Even though I am only currently partaking in two clubs, I submitted an application to join the National Honor Society.

Why do you want to be involved in the City of Fort Pierce Youth Council?

I want to become a member of YOCO to share ideas, strengthen my collaboration skills, and to have a part in improving the lives of the people in this special community.

Describe your ideas and goals for this Council and how they can benefit the Community.

One particular goal I had in mind was to plan and execute more funding events. These events could fund money for more volunteering events to help the Fort Pierce community.

If you could change one thing about this City, what would that be and why?

If I could change one thing about Fort Pierce it would be the high and increasing rates of homelessness.

What are you passionate about?

All my life I've been immensely passionate about writing and the power, and art of words. I believe that writing can improve lives, change mindsets, and shape communities.

This letter is to highlight the strengths and attributes of my former student Elizabeth. In class Elizabeth was the most respectful student who had no quit in her heart. Elizabeth's passion and bright attitude were always a pleasure to work with. Elizabeth is the type of pure heart that you see and want to do everything to protect, nurture, and provide the absolute best. It is these qualities that we need in our future leaders. When we talk about the quality of people, that we must have in society to keep our future country in good hands, we need Elizabeth! I would recommend her for every scholarship and opportunity that comes her way.
