**SUBJECT: Notice of Award**
**Bid No. 2025-008 – Little Jim Camp Sanitary Improvements**

Dear Mr. Wheaton:

The Commission of the City of Fort Pierce met in regular session, Monday, April 7, 2025, and awarded subject bid to your firm, in the amount of $390,648.22.

Please take the following actions:

1. Execute and notarize this Award Letter
2. Execute the Agreement (please ensure to complete item 9-F, page 12).
3. Furnish the required Performance and Payment Bonds.
4. Completion of required form Affidavit Regarding the Use Coercion for Labor or Services.
5. We kindly request an updated Certificate of Liability, Property Damage, and Workers' Compensation in accordance with Article 17 of the contract. The City's Risk Manager has reviewed the certificate of insurance included in your bid response, and we've identified a few areas for improvement. Below are the items that need to be addressed:

   **Under General Liability**:
   1. The Personal & Advertising limits should be $2 million.
   2. The limits for each Occurrence should be $2 million.

   **We will need a copy of the actual endorsement issued to the policy, Form CG 20 10, which affords the required additional insured coverage and a copy of the actual notice of cancellation endorsement issued to the policy that provides the City with no less than thirty (30) days advance written notice for any change, cancellation, or non-renewal of the policy. Certificates of Insurance must be completed as follows: Certificate Holder–City of Fort Pierce, Attn: Purchasing Department, P.O. Box 1480, Fort Pierce, FL 34954-1480; Additional Insured for General Liability - City of Fort Pierce and its board members, officials, officers and employees.**

6. **Return documents enclosed within five (5) days after receipt, via email to:**

## AGREEMENT

**THIS AGREEMENT** (hereinafter the "Agreement" or "Contract") entered into this _____day of _____, 2025 by and between the **CITY OF FORT PIERCE, FLORIDA**, a municipal corporation (hereinafter the "CITY"), and **R.K. CONTRACTORS, INC.** a **FLORIDA PROFIT** corporation, with its principal address at **1720 Copenhaver Road, Fort Pierce, FL 34945** (hereinafter "CONTRACTOR").

## WITNESSETH:

**WHEREAS**, the CITY wishes to contract for the project identified as **Little Jim Camp Sanitary Improvements, Bid No. 2025-008, Fort Pierce, Florida**, and

**WHEREAS**, the CONTRACTOR has represented to the CITY that its staff is qualified to provide the Work required in this Agreement in a professional and timely manner, and

**WHEREAS**, the CITY has relied upon the above representations by the CONTRACTOR, and

**WHEREAS**, the CITY's Representative and the City Engineer have recommended that an agreement for aforesaid construction be entered into with the CONTRACTOR.

**NOW, THEREFORE**, for and in consideration of these premises, of the mutual covenants herein set forth, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

## ARTICLE 1
## DOCUMENTS INCORPORATED BY REFERENCE

This Contract includes construction of a sanitary sewerage system complete with an on-site grinder lift station (complete) and 230 LF of 6"/8" PVC sanitary sewer service, 617 LF of 2" force main installed via direction drill from the Little Jim Camp site to the Stan Blum Boat Launch, and a 1" water service. The Contract includes the construction drawings and the following:

1. Exhibit "A" - Invitation to Bid No. 2025-008
2. Exhibit "B" - Instructions to Bidders
3. Exhibit "C" - Technical Specifications
4. Exhibit "D" - Bid Forms
5. Exhibit "E" - General Conditions

All of which are hereby incorporated herein by reference and made a part hereof (hereinafter collectively referred to as the "Contract" or "Contract Documents"). Change Orders issued hereafter, Construction Change Directives, a Direction for a Minor Modification in the Work issued by the CITY, and any other amendments executed by the CITY and the CONTRACTOR shall become and be a part of this Contract. Documents not included or expressly contemplated in this Article 1 do not, and

shall not, form any part of this Contract. The Contract Documents are intended to be complementary, and a requirement in one document shall be deemed to be required in all documents. Where terms found in Exhibit "E," "General Conditions," conflict with Contract terms, the Contract terms shall prevail.

## ARTICLE 2
## REPRESENTATIONS OF THE CONTRACTOR

In order to induce the CITY to execute this Contract and recognizing that the CITY is relying thereon, the CONTRACTOR, by executing this Contract, makes the following express representations to the CITY:

2(A) The CONTRACTOR is fully qualified to act as the general contractor for the Project and has, and shall maintain, any and all licenses, permits, or other authorizations necessary to act as the general contractor for, and to construct the Project.

2(B) The CONTRACTOR has become familiar with the Project site and the local conditions under which the Project is to be constructed and operated.

2(C) The CONTRACTOR has received, reviewed, and examined all of the documents which make up this Contract, including, but not limited to all plans and specifications, and has found them to the best of its knowledge, to be complete, accurate, adequate, consistent, coordinated, and sufficient for construction.

## ARTICLE 3
## INTENT AND INTERPRETATION

With respect to the intent and interpretation of this Contract, the CITY and the CONTRACTOR agree as follows:

3(A) This Contract (along with its exhibits), together with the CONTRACTOR's and Surety's performance and payment bonds for the Project constitute the entire and exclusive agreements between the parties with reference to the Project, and said Contract supersedes any and all prior discussions, communications, representations, understandings, negotiations, or agreements.

3(B) Anything that may be required, implied, or reasonably inferred by the documents which make up this Contract, or any one or more of them, shall be provided by the CONTRACTOR for the Contract Price.

3(C) Nothing contained in this Contract shall create, nor be interpreted to create, privity, or any other relationship whatsoever between the CITY and any person except the CONTRACTOR.

3(D) When a word, term, or phrase is used in this Contract, it shall be interpreted or construed first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage.

3(E) Wherever this Contract calls for "strict" compliance or conformance with the Contract Documents as to matters other than compliance with time limits, providing an updated schedule, and claim and change order procedures, the term shall mean within tolerances as described specifically in the Contract Documents, or if not specifically described, within industry standards and tolerances for deviation for the specific item or procedure in question.

3(F) The words "include," "includes," or "including," as used in this Contract, shall be deemed to be followed by the phrase, "without limitation."

3(G) The listing herein of any items as constituting a material breach of this Contract shall not imply that any other, non-listed item will not constitute a material breach of this Contract.

3(H) The CONTRACTOR shall have a continuing duty to read, examine, review, compare and contrast each of the documents which make up this Contract, shop drawings, and other submittals and shall give written notice to the CITY of any conflict, ambiguity, error, or omission which the CONTRACTOR may find with respect to these documents, before proceeding with the affected Work. The express or implied approval by the City Engineer of any shop drawings or other submittals shall not relieve the CONTRACTOR of the continuing duties imposed hereby, nor shall any such approval be evidence of the CONTRACTOR's compliance with this Contract. The CITY has prepared documents for the Project, including the plans and specifications for the Project, which are accurate, adequate, consistent, coordinated, and sufficient for construction. The CONTRACTOR shall not be liable to the CITY for damage resulting from errors, inconsistencies, or omissions in the Contract Documents unless the CONTRACTOR recognized, or reasonably should have recognized, such error, inconsistency or omission and knowingly failed to report it to the CITY or City Engineer or his designee. If the CONTRACTOR performs any activity knowing it involves an error, inconsistency or omission which was recognized, obvious, or reasonably should have been recognized, without such notice to the CITY, the CONTRACTOR shall assume responsibility for such performance and shall bear the costs for correction.

3(I) In the event of any conflict, discrepancy, or inconsistency among any of the documents which make up this Contract, the following shall control:

(1) As between this document and the plans or specifications, this document shall govern.

(2) In the case of any conflict, discrepancy or inconsistency among any of the other Contract documents, the CONTRACTOR shall notify the CITY immediately upon discovery of same for resolution.

## ARTICLE 4
## CONTRACTOR'S PERFORMANCE

The CONTRACTOR shall perform all of the Work required, implied, or reasonably inferable from this Contract including, but not limited to, the following:

4(A) The CONTRACTOR will complete the entire Work described in the Contract Documents,

except as specifically identified therein as the Work of other parties, in accordance with the terms herein, all as may be amended from time to time.

4(B) The furnishing of any and all required surety bonds and insurance certificate(s) and endorsement(s) to the CITY.

4(C) The provision or furnishing, and prompt payment therefore, of labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, disposal, power, fuel, heat, light, cooling, or other utilities, required for construction and all necessary building permits and other permits or licenses required for the construction of the Project.

4(D) The creation and maintenance of a detailed and comprehensive copy of the drawings, specifications, addenda, change orders and other modifications depicting all as-built construction. Said items shall be submitted to the CITY, along with other required submittals upon Completion of the Project, and receipt of same by the CITY shall be a condition precedent to final payment to the CONTRACTOR. The CONTRACTOR shall prepare and submit final as-built drawings to the CITY.

## ARTICLE 5
## TIME FOR CONTRACTOR'S PERFORMANCE; DELAYS

5(A) The CONTRACTOR shall commence the performance of this Contract on the date set forth in the Notice to Proceed issued by the City Engineer and shall diligently continue its performance to and until Completion of the Project. **The CONTRACTOR shall accomplish Substantial Completion within one hundred and fifty (150) calendar days and Final Completion in one hundred and eighty (180) calendar days as specified on the Notice to Proceed (sometimes hereinafter referred to as the "Contract Time").** By signing this Contract, the CONTRACTOR agrees that the Contract Time is a reasonable time for accomplishing Completion of the Project. There will be no monetary early completion incentive. The CONTRACTOR shall submit an initial progress schedule, as described in Exhibit "C", "Technical Specifications".

5(B) The CONTRACTOR shall pay the CITY the sum of **$500.00** per day for each and every calendar day of unexcused delays in achieving Substantial Completion beyond the date set forth herein for Substantial Completion. Any sums due and payable hereunder by the CONTRACTOR shall be payable, not as a penalty, but as liquidated damages representing an estimate of delay damages likely to be sustained by the CITY, estimated at the time of executing this Contract. When the CITY reasonably believes that Substantial Completion will be inexcusably delayed, the CITY shall be entitled, but not required, to withhold from any amounts otherwise due the CONTRACTOR an amount then believed by the CITY to be adequate to recover liquidated damages applicable to such delays. If and when the CONTRACTOR overcomes the delay in achieving Substantial Completion, or any part thereof, for which the CITY has withheld payment, the CITY shall promptly release to the CONTRACTOR those funds withheld, but no longer applicable, as liquidated damages.

5(C) The term "Substantial Completion," as used herein, shall mean that point at which, as certified in writing by the CONTRACTOR and approved by the CITY, the Project is at a level of completion in strict compliance with this Contract such that the CITY or its designees can enjoy beneficial use or occupancy and can legally occupy, use or operate it in all respects, for its intended purpose. Partial use or occupancy of the Project shall not result in the Project being deemed

"substantially complete," and such partial use or occupancy shall not be evidence of Substantial Completion.

5(D) All limitations of time set forth herein are material and are of the essence of this Contract.

5(E) CONTRACTOR agrees to punctually and diligently perform all parts of the Work at the time scheduled as provided herein. In this connection, CONTRACTOR agrees that it will keep himself continually informed of the progress of the job and will, upon its own initiative, confer with the CITY, City Engineer or his designee, so as to plan its Work in coordinated sequence with the Work of the CITY and of others and so as to be able to expeditiously undertake and perform its Work at the time most beneficial to the entire Project. The CONTRACTOR will be liable for any loss, costs, or damages sustained by the CITY for delays in performing the Work herein, other than for excusable delays, as set forth in 5(F) below, for which CONTRACTOR may be granted a reasonable extension of time.

5(F) If the CONTRACTOR is delayed at any time in the progress of the Work by any separate contractor employed by the CITY, changes in the Work, labor disputes, fire, unusual delay in transportation, unusually severe weather conditions, unavoidable casualties, delays specifically authorized by the CITY, or by causes beyond the CONTRACTOR's control, avoidance, or mitigation, and without the fault or negligence of the CONTRACTOR and/or subcontractor or supplier at any tier, then the Contract Time shall be extended by Change Order for such reasonable time, if any, as the CITY may determine that such event has delayed the progress of the Work, or overall completion of the Work if the CONTRACTOR complies with the notice and documentation requirements set forth herein.

If the CONTRACTOR is delayed, obstructed, hindered, or interrupted for a period of time exceeding seven (7) consecutive calendar days by any act or neglect of the CITY, an adjustment shall be made for any increase in the direct cost of performance of this Contract (excluding profit, extended home office overhead, incidental or consequential damages, or disruption damages) and the Contract modified in writing accordingly. Delays without compensation to the CONTRACTOR as a direct result of an act or neglect of the CITY or City Engineer cannot exceed forty-five (45) days in the aggregate over the term of the project. The CONTRACTOR must assert its right under this Article by giving written notice to the CITY, with a copy to the City Engineer, within ten (10) calendar days of the beginning of a delay, obstruction, hindrance, or interruption by the CITY. No adjustment shall be made for any delay, obstruction, hindrance, or interruption after final payment under this contract or to the extent that performance would have been so delayed, obstructed, hindered, or interrupted by any other cause, including, but not limited to concurrent cause or fault or negligence of the CONTRACTOR, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Contract. The direct costs described above shall be limited to those direct costs attributable solely to this project, and shall be subject to documentation and verification of costs as required by the CITY. If unit prices are established in the Contract Documents or subsequently agreed upon, they shall form the basis for cost calculations under any claims for delay.

Any claim for extension of time shall be made in writing to the City Engineer, with a copy to the City Representative, not more than ten (10) calendar days from the beginning of the delay. The notice shall indicate the cause of delay upon the progress of Work. If the cause of the delay is continuing, the CONTRACTOR must give such written notice every ten (10) calendar days. Within ten (10) calendar days after the elimination of any such delay, the CONTRACTOR shall submit further documentation of

the delay and a formal Change Order request for an extension of time for such delay.

The written request for a time extension shall state the cause of the delay, the number of calendar days extension requested, and such analysis and other documentation as is reasonably requested by the City Engineer or his designee to demonstrate a delay in the progress of the Work or the overall project completion. If the CONTRACTOR does not comply with the above notice and documentation requirements, the claim for the delay shall be waived by the CONTRACTOR. The above notice and documentation requirements shall also be a condition precedent to the CONTRACTOR's entitlement to any extension of time.

Extensions of time will be the CONTRACTOR'S primary remedy for any and all delays, obstructions, hindrances, or interference. Payment or compensation, for direct costs only, as set forth above, may be made to the CONTRACTOR for hindrances or delays solely caused by the CITY if such delays or hindrances are within the CITY's ability to control and are not partially caused by the CONTRACTOR or any of its agents, subcontractors, or others for whom it is responsible. No payment or compensation will be made for interference, obstructions, hindrances, or delays which are not solely caused by the CITY or which arise from the CITY's actions under Article 8.

Without limitation, the CITY's exercise of its rights under the changes clause, regardless of the extent or number of such changes, or the CITY's exercise of any of its remedies or any requirement to correct or re-execute defective Work, shall not under any circumstances be construed as delays, hindrances, or interference compensable further than as described herein.

## ARTICLE 6
## CONTRACT PRICE AND CONTRACT PAYMENTS

6(A) **Based on Engineering Construction Drawings and Specifications, identified as Bid No. 2025-008, Little Jim Fish Camp Sanitary Improvements, all of which are hereby incorporated herein by reference and made a part hereof, the CONTRACTOR shall provide all labor and materials required to complete construction as prescribed in the aforementioned Drawings and Specifications, for the sum not to exceed: $390,648.22 – Three Hundred Ninety Thousand Six Hundred Forty-Eight Dollars and Twenty-Two Cents, hereinafter the "Contract Amount" or "Contract Price"**

6(B) Prior to review of the first payment request, the CONTRACTOR must submit to the CITY and receive the CITY's approval for the schedule of values apportioning the entire Contract Amount among the different elements of the Project (hereinafter the "Schedule of Values") for purposes of periodic and final payment. The Schedule of Values shall be presented in whatever format, with such detail including labor and material breakout, and backed up with whatever supporting information the CITY requests (see also the specifications for additional information). The CONTRACTOR shall not imbalance its Schedule of Values nor artificially inflate any element thereof. The violation of this provision by the CONTRACTOR shall constitute a material breach of this Contract. The Schedule of Values will be utilized for the CONTRACTOR's Payment Requests but shall only be so utilized after it has been approved in writing by the CITY.

6(C) Upon receipt of a proper Payment Request, the City shall make payment within twenty (20) business days. If there is a dispute as to the Payment Request, the City shall notify the CONTRACTOR in writing, commence the dispute resolution within thirty (30) days,

and conclude the final decision within forty-five (45) days. Said Payment Request shall be in such format and include whatever supporting information as may be required by the City Engineer or his designee.

Therein, the CONTRACTOR may request payment for ninety-five percent (95%) of that part of the Contract Amount allocable to Contract requirements properly provided, labor, materials, and equipment properly incorporated in the Project, and materials or equipment necessary for the Project and properly stored at the Project site, or elsewhere if offsite storage is approved in writing by the City Engineer, less the total amount of previous payments received from the CITY. Payment for materials stored offsite shall be at the discretion of the CITY and if approved, the CONTRACTOR shall provide appropriate documentation to substantiate materials are stored in a bonded warehouse or facility, title or other proof of ownership has been transferred to the CITY, and that materials have been purchased and paid for by the CONTRACTOR. Copies of paid invoices must be submitted to the City Engineer with Payment Request. Risk of loss shall be borne by, and insurance must be provided by the CONTRACTOR while in storage and in transit. Hard cost of Builders Risk Insurance to be paid by CONTRACTOR and such cost is not subject to CONTRACTOR's fee.

Amounts reflected in Change Orders may be included in Payment Requests to the extent they are not in dispute and subject to final approval of cost to the CITY for such changes in the Work.

Each Payment Request shall be signed by the CONTRACTOR and shall constitute the CONTRACTOR's representation that the quantity of Work has reached the level for which payment is requested, that the Work has been properly installed or performed in strict compliance with this Contract, and that the CONTRACTOR knows of no reason why payment should not be made as requested.

Thereafter, the City Engineer shall review the Payment Request and may also review the Work at the project site or elsewhere to determine whether the quantity and quality of the Work is as represented in the Payment Request and is as required by this Contract. The amount of each such payment shall be the amount approved for payment by the City Engineer, less such amounts, if any, otherwise owing by the CONTRACTOR to the CITY or which the CITY shall have the right to withhold as authorized by this Contract, subject to approval by the CITY. Approval of the CONTRACTOR's Payment Requests shall not preclude the CITY from the exercise of any of its rights as set forth herein.

The submission by the CONTRACTOR of a Payment Request also constitutes an affirmative representation and warranty that all Work for which the CITY has previously paid is free and clear of any lien, claim, or other encumbrance of any person whatsoever. As a condition precedent to payment, the CONTRACTOR shall, as required by the CITY, also furnish to the City Engineer properly executed waivers of lien or claim, in a form acceptable to the CITY, from all subcontractors, material, men, suppliers or others having lien or claim rights, wherein said subcontractors, material, men, suppliers or others having lien or claim rights, shall acknowledge receipt of all sums due pursuant to all prior Payment Requests and waive and relinquish any liens, lien rights or other claims relating to the Project site. Furthermore, the CONTRACTOR warrants and represents that, upon payment of the Payment Request submitted, title to all Work included in such payment shall be vested in the CITY, even though responsibility for the care and maintenance of said Work rests with CONTRACTOR until Substantial Completion of contracted Project.

6(D) When payment is received from the CITY, the CONTRACTOR shall promptly pay all subcontractors, material men, laborers, and suppliers the amounts they are due for the Work covered by such payment.

6(E) Neither payment to the CONTRACTOR, utilization of the Project for any purpose by the CITY, nor any other act or omission by the CITY shall be interpreted or construed as an acceptance of any Work of the CONTRACTOR not strictly in compliance with this Contract.

After written notice to the CONTRACTOR and a reasonable opportunity to cure, the CITY shall have the right to refuse to make payment, in whole or in part, and, if necessary may demand the return of a portion or the entire amount previously paid to the CONTRACTOR due to:

(1) The quality of a portion, or all, of the CONTRACTOR's Work not being in requirements of this Contract; or
(2) The quantity of the CONTRACTOR's Work not being as represented in the CONTRACTOR's Payment Request, or otherwise; or
(3) The CONTRACTOR's rate of progress being such that, in the opinion of the City Engineer or his designee, Substantial Completion may be inexcusably delayed; or
(4) The CONTRACTOR's failure to use Contract funds, previously paid the CONTRACTOR by the CITY to pay CONTRACTOR's project-related obligations including, but not limited to, subcontractors, laborers, and material and equipment suppliers; or
(5) Claims made, or likely to be made, against the CITY or its property for which the CONTRACTOR or its agents or subcontractors or others for whom it is responsible are, or reasonably appear to be at fault; or
(6) Loss caused by the CONTRACTOR; or
(7) The CONTRACTOR's failure or refusal to perform any of its obligations to the CITY after written notice and a reasonable opportunity to cure as set forth above.

In the event that the CITY makes written demand upon the CONTRACTOR for amounts previously paid by the CITY as contemplated in this Subarticle 6(E), the CONTRACTOR shall promptly comply with such demand. The CITY's rights hereunder survive the term of this Contract, are not waived by final payment and/or acceptance, and are in addition to CONTRACTOR's obligations in Article 14 and elsewhere herein.

6(F) When the CONTRACTOR believes that Substantial Completion has been achieved, the CONTRACTOR shall notify the CITY in writing and shall furnish a listing of those matters yet to be finished. The City Engineer or his designee will thereupon conduct a site review to confirm that the Work is in fact substantially complete. Upon confirmation that the CONTRACTOR's Work is substantially complete, the City Engineer or his designee will therein set forth the date of Substantial Completion for approval. After approval the CITY will so notify the CONTRACTOR. If the City Engineer or his designee, through his review, fails to find that the CONTRACTOR's Work is substantially complete, and is required to repeat all, or any portion, of its Substantial Completion review, the CONTRACTOR shall bear the cost of such repeat site review(s) which cost may be deducted by the CITY from any payment then or thereafter due to the CONTRACTOR.

Guarantees and equipment warranties required by this Contract shall commence on the date of Substantial Completion.

Upon Substantial Completion, the CITY shall pay the CONTRACTOR an amount sufficient to increase total payments to the CONTRACTOR to one hundred percent (100%) of the Contract Amount less any amounts attributable to damages, and less one hundred fifty percent (150%) of the costs, as reasonably determined by the CITY for completing all incomplete Work, correcting, and bringing into conformance all defective and nonconforming Work, and handling any outstanding or threatened claims. Such a calculation by the City Engineer of costs for completing all incomplete Work, correcting and bringing into conformance all defective and nonconforming Work, and handling any outstanding or threatened claims shall not bar the CITY from exercise of its rights elsewhere herein, in Article 16 below, or otherwise as provided by law for any incomplete, defective, or nonconforming Work or claims which are discovered by the CITY after the date of making such calculation or after the date of any partial or final payment, whether or not such incomplete, defective or nonconforming Work or claims were obvious or should have been discovered earlier.

6(G) When the Project is complete and the CONTRACTOR is ready for a final review, they shall notify the CITY Engineer and the CITY Representative thereof in writing. Thereupon, the City Engineer or City Representative will perform a final inspection of the Project. If the City Engineer concurs that the Project is complete and in full accordance with this Contract and that the CONTRACTOR has performed all of their obligations to the CITY hereunder, the CONTRACTOR will furnish a final Request for Payment to the CITY certifying to the CITY that the Project is complete and the CONTRACTOR is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the City Engineer is unable to issue his final Approval for Payment and is required to repeat the final inspection of the Project, the CONTRACTOR shall bear the cost of such repeat inspection(s), which costs may be deducted by the CITY from the CONTRACTOR's final payment.

6(H) In addition to other remedies of the CITY, actual damages may be withheld or collected for failure to meet the date for final completion as set forth in Article 5 above and elsewhere herein.

6(I) The CITY shall, subject to its rights set forth in Subarticle 6 above, endeavor to make final payment of all sums due the CONTRACTOR within thirty (30) calendar days of the final Request for Payment, with the exception of items in dispute or concerning which the City Engineer has exercised any of his rights to investigate or remove.

## ARTICLE 7
## INFORMATION AND MATERIAL SUPPLIED BY THE CITY

7(A)(i) The CITY shall furnish to the CONTRACTOR, prior to the execution of this Contract, any and all written and tangible material in its possession concerning existing site conditions within the limits of the Project. Such written and tangible material is furnished to the CONTRACTOR only in order to make complete disclosure of such material as being in the possession of the CITY and for no other purpose. By furnishing such material, the CITY does not represent, warrant, or guarantee its accuracy either in whole, in part, implicitly or explicitly, or at all.

7(A)(ii)(a) Differing Site Conditions: The CONTRACTOR shall promptly, and before such conditions are disturbed, notify the City Engineer in writing of : (1) subsurface or latent physical

conditions at the site differing materially from those indicated in the contract, or (2) unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inhering in Work of the character provided for in this contract. The City Engineer or his designee shall investigate the conditions, and if it is discovered that such conditions do materially so differ and cause an increase or decrease in the CONTRACTOR's cost of, or the time required for, performance of any part of the Work under this Contract, whether or not changed as a result of such conditions, an adjustment shall be made, through negotiation and mutual agreement, and the contract modified in writing accordingly.

