Why do you want to be involved in the City of Fort Pierce Youth Council?

I would like to continue the good momentum our current youth council has, and I would like to see some of our ideas and initiatives come to fruition, especially with less limitations due to covid-19.

Describe your ideas and goals for this Council and how they can benefit the Community.

My primary goal is to truly engage the youth in Fort Pierce and encourage city involvement. I also wish to establish a learning lecture series where we give the youth the opportunity to interface with various leaders and business owners in Fort Pierce.

If you could change one thing about this City, what would that be and why?

I would strengthen our community by facilitating city involvement of people of all ages by establishing more youth organizations that have a central focus of community service. I feel like our city lacks organizations/clubs that genuinely support local businesses and the vulnerable of society, and I feel like yoco could be a catalyst for action in Fort Pierce.
