List the extra-curricular activities that you currently take part in:

I currently take place in clubs such as the environmental protection club, students 4H20, and more recently the Youth League. I have also been playing classical piano for 11 years.

List any other organizations or clubs you are currently a member of:

As mentioned above, I am involved with those clubs, as well as speech and debate, science bowl club, and jazz band. In the future, I hope to get involved with boys & girls club.

Why do you want to be involved in the City of Fort Pierce Youth Council?

Social issues and government have always been interests of mine. I was sophomore class president, and strongly believe in advocating for the issues and situations I believe in.

Describe your ideas and goals for this Council and how they can benefit the Community.

I aspire to work with my fellow council members to organize food drives and stations in the community to dispense hygiene products. I would also like to advocate for those who are unable to.

If you could change one thing about this City, what would that be and why?

I would increase the amount of involvement within the community. Nowadays, everybody has their own issues to deal with. However, coming together to solve community issues can unite us all.

What are you passionate about?

I am passionate about advocating for what I believe in, helping others, and fields of medicine and law. In college I even plan to pursue a major in prelaw, and a minor in premed.