7(A)(ii)(b) No claim of the CONTRACTOR under this clause shall be allowed unless the CONTRACTOR has given the notice required herein: provided, however, the time prescribed therefore may be extended by the CITY.

7(A)(ii)(c) No claim by the CONTRACTOR for an adjustment hereunder shall be allowed if asserted after final payment under this Contract.

7(B) The CONTRACTOR is responsible for obtaining ALL permits and paying all fees required of the CONTRACTOR by this Contract or permits and fees customarily the responsibility of the CONTRACTOR. The CONTRACTOR shall coordinate with the CITY and all other authorities having jurisdiction.

7(C) The City Manager and the City Engineer or his designee shall be the sole authorized representatives of the CITY. Other than in matters of public safety or in time of natural disaster or crisis, the CONTRACTOR shall not take direction or act upon information from any City personnel other than the City's authorized representative(s). This provision shall in no way limit the authority of the Procurement Director as described herein or of the City Attorney's Office or Building Department.

## ARTICLE 8
## CEASE AND DESIST ORDER OWNER'S RIGHT TO PERFORM WORK

8(A) In the event the CONTRACTOR fails or refuses to perform the Work, or any separable part thereof, as required herein, or with the diligence that will ensure its proper, timely completion in accordance with the Contract Documents, the City Engineer may instruct the CONTRACTOR, by written notice, to cease and desist further Work, in whole or in part, or to correct deficient Work. Upon receipt of such instruction, the CONTRACTOR shall immediately cease and desist, or proceed, as instructed by the CITY. In the event the City Engineer issues such instructions to cease and desist, the CONTRACTOR must, within seven (7) calendar days of receipt of the City Engineer's instructions, provide a written, verified plan to eliminate or correct the cause of the City Engineer's order, which plan appears to the City Engineer to be reasonable, actually attainable and in good faith. In the event that the CONTRACTOR fails and/or refuses to provide such a plan or diligently execute an approved plan, then the CITY shall have the right, but not the obligation, to subcontract the Work, or any portion thereof, with its own forces, or with the forces of another contractor, and the CONTRACTOR shall be fully responsible and liable for the costs of the CITY performing such Work, which costs may be withheld from amounts due to the CONTRACTOR from the CITY. The rights set forth herein are in addition to, and without prejudice to, any other rights or remedies the CITY may have against the CONTRACTOR.

If Work completed by the CITY or other contractors affects, relates to, is to be attached onto or

extended by later Work of the CONTRACTOR, the CONTRACTOR shall, prior to proceeding with the later Work, and to the extent visible, report any apparent defects or variance from the Contract requirements which would render the CONTRACTOR's later Work not in compliance with the Contract requirements or defective or not in compliance with warranties or other obligations of the CONTRACTOR hereunder.

8(B) The provisions of this Article shall be in addition to the CITY's ability to remove portions of the Work from this Contract and complete it separately.

## ARTICLE 9
## DUTIES, OBLIGATIONS, AND RESPONSIBILITIES OF THE CONTRACTOR

In addition to any and all other duties, obligations, and responsibilities of the CONTRACTOR set forth in the Contract Documents, the CONTRACTOR shall have and perform the following duties, obligations, and responsibilities to the CITY:

9(A) Reference is hereby made to the continuing duties set forth in Subarticle 3(H) which are by reference hereby incorporated in this Subarticle 9(A). The CONTRACTOR shall not perform Work without adequate plans and specifications, or without, as appropriate, approved shop drawings, or other submittals. If the CONTRACTOR performs Work knowing or believing, or if through exercise of reasonable diligence they should have known that such Work involves an error, inconsistency, or omission in the Contract without first providing written notice to the City Engineer, the CONTRACTOR shall be responsible for such Work and shall correct same bearing the costs set forth in Article 3(H) above.

9(B) All Work shall strictly conform to the requirements of this Contract. To that end, the CONTRACTOR shall be solely responsible for and have control over construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work, unless otherwise specified in the Contract Documents.

9(C) The Work shall be strictly supervised, the CONTRACTOR bearing full responsibility for any and all acts, errors, or omissions of those engaged in the Work on behalf of the CONTRACTOR, including, but not limited to, all subcontractors and their employees. The CONTRACTOR shall maintain an on-site superintendent while any portion of the Work is being performed.

9(D) The CONTRACTOR hereby warrants that all laborers furnished under this Contract shall be qualified and competent to perform the tasks undertaken, that the product of such labor shall yield only first-class results, that all materials and equipment provided shall be new (unless otherwise specified) and of high quality, that the completed Work will be complete, of high quality, without defects, and that all Work strictly complies with the requirements of this Contract. Any Work not strictly complying with the requirements of this Subarticle shall constitute a breach of this CONTRACTOR's warranty.

9(E) The CONTRACTOR will be responsible for acquiring the permit(s) and calling for routine inspections. The CONTRACTOR will cooperate with and abide by the decision of inspectors having jurisdiction. The CONTRACTOR shall comply with all legal requirements applicable to the Work.

9(F) The CONTRACTOR shall employ and maintain at the Project site only competent, qualified full time supervisory personnel, augmented with part-time and offsite supervision, to be identified in the approved general conditions. Key supervisory personnel assigned by the CONTRACTOR to this Project are as follows:

| NAME | FUNCTION |
|---|---|
| Randy Bowers | Project Manager |
| | |
| | |
| | |

If at any time the City Engineer or his designee reasonably determines that any employee of the CONTRACTOR is not properly performing the Work in the best interest of the project, or is hindering the progress of the Work, or is otherwise objectionable, the City Engineer shall so notify the CONTRACTOR, who shall replace the employee as soon as possible, at no increased cost to the CITY.

9(G) The CONTRACTOR must submit to the City Engineer and the City Representative the CONTRACTOR's schedule for completing the Work prior to submittal of the first application for payment. The CITY Engineer will not review any payment request until such schedule has been submitted and approved. Such schedule shall be in a form as specified in the Technical Specifications which shall provide for expeditious and practicable construction of the Project. The CONTRACTOR's schedule shall be updated no less frequently than monthly (unless the parties otherwise agree in writing) and shall be updated to reflect conditions encountered from time to time and shall apply to the total project. Each such revision shall be furnished to the City Engineer and the City Representative. Strict compliance with the requirements of this Subarticle 9(G) shall be a condition precedent to payment to the CONTRACTOR and failure by the CONTRACTOR to strictly comply with said requirements shall constitute a material breach of this Contract.

9(H) The CONTRACTOR shall keep an updated copy of the Contract Documents at the site. Additionally, the CONTRACTOR shall keep a copy of approved shop drawings and other submittals. All of these items shall be available to the City Engineer during all regular business hours.

9(I) Shop drawings and other such submittals from the CONTRACTOR do not constitute a part of the Contract. The CONTRACTOR shall not do any Work requiring shop drawings or other submittals unless such has been approved in writing by the City Engineer or as required by the Contract Documents. All Work requiring approved shop drawings or other submittals shall be done in strict compliance with such approved documents or Contract requirements. However, approval by the City Engineer shall not be evidence that Work installed pursuant thereto conforms with the requirements of this Contract and shall not relieve the CONTRACTOR of responsibility for deviations from the Contract unless the City Engineer has been specifically informed of the deviation by a writing incorporated in the submittals and has approved the deviation in writing.

The delivery of submittals shall constitute a representation by the CONTRACTOR that it has verified that the submittals meet the requirements of the Contract, or will do so, including field measurements, materials, and field construction criteria related thereto.

The City Engineer shall have no duty to review partial submittals or incomplete submittals. The CONTRACTOR shall have the duty to carefully review, inspect, examine, and physically stamp and

sign any and all submittals before submission of same to the City Engineer.

9(J) The CONTRACTOR shall maintain the Project site and adjacent areas affected by its Work and/or the acts of its employees, material, men, and subcontractors in a reasonably clean condition during performance of the Work. Upon Substantial Completion, the CONTRACTOR shall thoroughly clean the Project site of all debris, trash, and excess materials or equipment. If the CONTRACTOR fails to do so, the CITY may complete the cleanup, by its own forces or by separate contract, and shall be entitled to charge the CONTRACTOR for same through the collection or withholding of funds through the mechanisms provided elsewhere herein.

9(K) At all times relevant to this Contract, the CONTRACTOR shall permit the CITY and its consultants to enter upon the Project site and any offsite lay down areas, and to review or inspect the Work and any materials on any such site, without formality or other procedure.

9(L) The CONTRACTOR recognizes that the CITY may enter into other contracts to perform Work relating to the Project, or to complete portions of the Work itself, the CONTRACTOR shall ensure that its forces reasonably accommodate the forces of the CITY and other contractors hired by the CITY. The CONTRACTOR shall coordinate its schedule with the Work of other contractors. If the CONTRACTOR claims that delay or damage results from these actions of the CITY, it shall promptly submit a claim as provided herein.

9(M) PROTECTION OF PERSONS AND PROPERTY. It shall be the responsibility of the CONTRACTOR to initiate, continue, and supervise all safety programs and precautions in the performance of the terms of this Contract. The CONTRACTOR shall take reasonable precautions for the safety of, and shall provide reasonable protection to prevent damage, injury or loss to its employees, subcontractors' employees, employees of the CITY, and members of the public, the Work itself and unassembled components thereof, and other property at the site or adjacent thereto. As part of the CONTRACTOR's obligations hereunder, the CONTRACTOR shall erect and maintain safeguards, barriers, signs, warnings, etc.

With notice to the City Engineer, the CONTRACTOR shall promptly remedy loss or damage to the Work or any person or property described herein caused in whole or in part by the acts of the CONTRACTOR or any subcontractor, sub-subcontractor or material man. This obligation shall be in addition to the requirements of Article 10 herein. The City Engineer may direct the CONTRACTOR to remedy violations of applicable laws, rules, regulations, and interpretations related to safety when and if observed on the site. However, through exercising this authority the City Engineer shall not incur any obligations to monitor, initiate, continue, or supervise safety programs and precautions such to diminish the CONTRACTOR's primary role in same. The City Engineer shall have the right to report suspected safety violations to the Occupational Safety and Health Administration (OSHA).

The CONTRACTOR shall promptly notify the City Engineer upon discovery of any unidentified material which CONTRACTOR reasonably believes to be asbestos, lead, PCB, or other hazardous material, and shall immediately stop Work in the affected area of the Project. The CONTRACTOR shall not be responsible for removal or other Work with regard to such hazardous material unless otherwise agreed between the City Engineer and the CONTRACTOR. In the case of Work stopped hereunder, Article 6 shall apply to claims for delay, hindrance or interference. Work will resume in the affected area of the Project immediately after such time as the hazardous material has been removed or rendered harmless, as certified by an industrial hygienist to be engaged by the CITY.

## ARTICLE 10
## INDEMNITY

Except for expenses or liabilities arising from the negligence of the CITY, the CONTRACTOR hereby expressly agrees to indemnify and hold the CITY harmless against any and all expenses and liabilities arising out of the performance or default of this Contract as follows:

10(A) CONTRACTOR shall indemnify and hold harmless, to the maximum extent permitted by law, CITY and its officers and employees, from and against any and all liability, damages, losses, (whether in contract or in tort, including personal injury, accidental death or property damage, and regardless, of whether the allegations are false, fraudulent, or groundless), and costs (including reasonable attorney fees, litigation, arbitration, mediation, and appeal expenses) to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the CONTRACTOR and persons employed by or utilized by the CONTRACTOR in CONTRACTOR's performance of this Agreement.

10(B) CONTRACTOR's obligation to indemnify and hold harmless shall remain in effect and shall be binding upon CONTRACTOR whether such injury or damage shall accrue, or may be discovered, before or after termination of this Agreement.

10(C) CONTRACTOR's failure to comply with this section's provisions shall constitute a material breach upon which CITY may immediately terminate or suspend this Agreement.

## ARTICLE 11
## CLAIMS BY THE CONTRACTOR

Claims by the CONTRACTOR against the CITY, other than for time extensions covered by Article 5 hereof, are subject to the following terms and conditions:

11(A) All CONTRACTOR claims against the CITY shall be initiated by a written claim submitted to the CITY. Notice of such claim shall be received by the CITY no later than either ten (10) calendar days after the event, or ten (10) calendar days after the first appearance of the circumstances causing the claim, whichever is sooner, and same shall set forth in detail all known facts and circumstances supporting the claim. Final costs associated with any claim upon which notice has been filed must be submitted in writing to the CITY within thirty (30) calendar days after notice has been received.

11(B) The CONTRACTOR and the CITY shall continue their performance hereunder regardless of the existence of any claims submitted by the CONTRACTOR including claims set forth in Article 5 hereof.

11(C) In the event the CONTRACTOR discovers previously concealed and unknown site conditions which materially vary from those typically and ordinarily encountered in the general geographical location of the Project, the Contract Price may, with the approval of the CITY, be modified, either upward or downward, upon the written notice of claim made by either party within ten (10) calendar days after the first appearance to such party of the circumstances. Final costs must be submitted within thirty (30) calendar days after such notice is received by the CITY, unless extended by written agreement of the parties. As a condition precedent to the CITY having any liability to the CONTRACTOR due to concealed and unknown conditions, the CONTRACTOR must give the City Engineer written notice of, and an opportunity to observe, such condition prior to disturbing it. The failure

by the CONTRACTOR to give the written notice and make the claim as provided by this Subarticle 11(C) and Subarticle 7(A)(ii) shall constitute a waiver by the CONTRACTOR of any rights arising out of or relating to such concealed and unknown condition.

11(D) In the event the CONTRACTOR seeks to make a claim for an increase in the Contract Amount, as a condition precedent to any liability of the CITY therefore, unless emergency conditions exist, the CONTRACTOR shall strictly comply with the requirements of Subarticle 11(A) above and such claim shall be made by the CONTRACTOR before proceeding to execute any Work for which a claim is made. Failure to comply with this condition precedent shall constitute a waiver by the CONTRACTOR of any claim for additional compensation.

11(E) In connection with any claim by the CONTRACTOR against the CITY for compensation in excess of the Contract Amount, any liability of the CITY for the CONTRACTOR's cost shall be limited to those cost categories set forth in Article 13(E) below.

## ARTICLE 12
## SUBCONTRACTORS

12(A) Prior to execution of this Contract, the CONTRACTOR shall have identified to the City Engineer, in writing, those parties required to be listed on the proposal form as subcontractors on the Project. Any changes to this list at any time shall be subject to the prior approval of the City Engineer. The City Engineer shall, in writing, state any objections the CITY may have to one or more of such subcontractors. The CONTRACTOR shall not enter into a subcontract with an intended subcontractor to whom the CITY reasonably objects. If at any time the CITY objects to a subcontractor, the CONTRACTOR shall solicit proposals from potential replacements and shall submit the three lowest proposals to the City Engineer, along with the CONTRACTOR's proposed choice as replacement without an increase in bid price.

All subcontracts shall afford the CONTRACTOR rights against the subcontractor which correspond to those rights afforded to the CITY against the CONTRACTOR herein, including those rights of Contract termination as set forth herein.

12(B) Each and every subcontract related to the Project is hereby assigned by the CONTRACTOR to the CITY, contingent upon the termination of this Contract for default or convenience as provided herein, and only as to those subcontracts which the City Engineer accepts in writing directed to the CONTRACTOR. This contingent assignment is subject to the prior rights of any surety obligated under a bond related to this Contract. This contingent assignment will operate prospectively from the effective date of assignment and will not obligate the CITY to any liabilities existing on the effective date of the assignment, or arising from events, acts, failures to act, facts or circumstances existing prior to the effective date of the assignment. The contracts subject to this contingent assignment shall also be further assignable by the CITY, at the CITY's sole option. The CONTRACTOR shall bear the responsibility of notifying subcontractors of this contingent assignment and including it in all subcontracts in connection with the Project.

## ARTICLE 13
## CHANGE ORDERS

One or more changes to the Work within the general scope of this Contract may be ordered by Change Order. The CITY may also issue written directions for minor changes in the Work and may issue Construction Change Directives, as set forth below. The CONTRACTOR shall proceed with any such changes or Construction Change Directives without delay and in a diligent manner, and same shall be accomplished in strict accordance with the following terms and conditions:

13(A) Change Order shall mean a written order to the CONTRACTOR executed by the CITY after execution of this Contract, directing a change in the Work. A Change Order may include a change in the contract amount (other than a change attributable to damages to the CONTRACTOR for delay as provided in Article 6 hereof) or the time for the CONTRACTOR's performance, or any combination thereof. Where there is a lack of total agreement on the terms of a Change Order or insufficient time to execute a bilateral change, the CITY may also direct a change in the Work in the form of a Construction Change Directive, which will set forth the change in the Work and the change, if any, in the Contract Amount or time for performance, for subsequent inclusion in a Change Order; Construction Change Directives shall include a not-to-exceed preliminary price, against which the CONTRACTOR may begin billing (subject to the requirements for pay applications elsewhere herein) as the Work is performed.

a. The CONTRACTOR shall furnish a price breakdown, itemized as required and within the time specified by the City Engineer, with any proposal for a contract modification.

b. The price breakdown:

   (a) Must include sufficient detail to permit an analysis of all costs for material, labor, equipment, and subcontracts; and

   (b) Must cover all Work involved in the modification, whether the Work was deleted, added, or changed.

c. The CONTRACTOR shall provide similar price breakdowns to support any amounts claimed for subcontracts.

d. The CONTRACTOR's proposal shall include a complete justification for any time extension proposed.

13(B) Any change in the contract amount resulting from a Change Order shall be determined as follows:

(1) By mutual agreement between the CITY and the CONTRACTOR as evidenced by: (a) the change in the Contract Amount being set forth in the Change Order, (b) such change in the Contract Amount, together with any conditions or requirements relating thereto, being initialed by both parties, and (c) the CONTRACTOR's execution of the Change Order; or

(2) If no mutual agreement occurs between the CITY and the CONTRACTOR, the change in the Contract Amount, if any, shall be derived by determining the

reasonable actual costs incurred or savings achieved, resulting from revisions in the Work. Such reasonable actual costs or savings shall include a component for direct job site overhead and profit but shall not include home-office overhead or other indirect costs or components. The calculation of actual costs shall conform to the markup schedule in Article 13(E) below. Any such costs or savings shall be documented in the format and with such content and detail as the CITY requires. The CONTRACTOR shall promptly submit such documentation and other backup as the CITY may require in evaluating the actual costs incurred.

13(C) The execution of a Change Order by the CONTRACTOR shall constitute conclusive evidence of the CONTRACTOR's agreement to the ordered changes in the Work, this Contract as thus amended, the Contract Price, and the time for performance by the CONTRACTOR. The CONTRACTOR, by executing the Change Order, waives and forever releases any claim against the CITY for additional time or compensation for matters relating to, arising out of or resulting from the Work included within or affected by the executed Change Order of which the CONTRACTOR knew or should have known.

13(D) The CONTRACTOR shall notify and obtain the consent and approval of the CONTRACTOR's surety with reference to all Change Orders if such notice, consent or approval are required by the CITY, the CONTRACTOR's surety, or by law. The CONTRACTOR's execution of the Change Order shall constitute the CONTRACTOR's warranty to the CITY that the surety has been notified of, and consents to, such Change Order and the surety shall be conclusively deemed to have been notified of such Change Order and to have expressly consented thereto.

13(E) For the purpose of Change Orders, the following definitions of terms apply:

CONTRACTOR's or Subcontractor's Materials shall include the cost of materials, sales tax, and the cost of all transport. The cost of items listed shall be directly related to the Change Order. Indirect costs not specifically related to the Change Order shall not be considered.

CONTRACTOR's or Subcontractor's Direct Labor Cost shall be limited to the hourly rate of directly involved Workmen, employer contributions towards company standard benefits, pensions, unemployment or social security (if any), and employer costs for paid sick and annual leave.

CONTRACTOR's or Subcontractor's Overhead shall include license fees, bond premiums, supervision, wages of timekeepers and clerks, incidentals, home and field office expense, and vehicle expense directly related to the Project, and all other direct Project expenses not included in the CONTRACTOR's materials, direct labor, and equipment costs.

The allowance for Overhead and Profit shall be limited to the following schedule:

1. For the CONTRACTOR, for any Work performed by the CONTRACTOR's own forces, 10% of the Subtotal of Costs to the CONTRACTOR.

2. For the CONTRACTOR, for any Work performed by his Subcontractor, 5%

of the amount due the Subcontractor.

3. For each Subcontractor or Sub-subcontractor involved, for any Work performed by their own forces, 10% of their materials and direct labor costs.

4. For each Subcontractor, for Work performed by his Sub-subcontractor(s), 5% of the amount due the Sub-subcontractor.

For Change Orders, the total cost or credit to the Owner shall be based on the following schedule:

CONTRACTOR's Materials Cost
+ CONTRACTOR's Direct Labor Costs
+ CONTRACTOR's Equipment Costs (includes owned/rental equipment)
+ Applicable Subcontractor Costs
Subtotal of Costs to the CONTRACTOR
+ CONTRACTOR's Overhead and Profit
Total Cost or Credit to the Owner

13(F) Nothing contained in this Article shall be deemed to contradict or limit the terms of Article 6(E) herein.

## ARTICLE 14
## DISCOVERING AND CORRECTING DEFECTIVE OR INCOMPLETE WORK

14(A) In the event that the CONTRACTOR covers, conceals, or obscures its Work in violation of this Contract or in violation of an instruction from the City Engineer, such Work shall be uncovered and displayed for review by the City Engineer and/or the City's consultants upon request, and shall be reworked at no cost in time or money to the CITY.

14(B) If any of the Work is covered, concealed, or obscured in a manner not covered by Subarticle 14(A) above, it shall, if directed by the City Engineer, be uncovered and displayed for the City Engineer and/or the City's consultants. If the uncovered Work conforms strictly to this Contract, the costs incurred by the CONTRACTOR to uncover and subsequently, replace such Work shall be done by the CITY. Otherwise, such costs shall be borne by the CONTRACTOR.

14(C) The CONTRACTOR shall, at no cost in time or money to the CITY, correct Work rejected by the City Engineer as defective or failing to conform to this Contract. Additionally, the CONTRACTOR shall reimburse the CITY for all testing, review, inspections, and other expenses incurred as a result thereof.

14(D) In addition to its warranty obligations set forth elsewhere herein and any manufacturers' warranties provided on the Project, and in addition to other remedies provided herein or by law to the CITY, the CONTRACTOR shall be specifically obligated to promptly correct any and all defective or nonconforming Work, whether obvious or after-discovered, for a period of twelve (12) months following Substantial Completion upon written direction from the City Engineer.

14(E) The City Engineer may, but shall in no event be required to, choose to accept defective or nonconforming Work. In such event, the Contract Amount shall be reduced by the greater of: (1) the

reasonable costs of removing and correcting the defective or nonconforming Work plus 150% of costs, or (2) the difference between the fair market value of the Project as constructed and the fair market value of the Project had it not been constructed in such a manner as to include defective or nonconforming Work. If the remaining portion of the unpaid Contract Amount, if any, is sufficient to compensate the CITY for the acceptance of defective or nonconforming Work, the CONTRACTOR shall, upon written demand from the CITY, pay the CITY such remaining compensation for accepting defective or nonconforming Work. The CONTRACTOR shall have an opportunity to correct any defector non-conformance prior to the CITY taking the above actions. The contractor, upon written notice of any defect or non-conformance, shall have ten (10) calendar days to make corrections, unless the City Engineer agrees that the correction will require more than ten (10) calendar days to correct and agrees, in writing, to correct the defect or non-conformance.

## ARTICLE 15
## CITY'S RIGHT TO SUSPEND CONTRACTOR'S PERFORMANCE

15(A) In addition to the CITY's rights under Article 8 and elsewhere herein, the CITY shall have the right at any time to direct the CONTRACTOR to suspend its performance, or any designated part thereof when in the interests of the CITY. If any such suspension is directed by the CITY, the CONTRACTOR shall immediately comply with same.

15(B) In the event the City Engineer directs a suspension of performance under this Article, through no fault of the CONTRACTOR, if the suspension is lifted other than by termination, the CITY shall pay the CONTRACTOR as full compensation for such suspension the CONTRACTOR's ordinary and reasonable costs, actually incurred and paid, of:

(1) demobilization and remobilization, including such justifiable costs paid to subcontractors (cost categories and markups limited to those set forth in Article 13(E) above); and

(2) preserving and protecting Work in place; and

(3) approved storage of materials or equipment purchased for the Project, including insurance thereon; and

(4) substantiated extended field office overhead (no home office overhead).

15(C) The CITY may order suspension of the Work in whole or in part for such time as deemed necessary because of the failure of the CONTRACTOR to comply with any of the requirements of this Agreement, and the Agreement's Completion Date shall not be extended on account of any such suspension of Work.

