June 25, 2022

Kaitlyn Ballard,

Kaitlyn, what can I say but Thank You!

Without you this Inlet Clean-up dive would never have been as successful.

Because of you and Fort Pierce Public Works, you made the Annual Fort Pierce Inlet Cleanup Dive a success!

I am still unsure if it was you and Fort Pierce Public Works that assisted us or if MMPS Environmental that assisted you! Either way the cleanup, both on shore and underwater was a success! and again Thank You.

As the CEO of MMPS Environmental, a non-profit 501(c) 3 corporation with a goal to increase scientific research, educate the public of environmental awareness, habitat reconstruction, and the enhancement of the natural beauty of our area and its waters.

I would like to personally thank you, Kaitlyn, and Fort Pierce Public Works for doing such an outstanding job.

We truly live in paradise and because of your help we can start to make it better by repairing problems that we caused by our own carelessness.

Again, Thank you!

Sincerely,

Mark Music
