Honorable Mayor, Members of the  
City Commission and Citizens  
of the City of Fort Pierce, Florida

Dear Mayor, Commissioners, and Citizens:

It is our pleasure to submit this *Annual Comprehensive Financial Report* for the City of Fort Pierce, Florida for the fiscal year ended September 30, 2024. The report fulfills the requirements set forth in the *City Code of Ordinances, Florida Statutes*, Chapter 166.241; and the *Rules of the Florida Auditor General*, Chapter 10.550. The organization, form, and contents of this report, plus the accompanying financial statements and statistical tables, are formulated in accordance with the principles prescribed by the Governmental Accounting Standards Board, the American Institute of Certified Public Accountants, the State of Florida, the city Code of Ordinances, and the Government Finance Officers Association.

This report consists of management’s representations concerning the finances of the City of Fort Pierce. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City’s financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

*Florida Statutes* and the *City Code of Ordinances* require that an annual financial audit be performed by independent certified public accountants. This year the audit was performed by DiBartolomeo, McBee, Hartley & Barnes. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2024, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City’s financial statements for the fiscal year ended September 30, 2024, are fairly presented in conformity with GAAP. The independent auditor’s report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements,

but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

### **The Reporting Entity and Its Services**

The City of Fort Pierce, Florida was incorporated in 1901 and covers an area of approximately 35.97 square miles. The City operates under an elected City Commission (5 members) and provides a full range of municipal services including general government, public safety, public improvements, planning and zoning, and related general and administrative services to over 50,823 residents. In addition, the City operates a solid waste enterprise activity, a marina, a golf course, a theatre, a building department, a stormwater utility fund and added in October 2022 an animal center. This report includes two component units and one related organization.

**Component Units.** The financial data of the City's two component units, the Fort Pierce Utilities Authority (FPUA), a proprietary fund, is discreetly presented, and the Community Redevelopment Agency (CRA), a governmental fund, is blended in the Combined Financial Statement. The FPUA is reported in a separate column to emphasize that it is legally separate from the City.

The FPUA provides electric, water, wastewater, natural gas and fiber internet services to residents and businesses of Fort Pierce. The CRA was established for the purpose of carrying out redevelopment activities for areas existing in the City that are defined as slum or blighted. The members of the FPUA governing board are appointed or removed from office by the Fort Pierce City Commission. The members of the governing board of the CRA are the Fort Pierce City Commissioners. The CRA's budget and the FPUA's budget and rates for service are subject to the approval of the City Commission. The CRA issues separate stand-alone financial statements which can be obtained from the CRA at 100 North US 1, P.O. Box 1480, Fort Pierce, Florida 34954. Complete financial statements of the FPUA can be obtained from its administrative office located at 206 South Sixth Street, Fort Pierce, Florida 34948.

**Fort Pierce Retirement and Benefit System and the Municipal Police Officers' Retirement Trust Fund.** The accounts of these two retirement plans are included in the annual comprehensive financial report as the General Employees' Retirement and Benefits System, and the Municipal Police Officers' Retirement Trust Fund. Both pension trust funds are governed by a separate Board of Trustees subject to the requirements of local ordinances and by applicable provisions of Florida Law which require participation in the respective governing authorities by certain key City officials. Additional criteria include the scope of public service provided by organizations which exist for the benefit of the employees of the City of Fort Pierce.

**Related Organizations.** The Mayor of Fort Pierce is responsible for appointing the members of the Board of the Fort Pierce Housing Authority (FPHA), but the City's accountability for this organization does not extend beyond making these appointments. The FPHA's operating and capital expenditures, including debt service, are funded entirely from federal grants and rentals. The City has no involvement in the determination of FPHA's budget or rental rates and has no obligation for FPHA's outstanding debt.

### **Economic Condition and Outlook**

The City of Fort Pierce, Florida is located on the southeastern coast of the state in an area categorized as the Fort Pierce Metropolitan Statistical Area. Fort Pierce is the county seat. Fort Pierce is approximately 120 miles north of Miami and approximately 220 miles south of Jacksonville. The metropolitan area includes a transportation

network comprised of Interstate 95, Florida's Turnpike, U.S. Highway 1, State Roads 68 and 70, Florida's East Coast Railway, St. Lucie County Airport, and the Port of Fort Pierce

The major factors in the economy of Fort Pierce and surrounding St. Lucie County are agri-business, construction, retail and wholesale trade, light manufacturing, light industrial, tourism, and sport and commercial fishing. The city is also home to the main campus of Indian River State College, which continues to grow its campus and programs.

The sustained increase in the real estate market and the construction industry has had a positive impact on the local economy. The unemployment rate has been impacted along with the revenues generated by the businesses associated with the real estate and construction activities, continual, steady increases in these areas are still experienced, but at a rate slightly slower than in the last 2 years. The tourism industry continues to strive, resulting in a positive impact on the local economy, also.

For years, the local economy has counted on construction as the number one industry in the county. The downturn of the housing market, experienced in the prior years, had a significant impact on the percentage of unemployment. The current unemployment rate of 5.3% is slightly up from 4.7% last year. Continuance of a low unemployment rate relates to growth of the construction industry, both commercial and residential and the addition of business to support the growing population.

Local business and community leaders continue to recruit new light industrial activity to the area. This increase in light industry activity has assisted in improving the unemployment rate and the overall economy, which City leaders hope will continue. City leaders continue to encourage the addition and expansion of restaurants and service facilities to meet the needs of the increased population.

Significant progress has been made on expanding the capabilities of both the St. Lucie County Airport and the Port of Fort Pierce, and ecotourism activities. This progress has brought new industrial growth to the area and will act as catalysts in promoting future business and industrial growth.

The City continues its pursuit of an aggressive annexation program which in the past has increased the tax base, and also provided additional customers for the City's owned and operated utility systems. The City has annexed mostly agricultural land which was massive in area but provided very little tax base. All the enhanced activity resultant of the area's growth, while having a positive impact, also presents challenges for the future. The City will need to maintain the high level of service standards that are in effect through effective utilization of both natural and financial resources. A comprehensive plan has been developed to establish goals, objectives, and policies for growth management.

## **Major Initiatives**

The City continues to focus on economic growth, citywide revitalization and development efforts while maintaining the authentic charm and diverse beauty of the community. During FY 2024, the City submitted a proposal to bring a highspeed railway to Fort Pierce, which did not materialize. During FY 2024, using restricted funding, the installation of the floating docks at Jaycee Park was complete. Using restricted funding many murals have been painted throughout the City to enhance the beauty of the City and express the culture of the City. The City continues to maintain and improve parks by replacing playground equipment and resurfacing courts with the use of restricted funds. The HD King power plant clean-up and development project began in fiscal year 2012, with the environmental cleanup of the H.D. King power plant downtown. Using a \$1,700,000 brownfield grant the old plant was demolished and the property was cleaned-up. Environmental clean-up was complete in fiscal year 2017. In fiscal year 2019, the city contracted with a land developer to develop this site. Development plans include a hotel, retail space, and residential housing. Due to the pandemic, in fiscal year 2020, development of the site had been on hold. Now the project is moving forward, the infrastructure permits for phase 1 of the multiyear project to develop the former site of the HD King power plant downtown have been received; estimated

completion date for phase 1 construction is 2026. The City's Engineering Department using operating and restricted funds continues to manage road improvements and stormwater projects throughout the City; current projects include Avenue B reconstruction, Ohio Ave from US 1 to 11<sup>th</sup> St, and Wendell Road from 8<sup>th</sup> to 10<sup>th</sup> and phase IV of Surfside Park. The City is moving into the design stage for the historic downtown waterfront corridor improvements. Using the awarded African American Cultural and Historical Program grant, the City is close to completion transforming the Jackie Canon building on Ave D into the Florida Highwaymen Museum.

As a result of maintaining the millage rate, the 2024 budget included funding for capital equipment. During FY 2024 using budgeted funds and restricted funds from the American Rescue Plan, the City was able to continue updating its technology systems and security equipment. The update includes continued implementation of an enterprise resource planning system. The City's long-term debt at 9/30/2024 was \$43,570,008.

### **2024-2025 Budget Issues**

The City of Fort Pierce budget for fiscal 2025 increased from fiscal 2024. The budget for 2025 is \$64,668,104 and 2024 was \$58,887,439, an increase of \$5,780,665. The increase is attributable to the approximately \$3,391,000 increase in ad valorem revenue, approximately \$481,000 increase in other taxes, approximately (\$61,000) decrease in other licenses and permits, approximately \$50,000 increase in intergovernmental revenues, approximately \$65,000 increase in charges for service, approximately \$246,000 increase in fines and forfeitures, miscellaneous revenue, and approximately \$1,609,000 in transfers, and contributions.

The City's taxable valuation is \$4,256,844,091 compared to last year's final valuation of \$3,900,245,086. This represents an increase of approximately 9.14% or \$356,599,005 in taxable value. The City Commission elected to maintain the millage rate at 6.9000. The continued increase in property values and maintaining the millage rate helped balance the budget.

In 2016, the City Commission established an annual restricted amount to be used for capital projects. The 2025 budget includes \$600,000 restricted revenue: to be used to finance capital improvements and purchases.

There was no appropriation from fund balance to balance the General Fund's budget.

The 2025 budget (General Fund) included an increase in personnel services and benefits of \$3,950,463. This increase includes the addition of 7 new positions, and a cost-of-living increase for sworn officers, all bargaining and non-bargaining employees. Changes in benefits included the following assumptions: retirement rates for general members increased to 18.57%, from 17.56%, Police officers' retirement rates increased to 18.17% from 16.93%. Assumptions in health insurance and dental insurance rates increased 4.9% and 10% respectively.

The budget includes a \$690,319 increase in tax increment financing relating to the increase in property values. Because of the increases in costs for securing goods and services budgeted operating expenses overall increased by \$679,345 for all functional departments relating to increases in supplies and fuel, contract services, software maintenance, utilities, and insurance premiums. The budget includes an increase in capital outlay of \$136,052 relating to infrastructure improvements and computer equipment. Budgeted community sponsorship and aid increased \$125,000. The budget also includes an increase in transfers to the animal center and special revenue funds of \$100,500 and \$320,000 respectively.

The budget includes a decrease in debt payments of \$221,014 relating to debt refinancing in prior fiscal years.

### **Reserve Policy**

The City adopted a formal policy setting the requirement as to the level of unreserved funding that should be set aside for unforeseen expenditures. The policy established requires ten percent (10%) of General Fund's annual budget be set aside and held for any unexpected costs.

Fiscal Year	Budget	10% Reserve	Beginning Fund Balance
2023	52,412,646	5,241,165	12,932,228
2024	59,487,439	5,948,744	14,056,644

**Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Fort Pierce, Florida for its annual comprehensive financial report for the fiscal year ended September 30, 2023. This was the thirty-fifth consecutive year the City of Fort Pierce has achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program’s requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

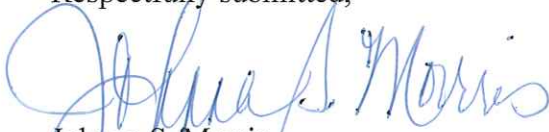

**Acknowledgments**

I thank the Mayor and members of the City Commission for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

The preparation of the annual comprehensive financial report was made possible by the dedicated service of the entire staff of the Finance Department. Special recognition is given to Karen Logue, the City’s Chief Accountant and Wendy Rydzewski, Accountant.

Sincere appreciation is extended to the firm of DiBartolomeo, McBee, Hartley & Barnes for their professional approach and high standard in the conduct of their independent audit of the City’s financial records and transactions.

Respectfully submitted,

Johnna S. Morris

## Independent Auditors' Report

To the City Commission  
Fort Pierce, Florida

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Pierce, Florida (the "City") as of and for the year ended September 30, 2024, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Pierce, Florida as of September 30, 2024, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General Fund, and Community Redevelopment Agency Fund, for the year ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Fort Pierce, Florida, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statement**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Fort Pierce, Florida's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Fort Pierce, Florida's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Fort Pierce, Florida's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the City Commission  
Fort Pierce, Florida

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United State of America require that the management's discussion and analysis, and pension and post-employment benefit information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Additionally, the accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, and the schedule of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

To the City Commission  
Fort Pierce, Florida

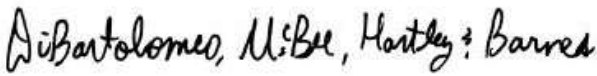

*Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2025 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Fort Pierce (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024. Management's Discussion and Analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial positions, (d) identify any material deviations from the financial plans, and (e) identify individual fund issues or concerns. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found at the front of this report and the City's financial statements which follow this section.

### Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year by \$167,880,480 of which \$88,290,237 is governmental and \$79,590,243 is the total for business-type activities.
- The City's revenues for Governmental Activities at year end were \$72,913,467, a 6.36% increase, and expenses were \$63,536,202 a 2.66% decrease before transfers out of \$862,034. Revenues exceeded expenses by \$9.38 million before transfers. The revenue increase from prior year was \$4.36 million; this can be attributed to increases in the following: charges for service of \$1.14 million, ad valorem and other taxes of \$3.87 million, other taxes of \$0.29 million, miscellaneous revenue of \$0.61 million, and contribution from component unit of \$0.71 million; offset by the decreases in operating and capital grants and contributions of (\$1.60) million, and intergovernmental revenue of (\$0.66) million. The decrease in expenses in comparison to last year was (\$1.74) million, resulting from decreases in the following: public safety (\$1.33) million, transportation (\$0.92) million, economic environment (\$1.23) million, culture and recreation (\$0.07) million, and (\$0.06) million in interest on long-term debt offset by the increase in general government expenses of \$1.87 million.
- Business-type funds revenues were \$28,979,570, an increase of 1.74% or \$495,489 and expenses were \$28,979,745 an increase of 10.59% or \$2,774,701 before transfers in of \$862,034. Expenses negligibly exceeded revenue before transfers in. The increase in revenue from the prior year is attributable to the increase in charges for services of \$0.60 million, offset by the decrease in operating grants and contributions of (\$0.10) million. The \$2.77 million increase in expenses in comparison to the prior year is attributable to increases in the following: \$1.55 million in solid waste, \$0.04 million in marina, \$0.83 million in sunrise theatre, and \$0.56 million in animal center million offset by decreases in stormwater of (\$0.08) million and (\$0.13) million in building department.
- At the close of the fiscal year, the City's governmental funds reported combined ending fund balances of \$46,908,604 an increase of \$3,353,140. The net increase is a result of the following fund balance changes: the general fund increase of \$1.42 million, the special revenue funds increase of \$2.23 million, including \$1.81 million increase in the community redevelopment agency, \$1.39 million increase in the road impact fee fund, and (\$0.11) million decrease in the half-cent infrastructure fund; offset by the decrease of (\$0.30 million) in the debt service funds.

The long-term debt, net of current portion, of the City on 9/30/24 was \$43,570,008, a decrease of \$6.76 million or 13.42%. The debt services requirements were met financially.

## **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the City's assets plus deferred outflows of resources and liabilities plus deferred inflow of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused sick leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, transportation, economic environment, culture and recreation, and interest on long-term debt. The business-type activities include refuse collection, a marina, a golf course, a theatre, a stormwater utility, an animal center, and building fund.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a

government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

**Proprietary funds.** The City maintains one of the two different types of proprietary funds.

**Enterprise funds** are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City maintains seven enterprise funds to account for the following operations: a solid waste collection and disposal system, a marina, a golf course, a theatre, a stormwater utility, an animal center, and a building fund.

**Fiduciary funds** are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's compliance with its General Fund budget and the City's progress in funding its obligation to provide pension benefits to its employees. The combining and individual fund statements are included along with statistical, historic and trend information about the government's operations.

### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$167,880,480 at the close of the most recent fiscal year.

Approximately 80% of the City's net position reflects its investment in capital assets (e.g., land, buildings, improvements, machinery and equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**Governmental activities.** Governmental activities accounted for a positive increase of \$8,515,231 in net position of the City.

Revenues increased \$4.36 million or 6.36% in Fiscal Year 2024. There are increases in several categories. Charges for services increased \$1.14 million in relation to the increase in tax incremental financing offset by the decrease in impact fees. Property values continue to increase, resulting in an increase of \$3.87 million in ad valorem revenue. Other taxes increased by \$0.29 million in relation to an increase in communication and utility taxes. Miscellaneous revenue increased \$0.61 million relating to reimbursements, and settlements. Contributions from component unit increased by \$0.71 million in direct relation to unit’s increase in revenues. The above increase to revenue is offset by a (\$1.60) million decrease in capital / operating grants and contributions mainly relating to decreased recognition of revenue for the American Rescue Plan, the Community Block Grant, and the expiration of the COPS hiring grant. Intergovernmental revenues decreased by (\$0.66) million relating to the infrastructure sales tax, and the half cent sales tax.

The (2.66%) or (\$1.74) million decrease in expenses was attributed to decreases in the following categories: public safety (\$1.33) million decrease in relation to the netting of the increase in wages and benefits offset by the reduction in pension benefit liabilities; transportation (\$0.92) million

decrease relating to an decrease in pension benefit liabilities, contractual services, utilities and road supplies; economic environment (\$1.23) million decrease relating to decrease in grants and aid awarded to recipients and a decrease in contractual services; culture and recreation (\$0.07) million decrease in relation to the netting of the increase in wages and benefits and contractual services offset by the reduction in pension benefit liabilities; and (\$0.06) million decrease in interest on long-term debt. The above decreases in expenses are offset by \$1.87 million increase in general government relating to the netting of the increase in tax incremental financing, wages and benefits, contractual services and aid and sponsorships offset by the reduction in pension benefit liabilities.

**Business-type activities.** The business-type activities include the activities of a solid waste operation, city marina, stormwater utility program, golf course, theatre, animal center and the building department. Combined business type revenues increased \$0.50 million relating to an increase in charges for services of \$0.60 million and a decrease of (\$0.10) million in operating and capital grants. Combined expenses increased \$2.77 million for the following business-type activities: solid waste operations \$1.55 million, marina \$0.04, theatre \$0.83 million, and animal center \$0.56 million; netting with decreased expenses of (\$0.08) for stormwater utility and (\$0.13) million for building department operations. Expense for the Golf Course increased negligibly.

### **Financial Analysis of the Government's Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of a fiscal year.

The City maintains twenty-seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, the Community Redevelopment Agency Fund, the Road Impact Fee Fund, and the Half-Cent Infrastructure Fund. As of the end of the current fiscal year, the City's *governmental funds* reported combined ending fund balances of \$46,908,604 an increase of \$3,353,140 in comparison with the prior year. The non-spendable portion is \$753,190, restricted is \$31,178,924, \$6,121,676 is assigned and \$8,854,814 is unassigned and available for spending at the government's discretion.

The *general fund* is the chief operating fund of the City. The ending fund balance in 2024 is \$15,472,140 which increased \$1.42 million. The 10.07% increase relates to increases in taxes while maintaining balanced control over expenditures. Ad valorem taxes increased as a result of the approximate 12% increase in taxable values driven by the addition on the tax roll of the new construction. Communication and utility taxes also increased because of the increased usage due to new construction and hotter temperatures. The non-spendable and assigned portions increased \$0.12 million and \$0.65 million respectively, which represents an increase in prepaid expenses relating to insurance premiums and an increase in budget appropriations respectively. The unassigned portion increased \$0.65 million.

The debt service ending fund balance in 2024 is \$1,892,701 a decrease of (\$0.30) million, which represents the reduction of cash used for payment of principal and interest on debt.

The fund balance in the special revenue funds at 9/30/2024 is \$9,421,155 the fund balance is restricted for special purposes and projects. The decrease of (\$0.85) million in fund balance relates to a combination of the 17% decrease in impact fees received in relation to the slight reduction in construction in reaction to the high interest rates and the loss of revenue (approximately \$0.30 million) from the expiration of a parks assessment.

The city accounts for the community redevelopment agency fund as a special revenue fund. The activity in this fund represents redevelopment activities for certain areas existing in the City of Fort Pierce. The ending fund balance in 2024 is \$6,365,990, an increase of \$1.81 million from the prior year. The increase in fund balance is reflective in the restricted, which represents the increase in the tax incremental financing restricted for special projects. Taxable values with the City and especially in the CRA area continue to increase in response to construction and CRA activities. The values basis for the increment funding increased approximately 26%.

The city accounts for the road impact fee fund as a special revenue fund. The activity in this fund represents activities relating to road impact fee collections and expenses within the City of Fort Pierce. The ending fund balance in 2024 is \$7,612,721 an increase of \$1.39 million from the prior year. The increase in fund balance is reflective in the restricted, which represents the decrease in the expenditure on restricted road projects. During FY 2024 the use of restricted funds on major road projects was still in the planning stage, whereas in the prior fiscal year six road projects were completed.

The city accounts for the half-cent infrastructure fund as a special revenue fund. The activity in this fund represents activities relating to half-cent infrastructure sales tax collections and expenses. The ending fund balance in 2024 is \$6,143,897, a decrease of (\$0.11) million from the prior year. The decrease in fund balance is reflective in the restricted, which represents the use of restricted fund balance for infrastructure projects.

Business Type Funds. The enterprise funds have a combined unrestricted net position of \$10,316,973. Combined net investment in capital assets is \$69,273,270. There is no restricted fund balance. The combined net position totals \$79,590,243. The increase in net position of \$0.86 million compared to the prior year is reflective of the combined (\$1.22) million operating loss in solid waste operations, marina, golf course, sunrise theatre, and animal center offset by the combined \$2.08 million operating gain in stormwater utility and building department.

### **General Fund Budgetary Highlights**

The General Fund 2024 budget revenue was \$59,487,439 the amount realized was \$61,668,473, an increase of \$2,181,034 or 3.67%. ### **Economic Factors and Next Year's Budgets and Rates**

The budget process for the 2025 budget began with a 9.82% increase or \$5,780,665 in the General Fund Budget, of which \$600,000 was restricted, the budget is balanced at \$64,668,104.

Some of the significant factors considered in preparing the City's Annual General Fund Budget for Fiscal Year 2025, that caused and closed the budget gap are listed below:

- In the General Fund, the City's taxable valuation is \$4,256,844,091 compared to last year's final valuation of \$3,900,245,086. This represents an increase of approximately 9.1% or \$356,599,005 in taxable values. This increase in property values and the City Commission electing to maintain the millage rate at 6.9000 helped to balance the budget. Maintaining the millage rate, generated \$3.39 million in property tax revenue, of which \$600,000 was restricted to be used to finance future capital projects and purchases.
- The City budgeted an increase in general sales and use tax and franchise tax of \$0.48 million. This year's budget was increased to reflect the trend.
- The City budgeted a decrease of \$0.06 million in licenses and permits \$0.03 million relating to planning and zoning fees, and \$0.03 million decrease relating to other fees and permits.
- The City budgeted an increase of \$0.05 million in intergovernmental revenues relating to state revenue share.
- The City budgeted an increase of \$0.06 million in charges for services. \$0.05 million relating to vacation and space rental and \$0.01 million relating to administrative charges for lien reductions.
- The City budgeted an increase of \$0.06 million in fines and forfeitures. \$0.13 million relating to property code violations and \$0.01 million related to alarm violations offset by a \$0.08 million decrease in nuisance fines.
- The City budgeted an increase of \$0.02 million in miscellaneous revenues relating to rental income and wellness incentive.
- The City budgeted an increase of \$1.78 million administrative and miscellaneous reimbursements, interfund transfers and contributions from Enterprise Funds. \$0.17 million relating to administrative and miscellaneous reimbursements, \$0.02 million relating to contributions from Enterprise Fund and \$1.59 million relating to interfund transfers.