When the City Engineer orders any suspension of the Work under this Subarticle 15(C), the CONTRACTOR shall not be entitled to any payment for Work which the CONTRACTOR performs after notice of suspension and/or during the suspension period and shall not be entitled to any costs or damages resulting from such suspension.

15(D) The CITY's rights under this Article shall be in addition to those contained elsewhere herein or provided by law.

## ARTICLE 16
## TERMINATION BY THE CITY

The CITY may terminate this Contract in accordance with the following terms and conditions:

16(A) Termination for Convenience. The CITY may, when in the interests of the CITY, terminate performance under this Contract by the CONTRACTOR, in whole or in part, for the convenience of the CITY. The CITY shall give written notice of such termination to the CONTRACTOR specifying when termination becomes effective. The CONTRACTOR shall incur no further obligations in connection with the Work so terminated, other than warranties and guarantees for completed Work and installed equipment, and the CONTRACTOR shall stop Work when such termination becomes effective. The CONTRACTOR shall also terminate outstanding orders and subcontracts for the affected Work. The CONTRACTOR shall settle the liabilities and claims arising out of the termination of subcontracts and orders. The CITY may direct the CONTRACTOR to assign the CONTRACTOR's right, title, and interest under termination orders or subcontracts to the CITY or its designee. The CONTRACTOR shall transfer title and deliver to the CITY such completed or partially completed Work and materials, equipment, parts, fixtures, information, and contract rights as the CONTRACTOR has in their possession or control. When terminated for convenience, the CONTRACTOR shall be compensated as follows:

16(A)(1) The CONTRACTOR shall submit a termination claim to the CITY specifying the amounts due because of the termination for convenience together with costs, pricing or other data required by the CITY. If the CONTRACTOR fails to file a termination claim within one (1) year from the effective date of termination, the CITY shall pay the CONTRACTOR an amount derived in accordance with Subarticle 16(A)(3) below.

16(A)(2) The CITY and the CONTRACTOR may agree to the compensation, if any, due to the CONTRACTOR hereunder.

16(A)(3) Absent agreement to the amount due to the CONTRACTOR, the CITY shall pay the CONTRACTOR the following amounts:

(a) Contract costs for labor, materials, equipment, and other services accepted under this Contract.

(b) Reasonable costs incurred in preparing to perform and in performing the terminated portion of the Work, and in terminating the CONTRACTOR's performance, plus a fair and reasonable allowance for direct job site overhead and earned profit thereon (such profit shall not include anticipated profit or consequential damages); provided however, that if it reasonably appears that the CONTRACTOR would have not profited or would have sustained a loss if the entire Contract would have been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss, if any.

(c) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Subarticle (A) of this Article (if contingent assignment of such contracts has not been

elected as provided herein). These costs shall not include amounts paid in accordance with other provisions hereof. This clause is subject to and the CONTRACTOR shall be limited by the CITY's right to direct the replacement of subcontractors under Article 12.

(d) The total sum to be paid the CONTRACTOR under this Subarticle 16(A) shall not exceed the total contract amount, as properly adjusted, reduced by the amount of payments otherwise made, and shall in no event include duplication of payment.

16(B) Termination for Cause. If the CONTRACTOR does not perform the Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment, or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable law, or otherwise commits a violation of a material provision of this Contract, then the CITY, in addition to any other rights it may have against the CONTRACTOR or others, may terminate the performance of the CONTRACTOR, in whole or in part at the CITY's sole option, and assume possession of the Project site and of all materials and equipment at the site and may complete the Work.

In such case, the CONTRACTOR shall not be paid further until the Work is complete. After Completion has been achieved, if any portion of the Contract Amount, as it may be modified hereunder, remains after the cost to the CITY of completing the Work, including all costs and expenses of every nature incurred, has been deducted by the CITY, such remainder shall belong to the CONTRACTOR. Otherwise, the CONTRACTOR shall pay and make whole the CITY for such cost. This obligation for payment shall survive the termination of the Contract.

In the event the employment of the CONTRACTOR is terminated by the CITY for cause pursuant to this Subarticle 16(B) and it is subsequently determined by a Court of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under Subarticle 16(A) and the provisions of Subarticle 16(A) shall apply.

16(C) Termination for Non-Appropriation. The CITY may also terminate this Contract, in whole or in part, for non-appropriation of sufficient funds to complete or partially complete the Project, regardless of the source of such funds, and such termination shall be on the terms of Subarticle 16(A).

16(D) The CITY's rights under this Article shall be in addition to those contained elsewhere herein or provided by law.

## ARTICLE 17
## INSURANCE

17(A) CONTRACTOR shall be responsible for all damage to person and or property resulting from its negligent acts, reckless or intentional misconduct, errors, or omissions, or those of their subcontractors, agents, or employees in connection with such services and shall be responsible for all parts of its Work, both temporary and permanent.

17(A)(1) Evidence of Insurance

CONTRACTOR shall, at its own expense, procure and maintain throughout the term of this Contract, with insurers acceptable to the CITY, the types and amounts of insurance conforming to the minimum requirements set forth herein. CONTRACTOR shall not commence Work until the required insurance is in force and evidence of insurance acceptable to the CITY has been provided to, and approved by, the CITY. The CITY at all times reserves the right to request such additional documentation and evidence of insurance as in its sole discretion it may require and the CONTRACTOR hereby agrees to provide same.

With respect to the Workers' Compensation/Employer's Liability Insurance, and Business Auto Liability Insurance, an appropriate Certificate of Insurance (which identifies the Project), and a copy of the actual notice of cancellation endorsement(s) as issued on the policy(ies), signed by an authorized representative of the insurer(s) shall be satisfactory evidence of insurance. With respect to the Commercial General Liability, Watercraft Liability and Pollution Liability Insurance an appropriate Certificate of Insurance (which identifies the Project) signed by an authorized representative of the insurer, and copies of the actual additional insured and notice of cancellation endorsements as issued on the policy(ies), shall be satisfactory evidence of such insurance. With respect to Property Insurance, a fully completed Evidence of Commercial Property Insurance (ACORD Form 28) signed by an authorized representative of the insurance, a copy of the notice of cancellation endorsement and a copy of the waiver of subrogation endorsement shall be satisfactory evidence of such insurance. All endorsements shall be properly completed and signed by an authorized representative of the insurer providing the coverage and shall indicate the policy number.

To the extent CONTRACTOR is permitted to and elects to sub-contract any of the Work performed under this Agreement, CONTRACTOR shall require Subcontractors to maintain any and all insurance required by law. Except to the extent required by law, or as otherwise specifically provided by this Agreement, this Agreement does not establish minimum insurance requirements for Subcontractors.

If the insurance policies expire or terminate during the term of this Agreement CONTRACTOR shall provide CITY with renewal or replacement evidence of the insurance, including endorsements, no less than fifteen (15) days before the expiration or termination of the insurance for which previous evidence of insurance has been provided.

Notwithstanding the prior submission of a Certificate of Insurance, copies of endorsements, or other evidence initially acceptable to CITY, if requested by CITY, CONTRACTOR shall, within thirty (30) days after receipt of a written request from CITY, provide CITY with a certified copy or certified copies of the policy or policies providing the coverage required by this Article 17. CONTRACTOR may redact or omit, or cause to be redacted or omitted, those provisions of the policy or policies which are not relevant to the insurance required by Article 17.

17(A)(2) Workers' Compensation /Employer's Liability Insurance.

Worker's Compensation/Employer's Liability Insurance shall be no more restrictive than that provided by the latest edition of the standard Workers' Compensation Policy, as filed for use in Florida by the National Council on Compensation Insurance (NCCI), without any restrictive endorsements other than any endorsements required by NCCI or the State of Florida. In addition to coverage for the Florida Workers' Compensation Act, where appropriate, coverage is to be included for the Federal Employer's Liability Act and any other applicable Federal or State law.

The policy must be endorsed to waive the insurer's right to subrogate against CITY, and its members, officials, officers and employees in the manner which would result from the attachment of the NCCI Waiver of Our Right to Recover from Others Endorsement (Advisory Form WC 00 03 13) with CITY, and its officials, officers, and employees scheduled thereon.

| Part Two: | $2,000,000 | Each Accident |
| | $2,000,000 | Disease - Policy Limit |

17(A)(3) Commercial General Liability Insurance.

Commercial General Liability Insurance shall be no more restrictive than that provided by the latest edition of the standard Commercial General Liability Form (Form CG 00 01) as filed for use in the State of Florida by the Insurance Services Office (ISO), without any restrictive endorsements other than any endorsements specifically required by ISO or the State of Florida.

The coverage may include restrictive endorsements which exclude coverage for liability arising out of:

Mold, fungus, or bacteria
Terrorism
Silica, asbestos, or lead
Sexual molestation"

CITY and its members, officials, officers, and employees shall be included as an "Additional Insured" on a form no more restrictive than ISO form CG 20 10 (Additional Insured – Owners, Lessees, or Contractor).

The policy must be endorsed to provide CITY with 30 days prior written notice of cancellation.

The minimum limits (inclusive of amounts provided by an umbrella or excess policy) shall be:

| | |
|---|---|
| General Aggregate | $2,000,000 |
| Products/Completed Operations Aggregate | $2,000,000 |
| Personal and Advertising Injury | $2,000,000 |
| Each Occurrence | $2,000,000 |

CONTRACTOR shall continue to maintain products/completed operations coverage in the amounts stated above for a period of three (3) years after the Final Completion of the Work. The insurance shall be on a form no more restrictive than, and shall cover those sources of liability which would be covered by Coverage A of, the latest occurrence form edition of the Commercial General Liability Coverage Form (ISO Form CG 00 01), or of the occurrence Products/Completed Operations Liability Coverage Form (ISO Form CG 00 37), as filed for use in the State of Florida by ISO, without any restrictive endorsements other than those than those which, under an ISO filing, must be attached to the policy (i.e., mandatory endorsements).

17(A)(4) Automobile Liability Insurance.

Automobile Liability Insurance shall be no more restrictive than that provided by Section II (Liability Coverage) of the most recent version of the standard Business Auto Policy (ISO Form CA 00 01) without any restrictive endorsements, including coverage for liability contractually assumed, and shall cover all owned, non-owned, and hired autos used in connection with the performance of the Work.

The policy must be endorsed to provide CITY with 30 days prior written notice of cancellation.

Such insurance shall not be subject to any aggregate limit and the minimum limits (inclusive of any amounts provided by an umbrella or excess policy) shall be:

| | |
|---|---|
| Each Occurrence Bodily Injury and Property Damage Liability Combined | $2,000,000 |

17(A)(5) Watercraft Liability

To the extent watercraft are utilized, the CONTRACTOR shall purchase and maintain, or cause its subcontractors to purchase and maintain, insurance which shall, at a minimum, cover the CONTRACTOR and subcontractor for injuries or damage arising out of the use of all owned, non-owned and hired watercraft.

The insurance shall include the CITY and its members, officials, officers and employees as additional insureds.

The policy must be endorsed to provide CITY with 30 days prior written notice of cancellation.

The limits applicable to watercraft liability (inclusive of any amounts provided by an umbrella or excess policy) shall be:

| | |
|---|---|
| Each Occurrence/Annual Aggregate | $2,000,000 |

17(A)(6) Pollution Legal Liability

Pollution Legal Insurance shall cover CONTRACTOR for liability resulting from pollution or other environmental impairment arising out of, or in connection with, Work performed under this Agreement, or which arises out of, or in connection with this Agreement, including coverage for clean-up of pollution conditions and third party bodily injury and property damage claims arising from pollution conditions. Such insurance shall also include transportation coverage and non-owned disposal site coverage.

The policy must be endorsed to provide CITY with thirty (30) days prior written notice of cancellation

Coverage must either be on an occurrence basis; or, if on a claims-made basis, the coverage must respond to all claims reported within, three (3) years following the period for which coverage is required and which would have been covered had the coverage been on an occurrence basis.

The minimum limits (inclusive of any amounts provided by an umbrella or excess policy) shall be:

| | |
|---|---|
| Each Claim | $2,000,000 |
| Annual Aggregate | $2,000,000 |

The CITY and the CITY's members, officials, officers, and employees shall be included as an "Additional Insureds" on the policy.
The Maximum permissible deductible or self-insured retention on the policy shall be $50,000 per claim. The payment of any amount owed under any deductible or self-insured shall be the sole responsibility of CONTRACTOR and CONTRACTOR shall pay on behalf of the CITY or CITY's members, officials, officers, agents and employees any deductible or self-insured retention applicable to a claim against the CITY or the CITY's officials, officers, agents and employees.

17(A)(7) Property/Builder's Risk Insurance

CONTRACTOR shall provide, in a policy acceptable to the CITY, "all risk" (i.e., Special Form) property or builder's risk insurance on all such construction, additions, modifications, machinery, and equipment. The policy shall be issued on a non-reporting form of policy. The amount of the insurance shall be no less than the Contract Amount.

The maximum deductible for other than windstorm or hail shall be $10,000 per occurrence. The maximum deductible per occurrence for windstorm and hail shall be the greater of $20,000 or 5% of the Contract Amount. CONTRACTOR shall be responsible for the payment of such deductible.

The policy must be endorsed to provide the CITY with thirty (30) days prior written notice of cancellation. The policy must be endorsed to waive the insurer's right to subrogate against CITY, and its members, officials, officers, and employees.

17(A)(8) General Conditions

The insurance provided by the CONTRACTOR shall apply on a primary basis to and shall not require contribution from, any other insurance or self-insurance maintained by CITY or CITY's members, officials, officers, or employees. Any insurance, or self-insurance, maintained by the CITY shall be in excess of, and shall not contribute with, the insurance provided by CONTRACTOR.

Except as otherwise specifically authorized in this Agreement, no deductible or self-insured retention for any required insurance provided by CONTRACTOR pursuant to this Agreement will be allowed. To the extent any required insurance is subject to any deductible or self-insured retention (whether with or without approval of CITY), CONTRACTOR shall be responsible for paying on behalf of CITY (and any other person or organization CONTRACTOR has, in this Agreement, agreed to include as an insured for the required insurance) any such deductible or self-insured retention.

Compliance with these insurance requirements shall not limit the liability of CONTRACTOR, its subcontractors, sub-subcontractors, employees, or agents. Any remedy provided to the CITY or CITY's members, officials, officers, or employees by the insurance provided by CONTRACTOR or the CITY shall be in addition to and not in lieu of any other remedy (including, but not limited to, as an indemnitee

of CONTRACTOR) available to the CITY under this Contract or otherwise.

Neither approval nor failure to disapprove insurance furnished by CONTRACTOR shall relieve CONTRACTOR from the responsibility to provide insurance as required by this Contract.

17(A)(9) CONTRACTOR shall deliver to CITY the required certificate(s) of insurance and endorsement(s) before beginning any Work under this Agreement. Failure to do so shall constitute a material breach upon which the City may immediately terminate or suspend this contract.

17(A)(10) At its sole discretion, CITY may obtain or renew CONTRACTOR insurance, and CITY may pay all or part of the premiums. Upon demand, CONTRACTOR shall repay CITY all monies paid to obtain or renew the insurance. CITY may offset the cost of the premium against any monies due CONTRACTOR from CITY. CONTRACTOR's failure to obtain, pay for, maintain any required insurance shall constitute a material breach upon which the CITY may immediately terminate or suspend this agreement.

## ARTICLE 18
## PERFORMANCE AND PAYMENT BONDS

(a) BONDS REQUIRED: Prior to issuance of the Notice of Commencement, CONTRACTOR shall provide CITY with a Common Law Performance Bond, and a Statutory Payment Bond meeting the standards specified herein, on the forms provided by the CITY, and attached hereto, with a Power of Attorney Affidavit, each in an amount not less than the Contract price. Within fifteen (15) days after issuance of the Notice of Commencement, CONTRACTOR shall record in the public records of the county where the improvement is located, the statutory payment bond and common law performance bond as required in Section 255.05(a) Florida Statutes. CONTRACTOR shall provide the CITY with a true copy of the recorded bond(s) as evidence of such recording.

(b) SURETY'S QUALIFICATIONS: All bonds required under this Contract, including, but not by way of limitation, any Bid Bond, Common Law Performance Bond or Statutory Payment Bond, shall be written through a reputable and responsible surety bond agency licensed to do business in the State of Florida and with a surety which holds a certificate of authority authorizing it to write surety bonds in Florida meeting the following requirements:

(1) Ratings by A.M. Best

The surety company or corporation shall have minimum ratings by the A.M. Best Company of A- or better with a Financial Size Category of "V" or larger.

(2) Circular 570

In addition to meeting the requirements of paragraph (1) above, the surety shall also comply with the United State of the Treasury Circular 570, Revised 2024 requirements as set forth in this paragraph (2). The surety shall maintain a current certificate of authority as an acceptable surety on Federal Bonds in accordance with U.S. Department of Treasury Circular 570, Revised 2024. If the amount of the bond exceeds the underwriting limitations set forth in the Circular, in order to qualify, the net retention of the surety company shall not exceed the underwriting limitation in the

Circular and the excess risk must be protected by co-insurance, reinsurance, or other methods in accordance United States Department of Treasury with Treasury Circular 297, revised September 1, 1978 implemented at 31 CFR Part 223. Further the surety company shall provide the CITY with evidence satisfactory to the CITY, that such excess risk has been protected in an acceptable manner.

(c) ADDITIONAL OR REPLACEMENT BOND: It is further mutually agreed between the parties hereto that if, at any time, the CITY shall deem the surety or sureties upon any bond to be unsatisfactory, or if for any reason, such bond (because of increases in the Work or otherwise) ceases to be adequate, the CONTRACTOR shall, at their expense within five (5) days after the receipt of notice from the CITY to do so, furnish an additional or replacement bond or bonds in such form, amount, and with such surety or sureties as shall be satisfactory to the CITY. In such event, no further payments to the CONTRACTOR shall be deemed to be due under this Contract until such new or additional security for the faithful performance of the Work shall be furnished in manner and form satisfactory to the CITY.

(d) CO-SURETIES: Subject to the following requirements, the bonds required by this Contract may be provided by more than one surety:

(1) At least one of the co-sureties shall meet the requirements of Paragraph (b) for the full amount of the bond; and

(2) Each surety shall be jointly and several liable for the full amount of the bond required.

(e) FLORIDA AGENT: The surety company shall have a Florida agent whose name shall be listed in the prescribed space on the forms provided by the CITY for all bonds required by the CITY.

## ARTICLE 19
## PROJECT RECORDS

All documents relating in any manner whatsoever to the Project, or any designated portion thereof, which are in the possession of the CONTRACTOR, or any subcontractor of the CONTRACTOR, shall be made available to the CITY and/or their consultants for inspection and copying upon written request by the CITY. Furthermore, said documents shall be made available, upon request by the CITY, to any state, federal or other regulatory authority and any such authority may review, inspect and copy such records. Said records include, but are not limited to, all drawings, plans, specifications, submittals, correspondence, minutes, memoranda, tape recordings, videos, or other writings or things which document the Project, its design, and its construction. Said records expressly include those documents reflecting the cost of construction to the CONTRACTOR. The CONTRACTOR shall maintain and protect these documents for no less than three (3) years after Completion of the Project, or for any longer period of time as may be required by law or good construction practice. The CONTRACTOR further agrees to include these provisions in any subcontracts issued by The CONTRACTOR in connection with this Agreement.

## ARTICLE 20
## APPLICABLE LAW

The laws of the State of Florida shall govern this Agreement. In any litigation arising under this Agreement, the parties agree to a waiver of the right to a trial before a jury, and all such litigation shall be litigated only in a non-jury trial in St. Lucie County, Florida.

## ARTICLE 21
## SUCCESSORS AND ASSIGNS

Each party binds itself, its successors, assigns, executors, administrators, or other representatives to the other party hereto and to successors, assigns, executors, administrators, or other representatives of such other party in connection with all terms and conditions of this Contract. The CONTRACTOR shall not assign this Contract without prior written consent of the CITY.

## ARTICLE 22
## MISCELLANEOUS PROVISIONS

22(A) Compliance By CONTRACTOR: Nondiscrimination

CONTRACTOR shall comply with all Federal, State and Local laws, ordinances, rules and regulations of any authorities throughout the duration of this Agreement. The CONTRACTOR shall be responsible for compliance with any such law, ordinance, rule or regulation, and shall hold CITY harmless and indemnify same in the event of non-compliance. CONTRACTOR agrees to abide by the requirements under Federal Executive Order Number 11246, "Equal Employment Opportunity" as amended, including specifically the provisions of the equal opportunity clause.

22(B) Drug-Free Workplace

CONTRACTOR shall comply with Section 287.087, Florida Statutes, regarding Drug-Free Workplaces.

22(C) State and Local Taxes

Except as otherwise provided, contract prices shall include all applicable state and local taxes.

CONTRACTOR shall indemnify and hold harmless the CITY for any loss, cost, or expense incurred by, levied upon or billed to the CITY as a result of CONTRACTOR's failure to pay any tax of any type due in connection with this Agreement. CONTRACTOR shall ensure that the above sections are included in all subcontracts and sub-subcontracts and shall ensure withholding on out of state subcontractors and sub-subcontractors to which withholding is applicable.

22(D) Gratuities and Kickbacks

Gratuities. It shall be unethical for any person to offer, give, or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept, or agree to accept from another person a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation, or any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter pertaining to any program

requirement of a contract or subcontract, or to any solicitation or proposal therefore.

Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor, or to hire any subcontractor or any person associated therewith, as an inducement for the award of a subcontract or order.

## ARTICLE 23
## ENTIRE AGREEMENT

Any modification to this Agreement must be supported by an additional, articulated consideration, and must either be in writing, executed by the parties hereto, or, if made orally, should be confirmed in writing, which writing should state the consideration which supports the modification. Failure to confirm an oral modification in writing shall constitute a waiver of any claim for additional compensation with regard to the oral modification. Nothing in this Article shall be construed to limit the CITY's authority to issue changes set forth in Article 13 herein.

## ARTICLE 24
## SEVERABILITY

If any term or condition of this Contract or the application thereof to any person(s) or circumstances is held invalid, this invalidity shall not affect other terms, conditions or applications which can be given effect without the invalid term, condition, or application. To this end, the terms and conditions of this Contract are agreed to be severable.

## ARTICLE 25
## WAIVER

Waiver of any breach of any term or condition of this Contract shall not be deemed a waiver of any prior or subsequent breach and shall not entitle any party hereto to any subsequent waiver of any terms hereunder. No term or condition of this Contract shall be held to be waived, modified, or deleted except by an instrument, in writing, signed by the parties hereto.

## ARTICLE 26
## E-VERIFY

All requirements of Section 448.095, Florida Statutes, shall be complied with by CONTRACTOR. In accordance with, Section 448.095, Florida Statutes, CONTRACTOR shall register with and utilize the E-Verify System operated by the United States Department of Homeland Security to verify the employment eligibility of all new employees hired during the term of the Agreement and shall expressly require any subcontractors performing work or providing services pursuant to this Agreement to likewise utilize the E-Verify System to verify the employment eligibility of all new employees hired by the subcontractor during the term of this Contract. If CONTRACTOR enters into a contract with a subcontractor performing work or providing services on its behalf, CONTRACTOR shall also require the subcontractor to provide an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Information on registration for and use of the E-Verify System can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify. CONTRACTOR shall, upon request, provide evidence of compliance with this provision to the CITY. An agreement terminated pursuant to Section 448.095 is not a breach of contract and may not be considered as such. If the CITY terminates this Agreement with a CONTRACTOR, the CONTRACTOR may not be awarded a public contract for at least one (1) year after the date on which the contract was terminated. CONTRACTOR is liable for any additional costs incurred by the CITY as a result of the termination of this Agreement under Section 448.095, Florida Statutes.

## ARTICLE 27
## SOVEREIGN IMMUNITY

Nothing contained in this Contract shall be deemed or otherwise interpreted as waiving the City's Sovereign Immunity protections existing under the laws of the State of Florida, or as increasing the limits of liability as set forth in Section 768.28, Florida Statutes.

## ARTICLE 28
## PUBLIC RECORDS

The CITY strictly adheres all statutes, court decisions and the opinions of the Florida Attorney General with respect to disclosure of public information under Chapter 119, Florida Statutes, CONTRACTOR shall comply with all public records laws, specifically to:

A. Keep and maintain public records required by the CITY to perform the service.

B. Upon request from the CITY's custodian of public records, provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract if CONTRACTOR does not transfer the records to the CITY.

D. Upon completion of the Contract, transfer, at no cost, to the CITY all public records in possession of CONTRACTOR or keep and maintain public records required by the CITY to perform the service. If CONTRACTOR transfers all public records to the CITY upon completion of the Contract, CONTRACTOR shall destroy any duplicate public record that are exempt or confidential and exempt from public records disclosure requirements. If CONTRACTOR keeps and maintains public records upon completion of the Contract, CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the CITY, upon request from the CITY's custodian of public records, in a format that is compatible with the information technology systems of the CITY.

**IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS THROUGH THE CITY CLERK AT 772-467-3065, PUBLICRECORDS@CITYOFFORTPIERCE.COM, 100 NORTH U.S. HWY 1, FORT PIERCE, FL 34950.**

(Address of Surety)

Hereinafter called Surety, are held and firmly bound unto:

City of Fort Pierce
(Name of Owner)

100 North U.S. Highway 1, Fort Pierce, Florida 34950
(Address of Owner)

Hereinafter called OWNER, in the penal sum of Three Hundred Ninety Thousand Six Hundred Forty-Eight and 22/100---------- Dollars, ($ 390,648.22 ),

in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our successors, and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Principal entered into a certain contract with the Owner, dated the 7 of April **2025** a copy of which is hereto attached and made a part hereof, **to furnish Little Jim Camp Sanitary Improvements, Bid No. 2025-008.**

This Bond is being entered into to satisfy the requirements of Section 255.05, Florida Statutes, as the same may be amended. The Surety shall be bound by any and all arbitration awards to the same extent as Contractor is bound.

NOW, THEREFORE, the condition of this obligation is such that if Principal:

1. Promptly and faithfully performs its duties, all the covenants, terms, conditions, and Agreements of said Contract and remedies without cost to City any defects which may develop during a period of one (1) year from the date of the issuance of the final certificate of completion of each portion of the Work performed under said Agreement, and

2. Pays Owner all losses, damages (liquidated or actual), expenses, costs and attorneys' fees including costs and attorneys' fees on appeal that Owner sustains resulting directly or indirectly from any breach or default by Principal under the Contract, and

3. Satisfies all claims and demands incurred under the Contract, and fully indemnifies and holds harmless the Owner from all costs and damages which it may suffer by reason of failure to do so, then this bond is void; otherwise it shall remain in full force and effect.

In the event that the Principal shall fail to perform any of the terms, covenants, and conditions of the Contract during the period in which this Performance Bond is in effect, the Surety shall remain liable to the Owner for all such loss or damage (including reasonable attorneys' fees and costs and attorneys' fees on appeal) resulting from any failure to perform up to the amount of the Penal Sum.

In the event that the Surety fails to fulfill its obligations under this Performance Bond, then the Surety shall also indemnify and hold the Owner harmless from any and all loss, damage, cost and expense, including reasonable attorneys' fees and costs for all trial and appellate proceedings, resulting directly or indirectly from the Surety's failure to fulfill its obligations hereunder. This paragraph shall survive the termination or cancellation of this Performance Bond.

The Surety, for value received, hereby stipulates and agrees that its obligations hereunder shall be direct and immediate and not conditional or contingent upon Owner's pursuit of its remedies against Principal, and shall remain in full force and effect notwithstanding (i) amendments or modifications to the Contract entered into by Owner and Principal without the Surety's knowledge or consent, (ii) waivers of compliance with or any default under the Contract granted by Owner to Principal without the Surety's knowledge or consent, or (iii) the discharge of Principal from its obligations under the Contract as a result of any proceeding initiated under the Bankruptcy Code of 1978, as the same may be amended, or any similar state or federal law, or any limitation of the liability of Principal or its estate as a result of any such proceeding.

Any changes in or under the Contract Documents (which include the Plans, Drawings, and Specifications), and compliance or noncompliance with any formalities connected with the Contract or the changes therein shall not affect Surety's obligations under this Bond, and Surety hereby waives notice of any such changes. Further, Principal and Surety acknowledge that the Penal Sum of this bond shall increase or decrease in accordance with approved changes or other modifications to the Contract Documents.

The Surety shall be bound by any and all arbitration awards to the same extent as Contractor is bound. All dates to be filled in by Owner.

NOW, THEREFORE, the condition of this obligation is such that if Principal shall promptly make payments to all claimants as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the

prosecution of the Work provided for in the Contract, then this obligation shall be void; otherwise, it shall remain in full force and effect, subject, however, to the following conditions:

1. This bond is furnished for the sole purpose of complying with the requirements of Section 255.05, Florida Statutes, as the same may be amended.

2. It is a specific condition of this bond that a claimant's right of action on the bond is limited to the provisions of Section 255.05, Florida Statutes, including, but not limited to, the one-year time limitation within which suits may be brought.

Therefore, a claimant, except a laborer, who is not in privity with the Contractor and who has not received payment for his labor, material, or supplies shall, within forty-five (45) days after beginning to furnish labor, materials, or supplies for the prosecution of the Work, furnish the Contractor with a notice that he intends to look to the bond for protection. A claimant who is not in privity with the Contractor and who has not received payment for his labor, materials or supplies shall, within ninety (90) days after performance of the labor or completion of delivery of the materials or supplies, deliver to the Contractor and to the Surety written notice of the performance of the labor or delivery of the materials or supplies and of the nonpayment. No action for the labor, materials or supplies may be instituted against the Contractor or the Surety unless both notices have been given. No action shall be instituted against the Contractor or the Surety on the bond after one (1) year from the performance of the labor or completion of the delivery of the materials or supplies.

3. The Surety, for value received, hereby stipulates and agrees that its obligations hereunder shall remain in full force and effect notwithstanding (i) amendments or modifications to the Contract entered into by Owner and Principal without the Surety's knowledge or consent, (ii) waivers of compliance with or any default under the Contract granted by Owner to Principal without the Surety's knowledge or consent, or (iii) the discharge of Principal from its obligations under the Contract as a result of any proceeding initiated under the Bankruptcy Code of 1978, as the same may be amended, or any similar state or federal law, or any limitation of the liability of Principal or its estate as a result of such proceeding.

4. Any changes in or under the Contract Documents (which include the Plans, Drawings, and Specifications) and compliance or noncompliance with any formalities connected with the Contract or the changes therein, shall not affect Surety's obligations under this Bond, and Surety hereby waives notice of any such changes. ## Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

**Note.** If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

## Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

**Sign Here** Signature of U.S. person ►  Date ► 02/19/2025

## Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

**U.S. person.** Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

In 3 above, if applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes, you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or
- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

## ADDENDUM NO. 5

The purpose of this addendum is to respond to questions submitted by potential bidders for clarification of the bid specifications:

**QUESTION:** Can the lift station be expanded for future expansion by changing pumps only? If so, what would the maximum increase be?

**ANSWER:** **Unknown. This would be governed by the proposed flow into the lift station and the storage capacity within the wet well.**

**QUESTION:** What is the total ERC for the lift station?

**ANSWER:** **7.6**

**QUESTION:** What was the basis for determining ERC? (i.e. Existing Little Jim store, future expansion which may include a restaurant, and restrooms towards roadway that is located on DOT property)?

**ANSWER:** **Existing restaurant and public restroom facilities.**

**QUESTION:** Is the lift station to be precast or fiberglass?

**ANSWER:** **Typically grinder stations are fiberglass, but this should be confirmed with the manufacturer's standard specifications.**

All other conditions of this bid remain the same.

## ADDENDUM NO. 6

The purpose of this addendum is to respond to questions submitted by potential bidders for clarification of the bid specifications:

**QUESTION:** The benchmarks on the plan are in NAVD88 datum but the finished grade for the slab at the lift station is in NGVD datum. The 5.0' finished grade in NGVD would then lend itself to the proposed structures also being in NGVD datum but I do not see any note on the plans either way. Do you have any clarification?

**ANSWER:** **All benchmarks and elevations are in NAVD 88 datum.**

**QUESTION:** Can you clarify where the 2" gate valve on the bid sheet is located?

**ANSWER:** **The 2" gate valve is to be installed on the exterior of the valve vault prior to the air release valve.**

## SECTION 1 - DEFINED TERMS

1.1 Terms used in these "INSTRUCTIONS TO BIDDERS" which are defined in the General Conditions have the meanings assigned to them in the General Conditions.

## SECTION 2 - COPIES OF BIDDING DOCUMENTS

2.1 Complete sets of Bidding Documents may be obtained in the manner defined in the Call for Bids.

2.2 Complete sets of Bidding Documents shall be used in preparing Bids; City shall not assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

2.3 City, in making copies of Bidding Documents available on the above terms, does so only for the purpose of obtaining Bids on the Work and does not confer a license or grant for any other use.

## SECTION 3 - QUALIFICATIONS OF BIDDERS

3.1 Each Bid must contain evidence that the Bidder has a valid State of Florida license with a minimum classification of "Certified General Contractor" associated with the company bidding along with evidence of the Bidder's qualifications to do business in the State of Florida. To demonstrate qualifications to perform the Work, each Bidder must submit to City, together with the Bid, information including but not limited to financial data, capability to obtain Payment and Performance and previous experience on similar projects, including references and evidence of authority to conduct business in the jurisdiction where the Project is located. Submittals requested pursuant to this paragraph are in addition to those required elsewhere.

## SECTION 4 - EXAMINATION OF CONTRACT DOCUMENTS AND SITE

4.1 Before submitting a Bid, each Bidder must (a) examine the Contract Documents thoroughly; (b) visit the site to familiarize himself with local conditions that may in any manner affect cost, progress, or performance of the Work; (c) familiarize himself with federal, state and local laws, ordinances, rules, regulations and policies that may in any manner affect cost, progress or performance of the Work; (d) study and carefully correlate Bidder's observations with the Contract Documents; and (e) make written requests for interpretations promptly after

discovering any conflicts, errors, ambiguities of inconsistencies. Written requests must be received prior to the Pre-Bid Conference.

4.2 Reference may be made to the identification of investigations and tests of subsurface and latent physical conditions at the site, or otherwise affecting cost, progress or performance of the Work which have been relied upon by the City Engineer or City Consultant in preparing the Drawings and Specifications. Such reports are available for review by any bidder at the office of the City Engineer. These reports are not guaranteed as to accuracy or completeness, nor are they part of the Contract Documents; they are provided for guidance only. If this information is used by Bidder in preparing his proposal, he shall assume all risks resulting from actual conditions differing from the conditions set out in the reports.

4.3 If a log of test borings showing a record of the data is obtained by the investigation of subsurface conditions by the City, or their consultants, it is expressly understood and agreed that said log of test borings does not constitute a part of the contract, represents only the opinion of the City, or their consultants as to the character of the materials encountered by them in the test borings, is included in the plans or other documents only for the convenience of bidders, and its use is subject to all of the conditions and limitations set forth in this article. Discrepancies must be reported prior to the Pre-Bid Conference.

4.4 Before submitting a Bid, each Bidder shall, at Bidder's own expense, make or obtain any additional investigations, examinations, explorations and tests and obtain any additional information which pertains to the physical conditions (surface, subsurface, and Underground Facilities) at or contiguous to the site or otherwise which may affect cost, progress or performance of the Work and which Bidder deems necessary to determine its Bid for performing the Work in accordance with the time, price and other terms and conditions of the Contract Documents.

4.5 City will provide each Bidder reasonable access to the site to conduct such investigations and tests as each Bidder deems necessary for submission of his Bid. Bidder shall restore site to condition existing prior to conducting said investigations and tests.

4.6 The lands upon which the work is to be performed, rights-of-way for access thereto and other lands designated for use by CONTRACTOR in performing the Work are identified in the Contract Documents. All additional lands and access thereto required for temporary construction facilities or storage of materials and equipment are to be provided by Contractor.

4.7 The submission of the Bid shall be an indication that the Bidder has

considered normal local weather conditions (daily and monthly variations) for the previous ten years from the date of the Bid as compiled by the National Weather Service.

## SECTION 5 - INTERPRETATIONS

5.1 All questions about the meaning or intent of the Contract Documents shall be submitted to the City Engineer. Bidders are required to advise the City Engineer of any conflicts in the Contract Documents or any discrepancies between conditions noted at the project site and those shown on the Drawings or described in the Specifications. Replies will be issued by Addenda mailed or delivered to all parties recorded by the City's Purchasing Agent as having received the Bidding Documents. Questions received less than seven days prior to the date for the opening of Bids shall not be answered. Only questions answered by formal written Addenda shall be binding. Oral and other interpretations or clarifications will be without legal effect. All addenda shall be issued no less than five days prior to bid opening.

## SECTION 6 - BID SECURITY

6.1 Bid Security shall be made payable to City, in an amount of 10 percent of the Bidders maximum Bid price and in the form of a certified or cashier's check or a Bid Bond on the prescribed form attached issued by a Surety.

6.2 The Bid Security of the Lowest and Best Bidder shall be retained until such Bidder has executed the Agreement, furnished the required Contract Security, the Insurance Certificates and Endorsements, and complied with the State of Florida requirements; if the Lowest and Best Bidder fails to execute and deliver the Agreement or furnish the Contract Security within ten (10) days of the receipt of Agreement, City may annul the Notice of Award and the Bid Security of that Bidder may be forfeited. The Bid Security of any Bidder whom City believes to have a reasonable chance of receiving the award may be retained by City until the earlier of the seventh day after the "effective date of the Agreement" (which term is defined in the General Conditions) or the sixty-first day after the Bid opening. Bid Security of other Bidders may be returned within seven days of the Bid opening.

## SECTION 7 - CONTRACT TIME

7.1 The time of completion is of the essence of the Contract, and the Bidder awarded the Contract shall proceed with the Work in accordance with the Contract time period specified in the Notice to Proceed for each project. In the event of failure to complete the Work within the time specified, the City may assess damages and/or impose penalties as provided by law or the Contract Documents, unless an appropriate extension of time has been granted by the City.

## SECTION 8 - LIQUIDATED DAMAGES

8.1 Provisions for liquidated damages, if any, are set forth in the Agreement.

## SECTION 9 – SUBSTITUE MATERIAL AND EQUIPMENT

9.1 Not applicable.

## SECTION 10 - SUBCONTRACTORS, ETC.

10.1 The City shall receive from the Apparent Lowest and Best Bidder (or the Lowest and Best Bidder), within ten days after receipt of the Bids, a list of all Subcontractors and other persons and organizations, including those who are to furnish the principal items of material and equipment. This list shall include the name and address of the Subcontractor, person or organization, a description of the services, materials or equipment to be supplied. Such list shall be accompanied by a statement of experience with pertinent information as to similar projects and other evidence of qualification for each such Subcontractor, person or organization. If City has reasonable objection to any proposed Subcontractor, other person or organization, the City may, before the Notice of Award, request the Apparent Lowest and Best Bidder (or the Lowest and Best Bidder) to submit an acceptable substitute without an increase in Bid price. If the Apparent Lowest and Best Bidder (or the Lowest and Best Bidder) declines to make any such substitution, the Contract may not be awarded to such Bidder at the City's sole discretion. Bidder's declining to make any such substitution shall constitute grounds for sacrificing his Bid Security. Any Subcontractor, other person or organization so listed and to whom City does not make written objection prior to the Notice of Award will be deemed acceptable to City, but City does not thereby waive any right it may have against the Contractor because of the actions or omissions of said Subcontractor, other person or organization, or request from the Contractor to replace Sub-contractors depending on their performance or workmanship.

## SECTION 11 - BID FORM

11.1 The Bid Form(s) is included in the Contract Documents.

11.2 Bid Forms must be completed in ink or typewritten. **Bid prices shall be provided for all items listed. All partial bid proposals shall be rejected.**

11.3 Bids by corporations must be executed in the corporate name by the president or a vice-president (or other corporate officer, accompanied by evidence of authority to sign), and the corporate seal must be affixed and attested by the

secretary or an assistant secretary. The corporate address and state of incorporation shall be shown below the signature.

11.4 Bids by partnership must be executed in the partnership name and signed by an authorized partner, whose title must appear under the signature.

11.5 All names and titles must be typed or printed below the signature.

11.6 The Bid shall contain an acknowledgment of receipt of all Addenda (the numbers of which shall be filled in on the Bid Form).

11.7 The address to which communications regarding the Bid are to be directed must be shown.

## SECTION 12 - SUBMISSION OF BIDS

12.1 Submit bids on Bid Forms supplied herein. Bids shall be submitted at the time and place indicated in the CALL FOR BIDS and shall be included in an opaque sealed envelope marked with the Project title and name and address of the Bidder and accompanied by the Bid Security.

If the bid is sent through the mail or other delivery system, the sealed envelope shall be enclosed in a separate envelope with the notation "BID ENCLOSED" on the face thereof.

12.2 Bids received after the time and date specified in the CALL FOR BIDS shall not be considered and will be returned unopened.

## SECTION 13 - MODIFICATION AND WITHDRAWAL OF BIDS

13.1 Bids may be modified or withdrawn by an appropriate document duly executed (in the manner that a Bid must be executed) and delivered to the place where Bids are to be submitted at any time prior to the opening of Bids. Withdrawal of a bid will not prejudice the rights of Bidder to file a new Bid

## SECTION 14 - OPENING OF BIDS

14.1 At the specified time and place as indicated in the CALL FOR BIDS, Bids shall be opened publicly and read aloud.

14.2 An abstract of the amounts of the base bids and major alternates (if any) will be prepared and made available within a reasonable time after the opening of Bids.

14.3 Quantities of work and materials in the Bid Form(s) or in the plans are

approximate only and for the purpose of providing a bidder with information that may be used for the computation of the Base Bid, to obtain unit prices for the approval of payments for the work done, and to determine additions or deletions to the Contract Sum. It shall be the Bidder's responsibility to determine if a different quantity of any item required and to bring the same to the attention of the City Engineer, or Consultant prior to submittal of the Bid.

14.4 Notwithstanding any other provision contained in the Contract Documents, the City reserves the right to reject any and all bids, or portions thereof, and waive any and all irregularities, and the right to disregard any or all nonconforming, unbalanced, or conditional bids or counter proposals. The City may reject, as non-responsive, any or all bids where bidders fail to acknowledge receipt of addenda as prescribed. If the City elects not to reject a bid which fails to acknowledge receipt of any addendum, the bid shall be construed as though the addendum has been received and acknowledged by the Bidder.

14.5 The bids supplied shall be a Unit Price Bid. Unit Price bids for the work items shall be based on estimated quantities for the purpose of determining the best and Lowest Bidder and unit prices as shown in the Bid Form (see Paragraph 14.3 above). In the event that work in addition to estimated quantities is required, compensation to the Contractor shall be based on the unit prices indicated in the Bid Form. For basis of award, discrepancies between the total Bid and the sum of columns of figures shall be resolved in favor of the total Bid. Contractor shall be responsible for the accuracy of the arithmetic of the bid, in particular with the addition of the columns to match the total Bid. City has the right to accept the total Bid whether it is less or more than any additions of any columns or extensions and prorate the unit prices to match the total Bid amount. Contractor shall lose his bid deposit if contract award is not accepted by such Contractor.

## SECTION 15 - BIDS TO REMAIN OPEN

15.1 All Bids shall remain open for sixty (60) days after the day of the Bid opening, but City may, in its sole discretion, release any Bid and return the Bid Security prior to that date.

15.2 Extensions of time when bids shall remain opened beyond the sixty-day period may be made only by mutual agreement between the City, the Lowest and Best Bidder, and the Surety, if any, for the Lowest and Best Bidder.

## SECTION 16 - AWARD OF CONTRACT

16.1 Award shall be based on products, equipment and materials named in the Contract Documents.

16.2 In evaluating Bids, City shall consider the qualifications of the Bidders, and whether or not the Bids comply with the prescribed requirements.

16.3 In evaluating Bids, City shall consider the information provided by the Bidder as described in these INSTRUCTIONS TO BIDDERS.

16.4 The Lowest and Best Bidder shall submit, to City, documentation evidencing its capability to obtain Performance and Payment Bonds and to perform classes of work contemplated, and the necessary plant and sufficient capital, to execute the work properly within the time specified. **This information must be received by City as per Section 10 above.**

16.5 The City shall require the Lowest and Best Bidder to submit a certified statement describing his organization, plant, manpower and financial resources, and list all previous and/or ongoing construction contracts over the last 5 years, regardless of amount or completion status. Information shall be submitted on the Associated General Contractors of America Form "Standard Questionnaires and Financial Statement for Bidders", available from AGC, 1957 "E" Street, N.W., Washington, D.C., 20006, or other form acceptable to City. The information shall be certified by a Certified Public Accountant for bids over $25,000 and shall be submitted to the City prior to Contract Award. The City, at its discretion, may require any or all of the above listed information from any other Bidder.

16.6 City may consider qualifications and experience of Subcontractors and other persons and organizations (including those who are to furnish the principal items of material or equipment) proposed for those portions of the Work as to which the identity of Subcontractors and other persons and organizations must be submitted as provided in the Bid Form and Section 10 of these Instructions.

16.7 City may conduct such investigations and require supplemental information as it deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications and financial ability of the Bidders, proposed Subcontractors, proposed equipment and material suppliers, and other persons and organizations to do the Work in accordance with the Contract Documents to City's satisfaction within the prescribed time.

16.8 City reserves the right to reject the Bid of any Bidder who does not pass any such evaluation to City's satisfaction.

16.9 **City reserves the right to reject the Bid of any Bidder which is or was behind on the approved completion schedule for any existing or past contracts with the City, is in litigation with the City, has previously defaulted on a contract with the City, has delayed or skipped subcontractor payment(s), or has provided unsatisfactory performance on current or previous City Contracts.**

16.10 If the Contract is to be awarded, it will be awarded to the best and lowest responsible Bidder on the basis of the total Bid amount, qualifications, experience, and ability to perform the work. City reserves the right to reject all bids or portions thereof.

## SECTION 17 - BONDS AND INSURANCE

17.1 The General and Special Supplemental Conditions set forth the City's requirements as to Bonds and Insurance. When the Successful Bidder delivers the executed Agreement to City, it shall be accompanied by the required Bonds, Insurance Certificates, and Endorsements on forms prescribed by City. The City must receive with Successful Bidder executed Agreement copies of all insurance policies for the insurance requirements set forth in the General and Special Supplemental Conditions. Attorneys-in-fact who sign Bid Bonds, Performance Bonds and Payment Bonds must file with such Bonds a certified copy of their power-of-attorney to sign the Bonds.

## SECTION 18 - SIGNING OF AGREEMENT

18.1 When City gives a Notice of Award to the Successful Bidder, it will be accompanied by at least two (2) unsigned counterparts of the Agreement and all other Contract Documents. Within ten (10) days of receipt thereafter, Successful Bidder shall sign and deliver at least two (2) counterparts of the Agreement to City, together with the documents described in Section 17 above attached. Within ten (10) days after receipt of the properly executed and completed submittal, City will deliver a fully signed counterpart to Successful Bidder.

18.2 Failure by a Successful Bidder to whom the contract is awarded to execute the Agreement, or to correctly complete or furnish required Bonds or insurance certificates and endorsements, shall be just cause for the annulment of the award and the forfeiture of the Bid Security.

18.3 If Successful Bidder is a Corporation, the Agreement shall be signed by the President, attested by the Secretary, and have the Corporate Seal affixed. The agreement executed shall be accompanied by a Certificate of Good Standing dated

within 30 days and an Incumbency Certificate, under oath, executed by Legal Counsel or the Secretary of the Corporation, and the Corporate Seal if by the Secretary.

18.4 A Successful Bidder who is awarded the Contract and fails to execute the Agreement or correctly complete or furnish the required Bonds, insurance certificates and endorsements within the time period specified in Article 10, Section 18.1 above or fails to comply with submittal requirements specified in Article 20 shall be liable to the City for all damages resulting there from, including reasonable attorneys' fees and costs, and attorneys' fees and costs on appeal. The Bid Security forfeited shall not be a limitation thereon.

## SECTION 19 - SCHEDULE OF SUBMITTALS

19.1 Within ten (10) days prior to Contract Award, the Successful Bidder shall submit a preliminary progress schedule and a schedule of projected payments in accordance with the General Conditions. This schedule shall show in a summary fashion the order in which the Successful Bidder proposes to perform the Work and shall indicate approximate starting and completion dates for said projects. This progress schedule shall not replace, but serve as a basis for, the progress schedule submittals to be developed as required in the Specifications. Failure by the Successful Bidder to furnish this Schedule of Submittals, as required, in a sufficiently complete and responsible manner, shall void evaluation of the Bid, and will constitute proof that the Successful Bidder has abandoned all his rights and interests in the award, and his Bid Security may be declared forfeited to the City as liquidated damages, and the Work may be awarded to another Bidder.

## SECTION 20 - SPECIAL WARRANTY, GUARANTEE, BOND, INSURANCE, MAINTENANCE, AND CORRECTION PERIOD REQUIREMENTS

20.1 There may be special requirements pertaining to Warranty, Guarantee, Bonds, Insurance, Maintenance, and the Correction Period which are described in the Contract Documents. Bidders shall review these special requirements, if applicable, and reflect in their bids all costs associated therewith.

## SECTION 21 – MATERIALS

21.1 Materials produced by convict labor are prohibited from use on the PROJECT unless specific written authority for such use is obtained.

21.2 State produced materials are now allowed.

21.3 State/Local Owned/Furnished/Designated materials may be utilized if it is in the public interest and approved by the CITY.

**END OF SECTION**

THE SUNRISE CITY
FORT PIERCE
*Florida*
PURCHASING
DEPARTMENT

# Exhibit C

1 **STANDARD SPECIFICATIONS**: All work shall conform to the "Florida Department of Transportation Standard Specifications for Road and Bridge Construction" (2024 Edition) and all supplementary specifications issued by the department, unless stated otherwise. Any reference in the FDOT Standard Specifications to the Engineer or Department shall mean the ENGINEER on this project. Specific references are made to certain portions of the FDOT Standard Specifications to facilitate the CONTRACTOR.

