the contract. The cost of cancellation may be paid from any appropriations available for such purposes.

c. *Multiple source contracting.*

1. *General.* A multiple source award is an award of an indefinite quantity contract for one or more similar supplies or services to more than one bidder or offeror. The obligation to order the city's actual requirements is limited by the provision of Uniform Commercial Code section 62-306(1).

2. *Limitations on use.* A multiple source award may be made when award to two or more bidders or offerors for similar products is necessary for adequate delivery, service, or product compatibility. Any multiple source award shall be made in accordance with the provision of subsections (a)(1) (competitive sealed bidding), (a)(2) (competitive sealed proposals), (a)(4) (small purchases), and (a)(6) (emergency procurements) of this section, as applicable. Multiple source awards shall not be made when a single award will meet the city's needs without sacrifice of economy or service. Awards shall not be made for the purpose of dividing the business, making available product or supplier section to allow for user preference unrelated to utility or economy, or avoiding the resolution of tie bids. Any such awards shall be limited to the least number of suppliers necessary to meet the valid requirements.

3. *Contract and solicitation provisions.* All eligible users of the contract shall be named in the solicitation, and it shall be mandatory that the actual requirements of such users that can be met under the contract be obtained in accordance with the contract, provided that:

i. The city shall reserve the right to take bids separately if a particular quantity requirement arises which exceeds its normal requirement or an amount specified in the contract; and

ii. The city shall reserve the right to take bids separately if the purchasing director approves a finding that the supply or service available under the contract will not meet a nonrecurring special need of the city.

PROOFS

4. *Intent to use.* If a multiple source award is anticipated prior to issuing a solicitation, the city shall reserve the right to make such an award and the criteria for award shall be stated in the solicitation.

5. *Determination required.* The purchasing director shall make a written determination setting forth the reasons for a multiple source award, which shall be made a part of the procurement file.

(2) *Contract clauses and their administration.*

a. *Contract clauses.* All city contracts for supplies, services, and construction shall include provisions necessary to define the responsibilities and rights of the parties to the contract. The purchasing director, after consultation with the city attorney, may issue clauses appropriate for supply, service, or construction contracts, addressing among others the following subjects:

1. The unilateral right of the city to order in writing changes in the work within the scope of the contract;

2. The unilateral right of the city to order in writing temporary stopping of the work or delaying performance that does not alter the scope of the contract;

3. Variations occurring between estimated quantities of work in contract and actual quantities;

4. Defective pricing;

5. Liquidated damages;

6. Specified excuses for delay or nonperformance;

7. Termination of the contract for default;

8. Termination of the contract in whole or in part for the convenience of the city;

9. Suspension of work on a construction project ordered by the city; and

10. Site conditions differing from those indicated in the contract, or ordinarily encountered, except that a differing site conditions clause need not be included in a contract:

i. When the contract is negotiated;

ii. When the contractor provides the site or design; or

iii. When the parties have otherwise agreed with respect to the risk of differing site condition.

b. *Price adjustments.*

1. Adjustments in price resulting from the use of contract clauses required by subsection (c)(2)a of this section shall be computed in one or more of the following ways:

i. By agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;

ii. By unit prices specified in the contract or subsequently agreed upon;

iii. By the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as specified in the contract or subsequently agreed upon;

iv. In such other manner as the contracting parties may mutually agree; or

v. In the absence of agreement by the parties, by a unilateral determination by the city of the costs attributable to the events or situations under such clauses with adjustment of profit or fee as computed by the city, as accounted for in accordance with reference to cost principles, and subject to the provision of section 2-444 (appeals and remedies).

2. A contractor shall be required to submit cost or pricing data if any adjustment in contract price is subject to the provisions of subsection (b)(2) of this section (cost or pricing data).

PROOFS

c. *Standard clauses and their modification.* The purchasing director, after consultation with the city attorney, may establish standard contract clauses for use in city contracts. If the purchasing director establishes any standard clauses addressing the subjects set forth in subsection (c)(2)a of this section, such clauses may be varied provided that any variations are supported by a written determination that states the circumstances justifying such variations, and provided that any variations are supported by a written determination that states the circumstance justifying such variation, and provided that notice of any such material variation be stated in the invitation for bids or request for proposals.

(3) *Contract administration.* A contract administration system designed to ensure that a contractor is performing in accordance with the solicitation under which the contract was awarded, and the terms and conditions of the contract, shall be maintained.

~~(4) Cost reimbursement provisions. [ Reserved ].~~

(5) *Approval of accounting system.* Except with respect to firm fixed-price contracts, no contract type shall be used, unless it has been determined in writing by the purchasing director that:

a. The proposed contractor's accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated; and

b. The proposed contractor's accounting system is adequate to allocate costs in accordance with generally accepted cost accounting principles.

(6) *Right to inspect plant.* The city may, at reasonable times, inspect the part of the plant, place of business, or worksite of a contractor or subcontractor at any tier which is pertinent to the performance of any contract awarded or to be awarded by the city.

(7) *Right to audit records.*

a. *Audit of cost or pricing data.* The city may at reasonable times and places, audit the books and records of any contractor who has submitted cost or pricing data pursuant to subsection (b)(2) of this section (cost or pricing data) to the extent that such books, documents, papers, and records are pertinent to such cost or pricing data. Any person who receives a contract, change order, or contract modification for which cost or pricing data is required shall maintain such books, documents, papers, and records that are pertinent to such cost or pricing data for three years from the date of final payment under the contract.

b. *Contract audit.* The city shall be entitled to audit the books and records of a contractor or a subcontractor at any tier under any negotiated contract or subcontract other than a firm fixed-price contract to the extent that such books, documents, papers, and records are pertinent to the performance of such contract or subcontract. Such books and records shall be maintained by the contractor for a period of three years from the date of final payment under the subcontract.

(8) *Reporting of anticompetitive practices.* When for any reason collusion or other anticompetitive practices are suspected among any bidders or offerors, a notice of the relevant facts shall be transmitted to the state attorney general and the appropriate legal officer for the jurisdiction conducting the procurement.

(9) *City procurement records.*

a. *Contract file.* All determinations and other written records pertaining to the solicitation, award, or performance of a contract shall be maintained for the city in a contract file by the purchasing director.

b. *Retention of procurement records.* All procurement shall be retained and disposed of by the city in accordance with records retention guidelines and schedules approved by the city commission.

(10) *Fiscal responsibility.* In respect to any contract issued or entered into under the provisions of this section, the city manager shall have the power and authority to increase or decrease the same up to and including the sum of $50,000.00 for extra service, work or labor to be performed or for the deletion thereof. Any charges in excess of said sum of $50,000.00 may be made only when authorized by the commission. The

PROOFS

commission may also otherwise alter or extend the terms of any such contract upon written recommendation of the city manager.

(Code 1983, § 2-63; Ord. No. J-419, § 2, 4-20-98; Ord. No. 18-014, § 1, 6-4-18)

**Sec. 2-440. Purchasing procedures.**

(a) *Purchases ~~of less than~~ not exceeding $500.00.*

(1) Each department shall be responsible for purchases not exceeding $500.00.

(2) Each department head shall designate the person or persons who will be responsible for the purchasing activity in the department and the department head will notify the purchasing director of the person so designated. Departmental purchases shall be conducted as follows:

a. The department head must verify the availability of funds in the proper appropriation prior to placing an order.

b. Two or more purchase orders for the same commodity may not be issued if the total of the purchase orders exceeds $500.00.

c. Persons authorized by the department head to issue purchase orders will be responsible for correctly filling in the purchase order and providing supporting documentation from the vendor.

d. The copies of the purchase order issued shall be routed as follows:

1. Original to vendor.

2. First copy to purchasing ~~department~~ director.

3. Second copy to be held by the ordering department for their records.

4. Third copy is to be held by the ordering department until the material ordered is received. Upon receipt of the material this copy is to be signed by the person receiving the material and forwarded to the finance department to match with the fourth copy as verification of delivery.

5. Fourth copy to finance department.

(3) The purchasing director will review and monitor the purchasing activities, offer advice on selection of proper vendors, and will meet with departments at least quarterly to review the procedures being followed.

(b) *Purchases from ~~$500.00 to $2,500.00~~ $500.01 through $2,500.00.* Purchases expected to exceed $500.00 but be less than ~~$2,500.00~~ $2,500.01 are to be handled by the purchasing department. Departments are to submit a requisition for purchase in a format prescribed by the purchasing director. The requisition for purchase request will include three comparative quotes for purchases over $500.00 through $2,500.00 if they can be obtained by the department. The purchasing director, or his designee, will review and verify information and/or obtain quotes, then select the bid/quote that is the most responsive and responsible. Purchase order is processed. All purchase orders exceeding $500.00 but less than ~~$2,500.00~~ $2,500.01 must be signed by both the purchasing director and the finance director.

(c) *Purchases from ~~$2,500.00 to~~ 2,500.01 through $50,000.00.* Purchases expected to exceed ~~$2,500.00~~ $2,500.01 but be less than ~~$50,000.00~~ $50,000.01 are to be handled by the purchasing ~~department~~ director or designee. Departments are to submit a requisition for purchase in a format prescribed by the purchasing director along with specifications. The purchasing department will prepare the bid documents for an informal bid. After bids are received, they are forwarded to the user department for evaluation and recommendation. After recommendation purchase order is processed. All purchase orders exceeding $2,500.00 but less than ~~$50,000.00~~ $50,000.01 must be signed by both the purchasing director and finance director.

(d) *Purchases exceeding $50,000.00.* Purchases which exceed $50,000.00 are handled in the same manner as purchases from ~~$2,500.00 to~~ $2,500.01 through $50,000.00, except that all bids are sealed and formal, and will require approval from the city commission.

(e) *Surplus sales.*

PROOFS

(1) The purchasing director is responsible for the declaration and disposal of all surplus material and equipment.

(2) Material and equipment having an estimated value of ~~less than~~ $1,000.00 or less may be declared as surplus by the purchasing director and the department head. Material and equipment having an estimated value in excess of $1,000.00 must be declared surplus by the city commission.

(f) *Procedures for disposition of materials and equipment to surplus are as follows with no exceptions.*

(1) Complete the asset disposition form.

(2) Contact the purchasing ~~department~~ director or designee to make arrangements for delivery of material or equipment (561-460-2200, ext. 122).

(3) If it is some type of equipment that has a license plate, please remove the license plate and submit to the purchasing ~~department~~ director or designee t along with asset disposition form.

(4) If it is equipment that has a city I.D. sticker, please remove and submit to the purchasing ~~department~~ director or designee along with asset disposition form.

(g) *Violations of purchasing procedures (employees).*

(1) No officer, department, employee or agency shall, during any fiscal year, expend or contract to expend any money or incur any liability, or enter into any contract which by its terms involves the expenditure of money for any purposes in excess of the amounts appropriated for that general classification of expenditure pursuant to this article. Any contract, verbal or written, made in violation of this article shall be null and void. Any officer or employee of the city who shall be guilty of a misdemeanor and, upon conviction thereof, shall cease to hold his office or employment and he and his sureties shall be liable to the city by reason of corrupt or improper approval of any claim or account against the city.

(2) Nothing in this section shall prevent the making of contracts or the spending of money for capital improvements to be financed in whole or in part by the issuance of bonds, nor the making of contracts of lease or for services for a period exceeding the budget in which such contract is made, when such contract is permitted by law.

(Code 1983, § 2-63.1; Ord. No. 18-014, § 1, 6-4-18)

**Sec. 2-441. Specifications.**

(a) *Maximum practicable competition.* All specifications shall be drafted so as to promote overall economy for the purposes intended and encourage competition in satisfying the city's needs, and shall not be unduly restrictive. The policy enunciated in this section applies to all specifications, including but not limited to, those prepared for the city by architects, engineers, designers, and draftsmen.

~~(b) *Qualified products list.* Reserved.~~

(b) *Brand name or equal specification.*

(1) *Use.* Brand name or equal specifications may be used when the purchasing director determines in writing that:

a. No other design or performance specification of qualified products list is available;

b. Time does not permit the preparation of another form of purchase description, not including a brand name specification;

c. The nature of the product or the nature of the city's requirements makes use of a brand name or equal specification suitable for the procurement; or

d. Use of a brand name or equal specification is in the city's best interests.

(2) *Designation of several brand names.* Brand name or equal specifications shall seek to designate three, or as many different brands as are practicable, as "or equal" references and shall further state that substantially equivalent products to those designated will be considered for award.

PROOFS

(3) *Required characteristics.* Unless the purchasing director determines in writing that the essential characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design, functional, or performance characteristics which are required.

(4) *Nonrestrictive use of brand name or equal specifications.* Where a brand name or equal specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of describing the standard of quality, performance, and characteristics desired and is not intended to limit or restrict competition.

(c) *Brand name specification.*

(1) *Use.* Since use of a brand name specification is restrictive of product competition, it may be used only when the purchasing director makes a written determination that only the identified brand name item or items will satisfy the city's needs.

(2) *Competition.* The purchasing director shall seek to identify sources from which the designated brand name item or items can be obtained and shall solicit such sources to achieve whatever degree of price competition is practicable. If only one source can supply the requirement, the procurement shall be made under subsection (a)(5) of this section (sole source procurement).

(Code 1983, § 2-64; Ord. No. J-419, § 2, 4-20-98)

**Sec. 2-442. Procurement of construction, architect-engineer and land surveying services.**

(a) *Management of construction contracting; responsibility for selection of methods of construction contracting management.* The purchasing director and the city engineer shall have discretion to select the appropriate method of construction contracting management for a particular project. In determining which method to use, the city engineer shall consider the city's requirements, its resources, and the potential contractor's capabilities. The city engineer shall execute and include in the contract file a written statement setting forth the facts which led to the selection of a particular method of construction contracting management for each project.

(b) *Bid security and performance bonds.*

(1) *Bid security.*

a. *Requirement for bid security.* Bid security shall be required for all competitive sealed bidding for construction contracts when the price is estimated by the purchasing director to ~~exceed~~ be $50,000.00 or more. Bid security shall be a bond provided by a surety company authorized to do business in the state, or the equivalent in cash, or otherwise supplied in a form satisfactory to the city. Nothing herein shall prevent the requirement of such bonds on construction contracts under $50,000.00 when the circumstances warrant.

b. *Amount of bid security.* Bid security shall be in an amount equal to at least ten percent of the amount of the bid.

c. *Rejection of bids for noncompliance with bid security requirements.* When the invitation for bids requires security, noncompliance requires that the bid be rejected, unless it is determined that the bid fails to comply only in a nonsubstantial manner with the security requirements.

d. *Withdrawal of bids.* If a bidder is permitted to withdraw its bid before award as provided in section 2-439(a)(1)f (competitive sealed bidding; correction or withdrawal of bids; cancellation of awards), no action shall be had against the bidder or the bid security.

(2) *Contract performance and payment bonds.*

a. *When required; amounts.* When a construction contract is awarded in ~~excess~~ the amount of $50,000.00 or more, the following bonds or security shall be delivered to the city and shall become binding on the parties upon the execution of the contract:

1. A performance bond satisfactory to the city, executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to the city, in an amount equal to 100 percent of the price specified in the contract; and

PROOFS

2. A payment bond satisfactory to the city, executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to the city, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to 100 percent of the price specified in the contract.

b. *Reduction of bond amounts.* After notice to the city commission, the purchasing director is authorized to reduce the amount of performance and payment bonds to 50 percent of the contract price for each bond when a written determination is made that it is in the best interests of the city to do so.

c. *Authority to require additional bonds.* Nothing in this section shall be construed to limit the authority of the city to require a performance bond or other security in addition to those bonds, or in circumstances other than specified in subsection (b)(2)a of this section.

d. *Suits on payment bonds; right to institute.* Unless otherwise authorized by law, any person who has furnished labor or material to the contractor or subcontractors for the work provided in the contract, for which a payment bond is furnished under this section, and who has not been paid in full within 90 days from the date on which that person performed the last of the labor or supplied the material, shall have the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due that person. However, any person having a contract with a subcontractor of the contractor, but no express or implied contract with the contractor furnishing the payment bonds, shall have a right of action upon the payment bond upon giving written notice to the contractor within 90 days from the date on which that person performed the last of the labor or supplied the material. That person shall state in the notice the amount claimed and the name of the party to whom the material was supplied or for whom the labor was performed. The notice shall be served personally or by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

e. *Suits on payment bonds; where and when brought.* Unless otherwise authorized by law, every suit instituted upon a payment bond shall be brought in a court of competent jurisdiction for the county or district in which the construction contract was to be performed.

(3) *Copies of bond forms.* Any person may request and obtain from the city a copy of a bond upon payment of the cost of reproduction of the bond and postage, if any. A copy of a bond shall be prima facie evidence of the contents, execution, and delivery of the original.

(c) *Fiscal responsibility.* In respect to any contract issued or entered into under the provisions of this section, the city manager shall have the power and authority to increase or decrease the same up to and including the sum of $50,000.00 for extra service, work or labor to be performed or for the deletion thereof. Any charges in excess of said sum of $50,000.00 may be made only when authorized by the commission. The commission may also otherwise alter or extend the terms of any such contract upon written recommendation of the city manager. Any charges in excess of $25,000.00 shall be communicated to the city commission.

(d) *Architect-engineer and land surveying services; public announcement and selection process.*

(1) *Public announcement.* It is the policy of the city to announce publicly all requirements for architect-engineer and land surveying services and to negotiate such contracts on the basis of demonstrated competence and qualifications at fair and reasonable prices. In the procurement of architect-engineer and land surveying services, the purchasing director shall request firms to submit a statement of qualifications and performance data.

(2) *Selection process.* A selection committee composed of at least three members, including the purchasing director, another officer with appropriate professional experience and the head of a using agency in need of the architect-engineer or land surveying services shall conduct discussions with no less than three firms regarding the proposed contract and the relative utility of alternative methods of approach for furnishing the required services and shall select from among them no less than three of the firms deemed

PROOFS

most qualified to provide the required services. The selection shall be made in order of preference, based on criteria established and published by the selection committee.

(3) *Negotiations.* The purchasing director or appointed official shall negotiate a contract with the firm considered to be the most qualified for architect-engineer or land surveying services at compensation which the purchasing director determines in writing to be fair and reasonable to the city. In making this decision, the purchasing director shall take into account the estimated value, the scope, the complexity, and the professional nature of the services to be rendered. Should the purchasing director be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the purchasing director determines to be fair and reasonable to the city, negotiations with that firm shall be formally terminated. The purchasing director shall then undertake negotiation with the second most qualified firm. Failing accord with the second most qualified firm, the purchasing director shall formally terminate negotiations. The purchasing director shall then undertake negotiations with the third most qualified firm. Should the purchasing director be unable to negotiate a contract at a fair and reasonable price with any of the selected firms, the selection committee shall select additional firms in order of their competence and qualifications, and the purchasing director shall continue negotiations in accordance with this section until an agreement is reached.

(Code 1983, § 2-65; Ord. No. J-419, § 2, 4-20-98; Ord. No. 18-014 , § 3, 6-4-18)

**State law reference--**Consultants' Competitive Negotiation Act, F.S. § 287.055.

**Sec. 2-443. Debarment or suspension.**

(a) *Authority to debar or suspend.* After reasonable notice to the person involved and reasonable opportunity for that person to be heard, the purchasing director, after consulting with the city attorney, is authorized to debar a person for cause from consideration for award of contracts. The debarment shall be for a period of not more than three years. After consultation with the city attorney, the purchasing director is authorized to suspend a person from consideration for award of contracts if there is probable cause to believe that the person has engaged in any activity which might lead to debarment. The suspension shall be for a period not to exceed three months. The causes for debarment include:

(1) Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;

(2) Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a city contractor;

(3) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;

(4) Violation of contract provisions, as set forth below, of a character which is regarded by the purchasing director to be so serious as to justify debarment action:

a. Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or

b. A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for debarment.

(5) Any other cause the purchasing director determines to be so serious and compelling as to affect responsibility as a city contractor, including debarment by another governmental entity for any cause listed in this article; and

(6) For violation of the ethical standards set forth in section 2-446 (ethics in public contracting).

(b) *Decision to debar or suspend.* The purchasing director shall issue a written decision to debar or suspend. The decision shall state the reasons for the action taken and inform the debarred or suspended person involved of its rights concerning judicial or administrative review.

PROOFS

(c) *Notice of decision.* A copy of the decision required by subsection (b) of this section (decision to debar or suspend) shall be mailed or otherwise furnished immediately to the debarred suspended person.

(d) *Finality of decision.* A decision under subsection (b) of this section (decision to debar or suspend) shall be final and conclusive, unless fraudulent, or the debarred or suspended person within ten days after receipt of the decision taken an appeal to the city commission or commences a timely action in accordance with applicable law.

(Code 1983, § 2-66; Ord. No. J-419, § 2, 4-20-98)

**Sec. 2-444. Appeals and remedies.**

(a) *Bid protests.*

(1) *Right to protest.* Any actual or prospective bidder, offeror, or contractor who is aggrieved in connection with the solicitation or award of a contract may protest to the city commission. Protestors are urged to seek resolution of their complaints initially with the purchasing director. If a bidder or interested bidder wishes to protest either the results of or intended disposition of any bid, the bidder or interested bidder must:

a. File a notice of intent to protest in writing 72 hours after posting of bid tabulation or posting of intended disposition.

b. A formal written protest must be filed within ten days after notice of protest has been filed.

c. After receipt of a formal protest, the purchasing director consults with city attorney. Following consultation with city attorney, the purchasing director shall attempt to resolve the protest. This process must be completed within seven working days.

d. If protest is not resolved by mutual agreement between the protesting vendor and purchasing director, the purchasing director shall consult with city manager and city attorney, and issue a final written decision of the protest. This decision shall state the following:

1. Reasons for decision.

2. Inform the protesting vendor of his right to administrative hearing before the city commission. If he chooses not to appear, then all final decisions stand and the protest is said to be null and void.

(2) *Stay of procurements during protests.* In the event of a timely protest under subsection (a)(1) of this section, the purchasing director shall not proceed further with the solicitation or award of the contract until all administrative and judicial remedies have been exhausted or until the city commission makes a determination on the record that the award of a contract without delay is necessary to protect substantial interest of the city.

(b) *Contract claims.*

(1) *Decision of the purchasing director.* All claims by a contractor against the city relating to a contract, except bid protests, shall be submitted in writing to the purchasing director for a decision. The contractor may request a conference with the purchasing director on the claim. Claims include, without limitation, disputes arising under a contract, and those based upon breach of contract, mistake, misrepresentation, or other cause for contract modification or revision.

(2) *Notice to the contractor of the purchasing director's decision.* The decision of the purchasing director shall be promptly issued in writing, and shall be immediately mailed or otherwise furnished to the contractor. The decision shall state the reasons for the decision reached, and shall inform the contractor of its appeal rights under subsection (b)(3) of this section.

(3) *Finality of purchasing director's decision; contractor's right to appeal.* The purchasing director's decision shall be final and conclusive unless, within ten days from the date of receipt of the decision, the contractor mails or otherwise delivers a written appeal to the city commission or commences an action in a court of competent jurisdiction.

PROOFS

(4) *Failure to render timely decision.* If the purchasing director does not issue a written decision regarding any contract controversy within ten days after written request for a final decision, or within such longer period as may be agreed upon between the parties, then the aggrieved party may proceed as if an adverse decision had been received.

~~(e) *Access to administrative forums.* Reserved.~~

(~~f~~c) *Authority of the purchasing director to settle bid protests and contract claims.* The purchasing director is authorized to settle any protest regarding the solicitation or award of a city contract, or any claim arising out of the performance of a city contract, prior to an appeal to the city commission or the commencement of an action in a court of competent jurisdiction.

(~~g~~d) *Remedies for solicitations or awards in violation of law.*

(1) *Prior to bid opening or closing date for receipt of proposals.* If prior to the bid opening or the closing date for receipt of proposals, the purchasing director, after consultation with the city attorney, determines that a solicitation is in violation of federal, state, or municipal law, then the solicitation or proposed award shall be canceled.

(2) *Prior to award.* If after bid opening or the closing date for receipt of proposals, the purchasing director, after consultation with the city attorney, determines that a solicitation or a proposed award of a contract is in violation of federal, state, or municipal law, then the solicitation or proposed award shall be canceled.

(3) *After award.* If, after an award, the purchasing director, after consultation with the city attorney, determines that a solicitation or award of a contract was in violation of applicable law, then:

a. If the person awarded the contract has not acted fraudulently or in bad faith:

1. The contract may be ratified and affirmed, provided it is determined that doing so is in the best interests of the city; or

2. The contract may be terminated.

b. If the person awarded the contract has fraudulently or in bad faith the contract may be declared null and void or voidable, if such action is in the best interests of the city.

(Code 1983, § 2-69; Ord. No. J-419, § 2, 4-20-98)

**Sec. 2-445. Cooperative purchasing.**

Any governmental purchasing authority may participate in this purchase for services and commodities from any successful award.

(Code 1983, § 2-70; Ord. No. J-419, § 2, 4-20-98)

**Sec. 2-446. Ethics in public contracting.**

(a) *Criminal penalties.* To the extent that violations of the ethical standard of conduct set forth in this article constitute violations of the state criminal code, they shall be punishable as provided therein. Such penalties shall be in addition to the civil sanction set forth in this part. Criminal, civil, and administrative sanctions against employees or nonemployees which are in existence on the effective date of this article shall not be impaired.

(b) *Employee conflict of interest.* It shall be unethical for any city employee to participate directly or indirectly in a procurement contract when the city employee knows that:

(1) The city employee or any member of the city employee's immediate family has a financial interest pertaining to the procurement contract; or

(2) Any other person, business, or organization with whom the city employee or any member of a city employee's immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement contract.

PROOFS

A city employee or any member of a city employee's immediate family who holds a financial interest in a disclosed blinded trust shall not be deemed to have a conflict of interest with regard to matters pertaining to that financial interest.

(c) *Gratuities and kickbacks.*

(1) *Gratuities.* It shall be unethical for any person to offer, give, or agree to give any city employee or former city employee, or for any city employee or former city employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefor.

(2) *Kickbacks.* It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

(3) *Contract clause.* The prohibition against gratuities and kickbacks prescribed in this section shall be conspicuously set forth in every contract and solicitation therefore.

(d) *Prohibition against contingent fees.* It shall be unethical for a person to be retained, or to retain a person, to solicit or secure a city contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies for the purpose of securing business.

(e) *Contemporaneous employment prohibited.* It shall be unethical for any city employee who is participating directly or indirectly in the procurement process to become or to be, while such a city employee, the employee of any person contracting with the governmental body by whom the employee is employed.

(f) *Waivers from contemporaneous employment prohibition and other conflicts of interest.* The city commission may grant a waiver from the employee conflict of interest provision, as provided for in subsection (b) of this section (employee conflict of interest), or the contemporaneous employment provision, as provided for in subsection (e) of this section (contemporaneous employment prohibited), upon making a written determination that:

(1) The contemporaneous employment or financial interest of the city employee has been publicly disclosed;

(2) The city employee will be able to perform its procurement functions without actual or apparent bias or favoritism; and

(3) The award will be in the best interests of the city.

(g) *Use of confidential information.* It shall be unethical for any employee or former employee knowingly to use confidential information for actual or anticipated personal gain, or for the actual or anticipated personal gain of any other person.

(h) *Sanctions.*

(1) *Employees.* The city manager may impose any one or more of the following sanctions on a city employee for violations of the ethical standards in this article:

a. Oral or written warnings or reprimands;

b. Suspension with or without pay for specified periods of time; or

c. Termination of employment.

(2) *Nonemployees.* The city commission may impose any one or more of the following sanctions on a nonemployee for violations of the ethical standards:

a. Written warnings or reprimands;

b. Termination of contracts; or

PROOFS

c. Debarment or suspension as provided in section 2-443(a) (authority to debar or suspend).

(i) *Recovery of value transferred or received in breach of ethical standards.*

(1) *General provisions.* The value of anything transferred or received in breach of the ethical standard of this article by a city employee or a nonemployee may be recovered from both city employee and nonemployee.

(2) *Recovery of kickbacks by the city.* Upon a showing that a subcontractor made a kickback to a prime contractor or a higher tier subcontractor in connection with the award of a subcontract or order thereunder, it shall be conclusively presumed that the amount thereof was included in the price of the subcontract or order and ultimately borne by the city and will be recoverable hereunder from the recipient. In addition, that amount may also be recovered from the subcontractor making such kickbacks. Recovery from one offending party shall not preclude recovery from other offending parties.

### DIVISION 1. GENERALLY

**Secs. 2-460--2-479. Reserved.**

### DIVISION 2. DECONSTRUCTION OF OBSOLETE RECORDS*

***State law reference—**Records retention, F.S. § 119.021(2).

**Sec. 2-480. Schedule adopted.**

In accordance with F.S. chs. 119 and 267, the city commission has found and determined that certain classes or groupings of records of the city as set forth in the schedule entitled "Records Which Are No Longer Required for Permanent Retention," which schedule is hereby made a part of this section, are not required for permanent retention by the city after periods of time indicated. The number of years of retention set forth in the schedule shall date from the earlier of the end of the fiscal year in which the record originates or completion of audit of the record in any such class or grouping.

(Code 1960, § 2-100; Code 1983, § 2-101)

**Editor's note—**The schedule adopted by reference in the above section is on file in the office of the city clerk.

**Sec. 2-481. Index of records to be destroyed—Submission; approval; destruction certificate.**

Prior to destruction of any of the classes or groupings of records listed on the schedule adopted in this division, each department head shall prepare or cause to be prepared an index or schedule of the records of his department to be destroyed or cremated describing generally by classes or groupings only those records to be destroyed, and he shall submit the same in duplicate for the approval of the city auditor and city clerk not less than 60 days prior to any such destruction. After receiving a copy of the index or schedule approved by the city auditor and city clerk, the department head may proceed with the destruction. Upon destruction of any such records, a cremation or destruction certificate shall be executed by the city auditor and city clerk, or his authorized deputy, and shall be placed on file in the office of the city auditor and city clerk, and there retained as a permanent record of the city.

(Code 1960, § 2-101; Code 1983, § 2-102)

**Sec. 2-482. Index of records to be destroyed—Approval by state.**

The city clerk upon receipt of the index or schedule adopted in this division, shall cause a copy of same to be sent to the ~~Division of Archives, History and Records Management of the Florida Department of State~~ division of library and information services of the department of state for its consent prior to any destruction of the same. Unless consent for destruction is received from said division, the public records shall be preserved.