- The 2024 General Fund budget includes an increase of \$3.95 million in personnel costs and benefits relating to the addition of positions, raises, and changes in benefits. The budget contains the addition of 7 positions: 1 in city manager, 1 in city attorney, 1 in human resources, 1 in code enforcement, 2 in the police department, and 1 position in the leisure services department. Budgeted pay increases include a 5% cost-of-living increase for all non-bargaining employees and Teamsters represented employees and an 8% cost-of-living increase for sworn officers. The budgeted retirement rate for general members increased 1.01%, Police officers' budgeted retirement rate increased 1.24%. Budgeted health insurance premiums and dental insurance premiums increased 4.9% and 10% respectively.
- The City budgeted an increase of \$1.36 million relating to operating expenses. \$0.69 million relating to the tax incremental financing expense; \$0.08 million in information technology relating to communications and software maintenance; \$0.14 million in police relating to crime lab costs, fuel costs, military supplies, and uniforms; \$0.11 million in public works relating to utilities; \$0.06 million in engineering relating to contractual services and signal maintenance, and \$0.25 million in administration relating to insurance, and utilities. Other departmental budgeted expenses remain consistent with a net increase of \$0.03 million.
- The 2025 budget (General Fund) included an increase of \$0.14 million in capital outlay relating to infrastructure improvements and capital improvements.
- The City budgeted an increase of \$0.13 million in grants and aid relating to the increase in community sponsorship.
- The City budgeted an increase of \$0.20 million in transfers to other funds. Increase in transfers to special revenue funds and animal center of \$0.25 offset by \$0.05 decrease in transfers to debt service funds.
- The Fort Pierce Redevelopment Agency budget increased \$1.38 million from the prior year. The tax increment financing (TIF) continues to increase. The increase in property tax values and maintaining the millage rate resulted in an increase of \$1.34 million; \$13.24 million up from \$11.90 million. The budget also includes an increase in rental revenue and miscellaneous revenue of \$0.04 million. Prior to fiscal year 2109 the Fort Pierce Redevelopment Agency budget was unable to support several special projects under historic preservation and restoration; funding for neighborhood and business grants; and other cultural and community events and functions. To help balance the budget, during those years transfers from General Fund were used. In FY 2025, because of the increase in tax revenues, no transfer was budgeted.
- In 2025 the Fort Pierce Redevelopment Agency budgeted operating expenses increased by \$0.69 million. The increase in budgeted operating expense relates to \$0.44 million increase in contractual fees and consulting services, \$0.16 million increase in contingency expenses, a \$0.08 million increase in insurance, utilities, and

rental expenses and \$.01 million increase in miscellaneous expenses, and travel and education expenses. The Agency budgeted a decrease in capital outlay of \$1.77 million. The Fort Pierce Redevelopment Agency budget included an increase of \$1.19 million in other programs and projects relating to the grant programs for business façade improvements, funding for school resources officers, special police details, and youth activities. In FY 2025 the budget included an increase of \$1.27 million in transfers; \$0.73 million relating to debt payments for maturity of debt, and an increase of \$0.54 million in transfers to other funds.

- As for the business-type activities, the Marina, Solid Waste, Stormwater Utility, and Building Department, had to make up their budget shortfalls by appropriating retained earnings of \$1,357,024, \$702,859, \$66,755, and \$1,373,847 respectively in FY 2025. The Golf Course, Sunrise Theatre and Animal Center were able to sufficiently fund their budgets with budgeted revenues.

**RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCE TO  
NET POSITION OF GOVERNMENTAL ACTIVITIES**

September 30, 2024

---

Total fund balance per this statement	\$	46,908,604
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are reported in the funds. The cost of the assets is \$270,600,780 and the accumulated depreciation/amortization is \$165,237,282.		105,363,498
Long-term liabilities (lease obligations, intergovernmental notes, other post employment benefits, accrued compensated absences, and pension liability) of \$64,567,475 plus unamortized premiums of \$2,001,832 are not due and payable and therefore, are not reported in the funds.		(66,569,307)
Governmental funds do not report a liability for accrued interest until it is due and payable. Accrued interest must be reported as a liability in the government-wide financial statements.		(304,728)
Insurance costs related to debt issuances and deferred charges on refundings are financial uses in the fund statement; for full accrual, however these expenses are reported as non-current assets in the government-wide financial statements.		1,347,913
Various receivables, (liens receivable, loans receivable, notes receivable, leases and due from other governments are not financial resources in the current period and therefore, are reported as unavailable revenue in the funds.		3,139,208
Deferred inflows related to pensions other post employment benefits, and leases are not financial resources and therefore are not reported in governmental funds		(6,476,106)
Deferred outflows related to pensions and other post employment benefits are not financial resources and therefore are not reported in governmental funds		4,881,155

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO  
THE STATEMENT OF ACTIVITIES**

Year ended September 30, 2024

---

Net change in fund balances-total governmental funds	\$	3,353,140
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures, however, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. This is the amount by which depreciation/amortization (\$6,176,125) exceeds capital outlay (\$7,299,960) in the current period.		1,123,835
Governmental funds report the sale of general capital assets as financial resources, the deletions of general capital assets is not reflected in the fund statement. This is the net amount of the proceeds and the adjusted basis of the assets deleted.		(50,297)
Debt issuance (\$745,183) used for lease and SBITA acquisitions are other financing sources (uses) in the governmental funds, but increase (decrease) long-term liabilities in the Statement of Net Assets.		(745,183)
Repayment of bond and note principal (\$6,470,744) are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets.		6,470,744
Compensated Absences of (\$410,259) reported in the Statement of Activities, do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.		(410,259)
In the Statement of Activities, interest is accrued on outstanding bonds; whereas in governmental funds interest expenditures are reported when due. This is the net amount between the prior and current year.		(29,383)
Governmental funds do not recognize expenditures for the Change in Net Pension Asset/Liability and OPEB each year. This represents the change in the Net Pension Liability and OPEB in the current year.		(1,191,377)
Bond insurance costs and discounts are reported as expenditures when paid. In the Statement of Net Position these costs are amortized. Current year amortization expense was \$137,857		137,857
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. This is the net amount between the prior and current year.		(143,846)
Change in Net position of governmental activities	\$	<u>8,515,231</u>

## NOTES TO THE FINANCIAL STATEMENTS

---

***NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

The accompanying financial statements of the City of Fort Pierce, Florida (City) have been prepared in conformity with accounting principles (“GAAP”) generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the standard-setting body for governmental accounting and financial reporting.

***I. REPORTING ENTITY***

The City of Fort Pierce, Florida was incorporated in 1901 under the general law. This incorporation was validated by Act of the State Legislature, Chapter 5100, Acts 1901. The City covers an area of approximately 35.97 square miles and is located in St. Lucie County, Florida. The City operates under an elected City Commission (5 members) and provides services to its more than 50,823 residents in the form of law enforcement, street maintenance, solid waste, culture and recreation, planning and zoning, human resources and general administrative services.

The accompanying financial statements present the primary government and its component units. Component units are legally separate entities for which the primary government is financially accountable or entities which should be included in the City’s financial statements because of the nature and significance of their relationship with the primary government.

The decision to include a potential component unit in the City’s reporting entity is based on the criteria stated in GASB Statement No. 14 – *The Financial Reporting Entity*, as amended by GASB 39, “*Determining Whether Certain Organizations are Component Units*” and GASB 61, “*The Financial Reporting Entity; Omnibus an Amendment of GASB Statements No. 14 and No. 34*” which includes the ability to appoint a voting majority of an organization’s governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burden on the City, or the nature and significance of the relationship between the City and the organization is such that exclusion would cause the City’s financial statements to be incomplete.

Blended component units, although legally separate entities, are, in substance, part of the City’s operations. Accordingly, data from these component units are included with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate column in the financial statements to emphasize that it is legally separate from the City. The financial activities and balances for each blended and discretely presented component units are as of and for the period ended September 30, 2024.

***A. BLENDED COMPONENT UNITS***

Community Redevelopment Agency

The Community Redevelopment Agency (CRA) was established for the purpose of carrying out redevelopment activities for certain areas existing in the City of Fort Pierce. The members of the governing board are comprised of the Fort Pierce City Commission. The CRA’s budget is subject to approval by the City Commission and the primary government has operational responsibility for the CRA. Complete financial statements of the CRA can be obtained from the finance department office located at 100 North US #1, Fort Pierce, Florida 34950.

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**1. REPORTING ENTITY (CONTINUED)**

**B. DISCRETELY PRESENTED COMPONENT UNIT**

Fort Pierce Utilities Authority

The Fort Pierce Utilities Authority (Authority) provides electric, water, wastewater and natural gas services to residents and businesses of Fort Pierce and is responsible for the management and operations of the Manatee Observation and Education Center. The members of the governing board are appointed and/or removed from office by the Fort Pierce City Commission. The budget and rates for services are subject to the approval of the Commission. Complete financial statements of the Authority can be obtained from its administrative office located at 206 South Sixth Street, Fort Pierce, Florida 34948.

**C. RELATED ORGANIZATION**

Fort Pierce Housing Authority

The Mayor of Fort Pierce is responsible for appointing the members of the Board of the Fort Pierce Housing Authority (FPHA), but the City's accountability for this organization does not extend beyond making these appointments. The FPHA's operating and capital expenditures, including debt service, are financed entirely from federal grants and rentals. The City has no involvement in the determination of FPHA's budget or rental rates, and has no obligation for FPHA's outstanding debt. Hence, the FPHA is not considered a component unit of the City, and no financial information is included in these financial statements.

**2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The basic financial statements include both government-wide financial statements (based on the City as a whole) and fund financial statements. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

***NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

***2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)***

The Government-Wide Statement of Net Position reports all financial and capital resources of the City, excluding those reported in the fiduciary funds. It is displayed in the format of assets and deferred outflows less liabilities and deferred inflows, equals net position, with the assets and liabilities shown in order of their relative liquidity. Net position is required to be displayed in three components: (1) net investment in capital assets, (2) restricted, and (3) unrestricted. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The restricted component of net position consists of restricted assets reduced by liabilities related to those assets. Restricted assets are those with constraints placed on their use that are either: (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. The unrestricted component of net position is the net amount of the assets and liabilities that are not included in the determination of net investment in capital assets or the restricted component of net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The City chooses to eliminate the general and administrative charges between governmental activities to avoid a “doubling up” effect.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

***3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION***

The government-wide financial statements are reported using the *economic resources measurement focus* and the *full accrual basis of accounting*, as are the proprietary fund, and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)**

The measurement focus of the governmental funds (in the Fund Financial Statements) is upon determination of financial position and changes in financial position rather than upon net income.

These governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considered property taxes as available if they are collected within 60 days after year-end. A six-month availability period is used for revenue recognition for all other governmental fund revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Taxpayer-assessed property and other taxes, and charges for regularly billed or routinely provided services, are recorded as revenue when earned, taxpayer liability has been established and collectability is assured, or losses can be reasonably estimated. Licenses and fees, fines and forfeitures, and miscellaneous revenues are recorded when received in cash, because they are generally not measurable until actually received. Investment income from cash deposits is recorded as revenue when earned, since it is measurable and available.

The city reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *community redevelopment agency-special revenue fund* accounts for the redevelopment of designated areas within the City. Financing is provided by an incremental increase in ad valorem taxes levied each year.

The *road impact fee-special revenue fund* accounts for the road impact fee revenue that is restricted for road work within the City.

The *half cent infrastructure-special revenue fund* accounts for the half cent sales tax revenue that is restricted for infrastructure projects within the City.

The government reports the following major proprietary funds:

Business type activities

The *solid waste fund* is used to account for the solid waste disposal services provided to the residents of the City.

The *marina fund* is used to account for the activities of a special recreation facility for the residents of the City and the surrounding area.

The *storm water fund* is used to account for the storm water drainage and control services provided to the residents of the City.

***NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

***3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)***

The *golf course fund* is used to account for the activities of a special recreation facility for the residents of the City and the surrounding area.

The *sunrise theatre fund* is used to account for the activities of a historic theatre for the residents of the City and the surrounding area.

The *building fund* is used to account for the activities of a building department for the residents of the City.

The *animal adoption center* is used to account for the activities of a city's animal adoption services for the residents of the City.

Governmental activities

Additionally, the government reports the following fund types:

Fiduciary funds

The two pension trust funds account for the activities of the General Employees and the Police Officers' Pension Plans, which accumulate resources for pension benefit payments to qualified employees of the respective plans.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's solid waste disposal function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources, as they are needed.

***NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

***4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE***

***a. Deposits and investments***

The City has defined cash and cash equivalents to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State statutes and local ordinances authorize the government and the component units to invest in various types of investments as discussed in a subsequent note.

Investments of the City, as well as for its component units, are reported at fair value within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*.

Investments include the State Board of Administration Pooled Trust Fund which operates in accordance with appropriate state laws and regulations. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value based on market indicators regarded as measures of equity or fixed income performance results. The City does not have a significant amount of investments valued at other than quoted market prices, except in the pension trust funds. Amortization of premium and accretion of discount on investments purchased are not recorded over the term of the investment. The effect of this policy on the financial statements of the various funds is not significant. The reported value of the pool is the same as the fair value of the pool shares.

***b. Receivables and payables***

All trade receivables are shown net of an allowance for uncollectible accounts. Unbilled service receivables represent the estimated amount of accounts receivable for services that have not yet been billed. The amount represents a timing difference between the end of the financial statement cycle (month end) and the billing cycle (varying dates each billing period).

For leases where the City is Lessor, lease receivables were reported on October 1, 2021 upon implementation of GASB 87, Leases. Lease receivables are separated between current and noncurrent, and are reported at the present value of lease payments expected to be received during the lease term.

***c. Due to/Due from***

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of inter-fund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans.) All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)**

**d. Inventories and prepaid items**

Inventories are valued at cost (using average cost) in governmental type funds and the lower of cost (weighted average) or market in business-type funds. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recorded as expenditures when consumed rather than when purchased.

**e. Restricted assets**

Certain proceeds from bonds, notes, and loans, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants and restrictions. As a general rule these restricted assets are maintained in separate accounts.

The Fort Pierce Utilities Authority has similar restricted assets.

**f. Capital assets**

Capital assets, include property, plant, equipment, and infrastructure assets (e.g., road, bridges, sidewalks, and similar items), which are reported in the applicable governmental or business-type activities columns on the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, works of art, and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method over the following estimated lives:

Buildings and improvements	3-55 years
Improvements other than buildings	20-25 years
Equipment	3-20 years
Public domain infrastructure	15-75 years
Right to use/Subscription assets	Shorter of lease term or useful life

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)**

**g. Leases**

**City as lessor:**

The City is a lessor for noncancellable leases of commercial real estate. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date.

Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term. Key estimates and judgements were used in how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of variable payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

**City as lessee:**

The City is a lessee for noncancelable leases of vehicles and equipment. The City recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements.

At the commencement of the lease, the City measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease asset is initially measured as the initial amount of lease liability, adjusted for any payments made at or before the lease commencement date, plus certain initial direct costs. The lease asset is amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

Key estimates and judgements related to leases include how the City determines: (1) the discount rate it uses to discount the expected lease payment to present value, (2) lease term, and (3) lease payments.

***NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

***4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)***

***g. Leases (continued)***

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option prices that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

***h. Subscription Based Information Technology Arrangements***

The City has noncancellable subscription-based information technology arrangements (SBITAs) to finance the use of information technology software. The City recognizes a liability (the “subscription liability”) and an intangible, right-to-use subscription asset (the “subscription asset”) in the governmentwide financial statements. The City recognizes a subscription liability with an initial, individual value of at least \$50,000 or more.

At the commencement of the SBITAs, the City initially measures the subscription liability at the present value of subscription payments expected to be made during the subscription term. Future subscription payments are discounted using either the implicit rate or the City’s incremental borrowing rate if the interest rate is not readily determinable. The subscription liability is reduced by the principal portion of the subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, plus payments made before the commencement of the subscription term and capitalizable implementation costs. The subscription asset is reduced for any vendor incentives received. The subscription asset is amortized on a straight-line basis over the subscription term.

Key estimates and judgments related to the SBITAs include how the City determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) term of the SBITAs, and (3) subscription payments.

- The City uses the interest rate charged on the SBITAs as the discount rate. When the interest rate charged on the SBITAs is not provided, the City uses its estimated incremental borrowing rate as the discount rate.
- The term includes the noncancellable period of the SBITAs plus option periods, which one party may exercise, that the City is reasonably certain will be exercised.
- The subscription payments included in the measurement of the subscription liability are composed of fixed or fixed in substance payments and other payments associated with the SBITAs that the City is reasonably certain to make based on an assessment of all relevant factors.

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (CONTINUED)**

***h. Subscription Based Information Technology Arrangements (continued)***

The City monitors changes in circumstances that would required a remeasurement of its SBITAs and will remeasure the subscription liability and asset if certain changes occur that are expected to significantly affect the amount of the subscription liability. The subscription liabilities are reported with long-term debt and the subscription assets are reported with other capital assets on the Statement of Net Position.

***i. Deferred outflows/inflows of resources***

The Statement of Net Position includes a separate section for Deferred Outflows of Resources. This represents a consumption of net assets applicable to future periods and will be recognized as expenditures in the future period to which it applies. This category includes a Deferred Charge on Refunding reported on the Government-wide Statement of Net Position. The deferred charge on refunding is the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt. This category also contains amounts related to pensions and OPEB for certain actuarially determined differences between projected and actual investment earnings.

The Statement of Net Position also includes a separate section for Deferred Inflows of Resources. This represents the acquisition of net assets applicable to future periods and will be recognized as revenue in the future period to which it applies. Currently, this category includes revenue received in advance, and amounts related to pensions, OPEB, and leases for certain actuarially determined differences between projected and actual experience.

Deferred Inflows of Resources in the Governmental Funds Balance Sheet include unavailable revenue. Unavailable revenue consists primarily of special assessment, loans and notes receivable. The city considers revenues available if they are collected within 60 days of the end of the fiscal year.

***j. Compensated absences***

Accumulated unpaid vacation and sick pay and the benefits associated with them are accrued when incurred in all proprietary fund types and in the component units. In the governmental funds the cost of vacation and sick pay is recognized when payments are made to employees or when matured, as a result of employee resignation or retirement.

All sick and vacation pay is accrued when incurred in the Government-Wide Financial Statements.

***k. Other Post Employment Benefits***

The City provides certain health care and life insurance benefits for retired employees. The primary government recognizes the costs associated with providing these benefits as premiums are paid. In the Government-Wide Financial Statements and proprietary fund types in the Fund Financial statements, other post employment benefits are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

***NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)***

***4. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION (CONTINUED)***

***l. Long-term obligations***

In the Government-Wide Financial Statements and propriety fund types in the Fund Financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as insurance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond insurance costs are reported as deferred charges and amortized over the term of the related debt.

In the Fund Financial Statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

***m. Fund equity***

The City implemented GASB No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions”, for the year ended September 30, 2011. The Statement requires the fund balance of governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

***5. ACCOUNTING ESTIMATES***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

***NOTE B - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY***

***1. Budgetary Information***

The appropriated budget is the expenditure authority created by the appropriation ordinance which is signed into law along with related estimated revenues for the general fund, one major special revenue fund; community redevelopment agency fund, and the following non-major special revenue funds: police grant fund, state housing initiatives program fund, community development block grant fund, and hurricane housing recovery grant fund.

The amended budget reflects the appropriated budget for the general fund and certain special revenue funds. Budgets are not adopted for governmental funds other than the general fund and previously noted major and non-major special revenue funds. All annual appropriations lapse at fiscal year end.

The City follows these procedures in establishing the appropriated budget reflected in the financial statement:

- a. Prior to August 15, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally enacted through passage of an ordinance.
- d. Formal budgetary integration is employed as a management control device during the year for the general fund, certain major and non-major special revenue funds. Formal budgetary integration is not employed for debt service funds because effective budgetary control is alternately achieved through general obligation bond indenture provisions.
- e. Budgets for the general fund, certain major and non-major special revenue funds are adopted on a basis consistent with generally accepted accounting principles. (GAAP).
- f. The level of control (level at which expenditures may not exceed budget) is the department. Department heads may move budget appropriations from one line item to another line item within his/her department with the approval of the Director of Finance. Transfers of budget appropriations between departments must be approved by the Director of Finance and the City Manager. Any increase in budget over what was appropriated must be approved by the City Commission. Unexpended balances of appropriations lapse at year end.
- g. In accordance with past practices, after the close of the year, the budget has been amended to reflect changes in available revenues and transfers of appropriations between departments and programs.

**NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.**

“Total fund balances” as reported on the City’s Governmental Funds Balance Sheet \$46,908,604 differs from the “net position” of governmental activities \$88,290,237 that are reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the Governmental Funds Balance Sheet. The effect of the differences is illustrated below.

**Capital related items**

When capital assets (land, buildings and improvements, infrastructure, machinery and equipment, and construction in progress that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position includes those capital assets among the assets of the city as a whole:

Cost of capital assets, not being depreciated	\$ 28,600,661
Cost of capital assets, being depreciated	242,000,119
Accumulated depreciation	<u>(165,237,282)</u>
Total	<u>\$ 105,363,498</u>

**Long-term debt transactions**

Long-term liabilities applicable to the City’s governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2024 were:

Bonds and notes payable	\$ (38,356,785)
Lease liability and SBITA	(2,790,710)
Other post employment benefits	(2,058,333)
Net Pension Liability	(19,129,177)
Compensated absences	<u>(4,234,302)</u>
Total	<u>\$ (66,569,307)</u>

**NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)**

***1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position (continued)***

**Accrued interest**

Accrued liabilities in the Statement of Net Position differ from the amount reported in governmental funds due to accrued interest on bonds and revenue notes.

Bond and revenue notes	\$ <u><u>(304,728)</u></u>
------------------------	----------------------------

**Prepaid Insurance and Deferred Charge on Refunding**

Bond insurance costs and deferred charge on refunding in the Statement of Net Position differs from the amount reported in governmental funds because bond insurance costs and the difference between the carrying value of refunded debt and its reacquisition price are capitalized and amortized over the term of the bonds, whereas these costs are reported as expenditures in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance.

Net bond insurance costs	\$ <u><u>14,655</u></u>
Net Deferred charge on refunding	\$ <u><u>1,333,258</u></u>

**Unavailable revenues**

Unavailable revenues in the Statement of Net Position differ from the amount reported in governmental funds due to various receivables. Governmental fund financial statements report unearned revenues or revenues which are measurable but not available, as unavailable revenues. However, unavailable revenues in governmental funds are subject to full accrual on the government-wide financial statements.

Liens receivable	\$ 7,782,070
Loans receivable	38,447
Lease receivable	555,781
Notes receivable	1,506,030
Allowance for doubtful accounts	(6,743,120)
Deferred revenues	\$ <u><u>3,139,208</u></u>

**Deferred Inflows and Outflows from Pension, OPEB, and Lease Activity**

Deferred inflows and outflows related to pensions, OPEB, and leases are not financial resources and are not reported in governmental funds.

Deferred Inflows-Pensions and OPEB and Leases	\$ <u><u>(6,476,106)</u></u>
Deferred Outflows-Pensions and OPEB	\$ <u><u>4,881,155</u></u>

**NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)**

**2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities**

**Elimination of inter-fund receivables/payables**

Inter-fund receivables and payables in the amount of \$583,314 between governmental funds have been eliminated for the Statement of Net Position.

The “net change in fund balances” for government funds \$3,353,140 differs from the “change in net position” for governmental activities \$8,515,231 reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below.

**Capital related items**

When capital assets are purchased, or constructed for governmental activities, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balances decrease by the amount of financial resources expended, whereas net position decreases by the amount of depreciation expense charged for the year.

Capital outlay	\$ 7,299,960
Depreciation expense	<u>(6,176,125)</u>
	<u>\$ 1,123,835</u>

In the Statement of Activities, only the gain and loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the adjusted basis of the capital assets sold. Also, governmental funds do not show contributions of capital assets. Thus, the change in net assets differs from the change in fund balance by the acquisition value of the asset at date of contribution.

Net book value of capital assets disposed	<u>\$ (50,297)</u>
---	--------------------

In the Statement of Activities, debt proceeds increase long-term liabilities. However, in the governmental funds, debt proceeds are treated as other financing sources (uses) since they provide current financial resources to governmental funds.

Lease and SBITA Obligation Proceeds	<u>\$ (745,183)</u>

**NOTE C – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)**

**2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities(continued)**

**Long-term debt transactions**

Repayments of principal on bonds, notes, leases and SBITAs are reported as expenditures in the governmental funds and, thus, have the effect of reducing fund balance because current financial resources have been used. Principal payments reduce the liabilities in the Statement of Net Position, but do not result in an expense in the Statement of Activities.

Bond, notes, lease and SBITA principal payments	\$ <u>6,470,744</u>
---	---------------------

Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore, are not reported as expenditures in the governmental funds. The amounts listed below are the net of prior and current fiscal years and are included in the Statement of activities.

Net change in other post employment benefits	\$ <u>13,970</u>
Net change in compensated absences	\$ <u>(410,259)</u>
Net interest adjustment	\$ <u>(29,383)</u>
Net Change in Pension Asset/Liability	\$ <u>(1,205,347)</u>

**Bond issuance costs**

Bond issuance costs are reported as expenditures in the governmental funds. However, in the Statement of Activities, the bond issuance costs are amortized over the terms of the bond agreement.

Amortization expenses	\$ <u>137,857</u>
-----------------------	-------------------

**Deferred revenues**

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Net change in Deferred Revenue	\$ <u>(143,846)</u>
--------------------------------	---------------------

**Reclassification and Eliminations**

The General Fund recognizes revenues in the amount of \$2,661,900 for the general administrative charges to the various functions. These revenues and expenditures must be eliminated to avoid “double counting”. Transfers in and transfers out in the amount of \$16,867,041 between governmental activities are eliminated in the government-wide financial statements.

***NOTE D – CASH AND INVESTMENTS***

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments. The carrying amount of these deposits at September 30, 2024 was \$68,007,884 and the bank balance was \$68,126,013. The deposits are insured by federal depository insurance or collateralized under the provisions of Chapter 280, Florida Statutes.

Deposits - Florida statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral for their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits. The City had deposits only with qualifying institutions as of September 30, 2024, or with banks in which depository insurance was sufficient to cover the deposit balance.

Cash resources of the individual funds are combined to form a pool of cash and investments which is managed by the City Finance Director. Cash equivalents consist of demand deposits, certificates of deposit, and money market accounts. Investments in the pooled fund consist of Repurchase agreements (overnight), Treasury notes, and Government securities.

The FPUA also invests in the SBA Florida PRIME Local Government Surplus Fund which are governed by Chapter 19-7 of the Florida Administrative Code, which identifies the Rules of the SBA. Additionally, the Office of the Auditor General performs the operational audit of the activities and investments of the SBA. Additional information regarding the Local Government Surplus Funds Trust Fund may be obtained from the State Board of Administration.

The Florida PRIME has met the criteria as a "2a7-like" pool; this pool was assigned a rating of AAAM by the Standards and Poor's Rating Service. The FPUA has a \$6,268,819 balance at September 30, 2024. The fair value of the position in the pool is valued the same as the pooled shares.

The Florida Municipal Investment Trust (Municipal Trust) was created under the laws of the State of Florida to provide eligible units of local government with an investment vehicle to pool their surplus funds and to reinvest such funds in one or more investment portfolios under the direction and daily supervision of an investment advisor. The Florida League of Cities serves as the administrator, investment manager and secretary-treasurer of the Trust. The Municipal Trust is not a registrant with the Securities and Exchange Commission (SEC); however the board has adopted operating procedures consistent with the requirements for a "2a-7 like" pool.

City of Fort Pierce, Florida  
**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2024

**NOTE D – CASH AND INVESTMENTS (CONTINUED)**

The City has implemented the GASB Statement No. 72 *Fair Value Measurement and Application* by categorizing its investments according to the fair value hierarchy established by the statement. The hierarchy is based on the valuation input used to measure the fair value of the asset as follows:

- Level 1- inputs are quoted prices for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2- inputs-other than quoted prices included within level 1-debt securities classified as level 2 are valued using a matrix pricing technique.
- Level 3- unobservable inputs for an asset or liability.

A summary of pooled cash and investments as of September 30, 2024 is as follows:

	<b>Primary Government</b>	<b>Component Unit-FPUA</b>
Cash	\$ 3,112,006	\$ -
Investments:		
Certificates of Deposit and CDARS	-	8,226,407
State Board of Administration pooled trust fund	-	6,268,819

*Credit Risk.* State law limits investments in corporate notes to the top two ratings issued by nationally recognized statistical ratings organizations (NRSROs). It is the City's policy to limit its investments in these investment types to A or better, with a maximum 15% discretionary allocation to BBB by Standard and Poor's. Money Market securities rated A1/P1 by Standard and Poor's/Moody's are allowed. The City has certain investments in an unrated 2a7-like investment pool administered by the Florida League of Cities.

As of September 30, 2024, the pension plans had the following fixed income investments with corresponding credit ratings:

*Interest Rate Risk.* As a means of limiting its exposure to fair value losses arising from rising interest rates, the City’s investment policy discourages long-term investments. For the City’s pension plans, maturities are significantly longer. The pension system may invest in various mortgaged-backed securities, such as collateralized mortgage obligations. These securities are based on cash flows on underlying mortgages. Therefore, they are sensitive to prepayments by mortgagees, which may result from a decline in interest rates.

*Custodial Credit Risk.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the city will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City’s pension funds consist of uninsured, unregistered investments held by a counterparty’s trust department but not in the City’s name.

Investments - The primary government, except for the Enterprise Fund and Expendable Pension Trust Funds, is authorized by Ordinance to invest in:

1. Local Governmental Surplus Trust Funds
2. Interest-bearing time deposits or savings accounts in banks organized under the laws of this State or the United States and doing business in this State as detailed in the investment policy of the City.
3. Deposits and certificates of deposit in out-of-state banks, savings and loan associations and other regulated financial institutions as may be required by contractual agreements when approved by the City Commission.
4. Negotiable direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States Government at the then prevailing price for such securities.
5. Repurchase Agreements, secured by the type of investment listed above, restricted as to acquisition, term, and market value.

The FPUA (a component unit) is authorized by resolution to invest in:

1. Local Government Surplus Trust Funds.
2. Negotiable direct obligations of the United States Government, or obligations, the principal and interest which are unconditionally guaranteed by the United States Government.
3. Obligations of the Federal Farm Credit Banks, the Federal Home Loan Mortgage Corporation, including Federal Home Loan Corporation participation certificates, or the Federal Home Loan Bank or its district banks, or obligations guaranteed by the Government National Mortgage Association, U. S. Treasury, agencies, and instrumentalities.
4. Repurchase Agreements secured by the type of investment listed above, restricted as to acquisition, term and fair value.

***NOTE D – CASH AND INVESTMENTS (CONTINUED)***

5. Interest-bearing time deposits or savings accounts in banks organized under the laws of this State, in national banks organized under the laws of the United States and doing business and situated in this State, in savings and loan associations which are under State supervision, or in federal savings and loan associations located in this State and organized under federal law and federal supervision, provided that any such deposits are secured by collateral as may be prescribed by law.
6. Deposits and certificates of deposit in out-of-state banks, savings and loan associations and other regulated financial institutions insured by the FDIC.
7. Full faith and credit direct general obligations of any state, or unlimited tax direct obligations of any political subdivision thereof, the payment of which the full faith and credit of such political subdivision is pledged, provided that at the time of purchase such obligations are rated in either of the two highest rating categories by a nationally recognized bond rating agency.

The General Employees Pension Trust Fund is authorized by resolution to invest in:

1. Common and preferred stock issues.
2. Publicly traded Government, corporate, and agency bonds.
3. Publicly traded money market securities.

The Police Officers Pension Trust Fund is authorized by resolution to invest in:

1. Common and preferred stock issues. (Limited to holdings of less than five percent of any one entity's stock, and aggregate stock holdings of less than fifty percent of total plan assets.)
2. Publicly traded Government, corporate, and agency bonds.
3. Publicly traded money market securities.
4. Interest-bearing time deposits or savings accounts in banks organized under the laws of this State or the United States and doing business in this State as detailed in the investment policy of the Police Officers' Pension Trust Fund.

***NOTE E - PROPERTY TAXES***

The City's property tax is levied by St. Lucie County each November 1 on the assessed value listed as of the prior January 1 for real and personal property located in the City. Property taxes become a lien on the first day of the levy year and are due on or before March 31. Assessed values are established by the St. Lucie County Property Appraiser. The assessed value at January 1, 2024, upon which the 2023-2024 levy is based, was \$3,851,465,048.

The City is permitted by State law to levy taxes of up to 10 mills of assessed valuation for the General Fund. Taxes are levied at 6.9 mills for the General Fund for the fiscal year ended September 30, 2024.

***NOTE F - ACCOUNTS RECEIVABLE/NOTES RECEIVABLE***

Accounts Receivable

Accounts receivable held by the primary government's enterprise funds and the FPUA (a component unit) are stated net of allowances for estimated uncollectibles of \$15,639 for the marina, \$27,235 for sanitation, \$0 for storm water, \$0 for golf course, \$0 for building, and \$915,000 the FPUA, respectively. The general fund accounts receivable is stated net of allowance for estimated uncollectibles of \$6,743,120. No other allowance is provided for receivables held by governmental or fiduciary fund types because, in the opinion of management, all such accounts are collectible.

Notes Receivable

Notes Receivable is comprised of various down payment assistance loans as part of the City's redevelopment plan. The terms of the notes range from 5 to 30 years with interest rates from 0% to 5% based on the recipient's income level.

**NOTE I – LEASES, FINANCED PURCHASES AND SBITAs**

During fiscal year 2022, the City adopted GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

**City as lessor:**

Following is a summary of receivables and deferred inflows on long-term leases in which the City is the lessor, as of September 30, 2024:

	<u>Lease Receivable</u>			<u>Deferred Inflows</u>

**Guardian Ad Litem-**On April 15, 2021, the City, as lessor, entered into an interlocal agreement with St Lucie County, the lessee, to provide office space for Guardian Ad Litem Services (“the tenant”). The office space is located on the second floor of the Sunrise Center located at 300 Orange Ave. The lease is a 15-year lease with monthly payments of \$3,750. The lease has an incremental interest rate of 4%. Inflows of \$33,912 were recognized during the fiscal year ended September 30, 2024 related to this lease.

**Little Jims-** In March 2010, the City, as a lessor, entered in an agreement with Little Jim Bait and Tackle, Inc (the “tenant”), the lessee, to rent land, building and certain improvements on the barrier island on the southeast side along the waterway at 601 North Causeway Drive. The original lease contained a 1-5 year renewal clause, and a conditional option for a single ten year lease extension. The 10-year lease extension was executed in March 2015 at a monthly rate of \$2,000. The lease has an incremental interest rate of 4%. Rent is payable monthly. Inflows of \$18,084 were recognized during the fiscal year ended September 30, 2024, related to this lease. Variable payments of \$7,169 were recognized during the fiscal year relating to inflation adjustments.

**NOTE I – LEASES, FINANCED PURCHASES AND SBITAs (CONTINUED)**

**Cobbs Landing**-On December 15, 2005 the City’s Redevelopment Agency, as a lessor, entered into an agreement with Ianco, LLC (the “tenant”), the lessee, to rent the restaurant facility located on the western side of the City’s public marina and docking facility. Ianco, LLC, with the permission of the Agency, assigned the lease to Salty4Eleven, LLC DBA Cobb’s Landing. The original lease agreement expired on June 30, 2021, and at that time both parties agreed to exercise the 5-year option stated in the original lease. Rent is payable monthly within five business days of the closing of any monthly period. Rent is the computed at the greater of 7.25% of all gross revenues or \$6,500 per month. The lease has an incremental interest rate of 4%. Inflows of \$53,808 were recognized during the fiscal year ended September 30, 2024, related to this lease. Variable payments of \$294,594 were recognized during the fiscal year relating to percentage of gross revenue sales.

**Crabby’s Dockside**-December 2018, the City, as lessor, entered into an agreement with the Winking Star Fish LLC. (the “tenant”), the lessee, to construct and operate a restaurant facility (Crabby’s Dockside) located at the City’s public marina and docking facility. Commencement of the lease began on June 25, 2020, the date of occupancy and extends for a 20 year term, with 2, 5 year renewal options. Rent is payable monthly on the first day of each month. The lease terms call for an annual base rent of \$160,356 for the 1<sup>st</sup> year and a 2% increase for subsequent years. In addition to the base rent the lease calls for an additional percentage of the tenant’s gross revenues over the break point. When tenant’s annual year-to-date revenues exceed the break points of \$2,500,000 for food, \$600,000 for alcohol, and \$100,000 for ice-cream percentage rent is equal to 2%, 7% and 5% respectively of the tenant’s gross revenue. The lease has an incremental interest rate of 4%. The Marina recognized inflows of \$117,420, and other variable inflows of \$22,205 during the fiscal year ended September 30, 2024. Variable payments of \$6,864 were recognized during the fiscal year relating to percentage of gross revenue sales.

The City has outstanding Revenue Bonds and Notes from direct borrowings and direct placements related to its governmental activities totaling \$36,354,953. The outstanding Revenue Bonds and Notes, or borrowing facilities are secured by the respective revenues and/or pledged revenues subject to budget and appropriation. The City's governmental activity bonds and notes that are secured by a pledge to budget and appropriate legally available non-ad valorem revenues require that the City ensure that before any additional borrowing or debt is incurred, (i) that the City's adjusted revenue for the immediately preceding fiscal year is equal to at least 200% of the Maximum Bond Service Requirement on all Debt to be outstanding following the issuance of such new Debt and (ii) 100% of any amounts owed for Policy Costs (as defined in various resolutions of the City), (iii) No additional Debt may be issued without the prior written consent of all applicable bond insurers if any Policy Costs are past due and owing.

**Governmental Activities Direct Placements**

The City's Revenue bonds of \$19,850,000 contain a provision defining the following events as a default: 1) failure to make payment, 2) dissolution, liquidation, or voluntary filing of bankruptcy, or 3) the City fails to perform any of the other covenants, conditions, agreements, and provisions contained in the bond or in the resolution. In the event of a default, which has not been remedied, after legal proceedings, pledged funds will be distributed. The Series 2021 Bonds includes an additional default provision (a) so long as the Outstanding Series 2015A note or any debt issued to refinance the Series 2015A (the Bank Debt) remain outstanding and contain a right of acceleration upon an event of default, the Series 2021 Bonds shall also be subject to acceleration in the event the Bank Debt is accelerated and (b) it shall be a default under the Bond Resolution unless and until such event of default with respect to the Bank Debt has been waived by the holder of the Bank Debt.

**\$26,460,000 Capital Improvement Revenue and Refunding Bonds, Series 2019**-The Series 2019 Bonds were issued for the purpose of: (i) advance refund the City's outstanding Capital Improvement Revenue Refunding Bonds, Series 2015, (ii) financing the cost of designing, permitting, constructing, reconstructing and equipping a marina project (iii) finance the costs of issuance of the Series 2019 bonds.

The Series 2019 Bonds and interest thereon are payable from amounts the City has covenanted and agreed to appropriate in its annual budget by amendment if necessary, from non-ad valorem funds sufficient to pay principal of and interest on the Series 2019 Bonds when due. Interest at 5%, is payable semi-annually and sinking fund installments ranging from \$1,545,000 to \$2,180,000 through September 1, 2038. Defeasance of Revenue Bonds/Notes Payable

In prior years, the city defeased certain outstanding Redevelopment Revenue Bonds payable from tax increment revenues. The city also defeased certain Sunshine Governmental Financing Commission Revenue Notes payable from Non-Ad Valorem Revenues appropriated in the City’s annual budget. For each issue, the City deposited proceeds of the refunding bonds in an irrevocable trust account to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the City’s financial statements.

At September 30, 2024 the following bonds are considered defeased:

Component Unit (continued)

*Significant Bond Covenants for Utilities Revenue Bonds*

The Series 1999, 2016, 2022A, and 2022B, bond issues provide that FPUA accumulate monthly 1/6 of the amount of all interest due on the next semi-annual interest payment date, and 1/12 of the amount of principal due and payable on the next principal maturity date. Additionally, FPUA's Master Bond Resolution requires renewal and replacement, emergency reserve and debt service reserve subaccount funds with minimum requirements of \$500,000, \$900,000 and \$1,977,000, respectively. These reserves are funded in the amounts of \$500,000, \$900,000 and \$1,977,000 respectively, at September 30, 2024.

*Redemption Options Prior to Maturity*

The Series 1999B Bonds are not subject to redemption prior to maturity.

The Series 2016 Utilities Refunding Revenue Bonds maturing on October 1, 2026 with an interest rate of 2.14% are redeemable anytime at the option of FPUA. Any full or partial prepayment will carry a fee equal to the greater of (i) 1.00% of the principal balance multiplied by the number of years remaining or (ii) a 'Yield Maintenance Fee'.

The Series 2022A Bonds maturing prior to October 1, 2033 are not subject to optional redemption prior to maturity. The series 2022A Bonds maturing on and after October 1, 2033 shall be subject to redemption prior to their stated dates of maturity, at the option of FPUA, in whole or part, on any date on or after October 1, 2032, in such maturities as FPUA shall in its discretion select by lot within a maturity if less than a full maturity, at a redemption price equal to 100% of the principal amount of such 2022A Bonds to be redeemed plus accrued interest to the redemption date.

The Series 2022B Bonds maturing prior to October 1, 2033 are not subject to optional redemption prior to maturity. The series 2022B Bonds maturing on and after October 1, 2033 shall be subject to redemption prior to their stated dates of maturity, at the option of FPUA, in whole or part, on any date on or after October 1, 2032, in such maturities as FPUA shall in its discretion select by lot within a maturity if less than a full maturity, at a redemption price equal to 100% of the principal amount of such 2022B Bonds to be redeemed plus accrued interest to the redemption date.

*Current and Advanced Refunding of Debt*

Debt refunding activities occurred during fiscal year 2022 that resulted in the redemption or defeasance of certain outstanding obligations. The Refunded Bonds that matured October 1, 2022 through and including 2028 and October 1, 2029 were redeemed prior to their respective maturities, on the closing date of the Series 2022 Bonds (June 21, 2022) at a redemption price of 100% of the principal amount thereof, plus interest to the redemption date. The Refunded Bonds that matured on October 1, 2029 were redeemed on July 11, 2022 at a redemption price of 100% of the principal amount thereof, plus accrued interest to the redemption date.

Upon delivery of the Series 2022 Bonds, the Bank of New York Mellon Trust Company entered into an Escrow Deposit Agreement with FPUA relating to the Refunded Bonds maturing on October 1, 2029. The agreement created an irrevocable escrow deposit trust fund to be applied to the payment of principal of and interest of the Refunded Bonds that mature on October 1, 2029 as they same become due and payable and at redemption prior to maturity. As of September 30, 2024, the amount of defeased debt is \$30,516,000.

***NOTE L - RISK MANAGEMENT***

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City's risk management program mainly encompasses obtaining property and liability insurance through commercial insurance carriers. During the year ended September 30, 2024, the City paid premiums of approximately \$3,110,650 to commercial insurance carriers for provisions of various liability, property, casualty and workers compensation insurance. The City has various deductible amounts ranging from \$500 to \$25,000 on various policies. At year-end, the City did not have any significant claims, and past claims have not exceeded insurance coverage in any of the past three years. There were no significant changes in coverage retention, or limits during the fiscal year. The General Fund handles property claims for the City and absorbs the loss for any amounts below the deductible amounts.

The City contracted with Blue Cross and Blue Shield of Florida for health insurance for its employees, effective June 1, 2008. Prior to June 1, 2008, the City was a self-insurer for the health and accident claims of its employees. The City closed the Internal Service Fund as of September 30, 2009 and accordingly, no current claims liability is reported.

***NOTE M - EMPLOYEE RETIREMENT SYSTEMS***

The City participates in two retirement and benefit plans. The General Employees' Retirement and Benefit System covers all primary government and component unit employees. The Municipal Police Officers' Retirement Trust Fund covers the City's police officers. The City and The Utilities Authority, a component unit, offer a Deferred Retirement Option Plan (DROP).

Currently an annual actuarial evaluation is performed for both Plans. The most recent actuarial valuations were performed for the year ended September 30, 2024. Other information regarding contributions and funding progress is included as supplementary information to this report.

The City accounts for both plans as pension trust funds; therefore, they are accounted for in substantially the same manner as proprietary funds with an economic resources measurement focus and the accrual basis of accounting. Plan member contributions, employer contributions and contributions from other entities are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with terms of the plans. Plan assets are valued at fair value for financial statement purposes.

The General Employees' Retirement and Benefit System

**Plan Description**

The General Employees' Retirement and Benefit System (the System) is a cost-sharing multiple-employer PERS defined benefit plan administered by the City covering all municipal employees, including the Fort Pierce Utilities authority employees (FPUA). The System does not issue a stand-alone financial report but is included in the Pension Trust Fund of the City's financial statements. Participation in the Plan is compulsory for all full-time employees of the City, who are eligible upon employment.

Upon retirement, members are entitled to an annual retirement benefit, payable for life, of total service times 3.0% of final average salary, based upon the highest five consecutive years of the last ten years for General Employees and Utilities Authority.

Plan Changes effective for October 1, 2012

For members hired prior to October 1, 2012:

- Benefits vest 100% after five years of service.
- Overtime hours included in compensation are limited to 300 hours per year.
- Payments for unused sick/vacation time are limited to the September 30, 2012 balance.
- Maximum pension benefit is limited to 100% of salary.

***NOTE M - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)***

Plan Changes effective for October 1, 2023 (retroactive change)

For members hired after October 1, 2012:

- Benefits vest 100% after five years of service.(10 year of service before retroactive change)
- Overtime hours included in compensation are limited to 300 hours per year.
- Maximum pension benefit paid is the lesser of \$115,000 or 100% of final five year average.

Police receive 3.0% of final average salary, based upon the highest five years out of the last ten years. (Optional benefit forms are available on an actuarial equivalent basis.) The system also provides death and disability benefits. These benefit provisions and all other requirements are established and may be amended by State Statute and City ordinance. Ad hoc increases in benefits may be granted periodically by a decision of the Retirement Board with the approval of the City Commission.

**Funding Policy**

Per City Code Section 2-279 and 2-280, the City and FPUA employees are required to contribute 5.16% and 6.16% respectively of their annual salary to the System whether or not they are subject to collective bargaining. The employer is required to contribute actuarially determined amounts which, together with member contributions, are sufficient to fund the System. Administrative costs are financed through investment earnings.

The System funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. The normal cost and actuarial accrued liability are determined using an attained age actuarial funding method. Unfunded actuarial accrued liabilities are being amortized at a level percent of payroll over periods of 1-30 years.

**Membership**

At September 30, 2024, the Plan's membership consisted of: (1) 576 retirees and beneficiaries currently receiving benefits and 47 terminated employees entitled to benefits but not yet receiving them; (2) 324 vested active employees; and (3) 267 non-vested active employees.

**Benefits**

The plan provides retirement, termination, disability, and death benefits to all full time employees.

Normal Retirement- Eligibility occurs at 25 years of service regardless of age, or at age 60 (55 for police officers) with 5 years of service. Retirees receive of 3% of final average salary times total service with a maximum of \$115,000 per year, or 100% of salary if hired before October 1, 2012.

Non-Duty Disability Retirement- Benefits occur after 5 years of service; computed as a normal retirement based upon service and final average salary at date of disability.

Duty Disability Retirement- No service requirement; computed as a normal retirement based upon service projected to the end of the duty disability period and final average salary at the time of disability.

Non-Duty Pre-Retirement Death Benefit- Benefits occur after 5 years of service; computed as a normal retirement but actuarially reduced in accordance with a 100% joint and survivor election.

**NOTE M - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)**

**Benefits (continued)**

Duty Pre-Retirement Death Benefit- No age of service requirement benefits begin upon termination of workers compensation; benefits paid at the same amount that was paid by workers' compensation to the spouse until death, or to unmarried children under 18 and dependents of parents.

Deferred Retirement Option Plan- Eligibility is based on normal retirement. The maximum participation period is 6 years, but not beyond 30 years of service. The benefit is calculated as normal retirement but based on service and final average salary at the date of the DROP election. Member contributions cease and monthly benefits accumulate in a self-directed DROP account and are payable upon termination of employment.

**Contributions**

For the Three years ended 2022, 2023 and 2024, employer contributions to the Plan, all made in accordance with actuarially determined requirements, were \$5,758,892 \$6,367,089 and \$7,996,158 which was 16.24%, 16.85% and 19.34% respectively, of annual covered payroll.

The total payroll for employees covered by the System for the year ended September 30, 2024 was \$41,349,489 which includes \$17,159,838 for Fort Pierce Utilities Authority employees. One hundred percent of required contributions were actually made for 2022, 2023 and 2024.

**Pension Payable**

At September 30, 2024, the City reported payable's to the pension for their final payroll of the fiscal year of \$248,911(including member contributions of \$56,225) for the City and the final payroll of the fiscal year \$214,403 (including member contributions of \$56,167) for FPUA.

**Investments**

Investments are reported at fair value and are managed by third party money managers. Investments that do not have established fair values are reported at estimated fair value.

Best estimates of real rates of return for each major asset class included in the plan's target asset allocation as of September 30, 2024 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>	<u>Allocation-weighted Long-term Expected Real Rate of Return</u>

**Discount Rate**

A single discount rate of 7.25% is used to measure the total pension liability. This single rate was based on the expected rate of return on pension plan investments of 7.25%. The projection of cash flows used to determine this single discount rate assumes that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of Pension Liability**

The following presents the City's proportional share of the plan's net pension liability, calculated using a single discount rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is one-percentage-point lower or one-percentage-point higher:

**Municipal Police Officers' Retirement Trust Fund**

**Plan Description**

The Municipal Police Officers' Retirement Trust Fund (the Fund) is a single employer defined benefit plan administered by the City for the benefit of its police officers. The Fund is established under the provisions of Chapter 185 Florida Statutes. The Fund does not issue a stand-alone financial report, but is included in the Pension Trust Fund of the City's financial statements. Participation in the Plan is compulsory for all certified police officers of the City, who are eligible upon employment.

***NOTE M - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)***

Police officers with ten or more years of continuous service with the police department are eligible for benefits. On April 15, 1985, the Fort Pierce City Commission approved an amendment to the benefit provisions of the Pension Trust. Prior to the amendment, all police officers who were eligible for benefits had the option to accept a lump sum in cash or the purchase of an annuity equal to the value of the lump sum payment at the date of retirement.

The amendment allows lump sum payments only to participants hired prior to December 17, 1984.

These benefit provisions and all other requirements are established and may be amended by State Statute and City Ordinance. Ad hoc increases in benefits may be granted periodically by a decision of the Police Retirement Board with approval by the City Commission.

**Membership**

As of September 30, 2024, Plan membership consisted of: (1) 59 retirees and beneficiaries currently receiving benefits and 2 terminated employees entitled to benefits but not yet receiving them; (2) 26 vested active employees; and (3) 83 non-vested active employees.

**Funding Policy**

Contribution requirements for the Plan are established and may be amended by State law and City ordinance. Contributions for the Plan are financed principally by contributions from the State of Florida, which are financed by a .85% excise tax on casualty insurance premiums on policies covering property within the corporate limits of City of Fort Pierce, as provided under provisions of Chapter 185, Florida Statutes. Current year contributions to the plan from the State of Florida were \$574,934. The revenue and corresponding expense are recorded in the general fund. In accordance with City Code Section 2-389 each Plan member is required to make contributions of 7% of their salaries to the Plan. The funding policy for the Plan is actuarially determined in that an annual actuarial valuation is made to determine if State and employee contributions are sufficient to fund the Plan. The City is not required to contribute in any way to the Plan. Administrative costs are financed through investment earnings.

The actuarial valuation as of September 30, 2024 found anticipated revenues to be sufficient to fund the current year benefits provided by the Plan in accordance with the provisions of Chapter 185, Florida Statutes.

**Benefits**

The plan provides retirement, termination, disability, and death benefits to all full time police officers.

Normal Retirement- Benefits occur at age 55 with 10 years of service, or 25 years of service. Retirees receive the greater of 2% of final average salary times total service with a maximum of \$1,000 per month, or 1% of final average salary times credited service up to 30 years.

Early Retirement-Benefits occur at age 45 with 10 years of service. Retirees receive 2% of final average salary times total service, with a maximum benefit of \$1,000 per month. The pension is reduced by 3% for each complete year retirement age precedes 55.

Disability Retirement- Benefits occur after 10 years of service. A lump sum payment equal to the actuarial equivalent of pension benefit the member accrued as of the date of disability.

City of Fort Pierce, Florida  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE M - EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)**

Pre-Retirement Death Benefit- Benefits occur after 10 years of service. A lump sum payment equal to the actuarial equivalent of pension benefits to which the deceased member would have been entitled at normal retirement age.

Deferred Retirement Option Plan- Eligibility is based on normal retirement. The maximum participation period is 5 years, but not beyond 30 years of service. The monthly pension is calculated with normal retirement based on frozen years of service and final average salary at the time the member elects to participate in DROP.

**Pension Payable**

At September 30, 2024, the City reported a payable to the police pension related to employee contributions of \$34,892 withheld from the City's final payroll of the fiscal year.

**Investments**

Investments are reported at fair value and are managed by third party money managers. Investments that do not have established fair values are reported at estimated fair value.

**Actuarial Assumptions**

The annual required contribution for the current year was determined as part of the September 30, 2024 actuarial valuation of the Plan. The following methods and assumptions were used to determine the contribution rates:

Valuation date	October 1, 2023
Notes	Actuarially determined contribution rates are calculated as of October 1, which is the beginning of the fiscal year in which contributions are reported.
Actuarial cost method	Entry Age Normal
Amortization method	Level Percent of Payroll, closed
Remaining amortization period	30 years (single equivalent amortization period)
Asset valuation method	4-year smoothed fair value
Inflation rate	2.5%
Salary increases	3.5% to 6.5% depending on completed years of service including inflation
Investment rate of return	6.75%
Retirement Age	Experienced-based table of rates that are specific to the type of eligibility condition
Mortality	PUB-2010 Headcount Weighted Safety Healthy Employee Mortality Table (for pre-retirement mortality) and the PUB-2010 Headcount Weighted Safety Healthy Retiree Mortality Table (for post retirement mortality), with separate rates for males and females and ages set forward one year, with mortality improvements projected to all future years after 2010 using Scale MP-2018. For males, the base mortality rates for both pre-retirement and post retirement mortality are based on the Below Median Healthy tables. These are the same rates currently in use for Special Risk Class members of the Florida Retirement System (FRS). Florida Statutes Chapter 112.63(1)(f) mandates the use of the mortality tables used in either of the two most recently published actuarial valuation reports of FRS.

**Discount Rate**

A single discount rate of 6.75% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 6.75%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments (6.75%) was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE N - POST-EMPLOYMENT HEALTH CARE BENEFITS**

In addition to providing pension benefits, the City provides certain health care and life insurance benefits for retired employees. Substantially all of the City’s employees may become eligible for those benefits if they reach normal retirement age while working for the City. The primary government recognizes the costs associated with providing these benefits on a pay-as-you-go basis since there is no Trust Fund or equivalent arrangement into which the City makes contributions. The FPUA (a component unit) recognizes the cost as it is incurred. Premiums paid by retirees for the primary government and for the FPUA total approximately \$342,653 and \$220,864, respectively.

Section 112.0801, Florida Statutes, as amended by Sections 1 and 2 of Chapter 87-373, Laws of Florida, requires all public employers to allow their retirees to participate in the same health group plan or self-insurance plan offered to their active employees.

**Plan Description**

The Other Post Employment Benefit plan is a single-employer benefit plan administered by the City. Retiree’s are charged the same rate by the insurance company as active employees. Premiums charged by the insurance company are a blended rate based on the experience of younger active employees and older retired employees. Since retirees actually have higher costs yet pay the same rate as younger active employees, the city actually subsidizes the cost of the retirees’ health insurance coverage.

**Funding Policy**

As of September 30, 2024, the most recent actuarial measurement date, the city’s and FPUA’s plans were unfunded. There are no assets accumulated in a GASB-compliant trust.

**Membership**

At September 30, 2024, the City’s Plan membership consisted of: (1) 49 retirees and beneficiaries, and (2) 355 active employees. At September 30, 2024, the FPUA’s Plan membership consisted of: (1) 60 retirees and beneficiaries, and (2) 248 active employees.

**OPEB Liabilities, OPEB Expense and Deferred Outflows and Inflows of Resources**

At September 30, 2024, the City and FPUA reported an OPEB liability of \$2,475,495, and \$1,457,181. The net OPEB liability was measured at September 30, 2024 with an actuarial valuation date of September 30, 2022.

For the year ended September 30, 2024, the city and FPUA recognized OPEB expense of \$168,796, and \$179,296, respectively.

**Recognition of Deferred Outflows and Inflows of Resources**

Differences between expected and actual experience and changes in assumptions are recognized in OPEB expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the OPEB plan (active employees and inactive employees) determined as of the beginning of the measurement period. At the beginning of the current measurement period, the expected remaining service lives of all active employees in the plan was approximately 3,036 years. Additionally, the total plan membership (active employees and inactive employees) was 404. As a result, the average of the expected remaining service lives for purposes of recognizing the applicable deferred outflows and inflows of resources established in the current measurement period is 7.5149 years.

The City and FPUA reported deferred outflows of resources and deferred inflows of resources from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>

**Discount Rate**

For plans that do not have formal assets, the discount rate should equal the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. For the purpose of this valuation, the municipal bond rate is 3.81% (based on the daily rate closest to but not later than the measurement date of the Fidelity “20-Year Municipal GO AA Index”). The discount rate was 4.63% as of the prior measurement date.

**Sensitivity of Total OPEB Liability**

Regarding the sensitivity of the total OPEB liability to changes in the discount rate, the following presents the plan’s total OPEB liability, calculated using a discount rate of 3.81%, as well as what the plan’s total OPEB liability would be if it were calculated using a discount rate that is one percent lower or one percent higher:

***NOTE 0 - CONTRACT COMMITMENTS***

**FPUA**, the “Authority” (a component unit)

**FMPA All-requirements Power Supply Project**

As of January 1, 1998, the Authority became a participant in Florida Municipal Power Agency’s (FMPA) All-Requirements Power Supply Project (hereinafter referred to as ARP). The Authority has agreed to purchase all capacity and energy necessary for their electric system from FMPA’s ARP during the term of the contract. The contract is a 30 year evergreen, automatically renewing on October 1 of each year unless notification is provided one year prior to the automatic extension date.

Prior to being involved in the ARP, the Authority had Project Support Contracts and Power Sales Contracts with FMPA regarding Stanton Unit No. 1 (Stanton and Tri-City Projects) and Stanton Unit No. 2, coal-fired plants constructed by the Orlando Utilities Commission. The Authority’s resources which have been assigned include the contracts with FMPA related to Stanton Unit No. 1 and Stanton Unit No. 2, and part of the contract with Florida Gas Transmission for the purchase of firm capacity natural gas. (See below). The contracts related to the St. Lucie Project, detailed below, have not been assigned; however, as of January 1, 1998, the Authority’s share of transmission costs related to the St. Lucie Project has been assigned to the ARP.

**FMPA St. Lucie Project**

The Authority has entered into agreements with the Florida Municipal Power Agency (FMPA), of which it is a member, and with certain other members of FMPA, for entitlement to capacity, energy and transmission services from Florida Power & Light Company's St. Lucie Unit No. 2 (the Unit), which is located on South Hutchinson Island near Fort Pierce, and through a reliability exchange agreement in St. Lucie Unit No. 1, located on the same site. Pursuant to a Power Sales Contract and a Project Support Contract, the Authority has acquired an entitlement share of FMPA's allocation of these services. The Power Sales Contract requires payments for each month in which capacity, energy, or transmission services are available from the St. Lucie Project. Payments due each month are based upon an annual budget. Once each year the excess or deficiency of payments related to actual cost is calculated and applied to the monthly statements from FMPA to the Authority.

The Power Sales Contract will remain in effect until the latest of (i) the date principal of, premium, if any, and interest on all bonds of the Unit have been paid or funds are set aside for the payment thereof, (ii) the date the Unit is decommissioned or finally disposed of as an electric generating unit pursuant to the Participation Agreement or FMPA's interest in the Unit is terminated pursuant to the Participation Agreement or otherwise disposed of, or (iii) the date all obligations or FMPA under the Participation Agreement have been paid, performed or provided for.

In any month when electric capacity, energy, or transmission services are not made available to the Authority, payment is made to FMPA under a Project Support Contract in a like amount as would have been due under the Power Sales Contract.

***NOTE O - CONTRACT COMMITMENTS (CONTINUED)***

Purchases under these contracts are accounted for as operating expenses by the Authority. Total cost included in operating expenses for fiscal 2023 and fiscal 2024 were \$5,316,000 and \$5,125,000, respectively. The Authority is committed under the agreements to payments totaling \$5,179,000 for the year ending September 30, 2024.

Florida Gas Transmission

The Authority executed an All Requirements Gas Service Agreement with Florida Gas Utility (FGU) on January 15, 2002. As a member of the All Requirements project, the Authority is required to purchase natural gas and the firm capacity needed for its delivery through FGU. The firm capacity of natural gas is the availability of the pipeline required to transport the natural gas to the Authority. This agreement will remain in effect until cancelled by the Authority.

On July 3, 2012, the Authority acquired additional firm capacity from the City of Sunrise, Florida in order to meet the needs of new industrial customers. This agreement will remain in effect until cancelled by the Authority. In fiscal 2016, additional firm capacity was made available from FGT and the Authority exercised rights to obtain this capacity. An additional 96,800 MMBtu of capacity was obtained. With the additional capacity, the amount of Sunrise capacity was reduced by 45,300 MMBtu via a revised interlocal agreement with the City of Sunrise. In fiscal 2024, FPUA will be entitled to firm capacity of 566,412 MMBtu, and will commit to purchase 535,283 MMBtu of natural gas at a cost of \$2,732,000. The amounts purchased under these contracts for fiscal 2023 and fiscal 2024 were \$3,124,000 and \$3,134,000, respectively.

FMPA Treasure Coast Energy Center

FPUA has entered into an agreement with FMPA to manage, operate, and maintain their facility located in St. Lucie County near Fort Pierce. The Treasure Coast Energy Center (TCEC) is a natural gas fueled power generation site. The initial terms of this agreement commenced on July 24, 2007 and expired on September 30, 2011, after which the agreement became a one-year evergreen. The agreement is extended annually and was for the year ended September 30, 2025.

The majority of TCEC employees are on the payroll of FPUA and all costs associated with them are reimbursed bi-weekly by FMPA. TCEC employee costs and revenue for fiscal 2023 and fiscal 2024 totaled \$2,156,000 and \$2,245,000 respectively.

***NOTE P - CONTINGENT LIABILITIES***

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

***NOTE Q - TRANSACTIONS WITH COMPONENT UNITS***

**Fort Pierce Utilities Authority (a discretely presented component unit)**

Transactions occur throughout the year in the ordinary course of operations between the City and the Fort Pierce Utilities Authority (FPUA) (a proprietary fund and component unit of the City). A summary of significant transactions follows:

Vehicle Maintenance - The City charges the FPUA, on a monthly basis, for fuel used by FPUA vehicles. FPUA reciprocates by permitting the City to fuel their vehicles at FPUA pumps and bills the City on a monthly basis.

Non-metered and Metered Service Charges - The FPUA bills the City, on a monthly basis, for all nonmetered and metered services. Total amounts charged to the City in fiscal 2024 was approximately \$2,052,000 and the receivable balance at September 30, 2024 was approximately \$189,000.

Charges to City residents for sanitation and utility taxes are included on the FPUA's monthly billing statements to customers as a service to the City. The FPUA acts only as an agent with all cash collections relating to the charges forwarded directly to the City. The City is charged \$187,200 annually by the FPUA for performance of these services.

Total disbursements made to the City by the FPUA, including payments of utility tax and sanitation charges collected during year ended September 30, 2024, were approximately \$14,738,000. Amounts receivable from the FPUA at September 30, 2024 were approximately \$1,210,000.

The Fort Pierce City Charter, Article XII, Section 178, provides that each year the Utility Authority shall pay to the City of Fort Pierce a sum equal to six percent of gross revenues derived from the operation of the utilities for the preceding fiscal year. The city commission, by majority vote, may agree to accept a lesser percentage. For purposes of this section the Charter defines gross revenues as all income derived from retail sales of electricity, gas, and wastewater disposal; wholesale and retail sales of water; gains on sales of assets, interest, rents, royalties, dividends, and management fees. Where a power cost adjustment or purchase gas adjustment is utilized, gross income shall mean the amount billed based upon the applicable rate without a debit or credit for the cost adjustment. For the year ended September 30, 2024, the amount transferred to the General Fund under this provision was \$7,467,922.

***NOTE R-FUND BALANCE***

The City implemented GASB No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions", for the year ended September 30, 2011. The Statement requires the fund balance of governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

As of September 30, 2024, the fund balances of the governmental funds are classified as follows:

**Non-spendable-** Amounts that cannot be spent because they are not in spendable form, or because they are legally or contractually required to be maintained intact.

**Restricted-** Amounts can be used only for specific purposes because of a constitutional provision, enabling legislation, or externally imposed constraints by creditors, grantors, contributors, or other governments.

***NOTE R-FUND BALANCE (CONTINUED)***

**Committed-** Amounts can be used only for specific purposes because of a formal action (ordinance) of the City Commission, the highest level of decision making authority. Commitments may be changed or lifted only by the City Commission taking the same formal action(ordinance) that imposed the original constraint.

**Assigned-** Amounts that do not meet the criteria to be classified as restricted or committed but are intended to be used for specific purposes as determined by the City Commission.

**Unassigned-** Residual amount retained in the general fund that has not been otherwise classified. Any residual unassigned balance must be positive in the general fund but may be negative in any other governmental funds as a result of overspending for specific purposes for which amounts have been restricted, committed or assigned.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to be spent first. When an expenditure is incurred for purposes for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first from committed, second from assigned, and lastly from unassigned balances.

Through a resolution, the City Commission established a minimum fund balance of ten percent of annual operating budgeted expenditures in the general fund to be held for unexpected unforeseen expenditures. The Commission reviews the policy annually to determine if adjustments are necessary.

**NOTE T – CONDUIT DEBT OBLIGATIONS**

The City issued Capital Improvement Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of facilities deemed to be in the public’s interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the facilities transfers to the private-sector entity served by the bond issuance. The City, the State, and any political subdivisions thereof are not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2024, all outstanding Capital Improvement Revenue Bond have been fully repaid and the City has no conduit debt obligations outstanding.

**Notes to Schedule of Contributions:**

Valuation date	Actuarially determined contribution rates are calculated as of September 30, which is 12 months prior to the beginning of the fiscal year in which contributions are reported.
Actuarial cost method	Individual Entry Age Normal
Amortization method	Level Percent of Payroll, closed
Remaining amortization period	1-30 years as of September 30, 2022
Asset valuation method	4-year smoothed market
Wage Inflation	4.0%
Salary increases	General & Utilities Authority; 4.5% to 6.5%, including inflation Police; 4.2% to 8.0%
Investment rate of return	7.25%
Long-term municipal bond rate	3.81%
Retirement Age	Age and service-based tables that are specific to the type of eligibility condition.
Mortality	The Florida Retirement System(FRS) mortality tables which use variations of the Pub2010 Mortality tables with projection scale MP-2018.
Cost-of-living Adjustment	COLA's are granted if the investment return exceeds the investment return assumption and the cumulative actuarial gains and losses since 1995 are positive. Because the cumulative gains and losses are \$(65.8) million, the COLA provision is assumed to not operate for the indefinite future.
Notes	There were no changes in plan provisions or actuarial assumptions during the year.

## AUDITORS' REPORTS

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and other matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the City Commission  
City of Fort Pierce, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Pierce, Florida (the "City") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 25, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Fort Pierce, Florida's internal control over financial reporting (internal control) as a basis for determining audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Fort Pierce, Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Fort Pierce, Florida's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Fort Pierce, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

City of Fort Pierce, Florida  
**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
AND STATE FINANCIAL ASSISTANCE**  
For the year ended September 30, 2024

---

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance was prepared to include the activity of all federal and state awards of the City of Fort Pierce, Florida and is presented on the accrual method of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), and Section 215.97, Florida Statutes. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

**NOTE B-INDIRECT COST RATE**

The City has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE C-CONTINGENCY**

Project expenditures are subject to audit and adjustment. If any expenditures were to be disallowed by the grantor agency as a result of such an audit, any claim for reimbursement to the grantor agency would become a liability of the City. In the opinion of management, all project expenditures included on the accompanying schedule are in compliance with the terms of the project agreements and applicable federal and state laws and regulations.

Independent Auditor's Report on Compliance For Each Major Federal Awards Program on  
Internal Control Over Compliance Required by Uniform Guidance

To the City Council  
City of Fort Pierce, Florida

**Report on Compliance for Each Major Federal Program**

**Opinion on Each Major Federal Program**

We have audited the compliance of the City of Fort Pierce, Florida with the types of compliance requirements described in the *OMB Compliance Supplement*, that could have a direct and material effect on each of its major federal awards programs for the year ended September 30, 2024. The City of Fort Pierce, Florida's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the City of Fort Pierce, Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2024.

**Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of City of Fort Pierce, Florida and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of City of Fort Pierce, Florida's compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the

requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to City of Fort Pierce Florida's federal programs and state projects.

### **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of Fort Pierce, Florida's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, and Government Auditing Standards, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Fort Pierce, Florida's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Fort Pierce, Florida's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of Fort Pierce, Florida's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of City of Fort Pierce, Florida's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or as combination of deficiencies, in internal control over compliance with the type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Accountant's Report on Compliance With Section 218.415, Florida Statutes

To the City Commission  
Fort Pierce, Florida

We have examined the City's compliance with the requirements of Section 218.415, Florida Statutes with regards to the City's investments during the year ended September 30, 2024. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with Section 218.415, Florida Statutes, Local Government Investment Policies, for the year ended September 30, 2023, in all material respects. An examination involves performing procedures to obtain evidence about the City's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks of material noncompliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2024.

## Management Letter

To the City Commission  
City of Fort Pierce, Florida

### **Report on the Financial Statements**

We have audited the financial statements of the City of Fort Pierce, Florida, as of and for the year ended September 30, 2024, and have issued our report thereon dated March 25, 2025.

### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General.

### **Other Reports and Schedule**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 25, 2025, should be considered in conjunction with this management letter.

### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit. There were no findings or recommendations noted in the preceding annual financial audit.

### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements.

The City was created, established, and incorporated under the City Charter, as adopted by Laws of Florida Chapter 65-1351 and is further governed by state and local laws and regulations. The City also has two component units, the Fort Pierce Utility Authority (discretely presented) and the Community Redevelopment Agency (blended). The voters of the City of Fort Pierce, Florida authorized the organization of the Fort Pierce Utilities Authority at a special election held May 30, 1972. City Ordinance No. F-399 (as amended by City Ordinances G-295, 296, and 297) defines the powers, duties and responsibilities of the Authority. City Ordinance No. H-239 created the Community Redevelopment Agency and delegated powers to the Agency in accordance with Florida Law and State Statutes Chapter 163.

### **Financial Condition**

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the City of Fort Pierce, Florida has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the City of Fort Pierce, Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City of Fort Pierce, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

### **Property Assessed Clean Energy (PACE) Programs**

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the City is required to include a statement as to whether a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the City's geographical boundaries during the fiscal year audit.

### **Special District Component Units**

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district

component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

### **Specific Special District Information – City of Ft. Pierce Community Redevelopment Agency**

The required reporting items in accordance with Section 218.39(3)(c), Florida Statutes for the City of Ft. Pierce Community Redevelopment Agency (the CRA) have been reported in the separately issued audited financial statements of the CRA.

### **Other Matters**

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such findings.

Section 10.554(1)(i)3, Rules of the Auditor General, requires us to communicate noncompliance with of provisions of contracts and grant agreements or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### **Purpose of this letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Certified Public Accountants
