Why do you want to be involved in the City of Fort Pierce Youth Council?

I would like to represent and act as a voice on behalf of the youth in our community. I feel that there are so many improvements that could be done and this is where to start.

Describe your ideas and goals for this Council and how they can benefit the Community.

one idea that I had was hosting events such as fundraisers and donating the proceeds to non-profit organizations or investing in small businesses around the city. Another idea would be to hand out jackets and other articles of clothing that are essential during the winter season to people who may be less fortunate.

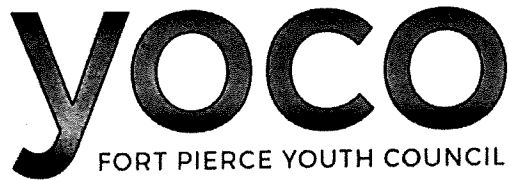

If you could change one thing about this City, what would that be and why?

One thing that I would root for is cleaner sidewalks and roads. something as simple as this can make the city so much more beautiful.

What are you passionate about?

I am passionate about providing a safe and clean environment for everyone in the community. I want to help pave the future of my hometown, the city of Fort Pierce.