## ARTICLE VIII. BOARDS, COMMISSIONS AND COMMITTEES

**Sec. 2-505. Application of article.**

(a) *Generally.* The terms "board," "commission" and/or "committee," when used in this article, shall refer to any board, commission and/or committee to be appointed by the city commission and/or city manager, whether created by state statute, the Charter, or city commission action, or whether appointed directly by the mayor-commissioner, now in existence or hereafter created. ~~All members so appointed to serve on said boards, commissions, and/or committees shall be residents of the city except for officials or employees of the city who serve upon the same by virtue of their employment with the city. The city commission may appoint members to the gas board, electrical board, board of examiners of contractors and board of adjustment and appeals who are residents of the county who do not reside in the city.~~ Any individual designated as an alternate member of a board shall neither discuss, deliberate on a matter nor vote unless certified by the board chair as a replacement for a regular board member at the meeting which such regular board member fails to attend, or has recused himself from voting on a particular issue.

(b) *Vacancies.* Vacancies on any such board, commission and/or committee for the unexpired term of any member thereof who resigns, who is removed or whose chair becomes vacant for any reason prior to the completion of such member's term, shall be filled by the alternate member, if any, who has served for the greatest, aggregate, continuous period of time as an alternate. The alternate vacancy thereby created shall be filled for the remainder of such alternate's unexpired term by appointment by the city commission.

# ALCOHOLIC BEVERAGES*

***State law reference**—Alcoholic beverages, F.S. Ch. 561 et seq.; municipal regulation of hours, location and sanitation of alcoholic beverage businesses, F.S. § 562.45; Municipal Home Rule Powers Act, F.S. ch. 166.

## Sec. 4-1. Definitions.

The following words and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Alcoholic beverage* means any beverages containing more than one percent of alcohol by ~~weight~~ volume. The percentage of alcohol by volume shall be determined by measuring the volume of the standard ethyl alcohol in the beverage and comparing it with the volume of the remainder of the ingredients as though said remainder ingredients were distilled water.

~~*Beer* or *malt beverage:* All brewed beverages containing malt.~~

*Beer* means a brewed beverage that meets the federal definition of beer in 27 C.F.R. § 25.11 and contains less than six percent alcohol by volume.

~~*Bottle club:* A business establishment providing facilities for the consumption of alcoholic beverages by its patrons on the premises, but not licensed to sell alcoholic beverages, without regard as to whether the patrons are required to be members of the bottle club. A "bottle club" does not include a social, fraternal or civic association or organization which only occasionally or intermittently provides facilities for on-premises consumption of alcoholic beverages by its members and their guests and is not licensed to sell alcoholic beverages. A "bottle club" can be a private club or a public business establishment in which the principal revenue would be derived from the sale of setups, mixers, ice and water, and charges for any entertainment provided.~~

*Bottle club* means a commercial establishment, operated for a profit, whether or nonprofit is actually made, wherein patrons consume alcoholic beverages which are brought onto the premises and not sold or supplied to the patrons by the establishment, whether the patrons bring in and maintain custody of their own alcoholic beverages or surrender custody to the establishment for dispensing on the premises, and which is located in a building or other enclosed permanent structure. The term "bottle club" does not apply to sporting facilities where events sanctioned by nationally recognized regulatory athletic or sports associations are held, bona fide restaurants licensed by the division of hotels and restaurants of the department of business and professional regulation whose primary business is the service of full course meals, or hotels and motels licensed by the division of hotels and restaurants of the department of business and professional regulation.

*Club* means persons associated together as a chartered or incorporated club, including social clubs incorporated by orders of circuit judges after their charters have been found to be for objects authorized by law and approved by such judges as organized for lawful purposes and not for the purpose of evading license taxes on dealers in alcoholic beverages, as defined in this section, which organizations are bona fide clubs, and at the time of application for license hereunder, shall have been in continuous active existence and operation for a period of not less than two years.

*Container* means any can, cup, bottle, glass or other receptacle containing an alcoholic beverage.

*Intoxicating beverage* or *intoxicating liquor* means only those alcoholic beverages containing more than 3.2 percent of alcohol by weight.

*Malt beverage* means any brewed beverage containing malt.

*Manufacturer* means all persons who make alcoholic beverages except those who make beer or wine for personal or family consumption pursuant to F.S. § 562.165.

PROOFS

*Motor vehicle* means any self-propelled vehicle not operated upon rails or guideway, but not including any bicycle, motorized scooter, electric personal assistive mobility device, or moped.

*Nightclub* means any place of business operating after 11:00 p.m. and where food, alcoholic beverages and refreshments are served and sold to the public in connection with dancing, theatrical or similar entertainment; and where, in addition to the space occupied by chairs and tables for service of meals, there shall be provided a floor space of at least 400 square feet, suitably prepared for dancing, and a band, orchestra or other form of music or musical entertainment is provided.

~~*Person* means any natural person, corporation, partnership, association or entity.~~

PROOFS

**Sec. 4-11. Hours—Notification of violation.**

The city clerk shall, upon conviction of any person for the violation of any of the terms of section 4-10, notify by certified mail within five days the director of the state division of alcoholic beverages and tobacco of such conviction, giving the name of the person so convicted, the date of conviction, the date of the violation and other such information as shall be necessary to properly apprise the director of the circumstances of the violation and conviction.

(Code 1960, § 3-12; Code 1983, § 3-1)

**Sec. 4-12. Bottle clubs.**

(a) *Definition.* For the purposes of this section, the term "bottle club" means a business establishment providing facilities for the consumption of alcoholic beverages by its patrons on the premises, but not licensed to sell alcoholic beverages, without regard as to whether the patrons are required to be members of the bottle club. The term "bottle club" does not include a social, fraternal or civic association or organization which only occasionally or intermittently provides facilities for on-premises consumption of alcoholic beverages by its members and their guests and is not licensed to sell alcoholic beverages. A bottle club can be a private club or a public business establishment in which the principal revenue would be derived from the sale of setups, mixers, ice and water, and charges for any entertainment provided.

(b) ~~*New bottle clubs Prohibited.* From the effective date [September 20, 1982] of this section no new~~ No bottle clubs, as defined in subsection (a) of this section, will be licensed or authorized to do business within the city.

~~(c) *Expired occupational licenses not renewable.* Any existing "bottle clubs" within the city shall have until their occupational license expires on September 30, 1983, to continue in business, and upon the date that the occupational license expires, it shall not be renewed and they shall terminate said business.~~

~~(d) *Notification.* All existing "bottle clubs" shall be notified of the ordinance from which this section is derived immediately upon its passage, by mailing a copy by certified mail, return receipt requested, to the address given upon the occupational license.~~

~~(Code 1983, § 3-13; Ord. No. H-226, §§ 1—4, 9-20-1982)~~

**Sec. 4-13. Minimum requirements for on-premises consumption.**

(a) An applicant holding a "beer and wine—consume on premises and package sales" license must be engaged in conducting a bona fide restaurant establishment, for which such waiver is sought, and to qualify as a bona fide restaurant the restaurant must:

(1) Have tables capable of seating not fewer than 20 persons simultaneously, for the purpose of serving meals;

(2) Dispense sales of beer and wine only to persons patronizing the establishment for the main purpose of ordering and consuming food;

(3) Have permanent kitchen facilities with a commercial stove, refrigerator and oven located within the premises in which meals are regularly prepared for service to patrons of the establishment.

(b) An applicant holding a "beer, wine and liquor—consume on premises and package sales" license must demonstrate that any parking area provided for is illuminated by not less than three footcandles per square foot of parking lot area.

(Code 1983, § 3-14; Ord. No. L-216, § 7, 7-5-2011)

**Sec. 4-14. Minimum standards for review for waiver of distance.**

The city commission shall determine if the health, safety, or general welfare has been provided with any waiver request and may impose any condition which it finds to be necessary to protect the best interest of the surrounding property of the city.

(1) The actual location and distance of the proposed establishment with respect to other places of business licensed to sell intoxicating beverages, whether on or off the premises, as well as churches and schools;

PROOFS

(2) The type and size of the establishment, including any bar floor space and seating capacity, and whether, in view of such type or size, the proposed establishment is likely to create a public nuisance or traffic impediment by drawing crowds or persons milling about outside the building.

(3) Whether adequate parking and landscaping for the facility is provided so as to meet the requirements set forth in sections 125-314 through 125-316;

(4) Whether the facility is physically separated or well buffered from all adjacent residentially zoned areas;

(5) Whether traffic generated by patrons or pickup/delivery vehicles will pass through low or moderate density residentially zoned neighborhood;

(6) Whether, if the facility is located within 1,600 feet of a church or school, it will generate traffic which may adversely affect the safety of persons attending such church or school.

(7) Before any action is taken upon any application as provided in this section, either by the planning board or the city commission, the applicant shall deposit with the city a fee established by the city commission by resolution to cover the approximate cost of the procedure and such sum is not refundable in any event.

(Code 1983, § 3-15; Ord. No. L-216, § 8, 7-5-2011)

**Sec. 4-15. Waiver exemptions.**

A location that has been granted a waiver of distance by the city commission shall not be required to obtain a new waiver of distance as a result of a change in tenancy, ownership or management unless a change in use occurs for a time period of 12 months or more.

## ARTICLE I. IN GENERAL

### Sec. 6-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Animal* means any non-speaking, live, vertebrate creature, domestic or wild.

*Animal control officer* means any person employed or appointed by the city who is authorized to investigate, on public or private property, civil infractions relating to animal control or cruelty, licensure of animals, or seizure and impoundment of animals and to issue citations as provided in this chapter.

*Animal shelter* means any facility operated by a humane society or municipal agency or its authorized agents for the purpose of impounding or caring for animals held under the authority of this chapter or state law.

*At large* means any animal which is off the premises of its owner or keeper and not under the restraint of its owner or keeper.

*Attack* means an event whereby an unprovoked animal lunges at, runs after or otherwise chases or approaches a person or other animal and such event either occurs in a threatening or menacing manner or causes some type of injury.

*Bird* or *fowl* means any member of the avian species, regardless of sex.

*Bite* means an actual puncture or tear of the skin inflicted by the teeth of an animal.

*Breeder* means any person who owns, keeps, harbors, maintains, or has custody of dogs or cats that produce any litter or offspring that are offered for sale, or that produce a combined total of two or more litters during a 12-month period.

*Cat* means any feline, regardless of sex.

*Citation* means a written notice, issued to any person by an officer, that the officer has probable cause to believe that the person has committed a civil infraction in violation of a duly enacted ordinance and that the county court will hear the charge. Pursuant to F.S. § 828.27, the citation shall contain:

(1) The date and time of issuance.

(2) The name and address of the person.

(3) The date and time the civil infraction was committed.

(4) The facts constituting probable cause.

(5) The ordinance violated.

(6) The name and authority of the officer.

(7) The procedure for the person to follow in order to pay the civil penalty, to contest the citation, or to appear in court.

(8) The applicable civil penalty if the person elects to contest the citation.

PROOFS

(9) The applicable civil penalty if the person elects not to contest the citation.

(10) A conspicuous statement that, if the person fails to pay the civil penalty within the time allowed, or fails to appear in court to contest the citation, the person shall be deemed to have waived his right to contest the citation and that, in such case, judgment may be entered against the person for an amount up to the maximum civil penalty.

(11) A conspicuous statement that, if the person is required to appear in court, the person does not have the option of paying a fine in lieu of appearing in court.

*Community cat* means a cat that has been sterilized, vaccinated, ear tipped and returned to the outdoors to live independent of human intervention.

*Confined* means physically preventing an animal from leaving the premises of its owner or keeper.

*Control* means the possession, ownership, care and custody of animals.

*Controlled burial* means burying at least two feet below the surface of the ground and 100 feet from any water well.

*Cruelty* means any act of neglect, torture or torment that causes the unjustifiable pain or suffering of an animal.

*Dangerous dog* means any dog that according to the records of the appropriate authority:

(1) Has aggressively bitten, attacked, or endangered or has inflicted severe injury of a human being on public or private property;

(2) Has more than once severely injured or killed a domestic animal while off the owner's property; or

(3) Has, when unprovoked, chased or approached a person upon the streets, sidewalks, or any public grounds in a menacing fashion or apparent attitude of attack, provided that such actions are attested to in a sworn statement by one or more persons and dutifully investigated by the division.

*Dog* means any animal of the canine species, regardless of sex.

*Domestic animal* means dogs, cats, or other animals that are kept primarily as pets for pleasure rather than utility and that do not require a special permit by the state fish and wildlife conservation commission.

*Exposed to rabies* means a person, dog, cat or other animal that has been bitten by, or been exposed to, any animal known to have been infected with rabies.

*Extreme weather,* for the purposes of this chapter, means and includes, but is not to be limited to, the following conditions:

(1) Hurricane;

(2) Tropical storm;

(3) Above 85 degrees Fahrenheit with a heat index of 100 degrees; or

(4) Below 40 degrees Fahrenheit with a 35 degrees wind chill factor.

In determining whether extreme weather conditions exist, an animal control officer shall consider extenuating circumstances that provide for the safety of the animal through other means.

*Feral* means any dog or cat existing in a wild or untamed state. The term "feral" includes any dog or cat that has returned to an untamed state from domestication.

*Harbor* means the act of keeping and caring for an animal or providing premises to which the animal returns for food, shelter, or care for five consecutive days. The term "harbor" does not include those circumstances wherein an individual temporarily captures or holds a stray animal and immediately returns the animal to its owner or an animal control officer.

*Hunt* or *hunting* means to follow, search, or pursue any animal or the use of structures or tree stands for the purpose of capturing or killing either for food or in sport, or the use of any animal or hunting falcon for this purpose.

*Impoundment* means the taking of or picking up of and confinement of an animal by an officer under the provisions of this chapter.

The animal control officer shall be immune from prosecution, civil or criminal, for reasonable good faith trespass upon real property as authorized by this section.

(Code 1983, § 4-88; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-28. Interference with animal control officer prohibited.**

No person may knowingly hinder, resist or oppose any animal control officer or other employee of the division in performance of his duties under this chapter; knowingly interfere with any animal trap set by, or at the direction of, such animal control officer; or molest or release any animal caught in such trap, unless directed to do so by an animal control officer.

(Code 1983, § 4-89; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-29. Enforcement and penalties.**

(a) Any officer who has probable cause to believe that any person has committed an act in violation of this chapter, or any other ordinance relating to the care, custody, control of, or cruelty to animals, may issue a citation to that person. The determination that a violation has occurred may be the result of the officer's own investigation or as the result of a credible complaint by an aggrieved person.

(b) Unless otherwise specified, any violation of this chapter, or any other ordinance of the city relating to the care, custody, control, or cruelty to animals, constitutes a civil infraction and may be punishable by a civil penalty not to exceed $500.00. If the person who has committed the violation does not contest the citation, a reduced civil penalty of less than the maximum allowed will be assessed as follows:

| *Reduced Civil Penalties for Violation of Provisions Relating to Animals* | | | |
|---|---|---|---|
| *Class* | *First Offense* | *Second Offense* | *Third Offense* |
| A | $50.00 | $100.00 | Mandatory court |
| B | $100.00 | $200.00 | Mandatory court |
| C | $250.00 | Mandatory court | Mandatory court |

(c) Within 30 days of the issuance of a citation for a violation of this chapter, the person cited must comply with one of the following options for disposition of the citation:

(1) Pay the reduced fine, as indicated herein, to the city in the manner provided on the citation form. A person making this election shall be deemed to have admitted the infraction and waived the right to a hearing; or,

(2) Request a hearing to contest the citation in county court, as provided by F.S. § 828.27, by contacting the county clerk of court, in the manner provided on the citation form.

PROOFS

a. The standard of proof in the court hearing shall be a preponderance of the evidence.

b. Contesting the citation shall be deemed a waiver of any right to pay the reduced civil penalty, and upon a finding by the court that the civil infraction was committed, the court may order the violator to correct the violation and impose a penalty up to the maximum civil penalty of $500.00, plus all applicable costs of prosecution and court costs, but in no event shall any such civil penalty imposed by the court be less than the reduced civil penalty as provided in this section. The judge may provide for the civil penalty to be paid, and the violation to be corrected, within such time as the county judge determines to be appropriate. If the person found to be in violation fails to pay the civil penalty or to correct the violation within the time provided, a civil judgment shall be entered against that person in the amount adjudicated, and any other lawful sanctions may be imposed by the court.

(d) Any person that is issued a citation and fails to pay the reduced civil infraction or request a court hearing within 30 days, or any person that requests to contest a citation by scheduling a court hearing and then fails to appear at such hearing, shall be deemed to have waived the right to contest the citation and a civil judgment shall be entered against the person in an amount not to exceed the maximum civil penalty of $500.00, plus all applicable cost of prosecution, plus court costs, but in no event shall any such civil penalty imposed by the court be less than the reduced civil penalty as provided in this section. However, the court shall have the discretion to continue or reschedule any hearing when it determines that doing so will further the interest of justice.

(e) Payment of any civil penalty imposed by the county court shall be made to the clerk of court, who shall forward the monies collected to the city.

(f) Civil penalties imposed pursuant to this section shall be independent of and in addition to any fees, cost, or charges arising from the impoundment or registration of animals as provided in this chapter.

(g) As provided by F.S. § 828.27, in addition to any civil penalties imposed pursuant to this section there shall be imposed and collected a surcharge of $5.00. The proceeds from such surcharge shall be used to pay the cost of the training for animal control officers.

(h) Nothing in this chapter shall prevent officers from charging violations related to the care and control of animals as criminal offenses, when so provided by state statutes.

(i) Nothing in this chapter shall prevent the animal control division supervisor from dismissing a citation if the violation is corrected or the facts presented are likely to result in an acquittal by the county court.

PROOFS

## DIVISION 2. IMPOUNDMENT

### Sec. 6-47. Authority.

Police and animal control officers are authorized to impound any animal or fowl as provided by this chapter or state law.

(Code 1983, § 4-1; Ord. No. L-80, § 2, 4-20-2009)

### Sec. 6-48. Requirement to check for identification.

Upon taking custody of any dog or cat, officers shall inspect the animal for a registration tag and scan the animal for the presence of a microchip in an attempt to gain ownership information required for the completion of duties as described herein. Such inspection and scanning shall be completed prior to any impoundment at an animal shelter.

(Code 1983, § 4-71; Ord. No. L-80, § 2, 4-20-2009)

### Sec. 6-49. Disposition; not under restraint, at large, and nuisance animals.

(a) Any animal or fowl not under restraint, found running at large in the city, or determined to be a nuisance animal, may be taken by or at the direction of an officer and impounded in the animal shelter, and there confined in a humane manner.

(b) Female animals in heat may be impounded when not kept under restraint or confined within a building or secure enclosure as provided in this chapter.

(c) When the owner is known and able to take immediate custody of an animal, and the animal is not a danger to public safety or a nuisance animal, officers should return the animal directly to the owner to avoid impoundment and animal shelter fees. However, this shall not prevent officers from taking enforcement action for any violations of this chapter.

(d) When the owner of an impounded animal can be identified, the animal control officer shall immediately upon impoundment provide the owner with written notice of such action. If the owner cannot be contacted, but their address is known, the animal control officers will post written notice of the impoundment at this address.

(e) Upon impoundment, the animal control officer will provide written notice to the animal shelter indicating that the animal is being impounded without a hold pursuant to this section. When known, this notice will include the name, address, and telephone number of the animal's owner.

(f) Any animal not reclaimed by its owner within five working days shall become the property of the local government authority or animal shelter, and shall be placed for adoption or euthanized. There shall be no requirement to hold a feral or wild animal impounded under this section prior to disposition.

(g) Any community cat that is found to be a public nuisance will be impounded at a local animal shelter who will determine the best outcome for the animal. Under no circumstances shall a community cat that has been declared a nuisance be returned to the location where it was removed.

(Code 1983, § 4-72; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 17-018, § 1, 4-17-2017)

**Sec. 6-50. Quarantine and disposition; animal bites cases and rabies infection.**

(a) When an animal has bitten or aggressively attacked a person or another animal, or is otherwise suspected of being rabid, the animal shall be quarantined for a period of ten days.

(b) When the owner of the animal is unknown, there is reason to suspect the animal of being rabid, or when the investigating officer otherwise determines the need for immediate impoundment and secure quarantine:

(1) Upon impoundment, the officer will provide written notice to the animal shelter indicating that the animal is being impounded with a hold for ten days pursuant to this section. When known, this notice will include the name, address, and telephone number of the animal's owner.

(2) If the owner of an impounded animal can be identified, the animal control officer shall immediately upon impoundment provide the owner with written notice of such action. If the owner cannot be contacted and their address is known, the animal control officers will post written notice of the impoundment at this address.

(3) When known, the owner shall be given written notice of their right to request a hearing. This ten-day period shall allow the owner to apply to a court of competent jurisdiction for remedies that may be available.

(4) The owner shall be responsible for the payment of all boarding costs and fees that are required to keep the animal.

(c) When the owner is known and capable of securely quarantining the animal, as determined by the investigating officer, and no suspicion of rabies infection exists:

(1) A written notice for quarantine shall be issued and direct the owner to keep the animal securely confined and kept from contact with any other animal.

(2) The owner may arrange, at their own expense, for the quarantine of the animal in a veterinary hospital, animal shelter, or at another secure site approved by the investigating animal control officer.

(3) Should the owner fail to comply with a notice for quarantine, the officer shall immediately impound the animal and quarantine it at an animal shelter, as provided herein.

(d) Animal control officers shall notify the county health department upon any positive indication of a rabies infection in an animal.

**Sec. 6-51. Order to provide care, and disposition; mistreated or neglected animals.**

(a) Any police or animal control officer may remove from its present custody and impound, or issue an order to provide care to its owner, any animal found neglected, or cruelly treated pursuant to and in accordance with F.S. § 828.073.

(b) Animals taken into custody pursuant to this section shall be impounded in the animal shelter, and there confined in a humane manner until a court order is issued or other disposition is taken in accordance to F.S. § 828.073, or until a veterinarian determines euthanasia is necessary pursuant to F. S. §§ 828.012 or 828.122.

(c) Upon impoundment, the officer will provide written notice to the animal shelter indicating that the animal is to be held pursuant to this section. When known, this notice will include the name, address, and telephone number of the animal's owner.

(d) When an animal is impounded or an order to provide care is issued pursuant to this section, an animal control officer shall, within ten business days, petition the county court for a hearing to determine custody and disposition of the animal in accordance with F.S. § 828.073.

(e) When an animal control officer petitions the county court as provided in this section, then that animal control officer shall have written notice served to the owner or public notice published, at least three days prior to the court hearing, and in accordance with F.S. § 828.073.

(Code 1983, § 4-74; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-52. Disposition; animal fighting and baiting.**

(a) Upon a court finding probable cause for a violation of F.S. § 828.122, involving animal fighting or baiting, in application for a search or arrest warrant, or on the arraignment of any person so charged, the investigating officer shall petition the court to issue an order for seizure of any animals or equipment used in committing the violation in accordance with the same law.

(b) Animals taken into custody pursuant to this section shall be impounded in the animal shelter, and there confined in a humane manner until a court order is issued or other disposition is taken in accordance to F.S. § 828.073, or until a veterinarian determines euthanasia is necessary pursuant to F.S. §§ 828.012 or 828.122.

(c) Upon impoundment, the officer will provide written notice to the animal shelter indicating that the animal is to be held pursuant to this section. Additionally, when known, this notice will include the name, address, and telephone number of the animal's owner.

(Code 1983, § 4-75; Ord. No. L-80, § 2, 4-20-2009)

**Sec. 6-53. Release of impounded animals; requirements and fees.**

(a) An animal shelter shall not release an animal impounded under this division to an owner until the following conditions have been met:

(1) The shelter has received approval to release the impounded animal by a city animal control officer.

(2) The owner has paid an impoundment fee equal to the per animal fee charged by the shelter to the city as specified in the contract in effect at that time.

(3) Based upon the circumstances that resulted in the animal's impoundment, the city manager or his designee may waive all or a portion of the impound fee. Such circumstances include, but are not limited to, the number of interactions with the animal in the past, compliance with city registration and rabies requirements, the quality of care the animal received prior to impound, compliance with city tethering requirements and quarantine holds due to bite cases.

(4) The owner of any dog or cat provides, or acquires through the animal shelter, proof of current and valid rabies vaccination and proof of registration as required within this chapter, except that owners residing outside the city shall not be required to comply with registration provisions within this chapter.

(b) The animal shelter shall collect all fees required prior to the release of any animal, provide a receipt for

PROOFS

same to the owner upon payment, and transmit the collected fees to the city as provided for by law.

(Code 1983, § 4-1=76; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 17-003, § 1, 2-6-2017)

**Sec. 6-54. Adoption of animals from city-funded agencies.**

(a) No dangerous dog, vicious animal, or animal that has been involved in an unprovoked bite or attack on a person shall be placed for adoption in the event that the owner does not reclaim the animal.

(b) A humane society, shelter, or other agency funded in any part by the city shall not release a dog or cat for adoption, unless the dog or cat has been sterilized by a licensed veterinarian, or before securing a written agreement for sterilization, as provided within F.S. § 823.15.

(c) A humane society, shelter, or other agency funded in any part by the city shall not release a dog or cat for adoption, unless that dog or cat has been implanted with a microchip, as defined by this chapter, and sufficient information to locate the adopter is provided to the entity maintaining such data for the microchip manufacturer.

(d) A humane society, shelter, or other agency funded in any part by the city shall not release a dog or cat for adoption, unless that dog or cat has been vaccinated for rabies as required by this chapter and registered and all tags and certificates as required herein have been issued to the owner, except that dogs and cats adopted by owners living outside the city shall not be required to comply with registration requirements.

(Code 1983, § 4-77; Ord. No. L-80, § 2, 4-20-2009)

**Secs. 6-55--6-81. Reserved.**

## ARTICLE III. ANIMAL CONTROL

**Sec. 6-82. Public nuisance.**

(a) It shall be unlawful for any owner to permit his animal to become a public nuisance or for any individual to create a public nuisance, as defined herein.

(b) The owner or keeper of any animal shall immediately remove any excreta deposited by the animal on public walks, recreation areas, or the property of others.

(c) A violation of this section shall constitute a class A civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-20; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-83. Running at large.**

(a) It shall be unlawful for any person to permit any cattle, horses, sheep, chickens, ducks, goats, turkeys, dogs, cats, or any other domestic, exotic or wild animals or fowl to run at large in the city except as otherwise provided by law or ordinance.

(b) A violation of this section shall constitute a Class A civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-21; Ord. No. L-80, § 2, 4-20-2009)

**Sec. 6-84. Restraint of animals, generally.**

(a) Animals shall not be allowed outside the confines of their own homes without proper restraint, except as provided in this section.

(1) Dogs, cats and small domestic animals shall not be kept outside in crates, whether metal, wood, plastic or other material.

(2) Dogs, cats and small domestic animals may be kept outside in a fenced enclosure if the enclosure contains a shelter which meets the following requirements:

a. Is weatherproof and made of durable materials so as to provide adequate protection from the sun, wind and rain;

b. Provides a solid floor. Wire, grid or slat floors of structures that permit the animal's feet to pass

PROOFS

through openings, or sag under the animal's weight, or that otherwise do not protect the animal's feet or toes from injury are prohibited;

c. Provides a solid roof;

d. Contains clean and dry bedding material;

e. Is elevated a minimum of six inches from the ground and be free standing of water;

f. Provides sufficient space for each animal to comfortably stand up, sit down, lie down and turn around in the shelter. If the shelter is used for more than one animal at the same time, it must provide enough space for each animal to comfortably stand up, sit down, lie down, and turn around simultaneously;

g. Provides ingress and egress for the animal to enter and exit the shelter at all times;

h. Be kept in a clean and sanitary condition free from accumulated waste and debris.

(3) Any animal left unattended in an outdoor fenced enclosure shall be provided a minimum open space, excluding the shelter within the enclosure, based upon the dog's size as set forth below:

a. 20 pounds or less (small): 32 square feet.

b. 21 pounds to 50 pounds (medium): 60 square feet.

c. Over 50 pounds (large): 80 square feet.

d. An additional 16 square feet is required for each additional dog.

(4) Sufficient food and water shall be provided at all times daily, including weekend and holidays.

(5) No animal shall be tethered unless all of the following provisions are met:

a. A responsible person must be outside and within view of the animal at all times while tethered.

b. Animals that are younger than six months old, older than seven years, or ill shall not be tethered.

c. The length and weight of the tether shall be appropriate for the animal breed and shall be a minimum of ten feet long or four times the length of the animal (measured from tip of nose to base of tail), whichever is greater.

d. The tether must have swivels at both ends of the rope, chain or similar restraint for holding an animal in place, allowing a short radius in which it can move about and not become tangled.

e. Prong, choke or chain collars are prohibited in the use of tethering animal.

f. The area which the animal may reach while tethered shall be free of entanglements.

g. The length and location of the tether must not allow the animal to reach a fence or neighboring property.

h. Collar weight shall be appropriate for the animal as determined by a reasonable person.

i. A trolley system is permitted.

j. An animal may not be tethered in extreme weather, including, but not limited to, hurricanes, tropical storms or tornados.

k. The animal shall have access to a water, shade and a dry and raised area at all times.

(6) Any enclosed area where a dog is confined shall be kept free of objects that may injure the dog and shall be cleaned regularly to remove feces.

(7) Dogs on residentially zoned property shall not be maintained outdoors during periods of extreme weather.

(b) It shall be unlawful for any operator of a motor vehicle to allow an animal to ride in any unenclosed section of the vehicle without enclosing the animal in a cage that is secured to the vehicle or securing the animal with a restraint device that will not permit the animal to reach the outside perimeter of the vehicle.

PROOFS

(c) This section shall not apply to community cats, as defined in this chapter.

(d) A violation of this section shall constitute a Class B civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-22; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016; Ord. No. 17-018, § 1, 4-17-2017; Ord. No. 17-039, § 2, 1-2-2018)

**Sec. 6-85. Public areas.**

(a) It shall be unlawful for any person to bring any animal, except ~~seeing eye dogs, any dog trained to assist the handicapped,~~ a service animal or a governmental police dog, upon the beaches or parks owned by the city, except as may be provided in chapter 28, whether or not the animal is under restraint, or in restaurants, grocery stores, or other establishments selling groceries or staple goods; except that this prohibition shall not apply to outdoor portions of food service establishments when specifically authorized in subsection (b) of this section.

(b) As provided by F.S. § 509.233, there is hereby established a local exemption procedure to certain provisions of the Food and Drug Administration Food Code, as currently adopted by the state division of hotels and restaurants, to allow patrons' dogs within certain designated outdoor portions of public food service establishments. This exemption shall only apply to those public food service establishments that have received a permit and to those certain designated outdoor portions as identified on the approve permit application.

