

FPUA
COMMUNITY PROUD

Resolution NO. UA 2021-14
FPUANet Broadband Rates & Charges

Community Benefits of Fiber

Attract new companies

Broadband is a key decision factor for startups and companies that are relocating.

Enable telecommuting

The number of work-at-home employees has grown 103% since 2005.

Create new, high-paying jobs

Broadband helps to create additional, high-paying job opportunities in the community.

Increase home values

Access to fiber adds 3.1% to the value of a home.

Ensure the Socio-Economic Future of our Community

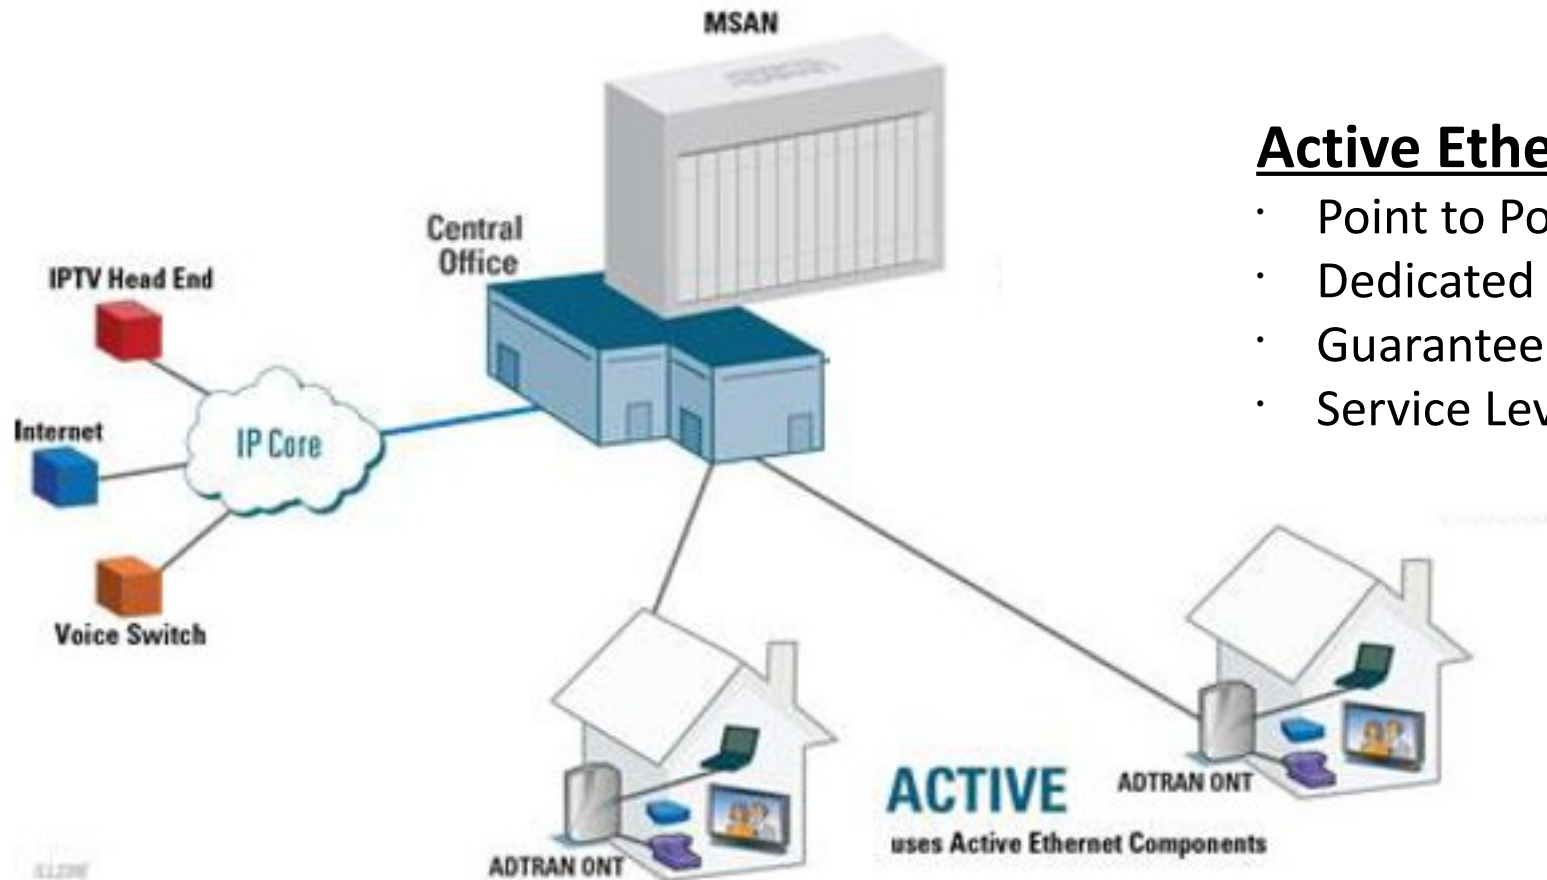

FTTH Community Impact

- Fiber to The Home (FTTH) is a 30 year infrastructure
- Highly reliable with lower cost of operation
