Petition Against Neighboring Rooming House Being Erupted

October 19, 2020

Mayor and Commission of The City of Fort Pierce:

We as concerned citizens, who reside in close proximity of 1309 N. 19th Street, Fort Pierce, Fl 34950, have major concerns regarding the opening of a rooming house in our neighborhood. Regardless of it being described as anything but a rooming house, technically it is a rooming house which is unacceptable. This facility caused major problems in our neighborhood previously. We reminisce with great grievance and concerns of its return of such a facility given the multitude of problems that it caused our residence previously. We are concerned about the students walking to school, possible gun violence, drugs, and prostitution. We have made numerous phone calls to the City of Fort Pierce regarding the remodeling and traffic at the said address. We took action immediately, but no one appeared to know what was going on with that property, other than the permits issued. Given that time is of the essence, only a few of us have signed this petition, but given the opportunity to obtain more, we can obtain more signatures. Thank you for addressing our concerns.

Name (Signature)	Address	Phone Number
Mary Jane Lee	1811 Ave O	772-538-083
