Subject: RE: 11th-Boston-Preston Roadway Reconstruction - City of Fort Pierce

Selena, thank you! The Short Form Assignment Letter looks good. It is approved as to form and correctness for signature. I suggest you place this on the Agenda with the Commission for approval prior to the Specific Authorization being approved. It can be the same night. Just have them address the Assignment before the Specific Authorization. I would not attach all of the bank information, though. Just the Short Form Assignment Letter.

Please let me know if you all need anything else from me!
Sara

Good Afternoon Ladies,

The consultant sent the attached document. Is this sufficient information to transfer the existing contract from Cardno to Stantec?

Selena Griffett PE | Project Engineer | City of Fort Pierce
Engineering Department
Phone: 772.467.3780 Cell: 772.519.1081 Fax: 772.460.6847 100 North U.S. 1 Fort Pierce

Subject: RE: 11th-Boston-Preston Roadway Reconstruction - City of Fort Pierce

Thank you, all!

From reviewing the documents, it looks like shares were sold and then Cardno merged into Stantec. It seems like we want to continue on with Stantec at this point. I would suggest we execute an assignment of the Agreement with Cardno to Stantec, to keep a clean record. Stantec should have this available given the sell/merger. If not, I can draft something for everyone to sign.

Please let me know how you all would like to proceed and if you have any questions!

Thanks!

Sara

Good Morning,

Attached please find documents relating to the transaction of Cardno into Stantec.

The City has a Continuing Services Agreement (RFQ 2019-027) for Professional Engineering Services with Cardno. They are now part of Stantec.

Please let me know if the attached documents are what you all need for the changing the contract or if you need something else.

Thank you!

Jason,

Just wanted to give you an update. Jack approved the proposal and I submitted it for legal review. Once that has been complete, it will go to commission for approval. At this point, we both just need to be patient.

Hi Selena,

We have received the survey scope and fee update and attached is the revised package. We have reduced the design fees based on our negotiations on 6/22/23 and added the legal descriptions and sketches for the school property. If you need anything else, please do not hesitate to reach out.

Thank you.

Hi Selena,

I thought we had legal descriptions and sketches to be included but I don't see it in their proposal. Let me reach out and request them to update their proposal. Once I receive it, I'll package everything up with our changes and resubmit.

Thank you.

Good Afternoon Jason,

I apologize for taking so long to reach out to you for this project.

I'm attaching some markups of your scope and fee proposal for reference. I think we need to refine the scope a bit to bring some of the costs down.

After you've had a chance to review my markups, lets schedule call to further discuss the City's needs and how we make this work.

Thanks again for your patience.

Hi Selena,

Attached is our scope and fee for the Roadway Improvements along 11th, Boston, and Preston. Sorry for the delay but finding a survey sub with immediate availability was difficult. Please let me know if you want to set up a call to go over the details.

Thank you again for the opportunity to serve the City!