(1) *Permit requirements.* In order to protect the health, safety, and general welfare of the public, participating public food service establishments shall annually apply for and receive a permit from the city before allowing patrons' dogs on their premises. Application for the permit shall be made to the city's planning office and shall be reviewed and approved by both the planning department and the code compliance manager. Applications shall include, along with any other such information deemed reasonably necessary by the city in order to implement and enforce the provisions of this section, the following information:

a. The name, location, and mailing address of the public food service establishment.

b. The name, mailing address and telephone contact information of the permit applicant.

c. A diagram and description of the outdoor dining area to be designated as available to patrons' dogs, including dimensions of the designated area; a depiction of the number and placement of tables, chairs, and restaurant equipment, if any; the entryways and exits to the designated area; the boundaries of the designated area and of other areas of outdoor dining not available for patrons' dogs; any fences or other barriers; surrounding property lines and public rights-of-way, including sidewalks and common pathways; and such other information reasonably required by the city. The diagram or plan shall be accurate and to scale but need not be prepared by a licensed design professional.

d. If any portion of the outdoor dining area includes city rights-of-way, an approved sidewalk cafe permit must be obtained in conjunction with the application.

e. A description of the days of the week and hours of operation during which patrons' dogs will be permitted in the designated outdoor dining area.

f. A copy of a valid business tax receipt issued by the city.

g. The annual permit fee for establishing or maintaining a dog friendly outdoor dining area and related inspection fees shall be established by the city commission by resolution. The permit fee shall cover the processing of all paperwork including one on-site inspection to confirm compliance with the regulations outlined in this section. Inspection fees shall be charged for any additional inspections required to complete the processing for the application.

(2) *Reporting.* In accordance with F.S. § 509.233(5), the city shall provide the division of hotels and restaurants and the local department of health with a copy of all approved applications and permits issued on a quarterly basis.

(3) *Regulations and limitations.* In order to protect the health, safety, and general welfare of the public, and

PROOFS

pursuant to F.S. § 509.233, the following regulations and limitations shall apply to establishments which obtain such a permit:

a. All public food service establishment employees shall wash their hands promptly after touching, petting, or otherwise handling dogs. Employees shall be prohibited from touching, petting, or otherwise handling dogs while serving food or beverages or handling tableware or before entering other parts of the public food service establishment.

b. Patrons in the designated outdoor dining area shall be advised that they should wash their hands before eating. Waterless hand sanitizer shall be provided at all tables in the designated outdoor dining area.

c. Employees and patrons shall be instructed that they shall not allow dogs to come into contact with serving dishes, utensils, tableware, linens, paper products, or any other items involved in food service operations.

d. Patrons shall keep their dogs on a leash at all times and shall keep their dogs under reasonable control.

e. Dogs shall not be allowed on chairs, tables, or other furnishings.

f. All table and chair surfaces shall be cleaned and sanitized with an approved product between seating of patrons. Spilled food and drink shall be removed from the floor or ground between seating of patrons.

g. Accidents involving dog waste shall be cleaned immediately and the area sanitized with an approved product. A kit with the appropriate materials for this purpose shall be kept near the designated outdoor dining area.

h. Signs reminding employees of the applicable rules shall be posted on the premises in a manner and place as determined by the city.

i. Signs reminding patrons of the applicable rules shall be posted on the premises in a manner and place as determined by the city.

j. Signs shall be posted in a manner and place as determined by the city that places the public on notice that the designated outdoor area is available for the use of patrons and patrons' dogs.

k. Dogs shall not be permitted to travel through indoor or non-designated outdoor portions of the public food service establishment, and ingress and egress to designated outdoor dining area of the public food service establishment must not require entrance into or passage through any indoor area of the public food service establishment.

(4) *Expiration of permit.*

a. A permit issued pursuant to this section shall not be transferred to a subsequent owner, or upon the sale of other form of transfer of a public food service establishment, but shall expire automatically upon the sale of the establishment. The subsequent owner shall be required to re-apply for a permit pursuant to this section if the subsequent owner wishes to continue to accommodate patrons' dogs.

b. Permits shall expire September 30 of each year. There shall be a late fee established by the city commission by resolution for failure to renew the permit within five days of expiration.

(5) *Complaints and reporting.* In accordance with F.S. § 509.233(6), the city shall accept and document complaints related to this program and shall report quarterly to the division of hotels and restaurants and the local department of health all such complaints and the city's enforcement response to such complaints.

(c) A violation of this section shall constitute a Class A civil infraction, punishable as provided within section 6-29.

(Code 1983, § 4-23; Ord. No. L-80, § 2, 4-20-2009; Ord. No. L-288, § 1, 4-1-2013)

**Sec. 6-86. Animal abuse, cruelty, or neglect.**

(a) It shall be unlawful for any person to abandon, beat, treat with cruelty, overwork, or otherwise abuse any

PROOFS

animal.

(b) It shall be unlawful for any person keeping an animal to fail to provide for that animal:

(1) Clean, sanitary and humane conditions; runs, shelters, and living areas shall be kept clean of animal excrement;

(2) Sufficient quantities of food and fresh water daily; food must be free from contamination and water placed in a container that cannot be tipped over or spilled;

(3) Proper air ventilation and circulation;

(4) Sufficient shelter, as defined in this chapter; and,

(5) Medical attention and/or necessary veterinary care when it is sick, diseased or injured.

(c) It shall be unlawful for an owner or operator of a motor vehicle to place or confine an animal or allow it to be placed or confined within an unattended motor vehicle without sufficient ventilation or under conditions for such a period of time as may be reasonably expected to endanger the health or wellbeing of such animal due to heat, lack of water, or such other circumstances as may be reasonably expected to cause suffering, disability, or death of an animal.

(d) It shall be unlawful for any person to expose any known poisonous substance, whether mixed with food or not, so that it may be consumed by any animal.

(e) A violation of this section shall constitute a Class C civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-24; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-87. Animal injury; unlawful killing.**

(a) It shall be unlawful for any person injuring any dog, cat, or other domestic animal by any means, including a motor vehicle, to fail to notify the owner of the animal, if known, the police department, or the animal control officer. Any person who, as an operator of a motor vehicle, strikes a domestic animal shall stop at once and render such assistance as may be possible.

(b) All domestic animals put to death shall be done so pursuant to F.S. ch. 828.

(c) A violation of this section shall constitute a Class B civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-25; Ord. No. L-80, § 2, 4-20-2009)

**Sec. 6-88. Animal care.**

(a) It shall be unlawful for any person to tease or molest an animal.

(b) All dead animals shall be disposed of by means of cremation, controlled burial, ~~as defined herein,~~ or disposal to rendering companies. It shall be unlawful for any person or persons to dispose of dead animals by use of garbage collection containers.

(c) Female animals in heat (estrus) shall at all times be kept under restraint or confined within a building or secure enclosure in such a manner that such female animal cannot come into contact with male animal of like species except for planned breeding.

(d) A violation of this section shall constitute a Class A civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-26; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-89. Rabies vaccination required.**

(a) The owner or custodian of every dog, cat, and ferret, four months of age and older must obtain and maintain current and valid vaccination against rabies for these animals by a licensed veterinarian, and maintain a certificate of current and valid vaccination, in accordance with F.S. § 828.30.

PROOFS

(b) A dog, cat or ferret shall not be required to be vaccinated against rabies if a licensed veterinarian has examined the animal and has certified in writing that at such time vaccination would endanger the animal's health because of its age, infirmity, disability, illness or other medical considerations. Such exempt animal shall be vaccinated against rabies as soon as its health permits.

(c) A violation of this section shall constitute a Class B civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-27; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-90. Rabies control; reporting dog and cat bites; investigations.**

(a) In the event any person is bitten by a dog or cat within the limits of the city, such person, or the owner of such dog or cat when he has knowledge of the incident, shall report such incident to a police or animal control officer within 24 hours.

(b) Every physician or other practitioner shall report to a police or animal control officer the names and addresses of persons treated for bites inflicted by animals, together with such other information as is necessary for rabies control.

(c) Every licensed veterinarian shall report to the city or animal control officer his diagnosis of any animal observed by him as a rabies suspect.

(d) Animal control officers shall investigate bite cases and initiate action to quarantine involved animals or take other enforcement when necessary to protect public health.

(Code 1983, § 4-29; Ord. No. L-80, § 2, 4-20-2009)

**Sec. 6-91. Limitation on the number of cats and dogs.**

(a) It shall be unlawful to own, harbor, or keep more than five domestic animals, four months or older.

(b) This section shall not pertain to breeders that are registered and in compliance with the requirements this chapter. Nor shall it apply to the ownership, care, custody or maintenance, in the ordinary course of business, of any animal by a research or veterinary medical facility, government operated or authorized animal shelter, humane society facility, boarding facility, or commercial pet shop, provided that said shelter, facility, or shop is operating in accordance with all applicable occupational licensing and zoning ordinances.

(c) A violation of this section shall constitute a Class B civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-30; Ord. No. L-80, § 2, 4-20-2009)

**Sec. 6-92. Classification of dangerous dogs; requirements.**

(a) The provisions of F.S. ch. 767, pt. II (F.S. § 767.10 et seq.) ~~through 767.14, and all subsequent amendments regulating dangerous dogs, and defined in F.S. § 767.11(1),~~ are adopted by reference and incorporated herein.

(b) The owner of a dangerous dog shall present the city with proof that they have procured liability insurance or a surety bond in the amount of no less than $100,000.00 covering any damage or injury which may be caused by such dangerous dog. Said policy shall contain a provision requiring that the city be given notice immediately by the agent issuing the policy in the event the policy is canceled, terminates, or expires. Such liability insurance shall be obtained prior to issuing a certificate of registration for the dangerous dog, as provided for in this chapter, or prior to releasing the dog from impoundment, and shall be maintained so long as the dangerous dog resides within the city.

(c) An owner transferring ownership of any dog found to be dangerous under this article shall provide written notice to the new owner regarding the dog's classification as dangerous. An owner either, transferring ownership of, or moving the location of, a dog classified as dangerous under this article shall notify the city in writing regarding the new address, or the name, address, phone number of the person receiving the dog. Any person receiving a dog classified as dangerous must comply with all requirements of this chapter.

(d) A violation of this section shall constitute a Class C civil infraction, punishable as provided within this

PROOFS

chapter.

(Code 1983, § 4-31; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-93. Restraint and confinement of vicious animals or dangerous dogs.**

(a) It shall be unlawful for any owner to keep any vicious animal or dangerous dog, as defined herein, within the city unless it is confined within a secured building or securely fenced enclosure or to allow the animal to be taken outside this confinement without being under restraint and sufficiently muzzled to prevent biting.

(b) A violation of this section shall constitute a Class C civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-32; Ord. No. L-80, § 2, 4-20-2009)

**Sec. 6-94. Backyard chickens; special exemption permit required.**

(a) A special exemption permit is required for keeping of chickens in incorporated areas of the city. The permit is personal to the permittee and may not be assigned. If the person applying for the permit is not the registered property owner of the property where the chickens are to be kept, the registered owner must provide written authorization and consent to the application. The registered owner's written authorization must be submitted at the time the application for the permit is tendered. Failure to attach the registered owner's authorization will result in denial of the permit.

(b) Chickens are permitted to be kept at an occupied single-family residence. Permits for maintaining chickens at duplexes, triplexes and other multifamily residential units will be considered on a case-by-case basis; determined by building configuration, lot size and the applicant's ability to comply with all regulations of this section. Chickens are not permitted to be maintained on unimproved and/or vacant properties, condominiums, apartment complexes and within manufactured/mobile home parks.

(c) A maximum of six female chickens (hens) may be kept per permit. Roosters are not permitted.

(d) The keeping of ducks, geese, turkeys, peafowl, and pigeons or any other poultry or fowl by any person within a penned enclosure is prohibited under this section. However, nothing in this section is intended to prohibit or restrict the existence of these species as free-range birds.

(e) The chickens shall be provided with a covered enclosure (henhouse/coop) and must be kept in a covered enclosure or fenced pen/run at all times. Free roaming chickens are prohibited.

(f) All chicken enclosures must meet the following requirements:

(1) The enclosure must be kept in the backyard of the residence.

(2) May not be located closer than ten feet from any property line of an adjacent property, nor within 25 feet of any adjacent residential structure.

(3) Must provide a minimum of four square feet per chicken and may not exceed 80 square feet.

(4) May not exceed six feet in height.

(5) The henhouse, coop, pen and/or run area must be cleaned regularly and no manure is permitted to accumulate on the floor or ground.

(6) Shall be constructed and maintained so as to prevent the harborage of rodents and other pests.

(g) Odors from chickens, chicken manure or other items associated with the keeping of chickens must not be perceptible at the property boundaries.

(h) All feed and other items associated with the keeping of chickens that are likely to attract rodents or to become infested with pests shall be kept in secure containers.

(i) Chickens are for personal use only. Selling chickens, eggs, feathers, chicken manure or the breeding of chickens is prohibited.

(j) The slaughter of chickens is prohibited in areas that are viewable from any adjacent property or public area.

PROOFS

(k) Violations of this section are a Class A violation. Three violations of any part of this section within a 12-month period may result in the revocation of the special exemption permit.

## ARTICLE IV. DOG AND CAT REGISTRATION

### Sec. 6-117. Registration required.

(a) Except as otherwise provided herein, it shall be unlawful for any person to own, keep, harbor, maintain, or have custody of any dog or cat four months or older, within the city, unless such dog or cat is registered in accordance with the provisions of this article.

(b) Registrations or identification tags shall not be transferred from one animal to another, nor from one owner to another.

(c) This section shall not apply to community cats, as defined in this chapter.

(d) A violation of this section shall constitute a Class B civil infraction, punishable as provided within this chapter, except that a violation of the section pertaining to the failure to register a dangerous dog constitutes a Class C civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-50; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 17-018, § 1, 4-17-2017)

### Sec. 6-118. Registration tags required.

(a) Dogs and cats must wear valid registration tags, issued pursuant to this article, securely affixed to a collar or harness at all times except when the animal is being shown in competition.

(b) A violation of this section shall constitute a Class A civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-51; Ord. No. L-80, § 2, 4-20-2009)

### Sec. 6-119. Registration process and fees.

(a) The animal control division will administer the registration program and is authorized to adopt rules and procedures necessary to fulfill this responsibility.

(b) Owners or custodians of dogs and cats requiring registration pursuant to this article shall register and obtain tags as follows:

(1) Within 30 days of acquiring the dog or cat; or

(2) Within 30 days after the owner or custodian takes residence in the incorporated areas of the city, whichever occurs later.

(c) Upon transfer of a previously registered animal to a new owner or custodian, the owner or custodian shall have a period of 30 days within which to comply with the requirements of this article. Except that, upon the transfer of a dangerous or vicious dog, as provided in this chapter, the owner or custodian shall have a period of seven days to comply.

(d) Registrations must be purchased from the animal control division, participating veterinarians, animal shelter, or other agents as approved by the city, except that only the animal control division shall process the registration of vicious or dangerous dogs.

(1) Applications for registration must include a proof of current and valid rabies vaccination as provided within this chapter, and applications for registration of sterilized dogs or cats must include a sterilization certificate issued by a licensed veterinarian. No registration will be issued without such certifications.

(2) Applications for the registration of vicious animals or dangerous dogs must include certificate of liability insurance as required within this chapter. Any registration issued pursuant to the presentation of this certificate shall immediately become invalid upon an owner's failure to maintain such liability insurance. No registration will be issued without such certificate.

PROOFS

(3) Fees, applications, and certification information will be forwarded to the city clerk by selling agents as required by administrative rule.

(e) The registration certificate and tag shall be valid for one year from the date of issuance.

(f) The registration provisions of this article shall not apply to:

(1) Any owner or custodian who is a nonresident or temporary resident, as defined herein, provided that the owner's animal has been vaccinated for rabies and this vaccination remains valid for the duration of the anticipated stay within the incorporated areas of the city and that a valid rabies tag is worn as required by this chapter. The term "temporary resident," as used herein, means a person who intends to reside within the city for a total period of less than six months during any 12-month period.

(2) The ownership, care, custody or maintenance, in the ordinary course of business, of any animal by a research or veterinary medical facility, animal shelter, boarding facility, or commercial pet shop, provided that said shelter, facility, or shop is operating in accordance with all applicable occupational licensing, code, and zoning ordinances.

(3) Government-owned law enforcement service dogs.

(f) Fees for registrations shall be as established by resolution ~~charged as follows~~:

~~(1) Annual fee for each sterilized cat or dog: $10.00.~~

~~(2) Annual fee for each nonsterilized cat or dog: $75.00.~~

~~(3) Replacement tags: $5.00.~~

(1) Non-sterilized cats and dogs that are registered with a veterinarian's certification that the animal's age or health prevents sterilization shall pay the same fee for sterilized cats and dogs.

(2) Fees shall be waived for any service dog or cat that is specially trained and actively engaged in service to assist the handicapped; however, these animals must be registered and comply with requirements to wear tags.

(h) Fees for the registration of dangerous dogs as required within this chapter shall be as established by resolution and be~~$100.00, which is~~ in addition to the applicable standard registration fee as provided herein.

(i) Proceeds from the registration program shall first be used for program administration; and then, remaining proceeds may be used for education and to support free or reduced cost pet spay and neuter programs

(Code 1983, § 4-52; Ord. No. L-80, § 2, 4-20-2009; Ord. No. 16-015, § 1, 8-15-2016)

**Sec. 6-120. Breeder registration required.**

(a) It shall be unlawful for any person to operate as a cat or dog breeder unless such person has been currently registered as a breeder in accordance with the provisions of this article.

(b) A violation of this section shall constitute a Class C civil infraction, punishable as provided within this chapter.

(Code 1983, § 4-53; Ord. No. L-80, § 2, 4-20-2009)

**Sec. 6-121. Breeder registration process, fees, and revocation.**

(a) All breeders of cats or dogs operating within the city, shall obtain a breeder registration certificate from the city clerk on or before October 1 of each year.

(b) A breeder registration certificate will not be issued unless the applicant demonstrates compliance with all applicable building, zoning, and business tax codes and ordinances. A breeder registration certificate shall be immediately revoked for failure to maintain compliance with such codes and ordinances.

(c) The annual fee for breeder registrations shall be as established by resolution ~~$100.00~~.

(d) The breeder registration number shall be included in all advertisements for sale of any animals offered for sale or breeding by the breeder.

(e) The breeder registration certificate shall be nontransferable.

PROOFS

(f) The breeder's registration certificate shall be immediately revoked upon any conviction for an offense involving cruelty, neglect, or abuse of animals. Breeders convicted of such offenses shall be ineligible for issuance of a registration certificate.

(g) There shall be no more than one registered breeder per residentially zoned property.

(h) Proceeds from breeder registration program shall first be used for program administration, and then, remaining proceeds may be used for education and to support free or reduced cost pet spay and neuter programs.

**State law reference**—Similar provisions, F.S. § 163.358.

**Sec. 8-22. Redevelopment trust fund.**

(a) *Established.* The city redevelopment trust fund is hereby established for the purpose of funding redevelopment activities of the city redevelopment agency for the area defined as blighted in Resolution No. 82-25 and as described in appendix A, and in any additional area as subsequently defined and approved by the city, the aforesaid redevelopment trust fund to continue until all loans, advances and indebtedness, if any, and interest thereon, of the city redevelopment agency incurred as the result of the community redevelopment project have been paid.

(b) *Annual funding.* The city redevelopment trust fund shall be funded annually in an amount not less than

PROOFS

that increment in the income, proceeds, revenues and funds of the city derived from or held in connection with its undertaking in carrying out of community redevelopment projects under the downtown revitalization plan, as previously adopted or as hereinafter amended. Such increment shall be determined annually and shall be that amount equal to the difference between:

(1) The amount of ad valorem taxes levied each year by all taxing authorities, except school districts on taxable real property contained within the geographic boundaries described by appendix A of Resolution No. 82-25; and

(2) The amount of ad valorem taxes which would have been produced by the rate upon which the tax is levied each year, by or for all taxing authorities except school districts, upon the total of the assessed value of the taxable property in the area described by appendix A of Resolution No. 82-25 and as shown upon the most recent assessment role used in connection with the taxation of such property by each taxing authority prior to the effective date of the ordinance adopting the downtown revitalization plan.

(c) *Revenue bonds and notes.* Any revenue bonds and notes of every issue pursuant to creation of the city redevelopment trust fund shall be payable out of revenues pledged to and received by the city redevelopment agency and deposited to its redevelopment trust fund. The lien created by any such bonds or notes shall not attach until the revenues referred to herein are deposited in the redevelopment trust fund at the times, and to the extent that, such revenues accrue. The holders of such bonds or notes shall have no right to require the imposition of any tax or the establishment of any rate of taxation in order to obtain the amounts necessary to pay and retire such bonds or notes. The redevelopment trust fund shall receive the tax increment described in this section only as, if, and when such taxes are collected.

(d) *Limitation of revenue bond obligation.* Any revenue bonds issued under the provisions of the Community Redevelopment Act of 1969 (F.S. § 163.330 et seq.), and secured by the city redevelopment trust fund, shall not be deemed to constitute a debt, liability or obligation of the city. Any such revenue bonds shall contain on the face thereof a statement to the effect that neither the faith and credit nor the taxing power of the city is pledged to the payment of the principal of, or the interest on, such bonds.

(e) *Procedure for exemption.* A special district may request that it be exempted from the ad valorem tax levy imposed by this section. The request shall include the special district's reasons relating to the fiscal and operational impact its incremental payment has on the district, and whether the district is seeking a partial or complete exemption. In the event such request is made, the following procedure shall apply:

(1) A written request for exemption shall be submitted to the department of planning and development;

(2) The department of planning and development will submit a copy to the finance director for a report on the fiscal impact of any such proposal for exemption and its impact on incurred debt and whether such exemption, if granted, would impair any outstanding bonds that have pledged tax increment revenues to the repayment of the bonds. The department shall also forward a copy to the city redevelopment agency which shall review the request for exemption and make a recommendation to the city commission;

(3) The city commission shall hold a public hearing. Notice of the hearing shall be published in a newspaper having a general circulation in the city and notice shall describe the time, date, place and purpose of the hearing and identify generally the community redevelopment area covered by the downtown revitalization plan and the impact of the plan on the special district requesting the exemption. The decision to either grant or deny exemption will be made within 120 days after the date the written request was first submitted. In deciding whether to grant or deny the request, the commission shall consider:

a. Any additional revenue sources of the redevelopment agency which can be used in lieu of the special district's tax increments;

b. The fiscal and operational impact on the redevelopment agency;

c. The fiscal and operational impact on the special district;

d. The benefit to the special purpose for which the special district was created. The benefit to the special district must be based on specific projects contained in the approved community redevelopment plan for the designated community redevelopment area;

PROOFS

e. The impact of the exemption on incurred debt and whether such exemption will impair any outstanding bonds that have pledged tax increment revenues to the repayment of the bond;

f. The benefit of the activities of the special district to the approved community redevelopment plan;

g. The benefit of the activities of the special district to the city.

(4) In the event exemption is granted, the commission and the special district shall enter into an interlocal agreement establishing the conditions of the exemption, including, but not limited to, the period of time for which the exemption is granted;

(5) If the commission denies the request for exemption the commission shall provide the special district with a written analysis specifying the rationale for such denial. This written analysis shall include, but not be limited to, the following information:

a. A separate, detailed examination of each consideration listed in subsection (e)(3) of this section;

b. Specific examples of how the approved downtown redevelopment plan will benefit, and has already benefitted, the purpose for which the special district was created.

## ARTICLE I. IN GENERAL

**Secs. 10-1--10-18. Reserved.**

## ARTICLE II. ART IN PUBLIC PLACES

**Sec. 10-19. Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Artwork* means works in a variety of media produced by professional visual artists. Works may be permanent, temporary or functional.

*Board* means the arts and culture advisory board.

*Capital project* means any city capital improvement project costing more than $100,000.00 and paid for wholly or in part by funds appropriated by the city commission to construct or renovate any park, beach restoration, abovegrade utility, and to construct or renovate any city-owned building.

*Commission* means the city commission.

*Eligible construction costs* mean the total project appropriation, including engineering and design, but not including demolition costs, equipment costs except for the cost of custom designed equipment or equipment that creates a new use for a building or facility, real property acquisition costs, impact fees, enterprise funds, and soil remediation costs.

*Equipment costs,* for the purposes of the public art/design and transportation enhancement project calculation, means those costs for the acquisition of mechanical equipment of standard manufacture.

*Master plan* means the arts and culture master plan.

*Renovation* means a capital project or transportation capital project which is a major redesign of a facility or system or a portion of a facility or system which is included in the city's capital program budget and which requires a building permit from the appropriate governmental jurisdiction. Renovation shall also include a capital project or transportation capital project which is an expansion or upgrading of the capacity of the facility or system, enlarging the facility, or creating new use for the facility. The term "renovation" does not include repairs, maintenance, installation of mechanical equipment, or modifications required solely for ADA compliance.

*Strategic plan* means a ten-year manual of action criteria based on the arts and culture master plan for the selection of sites, artwork, public capital and transportation facilities, projects, programs, etc., to be developed by the board with public input and approval by the commission prior to its implementation. This manual shall provide for a comprehensive plan for the art in public places program which shall include the display of loaned art in appropriate public buildings.

*Transportation capital project* means any city capital transportation improvement project costing more than $100,000.00 and paid for wholly or in part by funds appropriated by the city to construct or renovate any highway or arterial, bridge or causeway, sidewalk, or bikeway or any road beautification project.

*Transportation enhancement project* means one or more of the following projects, prioritized in the following order:

(1) Visual enhancement of facilities for pedestrians and bicycles.

PROOFS

(2) Scenic or historic highway programs, including the provision of tourist and welcome center facilities.

(3) Landscaping and other scenic beautification projects.

(4) Historic preservation.

(5) Rehabilitation and operation of historic transportation buildings, structure or facilities, including historic railroad facilities.

(6) Preservation of abandoned railway corridors, including the conversion and use thereof for pedestrian or bicycle trails.

*Trust fund* means the Art in Public Places Trust Fund created pursuant to this article and shall include all gifts and donations deposited in the trust fund.

(Code 1983, § 2-355; Ord. No. J-527, § 1, 11-15-1999; Ord. No. 17-023 , § 1, 8-7-2017)

**Sec. 10-20. Art in public places program.**

(a) Appropriations for city capital projects shall include an amount equal to one percent of the total eligible construction costs to be used for artist design services and for the selection, acquisition and display of artworks for related education programs, for the maintenance of city artworks, and for the administration of the master plan and the strategic plan. Funds appropriated pursuant to this section shall not exceed $100,000.00 per project. Funds appropriated for one capital project, but not deemed necessary or appropriate by the council in whole or in part for that project, may be expended on other public art projects approved under the master plan and the strategic plan, subject to any bond restrictions and legal or grant restrictions. Bond funds shall be appropriated and accounted for in the bond capital project accounts. Projects costing less than $100,000.00 shall be subject to the public art calculation and such funds will be pooled for other art projects. All city departments may opt to participate in the art in public places program for any improvement project not otherwise subject to this article.

(b) Appropriations for transportation capital projects shall include an amount equal to one percent of the total eligible construction costs to be used for site specific transportation enhancement projects, including artist design services for such projects, for the maintenance of such projects, and for the administration of the master plan and the strategic plan, relating to such projects. Funds appropriated pursuant to this section shall not exceed $100,000.00 per project. Bond funds shall be appropriated and accounted for in the bond capital project accounts. Transportation projects costing less than $100,000.00 are subject to the transportation enhancement projects calculation and such funds shall be pooled for other transportation enhancement projects.

(c) The first priority for use of funds generated by a capital project shall be that capital project site. The monies appropriated under this article may be used for artist design services, for the development of design concepts and models, and for the selection, acquisition, purchase, commissioning, placement, installation, exhibition and/or display of artworks. Artworks and transportation enhancement projects shall be selected in accordance with the master plan and the strategic plan and may be temporary or permanent, may be integral to the architecture or may be incorporated into the project. Integration of the artists' design concepts into the project architecture and/or design should be ensured, insofar as is feasible, by the concurrent selection of the artist with the architect, engineer, or project designer.

(d) In the case of a project which involves the use of grant or city bond proceeds issued after the effective date of the ordinance from which this  this article is derived, amounts for artist design services and artworks described in this article shall be used for projects and capital purposes consistent with state and federal laws, the resolutions and/or ordinances approved by the commission and the terms of the grant agreement.

(e) With the exception of transportation capital projects or as otherwise restricted by the commission, any applicable bond resolution or ordinance, local, state or federal law, or the conditions of a granting authority, monies generated under this article may be pooled and expended for any public art and design project in the city, subject to the master plan and approved strategic plan. Pooled funds may be used as seed money for artists' fees to initiate partnerships with private and other public entities to provide public art and aesthetic enhancements in the city, pursuant to a written agreement.

(f) To the extent allowed by grant guidelines and by law, all city departments shall, from the effective date of the ordinance from which this this article is derived, include in all applications for funding to outside granting

PROOFS

organizations or governmental agencies, an amount equal to one percent of eligible construction costs for a capital project, not to exceed $100,000.00, or an amount equal to one percent of eligible construction costs for a transportation capital project, not to exceed $100,000.00, for artist design services and artworks or transportation enhancement projects, as specified herein.

(g) The minimum amount to be appropriated for artist design services, artworks, and transportation enhancement projects shall be the total eligible construction costs multiplied by 0.01. This calculation shall be made by the city department prior to the time of the appropriation for the city's capital program. An amount equal to 15 percent of the eligible allocation of the construction project may be used for projects support and community participation activities. For publicly-owned property, this may include staffing, artist selection-related costs (excluding travel of the selection committee), consultants, design/proposal/moquette costs, identifying plaques, project documentation, publicity, community education activities and other purposes as may be deemed appropriate for the administration of the program. An amount equal to 15 percent of the eligible public art allocation of the construction project for a capital project shall be set aside in a separate account within the trust fund for curatorial services and the preservation and maintenance of city artworks. An amount equal to 15 percent of the eligible public art allocation of the construction project for a transportation capital project shall be set aside in a separate account within the trust fund for curatorial services and the preservation and maintenance of the specific transportation enhancement project. The council shall recommend that any artwork or transportation enhancement project needing extraordinary operational or maintenance costs be reviewed by the appropriate city department prior to recommendation to the commission. The council shall also be responsible for conducting an annual maintenance survey of artworks and transportation enhancement projects. This survey shall include a condition report on each work, prioritized recommendations for the restoration or repair and maintenance, and estimated costs. Such repair and maintenance shall comply with any contractual obligations which may have been entered into by the city in the acquisition of the artworks. Expenditures of monies in the artwork and transportation enhancement projects maintenance and project support accounts shall be annually recommended by the council and included in the proposed annual budget submitted to the commission. Funds in the maintenance and conservation account not expended by the end of the close of any fiscal year shall be carried forward. The council shall also, review and update as necessary the insurance requirements for artworks at least every five years.

