## COMPREHENSIVE PLAN

### 1.1.6 Policy

The City shall administer Land Development Regulations consistent with the future land uses in this Element...

High Density Residential (RH): The High Density Residential (RH) designation is intended for parcels that are best suited for medium to high density multifamily residential uses ranging in density from 12 to 18 dwelling units per acre. This category allows multifamily dwellings including apartments, condominiums and townhomes. Limited commercial uses intended to serve the residential uses shall be allowed. Compatible public, quasi-public, and special uses including parks, churches, non-profit clubs, schools and daycare facilities shall also be allowed.

### 1.2 Objective:

The City shall use innovative Land Development Regulations to encourage flexibility in development to support compact, mixed-uses compatible with the local context and character. These regulations shall include transit-oriented development, transfer of development rights, density bonuses, planned unit developments and other mixed land use development provisions, where appropriate.

### 1.9 Objective:

The City shall support neighborhood planning programs that create physical and economic revitalization of neighborhoods and enhance public safety to maintain the stability and character of the City's neighborhoods.
