RE : Parking Committee Recommendations

DATE : December 30, 2021

---

Below are the recommendations that were generated from prior Parking Committee meetings for the City Commission's review and consideration:

1. The Parking Committee recommends the Chief of Police's request to designate two parking spaces for law enforcement use on the first floor of the City's parking garage. One parking space would be located near Orange Avenue entrance in the space now designated for 30 minute-parking. The other would be located near the Avenue A entrance in the first parking spot on the left. Any police officer visiting City Hall must use designated parking spots first, if available.
2. The Parking Committee recommends approval of the Walker Consultants Scope of Work to conduct a parking needs analysis of downtown. Please see attachment.
3. The Parking Committee recommends moving forward immediately with design, layout and implementation of City-owned to create additional long-term public parking east of the FEC Railroad, South of Boston Avenue, and north of Citrus Avenue. The area encompasses the Market Street R/W and the City-Owned parcel immediately west of the Market Street R/W. Simultaneously, to enter into discussions to either lease or purchase two adjacent privately-owned parcels.

*Re: Proposal for Parking Consulting Services – Parking Inventory Analysis  
Fort Pierce, FL  
Walker Proposal No. P21-101*

Dear Ms. Moore-Wells:

Thank you for considering Walker Consultants (Walker) to assist you by providing Parking Inventory Analysis Consulting Services to the City of Fort Pierce (City). The following outlines our understanding of this project, scope of work, proposed schedule, fee, and general conditions of agreement for consideration and discussion.

### **PROJECT UNDERSTANDING**

The City of Fort Pierce currently manages 2,034± parking spaces, consisting of a combination of surface lots, garage, and on-street parking. Of these parking spaces, 329± are time-restricted parking spaces.

As the City of Fort Pierce is forecasting significant growth and is advancing its development opportunities, additional public parking inventory may be needed. The City is seeking to understand the impact of the development on increasing public parking inventory to include both the projected inventory as well as the locations of probable capacity challenges.

Walker will assist the City by preparing a parking needs analysis, reviewing current massing needs, and providing input into location of future parking inventory needs. The parking needs analysis will factor the use of shared parking principles to right-size the parking inventory for today's needs and proposed future development needs.

### **SCOPE OF SERVICES**

#### **TASK 1: PARKING NEEDS ANALYSIS**

The purpose of Task 1 is to recommend a capacity to meet the projected parking needs of the subject area. Unlike a private development project with more controlled settings, the nature of public parking and development within a municipal downtown environment is constantly variable and must consider development projects with different goals as well as plan for future development and growth. Therefore, this will be a high-level analysis that can be applied to general planning efforts and should not be relied on for an exact inventory forecast and capacity analysis. Periodic review and evaluation should be conducted to maximize planning efforts.

1. Meet via conference call with representatives of the City to discuss the study objectives, boundaries, master plan, procedures, and project schedule. Discuss modal split and local cultural issues that affect parking capacity challenges in the subject area.
2. Obtain and review the development information for the subject area as well as existing land use in the subject area. Development information should be in electronic, tabular format and should include any phasing or forecasting of known developments. The data for both existing and planned developments (i.e., Kings Landing) should include a detailed breakdown of all proposed land use and confirm the following items:
  - a. Land use by type and square foot. We will provide the breakdown we require for the parking needs analysis.
  - b. Site plans specific to hotel, residential, office and retail
  - c. Number of residential units broken down by number of bedrooms
  - d. Parking obligations such as reserved or segregated/secured parking or nested gated areas
  - e. Historic parking occupancy data for publicly owned parking facilities, if applicable

**Note:** *This data capture is critical to the project success and therefore the project cannot advance until the requested data is received by Walker from the City or its designees.*

3. Discuss and determine appropriate zones within the subject area for which to segment the analysis
4. Prepare a parking needs analysis employing the Urban Land Institute's shared parking methodology and Walker's database of mixed-use parking space requirements to project recommended parking space utilization of the development. This analysis will include a stratification of parking demand by:
  - a. Hour of Day
  - b. Month of Year
  - c. Weekday vs. Weekend
  - d. Provided as a whole and by sub-block
5. Develop a shared parking model to illustrate the parking demand characteristics of the development during the week and during the weekend. Compare the projected parking need with the proposed parking inventory.
6. Prepare a draft report and submit an electronic PDF copy to the City for review.
7. Revise and finalize the draft report based on discussing the draft with the City. Issue final electronic PDF copy of report.

