Of course, it is not always in a timely manner, so our hope is that the new provider will be able to hire enough staff. An additional note, if legal/within the City's rights, please consider making recycling MANDATORY for all neighborhoods/businesses, etc., within your (e.g. It is my understanding that Tropical Isles community does not recycle, so there must be other communities that do not either.)	7/27/2022 1:47 PM
27	There is a great need for home revitalization in north Fort Pierce. Demo old dilapidated homes and build affordable homes that are aesthetically appealing.	7/27/2022 1:34 PM

32	The roads are in terrible shape, as are the most of the houses. There is also the presence of drug dealers and prostitution. Move the Peacocks as it is dangerous for them in the roads with all the local traffic.	7/27/2022 9:56 AM

35	Crime rate continues to increase. It is impossible to find reasonable, habitable places to live. With rent increasing and the utility bill being more then rent people are being forced into homeless or decide to feed there kids or keep utilities on. 44	The roads on and along 13th st are very potholed, 13th has poor school crossing & zone signage & road painting. There are no crosswalks or blinking pedestrian lights from the school sides for students to walk across 13th. Sidewalks are only on one side of the road, creating a dangerous crossing in order to get to the Lawnwood Recreational fields. Crosswalks and pedestrian lights are also in great need along US1 from downtown through Edwards (possibly further).	7/26/2022 9:45 PM

49	Stop giving money to programs that are only talking about what they are going to do and not actually following through. Our giving the money to people that are lining the pockets of their family and friends and not actually helping people. Fort Pierce has way to much nepotism and greed that only allows certain people or families to succeed.	7/26/2022 8:08 PM
50	Why even fill this out - nothing ever changes. The city does more worthless studies than I have ever seen. You really need to start focusing on the City's and it's residents/business needs vs commissioner's selfish needs. I feel the commissioners are there to keep the city how they want it & not for the growth/success needed.	7/26/2022 7:35 PM

53	Primary concern for this neighborhood is getting homes OFF SEPTIC TANKS & ONTO MUNICIPL SEWER	7/26/2022 7:18 PM
54	Roads and infrastructure are in dire need of repairs. Boston Avenue and South 13th Street are embarrassing. Turn 13th St & 17th st into one way streets cutting down on thru traffic allowing for a neighborhood feel and making it safer for our children to play	7/26/2022 7:00 PM
55	speeding cars on streets	7/26/2022 6:47 PM
56	My biggest concern is to see a retrofit of all of the Publix plaza's to incorporate apartment buildings on top of it I think it would make a great impact to improve either low income housing affordable housing or higher income housing if there were apartments on top of the Publix strip malls. Not Just Bikes YouTube Single-family home layouts take up the entirety of Fort Pierce so to see this kind of improvement would be a grand gesture.	7/26/2022 6:31 PM

58	The City should concentrate there efforts along Orange Avenue, from downtown, west to the city limits. This is s central corridor and the hub for the communities that lie north and south of Orange Avenue. There was great work done to Avenue D years back and those efforts need to be replicated along the entire stretch of Orange Avenue.	7/26/2022 6:16 PM

59	Help homeowners improve their home's condition. Home & landscape improvements need assistance.	7/26/2022 6:00 PM
60	Code enforcement. Construction without permit. Unregistered vehicles. Multiple commercial vehicles in residential neighborhood. Running 4way stop signs.	7/26/2022 5:55 PM
61	Access to more Basketball courts and other activities for children and families. "Not just in my Neighborhood" For instance Pinewood Park, has a tennis court that no one uses or cares for.