(Code 1983, § 2-356; Ord. No. J-527, § 1, 11-15-1999; Ord. No. 17-023, § 2, 8-7-2017)

**Sec. 10-21. Art in public places trust fund.**

(a) *Created.* There is hereby created an "Art in Public Places Trust Fund" consisting of all funds appropriated and deposited to the trust fund in connection with the construction or renovation of a facility or system pursuant to this article. The trust fund is also authorized to accept gifts, grants and donations made to the city for works of art. All appropriations, gifts, grants and awards of monies hereunder shall be deposited in an interest-bearing account entitled the "City of Fort Pierce Art in Public Places Trust Fund Account," which shall be a separate account established and maintained apart from the general revenue funds and accounts of the city. All interest in said account shall accrue to the use and benefit of the trust fund account.

(b) *Term of existence.* The City of Fort Pierce Art in Public Places Trust Fund Account shall be self-perpetuating from year to year unless specifically terminated by the commission.

(c) *Trust assets.* All appropriations, gifts, grants and awards of money or property received hereunder from either public or private donors shall be placed in trust for and inure to the use and benefit of the city for public art and design purposes; and said property and funds shall be expended, utilized and disbursed pursuant to the provisions of this section.

(d) *Appropriations and donations.*

(1) Eligible monies appropriated pursuant to this article shall be transferred to the trust fund. This transfer shall take place within 30 days of the original project appropriation by the commission.

(2) Funds deposited or credited to the City of Fort Pierce Art in Public Places Trust Fund Account, except funds for maintenance and conservation of city artworks and transportation enhancement projects, not expended or obligated by the close of any fiscal year shall be carried over automatically for a period of three years beyond the close of the city construction project, or upon recommendation of the council, carried over for an additional two years. Any funds carried over for three years, or upon request five

PROOFS

years, and still unexpended at the expiration of such period, shall be transferred to the general fund for general art purposes or transportation enhancement projects, as appropriate, only; provided that funds derived from other restricted sources shall revert to the funds from which originally appropriated at the expiration of said three- or five-year period, or if project is canceled, as applicable.

(3) Any gifts, grants and awards received, subject to a condition shall be expended strictly in accordance with such condition.

(Code 1983, § 2-357; Ord. No. J-527, § 1, 11-15-1999)

**Sec. 10-22. Ownership and maintenance of artworks.**

Unless otherwise provided, ownership of all works of art acquired by the city under this article shall be vested in the city, including copyrights, patents and other reproduction rights. The commission shall be responsible for managing the reproduction rights of each acquisition with advice from the ~~city commission~~ council. Custody, supervision, maintenance and preservation of the works of art shall be the responsibility of the city, and shall be carried out by qualified art professionals with appropriate collaboration with the council.

(Code 1983, § 2-358; Ord. No. J-527, § 1, 11-15-1999)

**Sec. 10-23. Compliance with state and federal laws.**

Nothing in this article shall be deemed or construed to require the city to appropriate or expend funds if the appropriation or expenditure of such funds for the purposes herein described would not be permitted under any state or federal law, rule or regulation; or the compliance with this article would in any way affect the treatment of interest on any bonds or other indebtedness or the city for federal income tax purposes; or the compliance with this article would in any way prevent or inhibit the city's compliance with state or federal laws, rules or regulations relating to debt obligations of the city.

# ELECTIONS*

***State law reference—**Electors and elections, F.S. ch. 97 et seq.; municipal electors, F.S. § 166.032.

## Sec. 12-1. Precinct polling places.

The polling places within the city for regular, runoff and special municipal elections shall be designated by the county supervisor of elections and shall coincide with locations adopted by the county commissioners for the conduct of county-wide elections. The city commission, by and through the city clerk, shall give notice of the location of each precinct polling place, after having received such notice from the supervisor of elections in due time, by one publication in a newspaper of general circulation in the city not less than ten days, nor more than 30 days, prior to any regular or special election held by the city.

(Code 1960, § 8-5; Code 1983, § 6-1)

## Sec. 12-2. Inspectors and clerks—Selection, duties.

All elections shall be held by inspectors and clerks selected by the city commission and shall be notified of their appointment by the supervisor of elections as soon as convenient thereafter. They shall represent diverse candidates, parties and factions as far as possible, and if any person so selected refuses or fails to appear and act, the supervisor of elections may name some suitable person as a substitute, subject to the same requirements of diversity. For convenience and relaxation inspectors and clerks may exchange their respective duties and functions from time to time.

(Code 1960, § 8-2; Code 1983, § 6-2)

**State law reference—**Inspectors, clerks and poll workers, F.S. § 102.012 et seq.

## Sec. 12-3. Inspectors and clerks—Oath.

No person shall assume to act as an election inspector or clerk until he has taken and subscribed an oath or affirmation similar to that required by the election laws.

(Code 1960, § 8-3; Code 1983, § 6-3)

## Sec. 12-4. Inspectors and clerks—Compensation.

Inspectors and clerks shall each receive such compensation for their services as may be determined by the city commission.

(Code 1960, § 8-4; Code 1983, § 6-4)

**State law reference—**Compensation of inspectors and clerks, F.S. § 102.021.

## Sec. 12-5. Special elections.

A special election may be called to vote on any matter authorized by the charter, general law or ordinance of the city by resolution passed by an affirmative vote of a majority of all commissioners.

(Code 1960, § 8-1; Code 1983, § 6-5)

## Sec. 12-6. Election districts.

(a) The city shall be and is hereby divided into two election districts, formerly known as qualifying districts. District 1 shall consist of all of that territory lying north and west of a certain dividing line, dividing the city into two districts. District 2 shall consist of all that territory lying on the mainland south and east of a certain dividing line, dividing the city into two districts, and shall further contain all of that territory referred to as the beach area on Hutchinson Island within the city limits.

PROOFS

(b) The dividing line between the two election districts, formerly known as qualifying districts, shall be and is hereby established as the centerline of that portion of Okeechobee Road, beginning from the western boundary of the city and running east to Virginia Avenue; thence along the centerline of that portion of Virginia Avenue running east from Okeechobee Road to 23rd Street; thence along the centerline of that portion of 23rd Street running north from Virginia Avenue to Birch Street; thence along the centerline of that portion of Birch Street running northeasterly from 23rd Street to 21st Street; thence along the centerline of that portion of 21st Street running north from Birch Street to Georgia Avenue; thence along the centerline of Georgia Avenue running east from 21st Street to 4th Street (U.S. Highway 1); thence along the centerline of 4th Street (U.S. Highway 1) running north to the north city limits.

# EMERGENCY MANAGEMENT AND EMERGENCY SERVICES*

***State law reference—**Municipal Home Rule Powers Act, F.S. ch. 166.

## ARTICLE I. IN GENERAL

**Secs. 14-1--14-18. Reserved.**

## ARTICLE II. EMERGENCY MANAGEMENT*

***State law reference—**Disaster preparedness, F.S. ch. 252; emergency continuity of government, F.S. ch. 22; preservation of public peace by local authority, F.S. § 870.041 et seq.

### Sec. 14-19. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*City manager* means the city manager, the deputy city manager, or his designee.

*Debris* means any vegetative matter or building materials or bulk waste placed curbside by the resident of the property.

*Disaster* means the actual occurrence or threat of widespread or severe damage, injury or loss of life or property resulting from a natural or manmade cause, including, but not limited to, fire, flood, hurricane, tornado, snowstorm, ice storm, wind storm, oil spill, water contamination, utility failure, hazardous peacetime radiological incident, epidemic, air contamination, blight, drought, infestation, explosion, or hostile military action or paramilitary actions, or similar occurrences resulting terrorist activities, riots, or civil disorders.

*Emergency* or *local emergency* means any natural or manmade event, including, but not limited to, flood, conflagration, hazardous material dispersal, hurricane, tornado, earthquake or explosion ~~with~~ the limits of the city resulting in imminently threatening the death or injury of persons, or the destruction of property, to such an extent that extraordinary measures must be taken to protect the public health, safety and welfare.

*Right-of-way* means land in which the city owns the fee or has an easement devoted to or required for uses as a transportation facility. See F.S. § 334.03(22).

(Code 1983, § 2-282; Ord. No. K-496, § 1, 7-16-2007)

### Sec. 14-20. Intent.

It is the intent of this article to provide for the designation of a city official to declare a local state of emergency in the city, in the event of a natural or manmade disaster or emergency, or the imminent threat thereof, to protect and safeguard the safety, health, and welfare of the citizens of the city, and to authorize certain actions relating thereto when a quorum of the city commission is unable to meet.

(Code 1983, § 2-283; Ord. No. K-496, § 1, 7-16-2007)

### Sec. 14-21. Authority to declare state of emergency.

The mayor, or in his absence the mayor pro tem, is empowered to declare a local state of emergency whenever they shall determine that a natural or manmade disaster or emergency has occurred or that the occurrence or threat of one is imminent and requires immediate and expeditious action.

(Code 1983, § 2-284; Ord. No. K-496, § 1, 7-16-2007)

PROOFS

**Sec. 14-22. Activation of disaster plans and duration of state of emergency.**

(a) During the period of a declared state of emergency, the city manager shall activate the disaster emergency plans applicable to the city and shall be the authority for emergency measures such as evacuation orders and declaring of certain areas as being off limits, as well as authorize the use or distribution of any supplies, equipment, materials or facilities assembled or arranged to be made available pursuant to such plans.

(b) An emergency declared under this article shall terminate after seven days, or upon the issuance of a proclamation determining an emergency no longer exists, whichever occurs first; provided, however, that such emergency may be extended in seven-day increments as determined necessary by resolution of the city commission.

(Code 1983, § 2-285; Ord. No. K-496, § 1, 7-16-2007)

**Sec. 14-23. City manager--General powers.**

(a) *Powers.* The city manager has the power to invoke any or all of the following provisions during a declared state of emergency or disaster:

(1) *Alcoholic beverages*. No person shall consume any alcoholic beverages in a public street or place which is publicly owned or in any motor vehicle driven or parked thereon which is within a duly designated restricted area.

(2) *Weapons*. No person shall carry or possess any rock, bottle, club, brick or weapon, who uses or intends to use the same unlawfully against the persons or property of another; such possession shall be prima facie evidence of an intent to violate the provisions of this subsection.

(3) *Restricted areas*. No person shall enter any area designated by the city manager as a restricted area unless in performance of official duties or with written permission from the city manager or his duly designated representative, or such person shall prove residence therein.

(4) *Curfews.* No person shall be allowed in the public streets or places throughout the city, or in any designated sections of the same, during the hours in which the city manager has declared a curfew, except for the provision of designated, essential services, such as fire, police, emergency medical services and hospital services, including the transportation of patients, utility emergency repairs, and emergency calls by physicians. The provisions of this subsection shall not apply to government employees in the performance of essential services or while in the service of protecting the life, health, property, welfare or public peace of the community.

(b) *Notice to news media.* Should the city manager deem it necessary to invoke any or all of the provisions of subsection (a) of this section, he shall give notice of the same by means of a written notification thereof to news media for immediate dissemination to the public.

(Code 1983, § 2-286; Ord. No. K-496, § 1, 7-16-2007)

**Sec. 14-24. City manager--Emergency powers.**

During a state of emergency, the procedures and formalities otherwise required of the city by law may be waived by the city manager and he may authorize actions pertaining to the following as he deems necessary:

(1) Performing public work and taking whatever action is necessary to ensure the health, safety, and welfare of the community;

(2) Entering into contracts;

(3) Suspending bid provisions as set forth in article IV of chapter 2 for a period not to exceed six months from the declaration of the emergency;

(4) Incurring obligations;

(5) Employment of permanent and temporary workers;

(6) Utilization of volunteer workers;

(7) Rental of equipment;

(8) Acquisition and distribution of supplies, materials, and facilities;

PROOFS

(9) Appropriation and expenditure of funds;

(10) Implementing emergency personnel policies;

(11) Activating the statewide mutual aid system;

(12) Determining a threat to public health and safety that may result from the generation of widespread debris throughout the city, that such debris constitutes a hazardous environment for all modes of movement and transportation of the residents as well as emergency aid and relief services, endangerment to all properties in the city, an environment conducive to breeding disease and vermin, and greatly increased risk of fire, and that it is in the public interest to collect and remove disaster debris from all property whether public lands, public or private roads, and gated communities to eliminate an immediate threat to life, public health and safety to reduce the threat of additional damage to improved property and to promote economic recovery of the community at large;

(13) Authorize the city or their contracted agent right of access to private roads or gated communities as needed by emergency vehicles, such as, but not limited to, police, fire, medical care, debris removal, and sanitation to alleviate immediate threats to public health and safety;

(14) Authorize the removal of debris and wreckage resulting from a major disaster from all property whether public lands, public or private roads, or gated communities for a safe and sanitary living or functioning condition.

(Code 1983, § 2-287; Ord. No. K-496, § 1, 7-16-2007)

**Sec. 14-25. Emergency response costs.**

Any expenditure made in connection with emergency activities, including mutual aid activities, shall be deemed conclusively to be for the direct protection and benefit of the inhabitants and property of the city.

(Code 1983, § 2-288; Ord. No. K-496, § 1, 7-16-2007)

**Sec. 14-26. Responsibility for debris removal.**

The city is not responsible for any debris that is generated by anyone other than the resident of the property. A contractor shall be responsible for removal and disposal of all debris and wreckage generated by such contractor.

(Code 1983, § 2-289; Ord. No. K-496, § 1, 7-16-2007)

**Sec. 14-27. Indemnity.**

Prior to the city taking action under this article, all owners of private property and gated communities shall be required to execute a right of entry agreement, including hold harmless and insurance clauses. The agreement shall be in a form approved by the city manager, or his designee, and shall be made available at the office of the city clerk upon request. The city manager, or his designee, shall maintain a file of such agreements.

(Code 1983, § 2-290; Ord. No. K-496, § 1, 7-16-2007)

**Secs. 14-28--14-57. Reserved.**

## ARTICLE III. ALARM SYSTEMS

**Sec. 14-58. Short title.**

This article shall be known and may be cited as the "City of Fort Pierce Alarm Systems Ordinance."

(Code 1983, § 14-16; Ord. No. I-245, pt. A, 12-7-1987)

**Sec. 14-59. Purpose.**

The purpose of this article is to establish standards and regulate the various types of intrusion, hold-up and other emergency signals from alarm users that require police and fire response or investigation.

(Code 1983, § 14-17; Ord. No. I-245, pt. A, 12-7-1987)

PROOFS

**Sec. 14-60. Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

~~Unless it is apparent from the context that another meaning is intended, the following terms, phrases, words and their derivations shall have the meanings given herein. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory. The following words, terms and phrases, when used in this ___, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:~~

*Alarm* means a signal (audio or visual, recorded or live) transmitted to a law enforcement agency or the fire district indicating a predetermined condition. Said alarm is received either:

(1) Via a private alarm service company relayed to a law enforcement agency or fire district telephone.

(2) Via an audible/visual signal relayed to a law enforcement agency or fire district by a third party.

*Alarm agent* means any person employed by an alarm business whose duties include altering, installing, maintaining, moving, repairing, replacing, selling, servicing and responding to an alarm system.

*Alarm system* means any assembly of equipment, mechanical or electrical, arranged to:

(1) Signal the occurrence of a forced entry, fire, or other activity requiring urgent attention and to which law enforcement or the fire district is expected to respond; and/or

(2) Monitor and/or annunciate the status of alarm or supervisory devices.

*Alarm user* means the person, firm, partnership, association, corporation, company or organization of any kind in control of any building, structure or facility or portion thereof wherein an alarm system, as defined in this section, is maintained within the city.

*Annunciator* means the instrumentation on an alarm console at the receiving terminal of a signal line which, through both visual and audible signals, shows when an alarm device at a particular location has been activated or when line trouble is indicated.

*ANSI* means the American National Standards Institute.

*Answering service* means a telephone answering service providing, among its services, the service of receiving emergency signals from alarm systems on a continuous basis, directed through trained employees, and thereafter immediately relaying the message by live voice to the 911 communications center.

*Automatic dialing device* means an alarm system which automatically sends over regular telephone lines, by direct connection or otherwise, a prerecorded voice message or coded signal indicating the existence of the emergency situation that the alarm system is designated to detect.

*Automatic hold-up alarm system* means an alarm system in which the signal transmission is initiated by the action of the intruder.

*Burglar alarm* means an alarm system designated to indicate a condition of illegal forced entry or illegal attempted forced entry.

*Central station* means an office to which remote alarm and supervisory signaling devices are connected where operators supervise the circuits.

*Central station equipment* means the signal receiving, recording or retransmitting equipment installed in the central station.

*Central station system* means a system in which operation of electrical protection circuits and devices are

PROOFS

signaled automatically to, recorded in, maintained and supervised from a central station having trained operators in attendance at all times.

~~*City* and *county*. The word "city" means City of Fort Pierce, Florida, and the word "county" means St. Lucie County, Florida.~~

*Direct connect* means an alarm system which has the capability of transmitting system signals to and receiving them at an agency maintained by the local government; for example, a police communication center.

*Direct line* means a telephone line leading directly from a central station to the 911 communications center and the fire department, which is for use only to report emergency signals on a person-to-person basis. Direct lines are not permitted to any law enforcement center.

*False alarm* means the activation of an alarm system through mechanical failure, malfunction, improper installation, or the negligence of the owner or lessee of an alarm system or of his employees requiring an emergency response, when in fact an emergency does not exist or the activation of the alarm, whether intentional or unintentional. The term "false alarm" does not include:

(1) Alarms caused by hurricanes, tornadoes, earthquakes or other violent conditions;

(2) Alarms covered by F.S. § 806.101.

*Fire alarm* means an alarm system designated to indicate the presence of fire or smoke is in progress immediately preceding the alarm.

*Fire department* means the county/city fire district.

*Fire marshal* means the certified person designated as fire marshal by the county/city fire district or any authorized agent thereof.

*Hold-up alarm system* means an alarm system signaling a robbery or attempted robbery.

*Interconnect* means to connect an alarm system to a voice-grade telephone line, either directly or through a mechanical device that utilizes a standard telephone, for the purpose of using the telephone line to transmit an emergency message upon the activation of the alarm system.

*Law enforcement agency* means any governmental agency or subunit thereof, providing law enforcement services within the county, or any authorized agent thereof.

*Law enforcement executive* means the sheriff and/or police chiefs in the county, or their designated representatives.

*Local alarm system* means a signaling system which when activated causes an audible and/or visual signaling device to be activated in or on the premises within which the system is installed.

*Manual hold-up alarm system* means an alarm system in which the signal transmission is initiated by the direct action of the person attacked or by an observer of the attack.

*Modified central station* means an office to which remote alarm and supervisory signaling devices are connected, where operators supervise the circuits. Such a modified central station is not listed by Underwriters' Laboratories.

*Occupied residential dwelling unit* means an occupied dwelling that is used as a residence by a single housekeeping unit.

~~*Person* means any person, firm, partnership, association, corporation, company or organization of any kind.~~

*Primary trunkline* means a telephone line, leading directly into the communication center of any law enforcement agency, which is for the purpose of handling emergency calls on a person-to-person basis and which is identified as such by a specific number included among the emergency numbers listed in the telephone directory issued by the telephone company and covering the service area within the city.

*Proprietary system* means an alarm system sounding and/or recording alarm and supervisory signals at a control center located within the protected premises, the control center being under the supervision of the proprietor of the protected premises. If a proprietary system includes a signal line connected directly or by means of automatic

PROOFS

dialing device to a police communication center, a central station or answering service, the system is an alarm system, as defined in this section.

*Record title owner* means the person or persons in whose name title to real property are recorded on the public records.

*Remote signaling system* means an alarm signaling system which when activated by an alarm device transmits a signal from an alarm signaling device to a central location, other than the law enforcement agency, fire district and/or the 911 communications center, where appropriate action is taken to investigate and respond to the signal.

*Signal line* means the transmission line through which the signal passes from one of the elements of the signal transmission system to another.

*Special trunkline* means a telephone line leading into the communication center of any law enforcement agency and having the primary purpose of handling emergency signals or messages originating either directly or through a central location from automatic dialing devices.

*Subscriber* means a person who buys and/or leases, or otherwise obtains, an alarm signaling system and thereafter contracts with or hires an alarm business to monitor and/or service the alarm device.

*Telephone company* means the utility that furnishes telephone services to the citizens of the city.

*U.L.* means Underwriters' Laboratories.

(Code 1983, § 14-18; Ord. No. I-245, pt. A, 12-7-1987; Ord. No. 16-022 , § 1, 1-3-2017)

**Sec. 14-61. Automatic dialing device—Interconnecting to trunklines.**

(a) No automatic dialing device shall be interconnected to any primary or special trunkline at any law enforcement agency or fire department in the city, unless under special investigative purposes as authorized by the chief executive of the law enforcement agency or the fire marshal for said county.

(b) If a law enforcement agency has knowledge of the unlawful maintenance of an automatic telephone dialing alarm system installed, or operated in violation of subsection (a) of this section, it shall, in writing, order the owner, operator or lessee to disconnect and cease operation of the system within 72 hours of receipt of the order.

(c) Any automatic telephone dialing system installed as set forth in subsection (a) of this section, prior to the effective date of Ordinance No. 2015-5 shall be removed within 45 days of the order as referenced in subsection (b) of this section.

(Code 1983, § 14-19; Ord. No. I-245, pt. A, 12-7-1987; Ord. No. 16-022, § 2, 1-3-2017)

**Sec. 14-62. Automatic dialing device—Operating instructions service.**

(a) Every alarm business selling or leasing to any person an automatic dialing device, which is installed on such person's premises in the county after the effective date of the ordinance from which this article is derived, shall furnish that person with instructions which provide adequate information as required by the National Fire Protection Association (NFPA) standards to enable persons using such device to operate it properly and, if the device is to be serviced or maintained by another alarm business, shall furnish such other alarm business with a manual or other information, including a diagram of the final installation, necessary to enable it to service or properly maintain such device.

(b) If the law enforcement executive or fire marshal responsible finds such instructions to be incomplete or unclear, or inadequate to explain how the device operates and is constructed, he may require the alarm business to revise the instructions and mail them out by certified letter to provide adequate information and then to distribute the revised information to persons who have had such devices installed, as well as to persons subsequently having such devices installed.

(c) Every alarm business selling or leasing to any person an automatic dialing device, which is installed on such person's premises in the city after the effective date of the ordinance from which this article is derived shall furnish to the person buying or leasing such device written information and training concerning how service may be obtained at any time, including telephone number to call for service.

PROOFS

**Sec. 14-63. Direct connections to law enforcement agencies and/or fire department.**

No direct connections shall be permitted in the city, unless authorized by the chief executive of the law enforcement agency or the fire marshal for said city.

(Code 1983, § 14-21; Ord. No. I-245, pt. A, 12-7-1987)

**Sec. 14-64. Equipment maintenance.**

(a) Each subscriber, at his expense, is required to maintain all components of his alarm system in good working order at all times to ensure that the sensory mechanism used in connection with such device is adjusted to suppress false indications of hold-ups or intrusions or fire or smoke conditions, so that the device will not be activated by impulses due to short flashes of light, wind, noises, vehicular noise or other forces unrelated to genuine alarms.

(b) No alarm system designed to transmit emergency messages shall be tested or demonstrated without first notifying the central station, 911 communications center and the fire department.

(c) Fire alarm systems shall be required to have a maintenance contract for testing and inspections, in accordance with National Fire Protection Association (NFPA) standards; for example, smoke and/or heat detectors, manual pull stations and water flow alarms (sprinkler systems). Copies of the maintenance contract and test results of the fire alarm system shall be forwarded to the fire marshal within 30 days from the date of the test.

(Code 1983, § 14-22; Ord. No. I-245, pt. A, 12-7-1987)

**Sec. 14-65. Alarm permit required; application; term; fee; issuance.**

(a) *Required.* It shall be unlawful for any person or company to operate, monitor, or be responsible for an alarm system, without prior registration with the third-party administrator designated by the county. This shall apply to both commercial and residential systems. Each person or company which operates, monitors, or has responsibility for alarm systems, who notifies the county of an alarm activation, shall, at the time of notification, disclose the name, address, telephone number, and permit number of the alarm user to the county.

(b) *Installation; notice.* A contractor, as defined in F.S. § 553.793, or an alarm system monitoring company that installs a monitored alarm system, shall provide written notice, on paper or electronically, to an owner, lessee, or occupant, or an authorized representative thereof, before activating or reactivating an alarm system, that the county requires the registration of the alarm system.

(c) *Activation; notice.* An alarm system monitoring company that activates an alarm system installed by an owner, lessee, or occupant, or authorized representative thereof, shall provide verbal notice to the owner, lessee, or occupant, or authorized representative thereof, before activating or reactivating an alarm system, that the county requires the registration of the alarm system.

(d) *Application.* Any person desiring an alarm system permit shall file an application with the third-party alarm administrator on a form provided by the administrator manually or electronically which includes but is not limited to, the following information:

(1) Name, address and telephone number of the applicant, and the alarm user, if different;

(2) Address and telephone number of the alarm user's premises or building to be served by the alarm;

(3) The name, address and telephone number of the person in charge of the premises or building served by the alarm. If the applicant is a corporation, the names and addresses of its principal officers. If the applicant is a partnership, association, or other business entity, the names and addresses of the partners or persons comprising the same;

(4) The name, address and telephone number of the person or entity installing said alarm;

(5) The name, address and telephone number of the person or entity monitoring said alarm;

(6) The name, address and telephone number of the person or entity providing maintenance and repair service to said alarm;

(7) A description of the alarm system proposed to be installed, including the manufacturer's name and model number, if any;

PROOFS

(8) The names, addresses and telephone numbers of two or more persons who will be available to secure the premises during any hour of the day or night;

(9) Classification of the alarm site as being equipped or non-equipped for duress alarm;

(10) Any such additional information deemed necessary in order to fully and properly administer this article.

Whenever any change occurs relating to the information required by this section, the applicant or permittee shall give written notice thereof to the county third-party alarm administrator within ten days after such change.

(e) *Term.* Alarm system permits are issued for a period of one year and will expire 365 days after the date of issuance or renewal, unless otherwise suspended or revoked at an earlier time. Upon expiration of an alarm system permit, a renewal permit must be obtained in the manner specified by the county before an alarm system may continue in use.

(f) *Fee.* No permit fee shall be charged to the alarm user by the county for each permit issued, including successive renewal permits.

(g) *Nontransferable.* Any alarm permit issued pursuant to this article shall not be transferable or assignable to another person or alarm site and shall cover only one building or premises.

(h) *Issuance.* An alarm permit shall be mailed to the alarm user by the third-party administrator, at the address of the alarm user stated on the application, within ten days after receipt of said completed application by the third-party administrator. An alarm permit shall be denied if:

(1) The requested information is not supplied on the application;

(2) Material information on the application is incorrect;

(3) Any person or entity listed on the application under subsections (d)(4) through (d)(6) of this section does not possess any required occupational or regulatory license to conduct the activities required by said subsections, unless the person or entity is the alarm user;

(4) All false alarm dispatch charges for excessive false alarms owed by the alarm user have not been paid;

(5) The alarm user had an alarm permit for the alarm site suspended or revoked, and the violation causing the suspension or revocation has not been corrected.

(i) *Public records exemptions.* To the extent allowed by law, all information contained in and gathered through the alarm permit applications, records relating to alarm dispatch requests, and applications for appeal shall be exempt and confidential information held in confidence by all employees or representatives of the county and by any third-party administrator or employees of a third-party administrator with access to such information.

(Code 1983, § 14-23; Ord. No. I-245, Pt. A, 12-7-1987; Ord. No. 16-022, § 3, 1-3-2017)

**Sec. 14-66. Excessive false alarm signals.**

(a) Prior to the activation or substantial modification or use of an alarm system, as defined in section 14-60, the owner, manager, or lessee of the premises shall furnish to the third-party alarm administrator on a form provided by the third-party alarm administrator manually or electronically which includes information deemed necessary to provide adequate response to the alarm.

(b) Owners, managers or lessees of existing alarm systems, as defined in section 14-60, shall have 30 days from the effective date of the ordinance from which this section is derived to comply with the notice requirements provided in section 14-65(b).

(c) Owners, manager or lessees, or agents of any alarm system shall respond to the alarm location, when requested, in order to reset or deactivate the alarm system within a reasonable time of notification. Failure to provide such access shall result in a false alarm assessment as provided in section 14-67.

(d) Prior to the activation or use of any type of general alarm device the owner, manager or lessee of the premises shall furnish to the third-party alarm administrator, information regarding the full names, addresses and telephone numbers of at least three persons for commercial properties and two persons for residential properties who can be reached at all times and who are authorized and have the capability to enter the premises and deactivate the alarm device. Owners, managers or lessees of the premises with alarm devices already installed shall have 30

PROOFS

days from the effective date of the ordinance from which this section is derived to comply with the notice requirements provided in section 14-65(b). It shall be the responsibility of the owner, manager or lessee of the premises to provide an updated list annually to the third-party alarm administrator. Failure to do so may result in a false alarm assessment subject to the sanctions of section 14-67.

(e) All burglar alarm systems having an audible or visual signal at the premises shall be equipped so as to automatically shut off the audible or visual signal after 15 minutes, except those systems required by law to have a longer operating period, in which case said system shall be equipped so as to automatically shut off the audible or visual signal at the conclusion of the longer required operating time.

(f) All alarm systems shall be properly maintained. System malfunction due to faulty maintenance shall not be grounds for an excused false alarm assessment.

(g) All alarm systems shall obtain all necessary permits and inspections for the installation of the system.

(h) All alarm companies that sell, lease, install, operate, monitor or have the responsibility for alarm systems, shall maintain the appropriate license, as required under F.S. ch. 489, and shall register annually with the county. A fine of $500.00 shall be assessed to any alarm monitoring company who fails to register. Each registration shall be valid for 12 months. The alarm monitoring company shall provide the following information:

(1) The name, street address and telephone number. Monitoring companies shall maintain, for a period of at least one year, records relating to alarm notification and shall provide such records to the county's third-party alarm administrator upon request, or a fine of $125.00 shall be assessed.