#### **TASK 2: PARKING MASTER PLAN DEVELOPMENT**

1. Meet with City representatives to review operational layout, usage, and control of existing and proposed parking facilities within the study area.
2. Develop a strategy for assigning and allocating parking use in parking locations upon project completion. The strategy will factor the parking needs for all parking user groups, to include employee contract parking and short-term visitor parking.

3. Provide a conceptual master parking plan identifying each parking location, likely capacity, and users. This plan will not include detailed parking layouts.
4. Explore opportunities for angled parking along Indian River Drive, between Avenue A and Seaway Drive.
5. Recommend preferred sites for the addition of future parking inventory.
6. Summarize and present the findings of analyses and recommendations in a report to the Client.

#### EXCLUSIONS

The scope of services herein does not include:

- Schematic design of individual parking facilities
- Periodic updates of the shared parking analysis

Walker will be happy to provide these services as an additional service at the billable hourly rates or at mutually agreeable terms.

#### SCHEDULE AND MEETINGS

Walker will be able to begin within two weeks of a signed proposal.

#### PROFESSIONAL FEE

Walker proposes to perform the services described in this proposal for a lump sum fee of **Thirty Thousand, Four Hundred, Fifty Dollars (\$30,450)** in accordance with the attached General Conditions of Agreement.

Only conference calls or web-based meetings are included in this scope of services. Any additional meetings, revisions, reviews or work not specified in the above Scope of Services will be billed at hourly rates as outlined, only after receipt of written authorization to proceed by the City.

Walker is committed to fully understanding your requirements for this project. If this proposal does not meet your requirements, we ask that you please bring it to our attention so that we can revise our scope of services to better address your specific requirements.

Sincerely,

WALKER CONSULTANTS

## SERVICES

Walker Consultants (“Walker”) will provide the CLIENT professional services that are limited to the work described in the attached letter (“the services”). Any additional services requested will be provided at our standard hourly rates or for a mutually agreed lump sum fee. The services are provided solely in accordance with written information and documents supplied by the CLIENT and are limited to and furnished solely for the specific use disclosed to us in writing by the CLIENT. No third-party beneficiary is contemplated. All documents prepared or provided by WALKER are its instruments of service, and any use for modifications or extensions of this work, for new projects, or for completion of this project by others without Walker’s specific written consent will be at CLIENT’s sole risk.

## PAYMENT FOR SERVICES

Walker will submit monthly invoices based on work completed. Payment is due upon receipt of invoice. If for any reason the CLIENT does not deliver payment to WALKER within thirty (30) days of date of invoice, Walker may, at its option, suspend or withhold services. The CLIENT agrees to pay Walker a monthly late charge of one-and one-half percent (1½%) per month of any unpaid balance of the invoice.

## STANDARD OF CARE

Walker will perform the services in accordance with generally accepted standards of the profession using applicable building codes in effect at time of execution of this Agreement. Walker’s liability caused by its acts, errors or omissions shall be limited to the fee or \$10,000, whichever is greater.

Any estimates or projections provided by Walker will be premised in part upon assumptions provided by the CLIENT. Walker will not independently investigate the accuracy of the assumptions. Because of the inherent uncertainty and probable variation of the assumptions, actual results will vary from estimated or projected results and such variations may be material. As such, Walker makes no warranty or representation, express or implied, as to the accuracy of the estimates or projections.

## PERIOD OF SERVICE

Services shall be complete the earlier of (1) the date when final documents are accepted by the CLIENT or (2) thirty (30) days after final documents are delivered to the CLIENT.

# Impact Fee Moratorium

Conference Agenda – January 10, 2022

# Overview

---

Since infill locations are within the urban core of our community, typically they already have much of the needed infrastructure.