Any reference to "FDOT Standard Indexes" shall mean the FDOT Design Standards (2024 Edition) and Interims.

2 **SCOPE OF WORK:** Shall be as shown on the collective plans for Little Jim Camp Sanitary Improvement Project encompassing Sheets 1 through 12 inclusive. The Scope of Work under this contract shall also include coordination between this CONTRACTOR and the CITY and any of its contractors throughout the duration of construction to complete all the items included in the construction plans.

3 **MEASUREMENT AND BASIS OF PAYMENT**: Measurement of quantities for progress payments shall be made by the CONTRACTOR. Such measurements are subject to the ENGINEER's review and correction.

Measurements for progress payments shall be made on in-place quantities. Requests for partial payment for materials on order, in warehouse or yard, or stockpiled on the project site will be accepted or denied at the CITY's discretion.

No item will be accepted for progress payment until all required testing has been successfully completed.

Measurements for progress payment shall be in accordance with Standard Specifications unless otherwise noted.

Final payment will not be made on any portion of the contract until the entire scope of work under this contract is complete.

4 **UTILITIES:** The CONTRACTOR shall be required to coordinate all work, when necessary, with the various utility companies in order that utility service may be maintained. The CONTRACTOR shall exercise due caution when working adjacent to such utilities. Any damage to the utilities resulting from the CONTRACTOR's operations shall be repaired at his expense. The design engineer has reflected on the plans those utilities he is aware of. The locations shown are approximate only. Any work involving conflict with utility companies shall be coordinated promptly without any delay to the project.

The Utility owners within the limits of this project have been identified as FPL, AT&T, Hometown Cable, Comcast, and Ft. Pierce Utility Authority and St. Lucie

County Utilities. It is likely that the private utilities will not have all their utilities relocated prior to construction. It is the responsibility of the CONTRACTOR to coordinate with the utility owners in order to prioritize relocations and prevent delays in construction.

5 **BORROW & WASTE:** Any borrow needed shall be provided by the CONTRACTOR at no additional expense to the CITY. Any waste material shall be disposed of by the CONTRACTOR and shall be included in the cost of excavation.

6 **TESTING:** Description: Testing shall be at the expense of the CONTRACTOR. An Independent Testing Laboratory shall be utilized for all testing services as directed by the ENGINEER. The testing laboratory shall mail a copy of all test reports directly to the CONTRACTOR. The CONTRACTOR shall forward signed and sealed test reports to the CITY and the ENGINEER. Test reports shall include the following data:

1. Project Name and No.
2. ENGINEER's Name
3. CITY's Name
4. CONTRACTOR's Name
5. Date of Sampling
6. Technician Sampling
7. Date of Testing
8. Technician Testing
9. Test Results
10. Specification Requirements
11. Whether or not test meets specification requirements
12. Signature of Supervising Professional ENGINEER

The CONTRACTOR shall be responsible for contacting and scheduling all testing.

The CONTRACTOR shall provide for testing of all work efforts in accordance with the appropriate FDOT Standards.

**Method of Measurement and Basis of Payment:** All materials, labor and equipment needed to prosecute the work required by this Specification shall be carried out by the CONTRACTOR as incidental to the bid price of the various bid items of this Contract, with no additional cost to be incurred by the CITY.

7 **CONSTRUCTION LAYOUT:**

**Description:** Construction layout for horizontal and +vertical control shall be performed by the CONTRACTOR. Grade stakes for pavement construction shall be set no farther apart than fifty (50) feet O.C. Horizontal and vertical control points are shown on the plans.

**Record Drawings:** CONTRACTOR shall keep one record copy of all

specifications, prints, drawings, addenda, modifications and shop drawings at the site in order, and annotated to show all changes made during the construction process. CONTRACTOR shall provide ENGINEER and CITY one (1) digital file in AutoCAD format of the As-Built drawings for the entire project as well as six sets of prints signed and sealed by a licensed surveyor, an electronic pdf set of as-built drawings and a signed and sealed pdf electronic file. The ENGINEER will provide a CADD drawing in AutoCAD as a basis for the record drawings. The As-Built drawings are to be delivered by the CONTRACTOR to the ENGINEER within thirty (30) days of Final Completion. This is critical for the certification of the facilities to the CITY and various regulatory agencies. Final payment shall not be made until As-Built drawings have been received and approved by the CITY.

8 **MAINTENANCE OF TRAFFIC**

Maintenance of traffic shall be lump sum and shall include all items necessary to conform to the latest FDOT Specifications, FDOT Design Standard Indices Drawings and Manual on Uniform Traffic Control Devices, except as may be paid for as a separate pay item as shown in contract documents. This item shall also include all costs for temporary signing and pavement markings (paint), barricades, arrow boards, cones, crossing guards, off-duty policemen, flagmen, flags, temporary pavement, temporary sidewalks, detours, adjacent property access, driveway connections and maintenance of existing and temporary pavements, access, bicycle paths, sidewalks, driveway connections and adjacent property access and obliteration of conflicting markings. "Blacking-out" with paint will not be allowed.

The CONTRACTOR shall prepare a Maintenance of Traffic (MOT) plan for review and approval by the CITY and ENGINEER. Work may not begin until the CITY has approved the MOT plan.

The CONTRACTOR shall coordinate any street closings or detours necessary for the maintenance of traffic with the City of Port St. Lucie. Westmoreland Boulevard, and access to the Botanical Gardens shall remain open at all times. All costs associated with this coordination will be included in the cost of Maintenance of Traffic (MOT).

FDOT Standard Specification Section 102-2.1 Maintenance of Devices and Barriers will be enforced on this project. In addition, devices which are brought onto the project which are not in conformity to the aforementioned standards, or are damaged or defaced, will be rejected by the ENGINEER and shall be replaced by the CONTRACTOR at no additional cost to the CITY.

The CONTRACTOR is to provide a Traffic Control Plan for approval by the ENGINEER and the CITY.

Approval from all respective agencies and/or authorities as approved in the Contract Documents will be the sole responsibility of the CONTRACTOR.

The CONTRACTOR shall not block access to driveways except where same area is to be removed and replaced. The CONTRACTOR shall give twenty-four (24) hours advance written notice to the resident or occupant of the property of driveway removal and replacement operations and supply the CITY's representative a copy of same.

**Method of Measurement and Basis of Payment.** All items included in this section shall be carried out by the CONTRACTOR as incidental to the bid price of Bid Item No. 102-1 Maintenance of Traffic on a Lump Sum basis.

9 **WATER RESOURCES:** The CONTRACTOR shall not discharge without permit into the waters of lakes, rivers, canals, waterways and ditches, any fuels, oils, bitumen's, garbage, sewage, or other materials which may be harmful to fish, wildlife, or vegetation, or that may be detrimental to outdoor recreation. The CONTRACTOR shall be responsible for investigating and complying with all applicable Federal, State and local laws and regulations governing pollution of waters. All work under this contract shall be performed in such a manner that objectionable conditions will not be created in waters through or adjacent to the project areas. If a violation is noted during dredging, all dredging shall cease until the condition is corrected, at no additional cost to the CITY.

**Turbidity:** The CONTRACTOR shall exercise extreme care to minimize degradation of water quality at the site. All necessary provisions shall be taken to ensure compliance with the water quality standards of the State of Florida. Attention is called to Chapter 17-3, Florida Administrative Code. Adequate silt containment procedures and equipment shall be used to control turbidity within State standards.

**Water Quality Measurements:** When required by any Governmental Agency, the CONTRACTOR shall make water quality measurements and submit to Agency and ENGINEER, in addition to those required herein, to assure construction operations are in compliance with the Standards of 17-3, F.A.C. All water quality measurements shall conform to the test methods specified in Chapter 40, Part 136 of the Code of Federal Regulations.

**Disposal:** If any waste material is dumped in unauthorized areas, the CONTRACTOR shall remove the material and restore the area to the condition of the adjacent undisturbed area. If necessary, contaminated ground shall be excavated, disposed of as directed by the ENGINEER and replaced with suitable fill materials, compacted and finished with topsoil, all at the expense of the CONTRACTOR.

**Method of Measurement and Basis of Payment:** All materials, labor and

equipment needed to prosecute the work required by this Specification shall be carried out by the CONTRACTOR as incidental to the bid price of the various bid items of this Contract, 104-10-3 Sediment Barrier, 104-15 Soil Tracking Device, and 104-18 Inlet Protection System with no additional cost to be incurred by the CITY.

10 **FISH AND WILDLIFE RESOURCES:** The CONTRACTOR shall at all times perform all work and take such steps required to prevent any interference or disturbance to fish and wildlife. The CONTRACTOR shall not be permitted to alter water flows or otherwise significantly disturb native habitat adjacent to the project area which are critical to fish and wildlife except as may be indicated or specified.

**Method of Measurement and Basis of Payment:** All materials, labor and equipment needed to prosecute the work required by this Specification shall be carried out by the CONTRACTOR as incidental to the bid price of the various bid items of this Contract, with no additional cost to be incurred by the CITY.

11 **EROSION AND SEDIMENT CONTROL MEASURES:**
In addition to the requirements of Section 104 of the FDOT Standard Specifications, the CONTRACTOR shall be responsible for the following items:

**Reduction of Exposure of Unprotected Erosive Soils:** Earthwork brought to final grade shall immediately be finished as indicated and specified. All earthwork shall be planned and conducted in such a manner as to minimize the duration of exposure of unprotected soils. Protection to erosion shall be furnished by grassing exposed slopes and unprotected soils.

**Temporary Protection of Erosive Soils:** Such methods as may be necessary shall be utilized on areas to effectively prevent erosion and control sedimentation.

**Turbidity Control:** The CONTRACTOR shall employ adequate silt containment equipment and/or procedures during construction activities to control turbidity within the limits required by local, State or Federal law and/or permit requirements.

**Method of Measure and Basis of Payment:** When separate items for Temporary Erosion control are included in this Contract, the quantities to be paid under this Section will be for the contract Unit Bid price for the specific item. When other items for temporary erosion control are needed, but no provision has been made for separate items in this Contact, all materials, labor and equipment needed to prosecute the work required by this Specification shall be carried out by the CONTRACTOR as incidental to the bid price of the various bid items of this Contract, with no additional cost to be incurred by the CITY.

**NPDES Permit:** The contractor shall obtain a NPDES permit for the project. The

costs associated with preparing the application shall be incidental to the construction.

12 **ENVIRONMENTAL PROTECTION:** In order to prevent and to provide for abatement and control of any environmental pollution arising from the work of the CONTRACTOR and his Subcontractors in the performance of this Contract, the CONTRACTOR shall comply with all applicable Federal, State and Local laws and regulations concerning environmental pollution control and abatement, and all applicable provisions of the Army Corps of Engineers manual, EM 385-1-1, entitled General Safety Requirements, in effect on the date of the work, as well as the specifications, including the Corps of Engineers and Florida Department of Environmental Protection permits, if applicable to this project.

The CONTRACTOR shall provide and maintain environmental protection during the term of the Contract. Environmental protection measures shall be provided to control pollution that develops during normal dredging and/or excavation practices. The CONTRACTOR's operations shall comply with all Federal, State, and Local regulations pertaining to water, air, solid waste and noise pollution. Compliance with the provisions of this Section by subcontractors shall be the responsibility of the CONTRACTOR.

**Method of Measurement and Basis of Payment:** All materials, labor and equipment needed to prosecute the work required by this Specification shall be carried out by the CONTRACTOR as incidental to the bid price of the various bid items of this Contract, with no additional cost to be incurred by the CITY.

13 **CLEARING AND GRUBBING:**

**Description:** The work specified in this section consists of clearing and grubbing as defined under Section 110 of the FDOT Standard Specifications. Also included in the work under this Section is certain other miscellaneous work necessary for the complete preparation of the project site as follows:

The removal and disposal of materials and debris resulting from clearing and grubbing operations.

The construction site shall be cleared as required and all areas upon which utility piping, structures, concrete slabs, foundations or pavement is to be placed shall be cleared and grubbed. This includes clearing all areas required to construct improvements as shown in the construction plans.

The CONTRACTOR is expected to visit the site of the work and determine for himself the extent of clearing and grubbing necessary for his construction operations.

**Standard Clearing and Grubbing.** Work under this item will be done in

accordance with Sub-Sections 110-2 of the FDOT Standard Specifications. This work also includes the removal of existing pavement and all other related items shown in the construction plans.

**Removal of Existing Structures.** Work under this item will be done in accordance with Sub-Sections 110-6 and 110-7 of the FDOT Standard Specifications. This work also includes the removal of existing culvert pipes, stormwater inlets, flexible pavement, and concrete headwalls as shown in the construction plans.

**Removal of Debris.** All materials and debris resulting from clearing, or clearing and grubbing, operations shall be removed from the site and disposed of in an approved manner. This shall be incidental to the unit price for Standard Clearing and Grubbing.

**Disposal of Materials.** Disposal of all materials removed during the clearing & grubbing operations of this project shall be done in accordance with Section 110-9 of the FDOT Standard Specifications and shall abide by all Local, State, and Federal regulations.

**Method of Measurement and Basis of Payment.** All items included in this section shall be carried out by the CONTRACTOR as incidental to the bid price of Bid Item No. 110-1-1, Clearing & Grubbing, on a per Acre; and 110-4-10 Removal of Existing Pavement, on a Square Yard basis.

14 **CONTROL AND DISPOSAL OF WASTE:** Wastes shall be picked up and placed in containers that are emptied on a regular schedule. All handling and disposal shall be so conducted as to prevent contamination of the site and any other areas. On completion, the areas shall be left clean and natural looking. All sites of temporary construction and activities incidental to construction of the required permanent work in place shall be obliterated.

**Disposal of Rubbish and Debris:** CONTRACTOR shall transport all waste off of CITY's property and dispose of it in a manner that complies with federal, state and local requirements.

15 **DUST CONTROL:** Dust shall be kept down at all times, including non-working hours, weekends and holidays. Soil at the site and other areas disturbed by the CONTRACTOR's operations shall be sprinkled or treated with dust suppressor as necessary to control dust. Blowing will be permitted only for cleaning off non-particulate debris, such as reinforcing bars. No sandblasting will be permitted unless the dust there from is confined, except in areas approved by the CITY.

16 **REGULAR EXCAVATION:** Regular Excavation consists of all materials, equipment and labor to perform work as defined in Section 120 of the Standard

Specifications. In addition, the work covered under this section consists of excavating, removing and satisfactorily disposing of, all materials of whatever

nature, within the limits of construction. This work also includes the hauling, stockpiling, and maintenance of all excavated material as directed by the CITY. Included in this section is all excavation and finishing necessary for the construction, preparation and completion of all lake excavation, culvert installation and landscape area preparation, all in accordance with the required grade and cross sections shown on the drawings or as directed by the ENGINEER.

The CONTRACTOR shall perform all excavation necessary to accomplish the construction indicated on the plans. Excavated materials; shall be stockpiles in the project as directed by the ENGINEER. Unsuitable materials will be removed from the site and disposed of by the CONTRACTOR at no additional cost to the CITY.

The CONTRACTOR shall do all shoring necessary to perform and protect the excavation and, as necessary, for the safety of the workers and any existing facilities. Wherever excavations are made below the grades indicated on the plans, firm material shall be used to restore the area to the proper grade and shall be compacted in accordance with these specifications. All excavation work shall conform to the Trench Safety Act Chapter 90-96 Laws of Florida. All Trench Safety requirements shall be incidental to the cost of excavation.

The CONTRACTOR shall provide adequate equipment for the removal of storm or subsurface waters that may accumulate in the excavated areas. If subsurface water is encountered, the CONTRACTOR shall utilize approved means in compliance with the SFWMD dewatering permit to adequately dewater the excavation so that it will be dry for working and pipe laying. A well point system or other approved dewatering method shall be utilized if necessary to maintain the excavation in a dry condition for preparation of the trench bottom and for pipe laying.

All existing improvements such as pavements, conduits, poles, pipes and other structures shall be carefully supported and fully protected from injury and, in case of damage, they shall be restored without compensation. Existing utilities and other underground obstructions are shown on the plans but the accuracy of the locations and depths is not guaranteed. The CONTRACTOR shall be responsible for damages to these existing utilities and shall, in case they are damaged, restore them to their original condition.

Unless specifically authorized by the ENGINEER, all pipe shall be laid in the dry, and the CONTRACTOR shall do such pumping as is required for proper execution of the work and to dispose of the water without damage or undue inconvenience of the work, the surrounding area, or the public. He shall not dam, divert or cause water to flow in excess in existing gutters, swales, pavements or

other structures, and to this end may be required to conduct the water to a suitable place of discharge. Well point system or other approved equipment shall

be used to maintain excavations in a dry condition for pipe laying.

Where muck, rock, clay or other material within the limits of construction is, in the opinion of the ENGINEER, unsuitable in its original position, the CONTRACTOR shall excavate such material and backfill the excavated area with suitable material, which shall be compacted and shaped to conform to the required section. This work shall be performed in accordance with FDOT Standard Index 500.

It is the intent of this specification that all pipe and other structures shall be provided with a stable foundation and that any material which by reason of kind or condition is not or cannot be made stable by drainage or compaction shall be removed or replaced. Therefore, any material encountered at the elevation shown on the drawings or specified for pipe that will not or cannot be improved to provide a stable foundation for the pipe shall be removed and replaced. All unstable material below the grade line of the pipe shall be removed for the full width of the trench and replaced with suitable selected material, compacted as specified elsewhere in these specifications. For the purpose of this specification, muck, peat and other highly organic soils shall be considered to be unstable materials. Also, any soil which is or might become wet to such a degree that its moisture content is equal to or greater than 90 percent of its liquid limit will have to be specifically approved by the ENGINEER with regard to stability or shall be considered to be an unstable material requiring removal and replacement.

These items include the cost for the CONTRACTOR to remove, transport, place, and maintain material as described in the contract documents. Payment for these items will be based on compacted volumes. Prior to CONTRACTOR shall cut cross sections of the existing ground or utilize the design topography data. Upon completion of construction, CONTRACTOR shall complete cross sections of the site. The difference between the pre and post construction sections will be used to calculate the excavation and embankment volumes.

**Method of Measurement and Basis of Payment.** Payment for Excavation shall be incidental to the construction of the sanitary and potable water Bid items.

17 **EMBANKMENT:** Embankment consists of all materials, equipment and labor to perform work as defined in Section 120 of the Standard Specifications. In addition, the work covered under this section consists of providing all materials of whatever nature, within the limits of construction. This work also includes the hauling, stockpiling, and maintenance of all fill material as directed by the CITY. Included in this section is all fill and finishing necessary for the construction, preparation and completion of all lake bank berm construction, and sidewalk and culvert installation, all in accordance with the required alignment, grade and cross sections shown on the drawings or as directed by the ENGINEER.

The CONTRACTOR shall perform all embankment necessary to accomplish the construction indicated on the plans.

All existing improvements such as pavements, conduits, poles, pipes and other structures shall be carefully supported and fully protected from injury and, in case of damage, they shall be restored without compensation. Existing utilities and other underground obstructions are shown on the plans but the accuracy of the locations and depths is not guaranteed. The CONTRACTOR shall be responsible for damages to these existing utilities and shall, in case they are damaged, restore them to their original condition.

Unless specifically authorized by the ENGINEER, all pipe shall be laid in the dry, and the CONTRACTOR shall do such pumping as is required for proper embankment work and to dispose of the water without damage or undue inconvenience of the work, the surrounding area, or the public. He shall not dam, divert or cause water to flow in excess in existing gutters, swales, pavements or other structures, and to this end may be required to conduct the water to a suitable place of discharge. Well point system or other approved equipment shall be used to maintain embankment in a dry condition for pipe laying.

It is the intent of this specification that all pipe and other structures shall be provided with a stable foundation and that any material which by reason of kind or condition is not or cannot be made stable by drainage or compaction shall be removed or replaced. Therefore, any material encountered at the elevation shown on the drawings or specified for pipe that will not or cannot be improved to provide a stable foundation for the pipe shall be removed and replaced. All unstable material below the grade line of the pipe shall be removed for the full width of the trench and replaced with suitable selected material, compacted as specified elsewhere in these specifications. For the purpose of this specification, muck, peat and other highly organic soils shall be considered to be unstable materials. Also, any soil which is or might become wet to such a degree that its moisture content is equal to or greater than 90 percent of its liquid limit will have to be specifically approved by the ENGINEER with regard to stability or shall be considered to be an unstable material requiring removal and replacement.

All backfill material shall be clean and free of lumber, trash or other debris and shall be thoroughly compacted in layers not to exceed eight inches and brought to an elevation above the finished grade sufficient to allow for settlement. Prior to placing backfill, the areas around structures upon which the backfill is to be placed shall be cleaned of all trash and debris of any nature. Any sheeting and bracing allowed to be left in place shall be cut off a minimum of 2.5 ft. below finished grade.

Finishing shall consist of the preparation, trimming and shaping to the lines and grades shown on the drawings, and all areas outside the paved areas in such a

manner to receive grassing, sod or planting without additional work.

Areas to be compacted shall be moistened or dried and compacted by either rolling, tamping or any other method approved by the ENGINEER in order to obtain the desired density. The CONTRACTOR shall inspect all compacted areas prior to further construction operations to ensure that satisfactory compaction has been obtained.

All embankment, including backfill and embankment adjacent to structures, shall be compacted to a density of not less than 100 percent of the maximum density as determined by AASHTO T-99. If in the ENGINEER's opinion density tests are required, such tests shall be made as directed by the ENGINEER at the expense of the CITY. The CONTRACTOR shall instruct the testing laboratory to forward copies of all test reports to the ENGINEER.

These items include the cost for the CONTRACTOR to remove, transport, place, and maintain material as described in the contract documents. Payment for these items will be based on compacted volumes. Prior to CONTRACTOR shall cut cross sections of the existing ground or utilize the design topography data. Upon completion of construction, CONTRACTOR shall complete cross sections of the site. The difference between the pre and post construction sections will be used to calculate the excavation and embankment volumes.

**Method of Measurement and Basis of Payment.** Payment for Excavation and Embankment shall be made under Bid Item No. 120-6 on a Cubic Yard Basis.

18 **EXCAVATION AND DEWATERING:** Excavation and Dewatering consists of all materials, equipment and labor to perform excavation as defined in Section 125 of the FDOT Standard Specifications, unless otherwise stated herein. It shall also include (1) the construction and removal of cofferdams, sheeting, bracing, etc.; (2) pumping or otherwise dewatering foundations, including rock for dewatering; (3) the removal and disposal of any existing structures or portions of structures not covered by other items in the contract, including foundations, abutments, piers, wings, obstructions, etc., found necessary to clear the site for the proposed work which are not otherwise covered under other bid items; (4) backfilling, disposing of surplus material and final cleaning, as may be necessary for the proper execution of the work.

The work for culverts shall conform to Paragraph 125-4.4 of the FDOT Standard Specifications.

The CONTRACTOR shall comply with all limiting conditions of the approved SFWMD dewatering permit. If the CONTRACTOR must deviate from the provisions of the permit, the CONTRACTOR is responsible for obtaining the proper permit modification prior to performing the proposed work requiring the modification.

The CONTRACTOR shall provide adequate equipment for the removal of storm

or subsurface waters that may accumulate in the excavation. If subsurface water is encountered, the CONTRACTOR shall utilize suitable equipment to adequately dewater the excavation so that it will be dry for work and pipe laying. A well point system or other ENGINEER approved dewatering method shall be utilized, if necessary, to maintain the excavation in a dry condition for preparation of the trench bottom and for pipe laying.

Dewatering by trench pumping will not be permitted if migration of fine-grained natural material from bottom, side walls or bedding material will occur. In the event that satisfactory dewatering cannot be accomplished due to subsurface conditions or where dewatering could damage existing structures, the CONTRACTOR shall obtain the ENGINEER's approval of wet trench construction procedure before commencing construction. Dewatering shall cease in a manner to allow the subsurface water to slowly return to normal levels.

Water pumped from the trench or other excavation shall be disposed of in storm sewers having adequate capacity, canals or suitable disposal pits. CONTRACTOR is responsible for acquiring all permits required to discharge the water and shall protect waterways from turbidity during the dewatering operation. In areas where adequate disposal sites are not available, partially backfilled trenches may be used for water disposal only when the CONTRACTOR's plan for trench disposal is approved in writing by the engineer. The CONTRACTOR's plan shall include temporary culverts, barricades and other protective measures to prevent damage to property or injury to any person or persons. No flooding of streets, roadways, driveways or private property will be permitted. Engines driving dewatering pumps shall be equipped with residential type mufflers.

19 **TYPE B STABILIZATION (12" THICK):**

**Description.** The work specified under this section shall be in accordance with section 160 of the FDOT Standard Specifications.

**Method of Measurement and Basis of Payment:** The quantities to be paid under this section shall include all materials, labor and equipment needed to prosecute the work required by this specification and will be paid for at the contract unit bid price for the specific item with no additional cost to be incurred by the CITY.

This item shall include all new pavement construction and Pavement Reconstruction.

