## **ENVIRONMENTAL STUDY**

Being the pre-development orders, the proposed Zoning Atlas Map Amendment and the Future Land Use Map amendment do not have information required to calculate the environmental impact.

The Environmental Impact Report (EIR) must be provided with a development order (minor or major site plan).

## **TRANSPORTATION DEMAND ANALYSIS**

As they are pre-development orders, the Future Land Use Map Amendment and the Zoning Atlas Map Amendment lack the data necessary to determine the impact (LOS change, newly generated AADT and AM/PM Peak Hours Trips volumes, etc.) as well as the data necessary to verify that the design criteria have been met (street widths and right-of-way design standards, traffic control device implementation and placement, etc.).

Any future development order (minor or major site plan) will be accompanied with a transportation demand analysis.
