City Commission of the City of Fort Pierce  
100 North U.S.1 #1  
Fort Pierce, FL 34954-1480

City Hall Commission Chambers:

I am in process of conclusion project property located at 1909 N.16<sup>th</sup> Street, Fort Pierce FL. However, due to the pandemic Covid-19 it has affected the work process as being understaff and facing other difficulties. I would like to dispute the ordinance that the structure is unsafe and is a nuisance. This claim is untrue because I do have the engineering inspection, set of blueprints approved by the City of Fort Pierce Building Dept, active permit, and a demolition final on August 21,2019 to declare the building is safe.

I will enclose the copy of all documents that will support the false claim made by the code enforcement. I am requesting the City Board of Commissioner to grant me time to complete residential renovations project in a timely manner.

Sincerely,

Rolin Dorsainvil C/O R.G. Developer, Inc.