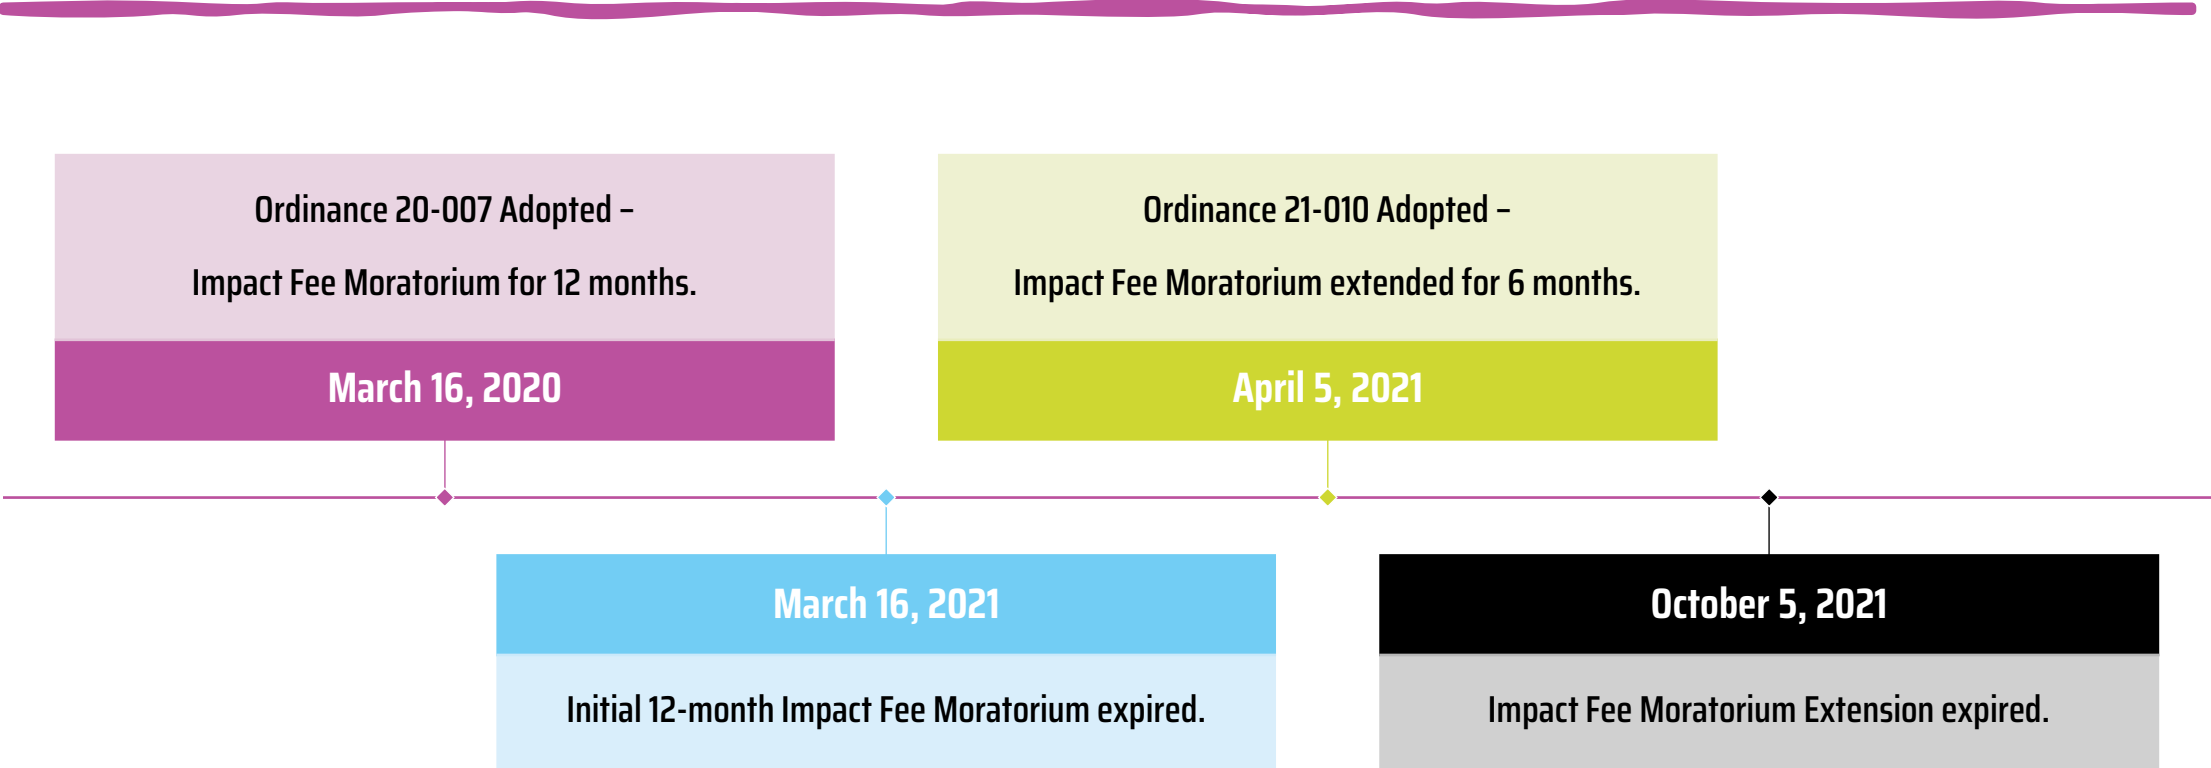

There has been limited new construction in the FPRA district over the past several years.