(2) The names, street addresses, and telephone numbers of all contracted alarm operators within the territorial jurisdiction of the county.

(3) The procedure used to verify the legitimacy of an alarm prior to notification of county law enforcement.

(4) The name, street address, and telephone number of the alarm company.

(i) An alarm company performing monitoring services shall:

(1) Attempt to verify, by calling the alarm site and/or alarm user by telephone, to determine whether an alarm signal is valid before requesting dispatch. Telephone verification shall require, as a minimum, that a second call be made to a different number, if the first attempt fails to reach an alarm user who can properly identify themselves to attempt to determine whether an alarm signal is valid, except in the case of a panic or robbery-in-progress alarm, or in cases where a crime-in-progress has been verified by video and/or audible means.

(2) Provide alarm user registration number, when available, to the 911 communications center to facilitate dispatch and/or cancellation.

(3) Communicate any available information about the location of the alarms to the communications center.

(4) Communicate a cancellation to the communications center as soon as possible following a determination that a response is unnecessary.

(j) Owners, managers or lessees, or agents of any alarm system within the city that has received notice of having had three or more false alarms in a one-year period shall obtain from a licensed alarm company an inspection report, in a form acceptable to the alarm administrator, that identifies the reason for the false alarms and that the issue has been fixed/resolved. This inspection report shall be provided to the third-party alarm administrator as well as the city's designated alarm administrator within 30 days of receiving notice of the third false alarm. Failure to comply with this provision shall result in a fine of $50.00, in addition to the false alarm response fine due.

(k) Owners, managers or lessees, or agents of any alarm system may take an alarm user awareness class (as offered by the county's third-party alarm administrator) in lieu of paying the $50.00 ~~fee~~ fine for a second false alarm violation. This class may only be taken once, can only be applied to the second false alarm ~~fee~~ fine ($50.00), and must be successfully completed by the owners, managers or lessees, or agents of any alarm system. Proof of successful completion of the class as offered by the third-party alarm administrator must be provided by the owners, managers or lessees, or agents of any alarm system to the city's designated alarm administrator within 60 days of the false alarm.

PROOFS

(Code 1983, § 14-24; Ord. No. I-245, pt. A, 12-7-1987; Ord. No. 16-022, § 4, 1-3-2017)

**Sec. 14-67. False alarm service charge; collection; disbursement; appeal; refusal to pay.**

(a) *False alarm.*

(1) Whenever an alarm is activated in the city, thereby requiring an emergency response to the location by law enforcement and/or the fire district, and the management of the alarm site does not respond, a police officer or firefighter on the scene of the activated alarm system shall visually inspect the area protected by the system and shall exercise reasonable judgment to determine whether the emergency response was in fact required as indicated by the alarm system or whether in some way the alarm system malfunctioned and thereby activated a false alarm.

(2) If a police officer or firefighter at the scene of the activated alarm system determines the alarm to be false, said officer shall make a report of the false alarm, a notification of which shall be mailed or delivered by the third-party alarm administrator to the alarm user and/or record title owner at the address on file with law enforcement, advising the alarm user and record title owner of the false alarm.

(3) Law enforcement shall have the right to inspect any alarm system on the premises to which a response has been made and they may cause an inspection of such system to be made at any reasonable time thereafter to determine whether it is being used in conformity with the terms of this article.

(4) For each response by any emergency unit to an alarm, the responding agency will file a report, classifying the alarm as one of the following:

a. False alarm, system test with no notification or system malfunction.

b. False alarms, no system test, no owner response.

c. Valid alarm for cause designated.

(b) *Charges.*

(1) There shall be a fine charged for false alarms according to the following schedule during a rolling 12-month period:

| *False Alarm Fines* | | | |
|---|---|---|---|
| *Alarm within 12 Months* | *Fire/Rescue* | *Law Enforcement (Commercial)* | *Law Enforcement (Residential)* |
| First | $0.00 | $0.00 | $0.00 |
| Second | $200.00 | $100.00 | $50.00 |
| Third | $300.00 | $200.00 | $100.00 |
| Fourth | $500.00 | $400.00 | $150.00 |
| Fifth and Subsequent | $500.00 | $500.00 | $200.00 |

(2) Alarm companies shall not activate the alarm system prior to the registration. If a false alarm occurs prior to the registration of the alarm permit, the alarm monitoring company will be charged a fine of $250.00. If the alarm system is self-monitored the alarm user will be charged a fine of $50.00, which may be waived if the alarm permit is registered within 30 days.

(3) In addition, any person operating a non-permitted alarm system will be subject to an additional fine of $50.00. This ~~fee~~ fine may be waived if the permit is registered in 15 days.

(c) *Appeal.* An alarm user may appeal assessment of the fine to the city's designated alarm administrator by filing a written request for review setting forth the reasons for the appeal within 14 calendar days of the date of the notice of the assessed fine. The failure to file a request for an appeal within this time period shall constitute a waiver of the right to contest the assessment of the fine. The city's special magistrate shall serve as the hearing officer for all appeal hearings under this section. The filing of a request for an appeal shall stay the assessment of the fine until

PROOFS

the hearing officer renders a final decision. Upon receipt of a timely written request for an appeal, a hearing will be scheduled before the special magistrate. Notice of the hearing will be sent to the alarm user after receipt of the request for appeal. The special magistrate shall conduct a hearing and consider the evidence presented pursuant to F.S. ch. 162. At the conclusion of the hearing, the special magistrate shall issue findings of fact, based upon the evidence presented, and conclusions of law, and shall issue a written order. The special magistrate's decision is subject to review in the circuit court by proceedings in the nature of certiorari.

(d) *Collection.* Once notified by the third-party administrator, the user will have 30 days to pay any said service charges. All service charges collected shall only be used to offset the costs incurred in responding to false alarms.

(e) *Refusal to pay.* The city may proceed by a suit in a court of competent jurisdiction to collect said charge after demand thereof has been made by the third-party administrator and the payment thereof refused by the alarm user.

(f) *Disbursement.* Service charges will be disbursed to the city in a manner as agreed to by ~~as agreed to by~~ contract with the third-party administrator.

(Code 1983, § 14-25; Ord. No. I-245, pt. A, 12-7-1987; Ord. No. 16-022, § 5, 1-3-2017)

**Sec. 14-68. Penalties.**

Failure to comply with this article shall constitute a violation of this Code and may, at the city's option, be enforced by either the third-party administrator or the city by hearing and penalty, as generally provided by sections 1-69 through 1-106.

(Code 1983, § 14-26; Ord. No. I-245, pt. A, 12-7-1987; Ord. No. 16-022, § 6, 1-3-2017)

## ARTICLE I. IN GENERAL

**Secs. 16-1--16-18. Reserved.**

## ARTICLE II. TREES

### DIVISION 1. GENERALLY

**Sec. 16-19. Park trees, street trees defined.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Park trees* mean trees, shrubs, bushes and all other woody vegetation in public parks having individual names and all areas owned by the city or to which the public has free access as a park.

*Street trees* mean trees, shrubs, bushes and all other woody vegetation on land lying between property lines on either side of all streets, avenues or ways within the city.

(Code 1983, § 2-322; Ord. No. I-357, § 1, 12-4-1989)

**Sec. 16-20. Street tree species to be planted.**

The following list constitutes the official street tree species for the city; no species other than those included in this list may be planted as street trees without written permission of the city tree board:

| *City Tree Species* | | |
|---|---|---|
| *Small Trees* | *Medium Trees* | *Large Trees* |
| Dahoon Dolly | Drake Elm | Bald Cypress |
| Crepe Myrtle | Cabbage Palm | Florida Elm |
| Tree of Gold | ~~rrotwood~~ | Hackberry |
| Savanna Holly | Golden Rain Tree | Red Maple |
| Rigid Bottlebrush | Dahoon Dolly | Royal Palm |
| Pindo Palm | Bay Loblolly | Live Oak |
| Cherry Laurel | Loquat | Washington Palm |
| | Coconut Palm | Sycamore |
| | | Sweetgum |
| | | Date Palm |

(Code 1983, § 2-323; Ord. No. I-357, § 7, 12-4-1989)

PROOFS

**Sec. 16-21. Spacing.**

The spacing of street trees will be in accordance with the three species classes listed in section 16-20, and no trees may be planted closer together than the following: small trees, 20 feet; medium trees, 30 feet; and large trees, 50 feet; except in special plantings designed or approved by a landscape architect.

(Code 1983, § 2-324; Ord. No. I-357, § 8, 12-4-1989)

**Sec. 16-22. Distance from curb and sidewalk.**

The distance trees may be planted from curbs or curblines and sidewalks will be in accordance with the three species size classes listed in section 16-20, and no trees may be planted closer to any curb or sidewalk than the following: small trees, two feet; medium trees, three feet; and large trees, four feet.

(Code 1983, § 2-325; Ord. No. I-357, § 9, 12-4-1989)

**Sec. 16-23. Distance from street corners and fireplugs.**

No street tree shall be planted closer than 20 feet to any street corner, measured from the point of nearest intersecting curbs or curblines. No street tree shall be planted closer than ten feet to any fireplug.

(Code 1983, § 2-326; Ord. No. I-357, § 10, 12-4-1989)

**Sec. 16-24. Utilities.**

No street trees, other than those species listed as small trees in section 16-20, may be planted under or within ten lateral feet of any overhead utility wire, or over or within five lateral feet of any underground water line, sewer line, transmission line or other utility.

(Code 1983, § 2-327; Ord. No. I-357, § 11, 12-4-1989)

**Sec. 16-25. Public tree care.**

(a) The city shall have the right to plant, prune, maintain and remove trees, plants and shrubs within the lines of all streets, alleys, avenues, lanes, squares and public grounds, as may be necessary to ensure public safety or to preserve or enhance the symmetry and beauty of such public grounds. The city tree board may remove or cause or order to be removed any tree or part thereof which is in an unsafe condition or which by reason of its nature is injurious to sewers, electric power lines, gas lines, water lines or other public improvements, or is affected with any injurious fungus, insect or other pest.

(b) This section does not prohibit the planting of street trees by adjacent property owners, provided that the selection and location of said trees are in accordance with sections 16-20 through 16-24.

(Code 1983, § 2-328; Ord. No. I-357, § 12, 12-4-1989)

**Sec. 16-26. Tree topping.**

It shall be unlawful as a normal practice for any person, firm or city department to top any street tree, park tree or other tree on public property. The term "topping" means the severe cutting back of limbs to stubs larger than three inches in diameter within the tree's crown to such a degree as to remove the normal canopy and disfigure the tree. Trees severely damaged by storms or other causes, or certain trees under utility wires or other obstructions, where other pruning practices are impractical may be exempt from this article at the determination of the city tree board.

(Code 1983, § 2-329; Ord. No. I-357, § 13, 12-4-1989)

**Sec. 16-27. Pruning; corner clearance.**

Every owner of any tree overhanging any street or right-of-way within the city shall prune the branches so that such branches shall not obstruct the light from any street lamp or obstruct the view of any street intersection and so that there shall be a clear space of eight feet above the surface of the street or sidewalk. Said owners shall remove all dead, diseased or dangerous trees or broken or decayed limbs which constitute a menace to the safety of the public. The city shall have the right to prune any tree or shrub on private property, when it interferes with the proper spread of light along the street from a streetlight or interferes with visibility of any traffic-control device or sign.

(Code 1983, § 2-330; Ord. No. I-357, § 14, 12-4-1989)

PROOFS

**Sec. 16-28. Dead or diseased tree removal on private property.**

The city shall have the right to cause the removal of any dead or diseased trees on private property within the city, when such trees constitute a hazard to life and property, or harbor insects or disease which constitute a potential threat to the other trees within the city. The ~~city tree board~~ will notify in writing the owners of such trees. Removal shall be done by said owners at their own expense within 60 days after the date of service of notice. In the event of failure of the owners to comply with such provisions, the city tree board shall forward the matter to the special magistrate for appropriate action.

(Code 1983, § 2-331; Ord. No. I-357, § 15, 12-4-1989; Ord. No. 17-017, § 4, 6-5-2017)

**Sec. 16-29. Interference with city tree board.**

It shall be unlawful for any person to prevent, delay or interfere with the city tree board or any of its agents or servants while engaging in and about the planting, cultivating, mulching, pruning, spraying or removing of any street trees, park trees or trees on private grounds, as authorized in this article.

(Code 1983, § 2-332; Ord. No. I-357, § 16, 12-4-1989)

**Sec. 16-30. Arborist's license and bond.**

It shall be unlawful for any person or firm to engage in the business or occupation of pruning, treating or removing street or park trees within the city without first applying for and procuring a license. The license fee shall be ~~twenty-five dollars ($25.00)~~ in the amount established by resolution, and shall be paid annually in advance; provided, however, that no license shall be required of any public service company or city employee doing such work in the pursuit of their public service endeavors. Before any license shall be issued, each applicant shall first file evidence of possession of liability insurance in the minimum amounts of $25,000.00 for bodily injury and $10,000.00 property damage indemnifying the city or any person injured or damaged resulting from the pursuit of such endeavors as herein described.

(Code 1983, § 2-333; Ord. No. I-357, § 17, 12-4-1989)

~~**Sec. 2-334. Penalty.**~~

~~Any person violating any provision of this article shall be, upon conviction or a plea of guilty, subject to a fine not to exceed five hundred dollars ($500.00).~~

~~(Code 1983, § 2-334; Ord. No. I-357, § 19, 12-4-1989)~~

**Secs. 16-31--16-48. Reserved.**

DIVISION 2. TREE BOARD

**Sec. 16-49. Created; established.**

There is hereby created and established a city tree board, which shall consist of five members. Members will consist of the director of public works, parks supervisor, urban forester and two residents of the city who shall be appointed by the city commission.

(Code 1983, § 2-316; Ord. No. I-357, § 2, 12-4-1989)

**Sec. 16-50. Terms of office; vacancy.**

(a) The terms of the two residents to be appointed by the city commission shall be two years~~, except that the term of one member appointed to the first board shall be for only one year~~.

(b) In the event that a vacancy shall occur during the term of any member, his successor shall be appointed for the unexpired portion of the term.

(Code 1983, § 2-317; Ord. No. I-357, § 3, 12-4-1989)

**Sec. 16-51. Compensation.**

Members of the board shall serve without compensation.

(Code 1983, § 2-318; Ord. No. I-357, § 4, 12-4-1989)

PROOFS

**Sec. 16-52. Duties and responsibilities.**

(a) It shall be the responsibility of the board to study, investigate, counsel, and develop and/or update annually and administer a written plan for the care, preservation, pruning, planting, replanting, removal or disposition of trees and shrubs in parks, along streets and in other public areas. Such plan will be presented annually to the city commission and, upon their acceptance and approval, shall constitute the official comprehensive city tree plan.

(b) The board, when requested by the city commission, shall consider, investigate, make finding, report and recommend upon any special matter or question coming within the scope of its work.

(Code 1983, § 2-319; Ord. No. I-357, § 5, 12-4-1989)

**Sec. 16-53. Operation.**

The board shall choose its own officers, make its own rules and regulations and keep a journal of its findings. A majority of the members shall be a quorum for the transaction of business.

(Code 1983, § 2-320; Ord. No. I-357, § 6, 12-4-1989)

**Sec. 16-54. Review by city commission.**

The city commission shall have the right to review the conduct, acts and decisions of the city tree board. Any person may appeal from any ruling or order of the city tree board to the city commission, which may hear the matter and make the final decision.

(Code 1983, § 2-321; Ord. No. I-357, § 18, 12-4-1989)

**Secs. 16-55--16-81. Reserved.**

## ARTICLE III. SEA TURTLE PROTECTION*

**Sec. 16-82. Lighting on beach.**

(a) *Purpose.* This section is intended to provide for the protection of sea turtles and sea turtle hatchlings. It is found and determined that light which is visible from any point standing on the beach has the potential of disorienting sea turtles and preventing them from reaching the sea. The standards set forth in this section are to be interpreted liberally to provide for the adequate protection of such sea turtles and are effective during the sea turtle nesting and hatching season from March 1 through October 31.

(b) *Regulations; standards.* The following regulations and standards shall apply to beachfront lighting within the city limits:

(1) Existing exterior artificial light fixtures shall be mounted as low as feasibly possible, shielded or replaced with alternative fixtures and lamps so that the source of light is not directly visible from the beach and does not directly or indirectly illuminate areas seaward of the primary dune. Traditional light bulbs should be replaced with alternate light sources, including, but not limited to, low pressure sodium lamps, true amber or red LED lights, or low wattage fluorescent bulbs (seven watts or less).

(2) For structures built prior to 2008, existing interior lights shall be shielded by window tint, shades and/or blinds that fully eliminate visible light on all windows and glass doors visible from any point on a nesting beach, including any side of the structure. Such blinds or shades shall be drawn after dark to completely cover windows visible from the beach. If the owner of such structure is found guilty of a repeat violation of this section, the enforcing authority may require that window tinting be installed.

(3) Site/building plans for new construction shall incorporate exterior and interior lighting designs that are fully compliant with standards for existing lighting. Building plans must include tinted glass or window film for all windows and glass doors visible from any point on a nesting beach, including the sides of the structure. Tinting/film must meet a transmittance value of 45 percent or less (amount of light visible from inside to outside).

(4) Lighting standards shall apply to all newly installed or replacement exterior and interior light fixtures, both public and private, in direct line-of-sight of the beach.

## ARTICLE IV. MINING AND EXCAVATION OPERATIONS

**Sec. 16-108. Definition.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Mining and excavation operation* means and includes any operation which entails the excavation of earth in excess of 100 cubic yards from one parcel of property to another parcel of property, or from an area of a parcel of property to another area on the same parcel if a public road is used, except that the term "mining and excavation operation" does not include the following activities:

(1) Installing utilities;

(2) Installing foundations for any building or other structure;

(3) Digging drainage or mosquito ditches and canals by authorized units and agencies of government;

(4) Digging drainage or mosquito control ditches and canals by private persons when construction is permitted by all authorized agencies, if any;

(5) Excavating for accessory uses for land, such as parking lots, septic tanks, graves, swimming pools, etc.;

(6) Excavating, grading, and moving earth in conjunction with the platting of a subdivision permitted in accordance with all governing regulations;

(7) Excavating, grading and moving of earth or sand can still be carried on by governmental bodies, including the city, and they are expressly exempt from this article.

(Code 1983, § 9-350; Ord. No. I-168, § 1, 8-18-1986; Ord. No. I-195, § 2, 12-15-1986)

**Sec. 16-109. Mining and excavation operations prohibited.**

Except as otherwise provided for in this article, mining and excavation operations are prohibited in all districts.

(Code 1983, § 9-351; Ord. No. I-168, § 1, 8-18-1986)

~~**Sec. 9-352. Existing mining and excavation operations.**~~

~~(a) *General.* Except as otherwise provided in this article, mining and excavation operations in existence at the time this article [Ordinance Number I-168] becomes effective may continue in operation for a period of two years, after which they shall cease operation. Any operation which continues will be fenced with a minimum five foot high fence or with a fence four feet high plus an additional three strands of barbed wire which will raise the fencing to approximately five feet, said barbed wire to be angled inward not outward and said fence to equal approximately five feet in height. Said fence to be constructed within 60 days from the date of this amendment [December 15, 1986].~~

~~(b) *Extended period of operation.* Existing mining and excavation operations will be permitted to operate for a period of two years from the date of this amendment [December 15, 1986]. However, in order to continue operation, the following terms and specifications must be met and the failure to meet these terms and specifications will result in the violation of this article and authorize the city to close down said mining operation immediately. The terms and conditions under which said operation shall continue are as follows:~~

~~The operators of any existing sand mining operations will submit an application which will include the following information:~~

~~(1) The names and business addresses of all applicants;~~

~~(2) Proof of ownership of the property to be mined;~~

~~(3) The size of the property to be mined in acres;~~

~~(4) A list of all properties within 500 feet of the area to be excavated by property appraiser, tax~~

identification number and property owner's name;

__ The time table or schedule for mining activities, from commencement of operation through completion of reclamation;

__ The proposed days and hours of operation, including maintenance and service of equipment;

__ The method of extraction of processing, including disposition of overburden or top soils as well as the type of excavation equipment to be used;

__ The location and estimated output of machinery or equipment to be used in any screening, crushing or processing operation for materials excavated on the site;

__ Operating practices proposed:

__ To minimize noise, dust, air contaminants and vibrations;

__ To prevent undue damage to public streets and roads or creation of a traffic hazard;

__ To prevent overburdening the existing drainage systems;

__ To prevent undue pollution of surface and underground water and undue alteration of the water table; and

__ To provide for public safety.

__ Mining plan. The mining plan shall be submitted on twenty-four-inch by thirty-six-inch detail sheets and at a scale no smaller than one inch equals fifty (50) feet. Detail sheets shall include:

__ The north point, scale and date of the plan;

__ The location of the property to be mined by legal description and street address, if any;

__ The boundary lines and dimensions of the property;

__ The extent of the area to be excavated, with dimensions showing property lines, setbacks, corner locations, required berm and swale, and phase boundaries, if applicable;

__ A typical cross-section showing the slope and grade of excavation side-slopes, berm and swale;

__ Processing, storage and ponding of water detention area;

__ Proposed fencing, gates and parking.

__ Any existing mining operation continuing for more than 60 days after the adoption of this amendment [Ordinance number I-195, December 15, 1986] to Ordinance I-168 shall comply with the following requirements:

__ They shall enclose said sandmine area within a fence as described above being a minimum of five feet or four feet high plus three strands of barbed wire facing inward.

__ In all areas of a mine site which lie within 100 feet of residentially zoned property the operator shall, at the conclusion of said mining operation, slope said sandmine at a four-to-one grade. Sloping will commence no closer than twenty-five (25) feet from the boundary of the property and will continue to a point which is two feet below the mean water table.

__ All areas which are required to be sloped to a four-to-one grade must be mulched and seeded by the landowner.

__ The fencing which is required around the perimeter of the mine site will be maintained by the property owner or their successors until such time as the excavation site ceases to become a public hazard as determined by the city commission and/or a court of competent jurisdiction.

__ No material from a sandmine site will be hauled or trucked through any residentially zoned areas, except along the FEC Railroad tracks to Savannah Road.

__ No sandmine will operate more than six days per week and will not operate on Sundays and

## ARTICLE V. FERTILIZER*

***State law reference**—Protection of Urban and Residential Environments and Water Act, F.S. § 403.9335 et seq.

**Sec. 16-132. Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Administrator* means the city manager, or any other city official designated by the city manager.

*Application* or *apply* means the actual physical deposit of fertilizer to turf or landscape plants.

*Applicator* means any person who applies fertilizer on turf and/or landscape plants in the city.

*Board* or *governing board* means city commission.

*Best management practices* mean turf and landscape practices or combinations of practices based on research, field-testing, and expert review, determined to be the most effective and practicable on-location means, including economic and technological considerations, for improving water quality, conserving water supplies and protecting natural resources.

*City-approved best management practices training program* means a training program approved per F.S. § 403.9338, or any more stringent requirements set forth in this article, that includes the most current version of the state department of environmental protection's Florida-Friendly Best Management Practices for Protection of water Resources by the Green Industries, 2008, as revised and approved by the city manager.

*Code enforcement officer, official* or *inspector* means any designated employee or agent of the city whose duty is to enforce codes and ordinances enacted by the city.

*Commercial fertilizer applicator*, except as provided in F.S. § 482.1562(9), means any person who applies fertilizer for payment or other consideration to property not owned by the person or firm applying the fertilizer or the employer of the applicator.

*Damaged turf or landscape plants* means turf or landscape plants that have been deleteriously affected by environmental or biotic stress. Environmental stresses are a result of prolonged exposure to shade drought, nutrient deficiency, the effects of vehicle and foot traffic salinity and occasional cold temperatures. Biotic stresses result from living organisms such as insects, diseases or nematodes.

PROOFS

*Fertilize*, *fertilizing*, or *fertilization* means the act of applying fertilizer to turf, specialized turf, or landscape plants.

*Fertilizer* means any substance or mixture of substances that contains one or more recognized plant nutrients and promotes plant growth, or controls soil acidity or alkalinity, or provides other soil enrichment, or provides other corrective measures to the soil.

*Guaranteed analysis* means the percentage of plant nutrients or measures of neutralizing capability claimed to be present in a fertilizer.

*Heavy rain* means rainfall greater than or equal to two inches (50 millimeters) in a 24-hour period.

*Impervious surfaces* mean a constructed surface such as sidewalks, roads, parking lots or driveways covered by water impenetrable materials such as asphalt, concrete, brick, pavers, stone and/or highly compacted soils.

*Institutional applicator* means any person, other than a private, non-commercial or a commercial applicator (unless such definitions also apply under the circumstances), that applies fertilizer for the purpose of maintaining turf and/or landscape plants. The term "institutional applicators" means and includes, but is not limited to, owners, managers or employees of public lands, schools, parks, religious institutions, utilities, industrial or business sites and any residential properties maintained in condominium and/or common ownership.

*Landscape plant* means any native or exotic tree, shrub or groundcover (excluding turf).

*Lawncare and maintenance* or *landscaping* means and includes, but is not limited to, mowing, trimming, pruning, edging, liming, fertilizing, mulching, seeding and aerating of turf and/or landscaping plants.

*Low maintenance zone* means an area a minimum of ten feet wide adjacent to water courses which is planted and managed in order to minimize the need for fertilization, watering, mowing, etc.

*Non-commercial applicator* means any person other than a commercial or institutional applicator who performs lawn care and maintenance on turf and/or landscape plants in the city, such as an individual owner or tenant of a single-family residential unit.

~~*Person* means any natural person, business, corporation, limited liability company, partnership, limited partnership, association, club, organization, and/or any group of people acting as an organized entity.~~

*Prohibited application period* means June 1 through September 30 or the time period during which a flood watch or warning, or a tropical storm watch or warning, or a hurricane watch or warning is in effect for any portion of the city, issued by the National Weather Service, or if heavy rainfall is likely.

*Saturated soil* means a soil in which the voids are filled with water. Saturation does not require flow. For the purpose of this section, soils shall be considered saturated if standing water is present or the pressure of a person standing on the soil causes the release of free water.

*Slow release*, *controlled release*, *timed release*, *slowly available* or *water insoluble nitrogen* means nitrogen in a form which delays its availability for plant uptake and use after application, or which extends its availability to the plant longer than a reference rapid or quick release product.

*Turf*, *sod*, or *lawn* means a piece of grass-covered soil held together by the roots of the grass.

*Urban landscape* means pervious areas on residential, commercial, industrial, institutional, highway right-of-way, or other nonagricultural lands that are planted with turf or horticultural plants. For the purposes of this article, the term "agriculture" has the same meaning as in F.S. § 570.02.

(Code 1983, § 17-122; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-133. Findings.**

As a result of impairment to the city's surface waters caused by excessive nutrients, or, as a result of increasing levels of nitrogen in the surface and/or ground water within the aquifers or springs within the boundaries of the city, the city commission has determined that the use of fertilizers on lands within the city creates a contributing risk that adversely effects surface and/or ground water which ultimately flows to the Indian River Lagoon.

(Code 1983, § 17-120; Ord. No. 14-014, § 1, 5-5-2014)

PROOFS

**Sec. 16-134. Purpose and intent.**

This article regulates the proper use of fertilizers by any applicator; requires proper training of commercial and institutional fertilizer applicators; establishes training and licensing requirements; establishes a prohibition application period; specifies allowable fertilizer application rates and methods, fertilizer-free zones, low maintenance zones, and exemptions. Such article further requires the use of best management practices which provide specific management guidelines to minimize negative secondary and cumulative environmental effects associated with the misuse of fertilizers. These secondary and cumulative effects have been observed in and on the city's natural and constructed stormwater conveyances, rivers, creeks, canals, springs, lakes, estuaries and other water bodies. Collectively, these water bodies are an asset critical to the environmental, recreational, cultural and economic wellbeing of the city's residents and the health of the public. Overgrowth of algae and vegetation hinder the effectiveness of flood attenuation provided by natural and constructed stormwater conveyances. Regulation of nutrients, including both phosphorus and nitrogen contained in fertilizer, will help improve and maintain water and habitat quality.

(Code 1983, § 17-121; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-135. Applicability.**

This article shall be applicable to and shall regulate all applicators of fertilizer and areas of application of fertilizer within the city, unless such applicator is specifically exempted by the terms of this article from the regulatory provision of this article. This regulation shall be prospective only, and shall not impair any existing contracts in effect on May 1, 2014.

(Code 1983, § 17-123; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-136. Timing of fertilizer application.**

No applicator shall apply fertilizers containing nitrogen and/or phosphorus to turf and/or landscape plants during the following prohibited application periods:

(1) June 1 through September 30;

(2) The time period during which the National Weather Service has issued a flood watch or warning, or a tropical storm watch or warning, or a hurricane watch or warning for any portion of the city;

(3) Heavy rains are expected;

(4) Saturated soils.

(Code 1983, § 17-124; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-137. Fertilizer-free zones.**

Fertilizer shall not be applied within ten feet of any pond, stream, watercourse, lake, canal, or wetland as defined by the state department of environmental protection (F.A.C. ch. 62-340) or from the top of a seawall. If more stringent regulations of this Code apply, this provision does not relieve the requirement to adhere to the more stringent regulations. Newly planted turf and/or landscape plants may be fertilized in this zone only for a 60-day period beginning 30 days after planting if need to allow the plants to become well established. Caution shall be used to prevent direct deposition of nutrients into the water.

(Code 1983, § 17-125; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-138. Low maintenance zones.**

A voluntary ten-foot low maintenance zone is strongly recommended, but not mandated, from any pond, stream, water course, lake, wetland or from the top of a seawall. A swale/berm system is recommended for installation at the landward edge of this low maintenance zone to capture and filter runoff. If more stringent regulations of this Code apply, this provision does not relieve the requirement to adhere to the more stringent regulations. No mowed or cut vegetative material may be deposited or left remaining in this zone or deposited in the water. Care should be taken to prevent the over-spray of aquatic weed products in this zone.

(Code 1983, § 17-126; Ord. No. 14-014, § 1, 5-5-2014)

PROOFS

**Sec. 16-139. Fertilizer content and application rates.**

(a) No fertilizer containing phosphorous shall be applied to turf or landscape plants in the city, unless a soil or plant tissue deficiency is verified by a University of Florida Institute of Food and Agriculture Sciences (IFAS)-approved testing methodology. In the case that a deficiency has been verified, the application of a fertilizer containing phosphorous shall be in accordance with the rates and directions for the Southern Region of Florida as provided by F.A.C. 5E-1.003. Deficiency verification shall be no more than two years old. However, recent application of compost, manure, or topsoil shall warrant more recent testing to verify current deficiencies.

