

To the Ft. Pierce police night-shift officers,

I appreciate the night-shift for their professionalism and help prior to the new noise ordinance. I'll paraphrase a quote from Martin Luther King Jr. saying: Only in darkness, one could be able to see stars. The night-shift officers are stars. You **The Stars** helped me and me assisting my mom to solve our extremely loud noise issues favorably. Our brighter quality of life at night is due to your help. Thank you.

With respect,

Darryl Epps
