Dear Ms. Gilmore,
Your communication has been a long time coming. We went to the Fort Pierce Planning Department site and studied the lengthy application and supporting documents and could not be more excited for the city commissioners to approve this long overdue amenity to Ocean Village. We were impressed with the thoroughness of the agencies and planning firms involved in the package of material.

This has been an almost generational labor of love from dedicated Ocean Village residents to bring the sorely needed and well planned clubhouse project to the city commission for approval. It is encouraging that your department has seen fit to recommend passage.

We will be traveling and unable to attend the Monday meeting. Please share this letter of support as you see fit.

Sincerely,
Suzanne and Christopher Widing, Trustees