Assist businesses by reducing their startup costs and encourage new residents to build homes.

# Timeline

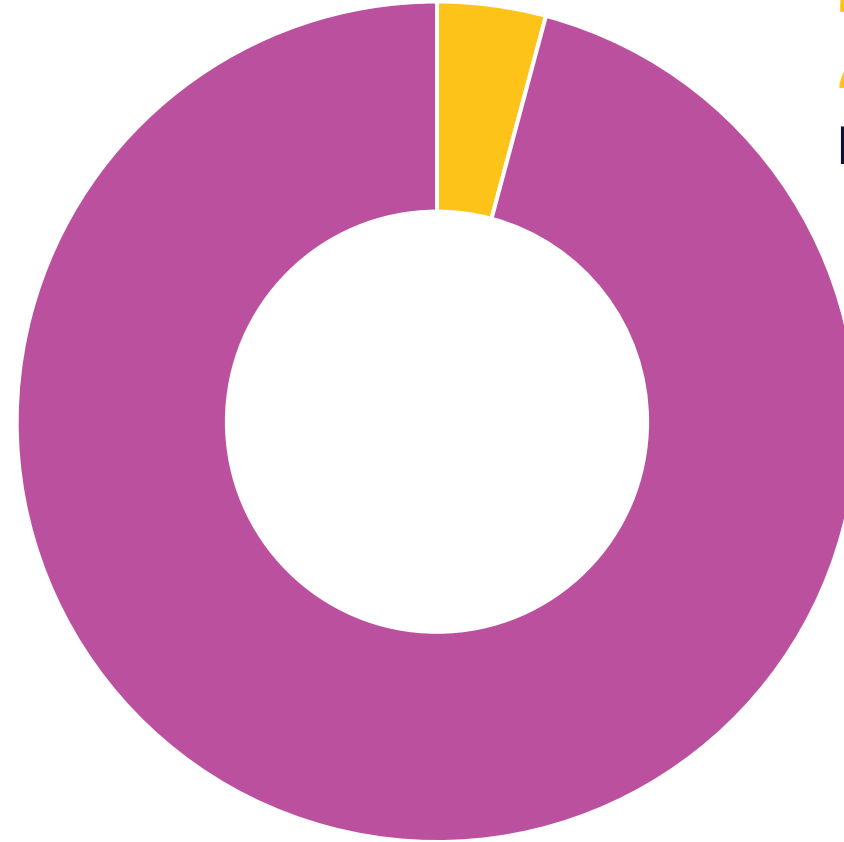

# Building Permit Comparison

## Within the FPRA

20 new construction building permits.

4% of all new construction building permits were within the FPRA.

