Mike, Keith, and Jack,  
Well, you did it again! You exceeded our expectations in responding to our request to install no parking signs on Gulfstream. The signs are complete, and you were surely quick. Please pass along our thanks to the employees who installed these signs so thoroughly. This will make a busy area much safer. We really appreciate your cheerful and willing support. Have a good Friday and an even better weekend!

Hi all,

We have a frequent issue now with vehicles parking illegally on Gulfstream Ave. partially on the street and partially in the grass in front of the church. I think the vehicles are from the apartments across the street. Can we get "no parking" signs installed in this block as they are in the next block east of this location? It might also help for Code to remind the apartment owners of this parking rule. Thank you for any help you can provide. This is a busy street with many walkers and bikers in addition to the traffic.

Charlene