Payment shall be made under the corresponding Bid Item 160-4 Type B Stabilization (12" Thick), per Square Yard.

20 **OPTIONAL BASE GROUP 06 (8" THICK):**

**Description.** The work specified under this section shall be in accordance with section 200 of the FDOT Standard Specifications.

**Method of Measurement and Basis of Payment:** The quantities to be paid under this section shall include all materials, labor and equipment needed to prosecute the work required by this specification and will be paid for at the contract unit bid price for the specific item with no additional cost to be incurred by the CITY.

This item shall include all new pavement construction and Pavement Reconstruction.

Payment shall be made under the corresponding Bid Item 285-706 Optional Base Group 06 (8" Thick), per Square Yard.

21 **SUPERPAVE ASPHALT CONCRETE:**

**Description.** The work specified under this section shall be in accordance with Sections 234, 300, 320, 330, and 334 of the FDOT Standard Specifications.

**Method of Measurement and Basis of Payment:** The quantities to be paid under this section shall include all materials, labor and equipment needed to prosecute the work required by this specification and will be paid for at the contract unit bid price for the specific item with no additional cost to be incurred by the CITY.

Work shall include all items required to install the various lifts of asphalt pavement including, but not limited, prime and tack coats.

Payment shall be made under the corresponding Bid Item 334-1-13, Superpave Asphalt Concrete SP-9.5 (1.5" Thick) per Ton.

22 **SODDING:** All sodding work on this project shall be provided in accordance with Sections 570 and 575 of the FDOT Standard Specifications and revisions. Unless otherwise specified in the Plans, all sodding shall consist of Bahia grass sodding, except in residential and commercial areas where the sod shall be the same type as which was disturbed or removed.

Payment shall be made under: Item 570-1-2 Performance Turf - Sod, per square yard.

23 **POTABLE WATER SYSTEM:**

**Description.** The work specified under this section shall be in accordance with St. Lucie County Utility Systems Department Utility Standards.

The work shall include the installation of the potable water service for the Grinder Pump Station. The work shall include installation of the pipe and appurtenances, backfilling of the pipe, pressure testing of the system, and bacteriological sampling of the system.

**Method of Measurement and Basis of Payment:** The quantities to be paid under this section shall include all materials, labor and equipment needed to prosecute the work required by this specification and will be paid for at the contract unit bid price for the specific item with no additional cost to be incurred by the CITY.

Payment shall be made under the corresponding Bid item number found in the Schedule of Contract Values, Items 1050 through 1080 series including per Linear Foot, Tonnage, Assembly and Each.

24 **SANITARY SEWER SYSTEM:**

**Description.** The work specified under this section shall be in accordance with The St. Lucie County Utility Systems Department, Utility Standards.

The work shall include the installation of the sanitary sewer system for the project as shown on of the Construction Plans. The work shall include installation of the grinder station, gravity, pressure pipe, system connections, appurtenances, backfilling of the pipe, and testing of the system.

**Method of Measurement and Basis of Payment:** The quantities to be paid under this section shall include all materials, labor and equipment needed to prosecute the work required by this specification and will be paid for at the contract unit bid price for the specific item with no additional cost to be incurred by the CITY.

Payment shall be made under the corresponding Bid item number found in the Schedule of Contract Values, Items 1050 through 1080 series, per Linear Foot, Tonnage, Assembly and each.

25 **FPL POWER (ALLOWANCE):**

**Description.** The work specified under this section shall be to provide adequate power from the FPL point of service to the proposed transformers. This line item is provided in the event that sufficient power is not provided from the FPL point of service. The use of this line item will be subject to the approval by the City.

**Method of Measurement and Basis of Payment:** The quantities to be paid under this section shall include all materials, labor and equipment needed to provide any required upgraded power supply from the FPL existing transmission system to the site point of service and will be paid for at the contract unit bid price for the specific item with no additional cost to be incurred by the CITY.

Payment shall be made under Bid Item Number 2000 - 1 FPL Power (Allowance) - Complete, per Lump Sum.

26 **PROJECT SCHEDULE:** Within ten (10) calendar days after the execution of the Contract, or at the pre-construction meeting whichever is earlier, CONTRACTOR shall submit for approval, three copies of a schedule of work showing in detail satisfactory to the ENGINEER and the CITY, the order which CONTRACTOR proposes to carry on the work, the interdependence of activities, the date on which it will start the individual activities, including procurement of materials, plans and equipment, submission and receipt of shop drawings, duration, monetary value, resource allocation, earliest and latest starting and completion dates for each operation. The schedule shall be in the form of progress chart of suitable scale to indicate appropriately the percentage of work schedule for completion at any time. All activities are to be described so that the work is readily identifiable and the progress on each activity can be readily measured. The schedule shall be prepared in such a manner that all elements are contained on the schedule diagram i.e. Early Start, Late Start, Early Finish, Late Finish and Duration. Separate detail sheets containing this information are not acceptable. If CONTRACTOR elects to use a computer-generated CPM the selected software and output format (including size, color, order, etc.) is to be approved and accepted by the ENGINEER before CPM preparation. The schedule shall be accompanied by a working plan which is a concise written description of CONTRACTOR's construction plan. This plan shall include but not be limited to the phasing, sequence, identification of work crews and summary of the work. CONTRACTOR shall resubmit revised schedule whenever requested to comply with such comments as may be required by the ENGINEER and the CITY.

CONTRACTOR shall enter on the above-mentioned chart the actual progress accompanied with a written description at monthly intervals and shall immediately deliver to the ENGINEER three (3) copies thereof along with each progress payment request. If CONTRACTOR fails to submit a progress schedule within the time here prescribed, the ENGINEER may withhold approval of progress payment request until such time as CONTRACTOR submits the required progress schedule.

If a majority of the activities have a float period less than ten (10) days, then the CONTRACTOR must provide complete details on the resource allocation as requested by the ENGINEER.

The CONTRACTOR must provide letters from his subcontractors that indicate their acceptance of the proposed schedule.

The CONTRACTOR shall submit a concise written explanation of the schedule impacts attached to the delay claim and the next schedule update.

**Method of Payment and Basis of Payment:** All material, labor and equipment required to perform the work effort for this item shall be carried out by the

CONTRACTOR as incidental to the bid price of the various bid items of this contract, with no additional cost to be incurred by the CITY.

## SPECIAL CONDITIONS

1. **CITY FURNISHED ITEMS -** The CONTRACTOR shall provide a proposal for all items listed in the "Schedule of Contract Prices" based upon the material, labor, etc. necessary to complete each of the items. If the "City Furnished" items are provided, then the cost will be deducted from the unit price for the item as provided by the CONTRACTOR in the "Schedule of Contract Prices".

2. **SURVEY CONTROL** - The bench marks for survey control for the project have been indicated in the construction plans. The location of these control points may at times be located within the construction area. It is the responsibility of the CONTRACTOR to locate, preserve, or offset these points as required to maintain proper survey control for the project for the duration of the construction efforts. Control points shall be re-established upon completion of construction at the expense of the CONTRACTOR.

   Grades shown are finished grades, and B.M. Datum is North American Vertical Datum 1988 (NAVD-1988) as noted in the plans.

3. **FIELD OFFICE** – Should the CONTRACTOR provide themselves a field office for this project, the office and all associated costs shall be included in the cost of mobilization. No field office is required by the City of Ft. Pierce.

4. **CONSTRUCTION ITEMS IN THE BID FORM** - Construction items in the Bid Form may be increased, decreased or deleted at the direction of the ENGINEER and the CITY with no adjustment to unit cost

5. **EXISTING SIGNS** - Existing signs shall not be damaged during construction. If damage occurs, it shall be the CONTRACTOR's responsibility to repair or replace the signage at no additional cost to the Contract. Existing sings that require relocation shall include installation of the existing sign panel on a new post meeting current FDOT and MUTCD standards.

6. **PROJECT SUPERVISOR** - The Project Supervisor is Tracy Telle, Engineering Manager and may be reached at (772) 467-3776.

7. **DESIGN ENGINEER** - The "Engineer of Record" for the project is Mr. Stefan K. Matthes, P.E., of Culpepper & Terpening, Inc. and can be reached at (772) 464-

3537. Professional Engineer duly licensed and registered in the State of Florida and designated by the CITY as Design Engineer

8. **ENGINEER** - The CEI "Engineers of Record", hereinafter called "ENGINEER", for this project is Mr. Stefan K. Matthes, P.E., of Culpepper & Terpening, Inc. and can be reached at (772) 464-3537. Professional Engineer duly licensed and registered in the State of Florida and designated by the CITY as Engineer

9. **SEQUENCE OF CONSTRUCTION:** The actual construction sequence shall be established by the CONTRACTOR and forwarded to the CITY and the ENGINEER for approval through the Project Schedule. The Schedule shall be prepared using a Critical Path Method or other approved project-schedule tool. The schedule shall be updated on a monthly basis and submitted to the Engineer with the pay request. All schedule submittals shall have a copy of the schedule files on a Windows compatible CD attached.

10. **RETESTS AND STANDBY TIME FOR SOILS TESTING COMPANY** – The costs for all retests and standby time for the testing companies will be paid by the CONTRACTOR.

11. **EXCAVATED MATERIAL** – The CONTRACTOR shall stockpile all excess soil on-site at the direction of the ENGINEER.

12. **SITE ACCESS** – The CONTRACTOR shall provide access to the site at all times. The site is an active business that must have access throughout the project duration

Pursuant to and in compliance with your notice inviting sealed proposals (Call for Bids), Instructions to Bidders, and the other documents relating thereto, the undersigned bidder, having familiarized himself with the terms of the Contract Documents, local conditions affecting the performance of the contract, and the cost of the Work at the place where the Work is to be done, hereby proposes and agrees to perform within the time stipulated in the Contract, including all of its component parts and everything required to be performed, and to provide and furnish any and all utility and transportation services necessary to perform the contract and complete in a workmanlike manner, all of the Work required in connection with the construction of said Work, all in strict conformity with the plans and/or details, specifications and other related Contract Documents included herein.

The undersigned Bidder acknowledges receipt of the following Addenda, which have been considered in preparation of this Bid:

| | | | |
|---|---|---|---|
| No. 1 | Dated 1/31/25 | No. 4 | Dated 2/11/25 |
| No. 2 | Dated 2/4/25 | No. 5 | Dated 2/11/25 |
| No. 3 | Dated 2/5/25 | No. 6 | Dated 2/13/25 |

The undersigned Bidder agrees that the Work shall be achieve final construction within 150 calendar days according to the schedule and the Notice to Proceed set forth in these Documents.

The undersigned Bidder further agrees to pay liquidated damages as described herein and engineering and field inspection expenses, due to overtime work and avoidable delays, which shall be in addition to such other amounts for actual delay damages.

Bidder has stated all prices in numerals in accordance with Section 11.2 of the Instruction to Bidders in the blank space(s) provided for that purpose. Bidder has completed all portions of the Bid to avoid disqualification.

The undersigned, as Bidder, declares that the Bid is made in good faith; that this proposal is made without collusion with any person, firm, or corporation; and he proposes and agrees, if the proposal is accepted, that he will execute a contract with the City in the form set forth in the Contract Documents;

that he will furnish the Contract Security Insurance Certificates; that he is aware that failure to properly comply with the requirements set out in the INSTRUCTIONS TO BIDDERS and elsewhere in the Contract Documents may result in a finding that the Bidder is non- responsive and a forfeiture of the Bid Security.

The undersigned Bidder agrees to furnish the required bonds and insurance and to enter into a contract within 10 days after receipt of Notice of Award and further agrees to complete the Work within the time period specified in the Notices to Proceed for each individual project.

The undersigned declares that he has had prior experiences in the type of Work required and has the necessary finances, personnel, working organization, and equipment available to execute the proposed Work.

**Bids shall only be considered from those Bidders who have obtained these Contract Documents directly from the City either electronically or from Demand Star.**

Notice of Proceed shall be issued by the City with the specified Work to be completed as described in Section 8 of the General Conditions, within the number of days stated when each Project Contract Time begins to run as specified in the Notice to Proceed.

Work shall be completed, ready for final payment in accordance with Section 8 and 9 of the General Conditions.

Time is of the essence of this Contract and Contractor recognizes that the City will suffer financial loss if the Work, or portions authorized, is not completed within the number of days stated above. Accordingly, Contractor agrees to pay City the liquidated damages stated in the Agreement for each day after the time specified above that the Work is not complete in accordance with Sections 8 and 9 of the General Conditions and with the Agreement.

These liquidated damages are cumulative and additive and represent a reasonable estimate of City's expenses for extended delays. Furthermore, Contractor agrees to pay City expenses for inspection, engineering services, and administrative costs associated with such delay.

In addition to these amounts, there may be additional other amounts for delay damages incurred by City as a result of delays by Contractor. These actual delay damages will include, but not be limited to, delay damage settlements or awards, penalties, and professional fees incurred in connection with such settlements, awards, or penalties and fines imposed by regulatory agencies, contract damages, and loss of use.

ACCOMPANYING THIS PROPOSAL IS bidders bond

# BID BOND

KNOW ALL MEN BY THESE PRESENTS, that we, _____
R. K. Contractors, Inc., as Principal, and _____
FCCI Insurance Company, as Surety,
are held and firmly bound unto the City of Fort Pierce, hereinafter called the City, in the penal sum of Ten Percent of Amount Bid---------- _____
---------- Dollars ($----------10%----------), lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents. The Bid Bond amount shall be ten (10) percent of the Base Bid amount as entered on the Bid Form.

The condition of this obligation is such that whereas the principal has submitted the accompanying bid dated February 13 2025, for the 2025-008, LITTLE JIM CAMP SANITARY IMPROVEMENTS
Fort Pierce, Florida

NOW, THEREFORE, if the Principal shall not withdraw said bid within the period of time set forth in the Contract Documents, and shall within ten (10) calendar days after receipt of the Notice of Award enter into a written contract with the City in accordance with the bid as accepted, and if the Principal shall give the required bonds with good and sufficient sureties for the faithful performance and proper fulfillment of such contract and for the protection of subcontractors, laborers and material men, and if the Principal has provided the required evidence of insurance as set forth in the Contract Documents and complied with the Florida Department of Environmental Protection certifications and requirements, and all other contract provisions, or in the event of withdrawal of said bid within the periods specified, or the failure to enter into said contract, or failure to comply with FDEP requirements, or otherwise, if the Principal shall within sixty (60) days after request by the City to pay to the City the difference between the amount specified in said bid and the amount for which the City may procure the required work, if the latter amount be in excess of the former, then the above obligation shall be void and of no effect, otherwise to remain in full force and effect.

It is further agreed that if the City is required to utilize legal counsel to recover on this bond, it may also recover its costs relating thereto, including a reasonable amount for attorneys' fees and costs, including attorneys' fees and costs in appellate proceedings.

IN WITNESS WHEREOF, the above parties have executed this instrument under their several seals this day of February 13, 2025, the name and corporate seal of each corporate party being hereto affixed, and these presents duly signed by its undersigned representative pursuant to authority of its governing body.

Law requires this Local Business Tax Receipt to be displayed conspicuously at the place of business in such a manner that it can be open to the view of the public and subject to inspection by all duly authorized officers of the county. Upon failure to do so, the local business taxpayer shall be subject to the payment of another Local Business Tax for the same business, profession or occupation.

Pursuant to Florida law, all Local Business Tax Receipts shall be sold by the Tax Collector beginning July 1 of each year and shall expire on September 30 of the succeeding year. Those Local Business Tax Receipts renewed beginning October 1 shall be delinquent and subject to a delinquency penalty of 10 percent for the month of October. An additional 5 percent penalty for each month of delinquency is added until paid, provided that the total delinquency penalty shall not exceed 25 percent of the Local Business Tax for the delinquent establishment.

In addition to the penalty, the Tax Collector is entitled to a collection fee of $1 to $5. This fee is based on the amount of Local Business Tax, which will be collected from delinquent taxpayers after September 30 of the business year.

This receipt is a Local Business Tax only. It does not permit the local business taxpayer to violate any existing regulatory or zoning laws of the state, county or city. It also does not exempt the local business taxpayer from any other taxes, licenses or permits that may be required by law.

   2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The

term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima tacie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

8. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement.
**(Please indicate which statement applies.)**

_X_ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND **(Please indicate which additional statement applies.)**

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. **(Please attach a copy of the final order.)**

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. **(Please attach a copy of the final order.)**

_____ The person or affiliate has not been placed on the convicted vendor list. **(Please describe any action taken by or pending with the Department of General Services.)**

# CERTIFICATION OF NON-SEGREGATED FACILITIES

The Bidder certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit his employees to perform their services at any location, under his control where segregated facilities are maintained. The Bidder certifies further that he will not maintain or provide for his employees any segregated facilities at any of his establishments, and that he will not permit his employees to perform their services at any location under his control where segregated facilities are maintained. The Bidder agrees that a breach of this certification will be a violation of the Equal Opportunity clause in any contract resulting from acceptance of this Bid. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants, and other eating areas, time clocks, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. The Bidder agrees that (except where he has obtained identical certification from proposed subcontractors for specific time periods) he will obtain identical certifications from proposed subcontractors, exempt from the provisions of the Equal Opportunity clause, and that he will retain such certification in his files.

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

## SECTION 1 - CONTRACT DOCUMENTS

### 1.1 DEFINITIONS

#### 1.1.1 THE CONTRACT DOCUMENTS

The Contract Documents consist of the Owner-Contractor Agreement, including Invitation for Bid, Instruction to Bidders, Contractor's Bid (including documentation accompanying the Bid and any documentation submitted prior to the Notice of Award), Performance Bond, Payment Bond, Bid Bond, Insurance Certificates and Endorsements, and copies of policies, Notice of Award, Notice to Proceed, these General Conditions, Special Supplemental Conditions, and any Modifications. A Modification is:(1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a written interpretation issued by the City Engineer pursuant to Subparagraph 2.2.8, or (4) a written order for a minor change in the Work for each project issued by the City Engineer pursuant to Paragraph 12.3.

#### 1.1.2 THE CONTRACT

The Contract Documents form the Contract for Construction. This Contract represents the entire and integrated agreement between the parties hereto and supersedes all prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a Modification as defined in Subparagraph 1.1.1. Nothing contained in the Contract Documents shall create any contractual relationship between the Owner and any Subcontractor or Sub-subcontractor.

#### 1.1.3 THE WORK

The Work comprises the completed construction required by the Contract Documents and includes all labor necessary to produce such construction, and all materials and equipment incorporated or to be incorporated in such construction.

#### 1.1.4 THE PROJECT

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part.

#### 1.1.5 ADDENDA

Written or graphic instruments issued prior to the Award of the Contract which modify or interpret the Contract Documents by additions, deletions, corrections, or clarifications.

1.1.6 ACCEPTANCE, FINAL ACCEPTANCE

The formal action by the City accepting the Work as being complete, after certification by the City Engineer of final completion.

1.1.7 AGREEMENT

The written agreement between the City and the Contractor covering the Work to be performed also designated as the Contract.

1.1.8 APPARENT LOWEST AND BEST BIDDER

The Bidder submitting the lowest and best Bid at the Bid Opening without correction of numerical discrepancies or determination of responsiveness and responsibility.

1.1.9 APPLICATION FOR PAYMENT

The form furnished in the Contract Documents which is to be used by the Contractor in requesting progress payments and an affidavit of the Contractor that progress payments theretofore received from City on account of the Work have been applied by the Contractor to discharge in full all of the Contractor's obligations stated in prior Applications of Payment. The application includes such supporting documentation as required by the Contract Documents.

1.1.10 BID

The offer or proposal of the Bidder submitted in the prescribed manner on the prescribed forms to perform the contemplated Work in accordance with the Contract Documents.

1.1.11 BIDDER

Any individual, partnership, corporation, joint venture, or other legal entity or combination thereof submitting a Bid for the Work, acting directly or through an authorized representative.

1.1.12 BONDS

Instruments of security furnished by the Contractor and his surety in accordance with the Contract Documents including Bid, Performance, and Payment Bonds.

1.1.13 CHANGE ORDER

A written order to the Contractor, approved by the City, complying with the change order procedure established in the Contract Documents, authorizing an addition,

deletion, or revision in the Work, or an adjustment in the Contract Price or Contract Time, or both.

1.1.14 CITY

The City of Fort Pierce: The Owner.

1.1.15 CONTRACT PRICE/AMOUNT

The total monies payable to the Contractor under the terms and conditions of the Contract Documents.

1.1.16 DAY

A calendar day of 24 hours lasting from midnight one day to midnight the next day.

1.1.17 DEFECTIVE

An adjective which, when modifying the word Work, refers to Work that is unsatisfactory, faulty, or deficient, or does not conform to the Contract Documents, or does not meet the requirements of any inspection, test, or approval referred to in the Contract Documents, or has been damaged prior to Final Payment.

1.1.18 DRAWINGS, PLANS

The drawings, plans, or reproductions thereof, which show location, character, dimensions, and details of the Work to be done, which are included in the Contract Documents.

1.1.19 EFFECTIVE DATE OF AGREEMENT

The date indicated in the Agreement on which it becomes effective, but if no such date is indicated, it means the date on which the Agreement is signed by the last of the two parties to sign.

1.1.20 FIELD ORDER

A written order issued by the City Engineer to the Contractor during construction effecting a minor change in the Work not involving an adjustment in the Contract Price or an extension of the Contract Time.

1.1.21 LOWEST AND BEST BIDDER

The lowest responsive, responsible Bidder.

1.1.22 MODIFICATION

A written amendment of the Contract Documents signed by both parties, and work directives including but not limited to Change Orders and Field Orders. A modification may only be issued after the effective date of the Agreement.

1.1.23 NOTICE OF AWARD

The written notice of the acceptance of the Bid from the City to the Lowest and Best Bidder.

1.1.24 NOTICE TO PROCEED

Written communication issued by the City to the Contractor authorizing him to proceed with the Work and establishing the date of commencement of the Work.

1.1.25 OWNER

The City of Fort Pierce: The Owner.

1.1.26 PAYMENT BOND

The security furnished by the Contractor and its Surety in the form contained in the Contract Documents as a guarantee that the Contractor will pay in full all bills.

1.1.27 PERFORMANCE BOND

The Security furnished by the Contractor and its surety as a guarantee that the Contractor will perform all of its contractual obligations in accordance with the terms of the Contract Documents; the covered amount of the Performance Bond is separate and distinct from the covered amount of the Payment Bond.

1.1.28 REQUEST FOR INFORMATION

Contractor's inquiries for information shall be submitted to the City Engineer.

1.1.29 ENGINEERING INSPECTOR

The authorized representative of the City Engineer who is assigned to the site inspection or any part thereof.

1.1.30 SAMPLE

Samples are physical examples or work including, but not limited to, the following items: Partial sections of manufactured or fabricated work, small cuts or containers of materials, complete units of repetitively-used materials; Swatches showing color,

texture, and pattern, color range sets, or units of work to be used for independent inspection and testing.

1.1.31 SHOP DRAWINGS

All drawings, diagrams, illustrations, brochures, schedules, and other data which are prepared by the Contractor or for the Contractor to demonstrate how the Contractor specifically intends to comply with the Contract Documents.

1.1.32 SPECIFICATIONS

Those portions of the Contract Documents consisting of written or graphic technical descriptions of materials, equipment, construction systems, standards and workmanship as applied to the Work and certain administrative details applicable there.

1.1.33 SPECIAL SUPPLEMENTAL CONDITIONS

Modifications, additions, or deletions to the General Conditions.

1.1.34 WORD DEFINITIONS

1. Unless other expressly stated, wherever in the Contract Documents the word "approved," "reviewed," "acceptable," "satisfactory," "directed," "required," "permitted," "ordered," "designated," "prescribed," or words of like import are used, it shall be understood that the action required, reference, or determination rests solely with the City Engineer or his duly authorized representative.

2. Unless otherwise expressly stated, wherever in the Contract Documents the words "as shown" or "as indicated" or words of like import are used, they shall mean as shown or as indicated on the drawings.

3. Unless otherwise expressly stated, wherever in the Contract Documents the word "provide" is used, it shall mean furnished and installed in place, complete and tested.

4. Wherever the word "Product" is used in these Contract Documents, it shall refer to materials, systems, and equipment provided by Contractor.

5. The term "Project Manual" as used in these Contract Documents includes Bidding Requirements, Conditions of the Contract, and Specifications.

1.2 EXECUTION, CORRELATION, AND INTENT

1.2.1 The Contract Documents shall be signed in not less than duplicate by the

City and the Contractor.

1.2.2 By executing the Contract, the Contractor represents that he has visited the site, familiarized himself with the local conditions under which the Work is to be performed, and correlated his observations with the requirements of the Contract Documents.

1.2.3 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work. The Contract Documents are complementary, and what is required by any one shall be as binding as if required by all. Work not covered in the Contract Documents will not be required unless it is consistent therewith and is reasonable inferable there from as being necessary to produce the intended results. Words and abbreviations which have well- known technical or trade meanings are used in the Contract Documents in accordance with such recognized meanings.