- 21st Century technologies that can be updated at a much faster pace to meets todays high speed demands
- Provide Broadband speeds up to 10Gig
- Allows FPUAnet, Fort Pierce and St Lucie County to deploy Smart City Initiatives
- Help encourage redevelopment of Business Corridors
- Provide Broadband rates below Incumbent Retail Market Rate for all Subscribers
- Within the City of Fort Pierce only 5% of the current parcels have a fiber based internet service available. The final goal of FPUAnet is to provide fiber internet to all parcels in the Fort Pierce area.

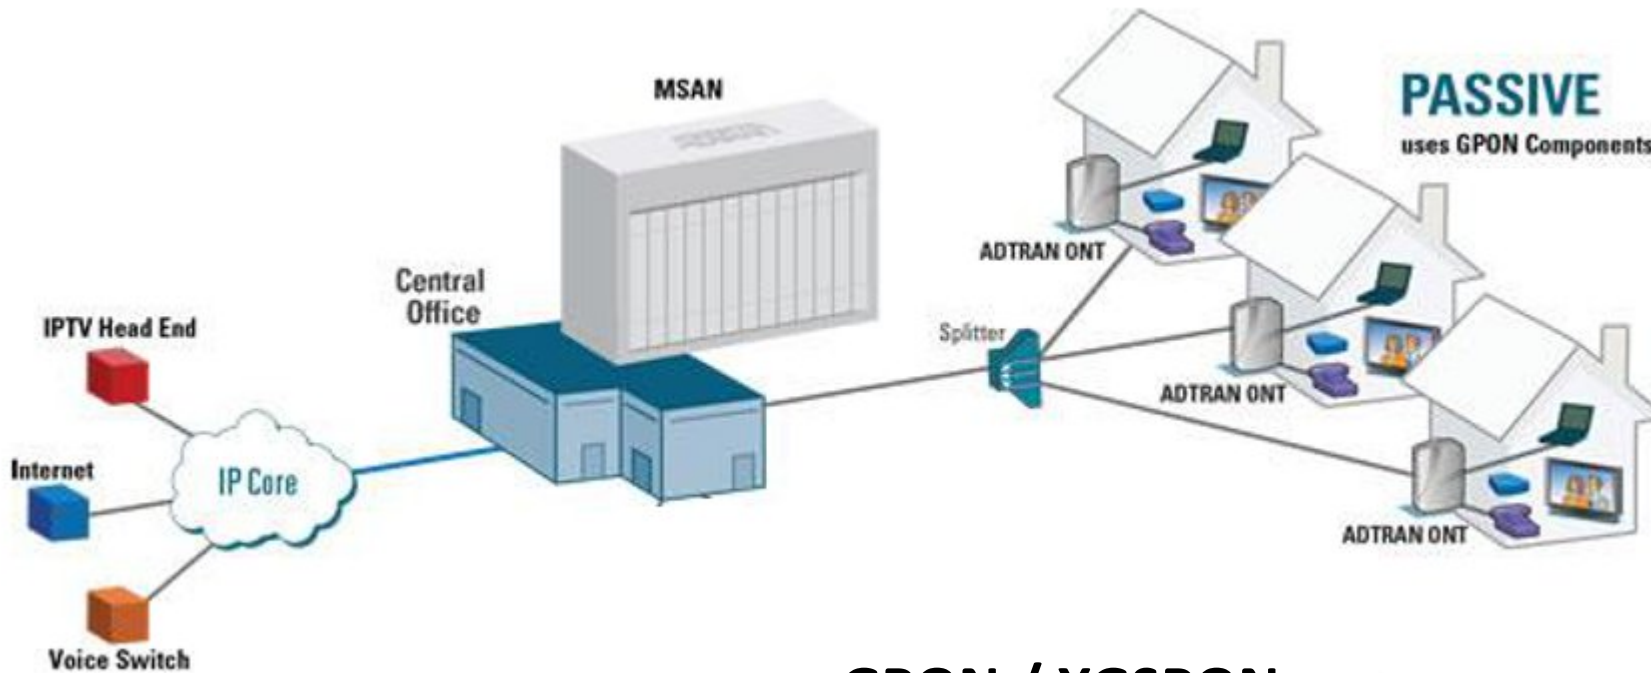

Active Ethernet Service

- Point to Point
- Dedicated Service
- Guaranteed Symmetrical Speeds
- Service Level Agreement

Commercial / Residential Service

GPON / XGSPON