(b) The nitrogen content of fertilizer applied to turf or landscape plants within the city shall contain at least 50 percent slow release nitrogen per guaranteed analysis label.

(c) Fertilizers applied to an urban lawn or turf within the city shall be applied in accordance with requirements and directions set forth on the label or tag for packaged fertilizer products, or in the printed information accompanying the delivery of bulk fertilizer products, as provided by F.A.C. 5E-1.003(2), Labeling Requirements For Urban Turf Fertilizers. All packaged and bulk fertilizer products sold in the city shall be sold in packages with labels or tags, or, if sold in bulk, be accompanied by printed information, which complies with the requirements of F.A.C. 5E-1.003(2).

(d) Fertilizer containing nitrogen or phosphorus shall not be applied before seeding or sodding a site, and shall not be applied for the first 30 days after seeding or sodding, except when hydro-seeding for temporary or permanent erosion control in an emergency situation (e.g., wildfire, etc.), or in accordance with the stormwater pollution prevention plan for that site.

(Code 1983, § 17-127; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-140. Application practices.**

(a) Spreader deflector shields are required when fertilizing via rotary (broadcast) spreaders. Deflectors must be positioned such that fertilizer granules are deflected away from all impervious surfaces, fertilizer-free zones and water bodies, include wetlands.

(b) Fertilizer shall not be applied, spilled or otherwise deposited on any impervious surfaces.

(c) Any fertilizer applied, spilled, or deposited, either intentionally or accidentally, on any impervious surface shall be immediately and completely removed to the greatest extent practicable.

(d) Fertilizer released on an impervious surface must be immediately contained and either legally applied to turf or any other legal site, or returned to the original or other appropriate container.

(e) In no case shall fertilizer be washed, swept, or blown off impervious surfaces into stormwater drains, ditches, conveyances, or water bodies.

(Code 1983, § 17-128; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-141. Management of grass clipping and vegetative matter.**

In no case shall grass clippings, vegetative material, and/or vegetative debris be washed swept, or blown off into stormwater drains, ditches, conveyances, water bodies, wetlands, or sidewalks or roadways. Any material that is accidentally so deposited shall be immediately removed to the maximum extent practicable. Grass clippings should be blown back onto lawn areas or removed.

(Code 1983, § 17-129; Ord. No. 14-014, § 1, 5-5-2014 )

**Sec. 16-142. Exemptions.**

The provisions set forth in this article shall not apply to:

(1) Bona fide farm operations, as defined in the Florida Right to Farm Act, F.S. § 823.14;

(2) Other properties not subject to or covered under the Florida Right to Farm Act that have pastures used for grazing livestock;

(3) Any lands used for bona fide scientific research, including, but not limited to, research on the effects of fertilizer use on urban stormwater, water quality, agronomics, or horticulture;

PROOFS

(4) Golf courses when landscaping is performed within the provisions of the state department of environmental protection document, "Best Management Practices for the Enhancement of Environmental Quality on Florida Golf Courses", these provisions shall be followed when applying fertilizer to golf course practice and play areas;

(5) Athletic fields at public parks and school facilities that apply the concepts and principles embodied in the Florida Green BMPs, while maintaining the health and function of their specialized turf areas;

(6) Vegetable gardens owned by individual property owners or a community, and trees grown for their edible fruit.

(Code 1983, § 17-130; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-143. Training.**

(a) All commercial and institutional applicators or fertilizer within the city, shall abide by and successfully complete the six-hour training program "Florida-Friendly Best Management Practices for Protection of Water Resources by the Green Industries," offered by the state department of environmental protection through the University of Florida Extension "Florida-Friendly Landscapes" program, or an approved equivalent.

(b) Private, noncommercial applicators are encouraged to follow the recommendations of the University of Florida IFAS Florida Yards and Neighborhoods program when applying fertilizers.

(Code 1983, § 17-131; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-144. Licensing of commercial applicators.**

(a) All commercial applicators of fertilizer with the city, shall abide by and successfully complete training and continuing education requirements in the "Florida-Friendly Best Management Practices for Protection of Water Resources by the Green Industries," offered by the state department of environmental protection through the University of Florida IFAS "Florida-Friendly Landscapes" program, or an approved equivalent program, prior to obtaining a city local business tax receipt for any category of occupation which may apply any fertilizer to turf and/or landscape plants.

(b) All commercial applicators of fertilizer within the city, shall have and carry in their possession at all times when applying fertilizer, evidence of certification by the state department of agriculture and consumer services as a commercial fertilizer applicator per F.A.C. 5E-14.117(18).

(c) All businesses applying fertilizer to turf and/or landscape plants (including, but not limited to, residential lawns, golf courses, commercial properties, and multifamily and condominium properties) must ensure that at least one employee has a "Florida-Friendly Best Management Practices for Protection of Water Resources by the Green Industries" training certificate prior to the business owner obtaining a local business tax receipt. Owners for any category of occupation which may apply any fertilizer to turf and/or landscape plants shall provide proof of completion of the program to the city.

(Code 1983, § 17-132; Ord. No. 14-014, § 1, 5-5-2014)

**Sec. 16-145. Enforcement.**

The provisions of this article may be enforced pursuant to any method provided for by this Code or general law.

## ARTICLE II. FIREWORKS*

***State law reference**—Sale and use of fireworks, F.S. ch. 791.

**Sec. 18-23. Definitions.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*Building* means a permanent structure containing no fewer than four outer walls and a roof enclosing said walls, constructed in accordance with the local building code and a duly issued building permit, and for which occupancy is authorized by a duly issued certificate of occupancy. For purposes of this article, the term "building" shall also include a part of the structure, such as a unit or space within the shopping center.

*Commercial structure or building* means a building constructed and used for the purpose of producing income. For ~~purposed~~ of this article, the term "commercial building" shall not include a building design, constructed and used in accordance with the laws for residential occupancy.

~~*Fireworks* shall mean and include any combustible or explosive composition, or any substance or combination of substances, or any article prepared for the purpose of producing a visible and audible effect by combustion, explosion, deflagration, detonation, or shower of sparks, including but not limited to firecrackers, torpedoes, skyrockets, roman candles, daygo bombs, aerial spinners, and other devices of like construction, any devices containing any explosive or flammable compound, and any tablets or other article containing an explosive~~

PROOFS

~~substance.~~

~~Fireworks shall not include auto flares, emergency signalling devices, sparklers, toy paper caps containing not in excess of twenty-five hundredths ( 25/100 ) grain of explosive content per cap; toy pistols, toy games, and toy guns designed to use these caps; novelty and trick noise makers; as defined by the National Fire Protection Association and those items tested and approved as sparklers and listed as such by the state fire marshal's annual listing.~~

*Fireworks* mean and include any combustible or explosive composition or substance or combination of substances or, except as hereinafter provided, any article prepared for the purpose of producing a visible or audible effect by combustion, explosion, deflagration, or detonation. The term "fireworks" includes blank cartridges and toy cannons in which explosives are used, the type of balloons which require fire underneath to propel them, firecrackers, torpedoes, skyrockets, roman candles, dago bombs, and any fireworks containing any explosives or flammable compound or any tablets or other device containing any explosive substance. The term "fireworks" does not include sparklers approved by the division pursuant to F.S. § 791.013; toy pistols, toy canes, toy guns, or other devices in which paper caps containing 0.25 grains or less of explosive compound are used, providing they are so constructed that the hand cannot come in contact with the cap when in place for the explosion; and toy pistol paper caps which contain less than 0.20 grains of explosive mixture, the sale and use of which shall be permitted at all times. The term "fireworks" also does not include the following novelties and trick noisemakers:

(1) A snake or glow worm, which is a pressed pellet of not more than ten grams of pyrotechnic composition that produces a large, snakelike ash which expands in length as the pellet burns and that does not contain mercuric thiocyanate.

(2) A smoke device, which is a tube or sphere containing not more than ten grams of pyrotechnic composition that, upon burning, produces white or colored smoke as the primary effect.

(3) A trick noisemaker, which is a device that produces a small report intended to surprise the user and which includes:

a. A party popper, which is a small plastic or paper device containing not more than 16 milligrams of explosive composition that is friction sensitive, which is ignited by pulling a string protruding from the device, and which expels a paper streamer and produces a small report.

b. A booby trap, which is a small tube with a string protruding from both ends containing not more than 16 milligrams of explosive compound, which is ignited by pulling the ends of the string, and which produces a small report.

c. A snapper, which is a small, paper-wrapped device containing not more than four milligrams of explosive composition coated on small bits of sand, and which, when dropped, explodes, producing a small report. A snapper may not contain more than 250 milligrams of total sand and explosive composition.

d. A trick match, which is a kitchen or book match which is coated with not more than 16 milligrams of explosive or pyrotechnic composition and which, upon ignition, produces a small report or shower of sparks.

e. A cigarette load, which is a small wooden peg that has been coated with not more than 16 milligrams of explosive composition and which produces, upon ignition of a cigarette containing one of the pegs, a small report.

f. An auto burglar alarm, which is a tube which contains not more than ten grams of pyrotechnic composition that produces a loud whistle or smoke when ignited and which is ignited by use of a squib. A small quantity of explosive, not exceeding 50 milligrams, may also be used to produce a small report.

*NFPA* means the National Fire Protection Association.

*Occupancy* means the purpose for which a building or a portion thereof is used or intended to be used.

**State law reference—**Similar provisions, F.S. § 791.01.

**Sec. 18-24. Manufacture, sale and use of fireworks.**

(a) The manufacture of fireworks in the city is prohibited.

(b) Except as herein provided, it shall be unlawful to sell any fireworks in the city.

(c) It shall be unlawful for any person to possess, use or discharge any fireworks within the city except that possession, use or discharge of fireworks may be permitted at any public assembly, upon issuance of a permit, where there is to be a supervised public display of fireworks. Every such display shall be handled by a competent operator to be approved by the chief of police and county fire district, and shall be of such a character and so located, discharged or fired as in the opinion of the chief of the fire district, after proper inspection, as not to be a hazard to property or endanger any person. Application for a permit under this section shall be made in writing at least 15 days in advance of the date of display, in the manner otherwise provided for by article II of the chapter 28 (parks and recreation). Such application shall be accompanied by a certificate of insurance showing liability insurance coverage available for the proposed event in an amount not less than $1,000,000.00. The city shall be named as an additional insured in such certificate. Alternatively, the applicant may submit a bond in a form satisfactory to the city holding the city harmless from any public liability which may arise from the proposed use of fireworks, in an amount not less than $1,000,000.00. Following issuance of the permit, sale, possession, use and discharge of fireworks for such display shall be lawful for that purpose and occasion only. No permit granted hereunder shall be transferrable.

(d) A registered wholesaler, properly licensed and registered with the state fire marshal at the time, may sell fireworks as provided by state law.

(e) The sale of fireworks, to the extent permitted by F.S. ch. 791 or other provision of state law, or sparklers or other devices which emit showers or sparks upon burning, by a properly authorized retailer or wholesaler may occur only on lands within the city which are zoned for commercial or industrial use and may take place only within a permanent, commercial building. Such building shall be protected with automatic fire sprinklers and fire alarms in accordance with the appropriate NFPA standards for such occupancy hazard. It shall be unlawful to sell fireworks from any other structure, including, but not limited to, tents, open air stands or canopies.

## ARTICLE II. BUSINESS TAX*

***State law reference—**Local business tax, F.S. ch. 205.

### Sec. 22-19. Imposed; term; half year business tax; receipts.

(a) A business tax is hereby imposed upon each business, profession or occupation engaged in or carried on within the corporate limits of the city. Such business tax shall be levied on:

(1) Any person who maintains a permanent business location or branch office within the city for the privilege of engaging in or managing any business within its jurisdiction.

(2) Any person who maintains a permanent business location or branch office within the city for the privilege of engaging in or managing any profession or occupation within its jurisdiction.

(3) Any person who does not qualify under the provisions of subsection (a)(1) or (2) of this section and who transacts any business or engages in any occupation or profession in interstate commerce where such business tax is not prohibited by section 8 of article 1 of the United States Constitution.

(b) No receipt shall be issued for more than one year and for each receipt obtained between October 1 and April 1, the full tax for one year shall be paid except as hereinafter provided for, and for each receipt obtained between April 1 and September 30, one-half of the full tax for one year shall be paid except as hereinafter provided for. Upon payment of such tax the city clerk shall issue to the person paying the same a receipt or license signed by the city clerk, except that a receipt shall not be issued to a new business, profession or occupation or on a new location for an existing business, profession or occupation, unless the applicant presents documentation that a certificate of occupancy for the building premises has been issued upon a change in use or occupancy. A receipt for a temporary business or occupation may be issued for a period not exceeding 30 days in an amount equal to one-quarter of the fee otherwise provided for in section 22-32; and shall not be issued more than two times in a 12-month period for the same temporary business or occupation. The sale of motor vehicles off of licensed premises taxed under section 22-32 is not permitted as a temporary business or occupation and no receipt may be issued for such sale of motor vehicles.

~~payable on October 1 of each year and shall expire on September 30 of the succeeding year, providing further, the receipt tax may be paid on the first business day following the last day of the month without penalty, provided the last day of the month falls on a weekend or holiday.~~

~~(Code 1983, § 9-18; Ord. No. L-35, § 3, 8-18-2008)~~

**Sec. 22-21. Business tax receipt—Display.**

The receipt for each business shall be prominently displayed in the office or place of business or on truck, conveyance or other appropriate place.

(Code 1983, § 9-19; Ord. No. L-35, § 3, 8-18-2008)

**Sec. 22-22. Business tax receipt—Transfer.**

No receipt shall be transferred from person to person or place to place or business name or classification be changed, except upon the consent of the city clerk in writing or as provided in this section, and no receipt issued under the provisions of this article shall protect any person from prosecution for transacting any business, trade or profession not covered by such receipt, or shall protect any merchant doing business with a greater stock in trade than covered by such receipt, or any hotel keeper or motel keeper having a greater number of rooms than is covered by such receipt, and any receipt issued upon any false statement made under oath shall be considered as void ab initio and shall not protect the holder thereof from prosecution for transacting business without a receipt. It shall be unlawful for any person to engage in any trade, business, profession or occupation within the city without a receipt as aforesaid, or under a receipt issued upon false statement made by any person engaged in any trade, business, profession or occupation within the city or in their behalf.

~~All business receipts may be transferred to a new owner when there is a bonafide sale of the business upon payment of a nonrefundable transfer fee of up to ten percent of the annual business tax, but not less than three dollars ($3.00) or more than twenty-five dollars ($25.00); and (1) presentation of evidence of the sale and the original receipt; or (2) an affidavit filed with the city clerk certifying that there has been a bona fide sale of the business and the original receipt.~~

~~Upon written request and presentation of the original receipt, any receipt may be transferred from one location to another in the city upon payment of a nonrefundable transfer fee of up to ten percent of the annual business tax, but not less than three dollars ($3.00) or more than twenty-five dollars ($25.00).~~

**State law reference**—Transfer of business tax receipts, F.S. § 205.053.

**Sec. 22-23. Business tax receipt—Students exempt.**

(a) For the purpose of this section, the term "student" ~~as used in this section is defined to mean~~ means any person who is enrolled for study at any elementary school, middle school, high school, junior college, college, university or institution of higher learning, and who attends regularly during the term thereof. This is not to be construed as inclusive of a person who is enrolled for correspondence courses or enrolled for part-time study.

(b) All students who reside in the county and during their off-school hours or during the vacation periods provided them, procure employment, or work or engage in any business or occupation within the corporate limits of the city may do so without being required to pay for a business tax.

(Code 1983, § 9-21; Ord. No. L-35, § 3, 8-18-2008)

**Sec. 22-24. Affidavit as to value of stock or other basis of tax.**

Whenever the amount of the receipt applied for depends upon the amount of stock in trade carried by the applicant, or the number of rooms in a hotel, motel, or any other fact not within the personal knowledge of the city clerk, no receipt shall be issued until the applicant therefor has made and filed with the city clerk an affidavit, duly authenticated, setting forth the amount of his stock in trade, number of rooms in his hotel, motel, or other facts upon which the amount of such receipt depends.

(Code 1983, § 9-22; Ord. No. L-35, § 3, 8-18-2008)

PROOFS

**Sec. 22-25. Information on receipt.**

Every receipt issued under this article shall state:

(1) The number.

(2) The name of the business and the owner.

(3) The location of the place of business.

(4) The amount of business tax paid.

(5) The date of issue and expiration.

(6) Any other data deemed pertinent.

(Code 1983, § 9-23; Ord. No. L-35, § 3, 8-18-2008; Ord. No. 18-013, § 1, 6-4-2018)

**Sec. 22-26. Exemptions.**

The tax levied by this article shall be subject to the exemptions required by law.

~~*Motor vehicles.* Vehicles used for the sale and delivery of tangible personal property at either wholesale or retail from a place of business on which a business tax is paid shall not be construed to be separate places of business, and no business tax may be levied on such vehicles or the operators thereof as salesmen or otherwise, any other law to the contrary notwithstanding.~~

~~Farm, grove, horticultural, floricultural, tropical piscicultural and tropical fish farm products.~~

~~No local business tax shall be required of any natural person for the privilege of engaging in the selling of farm, grove, horticultural, floricultural, tropical piscicultural or tropical fish farm products, or products manufactured therefrom, except intoxicating liquors, wine or beer, when such products were grown or produced by such natural person in the state.~~

~~A wholesale farmers' produce market shall have the right to pay a tax of not more than two hundred dollars ($200.00) for a receipt that will entitle the market's stall tenants to engage in the selling of agricultural and horticultural products therein, in lieu of such tenants being required to obtain individual local business taxes to so engage.~~

~~Cripples, invalids, aged, etc.~~

~~All confirmed cripples or invalids physically incapable of manual labor, widows with minor dependents and persons sixty-five (65) years of age or older, with not more than one employee or helper, and who use their own capital only, not in excess of one thousand dollars ($1,000.00), shall be allowed to engage in any business or occupation in the city without being required to pay for a receipt. The exemption provided by this section shall be allowed only upon the certificate of the county physician, or other reputable physician, that the applicant claiming the exemption is a confirmed cripple or invalid, the nature and extent of the disability being specified therein, and in case the exemption is claimed by a widow with minor dependents, or a person over sixty-five (65) years of age, proof of the right to the exemption shall be made. Any person entitled to the exemption provided by this section shall, upon application and furnishing of the necessary proof as aforesaid, be issued a receipt which shall have plainly stamped or written across the face thereof the fact that it is issued under this section, and the reason for the exemption shall be written thereon.~~

~~In no event under this or any other law shall any person, veteran or otherwise, be allowed any exemption whatsoever from the payment of any amount required by law for the issuance of a receipt to sell intoxicating liquors, malt and vinous beverages; or for the operation of any slot machine, punchboard or any other gaming or gambling device.~~

~~Disabled veterans of any war or their unremarried spouses.~~

~~Any bona fide, permanent resident elector of the city who served as an officer or enlisted person in the United States Air Force or air force reserve, United States Army or Army Reserve, National Guard, United States Navy or Naval Reserve, United States Coast Guard or Coast Guard Reserve, or United States Marine Corps or Marine Corps Reserve, or any temporary members thereof, who~~

have actually been, or may hereafter be, reassigned by the air force, army, navy, coast guard or marines to active duty during any war, declared or undeclared, armed conflicts, crises, etc., since the Spanish-American war, beginning April 21, 1896, who was honorably discharged from the service of the United States, and who at the time of his application for a receipt as hereinafter mentioned shall be disabled from performing manual labor shall, upon sufficient identification, proof of being a permanent resident elector in the city, and production of an honorable discharge from the service of the United States during the aforesaid period of time, respectively:

__ Be granted a receipt to engage in any business or occupation in the city which may be carried on mainly through the personal efforts of the disabled veteran as a means of livelihood and for which the municipal business tax does not exceed the sum of fifty dollars ($50.00) for each without payment of any business tax otherwise provided for by law; or

__ Be entitled to an exemption to the extent of fifty dollars ($50.00) on any receipt to engage in any business or occupation in the city which may be carried on mainly through the personal efforts of the disabled veteran as a means of livelihood when the municipal receipt for such business or occupation shall be more than fifty dollars ($50.00). The exemption heretofore referred to shall extend to and include the right to operate an automobile for hire of not exceeding five passenger capacity, including the driver, when it shall be made to appear that such automobile is bona fide owned or contracted to be purchased by such person and is being operated by him as a means of livelihood and that the proper receipt tax for the operation of such motor vehicle for private use has been applied for and attached to said motor vehicle and the proper fees therefor paid.

__ When any such person shall apply for a receipt to conduct any business or occupation for which the municipal business tax as fixed by law shall exceed the sum of fifty dollars ($50.00), the remainder of such business tax in excess of fifty dollars ($50.00) shall be paid by him in cash.

__ The city clerk shall issue to such persons as may be entitled hereunder a receipt pursuant to the foregoing provision and subject to the conditions thereof. Such receipt when issued shall be marked across the face thereof "Veterans Exempt Receipt" "Not Transferable." Before issuing the same, proof shall be duly made in each case that the applicant is entitled under the conditions of this article to receive the exemption herein provided for. The proof may be made by establishing to the satisfaction of the city clerk by means of certificate of honorable discharge or certified copy thereof that the applicant is a veteran within the purview of this section and by exhibiting:

__ A certificate of government rated disability to an extent of ten percent or more;

__ The affidavit or testimony of a reputable physician who personally knows the applicant and who makes oath that the applicant is disabled from performing manual labor as a means of livelihood;

__ The certificate of the veteran's service officer of the county in which applicant lives, duly executed under the hand and seal of the chief officer and secretary thereof, attesting the fact that the applicant is disabled and entitled to receive a receipt within the meaning and intent of this section;

__ A pension certificate issued to him by the United States by reason of such disability; or

__ Such other reasonable proof as may be required by the city clerk to establish the fact that such applicant is so disabled.

All receipts issued under this subsection shall be in the same general form as other municipal receipts and shall expire at the same time as such other business tax receipts are fixed by law to expire.

__ All receipts obtained under the provisions of this subsection by the commission of fraud upon any issuing authority shall be deemed null and void. Any person who has fraudulently obtained any such receipt, or who has fraudulently received any transfer of a receipt issued to another, and has thereafter engaged in any business or occupation requiring a receipt under color thereof shall be subject to prosecution as for engaging in a business or occupation without having the required

PROOFS

receipt under the ordinances of the city. Such receipt shall not be issued in any county other than the county wherein said veteran is a bona fide resident citizen elector, unless such veteran applying therefor shall produce to the tax collecting authority in such county a certificate of the tax collector of his home county to the effect that no exemption from receipt has been granted to such veteran in his home county under the authority of this section.

(3) In no event under this article or any other ordinance shall any person, veteran or otherwise, be allowed any exemption whatsoever from the payment of any amount required by law for the issuance of a receipt to sell intoxicating liquors, malt and vinous beverages; or for the operation of any slot machine, punchboard or any other gaming or gambling device.

(4) The unremarried spouse of the deceased disabled veteran of any war in which the United States Armed Forces participated will be entitled to the same exemptions as the disabled veteran.

(c) *Religious tenets.* Nothing in this chapter shall be construed to require a business tax receipt for practicing the religious tenets of any church.

(d) *Charitable, etc., organizations; occasional sales, fund raising.* No business tax receipt shall be required of any charitable, religious, fraternal, youth, civic, service or other such organization when the organization makes occasional sales or engages in fund raising projects when the projects are performed exclusively by the members thereof and when the proceeds derived from the activities are used exclusively in the charitable, religious, fraternal, youth, civic and service activities of the organization.

(e) *Mobile home setup operations.* The city clerk shall not require a duly licensed mobile home dealer or a duly licensed mobile home manufacturer or an employee of such dealer or manufacturer, who performs setup operations as defined in F.S. § 320.822, to be licensed to engage in such operations. However, such dealer or manufacturer shall be required to obtain a local business tax receipt for his permanent business location or branch office, which receipt shall not require for its issuance any conditions other than those required by F.S., Ch. 320.

**State law reference**—Business tax exemptions generally, F.S. § 205.054 et seq.

### Sec. 22-27. Proof of business activity; burden of proof on applicant.

The burden of proof that a business exists and is permanently located shall be on the applicant. The fact that any firm, person, or corporation reports himself or itself as engaged in any business, calling, profession, or occupation for the transaction of which a receipt is required or that said person exhibits a sign or advertisement indicating engagement in such business, calling, profession, or occupation shall be conclusive evidence of the liability of such person, firm, or corporation to pay business tax receipt.

(Code 1983, § 9-25; Ord. No. L-35, § 3, 8-18-2008)

### Sec. 22-28. Failure of employer to comply; employees liable; prima facie violation.

(a) Where the principal, master or employer has complied with the provisions of this article, it shall be unnecessary for his agent, servant or employee to comply herewith, unless otherwise expressly provided for herein. Provided, however, that in the event such principal, master or employer shall not have complied with this article, each of his agents, servants or employees shall be subject to prosecution, and upon conviction, to fine or imprisonment to the same extent as his principal, master or employer.

(b) In any prosecution under this article, the fact that such person did open for business, or advertises that he is in business, shall be prima facie evidence of engaging in such trade, business, profession or occupation, and the burden shall be upon the defendant to rebut the same.

(Code 1983, § 9-26; Ord. No. L-35, § 3, 8-18-2008)

### Sec. 22-29. Failure to obtain business tax receipt; receipt obtained by fraud; enforcement.

(a) All business tax receipts not renewed by October 1 shall be considered delinquent and subject to a delinquency penalty of ten percent for the month of October, plus an additional five percent penalty for each month of delinquency thereafter until paid; provided that the total delinquency penalty shall not exceed twenty-five (25)

PROOFS

~~percent of the business tax receipt fee for the delinquent establishment.~~

~~Any person engaging in or managing any business, occupation or profession without first obtaining a local business tax receipt, if required hereunder, shall be subject to a penalty of twenty-five (25) percent of the receipt tax determined to be due in addition to any other penalty provided by law or ordinance.~~

~~In addition to the foregoing a penalties, any person engaged in any trade, business, profession or occupation within the city without a receipt, or under a receipt issued upon false statement made by said person or in his behalf, shall be subject to prosecution and upon conviction thereof shall be punished as provided by section 1-5 of this Code, or may alternatively be prosecuted pursuant to chapter 2, article XIII (municipal code enforcement) or chapter 2, article XIII.5 (supplemental municipal code enforcement procedures). Upon a finding of violation, all utility services to the premises occupied by the business, occupation or profession shall be immediately discontinued until the violator is eligible for and receives a business tax receipt. Any notification that a violation of this section is being charged shall include this statement: "In the event you are found in violation of section 9-27(b) for doing business without a business tax receipt, all utility services to the business premises will be suspended while the violation continues."~~

~~Any person who engages in any business, occupation, or profession covered by this section, who does not pay the required business tax within one hundred fifty (150) days after the initial notice of tax due and who does not obtain the required receipt is subject to civil actions and penalties, including court costs, reasonable attorneys fees, additional administrative costs incurred as a result of collection efforts, and a penalty of up to two hundred fifty dollars ($250.00).~~

Any business, profession or occupation that is required by section 22-19 to obtain a business tax receipt and fails to do so, or operates under a receipt issued upon false statement, ~~in addition to the foregoing penalties,~~ shall be subject to municipal enforcement as set forth in chapter 1, article II, divisions 2 and 3. Upon a finding of violation by the special magistrate, all utility services to the premises occupied by the business, occupation or profession shall be immediately discontinued until the violator is eligible for and receives a business tax receipt. Any notification that a violation of this article is being charged shall include this statement: "In the event you are found in violation of section 22-19(a) for doing business without a business tax receipt, all utility services to the business premises will be suspended while the violation continues."

(Code 1983, § 9-27; Ord. No. L-35, § 3, 8-18-2008; Ord. No. 17-017, § 7, 6-5-2017)

**Sec. 22-30. Tax upon professions payable by professional employees.**

The tax provided for in section 22-32 for architects, auctioneers, auditors or accountants, dentists, draftsmen, civil engineers, lawyers, osteopaths, chiropractors, chiropodists, phrenologists, physicians or surgeons, real estate salesmen, or other similar professions, shall be construed to mean that each individual shall pay the tax therein provided, whether practicing by himself or in partnership with or employed by another. The following special provisions apply:

(1) *Veterinary medical practice.* No business tax shall be issued to any person to practice veterinary medicine unless he shall present to the city clerk a valid current receipt issued by the state department of business and professional regulation.

(2) *Pharmacies and pharmacists.* No business tax official shall issue a business tax to operate a pharmacy unless the applicant shall first exhibit a current permit issued by the state board of pharmacy; however, no such business tax shall be required in order to practice the profession of pharmacy.

(3) *Architecture.* Any person applying to the business tax official for a business tax to practice architecture shall, at the time of application, exhibit to the licensing official satisfactory evidence that the applicant possesses a valid certificate of registration, and no business tax shall be granted until such evidence is presented.

(4) *Engineering.* Any person applying to the business tax official for a business tax to practice engineering shall, at the time of application, exhibit to the business tax official satisfactory evidence that the applicant possesses a valid certificate of registration, and no business tax shall be granted until such evidence is presented.

PROOFS

(5) *Land surveying.* Any person applying to the business tax official for a business tax to practice land surveying shall, at the time of application, exhibit to the business tax official satisfactory evidence that the applicant possesses a valid certificate of registration, and no business tax shall be granted until such evidence is presented.

(Code 1983, § 9-28; Ord. No. L-35, § 3, 8-18-2008)

**Sec. 22-31. Refund; suspension or revocation of receipt.**

(a) No business tax collected by the city shall be refunded, except as otherwise provided.

(b) Any receipt issued by the city may be temporarily suspended or absolutely revoked or ~~cancelled~~ by a majority vote of the city commission, when the commission shall have ascertained and determined, in the exercise of its sound discretion, that such action will promote the public peace, health, safety, welfare, harmony or good order of the neighborhood in which the place of business is located; provided, however, in the case of the revocation and cancellation of such receipt, the city shall refund the pro rata unearned or unused portion of the receipt fee.

(c) Any receipt issued by the city to any business which also receives a waiver of distance requirements pursuant to section 4-8, permitting the on-premises sale of beer and/or wine, shall be temporarily suspended or absolutely revoked or ~~cancelled~~ by a majority vote of the city commission, when the city commission shall have ascertained and determined that such business is no longer a bona fide restaurant as provided in such section; provided, further, that in the case of the revocation and cancellation of such receipt, the city shall refund the pro rata unearned or unused portion of the receipt fee.

