Having over 7 years of experience with traveling/mural installation and being an art studio manager/owner, I am drawn to the project's invitation to capture the dynamic essence of Fort Pierce—its rich diversity, vibrant community, and the ever-evolving spirit of the city. My approach will embrace the bold energy of Fort Pierce, while also honoring the nuanced stories that shape its identity. By incorporating unexpected color palettes, abstract forms, and elements from local culture, my vision will allow viewers to create a rich narrative of their own.

For over two decades, I have dedicated my craft to creating large-scale murals that blend realism with storytelling, transforming public spaces into meaningful works of art. My passion lies in capturing the essence of a place, its history, people, and natural surroundings, while evoking a sense of pride and connection within the community. For the Fort Pierce City Hall Mural, my goal is to create a piece that embodies the unique identity of Fort Pierce, celebrating its stunning coastal landscapes, diverse wildlife, and unwavering commitment to progress. Through a balance of rich detail and dynamic composition, the artwork will reflect both the city's natural beauty and its forward momentum, serving as a visual representation of growth, resilience, and innovation. Installed at the heart of City Hall, this mural will serve as a welcoming and inspiring presence for residents, visitors, and city leaders.

Hello, I'm Ann Marie Vadala. I have been blessed with a natural gift to create Art. My passion truly lies in the happiness my work brings to people. I love bringing their visions to reality. I currently reside in both Orange City, Florida and Las Vegas, Nevada.. My experience dates back 30 years and I have worked on about every casino/hotel in Las Vegas, I also was lead scenic artist for Disney. My portfolio includes work in NYC, California, Florida, USVI, Portland and more. My heart belongs to the beach and marine life! I love scuba diving, boating and anything involving a beach. I tried to tie some fun , nature and calmness along with a little element of the city seal in my conceptual images. One is a simple version of the other. I am always open to input too. I can recreate any image I am given. Mt husband and adult kids jump in and help out on many occasions. We like to keep the family business going. I look forward to working with you!

I, Sitki Doğan, as a painter, express the theme of "The Relationship between Humanity and Nature" in my work "Soul of Fort Pierce" by blending it with the vibrant colors and symbols of this beautiful Florida city. In my work "Soul of Fort Pierce", complex city plans reflecting the historical texture of the city, lush palm trees symbolizing its tropical climate and elegant sailboats representing its maritime heritage come together. The magnificent peacock figure at the heart of the work rises as a symbol of Fort Pierce's natural beauty, diversity and free spirit. Each color tone and each brush stroke reflects Fort Pierce's unique atmosphere and my deep admiration for this city. Through the symbols I use in my work "Soul of Fort Pierce", I invite the viewer to get to know this city better and protect its natural beauties. My aim is to emphasize the value of Fort Pierce with my art, to encourage people to live in harmony with nature and to tell the story of this unique city.

Biophilic concepts abound in my work. I draw inspiration from the Mira Calligraphiae Monumenta, a unique collaboration of masterful calligraphy and biological illuminations. My work focuses on macroscopic plant and monumental animal life in magical environments. I fill spaces with botanical imagery offering the viewer insight into their organic architecture. Native flora and fauna intertwine demonstrating natural cycles. While this informs much of my work, I am continuously collaborating with my patrons to curate new and unique artworks for private and public display. I am fascinated by the character of Fort Pierce and look forward to the opportunity for further exploration!

My name is Tricia Harvey, I moved to Fort Pierce in March from California and I am a mural artist for 35+ years. My name is Tricia Harvey. I am an artist specializing in murals, namely Trompe L'oeil. I also do a variety of art forms, including canvas work, furniture, specialty finishes, color matching, painting on vehicles/glass, pet portraits -all in a myriad of mediums, but my favorite medium of choice is acrylic and water-based paint. I have been fortunate to paint meals in Georgia, where my business started, Ohio, New York, Florida, Texas, and for the last 25 years most of my work has been in California, where we resided. March 2024 my husband and I moved here to Fort Pierce full-time. I have had a few art projects in Vero Beach and a couple here where I am looking forward to putting my signature around this fun art town.