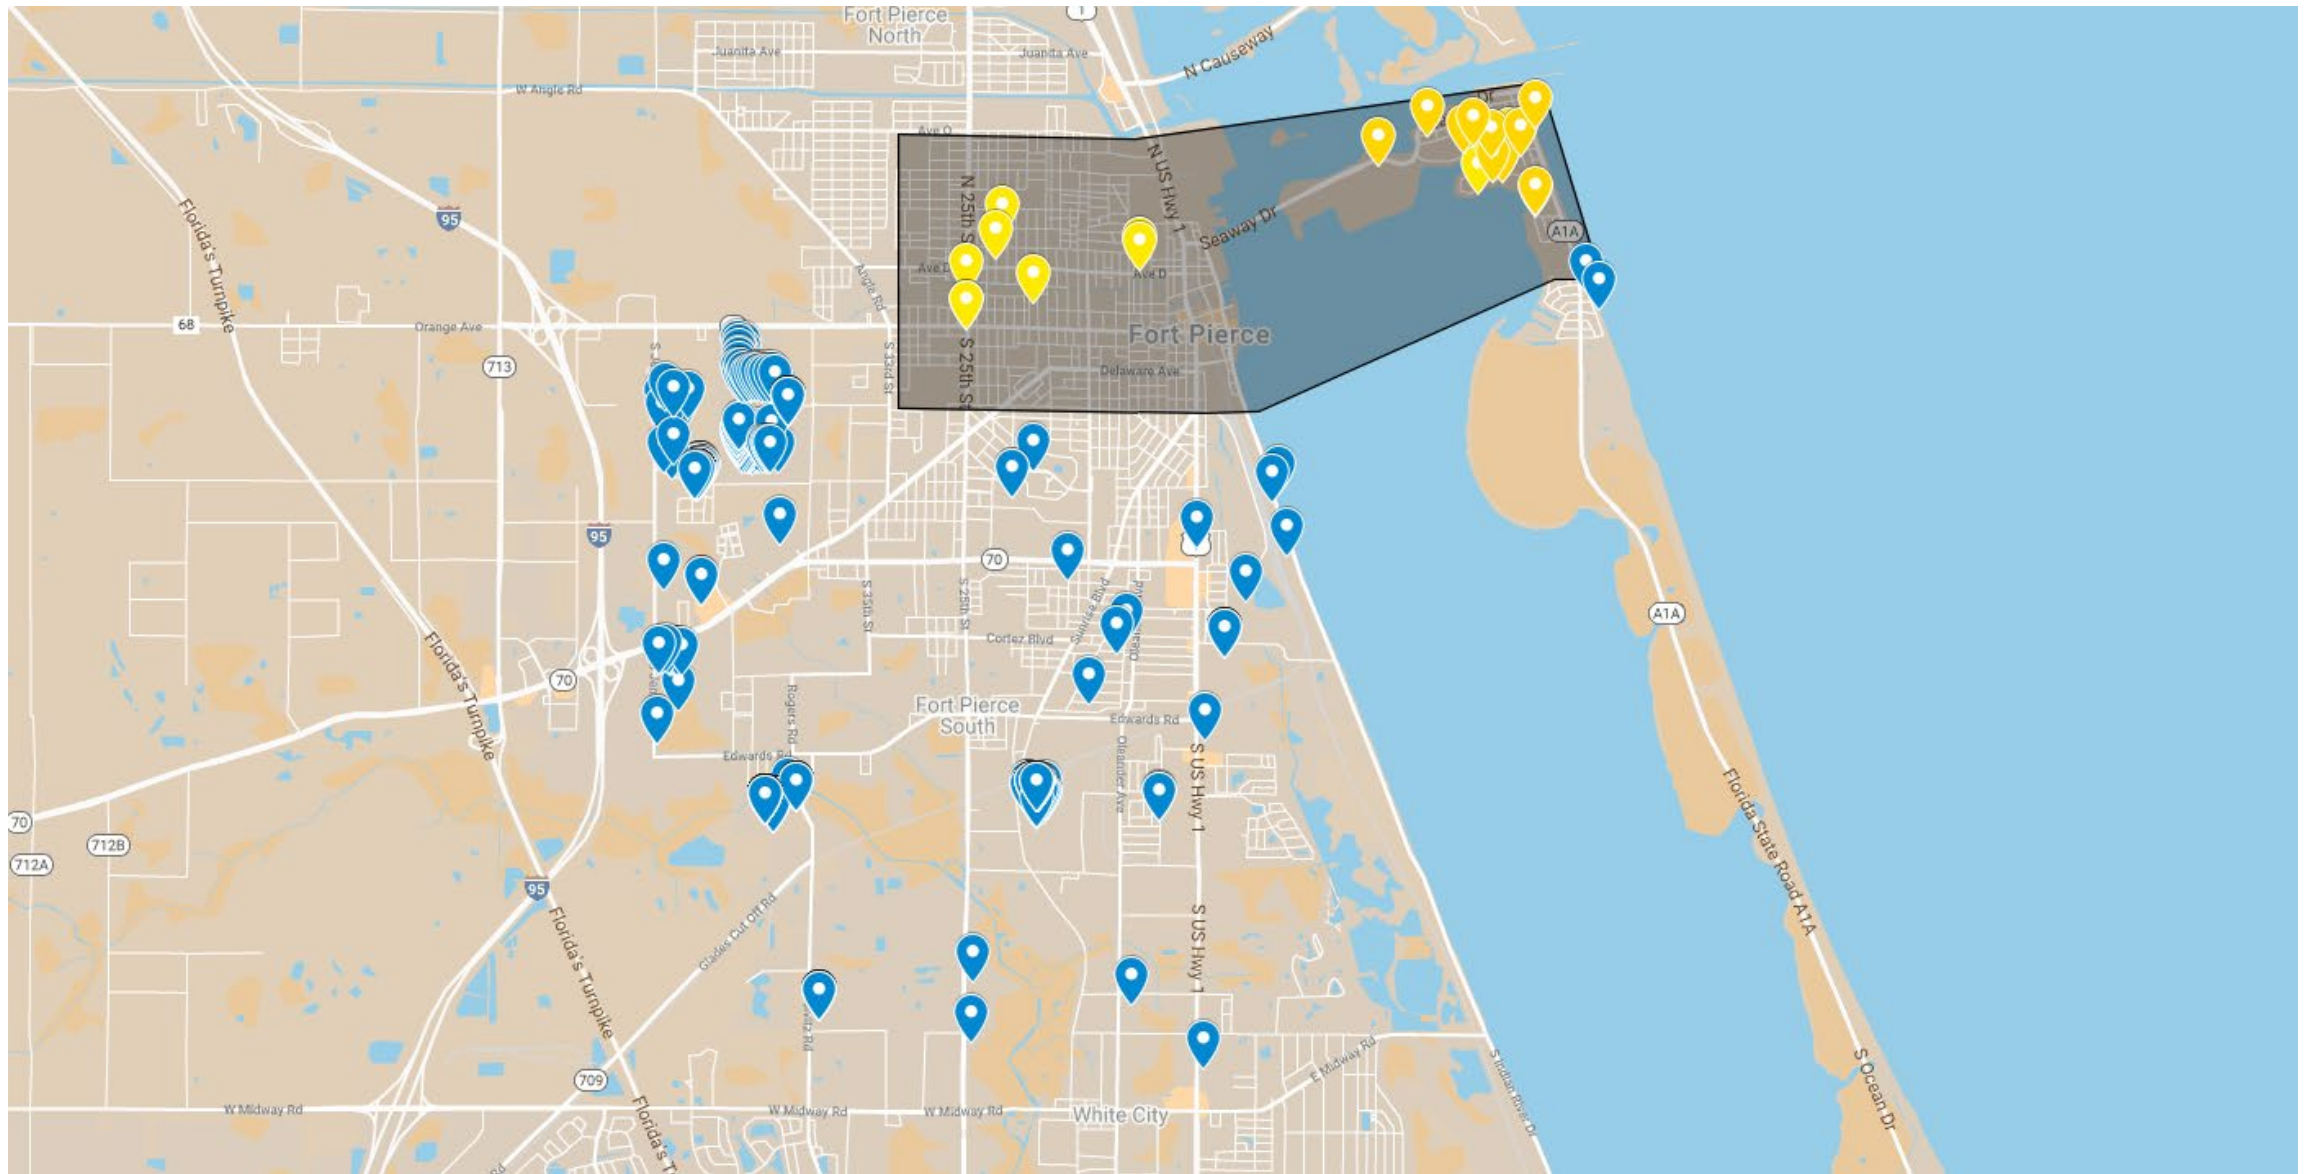

## Outside the FPRA

459 new construction building permits.

96% of all new construction building permits were outside of the FPRA.

# Infill Redevelopment Incentive Strategy

# Recommendation

Staff recommends extending the Impact Fee Moratorium for a period of twelve (12) months in an effort to reinforce our incentive toolkit and emphasize our strong desire for infill development through an Ordinance adopted by the City Commission.

Better enforce the traffic laws on A1A on South Hutchinson. I don't mean nailing those doing 40 mph - we all do that. I mean the idiots doing 60, passing other vehicles on the wrong side of the road even though it's a double yellow line everywhere, the motorcycles doing 80mph once it gets dark, and the golf carts without road plates that are starting to creep up again. I live right on A1A so I see all of this crap. It's only a matter of time before someone gets killed.

**Q12** **Yes**

I would call 911 to report suspicious activity, even if I wasn't quite sure there was a problem.

---

**Q13** **Yes**

I would call 911 to report suspicious activity, even if it involved someone I know.

---

**Q14**  
What do you like best about the Fort Pierce Police Department?

Professional and approachable. Feel badly that their hands are tied regarding homeless behaviour, catching and prosecuting people who litter, speeders in neighborhoods. I know that our judges let small crime perpetrators go. Hurts our community.

---

**Q15**  
How would you improve the Fort Pierce Police Department?

MORE OFFICERS! Needed in Riverwalk Park and Edgartown. Speeding, trash thrown from cars, loud car stereos in residential neighborhoods. Quality of life is affected without presence of officers.

---

**Q15**

How would you improve the Fort Pierce Police Department?

Increased education in de-escalation. I have personally witnessed Officers 'escalate' situations that were not life threatening nor dangerous. We need Officers to be strong in deflecting personal 'feelings' and be calm in what I know can be a challenge in our Community dealing with those who use aggressiveness and are loud and argumentative.

What do you like best about the Fort Pierce Police Department?

I like have local police whom I can get to know and help with projects to keep Fort Pierce a wonderful place to live.

---

**Q15**

How would you improve the Fort Pierce Police Department?

