Subject: Indian Hills Disc Golf

Hello Mayor,

I would really like to thank you and the city of Fort Pierce for your contribution and efforts to get the permanent course in at Indian Hills recreation area. Our community of disc golfers is growing rapidly, and the treasure coast is definitely in need of quality courses for all of our members.

The slice of natural Florida beauty in this park really gives our community a healthy space to get outdoors and experience what Fort Pierce has to offer.

I know these types of projects are not easy to tackle. I can speak for most of our club when I say THANK YOU, from the bottom of our hearts.

Kind regards,

Rudy Lopez