1.2.4 The organization of the Specifications into divisions, sections, and articles and the arrangement of drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

1.3 OWNERSHIP AND USE OF DOCUMENTS

1.3.1 All Drawings, Specifications, and copies thereof furnished by the City are and shall remain the property of the City, to be used only with respect to this Project and not to be used on any other project. With the exception of one contract set for each party to the Contract, such documents are to be returned or suitably accounted for to the City on request at the completion of the Work. Submission or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the City Engineer's common law copyright or other reserved rights.

## SECTION 2 - THE CITY ENGINEER

2.1 The City Engineer or his designee is the person authorized by the City Manager to oversee implementation of the Contract Documents.

2.2 The City Engineer or designee will visit the site at intervals to check the quality or quantity of the Work. The City Engineer or designee will not be responsible for and will not have control or charge of construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the Work, and he will not be responsible for the CONTRACTOR'S failure to carry out the Work in accordance with the Contract Documents. The City Engineer or designee will not be responsible for or have control or charge over the acts or omissions of the Contractor, Subcontractors, or any of their agents or employees, or any other persons performing any of the Work. The City Engineer or designee

shall at all times have access to the Work wherever it is in preparation and progress. The Contractor shall provide facilities for such access so the City Engineer or designee may perform his functions under the Contract Documents.

2.3 The City Engineer will render interpretations necessary for the proper execution of progress of the Work, with reasonable promptness and in accordance with any time limit agreed upon. Either party to the Contract may make written request to the City Engineer for such interpretations.

## SECTION 3 - CITY

3.1 DEFINITION

3.1.1 The City is the person or entity identified as such in the Owner-Contractor Agreement and is referred to throughout the Contract Documents as if singular in number and masculine in gender. The term Owner means the City or its authorized representative.

3.2 INFORMATION AND SERVICES REQUIRED OF THE OWNER

3.2.1 The City shall furnish legal limitations for the site of the Project.

3.2.2 Except as provided in Subparagraph 4.7.1 and elsewhere in the Contract and Contract Documents, the City shall secure and pay for necessary approvals, easements, assessments, and charges required for the construction, use, or occupancy of permanent structures or for permanent changes in existing facilities.

3.2.3 Information or services under the City's control shall be furnished by the City with reasonable promptness to avoid delay in the orderly progress of the Work.

3.2.4 Six sets of contract drawings will be furnished to the Contractor free of charge for execution of the Work. Additional sets of documents required by the Contractor will be made available upon payment by Contractor of costs of reproduction.

3.2.5 The foregoing are in addition to other duties and responsibilities of the City enumerated herein and especially those in respect to Work by City or by Separate Contractors, Payments and Completion, and Insurance in Sections 6, 9, and 11, respectively.

3.3. CITY'S RIGHT TO STOP THE WORK

3.3.1 Termination of work shall be in compliance with the Contract Articles 8,10, 14, 15, 16, and 17, and the Contract Documents.

3.4 CITY'S RIGHT TO CARRY OUT THE WORK

3.4.1 If the Contractor defaults or neglects to carry out the Work in accordance

with the Agreement or Contract Documents, then the City shall have the right to carry out the Work in accordance with the Contract and Sections 8, 14, 15, and 16, and as noted in the Agreement and Contract Documents.

## SECTION 4 - CONTRACTOR

### 4.1 DEFINITION

4.1.1 The Contractor is the person or entity identified as such in the Owner-Contractor Agreement and is referred to throughout the Contract Documents as if singular in number and masculine in gender. The term Contractor means the Contractor or his authorized representative.

### 4.2 REVIEW OF CONTRACT DOCUMENTS

4.2.1 The Contractor shall carefully study and compare the Contract Documents and shall at once report to the Engineer any error, inconsistency or omission he may discover. The Contractor shall not be liable to the City or the City Engineer for any damage resulting from such errors, inconsistencies or omissions in the Contract Documents. The Contractor shall perform no portion of the Work at any time without Contract Documents or, where required, approved Shop Drawings, Product Data, or Samples for such portion of the Work.

### 4.3 SUPERVISION AND CONSTRUCTION PROCEDURES

4.3.1 The Contractor shall supervise and direct the Work, using his best skill and attention. He shall be solely responsible for all construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Contract.

4.3.2 The Contractor shall be responsible to the Owner for the acts and omissions of his employees, Subcontractors, and their agents and employees, and other persons performing any of the Work under a contract with the Contractor.

4.3.3 The Contractor shall not be relieved from his obligations to perform the Work in accordance with the Contract Documents either by the activities or duties of the Engineer in his administration of the Contract, or by inspections, tests, or approvals required or performed under Paragraph 7.7 by persons other than the Contractor.

### 4.4 LABOR AND MATERIALS

4.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for all labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether

temporary or permanent and whether or not incorporated or to be incorporated in Work.

4.4.2 The Contractor shall at all times enforce strict discipline and good order among his employees and shall not employ anyone unskilled in the task assigned to him.

4.5 WARRANTY

4.5.1 The Contractor warrants to the City and the City Engineer that all materials and equipment furnished under this Contract will be new unless otherwise specified, and that all Work will be of good quality, free from faults and defects, and in conformance with the Contract Documents. All Work not conforming to these requirements may be considered defective. If required by the City Engineer, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. This warranty is not limited by the provisions of Paragraph 13.2.

4.6 TAXES

4.6.1 Not applicable.

4.7 PERMITS, FEES, AND NOTICES

4.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure all City construction permits and secure all other permits and governmental fees and licenses necessary for the proper execution and completion of the Work which are customarily secured after execution of the Contract and which are legally required prior to construction.

4.7.2 The Contractor shall give all notices and comply with all laws, ordinances, rules, regulations, and lawful orders of any public authority bearing on the performance of the Work.

4.7.3 When the Contractor observes that any of the Contract Documents are at variance therewith in any respect, he shall promptly notify the City Engineer in writing, and any necessary changes shall be accomplished by appropriate Modification.

4.7.4 If the Contractor performs any Work knowing it to be contrary to such laws, ordinances, rules and regulations, and without such notice to the City Engineer, he shall assume full responsibility therefore and shall bear all costs attributable thereto.

4.8 ALLOWANCES

4.8.1 Not applicable.

4.9 SUPERINTENDENT

4.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the project site during the progress of the Work. The superintendent shall represent the Contractor, and all communications given to the superintendent shall be binding as if given to the Contractor. Important communications shall be confirmed in writing. Other communications shall be so confirmed on written request in each case.

4.9.2 The Contractor shall provide the City Engineer with the name of his Superintendent and the location at which the Superintendent may be reached at all times.

4.10 PROGRESS SCHEDULE

4.10.1 The Contractor, within ten (10) days after Notice of Award, shall prepare and submit an estimated progress schedule for the Work. The progress schedule shall be related to the entire Project to the extent required by the Contract Documents, and shall provide for expeditious and practicable execution of the Work.

4.11 DOCUMENTS AND SAMPLES AT THE SITE

4.11.1 Contractor shall maintain on site one record copy of: Drawings, Specifications, Addenda, Change Orders and other modifications to the Contract, Reviewed Shop Drawings, Product Data, and Samples, Field Test Records, Inspection Certificates, and Manufacturer's Certificates.

4.11.2 At the Contract closeout, deliver record documents and samples to the City Engineer by transmittal letter with Contractor's signature.

4.12 SHOP DRAWINGS, PRODUCT DATA, AND SAMPLES

4.12.1 After checking and verifying all field measurements and after complying with applicable procedures specified in the General Requirements, Contractor shall submit to City Engineer for review and approval, in accordance with the accepted schedule of Shop Drawing submissions and specific requirements of the Specifications, or for other appropriate action if so indicated in the Supplementary Conditions, six copies of all Shop Drawings which will bear a stamp or specific written indication that Contractor has satisfied Contractor's responsibilities under the Contract Documents with respect to the review of the submission. All submissions will be identified as City Engineer may require. The data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials and similar data, to enable City Engineer to review the information as required.

4.12.2 Contractor shall also submit to City Engineer for review and approval with such promptness as to cause no delay in Work, all samples required by the Contract Documents. All samples will have been checked by and accompanied by a specific written indication that Contractor has satisfied Contractor's responsibilities under the Contract Documents with respect to the review of the submission and will be identified clearly as to material, supplier, and pertinent data such as catalog numbers and the use for which intended.

4.12.3 Before submission of each shop drawing or sample, Contractor shall have determined and verified all quantities, dimensions, specific performance criteria, installation requirements, materials, catalog numbers and similar data with respect thereto and reviewed or coordinated each shop drawing or sample with other shop drawings and samples and with the requirements of the Work and the Contract Documents.

4.12.4 At the time of each submission, Contractor shall give City Engineer specific written notice of each variation that shop drawings or samples may have from requirements of Contract Documents, and, in addition, shall cause a specific notation to be made on each shop drawing submitted to City Engineer for review and approval of each such variation.

4.12.5 City Engineer will review and take action within 14 calendar days of receipt of shop drawings and samples, but City Engineer's review and approval will be only for conformance with the design concept of the Project and for compliance with the information given in Contract Documents and shall not extend to means, methods, techniques, sequences or procedures of construction (except where a specific means, method, technique, sequence or procedure of construction is indicated, in or required by the Contract Documents) or to safety precautions or programs incident thereto. The review and approval of a separate item as such will not indicate approval of the assembly in which the item functions. Contractor shall make corrections required by the City Engineer and shall return the required number of corrected copies of shop drawings and submit as required new samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by City Engineer on previous submittals.

4.12.6 City Engineer's review and approval of shop drawings or samples shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has in writing called City Engineer's attention to each such variation at the time of submission as required by Subparagraph 4.12.3.1 and City Engineer has given written approval of each such variation by a specific written notation thereof incorporated in or a specific written notation thereof incorporated in or accompanying the shop drawing or sample approval; nor will any approval by City Engineer relieve Contractor from responsibility for errors or omissions in the shop drawings or from responsibility for

having complied with the provisions of Subparagraph 4.12.3.

4.12.7 Where a shop drawing or sample is required by the Specifications, any related Work performed prior to City Engineer's review and approval of the pertinent submission will be the sole expense and responsibility of Contractor.

4.13 USE OF SITE

4.13.1 The Contractor shall confine operations of the site to areas permitted by law, ordinances, permits, Agreement, and the Contract Documents and shall not unreasonably encumber the site with any materials or equipment.

4.14 CUTTING AND PATCHING OF WORK

4.14.1 The Contractor shall be responsible for all cutting, fitting or patching that may be required to complete the Work or to make its several parts fit together properly.

4.14.2 The Contractor shall not damage or endanger any portion of the Work or the work of the City or any separate contractors by cutting, patching, or otherwise altering any work, or by excavation. The Contractor shall not cut or otherwise alter the work of the City or any separate contractor except with the written consent of the City and of such separate contractor. The Contractor shall not unreasonably withhold from City or any separate contractor his consent to cutting or otherwise altering the Work.

4.15 CLEANING UP

4.15.1 The Contractor at all times shall keep the work site project free from accumulation of waste materials or rubbish caused by his operations. At the completion of the Work he shall remove all his waste materials and rubbish from and about the Project as well as all his tools, construction equipment, machinery, and surplus materials.

4.15.2 If the Contractor fails to clean up at the completion of the Work, the City may do so, and the cost thereof shall be charged to the Contractor.

4.16 COMMUNICATIONS

4.16.1 The Contractor shall forward all communications to the City through the City Engineer.

4.17 ROYALTIES AND PATENTS

4.17.1 The Contractor shall pay all royalties and license fees. He shall defend all suits or claims for infringement of any patent rights and shall save City harmless

from loss on account thereof except that City shall be responsible for all such loss when a particular design process or the product of a particular manufacturer or manufacturers is specified, but if the Contractor has reason to believe that the design, process or product specified is an infringement of a patent, he shall be responsible for such loss unless he promptly gives such information to City Engineer.

4.18 INDEMNIFICATION

4.18.1 The Contractor shall agree to indemnify and hold the City harmless against any and all expenses and liabilities as per the Contract, to include Articles 10 and 22, and all Contract Documents.

## SECTION 5 - SUBCONTRACTORS

5.1 DEFINITION

5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform any of the Work at the site. The term Subcontractor is referred to throughout the Contract Documents as if singular in number and masculine in gender and means a Subcontractor or his authorized representative. The term Subcontractor does not include any separate contractor or his subcontractors.

5.1.2 A Subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform any of the Work at the site. The term Sub-subcontractor is referred to throughout the Contract Documents as if singular in number and masculine in gender and means a Sub-subcontractor or an authorized representative thereof.

5.2 AWARD OF SUBCONTRACTS AND OTHER CONTRACTS FOR PORTIONS OF THE WORK.

5.2.1 Shall comply with the Contract, to include Article 12 and the Contract Documents.

## SECTION 6 - WORK BY CITY

6.1 CITY'S RIGHT TO PERFORM WORK AND TO AWARD SEPARATE CONTRACTS

6.1.1 The City reserves the right to perform work related to the Project with his own forces, and to award separate contracts in connection with other portions of the Project or other work on the site under these or similar Conditions of the

Contract. If the Contractor claims that delay or additional cost is involved because of such action by the City, he shall make such claim as provided elsewhere in the Contract Documents.

6.1.2 When separate contracts are awarded for different portions of the Project or other work on the site, the term Contractor in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

6.2 MUTUAL RESPONSIBILITY

6.2.1 The Contractor shall afford the City and separate contractors' reasonable opportunity for the introduction and storage of their materials and equipment and the execution of their work and shall connect and coordinate his Work with theirs as required by the Contract Documents.

6.2.2 If any part of the Contractor's Work depends for proper execution or results upon the work of the City or any separate contractor, the Contractor shall, prior to proceeding with the Work, promptly report to the City Engineer any apparent discrepancies or defects in such other work that render it unsuitable for such proper execution and results. Failure of the Contractor so to report shall constitute an acceptance of the City's or separate contractors' work as fit and proper to receive his Work, except as to defects which may subsequently become apparent in such work by others.

6.2.3 Any costs caused by defective or ill-timed work shall be borne by the party responsible therefore. No time extensions will be granted due to ill-timed work or any other reasons.

6.2.4 Should the Contractor wrongfully cause damage to the work or property of the City, or to other work on the site, the Contractor shall promptly remedy such damage as provided in Subparagraph 10.2.5.

6.2.5 Should the Contractor wrongfully cause damage to the work or property of any separate contractor, the Contractor shall upon due notice promptly attempt to settle with such other contractor by agreement, or otherwise to resolve the dispute. If such separate contractor sues or initiates an arbitration proceeding against the City on account of any damage alleged to have been caused by the Contractor, the City shall notify the Contractor who shall defend such proceedings at the City's expense, and if any judgment or award against the City arises there from, the Contractor shall pay or satisfy it and shall reimburse the City for all attorneys' fees and court or arbitration costs which the City has incurred. Regardless of the outcome, the Contractor will pay all expenses.

6.3 CITY'S RIGHT TO CLEAN UP

6.3.1 If a dispute arises between the Contractor and separate contractors as to their responsibility for cleaning up as required by Section 4.15, the City may clean up and charge the cost thereof to the Contractors as the City Engineer shall determine to be just.

## SECTION 7 - MISCELLANEOUS PROVISIONS

7.1 Governing Law

7.1.1 The Contractor shall be governed by the law of the place where the project is located.

7.2 SUCCESSORS

7.2.1 The City and the Contractor each binds himself, his partners, successors, assigns and legal representatives to the other party hereto and to the partners, successors, assigns and legal representatives of such other party in respect to all covenants, agreements and obligations contained in the Contract Documents. Neither party to the Contract shall assign the Contract or sublet it as a whole without the written consent of the other, nor shall the Contractor assign any monies due or to become due to him hereunder, without the previous written consent of the City.

7.3 WRITTEN NOTICE

7.3.1 Written notice shall be deemed to have been duly served if delivered in person to the individual or member of the firm or entity or to an officer of the corporation for whom it was intended, or if last delivered at or sent by registered or certified mail to the last business address known to him who gives the notice.

7.4 CLAIMS FOR DAMAGE

7.4.1 All claims by the Contractor shall be in accordance with Article 11 of the Contract Agreement.

7.5 PERFORMANCE AND PAYMENT BOND

7.5.1 Contractor shall furnish a Performance Bond and a Payment Bond on the forms provided as part of the Contract Documents each in an amount as required by the Contract Documents as security for the faithful performance and payment of all Contractor's obligations under the Contract Documents. Contractor shall also furnish such other Bonds as are required by the Special Supplementary

Conditions. All Bonds shall be in the forms prescribed by the bidding documents or Special Supplementary Conditions and be executed by such Sureties as are licensed to conduct business in the state where the Project is located, and, except as otherwise provided by law, are named in the current list of "Companies Holding Certificates of City as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Audit Staff Bureau of Accounts, U. S. Treasury Department. All Bonds signed by an agent must be accompanied by a certified copy of the authority to act.

7.5.2 If the Surety on any Bond furnished by Contractor is declared a bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located or it ceases to meet the requirements of Paragraph 7.5.1, Contractor shall within five (5) days thereafter substitute another Bond and Surety, both of which shall be acceptable to City.

7.6 RIGHTS AND REMEDIES

7.6.1 The duties and obligations imposed by the Contract Documents and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

7.6.2 No action or failure to act by the City, Engineer, or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach hereunder, except as may be specifically agreed in writing.

7.7 TESTS

7.7.1 When the Contract Documents, laws, ordinances, rules, regulations or orders of any public agency having jurisdiction require any portion of the Work to be inspected, tested or approved, the Contractor shall give the City Engineer timely notice of its readiness so the City Engineer may observe, provide or instruct such inspection, testing or approval. The Contractor shall bear all costs of such inspections, tests or approvals conducted by public agency other than City. Unless otherwise provided, the City shall bear all costs of other inspections, tests or approvals. The City shall pay for soils, compaction, and other testing required by the Contract Documents, to assure compliance with plans and specifications, and the Contractor shall pay for all required retests.

7.7.2 If the Engineer determines that any Work requires special inspection, testing, or approval which Paragraph 7.7.1 does not include, he will instruct the Contractor to order such special instruction, testing or approval, and the Contractor shall give notice as provided in Paragraph 7.7.1. If such special inspection or testing reveals a failure of the Work to comply with the requirements of the Contract Documents,

the Contractor shall bear all costs thereof, including compensation for the City's additional services made necessary by such failure; otherwise the City shall bear such costs, and an appropriate Change Order shall be issued.

7.7.3 Required certificates of inspection, testing or approval from public agencies having jurisdiction over the Project shall be secured by the Contractor and promptly delivered by him to the City Engineer.

## SECTION 8 - TIME

8.1 DEFINITIONS

8.1.1 Unless otherwise provided, the Contract Time is the period of time allotted in the Contract Documents for Completion of the Work as defined in Subparagraph 8.1.3, including authorized adjustments thereto.

8.1.2 The date of commencement of the Work is the date established in a Notice to Proceed for each project. If there is no notice to proceed, it shall be the date of the Owner-Contractor Agreement or such other date as may be established therein.

8.1.3 The Date of Completion of the Work is the Date certified by the City Engineer when construction is complete, in accordance with the Contract Documents.

8.1.4 The term day as used in the Contract Documents shall mean calendar day unless otherwise specifically designated.

8.2 PROGRESS AND COMPLETION

8.2.1 All time limits stated in the Contract Documents are of the essence of the Contract.

8.2.2 The Contractor shall begin the work on the date of commencement as defined in Subparagraph 8.1.2. He shall carry the Work forward expeditiously with adequate forces and shall achieve Completion within the Contract Time.

8.3 DELAYS AND EXTENSIONS OF TIME

8.3.1 If the Contractor is delayed at any time in the progress of the Work by any act or neglect of the City or the City Engineer, or by any employee of either, or by any separate contractor employed by the City, or by changes ordered in the Work, or by labor disputes, fire, unusual delay in transportation, adverse weather conditions not reasonably anticipatable, unavoidable casualties, or any causes beyond the Contractor's control, or by delay authorized by the City pending arbitration, or by any other cause which the City Engineer determines may justify the delay, then the Contract Time shall be extended by Change Order for such

reasonable time as the City Engineer may determine.

8.3.2 Any claim for extension of time shall be made in writing to the City Engineer not more than twenty (20) days after the commencement of the delay. In the case of a continuing delay only one claim is necessary. The Contractor shall provide an estimate of the probable effect of such delay on the progress of the Work.

8.3.3 If no agreement is made stating the dates upon which interpretations as provided in Subparagraph 8.3.1 shall be furnished, then no claim for delay shall be allowed on account of failure to furnish such interpretations until fifteen (15) days after written request is made for them, and not then unless such claim is reasonable.

8.3.4 This Paragraph 8.3 does not exclude the recovery of damages for delay by either party under other provisions of the Agreement or Contract Documents.

## SECTION 9 - PAYMENTS AND COMPLETION

9.1 CONTRACT SUM

9.1.1 The Contract Sum for each project is the sum stated in the project's Notice to Proceed, including authorized adjustments thereto, is the total amount payable by the City to the Contractor for the performance of the Work under the Contract Documents.

9.2.1 Ten (10) days before the first Application for Payment, the City shall submit to the Contractor a schedule of values allocated to the various portions of the Work, in accordance with the Agreement, prepared in such form and supported by such data to substantiate its accuracy. This schedule shall be used only as a basis for the Contractor's Applications for Periodic Payments.

9.3 APPLICATIONS FOR PAYMENT

9.3.1 At least ten (10) days before the date for each progress payment established in the City-Contractor Agreement, the Contractor shall submit to the City and City Engineer an itemized and completed Application for Payment, notarized, supported by such data substantiating the Contractor's right to payment as the City or the City Engineer may require, and reflecting retainage, if any, as provided elsewhere in the Contract Documents.

9.3.1.1 Until Completion of the Work the City will pay ninety-five percent (95%) of the amount due the Contractor on account of progress payments. At Completion and Final Acceptance of the Work by the City Engineer, the City shall pay the retainage, less such amount as the City Engineer shall determine for all incomplete Work, unsettled claims and penalties as provided in the Contract Documents.

9.4 CERTIFICATES FOR PAYMENT

9.4.1 The City Engineer will, within ten (10) days after the receipt of the Contractor's Application for Payment, either approve the application for payment to the Owner, with a copy to the Contractor, for such amount as the City Engineer determines is properly due, or notify the Contractor in writing his reasons for withholding a Certificate as provided in Subparagraph 9.6.1.

9.4.2 The approval of the Application for Payment will constitute only a presentation by the City, based on the City Engineer's observations at the site as provided in Subparagraph 2.1.2 and the data comprising the Application for Payment that the Work has progressed to the point indicated; that to the best of his knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his Certificate); and that the Contractor is entitled to payment in the amount certified. However, by issuing a Certificate for Payment, the City Engineer shall not thereby be deemed to represent that he has made exhaustive or continuous on-site inspections to check the quality or quantity of the Work to relieve the Contractor of his responsibilities specified in the Agreement or that he has reviewed the construction means, methods, techniques, sequences or procedures, or that he has made any examination to ascertain how or for what purpose the Contractor has used the monies previously paid on account of the Contract Sum.

9.5 PROGRESS PAYMENTS

9.5.1 After the City Engineer has approved the complete Application for Payment, the City shall make payment in accordance with Article 6 of identified in the Agreement.

9.5.2 The Contractor shall promptly pay each Subcontractor upon receipt of each payment from the Owner, out of the amount paid to the Contractor on account of such Subcontractor's Work, the amount to which said Subcontractor is entitled, reflecting the percentage actually retained, if any, from payments to the Contractor on account of such Subcontractor's Work. The Contractor shall, by an appropriate agreement with each Subcontractor, require each Subcontractor to make payments to his Sub-subcontractors in a similar manner.

9.5.3 The City Engineer may, on request and at his direction, furnish to any Subcontractor information regarding the percentages of completion or the amounts applied for by the Contractor and the action taken thereon by the City Engineer on account of Work done by such Subcontractor.

9.5.4 Neither the City nor the City Engineer shall have any obligation to pay or to see to the payment of any monies to any Subcontractor except as may otherwise be required by law.

9.5.5 No approval for a progress payment, nor any progress payment, nor any partial or entire use or occupancy of the Project by the City, shall constitute an acceptance of any Work not in accordance with the Contract Documents.

9.5.6 **No approval for a progress payment shall be approved prior to City Engineer receiving Partial Releases of Liens applicable to previous payments received by Contractor.**

9.6 PAYMENTS WITHHELD

9.6.1 The City Engineer may decline to approve payment and may withhold it in whole or in part, to the extent necessary reasonably to protect the City, if in his opinion he is unable to make representations to the City as provided in Subparagraph 9.4.2. If the City Engineer is unable to make representations to the City as provided in Paragraph 9.4.2 and to certify payment in the amount of the Application, he will notify the Contractor as provided in Subparagraph 9.4.1. If the Contractor and the City Engineer cannot agree on a revised amount, the City Engineer will promptly approve the payment for the amount for which he is able to make such representations to the City. The City Engineer also may decline to approve payment or, because of subsequently discovered evidence or subsequent observations, he may nullify the whole or any part of any approval for payment previously issued, to such extent as may be necessary in his opinion to protect the City from loss because of:

1. Defective Work not remedied; or

2. Third party claims filed or reasonable evidence indicating probable filing of such claims, such as Notice; or

3. Failure of the Contractor to make payments properly to Subcontractors for labor, materials or equipment. City Engineer may request Partial Releases of Liens prior to payment; or

4. Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum; or

5. Damage to the City or other contractor; or

6. Reasonable evidence that the Work will not be completed within the Contract Time; or

7. Persistent failure to carry out the Work in accordance with the Contract

Documents.