I have been the FPPD do great things like riding bikes & the Segways downtown. This brought back the businesses downtown. As the northside grows with community events, opening I would love to see the city own more of the properties and have the city be a whole area like Port St. Lucie. The county divides the city and creates problems for us when attempting to report issues. We have speeders who endanger children on our street and the death of the child on Oleander was inevitable because the current ideas of "Me More Important Than You" philosophy. Our police like our doctors, nurses, and EMTs are vital to our health. Perhaps, a community team to build PR for the department might be a good move.

What do you like best about the Fort Pierce Police Department?

Last month My mailbox was hit & demolished. I've called 911 about speeders and car racers exceeds speeds of 60 mph and not stopping at stop signs but no one is held accountable. More police presence is needed on N 23 rd street. February was automatic weapons back in forth. Drug or gang related? No I could never walk around here at night. You can't call police but have to call 911. What a waste.

What do you like best about the Fort Pierce Police Department?

The physical presence of our Fort Pierce PD is vital to let visitors and residents know that they are safe and they are in Fort Pierce.

---

**Q15**  
How would you improve the Fort Pierce Police Department?

I would like ALL road patrols to have a steady blue light on at all times on the top of their patrol cars to let people know the police are here and watching. I think a visual presence helps to deter crimes and even though there are not always crimes being committed it helps people feel safe. I also think patrol units should be constantly moving and not stay parked in one location as much. We need less admin and more patrol. Let senior level positions retire and get rid of their positions then pay our patrol officers more.

What do you like best about the Fort Pierce Police Department?

many of the officers are truly acting for the good of the people in this city & are Good at what they do ! they do a good job solving crimes here ! my thoughts are that their efforts our directed in the wrong areas sometimes Traffic enforcement is sorely lacking ! red lights , stop signs , speed limits are viewed as a mere suggestion around here ! many ,many on US 1 , but not limited only there ! Virginia Ave. raceway is a speed zone ,drag strip !

**Q15**  
How would you improve the Fort Pierce Police Department?

I believe most police officers could benefit from training in the area of how to treat people no matter their issue (physical, mental, race, etc.). How to deescalate a situation. My only personal knowledge of problems in this area is news media and television, but it seems to be a problem in every city.

**Q15**  
How would you improve the Fort Pierce Police Department?

There have been a few officers I've come in contact with that seemed awfully lazy. He would not take a witness statement. He wrote me up as at fault, never acknowledged my sister who was injured and in the vehicle with me. Told me if I needed witnesses, I should get the info from them. I was the one that got hit. But yet it was my fault. His ball joints were bad - you should have seen his tires! His truck was the one that lost steering and lost control. I believe the officer was tired and didn't want to be bothered, as he just left another accident up the street from this accident.

**Q14**  
What do you like best about the Fort Pierce Police Department?

I am glad to see the new police cars and equipment. Most people don't have understand what the officers have to do do with what they have. I am a bit biased as I worked for almost 9 yrs as a volunteer in most every department including evidence, records, recruiting. Also did many ride alongside. Most citizens have no idea what the officers go thru while out there on the road. The are very dedicated. I am proud of them. Wish I could still be working there

---

**Q15**

Consistent training and quit making it be that the officers are in the wrong even though they aren't. I know there are bad cops, but very few in comparison to the great ones.

How would you improve the Fort Pierce Police Department?

More presence at The Jetty. We own a house on the island and during weekends you can't even walk down the jetty or through the park without feeling unsafe especially at night. And there are never any police officers there at night. This just promotes things that shouldn't be happening. Gatherings in the parking lots and people hanging out and drinking out of their trunks etc. Not ok.

The police chief is present at many community activities and is friendly. Other officers also make positive appearances. Police officers responded to our condo's safety concerns during the riots last summer. they gave an excellent presentation after reviewing the safety measures in our building. They respond when I call 911 regarding disorderly or loud persons in my neighborhood.

---

What do you like best about the Fort Pierce Police Department?

They are a little bit more community minded since Chief Burney's arrival. Can be increased and improved.

---

**Q15**  
How would you improve the Fort Pierce Police Department?

Ensure officers have access to all resources, equipment to remain safe and feel confident in job performance. Ensure officers are engaged and connected to community activities; leaders; organizations and citizens to make them feel a part of the communities they are protecting and get more assistance as they work to solve crimes and implement crime prevention; Ensure officers are reminded as the old adage says...you can get more bees with honey than with vinegar...meaning be pleasant when approaching people should they simply stop them for a traffic violation or whatever the case...not the attitude that I have a badge..I talk and treat you however I want to. I have experience this too often.

