Subject: Herbert Cunningham - a Fort Pierce Ambassador!

Dear Fort Pierce Public Works,

Today, I took my regular morning walk through Jaycee Park and ran into Mr. Herbert Cunningham. What a delightful encounter! We shared stories about our families while taking in the ocean breeze. We both agreed that Fort Pierce is the most beautiful, affordable place to live in Florida and are blessed to be here.

I walk through this park on a regular basis and the Public Works Department never fails to keep it looking great. Thank you for all that your staff do!