9.6.2 When the above grounds in Subparagraph 9.6.1 are removed, payment shall be made for amounts withheld because of them.

9.7 "ELIMINATED"

9.8 FINAL COMPLETION AND FINAL PAYMENT

9.8.1 Upon receipt of written notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the City Engineer will make such inspection and, when he finds the Work acceptable under the Contract Documents and the Contract fully performed, will promptly approve the Application for Payment, stating that to the best of his knowledge, information and belief, and on the basis of his observations and inspections, the work has been completed in accordance with the terms and conditions of the Contract Documents and that the entire balance found to be due the Contractor and noted in said approval is due and payable. The City Engineer's final approval for payment will constitute a further representation that the conditions precedent to the Contractor's being entitled to final payment as set forth in the Agreement and Contract Documents have been fulfilled and the Contractor has met the requirements of the Agreement and Contract Documents.

9.8.2 Neither the final payment nor the remaining retained percentage shall become due until the Contractor submits to the City Engineer: (1) an affidavit that all payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or his property might in any way be responsible, have been paid or otherwise satisfied; (2) consent of surety, if any, to final payment; and (3) other data establishing payment or satisfaction of all such obligations, such as receipts, releases and waivers of liens arising out of the Contract, to the extent and in such form as may be designated by the City. If any Subcontractor, sub-subcontractor, material man, or laborer, refuses to furnish a release, or waiver, required by the City, the Contractor may furnish a bond satisfactory to the City, to indemnify him against any such lien. City may withhold all sums reasonably necessary for the claims of subcontractors, sub- subcontractors, material men, laborers or other who have asserted any claims, even if based upon purported additions, extras, or unexecuted change orders, which sums shall include interest, costs and reasonably anticipated attorneys' fee. If any claim remains unsatisfied after all payments are made, the Contractor shall refund to the City all monies that the latter may be compelled to pay in discharging such lien, including interest, all costs, and reasonable attorneys' fee.

9.8.3 The making of final payment shall constitute a waiver of all claims by the City except those arising from:

1. Unsettled liens, claims or notices of any kind by subcontractors, sub-

subcontractors, material men, and laborers; or

2. Faulty or defective Work appearing after Substantial Completion; or

3. Failure of the Work to comply with the requirements of the Contract Documents; or
4. Terms of any special warranties required by the Contract Documents.

9.8.4 The acceptance of final payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the final Application for Payment. By acceptance thereof, Contractor agrees to cooperate with City in disposing of any and all remaining claims of subcontractors, sub-subcontractors, material men, and laborers, and shall indemnify and hold harmless City from all such claims, including attorneys' fees, trial and appellate, and costs and expenses.

## SECTION 10 - PROTECTION OF PERSONS AND PROPERTY

10.1 SAFETY PRECAUTIONS AND PROGRAMS

10.1.1 The Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work.

10.2 SAFETY OF PERSONS AND PROPERTY

10.2.1 The Contractor shall take all reasonable precautions for the safety of, and shall provide all reasonable protection to prevent damage, injury or loss to:

1. All employees on the Work and all other persons who may be affected thereby;

2. All the Work, and all materials and equipment to be incorporated therein, whether in storage on or off the site, under the care, custody or control of the Contractor or any of his Subcontractors or Sub-subcontractors; and

3. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures and utilities not designated for removal, relocation or replacement in the course of construction.

10.2.2 The Contractor shall give all notices and comply with all applicable laws, ordinances, rules, regulations and lawful orders of any public authority bearing on the safety of persons or property or their protection from damage, injury or loss.

10.2.3 The Contractor shall erect and maintain, as required by existing conditions and progress of the Work, all reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying owners and users of adjacent utilities. Without limiting the generality of the foregoing, the Contractor's ladders, scaffolds, lifts and other equipment, and those portions of the Contractor's work and temporary work which are utilized by the City and the City Engineer and their employees in the observation of construction shall comply with all applicable laws, ordinances, rules, regulations, standards and orders of any public authority having jurisdiction for the safety of persons or property.

10.2.4 When the use or storage of explosives or other hazardous materials or equipment is necessary for the execution of the Work, the Contractor shall exercise the utmost care and shall carry on such activities under the supervision of properly qualified personnel.

10.2.5 The Contractor shall promptly remedy all damage or loss to any property referred to in Paragraph 10.2, caused in whole or in part by the Contractor, any Subcontractor, any Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable and for which the Contractor is responsible, except damage or loss attributable to the acts or omissions of the Owner or City Engineer or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to his obligations under the Agreement and the Contract Documents.

10.2.6 The Contractor shall designate a responsible member of his organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the City and the City Engineer.

10.2.7 The Contractor shall not load or permit any part of the Work to be loaded so as to endanger its safety.

10.3 EMERGENCIES

10.3.1 In any emergency affecting the safety of persons or property, the Contractor shall act, at his discretion, to prevent threatened damage, injury or loss. Any additional compensation or extension of time claimed by the Contractor on account of emergency work shall be determined as provided in Section 12 for Changes in the Work.

10.4 CITY ENGINEER'S STATUS

10.4.1 Without limiting the generality of Subparagraphs 2.2 and 2.3, the City Engineer will not inspect or be responsible for the Contractor's compliance with the requirements of this Section 10.

## SECTION 11 - INSURANCE

## (SEE CONTRACT DOCUMENTS - ARTICLE 17)

## SECTION 12 - CHANGES IN THE WORK

12.1 CHANGE ORDERS

12.1.1 A Change Order is a written order to the Contractor signed by the City Engineer, issued after execution of the Contract, authorizing a change in the Work or an adjustment in the Contract Sum or the Contract Time. The Contract Sum and the Contract Time may be changed only by Change Order. A Change Order signed by the Contractor indicates his agreement therewith, including the adjustment in the Contract Sum or the Contract Time.

12.1.2 The City, without invalidating the Contract, may order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract Sum and the Contract Time being adjusted accordingly. All such changes in the Work shall be authorized by Change Order, and shall be performed under the applicable conditions of the Contract Documents.

12.1.3 The cost or credit to the City resulting from a change in the Work shall be determined in one or more of the following ways:

1. By mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;

2. By unit prices stated in the Contract Documents or subsequently agreed upon;

3. By cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee.

12.2 CONCEALED CONDITIONS

12.2.1 Should concealed conditions encountered in the performance of the Work below the surface of the ground differing materially from those ordinarily encountered and generally recognized as inherent in work of the character

provided for in this Contract be encountered, the Contract Sum may be equitably adjusted by Change Order upon claim by either party made within twenty (20) days after the first observance of the conditions.

12.3 CLAIMS FOR ADDITIONAL COST

12.3.1 If the Contractor wishes to make a claim for an increase in the Contract Sum, he shall give the City Engineer written notice thereof within twenty (20) days after the occurrence of the event giving rise to such claim. This notice shall be given by the Contractor before proceeding to execute the Work, except in an emergency endangering life or property in which case the Contractor shall precede in accordance with Paragraph 10.3. No such claim shall be valid unless so made. If the Owner and the Contractor cannot agree on the amount of the adjustment in the Contract Sum, it shall be determined by the City Engineer. Any change in the Contract Sum resulting from such claim shall be authorized by Change Order.

12.3.2 If the Contractor claims that additional cost is involved because of, but not limited to: (1) any written interpretation pursuant to Subparagraph 2.3; (2) any order by the City to stop the Work pursuant to Paragraph 3.3 where the Contractor was not at fault; (3) any written order for a minor change in the Work issued pursuant to Paragraph 12.4; or (4) failure of payment by the City pursuant to Paragraph 9.7, the Contractor shall make such claim as provided in Paragraph 12.3.1.

12.4 MINOR CHANGES IN THE WORK

12.4.1 The City Engineer will have authority to order minor changes in the Work not involving an adjustment in the Contract Sum or an extension of the Contract Time and not inconsistent with the intent of the Contract Documents. Such changes shall be effected by written order (field order), and shall be binding on the Owner and the Contractor. The Contractor shall carry out such written orders promptly.

## SECTION 13 - UNCOVERING AND CORRECTION OF WORK

13.1 UNCOVERING OF WORK

13.1.1 If any portion of the Work should be covered contrary to the request of the City Engineer or to requirements specifically expressed in the Contract Documents, it must, if required by the City Engineer, be uncovered for his observation and shall be replaced at the Contractor's expense.

13.1.2 If any other portion of the Work has been covered which the City Engineer has not specifically requested or required to observe prior to being covered, the

City Engineer may request to see such Work and it shall be uncovered by the Contractor. If such Work be found in accordance with the Contract Documents, the cost of uncovering and replacement shall, by appropriate Change Order, be charged to the City. If such Work be found not in accordance with the Contract Documents, the Contractor shall pay such costs unless it is found that this condition was caused by the City or a separate contractor as provided in Section 6, in which event the City shall be responsible for the payment of such costs.

13.2 CORRECTION OF WORK

13.2.1 The Contractor shall promptly correct all Work rejected by the City Engineer as defective or as failing to conform to the Contract Documents whether or not fabricated, installed or completed. The Contractor shall bear all costs of correcting such rejected Work, including compensation for the City Engineer or his designee's additional services and inspections made necessary thereby.

13.2.2 If, within one year after the Date of Completion of the Work or designated portion thereof or within one year after acceptance by the City of designated Work or within such longer period of time as may be prescribed by law or by the terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be defective or not in accordance with the Contract Documents, the Contractor shall correct it promptly after receipt of a written notice from the City to do so unless the City has previously given the Contractor a written acceptance of such condition. This obligation shall survive termination of the Contract. The City shall give such notice promptly after discovery of the condition.

13.2.3 The Contractor shall remove from the site all portions of the Work which are defective or non-conforming and which have not been corrected under Subparagraphs 4.5.1, 13.2.1, and 13.2.2, unless removal is waived by the City.

13.2.4 If the Contractor fails to correct defective or non- conforming Work as provided in Subparagraphs 4.5.1, 13.2.1, and 13.2.2, the City may correct it in accordance with Paragraph 3.4.

13.2.5 If the Contractor does not proceed with the correction of such defective or non-conforming Work within a reasonable time fixed by written notice from the City Engineer, the City may remove it and replace the materials or equipment at the expense of the Contractor. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the City.

13.2.6 The Contractor shall bear the cost of making good all work of the City or separate contractors destroyed or damaged by such correction or removal.

13.2.7 Nothing contained in this Paragraph 13.2 shall be construed to establish a period of limitation with respect to any other obligation which the Contractor might have under the Contract Documents, including Paragraph 4.5 hereof. The

establishment of the time period of one year after the Date of Substantial Completion or such longer period of time as may be prescribed by law or by the terms of any warranty required by the Contract Documents relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which his obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to his obligations other than specifically to correct the Work.

13.3 ACCEPTANCE OF DEFECTIVE OR NON-CONFORMING WORK

13.3.1 If the City prefers to accept defective or non- conforming Work, he may do so instead of requiring its removal and correction, in which case a Change Order will be issued to reflect a reduction in the Contract Sum where appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

## SECTION 14 - TERMINATION OF THE CONTRACT

14.1 TERMINATION BY THE CONTRACTOR

14.1.1 If the Work is stopped for a period of thirty (30) days under an order of any court or other public agency having jurisdiction, or as a result of an act of government, such as a declaration of a national emergency making materials unavailable, through no act or fault of the Contractor or a Subcontractor or their agents or employees or any other persons performing any of the Work under a contract with the Contractor, or if the Work should be stopped for a period of thirty (30) days by the Contractor because the City Engineer has not approved an Application for Payment as provided in Paragraph 9.7 or because the City has not made payment thereon as provided in Paragraph 9.7, then the Contractor may, upon seven (7) additional days' written notice to the City Engineer, terminate the Contract and recover from the Owner payment for all Work executed and for any proven loss sustained upon any materials, equipment, tools, construction equipment and machinery, including reasonable profit and damages.

14.2 TERMINATION BY THE CITY

14.2.1 If the Contractor is adjudged a bankrupt, or if he makes a general assignment for the benefit of his creditors, or if a receiver is appointed on account of his insolvency, or if he persistently or repeatedly refuses or fails, except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials, or if he fails to make prompt payment to Subcontractors or for materials or labor, persistently disregards laws, ordinances, rules, regulations or is guilty of a substantial violation of a provision of the Contract Documents, then the Owner, upon certification by the City Engineer that sufficient cause exists to justify

such action, may, without prejudice to any right or remedy and after giving the Contractor and his surety, if any, seven (7) days' written notice, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever method he may deem expedient. In such case the Contractor shall not be entitled to receive any further payment until the Work is finished.

14.2.2 If the unpaid balance of the Contract Sum exceeds the costs of finishing the Work, including compensation for the City Engineer's additional services made necessary thereby, such excess shall be paid to the Contractor. If such costs exceed the unpaid balance, the Contractor shall pay the difference to the City. The amount to be paid to the Contractor or to the City, as the case may be, shall be certified by the City Engineer, upon application, in the manner provided in Paragraph 9.4, and this obligation for payment shall survive the termination of the Contract.

## SECTION 15 - UNFAVORABLE WEATHER AND OTHER CONDITIONS

15.1 During unfavorable weather and other unfavorable conditions, the Contractor shall pursue only such portions of the Work as shall not be damaged thereby. No portions of the Work whose satisfactory quality or efficiency will be affected by an unfavorable condition shall be constructed while these unfavorable conditions exist unless, by special means or precautions approved by the City Engineer, the Contractor shall be able to overcome them.

## SECTION 16 - ENGINEERING AND FIELD INSPECTION EXPENSES DUE TO OVERTIME WORK AND UNAVOIDABLE DELAYS

16.1 The City shall charge to the Contractor and may deduct from the periodic and final payment for the Work all engineering and inspection expenses incurred by the City in connection with any overtime work during the contract construction period, including any time extension granted thereof, beyond the regular eight (8) hour day, (normal resident project representative working day), and for any time worked on Saturdays, Sundays, or Holidays.

16.2 In addition, these General Conditions provide for the payment by the Contractor to the City of all engineering and inspection expenses incurred as a result of unavoidable delays or correctness of the Work.

16.3 All engineering and inspection expenses, including direct costs incurred by the City due to the above specified conditions, shall be paid by the Contractor at the City's hourly rates, including all overhead.

## SECTION 17 - BEFORE STARTING CONSTRUCTION

17.1 Before undertaking each part of the Work, Contractor shall carefully study and compare the Contract Documents and check and verify pertinent figures shown thereon and all applicable field measurements. Contractor shall promptly report in writing to the City Engineer any conflict, error or discrepancy which Contractor or any of his Subcontractors may discover and shall obtain a written interpretation or clarification from City Engineer before proceeding with any work affected thereby; provided, however, Contractor shall not be liable to City or City Engineer for failure to report any conflict, error or discrepancy unless Contractor or any of his Subcontractors had actual knowledge thereof or should reasonably have known thereof.

17.2 Within ten (10) days after the effective date of the Agreement (unless otherwise specified in the General Requirements), Contractor shall submit to City Engineer for review: (1) a progress schedule indicating the starting and completion dates of the various stages of the Work; (2) a proposed schedule of Shop Drawing Submissions; (3) a schedule of values of the Work; and (4) a listing of the monthly progress payments through the Contract Time. The City Engineer may require the schedule of values to be adjusted if in its opinion the breakdown does not accurately reflect the true distribution of the Contract Price.

17.3 No later than twenty (20) days after the effective date of the Agreement, but before Contractor starts the Work at the site, a conference will be held for review of the schedules to establish procedures for handling Shop Drawings and other submittals and for processing Applications for Payment, and to establish a working understanding among the parties as to the Work. Contractor shall attend such conference and shall require any or all of his Subcontractors, as City Engineer directs, to attend the conference.

## SECTION 18 - PRECEDENCE OF CONTRACT DOCUMENTS

18.1 In resolving conflicts and discrepancies between the Contract Documents, precedence shall be given in the following order:

Plans shall control over Technical Specifications; larger scale plans shall control over general plans; large scale details over small scale and figure dimensions; and figure dimensions over scaled dimensions. Addenda and change orders supersede only affected portions of the documents.

## SECTION 19 - MEASUREMENT AND PAYMENT

19.1 DESCRIPTION OF REQUIREMENTS

19.1.1 Payment for the WORK, as further specified herein, shall include compensation to be received by the Contractor for furnishing tools, equipment, supplies, and manufactured articles, and for labor, operations, and incidentals appurtenant to the items of work being described, as necessary to complete the various items of the Work in accordance with the requirements of the Contract Documents, including appurtenances thereto, and including all costs of compliance with the regulations of public agencies having jurisdiction, including Safety and Health Requirements of the Occupational Safety and Health Administration of the U. S. Department of Labor (OSHA). No separate payment will be made for any item that is not specifically set forth in the Bid Schedule, and all costs therefore shall be included in the prices named in the Bid Schedule for the various appurtenant items of work.

19.1.2 The total Unit Bid Price shall cover all work required by the Contract Documents. All costs in connection with the proper and successful completion of the work, including furnishing all materials, equipment, supplies, and appurtenances; providing all construction equipment, and tools; and performing all necessary labor and supervision to fully complete the Work, shall be included in the unit and Unit bid prices. All work not specifically set forth as a pay item in the Bid shall be considered a subsidiary obligation of Contractor and all costs in connection therewith shall be included.

19.1.3 Payment for all work done in compliance with the Contract Documents, inclusive of furnishing all manpower, equipment, materials, and performance of all operations relative to construction of this project, will be made under the Unit Bid Price.

19.1.4 The City reserves the right to alter the Drawings, modify incidental work if necessary, and increase or decrease quantities of work to be performed in accordance with such changes, including deduction or cancellation of any one or more of the Items. Changes in the work shall not be considered as a waiver of any conditions of the Contract nor invalidate any provisions thereof. When changes result in changes in the quantities of work to be performed, and proposed change will cause substantial inequity to the City or Contractor the applicable unit prices shall be equitably adjusted by change order.

19.1.5 Quantities necessary to complete the work as shown on the Drawings or as specified herein shall govern over those shown in the Proposal or Bid Documents. The Contractor shall take no advantage of any apparent error or omission in the Drawings or Specifications, and the City Engineer shall be permitted to make corrections and interpretations as may be deemed necessary for fulfillment of the intent of the Contract Documents.

19.1.6 The quantities for payment, other than Final Payment, under this Contract shall be determined for actual measurement of the completed items, in place, ready for service and accepted by the City, in accordance with the applicable method of measurement therefore contained herein. A representative of the Contractor shall witness all field measurements.

## SECTION 20 - ESTIMATED QUANTITIES

20.1 All estimated quantities stipulated in the Bid Form or other Contract Documents are approximate and supplied for the sole purpose of providing Bidder with a basis which will be used to determine the Base Bid and to obtain unit prices for approvals of progress payments for the Work done. Actual quantities which will be ordered by City may vary from those on the Bid Form(s).

20.2 The Contractor's attention is directed to the items of work for which no unit price is set. All work shown on the drawings as outlined in the specifications is to be completed in all respects, and the cost of all miscellaneous and associated work to any specific items shall be included in the Unit Prices.

20.3 All quantities, for the submittal of payments, shall be measured and tabulated by both the City Engineer, or representative, and the Contractor. Requests for payment and supporting data shall be prepared by the Contractor and given to the City Engineer sufficiently in advance of payment date to permit thorough checking of all quantities.

20.4 The Contractor shall furnish the City Engineer whatever assistance is required, laborers, clerks and records that will enable the City Engineer to expeditiously check all estimates and especially the final quantities of the project.

## SECTION 21- COORDINATION

21.1 Contractor shall: (1) coordinate scheduling, submittals, and work of the various sections of specifications to assure efficient and orderly sequence of installation of interdependent construction elements; (2) coordinate completion

and clean-up of Work of separate sections of specifications in preparation for Substantial Completion; and (3) after City occupancy of premises, coordinate access to site for correction of defective Work and Work not in accordance with Contract Documents, to minimize disruption of City activities.

## SECTION 22 - FIELD ENGINEERING

Contractor shall employ a Land Surveyor registered in the State of Florida and acceptable to City Engineer, locate and protect survey control and reference points, control datum for survey that is shown on the Exhibit Drawings, and provide field engineering services and establish elevations, lines, and levels, utilizing recognized engineering survey practices.

## SECTION 23

## "DELETED"

## SECTION 24 - PRECONSTRUCTION CONFERENCE

24.1 City Engineer will schedule a conference after Notice to Award.

24.2 Attendance Required: City, Contractor, Utilities Representatives. (Subcontractors if so requested by City.)

24.3 Agenda:

1. Execution of City-Contractor Agreement;
2. Submission of executed bonds and insurance certificates;
3. Distribution of Contract Documents;
4. Submission of list of Subcontractors, and progress schedule;
5. Designation of personnel representing the parties in Contract, and the City Engineer;
6. Procedures and processing of field decisions, submittals, substitutions, applications for payment, proposal requests, Change Orders and Contract closeout procedures;
7. Scheduling;
8. Scheduling activities of Testing Laboratory.

## SECTION 25 - PROGRESS MEETINGS

25.1 City Engineer or Contractor may schedule meetings, at intervals, as required throughout progress of the Work. Each may make arrangements for meetings, prepare agenda with copies for participants, record minutes and distribute copies within 3 days to participants and those affected by decisions made.

25.3 Agenda:

1. Review minutes of previous meetings;
2. Review of Work progress;
3. Field observations, problems, and decisions;
4. Identification of problems which impede planned progress;
5. Review of submittals schedule and status of submittals;
6. Review of off-site fabrication and delivery schedules;
7. Maintenance of progress schedule;
8. Corrective measures to regain projected schedules;
9. Planned progress during succeeding work period;
10. Coordinate of projected progress;
11. Maintenance of quality and work standards;
12. Effect of proposed changes on progress schedule and coordination;
13. Other business relating to Work.

## SECTION 26 - CONTRACT CLOSEOUT

26.1 DESCRIPTION
Scope of Work: Comply with requirements stated in Conditions of the Contract and in Specifications for administrative procedures in closing out the Work.

26.2 FINAL COMPLETION & INSPECTION

1. When Contractor considers the Work is complete, he shall submit written certification that: (1) Contract Documents have been reviewed, (2) Work has been inspected for compliance with Contract Documents, (3) Work has been completed in accordance with Contract Documents, (4) equipment and systems have been tested in the presence of the City's representative and are operational, and (5) Work is completed and ready for final inspection.

2. The Engineer will make an inspection to verify the status of completion with reasonable promptness after receipt of such certification.

3. Should the Engineer consider that the work is incomplete or defective: (1) the Engineer will promptly notify the Contractor in writing, listing the incomplete or defective work, (2) Contractor shall take immediate steps to remedy the stated deficiencies, and send a second written certification to the Engineer that the Work is complete, and (3) the Engineer will re-inspect the Work.

4. When the Engineer finds that the Work is acceptable under the Contract Documents, he shall request the Contractor to make closeout submittals.

26.3 REINSPECTION FEES

Should the Engineer perform re-inspection due to failure of the Work to comply with the claims of status of completion made by the Contractor, (1) the Contractor will compensate the City at their request for such additional inspection services, and (2) the City will deduct the expenses incurred for such inspection services.

26.4 CONTRACTOR'S CLOSEOUT SUBMITTALS

26.4.1 The Contractor shall submit to the Engineer the following documentation:

1. Evidence of compliance with requirements of governing authorities that issued permit or have jurisdiction over Work;
2. Warranties and Bonds;
3. Evidence of Payment and Release of Liens;
4. Project Record Documents that show the final location, by reference to at least two completed, visible improvements or other permanent control points, of the completed improvements for this project, verification of all design dimensions, any revisions to the Plans, and all other information necessary to horizontally and vertically locate and operate the improvements constructed under this Contract. Information to be shown includes the location of the drainage structures, signs, lighting, irrigation system, landscaping, sidewalks, roadway improvements and all culvert pipes, the elevations referenced to NGVD 1929 of the control structure tops, bottom inverts, and the elevations of all pipe inverts. No erasures are permitted. Where changes occur, cross out design information and denote constructed information. Other items to be shown on the Record Drawings include:
5. Any changes or verifications get marked.
6. Mark out all "proposed" or "constructs."
7. Draw in all changes to location of pipe, structures, etc.
8. Draw in a detail box of any substantial changes.
9. Mark location and footage of all culverts.
10. Mark all elevations for grates and pipe inverts.
11. Mark all grades and spot elevations of roadways at 500 feet spacing or less.
12. Canal cross-sections at 500 feet spacing.

**The Contractor shall submit four (4) sets of signed and sealed Record Drawing prints, and two electronic As-Built Drawings supplied in digital format (AutoCAD).**