### **Fort Pierce police to increase recruitment, expand community policing after survey results**

FORT PIERCE — Hire more and pay more.

[Those were two themes from a recent online survey, created by the Police Community](#)

[Advisory Committee, aimed at gauging resident satisfaction with the Police Department.](#) The results prompt the question: What changes will be made?

For Police Chief Diane Hopley-Burney the answer is two-pronged: improving recruitment efforts to address officer retention and expanding community policing efforts, a strategy that focuses on developing relationships with residents beyond officers' traditional crime- prevention duties.

[Survey: Satisfied with Fort Pierce police? Citizens committee launching online survey to find out](#)

[One year after BLM: Small changes but no significant reform leave some hopeful, others unheard](#)

**Committee:** [Fort Pierce Police Community Advisory Committee gets little public input](#)

### **Feedback**

The city received 143 responses, compared to 749 responses to a parking survey that was online [four fewer days](#) earlier this year.

The police-satisfaction survey was comprised of 19 free-response, multiple-choice and yes- or-no questions. It took more than a year to roll out because of delays related to COVID- 19, according to committee Chairman Charles Hayek, and yielded the following feedback:

32%, or 45 respondents, are very satisfied with the visibility of the Police Department **Correct Page 1**

51%, or 73 respondents, said police presence was not adequate in their neighborhood **Correct Page 8**

55%, or 78 respondents, said traffic enforcement (speeding, running stop signs) was not adequate **Correct Page 9**

24%, or 34 respondents, said they felt safe when walking alone at night in their neighborhood

**Misrepresented, Page 6. The correct numbers are:**

Neutral	21.12%
Safe	23.94%
Very Safe	19.72%

96%, or 135 respondents, said citizens reporting suspicious activity and crimes is vital to keeping the community safe **Correct Page 11**

83%, or 110 respondents, said they would call 911 to report suspicious activity, even if they were unsure there was a problem  
[Correct Page 12](#)

92%, or 129 respondents, said they would call 911 to report suspicious activity even if it involved someone they know [Correct Page 13](#)

29%, or 41 respondents, said the Police Department has improved within the past four years

Much Better	9.93%

"Be out more. Be visible in cars, parking (lots), cruising, on foot, everywhere. Don't hide behind the desks," said one resident in response to the question 'how would you improve the Fort Pierce Police Department?' [The respondent does not live in Fort Pierce their comment on where do they live is: Olive in PSL , but are often in Ft P Driving home Sat evening at speed limit on US I ...tailgated and then passed by three large Ford trucks going at least 55/ 60...no police visible anywhere !](#)

Although he would have liked a higher response, Hayek said, he was pleased to see some positive feedback.

"(If) people don't respond much, I feel like the police, maybe, are doing a good job," Hayek said.

The committee initially planned an in-person survey in churches and community centers, Hayek said, but COVID-19 forced it into an online format.

### Retention issues

Factors such as higher pay at Port St. Lucie Police Department and St. Lucie County Sheriff's Office make it difficult to retain officers, according to Hogley-Burney.

"I have a young force in many capacities ... and unfortunately, when we get (officers), where we want them to be, the carrot is waved and they take that experience elsewhere," Hogley- Burney told the Police Community Advisory Committee Dec. 9.

Even with incentives for native, or "home-grown," officers — such as a monthly \$250 bonus for officers living in the city — there's still 20 vacancies on the force, according to Hogley-Burney.

The chief said she's optimistic the City Commission will approve raises next year.

In addition, she said, a sponsorship program, in which the Police Department pays for some officers to attend the police academy in exchange for at least a two-year commitment, is a step in the right direction.

### Community policing

Community policing has long been sought by some residents and the demand was fueled in 2016 when [Demarcus Semer](#), a 21-year-old Black man, was fatally shot after he fled from police during a traffic stop.

[The tragedy led to creation of the Police Community Advisory Committee](#) in 2018. The committee, however, has received [little public input since its inception](#).

Now, in an effort to foster stronger community relationships, Hogley-Burney wants to open a second Resource In Community Hope ([R.I.C.H.](#)) House — [a place](#) where older adults and children can receive specific help with anger management and bullying and with tutoring or computer and technology classes.

It would be at the city Recreation Center, 903 S. 21st St.

Once the Police Department hires another victim advocate, Hobbly-Burney hopes to move forward with opening RICH House south.

The first RICH House, 2304 Ave., opened in July.

Initiatives such as front-porch roll call and the courageous kids programs and events such as Shop with a Cop and Santa Cop also are examples of how the Police Department is working to improve its trust with residents, Hobbly-Burney said.
