Why do you want to be involved in the City of Fort Pierce Youth Council?

I want to be the youth voice for my community. There are many issues within, & I want to use my resources to ensure unity, equality, and better society.

Describe your ideas and goals for this Council and how they can benefit the Community.

I would like to work towards a homeless shelter / related resources, more mental health services, sex-ed resources, political education, & social enlightenment with unity.

If you could change one thing about this City, what would that be and why?

It would be the unity in the community. Once we can all work together, we can achieve amazing things. Without it, we're in chaos.

What are you passionate about?

I am passionate about advocating for my community for the well-being of all and providing resources and success, while working towards equality & peace.