(Code 1983, § 9-29; Ord. No. L-35, § 3, 8-18-2008)

**Sec. 22-32. ~~Fees~~ Tax.**

The amount which shall be paid by the several persons engaging in or managing their respective businesses, professions or occupations ~~are hereby fixed as follows per annum, unless otherwise provided.~~ shall be in the amount established by resolution.

## ARTICLE III. ADULT ENTERTAINMENT

### DIVISION 1. GENERALLY

### Sec. 22-55. Title.

This article shall be known and may be cited as the "adult entertainment code."

(Code 1983, § 11.5-1; Ord. No. J-420, § 1, 4-20-1998)

### Sec. 22-56. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the content clearly indicates a different meaning:

*Adult bookstore, adult novelty store,* or *adult video store* means a commercial establishment which, as one of its principal purposes, offers for sale or rental for any form or consideration any one or more of the following:

PROOFS

(1) Books, magazines, periodicals or other printed matter, or photographs, films, motion pictures, video cassettes or video reproductions, slides, or other visual representatives which are categorized by the depiction or description of specified sexual activities or specified anatomical areas; or

(2) Instruments, devices, or paraphernalia which are designed for use in connection with specified sexual activities.

(3) A commercial establishment may have other principal business purposes that do not involve the offering for sale or rental of material depicting or describing specified sexual activities or specified anatomical areas and still be categorized as adult bookstore, adult novelty store or adult video store. Such other business purposes will not serve to exempt such commercial establishments from being so categorized as long as one of the principal business purposes remains the offering for sale or rental for consideration the specified materials which are categorized by the depiction or description of specified sexual activities or specified anatomical areas.

*Adult entertainment establishment* means an adult theater, an adult bookstore, an adult performance establishment, a commercial physical contact parlor or an escort service operated for commercial or pecuniary gain, regardless of whether such establishment is permitted under this article. Whether or not an adult entertainment establishment is operated for commercial or pecuniary gain shall not depend upon actual profit or loss. An establishment which has a permit issued through this article shall be presumed to be operated for commercial or pecuniary gain. An establishment with an adult entertainment permit shall be presumed to be an adult entertainment establishment.

*Adult material* means any one or more of the following, regardless of whether it is new or used:

(1) Books, magazines, periodicals, other printed matter, photographs, films, motion pictures, video tapes, slides, computer digital graphic recordings, visual representations, tape recordings or other audio matter which have as their primary or dominant theme matter depicting, illustrating, describing or relating to specified sexual activities or specified anatomical areas; or

(2) Instruments, novelties, devices or paraphernalia which are designed for use in connection with specified sexual activities, excluding bona fide birth control devices.

*Adult motel* means any motel, hotel, boardinghouse, roominghouse or other place of temporary lodging which includes the word "adult" in any name it uses or otherwise advertises the presentation of films, motion pictures, video tapes, slides or other photographic reproductions, which have as their primary or dominate theme matters depicting, illustrating or relating to specified sexual activities or specified anatomical areas. The term "adult motel" is included within the definition of the term "adult theater."

*Adult performance establishment* means:

(1) An establishment where any worker:

a. Engages in a private performance, acts as a private model, or displays or exposes any specified anatomical areas to a customer, regardless of whether the worker engages in dancing or any particular activity;

b. Displays to a customer any covering, tape, pasty or other device which simulates or otherwise gives the appearance of the display or exposure of any specified anatomical areas, regardless of whether the worker actually engages in performing or dancing;

c. Offers, solicits or contracts to dance or perform with a customer and accepts any consideration, tip, or compensation from or on behalf of that customer; or

d. Dances or performs with or within three feet of a customer and accepts any consideration, tip, or compensation from or on behalf of that customer.

(2) An adult performance establishment shall not be deemed a place provided or set apart for the purpose of exposing or exhibiting a person's sexual organs in a manner contrary to the first sentence of F.S. § 800.03, the state's indecent exposure statute, as set forth in the decision of the supreme court of the state in the case of Hoffman *v.* Carson, 250 So.2d 891, 893 (Fla. 1971), app. dism. 404 U.S. 981 (1971).

PROOFS

*Adult theater* means any establishment which has adult booths, where adult materials may be viewed or any establishment which has an auditorium, rooms, or an open air area where persons may view films, motion pictures, video cassettes, slides, or other photograph reproductions which have as their primary or dominant theme matters depicting, illustrating or relating to specified sexual activities or specified anatomical areas. Adult motels and adult booths or peep show arcades are considered to be adult theaters.

*Alcoholic beverage* is as defined in section 4-1.

*Commercial physical contact* means:

(1) To manipulate, wash, scrub, stroke or touch for commercial pecuniary gain another person's body tissue directly or indirectly or through a media using any object, instrument, substance or device.

(2) Exception. It is an affirmative defense to an alleged violation of this article, regarding engaging in commercial physical contact or operating a commercial physical contact parlor, if the alleged violator, business or establishment can establish membership in one of the following classes of persons or businesses in the activity alleged to be commercial physical contact as part of the bona fide practice of the profession or business of the person which overlaps into the field regulated by this article:

a. Persons permitted as a massage therapist or apprentice massage therapist pursuant to F.S. ch. 480, if provided massage services only in a massage establishment permitted under F.S. ch. 480;

b. Persons permitted under state law to practice medicine, surgery, podiatry, or persons permitted as a physician's assistant or holding a drugless practitioner's certificate;

c. Registered nurses under state law;

d. Barbers or beauticians permitted under state law;

e. Cosmetologists permitted under state law;

f. Persons performing services in any hospital, nursing homes or sanitarium permitted under state law;

g. Instructors, coaches, or athletics trainers employed by or on behalf of any bona fide professional, Olympic or sanctioned amateur athletic team, governmental entity or any bona fide state, county or private educational institution;

h. Physical therapist permitted under state law.

*Commercial physical contact parlor* means a business, establishment or place operated for commercial or pecuniary gain, or where any worker engages in commercial physical contact, or any business or establishment for which any portion is set aside advertised or promoted as a place where commercial physical contact occurs or as a body scrub salon, or as relaxation salon.

*Department* means the city ~~department of building and code enforcement~~ ~~code compliance division~~.

*Escort* means any person who, for commercial or pecuniary gain, compensation or tips agrees to, offers to go, or goes to any place, including a business, hotel, motel, residence, or conveyance to do any of the following acts:

(1) Act as a companion or date for, or converse with, a customer;

(2) Engage in physical contact with another person;

(3) Provide private adult entertainment;

(4) Engage in private modeling or lingerie modeling;

(5) Display specified anatomical areas, strip naked, or go topless; or

(6) Engage in any specified sexual activity.

Nothing in this article shall be construed to legalize prostitution or other conduct prohibited by this article or other law.

*Escort service* or *escort agency* means a person, business, establishment or place operated for commercial or pecuniary gain which does any of the following:

PROOFS

(1) Advertises as an escort service or escort agency or otherwise offers or advertises that it can furnish escorts, private dancers or private models;

(2) Offers or actually provides, arranges, dispatches, or refers workers to act as an escort for a customer;

(3) Exception. It is an affirmative defense that a business is not an escort service if the person seeking to invoke this defense can demonstrate that the business is a bona fide dating or matching service which arranges social matches for two persons who each wish to meet a compatible companion when neither of said persons solicits, accepts or receives any financial gain or any monetary tip, consideration or compensation for the meeting or date.

*Establishment* means any place, site or premises or portion thereof, upon which any person corporation or business conducts activities or operations for commercial or pecuniary gain, including any place, site or premises from which an escort service dispatches or refers workers to other locations or at which an escort service receives business calls from customers.

*Nudity* means to display or expose at an adult entertainment establishment less than completely and opaquely covered:

(1) Human genitals or pubic regions;

(2) The cleavage of the human buttocks; or

(3) The areola or the nipple of a human female breast.

*Operated for commercial or pecuniary gain* means any business or attempt to generate income and shall not depend upon actual profit or loss. An establishment which has a permit issued under this chapter shall be presumed to be operated for commercial or pecuniary gain.

*Operator* means any person who engages in or performs any activity necessary to, or which facilitates, the operation of an adult entertainment establishment, including, but not limited to, the permittee, manager, owner, doorman, bouncer, bartender, disc jockey, sales clerk, ticket taker, movie projectionist, dispatcher, receptionist or attendant.

*Partial nudity* means the showing of the human male or female buttocks or any portion thereof with less than a full opaque covering; the showing of the female breasts with less than a full opaque covering of any portion thereof; or the depiction of covered male genitals in a turgid state.

*Permittee* means any person, partnership or corporation whose application for an adult entertainment establishment under this article has been granted and who owns, operates or controls the establishment.

*Private model* means any person who, for commercial or pecuniary gain, offers, suggests or agrees to engage in a private performance, modeling, or display of male or female lingerie, bathing suits, undergarments, lingerie, or specified anatomical areas to the view of a customer.

*Private performance* means modeling, posing or the display or exposure of any specified anatomical area by a worker of an adult entertainment establishment to a customer, while the customer is in an area not accessible during such display to all other persons in the establishment or, while the customer or worker is in an area which is private or in which the customer or worker is totally or partially screened or partitioned during such display from the view of persons outside of the area.

*Sexually oriented business* means a commercial physical contact establishment or escort service regardless of whether such business is permitted under this article. It shall also mean any business defined in this article.

*Specified anatomical areas* means:

(1) Less than completely and opaquely covered:

a. Human genitals or pubic regions; or

b. Any part of the human buttocks; or

c. That portion of the human female breast encompassed within an area below the horizontal line one would have to draw to intersect a point immediately above the top of the areola (the colored ring around the nipple). The term "specified anatomical areas" includes the entire lower portion of the

PROOFS

human female breast, but shall not include any portion of the cleavage of the human female breast exhibited by a dress, blouse, shirt, leotard, bathing suit, or other wearing apparel, provided the areola is not so exposed.

(2) Human male genitals in an erect or turgid state, even if completely and opaquely covered.

(3) Any simulation of the foregoing.

*Specified criminal act* means:

(1) As violation of this article;

(2) Any offense under the F.S. ch. 794, regarding sexual battery; F.S. ch. 796, regarding prostitution; F.S. ch. 800, regarding lewdness and indecent exposure; and F.S. ch. 847, regarding obscene literature; or

(3) An offense under an analogous statute of a state other than the state, or an analogous ordinance of another county or city.

*Specified sexual activity* means:

(1) Human genitals in a state of sexual stimulation, arousal, erection;

(2) Fondling or other erotic touching of human genitals, pubic region, buttocks, anus or female breast;

(3) Acts of human anilingus, bestiality, buggery, cunnilingus, coprophagy, coprophilia, fellation, flagellation, masturbation, masochism, necrophilia, pederasty, pedophiliages, sadism, sadomasochism, sapphism, sexual intercourse, sodomy, or urolagnia; or

(4) Excretory functions as part of or in connection with any of the activities set forth in subsections (1) through (3) of this definition.

*Straddle dance, lap dance, face dance,* or *friction dance* means either of the following acts at an establishment:

(1) The use by a worker of any part of his body to touch the genital or pubic area of another person, or the touching of the genital or pubic area of any worker to another person. ~~It~~ Such acts shall be a straddle dance regardless of whether the touch or touching occurs while the worker is displaying or exposing any specified anatomical area. ~~It~~ Such act shall also be a straddle dance regardless of whether the touch or touching is direct or indirect; or

(2) The straddling of the legs of any worker over any part of the body of another person at the establishment regardless of whether there is a touch or touching.

*Worker* means any person who works, performs or provides services at an adult entertainment establishment or who is an escort irrespective of whether said person is paid a salary or wage, and shall include, but is not limited to, employees, independent contractors, subcontractors, lessees, or sublessee who work or perform at an adult entertainment establishment.

(Code 1983, § 11.5-7; Ord. No. J-420, § 1, 4-20-1998)

**Sec. 22-57. Authority.**

This article is enacted under the home rule power of the city in the interest of the health, safety, peace and general welfare of the people of the city and under the authority of the city to regulate the sale and consumption of alcoholic beverages under the 21st Amendment to the United States Constitution.

(Code 1983, § 11.5-2; Ord. No. J-420, § 1, 4-20-1998)

**Sec. 22-58. Purpose.**

It is the purpose of this article to regulate sexually oriented businesses as to promote the health, safety, morals and general welfare of the citizens of the city, and to establish reasonable and uniform regulations to prevent the deleterious location and concentration of sexually oriented businesses within the city. The provisions of this article have neither the purpose or intent of imposing a limitation or restriction on the content of any communicative materials, including sexually oriented materials, or other aspects of constitutionally protected speech. It is not the intent of the city commission to legislate with respect to matters of obscenity in this article, as those matters are regulated by federal and state law, including, particularly, F.S. chs. 800 and 847. Similarly, it is not the intent or

PROOFS

effect of this article to restrict or deny access by adults to sexually oriented materials protected by the first amendment or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent or effect of this article to condone or legitimize the distribution of obscene material.

(Code 1983, § 11.5-3; Ord. No. J-420, § 1, 4-20-1998)

**Sec. 22-59. Findings of fact.**

Based upon evidence and testimony presented at public hearings before the city commission and proceedings before the city planning board, and based upon the findings incorporated in studies conducted by other governmental units, including, but not limited to, the City of Indianapolis, Hillsborough County, City of Tallahassee, Pinellas County, City of Tampa, City of St. Mary's and abstracts of additional community studies together with information and reports available to, and provided by, the city police department, the county sheriff's department and the state attorney's office detailing the potential for criminal activities associated with adult uses, and on the findings incorporated in City of Renton *v.* Playtime Theaters, Inc., 475 U.S. 41, 106 S. Ct. 925, 89 L. Ed. 2d 29 (1986); Young *v.* American Mini-Theaters, Inc., 427 U.S. 50, 96 S. Ct. 2440, 49 L. Ed. 2d 310 (1975); Bonnell, Inc. *v.* Board of Adjustments, 791 P.2d 107 (Okl. App. 1989) and considering such other public input, research and legal analysis which the city commission believes to be relevant to problems associated with adult uses, the city determines that the enactment of a time, place and manner ordinance regulating and addressing the adverse secondary effects of adult entertainment uses is an appropriate exercise of the municipal home rule power in the interest of the health, peace, safety, morals and general welfare of the people of the city. Specifically, the commission finds and determines, based upon the foregoing, as follows:

(1) Sexually oriented activities, including the sale of adult entertainment material and nude, semi-nude or topless dancing gives rise to prostitution, pandering, solicitation for prostitution, lewd behavior, exposing minors to harmful materials, possession, distribution and transportation of obscene materials, sale or possession of controlled substances and violent crimes against persons or property;

(2) When the sexually oriented activities described in subsection (1) of this section are competitively exploited in commercial establishments, they tend to attract an undesirable number of transients, blight neighborhoods, adversely affect neighboring businesses, lower real property values, promote the particular crimes described above, and ultimately force residents and businesses to move to other locations;

(3) The activities described in subsection (1) of this section sometimes occur in establishments concurrent with the sale and consumption of alcoholic beverages, which concurrence leads to a further increase in criminal activity, unsafe activity and disturbances of the peace and order of the surrounding community and creates additional hazards to the health and safety of customers and workers and further depreciates the value of adjoining real property harming the economic welfare of the surrounding community and adversely affecting the quality of life, commerce and community environment;

(4) In order to preserve and safeguard the health, safety, property values and general welfare of the people, businesses and industries of the city it is necessary and advisable for the city to regulate the sale and consumption of alcoholic beverages at establishments where the aforedescribed activities occur;

(5) In order to preserve and safeguard the health, safety and general welfare of the people of the city, it is necessary and advisable for the city to regulate the conduct of owners, managers, operators, agents, workers, entertainers, performers and customers at establishments where the aforesaid activities occur;

(6) The potential dangers to the health, safety and general welfare of the people of the city posed by permitting establishments at which the activities described in subsection (1) of this section occur to operate without first meeting the requirements for obtaining a permit under this article are so great as to require the permitting of such establishments prior to their being permitted to operate;

(7) Requiring operators of establishments at which the activities described in subsection (1) of this section occur to keep records of information concerning workers and certain recent past workers will help reduce the incidence of certain types of criminal behavior by facilitating the identification of potential witnesses or suspects, and by making it difficult for minors to work in such establishments;

(8) Prohibiting establishments at which the activities described in subsection (a) occur from operating within

PROOFS

said distances of educational institutions, religious institutions, residences, area zoned or designated for residential use, and parks, at which minors are customarily found, will serve to protect minors from the adverse effects of the activities that accompany such establishments;

(9) Straddle dancing, unregulated private performances or physical contact or touching within sexually oriented businesses poses a threat to the health of both customers and employees and promotes the spread of communicable and social diseases. Straddling dancing is deemed primarily conduct rather than communication or expression;

(10) Sexually oriented businesses involve activities which are pure conduct engaged in for the purpose of making a profit, wherein speech or expressive activity is non-existent or incidental thereto, and are therefore subject to and require increased regulation to protect the health, welfare and safety of the community.

(11) Physical contact or touching within establishments at which the activities described in this section occur between workers exhibiting specified anatomical areas and customers poses a threat to the health of both and promotes the spread of communicable and social diseases and physical contact or touching between workers of sexually oriented businesses and customers thereof poses a threat to the health of both and promotes the spread of communicable and sexually transmitted diseases.

**Sec. 22-91. Processing of application; investigation; findings.**

(a) *Processing.* Upon receipt of a complete application properly filed with the department and upon payment of the nonrefundable application fee, the department shall immediately stamp the application with the date it was received and shall immediately thereafter send photocopies of the application and all attachments to the police department, the building department, and the planning department.

(b) *Investigation.* Each department shall promptly conduct an investigation of the applicant, application and the proposed establishment, within such department's respective area of responsibility, to determine whether false, incomplete or incorrect information was given on the application or whether the proposed establishment will be in violation of any provision of this division or of any building, fire, health or zoning provision, code, ordinance, regulation or court order.

(c) *Findings.* After investigation, each department shall promptly report its findings in writing and shall prepare a report and forward its findings to the ~~department of building and code enforcement~~ and shall state whether the department finds that false, incomplete or incorrect information was given on the application or whether the proposed establishment will be in violation of any provision of this division or any applicable building, fire, health or zoning provision.

(Code 1983, § 11.5-22; Ord. No. J-420, § 1, 4-20-1998)

**Sec. 22-92. Grant; denial; rejection.**

(a) *Time period for granting or denying permit.* Except as time may be extended by section 22-90(d), the department shall grant or deny an application for a permit under this division within 30 days from the date of its proper filing. In the event the department fails to timely grant or deny the application, the department shall be deemed to have approved the application and the applicant may then immediately obtain a permit upon payment of the appropriate annual permit fee required in this division. Granting of a permit under this section shall not be in place of necessity for obtaining a certificate of occupancy or completion where otherwise required nor shall it be in place of any other requirement imposed by this Code.

(b) *Granting of application for permit.* If none of the departments have made a finding that would require that the application be denied, the department shall a grant the application, notify the applicant within seven days of the granting, and issue the permit to the applicant upon payment of the appropriate annual permit fee required in this division.

(c) *Denying of application for permit.*

(1) The department shall review the findings reported by the departments and deny the application for any of the following reasons:

a. The application contains materially false information or is incomplete;

b. The applicant has failed to comply with F.S. ch. 607 regarding corporations, F.S. ch. 620 regarding partnerships, or F.S. § 865.09 regarding fictitious names;

c. The granting of the application would violate a statute or ordinance, deed restriction, lease or an order from a court of law which prohibits the applicant from obtaining an adult entertainment establishment permit;

d. The applicant or any other individual listed pursuant to section 22-90(b)(1) has had a permit under

PROOFS

this chapter suspended or revoked by the department heretofore;

(2) If the application is denied, the department shall, within seven days. notify the applicant of the denial and the reasons for the denial.

(d) *Rejection of application.* If a person applies for a permit at a particular location within a period of nine months from the date of denial of a previous application for a permit at the location, and there have been no intervening changes in the circumstances which would lead to a different decision regarding the former reasons for denial, the application shall be rejected.

(e) *Stay of rejection.* In the event there is a timely appeal of a rejection of the application then the rejection shall be abated during the pendency of such appeal until such time as the appeal is withdrawn, dismissed or denied.

(Code 1983, § 11.5-24; Ord. No. J-420, § 1, 4-20-1998; Ord. No. K-118, § 3, 12-3-2001)

**Sec. 22-93. Permits; terms; renewals; expiration; cancellation; reports; consent.**

(a) *Contents.* An adult entertainment permit shall state the name of the permittee, the name of the establishment, the street address of the establishment, the classification of the permit, the date of issuance and the date of expiration.

(b) *Term.* All permits issued under this division shall be issued for a term of one year. It shall be renewed upon completion of all procedures required for original issuance, subject to all provisions relating to such original issuance and upon payment of a ~~three-hundred-dollar~~ permit renewal fee in the amount established by resolution.

(c) *Reports and records.* Each permittee shall keep such records and make such reports as may be required by the department and the departments so as to implement this division and to carry out its purpose. Whenever the information required by or provided on the application under section 22-90(b) has changed, the permittee shall promptly report in writing to the department the changed information.

(d) *Consent.* By holding a permit under this division, the permittee shall be deemed to have consented to the provisions of this division and to the exercise by the departments of the city their responsibilities under this division.

(Code 1983, § 11.5-24; Ord. No. J-420, § 1, 4-20-1998)

**Sec. 22-94. Fees regulatory.**

The annual permit fees collected under this division are declared to be regulatory fees which are collected for the purpose of examination and inspection of sexually oriented businesses under this division and the administration thereof. These fees are in addition to and not in lieu of the ~~occupational permit~~ business taxes which may be imposed by other ordinances.

(Code 1983, § 11.5-25; Ord. No. J-420, § 1, 4-20-1998)

**Sec. 22-95. Transfer of permits.**

(a) *Requirements.* An adult entertainment permit is not transferrable to another person or entity by surrendering possession, control or operation of the permitted establishment. An adult entertainment permit may be transferred to another person or entity only upon satisfaction of the following requirements:

(1) A transferred permit is applied for to the department by filing an application setting forth the information called for under section 22-90, the application is processed and investigated pursuant to section 22-91 and the application has been reviewed by the departments specified by section 22-92; and

(2) Satisfactory proof is provided that control of the establishment has been or will be transferred through a bona fide sale, lease, rental or other transaction; and

(3) A transfer fee of ten percent of the annual permit fee is paid.

(b) *Effect of suspension or revocation procedures.* No permit may be transferred pursuant to subsection (a) of this section when the department has notified the permittee of pending suspension or revocation proceedings against the permit.

(c) *No transfer to different location.* The permittee shall not transfer such permit to another location.

(d) *Attempted improper transfer void.* Any attempt to transfer of a permit either directly or indirectly in

PROOFS

violation of this section is hereby declared void.

(Code 1983, § 11.5-26; Ord. No. J-420, § 1, 4-20-1998)

**Sec. 22-96. Suspension and revocation of permits.**

(a) *Suspension for illegal transfer.* In the event the department learns or finds upon sufficient cause that a permittee engaged in a permit transfer contrary to section 22-95, the department shall forthwith notify the permittee of the pending suspension of the permit. If the suspension becomes effective, the suspension shall remain in effect until documents which satisfy the requirements of section 22-95 are filed with the department and a transferred permit has been issued.

(b) *Suspension for violation of building, fire, health or zoning provision, code, ordinance or regulation.* In the event a permittee is found, pursuant to section 22-60, to be in violation of a building, fire, health or zoning provision, code, ordinance or regulation, whether federal, state or local, including section 22-149, and such permittee fails to cure the violation within such time as might be specified by the special magistrate or court, the department shall promptly notify the permittee that the permit is suspended, such suspension to remain in effect until the department determines that the violation has been corrected.

(c) *Suspension for illegal conduct at establishment.*

(1) *Two convictions.* In the event two or more violations of specified criminal acts occur at an adult entertainment establishment within a two-year period, and convictions result from at least two of the violations, the department shall, upon receiving evidence of the two convictions, notify the permittee of an immediate suspension of the permit for a period of 30 days.

(2) *Additional conviction following suspension.* In the event one additional violation of any specified criminal act occurs at the same establishment within a period of two years from the date of the last violation from which the conviction resulted for which the permit was suspended for 30 days under subsection (c)(1) of this section, but not including any time during which the permit was suspended for 30 days, and a conviction results from the violation, the department shall, upon receiving evidence of the additional conviction after previous suspension, notify the permittee of immediate suspension of the permit for a period of 90 days.

(d) *Revocation for repeat convictions following two suspensions.* In the event one or more additional violations of any specified criminal act occurs at an adult entertainment establishment which has had a permit suspended for a period of 90 days pursuant to subsection (c)(2) of this section and the violation occurs within a period of two years from the date of the last violation from which the conviction resulted for which the permit was suspended for 90 days, but not including any time during which the permit was suspended for 90 days, the department shall, upon receiving evidence of a conviction for the subsequent violation after two suspensions, forthwith notify the permittee of the immediate revocation of the permit.

(e) *Revocation for false information.* In the event the department receives evidence that a permit was granted, renewed or transferred based upon false information, misrepresentation of fact or mistake of fact, the department shall forthwith notify the permittee of the pending revocation of the permit.

(f) *Transfer or renewal.* The transfer or renewal of a permit pursuant to this division shall not defeat a suspension or revocation of a permit or related proceedings.

(Code 1983, § 11.5-~~29~~28; Ord. No. J-420, § 1, 4-20-1998; Ord. No. 17-017, § 11, 6-5-2017)

**Sec. 22-97. Suspension and revocation proceedings.**

(a) *Challenge to suspension or revocation.* If the department notifies a permittee in writing of the suspension or revocation of a permit, then in such event the suspension or revocation shall become final and effective 20 days after mailing to the permittee's record address, or 15 days after actual delivery of the notice to the permittee, unless prior to the expiration of such period the permittee files with the department a written response stating the reasons why the suspension or revocation is alleged to be an error or inappropriate and files a written notice of intent to challenge the suspension or revocation with request for a hearing.

(b) *Hearing on suspension or revocation.* When a permittee files a written response and notice of intent to challenge a suspension or revocation, then a public hearing to determine if the suspension or revocation will become

PROOFS

effective and final shall be held before the special magistrate in accordance with section 1-74. The permittee shall be given reasonable notice of such hearing and appeal may be made from the special magistrate's decision~~, in accordance with section 1-74~~.

(c) *Effective date of suspension or revocation.* The suspension or revocation of a permit shall take effect:

(1) After the period has elapsed which was available to file a notice of challenge with the department, in the event such notice was not filed; or

(2) The day following entry of a written order by the special magistrate denying the challenge but such suspension or revocation shall be abated during any appeal from the special magistrate's decision.

(d) *Effect of final revocation.* If a permit is revoked, the permittee of the adult entertainment establishment shall not be allowed to obtain another adult entertainment permit for a period of one year, and no adult entertainment permit shall be issued to any other person for the location upon which the adult entertainment establishment was situated.

DIVISION 3. ZONING AND DISTANCE RESTRICTIONS

**Sec. 22-123. Permitted locations.**

(a) *Zoning.* Notwithstanding any other provision of chapter 125, business establishments subject to this chapter may not be permitted in any area of the city except that such establishments are permitted as a semi-restricted use in the General Commercial Zone (C-3) as provided by sections 125-187 and 125-200.

(b) *Distance minimums.* In addition to the foregoing, an adult establishment shall not be permitted to open, operate or be enlarged so as to come within the following distances:

(1) 1,000 feet of a preexisting adult entertainment establishment;

(2) 1,000 feet of a preexisting commercial establishment that in any manner sells or dispenses alcoholic beverages for on-premises consumption;

(3) 1,000 feet of a preexisting religious institution;

(4) 1,000 feet of a preexisting educational institution;

(5) 500 feet of an area zoned within the city for residential use;

(6) 500 feet of an area designated as residential on the future land use map of the city's comprehensive plan;

(7) 500 feet of the property line of a preexisting residence; or

(8) 1,000 feet of a preexisting park.

(c) *Supplemental alcoholic beverage regulations.* The zoning and distance requirements of this section are independent, of, and do not supersede, the distance requirements for alcoholic beverage establishments as are provided by chapter 4.

It is the intent of this article that where such autos, junk or scrap are presently so located, the owner or operator of the junkyard must conform to the provisions of this subsection.~~

~~*Screening of premises; erection, maintenance.* The area occupied by the junkyard shall be entirely surrounded by a substantial, continuous masonry fence or wall eight (8) feet in height, or by vegetative screening. The fence shall meet the requirements of subsection 16-69(d), and the procedure there outlined for approval of the plans for such fence shall be followed. It is the intent of this article that the time period allowed for the erection of the fence is reasonable and that the requirement of such fence is necessary to accomplish the purpose of this article.~~

~~(Code 1960, § 13A-3; Code 1983, § 16-67)~~

**~~Sec. 16-68. Junkyards operated as nonconforming use.~~**

~~Within five years from May 4, 1964, junkyards, as defined in this article, which are now being operated as a nonconforming use in any district, shall cease operations.~~

~~(Code 1960, § 13A-4; Code 1983, § 16-68)~~

**Sec. 22-327. Requirements.**

(a) *General.* Junkyards established after May 4, 1964, shall meet the provisions of this section and all other applicable provisions of this Code and the Charter.

(b) *Area.* The minimum area of land to be so used shall not be less than 40,000 square feet and the maximum area shall not exceed 200,000 square feet.

(c) *Setback lines.* No automobile or vehicle not in running order or any other junk or scrap of whatsoever character shall at any time be located for storage, dismantling or any other purpose within 75 feet of any boundary of any residential district, within 50 feet of the front street line, within 30 feet of any side street line nor within 30 feet of any other property line of the lot or parcel of land to be so used.

(d) *Screening of premises; erection, maintenance.*

(1) The area to be occupied by the junkyard shall be entirely surrounded by a substantial, continuous masonry fence or wall eight feet in height, or by vegetative screening. Such fence or wall shall be of similar composition, construction and color throughout, and shall be constructed without openings, except for one entrance and one exit, such entrance and exit to be equipped with unpierced gates. Such gates shall be closed and securely locked at all times, except during business hours. Plans for such fence or wall shall be submitted to the city planning board, which shall determine whether or not the proposed fence will meet the requirements of this article. No building permit shall be issued for the construction of such fence or wall until the approval of the planning board has been secured. Such fence shall be maintained in good order and shall not be allowed to deteriorate.

