Good afternoon, Mr. Mimms,  
Thank you very much for your speedy response to my email and quick action to clean up the area of Jaycee Park surrounding the sailing club. I certainly never expected you to personally visit the site, or even look at the matter on the same day you received my email. That is service above and beyond - kudos to you!

Volunteers from the sailing club worked on Saturday to organize the area in time for your crew to remove weeds and spread sand on Monday. I saw Charlie Hayek and Ed Hyer helping Saturday, so I spoke with them personally, thanked them, and got Charlie's email address so I can contact him directly if I have any questions or concerns in the future. We really enjoy having the club here and would never want to create a situation where they felt they needed to find a new location. We want to work together so everyone can share and enjoy the area safely.

The "reclaimed" beach area is fantastic. As I was out doing my litter pickup yesterday afternoon I ran into Mike Reals and gave him and his team a heartfelt thank you as well. They certainly worked hard doing their part.

Thank you again for all you do to keep our little paradise of Fort Pierce beautiful, safe and a great place to live. And thank you for being willing to communicate with citizens directly.

Cheers,  
Lisa

Ms. Potter,

Good Afternoon!!!

Thank you for bringing this issue to my attention. Based on your concerns I visited the subject location this morning and I completely agree with you. We will immediately address this issue with the tenant and improve the appearance of this area.

Have a Magnificent Monday!!!

Nicholas C. Mimms, P.E., ICMA-CM  
City Manager  
The Beautiful City of Fort Pierce

Hello Mr. Mimms,  
Hope this finds you well and that you had a happy Thanksgiving. We are wondering if your team could please take a look at all the boats stored at the youth sailing club at Jaycee Park and see if they comply with the contract with the City. We love having the club here so don't want to be complainers, but since last spring the club has been "collecting" many more boats, including most recently a fairly large power boat, many of these boats appear to be inoperable. The boats are often filled with water so our beach clean up volunteer group has been emptying the water in an effort to keep the mosquitos at bay. Children/teens are frequently observed climbing on and jumping off the boats, etc. We are concerned about health and safety, and now the aesthetics as it is looking like a boat junk yard.

Many thanks for all you do and keep up the good work!  
Lisa Potter
