RE: **CRA Advisory Committee Update**  
DATE: August 5, 2022

The CRA Advisory Committee would like to provide an activity update to FPRA Board:

- Commercial Façade and Interior Uplift Grant review & recommendations
- Tunnel to Towers Foundation –The Tunnel to Towers Foundation builds mortgage-free smart homes for our most catastrophically injured veterans and first responders. Each home is designed to address the unique needs of each individual. Smart homes host a myriad of features such as automated doors and lighting, wider halls and doorways, special showers to accommodate wheelchairs, automatic door openers, cabinets, counters, and stove tops that can be raised and lowered, back-up generators, and central heating and air conditioning systems that can be controlled by tablets. These homes help our most severely injured veterans and first responders to reclaim their day-to-day independence.
