Dear Representative Dana Trabulsy,

On behalf of the citizens of Fort Pierce and the City Commission, I would like to express our gratitude to you for your support of the \$1.5 million appropriation request for the Avenue D Road Improvement Project. We were excited to receive the announcement that the project would obtain funding as part of the budget signed by Governor Ron DeSantis.

The proposed improvements are critical to our residents living in two of the City's oldest historic districts, Lincoln Park and Edgartown, with regard to their connectivity, economic vitality, and quality of life. The \$3,000,000 project spans 1.84 miles from North 29<sup>th</sup> Street east to Indian River Drive and is expected to be completed in July 2024.

With Fort Pierce evolving as a desired tourist and sports destination, this project represents a significant investment in our local transportation needs that will positively impact our citizens, the countless visitors to our beautiful City, and the great State of Florida.

Thank you for your leadership and for everything you do for our community and our state. Your service to the public does not go unnoticed or unappreciated.

Sincerely,

Linda Hudson  
Mayor
