Preliminary Plat

Standards for Review

The City shall consider whether the following standards have been met in its review of the application:

1. Adequate vehicular access and traffic circulation to each lot in the proposed subdivision.
2. That adopted levels of service (LOS) standards in the comprehensive plan are not adversely impacted by the proposed plat. If such standards are negatively affected that appropriate mitigation plans as described in this chapter are also included in the proposed plat.
3. That other applicable comprehensive plan policies are addressed by the proposed plat.

As part of the Final Plat review prior to the City Commission meeting, the City of Fort Pierce Engineering Department along with Northstar Geomatics will review and determined that the three (3) standards as outlined above have been met and satisfied.

Based on the staff level review of the Preliminary Plat, the above standards have been met and there appears to be no conflict or negative impacts with vehicular access, traffic circulation, or the adopted level of service standards.

Preliminary Plat Recommendations and Condition of Approval

The requested Application for Preliminary Plat meets the criteria specified in Sections 121-9, and 125-194 of the City Code, the Comprehensive Plan, and does not adversely affect the public health, safety, convenience, and general welfare. Therefore, Planning Staff recommends **APPROVAL** of the project with the following Condition:

1. Final Plat approval in accordance with Chapter 121 (Subdivisions) of the City Code shall be obtained prior to the issuance of the building final certification for development of the site.

Site Plan

(Development & Design Review)

Recommendations and Conditions of Approval

Staff recommends that the Planning Board recommend **APPROVAL** of the requested application with the following conditions:

1. Pursuant to City Code Section 123-66.(d) -Tree protection and mitigation, a final Tree Mitigation Plan shall be approved by staff prior to the issuance of a Building Permit.
2. At the time of Building Permit review, littoral plantings shall be provided on the Landscape Plan surrounding the lake area.
3. A certified letter of completion by a landscape architect and landscape bond pursuant to City Code 123-6 shall be required before the Final Certificate of Occupancy is approved for the site.
4. Should the subject PD not be issued a building permit within two (2) years from the date of PD approval, the zoning designation shall revert to the R-4 zoning district zone.
5. Add covered shelter to the concrete pad bus loading area.

Planning Board Recommendation

On December 13, 2021, recommended APPROVAL of the Revised Site Plan (Development and Design Review) Application with the Conditions recommended by staff with the additional Condition 5

Possible Actions by the City Commission on the Site Plan

1. Approve the Revised Site Plan with Conditions recommended by staff and the Planning Board

Alternative Actions

1. Approve with changes to the Conditions of Approval
2. Disapprove the Site Plan

Possible Actions by the City Commission on the Preliminary Plat

1. Approve the Revised Preliminary Plat with Condition

Alternative Actions

1. Approve with changes to the Conditions of Approval
2. Disapprove the Preliminary Plat
