City Commission
Fort Pierce

Madame Mayor, Commissioners and Members at the dais:

The FPPD Centennial Committee would like to extend our deepest thanks to the City of Fort Pierce, Public Works, Fort Pierce Utilities Authority and Causeway Cove Marina for all of the help they gave our committee for the "Back the Blue" celebration. Their support helped to make this a solid tribute to not only the Fort Pierce Police Department but also the first responders within our community. Many of our local residents and businesses also contributed to our success, making this a true show of broad community support.

Thank you from the FPPD Centennial Committee