(2) If vegetative screening is to be substituted for such fence or wall, plans for such screening shall be submitted to the planning board. Such vegetative screening shall consist of a greenbelt strip not less than 20 feet wide where it adjoins another lot line, nor less than ten feet wide where it adjoins a street line. The greenbelt shall be composed of at least one row of deciduous or evergreen trees and one or two rows of shrubs. The planning board shall approve or disapprove such request for vegetative screening. The vegetative screening shall be cared for and maintained in a husbandman-like manner by the operator of the junkyard.

(Code 1983, § 9-257; Ord. No. 16-021, § 2, 10-17-2016)

**Sec. 22-468. Review of application.**

(a) *Review of Class A certificates of transportation.*

(1) Upon the filing of any application for a Class A certificate of transportation, the city clerk, or his designee, shall review the application for completeness. The city clerk may require additional information as may be necessary to adequately review an application for a Class A certificate of transportation.

(2) The city clerk or shall determine whether the submitted application is complete within ten working days of the date the application is filed with the director. Upon a showing of good cause, the city clerk may extend this review period one time for ten additional working days. If the city clerk does not certify the application as complete, return the application as incomplete, or notify the applicant that the review period is being extended for an additional ten-day period, the application for Class A certificate of transportation shall automatically be granted provisional status, subject to the provisions of subsection (a)(4) of this section.

(3) If the city clerk determines the application for Class A certificate of transportation to be incomplete and/or inconsistent with the standards of review set forth in section 22-469, the city clerk shall return the application to the applicant, noting the items which are not complete or have been determined to be inconsistent with the standards of review. The applicant will then have 60 days from the date of transmittal to submit a revised/corrected application for certificate of transportation. Any application that has been returned for correction and is not resubmitted to the city clerk within the described 60-day period shall be considered withdrawn and all filing fees forfeited.

(4) Once the city clerk determines an application for a certificate of transportation to be complete, the city clerk shall, based upon the standards of review set out in section 22-469, approve, approve with conditions, or deny the application.

(5) The city clerk shall issue a Class A certificate of transportation if the city clerk determines that the application complies with the requirements of this division and that the issuance of a certificate is consistent with the requirements of this division.

(b) *Review of Class B certificates of transportation.*

(1) Upon the filing of any application for a Class B certificate of transportation, the city clerk, or his designee, shall review the application for completeness. The city clerk may require additional information as may be necessary to adequately review the application for a Class B certificate of transportation. Such review shall be a part of the record from which the city clerk makes his decision.

(2) The city clerk shall determine whether the submitted application is complete within ten working days of the date the application is filed. Upon a showing of good cause, the city clerk may extend this review period one time for ten additional working days. Good cause may include, but is not limited to, failure to receive the applicant's required driving record from the state department of highway safety and motor vehicles. If the city clerk does not certify the application as complete, deny the application, return the application as incomplete, or notify the applicant that the review period is being extended for an additional ten-day period, the application for Class B certificate of transportation shall automatically be granted provisional status.

PROOFS

(3) If the city clerk determines the application for Class B certificate of transportation to be incomplete, the city clerk shall return the application to the applicant, noting the items which are not complete. The applicant will then have 60 days from the date of transmittal to submit a revised/corrected application for a certificate of transportation. Any application that has been returned for correction and is not resubmitted to the community development director within the described 60-day period shall be considered withdrawn and all filing fees forfeited.

(4) Once the application is complete, the city clerk shall approve, approve with conditions, or deny the application based on the standards of review set forth in section 22-469.

(5) If the city clerk approves the application, the clerk shall issue a Class B certificate of transportation. One of the photographs submitted with the application shall be affixed to the certificate. The certificate shall be prominently displayed in the motor carrier vehicle during all times of operation by the applicant.

(6) Except as provided for under section 22-475, any applicant for a Class B certificate of transportation who has his application denied is prohibited from applying for any further certificates of transportation until such time as all requirements are met by the applicant.

(Code 1983, § 9-259; Ord. No. 16-021, § 2, 10-17-2016)

**Sec. 22-469. Standards of review.**

The following standards of review shall apply to both Class A and Class B certificates of transportation application:

(1) Any permit holder or applicant for a certificate shall meet all of the following requirements:

a. Be at least 18 years of age on the date of application.

b. Hold a valid state driver license of the appropriate classification for the vehicle driven.

c. Have no conviction ~~or plea of nolo contendere~~ within the preceding five years ~~to any~~ of the following:

1. Any crime involving the sale or possession of controlled substances as defined in F.S. § 893.02.

2. Any crime defined by F.S. ch. 796, related to prostitution.

3. Any offense relating to driving under the influence of controlled substances or alcohol as set forth in F.S. § 316.193.

d. Have no conviction, or plea of guilty or ~~nolo contendere, to~~ any criminal offense or felony involving the use of deadly weapons unless the civil rights of the applicant or certificate holder have been restored.

e. Have no revocation or suspension within the preceding three years of a state driver, chauffeur or commercial driver license.

f. Have no more than two traffic infractions resulting in accidents in the preceding three years.

g. Have no more than four convictions of moving traffic violations in the preceding eight years.

h. Meet the insurance requirements set forth in section 22-470, if required.

(2) Failure to comply with the provisions of this section shall result in denial of a certificate, revocation or suspension of a certificate, a denial of a renewal of a certificate, or other such remedies available to the city.

(Code 1983, § 9-260; Ord. No. 16-021, § 2, 10-17-2016)

**Sec. 22-470. Certificate—Insurance requirement.**

(a) All applicants for Class A and Class B certificates of transportation are required to maintain insurance coverage. A Class B chauffeur in the employ of an individual, partnership, association or corporation who is covered under the insurance policies of the individual, partnership, association or corporation shall not be required to comply

PROOFS

with the provisions of this section, so long as the individual, partnership, association or corporation employing him meets the requirements of this section and the individual, partnership, association or corporation employing him has a valid Class A certificate of transportation issued in accordance with the provisions of this division.

(b) Before any certificates are issued to conduct operations, the motor carrier shall file evidence of insurance with the city clerk providing for public liability and property damage coverage on each motor vehicle to be operated in the following amounts:

(1) *Taxicab.* Not less than $25,000.00 per person and $50,000.00 per incident as to public liability, and property damage coverage in an amount not less than $25,000.00.

(2) *Limousine.* Not less than $50,000.00 per person and $100,000.00 per incident as to public liability, and property damage coverage in an amount not less than $50,000.00.

(3) *Van.* Not less than $100,000.00 per person and $300,000.00 per incident as to public liability, and property damage coverage in an amount not less than $100,000.00.

(c) Evidence of insurance shall be executed and filed with the city clerk by the insurance carrier in a form acceptable to the city clerk. The insurance carrier or company shall qualify as an insurance company authorized to transact business in the state. At a minimum, the evidence of insurance shall show:

(1) The type and amount of coverage;

(2) The effective date of the coverage; and

(3) The effective radius of the coverage.

(d) The insurance coverage required hereunder shall be effective throughout the area served by the applicant. No certificate shall be issued prior to the effective date of the coverage. Such insurance shall be kept in full force and effect by the certificate holder at all times. Failure to have same in full force and effect shall immediately and automatically suspend all certificates issued hereunder, until evidence of compliance with this section has been filed in the proper form and amounts as herein provided. Such insurance shall provide that the certificate holder's insurance coverage may neither expire nor be canceled prior to 30 days after the city receives written notice of the expiration or cancellation from the insurance carrier.

(e) A motor carrier may qualify for a portion of the required insurance under this section in an amount not to exceed $50,000.00 by obtaining a certificate of self-insurance from the state department of highway safety and motor vehicles, pursuant to F.S. ch. 324. Copies of the self-insurance certificate and all reports required by the state department of highway safety and motor vehicles shall be delivered by the motor carrier to the board.

(Code 1983, § 9-261; Ord. No. 16-021 , § 2, 10-17-2016)

**Sec. 22-471. Certificate—Revocation.**

(a) The city clerk shall revoke any certificate issued under this article for failure of the certificate holder to meet any requirement of this division or any rule or regulation adopted by the city or the state. Notice of the city clerk's intent to revoke a certificate for failure to meet any of the requirements of this division shall be sent to the certificate holder by certified mail. If evidence of corrective measures is not presented to the city clerk within 21 days of the date the notice is sent, the certificate shall be deemed revoked. If evidence of corrective measures is presented timely, the city clerk shall determine whether that evidence is credible and whether it indicates full compliance with all governing requirements. Failure to present credible evidence of full compliance with all governing requirements shall be grounds for revoking the certificate.

(b) Any certificate revoked pursuant to this section may only be reinstated through the filing of a new application for a certificate of transportation or through appeal as set forth in section 22-475.

(Code 1983, § 9-262; Ord. No. 16-021, § 2, 10-17-2016)

**Sec. 22-472. Renewal of certificate; evidence of continuing compliance.**

(a) Renewal of a Class A certificate of transportation. After September 1 of each year, but before October 1 of each year, every holder of a Class A certificate of transportation issued pursuant to this division shall submit the following for renewal of the certificates and as evidence of continuing compliance with the provisions of this

PROOFS

division:

(1) Evidence of insurance in the amount and coverage required by section 22-470.

(2) A list of all chauffeurs employed by the holder of the certificate after the date of issuance of the current certificate and employed on the date of application for renewal of the certificate.

(3) A renewal fee in the amount prescribed by resolution of the city commission.

(b) Renewal of a Class B certificate of transportation. After September 1 of each year, but before October 1 of each year, every holder of a Class B certificate issued pursuant to this division shall submit the following for renewal of certificates and as evidence of continuing compliance with the provisions of this division:

(1) Evidence of insurance in the amount and coverage required by section 22-470, if required.

(2) A renewal fee in the amount prescribed by resolution of the city commission.

(c) The certificate shall be renewed only if a certificate holder demonstrates continuing compliance with the provisions of this division. Otherwise, the certificate shall be subject to revocation as set forth in section 22-471.

(Code 1983, § 9-263; Ord. No. 16-021, § 2, 10-17-2016)

**Sec. 22-473. Authority of city commission to promulgate rules and regulations.**

The city commission is hereby authorized to establish, by resolution, such rules and regulations concerning the operation and maintenance of any taxicab or limousine service permitted pursuant to this division as they may deem necessary to protect the public health and safety of the citizens of the city. Any failure by a certificate holder to meet and comply with such rules and regulations shall be grounds for permit revocation as provided in section 22-471.

(Code 1983, § 9-264; Ord. No. 16-021, § 2, 10-17-2016)

**Sec. 22-474. Transfers; assignability.**

(a) No certificate of transportation issued pursuant to this division may be transferred or assigned without the prior written approval of the city clerk.

(b) The city clerk shall not approve any transfer or assignment of any certificate unless the proposed transferee or assignee submits a new application for the appropriate certificate of transportation which demonstrates complete compliance with all provisions of this division.

(Code 1983, § 9-265; Ord. No. 16-021, § 2, 10-17-2016)

**Sec. 22-475. Appeals.**

(a) An applicant or certificate holder may appeal any decision made by the city clerk to the city commission by filing a petition of appeal with the city manager within 30 calendar days of the date of rendition of the decision. The board shall review the petition at a public meeting within 30 calendar days from the date of filing of the appeal. The petitioner shall be provided with notice of the time, date and place of the public meeting by certified mail, return receipt requested, and invited to attend. Testimony at the public meeting shall be limited to ten minutes per side, unless an extension of time is granted by the commission. The commission's decision shall be final for the purpose of administrative appeals. The commission's review of the petition shall be limited to the record and facts which were available to the city clerk at the time of rendition of the decision appealed. The commission shall revoke the decision of the city clerk if there is competent substantial evidence in the record that the decision fails to comply with this division.

(b) Any person desiring to appeal a decision of the commission under this section may apply for judicial relief by writ of certiorari to the circuit court in the nineteenth judicial circuit in and for the city within 30 days after rendition of the decision by the commission. Review shall be governed by the Florida Rules of Appellate Procedure.

(6) Any building or structure, or part thereof, which is in a dilapidated, unsanitary or unsafe condition, or which constitutes a fire hazard;

(7) Any building, structure, lot, place or location where any activity in violation of law is conducted, performed maintained or allowed;

(8) Stagnant or insufficiently treated water, in a pool, pond or container of any kind, including water in which algae is allowed to grow or in which mosquitos or other insects are able to breed;

(9) Animal excrement;

(10) Non-operative or unlicensed motor vehicles, located and specifically restricted as follows:

PROOFS

a. All non-operative or unlicensed vehicles wholly or partially within any public right-of-way or on any public property are hereby prohibited, unless specifically authorized by subsection (10)b of this definition;

b. On property for which a current and valid business tax receipt has been issued for any automobile, truck, or motor vehicle business, all non-operative or unregistered vehicles shall be kept, stored, or maintained at least 15 feet from the paved edge of the nearest roadway, at all times;

c. On property having a land use and zoning designation for commercial use, and having a current and valid business tax receipt for a commercial business, all unlicensed vehicles shall be kept, stored or maintained at least 15 feet from the paved edge of the nearest roadway at all times, and no unlicensed vehicle shall be allowed to remain on any property for a period in excess of 30 days in any 90-day period, unless such vehicle is kept, stored or maintained with a fully enclosed building or legally permitted fenced storage area. Any vehicle found on the same property, outside of an enclosed building or fenced storage area, during two separate inspections by the city more than 30 but less than 90 days apart, shall be presumed to have remained on the subject property outside of an enclosed building or fenced storage area for in excess of 30 days in any 90-day period, irrespective of whether said vehicle had been removed during said period;

d. On properties within the city not described by the immediately foregoing subsections, all non-operative or unlicensed vehicles shall be kept, stored or maintained within a fully enclosed building at all times.

(11) Furniture kept or stored outdoors where such furniture is of the kind and sort normally and customarily kept inside such as, for example, upholstered sofas, and where such furniture is not in actual use.

(12) Any operable appliance kept or maintained outside in the open air and not under roof such as a garage or carport.

(13) Graffiti, which includes, but is not limited to, any unauthorized inscription, word, figure, painting or other defacement that is written, etched, sprayed, drawn, painted, or engraved on or otherwise affixed to any surface of any public or private property by any graffiti implement, including, but not limited to, aerosol paint container, marker, gum label, paint stick or graffiti stick, etching equipment, brush or any other device capable of scarring or leaving a visible mark on any natural or manmade surface.

**Sec. 24-22. Procedure for removal of nuisance.**

Any nuisance in violation of this article may be abated or removed according to the procedures set forth herein, at the discretion of the department, in place of the procedures otherwise provided by chapter 1, article II, division 2:

(1) *Notice.*

a. Upon determination by the department that a nuisance exists in violation of this article, the department shall notify in writing the record owner of the property upon which the nuisance is located, and shall demand that such owner cause the condition to be remedied. Notice shall be given

PROOFS

by registered or certified mail, addressed to the owner of the property described as such owner's name and address is shown upon the record of the county tax assessor's office, and the notice shall be deemed complete and sufficient when so addressed and deposited in the United States mail with proper postage prepaid. In addition, written notice shall be posted in a location on the property where, in the judgment of the department, such sign will be conspicuously visible to passersby. The notice shall be in substantially the following form:

Notice to the owner and all persons interested in the described nuisance. This nuisance, to wit: (setting forth brief description) is unlawfully upon the following property: (setting forth brief location). The owner or other effected individual must either remove or abate the nuisance within ten days or request a hearing pursuant to section 1-74 of the city Code of Ordinances. Failure to either remove the nuisance or to request a hearing will be deemed a waiver of the right to a hearing and the city will then cause an immediate removal or abatement of the nuisance and if removed, will dispose of it in the manner provided for by law. The owner or effected individual will be liable for the costs of removal, abatement, storage, disposition and publication of notice. Such costs will be imposed as a lien on the property if not otherwise paid within 30 days after receipt of the billing. Dated this: (setting forth the date of posting of notice), signed: (setting forth name, title, address, and telephone number of code enforcement official.

b. Such notice shall be not less than eight inches by ten inches and shall be sufficiently weatherproof to withstand normal exposure to the elements. If the nuisance is a motor vehicle, the department shall contact the department of highway safety and motor vehicles, if sufficient information on the vehicle is available so as to permit its identification, in order to determine the name and address of the current owner and any person who has filed a lien on the vehicle as provided in F.S. § 319.27(2) or (3). On receipt of this information, the official shall mail a copy of the notice, both by regular mail and certified mail, return receipt requested, to the owner and to the lien holder, if any, and if different from the owner of the property on which the vehicle was located. If, at the end of ten days after mailing and posting of notice, the nuisance has not been abated or removed from the property, the city itself may abate or remove the nuisance. Unless within such period of time there is filed with the city a request for hearing pursuant to chapter 1, article II, division 2. Officials and employees of the city shall be immune from civil or criminal prosecution for reasonably good faith trespass upon real property in the discharge of duties imposed by this article and for any further liability incident to abatement or removal and disposition of the nuisance. The owner of the property upon which nuisance is located, and, if different, the person responsible for storing, maintaining or displaying such nuisance, shall be liable for all expenses incurred by the city for abatement or removal and disposition of the nuisance and for the costs of publishing notices required by the article.

(2) *Right to hearing.* If the person charged with a violation of this article makes written request for a hearing within the time provided by this section, such hearing will then be conducted all within the manner specified by chapter 1, article II, division 2. Failure to timely request such hearing will be deemed a waiver of the right to a hearing and acknowledgment of the violation as charged, whereupon the department may cause the nuisance to be abated or removed and disposed of as appropriate, as provided by sections 24-23 and 24-24, whether through destruction or sale, with any retained salvage value to be applied against the cost of removal and disposition, unless the cost is paid by the owner or other individual, in which case the salvage value will be remitted to the owner. Any expense borne by the city not voluntarily reimbursed by the owner may be recovered against the owner in the manner provided for by law.

(Code 1983, § 16-49; Ord. No. J-517, § 1, 8-2-1999; Ord. No. J-534, § 1, 12-6-1999)

**Sec. 24-23. Notification of owner and other interested parties following removal by city.**

(a) *Notice.*

(1) Upon taking possession of the nuisance, if an object or thing, the department of code enforcement shall furnish notice in accordance with this section by regular mail to the owner of the property upon which

PROOFS

such nuisance was located and to the owner of the object or thing, if known to be different, at the last known address, on or after ten days of the date when possession of the object or thing was taken. If the nuisance is a motor vehicle, notification of possession or removal shall also be provided to any lien holders. Such notice shall provide the following information:

a. The name and address of the property owner, lien holder, if any, and owner of the object or thing, if known to be different from the owner of the property;

b. A description of the object or thing, and, if a motor vehicle, or vehicle, its year, make, model, serial number, registration number and title registration number, to the extent known;

c. The date such nuisance was removed;

d. The location from which the nuisance was removed;

e. The location where any such object or thing is being stored.

(2) The notice shall also advise the person or persons to whom it is addressed that the object or thing may be reclaimed upon payment to the city of all charges incurred by the city in its removal and storage, including the costs of notification required by this article, except that if such reclamation is not made within 30 days after date of the notice the right to reclaim the object or thing, as well as all right, title and interest of any lien holder, if a motor vehicle or vessel, shall be deemed to be waived and such person shall be deemed to have consented to its disposition or possession by the city.

(b) *Notice by publication.* If the object or thing constituting nuisance is a motor vehicle or vessel and there is inability to identify the current owner, it shall be sufficient notice under this section to publish the notice described above once in a newspaper of general circulation in the city. Such notice by publication may include multiple listings of objects and things.

(c) *Documentation filed with the state.* If the nuisance is a motor vehicle, a copy of any notice required in this section, as well as a copy of any certificate of sale issued hereunder by the city, shall be forwarded to the state division of motor vehicles.

(Code 1983, § 16-50; Ord. No. J-517, § 1, 8-2-1999)

**Sec. 24-24. Removal and disposition of motor vehicles.**

In the event a motor vehicle is declared by the department to be a nuisance in violation of this article, upon notice as provided by section 24-22, and upon an interested party's failure to timely request a hearing before the special magistrate then, in such event, the department may elect, in lieu of exercising procedures specified in section 16-50, to notify the police department. The police department shall then assign a tow truck operator to remove the vehicle all within the manner provided for by chapter 34, article IV, the provisions of which are incorporated within, and adopted for this article.

(Code 1983, § 16-51; Ord. No. J-517, § 1, 8-2-1999; Ord. No. J-534, § 3, 12-6-1999; Ord. No. 17-017, § 12, 6-5-2017)

**Sec. 24-25. Alternative remedies.**

As an alternative to the procedures set forth in this article to the extent such procedures involve abandoned vehicles on public property, F.S. § 705.103 et seq. is hereby incorporated by reference in this article as if fully set forth herein. If the department, in such department's discretion, shall pursue a remedy pursuant to the aforesaid section, the department shall comply completely and fully with its provisions.

(Code 1983, § 16-52; Ord. No. J-517, § 1, 8-2-1999)

**Sec. 24-26. Discarding of object or thing as nuisance.**

It shall be unlawful for any person to discard or abandon any object or thing defined in this article as a nuisance upon a lot or premises not owned or occupied by such person without the consent of the owner thereof or the person occupying the same.

(Code 1983, § 16-53; Ord. No. J-517, § 1, 8-2-1999)

PROOFS

**Sec. 24-27. Penalties.**

Any person who has violated or who has been cited for violation of any of the provisions of this article shall be subject, in addition to the provisions of this article, to all provisions regarding enforcement of ordinances contained in this Code, including, but not limited to, reference of the violator to the special magistrate.

(Code 1983, § 16-54; Ord. No. J-517, § 1, 8-2-1999; Ord. No. 17-017 , § 12, 6-5-2017)

**Sec. 24-28. Enforcement of lien.**

(a) If, following initial notification of violation, no hearing has been timely requested and the nuisance has not been remedied, or a hearing was held and concluded adversely to the property owner, the department may cause the nuisance to be abated as described in this article, at the expense of the property owner.

(b) After abatement of the nuisance, the department shall certify to the ~~director of finance~~ finance director the expense incurred in abating the nuisance and shall include copies of all notices above described and a copy of any order entered by the special magistrate, whereupon such expense shall become payable within 30 days, after which a ~~special assessment~~ lien and charge will be made upon the property, which shall be payable with interest at the rate of six percent per annum from the date of such certification until paid. There shall be included in such assessment an additional charge ~~amounting of one hundred dollars ($100.00)~~ in the amount established by resolution for administrative costs incurred by the city.

(c) Such lien shall be enforceable in the same manner as a tax lien in favor of the city, and shall constitute a first priority assessment lien against the effected property, superior to all liens except any lien for taxes. Said lien may be foreclosed as provided by law. Upon payment of such lien, the clerk of the circuit court shall, by appropriate means, evidence the satisfaction and cancellation of such lien upon the record thereof and notify the tax collector of such satisfaction. Notice of the aforesaid lien may be filed in the office of the clerk of the circuit court and recorded upon the other public records of the city.

(d) The ~~director of~~ finance director shall keep complete records relating to the amount payable for liens above-described and the amounts of such liens shall be included in tax statements for ad valorem taxes thereafter submitted to the owners of lands subject to such liens.

(Code 1983, § 16-55; Ord. No. J-517, § 1, 8-2-1999; Ord. No. 17-017, § 12, 6-5-2017)

(Code 1983, § 2-301; Ord. No. I-295, § 1, 9-20-1988)

**Sec. 24-61. Nuisance abatement board.**

There is hereby created and established a nuisance abatement board.~~, which shall be designated as the city commission, to hear evidence relating to the existence of drug-related public nuisances on premises located in the city. Said board shall consist of all members of the city commission.~~ The special magistrate shall serve as the nuisance abatement board under F.S. § 893.138.

(Code 1983, § 2-302; Ord. No. I-295, § 2, 9-20-1988)

**Sec. 24-62. Complaint; request for prosecution; hearing; notice.**

Any employee, officer or resident of the county or of the city may file a complaint and request for prosecution with the ~~city commission~~ special magistrate regarding the existence on premises located in the city of a public nuisance, as defined in this article, after first giving not less than three days written notice of said complaint to the owner of the place or premises complained of at his last-known address. After such complaint and request for prosecution has been received, the ~~city commission~~ special magistrate, based on a reasonable belief that a public nuisance exists on the premises complained of, shall schedule a hearing. Written notice of said hearing shall be sent by certified mail or hand delivered to the owner and operator of the premises complained of at their last-known address at least 14 days prior to the scheduled hearing. If an attempt to reach the owner and operator by hand delivery or certified mail is unsuccessful, notice of the hearing may be by publication as provided in F.S. ch. 49. The notice of hearing shall include:

(1) A statement of the time, place and nature of the hearing;

(2) A statement of the legal authority and jurisdiction under which the hearing is to be held;

(3) A reference to the particular sections of the statutes or ordinances involved; and

(4) A short and plain statement summarizing the incidents complained of.

(Code 1983, § 2-303; Ord. No. I-295, § 3, 9-20-1988)

**Sec. 24-63. Rules governing hearings; orders; retention of jurisdiction; permanent injunctions.**

(a) The ~~city commission~~ special magistrate shall adopt rules for the conduct of its hearing. Minutes shall be kept of all hearings, and all hearings shall be open to the public. The city attorney shall present all cases. All parties shall have an opportunity to present evidence and argument on all issues involved, to conduct cross examination

PROOFS

and submit rebuttal evidence, and to be represented by counsel. When appropriate, the general public may be given an opportunity to present oral or written communications. If the ~~city commission~~ special magistrate proposed to consider such material, then all parties shall be given an opportunity to cross examine or challenge or rebut it. The ~~city commission~~ special magistrate may consider any evidence, including evidence of the general reputation of the place or premises. All testimony shall be under oath and shall be recorded. Formal rules of evidence shall not apply but fundamental due process shall be observed and shall govern the proceedings. Orders of the ~~city commission~~ special magistrate shall be based on competent and substantial evidence. After considering all evidence, the ~~city commission~~ special magistrate may declare the place or premises to be a public nuisance, as defined in this article, and may enter an order immediately prohibiting:

(1) The maintaining of the nuisance;

(2) The operating or maintaining of the place or premises; or

(3) The conduct, operation or maintenance of any business or activity on the premises which is conducive to such nuisance.

(b) ~~All orders of the city commission shall be by motion approved by a majority of those members present and voting, except that at least three members of the city commission must vote in order for the action to be official.~~ An order entered under this section shall expire after one year or at such earlier time as stated in the order. The ~~city commission~~ special magistrate may retain jurisdiction to modify its orders prior to the expiration of said orders. The city ~~commission~~ may bring a complaint under F.S. § 60.05 seeking a permanent injunction against any public nuisance.

(Code 1983, § 2-304; Ord. No. I-295, § 4, 9-20-1988)

**Sec. 24-64. Appeals.**

Any aggrieved party may appeal a final order of the ~~city commission~~ special magistrate to the circuit court of the county. Such an appeal shall not be a hearing de novo, but shall be limited to appellate review of the record created before the ~~city commission~~ special magistrate. An appeal shall be filed within 30 days of the date of the written order appealed from.

(Code 1983, § 2-305; Ord. No. I-295, § 5, 9-20-1988)

**Sec. 24-65. Remedies.**

(a) When any nuisance as defined in F.S. § 823.05 exists, the city attorney or any citizen of the county or city may sue in the name of the state on his relation to enjoin the nuisance, the person or persons maintaining it, and the owner or agent of the building or ground on which the nuisance exists.

(b) This article does not restrict the right of any person to proceed under F.S. § 60.05 or similar law against any public nuisance.

(Code 1983, § 2-306; Ord. No. I-295, §§ 6, 7, 9-20-1988)

## ~~ARTICLE IV. LOT CLEANING~~

**~~Sec. 24-89. Generally.~~**

~~The city commission may require property owners or persons having charge of or control over property to clear and clean and remove the same of weeds, undergrowth, rubbish, debris, brush, trees and unsightly and unsanitary matters and conditions, including discarded or old metals or similar products or materials, auto parts or motor vehicle frames, and to fill lots and any and all unsanitary excavations and depressions thereon and to maintain any casuarina tree (Australian pine) now in existence at a height not exceeding 30 feet. When the commission shall determine that any property situated within the city shall be so cleaned or maintained in the manner aforesaid, it shall so declare by resolution giving a description of the property to be improved and fixing a date in the resolution not less than 20 days from the passage thereof, and if the owner or person interested in such property, including lessees, do not comply with any such requirements within the time limited and fixed by the resolution, the city commission shall make or cause said work to be done and make the cost thereof, including advertising and all other~~

PROOFS

~~administration costs, a charge and lien against such property of and to the same extent and character as any lien now granted or which may hereafter be granted to the city by law for special assessments for the cost of local improvements, which charge and lien shall be superior in rank and dignity to all other liens, encumbrances, titles and claims, to or against the real property involved whether or not recorded prior to said lien. Said liens shall be forthwith due and payable, with the same penalties, including all costs of collection and a reasonable attorney fee for representation of the city therein being assessed in favor of the city, through the appellate level, and the same rights of collection and sale to forfeiture as may be provided by law for assessments or local improvements. When used herein, the term "trees" means and has reference to dead or unsightly trees or those that block, hinder or impair the view at street intersections or those which are noxious, constitute a hazard or nuisance or constitute a menace to health and safety.~~

~~(1957 Charter § 14(17))~~

**Secs. 24-90--24-106. Reserved.**

## ARTICLE V. BUILDINGS AND STRUCTURES

**Sec. 24-107. Generally.**

(a) The city commission shall have power to provide by resolution for the removal and/or abatement of any building or structure that constitutes a menace to business, health, or safety, or any building or structure that constitutes a fire hazard or which is unsightly or does not conform in architecture to adjacent or surrounding buildings which are hereby designated and declared to be a nuisance; that the city commission shall have the power to designate other things that may constitute a nuisance. When any such building or structure shall have been declared a nuisance by resolution of the city commission and its removal or destruction required in such resolution as a nuisance and/or menace to business, health, safety, or as constituting a fire hazard or because said building or structure is unsightly or does not conform in architecture to adjacent or surrounding buildings, such resolution shall require the owner, agent or any person, firm or corporation having a lien on or interest in said building or structure, which lien or interest is a matter of record in the public records of the county of such building or structure to show cause, at a time and place to be fixed and named by the resolution, why said building or structure should not be by the city commission condemned and its removal or destruction required. Notice of which hearing shall be made by mailing by registered or certified mail a certified copy of said resolution to the hereinbefore named persons, firms or corporations at least ten days prior to the date of said hearing by the city clerk.

(b) After such hearing if no good and sufficient cause be shown to the contrary the city commission shall pass a resolution requiring the removal or destruction of such building or structure within a reasonable time to be named by the city commission in said resolution.

(c) If such building or structure be not removed or destroyed within the time fixed by said resolution the city commission may:
