The County will issue the official Notice to Proceed for the services referenced in this RFP and resulting contract. The Notice to Proceed shall be sent via facsimile, mail, or email. Under no circumstances shall the County be liable for any services rendered unless the written Notice to Proceed has been sent and received by the Vendor(s). The Vendor(s) must acknowledge receipt of the written Notice to Proceed. Time for completion may be considered a factor in determining the vendor to whom a Notice to Proceed will be made.

Upon Notice to Proceed and mobilization, the Vendor shall provide the County with a reasonable time frame in which the work will be completed. The County will use the Vendor's estimate to develop a period of performance for work to be completed. This period of performance may be adjusted at the County's discretion. All work shall be performed in accordance with good commercial practice. The work schedule and completion dates shall be adhered to by the vendor(s), except in such cases where the completion date will be delayed due to acts of God, strikes, or other causes beyond the control of the vendor. In these cases, the vendor shall notify the County of the delays in advance of the original completion date so that a revised delivery schedule can be appropriately considered by the County.

Should the vendor(s) to whom the contract(s) is awarded fail to complete the work within the number of days as stated in its offer, it is hereby agreed and understood that the County reserves the authority to cancel the contract with the vendor and to secure the services of another vendor to complete the work. If the County exercises this authority, the County shall be responsible for reimbursing the vendor for work which was completed and found acceptable to the County in accordance with the contract specifications. The County may, at its option, demand payment from the vendor, through an invoice or credit memo, for any additional costs over and beyond the original contract price which were incurred by the County as a result of having to secure the services of another vendor. If the incumbent vendor fails to honor this invoice or credit memo, the County may terminate the contract for default.

2-5 PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest shall be protected against damage or interrupted services at all times by the vendor during the term of the contract; and the vendor shall be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the vendor's operation on the property. In the event the vendor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the vendor.

2-6 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

a. **Authorized Representative** – County employees and/or contracted individuals designated by the County or County Debris Manager to take actions as described in this RFP and the resulting Contract.

b. **Chipping or Mulching** – see Grinding.

c. **Cleanup Crew** – A group of individuals and/or an individual employed by the Debris Removal Vendor to collect disaster debris.

d. **Construction and Demolition Debris (C&D)** – FEMA's PAPPG defines eligible construction and demolition (C&D) debris as components of buildings and structures, such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and other floor coverings, window coverings, pipe, concrete, asphalt, equipment, furnishings, and fixtures. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

e. **County** – St. Lucie County, Florida

f. **County Approved Final Disposal Site** – a final disposal location approved in writing by the County.

g. **County Debris Manager** – The County will designate a County Debris Manager, who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.

h. **Debris** – Items and materials broken, destroyed or displaced by a natural or man-made federally declared disaster. Examples of debris include, but are not limited to: vegetative debris, construction and demolition debris, and personal property.

i. **Debris Clearance** – Clearing roads by pushing debris to the roadside in order to accommodate emergency traffic.

j. **Debris Management Site (DMS)** – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to a final disposal site. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSR Site) or Temporary Debris Staging and Processing Facility (TDSPF).

k. **Debris Monitoring** – Actions taken by the County in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

l. **Debris Removal** – Picking up debris and taking it to a debris management site, composting facility, recycling facility, permanent landfill, or other reuse or end-use facility.

m. **Demobilization** – Following the completion of services provided under the resulting contract, the Vendor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Vendor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

n. **Demolition** – The act or process of reducing a structure, as defined by the State of Florida or local code, to a collapsed state. It contrasts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse.

o. **Designated Area** – Generally bounded by the County line and includes public property and rights-of-way within the unincorporated areas of the County that was directly affected by a debris-generating event.

p. **Disaster Specific Guidance** – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

q. **Eligible** – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Notice to Proceed is issued and executed by the County to the Vendor) of

the Public Assistance grant program and FEMA's PAPPG and all current FEMA fact sheets, guidance documents, and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency during the course of a debris removal project. Generally, eligible work is:

- Required as a result of the declared incident;
- Located within the designated area; and
- The legal responsibility of the County.

r. **Emergency Debris Clearance** - The initial debris clearance activity necessary to eliminate life and safety threats (i.e., clearing roads).

s. **Emergency Relief Program** – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways.

t. **E-Waste** – End of life electronics, typically televisions, computers and related components.

u. **FEMA Public Assistance Program and Policy Guide (PAPPG)** – FEMA's comprehensive guidance regarding the policy and program administration of the Public Assistance Program, including eligibility requirements and rules related to disaster debris removal.

v. **FEMA Publication 325 Debris Management Guide** – This publication has been superseded by the PAPPG, but may still be referred to as a reference. It is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses.

w. **Field Inspector** – See Monitor.

x. **Garbage** – Waste that is regularly collected through the County's normal waste collection methods. Includes all putrescible or non-putrescible wastes such as but not limited to, plastics, paper, cardboard, kitchen and table food waste, and animal, vegetative, food or any organic waste that is a result or residential or commercial activities.

y. **Grinding** – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.

z. **Hangers** – A hanger is a broken limb or branch. The current eligibility requirements for removal of a hanger according to FEMA's PAPPG are:

- The limbs or branches must be greater than two inches in diameter, measured at the point of break; and

- The limbs or branches must post an immediate threat, e.g., hanging over improved property or public-use areas, such as trails, sidewalks, or playgrounds.

FEMA does not fund removal of broken limbs or branches located on private property unless:

- The limbs or branches extend over the public ROW;
- The limbs or branches pose an immediate threat; and
- The hazard is removed from the public ROW (without entering private property).

Only the minimum cut necessary to remove the hazard is eligible. For example, cutting a branch at the trunk is not eligible if the threat can be eliminated by cutting it at the closest main branch junction.

aa. **Hazardous Stump** – a tree stump that has 50% of the root-ball exposed. Removal of the stump and filling the root-ball hole is eligible. If grinding the stump in-place is less costly than extraction, grinding the stump in-place is eligible.

FEMA only reimburses contracted stump removal on a per-stump basis if:

- The stump is 2 feet or larger in diameter measured 2 feet above the ground; and
- Extraction is required as part of the removal.

The price for stump removal must include extraction, transport, disposal, and filling the root-ball hole.

bb. **Hazardous Tree** – FEMA considers incident-damaged trees to be hazardous and eligible if the tree has a diameter of 6 inches or greater measured 4.5 feet above ground level, and the tree:

- Has a split trunk;
- Has a broken canopy; or
- Is leaning at an angle greater than 30 degrees.

For trees that have 50 percent or more of the root-ball exposed, removal of the tree and root-ball and filling the root-ball hole are eligible. For contracted removal of a tree with a root-ball, FEMA will not reimburse two separate unit costs to remove the tree and its root-ball. For trees that have less than 50 percent of the root-ball exposed, FEMA only provides PA funding to flush cut the item at ground level and dispose of the cut portion based on volume or weight. Grinding any residual stump after cutting the tree is not eligible.

cc. **Hazardous Waste** – Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and

Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at least one of the following four characteristics: ignitability, corrosively, reactivity or toxicity.

dd. **Hold Harmless** – Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.

ee. **Household Hazardous Waste (HHW)** –a hazardous product or material used and disposed of by residential consumers, rather than commercial or industrial consumers. HHW includes some paints, stains, varnishes, solvents, pesticides, and other products or materials containing volatile chemicals that catch fire, react, or explode under certain circumstances, or that are corrosive or toxic. HHW mixed with other debris types will contaminate the entire load, which necessitates special disposal methods. The overall cost of debris disposal can escalate quickly if HHW collection and disposal is not planned and executed with care.

The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

ff. **Monitor** – Person that observes day-to-day operations of debris removal crews to ensure they are performing eligible work, meeting the County's expectations and contractual requirements and are in compliance with all applicable Federal, State and local regulations. May also be referred to as a "Field Inspector"

gg. **Recycling** – The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.

hh. **Refrigerant** – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.

ii. **Right of Entry** – As used by FEMA, the document by which a property owner confers to an eligible applicant or its Vendor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.

jj. **Right-of-Way** – The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.

kk. **Scale/Weigh Station** – A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.

ll. **Temporary Debris Staging and Processing Facility (TDSPF)** – Site for the staging and processing of collected debris prior to final disposal. May also be referred to as a Debris Management Site (DMS).

mm. **Temporary Debris Storage and Reduction Site (TDSR)** – Site designated by the County for the storage and reduction of disaster related debris.

nn. **Tipping Fee** – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.

oo. **United States Army Corps of Engineers (USACE)** – A component of the United States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

pp. **Vegetative Debris** – Vegetative debris includes whole trees, stumps, trunks, branches, limbs, and other leafy material. Eligible vegetative debris may include tree limbs, branches, stumps, or trees that are still in place, but damaged to the extent they pose an immediate threat. These items are not eligible if the hazard existed prior to the incident, or if the item is in a natural area and does not extend over improved property or public-use areas, such as trails, sidewalks, or playgrounds. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers.

qq. **Vendor** – the term "Vendor" as used herein, refers to the vendor(s) selected to conduct debris removal operations per the terms of the contract. The term includes primary vendor(s), subcontractors, and individual crews.

rr. **White Goods** – White goods are defined as discarded household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, dryers, and water heaters. Many white goods contain ozone depleting refrigerants, mercury, or compressor oils. The Clean Air Act prohibits the release of refrigerants into the atmosphere and requires that certified technicians extract refrigerants from white goods before disposal or recycling. To avoid releases of refrigerants or oils, the collection of white goods should be accomplished carefully by manually placing the appliance on trucks or by using lifting equipment that will not damage the elements that contain the refrigerants or oils. The County will identify certified recycling centers that are permitted to take white goods.

2-6.1 ACRONYMS

ACM - Asbestos Containing Material
C&D - Construction and Demolition
CFR - Code of Federal Regulations
DMS - Debris Management Site
EO - Executive Order
EPA - Environmental Protection Agency
FDEP - Florida Department of Environmental Protection
FDOT - Florida Department of Transportation
FEMA - Federal Emergency Management Agency
FHWA - Federal Highway Administration

GPS - Global Positioning System
HHW - Household Hazardous Waste
OSHA - Occupational Safety and Health Administration
PA - Public Assistance
PPDR - Private Property Debris Removal
PPE - Personal Protective Equipment
PW - Project Worksheet
RACM - Regulated Asbestos Containing Material
RCRA - Resource Conservation and Recovery Act
ROE - Right-of-Entry
ROW - Right-of-Way
RRC - Rapid Response Crew
SWMF - Solid Waste Management Facility
TDSPF - Temporary Debris Staging and Processing Facility
TDSR - Site Temporary Debris Storage and Reduction Site
USACE - United States Army Corps of Engineers
VOCs - Volatile Organic Compounds

2-7 SCOPE OF SERVICES

The selected Vendor shall be capable of assembling, directing, and having the capacity to manage a major workforce, with multiple subcontractors, that can be fully operational in debris management operations and to cover the expenses of a major recovery prior to being paid by the County. Established management teams must be in place. The Vendor(s) shall have the resources to provide the equipment and personnel necessary to cover a major disaster. The Vendor(s) shall be able to assemble trucks, equipment, materials, and crews immediately following a disaster, giving the County priority status.

At a minimum of 48 hours prior to a hurricane event or immediately upon the occurrence of a debris-generating incident within the County for which there is no advance warning, a designated County employee will contact the Vendor(s) to advise them of the County's intent to activate the contract for removal and disposal of disaster debris. Before work begins, the County must issue a written Notice to Proceed. Within 8 hours of receiving the Notice to Proceed, the Vendor(s) will send a management team to report to the County Debris Manager to begin planning for the operations and mobilizing the personnel and equipment as necessary to perform the work. Mobilization by the Vendor(s) shall begin within 24 hours of notification by the County. Within 72 hours of receipt of the Notice to Proceed, the Vendor shall be fully established and continue debris removal operations. The Vendor(s) shall make every effort to be at the disaster site within the stated time frame. The removal and disposal work must be conducted in a systematic and predictable manner.

Under the awarded contract, work shall consist of coordinating and mobilizing an appropriate number of cleanup crews, as determined by the County's Debris Manager. Work shall also include the clearing and removing of any and all "eligible" debris as most currently defined (at the time

Notice to Proceed is issued and executed by the County for the Vendor) by the FEMA Public Assistance grant program guidelines in FEMA's PAPPG, all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies, and as directed by the County Debris Manager. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. The aforementioned definition of "eligible" applies to all uses throughout Scope of Services items 2-7.1 through 2-7.16. Work will include: (1) examining debris to determine whether or not debris is eligible; (2) loading the debris; (3) hauling debris to County approved DMS(s) or County approved Final Disposal Site(s); (4) reducing disaster related debris; (5) hauling reduced debris to a County approved Final Disposal Site; and (6) disposing of reduced debris at a County approved Final Disposal Site. Debris not defined as eligible by FEMA, state or federal DSGs or policies will not be loaded, hauled, or dumped under this contract unless written instructions to do so are given to the Vendor by the County Debris Manager. It shall be the Vendor's responsibility to load, transport, reduce, and properly dispose of any and all disaster generated debris which is the result of the event under which the Vendor was issued Notice to Proceed, unless otherwise directed by the County Debris Manager in writing.

2-7.1 EMERGENCY ROAD CLEARANCE

At the request of the County for this contract, work shall consist of all labor, equipment, fuel and associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared disaster event. All roadways designated by the County Debris Manager shall be clear and passable within 70 working hours of the issuance of Notice to Proceed from the County to conduct emergency roadway clearance work. The County may choose to extend the Vendor's 70-hour limit through a written request. This may include roadways under the jurisdiction of other governmental agencies under the legal responsibility of the County. Clearance of these roadways will be performed as identified by the County Debris Manager. The Vendor shall assist the County and its representatives in ensuring proper documentation of emergency road clearance activities by documenting the type of equipment and/or labor utilized (i.e., certification), starting and ending times, and zones/areas worked. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2-7.2 ROW VEGETATIVE DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close

proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Removal of eligible vegetative debris existing in the County will be performed as identified by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. All eligible debris will be removed from each location before proceeding to the next location unless directed otherwise by the County or its authorized representative.

e. Entry onto private property for the removal of eligible vegetative hazards will only be permitted when directed by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures.

f. The Vendor must provide traffic control as conditions require or as directed by the County Debris Manager.

2-7.3 ROW C&D DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Removal of eligible C&D debris existing in the County ROW will be performed as identified by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. All eligible debris will be removed from each location before proceeding to the next location unless directed otherwise by the County or its authorized representative.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed by the County or its authorized representative. The County will provide specific ROE legal and operational procedures.

g. The Vendor must provide traffic control as conditions require or directed by the County Debris Manager.

h. C&D debris must be monitored for the collection, complete haul, and delivery at the approved final disposal site. The County's authorized representative will obtain the original copy of the disposal or scale ticket showing the inbound and outbound collection vehicle weights.

2-7.4 DEMOLITION, REMOVAL, TRANSPORT, AND DISPOSAL OF NON-RACM STRUCTURES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all Household Hazardous Waste (HHW), E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Any structurally unsound and unsafe structures will be identified and presented to the County for direction regarding decommissioning.

c. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

d. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property

debris removal programs if requested.

f. The Vendor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the demolition, handling, and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

2-7.5 DEMOLITION, REMOVAL, TRANSPORT, AND DISPOSAL OF RACM STRUCTURES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Regulated Asbestos Containing Material (RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Any structurally unsound and unsafe structures will be identified and presented to the County for direction regarding decommissioning.

c. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

d. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

f. The Vendor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the demolition, handling, and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

2-7.6 DMS MANAGEMENT, OPERATIONS, AND REDUCTION THROUGH GRINDING

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to manage and operate DMS(s) for the acceptance, management, segregation, staging, and reduction through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS(s) includes obtaining necessary local, state, and federal permits or approval and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and FDEP. The Vendor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Vendor is responsible for operating the DMS(s) in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDEP guidelines.

c. Debris at DMS(s) will be clearly segregated and managed independently by debris type (C&D, vegetative debris, white goods, and other scope of service items), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced disaster debris must be staged separately from reduced debris at the DMS(s).

e. If the alternate tonnage price schedule of this RFP is used the Vendor shall obtain, install, and operate scales for weighing incoming debris. Scale/weigh stations shall be installed and certified within 5 business days of Notice to Proceed or written notice that the County intends on using the alternate tonnage schedule of this RFP. Vendor shall provide a sufficient number of scales meeting the County specifications to provide for the efficient delivery of waste streams without excessive wait times. The County shall make the sole determination of time determined to be excessive. To the extent that the County determines that additional scales are required, certified scales must be operational within 5 business days of the County's written request.

f. Maintaining the DMS approach and interior road(s) for all weather conditions for the entire period of debris hauling, including provision of crushed concrete for any roads that require stabilization for ingress and egress.

g. Vendor is responsible for all associated costs necessary to provide DMS(s) utilities such as, but not limited to, water, lighting, and portable toilets. Vendor is responsible for all associated costs necessary to provide DMS(s) traffic control such as, but not limited to, traffic cones and staff with traffic flags.

h. Vendor is responsible for all associated costs necessary to provide DMS(s) dust control and erosion control such as, but not limited to, an operational water truck, silt fencing and other best management practices.

i. Vendor is responsible for all associated costs necessary to provide DMS(s) fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

j. Vendor is responsible for all associated costs necessary to provide qualified personnel, as well as lined containers or containment areas, for the segregation of visible HHW/contaminants that may be mixed with disaster debris. The cost associated with qualified personnel and lined containers/containment areas for HHW/contaminant segregation, is a cost reflected in this scope of services. HHW/contaminant material segregated and stored in line containers at the DMS will be collected by the County's Hazardous Materials Removal and Disposal Vendor(s).

k. Vendor is responsible for providing 24 hour DMS(s) security.

l. Vendor will only permit Vendor vehicles and others specifically authorized by the County or its authorized representative on site(s).

m. Vendor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Vendor will at a minimum meet the specifications provided in the Technical Specifications of this RFP (See Section 2-8.16: Debris Site Tower Specifications).

Upon completion of haul-out activities, the Vendor will be responsible for remediating the physical features of the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, and other physical features. Site remediation does not include restoring fencing, lighting, and other permanent structures that may have been demolished at the County's direction for DMS operations. All debris, mulch, and other residual material is to be removed adequately; fill dirt and/or other base material (if required) must meet standards for intended use; new sod or seeding must meet standards for intended use. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP.

2-7.7 DMS MANAGEMENT, OPERATIONS AND REDUCTION THROUGH ABOVE GROUND AIR CURTAIN INCINERATION

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to manage and operate DMS locations for the acceptance, management, segregation, staging, and reduction through above ground air curtain incinerator

(ACI) of eligible disaster-related debris. Above ground ACI reduction must be approved by the County Debris Manager, FDEP, and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS locations includes obtaining necessary local, state and federal permits or approval, and operating in accordance with all rules and regulations of local, state and federal regulatory agencies, which may include but are not limited to the EPA and FDEP. The Vendor shall also be responsible for all costs associated with third-party groundwater and soil testing.

b. The Vendor is responsible for operating the DMS locations in accordance with OSHA, EPA, and FDEP guidelines.

c. Debris at DMS locations will be clearly segregated and managed independently by debris type (C&D, vegetative, HHW, etc.); program (ROW collection, private property debris removal, etc.); and applicant(s) (municipalities located within the County). Incidental debris will be removed and disposed of at no additional cost and based on the applicable scope of service in this RFP.

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS locations.

e. If the alternate tonnage price schedule of this RFP is used the Vendor shall obtain, install, and operate scales for weighing incoming debris. Scale/weigh stations shall be installed and certified within 5 business days of Notice to Proceed or written notice that the County intends on using the alternate tonnage schedule of this RFP. Vendor shall provide a sufficient number of scales meeting the County specifications to provide a sufficient number of scales meeting the County Specifications to provide for the efficient delivery of waste streams without excessive wait times. The County shall make the sole determination of time determined to be excessive. To the extent that the County determines that additional scales are required, certified scales must be operational within 5 business days of the County's written request.

f. Maintaining the DMS approach and interior road(s) for all weather conditions for the entire period of debris hauling, including provision of crushed concrete for any roads that require stabilization for ingress and egress.

g. The Vendor is responsible for all associated costs necessary to provide DMS locations utilities, which include but are not limited to, water, lighting, and portable toilets.

h. The Vendor is responsible for all associated costs necessary to provide DMS locations traffic control, which includes but is not limited to traffic cones and staff with traffic flags.

i. The Vendor is responsible for all associated costs necessary to provide DMS locations dust control and erosion control, which includes but is not limited to an operational water truck, silt fencing, and other best management practices.

j. The Vendor is responsible for all associated costs necessary to provide DMS locations fire protection, which include but is not limited to an operational water truck (sufficient and equipped for fire protection), fire breaks, and a site foreman.

k. Vendor is responsible for all associated costs necessary to provide qualified personnel, as well as lined containers or containment areas, for the segregation of visible HHW/contaminants that may be missed, mixed in, or picked up accidently with disaster debris. The cost associated with qualified personnel and lined containers/containment areas for HHW/containment segregation, is a cost reflected in this scope of services. HHW/containment material segregated and stored in lined containers at the DMS will be collected by the County's Hazardous Materials Removal and Disposal Vendor(s).

l. The Vendor is responsible for providing 24-hour security and fire tender for DMS locations.

m. The Vendor will only permit Vendor vehicles and others specifically authorized by the County or its authorized representative on site(s).

n. The Vendor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Vendor will at a minimum meet the specifications provided in the technical specifications of this RFP (see Section 2-8.16: Debris Site Tower Specifications).

A. Upon completion of haul-out activities, the Vendor will be responsible for remediating the physical features of the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, seeding, sod, and other physical features. Site remediation does not include restoring fencing, concession stands, lighting, and other permanent structures that may have been demolished at the County's direction for DMS operations. All debris, mulch, and other residual material is to be removed adequately; fill dirt and/or other base material (if required) shall meet standards for intended use; new sod or seeding shall meet standards for intended use. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP.

2-7.8 HAUL-OUT OF REDUCED DEBRIS TO A COUNTY APPROVED FINAL DISPOSAL SITE

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to load and transport reduced eligible material such as ash, compacted C&D, or mulch existing at a County approved DMS(s) to a County approved Final Disposal Site in accordance with all federal, state, and local rules and regulations.

a. The Vendor(s) shall provide the name and address of each disposal facility to be used along with the name and the telephone number of a responsible party for each facility, prior to commencing the work.

b. The Vendor(s) shall not use any disposal facility without the written consent of the County Debris Manager. All costs and fees associated with the disposal of debris shall be reviewed for reasonableness by the County Debris Manager prior to issuing any such authorization.

c. The Vendor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. At the completion of disposal operations, each disposal facility will issue a written summary of the quantity, type, and origin of waste delivered.

e. The Vendor shall not receive any payment from the County for haul-out or load tickets related to reduced or unreduced debris transported and disposed of at a non-County approved Final Disposal Site.

2-7.9 REMOVAL OF HAZARDOUS TREES AND HANGERS

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to remove all eligible Hazardous Trees 6 inches or greater in diameter, measured 4.5 feet above ground level and eligible Hangers inches or larger in diameter, measured at the point of break. Debris generated from the removal of these eligible Hazardous Trees and eligible Hangers will be placed in the safest possible location on the County ROW and subsequently removed in accordance with the terms, conditions and procedure described in "ROW Vegetative Debris Removal" (Scope of Services, 2-7.2). Eligible hazardous leaning trees less than 6 inches in diameter, measured 4.5 feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for Scope of Services, 2-7.2. The County will not compensate the Vendor for cutting leaning trees less than 6 inches in diameter on a unit rate basis. The collection of all eligible hazardous leaning trees and eligible hazardous hanging limbs must be performed on the same day as the cut work. If there is insufficient room for safe placement along the County ROW, then Vendor must load the resulting debris of eligible hazardous leaning trees or eligible hazardous hanging limbs as they are removed.

a. Eligible Hazardous Trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible Hazardous Trees 6 inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County

Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of leaning trees will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hazardous Trees at 2-6(bb) for eligibility requirements.

b. Eligible hazardous Hangers will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous hanging limbs 2 inches or greater in diameter measured at the point of break existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hangers at 2-6(z) for eligibility requirements.

2-7.10 REMOVAL OF HAZARDOUS STUMPS

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to remove all eligible Hazardous Stumps greater than 2 feet in diameter, measured 2 feet from the base of the tree, existing on the County ROW. The Vendor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Any voids not backfilled immediately following Hazardous Stump removal must have measures taken in order to protect public health and safety. Further, debris generated from the removal of Hazardous Stumps existing on the County ROW will be transported to a County approved DMS or a County approved Final Disposal Site in accordance with all federal, state, and local rules and regulations. Eligible Hazardous Stumps 2 feet or less in diameter measured 2 feet from the base of the tree will be considered normal eligible vegetative debris and removed in accordance with Scope of Services, 2-7.2. The diameter of eligible Hazardous Stumps less than 2 feet will be converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions Scope of Services, 2-7.2.

a. Eligible Hazardous Stumps will be identified by the County or its authorized representative for removal. Removal and transportation of eligible Hazardous Stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hazardous Stump at 2-6(aa) for eligibility requirements.

b. Tree stumps that are not attached to the ground will be considered normal vegetative debris and are subject to removal under the terms and conditions of Scope of Services, Item 2-7.2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of Scope of Services, Item 2-7.2. The

cubic yard volume of unattached stumps will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

c. Eligible Hazardous Stumps will be marked and uniquely numbered with green paint. Ineligible stumps will be marked with red paint.

d. The unit stump price shall be all inclusive to include but not limited to: stump extraction, stump cavity filling with compacted soils and installation of seed and/or sod, stump hauling, stump reduction, and disposal.

2-7.11 DOCUMENTATION REQUIREMENTS FOR HANGERS, HAZARDOUS TREES, AND HAZARDOUS STUMPS

The Vendor must provide all of the following documentation to support the eligibility of removing tree limbs, branches, stumps, or trees that are still in place:

a. Specifics of the immediate threat with the U.S. National Grid (USNG) location and photograph or video documentation that establishes the item is on public property;

b. Diameter of each item removed (measurement must be 2 feet up the trunk from the ground for stumps and 4.5 feet up for trees);

c. Quantity of material to fill root-ball holes; and

e. Equipment used to perform the work.

f. For Hazardous Stump, the Hazardous Stump Worksheet provided by the monitoring firm(s) will be completed in full for each stump, capturing the following information: (1) Names and signatures of parties present; (2) Physical location (street address, road cross streets, etc.); (3) stump number; (4) size of stump; (5) date.

2-7.12 ROW WHITE GOODS DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the collection of white goods from the ROW, removal of refrigerants, transportation to a County approved DMS, decontamination, and transportation to a County approved Solid Waste Management Facility (SWMF). White goods containing refrigerants must first have such refrigerants removed by the Vendor's qualified technicians prior to mechanical loading.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants or oils are not damaged.

White goods are banned from landfill disposal in the State of Florida, yet but are accepted for recycling.

a. The removal, transportation, and recycling of eligible white goods includes obtaining all necessary local, state, and federal handling permits and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies.

b. All white goods containing food items shall be decontaminated in accordance with local, state, and federal law prior to recycling.

c. The Vendor shall recycle all eligible white goods in accordance with all rules and regulations of local, State, and federal regulatory agencies.

d. Refrigerant containing items will have such refrigerants removed prior to mechanical loading or will be manually loaded and hauled to a St. Lucie County approved Solid Waste Management Facility and turned over to the facility to ensure that these gases are properly removed and stored. No white goods will be accepted that contain food or other waste.

2-7.13 HOUSEHOLD HAZARDOUS WASTE (HHW) REMOVAL, TRANSPORT, AND DISPOSAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and disposal of eligible HHW from the ROW to a permitted hazardous waste facility or municipal solid waste (MSW) type I landfill, as requested by the County.

The removal, transportation, and disposal of eligible HHW includes obtaining all necessary local, state, and federal handling permits, and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies.

All HHW shall be managed as hazardous waste and disposed of at a permitted hazardous waste facility or MSW type I landfill.

2-7.14 E-WASTE REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and proper disposal of eligible E-Waste from the ROW to a St. Lucie County approved SWMF. Eligible E-Waste includes, but is not limited to, televisions, computers, computer monitors, and microwaves in areas identified and approved

by the County. The Vendor shall recycle or dispose of all eligible E-Waste Items in accordance with all rules and regulations of local, state and federal regulatory agencies.

2-7.15 ABANDONED VEHICLE AND VESSEL REMOVAL

Services performed under this Contract element will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal and transport of eligible land based abandoned vehicles and vessels in areas identified and approved by the County. The removed eligible vehicles and vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The removal, transportation and disposal of eligible abandoned vehicles and vessels includes obtaining all necessary local, state and federal handling permits, and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

2-7.16 DEAD ANIMAL CARCASSES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and lawful disposal of dead animal carcasses from the ROW to a County approved Final Disposal Site. Vendor shall coordinate activities with the St. Lucie County Code Enforcement Services Division and the St. Lucie County Health Department.

2-7.17 OTHER DEBRIS REMOVAL WORK

Neither the Vendor nor any subcontractors hired by the Vendor shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Vendor to dismiss or remove from the project any workers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

2-7.18 PRE-EVENT COORDINATION MEETING

The successful Vendor(s) may be required, if requested by the County, to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s) at no cost to the County.

2-7.19 DESCRIPTION OF DESIGNATED AREAS

a. The designated area for debris removal (the County right-of-way) is bounded by the County line and includes public property and Right-of-Ways (ROW), County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the jurisdictional boundaries of the County. The County Debris Manager may also authorize the Vendor to perform debris removal on non-County maintained roadways or other areas, as directed in writing by the County Debris Manager. If the Vendor is authorized to perform services on non-County maintained roadways or other areas that may not be eligible for reimbursement said load tickets, unit rate tickets, or haul-out tickets must be clearly marked "non-eligible". If tasked with debris removal on Federal Highway Administration (FHWA) Emergency Relief (ER) Program eligible roadways, the Vendor will be required to provide crews separate from those providing County ROW debris removal services. The crews designated to provide debris removal from FHWA-ER eligible roadways will only make one pass to collect debris from FHWA-ER eligible roadways. Further, the Vendor shall abide by all eligibility requirements and guidance set forth by the most current guidance from FHWA for debris removal on FHWA-ER Program eligible roadways. Effective October 1, 2012 FHWA-ER will no longer be responsible for debris removal from FHWA-ER road segments that are eligible under the FEMA Public Assistance Program.

b. The County Debris Manager will authorize and approve which services the Vendor shall provide from the scope of services and which zones/areas must be prioritized.

c. All debris identified by the County Debris Manager shall be removed. The number of complete passes the Vendor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Vendor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Vendor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

d. For first pass loose leaves and small debris in excess of two bushel baskets shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than twelve (12) inches in any dimension shall be left at the point of collection.

e. For subsequent and/or final pass loose leaves and small debris in excess of one-bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left at the point of collection.

f. Vendor shall deliver all disaster related debris to a County approved Debris Management Site (DMS) or County approved Final Disposal Site that has been approved to receive disaster-generated debris and adhere to all local, state, and federal regulations.

g. All Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Vendor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state, and federal safety and environmental standards. Vendor reduction, handling, disposal and remediation methods must be approved, in writing, by the County Debris Manager.

h. Payment for disposal costs such as tipping fees incurred by the Vendor at a County approved Final Disposal Site that meet local, state, and federal regulations for disposal will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Vendor must furnish an invoice in hard copy and electronic format matching scale/weigh tickets numbers with load ticket or haul-out ticket numbers and other applicable information. The Vendor will also be required to provide proof of Vendor payment to the County approved Final Disposal Site.

i. The Vendor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state, and federal governments or agencies, or of any public utilities.

j. The County reserves the right to inspect the DMS, verify quantities, and review operations at any time.

2-7.20 DEBRIS MANAGEMENT SITES (DMS)

The County shall provide predetermined locations to support the event in which the contract is activated. The County shall provide the vendor with an updated list of those locations annually. Depending on the incident in which the contract is activated the County may provide the Vendor with a minimum of 2 DMS locations.
The Debris Management Sites are as follows:

Location	Acreage	Waste Type	GPS Entrance Location
Airport Commerce Park	145	Yard Trash, C&D, Mixed Debris	Lat. 27°29'53.69" Long. 80°23'53.97"
Indian River Estates	2	Yard Trash	Lat. 27°21'07.34" Long. 80°19'32.43"
Savannas Recreation Area	1.5	Yard Trash	Lat. 27°22'53.16" Long. 80°18'19.70"
SLC Fairgrounds	22	Yard Trash, C&D, Mixed Debris	Lat. 27°22'22.89" Long. 80°29'20.59"
Indrio Road Staging Site	200	Yard Trash, C&D, Mixed Debris	Lat. 27°31'14.49" Long. 80°22'19.53"

The County will assign specific DMS to specific Vendor(s) for their sole use. Designated DMS may be a portion of the overall DMS but shall remain the sole responsibility of the assigned Vendor. If additional DMS locations are needed for the operation, the County shall provide an approved list of alternate DMS locations. The list will include all necessary site information to allow the Vendor, with assistance from the County, to submit to FDEP for approval. If the County establishes any additional DMS, a copy of the agreement showing indemnification of the County for the use and proposed restoration plan of the additional sites, shall be provided to the County. In addition, the Vendor shall execute a hold harmless agreement for each additional established DMS that is not identified within the awarded contract. The hold harmless agreement must be approved by the County prior to execution.

Prior to the use of any DMS, analysis of both groundwater and soil will be required by the Vendor to establish pre-use conditions (post remediation site sampling may also be required of the Vendor). Groundwater and soil sampling/analysis must be conducted by an independent Geotechnical Engineer or Geologist and will be performed on behalf of the County at the expense of the Vendor(s). The results of such testing shall be sent directly from the professional to the County. The Vendor shall be required to provide the County with site photographs for each DMS. The photographs will include pre-use, operational, and post site remediation photographs to document site conditions.

The cost associated with preparing, operating, and site remediation of land used as DMS in the County is a cost borne by the Vendor and compensated based on the Vendor's bid for site management and reduction of debris.

The County may also establish designated Residential Convenience Centers (residential drop-off sites). If this should occur, the County may at its option request the Vendor to be responsible for removing all disaster related debris from those sites. Depending on the volume of debris at a Residential Convenience Center, the Vendor may be required to push material to make room for additional debris.

The Vendor's Operations Manager will assign a Foreman to the (each) DMS, who will be responsible for the management of all operations of the site, including traffic control, dumping operations, segregation of debris, grinding, fire protection, and safety. The DMS Foreman will be responsible for monitoring and documenting equipment and labor time and providing the daily operational report to the Vendor's Operation Manager, who will in turn provide this information to the County's Debris Monitoring Consultant. These daily reports must meet the requirements of FEMA, FHWA, or Other Federal Agencies, and other reimbursement and regulatory governmental agencies.

The Vendor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, fill dirt, base material, sod, and other physical features. DMS site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP. All debris, mulch, etc. is to be removed adequately; fill dirt and/or other base material (if required) must meet standards for intended use; new sod or seeding must meet standards for intended use.

2-8 TECHNICAL SPECIFICATIONS

2-8.1 TERMINATION FOR CONVENIENCE

The County reserves the right to terminate the contract with the Vendor(s) at any time and for any reason. This shall supersede the general provisions.

2-8.2 NOTICE TO PROCEED

The County will issue an official Notice to Proceed for the services referenced in this RFP and resulting contract. The Notice to Proceed shall be sent via facsimile or email and followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless the written Notice to Proceed has been sent and received by the Vendors(s). The Vendor(s) must acknowledge receipt of the written Notice to Proceed.

2-8.3 CHANGES IN SCOPE OF WORK

The County Administrator or his designee may request changes in the scope of work to be performed. Such changes, including increase or decrease in compensation must be mutually agreed upon and incorporated by written amendment to the agreement.

2-8.4 SAFETY

The Vendor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Vendor(s) shall take all reasonable steps to ensure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Vendor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

2-8.5 ON-SITE PROJECT MANAGER

The Vendor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives Daily meeting topics will include, but are not limited to, volume of debris collected, completion progress, County coordination, and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Vendor(s)' project manager must be available 24 hours a day, or as required by the County Debris Manager.

2-8.6 SUPERINTENDENT SHALL BE SUPPLIED BY THE VENDOR

The Vendor shall employ a competent superintendent who shall be in attendance at all times at the project site during the progress of the work. The term "competent" includes an ability to be able to clearly communicate, orally and in writing, in English. The superintendent shall be the primary representative under this contract for the vendor. All authorized communications given to the superintendent by the County, and all contract-related decisions made by the superintendent, shall be binding to the Vendor. The superintendent shall be considered to be, at all times, an employee of the Vendor under its sole direction and not an employee or agent of the County.

2-8.7 EQUIPMENT

a. All trucks and other equipment must be in compliance with all applicable local, state, and federal rules and regulations. Any truck used to haul debris must be capable of rapidly unloading its contents without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of 2 inch by 6 inch boards or greater and not to extend more than 2 feet above the metal bedsides. Trucks or equipment certified with sideboards must maintain such sideboards and keep them in good repair. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Vendor(s). The County or its authorized representative may also perform periodic re-inspection of vehicles to verify the certified capacity.

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent them from falling off. Measures must be taken to avoid the debris blowing out of the hauling vehicle during transport to a County approved DMS or a County approved Final Disposal Site. If falling debris from hauling vehicles presents an issue the County reserves the right to require the contractor to "tarp" or cover debris when hauling.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Vendor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Vendor(s) mix debris hauled for others with debris hauled under this contract. Failure to abide may result in a suspension of the violating truck, crew, or sub-contractor.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

2-8.8 TRAFFIC CONTROL

The Vendor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Vendor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Vendor(s) shall provide sufficient signing, flagging, and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state, and federal

laws, regulations, and ordinances governing personnel, equipment, and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Vendor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected. The expense incurred by the Vendor for traffic control is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of scope of services.

Traffic control will conform to FDOT's most current editions of "Roadway and Traffic Design Standards" for Design, Construction, and Maintained Systems and the Federal Highway Administration (FHWA) "Manual on Uniform Traffic Control Devices (MUTCD) for Streets and Highways." These documents can be ordered from F.D.O.T, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida, 32399-0450, Phone (904) 488-9220. The foregoing requirements are to be considered as minimum and the Vendor's compliance shall in no way relieve the Vendor of final responsibility for providing adequate traffic control devices for the protection of the public and Vendor's employees throughout the work area.

2-8.9 RAPID RESPONSE CREW

Vendor(s) shall be required to provide the County with access to one or more Rapid Response Crews (RRC) as directed by the County. The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

2-8.10 HAZARDOUS MATERIALS AND HOUSEHOLD HAZARDOUS WASTE

The Vendors(s) shall set aside and reasonably protect any hazardous materials encountered during debris removal operations for collection and disposal by the County's Hazardous Materials Removal and Disposal contractor(s). The Vendor(s) shall notify the County's monitoring firm(s) of the nature and location of any such debris encountered.

The Vendor(s) and personnel must make every reasonable effort to avoid transporting hazardous materials to the DMS(s) or final disposal sites that are not specifically authorized to accept such materials. Should these materials be inadvertently transported to the aforementioned locations, the Vendor(s) shall be responsible for proper handling and storage of any hazardous materials brought by his/her workforce. The Vendor(s) shall provide a suitable area at each DMS to accommodate all hazardous materials inadvertently brought to the site.

The County or County's Hazardous Materials Removal and Disposal contractor will provide for routine service to collect and dispose of any materials inadvertently delivered to the DMS during removal operations.

2-8.11 WORK HOURS

The Vendor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Vendor(s). Unless otherwise directed, the Vendor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

2-8.12 TIME OF COMPLETION

The services shall commence upon written notice to proceed from the County manager or his designee, and the project shall be completed in accordance with the project schedule.

2-8.13 LIQUIDATED DAMAGES

Should the Vendor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore, the Vendor shall pay the County, as liquidated damages, the following:

a. The Vendor shall pay the County, as liquidated damages, $1,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within 72 hours of being issued Notice to Proceed.

b. The Vendor shall pay the County, as liquidated damages, $500.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County approved Final Disposal Site and/or any associated fines levied by a third party. Application of liquidated damaged does not release the Vendor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Vendor shall pay the County, as liquidated damages, $500.00 per incident where the Vendor fails to repair damages that are caused by the Vendor or subcontractor(s). Application of liquidated damages does not release the Vendor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Vendor to complete requirements set forth in the scope of work.

2-8.14 DAMAGES

All items damaged as a result of Vendor(s) or subcontractor operations, such as but not limited to, sidewalks, curbs, pipes, drains, water mains, pavement, mail boxes, and turf shall be either

repaired or replaced by the Vendor, at their expense, in a manner prescribed by and at the sole satisfaction of the County Debris Manager. Any invoices submitted to the County such as but not limited to, from utility companies, or landowners, which are determined to be the result of damage done by the Vendor, shall be the responsibility of the Vendor. Repairs, or receipt of repairs, shall be completed and submitted to the County prior to submission of the Vendor's invoice for work accomplished. If the Vendor(s) fails to repair any damaged property, the County may have the work performed and charge the Vendor(s).

The Vendor(s) shall be responsible for filling to grade with like material all surface damage, such as rutting and cracks, caused by the Vendor(s)'s equipment during debris removal. The Vendor(s) shall repair all damage to existing grade, road shoulders, trees, shrubs, and grassed areas caused by the Vendor(s)'s equipment or personnel at no additional cost to the County. If the Vendor does damage to a County sign or other property owned by the County, it shall be the responsibility of the Vendor(s) to repair the item back to the original condition. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the Vendor. The Vendor(s) shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the area of work.

Complaints will be addressed within 48 hours and a written report submitted to the County Debris Manager outlining actions taken to correct the complaint. The Vendor shall notify the County immediately of any complaints given directly to the Vendor.

Upon written notice from the Vendor that the damage correction work is complete, the County will make a final inspection with the Vendor and will notify the Vendor in writing of any deficiencies in the project. The Vendor will correct all deficiencies before final acceptance and payment is made. If a second re-inspection is required, the County will assess an $80.00r fee to the Vendor. The $80.00 fee will be assessed for every re-inspection after the first re-inspection. The fee is assessed to offset the additional County labor costs and vehicle usage required for unnecessary inspections and the fee will be deducted from the final invoice for that release order.

No retention will be released to the Vendor(s) prior to a satisfactory damage resolution log being completed addressing all complaints and issues. Should the value of retention exceed the amount of possible outstanding damage claims, the Vendor(s) may petition the County in writing for a partial retainage release.

2-8.15 EXISTING UTILITIES

a. Some trees and debris that are to be removed under the awarded contract may be blocked or entangled with overhead power, telephone, and television cables. In this case, it shall be Vendor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Vendor(s) shall pay all such costs to the utility company for any adjustments.

b. The Vendor(s) shall be responsible for all costs incurred to repair damaged utilities that are

caused by the Vendor, as determined by the affected utility company. Payment for repairs to all municipal and privately owned utilities shall be the responsibility of the Vendor(s).

2-8.16 DEBRIS SITE TOWER SPECIFICATIONS

a. The Vendor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Vendor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of 10 feet from surrounding grade to finish floor level, have a minimum 8 feet by 8 feet of usable floor area, be covered by a roof with 2 feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up 4 feet on all 4 sides. The expense incurred by the Vendor for the construction of towers is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of Scope of Services.

b. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

2-8.17 FACILITIES AT DMS LOCATIONS

The Vendor(s) shall provide as many ADA compliant portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Vendor(s) throughout the duration of dumping operations. The expense incurred by the Vendor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of Scope of Services.

2-8.18 OWNERSHIP OF DEBRIS

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County until final disposal at a properly permitted disposal site. The Vendor(s) shall be responsible for removal of debris up to the point where debris can only be described as light litter and additional collection can be facilitated only by sweeping and raking. In addition to debris stored on the right-of-way as the result of road clearing, the County will direct residents to place debris in segregated piles along the right-of-way, separated as to the waste category. There may be the need to perform some curbside separation of the different materials. Different waste materials will be collected in separate vehicles and may require disposal at different locations, which will be approved by the County. Any items requiring disposal at special facilities shall be required to be monitored for the collection, complete haul, and delivery at the approved special location with the monitor obtaining an original copy of the disposal ticket showing inbound and outbound collection vehicle weights.

All bagged and bundled waste and debris smaller than 2 inches in diameter and shorter than 2 feet in length are outside the scope of this contract unless specifically directed by the County. Collection of Municipal Solid Waste (MSW) is outside the scope of this contract.

2-8.19 ENVIRONMENTAL PROTECTION

a. It is recognized that construction and demolition debris might contain small amounts of asbestos, lead-based paints, treated wood, or similar materials. The Florida Department of Environmental Protection (FDEP) will issue an Emergency Final Order for the classification and disposition of all disaster related wastes. Based on the mandates of this State agency and other applicable state and federal reimbursement agencies, the determination of the character and disposal of waste streams will be decided. The Vendor(s) shall receive a copy of this letter and together with the Monitoring Firm and County; a final disposal plan will be established.

b. Any and all fluids or chemicals (work-related materials such as oil-dri, absorbents, etc.) used by the Vendor(s) must be used and disposed of in accordance with all rules and regulations of local, state, and federal regulatory agencies.

c. Vendor(s) and subcontractors shall not perform maintenance on over-the-road equipment at DMS(s). Maintenance of equipment that typically remain at the DMS (e.g., track hoes, front end loaders, grinders, etc.) may be conducted at the DMS provided best management practices are followed and all wastes are managed and disposed of in accordance with all rules and regulations of local, state, and federal regulatory agencies.

d. The Vendor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Vendor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

e. The Vendor(s) shall comply with all laws, rules, regulations, and ordinances regarding environmental protection.

f. The Vendor(s) shall immediately report and document all incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills, or fuel leaks.

g. The Vendor must notify the County regarding any fluid or chemical spillage so that the County or its authorized representative can review and approve of the cleanup.

2-8.20 DOCUMENTATION AND MEASUREMENT

a. Vendor is responsible for ensuring that all labor and equipment used for Emergency Debris Clearance activities is certified and that logs are kept for starting days/times, ending

days/times, and zones, areas, and streets worked.

b. All trucks used for collection and hauling of eligible debris from the County ROW to County approved DMS(s) or County approved Final Disposal Sites shall be measured (inside bed measurements) and certified for cubic yard volume by the County or County-authorized representative. The Vendor shall provide a representative to attest to the certification/measuring process. It is the Vendor's responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to both sides of each certified truck and shall clearly state the truck measurement in cubic yards, Vendor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or communities.

c. The Vendor(s) is responsible for ensuring that all subcontractors maintain valid driver's licenses and equipment legally fit for travel on the road.

d. Load tickets will be provided by the County or its authorized representative for recording volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as Hangers or Hazardous Tree removal. Only tickets designated and approved by the County will be authorized for use. Tickets must be completed in a clear and legible manner. Tickets that require Vendor signature will have the signature as well as name printed in a legible manner. Illegible Load & Unit Rate tickets will not be paid.

- Each ticket shall be of a type that consists of one original and five copies.

- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up; hauled, reduced and disposed of. Vendor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, percentage load call or measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete and/or illegible load or unit rate tickets submitted for payment.

- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County approved Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection. This determination will be made by the County authorized representative present at the DMS or County approved Final Disposal Site. The County authorized representative will validate, enter the estimated debris quantity and sign the load ticket. The County will keep the original copy, 2 copies

will be given back to the vehicle operator and the remaining 2 copies will be provided to the Vendor.

- Loads of processed (e.g., chipped) debris being hauled from a DMS to a County approved Final Disposal Site will follow the same load ticket procedures. A County authorized representative will initiate the load ticket at the DMS. Another County authorized representative will validate and sign the ticket at the County approved Final Disposal Site.

- The Vendor(s) shall give written notice of the location for work scheduled 24 hours in advance.

e. Scope of service items that have rates based on one-way haul mileage shall have such mileage based on "as the crow flies" distance. The radius distance from each DMS or final disposal site to the last loading location written on the load or haul-out ticket will be used to determine the mileage rate category. The County shall determine the mileage calculation method that is ultimately used. One-way mileage rates apply to the following sections within the statement of work:

- Section 2-7.2 – ROW Vegetative Debris Removal

- Section 2-7.3 – ROW C&D Debris Removal

- Section 2-7.4 – Demolition, Removal, Transport and Disposal of Non-RACM Structures

- Section 2-7.5 – Demolition, Removal, Transport and Disposal of RACM Structures

- Section 2-7.8 – Haul-out of Reduced Debris to a County Approved Final Disposal Site

2-8.21 PAYMENT

a. The County, or its authorized representative, will monitor, verify, and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Vendor(s) will be provided with copies of this documentation. These documents will be used by the Vendor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be legible and properly completed. Tickets missing loading address, truck number, certified capacity, collection monitor signature, disposal site, load call, or disposal monitor signature will not be paid, nor will the County be responsible for unpaid incomplete tickets.

b. If tasked with private property and FHWA-ER funded roadway debris removal operations, these will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, white goods, or other scope of service items), program (ROW collection, private property debris removal, etc.), or both.

c. Invoices shall be submitted to the County's authorized representative on a bi-weekly basis unless otherwise direct by the County. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

d. A 10% retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the Vendor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Vendor(s) to public or private property.

e. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

f. The Vendor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Vendor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

g. Payment for disposal cost incurred by the Vendor(s) at County approved Final Disposal Sites will be made at the cost incurred by the Vendor. The County will either coordinate payment of disposal costs directly with the Final Disposal Site or require the Vendor to pay the disposal fees and then invoice the County. The Vendor(s) shall submit a copy of all invoice(s) received by the County approved Final Disposal Site, an electronic copy tabulating all scale or load tickets issued by the County approved Final Disposal Site, and proof of Vendor payment to the County approved Final Disposal Site. The County will not render payment for disposal costs until the Vendor submits applicable disposal site permits or site information for each authorized Final Disposal Site.

h. Vendor(s) must submit a final invoice within 30 days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked "FINAL INVOICE" and no additional payments will be made after the Vendor's final invoice.

i. In the event any portion of this scope of work is to be funded by State or Federal funds, the Vendor will comply with all requirements of the state or federal government applicable to the use of the funds.

j. The Vendor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of 7 years following receipt of final payment for the services referenced herein. In the event litigation ensues or the County

challenges a decision by FEMA to disallow or de-obligate costs incurred under the contract, then Vendor shall retain all records hereunder for a period of 7 years after conclusion of the litigation or FEMA dispute, including any and all appeals.

k. Payment shall be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, and Florida Statues.

2-8.22 FHWA-ER PROGRAM CONTRACT REQUIREMENTS

The County intends to seek reimbursement from FHWA for the eligible debris removal performed on federal aid roads. Consequently, the County mandates compliance from the successful Vendor regarding the following:

a. FHWA Form 1273, titled Standard Federal-aid Provisions. FHWA Form 1273 will be included in the final contract.

b. Buy America Requirements

c. 49 CFR Part 26, Disadvantage Business Enterprise Program

d. American with Disabilities Act of 1990 (ADA)

e. Convict Labor Prohibition

FHWA-ER Program contract requirements are subject to any changes provided by FHWA during the term of the contract. Based on the current guidance, FHWA will only reimburse the County for the initial collection, hauling and tipping fee, if applicable, of eligible debris. Debris reduction operations are not eligible for reimbursement unless the debris is being reduced as part of a rolling pickup operation. As a result, the FHWA-ER eligible debris that is collected during the first pass shall be hauled to the nearest Final Disposal Site unless otherwise directed by the County.

2-8.23 FINAL PROJECT CLOSE OUT

Upon final inspection of the project by the County, the Vendor(s) shall submit a detailed description of all debris management activities, to include the total volume, by type of debris hauled and/or disposed.

Services not specifically identified in any contract derived from this RFP may be added to the contract upon mutual consent of the contracting parties.

2-8.24 DISTRIBUTION OF WORK

The County reserves the right to activate more than one contractor to provide the debris services outlined in this RFP. The County may also revise the distribution of services provided or work areas (such as zones) at any time during the activation of a contract developed though this RFP.

2-8.25 COUNTY'S DEBRIS MONITORING CONSULTANT

Vendor shall be in contact and comply with the County's contracted consultant and representative for the monitoring of debris collection and removal services. The County's contracted consultant and representative shall be a separate contractor, from this solicitation and its award, who will be exclusively contracted for monitoring services. The monitoring consultant shall certify all of the vendor's loads and the safety of the vehicles in which the debris is being removed.

2-9 SUBCONTRACTORS

The County prefers that the Contractor provide all services needed to comply with the RFP. Should a Sub-Contractor be needed, the Primary Contractor will be the sole point of contact and have sole responsibility for all issues. It is the responsibility of the Primary Contractor to ensure that Sub-Contractors needed to be used during the collection and disposal of disaster debris shall comply with the scope of work initiated to support this project.

If the Contractor intends to subcontract any portion of the work covered by this Contract, the Contractor must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible. Affirmative steps must include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and

5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

2-10 CONTRACT TERMS

The selected Vendor is to provide items and services listed at firm fixed rates on an as needed basis for an initial period of 1 year, renewable for three additional 1 year periods. Both the County and the vendor must mutually agree upon renewals in writing. Rates quoted will be for the first year and will not be changed based on the guidelines outlined in this solicitation.

The awarded contract will contain the required provisions at 2 C.F.R. § 200.326, Appendix II to 2

C.F.R. Part 200, and FEMA guidance, as applicable.

Part III: INSTRUCTION FOR THE PREPARATION OF PROPOSALS AND RESPONSE REQUIREMENTS

The Proposer(s) warrants its response to this Request for Proposals (RFP) to be fully disclosed and correct. The firm must submit a Proposal complying with this RFP, and the information, documents and material submitted in the Proposal must be complete and accurate in all material aspects. All Proposals must contain direct responses to the following questions or requests for information and be organized so that specific questions being responded to are readily identifiable and in the same sequence as outlined below.

Proposers are advised to carefully follow the instructions listed below in order to be considered fully responsive to this RFP. Proposers are further advised that lengthy or overly verbose or redundant submissions are not necessary. Compliance with all requirements will be solely the responsibility of the Proposer. Failure to provide requested information may result in disqualification of response.

The Proposal shall cover in as much detail as possible the requirements of the solicitation, subject to modification and enhancements as a result of information gained during the consultant selection process.

The Proposal must be submitted on 8½"x11" paper, numbered, typewritten, with headings, sections, and sub-sections identified appropriately. The Proposal shall be clear and concise and provide the information requested herein. Statements submitted without the required information will not be considered. Proposals shall be organized and sections tabbed. The Proposer should not withhold any information from the written response in anticipation of presenting the information orally or in a demonstration, since oral presentations or demonstrations may not be solicited. Each Proposer must submit adequate documentation to certify the Proposer's compliance with the County's requirements. Proposers should focus specifically on the information requested. Additional information, unless specifically relevant, may distract rather than add to the Proposer's overall evaluation.

The following information, at a minimum, shall be included in the Proposal:

A. COVER PAGE

Statement of Qualifications Introductory letter: This letter's no more than two pages will summarize in a brief and concise manner the proposer's understanding of the RFP, the County's objective, the proposer's acceptance of conditions and any exceptions to the general terms and conditions of the RFP and to insurance requirements and any other requirements listed in the RFP. The letter should name all of the persons authorized to make presentations for the Offeror, including the titles, addresses, and telephone numbers. The Letter shall be signed by a representative who is authorized to contractually bind the Contractor. If proposal is signed by

someone other than President, Vice President, Treasurer, a copy of your Corporate By-Laws, or a letter signed by a corporate officer must be included.

B. TABBED SECTIONS

TAB 1 REQUIRED FORMS

The following forms are required with Proposer's submittal. Proposals not including the following forms will be rejected and considered non-responsive. Forms can be downloaded in the Required Submittal Packet attached to the solicitation documents.

- Form #1 Proposer Information and Authorized Signature
- Form #2 Non-Collusion Affidavit
- Form #3 Corporate Resolution
- Form #4 Confirmation of Drug-Free Workplace
- Form #5 Public Entity Crime Affidavit
- Form #6 Hold Harmless and Indemnity Agreement
- Form #7 Certification Regarding Debarment & Suspension
- Form #8 Anti-Lobbying Certification
- Form #9 Price Schedules 1 (Hourly) and 2 (Unit Rate)
- Addenda Any and all issued addenda regarding this solicitation, signed and dated, if applicable

TAB 2 EXECUTIVE SUMMARY

This section shall include a summary of your organization, including its history. Indicate the number of years Proposer has had in providing these services. Provide any additional information which will present evaluators with insight about the qualifications, fitness, and abilities of Proposer. This section shall also include a list of all judgments from lawsuits in the last 3 years and current pending lawsuits that are concerned directly with the staff or part of your organization proposed for the contract. Please include a current copy of your State of Florida Corporate Registration. If a Proposer is a corporation, it must be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in the State of Florida.

TAB 3 PROPOSER EXPERIENCE AND QUALIFICATIONS

List the names and titles of principals, management, trainers, staff, and personnel who will be assigned to this contract. Include resumes or summary of experience of these persons as an Appendix to the Proposal. The Proposer shall also provide information on services provided in past emergency incidents with other governments, cities of similar size, businesses, corporations, or other entities within the last ten (10) years to demonstrate how its experience makes it qualified for this project. Please include the names of the entities, the length and the magnitude of the incidents that occurred within your Proposal.

TAB 4 REFERENCES

Provide at least 5 references which the Proposer has provided the same or similar services for the same type during the past 10 years and who can attest to the Proposer's ability to perform at or above the current level of expectations set within the scope of work.

Each reference shall include, at a minimum:

- Name and full address of reference organization;
- Name of Contact person for contract;
- Telephone number(s);
- Date of initiation of contract with reference; and
- Brief summary of services provided.

TAB 5 EXISTING CONTRACTUAL OBLIGATIONS

The Respondent shall provide information on any established or currently ongoing contracts with other Governments, cities of similar size, businesses, corporations or other entities. Please include the names of the entities, the lengths of the contract and their expiration dates.

TAB 6 METHODOLOGY, TECHNICAL PLAN, AND APPROACH

Proposer shall describe the methodology, technical plan, and approach they will take to accomplish the work described herein and provide the solution that best suits the County's needs. The Proposer shall provide an overview of how they will work with the County to provide the solution proposed and required services. This refers to the exact type and nature of the Proposer's proposed services and how they accomplish the objectives and needs of the County, as well as the ability to comply with the County's needs for a service provider that is experienced, educated, knowledgeable, and capable of complying and adhering with Federal reimbursement programs. The proposer shall establish a clear demonstration and understanding of the work to be performed with a complete and reasonable plan/proposal for accomplishing the tasks. This shall include the

technical plan being proposed, the equipment being used, the number of personnel being used, and justification for the total time frame to complete the scope of work. Information shall include, but not be limited to the following:

a. Provide and describe a general description of the type of solution and all available processes within the solution proposed.

b. Explain the approach plan to support the needs and objectives of the Scope of Services established within this RFP.

c. Illustrate and describe the ability to provide a quick and rapid response to an incident; including the actual time to respond and provide a fully implemented and operational system prior to an incident or on an emergency on call basis.

d. Illustrate and describe the ability to provide project management and administrative resources.

e. Illustrate and describe the ability to provide collection and disposal of debris and the parameters within that service at all locations.

f. Provide and describe a staffing plan.

g. Illustrate and describe abilities to provide any other related or additional services applicable or related to this type of service.

TAB 7 COST PROPOSAL

This section shall be submitted by utilizing the Cost Proposal form (Form # 11) in the Required Forms Packet. No additional forms will be accepted or submittals that state "see attached". It is the Proposer's responsibility to provide a full disclosure of the pricing requested and all costs associated with a fully implemented and developed solution within this tab.

Schedule 1 shall include hourly rates and the grand total for the following 3 categories. These are identified as:

1. Equipment types w/ operator
2. Labor
3. Crew

Schedule 2 shall include unit rates and the grand total for the following 15 categories. These are identified as:

1. Vegetative Debris Removal (based on section 2-7.2)

2. C&D Debris Removal (based on section 2-7.3)

3. Demolition, Removal, Transport and Disposal of Non-RACM Structures (based on section 2-7.4)

4. Demolition, Removal, Transport and Disposal of RACM Structures (based on section 2-7.5)

5. DMS Operation and Reduction Through Grinding (based on section 2-7.6)

6. DMS Management and Reduction by Air Curtain Incineration (based on section 2-7.7)

7. Haul-Out of Reduced Debris to a County Approved Final Disposal Site (based on section 2-7.8)

8. Removal of Hazardous Trees and Hangers (based on section 2-7.9)

9. Removal of Hazardous Stumps (based on section 2-7.10)

10. ROW White Goods Debris Removal (based on section 2-7.12)

11. Household Hazardous Waste Removal, Transport and Disposal (based on section 2-7.13)

12. E-Waste Removal (based on section 2-7.14)

13. Abandoned Vehicle Removal (based on section 2-7.15)

14. Abandoned Vessel Removal (based on section 2-7.15)

15. Dead Animal Carcasses (based on section 2-7.16)

All fees submitted shall be associated with the fully operational solution during an emergency scenario. Pricing shall include materials, labor, set up fees, training fees, start-up fees, mobilization, demobilization, travel related expenses, meal allowances, hotel rooms, and any charges or other relevant out of pocket expenses associated with the services required within this solicitation. Pricing not within the requested schedules shall be the responsibility of the Proposer to provide these services or purchase these materials.

PART IV: SELECTION CRITERIA AND EVALUATION METHOD

4-1 GENERAL

The County shall be the sole judge of its own best interests, the proposal, and the resulting negotiated agreement. The County reserves the right to investigate the financial capability, reputation, integrity, skill, business experience, and quality of performance under similar operations of each Proposer, including stockholders and principals before making an award. Awards, if any, will be based on both an objective and subjective comparison of Proposals and Proposers. The County's decisions will be final.

The County shall evaluate the merit of the proposal based on the best value criteria listed herein. The sole objective of this evaluation is to select the vendor whose proposal is most responsive and the best value to the County's needs for a contractor to perform Emergency Debris Collection and Removal Services.

The County reserves the right to request additional information or to meet with vendors to discuss points in the Proposal before and after submission, any and all of which may be used in forming a recommendation. This is to include demonstrations of vendor's solutions.

The County reserves the right to reject any and all proposals that fail to meet the requirements of this RFP or which the County determines will not meet its needs. The County may reject the proposal of a vendor who is not, in the opinion of the County, in a position to satisfactorily perform the contract. The County reserves the right to reject any proposal if the evidence submitted by, or investigation of, such vendor fails to satisfy that such vendor is properly qualified to carry out the obligations of the contract and to complete the work contemplated therein.

The County reserves the right to accept or reject in part or in whole any proposal submitted, and to waive any technicalities or informalities for the best interest of the County. The County reserves the right to award based upon individual line items, sections, or total proposal. The County may also accept or reject any of the alternates that may be set forth in a proposal.

4-2 MINIMUM QUALIFICATIONS AND EXPERIENCE

The County is seeking proposals from vendors who are have past, proven, and positive experiences in projects of similar and same size of scope of work. Proposals shall be accepted from vendors who meet the following minimum criteria, evaluated on a pass/fail basis. The Proposer shall:

- Have at least 5 years' experience in providing services for emergency debris collection and disposal services in an emergency scenario or environment.
- Be licensed to conduct business in the State of Florida.
- Provide a copy of the its audited financial statements for the previous two years and proof of its credit rating.
- Provide an organizational chart showing its ownership structure and resumes of experienced key personnel.

Proposals that do not meet these minimum qualifications will be rejected without the further evaluation outlined in Section 4-3.

4-3 EVALUATION METHOD AND SCORING CRITERIA

A Selection Committee will be appointed by the County Administrator and will be responsible for reviewing and evaluating Proposals, selecting the firm(s) that provides the best value to the County, and then negotiating a contract. The Proposers with the highest-ranked submittals may

be asked to make a detailed presentation of their product / service to the Selection Committee.

All Proposers are advised that in the event of receipt of an adequate number of Proposals which in the opinion of the Evaluation committee require no clarification and/or supplementary information, such Proposals may be evaluated without discussion. Hence, proposals should be initially submitted on the most complete and favorable terms which Proposers are capable of offering to the County.

In general, the County wishes to avoid the expense to the County and to proposers of unnecessary presentations. Therefore, the County shall make every reasonable effort to achieve the ranking using written submittals alone. If no single top-ranked firm can be clearly identified by review of the written submittals alone, then the evaluator(s) may request the Purchasing Manager to schedule the top ranked firm(s) for presentations or interviews.

The County may choose to conduct oral interviews with, or receive oral presentations from, one or more of the proposers. If the County chooses to allow oral interviews and/or presentations, such interviews or oral presentations will be open to the public. If oral presentations or interviews are held, the following guidelines will be used.

The Purchasing Manager shall establish the schedule and Proposers will be notified at least 7 calendar days in advance of the date, time and place of the presentations. The specific format of each presentation will be provided to Proposers with the notifications. The County shall allot equal time for each Proposer divided into three sequential parts: formal presentations, questions/answers, and discussion. Oral presentations will provide an opportunity for the Proposers to demonstrate their ability to use time efficiently, effectively, and economically. The times allotted are maximums and no firm will be penalized for using less than the allotted time.

After presentations, firms will be assigned a final score, with the highest ranked firm moving forward to the negotiation phase. The Selection Committee shall rank all complete written proposals and/or formal oral presentations/interviews in order of preference (scoring) and submit this final ranking as its final recommendation. No work for this project shall proceed without written authorization from the County.

The County reserves the right to enter into contract negotiations with the selected Proposer. If the County and the selected Proposer cannot negotiate a successful contract, the County may terminate such negotiations and begin negotiations with the next selected Proposer. No Proposer shall have any rights against the County arising from such negotiations.

Proposal packages will be reviewed and evaluated in accordance with the following criteria and weighting factors:

4-3.1 COMPLIANCE WITH REQUEST FOR PROPOSALS / TAB 1 (0 - 10 POINTS)

This refers to the adherence by the Proposer and the submittal of all required forms, samples and requests within the proposal and all conditions and requirements of this RFP.

4-3.2 RESPONDENTS EXPERIENCE, QUALIFICATIONS, EXISTING CONTRACTS, AND REFERENCES / TABS 2, 3, 4, AND 5 (0 - 30 POINTS)

Offeror's capability in all respects to perform fully the contract requirements, and the tenacity, perseverance, experience, integrity, and reliability which will assure good faith performance, as well as satisfactory reference verification. This criteria includes:

a. The experience of the firm and its record on engagements of a similar nature, including the ability to serve in a similar capacity for other units of government or organizations.

b. The character, integrity, reputation, judgment, experience, and efficiency of the Proposer.

c. Personnel to be assigned to the project, and their education, capabilities, qualifications and experience with similar projects.

d. Reference information gathered from other entities regarding the past experience of the firm; and

e. Strength of the other information required in Tabs 2, 3, 4, and 5.

4-3.3 METHODOLOGY, TECHNICAL PLAN, AND APPROACH / TAB 6 (0 - 30 POINTS)

This refers to the exact type and nature of the Proposer's proposed services and how it plans to accomplish the objectives of the project, as well as the ability to rapidly respond to the County's needs. The Proposer must demonstrate a clear understanding of the work to be performed with a complete and reasonable plan/proposal for accomplishing the tasks. Technical evaluations will be based upon the ability of the proposer to meet or exceed the requirements set forth in the specifications. Estimates concerning the ability of the proposer to perform accordingly shall be made by the County.

a. The ability, capacity, skill and organization of the proposer to perform as proposed.

b. The completeness, reasonableness, and efficiency of the proposed solution, including project management, administrative, and staffing plans.

c. The ability of the Proposer to respond rapidly to the County's needs.

d. Any other value added elements of the Proposal as deemed relevant by the County.

4-3.4 COST PROPOSAL / TAB 7 (0 – 30 POINTS)

This refers to the proposed rates of the Proposer. Please note that price is only one factor for consideration of award. The County reserves the right to award the contract to other than the lowest priced offeror.

Part V: Required Forms Packet

The following eleven (11) forms are required and are to be filled out completely and submitted with your proposal as per Section 4 (Instructions for the Preparation of Proposals and Response Requirements). All applicable forms shall be submitted as required by the solicitation documents.

FORM #1 PROPOSER INFORMATION AND AUTHORIZED SIGNATURE

Proposer (Company) Name: _____

F.E.I.N. or Social Security Number: _____

Mailing Address: _____

City, State, Zip: _____

Telephone Number: _____ Fax Number: _____

E-mail Address _____

Type of Entity: ❑ Corporation ❑ Partnership ❑ Proprietorship ❑ Joint Venture ❑ Other

State of Incorporation: _____ Year of Incorporation: _____

This Proposal is hereby submitted by the above-named entity ("Proposer") to St. Lucie County, Florida 20-033 for Emergency Debris Removal Services ("RFP"), having examined the solicitation and specifications with related documents and the site of the proposed work, and being familiar with all of the conditions surrounding the proposed project including the availability of materials and labor, hereby proposes to furnish all labor, materials, and supplies; and to provide the service in accordance with the terms and specifications set forth in the RFP at the prices provided in this Proposal. The prices in this Proposal will remain firm for a period of up to 90 days in order to allow the County adequate time to evaluate the Proposal. These prices are to cover all expenses incurred in performing the work required under the awarded contract, of which this RFP and Proposal is a part.

Proposer accepts all of the terms and conditions of the RFP. Proposer understands that a background investigation may be conducted by the County prior to award. Proposer hereby agrees to commence work under contract on or before a date to be specified in a written "Notice to Proceed" of the County.

Proposer has examined and carefully studied the Solicitation Documents and the following addendum receipt of which is hereby acknowledged:

No. _____ Dated: _____ No. _____ Dated: _____

No. _____ Dated: _____ No. _____ Dated: _____

Proposer certifies that all information contained in this Proposal is truthful to the best of the undersigned's knowledge and belief. Undersigned certifies that it is duly authorized to submit this Proposal on behalf of the Proposer as its act and deed and that the Proposer is ready, willing, and able to perform if awarded the contract.

Authorized Signature (original, in ink): _____

Type or Printed Name: _____

Title: _____

FORM #2 NON-COLLUSION AFFIDAVIT

STATE OF _____;
COUNTY OF _____;

_____ being first duly sworn, deposes and says that:

1. The undersigned is the _____ (Owner, Partner, Officer, Representative or Agent) of _____ (PROPOSER).

2. PROPOSER is fully informed respecting the preparation and contents of the attached Proposal and of all pertinent circumstances respecting such Bid;

3. Such Proposal is genuine and is not a collusive or sham proposal;

4. Neither the said PROPOSER nor any of its officers, partners, owners, agents, representative, employees or parties in interest, including this affidavit, have in any way colluded, conspired, connived, or agreed, directly or indirectly, with any other PROPOSER, firm, or person to submit a collusive or sham proposal in connection with the Contract for which the attached Proposal has been submitted; or to refrain from responding to the RFP in connection with such Contract; or have in any manner, directly or indirectly, sought by agreement or collusion, or communications, or conference with any PROPOSER, firm, or person to fix the price or prices in the attached Proposal or any other PROPOSER, or to fix any overhead, profit, or cost element of the pricing or the pricing of any other proposer, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against COUNTY, or any person interested in the proposed Contract;

5. The price of items quoted in the attached Proposal are fair and proper and are not tainted by collusion, conspiracy, connivance, or unlawful agreement on the part of the PROPOSER or any other of its agents, representatives, owners, employees or parties in interest.

FORM #4 CONFIRMATION OF DRUG-FREE WORKPLACE

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quantity, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program (Florida Statutes Section 287.087 Florida Statutes). In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibitions.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or Contractual services that are under Bid a copy of the statement specified in subsection (1).

4. In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contenders to, any violation of Chapter 893 Florida Statutes or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after the conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by, any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

Any person submitting a quote, bid or proposal in response to this invitation must execute the enclosed form PUR. 7069, SWORN STATEMENT UNDER SECTION 287.133 (3)(A) FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES, including proper check(s), in the space(s) provided, and enclose it with his quote, bid or proposal. If you are submitting a quote, bid, or proposal on behalf of dealers or suppliers who will ship commodities and receive payment from the resulting contract, it is your responsibility to see that copy (s) of the form are executed by them and are included in your quote, bid or proposal. Corrections to the form will not be allowed after the quote, bid or proposal opening time and date. Failure to complete this form in every detail and submit it with your quote, bid or proposal may result in immediate disqualification of your bid or proposal.

The 1988 Florida Legislature passed Senate Bill 458 creating Sec. 287, 132-133, Florida Statutes, effective 7-1-89. Sec. 287.132 (3)(d), Florida Statutes requires the Florida Department of General Services to maintain and make available to other political entities a "convicted vendor" list consisting of persons and affiliates who are disqualified from public contracting and purchasing process because they have been found guilty of a public entity crime. A public entity crime is described by Sec. 287.133, Florida Statute as a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or with an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

By law no public entity shall accept any bid from, award any contract to, or transact any business in excess of the threshold amount provided in Section 287.017, Florida Statute for category two (currently $10,000) with any person or affiliate on the convicted vendor list for a period of 36 months from the date that person or affiliate was placed on the convicted vendor list unless that person or affiliate has been removed from the list pursuant to Section 287.133 (3)(f), Florida Statute.

The attached statement or affidavit will be the form to be utilized and must be properly signed in the presence of a notary public or other officer authorized to administer oaths and properly executed.

The inclusion of the sworn statement or affidavit shall be submitted concurrently with your bid documents. Non-inclusion of this document may necessitate rejection of your bid.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

SWORN STATEMENT UNDER SECTION 287.133 (3) (A), FLORIDA STATUTES
ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

STATE OF _____;
COUNTY OF _____;

1. This sworn statement is submitted to St. Lucie County, Florida.

2. This sworn statement is submitted by _____ (name of entity submitting sworn statement) whose business address is _____ and (if applicable) its Federal Employer Identification Number (FEIN) is _____.

3. My name is _____ and my relationship to the entity named above is _____.

4. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133 (1)(b) Florida Statutes means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

6. I understand that an "affiliate" as defined in Paragraph 287.133 (1)(a), Florida Statutes means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and

agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133 (1)(e), FLORIDA STATUTES, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity.

8. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of any entity.

Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND, (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

FORM #6 HOLD HARMLESS AND INDEMNITY AGREEMENT

_____, agrees through signing of this document by an authorized party or agent that the Proposer shall indemnify and hold harmless the County and its officers; and employees, from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers and employees may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Proposer and persons employed or utilized by the Proposer in the performance of the awarded contract. The Proposer shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. The Proposer expressly understands and agrees that any insurance protection required by the awarded contract or otherwise provided by Proposer shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

FORM #7 CERTIFICATION REGARDING DEBARMENT & SUSPENSION

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the CONTRACTOR (referred to herein as the "prospective lower tier participant") is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The

knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AN VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

FORM #8 ANTI-LOBBYING CERTIFICATION

CERTIFICATION REGARDING LOBBYING FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, CONTRACTOR understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

References for each category of work are to RFP Scope of Services Items 2-7.2 through 2-7.16. If a vendor elects to "No Bid" individual service offerings, its proposal may be considered non-responsive to the County.

2.7-2. Vegetative Debris Removal -- Work consists of the collection and transportation of eligible vegetative debris on the ROW or public property to a County approved debris management site (DMS) or County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	100,000			
16 to 30 Miles	125,000			
31 to 60 Miles	75,000			
Greater than 60 Miles	50,000			

2-7.3. C&D Debris Removal – Work consists of the collection and transportation of eligible C&D on the ROW or public property to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	15,000			
16 to 30 Miles	25,000			
31 to 60 Miles	25,000			
Greater than 60 Miles	15,000			

2-7.4. Demolition, Removal, Transport & Disposal of Non-RACM Structures – Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000			
16 to 30 Miles	10,000			

31 to 60 Miles	10,000			
Greater than 60 Miles	5,000			

2-7.5. Demolition, Removal, Transport & Disposal of RACM Structures – Work consists of the decommissioning, demolition and disposal of RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000			
16 to 30 Miles	10,000			
31 to 60 Miles	10,000			
Greater than 60 Miles	5,000			

2-7.6. DMS Operation and Reduction Through Grinding – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through grinding. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000			

2-7.7. DMS Management & Reduction by Air Curtain Incineration – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through air curtain incinerators. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000			

2-7.8. Haul-out of Reduced Debris to a County Approved Final Disposal Site – Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County approved final disposal site.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	6,100			
16 to 30 Miles	9,100			
31 to 60 Miles	15,000			
Greater than 60 Miles	30,000			
2-7.9. Removal of Hazardous Trees and Hangers – Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Item 2, Vegetative Debris Removals				
Diameter	Estimated Quantity	$ Per Tree	Total	
6 inch to 12.99 inch diameter	1,500			
13 inch to 24.99 inch diameter	1,000			
25 inch to 36.99 inch diameter	750			
37 inch to 48.99 inch diameter	300			
49 inch to larger diameter	100			
Hanger Removal (per Tree)	3,000			
2-7.10. Removal of Hazardous Stumps – Work consists of removing eligible hazardous stumps and transporting resulting debris from the ROW to a County Approved DMS. Rate includes removal, backfill of stump hole, reduction and final disposal.				
Diameter	Estimated Quantity	$ Per Stump	Total	
24.1 inch to 36.99 inch diameter	500			
37 inch to 48.99 inch diameter	250			
49 inch and larger diameter				

2-7.12. ROW White Goods Debris Removal – Work consists of the removal of eligible white goods from the ROW to a County approved DMS site or County approved facility for recycling. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible white goods from the County approved DMS to a County approved facility for recycling.

Type of Debris	Estimated Quantity	$ Per Unit	Total	
A/C Units, refrigerators and freezers requiring refrigerant recovery and decontamination	250			
Washers, dryers, stoves, ovens and hot water heaters	500			

2-7.13. Household Hazardous Waste Removal, Transport and Disposal – Work consists of the collection, transportation and disposal of household hazardous waste from the ROW to a County approved permitted hazardous waste facility or MSW type I landfill.

	Estimated Quantity	$ Per Pound	Total	
	10,000			

2-7.14. E-Waste Removal – Work consists of the recovery and disposal of televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.

	Estimated Quantity	$ Per Unit	Total	
	250			

2-7.15. Abandoned Vehicle Removal – Work consists of the removal and transport of eligible abandoned vehicles.

Type of Vehicle	Estimated Quantity	$ Per Unit	Total	
Passenger Car	50			
Single Axle	25			

Double Axle	25			
2-7.15. Abandoned Vessel Removal – Works consists of the removal and transport of eligible abandoned vessels.				
Length of Vessel	Estimated Quantity	$ Per Unit	Total	
Vessels less than 20 linear feet	75			
Vessels 21 linear feet or greater	50			
2-7.16. Dead Animal Carcasses – Work consists of the recovery and disposal of dead animal carcasses.				
	Estimated Quantity	$ Per Pound	Total	
	10,000

ADDENDUM No. 1

RFP No. 21-037
Emergency Debris Removal

April 7, 2021

To: All Prospective Bidders:

The following changes, additions, clarifications, and deletions amend the Bid Documents of the above captioned Project, and shall become an integral part of the Contract Documents. Please note the contents herein and affix same to the documents you have on hand. Indicate on the Bid Form that this Addendum has been received.

Questions/Answers

Please sign and return by e-mail to ciminod@stlucieco.org or fax to (772) 462-1704.

Name of Firm: _____

Signature: _____

Date: _____

1. Does the County still have a disaster debris monitoring firm under contract, or is that contract being re-procured as well?
   Answer: The County has newly procured contracts with the following: True North Emergency Mgmt., Thompson Consulting and Tetra Tech.

2. Are you able to provide the names and titles of the evaluation committee members?
   Answer: No

3. Are you able to provide the date, time, and location when the evaluation committee meeting will evaluate proposals?
   Answer: No

4. Where will the intent to award be made, and how will it be communicated to proposers?
   Answer: Notice of Intent are posted on DemandStar.com

5. Does St. Lucie County own any self-loading grapple trucks? If the answer to the previous question is "yes," how many?
   Answer: No

6. How many miles of County maintained roadway is within the County?
   Answer: 540 miles of roadway

7. Does the County have memorandums of understanding or mutual aid agreements in place with other incorporated municipalities within the County that would allow the use of this contract to be utilized by those entities to perform disaster debris management services?
   Answer: No

8. Does the County intend to allow for some of the incorporated municipalities within the County to utilize this contract, and if so, which ones?
   Answer: It is unknown at this time.

9. On page 55 of 76 of the RFP document, the proposed rates will be evaluated on the unit rates submitted for the individual items listed. Does this mean that you will evaluate each line item's cost separately, and thus, will not simply be adding up the line items to come up with a "bid price"?
   Answer: Line items will be evaluated at an overall cost comparison.

10. Does the County plan to evaluate the hourly line items pricing equally with the unit line items pricing, or will they be evaluated and scored separately?
    Answer: They will not be evaluated and scored separately.

11. Line item 2-7.10 of the pricing schedule does not list an estimated quantity for trees that are 49 inches and larger in diameter. Are we to surmise that "0" should be the estimated quantity for this line item?
    Answer: One should be the estimated quantity.

12. Are you able to provide the location(s) of any approved DMS location(s) for the upcoming hurricane season?
    Answer: No

St. Lucie County
First Amendment

DocuSign Envelope ID: 82D7AE03-8C89-437A-8100-B28EDFE476E3

C22-02-156

FIRST AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND CERES ENVIRONMENTAL SERVICES, INC.

THIS FIRST AMENDMENT, is made and entered into this 25 day of January, 2023, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **CERES ENVIRONMENTAL SERVICES, INC.,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, the parties desire to amend the Agreement to exercise the first one-year renewal option.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

   6. **TERM/TIME OF PERFORMANCE**

   Term: The term of this contract shall be for a period of two (2) years beginning on **February 15, 2022** and continuing through and including **February 14, 2024**. Upon mutual written agreement, this Contract may be extended for two (2) additional one-year renewal terms pursuant to the same terms and conditions.

   Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

   Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

2. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

DocuSign Envelope ID: 82D7AE03-8C89-437A-8100-B28EDFE476E3

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

C22-02-156

SECOND AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND
CERES ENVIRONMENTAL SERVICES, INC.

THIS SECOND AMENDMENT, is made and entered into this 14 day of May, 2024, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **CERES ENVIRONMENTAL SERVICES, INC.,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, on January 25, 2023, the parties executed the first amendment to the Contract to exercise the first one-year renewal option.

WHEREAS, the parties desire to further amend the Contract to exercise the second one-year renewal option and update the pricing.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

6. **TERM/TIME OF PERFORMANCE**

Term: The term of this contract shall be for a period of three (3) years beginning on **February 15, 2022** and continuing through and including **February 14, 2025**. Upon mutual written agreement, this Contract may be extended for one (1) additional one-year renewal period pursuant to the same terms and conditions.

Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

2. Paragraph 8. CONTRACT PAYMENT shall be amended to include the following:

DocuSign Envelope ID: AE0F8C5C-BAD3-4F8D-BDA8-3DF0C84F1289

Effective February 15, 2023, the County shall pay the Contractor for the performance of this Contract and completion of the project in accordance with the Contract Documents: Pursuant to the Exhibit "A" Revised Hourly Labor, Equipment and Materials Price Schedule attached.

3. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

Greater than 60 Miles	$15.95	$16.75	$103.68	$108.86

2-7.5. Demolition, Removal, Transport & Disposal of RACM Structures – Work consists of the decommissioning, demolition and disposal of RACM structures on public or private property and hauling the resulting debris to a County approved final

disposal site.

Mileage	Previous Per Cubic Yard	Proposed Per Cubic Yard	Previous Per Ton (Alternate)	Proposed Per Ton (Alternate)
0 to 15 Miles	$18.05	$18.95	$117.33	$123.20
16 to 30 Miles	$18.75	$19.69	$121.88	$127.97
31 to 60 Miles	$19.55	$20.53	$127.08	$133.43
Greater than 60 Miles	$19.95	$20.95	129.68	$136.16

2-7.6. DMS Operation and Reduction Through Grinding – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through grinding. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Previous Per Cubic Yard	Proposed Per Cubic Yard	Previous Per Ton (Alternate)	Proposed Per Ton (Alternate)
	$3.65	$3.83	$49.98	$52.48

2-7.7. DMS Management & Reduction by Air Curtain Incineration – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through air curtain incinerators. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Previous Per Cubic Yard	Proposed Per Cubic Yard	Previous Per Ton (Alternate)	Proposed Per Ton (Alternate)
	$3.15	$3.31	$46.98	$49.33

2-7.8. Haul-out of Reduced Debris to a County Approved Final Disposal Site – Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County approved final disposal site.

Mileage	Previous Per Cubic Yard	Proposed Per Cubic Yard	Previous Per Ton (Alternate)	Proposed Per Ton (Alternate)
0 to 15 Miles	$3.55	$3.73	$17.75	$18.64
16 to 30 Miles	$4.20	$4.41	$21.00	$22.05
31 to 60 Miles	$4.45	$4.67	$22.25	$23.36
Greater than 60 Miles	$5.95	$6.25	$29.75	$31.24

2-7.9. Removal of Hazardous Trees and Hangers – Work consists of removing eligible hazardous trees or limbs and placing

them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Item 2, Vegetative Debris Removals

Diameter	Previous Per Tree	Proposed Per Tree	Percentage Increase	
6 inch to 12.99 inch diameter	$25.00	$26.25	5%	
13 inch to 24.99 inch diameter	$60.00	$63.00	5%	
25 inch to 36.99 inch diameter	$110.00	$115.50	5%	
37 inch to 48.99 inch diameter	$190.00	$199.50	5%	
49 inch to larger diameter	$400.00	$420.00	5%	
Hanger Removal (per Tree)	$98.00	$102.90	5%	

2-7.10. Removal of Hazardous Stumps – Work consists of removing eligible hazardous stumps and transporting resulting debris from the ROW to a County Approved DMS. Rate includes removal, backfill of stump hole, reduction and final disposal.

Diameter	Previous Per Stump	Proposed Per Stump	Percentage Increase	
24.1 inch to 36.99 inch diameter	$200.00	$210.00	5%	
37 inch to 48.99 inch diameter	$325.00	$341.25	5%	
49 inch and larger diameter	$695.00	$729.75	5%	

2-7.12. ROW White Goods Debris Removal – Work consists of the removal of eligible white goods from the ROW to a County approved DMS site or County approved facility for recycling. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible white goods from the County approved DMS to a County approved facility for recycling.

Type of Debris	Previous Per Unit	Proposed Per Unit	Percentage Increase	
A/C Units, refrigerators and freezers requiring refrigerant recovery and decontamination	$79.00	$82.95	5%	
Washers, dryers, stoves, ovens and hot water heaters	$49.00	$51.45	5%	

2-7.13. Household Hazardous Waste Removal, Transport and Disposal – Work consists of the collection, transportation and

disposal of household hazardous waste from the ROW to a County approved permitted hazardous waste facility or MSW type I landfill.				
	Previous Per Pound	Proposed Per Pound	Percentage Increase	
	$2.98	$3.13	5%	

2-7.14. E-Waste Removal – Work consists of the recovery and disposal of televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.				
	Previous Per Unit	Proposed Per Unit	Percentage Increase	
	$59.00	$61.95	5%	

2-7.15. Abandoned Vehicle Removal – Work consists of the removal and transport of eligible abandoned vehicles.				
Type of Vehicle	Previous Per Unit	Proposed Per Unit	Percentage Increase	
Passenger Car	$225.00	$236.25	5%	
Single Axle	$225.00	$236.25	5%	
Double Axle	$275.00	$288.75	5%	

2-7.15. Abandoned Vessel Removal – Works consists of the removal and transport of eligible abandoned vessels.				
Length of Vessel	Previous Per Unit	Proposed Per Unit	Percentage Increase	
Vessels less than 20 linear feet	$125.00	$131.25	5%	
Vessels 21 linear feet or greater	$998.00	$1,047.90	5%	

2-7.16. Dead Animal Carcasses – Work consists of the recovery and disposal of dead animal carcasses.				
	Previous Per Pound	Proposed Per Pound	Percentage Increase	
	$0.95	$1.00	5%	

St. Lucie County
Third Amendment

Docusign Envelope ID: 7D1C080E-807C-496E-B5B9-D25637C298E7

C22-02-156

THIRD AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND CERES ENVIRONMENTAL SERVICES, INC.

THIS THIRD AMENDMENT, is made and entered into this 5 day of March, 2025, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **CERES ENVIRONMENTAL SERVICES, INC.,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, on January 25, 2023, the parties executed the first amendment to the Contract to exercise the first one-year renewal option.

WHEREAS, on May 14, 2024, the parties executed the second amendment to the Contract to exercise the second one-year renewal option and update the pricing; and,

WHEREAS, the parties desire to further amend the Contract to exercise the third one-year renewal option, update the Debris Management Sites (DMS), and clarify the mileage categories.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

   6. **TERM/TIME OF PERFORMANCE**

   Term: The term of this contract shall be for a period of four (4) years beginning on **February 15, 2022** and continuing through and including **February 14, 2026**.

2. Section 2-7.20 Debris Management Sites (DMS) shall be amended to include the following:

   2-7.20 DEBRIS MANAGEMENT SITES (DMS)

   The County shall provide predetermined locations to support the event in which the contract is activated. The County shall provide the vendor with an updated list of those locations annually. Depending on the incident in which the contract is activated the County may provide the Vendor with a minimum of 2 DMS locations.

   The Current Debris Management Sites are as follows:

Florida Department of Environmental Protection (FDEP) **FDEP Site Name & FDEP WACS #**	**Approximate Acres**	**Permitted Waste Type(s)**	**GPS Entrance Location & Address/Description**
Central County - Midway Site	~ 11 acres	**Yard Trash, C&D, Mixed**	27°22'29.0"N 80°24'11.6"W
WACS# 108672			8000 W. Midway Road
Aka. "Midway" or "Former Tropicana"			
Airport West Commerce Park	~ 17 acres	**Yard Trash, C&D, Mixed**	27°29'54.1"N 80°23'54.6"W
WACS# 104969	Depending on rainfall, 20 additional acres		3590 N. Kings Hwy.
Aka. "Kings Highway"	might be usable south of entrance road.		
SLC HD Staging Site	~ 20 usable acres	**Yard Trash, C&D, Mixed**	27°31'14.6"N 80°22'19.6"W
WACS# 99866			(West of US Hwy. 1, east of
Aka. "Indrio Road"			of Kings Hwy.)
Indian River Estates-Yard Waste	~ 1 acre, up to 4 acres	**Yard Trash ONLY**	27°21'07.5"N 80°19'32.5"W
WACS# 106183	if site is cleared of		Entrance is a 30' wide easement on
Aka. "Indian River Estates"	all trees and concrete		US Hwy. 1, just South of Easy Street
St. Lucie County Fairgrounds Staging Area	~ 9 acres (potentially)	**Yard Trash, C&D, Mixed**	27°21'55.4"N 80°29'20.7"W
WACS# 106183	The area was used in 2005.		Enter from Peacock Road
Aka. "Fairgrounds"			

3. Schedule 2 – Unit Rate Price schedule shall be amended to include the following clarification:

Work consists of the collection and transportation of (i)eligible vegetative debris; (ii) C&D; (iii) Non-RACM Structures; (iv) RACM Structures; and (v) reduced eligible disaster related debris on the ROW or public property to a County approved debris management site (DMS) or County approved final disposal site.

Mileages Categories shall be as follows:

A. 0 to 15.9 Miles
B. 16 to 30.9 Miles
C. 31 to 60.9 Miles
D. 70 Miles or Greater

4. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

CONTRACT PROVISIONS FOR FEMA PUBLIC ASSISTANCE

Pursuant to 2 CFR 200.327 and Appendix II to Part 200, the following federal requirements and contract provisions are incorporated herein, where applicable:

Contractor acknowledges that any subcontracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Contractor acknowledges that all subcontracts in excess of $10,000 must address termination for cause and for convenience by the Contractor including the manner by which it will be affected and the basis for settlement.

Contractor agrees to adhere to contract provisions (1) through (20) below where applicable:

1. **Equal Opportunity**: During the performance of this contract, the CONTRACTOR agrees as follows:
During the performance of this contract, the CONTRACTOR agrees as follows:

   (1) The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

   (2) The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

   (3) The CONTRACTOR will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or

applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the CONTRACTOR's legal duty to furnish information.

(4) The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the CONTRACTOR's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the CONTRACTOR's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The CONTRACTOR will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each sub-contractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:
Provided, however, that in the event a CONTRACTOR becomes involved in, or is threatened with, litigation with a sub-contractor or vendor as a result of such direction by the administering agency, the CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.
The applicant further agrees that it will be bound by the above equal opportunity

clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and sub-contractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a CONTRACTOR debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and sub-contractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2. **Davis-Bacon Act:** CONTRACTOR agrees to abide by the following (*as applicable to projects not solely funded by SLFRF funds*):

(1)

Minimum wages —

(i) *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the CONTRACTOR and such laborers and mechanics. As provided in paragraphs (d) and (e) of this section, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(v) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph (a)(4) of this section.

Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (a)(1)(iii) of this section) and the Davis-Bacon poster (WH-1321) must be posted at all times by the CONTRACTOR and its sub-contractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) *Frequently recurring classifications.*

(A) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph (a)(1)(iii) of this section, provided that:

(*1*) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(*2*) The classification is used in the area by the construction industry; and

(*3*) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(B) The Administrator will establish wage rates for such classifications in accordance with paragraph (a)(1)(iii)(A)(*3*) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

(iii) *Conformance.*

(A) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(*1*) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(*2*) The classification is used in the area by the construction industry; and

(*3*) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage

rates contained in the wage determination.

(B) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(C) If the CONTRACTOR and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to *DBAconformance@dol.gov*. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) In the event the CONTRACTOR, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to *DBAconformance@dol.gov,* refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(E) The contracting officer must promptly notify the CONTRACTOR of the action taken by the Wage and Hour Division under paragraphs (a)(1)(iii)(C) and (D) of this section. The CONTRACTOR must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph (a)(1)(iii)(C) or (D) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iv) *Fringe benefits not expressed as an hourly rate.* Whenever the

minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the CONTRACTOR may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(v)

Unfunded plans. If the CONTRACTOR does not make payments to a trustee or other third person, the CONTRACTOR may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the CONTRACTOR, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis- Bacon Act have been met. The Secretary of Labor may require the CONTRACTOR to set aside in a separate account assets for the meeting of obligations under the plan or program.

(vi)

Interest. In the event of a failure to pay all or part of the wages required by the contract, the CONTRACTOR will be required to pay interest on any underpayment of wages.

(2)

Withholding —

(i)

Withholding requirements. The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in paragraph (a) of this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld. In the event of a CONTRACTOR's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work (or otherwise working in construction or

development of the project under a development statute) all or part of the wages required by the contract, or upon the CONTRACTOR's failure to submit the required records as discussed in paragraph (a)(3)(iv) of this section, the City of Fort Pierce may on its own initiative and after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(3)

Records and certified payrolls —

(i)

Basic record requirements —

(A)

Length of record retention. All regular payrolls and other basic records must be maintained by the CONTRACTOR and any sub-contractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(B) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(C) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph (a)(1)(v) of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the CONTRACTOR must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(D) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

(ii) *Certified payroll requirements —*

(A) *Frequency and method of submission.* The CONTRACTOR or sub-contractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the U.S. Treasury if the agency is a party to the contract, but if the agency is not such a party, the CONTRACTOR will submit the certified payrolls to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce. The prime CONTRACTOR is responsible for the submission of all certified payrolls by all sub-contractors. A contracting agency or prime CONTRACTOR may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires

a legally valid electronic signature; the system allows the CONTRACTOR, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime CONTRACTOR permits other methods of submission in situations where the CONTRACTOR is unable or limited in its ability to use or access the electronic system.

(B)

Information required. The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph (a)(3)(i)(B) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH-347 or in any other format desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime CONTRACTOR to require a sub-CONTRACTOR to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime CONTRACTOR for its own records, without weekly submission by the sub-contractor to the sponsoring government agency (or the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records).

(C)

Statement of Compliance. Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the CONTRACTOR or sub-contractor, or the CONTRACTOR's or sub-contractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(*1*)

That the certified payroll for the payroll period contains the information required to be provided under paragraph (a)(3)(ii) of this section, the appropriate information and basic records are being maintained under paragraph (a)(3)(i) of this section, and such information and records are correct and complete;

(*2*) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(*3*) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(D) *Use of Optional Form WH-347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(C) of this section.

(E) *Signature.* The signature by the CONTRACTOR, sub-contractor, or the CONTRACTOR's or sub-contractor's agent must be an original handwritten signature or a legally valid electronic signature.

(F) *Falsification.* The falsification of any of the above certifications may subject the CONTRACTOR or sub-contractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(G) *Length of certified payroll retention.* The CONTRACTOR or sub-contractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iii) *Contracts, subcontracts, and related documents.* The CONTRACTOR or sub-contractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The CONTRACTOR or sub-contractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iv) *Required disclosures and access —*

(A) *Required record disclosures and access to workers.* The CONTRACTOR or sub-contractor must make the records required under paragraphs (a)(3)(i) through (iii) of this section, and any other documents that the City of Fort Pierce or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the City of Fort Pierce or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(B) *Sanctions for non-compliance with records and worker access requirements.* If the CONTRACTOR or sub-contractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any CONTRACTOR or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the CONTRACTOR or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(C) *Required information disclosures.* CONTRACTORs and sub-contractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the U.S. Treasury if the agency is a party to the contract, or to the Wage and Hour Division of the Department of Labor. If the Federal agency is not such a party to the contract, the CONTRACTOR, sub-contractor, or both, must, upon request, provide the full Social Security number and last known address,

telephone number, and email address of each covered worker to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce, the CONTRACTOR, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

(4)

Apprentices and equal employment opportunity —

(i)

Apprentices —

(A)

Rate of pay. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the CONTRACTOR will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(B)

Fringe benefits. Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(C)

Apprenticeship ratio. The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the CONTRACTOR as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to

paragraph (a)(4)(i)(D) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(4)(i)(A) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(D)

Reciprocity of ratios and wage rates. Where a CONTRACTOR is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the CONTRACTOR's registered program must be observed.

(ii)

Equal employment opportunity. The use of apprentices and journeyworkers under this part must be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5)

Compliance with Copeland Act requirements. The CONTRACTOR shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this contract.

(6)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses contained in paragraphs (a)(1) through (11) of this section, along with the applicable wage determination(s) and such other clauses or contract modifications as the U.S. Treasury may by appropriate instructions require, and a clause requiring the sub-contractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime CONTRACTOR is responsible for compliance by any sub-contractor or lower tier sub-contractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and may be subject to debarment, as appropriate.

(7) *Contract termination: debarment.* A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a CONTRACTOR and a sub-contractor as provided in 29 CFR 5.12.

(8) *Compliance with Davis-Bacon and Related Act requirements.* All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) *Disputes concerning labor standards.* Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the CONTRACTOR (or any of its sub-contractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) *Certification of eligibility.*

(i) By entering into this contract, the CONTRACTOR certifies that neither it nor any person or firm who has an interest in the CONTRACTOR's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(iii) The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

(11) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(ii) Filing any complaint, initiating or causing to be initiated any

proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

(iv) Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

3. **Contract Work Hours and Safety Standards Act (CWHSSA):** CONTRACTOR hereby agrees to abide by the following:

(1) *Overtime requirements.* No CONTRACTOR or sub-contractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the CONTRACTOR and any sub-contractor responsible therefore shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such CONTRACTOR and sub-contractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of $33 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1).

(3) *Withholding for unpaid wages and liquidated damages —*

(i) *Withholding process.* The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the

CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this paragraph

(b) on this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(4)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses set forth in paragraphs (b)(1) through (5) of this section and a clause requiring the sub-contractors to include these clauses in any lower tier subcontracts. The prime CONTRACTOR is

responsible for compliance by any sub-contractor or lower tier sub-contractor with the clauses set forth in paragraphs (b)(1) through (5). In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and associated liquidated damages and may be subject to debarment, as appropriate.

(5) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

(ii) Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

(iv) Informing any other person about their rights under CWHSSA or this part.

4. <u>Clean Air Act and Federal Water Pollution Control Act:</u>

<u>Clean Air Act</u>
CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury.

<u>Federal Water Pollution Control Act</u>
The CONTRACTOR agrees to comply with all applicable standards, orders, or

regulations issued pursuant to the federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 et seq.
The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the Florida Department of Commerce, if applicable), U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury

5. **Debarment and Suspension:** This contract is a covered transaction for purposes of 2 C.F.R. Part 180 and 2 C.F.R. Part 3000. As such, the CONTRACTOR is required to verify that none of the CONTRACTOR's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
The CONTRACTOR must comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters.
This certification is a material representation of fact relied upon by City of Fort Pierce. If it is later determined that the CONTRACTOR did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to City of Fort Pierce, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.
The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

6. **Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352, as amended.** Contractors who apply or bid for an award of more than $100,000 shall file the required certification. Each tier certifies to the tier above that it will not and has not used federally appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the federal awarding agency.

7. **Procurement of Recovered Materials:** In the performance of this contract, the CONTRACTOR shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired-

a) Competitively within a timeframe providing for compliance with the contract performance schedule;

b) Meeting contract performance requirements; or

c) At a reasonable price.

Information about this requirement, along with the list of EPA-designated items, is available at Comprehensive Procurement Guideline (CPG) Program | US EPA. The CONTRACTOR also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

8. **Prohibition on Contracting for Covered Telecommunications Equipment or Services:** CONTRACTOR agrees to adhere to the following:

(a) *Definitions.* As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in US TREASURY Policy 405-143-1, Prohibitions on Expending US Treasury Award Funds for Covered Telecommunications Equipment or Services, as used in this clause—

(b) *Prohibitions.*

1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

2) Unless an exception in paragraph (c) of this clause applies, the CONTRACTOR and its sub-contractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

i. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

ii. Enter, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or

services as a substantial or essential component of any system, or as critical technology of any system;

iii. Enter, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

iv. Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Exceptions.*

1) This clause does not prohibit Contractors from providing—

i. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

ii. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

2) By necessary implication and regulation, the prohibitions also do not apply to:

i. Covered telecommunications equipment or services that:

a. Are <u>not used</u> as a substantial or essential component of any system; <u>and</u>

b. Are <u>not used</u> as critical technology of any system.

ii. Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d) *Reporting requirement.*

1) In the event the CONTRACTOR identifies covered telecommunications equipment or services used as a substantial or essential component of any

system, or as critical technology as part of any system, during contract performance, or the CONTRACTOR is notified of such by a sub-CONTRACTOR at any tier or by any other source, the CONTRACTOR shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

2) The CONTRACTOR shall report the following information pursuant to paragraph (d)(1) of this clause:

i. Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

ii. Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the CONTRACTOR shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The CONTRACTOR shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments."

9. <u>Domestic Preferences for Procurements:</u>

<u>Domestic Preference for Procurements:</u>
The CONTRACTOR should, to the greatest extent practicable and consistent with law, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.
<u>For purposes of this clause:</u>
Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States."

10. <u>Build America, Buy America Act (BABAA) (*if applicable*):</u>

Contractors and their sub-contractors who apply or bid for an award for an infrastructure project subject to the domestic preference requirement in the Build America, Buy America Act shall file the required certification to the City of Fort Pierce with each bid or offer for an infrastructure project, unless a domestic preference requirement is waived by U.S. Treasury. Contractors and sub-contractors certify that no federal financial assistance funding for infrastructure projects will be provided unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States. BABAA, Pub. L. No. 117-58, §§ 70901-52. Contractors and sub-contractors shall also disclose any use of federal financial assistance for infrastructure projects that does not ensure compliance with BABAA domestic preference requirements. Such disclosures shall be forwarded to the recipient who, in turn, will forward the disclosures to U.S. Treasury, the federal agency; subrecipients will forward disclosures to the pass- through entity, who will, in turn, forward the disclosures to U.S. Treasury.

11. Affirmative Socioeconomic Steps (*if applicable to this Contract*):

When possible, CONTRACTOR should ensure that small businesses, minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms (*See U.S. Department of Labor's list*) take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(6) to ensure that small and minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible.

12. Access to Records. CONTRACTOR agrees to adhere as follows:

The CONTRACTOR agrees to provide City of Fort Pierce, Florida Department of Commerce, the U.S. Treasury Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the CONTRACTOR which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

The CONTRACTOR agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

The CONTRACTOR agrees to provide the U.S. Treasury Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

In compliance with section 1225 of the Disaster Recovery Reform Act of 2018, the City of Fort Pierce and the CONTRACTOR acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the U.S. Treasury Administrator or the Comptroller General of the United States.

13. Compliance with Federal Law, Regulations, and Executive Orders and Acknowledgement of Federal Funding:

This is an acknowledgement that US TREASURY financial assistance will be used to fund all or a portion of the contract. The CONTRACTOR will comply with all applicable federal law, regulations, executive orders, US TREASURY policies, procedures, and directives.

14. No Obligation by Federal Government:

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the recipient or subrecipient, CONTRACTOR, or any other party pertaining to any matter resulting from the contract.

15. Contract Changes or Modifications:

To be allowable under a federal grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

16. Program Fraud and False or Fraudulent Statements or Related Acts:

The CONTRACTOR acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the CONTRACTOR's actions pertaining to this contract.

17. Copyright Materials (*if applicable*):

License and Delivery of Works Subject to Copyright

The CONTRACTOR grants to the City of Fort Pierce, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the CONTRACTOR will identify such data and grant to the City of Fort Pierce or acquire on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the CONTRACTOR will deliver to the City of Fort Pierce data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the City of Fort Pierce.

18. Build America, Buy America Act (BABAA) (*Architectural and/or Engineering Contracts*):

Build America, Buy America Act Preference.

Contractors and sub-contractors agree to incorporate the Buy America Preference into planning and design when providing architectural and/or Engineering professional services for infrastructure projects. Consistent with the Build America, Buy America Act (BABAA) Pub. L. 117- 58 §§ 70901-52, no federal financial assistance funding for infrastructure projects will be used unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States."

19. **Publications**. Any publications produced with funds from this award must display the following language: "This project [is being] [was] supported, in whole or in part, by federal award number [enter project FAIN] awarded to [name of Recipient] by the U.S. Department of the Treasury."

20. **DHS Seal, Logo, and Flags:** CONTRACTOR must obtain written permission from DHS prior to using the DHS seals, logos, crests, reproductions of flags, or likenesses of DHS agency officials. This includes use of DHS component (e.g., U.S. Treasury, CISA, etc.) seals, logos, crests, or reproductions of flags, or likenesses of component officials.

EXHIBIT II
FEMA PUBLIC ASSISTANCE CONTRACT PROVISIONS

- This form is required only for purchases of more than $100,000 -

CERTIFICATION REGARDING LOBBYING
(Appendix A to 31 CFR Part 21 – New Restrictions on Lobbying)

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure

The CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Ch. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

CONTRACTOR SELF-CERTIFICATION
REGARDING BUILD AMERICA BUY AMERICA (BABAA)

The undersigned certifies, to the best of his or her knowledge and belief, that:

The Build America, Buy America Act (BABAA) requires that no federal financial assistance for "infrastructure" projects is provided "unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States." Section 70914 of Public Law No. 117-58, §§ 70901-52.

The undersigned certifies for any projects related to **Emergency Debris Removal Services** that the iron, steel, manufactured products, and construction materials used in this contract are in full compliance with the BABAA requirements including:

1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. All manufactured products purchased with federal financial assistance must be produced in the United States. For a manufactured product to be considered produced in the United States, the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55% of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.

3. All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Section 787.06(13), Florida Statutes, requires all nongovernmental entities executing, renewing, or extending a contract with a governmental entity to provide an affidavit signed by an officer or representative of the nongovernmental entity under penalty of perjury that the nongovernmental entity does not use coercion for labor or services as defined in that statute. As the person authorized to sign on behalf of Vendor, I certify that the company identified does not:

1. Use or threaten to use physical force against any person;
2. Restrain, isolate, or confine or threaten to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Use lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroy, conceal, remove, confiscate, withhold, or possess any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Cause or threaten to cause financial harm to any person;
6. Entice or lure any person by fraud or deceit; or
7. Provide a controlled substance as outlined in Schedule I or Schedule II of section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person.

Under penalties of perjury, I declare that I have read the foregoing document and that the facts stated in it are true.

RLS#236	DRC EMERGENCY SERVICES, LLC
RLS#237	BERGERON EMERGENCY SERVICES
RLS#238	CERES ENVIRONMENTAL SERVICES, INC.

DATE: AUGUST 22, 2025

I have reviewed the above Request for Legal Services (RLS) related to the Mutual Benefit and Use Agreements (MBUA) between the City of Fort Pierce and the above-named Contractors which piggybacks on St. Lucie County's contract for emergency debris removal. Please note the following comments:

1. Each MBUA has been revised to reflect the procurement and agreement history.
2. Each MBUA has been revised to reflect the new Term Period and additional provisions. Since these contracts may require debris removal services during a declared state of emergency event, I recommend incorporating contract provisions required should the city seek federal public assistance from FEMA (Federal Emergency Management Agency). Since St. Lucie County's contract with the Contractors does not include all contract language required for federal public assistance, I have drafted an Exhibit that does contain all required provisions.
3. Each MBUA contains language related to passage of SB 180 which requires a breach of contract provision for contracts entered into, renewed, or amended on or after July 1, 2025, requiring the service provider to pay a penalty in the event the provider breaches the contract during an emergency recovery period.
4. A redlined version of the MBUA for True North Emergency Management has been included with this Memo so changes made to all the other MBUAs can be tracked.

5. A clean version of each MBUA is included with this Memo which I recommend for template use for future MBUAs.
6. All MBUAs are approved as to form and correctness.
7. Recommendation: The Department should place all MBUAs on the Commission consent Agenda for review and approval *prior* to execution.

If you have any questions, please do not hesitate to contact this Office via phone or e-mail. Thank you.

City Commission Regular Meeting - 5:05 PM **11. Y.**

Meeting Date: 09/02/2025

Re: Approve the Mutual Benefit and Use Agreement with Custom Tree Care Inc.

Submitted For: Jason Atkinson, Director of Public Works, Public Works

---

SUBJECT:

Approve the Mutual Benefit and Use Agreement with Custom Tree Care, Inc., for Emergency Debris Removal Services for the 2025 Hurricane Season.

SUMMARY:

MUTUAL BENEFIT AND USE AGREEMENT
ADOPTION OF ST. LUCIE COUNTY, CONTRACT C22-02-157
EMERGENCY DEBRIS REMOVAL SERVICES

WHEREAS it is foreseen that it may be in the public interest to provide for the expedient removal of disaster debris within the corporate limits of the City of Fort Pierce, FL resulting from a natural or manmade event; and

WHEREAS the public health and safety of all the citizens will be at serious risk; and

WHEREAS, the immediate economic recovery of the City of Fort Pierce, FL and its citizens is a major concern and the primary priority for recovery; and

WHEREAS, City of Fort Pierce, FL has a community of interest in St. Lucie County, FL with respect to the debris services that may be necessary to affect a recovery from an anticipated storm event; and

WHEREAS, on April 14, 2021, St Lucie County, FL received responses to RFP No. 21-037 for Emergency Debris Removal Services to which CTC Disaster Response, Inc. f/k/a Custom Tree Care, Inc. (hereinafter "Contractor") submitted a competitive proposal and was selected; and

WHEREAS, the City's Purchasing Policy allows for purchases to be made directly from any federal, state, county, city or other governmental contract providing that said contract was the result of a bona fide competitive process and is a current contract. As defined in this contract, the term "Piggyback" refers to City purchases made under the allowance in the City's Purchasing Policies; and

WHEREAS, City of Fort Pierce, FL has reviewed the solicitation, proposal, and evaluation related to the selection of the Contractor by St. Lucie County, FL and endorses the process and selection of Contractor; and

WHEREAS, City of Fort Pierce, FL has reviewed the Contract for Emergency Debris Removal Services between **St. Lucie County, FL and CTC Disaster Response, Inc. f/k/a Custom Tree Care, Inc**. commencing February 15, 2022, said contract being identified as**:** February 15, 2022, Contract No. C22-02-157, attached hereto as Exhibit "I", *and* has found the Scope of Services, prices, and terms, and conditions as set out in that Contract to be reasonable, acceptable, and of benefit to their citizens; and

WHEREAS, St. Lucie County, FL and Contractor entered in a First Amendment to the February 15, 2022, Contract No. C22-02-157 to revise Time of Performance/Term Period commencing February 15, 2022, and continuing through February 14, 2024; and

WHEREAS, St. Lucie County, FL and Contractor entered in a Second Amendment to the February 15, 2022, Contract No. C22-02-157 to revise Contract Payment, and Time of Performance/Term Period commencing February 15, 2022, and continuing through February 14, 2025; and

WHEREAS, St. Lucie County, FL and Contractor entered in a Third Amendment to the February 15, 2022, Contract No. C22-02-157 to revise Section 2-7.20 Debris Management Sites, the Unit Rate Price Schedule, Time of Performance/Term Period commencing February 15, 2022, and continuing through February 14, 2026; and

THEREFORE, having reached concurrence and acceptance of the procurement process and the contract stipulations, The City of Fort Pierce, FL agrees to enter into a contract with **CTC Disaster Response, Inc. f/k/a Custom Tree Care, Inc**. for Emergency Debris Removal Services under the original terms, conditions, and pricing of the February 15, 2022, Contract No. C22-02-157 with the additional terms as follows:

1. The above recitals are true and correct and incorporated herein.

2. The parties understand, acknowledge and agree that City of Fort Pierce shall be substituted for any reference to St. Lucie County, Florida or County and as user or buyer of the CONTRACTOR'S goods and/or services provided that such reference does not increase City of Fort Pierce's liability and/or responsibilities for goods and/or services beyond those specifically described in Exhibit I of this Agreement. The Parties' Agreement shall consist of these terms and conditions, Exhibit I, and Exhibit II (hereinafter referred to as the "Agreement"). If there is a conflict between these documents, then in order of preference the terms and conditions contained in this document control first, then Exhibit I, then Exhibit II.

3. CONTRACTOR agrees that Exhibit "II", FEMA Public Assistance Contract Provisions, shall be made part of the Agreement and apply (as applicable) to facilitate City of Fort Pierce's attempt to seek reimbursement from the Federal Emergency Management Agency ("FEMA Reimbursement"), of all, or a portion of, the payments made to CONTRACTOR by City of Fort Pierce. All references herein, to laws, regulations, or standards, shall also mean future amendments, and/or modifications, and/or changes to the same. Unless agreed to, otherwise in writing, signed by both Parties, under no conditions shall CONTRACTOR have a right, and/or claim, to recover any portion of the FEMA Reimbursement that is sought or may be sought by City of Fort Pierce.

4. **Address change for the City**: Notwithstanding the address and contract information for the government entity as set out in Exhibit "I", CONTRACTOR agrees to send notices and invoices to, and will conduct all business with:

City of Fort Pierce, Florida
Attention: Finance
100 N. U.S. Hwy 1, Fort Pierce, FL 34954
Telephone: (772) 467-3000
Email: dfaniel@cityoffortpierce.com

5. At all times, CONTRACTOR shall comply with Florida's public records laws. CONTRACTOR shall abide by all public records laws, and specifically: (1) Keep and maintain public records required by the public agency to perform the service; (2) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law; (3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency; (4) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CITY OF FORT PIERCE'S CUSTODIAN OF PUBLIC RECORDS AT PUBLICRECORDS@CITYOFFORTPIERCE.COM OR 772-467-3065; LOCATED AT 100 N. US HIGHWAY 1, FORT PIERCE, FL 34950.

6. Nothing contained in Exhibit "I", or this Agreement is intended to or shall be read to waive the City's Sovereign Immunity or to increase the limits thereto, pursuant to section 768.28, Florida Statutes.

7. All requirements of Section 448.095, Florida Statutes, shall be complied with by Contractor. In accordance with, Section 448.095, Florida Statutes, Contractor shall register with and utilize the E-Verify System operated by the United States Department of Homeland Security to verify the employment eligibility of all new employees hired during the term of the Agreement and shall expressly require any subcontractors performing work or providing services pursuant to this Agreement to likewise utilize the E-Verify System to verify the employment eligibility of all new employees hired by the subcontractor during the term of this Contract. If Contractor enters into a contract with a subcontractor performing work or providing services on its behalf, Contractor shall also require the subcontractor to provide an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Information on registration for and use of the E-Verify System can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify. Contractor shall, upon request, provide evidence of compliance with this provision to the City. An agreement terminated pursuant to Section 448.095 is not a breach of contract and may not be considered as such. If the City terminates this Agreement with Contractor, Contractor may not be awarded a public contract for at least one (1) year after the date on which the contract was terminated. Contractor is liable for any additional costs incurred by the City as a result of the termination of this Agreement under Section 448.095, Florida Statutes.

8. CONTRACTOR acknowledges and agrees, in Exhibit "III", an affidavit made part of this Agreement, that CONTRACTOR does not use coercion for labor or services as attested to and signed by an officer or representative of CONTRACTOR in accordance with Florida Statute Section 787.06(13).

9. **Breach of Contract During Emergency Recovery Periods for Natural Emergencies**: As part of this Agreement for goods or services related to emergency response for a natural emergency entered into, renewed, or amended on or after July 1, 2025, and upon breach by CONTRACTOR during an emergency recovery period, CONTRACTOR shall pay a $5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages. As used in this section, the term "emergency recovery period" means a 1-year period that begins on the date that the Governor initially declared a state of emergency for a natural emergency.

Having full authority, the parties do hereby complete this Agreement by signing below:

C22-02-157

EMERGENCY DEBRIS REMOVAL CONTRACT

THIS CONTRACT, made this 15th day of February, 2022, between ST. LUCIE COUNTY, a political subdivision of the State of Florida, hereinafter called the "COUNTY", and CUSTOM TREE CARE, INC., or his, its or their successors, executors, administrators, and assigns hereinafter called the "CONTRACTOR":

WITNESSETH:

1. **PURPOSE**

That Contractor agrees with County, for the consideration herein mentioned, at his, its or their own proper cost and expense to do all the Work and furnish all the materials, equipment, supplies, and labor necessary to carry out this Contract in the manner and to the full extent as set forth in the Contract Documents, and to the satisfaction of the duly authorized representatives of St. Lucie County, who shall have at all times full opportunity to inspect the materials to be furnished and the Work to be done under this Contract.

2. **GENERAL DESCRIPTION OF WORK/SCOPE OF SERVICES**

It is agreed that the Work to be done under this Contract is: **Emergency Debris Removal** as further described in St. Lucie County Request for Proposals **RFP# 21-037**, made a part hereof by this reference. Scope of Services are including, but not limited to the following:

- Emergency Road Clearance
- ROW Vegetative Debris Removal
- ROW C&D Debris Removal
- Demolition, Removal, Transport and Disposal of Non-RACM Structures
- Demolition, Removal, Transport and Disposal of RACM Structures
- DMS(s) Management, Operations and Reduction through Grinding
- DMS(s) Management, Operations and Reduction through Above Ground Air Curtain Incineration
- Haul-Out of Reduced Debris to a County Approved Final Disposal Site
- Removal of Hazardous Trees and Hangers
- Removal of Hazardous Stumps
- ROW White Goods Debris Removal
- Household Hazardous Waste (HHW) Removal, Transport and Disposal
- E-Waste Removal
- Abandoned Vehicle and Vessel Removal
- Dead Animal Carcasses

The Contractor shall be capable of assembling, directing and having the capacity to manage a major workforce, with multiple subcontractors, that can be fully operational in debris management operations and to cover the expenses of a major recovery prior to being paid by the County. Established

management teams must be in place. The Contractor shall have the resources to provide the equipment and personnel necessary to cover a major disaster. The Contractor shall be able to assemble trucks, equipment, materials and crews immediately following a disaster, giving the County of Deltona priority status.

The Contractor shall contact County Project Manager at a minimum of forty-eight (48) hours prior to a hurricane event or immediately upon the occurrence of a debris-generating incident within St. Lucie County for which there is no advance warning. After a disaster occurs, a designated St. Lucie County employee will contact the Contractor holding the Disaster Debris Removal and Disposal contract to advise them of the County intent to activate the contract for removal and disposal of disaster debris. Before work begins, the County will issue a written Notice to Proceed. Within eight (8) hours of receiving the Notice to Proceed, the Contractor will send a management team to report to the County Project Manager to begin planning for the operations and mobilizing the personnel and equipment as necessary to perform the work. Mobilization by the Contractor shall begin within twenty-four (24) hours of notification by the County. Within seventy-two (72) hours of receipt of the Notice to Proceed, the Contractor shall be fully established and continue debris removal operations. The Contractor shall make every effort to be at the disaster site within the stated time frame. The removal and disposal work must be conducted in a systematic and predictable manner.

Under this Contract, work shall consist of coordinating and mobilizing an appropriate number of cleanup crews, as determined by the County's Debris Manager. Work shall also include the clearing and removing of any and all "eligible" debris as most currently defined (at the time Notice to Proceed is issued and executed by the County for the Contractor) by the FEMA Public Assistance grant program guidelines in FEMA's PAPPG, all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies, and as directed by the County Debris Manager. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. The aforementioned definition of "eligible" applies to all uses throughout Scope of Services items 2-7.1 through 2-7.16. Work will include: (1) examining debris to determine whether or not debris is eligible; (2) loading the debris; (3) hauling debris to County approved DMS(s) or County approved Final Disposal Site(s); (4) reducing disaster related debris; (5) hauling reduced debris to a County approved Final Disposal Site; and (6) disposing of reduced debris at a County approved Final Disposal Site. Debris not defined as eligible by FEMA, state or federal DSGs or policies will not be loaded, hauled, or dumped under this contract unless written instructions to do so are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce, and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Notice to Proceed, unless otherwise directed by the County Debris Manager in writing.

3. **PROJECT MANAGER**

The Project Manager for the County is George Landry at (772) 462-1846. The Project Manager for the Contractor is Greg Gathers at (785) 478-9805.

The parties shall direct all matters arising in connection with the performance of this Contract, other than invoices and notices, to the attention of the Project Managers for attempted resolution or action. Except as otherwise provided for in this Contract, the Project Managers shall be responsible for overall resolution or action. The Project Managers shall be responsible for overall coordination and

oversight relating to the performance of this Contract. The Project Manager, however, has no authority to approve or execute Change Order Work except as set forth in the County Purchasing Manual.

The Contractor shall keep during the term of this Contract a competent Project Manager, any necessary assistants, all satisfactory to the County's Project Manager. The Contractor shall not use a Project Manager to whom the County has made reasonable and timely objection. The Contractor shall not change their Project Manager without the County's consent. The County's Project Manager shall be able to reach the Contractor's Project Manager at their cell number. The Contractor shall give sufficient superintendence to the work using his best skill and attention. At any time the County's Project Manager, with or without cause, may request that the Contractor replace any individual with an individual acceptable to the County.

4. CONTRACT DOCUMENTS

The Contract Documents which comprise the Contract between the County and the Contractor are attached hereto and made part hereof and consist of the following:

A. This Contract, consisting of pages 01 through 33 inclusive.

B. Contractor's Proposal, consisting of 20 pages, including:
   - Form 1 – Proposer Information and Authorization Signature
   - Form 2 – Non-Collusion Affidavit
   - Form 3 – Corporate Resolution
   - Form 4 – Confirmation of Drug-Free Workplace
   - Form 5 – Public Entity Crime Affidavit
   - Form 6 – Hold Harmless and Indemnity Agreement
   - Form 7 – Certification Regarding Debarment & Suspension
   - Form 8 – Anti-Lobbying Certification
   - Form 9 – Hourly Labor, Equipment and Material Price Schedule and the Unit rate Price Schedule

C. RFP Documents, consisting of 76 pages

D. Addenda No. 01

E. Insurance Certificates which shall be provided by the Contractor, along with the return of an executed copy of this Contract.

F. Any Modifications, including change orders, duly delivered after execution of this Contract.

Except for duly authorized and executed Modifications including but not limited to change orders and contract amendments, any conflict between the terms and conditions of this Contract and the terms and conditions of any of the other contract documents shall be interpreted in favor of this Contract.

5. PERFORMANCE GUARANTY

That Contractor guarantees to repair, replace or otherwise make good to the satisfaction of the County any defect in workmanship or material appearing in the Work; and further guarantees the successful performance of the Work for the service intended. Neither inspection nor payment, including final payment, by the County shall relieve the Contractor or its Surety from his or its obligations to do and complete the Work in accordance with this Contract. If the County deems it inexpedient to require the Contractor to correct deficient or defective Work, an equitable deduction from the contract price shall be

made therefore or in the alternative, if the expense incurred by the County to correct deficient or defective Work exceeds the unpaid balance on this Contract, the Contractor shall pay the difference to the County. The liability of the Contractor and its surety or sureties for such payment is joint and several.

6. **TERM/TIME OF PERFORMANCE**

Term: The term of this contract shall be for a period of one (1) year beginning on the date first written above. Upon mutual written agreement, this Contract may be extended for three (3) additional one-year renewal terms pursuant to the same terms and conditions.

Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

7. **DELAY DAMAGES**

It is mutually agreed between the parties hereto that time is of the essence in the performance of this Contract. In the event the Work is not completed within the time herein the County will suffer damages, the amount of which is difficult if not impossible to ascertain. It is agreed, therefore, that from the compensation otherwise to be paid to the Contractor, the County may retain the sum as follows per calendar day for each day thereafter, Sundays and holidays included, that the Work remains uncompleted and/or as indicated.

(A) The Contractor shall pay the County, as liquidated damages, **$1000.00** (one thousand and 00/100 dollars) per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued Notice to Proceed.

(B) The Contractor shall pay the County, as liquidated damages, **$500.00** (five hundred and 00/100 dollars) per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County approved Final Disposal Site and/or any associated fines levied by a third party. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

(C) The Contractor shall pay the County, as liquidated damages, **$500.00** (five hundred and 00/100 dollars) per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages

This sum shall represent the liquidated damages which the County will have sustained per calendar day from the inconvenience and expense caused to the County by the delay in the completion of the Work. This sum is not a penalty, being the liquidated damages the County will have sustained in event of such default by the Contractor. The County reserves the right to additionally recover direct job site expenses incurred during the period of any delay. The Contractor shall be liable for liquidated damages even if the Contract is terminated by the County for cause or if the Contractor abandons the Work. The liability of the Contractor and its surety or sureties for damages provided by this Article is joint and several.

8. **CONTRACT PAYMENT**

The County shall pay the Contractor for the performance of this Contract and completion of the project in accordance with the Contract Documents: Pursuant to Form #9 Hourly Labor, Equipment and Materials Price Schedule attached

9. **PAYMENT TERMS/SCHEDULE**

The County shall make payments on account of the Contract as follows:

Payment to the Contractor shall be due within 30 calendar days after the date on which the payment request or invoice is stamped as received by the County.

A five percent (5%) retainage will be withheld from each invoice until the end of the project. In order to release the retainage, the Contractor(s) must successfully complete the project, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

The County may reject the payment request or invoice in writing within 20 calendar days after the date on which the payment request or invoice is stamped as received by the County, which shall specify the deficiency and the action necessary to correct the deficiency and to make the payment request or invoice proper. Payment of a corrected payment request or invoice, or rejection thereof, shall be made 10 business days after the date the corrected payment request or invoice is stamped as received as by the County. All applications for payment submitted by the Contractor shall reference the County's Contract number.

If a dispute between the County and the Contractor cannot be resolved by the procedure in this subsection, then the dispute must be resolved in accordance with the dispute resolution procedure set-forth in this Contract. If the County disputes a portion of the payment request or invoice, then the undisputed portion shall be paid timely in accordance with this subsection.

As a part of this Contract, if the Contractor receives payment then the Contractor must remit undisputed payment due to subcontractors and suppliers within 10 calendar days after contractor's receipt of payment. A subcontractor who receives payment must remit undisputed payment due to those subcontractors and suppliers within 7 calendar days after subcontractor's receipt of payment.

The County shall pay the Contractor through payments issued by the County Finance Department, upon receipt of the certified invoice from the County Project Manager. The parties agree, however, that

any payments withheld as liquidated damages or for any other reason allowed by this Contract, shall not be governed by the Florida Prompt Payment Act.

a. The County, or its authorized representative, will monitor, verify, and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be legible and properly completed. Tickets missing loading address, truck number, certified capacity, collection monitor signature, disposal site, load call, or disposal monitor signature will not be paid, nor will the County be responsible for unpaid incomplete tickets.

b. If tasked with private property and FHWA-ER funded roadway debris removal operations, these will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, white goods, or other scope of service items), program (ROW collection, private property debris removal, etc.), or both.

c. Invoices shall be submitted to the County's authorized representative on a bi-weekly basis unless otherwise direct by the County. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

d. No separate payment will be made for mobilization and demobilization operations. These costs are included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

e. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

f. Payment for disposal cost incurred by the Contractor at County approved Final Disposal Sites will be made at the cost incurred by the Contractor. The County will either coordinate payment of disposal costs directly with the Final Disposal Site or require the Contractor to pay the disposal fees and then invoice the County. The Contractor shall submit a copy of all invoice(s) received by the County approved Final Disposal Site, an electronic copy tabulating all scale or load tickets issued by the County approved Final Disposal Site, and proof of Contractor payment to the County approved Final Disposal Site. The County will not render payment for disposal costs until the Contractor submits applicable disposal site permits or site information for each authorized Final Disposal Site.

g. Contractor must submit a final invoice within 30 calendar days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris

Manager. The final invoice must be marked "FINAL INVOICE" and no additional payments will be made after the Contractor's final invoice.

h. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds.

i. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of 7 years following receipt of final payment for the services referenced herein. In the event litigation ensues or the County challenges a decision by FEMA to disallow or de-obligate costs incurred under the contract, then Contractor shall retain all records hereunder for a period of 7 years after conclusion of the litigation or FEMA dispute, including any and all appeals.

10. **SUBCONTRACTORS**

The County prefers that the Contractor provide all services needed to comply with the Contract. Should a subcontractor be needed, the Contractor will be the sole point of contact and have sole responsibility for all issues. It is the responsibility of the Contractor to ensure that subcontractors needed to be used during the collection and disposal of disaster debris shall comply with the scope of work initiated to support this project. In the event Contractor requires the services of any subcontractor or professional associate in connection with the Work to be performed under this Contract, the Contractor shall secure the written approval of the County Project Manager before engaging such subcontractor or professional associate.

11. **AUDIT**

The Contractor agrees that the County or any of its duly authorized representatives shall, until the expiration of three years after expenditure of funds under this Contract, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Contractor involving transactions related to this Contract. The Contractor agrees that payment(s) made under this Contract shall be subject to reduction for amounts charged thereto which are found on the basis of audit examination not to constitute allowable costs under this Contract. The Contractor shall refund by check payable to the County the amount of such reduction of payments. All required records shall be maintained until an audit is completed and all questions arising therefrom are resolved, or three years after completion of the project and issuance of the final certificate, whichever is sooner.

12. **PUBLIC RECORDS**

The Contractor shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Contractor in conjunction with this Contract. Specifically, the Contractor shall:

(a) Keep and maintain public records that ordinarily and necessarily would be required by the County in order to perform the service.

(b) Provide the public with access to public records on the same terms and conditions that the County would provide the records and at a cost that does not exceed the cost provided in state law or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

(d) Upon completion of the Contract, transfer, at no cost, to the County all public records in possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public record disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All record stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology system of the County.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (772)462-1441, BellamyS@stlucieco.org, COUNTY ATTORNEY'S OFFICE 2300 VIRGINIA AVENUE, FORT PIERCE, FL 34982

13. **ACCESS TO RECORDS**

The following access to records requirement applies to this Contract:

(i) Contractor agrees to provide the County, the State agency, the administrator of the federal awarding agency, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this Contract for the purposes of making audits, examinations, excerpts, and transcriptions.

(ii) Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(iii) Contractor agrees to provide the administrator of the federal awarding agency or his or her authorized representatives access to construction or other work sites pertaining to the work being completed under the Contract.

(iv) In compliance with the Disaster Recovery Reform Act of 2018, the County and Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the administrator of the federal awarding agency or the Comptroller General of the United States.

14. **GUARANTEE**

The Contractor guarantees to repair, replace or otherwise make good to the satisfaction of the County any defects in workmanship or material appearing in the work within one year after the day of the certificate for final performance of the work for the service intended. Contractor further guarantees the successful performance of the work for the service intended. Neither inspection nor payment, including final payment by the County shall relieve the Contractor from his or its obligations to do and complete the work in accordance with this contract. If the County deems it inexpedient to require the Contractor to correct deficient or defective materials or labor, an equitable deduction from the contract price shall be made therefore or in the alternative, the County may sue for damages. This guarantee is in addition to any other warranty available to the County for the Work including but not limited to manufacturers warranties.

15. **CONTRACTOR RESPONSIBILITY**

The Contractor is an independent contractor and is not an employee or agent of the County. Nothing in this Contract shall be interpreted to establish any relationship other than that of an independent contractor, between the County and the Contractor, its employees, agents, subcontractors, or assigns, during or after the performance of this Contract. The Contractor shall take the whole responsibility for the means, methods, techniques, sequences, and production of the Work.

The Contractor shall bear all losses resulting to him, or its, on account of the amount or character of the Work, or because of the nature of the ground beneath, in or on which the Work is done is different from what was assumed or expected, or because of bad weather, or because of errors or omissions in his or its bid on the Contract price, or except as otherwise provided in the Contract Documents because of any other causes whatsoever. Execution of this Contract by the Contractor is a representation that the Contractor has visited the site, has conducted a sufficient investigation of the surface and sub-surface conditions in order to submit its bid, has become familiar with the local conditions under which the Work is to be performed, and correlated personal observations with the requirements of the Contract Documents.

The Contractor shall protect the entire Work, all materials under the Contract and the County's property (including machinery and equipment) in, or on, or adjacent to the site of the Work until final completion and Work, from the action of the elements, acts of other contractors, or except as otherwise provided in the Contract Documents, and from any other causes whatsoever; should any damage occur by reason of any of the foregoing, the Contractor shall repair at his, or its, own expenses to the satisfaction of the County or its Project Manager. Neither the County nor its officers, employees or agents assume any responsibility for collection of indemnities or damages from any person or persons causing injury to the Work of the Contractor.

At his, or its expense, the Contractor shall take all necessary precautions (including without limitation) the furnishing of guards, fences, warnings signs, walks, flags, cables and lights for the safety of and the prevention of injury, loss and damage to persons and property (including without limitation) in the term persons, members of the public, the County and its employees and agents, the Project Manager and his employees, Contractor's employees, his or its subcontractors and their respective employees, other contractors, their subcontractors and respective employees, on, about or adjacent to the premises where said Work is being performed, and shall comply with all applicable provisions of safety laws, rules, ordinances, regulations and orders of duly constituted public authorities and building codes.

The Contractor assumes all risk of loss, damage and destruction to all of his or its materials, tools appliances and property of every description and that of his or its subcontractors and of their respective employees or agents, and injury to or death of the Contractor, his or its employees, subcontractors or their respective employees or agents, including legal fees, court costs or other legal expenses, arising out of or in connection with the performance of this Contract.

16. **INDEMNIFICATION**

The Contractor covenants and agrees at all times to save, hold, and keep harmless the County, State of Florida, the Federal Government its Officials, Employees, and Agents, and indemnify the County, its Officials, Employees, and Agents, against any and all claims, demands, penalties, judgments, court costs, reasonable attorney's fees for personal injury and loss of property to the extent arising out of or in any way connected or arising out of the Contractor's negligence, recklessness or intentional wrongful conduct in the performance of this Agreement. The Contractor hereby acknowledges that the payments made under this Agreement include specific consideration for the indemnification herein provided. It is the specific intent of the parties hereto that the foregoing indemnification complies with Florida Statute 725.06 (Chapter 725).

The Contractor, without exemption, shall indemnify and hold harmless, the County, State of Florida, the Federal Government its employees, representatives and elected officials from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or item manufactured by the Contractor. Further, if such a claim is made, or is pending, the Contractor may, at its option and expense, procure for the County the right to use, replace, or modify the item to render it non -infringing. If none of the alternatives are reasonably available, the County agrees to return the article on request to the Contractor and receive reimbursement. If the Contractor used any design, device or materials covered by letters, patent or copyright, it is mutually agreed and understood, without exception, that the Contract prices shall include all royalties or cost arising from the use of such design, device or materials in any way involved in the work.

17. **INSPECTION**

The project will be inspected by the Project Manager and will be rejected if it is not in conformity with the Contract provisions. Rejected Work will be immediately corrected by the Contractor. When the Work is substantially completed, the Contractor shall notify the County in writing that the Work shall be ready for final inspection on a definite date, at least three (3) calendar days thereafter, which shall be stated in such notice.

18. **INSURANCE**

Each such General Liability Certificate shall include the following wording: **"St. Lucie County, its officers, agents and employees are named as additional insured with respect to the work performed under this contract for the RFP No. 21-037, Emergency Debris Removal"**.

A. **Commercial General Liability:**

The Contractor shall maintain and, prior to commencement of this contract, provide the County with evidence of commercial general liability insurance to include: 1) premises for limits of not

less than $1,000,000 per occurrence; and 2) a general aggregate limit of not less than $2,000,000. The policy shall also provide the County will be given a thirty (30) day written notice of cancellation or non-renewal and include County as an additional insured.

B. **Business Automobile Liability:**

The Contractor shall maintain and, prior to commencement of this contract, provide the County with evidence of business automobile liability insurance to include: 1) coverage for any automobile for limits of not less than $1,000,000 combined single limit (bodily injury & property damage) per accident and 2) Personal Injury Protection (Florida no-fault) with full statutory limits. The policy shall also provide the County will be given a thirty (30) day written notice of cancellation or non-renewal.

C. **Workers' Compensation and Employers Liability:**

The Contractor shall maintain and, prior to commence of this contract, provide the County with evidence of workers' compensation insurance providing Florida statutory (F.S. 440) limits to cover all employees and include Employers Liability coverage with limits of not less than $500,000 for accidents or disease. The policy shall also provide the County will be given a thirty (30) day written notice of cancellation or non-renewal.

19. **DEFAULT; TERMINATION**

A. FOR CAUSE

If the Contractor fails to fulfill its obligations under this Contract in a timely and proper manner, the County shall have the right, but not the obligation, to terminate this Contract by giving written notice of any deficiency and by allowing the party in default seven (7) calendar days to correct the deficiency. If the Contractor fails to correct the deficiency within the seven calendar day period, this Contract shall terminate at the expiration of that time period.

With regard to the Contractor, the following items shall be considered a default under this Contract:

(1) If the Contractor should be adjudged bankrupt, or if he, or it, should make a general assignment for the benefit of his, or its, creditors, or if a receiver should be appointed on account of his, or its, insolvency.

(2) If the Contractor should refuse or fail, except in cases for which an extension of time is provided, to supply enough properly skilled workmen or proper material to meet the project schedule or if the Contractor should fail to make prompt payment for materials, or labor or other services entering into the Work.

(3) If the Contractor disregards laws, ordinances, or the instructions of the Project Manager or otherwise be guilty of a substantial violation of the provisions of the Contract.

(4) Fails to perform any of the terms of this Contract or performs work which fails to conform to the requirements of this Contract.

In the event of termination, the County may take possession of the premises and all materials, tools, and appliances, thereon and finish the Work by whatever method it may deem expedient. In such cases, the Contractor shall only be entitled to receive payment for Work satisfactorily completed prior to the termination date, subject to any setoffs due the County in completing the Project and for reimbursement of damages incurred. The County may take possession of and use any materials, plant, tools, equipment, and property of any kind furnished by Contractor to complete the Work. If the expense incurred by the County to finish the Work exceeds the unpaid balance on this Contract, the Contractor shall pay the difference to the County. The expense incurred by the County as herein provided, and the damage incurred through the Contractor's default, shall be certified by the Project Manager. The Contractor shall be responsible for both liquidated damages attributable to delay and for excess completion costs. The liability of the Contractor and its surety or sureties for such damages and costs is joint and several. The obligations of the Contractor and his surety with respect to the warranty and maintenance shall remain in full force and effect for the portion of the Work completed by the Contractor and shall not expire until the expiration of the prescribed time period measured from the final acceptance of the project in its entirety. These clauses shall survive the termination of this Contract. If the County makes a determination pursuant to this Contract to hold the Contractor in default and terminate the Contract for cause and it is subsequently determined that any such determination was improper, unwarranted, or wrongful, then any such termination shall be deemed for all purposes as a termination without cause as described below. The Contractor agrees that it shall be entitled to no damages, allowances or expenses of any kind other than as provided in this Agreement in connection with such termination, and does expressly waive, in the event of termination, any and all claims for consequential damages, loss of bonding capacity, destruction of business, unabsorbed home office overhead, lost profit and the like.

B. TERMINATION FOR CONVENIENCE

Either party may terminate the Contract without cause at any time upon thirty (30) calendar days prior written notice to the other party. In the event of termination, the County shall compensate the Contractor for all authorized work satisfactorily and responsibly completed through the termination date. Upon such termination, the Contractor waives any claims for damages from the termination without cause, including without limitation, any and all consequential claims as set forth above, and as the sole right and remedy of the Contractor, the County shall compensate the Contractor for all authorized Work satisfactorily and responsibly completed through the termination date.

This Contract may be terminated, in whole or in part, without cause, in accordance with the terms specified herein; or, if none specified, the County may terminate this Contract in whole or in part, for any reason, with ten days' written notice to Contractor. In the event termination is exercised under this provision, Contractor will be compensated for work performed and accepted and goods accepted by the County as of the termination date. Contractor will also be compensated for any work performed by subcontractors and goods or supplies ordered which Contractor could not reasonably terminate. In no event shall Contractor be entitled to any other compensation on a termination without cause, including any lost profits or loss of opportunity.

C. SCRUTINIZED COMPANIES TERMINATION

The County may immediately terminate the Contract without cause at any time upon ascertaining that pursuant to § 287.135, Florida Statutes, a company is ineligible to, and may not, bid on, submit a

proposal for, or enter into or renew a contract with an agency or local government entity for goods or services if at the time of bidding or submitting a proposal for a new contract or renewal of an existing contract, or at any time thereafter, the company: (1) is on the Scrutinized Companies that Boycott Israel List, created pursuant to § 215.4725, Florida Statutes, or is engaged in a boycott of Israel; (2) is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to § 215.473, Florida Statutes; or (3) is engaged in business operations in Cuba or Syria. Furthermore, the County may immediately terminate the Contract if it is determined that the company submitted a false certification stating that it was not (1) on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel; (2) was not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; (3) or was not engaged in business operations in Cuba or Syria when in fact the company was engaged in such activities at the time of the bid or proposal, or at the time of entering into or renewing the Contract.

20. **NON DISCRIMINATION**

Contractor covenants and agrees that Contractor shall not discriminate against any employee or applicant for employment to be employed in the performance of the Contract with respect to hiring, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment because of age, sex or physical handicaps (except where based on a bonafide occupational qualification); or because of marital status, race, color, religion, national origin or ancestry.

21. **E-VERIFY/ VERIFICATION OF EMPLOYMENT STATUS**

Effective as of January 1, 2021, as required by Section 448.095(2)(a), the Contractor and subcontractor shall register with and use the E-Verify System to verify the work authorization status of all newly hired employees. The County, Contractor, or subcontractor may not enter into a Contract unless each party to the Contract registers with and uses the E-Verify System. The Contractor shall provide documentation of their compliance of this requirement to the County upon request.

If the Contractor enters into a contract with a subcontractor, the subcontractor must provide the Contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of this Contract.

The County will not intentionally award contracts to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions of the Immigration and Nationality Act ("INA"). The County shall consider the employment by the Contractor of unauthorized aliens a violation of 8 U.S.C. Section 1324a(e) [Section 274A(e) of the INA]. The Contractor agrees that such violation by the Contractor shall be grounds for the unilateral cancellation of this Contract by the County.

22. **PRODUCTS OR MATERIALS WITH RECYCLED CONTENT**

Contractor is required to procure products or materials with recycled content with respect to Work performed or products supplied under the contract when those products or materials are available at reasonable prices. A decision to not procure such items must be based on a determination that such procurement:

a) Is not available within a reasonable period of time; or

b) Fails to meet the performance standards set forth in the applicable specifications or fails to meet the reasonable performance standards of the agency.

Contractor shall provide the County with a written statement indicating what recycled products were used or supplied. If a decision was made not to use recycled products, Contractor shall provide County with a written statement indicating the basis for the decision using the above criteria.

23. **FLORIDA PRODUCED LUMBER**

Where applicable Contractor agrees to comply with the provisions of Section 255.20, Florida Statutes, as may be amended from time to time.

24. **ASBESTOS-FREE MATERIALS**

Contractor shall not use any asbestos or asbestos-based fiber materials in the Work performed under this Contract.

25. **ASSIGNMENT**

The County reserves the right to freely assign this Contract. The Contractor, however, shall not assign this Contract to any other persons or firm without first obtaining County's written approval. In addition, the Contractor shall not have the right to assign any or all of its rights and interests under this agreement to any subsidiary or parent company, or any successor to its business through merger, consolidation, voluntary sale, or transfer of substantially all of its assets without the express written consent of the County. For purposes of this paragraph, a transfer of substantially all of its assets shall be deemed to occur when the owner(s) of more than 50% of the proprietary interest in the business entity transfer, other than between themselves, their immediate families or their heirs, such proprietary interest to another person, firm, partnership, corporation or business entity. Any attempt to effect an assignment without County's prior written consent shall be deemed a default subject to the remedies provided herein.

26. **NOTICES**

All notices, requests, consents, and other communications required or permitted under this Contract shall be in writing and shall be (as elected by the person giving such notice) hand delivered by messenger or courier service, telecommunicated, or mailed by registered or certified mail (postage prepaid) return receipt requested, addressed to:

As to County:
St. Lucie County Administrator
Administration Annex
2300 Virginia Avenue
Ft. Pierce, FL 34982

With a Copy To:
St. Lucie County Attorney
Administration Annex
2300 Virginia Avenue
Ft. Pierce, FL 34982

As to Contractor:
Custom Tree Care, Inc.
Attn: Greg Gathers
6021 SW 29th Street PMB #130
Topeka, Kansas 66614
Phone: (785) 478-9805
Email: ggathers@customtreecare.com

or to such other address as any party may designate by notice complying with the terms of this Section. Each such notice shall be deemed delivered (a) on the date delivered if by personal delivery, (b) on the date upon which the return receipt is signed or delivery is refused or the notice is designated by the postal authorities as not deliverable, as the case may be, if mailed.

27. **NON-WAIVER**

The rights of the parties under this Contract shall be cumulative and the failure of either party to exercise properly any rights given hereunder shall not operate to forfeit any of the said rights.

28. **CONFLICT OF INTEREST**

The Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder, as provided for in Section 112.311, Florida Statutes and as may be amended from time to time. The Contractor further represents that no person having any interest shall be employed for said performance.

The Contractor shall promptly notify the County in writing by certified mail of all potential conflicts of interest prohibited by existing state law for any prospective business association, interest or other circumstance which may influence or appear to influence the Contractor's judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of Work that the Contractor may undertake and request an opinion of the County as to whether the association, interest or circumstance would, in the opinion of the County, constitute a conflict of interest if entered into by the Contractor. The County agrees to notify the Contractor of its opinion by certified mail within thirty (30) days of receipt of notification by the Contractor. If, in the opinion of the County, the prospective business association, interest or circumstance would not constitute a conflict of interest by the Contractor, the County shall so state in the notification and the Contractor shall, at his/her option, enter into said association, interest or circumstance and it shall be deemed not in conflict of interest with respect to services provided to the County by the Contractor under the terms of this Contract.

29. **DISPUTE RESOLUTION**

Any disputes relating to interpretation of the terms of this Contact or a question of fact or arising under this Contract shall be resolved through good faith efforts upon the part of the Contractor and the County or its Project Manager. At all times, the Contractor shall carry on the work and maintain its progress schedule in accordance with the requirements of the Contract and the determination of the County or its representatives, pending a final resolution of the dispute, including, if necessary, any determination by a Court of competent jurisdiction. Any dispute which is not resolved by mutual

agreement shall be decided by the County Administrator who shall reduce the decision to writing. The decision of the County shall be final and conclusive unless determined by a court of competent jurisdiction to be fraudulent, capricious, arbitrary, so grossly erroneous as to necessarily imply bad faith, or not be supported by substantial evidence.

30. **MEDIATION**

Prior to initiating any litigation concerning this Contract, the parties agree to submit the disputed issue or issues to a mediator for non-binding mediation. The parties shall agree on a mediator chosen from a list of certified mediators available from the Clerk of Court for St. Lucie County. The fee of the mediator shall be shared equally by the parties. To the extent allowed by law, the mediation process shall be confidential and the results of the mediation or any testimony or argument introduced at the mediation shall not be admissible as evidence in any subsequent proceeding concerning the disputed issue.

31. **ANTITRUST ASSIGNMENT**

The Contractor and the County and the State of Florida recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the State of Florida and local governments. Therefore, the Contractor assigns to the State of Florida and the County any and all claims for such overcharges as to goods, materials or services purchased in connection with the Contract.

32. **INTERPRETATION; VENUE**

This Contract constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior verbal or written agreements between the parties with respect thereto. This Contract may only be amended by written document, properly authorized, executed and delivered by both parties hereto. This Contract shall be interpreted as a whole unit and section headings are for convenience only. All interpretations shall be governed by the laws of the State of Florida. In the event it is necessary for either party to initiate legal action regarding this Contract, venue shall be exclusively in the Nineteenth Judicial Circuit for St. Lucie County, Florida, for claims under state law and the Southern District of Florida for any claims which are justiciable in federal court.

33. **CONTRACTING WITH SMALL AND MINORITY BUSINESSES, WOMEN'S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS**

If the Contractor intends to subcontract any portion of the Services covered by this Agreement, the Contractor must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible. Affirmative steps must include:

(1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

(4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and

(5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

34. **DAVIS-BACON ACT**

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 C.F.R. part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis–Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis–Bacon poster (WH–1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and
(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis–Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis–Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers

and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis–Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 C.F.R. 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis–Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the federal awarding agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the federal awarding agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 C.F.R. 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division Web site at http://www.dol.gov/esa/whd/forms/wh347instr.htm or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the federal awarding agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the federal awarding agency, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this

section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 C.F.R. part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 C.F.R. part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 C.F.R. part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the federal awarding agency or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 C.F.R. 5.12.

(4) Apprentices and trainees—

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program,

who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 C.F.R. 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 C.F.R. part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 C.F.R. part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 C.F.R. 5.5(a)(1) through (10) and such other clauses as the federal awarding agency may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 C.F.R. 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 C.F.R. 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 C.F.R. 5.12.

(8) Compliance with Davis–Bacon and Related Act requirements. All rulings and interpretations of the Davis–Bacon and Related Acts contained in 29 C.F.R. parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 C.F.R. parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis–Bacon Act or 29 C.F.R. 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis–Bacon Act or 29 C.F.R. 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

35. **COPELAND ANTI-KICKBACK ACT**

(i) Contractor. The contractor shall comply with 18 U.S.C. § 874,40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this contract.

(ii) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the federal awarding agency may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(iii) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as contractor and subcontractor as provided in 29 C.F.R. § 5.12.

36. **EQUAL EMPLOYMENT OPPORTUNITY**

During the performance of this Contract, Contractor agrees as follows:

(i) Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:
Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(ii) Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(iii) Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(iv) Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(v) Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(vi) Contractor will furnish all information and reports required by Executive Order 11246 of September

24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(vii) In the event of Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(viii) Contractor will include the portion of the sentence immediately preceding paragraph (i) and the provisions of paragraphs (i) through (viii) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, Contractor may request the United States to enter into such litigation to protect the interests of the United States. The County further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work.

The County agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Contractor and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The County further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with Contractors debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the County agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the County under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such State; and refer the case to the Department of Justice for appropriate legal proceedings.

37. **CONTRACTING WORK HOURS AND SAFETY STANDARDS ACT**

(A) Overtime requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any work week in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(B) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (A) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (A) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (A) of this section.

(C) Withholding for unpaid wages and liquidated damages. The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor or any other federally- assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (B) of this section.

D. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (A) through (D) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (A) through (D) of this section.

38. **RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT**

Any discovery or invention that arises during the course of the Contract shall be reported to the County. Contractor must comply with the requirements of 37 C.F.R. Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the federal awarding agency.

39. **CONTRACTING COMPLIANCE WITH CLEAN AIR AND CLEAN WATER ACT**

A. COMPLIANCE WITH CLEAN AIR ACT

(i) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(ii) The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the State Recipient, the federal awarding agency, and the appropriate Environmental Protection Agency Regional Office.

(iii) The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by the Federal Government.

B. COMPLIANCE WITH CLEAN WATER ACT

(i) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 et seq.

(ii) The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the State Recipient, the federal awarding agency, and the appropriate Environmental Protection Agency Regional Office.

(iii) The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by the Federal Government.

40. **SUSPENSION AND DEBARMENT**

Federal regulations restrict the County from contracting with parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. Accordingly, a contract or subcontract must not be made with any parties listed on the SAM Exclusions list. SAM Exclusions is the list maintained by the General Services Administration that contains the name of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under certain statutory or regulatory authority. The Contractor can verify its status and the status of its principals, affiliates, and subcontractors at www.SAM.gov.

(A) This Contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Contractor is required to verify that none of the Contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(B) The Contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(C) This certification is a material representation of fact relied upon by the County. If it is later determined that the Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to FDEM and the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(D) The Contractor agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C during the term of this Contract. The Contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.

41. **BYRD ANTI-LOBBYING AMENDMENT**

By executing this Contract, Contractor makes the certification below, which is found at APPENDIX A, 44 C.F.R. PART 18. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(i) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(ii) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(iii) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

42. **PROCUREMENT OF RECOVERED MATERIALS**

(i) In the performance of this Contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;

2. Meeting contract performance requirements; or

3. At a reasonable price.

(ii) Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensiveprocurement-guideline-cpg-program.

(iii) Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

43. **REMEDIES**

If any work performed by the Contractor fails to meet the requirements of the Contract, any other applicable standards, codes or laws, or otherwise breaches the Contract, the County may exercise any remedies provided in the original Contract to which this addendum is made a part; or, if none specified, the County may in its sole discretion:

(i) elect to have Contractor re-perform or cause to be re-performed at Contractor's sole expense, any of the work which failed to meet the requirements of the Contract;

(ii) hire another Contractor to perform the work and deduct any additional costs incurred by the County as a result of substituting Contractors from any amounts due to Contractor; or

(iii) pursue and obtain any and all other available legal or equitable remedies.

This Section shall in no way be interpreted to limit the County's right to pursue and obtain any and all other available legal or equitable remedies against Contractor.

44. **DOMESTIC PREFERENCE REQUIREMENTS**

As appropriate and to the extent consistent with law, Contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this paragraph must be included in all subcontracts and purchase orders for work or products under this Contract. For purposes of this paragraph:

"Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

"Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

45. **PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT**

(i) As used in this paragraph, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services as used in this paragraph—

(ii) Prohibitions

1. Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

2. Unless an exception in this paragraph applies, Contractor and its Subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the federal government to:

A. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

B. Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

C. Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

D. Provide, as part of its performance of this Contract, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(iii) Exceptions

1. This paragraph does not prohibit Contractor from providing—

A. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

B. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

2. By necessary implication and regulation, the prohibitions also do not apply to:
   A. Covered telecommunications equipment or services that:
      - Are not used as a substantial or essential component of any system; and
      - Are not used as critical technology of any system.
      - Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(iv) Reporting requirement

1. In the event Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during performance of the Services set forth in this Contract, or Contractor is notified of such by a Subcontractor at any tier or by any other source, Contractor shall report the information in the manner stated below to the recipient or subrecipient, unless elsewhere in this Contract are established procedures for reporting the information.

2. Contractor shall report the following information pursuant to this paragraph:

   A. Within one business day from the date of such identification or notification: The Contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

   B. Within 10 business days of submitting the information above: Any further available information about mitigation actions undertaken or recommended. In addition, Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(v) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (E), in all subcontracts and other contractual instruments.

46. **CHANGES**

Any changes to the scope of work, price, or schedule shall be in writing and agreed to by Parties.

47. **COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS**

This is an acknowledgement that federal financial assistance will be used to fund the Contract, in whole or in part. Contractor will comply will all applicable federal law, regulations, executive orders, federal awarding agency policies, procedures, and directives.

48. **LICENSE AND DELIVERY OF WORKS SUBJECT TO COPYRIGHT AND DATA RIGHTS**

The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

49. **DHS SEAL, LOGO AND FLAGS**

The Contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval.

50. **NO OBLIGATION BY FEDERAL GOVERNMENT**

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter resulting from the contract.

51. **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS**

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this Contract.

52. **SAFE WORKING ENVIRONMENT**

The Contractor must at all time provide a safe working environment, including properly constructed monitoring towers.

Loading site monitors shall be responsible for checking the area for safety considerations, such as downed power lines, children playing in the area, traffic control needs, and safe operation of trucks and equipment; implementing all safety requirements; performing a pre-work inspection of debris collection areas before loading to identify the location of covered utility meters, transformers, fire hydrants, mail boxes, etc., as a baseline to account for any collateral damage as a result of the debris removal operation; and ensuring that debris loads are contained properly before leaving the loading area.

Tower and site monitors shall be responsible for checking the area for safety considerations, such as downed power lines, children playing in the area, traffic control needs, and safe operation of trucks and equipment; and implementing all safety requirements.

Field supervisors shall be responsible for being familiar with, maintaining, and implementing all safety requirements.

53. **LOAD TICKET SYSTEM REQUIREMENTS**

The Contractor must employ the use of a load ticket system that complies with FEMA requirements. Load tickets prepared by loading site monitors must include the following information:

- Contract number (identified by a number or name)
- Prime contractor's name
- Date
- Truck number
- Truck driver's name
- Description of the debris (Vegetation, Construction & Demolition Debris, White Goods, Household Hazardous Waste)
- Load location (GPS or address preferred)
- Loading date/time (departure from collection location)
- Loading Site Monitor name/signature

Load tickets prepared by tower or site monitors must include the following information:

- Truck capacity in cubic yards or tons
- Load size, either cubic yards (percent of capacity) or tons
- Unloading location
- Unloading date/time (arrival at disposal site)
- Tower/Site Monitor name/signature

54. **QUALIFICATIONS OF MONITORS AND STAFF**

The Contractor shall utilize only monitors that are trained and possess skills adequate to fulfill their duties. Labor rates paid to monitors shall be commensurate with skill level required by the job function. Professional engineers and professional qualifications are not required to perform debris monitoring duties. The Contractor must ensure its staff is familiar with FEMA debris removal eligibility criteria.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Agreement in counterparts each of which shall be treated as an original upon the terms and conditions above stated.

Type of Entity: ☒ Corporation ☐ Partnership ☐ Proprietorship ☐ Joint Venture ☐ Other

State of Incorporation: Kansas Year of Incorporation: 2001

This Proposal is hereby submitted by the above-named entity ("Proposer") to St. Lucie County, Florida 20-033 for Emergency Debris Removal Services ("RFP"), having examined the solicitation and specifications with related documents and the site of the proposed work, and being familiar with all of the conditions surrounding the proposed project including the availability of materials and labor, hereby proposes to furnish all labor, materials, and supplies; and to provide the service in accordance with the terms and specifications set forth in the RFP at the prices provided in this Proposal. The prices in this Proposal will remain firm for a period of up to 90 days in order to allow the County adequate time to evaluate the Proposal. These prices are to cover all expenses incurred in performing the work required under the awarded contract, of which this RFP and Proposal is a part.

Proposer accepts all of the terms and conditions of the RFP. Proposer understands that a background investigation may be conducted by the County prior to award. Proposer hereby agrees to commence work under contract on or before a date to be specified in a written "Notice to Proceed" of the County.

Proposer has examined and carefully studied the Solicitation Documents and the following addendum receipt of which is hereby acknowledged:

No. 1 Dated: 4/7/2021 No. _____ Dated: _____

No. _____ Dated: _____ No. _____ Dated: _____

Proposer certifies that all information contained in this Proposal is truthful to the best of the undersigned's knowledge and belief. Undersigned certifies that it is duly authorized to submit this Proposal on behalf of the Proposer as its act and deed and that the Proposer is ready, willing, and able to perform if awarded the contract.

Authorized Signature (original, in ink): _____

FORM #2 NON-COLLUSION AFFIDAVIT

STATE OF Kansas;
COUNTY OF Shawnee;

Greg Gathers being first duly sworn, deposes and says that:

1. The undersigned is the President (Owner, Partner, Officer, Representative or Agent) of Custom Tree Care, Inc. (PROPOSER).

2. PROPOSER is fully informed respecting the preparation and contents of the attached Proposal and of all pertinent circumstances respecting such Bid;

3. Such Proposal is genuine and is not a collusive or sham proposal;

4. Neither the said PROPOSER nor any of its officers, partners, owners, agents, representative, employees or parties in interest, including this affidavit, have in any way colluded, conspired, connived, or agreed, directly or indirectly, with any other PROPOSER, firm, or person to submit a collusive or sham proposal in connection with the Contract for which the attached Proposal has been submitted; or to refrain from responding to the RFP in connection with such Contract; or have in any manner, directly or indirectly, sought by agreement or collusion, or communications, or conference with any PROPOSER, firm, or person to fix the price or prices in the attached Proposal or any other PROPOSER, or to fix any overhead, profit, or cost element of the pricing or the pricing of any other proposer, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against COUNTY, or any person interested in the proposed Contract;

5. The price of items quoted in the attached Proposal are fair and proper and are not tainted by collusion, conspiracy, connivance, or unlawful agreement on the part of the PROPOSER or any other of its agents, representatives, owners, employees or parties in interest.

FORM #3 CORPORATE RESOLUTION

I, Maura Gathers, Secretary of Custom Tree Care, Inc., a Corporation organized and existing under the laws of the State of Kansas, hereby certify that at a meeting of the Board of Directors of the Corporation duly called and held on March 9th, 2021 at which a quorum was present and acting throughout, the following resolutions were adopted and are now in full force effect:

RESOLVED that the following individuals of this corporation are authorized to execute on behalf of this corporation, a Proposal to and Agreement with St. Lucie County, Florida for the provision of Emergency Debris Removal Services.

I further certify that the names of the officers of this corporation and any other persons authorized to act under this resolution and their official signatures are as follows:

NAME	TITLE	OFFICIAL SIGNATURE
Greg Gathers	President	
Maura Gathers	Secretary	

IN WITNESS THEREOF, I have hereunto subscribed my name as Secretary and affixed the seal of the corporation this 9th day of March, 2021

FORM #4 CONFIRMATION OF DRUG-FREE WORKPLACE

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quantity, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program (Florida Statutes Section 287.087 Florida Statutes). In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibitions.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or Contractual services that are under Bid a copy of the statement specified in subsection (1).

4. In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contenders to, any violation of Chapter 893 Florida Statutes or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after the conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by, any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

Signature of Proposer's Authorized Representative

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

Any person submitting a quote, bid or proposal in response to this invitation must execute the enclosed form PUR. 7069, SWORN STATEMENT UNDER SECTION 287.133 (3)(A) FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES, including proper check(s), in the space(s) provided, and enclose it with his quote, bid or proposal. If you are submitting a quote, bid, or proposal on behalf of dealers or suppliers who will ship commodities and receive payment from the resulting contract, it is your responsibility to see that copy (s) of the form are executed by them and are included in your quote, bid or proposal. Corrections to the form will not be allowed after the quote, bid or proposal opening time and date. Failure to complete this form in every detail and submit it with your quote, bid or proposal may result in immediate disqualification of your bid or proposal.

The 1988 Florida Legislature passed Senate Bill 458 creating Sec. 287, 132-133, Florida Statutes, effective 7-1-89. Sec. 287.132 (3)(d), Florida Statutes requires the Florida Department of General Services to maintain and make available to other political entities a "convicted vendor" list consisting of persons and affiliates who are disqualified from public contracting and purchasing process because they have been found guilty of a public entity crime. A public entity crime is described by Sec. 287.133, Florida Statute as a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or with an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

By law no public entity shall accept any bid from, award any contract to, or transact any business in excess of the threshold amount provided in Section 287.017, Florida Statute for category two (currently $10,000) with any person or affiliate on the convicted vendor list for a period of 36 months from the date that person or affiliate was placed on the convicted vendor list unless that person or affiliate has been removed from the list pursuant to Section 287.133 (3)(f), Florida Statute.

The attached statement or affidavit will be the form to be utilized and must be properly signed in the presence of a notary public or other officer authorized to administer oaths and properly executed.

The inclusion of the sworn statement or affidavit shall be submitted concurrently with your bid documents. Non-inclusion of this document may necessitate rejection of your bid.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

SWORN STATEMENT UNDER SECTION 287.133 (3) (A), FLORIDA STATUTES
ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

STATE OF Kansas;
COUNTY OF Shawnee;

1. This sworn statement is submitted to St. Lucie County, Florida.

2. This sworn statement is submitted by Custom Tree Care, Inc. (name of entity submitting sworn statement) whose business address is 6021 SW 29th St. PMB #130, Topeka, KS 66614 and (if applicable) its Federal Employer Identification Number (FEIN) is 48-1245968.

3. My name is Greg Gathers and my relationship to the entity named above is President.

4. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133 (1)(b) Florida Statutes means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

6. I understand that an "affiliate" as defined in Paragraph 287.133 (1)(a), Florida Statutes means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and

agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133 (1)(e), FLORIDA STATUTES, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity.

8. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of any entity.

Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

__X__ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND, (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

FORM #6 HOLD HARMLESS AND INDEMNITY AGREEMENT

Custom Tree Care, Inc., agrees through signing of this document by an authorized party or agent that the Proposer shall indemnify and hold harmless the County and its officers; and employees, from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers and employees may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Proposer and persons employed or utilized by the Proposer in the performance of the awarded contract. The Proposer shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. The Proposer expressly understands and agrees that any insurance protection required by the awarded contract or otherwise provided by Proposer shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

FORM #7 CERTIFICATION REGARDING DEBARMENT & SUSPENSION

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the CONTRACTOR (referred to herein as the "prospective lower tier participant") is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The

knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AN VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

FORM #8 ANTI-LOBBYING CERTIFICATION

CERTIFICATION REGARDING LOBBYING FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, CONTRACTOR understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

Greater than 60 Miles	5,000	15 20	76,000	152 00

2-7.5. Demolition, Removal, Transport & Disposal of RACM Structures – Work consists of the decommissioning, demolition and disposal of RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000	19 95	99,750	199 50
16 to 30 Miles	10,000	20 45	204,500	204 50
31 to 60 Miles	10,000	20 90	209,000	209 00
Greater than 60 Miles	5,000	21 15	105,750	211 50

2-7.6. DMS Operation and Reduction Through Grinding – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through grinding. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000	3 49	610,750	34 90

2-7.7. DMS Management & Reduction by Air Curtain Incineration – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through air curtain incinerators. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000	2 49	435,750	24 90

2-7.8. Haul-out of Reduced Debris to a County Approved Final Disposal Site – Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County approved final disposal site.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	6,100	3.20	19,520	32.00
16 to 30 Miles	9,100	3.70	33,670	37.00
31 to 60 Miles	15,000	4.40	66,000	44.00
Greater than 60 Miles	30,000	4.99	149,700	49.90

2-7.9. Removal of Hazardous Trees and Hangers – Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Item 2, Vegetative Debris Removals

Diameter	Estimated Quantity	$ Per Tree	Total	
6 inch to 12.99 inch diameter	1,500	48	72,000	
13 inch to 24.99 inch diameter	1,000	138	138,000	
25 inch to 36.99 inch diameter	750	248	186,000	
37 inch to 48.99 inch diameter	300	348	104,400	
49 inch to larger diameter	100	398	39,800	
Hanger Removal (per Tree)	3,000	78	234,000	

2-7.10. Removal of Hazardous Stumps – Work consists of removing eligible hazardous stumps and transporting resulting debris from the ROW to a County Approved DMS. Rate includes removal, backfill of stump hole, reduction and final disposal.

Diameter	Estimated Quantity	$ Per Stump	Total	
24.1 inch to 36.99 inch diameter	500	195	97,500	
37 inch to 48.99 inch diameter	250	295	73,750	
49 inch and larger diameter	1	495	495	

2-7.12. ROW White Goods Debris Removal – Work consists of the removal of eligible white goods from the ROW to a County approved DMS site or County approved facility for recycling. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible white goods from the County approved DMS to a County approved facility for recycling.

Type of Debris	Estimated Quantity	$ Per Unit	Total	
A/C Units, refrigerators and freezers requiring refrigerant recovery and decontamination	250	45	11,250	
Washers, dryers, stoves, ovens and hot water heaters	500	40	20,000	

2-7.13. Household Hazardous Waste Removal, Transport and Disposal – Work consists of the collection, transportation and disposal of household hazardous waste from the ROW to a County approved permitted hazardous waste facility or MSW type I landfill.

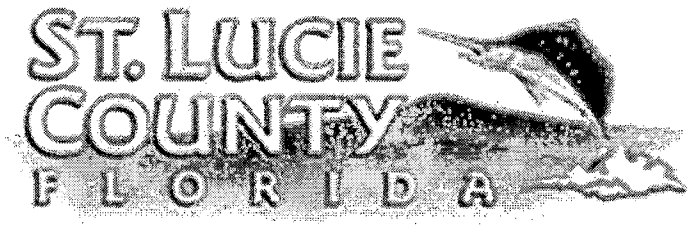
	Estimated Quantity	$ Per Pound	Total	
	10,000	4.00	40,000	

2-7.14. E-Waste Removal – Work consists of the recovery and disposal of televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.

	Estimated Quantity	$ Per Unit	Total	
	250	30	7,500	

2-7.15. Abandoned Vehicle Removal – Work consists of the removal and transport of eligible abandoned vehicles.

Type of Vehicle	Estimated Quantity	$ Per Unit	Total	
Passenger Car	50	200	10,000	
Single Axle	25	200	5,000	



Double Axle	25	425	10,625	
2-7.15. Abandoned Vessel Removal – Works consists of the removal and transport of eligible abandoned vessels.				
Length of Vessel	Estimated Quantity	$ Per Unit	Total	
Vessels less than 20 linear feet	75	35	2,625	
Vessels 21 linear feet or greater	50	49	2,450	
2-7.16. Dead Animal Carcasses – Work consists of the recovery and disposal of dead animal carcasses.				
	Estimated Quantity	$ Per Pound	Total	
	10,000	1.00	10,000	
GRAND TOTAL OF SCHEDULE 2		$6,732,635.00

ST. LUCIE COUNTY BOARD OF COUNTY COMMISSIONERS

LEGAL NOTICE

REQUEST FOR PROPOSAL (RFP)

RFP No. 21-037
Emergency Debris Removal

Sealed Proposals from qualified firms or individuals to provide emergency debris removal services as listed in Request for Proposal No. **21-037** will be received at the St. Lucie County Purchasing Department, 2300 Virginia Avenue, Room 228, Fort Pierce, Florida 34982, **until 3:00 p.m. Local Time, on Wednesday, April 14, 2021,** at which time this RFP will be publicly declared closed.

Proposal documents may be obtained via download from www.DemandStar.com or by contacting the Office of the Purchasing Department at 2300 Virginia Avenue, Room 228, Fort Pierce, Florida, 34982, (772) 462-1700.

Proposers may not withdraw their proposals for a period of 90 calendar days after the day set for the opening of Proposals.

St. Lucie County reserves the right to waive informalities, to reject any and all RFP submittals, and to accept any RFP submittals or any combination of RFP submittals, which in its sole judgment will best serve the public interest.

CAUTION: It is the bidder's/proposer's responsibility to ensure that bids/proposals are received in the Purchasing Department prior to the date and time specified above. Receipt of a bid/proposal in any other County office does not satisfy this requirement.

St. Lucie County is an Equal Opportunity/Affirmative Action Employer.

Publish Date: Sunday, March 7, 2021

PART I: GENERAL INFORMATION

1-1 DEFINITIONS

For the purposes of this Request for Proposals ("RFP"), Proposer shall mean contractors, consultants, respondents, organizations, firms, or other persons submitting a response to this Request for Proposals.

1-2 INVITATION TO PROPOSE; PURPOSE

The Board of County Commissioners, St. Lucie County, Florida (the "Board") solicits proposals from responsible Proposers to provide emergency debris removal services.

1-3 ISSUING OFFICE AND LOCATION OF PROPOSAL OPENING

St. Lucie County Purchasing Department
Administration Annex, Room 228
2300 Virginia Avenue
Fort Pierce, Florida 34982

1-4 CONTRACT AWARDS

The Board anticipates entering into a contract with the Proposer who submits the proposal judged by the Board to be most advantageous. The Board reserves the right to award a contract to other than the lowest price offeror. The Board reserves the right to award more than one contract if in its best interest.

The Proposer understands that this RFP does not constitute an agreement or a contract with the Proposer. An official contract or agreement is not binding until proposals are reviewed and accepted by the Board and both the Board and the successful Proposer approve a written agreement or contract.

The Board reserves the right to reject all proposals, to waive any informalities, and to solicit and re-advertise for other proposals.

1-5 DEVELOPMENT COSTS

Neither the Board nor its representatives shall be liable for any expenses incurred in connection with preparation of a response to this RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the Proposer's ability to meet the requirements of the RFP.

1-6 INQUIRIES

The County will not respond to oral inquiries. Proposers may submit written inquiries for interpretation of this RFP to:

Desiree Cimino – Purchasing Manager
St. Lucie County Purchasing Department
Administration Annex, Room 228
2300 Virginia Avenue
Fort Pierce, Florida, 34982.
Fax Number: 772-462-1704
E-mail: ciminod@stlucieco.org

The County will respond to written inquiries as noted below.

The County will record its responses to inquiries and any supplemental instructions in the form of a written addendum. It will be the Proposers responsibility to make sure all addendums are received.

1-7 TIMETABLES

The Board and the Proposers shall adhere to the following schedule in all actions concerning this RFP.

A. On March 7, 2021, the Board issues the RFP.

B. From March 7, 2021 to April 7, 2021, the County will receive and answer inquiries received by e-mail at ciminod@stlucieco.org.

C. The County must receive the proposals by 3:00 PM on April 14, 2021.

D. From opening time, County staff will review and evaluate the proposals on a timely basis.

E. The Board may enter into a contract after conducting negotiations and obtaining appropriate approvals. The County will notify unsuccessful Proposers at this time.

1-8 DELAYS

The County may delay scheduled due dates if it is to the advantage of the County. The County will notify Proposers of all changes in scheduled due dates by written addenda.

1-9 PROPOSAL SUBMISSION AND WITHDRAWAL

The County will receive proposals at the following address:

St. Lucie County Purchasing Department
Administration Annex, Room 228
2300 Virginia Avenue
Fort Pierce, Florida 34982

To facilitate processing, please mark the outside of the envelope as follows:

"RFP No. 21-037 Emergency Debris Removal"

The envelope shall also include the Proposer's return address.

Proposers shall submit one unbound original (hardcopy), one electronic copy on flash drive and six bound hard copies of the proposal in a sealed, envelope, box, or container marked as noted above. The Proposer may submit the proposal in person or by mail.

The County must receive all proposals by 3:00 PM on April 14, 2021.

Due to the irregularity of mail service, the County cautions Proposers to assure actual delivery of proposals to the County prior to the deadline set for receiving proposals. Telephone confirmation of timely receipt of the proposal may be made by calling (772) 462-1700 before proposal opening time. Proposals received after the established deadline will be returned unopened to the Proposer.

Proposers may withdraw their proposals by notifying the County in writing at any time prior to the opening. Proposers may withdraw their proposals in person or through an authorized representative. Proposers and authorized representatives must disclose their identity and provide a signed receipt for the proposal. Proposals, once opened, become the property of the County and will not be returned to the Proposers. Upon opening, proposals become "public records" and shall be subject to public disclosure in accordance with Chapter 119, Florida Statutes.

1-10 IRREGULARITIES; REJECTION OF PROPOSALS

Proposals not meeting stated minimum terms and qualifications may be rejected by the County as non-responsive or irregular. However, the County reserves the right to waive any irregularities, technicalities or informalities in any proposal. The County reserves the right to reject the Proposal of any Proposer in arrears or in default upon any debt or contract to the Board of County Commissioners of St. Lucie County or who have failed to perform faithfully any previous contract with the County or with other governmental jurisdictions.

1-11 ADDENDA

If revisions become necessary, the County will post written addenda on www.DemandStar.com at least five days prior to the opening date to all Proposers who receive the RFP.

1-12 EQUAL OPPORTUNITY

The County recognizes fair and open competition as a basic tenet of public procurement and encourages participation by small and minority businesses, women's business enterprises, and labor area surplus firms (as listed by the U.S. Department of Labor at https://www.doleta.gov/programs/lsa.cfm). The County requests these businesses to submit evidence of such classification with their proposals.

1-13 ORAL PRESENTATION

At its discretion, the County may require any Proposer to make an oral presentation of the proposal. These presentations provide an opportunity for the Proposer to clarify the proposal for the County. The County will schedule any such presentations.

1-14 INSURANCE

The Proposer, if awarded a contract, shall maintain insurance coverage reflecting the minimum amounts and conditions required by the County.

1-15 LOBBYIST DISCLOSURE REQUIREMENT

Pursuant to Article IV of Chapter 1-2 of the Code of Ordinances of St. Lucie County, Florida, any professional consultant who utilizes the services of a lobbyist as defined in Section 1-2-62 is required to make full disclosure with the Clerk of the Board prior or concurrently with the submission of a proposal to the Board for the performance of any services for the Board. Such disclosure shall include the following:

A. The name of any lobbyist employed directly or indirectly by the consultant for the purpose of influencing or attempting to influence the selection of the professional consultant by the Board.

B. The name and address of the lobbyist.

C. The length of such agreement, contract or understanding and the amount of any fee, gratuity, compensation or consideration paid or promised to be paid to the lobbyist either before or after hiring whether or not same is set out as compensation for the lobbying or is for other services. The disclosure shall be filed with the Clerk on forms provided by the Board and such records shall be open to the public.

Further, contractors that apply or bid for an award of $100,000 or more that may be funded in whole or in part with Federal funds must also submit the anti-lobbying certification attached hereto as Form #8.

1-16 FEASIBILITY STUDIES

The County has established a policy that any professional consultant that contracts with the County as an advisor as to the feasibility of any County capital project, shall not be eligible to participate in any future design work on that project that might become necessary as a result of the consultant's advice. The Board of County Commissioners (the "Board") may determine to waive this policy by majority vote if the Board determines that there is a compelling reason to waive the policy.

1-17 FUNDING

The County intends to seek reimbursement for the costs of the contract from the Federal Emergency Management Agency (FEMA). Accordingly, the contractor will be required to comply will all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.

PART II: SCOPE OF WORK

2-1 INTRODUCTION

St. Lucie County Board of County Commissioners is seeking proposals from qualified firms to provide professional services for the collection and disposal of disaster debris collection activities for the County. The Contractor is expected to be extremely knowledgeable in Federal Emergency Management Agency (FEMA) and Federal Highway Administration (FHWA) regulations, guidelines and operating policies. The Contractor will advise and support the County during a disaster recovery effort and will be responsible for the overall collection and disposal of debris. This will include services to remove, process and lawfully dispose of disaster generated debris (other than hazardous materials and household putrescible garbage) from public property and public right of way in St. Lucie County in response to an emergency event such as, but not limited to, hurricane, tornadoes, flooding, fires or other natural or manmade disaster(s). The Contractor shall coordinate with the County's current disaster debris monitor consultant(s) and the County to insure a compliant, well-managed and organized approach to debris collection and disposal.

The purpose of this Request for Proposal (RFP) is to put in place an indefinite delivery/quantity agreement for the collection and disposal management and support services based upon the specifications detailed herein. Work authorizations will be issued against the Agreement, as necessary to complete work.

2-2 ST. LUCIE COUNTY BACKGROUND

St. Lucie County is located on the Atlantic Coast of Florida between Martin County to the south and Indian River County to the north. St. Lucie County covers a total area of 688.10 square miles of which 575.5 square miles is land and 115.6 square miles is water area. The county encompasses the incorporated cities of Port St. Lucie and St. Lucie Village and the City of Ft. Pierce (county seat).

The entire county had a large growth rate over the last 50 years, growing from a population of 50,836 in 1970 to 344,041 in 2020. The population of the unincorporated areas of the County is 71,620.

2-3 PROJECT INTENT

The Scope of Work is an integrated part of the Contract Documents and as such will not stand alone if used independently. The intent of these documents is to set forth requirements of performance. It is also intended to include all labor and materials, equipment, tools and transportation necessary for the proper execution of the Work, to require new material and equipment unless otherwise indicated, and to require complete performance of the Work in spite of omission of specific reference to any minor component part and to include all items necessary for the proper execution and completion of the Work by the Contractor.

Performance by the Contractor shall be required only to the extent consistent with these documents and reasonably inferable from them as being necessary to produce the intended results.

The Scope of Work is to be used as a general guide and is not intended to be a complete list of all work necessary to complete the project. The successful Contractor shall have broad experience in the areas of providing the collection and disposal of disaster debris, and any additional or required tasks, as deemed necessary to complete the project successfully.

The scope of work performed by the Contractor shall adhere and be followed in accordance with the guidelines set forth within the most current version of FEMA's Public Assistance Program and Policy Guide, FP-104-009-2 (the "PAPPG") (as of this writing the current version is version 4.0, published June 1, 2020). The PAPPG supersedes FEMA 321 / Public Assistance Policy Digest, FEMA 322 / Public Assistance Guide, and FEMA 325 / Public Assistance Debris Management Guide, although Contractor may still consult these resources for general guidance. The collection, removal, and disposal of debris work requires that workers are performing eligible work in accordance with any public assistance guidelines including but not limited to Federal, State and Local regulations.

The purpose of this solicitation is to establish one or more contracts to provide services to remove, process, and lawfully dispose of disaster generated debris (other than hazardous materials and household putrescible garbage) from public property and public right of way in St. Lucie County, Florida in response to an emergency event such as, but not limited to, hurricane(s), tornadoes, flooding, fire or other natural or manmade disaster(s). The County is seeking proposals from highly qualified Vendor(s) with experience in the specialized management of disaster response labor for the removal of debris along with the preparation, response, recovery and mitigation phases of any emergency or disaster. Vendors must have the capability and ability to rapidly respond to wide scale debris volumes typically produced in hurricanes, tornadoes and other disaster types as well as small scale debris volumes.

The Vendor must handle debris management activities in St. Lucie County in accordance with applicable regulations of the Federal Emergency Management Agency (FEMA), Federal Highway Administration (FHWA), Florida Department of Transportation (FDOT), Florida Department of Health (FDH), Natural Resources Conservation Services (NRCS), and the Florida Department of Environmental Protection (FDEP) in conjunction with the County's needs. The Vendor shall have an excellent understanding of the documentation involved for the reimbursement from FEMA, FHWA, or Other Federal Agencies, and the State relief programs to make the process of cost recovery efficient and accurate. The processes and documentation required will be in strict compliance with FEMA, FHWA, or Other Federal Agencies, and other State relief programs regulations regarding eligibility.

Contracts must meet rules for Federal grants, as provided for in Title 2 Code of Federal Regulations (CFR) Part 200, (§ 200.317-200.327, Procurement Standards) in order to be eligible for reimbursement under the Public Assistance Program.

NOTE: This solicitation is not a request for Emergency Debris Monitoring Services. The County currently has separate contracts to provide that service. This RFP is specifically for Emergency Debris Removal Services. Vendors shall not include proposals that include Debris Monitoring Services. One or more Vendor(s) may be selected to provide differing elements or levels of scope of work in accordance with the capabilities and extent of involvement each respondent proposes. Contracts issued resulting from this RFP shall only be activated in the event of a declared emergency. There is no guarantee any contract resulting from this RFP will be activated or any work will be performed.

Scope of services under this contract includes, but is not limited to:

2-4 DELIVERY AND COMPLETION OF WORK FROM THE DATE OF THE NOTICE TO PROCEED

The County will issue the official Notice to Proceed for the services referenced in this RFP and resulting contract. The Notice to Proceed shall be sent via facsimile, mail, or email. Under no circumstances shall the County be liable for any services rendered unless the written Notice to Proceed has been sent and received by the Vendor(s). The Vendor(s) must acknowledge receipt of the written Notice to Proceed. Time for completion may be considered a factor in determining the vendor to whom a Notice to Proceed will be made.

Upon Notice to Proceed and mobilization, the Vendor shall provide the County with a reasonable time frame in which the work will be completed. The County will use the Vendor's estimate to develop a period of performance for work to be completed. This period of performance may be adjusted at the County's discretion. All work shall be performed in accordance with good commercial practice. The work schedule and completion dates shall be adhered to by the vendor(s), except in such cases where the completion date will be delayed due to acts of God, strikes, or other causes beyond the control of the vendor. In these cases, the vendor shall notify the County of the delays in advance of the original completion date so that a revised delivery schedule can be appropriately considered by the County.

Should the vendor(s) to whom the contract(s) is awarded fail to complete the work within the number of days as stated in its offer, it is hereby agreed and understood that the County reserves the authority to cancel the contract with the vendor and to secure the services of another vendor to complete the work. If the County exercises this authority, the County shall be responsible for reimbursing the vendor for work which was completed and found acceptable to the County in accordance with the contract specifications. The County may, at its option, demand payment from the vendor, through an invoice or credit memo, for any additional costs over and beyond the original contract price which were incurred by the County as a result of having to secure the services of another vendor. If the incumbent vendor fails to honor this invoice or credit memo, the County may terminate the contract for default.

2-5 PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest shall be protected against damage or interrupted services at all times by the vendor during the term of the contract; and the vendor shall be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the vendor's operation on the property. In the event the vendor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the vendor.

2-6 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

a. **Authorized Representative** – County employees and/or contracted individuals designated by the County or County Debris Manager to take actions as described in this RFP and the resulting Contract.

b. **Chipping or Mulching** – see Grinding.

c. **Cleanup Crew** – A group of individuals and/or an individual employed by the Debris Removal Vendor to collect disaster debris.

d. **Construction and Demolition Debris (C&D)** – FEMA's PAPPG defines eligible construction and demolition (C&D) debris as components of buildings and structures, such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and other floor coverings, window coverings, pipe, concrete, asphalt, equipment, furnishings, and fixtures. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

e. **County** – St. Lucie County, Florida

f. **County Approved Final Disposal Site** – a final disposal location approved in writing by the County.

g. **County Debris Manager** – The County will designate a County Debris Manager, who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.

h. **Debris** – Items and materials broken, destroyed or displaced by a natural or man-made federally declared disaster. Examples of debris include, but are not limited to: vegetative debris, construction and demolition debris, and personal property.

i. **Debris Clearance** – Clearing roads by pushing debris to the roadside in order to accommodate emergency traffic.

j. **Debris Management Site (DMS)** – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to a final disposal site. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSR Site) or Temporary Debris Staging and Processing Facility (TDSPF).

k. **Debris Monitoring** – Actions taken by the County in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

l. **Debris Removal** – Picking up debris and taking it to a debris management site, composting facility, recycling facility, permanent landfill, or other reuse or end-use facility.

m. **Demobilization** – Following the completion of services provided under the resulting contract, the Vendor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Vendor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

n. **Demolition** – The act or process of reducing a structure, as defined by the State of Florida or local code, to a collapsed state. It contrasts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse.

o. **Designated Area** – Generally bounded by the County line and includes public property and rights-of-way within the unincorporated areas of the County that was directly affected by a debris-generating event.

p. **Disaster Specific Guidance** – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

q. **Eligible** – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Notice to Proceed is issued and executed by the County to the Vendor) of

the Public Assistance grant program and FEMA's PAPPG and all current FEMA fact sheets, guidance documents, and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency during the course of a debris removal project. Generally, eligible work is:

- Required as a result of the declared incident;
- Located within the designated area; and
- The legal responsibility of the County.

r. **Emergency Debris Clearance** - The initial debris clearance activity necessary to eliminate life and safety threats (i.e., clearing roads).

s. **Emergency Relief Program** – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways.

t. **E-Waste** – End of life electronics, typically televisions, computers and related components.

u. **FEMA Public Assistance Program and Policy Guide (PAPPG)** – FEMA's comprehensive guidance regarding the policy and program administration of the Public Assistance Program, including eligibility requirements and rules related to disaster debris removal.

v. **FEMA Publication 325 Debris Management Guide** – This publication has been superseded by the PAPPG, but may still be referred to as a reference. It is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses.

w. **Field Inspector** – See Monitor.

x. **Garbage** – Waste that is regularly collected through the County's normal waste collection methods. Includes all putrescible or non-putrescible wastes such as but not limited to, plastics, paper, cardboard, kitchen and table food waste, and animal, vegetative, food or any organic waste that is a result or residential or commercial activities.

y. **Grinding** – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.

z. **Hangers** – A hanger is a broken limb or branch. The current eligibility requirements for removal of a hanger according to FEMA's PAPPG are:

- The limbs or branches must be greater than two inches in diameter, measured at the point of break; and

- The limbs or branches must post an immediate threat, e.g., hanging over improved property or public-use areas, such as trails, sidewalks, or playgrounds.

FEMA does not fund removal of broken limbs or branches located on private property unless:

- The limbs or branches extend over the public ROW;
- The limbs or branches pose an immediate threat; and
- The hazard is removed from the public ROW (without entering private property).

Only the minimum cut necessary to remove the hazard is eligible. For example, cutting a branch at the trunk is not eligible if the threat can be eliminated by cutting it at the closest main branch junction.

aa. **Hazardous Stump** – a tree stump that has 50% of the root-ball exposed. Removal of the stump and filling the root-ball hole is eligible. If grinding the stump in-place is less costly than extraction, grinding the stump in-place is eligible.

FEMA only reimburses contracted stump removal on a per-stump basis if:

- The stump is 2 feet or larger in diameter measured 2 feet above the ground; and
- Extraction is required as part of the removal.

The price for stump removal must include extraction, transport, disposal, and filling the root-ball hole.

bb. **Hazardous Tree** – FEMA considers incident-damaged trees to be hazardous and eligible if the tree has a diameter of 6 inches or greater measured 4.5 feet above ground level, and the tree:

- Has a split trunk;
- Has a broken canopy; or
- Is leaning at an angle greater than 30 degrees.

For trees that have 50 percent or more of the root-ball exposed, removal of the tree and root-ball and filling the root-ball hole are eligible. For contracted removal of a tree with a root-ball, FEMA will not reimburse two separate unit costs to remove the tree and its root-ball. For trees that have less than 50 percent of the root-ball exposed, FEMA only provides PA funding to flush cut the item at ground level and dispose of the cut portion based on volume or weight. Grinding any residual stump after cutting the tree is not eligible.

cc. **Hazardous Waste** – Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and

Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at least one of the following four characteristics: ignitability, corrosively, reactivity or toxicity.

dd. **Hold Harmless** – Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.

ee. **Household Hazardous Waste (HHW)** –a hazardous product or material used and disposed of by residential consumers, rather than commercial or industrial consumers. HHW includes some paints, stains, varnishes, solvents, pesticides, and other products or materials containing volatile chemicals that catch fire, react, or explode under certain circumstances, or that are corrosive or toxic. HHW mixed with other debris types will contaminate the entire load, which necessitates special disposal methods. The overall cost of debris disposal can escalate quickly if HHW collection and disposal is not planned and executed with care.

The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

ff. **Monitor** – Person that observes day-to-day operations of debris removal crews to ensure they are performing eligible work, meeting the County's expectations and contractual requirements and are in compliance with all applicable Federal, State and local regulations. May also be referred to as a "Field Inspector"

gg. **Recycling** – The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.

hh. **Refrigerant** – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.

ii. **Right of Entry** – As used by FEMA, the document by which a property owner confers to an eligible applicant or its Vendor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.

jj. **Right-of-Way** – The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.

kk. **Scale/Weigh Station** – A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.

ll. **Temporary Debris Staging and Processing Facility (TDSPF)** – Site for the staging and processing of collected debris prior to final disposal. May also be referred to as a Debris Management Site (DMS).

mm. **Temporary Debris Storage and Reduction Site (TDSR)** – Site designated by the County for the storage and reduction of disaster related debris.

nn. **Tipping Fee** – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.

oo. **United States Army Corps of Engineers (USACE)** – A component of the United States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

pp. **Vegetative Debris** – Vegetative debris includes whole trees, stumps, trunks, branches, limbs, and other leafy material. Eligible vegetative debris may include tree limbs, branches, stumps, or trees that are still in place, but damaged to the extent they pose an immediate threat. These items are not eligible if the hazard existed prior to the incident, or if the item is in a natural area and does not extend over improved property or public-use areas, such as trails, sidewalks, or playgrounds. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers.

qq. **Vendor** – the term "Vendor" as used herein, refers to the vendor(s) selected to conduct debris removal operations per the terms of the contract. The term includes primary vendor(s), subcontractors, and individual crews.

rr. **White Goods** – White goods are defined as discarded household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, dryers, and water heaters. Many white goods contain ozone depleting refrigerants, mercury, or compressor oils. The Clean Air Act prohibits the release of refrigerants into the atmosphere and requires that certified technicians extract refrigerants from white goods before disposal or recycling. To avoid releases of refrigerants or oils, the collection of white goods should be accomplished carefully by manually placing the appliance on trucks or by using lifting equipment that will not damage the elements that contain the refrigerants or oils. The County will identify certified recycling centers that are permitted to take white goods.

2-6.1 ACRONYMS

ACM - Asbestos Containing Material
C&D - Construction and Demolition
CFR - Code of Federal Regulations
DMS - Debris Management Site
EO - Executive Order
EPA - Environmental Protection Agency
FDEP - Florida Department of Environmental Protection
FDOT - Florida Department of Transportation
FEMA - Federal Emergency Management Agency
FHWA - Federal Highway Administration

GPS - Global Positioning System
HHW - Household Hazardous Waste
OSHA - Occupational Safety and Health Administration
PA - Public Assistance
PPDR - Private Property Debris Removal
PPE - Personal Protective Equipment
PW - Project Worksheet
RACM - Regulated Asbestos Containing Material
RCRA - Resource Conservation and Recovery Act
ROE - Right-of-Entry
ROW - Right-of-Way
RRC - Rapid Response Crew
SWMF - Solid Waste Management Facility
TDSPF - Temporary Debris Staging and Processing Facility
TDSR - Site Temporary Debris Storage and Reduction Site
USACE - United States Army Corps of Engineers
VOCs - Volatile Organic Compounds

2-7 SCOPE OF SERVICES

The selected Vendor shall be capable of assembling, directing, and having the capacity to manage a major workforce, with multiple subcontractors, that can be fully operational in debris management operations and to cover the expenses of a major recovery prior to being paid by the County. Established management teams must be in place. The Vendor(s) shall have the resources to provide the equipment and personnel necessary to cover a major disaster. The Vendor(s) shall be able to assemble trucks, equipment, materials, and crews immediately following a disaster, giving the County priority status.

At a minimum of 48 hours prior to a hurricane event or immediately upon the occurrence of a debris-generating incident within the County for which there is no advance warning, a designated County employee will contact the Vendor(s) to advise them of the County's intent to activate the contract for removal and disposal of disaster debris. Before work begins, the County must issue a written Notice to Proceed. Within 8 hours of receiving the Notice to Proceed, the Vendor(s) will send a management team to report to the County Debris Manager to begin planning for the operations and mobilizing the personnel and equipment as necessary to perform the work. Mobilization by the Vendor(s) shall begin within 24 hours of notification by the County. Within 72 hours of receipt of the Notice to Proceed, the Vendor shall be fully established and continue debris removal operations. The Vendor(s) shall make every effort to be at the disaster site within the stated time frame. The removal and disposal work must be conducted in a systematic and predictable manner.

Under the awarded contract, work shall consist of coordinating and mobilizing an appropriate number of cleanup crews, as determined by the County's Debris Manager. Work shall also include the clearing and removing of any and all "eligible" debris as most currently defined (at the time

Notice to Proceed is issued and executed by the County for the Vendor) by the FEMA Public Assistance grant program guidelines in FEMA's PAPPG, all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies, and as directed by the County Debris Manager. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. The aforementioned definition of "eligible" applies to all uses throughout Scope of Services items 2-7.1 through 2-7.16. Work will include: (1) examining debris to determine whether or not debris is eligible; (2) loading the debris; (3) hauling debris to County approved DMS(s) or County approved Final Disposal Site(s); (4) reducing disaster related debris; (5) hauling reduced debris to a County approved Final Disposal Site; and (6) disposing of reduced debris at a County approved Final Disposal Site. Debris not defined as eligible by FEMA, state or federal DSGs or policies will not be loaded, hauled, or dumped under this contract unless written instructions to do so are given to the Vendor by the County Debris Manager. It shall be the Vendor's responsibility to load, transport, reduce, and properly dispose of any and all disaster generated debris which is the result of the event under which the Vendor was issued Notice to Proceed, unless otherwise directed by the County Debris Manager in writing.

2-7.1 EMERGENCY ROAD CLEARANCE

At the request of the County for this contract, work shall consist of all labor, equipment, fuel and associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared disaster event. All roadways designated by the County Debris Manager shall be clear and passable within 70 working hours of the issuance of Notice to Proceed from the County to conduct emergency roadway clearance work. The County may choose to extend the Vendor's 70-hour limit through a written request. This may include roadways under the jurisdiction of other governmental agencies under the legal responsibility of the County. Clearance of these roadways will be performed as identified by the County Debris Manager. The Vendor shall assist the County and its representatives in ensuring proper documentation of emergency road clearance activities by documenting the type of equipment and/or labor utilized (i.e., certification), starting and ending times, and zones/areas worked. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2-7.2 ROW VEGETATIVE DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close

proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Removal of eligible vegetative debris existing in the County will be performed as identified by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. All eligible debris will be removed from each location before proceeding to the next location unless directed otherwise by the County or its authorized representative.

e. Entry onto private property for the removal of eligible vegetative hazards will only be permitted when directed by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures.

f. The Vendor must provide traffic control as conditions require or as directed by the County Debris Manager.

2-7.3 ROW C&D DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Removal of eligible C&D debris existing in the County ROW will be performed as identified by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. All eligible debris will be removed from each location before proceeding to the next location unless directed otherwise by the County or its authorized representative.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed by the County or its authorized representative. The County will provide specific ROE legal and operational procedures.

g. The Vendor must provide traffic control as conditions require or directed by the County Debris Manager.

h. C&D debris must be monitored for the collection, complete haul, and delivery at the approved final disposal site. The County's authorized representative will obtain the original copy of the disposal or scale ticket showing the inbound and outbound collection vehicle weights.

2-7.4 DEMOLITION, REMOVAL, TRANSPORT, AND DISPOSAL OF NON-RACM STRUCTURES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all Household Hazardous Waste (HHW), E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Any structurally unsound and unsafe structures will be identified and presented to the County for direction regarding decommissioning.

c. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

d. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property

debris removal programs if requested.

f. The Vendor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the demolition, handling, and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

2-7.5 DEMOLITION, REMOVAL, TRANSPORT, AND DISPOSAL OF RACM STRUCTURES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Regulated Asbestos Containing Material (RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Any structurally unsound and unsafe structures will be identified and presented to the County for direction regarding decommissioning.

c. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

d. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

f. The Vendor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the demolition, handling, and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

2-7.6 DMS MANAGEMENT, OPERATIONS, AND REDUCTION THROUGH GRINDING

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to manage and operate DMS(s) for the acceptance, management, segregation, staging, and reduction through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS(s) includes obtaining necessary local, state, and federal permits or approval and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and FDEP. The Vendor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Vendor is responsible for operating the DMS(s) in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDEP guidelines.

c. Debris at DMS(s) will be clearly segregated and managed independently by debris type (C&D, vegetative debris, white goods, and other scope of service items), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced disaster debris must be staged separately from reduced debris at the DMS(s).

e. If the alternate tonnage price schedule of this RFP is used the Vendor shall obtain, install, and operate scales for weighing incoming debris. Scale/weigh stations shall be installed and certified within 5 business days of Notice to Proceed or written notice that the County intends on using the alternate tonnage schedule of this RFP. Vendor shall provide a sufficient number of scales meeting the County specifications to provide for the efficient delivery of waste streams without excessive wait times. The County shall make the sole determination of time determined to be excessive. To the extent that the County determines that additional scales are required, certified scales must be operational within 5 business days of the County's written request.

f. Maintaining the DMS approach and interior road(s) for all weather conditions for the entire period of debris hauling, including provision of crushed concrete for any roads that require stabilization for ingress and egress.

g. Vendor is responsible for all associated costs necessary to provide DMS(s) utilities such as, but not limited to, water, lighting, and portable toilets. Vendor is responsible for all associated costs necessary to provide DMS(s) traffic control such as, but not limited to, traffic cones and staff with traffic flags.

h. Vendor is responsible for all associated costs necessary to provide DMS(s) dust control and erosion control such as, but not limited to, an operational water truck, silt fencing and other best management practices.

i. Vendor is responsible for all associated costs necessary to provide DMS(s) fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

j. Vendor is responsible for all associated costs necessary to provide qualified personnel, as well as lined containers or containment areas, for the segregation of visible HHW/contaminants that may be mixed with disaster debris. The cost associated with qualified personnel and lined containers/containment areas for HHW/contaminant segregation, is a cost reflected in this scope of services. HHW/contaminant material segregated and stored in line containers at the DMS will be collected by the County's Hazardous Materials Removal and Disposal Vendor(s).

k. Vendor is responsible for providing 24 hour DMS(s) security.

l. Vendor will only permit Vendor vehicles and others specifically authorized by the County or its authorized representative on site(s).

m. Vendor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Vendor will at a minimum meet the specifications provided in the Technical Specifications of this RFP (See Section 2-8.16: Debris Site Tower Specifications).

Upon completion of haul-out activities, the Vendor will be responsible for remediating the physical features of the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, and other physical features. Site remediation does not include restoring fencing, lighting, and other permanent structures that may have been demolished at the County's direction for DMS operations. All debris, mulch, and other residual material is to be removed adequately; fill dirt and/or other base material (if required) must meet standards for intended use; new sod or seeding must meet standards for intended use. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP.

2-7.7 DMS MANAGEMENT, OPERATIONS AND REDUCTION THROUGH ABOVE GROUND AIR CURTAIN INCINERATION

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to manage and operate DMS locations for the acceptance, management, segregation, staging, and reduction through above ground air curtain incinerator

(ACI) of eligible disaster-related debris. Above ground ACI reduction must be approved by the County Debris Manager, FDEP, and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS locations includes obtaining necessary local, state and federal permits or approval, and operating in accordance with all rules and regulations of local, state and federal regulatory agencies, which may include but are not limited to the EPA and FDEP. The Vendor shall also be responsible for all costs associated with third-party groundwater and soil testing.

b. The Vendor is responsible for operating the DMS locations in accordance with OSHA, EPA, and FDEP guidelines.

c. Debris at DMS locations will be clearly segregated and managed independently by debris type (C&D, vegetative, HHW, etc.); program (ROW collection, private property debris removal, etc.); and applicant(s) (municipalities located within the County). Incidental debris will be removed and disposed of at no additional cost and based on the applicable scope of service in this RFP.

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS locations.

e. If the alternate tonnage price schedule of this RFP is used the Vendor shall obtain, install, and operate scales for weighing incoming debris. Scale/weigh stations shall be installed and certified within 5 business days of Notice to Proceed or written notice that the County intends on using the alternate tonnage schedule of this RFP. Vendor shall provide a sufficient number of scales meeting the County specifications to provide a sufficient number of scales meeting the County Specifications to provide for the efficient delivery of waste streams without excessive wait times. The County shall make the sole determination of time determined to be excessive. To the extent that the County determines that additional scales are required, certified scales must be operational within 5 business days of the County's written request.

f. Maintaining the DMS approach and interior road(s) for all weather conditions for the entire period of debris hauling, including provision of crushed concrete for any roads that require stabilization for ingress and egress.

g. The Vendor is responsible for all associated costs necessary to provide DMS locations utilities, which include but are not limited to, water, lighting, and portable toilets.

h. The Vendor is responsible for all associated costs necessary to provide DMS locations traffic control, which includes but is not limited to traffic cones and staff with traffic flags.

i. The Vendor is responsible for all associated costs necessary to provide DMS locations dust control and erosion control, which includes but is not limited to an operational water truck, silt fencing, and other best management practices.

j. The Vendor is responsible for all associated costs necessary to provide DMS locations fire protection, which include but is not limited to an operational water truck (sufficient and equipped for fire protection), fire breaks, and a site foreman.

k. Vendor is responsible for all associated costs necessary to provide qualified personnel, as well as lined containers or containment areas, for the segregation of visible HHW/contaminants that may be missed, mixed in, or picked up accidently with disaster debris. The cost associated with qualified personnel and lined containers/containment areas for HHW/containment segregation, is a cost reflected in this scope of services. HHW/containment material segregated and stored in lined containers at the DMS will be collected by the County's Hazardous Materials Removal and Disposal Vendor(s).

l. The Vendor is responsible for providing 24-hour security and fire tender for DMS locations.

m. The Vendor will only permit Vendor vehicles and others specifically authorized by the County or its authorized representative on site(s).

n. The Vendor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Vendor will at a minimum meet the specifications provided in the technical specifications of this RFP (see Section 2-8.16: Debris Site Tower Specifications).

A. Upon completion of haul-out activities, the Vendor will be responsible for remediating the physical features of the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, seeding, sod, and other physical features. Site remediation does not include restoring fencing, concession stands, lighting, and other permanent structures that may have been demolished at the County's direction for DMS operations. All debris, mulch, and other residual material is to be removed adequately; fill dirt and/or other base material (if required) shall meet standards for intended use; new sod or seeding shall meet standards for intended use. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP.

2-7.8 HAUL-OUT OF REDUCED DEBRIS TO A COUNTY APPROVED FINAL DISPOSAL SITE

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to load and transport reduced eligible material such as ash, compacted C&D, or mulch existing at a County approved DMS(s) to a County approved Final Disposal Site in accordance with all federal, state, and local rules and regulations.

a. The Vendor(s) shall provide the name and address of each disposal facility to be used along with the name and the telephone number of a responsible party for each facility, prior to commencing the work.

b. The Vendor(s) shall not use any disposal facility without the written consent of the County Debris Manager. All costs and fees associated with the disposal of debris shall be reviewed for reasonableness by the County Debris Manager prior to issuing any such authorization.

c. The Vendor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. At the completion of disposal operations, each disposal facility will issue a written summary of the quantity, type, and origin of waste delivered.

e. The Vendor shall not receive any payment from the County for haul-out or load tickets related to reduced or unreduced debris transported and disposed of at a non-County approved Final Disposal Site.

2-7.9 REMOVAL OF HAZARDOUS TREES AND HANGERS

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to remove all eligible Hazardous Trees 6 inches or greater in diameter, measured 4.5 feet above ground level and eligible Hangers inches or larger in diameter, measured at the point of break. Debris generated from the removal of these eligible Hazardous Trees and eligible Hangers will be placed in the safest possible location on the County ROW and subsequently removed in accordance with the terms, conditions and procedure described in "ROW Vegetative Debris Removal" (Scope of Services, 2-7.2). Eligible hazardous leaning trees less than 6 inches in diameter, measured 4.5 feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for Scope of Services, 2-7.2. The County will not compensate the Vendor for cutting leaning trees less than 6 inches in diameter on a unit rate basis. The collection of all eligible hazardous leaning trees and eligible hazardous hanging limbs must be performed on the same day as the cut work. If there is insufficient room for safe placement along the County ROW, then Vendor must load the resulting debris of eligible hazardous leaning trees or eligible hazardous hanging limbs as they are removed.

a. Eligible Hazardous Trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible Hazardous Trees 6 inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County

Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of leaning trees will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hazardous Trees at 2-6(bb) for eligibility requirements.

b. Eligible hazardous Hangers will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous hanging limbs 2 inches or greater in diameter measured at the point of break existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hangers at 2-6(z) for eligibility requirements.

2-7.10 REMOVAL OF HAZARDOUS STUMPS

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to remove all eligible Hazardous Stumps greater than 2 feet in diameter, measured 2 feet from the base of the tree, existing on the County ROW. The Vendor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Any voids not backfilled immediately following Hazardous Stump removal must have measures taken in order to protect public health and safety. Further, debris generated from the removal of Hazardous Stumps existing on the County ROW will be transported to a County approved DMS or a County approved Final Disposal Site in accordance with all federal, state, and local rules and regulations. Eligible Hazardous Stumps 2 feet or less in diameter measured 2 feet from the base of the tree will be considered normal eligible vegetative debris and removed in accordance with Scope of Services, 2-7.2. The diameter of eligible Hazardous Stumps less than 2 feet will be converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions Scope of Services, 2-7.2.

a. Eligible Hazardous Stumps will be identified by the County or its authorized representative for removal. Removal and transportation of eligible Hazardous Stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hazardous Stump at 2-6(aa) for eligibility requirements.

b. Tree stumps that are not attached to the ground will be considered normal vegetative debris and are subject to removal under the terms and conditions of Scope of Services, Item 2-7.2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of Scope of Services, Item 2-7.2. The

cubic yard volume of unattached stumps will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

c. Eligible Hazardous Stumps will be marked and uniquely numbered with green paint. Ineligible stumps will be marked with red paint.

d. The unit stump price shall be all inclusive to include but not limited to: stump extraction, stump cavity filling with compacted soils and installation of seed and/or sod, stump hauling, stump reduction, and disposal.

2-7.11 DOCUMENTATION REQUIREMENTS FOR HANGERS, HAZARDOUS TREES, AND HAZARDOUS STUMPS

The Vendor must provide all of the following documentation to support the eligibility of removing tree limbs, branches, stumps, or trees that are still in place:

a. Specifics of the immediate threat with the U.S. National Grid (USNG) location and photograph or video documentation that establishes the item is on public property;

b. Diameter of each item removed (measurement must be 2 feet up the trunk from the ground for stumps and 4.5 feet up for trees);

c. Quantity of material to fill root-ball holes; and

e. Equipment used to perform the work.

f. For Hazardous Stump, the Hazardous Stump Worksheet provided by the monitoring firm(s) will be completed in full for each stump, capturing the following information: (1) Names and signatures of parties present; (2) Physical location (street address, road cross streets, etc.); (3) stump number; (4) size of stump; (5) date.

2-7.12 ROW WHITE GOODS DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the collection of white goods from the ROW, removal of refrigerants, transportation to a County approved DMS, decontamination, and transportation to a County approved Solid Waste Management Facility (SWMF). White goods containing refrigerants must first have such refrigerants removed by the Vendor's qualified technicians prior to mechanical loading.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants or oils are not damaged.

White goods are banned from landfill disposal in the State of Florida, yet but are accepted for recycling.

a. The removal, transportation, and recycling of eligible white goods includes obtaining all necessary local, state, and federal handling permits and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies.

b. All white goods containing food items shall be decontaminated in accordance with local, state, and federal law prior to recycling.

c. The Vendor shall recycle all eligible white goods in accordance with all rules and regulations of local, State, and federal regulatory agencies.

d. Refrigerant containing items will have such refrigerants removed prior to mechanical loading or will be manually loaded and hauled to a St. Lucie County approved Solid Waste Management Facility and turned over to the facility to ensure that these gases are properly removed and stored. No white goods will be accepted that contain food or other waste.

2-7.13 HOUSEHOLD HAZARDOUS WASTE (HHW) REMOVAL, TRANSPORT, AND DISPOSAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and disposal of eligible HHW from the ROW to a permitted hazardous waste facility or municipal solid waste (MSW) type I landfill, as requested by the County.

The removal, transportation, and disposal of eligible HHW includes obtaining all necessary local, state, and federal handling permits, and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies.

All HHW shall be managed as hazardous waste and disposed of at a permitted hazardous waste facility or MSW type I landfill.

2-7.14 E-WASTE REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and proper disposal of eligible E-Waste from the ROW to a St. Lucie County approved SWMF. Eligible E-Waste includes, but is not limited to, televisions, computers, computer monitors, and microwaves in areas identified and approved

by the County. The Vendor shall recycle or dispose of all eligible E-Waste Items in accordance with all rules and regulations of local, state and federal regulatory agencies.

2-7.15 ABANDONED VEHICLE AND VESSEL REMOVAL

Services performed under this Contract element will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal and transport of eligible land based abandoned vehicles and vessels in areas identified and approved by the County. The removed eligible vehicles and vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The removal, transportation and disposal of eligible abandoned vehicles and vessels includes obtaining all necessary local, state and federal handling permits, and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

2-7.16 DEAD ANIMAL CARCASSES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and lawful disposal of dead animal carcasses from the ROW to a County approved Final Disposal Site. Vendor shall coordinate activities with the St. Lucie County Code Enforcement Services Division and the St. Lucie County Health Department.

2-7.17 OTHER DEBRIS REMOVAL WORK

Neither the Vendor nor any subcontractors hired by the Vendor shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Vendor to dismiss or remove from the project any workers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

2-7.18 PRE-EVENT COORDINATION MEETING

The successful Vendor(s) may be required, if requested by the County, to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s) at no cost to the County.

2-7.19 DESCRIPTION OF DESIGNATED AREAS

a. The designated area for debris removal (the County right-of-way) is bounded by the County line and includes public property and Right-of-Ways (ROW), County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the jurisdictional boundaries of the County. The County Debris Manager may also authorize the Vendor to perform debris removal on non-County maintained roadways or other areas, as directed in writing by the County Debris Manager. If the Vendor is authorized to perform services on non-County maintained roadways or other areas that may not be eligible for reimbursement said load tickets, unit rate tickets, or haul-out tickets must be clearly marked "non-eligible". If tasked with debris removal on Federal Highway Administration (FHWA) Emergency Relief (ER) Program eligible roadways, the Vendor will be required to provide crews separate from those providing County ROW debris removal services. The crews designated to provide debris removal from FHWA-ER eligible roadways will only make one pass to collect debris from FHWA-ER eligible roadways. Further, the Vendor shall abide by all eligibility requirements and guidance set forth by the most current guidance from FHWA for debris removal on FHWA-ER Program eligible roadways. Effective October 1, 2012 FHWA-ER will no longer be responsible for debris removal from FHWA-ER road segments that are eligible under the FEMA Public Assistance Program.

b. The County Debris Manager will authorize and approve which services the Vendor shall provide from the scope of services and which zones/areas must be prioritized.

c. All debris identified by the County Debris Manager shall be removed. The number of complete passes the Vendor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Vendor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Vendor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

d. For first pass loose leaves and small debris in excess of two bushel baskets shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than twelve (12) inches in any dimension shall be left at the point of collection.

e. For subsequent and/or final pass loose leaves and small debris in excess of one-bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left at the point of collection.

f. Vendor shall deliver all disaster related debris to a County approved Debris Management Site (DMS) or County approved Final Disposal Site that has been approved to receive disaster-generated debris and adhere to all local, state, and federal regulations.

g. All Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Vendor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state, and federal safety and environmental standards. Vendor reduction, handling, disposal and remediation methods must be approved, in writing, by the County Debris Manager.

h. Payment for disposal costs such as tipping fees incurred by the Vendor at a County approved Final Disposal Site that meet local, state, and federal regulations for disposal will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Vendor must furnish an invoice in hard copy and electronic format matching scale/weigh tickets numbers with load ticket or haul-out ticket numbers and other applicable information. The Vendor will also be required to provide proof of Vendor payment to the County approved Final Disposal Site.

i. The Vendor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state, and federal governments or agencies, or of any public utilities.

j. The County reserves the right to inspect the DMS, verify quantities, and review operations at any time.

2-7.20 DEBRIS MANAGEMENT SITES (DMS)

The County shall provide predetermined locations to support the event in which the contract is activated. The County shall provide the vendor with an updated list of those locations annually. Depending on the incident in which the contract is activated the County may provide the Vendor with a minimum of 2 DMS locations.
The Debris Management Sites are as follows:

Location	Acreage	Waste Type	GPS Entrance Location
Airport Commerce Park	145	Yard Trash, C&D, Mixed Debris	Lat. 27°29'53.69" Long. 80°23'53.97"
Indian River Estates	2	Yard Trash	Lat. 27°21'07.34" Long. 80°19'32.43"
Savannas Recreation Area	1.5	Yard Trash	Lat. 27°22'53.16" Long. 80°18'19.70"
SLC Fairgrounds	22	Yard Trash, C&D, Mixed Debris	Lat. 27°22'22.89" Long. 80°29'20.59"
Indrio Road Staging Site	200	Yard Trash, C&D, Mixed Debris	Lat. 27°31'14.49" Long. 80°22'19.53"

The County will assign specific DMS to specific Vendor(s) for their sole use. Designated DMS may be a portion of the overall DMS but shall remain the sole responsibility of the assigned Vendor. If additional DMS locations are needed for the operation, the County shall provide an approved list of alternate DMS locations. The list will include all necessary site information to allow the Vendor, with assistance from the County, to submit to FDEP for approval. If the County establishes any additional DMS, a copy of the agreement showing indemnification of the County for the use and proposed restoration plan of the additional sites, shall be provided to the County. In addition, the Vendor shall execute a hold harmless agreement for each additional established DMS that is not identified within the awarded contract. The hold harmless agreement must be approved by the County prior to execution.

Prior to the use of any DMS, analysis of both groundwater and soil will be required by the Vendor to establish pre-use conditions (post remediation site sampling may also be required of the Vendor). Groundwater and soil sampling/analysis must be conducted by an independent Geotechnical Engineer or Geologist and will be performed on behalf of the County at the expense of the Vendor(s). The results of such testing shall be sent directly from the professional to the County. The Vendor shall be required to provide the County with site photographs for each DMS. The photographs will include pre-use, operational, and post site remediation photographs to document site conditions.

The cost associated with preparing, operating, and site remediation of land used as DMS in the County is a cost borne by the Vendor and compensated based on the Vendor's bid for site management and reduction of debris.

The County may also establish designated Residential Convenience Centers (residential drop-off sites). If this should occur, the County may at its option request the Vendor to be responsible for removing all disaster related debris from those sites. Depending on the volume of debris at a Residential Convenience Center, the Vendor may be required to push material to make room for additional debris.

The Vendor's Operations Manager will assign a Foreman to the (each) DMS, who will be responsible for the management of all operations of the site, including traffic control, dumping operations, segregation of debris, grinding, fire protection, and safety. The DMS Foreman will be responsible for monitoring and documenting equipment and labor time and providing the daily operational report to the Vendor's Operation Manager, who will in turn provide this information to the County's Debris Monitoring Consultant. These daily reports must meet the requirements of FEMA, FHWA, or Other Federal Agencies, and other reimbursement and regulatory governmental agencies.

The Vendor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, fill dirt, base material, sod, and other physical features. DMS site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP. All debris, mulch, etc. is to be removed adequately; fill dirt and/or other base material (if required) must meet standards for intended use; new sod or seeding must meet standards for intended use.

2-8 TECHNICAL SPECIFICATIONS

2-8.1 TERMINATION FOR CONVENIENCE

The County reserves the right to terminate the contract with the Vendor(s) at any time and for any reason. This shall supersede the general provisions.

2-8.2 NOTICE TO PROCEED

The County will issue an official Notice to Proceed for the services referenced in this RFP and resulting contract. The Notice to Proceed shall be sent via facsimile or email and followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless the written Notice to Proceed has been sent and received by the Vendors(s). The Vendor(s) must acknowledge receipt of the written Notice to Proceed.

2-8.3 CHANGES IN SCOPE OF WORK

The County Administrator or his designee may request changes in the scope of work to be performed. Such changes, including increase or decrease in compensation must be mutually agreed upon and incorporated by written amendment to the agreement.

2-8.4 SAFETY

The Vendor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Vendor(s) shall take all reasonable steps to ensure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Vendor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

2-8.5 ON-SITE PROJECT MANAGER

The Vendor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives Daily meeting topics will include, but are not limited to, volume of debris collected, completion progress, County coordination, and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Vendor(s)' project manager must be available 24 hours a day, or as required by the County Debris Manager.

2-8.6 SUPERINTENDENT SHALL BE SUPPLIED BY THE VENDOR

The Vendor shall employ a competent superintendent who shall be in attendance at all times at the project site during the progress of the work. The term "competent" includes an ability to be able to clearly communicate, orally and in writing, in English. The superintendent shall be the primary representative under this contract for the vendor. All authorized communications given to the superintendent by the County, and all contract-related decisions made by the superintendent, shall be binding to the Vendor. The superintendent shall be considered to be, at all times, an employee of the Vendor under its sole direction and not an employee or agent of the County.

2-8.7 EQUIPMENT

a. All trucks and other equipment must be in compliance with all applicable local, state, and federal rules and regulations. Any truck used to haul debris must be capable of rapidly unloading its contents without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of 2 inch by 6 inch boards or greater and not to extend more than 2 feet above the metal bedsides. Trucks or equipment certified with sideboards must maintain such sideboards and keep them in good repair. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Vendor(s). The County or its authorized representative may also perform periodic re-inspection of vehicles to verify the certified capacity.

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent them from falling off. Measures must be taken to avoid the debris blowing out of the hauling vehicle during transport to a County approved DMS or a County approved Final Disposal Site. If falling debris from hauling vehicles presents an issue the County reserves the right to require the contractor to "tarp" or cover debris when hauling.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Vendor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Vendor(s) mix debris hauled for others with debris hauled under this contract. Failure to abide may result in a suspension of the violating truck, crew, or sub-contractor.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

2-8.8 TRAFFIC CONTROL

The Vendor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Vendor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Vendor(s) shall provide sufficient signing, flagging, and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state, and federal

laws, regulations, and ordinances governing personnel, equipment, and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Vendor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected. The expense incurred by the Vendor for traffic control is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of scope of services.

Traffic control will conform to FDOT's most current editions of "Roadway and Traffic Design Standards" for Design, Construction, and Maintained Systems and the Federal Highway Administration (FHWA) "Manual on Uniform Traffic Control Devices (MUTCD) for Streets and Highways." These documents can be ordered from F.D.O.T, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida, 32399-0450, Phone (904) 488-9220. The foregoing requirements are to be considered as minimum and the Vendor's compliance shall in no way relieve the Vendor of final responsibility for providing adequate traffic control devices for the protection of the public and Vendor's employees throughout the work area.

2-8.9 RAPID RESPONSE CREW

Vendor(s) shall be required to provide the County with access to one or more Rapid Response Crews (RRC) as directed by the County. The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

2-8.10 HAZARDOUS MATERIALS AND HOUSEHOLD HAZARDOUS WASTE

The Vendors(s) shall set aside and reasonably protect any hazardous materials encountered during debris removal operations for collection and disposal by the County's Hazardous Materials Removal and Disposal contractor(s). The Vendor(s) shall notify the County's monitoring firm(s) of the nature and location of any such debris encountered.

The Vendor(s) and personnel must make every reasonable effort to avoid transporting hazardous materials to the DMS(s) or final disposal sites that are not specifically authorized to accept such materials. Should these materials be inadvertently transported to the aforementioned locations, the Vendor(s) shall be responsible for proper handling and storage of any hazardous materials brought by his/her workforce. The Vendor(s) shall provide a suitable area at each DMS to accommodate all hazardous materials inadvertently brought to the site.

The County or County's Hazardous Materials Removal and Disposal contractor will provide for routine service to collect and dispose of any materials inadvertently delivered to the DMS during removal operations.

2-8.11 WORK HOURS

The Vendor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Vendor(s). Unless otherwise directed, the Vendor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

2-8.12 TIME OF COMPLETION

The services shall commence upon written notice to proceed from the County manager or his designee, and the project shall be completed in accordance with the project schedule.

2-8.13 LIQUIDATED DAMAGES

Should the Vendor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore, the Vendor shall pay the County, as liquidated damages, the following:

a. The Vendor shall pay the County, as liquidated damages, $1,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within 72 hours of being issued Notice to Proceed.

b. The Vendor shall pay the County, as liquidated damages, $500.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County approved Final Disposal Site and/or any associated fines levied by a third party. Application of liquidated damaged does not release the Vendor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Vendor shall pay the County, as liquidated damages, $500.00 per incident where the Vendor fails to repair damages that are caused by the Vendor or subcontractor(s). Application of liquidated damages does not release the Vendor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Vendor to complete requirements set forth in the scope of work.

2-8.14 DAMAGES

All items damaged as a result of Vendor(s) or subcontractor operations, such as but not limited to, sidewalks, curbs, pipes, drains, water mains, pavement, mail boxes, and turf shall be either

repaired or replaced by the Vendor, at their expense, in a manner prescribed by and at the sole satisfaction of the County Debris Manager. Any invoices submitted to the County such as but not limited to, from utility companies, or landowners, which are determined to be the result of damage done by the Vendor, shall be the responsibility of the Vendor. Repairs, or receipt of repairs, shall be completed and submitted to the County prior to submission of the Vendor's invoice for work accomplished. If the Vendor(s) fails to repair any damaged property, the County may have the work performed and charge the Vendor(s).

The Vendor(s) shall be responsible for filling to grade with like material all surface damage, such as rutting and cracks, caused by the Vendor(s)'s equipment during debris removal. The Vendor(s) shall repair all damage to existing grade, road shoulders, trees, shrubs, and grassed areas caused by the Vendor(s)'s equipment or personnel at no additional cost to the County. If the Vendor does damage to a County sign or other property owned by the County, it shall be the responsibility of the Vendor(s) to repair the item back to the original condition. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the Vendor. The Vendor(s) shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the area of work.

Complaints will be addressed within 48 hours and a written report submitted to the County Debris Manager outlining actions taken to correct the complaint. The Vendor shall notify the County immediately of any complaints given directly to the Vendor.

Upon written notice from the Vendor that the damage correction work is complete, the County will make a final inspection with the Vendor and will notify the Vendor in writing of any deficiencies in the project. The Vendor will correct all deficiencies before final acceptance and payment is made. If a second re-inspection is required, the County will assess an $80.00r fee to the Vendor. The $80.00 fee will be assessed for every re-inspection after the first re-inspection. The fee is assessed to offset the additional County labor costs and vehicle usage required for unnecessary inspections and the fee will be deducted from the final invoice for that release order.

No retention will be released to the Vendor(s) prior to a satisfactory damage resolution log being completed addressing all complaints and issues. Should the value of retention exceed the amount of possible outstanding damage claims, the Vendor(s) may petition the County in writing for a partial retainage release.

2-8.15 EXISTING UTILITIES

a. Some trees and debris that are to be removed under the awarded contract may be blocked or entangled with overhead power, telephone, and television cables. In this case, it shall be Vendor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Vendor(s) shall pay all such costs to the utility company for any adjustments.

b. The Vendor(s) shall be responsible for all costs incurred to repair damaged utilities that are

caused by the Vendor, as determined by the affected utility company. Payment for repairs to all municipal and privately owned utilities shall be the responsibility of the Vendor(s).

2-8.16 DEBRIS SITE TOWER SPECIFICATIONS

a. The Vendor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Vendor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of 10 feet from surrounding grade to finish floor level, have a minimum 8 feet by 8 feet of usable floor area, be covered by a roof with 2 feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up 4 feet on all 4 sides. The expense incurred by the Vendor for the construction of towers is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of Scope of Services.

b. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

2-8.17 FACILITIES AT DMS LOCATIONS

The Vendor(s) shall provide as many ADA compliant portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Vendor(s) throughout the duration of dumping operations. The expense incurred by the Vendor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of Scope of Services.

2-8.18 OWNERSHIP OF DEBRIS

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County until final disposal at a properly permitted disposal site. The Vendor(s) shall be responsible for removal of debris up to the point where debris can only be described as light litter and additional collection can be facilitated only by sweeping and raking. In addition to debris stored on the right-of-way as the result of road clearing, the County will direct residents to place debris in segregated piles along the right-of-way, separated as to the waste category. There may be the need to perform some curbside separation of the different materials. Different waste materials will be collected in separate vehicles and may require disposal at different locations, which will be approved by the County. Any items requiring disposal at special facilities shall be required to be monitored for the collection, complete haul, and delivery at the approved special location with the monitor obtaining an original copy of the disposal ticket showing inbound and outbound collection vehicle weights.

All bagged and bundled waste and debris smaller than 2 inches in diameter and shorter than 2 feet in length are outside the scope of this contract unless specifically directed by the County. Collection of Municipal Solid Waste (MSW) is outside the scope of this contract.

2-8.19 ENVIRONMENTAL PROTECTION

a. It is recognized that construction and demolition debris might contain small amounts of asbestos, lead-based paints, treated wood, or similar materials. The Florida Department of Environmental Protection (FDEP) will issue an Emergency Final Order for the classification and disposition of all disaster related wastes. Based on the mandates of this State agency and other applicable state and federal reimbursement agencies, the determination of the character and disposal of waste streams will be decided. The Vendor(s) shall receive a copy of this letter and together with the Monitoring Firm and County; a final disposal plan will be established.

b. Any and all fluids or chemicals (work-related materials such as oil-dri, absorbents, etc.) used by the Vendor(s) must be used and disposed of in accordance with all rules and regulations of local, state, and federal regulatory agencies.

c. Vendor(s) and subcontractors shall not perform maintenance on over-the-road equipment at DMS(s). Maintenance of equipment that typically remain at the DMS (e.g., track hoes, front end loaders, grinders, etc.) may be conducted at the DMS provided best management practices are followed and all wastes are managed and disposed of in accordance with all rules and regulations of local, state, and federal regulatory agencies.

d. The Vendor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Vendor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

e. The Vendor(s) shall comply with all laws, rules, regulations, and ordinances regarding environmental protection.

f. The Vendor(s) shall immediately report and document all incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills, or fuel leaks.

g. The Vendor must notify the County regarding any fluid or chemical spillage so that the County or its authorized representative can review and approve of the cleanup.

2-8.20 DOCUMENTATION AND MEASUREMENT

a. Vendor is responsible for ensuring that all labor and equipment used for Emergency Debris Clearance activities is certified and that logs are kept for starting days/times, ending

days/times, and zones, areas, and streets worked.

b. All trucks used for collection and hauling of eligible debris from the County ROW to County approved DMS(s) or County approved Final Disposal Sites shall be measured (inside bed measurements) and certified for cubic yard volume by the County or County-authorized representative. The Vendor shall provide a representative to attest to the certification/measuring process. It is the Vendor's responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to both sides of each certified truck and shall clearly state the truck measurement in cubic yards, Vendor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or communities.

c. The Vendor(s) is responsible for ensuring that all subcontractors maintain valid driver's licenses and equipment legally fit for travel on the road.

d. Load tickets will be provided by the County or its authorized representative for recording volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as Hangers or Hazardous Tree removal. Only tickets designated and approved by the County will be authorized for use. Tickets must be completed in a clear and legible manner. Tickets that require Vendor signature will have the signature as well as name printed in a legible manner. Illegible Load & Unit Rate tickets will not be paid.

- Each ticket shall be of a type that consists of one original and five copies.

- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Vendor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, percentage load call or measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete and/or illegible load or unit rate tickets submitted for payment.

- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County approved Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection. This determination will be made by the County authorized representative present at the DMS or County approved Final Disposal Site. The County authorized representative will validate, enter the estimated debris quantity and sign the load ticket. The County will keep the original copy, 2 copies

will be given back to the vehicle operator and the remaining 2 copies will be provided to the Vendor.

- Loads of processed (e.g., chipped) debris being hauled from a DMS to a County approved Final Disposal Site will follow the same load ticket procedures. A County authorized representative will initiate the load ticket at the DMS. Another County authorized representative will validate and sign the ticket at the County approved Final Disposal Site.

- The Vendor(s) shall give written notice of the location for work scheduled 24 hours in advance.

e. Scope of service items that have rates based on one-way haul mileage shall have such mileage based on "as the crow flies" distance. The radius distance from each DMS or final disposal site to the last loading location written on the load or haul-out ticket will be used to determine the mileage rate category. The County shall determine the mileage calculation method that is ultimately used. One-way mileage rates apply to the following sections within the statement of work:

- Section 2-7.2 – ROW Vegetative Debris Removal

- Section 2-7.3 – ROW C&D Debris Removal

- Section 2-7.4 – Demolition, Removal, Transport and Disposal of Non-RACM Structures

- Section 2-7.5 – Demolition, Removal, Transport and Disposal of RACM Structures

- Section 2-7.8 – Haul-out of Reduced Debris to a County Approved Final Disposal Site

2-8.21 PAYMENT

a. The County, or its authorized representative, will monitor, verify, and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Vendor(s) will be provided with copies of this documentation. These documents will be used by the Vendor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be legible and properly completed. Tickets missing loading address, truck number, certified capacity, collection monitor signature, disposal site, load call, or disposal monitor signature will not be paid, nor will the County be responsible for unpaid incomplete tickets.

b. If tasked with private property and FHWA-ER funded roadway debris removal operations, these will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, white goods, or other scope of service items), program (ROW collection, private property debris removal, etc.), or both.

c. Invoices shall be submitted to the County's authorized representative on a bi-weekly basis unless otherwise direct by the County. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

d. A 10% retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the Vendor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Vendor(s) to public or private property.

e. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

f. The Vendor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Vendor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

g. Payment for disposal cost incurred by the Vendor(s) at County approved Final Disposal Sites will be made at the cost incurred by the Vendor. The County will either coordinate payment of disposal costs directly with the Final Disposal Site or require the Vendor to pay the disposal fees and then invoice the County. The Vendor(s) shall submit a copy of all invoice(s) received by the County approved Final Disposal Site, an electronic copy tabulating all scale or load tickets issued by the County approved Final Disposal Site, and proof of Vendor payment to the County approved Final Disposal Site. The County will not render payment for disposal costs until the Vendor submits applicable disposal site permits or site information for each authorized Final Disposal Site.

h. Vendor(s) must submit a final invoice within 30 days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked "FINAL INVOICE" and no additional payments will be made after the Vendor's final invoice.

i. In the event any portion of this scope of work is to be funded by State or Federal funds, the Vendor will comply with all requirements of the state or federal government applicable to the use of the funds.

j. The Vendor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of 7 years following receipt of final payment for the services referenced herein. In the event litigation ensues or the County

challenges a decision by FEMA to disallow or de-obligate costs incurred under the contract, then Vendor shall retain all records hereunder for a period of 7 years after conclusion of the litigation or FEMA dispute, including any and all appeals.

k. Payment shall be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, and Florida Statues.

2-8.22 FHWA-ER PROGRAM CONTRACT REQUIREMENTS

The County intends to seek reimbursement from FHWA for the eligible debris removal performed on federal aid roads. Consequently, the County mandates compliance from the successful Vendor regarding the following:

a. FHWA Form 1273, titled Standard Federal-aid Provisions. FHWA Form 1273 will be included in the final contract.

b. Buy America Requirements

c. 49 CFR Part 26, Disadvantage Business Enterprise Program

d. American with Disabilities Act of 1990 (ADA)

e. Convict Labor Prohibition

FHWA-ER Program contract requirements are subject to any changes provided by FHWA during the term of the contract. Based on the current guidance, FHWA will only reimburse the County for the initial collection, hauling and tipping fee, if applicable, of eligible debris. Debris reduction operations are not eligible for reimbursement unless the debris is being reduced as part of a rolling pickup operation. As a result, the FHWA-ER eligible debris that is collected during the first pass shall be hauled to the nearest Final Disposal Site unless otherwise directed by the County.

2-8.23 FINAL PROJECT CLOSE OUT

Upon final inspection of the project by the County, the Vendor(s) shall submit a detailed description of all debris management activities, to include the total volume, by type of debris hauled and/or disposed.

Services not specifically identified in any contract derived from this RFP may be added to the contract upon mutual consent of the contracting parties.

2-8.24 DISTRIBUTION OF WORK

The County reserves the right to activate more than one contractor to provide the debris services outlined in this RFP. The County may also revise the distribution of services provided or work areas (such as zones) at any time during the activation of a contract developed though this RFP.

2-8.25 COUNTY'S DEBRIS MONITORING CONSULTANT

Vendor shall be in contact and comply with the County's contracted consultant and representative for the monitoring of debris collection and removal services. The County's contracted consultant and representative shall be a separate contractor, from this solicitation and its award, who will be exclusively contracted for monitoring services. The monitoring consultant shall certify all of the vendor's loads and the safety of the vehicles in which the debris is being removed.

2-9 SUBCONTRACTORS

The County prefers that the Contractor provide all services needed to comply with the RFP. Should a Sub-Contractor be needed, the Primary Contractor will be the sole point of contact and have sole responsibility for all issues. It is the responsibility of the Primary Contractor to ensure that Sub-Contractors needed to be used during the collection and disposal of disaster debris shall comply with the scope of work initiated to support this project.

If the Contractor intends to subcontract any portion of the work covered by this Contract, the Contractor must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible. Affirmative steps must include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and

5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

2-10 CONTRACT TERMS

The selected Vendor is to provide items and services listed at firm fixed rates on an as needed basis for an initial period of 1 year, renewable for three additional 1 year periods. Both the County and the vendor must mutually agree upon renewals in writing. Rates quoted will be for the first year and will not be changed based on the guidelines outlined in this solicitation.

The awarded contract will contain the required provisions at 2 C.F.R. § 200.326, Appendix II to 2

C.F.R. Part 200, and FEMA guidance, as applicable.

Part III: INSTRUCTION FOR THE PREPARATION OF PROPOSALS AND RESPONSE REQUIREMENTS

The Proposer(s) warrants its response to this Request for Proposals (RFP) to be fully disclosed and correct. The firm must submit a Proposal complying with this RFP, and the information, documents and material submitted in the Proposal must be complete and accurate in all material aspects. All Proposals must contain direct responses to the following questions or requests for information and be organized so that specific questions being responded to are readily identifiable and in the same sequence as outlined below.

Proposers are advised to carefully follow the instructions listed below in order to be considered fully responsive to this RFP. Proposers are further advised that lengthy or overly verbose or redundant submissions are not necessary. Compliance with all requirements will be solely the responsibility of the Proposer. Failure to provide requested information may result in disqualification of response.

The Proposal shall cover in as much detail as possible the requirements of the solicitation, subject to modification and enhancements as a result of information gained during the consultant selection process.

The Proposal must be submitted on 8½"x11" paper, numbered, typewritten, with headings, sections, and sub-sections identified appropriately. The Proposal shall be clear and concise and provide the information requested herein. Statements submitted without the required information will not be considered. Proposals shall be organized and sections tabbed. The Proposer should not withhold any information from the written response in anticipation of presenting the information orally or in a demonstration, since oral presentations or demonstrations may not be solicited. Each Proposer must submit adequate documentation to certify the Proposer's compliance with the County's requirements. Proposers should focus specifically on the information requested. Additional information, unless specifically relevant, may distract rather than add to the Proposer's overall evaluation.

The following information, at a minimum, shall be included in the Proposal:

A. COVER PAGE

Statement of Qualifications Introductory letter: This letter's no more than two pages will summarize in a brief and concise manner the proposer's understanding of the RFP, the County's objective, the proposer's acceptance of conditions and any exceptions to the general terms and conditions of the RFP and to insurance requirements and any other requirements listed in the RFP. The letter should name all of the persons authorized to make presentations for the Offeror, including the titles, addresses, and telephone numbers. The Letter shall be signed by a representative who is authorized to contractually bind the Contractor. If proposal is signed by

someone other than President, Vice President, Treasurer, a copy of your Corporate By-Laws, or a letter signed by a corporate officer must be included.

B. TABBED SECTIONS

TAB 1 REQUIRED FORMS

The following forms are required with Proposer's submittal. Proposals not including the following forms will be rejected and considered non-responsive. Forms can be downloaded in the Required Submittal Packet attached to the solicitation documents.

- Form #1 Proposer Information and Authorized Signature
- Form #2 Non-Collusion Affidavit
- Form #3 Corporate Resolution
- Form #4 Confirmation of Drug-Free Workplace
- Form #5 Public Entity Crime Affidavit
- Form #6 Hold Harmless and Indemnity Agreement
- Form #7 Certification Regarding Debarment & Suspension
- Form #8 Anti-Lobbying Certification
- Form #9 Price Schedules 1 (Hourly) and 2 (Unit Rate)
- Addenda Any and all issued addenda regarding this solicitation, signed and dated, if applicable

TAB 2 EXECUTIVE SUMMARY

This section shall include a summary of your organization, including its history. Indicate the number of years Proposer has had in providing these services. Provide any additional information which will present evaluators with insight about the qualifications, fitness, and abilities of Proposer. This section shall also include a list of all judgments from lawsuits in the last 3 years and current pending lawsuits that are concerned directly with the staff or part of your organization proposed for the contract. Please include a current copy of your State of Florida Corporate Registration. If a Proposer is a corporation, it must be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in the State of Florida.

TAB 3 PROPOSER EXPERIENCE AND QUALIFICATIONS

List the names and titles of principals, management, trainers, staff, and personnel who will be assigned to this contract. Include resumes or summary of experience of these persons as an Appendix to the Proposal. The Proposer shall also provide information on services provided in past emergency incidents with other governments, cities of similar size, businesses, corporations, or other entities within the last ten (10) years to demonstrate how its experience makes it qualified for this project. Please include the names of the entities, the length and the magnitude of the incidents that occurred within your Proposal.

TAB 4 REFERENCES

Provide at least 5 references which the Proposer has provided the same or similar services for the same type during the past 10 years and who can attest to the Proposer's ability to perform at or above the current level of expectations set within the scope of work.

Each reference shall include, at a minimum:

- Name and full address of reference organization;
- Name of Contact person for contract;
- Telephone number(s);
- Date of initiation of contract with reference; and
- Brief summary of services provided.

TAB 5 EXISTING CONTRACTUAL OBLIGATIONS

The Respondent shall provide information on any established or currently ongoing contracts with other Governments, cities of similar size, businesses, corporations or other entities. Please include the names of the entities, the lengths of the contract and their expiration dates.

TAB 6 METHODOLOGY, TECHNICAL PLAN, AND APPROACH

Proposer shall describe the methodology, technical plan, and approach they will take to accomplish the work described herein and provide the solution that best suits the County's needs. The Proposer shall provide an overview of how they will work with the County to provide the solution proposed and required services. This refers to the exact type and nature of the Proposer's proposed services and how they accomplish the objectives and needs of the County, as well as the ability to comply with the County's needs for a service provider that is experienced, educated, knowledgeable, and capable of complying and adhering with Federal reimbursement programs. The proposer shall establish a clear demonstration and understanding of the work to be performed with a complete and reasonable plan/proposal for accomplishing the tasks. This shall include the

technical plan being proposed, the equipment being used, the number of personnel being used, and justification for the total time frame to complete the scope of work. Information shall include, but not be limited to the following:

a. Provide and describe a general description of the type of solution and all available processes within the solution proposed.

b. Explain the approach plan to support the needs and objectives of the Scope of Services established within this RFP.

c. Illustrate and describe the ability to provide a quick and rapid response to an incident; including the actual time to respond and provide a fully implemented and operational system prior to an incident or on an emergency on call basis.

d. Illustrate and describe the ability to provide project management and administrative resources.

e. Illustrate and describe the ability to provide collection and disposal of debris and the parameters within that service at all locations.

f. Provide and describe a staffing plan.

g. Illustrate and describe abilities to provide any other related or additional services applicable or related to this type of service.

TAB 7 COST PROPOSAL

This section shall be submitted by utilizing the Cost Proposal form (Form # 11) in the Required Forms Packet. No additional forms will be accepted or submittals that state "see attached". It is the Proposer's responsibility to provide a full disclosure of the pricing requested and all costs associated with a fully implemented and developed solution within this tab.

Schedule 1 shall include hourly rates and the grand total for the following 3 categories. These are identified as:

1. Equipment types w/ operator
2. Labor
3. Crew

Schedule 2 shall include unit rates and the grand total for the following 15 categories. These are identified as:

1. Vegetative Debris Removal (based on section 2-7.2)

2. C&D Debris Removal (based on section 2-7.3)
3. Demolition, Removal, Transport and Disposal of Non-RACM Structures (based on section 2-7.4)
4. Demolition, Removal, Transport and Disposal of RACM Structures (based on section 2-7.5)
5. DMS Operation and Reduction Through Grinding (based on section 2-7.6)
6. DMS Management and Reduction by Air Curtain Incineration (based on section 2-7.7)
7. Haul-Out of Reduced Debris to a County Approved Final Disposal Site (based on section 2-7.8)
8. Removal of Hazardous Trees and Hangers (based on section 2-7.9)
9. Removal of Hazardous Stumps (based on section 2-7.10)
10. ROW White Goods Debris Removal (based on section 2-7.12)
11. Household Hazardous Waste Removal, Transport and Disposal (based on section 2-7.13)
12. E-Waste Removal (based on section 2-7.14)
13. Abandoned Vehicle Removal (based on section 2-7.15)
14. Abandoned Vessel Removal (based on section 2-7.15)
15. Dead Animal Carcasses (based on section 2-7.16)

All fees submitted shall be associated with the fully operational solution during an emergency scenario. Pricing shall include materials, labor, set up fees, training fees, start-up fees, mobilization, demobilization, travel related expenses, meal allowances, hotel rooms, and any charges or other relevant out of pocket expenses associated with the services required within this solicitation. Pricing not within the requested schedules shall be the responsibility of the Proposer to provide these services or purchase these materials.

PART IV: SELECTION CRITERIA AND EVALUATION METHOD

4-1 GENERAL

The County shall be the sole judge of its own best interests, the proposal, and the resulting negotiated agreement. The County reserves the right to investigate the financial capability, reputation, integrity, skill, business experience, and quality of performance under similar operations of each Proposer, including stockholders and principals before making an award. Awards, if any, will be based on both an objective and subjective comparison of Proposals and Proposers. The County's decisions will be final.

The County shall evaluate the merit of the proposal based on the best value criteria listed herein. The sole objective of this evaluation is to select the vendor whose proposal is most responsive and the best value to the County's needs for a contractor to perform Emergency Debris Collection and Removal Services.

The County reserves the right to request additional information or to meet with vendors to discuss points in the Proposal before and after submission, any and all of which may be used in forming a recommendation. This is to include demonstrations of vendor's solutions.

The County reserves the right to reject any and all proposals that fail to meet the requirements of this RFP or which the County determines will not meet its needs. The County may reject the proposal of a vendor who is not, in the opinion of the County, in a position to satisfactorily perform the contract. The County reserves the right to reject any proposal if the evidence submitted by, or investigation of, such vendor fails to satisfy that such vendor is properly qualified to carry out the obligations of the contract and to complete the work contemplated therein.

The County reserves the right to accept or reject in part or in whole any proposal submitted, and to waive any technicalities or informalities for the best interest of the County. The County reserves the right to award based upon individual line items, sections, or total proposal. The County may also accept or reject any of the alternates that may be set forth in a proposal.

4-2 MINIMUM QUALIFICATIONS AND EXPERIENCE

The County is seeking proposals from vendors who are have past, proven, and positive experiences in projects of similar and same size of scope of work. Proposals shall be accepted from vendors who meet the following minimum criteria, evaluated on a pass/fail basis. The Proposer shall:

- Have at least 5 years' experience in providing services for emergency debris collection and disposal services in an emergency scenario or environment.
- Be licensed to conduct business in the State of Florida.
- Provide a copy of the its audited financial statements for the previous two years and proof of its credit rating.
- Provide an organizational chart showing its ownership structure and resumes of experienced key personnel.

Proposals that do not meet these minimum qualifications will be rejected without the further evaluation outlined in Section 4-3.

4-3 EVALUATION METHOD AND SCORING CRITERIA

A Selection Committee will be appointed by the County Administrator and will be responsible for reviewing and evaluating Proposals, selecting the firm(s) that provides the best value to the County, and then negotiating a contract. The Proposers with the highest-ranked submittals may

be asked to make a detailed presentation of their product / service to the Selection Committee.

All Proposers are advised that in the event of receipt of an adequate number of Proposals which in the opinion of the Evaluation committee require no clarification and/or supplementary information, such Proposals may be evaluated without discussion. Hence, proposals should be initially submitted on the most complete and favorable terms which Proposers are capable of offering to the County.

In general, the County wishes to avoid the expense to the County and to proposers of unnecessary presentations. Therefore, the County shall make every reasonable effort to achieve the ranking using written submittals alone. If no single top-ranked firm can be clearly identified by review of the written submittals alone, then the evaluator(s) may request the Purchasing Manager to schedule the top ranked firm(s) for presentations or interviews.

The County may choose to conduct oral interviews with, or receive oral presentations from, one or more of the proposers. If the County chooses to allow oral interviews and/or presentations, such interviews or oral presentations will be open to the public. If oral presentations or interviews are held, the following guidelines will be used.

The Purchasing Manager shall establish the schedule and Proposers will be notified at least 7 calendar days in advance of the date, time and place of the presentations. The specific format of each presentation will be provided to Proposers with the notifications. The County shall allot equal time for each Proposer divided into three sequential parts: formal presentations, questions/answers, and discussion. Oral presentations will provide an opportunity for the Proposers to demonstrate their ability to use time efficiently, effectively, and economically. The times allotted are maximums and no firm will be penalized for using less than the allotted time.

After presentations, firms will be assigned a final score, with the highest ranked firm moving forward to the negotiation phase. The Selection Committee shall rank all complete written proposals and/or formal oral presentations/interviews in order of preference (scoring) and submit this final ranking as its final recommendation. No work for this project shall proceed without written authorization from the County.

The County reserves the right to enter into contract negotiations with the selected Proposer. If the County and the selected Proposer cannot negotiate a successful contract, the County may terminate such negotiations and begin negotiations with the next selected Proposer. No Proposer shall have any rights against the County arising from such negotiations.

Proposal packages will be reviewed and evaluated in accordance with the following criteria and weighting factors:

4-3.1 COMPLIANCE WITH REQUEST FOR PROPOSALS / TAB 1 (0 - 10 POINTS)

This refers to the adherence by the Proposer and the submittal of all required forms, samples and requests within the proposal and all conditions and requirements of this RFP.

4-3.2 RESPONDENTS EXPERIENCE, QUALIFICATIONS, EXISTING CONTRACTS, AND REFERENCES / TABS 2, 3, 4, AND 5 (0 - 30 POINTS)

Offeror's capability in all respects to perform fully the contract requirements, and the tenacity, perseverance, experience, integrity, and reliability which will assure good faith performance, as well as satisfactory reference verification. This criteria includes:

a. The experience of the firm and its record on engagements of a similar nature, including the ability to serve in a similar capacity for other units of government or organizations.

b. The character, integrity, reputation, judgment, experience, and efficiency of the Proposer.

c. Personnel to be assigned to the project, and their education, capabilities, qualifications and experience with similar projects.

d. Reference information gathered from other entities regarding the past experience of the firm; and

e. Strength of the other information required in Tabs 2, 3, 4, and 5.

4-3.3 METHODOLOGY, TECHNICAL PLAN, AND APPROACH / TAB 6 (0 - 30 POINTS)

This refers to the exact type and nature of the Proposer's proposed services and how it plans to accomplish the objectives of the project, as well as the ability to rapidly respond to the County's needs. The Proposer must demonstrate a clear understanding of the work to be performed with a complete and reasonable plan/proposal for accomplishing the tasks. Technical evaluations will be based upon the ability of the proposer to meet or exceed the requirements set forth in the specifications. Estimates concerning the ability of the proposer to perform accordingly shall be made by the County.

a. The ability, capacity, skill and organization of the proposer to perform as proposed.

b. The completeness, reasonableness, and efficiency of the proposed solution, including project management, administrative, and staffing plans.

c. The ability of the Proposer to respond rapidly to the County's needs.

d. Any other value added elements of the Proposal as deemed relevant by the County.

4-3.4 COST PROPOSAL / TAB 7 (0 – 30 POINTS)

This refers to the proposed rates of the Proposer. Please note that price is only one factor for consideration of award. The County reserves the right to award the contract to other than the lowest priced offeror.

Part V: Required Forms Packet

The following eleven (11) forms are required and are to be filled out completely and submitted with your proposal as per Section 4 (Instructions for the Preparation of Proposals and Response Requirements). All applicable forms shall be submitted as required by the solicitation documents.

FORM #1 PROPOSER INFORMATION AND AUTHORIZED SIGNATURE

Proposer (Company) Name: _____

F.E.I.N. or Social Security Number: _____

Mailing Address: _____

City, State, Zip: _____

Telephone Number: _____ Fax Number: _____

E-mail Address _____

Type of Entity: ❑ Corporation ❑ Partnership ❑ Proprietorship ❑ Joint Venture ❑ Other

State of Incorporation: _____ Year of Incorporation: _____

This Proposal is hereby submitted by the above-named entity ("Proposer") to St. Lucie County, Florida 20-033 for Emergency Debris Removal Services ("RFP"), having examined the solicitation and specifications with related documents and the site of the proposed work, and being familiar with all of the conditions surrounding the proposed project including the availability of materials and labor, hereby proposes to furnish all labor, materials, and supplies; and to provide the service in accordance with the terms and specifications set forth in the RFP at the prices provided in this Proposal. The prices in this Proposal will remain firm for a period of up to 90 days in order to allow the County adequate time to evaluate the Proposal. These prices are to cover all expenses incurred in performing the work required under the awarded contract, of which this RFP and Proposal is a part.

Proposer accepts all of the terms and conditions of the RFP. Proposer understands that a background investigation may be conducted by the County prior to award. Proposer hereby agrees to commence work under contract on or before a date to be specified in a written "Notice to Proceed" of the County.

Proposer has examined and carefully studied the Solicitation Documents and the following addendum receipt of which is hereby acknowledged:

No. _____ Dated: _____ No. _____ Dated: _____

No. _____ Dated: _____ No. _____ Dated: _____

Proposer certifies that all information contained in this Proposal is truthful to the best of the undersigned's knowledge and belief. Undersigned certifies that it is duly authorized to submit this Proposal on behalf of the Proposer as its act and deed and that the Proposer is ready, willing, and able to perform if awarded the contract.

Authorized Signature (original, in ink): _____

Type or Printed Name: _____

Title: _____

FORM #2 NON-COLLUSION AFFIDAVIT

STATE OF _____;
COUNTY OF _____;

_____ being first duly sworn, deposes and says that:

1. The undersigned is the _____ (Owner, Partner, Officer, Representative or Agent) of _____ (PROPOSER).

2. PROPOSER is fully informed respecting the preparation and contents of the attached Proposal and of all pertinent circumstances respecting such Bid;

3. Such Proposal is genuine and is not a collusive or sham proposal;

4. Neither the said PROPOSER nor any of its officers, partners, owners, agents, representative, employees or parties in interest, including this affidavit, have in any way colluded, conspired, connived, or agreed, directly or indirectly, with any other PROPOSER, firm, or person to submit a collusive or sham proposal in connection with the Contract for which the attached Proposal has been submitted; or to refrain from responding to the RFP in connection with such Contract; or have in any manner, directly or indirectly, sought by agreement or collusion, or communications, or conference with any PROPOSER, firm, or person to fix the price or prices in the attached Proposal or any other PROPOSER, or to fix any overhead, profit, or cost element of the pricing or the pricing of any other proposer, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against COUNTY, or any person interested in the proposed Contract;

5. The price of items quoted in the attached Proposal are fair and proper and are not tainted by collusion, conspiracy, connivance, or unlawful agreement on the part of the PROPOSER or any other of its agents, representatives, owners, employees or parties in interest.

FORM #3 CORPORATE RESOLUTION

I, _____, Secretary of _____, a Corporation organized and existing under the laws of the State of _____, hereby certify that at a meeting of the Board of Directors of the Corporation duly called and held on _____, 20____ at which a quorum was present and acting throughout, the following resolutions were adopted and are now in full force effect:

RESOLVED that the following individuals of this corporation are authorized to execute on behalf of this corporation, a Proposal to and Agreement with St. Lucie County, Florida for the provision of Emergency Debris Removal Services.

I further certify that the names of the officers of this corporation and any other persons authorized to act under this resolution and their official signatures are as follows:

NAME	TITLE	OFFICIAL SIGNATURE

IN WITNESS THEREOF, I have hereunto subscribed my name as Secretary and affixed the seal of the corporation this _____ day of _____, 20 _____

FORM #4 CONFIRMATION OF DRUG-FREE WORKPLACE

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quantity, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program (Florida Statutes Section 287.087 Florida Statutes). In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibitions.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or Contractual services that are under Bid a copy of the statement specified in subsection (1).

4. In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contenders to, any violation of Chapter 893 Florida Statutes or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after the conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by, any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

Any person submitting a quote, bid or proposal in response to this invitation must execute the enclosed form PUR. 7069, SWORN STATEMENT UNDER SECTION 287.133 (3)(A) FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES, including proper check(s), in the space(s) provided, and enclose it with his quote, bid or proposal. If you are submitting a quote, bid, or proposal on behalf of dealers or suppliers who will ship commodities and receive payment from the resulting contract, it is your responsibility to see that copy (s) of the form are executed by them and are included in your quote, bid or proposal. Corrections to the form will not be allowed after the quote, bid or proposal opening time and date. Failure to complete this form in every detail and submit it with your quote, bid or proposal may result in immediate disqualification of your bid or proposal.

The 1988 Florida Legislature passed Senate Bill 458 creating Sec. 287, 132-133, Florida Statutes, effective 7-1-89. Sec. 287.132 (3)(d), Florida Statutes requires the Florida Department of General Services to maintain and make available to other political entities a "convicted vendor" list consisting of persons and affiliates who are disqualified from public contracting and purchasing process because they have been found guilty of a public entity crime. A public entity crime is described by Sec. 287.133, Florida Statute as a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or with an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

By law no public entity shall accept any bid from, award any contract to, or transact any business in excess of the threshold amount provided in Section 287.017, Florida Statute for category two (currently $10,000) with any person or affiliate on the convicted vendor list for a period of 36 months from the date that person or affiliate was placed on the convicted vendor list unless that person or affiliate has been removed from the list pursuant to Section 287.133 (3)(f), Florida Statute.

The attached statement or affidavit will be the form to be utilized and must be properly signed in the presence of a notary public or other officer authorized to administer oaths and properly executed.

The inclusion of the sworn statement or affidavit shall be submitted concurrently with your bid documents. Non-inclusion of this document may necessitate rejection of your bid.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

SWORN STATEMENT UNDER SECTION 287.133 (3) (A), FLORIDA STATUTES
ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

STATE OF _____;
COUNTY OF _____;

1. This sworn statement is submitted to St. Lucie County, Florida.

2. This sworn statement is submitted by _____ (name of entity submitting sworn statement) whose business address is _____ and (if applicable) its Federal Employer Identification Number (FEIN) is _____.

3. My name is _____ and my relationship to the entity named above is _____.

4. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133 (1)(b) Florida Statutes means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

6. I understand that an "affiliate" as defined in Paragraph 287.133 (1)(a), Florida Statutes means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and

agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133 (1)(e), FLORIDA STATUTES, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity.

8. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of any entity.

Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND, (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

FORM #6 HOLD HARMLESS AND INDEMNITY AGREEMENT

_____, agrees through signing of this document by an authorized party or agent that the Proposer shall indemnify and hold harmless the County and its officers; and employees, from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers and employees may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Proposer and persons employed or utilized by the Proposer in the performance of the awarded contract. The Proposer shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. The Proposer expressly understands and agrees that any insurance protection required by the awarded contract or otherwise provided by Proposer shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

FORM #7 CERTIFICATION REGARDING DEBARMENT & SUSPENSION

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the CONTRACTOR (referred to herein as the "prospective lower tier participant") is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The

knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AN VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

FORM #8 ANTI-LOBBYING CERTIFICATION

CERTIFICATION REGARDING LOBBYING FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure. CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, CONTRACTOR understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

References for each category of work are to RFP Scope of Services Items 2-7.2 through 2-7.16. If a vendor elects to "No Bid" individual service offerings, its proposal may be considered non-responsive to the County.

2.7-2. Vegetative Debris Removal -- Work consists of the collection and transportation of eligible vegetative debris on the ROW or public property to a County approved debris management site (DMS) or County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	100,000			
16 to 30 Miles	125,000			
31 to 60 Miles	75,000			
Greater than 60 Miles	50,000			

2-7.3. C&D Debris Removal – Work consists of the collection and transportation of eligible C&D on the ROW or public property to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	15,000			
16 to 30 Miles	25,000			
31 to 60 Miles	25,000			
Greater than 60 Miles	15,000			

2-7.4. Demolition, Removal, Transport & Disposal of Non-RACM Structures – Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000			
16 to 30 Miles	10,000			

31 to 60 Miles	10,000			
Greater than 60 Miles	5,000			

2-7.5. Demolition, Removal, Transport & Disposal of RACM Structures – Work consists of the decommissioning, demolition and disposal of RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000			
16 to 30 Miles	10,000			
31 to 60 Miles	10,000			
Greater than 60 Miles	5,000			

2-7.6. DMS Operation and Reduction Through Grinding – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through grinding. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000			

2-7.7. DMS Management & Reduction by Air Curtain Incineration – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through air curtain incinerators. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000			

2-7.8. Haul-out of Reduced Debris to a County Approved Final Disposal Site – Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County approved final disposal site.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	6,100			
16 to 30 Miles	9,100			
31 to 60 Miles	15,000			
Greater than 60 Miles	30,000			
2-7.9. Removal of Hazardous Trees and Hangers – Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Item 2, Vegetative Debris Removals				
Diameter	Estimated Quantity	$ Per Tree	Total	
6 inch to 12.99 inch diameter	1,500			
13 inch to 24.99 inch diameter	1,000			
25 inch to 36.99 inch diameter	750			
37 inch to 48.99 inch diameter	300			
49 inch to larger diameter	100			
Hanger Removal (per Tree)	3,000			
2-7.10. Removal of Hazardous Stumps – Work consists of removing eligible hazardous stumps and transporting resulting debris from the ROW to a County Approved DMS. Rate includes removal, backfill of stump hole, reduction and final disposal.				
Diameter	Estimated Quantity	$ Per Stump	Total	
24.1 inch to 36.99 inch diameter	500			
37 inch to 48.99 inch diameter	250			
49 inch and larger diameter				

2-7.12. ROW White Goods Debris Removal – Work consists of the removal of eligible white goods from the ROW to a County approved DMS site or County approved facility for recycling. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible white goods from the County approved DMS to a County approved facility for recycling.

Type of Debris	Estimated Quantity	$ Per Unit	Total	
A/C Units, refrigerators and freezers requiring refrigerant recovery and decontamination	250			
Washers, dryers, stoves, ovens and hot water heaters	500			

2-7.13. Household Hazardous Waste Removal, Transport and Disposal – Work consists of the collection, transportation and disposal of household hazardous waste from the ROW to a County approved permitted hazardous waste facility or MSW type I landfill.

	Estimated Quantity	$ Per Pound	Total	
	10,000			

2-7.14. E-Waste Removal – Work consists of the recovery and disposal of televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.

	Estimated Quantity	$ Per Unit	Total	
	250			

2-7.15. Abandoned Vehicle Removal – Work consists of the removal and transport of eligible abandoned vehicles.

Type of Vehicle	Estimated Quantity	$ Per Unit	Total	
Passenger Car	50			
Single Axle	25			

Double Axle	25			
2-7.15. Abandoned Vessel Removal – Works consists of the removal and transport of eligible abandoned vessels.				
Length of Vessel	Estimated Quantity	$ Per Unit	Total	
Vessels less than 20 linear feet	75			
Vessels 21 linear feet or greater	50			
2-7.16. Dead Animal Carcasses – Work consists of the recovery and disposal of dead animal carcasses.				
	Estimated Quantity	$ Per Pound	Total	
	10,000

Questions/Answers

Please sign and return by e-mail to ciminod@stlucieco.org or fax to (772) 462-1704.

Name of Firm: _____

Signature: _____

Date: _____

1. Does the County still have a disaster debris monitoring firm under contract, or is that contract being re-procured as well?
   Answer: The County has newly procured contracts with the following: True North Emergency Mgmt., Thompson Consulting and Tetra Tech.

2. Are you able to provide the names and titles of the evaluation committee members?
   Answer: No

3. Are you able to provide the date, time, and location when the evaluation committee meeting will evaluate proposals?
   Answer: No

4. Where will the intent to award be made, and how will it be communicated to proposers?
   Answer: Notice of Intent are posted on DemandStar.com

5. Does St. Lucie County own any self-loading grapple trucks? If the answer to the previous question is "yes," how many?
   Answer: No

6. How many miles of County maintained roadway is within the County?
   Answer: 540 miles of roadway

7. Does the County have memorandums of understanding or mutual aid agreements in place with other incorporated municipalities within the County that would allow the use of this contract to be utilized by those entities to perform disaster debris management services?
   Answer: No

8. Does the County intend to allow for some of the incorporated municipalities within the County to utilize this contract, and if so, which ones?
   Answer: It is unknown at this time.

9. On page 55 of 76 of the RFP document, the proposed rates will be evaluated on the unit rates submitted for the individual items listed. Does this mean that you will evaluate each line item's cost separately, and thus, will not simply be adding up the line items to come up with a "bid price"?
   Answer: Line items will be evaluated at an overall cost comparison.

10. Does the County plan to evaluate the hourly line items pricing equally with the unit line items pricing, or will they be evaluated and scored separately?
    Answer: They will not be evaluated and scored separately.

11. Line item 2-7.10 of the pricing schedule does not list an estimated quantity for trees that are 49 inches and larger in diameter. Are we to surmise that "0" should be the estimated quantity for this line item?
    Answer: One should be the estimated quantity.

12. Are you able to provide the location(s) of any approved DMS location(s) for the upcoming hurricane season?
    Answer: No

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 2/28/2022

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

St. Lucie County
First Amendment

DocuSign Envelope ID: 4E12915E-DAE2-41AB-9534-E528935D4F92

C22-02-157

FIRST AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND CUSTOM TREE CARE, INC.

THIS FIRST AMENDMENT, is made and entered into this 24 day of January, 2023, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **CUSTOM TREE CARE, INC.,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, the parties desire to amend the Agreement to exercise the first one-year renewal option.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

   6. **TERM/TIME OF PERFORMANCE**

   Term: The term of this contract shall be for a period of two (2) years beginning on **February 15, 2022** and continuing through and including **February 14, 2024**. Upon mutual written agreement, this Contract may be extended for two (2) additional one-year renewal terms pursuant to the same terms and conditions.

   Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

   Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

2. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

DocuSign Envelope ID: 4E12915E-DAE2-41AB-9534-E528935D4F92

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

SECOND AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND CTC DISASTER RESPONSE, INC.

THIS SECOND AMENDMENT, is made and entered into this 6 day of February, 2024, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **CTC DISASTER RESPONSE, INC. f/k/a CUSTOM TREE CARE, INC.,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, on January 24, 2023, the parties executed the first amendment to the Contract to exercise the first one-year renewal option.

WHEREAS, the parties desire to further amend the Contract to exercise the second one-year renewal option and update the pricing.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

6. **TERM/TIME OF PERFORMANCE**

Term: The term of this contract shall be for a period of three (3) years beginning on **February 15, 2022** and continuing through and including **February 14, 2025**. Upon mutual written agreement, this Contract may be extended for one (1) additional one-year renewal period pursuant to the same terms and conditions.

Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

2. Paragraph 8. CONTRACT PAYMENT shall be amended to include the following:

Effective February 15, ~~2023~~ 2024, the County shall pay the Contractor for the performance of this Contract and completion of the project in accordance with the Contract Documents: Pursuant to the Exhibit "A" Revised Hourly Labor, Equipment and Materials Price Schedule attached.

3. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

Vessels 21 linear feet or greater	49	49	0	

2-7.16. Dead Animal Carcasses – Work consists of the recovery and disposal of dead animal carcasses.

	Previous Per Pound	Proposed Per Pound	Percentage Increase	
	1.00	1.00	0	

St. Lucie County
Third Amendment

Docusign Envelope ID: 987AFE15-EB00-4F38-9D13-EA8F46D6BEDE

THIRD AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND CTC DISASTER RESPONSE, INC.

THIS THIRD AMENDMENT, is made and entered into this 3 day of March, 2025, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **CTC DISASTER RESPONSE, INC. f/k/a CUSTOM TREE CARE, INC.,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, on January 24, 2023, the parties executed the first amendment to the Contract to exercise the first one-year renewal option.

WHEREAS, on February 5, 2024, the parties executed the second amendment to the Contract to exercise the second one-year renewal option and update the pricing; and,

WHEREAS, the parties desire to further amend the Contract to exercise the third one-year renewal option, update the Debris Management Sites (DMS), and clarify the mileage categories.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

   6. **TERM/TIME OF PERFORMANCE**

   Term: The term of this contract shall be for a period of four (4) years beginning on **February 15, 2022** and continuing through and including **February 14, 2026.**

2. Section 2-7.20 Debris Management Sites (DMS) shall be amended to include the following:

   2-7.20 DEBRIS MANAGEMENT SITES (DMS)

   The County shall provide predetermined locations to support the event in which the contract is activated. The County shall provide the vendor with an updated list of those locations annually. Depending on the incident in which the contract is activated the County may provide the Vendor with a minimum of 2 DMS locations.

   The Current Debris Management Sites are as follows:

Florida Department of Environmental Protection (FDEP) **FDEP Site Name & FDEP WACS #**	**Approximate Acres**	**Permitted Waste Type(s)**	**GPS Entrance Location & Address/Description**
Central County - Midway Site **WACS# 108672** Aka. "Midway" or "Former Tropicana"	~ 11 acres	**Yard Trash, C&D, Mixed**	27°22'29.0"N 80°24'11.6"W 8000 W. Midway Road
Airport West Commerce Park **WACS# 104969** Aka. "Kings Highway"	~ 17 acres Depending on rainfall, 20 additional acres might be usable south of entrance road.	**Yard Trash, C&D, Mixed**	27°29'54.1"N 80°23'54.6"W 3590 N. Kings Hwy.
SLC HD Staging Site **WACS# 99866** Aka. "Indrio Road"	~ 20 usable acres	**Yard Trash, C&D, Mixed**	27°31'14.6"N 80°22'19.6"W (West of US Hwy. 1, east of of Kings Hwy.)
Indian River Estates-Yard Waste **WACS# 106183** Aka. "Indian River Estates"	~ 1 acre, up to 4 acres if site is cleared of all trees and concrete	**Yard Trash ONLY**	27°21'07.5"N 80°19'32.5"W Entrance is a 30' wide easement on US Hwy. 1, just South of Easy Street
St. Lucie County Fairgrounds Staging Area **WACS# 106183** Aka. "Fairgrounds"	~ 9 acres (potentially) The area was used in 2005.	**Yard Trash, C&D, Mixed**	27°21'55.4"N 80°29'20.7"W Enter from Peacock Road

3. Schedule 2 – Unit Rate Price schedule shall be amended to include the following clarification:

Work consists of the collection and transportation of (i)eligible vegetative debris; (ii) C&D; (iii) Non-RACM Structures; (iv) RACM Structures; and (v) reduced eligible disaster related debris on the ROW or public property to a County approved debris management site (DMS) or County approved final disposal site.

Mileages Categories shall be as follows:

A. 0 to 15.9 Miles
B. 16 to 30.9 Miles
C. 31 to 60.9 Miles
D. 70 Miles or Greater

4. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

CONTRACT PROVISIONS FOR FEMA PUBLIC ASSISTANCE

Pursuant to 2 CFR 200.327 and Appendix II to Part 200, the following federal requirements and contract provisions are incorporated herein, where applicable:

Contractor acknowledges that any subcontracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Contractor acknowledges that all subcontracts in excess of $10,000 must address termination for cause and for convenience by the Contractor including the manner by which it will be affected and the basis for settlement.

Contractor agrees to adhere to contract provisions (1) through (20) below where applicable:

1. **Equal Opportunity**: During the performance of this contract, the CONTRACTOR agrees as follows:
During the performance of this contract, the CONTRACTOR agrees as follows:

   (1) The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

   (2) The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

   (3) The CONTRACTOR will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or

applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the CONTRACTOR's legal duty to furnish information.

(4) The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the CONTRACTOR's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the CONTRACTOR's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The CONTRACTOR will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each sub-contractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:
Provided, however, that in the event a CONTRACTOR becomes involved in, or is threatened with, litigation with a sub-contractor or vendor as a result of such direction by the administering agency, the CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.
The applicant further agrees that it will be bound by the above equal opportunity

clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and sub-contractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a CONTRACTOR debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and sub-contractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2. **Davis-Bacon Act:** CONTRACTOR agrees to abide by the following (*as applicable to projects not solely funded by SLFRF funds*):

(1)

Minimum wages —

(i) *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the CONTRACTOR and such laborers and mechanics. As provided in paragraphs (d) and (e) of this section, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(v) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph (a)(4) of this section.

Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (a)(1)(iii) of this section) and the Davis-Bacon poster (WH-1321) must be posted at all times by the CONTRACTOR and its sub-contractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) *Frequently recurring classifications.*

(A) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph (a)(1)(iii) of this section, provided that:

(*1*) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(*2*) The classification is used in the area by the construction industry; and

(*3*) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(B) The Administrator will establish wage rates for such classifications in accordance with paragraph (a)(1)(iii)(A)(*3*) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

(iii) *Conformance.*

(A) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(*1*) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(*2*) The classification is used in the area by the construction industry; and

(*3*) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage

rates contained in the wage determination.

(B) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(C) If the CONTRACTOR and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to *DBAconformance@dol.gov*. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) In the event the CONTRACTOR, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to *DBAconformance@dol.gov,* refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(E) The contracting officer must promptly notify the CONTRACTOR of the action taken by the Wage and Hour Division under paragraphs (a)(1)(iii)(C) and (D) of this section. The CONTRACTOR must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph (a)(1)(iii)(C) or (D) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iv) *Fringe benefits not expressed as an hourly rate.* Whenever the

minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the CONTRACTOR may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(v)

Unfunded plans. If the CONTRACTOR does not make payments to a trustee or other third person, the CONTRACTOR may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the CONTRACTOR, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis- Bacon Act have been met. The Secretary of Labor may require the CONTRACTOR to set aside in a separate account assets for the meeting of obligations under the plan or program.

(vi)

Interest. In the event of a failure to pay all or part of the wages required by the contract, the CONTRACTOR will be required to pay interest on any underpayment of wages.

(2)

Withholding —

(i)

Withholding requirements. The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in paragraph (a) of this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld. In the event of a CONTRACTOR's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work (or otherwise working in construction or

development of the project under a development statute) all or part of the wages required by the contract, or upon the CONTRACTOR's failure to submit the required records as discussed in paragraph (a)(3)(iv) of this section, the City of Fort Pierce may on its own initiative and after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(3)

Records and certified payrolls —

(i)

Basic record requirements —

(A)

Length of record retention. All regular payrolls and other basic records must be maintained by the CONTRACTOR and any sub-contractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(B) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(C) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph (a)(1)(v) of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the CONTRACTOR must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(D) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

(ii) *Certified payroll requirements —*

(A) *Frequency and method of submission.* The CONTRACTOR or sub-contractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the U.S. Treasury if the agency is a party to the contract, but if the agency is not such a party, the CONTRACTOR will submit the certified payrolls to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce. The prime CONTRACTOR is responsible for the submission of all certified payrolls by all sub-contractors. A contracting agency or prime CONTRACTOR may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires

a legally valid electronic signature; the system allows the CONTRACTOR, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime CONTRACTOR permits other methods of submission in situations where the CONTRACTOR is unable or limited in its ability to use or access the electronic system.

(B)

Information required. The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph (a)(3)(i)(B) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH-347 or in any other format desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime CONTRACTOR to require a sub-CONTRACTOR to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime CONTRACTOR for its own records, without weekly submission by the sub-contractor to the sponsoring government agency (or the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records).

(C)

Statement of Compliance. Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the CONTRACTOR or sub-contractor, or the CONTRACTOR's or sub-contractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(*1*)

That the certified payroll for the payroll period contains the information required to be provided under paragraph (a)(3)(ii) of this section, the appropriate information and basic records are being maintained under paragraph (a)(3)(i) of this section, and such information and records are correct and complete;

(*2*) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(*3*) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(D) *Use of Optional Form WH-347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(C) of this section.

(E) *Signature.* The signature by the CONTRACTOR, sub-contractor, or the CONTRACTOR's or sub-contractor's agent must be an original handwritten signature or a legally valid electronic signature.

(F) *Falsification.* The falsification of any of the above certifications may subject the CONTRACTOR or sub-contractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(G) *Length of certified payroll retention.* The CONTRACTOR or sub-contractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iii) *Contracts, subcontracts, and related documents.* The CONTRACTOR or sub-contractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The CONTRACTOR or sub-contractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iv) *Required disclosures and access —*

(A) *Required record disclosures and access to workers.* The CONTRACTOR or sub-contractor must make the records required under paragraphs (a)(3)(i) through (iii) of this section, and any other documents that the City of Fort Pierce or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the City of Fort Pierce or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(B) *Sanctions for non-compliance with records and worker access requirements.* If the CONTRACTOR or sub-contractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any CONTRACTOR or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the CONTRACTOR or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(C) *Required information disclosures.* CONTRACTORs and sub-contractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the U.S. Treasury if the agency is a party to the contract, or to the Wage and Hour Division of the Department of Labor. If the Federal agency is not such a party to the contract, the CONTRACTOR, sub-contractor, or both, must, upon request, provide the full Social Security number and last known address,

telephone number, and email address of each covered worker to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce, the CONTRACTOR, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

(4)

Apprentices and equal employment opportunity —

(i)

Apprentices —

(A)

Rate of pay. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the CONTRACTOR will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(B)

Fringe benefits. Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(C)

Apprenticeship ratio. The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the CONTRACTOR as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to

paragraph (a)(4)(i)(D) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(4)(i)(A) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(D)

Reciprocity of ratios and wage rates. Where a CONTRACTOR is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the CONTRACTOR's registered program must be observed.

(ii)

Equal employment opportunity. The use of apprentices and journeyworkers under this part must be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5)

Compliance with Copeland Act requirements. The CONTRACTOR shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this contract.

(6)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses contained in paragraphs (a)(1) through (11) of this section, along with the applicable wage determination(s) and such other clauses or contract modifications as the U.S. Treasury may by appropriate instructions require, and a clause requiring the sub-contractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime CONTRACTOR is responsible for compliance by any sub-contractor or lower tier sub-contractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and may be subject to debarment, as appropriate.

(7) *Contract termination: debarment.* A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a CONTRACTOR and a sub-contractor as provided in 29 CFR 5.12.

(8) *Compliance with Davis-Bacon and Related Act requirements.* All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) *Disputes concerning labor standards.* Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the CONTRACTOR (or any of its sub-contractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) *Certification of eligibility.*

(i) By entering into this contract, the CONTRACTOR certifies that neither it nor any person or firm who has an interest in the CONTRACTOR's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(iii) The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

(11) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(ii) Filing any complaint, initiating or causing to be initiated any

proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

(iv) Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

3. **Contract Work Hours and Safety Standards Act (CWHSSA):** CONTRACTOR hereby agrees to abide by the following:

(1) *Overtime requirements.* No CONTRACTOR or sub-contractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the CONTRACTOR and any sub-contractor responsible therefore shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such CONTRACTOR and sub-contractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of $33 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1).

(3) *Withholding for unpaid wages and liquidated damages —*

(i) *Withholding process.* The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the

CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this paragraph

(b) on this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(4)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses set forth in paragraphs (b)(1) through (5) of this section and a clause requiring the sub-contractors to include these clauses in any lower tier subcontracts. The prime CONTRACTOR is

responsible for compliance by any sub-contractor or lower tier sub-contractor with the clauses set forth in paragraphs (b)(1) through (5). In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and associated liquidated damages and may be subject to debarment, as appropriate.

(5) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

(ii) Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

(iv) Informing any other person about their rights under CWHSSA or this part.

4. <u>Clean Air Act and Federal Water Pollution Control Act:</u>

<u>Clean Air Act</u>
CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury.

<u>Federal Water Pollution Control Act</u>
The CONTRACTOR agrees to comply with all applicable standards, orders, or

regulations issued pursuant to the federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 et seq.
The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the Florida Department of Commerce, if applicable), U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury

5. **Debarment and Suspension:** This contract is a covered transaction for purposes of 2 C.F.R. Part 180 and 2 C.F.R. Part 3000. As such, the CONTRACTOR is required to verify that none of the CONTRACTOR's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
The CONTRACTOR must comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters.
This certification is a material representation of fact relied upon by City of Fort Pierce. If it is later determined that the CONTRACTOR did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to City of Fort Pierce, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.
The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

6. **Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352, as amended.** Contractors who apply or bid for an award of more than $100,000 shall file the required certification. Each tier certifies to the tier above that it will not and has not used federally appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the federal awarding agency.

7. **Procurement of Recovered Materials:** In the performance of this contract, the CONTRACTOR shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired-

a) Competitively within a timeframe providing for compliance with the contract performance schedule;

b) Meeting contract performance requirements; or

c) At a reasonable price.

Information about this requirement, along with the list of EPA-designated items, is available at Comprehensive Procurement Guideline (CPG) Program | US EPA. The CONTRACTOR also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

8. **Prohibition on Contracting for Covered Telecommunications Equipment or Services:** CONTRACTOR agrees to adhere to the following:

(a) *Definitions.* As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in US TREASURY Policy 405-143-1, Prohibitions on Expending US Treasury Award Funds for Covered Telecommunications Equipment or Services, as used in this clause—

(b) *Prohibitions.*

1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

2) Unless an exception in paragraph (c) of this clause applies, the CONTRACTOR and its sub-contractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

i. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

ii. Enter, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or

services as a substantial or essential component of any system, or as critical technology of any system;

iii. Enter, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

iv. Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Exceptions.*

1) This clause does not prohibit Contractors from providing—

i. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

ii. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

2) By necessary implication and regulation, the prohibitions also do not apply to:

i. Covered telecommunications equipment or services that:

a. Are <u>not used</u> as a substantial or essential component of any system; <u>and</u>

b. Are <u>not used</u> as critical technology of any system.

ii. Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d) *Reporting requirement.*

1) In the event the CONTRACTOR identifies covered telecommunications equipment or services used as a substantial or essential component of any

system, or as critical technology as part of any system, during contract performance, or the CONTRACTOR is notified of such by a sub-CONTRACTOR at any tier or by any other source, the CONTRACTOR shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

2) The CONTRACTOR shall report the following information pursuant to paragraph (d)(1) of this clause:

i. Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

ii. Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the CONTRACTOR shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The CONTRACTOR shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments."

9. <u>Domestic Preferences for Procurements:</u>

<u>Domestic Preference for Procurements:</u>
The CONTRACTOR should, to the greatest extent practicable and consistent with law, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.
<u>For purposes of this clause:</u>
Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States."

10. <u>Build America, Buy America Act (BABAA) (*if applicable*):</u>

Contractors and their sub-contractors who apply or bid for an award for an infrastructure project subject to the domestic preference requirement in the Build America, Buy America Act shall file the required certification to the City of Fort Pierce with each bid or offer for an infrastructure project, unless a domestic preference requirement is waived by U.S. Treasury. Contractors and sub-contractors certify that no federal financial assistance funding for infrastructure projects will be provided unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States. BABAA, Pub. L. No. 117-58, §§ 70901-52. Contractors and sub-contractors shall also disclose any use of federal financial assistance for infrastructure projects that does not ensure compliance with BABAA domestic preference requirements. Such disclosures shall be forwarded to the recipient who, in turn, will forward the disclosures to U.S. Treasury, the federal agency; subrecipients will forward disclosures to the pass- through entity, who will, in turn, forward the disclosures to U.S. Treasury.

11. Affirmative Socioeconomic Steps (*if applicable to this Contract*):

When possible, CONTRACTOR should ensure that small businesses, minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms (*See U.S. Department of Labor's list*) take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(6) to ensure that small and minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible.

12. Access to Records. CONTRACTOR agrees to adhere as follows:

The CONTRACTOR agrees to provide City of Fort Pierce, Florida Department of Commerce, the U.S. Treasury Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the CONTRACTOR which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

The CONTRACTOR agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

The CONTRACTOR agrees to provide the U.S. Treasury Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

In compliance with section 1225 of the Disaster Recovery Reform Act of 2018, the City of Fort Pierce and the CONTRACTOR acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the U.S. Treasury Administrator or the Comptroller General of the United States.

13. Compliance with Federal Law, Regulations, and Executive Orders and Acknowledgement of Federal Funding:

This is an acknowledgement that US TREASURY financial assistance will be used to fund all or a portion of the contract. The CONTRACTOR will comply with all applicable federal law, regulations, executive orders, US TREASURY policies, procedures, and directives.

14. No Obligation by Federal Government:

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the recipient or subrecipient, CONTRACTOR, or any other party pertaining to any matter resulting from the contract.

15. Contract Changes or Modifications:

To be allowable under a federal grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

16. Program Fraud and False or Fraudulent Statements or Related Acts:

The CONTRACTOR acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the CONTRACTOR's actions pertaining to this contract.

17. Copyright Materials (*if applicable*):

License and Delivery of Works Subject to Copyright

The CONTRACTOR grants to the City of Fort Pierce, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the CONTRACTOR will identify such data and grant to the City of Fort Pierce or acquire on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the CONTRACTOR will deliver to the City of Fort Pierce data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the City of Fort Pierce.

18. Build America, Buy America Act (BABAA) (*Architectural and/or Engineering Contracts*):

Build America, Buy America Act Preference.

Contractors and sub-contractors agree to incorporate the Buy America Preference into planning and design when providing architectural and/or Engineering professional services for infrastructure projects. Consistent with the Build America, Buy America Act (BABAA) Pub. L. 117- 58 §§ 70901-52, no federal financial assistance funding for infrastructure projects will be used unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States."

19. **Publications**. Any publications produced with funds from this award must display the following language: "This project [is being] [was] supported, in whole or in part, by federal award number [enter project FAIN] awarded to [name of Recipient] by the U.S. Department of the Treasury."

20. **DHS Seal, Logo, and Flags:** CONTRACTOR must obtain written permission from DHS prior to using the DHS seals, logos, crests, reproductions of flags, or likenesses of DHS agency officials. This includes use of DHS component (e.g., U.S. Treasury, CISA, etc.) seals, logos, crests, or reproductions of flags, or likenesses of component officials.

EXHIBIT II
FEMA PUBLIC ASSISTANCE CONTRACT PROVISIONS

- This form is required only for purchases of more than $100,000 -

CERTIFICATION REGARDING LOBBYING
(Appendix A to 31 CFR Part 21 – New Restrictions on Lobbying)

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure

The CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Ch. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

CONTRACTOR SELF-CERTIFICATION
REGARDING BUILD AMERICA BUY AMERICA (BABAA)

The undersigned certifies, to the best of his or her knowledge and belief, that:

The Build America, Buy America Act (BABAA) requires that no federal financial assistance for "infrastructure" projects is provided "unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States." Section 70914 of Public Law No. 117-58, §§ 70901-52.

The undersigned certifies for any projects related to **Emergency Debris Removal Services** that the iron, steel, manufactured products, and construction materials used in this contract are in full compliance with the BABAA requirements including:

1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. All manufactured products purchased with federal financial assistance must be produced in the United States. For a manufactured product to be considered produced in the United States, the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55% of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.

3. All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Section 787.06(13), Florida Statutes, requires all nongovernmental entities executing, renewing, or extending a contract with a governmental entity to provide an affidavit signed by an officer or representative of the nongovernmental entity under penalty of perjury that the nongovernmental entity does not use coercion for labor or services as defined in that statute. As the person authorized to sign on behalf of Vendor, I certify that the company identified does not:

1. Use or threaten to use physical force against any person;
2. Restrain, isolate, or confine or threaten to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Use lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroy, conceal, remove, confiscate, withhold, or possess any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Cause or threaten to cause financial harm to any person;
6. Entice or lure any person by fraud or deceit; or
7. Provide a controlled substance as outlined in Schedule I or Schedule II of section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person.

Under penalties of perjury, I declare that I have read the foregoing document and that the facts stated in it are true.

CAO RLS# / RE: MUTUAL BENEFIT AND USE AGREEMENTS – DEBRIS MONITORING/EMERGENCY DEBRIS REMOVAL SERVICES:

RLS#234	TRUE NORTH EMERGENCY MANAGEMENT, LLC
RLS#235	CUSTOM TREE CARE, INC.
RLS#236	DRC EMERGENCY SERVICES, LLC
RLS#237	BERGERON EMERGENCY SERVICES
RLS#238	CERES ENVIRONMENTAL SERVICES, INC.

DATE: AUGUST 22, 2025

I have reviewed the above Request for Legal Services (RLS) related to the Mutual Benefit and Use Agreements (MBUA) between the City of Fort Pierce and the above-named Contractors which piggybacks on St. Lucie County's contract for emergency debris removal. Please note the following comments:

1. Each MBUA has been revised to reflect the procurement and agreement history.
2. Each MBUA has been revised to reflect the new Term Period and additional provisions. Since these contracts may require debris removal services during a declared state of emergency event, I recommend incorporating contract provisions required should the city seek federal public assistance from FEMA (Federal Emergency Management Agency). Since St. Lucie County's contract with the Contractors does not include all contract language required for federal public assistance, I have drafted an Exhibit that does contain all required provisions.
3. Each MBUA contains language related to passage of SB 180 which requires a breach of contract provision for contracts entered into, renewed, or amended on or after July 1, 2025, requiring the service provider to pay a penalty in the event the provider breaches the contract during an emergency recovery period.
4. A redlined version of the MBUA for True North Emergency Management has been included with this Memo so changes made to all the other MBUAs can be tracked.

5. A clean version of each MBUA is included with this Memo which I recommend for template use for future MBUAs.
6. All MBUAs are approved as to form and correctness.
7. Recommendation: The Department should place all MBUAs on the Commission consent Agenda for review and approval *prior* to execution.

If you have any questions, please do not hesitate to contact this Office via phone or e-mail. Thank you.

Re: Approve the Mutual Benefit and Use Agreement with DRC Emergency Services, LLC

Submitted For: Jason Atkinson, Director of Public Works, Public Works

---

SUBJECT:

Approve the Mutual Benefit and Use Agreement with DRC Emergency Services, LLC., for Emergency Debris Removal Services for the 2025 Hurricane Season.

SUMMARY:

MUTUAL BENEFIT AND USE AGREEMENT
ADOPTION OF ST. LUCIE COUNTY, CONTRACT C22-02-180
EMERGENCY DEBRIS REMOVAL SERVICES

WHEREAS it is foreseen that it may be in the public interest to provide for the expedient removal of disaster debris within the corporate limits of the City of Fort Pierce, FL resulting from a natural or manmade event; and

WHEREAS the public health and safety of all the citizens will be at serious risk; and

WHEREAS, the immediate economic recovery of the City of Fort Pierce, FL and its citizens is a major concern and the primary priority for recovery; and

WHEREAS, City of Fort Pierce, FL has a community of interest in St. Lucie County, FL with respect to the debris services that may be necessary to affect a recovery from an anticipated storm event; and

WHEREAS, on April 14, 2021, St Lucie County, FL received responses to RFP No. 21-037 for Emergency Debris Removal Services to which DRC Emergency Services, LLC (hereinafter "Contractor") submitted a competitive proposal and was selected; and

WHEREAS, the City's Purchasing Policy allows for purchases to be made directly from any federal, state, county, city or other governmental contract providing that said contract was the result of a bona fide competitive process and is a current contract. As defined in this contract, the term "Piggyback" refers to City purchases made under the allowance in the City's Purchasing Policies; and

WHEREAS, City of Fort Pierce, FL has reviewed the solicitation, proposal, and evaluation related to the selection of the Contractor by St. Lucie County, FL and endorses the process and selection of Contractor; and

WHEREAS, City of Fort Pierce, FL has reviewed the Contract for Emergency Debris Removal Services between **St. Lucie County, FL and DRC Emergency Services, LLC** commencing February 15, 2022, said contract being identified as**:** February 15, 2022, Contract No. C22-02-180, attached hereto as Exhibit "I", *and* has found the Scope of Services, prices, and terms, and conditions as set out in that Contract to be reasonable, acceptable, and of benefit to their citizens; and

WHEREAS, St. Lucie County, FL and Contractor entered in a First Amendment to the February 15, 2022, Contract No. C22-02-180 to revise Time of Performance/Term Period commencing February 15, 2022, and continuing through February 14, 2024; and

WHEREAS, St. Lucie County, FL and Contractor entered in a Second Amendment to the February 15, 2022, Contract No. No. C22-02-180 to revise Contract Payment, and Time of Performance/Term Period commencing February 15, 2022, and continuing through February 14, 2025; and

WHEREAS, St. Lucie County, FL and Contractor entered in a Third Amendment to the February 15, 2022, Contract No. No. C22-02-180 to revise compensation rates and the Rate Schedule; and

WHEREAS, St. Lucie County, FL and Contractor entered in a Fourth Amendment to the February 15, 2022, Contract No. No. C22-02-180 to revise Section 2-7.20 Debris Management Sites, the Unit Rate Price Schedule, and Time of Performance/Term Period commencing February 15, 2022, and continuing through February 14, 2026; and

THEREFORE, having reached concurrence and acceptance of the procurement process and the contract stipulations, The City of Fort Pierce, FL agrees to enter into a contract with **DRC Emergency Services, LLC** for Emergency Debris Removal Services under the original terms, conditions, and pricing of the February 15, 2022, Contract No. C22-02-180 with the additional terms as follows:

1. The above recitals are true and correct and incorporated herein.

2. The parties understand, acknowledge and agree that City of Fort Pierce shall be substituted for any reference to the St. Lucie County, Florida or County and as user or buyer of the CONTRACTOR'S goods and/or services provided that such reference does not increase City of Fort Pierce's liability and/or responsibilities for goods and/or services beyond those specifically described in Exhibit I of this Agreement. The Parties' Agreement shall consist of these terms and conditions, Exhibit I, and Exhibit II (hereinafter referred to as the "Agreement"). If there is a conflict between these documents, then in order of preference the terms and conditions contained in this document control first, then Exhibit I, then Exhibit II.

3. CONTRACTOR agrees that Exhibit "II", FEMA Public Assistance Contract Provisions, shall be made part of the Agreement and apply (as applicable) to facilitate City of Fort Pierce's attempt to seek reimbursement from the Federal Emergency Management Agency ("FEMA Reimbursement"), of all, or a portion of, the payments made to CONTRACTOR by City of Fort Pierce. All references herein, to laws, regulations, or standards, shall also mean future amendments, and/or modifications, and/or changes to the same. Unless agreed to, otherwise in writing, signed by both Parties, under no conditions shall CONTRACTOR have a right, and/or claim, to recover any portion of the FEMA Reimbursement that is sought or may be sought by City of Fort Pierce.

4. **Address change for the City**: Notwithstanding the address and contract information for the government entity as set out in Exhibit "I", CONTRACTOR agrees to send notices and invoices to, and will conduct all business with:

City of Fort Pierce, Florida
Attention: Finance
100 N. U.S. Hwy 1, Fort Pierce, FL 34954
Telephone: (772) 467-3000
Email: dfaniel@cityoffortpierce.com

5. At all times, CONTRACTOR shall comply with Florida's public records laws. CONTRACTOR shall abide by all public records laws, and specifically: (1) Keep and maintain public records required by the public agency to perform the service; (2) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law; (3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency; (4) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CITY OF FORT PIERCE'S CUSTODIAN OF PUBLIC RECORDS AT PUBLICRECORDS@CITYOFFORTPIERCE.COM OR 772-467-3065; LOCATED AT 100 N. US HIGHWAY 1, FORT PIERCE, FL 34950.

6. Nothing contained in Exhibit "I", or this Agreement is intended to or shall be read to waive the City's Sovereign Immunity or to increase the limits thereto, pursuant to section 768.28, Florida Statutes.

7. All requirements of Section 448.095, Florida Statutes, shall be complied with by Contractor. In accordance with, Section 448.095, Florida Statutes, Contractor shall register with and utilize the E-Verify System operated by the United States Department of Homeland Security to verify the employment eligibility of all new employees hired during the term of the Agreement and shall expressly require any subcontractors performing work or providing services pursuant to this Agreement to likewise utilize the E-Verify System to verify the employment eligibility of all new employees hired by the subcontractor during the term of this Contract. If Contractor enters into a contract with a subcontractor performing work or providing services on its behalf, Contractor shall also require the subcontractor to provide an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Information on registration for and use of the E-Verify System can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify. Contractor shall, upon request, provide evidence of compliance with this provision to the City. An agreement terminated pursuant to Section 448.095 is not a breach of contract and may not be considered as such. If the City terminates this Agreement with Contractor, Contractor may not be awarded a public contract for at least one (1) year after the date on which the contract was terminated. Contractor is liable for any additional costs incurred by the City as a result of the termination of this Agreement under Section 448.095, Florida Statutes.

8. CONTRACTOR acknowledges and agrees, in Exhibit "III", an affidavit made part of this Agreement, that CONTRACTOR does not use coercion for labor or services as attested to and signed by an officer or representative of CONTRACTOR in accordance with Florida Statute Section 787.06(13).

9. **Breach of Contract During Emergency Recovery Periods for Natural Emergencies**: As part of this Agreement for goods or services related to emergency response for a natural emergency entered into, renewed, or amended on or after July 1, 2025, and upon breach by CONTRACTOR during an emergency recovery period, CONTRACTOR shall pay a $5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages. As used in this section, the term "emergency recovery period" means a 1-year period that begins on the date that the Governor initially declared a state of emergency for a natural emergency.

Having full authority, the parties do hereby complete this Agreement by signing below:

 C22-02-180

EMERGENCY DEBRIS REMOVAL CONTRACT

THIS CONTRACT, made this 15th day of February, 2022, between **ST. LUCIE COUNTY,** a political subdivision of the State of Florida, hereinafter called the "COUNTY", and **DRC EMERGENCY SERVICES, LLC, INC.,** or his, its or their successors, executors, administrators, and assigns hereinafter called the "CONTRACTOR":

WITNESSETH:

1. **PURPOSE**

That Contractor agrees with County, for the consideration herein mentioned, at his, its or their own proper cost and expense to do all the Work and furnish all the materials, equipment, supplies, and labor necessary to carry out this Contract in the manner and to the full extent as set forth in the Contract Documents, and to the satisfaction of the duly authorized representatives of St. Lucie County, who shall have at all times full opportunity to inspect the materials to be furnished and the Work to be done under this Contract.

2. **GENERAL DESCRIPTION OF WORK/SCOPE OF SERVICES**

It is agreed that the Work to be done under this Contract is: **Emergency Debris Removal** as further described in St. Lucie County Request for Proposals **RFP# 21-037**, made a part hereof by this reference. Scope of Services are including, but not limited to the following:

- Emergency Road Clearance
- ROW Vegetative Debris Removal
- ROW C&D Debris Removal
- Demolition, Removal, Transport and Disposal of Non-RACM Structures
- Demolition, Removal, Transport and Disposal of RACM Structures
- DMS(s) Management, Operations and Reduction through Grinding
- DMS(s) Management, Operations and Reduction through Above Ground Air Curtain Incineration
- Haul-Out of Reduced Debris to a County Approved Final Disposal Site
- Removal of Hazardous Trees and Hangers
- Removal of Hazardous Stumps
- ROW White Goods Debris Removal
- Household Hazardous Waste (HHW) Removal, Transport and Disposal
- E-Waste Removal
- Abandoned Vehicle and Vessel Removal
- Dead Animal Carcasses

The Contractor shall be capable of assembling, directing and having the capacity to manage a major workforce, with multiple subcontractors, that can be fully operational in debris management operations and to cover the expenses of a major recovery prior to being paid by the County. Established

management teams must be in place. The Contractor shall have the resources to provide the equipment and personnel necessary to cover a major disaster. The Contractor shall be able to assemble trucks, equipment, materials and crews immediately following a disaster, giving the County of Deltona priority status.

The Contractor shall contact County Project Manager at a minimum of forty-eight (48) hours prior to a hurricane event or immediately upon the occurrence of a debris-generating incident within St. Lucie County for which there is no advance warning. After a disaster occurs, a designated St. Lucie County employee will contact the Contractor holding the Disaster Debris Removal and Disposal contract to advise them of the County intent to activate the contract for removal and disposal of disaster debris. Before work begins, the County will issue a written Notice to Proceed. Within eight (8) hours of receiving the Notice to Proceed, the Contractor will send a management team to report to the County Project Manager to begin planning for the operations and mobilizing the personnel and equipment as necessary to perform the work. Mobilization by the Contractor shall begin within twenty-four (24) hours of notification by the County. Within seventy-two (72) hours of receipt of the Notice to Proceed, the Contractor shall be fully established and continue debris removal operations. The Contractor shall make every effort to be at the disaster site within the stated time frame. The removal and disposal work must be conducted in a systematic and predictable manner.

Under this Contract, work shall consist of coordinating and mobilizing an appropriate number of cleanup crews, as determined by the County's Debris Manager. Work shall also include the clearing and removing of any and all "eligible" debris as most currently defined (at the time Notice to Proceed is issued and executed by the County for the Contractor) by the FEMA Public Assistance grant program guidelines in FEMA's PAPPG, all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies, and as directed by the County Debris Manager. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. The aforementioned definition of "eligible" applies to all uses throughout Scope of Services items 2-7.1 through 2-7.16. Work will include: (1) examining debris to determine whether or not debris is eligible; (2) loading the debris; (3) hauling debris to County approved DMS(s) or County approved Final Disposal Site(s); (4) reducing disaster related debris; (5) hauling reduced debris to a County approved Final Disposal Site; and (6) disposing of reduced debris at a County approved Final Disposal Site. Debris not defined as eligible by FEMA, state or federal DSGs or policies will not be loaded, hauled, or dumped under this contract unless written instructions to do so are given to the Contractor by the County Debris Manager. It shall be the Contractor's responsibility to load, transport, reduce, and properly dispose of any and all disaster generated debris which is the result of the event under which the Contractor was issued Notice to Proceed, unless otherwise directed by the County Debris Manager in writing.

3. PROJECT MANAGER

The Project Manager for the County is George Landry at (772) 462-1846. The Project Manager for the Contractor is Kristy Fuentes at (888) 721-4372.

The parties shall direct all matters arising in connection with the performance of this Contract, other than invoices and notices, to the attention of the Project Managers for attempted resolution or action. Except as otherwise provided for in this Contract, the Project Managers shall be responsible for overall resolution or action. The Project Managers shall be responsible for overall coordination and

oversight relating to the performance of this Contract. The Project Manager, however, has no authority to approve or execute Change Order Work except as set forth in the County Purchasing Manual.

The Contractor shall keep during the term of this Contract a competent Project Manager, any necessary assistants, all satisfactory to the County's Project Manager. The Contractor shall not use a Project Manager to whom the County has made reasonable and timely objection. The Contractor shall not change their Project Manager without the County's consent. The County's Project Manager shall be able to reach the Contractor's Project Manager at their cell number. The Contractor shall give sufficient superintendence to the work using his best skill and attention. At any time the County's Project Manager, with or without cause, may request that the Contractor replace any individual with an individual acceptable to the County.

4. CONTRACT DOCUMENTS

The Contract Documents which comprise the Contract between the County and the Contractor are attached hereto and made part hereof and consist of the following:

A. This Contract, consisting of pages 01 through 33 inclusive.
B. Contractor's Proposal, consisting of 22 pages, including:
   - Form 1 – Proposer Information and Authorization Signature
   - Form 2 – Non-Collusion Affidavit
   - Form 3 – Corporate Resolution
   - Form 4 – Confirmation of Drug-Free Workplace
   - Form 5 – Public Entity Crime Affidavit
   - Form 6 – Hold Harmless and Indemnity Agreement
   - Form 7 – Certification Regarding Debarment & Suspension
   - Form 8 – Anti-Lobbying Certification
   - Form 9 – Hourly Labor, Equipment and Material Price Schedule and the Unit rate Price Schedule
C. RFP Documents, consisting of 76 pages
D. Addenda No. 01
E. Insurance Certificates which shall be provided by the Contractor, along with the return of an executed copy of this Contract.
F. Any Modifications, including change orders, duly delivered after execution of this Contract.

Except for duly authorized and executed Modifications including but not limited to change orders and contract amendments, any conflict between the terms and conditions of this Contract and the terms and conditions of any of the other contract documents shall be interpreted in favor of this Contract.

5. PERFORMANCE GUARANTY

That Contractor guarantees to repair, replace or otherwise make good to the satisfaction of the County any defect in workmanship or material appearing in the Work; and further guarantees the successful performance of the Work for the service intended. Neither inspection nor payment, including final payment, by the County shall relieve the Contractor or its Surety from his or its obligations to do and complete the Work in accordance with this Contract. If the County deems it inexpedient to require the Contractor to correct deficient or defective Work, an equitable deduction from the contract price shall be

made therefore or in the alternative, if the expense incurred by the County to correct deficient or defective Work exceeds the unpaid balance on this Contract, the Contractor shall pay the difference to the County. The liability of the Contractor and its surety or sureties for such payment is joint and several.

6. **TERM/TIME OF PERFORMANCE**

Term: The term of this contract shall be for a period of one (1) year beginning on the date first written above. Upon mutual written agreement, this Contract may be extended for three (3) additional one-year renewal terms pursuant to the same terms and conditions.

Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

7. **DELAY DAMAGES**

It is mutually agreed between the parties hereto that time is of the essence in the performance of this Contract. In the event the Work is not completed within the time herein the County will suffer damages, the amount of which is difficult if not impossible to ascertain. It is agreed, therefore, that from the compensation otherwise to be paid to the Contractor, the County may retain the sum as follows per calendar day for each day thereafter, Sundays and holidays included, that the Work remains uncompleted and/or as indicated.

(A) The Contractor shall pay the County, as liquidated damages, **$1000.00** (one thousand and 00/100 dollars) per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within seventy-two (72) hours of being issued Notice to Proceed.

(B) The Contractor shall pay the County, as liquidated damages, **$500.00** (five hundred and 00/100 dollars) per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County approved Final Disposal Site and/or any associated fines levied by a third party. Application of liquidated damaged does not release the Contractor of all liability associated with hauling and depositing material to an unauthorized location.

(C) The Contractor shall pay the County, as liquidated damages, **$500.00** (five hundred and 00/100 dollars) per incident where the Contractor fails to repair damages that are caused by the Contractor or subcontractor(s). Application of liquidated damages does not release the Contractor from the responsibility of resolving or repairing damages

This sum shall represent the liquidated damages which the County will have sustained per calendar day from the inconvenience and expense caused to the County by the delay in the completion of the Work. This sum is not a penalty, being the liquidated damages the County will have sustained in event of such default by the Contractor. The County reserves the right to additionally recover direct job site expenses incurred during the period of any delay. The Contractor shall be liable for liquidated damages even if the Contract is terminated by the County for cause or if the Contractor abandons the Work. The liability of the Contractor and its surety or sureties for damages provided by this Article is joint and several.

8. **CONTRACT PAYMENT**

The County shall pay the Contractor for the performance of this Contract and completion of the project in accordance with the Contract Documents: Pursuant to Form #9 Hourly Labor, Equipment and Materials Price Schedule attached

9. **PAYMENT TERMS/SCHEDULE**

The County shall make payments on account of the Contract as follows:

Payment to the Contractor shall be due within 30 calendar days after the date on which the payment request or invoice is stamped as received by the County.

A five percent (5%) retainage will be withheld from each invoice until the end of the project. In order to release the retainage, the Contractor(s) must successfully complete the project, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Contractor(s) to public or private property.

The County may reject the payment request or invoice in writing within 20 calendar days after the date on which the payment request or invoice is stamped as received by the County, which shall specify the deficiency and the action necessary to correct the deficiency and to make the payment request or invoice proper. Payment of a corrected payment request or invoice, or rejection thereof, shall be made 10 business days after the date the corrected payment request or invoice is stamped as received as by the County. All applications for payment submitted by the Contractor shall reference the County's Contract number.

If a dispute between the County and the Contractor cannot be resolved by the procedure in this subsection, then the dispute must be resolved in accordance with the dispute resolution procedure set-forth in this Contract. If the County disputes a portion of the payment request or invoice, then the undisputed portion shall be paid timely in accordance with this subsection.

As a part of this Contract, if the Contractor receives payment then the Contractor must remit undisputed payment due to subcontractors and suppliers within 10 calendar days after contractor's receipt of payment. A subcontractor who receives payment must remit undisputed payment due to those subcontractors and suppliers within 7 calendar days after subcontractor's receipt of payment.

The County shall pay the Contractor through payments issued by the County Finance Department, upon receipt of the certified invoice from the County Project Manager. The parties agree, however, that

any payments withheld as liquidated damages or for any other reason allowed by this Contract, shall not be governed by the Florida Prompt Payment Act.

a. The County, or its authorized representative, will monitor, verify, and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Contractor will be provided with copies of this documentation. These documents will be used by the Contractor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be legible and properly completed. Tickets missing loading address, truck number, certified capacity, collection monitor signature, disposal site, load call, or disposal monitor signature will not be paid, nor will the County be responsible for unpaid incomplete tickets.

b. If tasked with private property and FHWA-ER funded roadway debris removal operations, these will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, white goods, or other scope of service items), program (ROW collection, private property debris removal, etc.), or both.

c. Invoices shall be submitted to the County's authorized representative on a bi-weekly basis unless otherwise direct by the County. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

d. No separate payment will be made for mobilization and demobilization operations. These costs are included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

e. The Contractor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Contractor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

f. Payment for disposal cost incurred by the Contractor at County approved Final Disposal Sites will be made at the cost incurred by the Contractor. The County will either coordinate payment of disposal costs directly with the Final Disposal Site or require the Contractor to pay the disposal fees and then invoice the County. The Contractor shall submit a copy of all invoice(s) received by the County approved Final Disposal Site, an electronic copy tabulating all scale or load tickets issued by the County approved Final Disposal Site, and proof of Contractor payment to the County approved Final Disposal Site. The County will not render payment for disposal costs until the Contractor submits applicable disposal site permits or site information for each authorized Final Disposal Site.

g. Contractor must submit a final invoice within 30 calendar days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris

Manager. The final invoice must be marked "FINAL INVOICE" and no additional payments will be made after the Contractor's final invoice.

h. In the event any portion of this scope of work is to be funded by State or Federal funds, the Contractor will comply with all requirements of the state or federal government applicable to the use of the funds.

i. The Contractor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of 7 years following receipt of final payment for the services referenced herein. In the event litigation ensues or the County challenges a decision by FEMA to disallow or de-obligate costs incurred under the contract, then Contractor shall retain all records hereunder for a period of 7 years after conclusion of the litigation or FEMA dispute, including any and all appeals.

10. **SUBCONTRACTORS**

The County prefers that the Contractor provide all services needed to comply with the Contract. Should a subcontractor be needed, the Contractor will be the sole point of contact and have sole responsibility for all issues. It is the responsibility of the Contractor to ensure that subcontractors needed to be used during the collection and disposal of disaster debris shall comply with the scope of work initiated to support this project. In the event Contractor requires the services of any subcontractor or professional associate in connection with the Work to be performed under this Contract, the Contractor shall secure the written approval of the County Project Manager before engaging such subcontractor or professional associate.

11. **AUDIT**

The Contractor agrees that the County or any of its duly authorized representatives shall, until the expiration of three years after expenditure of funds under this Contract, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Contractor involving transactions related to this Contract. The Contractor agrees that payment(s) made under this Contract shall be subject to reduction for amounts charged thereto which are found on the basis of audit examination not to constitute allowable costs under this Contract. The Contractor shall refund by check payable to the County the amount of such reduction of payments. All required records shall be maintained until an audit is completed and all questions arising therefrom are resolved, or three years after completion of the project and issuance of the final certificate, whichever is sooner.

12. **PUBLIC RECORDS**

The Contractor shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Contractor in conjunction with this Contract. Specifically, the Contractor shall:

(a) Keep and maintain public records that ordinarily and necessarily would be required by the County in order to perform the service.

(b) Provide the public with access to public records on the same terms and conditions that the County would provide the records and at a cost that does not exceed the cost provided in state law or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

(d) Upon completion of the Contract, transfer, at no cost, to the County all public records in possession of the Contractor or keep and maintain public records required by the County to perform the service. If the Contractor transfers all public records to the County upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public record disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All record stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology system of the County.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (772)462-1441, BellamyS@stlucieco.org, COUNTY ATTORNEY'S OFFICE 2300 VIRGINIA AVENUE, FORT PIERCE, FL 34982

13. **ACCESS TO RECORDS**

The following access to records requirement applies to this Contract:

(i) Contractor agrees to provide the County, the State agency, the administrator of the federal awarding agency, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this Contract for the purposes of making audits, examinations, excerpts, and transcriptions.

(ii) Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(iii) Contractor agrees to provide the administrator of the federal awarding agency or his or her authorized representatives access to construction or other work sites pertaining to the work being completed under the Contract.

(iv) In compliance with the Disaster Recovery Reform Act of 2018, the County and Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the administrator of the federal awarding agency or the Comptroller General of the United States.

14. **GUARANTEE**

The Contractor guarantees to repair, replace or otherwise make good to the satisfaction of the County any defects in workmanship or material appearing in the work within one year after the day of the certificate for final performance of the work for the service intended. Contractor further guarantees the successful performance of the work for the service intended. Neither inspection nor payment, including final payment by the County shall relieve the Contractor from his or its obligations to do and complete the work in accordance with this contract. If the County deems it inexpedient to require the Contractor to correct deficient or defective materials or labor, an equitable deduction from the contract price shall be made therefore or in the alternative, the County may sue for damages. This guarantee is in addition to any other warranty available to the County for the Work including but not limited to manufacturers warranties.

15. **CONTRACTOR RESPONSIBILITY**

The Contractor is an independent contractor and is not an employee or agent of the County. Nothing in this Contract shall be interpreted to establish any relationship other than that of an independent contractor, between the County and the Contractor, its employees, agents, subcontractors, or assigns, during or after the performance of this Contract. The Contractor shall take the whole responsibility for the means, methods, techniques, sequences, and production of the Work.

The Contractor shall bear all losses resulting to him, or its, on account of the amount or character of the Work, or because of the nature of the ground beneath, in or on which the Work is done is different from what was assumed or expected, or because of bad weather, or because of errors or omissions in his or its bid on the Contract price, or except as otherwise provided in the Contract Documents because of any other causes whatsoever. Execution of this Contract by the Contractor is a representation that the Contractor has visited the site, has conducted a sufficient investigation of the surface and sub-surface conditions in order to submit its bid, has become familiar with the local conditions under which the Work is to be performed, and correlated personal observations with the requirements of the Contract Documents.

The Contractor shall protect the entire Work, all materials under the Contract and the County's property (including machinery and equipment) in, or on, or adjacent to the site of the Work until final completion and Work, from the action of the elements, acts of other contractors, or except as otherwise provided in the Contract Documents, and from any other causes whatsoever; should any damage occur by reason of any of the foregoing, the Contractor shall repair at his, or its, own expenses to the satisfaction of the County or its Project Manager. Neither the County nor its officers, employees or agents assume any responsibility for collection of indemnities or damages from any person or persons causing injury to the Work of the Contractor.

At his, or its expense, the Contractor shall take all necessary precautions (including without limitation) the furnishing of guards, fences, warnings signs, walks, flags, cables and lights for the safety of and the prevention of injury, loss and damage to persons and property (including without limitation) in the term persons, members of the public, the County and its employees and agents, the Project Manager and his employees, Contractor's employees, his or its subcontractors and their respective employees, other contractors, their subcontractors and respective employees, on, about or adjacent to the premises where said Work is being performed, and shall comply with all applicable provisions of safety laws, rules, ordinances, regulations and orders of duly constituted public authorities and building codes.

The Contractor assumes all risk of loss, damage and destruction to all of his or its materials, tools appliances and property of every description and that of his or its subcontractors and of their respective employees or agents, and injury to or death of the Contractor, his or its employees, subcontractors or their respective employees or agents, including legal fees, court costs or other legal expenses, arising out of or in connection with the performance of this Contract.

16. **INDEMNIFICATION**

The Contractor covenants and agrees at all times to save, hold, and keep harmless the County, State of Florida, the Federal Government its Officials, Employees, and Agents, and indemnify the County, its Officials, Employees, and Agents, against any and all claims, demands, penalties, judgments, court costs, reasonable attorney's fees for personal injury and loss of property to the extent arising out of or in any way connected or arising out of the Contractor's negligence, recklessness or intentional wrongful conduct in the performance of this Agreement. The Contractor hereby acknowledges that the payments made under this Agreement include specific consideration for the indemnification herein provided. It is the specific intent of the parties hereto that the foregoing indemnification complies with Florida Statute 725.06 (Chapter 725).

The Contractor, without exemption, shall indemnify and hold harmless, the County, State of Florida, the Federal Government its employees, representatives and elected officials from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or item manufactured by the Contractor. Further, if such a claim is made, or is pending, the Contractor may, at its option and expense, procure for the County the right to use, replace, or modify the item to render it non -infringing. If none of the alternatives are reasonably available, the County agrees to return the article on request to the Contractor and receive reimbursement. If the Contractor used any design, device or materials covered by letters, patent or copyright, it is mutually agreed and understood, without exception, that the Contract prices shall include all royalties or cost arising from the use of such design, device or materials in any way involved in the work.

17. **INSPECTION**

The project will be inspected by the Project Manager and will be rejected if it is not in conformity with the Contract provisions. Rejected Work will be immediately corrected by the Contractor. When the Work is substantially completed, the Contractor shall notify the County in writing that the Work shall be ready for final inspection on a definite date, at least three (3) calendar days thereafter, which shall be stated in such notice.

18. **INSURANCE**

Each such General Liability Certificate shall include the following wording: **"St. Lucie County, its officers, agents and employees are named as additional insured with respect to the work performed under this contract for the RFP No. 21-037, Emergency Debris Removal".**

A. **Commercial General Liability:**

The Contractor shall maintain and, prior to commencement of this contract, provide the County with evidence of commercial general liability insurance to include: 1) premises for limits of not

less than $1,000,000 per occurrence; and 2) a general aggregate limit of not less than $2,000,000. The policy shall also provide the County will be given a thirty (30) day written notice of cancellation or non-renewal and include County as an additional insured.

B. **Business Automobile Liability:**

The Contractor shall maintain and, prior to commencement of this contract, provide the County with evidence of business automobile liability insurance to include: 1) coverage for any automobile for limits of not less than $1,000,000 combined single limit (bodily injury & property damage) per accident and 2) Personal Injury Protection (Florida no-fault) with full statutory limits. The policy shall also provide the County will be given a thirty (30) day written notice of cancellation or non-renewal.

C. **Workers' Compensation and Employers Liability:**

The Contractor shall maintain and, prior to commence of this contract, provide the County with evidence of workers ' compensation insurance providing Florida statutory (F.S. 440) limits to cover all employees and include Employers Liability coverage with limits of not less than $500,000 for accidents or disease. The policy shall also provide the County will be given a thirty (30) day written notice of cancellation or non-renewal.

19. **DEFAULT; TERMINATION**

A. FOR CAUSE

If the Contractor fails to fulfill its obligations under this Contract in a timely and proper manner, the County shall have the right, but not the obligation, to terminate this Contract by giving written notice of any deficiency and by allowing the party in default seven (7) calendar days to correct the deficiency. If the Contractor fails to correct the deficiency within the seven calendar day period, this Contract shall terminate at the expiration of that time period.

With regard to the Contractor, the following items shall be considered a default under this Contract:

(1) If the Contractor should be adjudged bankrupt, or if he, or it, should make a general assignment for the benefit of his, or its, creditors, or if a receiver should be appointed on account of his, or its, insolvency.

(2) If the Contractor should refuse or fail, except in cases for which an extension of time is provided, to supply enough properly skilled workmen or proper material to meet the project schedule or if the Contractor should fail to make prompt payment for materials, or labor or other services entering into the Work.

(3) If the Contractor disregards laws, ordinances, or the instructions of the Project Manager or otherwise be guilty of a substantial violation of the provisions of the Contract.

(4) Fails to perform any of the terms of this Contract or performs work which fails to conform to the requirements of this Contract.

In the event of termination, the County may take possession of the premises and all materials, tools, and appliances, thereon and finish the Work by whatever method it may deem expedient. In such cases, the Contractor shall only be entitled to receive payment for Work satisfactorily completed prior to the termination date, subject to any setoffs due the County in completing the Project and for reimbursement of damages incurred. The County may take possession of and use any materials, plant, tools, equipment, and property of any kind furnished by Contractor to complete the Work. If the expense incurred by the County to finish the Work exceeds the unpaid balance on this Contract, the Contractor shall pay the difference to the County. The expense incurred by the County as herein provided, and the damage incurred through the Contractor's default, shall be certified by the Project Manager. The Contractor shall be responsible for both liquidated damages attributable to delay and for excess completion costs. The liability of the Contractor and its surety or sureties for such damages and costs is joint and several. The obligations of the Contractor and his surety with respect to the warranty and maintenance shall remain in full force and effect for the portion of the Work completed by the Contractor and shall not expire until the expiration of the prescribed time period measured from the final acceptance of the project in its entirety. These clauses shall survive the termination of this Contract. If the County makes a determination pursuant to this Contract to hold the Contractor in default and terminate the Contract for cause and it is subsequently determined that any such determination was improper, unwarranted, or wrongful, then any such termination shall be deemed for all purposes as a termination without cause as described below. The Contractor agrees that it shall be entitled to no damages, allowances or expenses of any kind other than as provided in this Agreement in connection with such termination, and does expressly waive, in the event of termination, any and all claims for consequential damages, loss of bonding capacity, destruction of business, unabsorbed home office overhead, lost profit and the like.

B. TERMINATION FOR CONVENIENCE

Either party may terminate the Contract without cause at any time upon thirty (30) calendar days prior written notice to the other party. In the event of termination, the County shall compensate the Contractor for all authorized work satisfactorily and responsibly completed through the termination date. Upon such termination, the Contractor waives any claims for damages from the termination without cause, including without limitation, any and all consequential claims as set forth above, and as the sole right and remedy of the Contractor, the County shall compensate the Contractor for all authorized Work satisfactorily and responsibly completed through the termination date.

This Contract may be terminated, in whole or in part, without cause, in accordance with the terms specified herein; or, if none specified, the County may terminate this Contract in whole or in part, for any reason, with ten days' written notice to Contractor. In the event termination is exercised under this provision, Contractor will be compensated for work performed and accepted and goods accepted by the County as of the termination date. Contractor will also be compensated for any work performed by subcontractors and goods or supplies ordered which Contractor could not reasonably terminate. In no event shall Contractor be entitled to any other compensation on a termination without cause, including any lost profits or loss of opportunity.

C. SCRUTINIZED COMPANIES TERMINATION

The County may immediately terminate the Contract without cause at any time upon ascertaining that pursuant to § 287.135, Florida Statutes, a company is ineligible to, and may not, bid on, submit a

proposal for, or enter into or renew a contract with an agency or local government entity for goods or services if at the time of bidding or submitting a proposal for a new contract or renewal of an existing contract, or at any time thereafter, the company: (1) is on the Scrutinized Companies that Boycott Israel List, created pursuant to § 215.4725, Florida Statutes, or is engaged in a boycott of Israel; (2) is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to § 215.473, Florida Statutes; or (3) is engaged in business operations in Cuba or Syria. Furthermore, the County may immediately terminate the Contract if it is determined that the company submitted a false certification stating that it was not (1) on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel; (2) was not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; (3) or was not engaged in business operations in Cuba or Syria when in fact the company was engaged in such activities at the time of the bid or proposal, or at the time of entering into or renewing the Contract.

20. **NON DISCRIMINATION**

Contractor covenants and agrees that Contractor shall not discriminate against any employee or applicant for employment to be employed in the performance of the Contract with respect to hiring, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment because of age, sex or physical handicaps (except where based on a bonafide occupational qualification); or because of marital status, race, color, religion, national origin or ancestry.

21. **E-VERIFY/ VERIFICATION OF EMPLOYMENT STATUS**

Effective as of January 1, 2021, as required by Section 448.095(2)(a), the Contractor and subcontractor shall register with and use the E-Verify System to verify the work authorization status of all newly hired employees. The County, Contractor, or subcontractor may not enter into a Contract unless each party to the Contract registers with and uses the E-Verify System. The Contractor shall provide documentation of their compliance of this requirement to the County upon request.

If the Contractor enters into a contract with a subcontractor, the subcontractor must provide the Contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of this Contract.

The County will not intentionally award contracts to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions of the Immigration and Nationality Act ("INA"). The County shall consider the employment by the Contractor of unauthorized aliens a violation of 8 U.S.C. Section 1324a(e) [Section 274A(e) of the INA]. The Contractor agrees that such violation by the Contractor shall be grounds for the unilateral cancellation of this Contract by the County.

22. **PRODUCTS OR MATERIALS WITH RECYCLED CONTENT**

Contractor is required to procure products or materials with recycled content with respect to Work performed or products supplied under the contract when those products or materials are available at reasonable prices. A decision to not procure such items must be based on a determination that such procurement:

a) Is not available within a reasonable period of time; or

b) Fails to meet the performance standards set forth in the applicable specifications or fails to meet the reasonable performance standards of the agency.

Contractor shall provide the County with a written statement indicating what recycled products were used or supplied. If a decision was made not to use recycled products, Contractor shall provide County with a written statement indicating the basis for the decision using the above criteria.

23. **FLORIDA PRODUCED LUMBER**

Where applicable Contractor agrees to comply with the provisions of Section 255.20, Florida Statutes, as may be amended from time to time.

24. **ASBESTOS-FREE MATERIALS**

Contractor shall not use any asbestos or asbestos-based fiber materials in the Work performed under this Contract.

25. **ASSIGNMENT**

The County reserves the right to freely assign this Contract. The Contractor, however, shall not assign this Contract to any other persons or firm without first obtaining County's written approval. In addition, the Contractor shall not have the right to assign any or all of its rights and interests under this agreement to any subsidiary or parent company, or any successor to its business through merger, consolidation, voluntary sale, or transfer of substantially all of its assets without the express written consent of the County. For purposes of this paragraph, a transfer of substantially all of its assets shall be deemed to occur when the owner(s) of more than 50% of the proprietary interest in the business entity transfer, other than between themselves, their immediate families or their heirs, such proprietary interest to another person, firm, partnership, corporation or business entity. Any attempt to effect an assignment without County's prior written consent shall be deemed a default subject to the remedies provided herein.

26. **NOTICES**

All notices, requests, consents, and other communications required or permitted under this Contract shall be in writing and shall be (as elected by the person giving such notice) hand delivered by messenger or courier service, telecommunicated, or mailed by registered or certified mail (postage prepaid) return receipt requested, addressed to:

As to County:
St. Lucie County Administrator
Administration Annex
2300 Virginia Avenue
Ft. Pierce, FL 34982

With a Copy To:
St. Lucie County Attorney

or to such other address as any party may designate by notice complying with the terms of this Section. Each such notice shall be deemed delivered (a) on the date delivered if by personal delivery, (b) on the date upon which the return receipt is signed or delivery is refused or the notice is designated by the postal authorities as not deliverable, as the case may be, if mailed.

27. **NON-WAIVER**

The rights of the parties under this Contract shall be cumulative and the failure of either party to exercise properly any rights given hereunder shall not operate to forfeit any of the said rights.

28. **CONFLICT OF INTEREST**

The Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder, as provided for in Section 112.311, Florida Statutes and as may be amended from time to time. The Contractor further represents that no person having any interest shall be employed for said performance.

The Contractor shall promptly notify the County in writing by certified mail of all potential conflicts of interest prohibited by existing state law for any prospective business association, interest or other circumstance which may influence or appear to influence the Contractor's judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of Work that the Contractor may undertake and request an opinion of the County as to whether the association, interest or circumstance would, in the opinion of the County, constitute a conflict of interest if entered into by the Contractor. The County agrees to notify the Contractor of its opinion by certified mail within thirty (30) days of receipt of notification by the Contractor. If, in the opinion of the County, the prospective business association, interest or circumstance would not constitute a conflict of interest by the Contractor, the County shall so state in the notification and the Contractor shall, at his/her option, enter into said association, interest or circumstance and it shall be deemed not in conflict of interest with respect to services provided to the County by the Contractor under the terms of this Contract.

29. **DISPUTE RESOLUTION**

Any disputes relating to interpretation of the terms of this Contact or a question of fact or arising under this Contract shall be resolved through good faith efforts upon the part of the Contractor and the County or its Project Manager. At all times, the Contractor shall carry on the work and maintain its progress schedule in accordance with the requirements of the Contract and the determination of the County or its representatives, pending a final resolution of the dispute, including, if necessary, any determination by a Court of competent jurisdiction. Any dispute which is not resolved by mutual

agreement shall be decided by the County Administrator who shall reduce the decision to writing. The decision of the County shall be final and conclusive unless determined by a court of competent jurisdiction to be fraudulent, capricious, arbitrary, so grossly erroneous as to necessarily imply bad faith, or not be supported by substantial evidence.

30. **MEDIATION**

Prior to initiating any litigation concerning this Contract, the parties agree to submit the disputed issue or issues to a mediator for non-binding mediation. The parties shall agree on a mediator chosen from a list of certified mediators available from the Clerk of Court for St. Lucie County. The fee of the mediator shall be shared equally by the parties. To the extent allowed by law, the mediation process shall be confidential and the results of the mediation or any testimony or argument introduced at the mediation shall not be admissible as evidence in any subsequent proceeding concerning the disputed issue.

31. **ANTITRUST ASSIGNMENT**

The Contractor and the County and the State of Florida recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the State of Florida and local governments. Therefore, the Contractor assigns to the State of Florida and the County any and all claims for such overcharges as to goods, materials or services purchased in connection with the Contract.

32. **INTERPRETATION; VENUE**

This Contract constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior verbal or written agreements between the parties with respect thereto. This Contract may only be amended by written document, properly authorized, executed and delivered by both parties hereto. This Contract shall be interpreted as a whole unit and section headings are for convenience only. All interpretations shall be governed by the laws of the State of Florida. In the event it is necessary for either party to initiate legal action regarding this Contract, venue shall be exclusively in the Nineteenth Judicial Circuit for St. Lucie County, Florida, for claims under state law and the Southern District of Florida for any claims which are justiciable in federal court.

33. **CONTRACTING WITH SMALL AND MINORITY BUSINESSES, WOMEN'S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS**

If the Contractor intends to subcontract any portion of the Services covered by this Agreement, the Contractor must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible. Affirmative steps must include:

(1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

(4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and

(5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

34. **DAVIS-BACON ACT**

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 C.F.R. part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis–Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis–Bacon poster (WH–1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30–day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis–Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis–Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers

and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis–Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 C.F.R. 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis–Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the federal awarding agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the federal awarding agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 C.F.R. 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division Web site at http://www.dol.gov/esa/whd/forms/wh347instr.htm or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the federal awarding agency if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the federal awarding agency, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this

section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 C.F.R. part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 C.F.R. part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 C.F.R. part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH–347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the federal awarding agency or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 C.F.R. 5.12.

(4) Apprentices and trainees—

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program,

who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 C.F.R. 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 C.F.R. part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 C.F.R. part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 C.F.R. 5.5(a)(1) through (10) and such other clauses as the federal awarding agency may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 C.F.R. 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 C.F.R. 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 C.F.R. 5.12.

(8) Compliance with Davis–Bacon and Related Act requirements. All rulings and interpretations of the Davis–Bacon and Related Acts contained in 29 C.F.R. parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 C.F.R. parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis–Bacon Act or 29 C.F.R. 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis–Bacon Act or 29 C.F.R. 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

35. **COPELAND ANTI-KICKBACK ACT**

(i) Contractor. The contractor shall comply with 18 U.S.C. § 874,40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this contract.

(ii) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the federal awarding agency may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(iii) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as contractor and subcontractor as provided in 29 C.F.R. § 5.12.

36. **EQUAL EMPLOYMENT OPPORTUNITY**

During the performance of this Contract, Contractor agrees as follows:

(i) Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:
Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(ii) Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(iii) Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(iv) Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(v) Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(vi) Contractor will furnish all information and reports required by Executive Order 11246 of September

24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(vii) In the event of Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(viii) Contractor will include the portion of the sentence immediately preceding paragraph (i) and the provisions of paragraphs (i) through (viii) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, Contractor may request the United States to enter into such litigation to protect the interests of the United States. The County further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work.

The County agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Contractor and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The County further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with Contractors debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the County agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the County under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such State; and refer the case to the Department of Justice for appropriate legal proceedings.

37. **CONTRACTING WORK HOURS AND SAFETY STANDARDS ACT**

(A) Overtime requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any work week in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(B) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (A) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (A) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (A) of this section.

(C) Withholding for unpaid wages and liquidated damages. The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor or any other federally- assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (B) of this section.

D. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (A) through (D) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (A) through (D) of this section.

38. **RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT**

Any discovery or invention that arises during the course of the Contract shall be reported to the County. Contractor must comply with the requirements of 37 C.F.R. Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the federal awarding agency.

39. **CONTRACTING COMPLIANCE WITH CLEAN AIR AND CLEAN WATER ACT**

A. COMPLIANCE WITH CLEAN AIR ACT

(i) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(ii) The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the State Recipient, the federal awarding agency, and the appropriate Environmental Protection Agency Regional Office.

(iii) The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by the Federal Government.

B. COMPLIANCE WITH CLEAN WATER ACT

(i) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 et seq.

(ii) The Contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the State Recipient, the federal awarding agency, and the appropriate Environmental Protection Agency Regional Office.

(iii) The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by the Federal Government.

40. **SUSPENSION AND DEBARMENT**

Federal regulations restrict the County from contracting with parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. Accordingly, a contract or subcontract must not be made with any parties listed on the SAM Exclusions list. SAM Exclusions is the list maintained by the General Services Administration that contains the name of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under certain statutory or regulatory authority. The Contractor can verify its status and the status of its principals, affiliates, and subcontractors at www.SAM.gov.

(A) This Contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Contractor is required to verify that none of the Contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(B) The Contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(C) This certification is a material representation of fact relied upon by the County. If it is later determined that the Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to FDEM and the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(D) The Contractor agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C during the term of this Contract. The Contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.

41. **BYRD ANTI-LOBBYING AMENDMENT**

By executing this Contract, Contractor makes the certification below, which is found at APPENDIX A, 44 C.F.R. PART 18. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(i) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(ii) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(iii) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

42. **PROCUREMENT OF RECOVERED MATERIALS**

(i) In the performance of this Contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;

2. Meeting contract performance requirements; or

3. At a reasonable price.

(ii) Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensiveprocurement-guideline-cpg-program.

(iii) Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

43. **REMEDIES**

If any work performed by the Contractor fails to meet the requirements of the Contract, any other applicable standards, codes or laws, or otherwise breaches the Contract, the County may exercise any remedies provided in the original Contract to which this addendum is made a part; or, if none specified, the County may in its sole discretion:

(i) elect to have Contractor re-perform or cause to be re-performed at Contractor's sole expense, any of the work which failed to meet the requirements of the Contract;

(ii) hire another Contractor to perform the work and deduct any additional costs incurred by the County as a result of substituting Contractors from any amounts due to Contractor; or

(iii) pursue and obtain any and all other available legal or equitable remedies.

This Section shall in no way be interpreted to limit the County's right to pursue and obtain any and all other available legal or equitable remedies against Contractor.

44. **DOMESTIC PREFERENCE REQUIREMENTS**

As appropriate and to the extent consistent with law, Contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this paragraph must be included in all subcontracts and purchase orders for work or products under this Contract. For purposes of this paragraph:

"Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

"Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

45. **PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT**

(i) As used in this paragraph, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services as used in this paragraph—

(ii) Prohibitions

1. Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

2. Unless an exception in this paragraph applies, Contractor and its Subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the federal government to:

A. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

B. Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

C. Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

D. Provide, as part of its performance of this Contract, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(iii) Exceptions

1. This paragraph does not prohibit Contractor from providing—

A. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

B. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

2. By necessary implication and regulation, the prohibitions also do not apply to:
   A. Covered telecommunications equipment or services that:
      - Are not used as a substantial or essential component of any system; and
      - Are not used as critical technology of any system.
      - Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(iv) Reporting requirement

1. In the event Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during performance of the Services set forth in this Contract, or Contractor is notified of such by a Subcontractor at any tier or by any other source, Contractor shall report the information in the manner stated below to the recipient or subrecipient, unless elsewhere in this Contract are established procedures for reporting the information.

2. Contractor shall report the following information pursuant to this paragraph:

   A. Within one business day from the date of such identification or notification: The Contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

   B. Within 10 business days of submitting the information above: Any further available information about mitigation actions undertaken or recommended. In addition, Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(v) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (E), in all subcontracts and other contractual instruments.

46. **CHANGES**

Any changes to the scope of work, price, or schedule shall be in writing and agreed to by Parties.

47. **COMPLIANCE WITH FEDERAL LAW, REGULATIONS, AND EXECUTIVE ORDERS**

This is an acknowledgement that federal financial assistance will be used to fund the Contract, in whole or in part. Contractor will comply will all applicable federal law, regulations, executive orders, federal awarding agency policies, procedures, and directives.

48. **LICENSE AND DELIVERY OF WORKS SUBJECT TO COPYRIGHT AND DATA RIGHTS**

The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

49. **DHS SEAL, LOGO AND FLAGS**

The Contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval.

50. **NO OBLIGATION BY FEDERAL GOVERNMENT**

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the County, Contractor, or any other party pertaining to any matter resulting from the contract.

51. **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS**

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this Contract.

52. **SAFE WORKING ENVIRONMENT**

The Contractor must at all time provide a safe working environment, including properly constructed monitoring towers.

Loading site monitors shall be responsible for checking the area for safety considerations, such as downed power lines, children playing in the area, traffic control needs, and safe operation of trucks and equipment; implementing all safety requirements; performing a pre-work inspection of debris collection areas before loading to identify the location of covered utility meters, transformers, fire hydrants, mail boxes, etc., as a baseline to account for any collateral damage as a result of the debris removal operation; and ensuring that debris loads are contained properly before leaving the loading area.

Tower and site monitors shall be responsible for checking the area for safety considerations, such as downed power lines, children playing in the area, traffic control needs, and safe operation of trucks and equipment; and implementing all safety requirements.

Field supervisors shall be responsible for being familiar with, maintaining, and implementing all safety requirements.

53. **LOAD TICKET SYSTEM REQUIREMENTS**

The Contractor must employ the use of a load ticket system that complies with FEMA requirements. Load tickets prepared by loading site monitors must include the following information:

- Contract number (identified by a number or name)
- Prime contractor's name
- Date
- Truck number
- Truck driver's name
- Description of the debris (Vegetation, Construction & Demolition Debris, White Goods, Household Hazardous Waste)
- Load location (GPS or address preferred)
- Loading date/time (departure from collection location)
- Loading Site Monitor name/signature

Load tickets prepared by tower or site monitors must include the following information:

- Truck capacity in cubic yards or tons
- Load size, either cubic yards (percent of capacity) or tons
- Unloading location
- Unloading date/time (arrival at disposal site)
- Tower/Site Monitor name/signature

54. **QUALIFICATIONS OF MONITORS AND STAFF**

The Contractor shall utilize only monitors that are trained and possess skills adequate to fulfill their duties. Labor rates paid to monitors shall be commensurate with skill level required by the job function. Professional engineers and professional qualifications are not required to perform debris monitoring duties. The Contractor must ensure its staff is familiar with FEMA debris removal eligibility criteria.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Agreement in counterparts each of which shall be treated as an original upon the terms and conditions above stated.

State of Incorporation: Alabama Year of Incorporation: 2001

This Proposal is hereby submitted by the above-named entity ("Proposer") to St. Lucie County, Florida 20-033 for Emergency Debris Removal Services ("RFP"), having examined the solicitation and specifications with related documents and the site of the proposed work, and being familiar with all of the conditions surrounding the proposed project including the availability of materials and labor, hereby proposes to furnish all labor, materials, and supplies; and to provide the service in accordance with the terms and specifications set forth in the RFP at the prices provided in this Proposal. The prices in this Proposal will remain firm for a period of up to 90 days in order to allow the County adequate time to evaluate the Proposal. These prices are to cover all expenses incurred in performing the work required under the awarded contract, of which this RFP and Proposal is a part.

Proposer accepts all of the terms and conditions of the RFP. Proposer understands that a background investigation may be conducted by the County prior to award. Proposer hereby agrees to commence work under contract on or before a date to be specified in a written "Notice to Proceed" of the County.

Proposer has examined and carefully studied the Solicitation Documents and the following addendum receipt of which is hereby acknowledged:

No. 1 Dated: April 7, 2021 No. _____ Dated: _____

No. _____ Dated: _____ No. _____ Dated: _____

Proposer certifies that all information contained in this Proposal is truthful to the best of the undersigned's knowledge and belief. Undersigned certifies that it is duly authorized to submit this Proposal on behalf of the Proposer as its act and deed and that the Proposer is ready, willing, and able to perform if awarded the contract.

Authorized Signature (original, in ink): _____

Type or Printed Name: Kristy Fuentes

Title: Vice President/Secretary/Treasurer

FORM #2 NON-COLLUSION AFFIDAVIT

STATE OF Louisiana ;
COUNTY OF Jefferson Parish ;

Kristy Fuentes being first duly sworn, deposes and says that:

1. The undersigned is the Vice President/Secretary/Treasurer (Owner, Partner, Officer, Representative or Agent) of DRC Emergency Services, LLC (PROPOSER).

2. PROPOSER is fully informed respecting the preparation and contents of the attached Proposal and of all pertinent circumstances respecting such Bid;

3. Such Proposal is genuine and is not a collusive or sham proposal;

4. Neither the said PROPOSER nor any of its officers, partners, owners, agents, representative, employees or parties in interest, including this affidavit, have in any way colluded, conspired, connived, or agreed, directly or indirectly, with any other PROPOSER, firm, or person to submit a collusive or sham proposal in connection with the Contract for which the attached Proposal has been submitted; or to refrain from responding to the RFP in connection with such Contract; or have in any manner, directly or indirectly, sought by agreement or collusion, or communications, or conference with any PROPOSER, firm, or person to fix the price or prices in the attached Proposal or any other PROPOSER, or to fix any overhead, profit, or cost element of the pricing or the pricing of any other proposer, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against COUNTY, or any person interested in the proposed Contract;

5. The price of items quoted in the attached Proposal are fair and proper and are not tainted by collusion, conspiracy, connivance, or unlawful agreement on the part of the PROPOSER or any other of its agents, representatives, owners, employees or parties in interest.

FORM #3 CORPORATE RESOLUTION

DRC Emergency Services is a Limited Liability Company. Please see Signing Authority attached.

I, _____, Secretary of _____, a Corporation organized and existing under the laws of the State of _____, hereby certify that at a meeting of the Board of Directors of the Corporation duly called and held on _____, 20____ at which a quorum was present and acting throughout, the following resolutions were adopted and are now in full force effect:

RESOLVED that the following individuals of this corporation are authorized to execute on behalf of this corporation, a Proposal to and Agreement with St. Lucie County, Florida for the provision of Emergency Debris Removal Services.

I further certify that the names of the officers of this corporation and any other persons authorized to act under this resolution and their official signatures are as follows:

NAME	TITLE	OFFICIAL SIGNATURE

IN WITNESS THEREOF, I have hereunto subscribed my name as Secretary and affixed the seal of the corporation this _____ day of _____, 20 _____

ACTION IN LIEU OF
A MEETING OF THE
MANAGER OF
DRC EMERGENCY SERVICES, LLC

This action is taken in accordance with Section 10-12-22 of the Alabama Limited Liability Company Act, as amended (the "Act"), in lieu of a meeting of the sole Manager of DRC EMERGENCY SERVICES, LLC, an Alabama limited liability company (the "Company"), and is made effective as of January 19, 2016.

WHEREAS, Section 4.2 of the Company's Second Amended and Restated Operating Agreement dated January 20, 2016 (as amended, the "LLC Agreement") and the Act permit the Manager of the Company to take the following actions; and

WHEREAS, the undersigned, DRC Equity LLC, constitutes the sole Manager of the Company (the "Manager").

NOW, THEREFORE, the undersigned hereby makes the following resolutions and consents to the following actions in lieu of a meeting of the Manager of the Company:

1. The following persons, in their respective corporate capacities indicated below, are hereby authorized and empowered for the express limited purpose of signing documents for the submission of bids, proposals, offers, responses and other related documents to, any federal, state or local government, including any governmental entity, organization, body, agency, department or political subdivision, for the transaction of business by or on behalf of the Company:

Name	Office/Capacity
John R. Sullivan	President
Kristy Fuentes	Vice President of Business Development, Secretary and Treasurer

2. The officers listed above after giving effect to this written consent are hereby authorized and directed on behalf of the Company to execute and deliver such agreements and instruments, make such filings and give such notices, and take any and all such other actions, and to do or cause to be done, such acts as such officers may deem necessary or advisable to accomplish or otherwise implement the purposes of the foregoing resolutions or to cause the Company to perform its obligations under any of the foregoing.

3. All actions taken by any officer of the Company in connection with any of the transactions contemplated by these resolutions are hereby authorized, approved, ratified and confirmed in all respects.

4. This written consent may be executed in counterparts, and all so executed shall constitute one action notwithstanding that all of the undersigned are not signatories to the original or to the same counterpart. This written consent shall be filed with the minutes of the proceedings of the Manager of the Company.

FORM #4 CONFIRMATION OF DRUG-FREE WORKPLACE

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quantity, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program (Florida Statutes Section 287.087 Florida Statutes). In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibitions.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or Contractual services that are under Bid a copy of the statement specified in subsection (1).

4. In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contenders to, any violation of Chapter 893 Florida Statutes or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after the conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by, any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

SWORN STATEMENT UNDER SECTION 287.133 (3) (A), FLORIDA STATUTES
ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

STATE OF Louisiana;
COUNTY OF Jefferson Parish;

1. This sworn statement is submitted to St. Lucie County, Florida.

2. This sworn statement is submitted by DRC Emergency Services, LLC (name of entity submitting sworn statement) whose business address is 110 Veterans Boulevard, Suite 515, Metairie, LA 70005 and (if applicable) its Federal Employer Identification Number (FEIN) is 63-1283729.

3. My name is Kristy Fuentes and my relationship to the entity named above is Vice President/Secretary/Treasurer.

4. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133 (1)(b) Florida Statutes means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

6. I understand that an "affiliate" as defined in Paragraph 287.133 (1)(a), Florida Statutes means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and

agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133 (1)(e), FLORIDA STATUTES, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity.

8. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of any entity.

Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

__X__ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND, (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

FORM #6 HOLD HARMLESS AND INDEMNITY AGREEMENT

DRC Emergency Services, LLC, agrees through signing of this document by an authorized party or agent that the Proposer shall indemnify and hold harmless the County and its officers; and employees, from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers and employees may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Proposer and persons employed or utilized by the Proposer in the performance of the awarded contract. The Proposer shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. The Proposer expressly understands and agrees that any insurance protection required by the awarded contract or otherwise provided by Proposer shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

FORM #7 CERTIFICATION REGARDING DEBARMENT & SUSPENSION

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the CONTRACTOR (referred to herein as the "prospective lower tier participant") is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The

knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AN VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

FORM #8 ANTI-LOBBYING CERTIFICATION

CERTIFICATION REGARDING LOBBYING FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, CONTRACTOR understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

Greater than 60 Miles	50,000	$8.04	$402,000.00	$72.36

2-7.3. C&D Debris Removal – Work consists of the collection and transportation of eligible C&D on the ROW or public property to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	15,000	$7.93	$118,950.00	$55.51
16 to 30 Miles	25,000	$8.40	$210,000.00	$61.11
31 to 60 Miles	25,000	$8.40	$210,000.00	$61.11
Greater than 60 Miles	15,000	$8.40	$126,000.00	$61.11

2-7.4. Demolition, Removal, Transport & Disposal of Non-RACM Structures – Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000	$19.86	$99,300.00	$139.02
16 to 30 Miles	10,000	$20.86	$208,600.00	$146.02

31 to 60 Miles	10,000	$20.86	$208,600.00	$146.02
Greater than 60 Miles	5,000	$20.86	$104,300.00	$146.02

2-7.5. Demolition, Removal, Transport & Disposal of RACM Structures – Work consists of the decommissioning, demolition and disposal of RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000	$30.86	$154,300.00	$216.02
16 to 30 Miles	10,000	$35.86	$358,600.00	$251.02
31 to 60 Miles	10,000	$35.86	$358,600.00	$251.02
Greater than 60 Miles	5,000	$35.86	$179,300.00	$251.02

2-7.6. DMS Operation and Reduction Through Grinding – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through grinding. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000	$3.30	$577,500.00	$28.66

2-7.7. DMS Management & Reduction by Air Curtain Incineration – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through air curtain incinerators. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000	$1.75	$306,250.00	$15.75

2-7.8. Haul-out of Reduced Debris to a County Approved Final Disposal Site – Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County approved final disposal site.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	6,100	$3.43	$20,923.00	$30.87
16 to 30 Miles	9,100	$4.43	$40,313.00	$39.87
31 to 60 Miles	15,000	$4.43	$66,450.00	$39.87
Greater than 60 Miles	30,000	$4.43	$132,900.00	$39.87

2-7.9. Removal of Hazardous Trees and Hangers – Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Item 2, Vegetative Debris Removals

Diameter	Estimated Quantity	$ Per Tree	Total	
6 inch to 12.99 inch diameter	1,500	$40.00	$60,000.00	
13 inch to 24.99 inch diameter	1,000	$70.00	$70,000.00	
25 inch to 36.99 inch diameter	750	$145.00	$108,750.00	
37 inch to 48.99 inch diameter	300	$245.00	$73,500.00	
49 inch to larger diameter	100	$375.00	$37,500.00	
Hanger Removal (per Tree)	3,000	$74.00	$222,000.00	

2-7.10. Removal of Hazardous Stumps – Work consists of removing eligible hazardous stumps and transporting resulting debris from the ROW to a County Approved DMS. Rate includes removal, backfill of stump hole, reduction and final disposal.

Diameter	Estimated Quantity	$ Per Stump	Total	
24.1 inch to 36.99 inch diameter	500	$145.00	$72,500.00	
37 inch to 48.99 inch diameter	250	$245.00	$61,250.00	
49 inch and larger diameter		$375.00	$0.00	

2-7.12. ROW White Goods Debris Removal – Work consists of the removal of eligible white goods from the ROW to a County approved DMS site or County approved facility for recycling. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible white goods from the County approved DMS to a County approved facility for recycling.

Type of Debris	Estimated Quantity	$ Per Unit	Total	
A/C Units, refrigerators and freezers requiring refrigerant recovery and decontamination	250	$70.00	$17,500.00	
Washers, dryers, stoves, ovens and hot water heaters	500	$35.00	$17,500.00	

2-7.13. Household Hazardous Waste Removal, Transport and Disposal – Work consists of the collection, transportation and disposal of household hazardous waste from the ROW to a County approved permitted hazardous waste facility or MSW type I landfill.

	Estimated Quantity	$ Per Pound	Total	
	10,000	$5.95	$59,500.00	

2-7.14. E-Waste Removal – Work consists of the recovery and disposal of televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.

	Estimated Quantity	$ Per Unit	Total	
	250	$30.00	$7,500.00	

2-7.15. Abandoned Vehicle Removal – Work consists of the removal and transport of eligible abandoned vehicles.

Type of Vehicle	Estimated Quantity	$ Per Unit	Total	
Passenger Car	50	$200.00	$10,000.00	
Single Axle	25	$335.00	$8,375.00	

Double Axle	25	$595.00	$14,875.00	
2-7.15. Abandoned Vessel Removal – Works consists of the removal and transport of eligible abandoned vessels.				
Length of Vessel	**Estimated Quantity**	**$ Per Unit**	**Total**	
Vessels less than 20 linear feet	75	$2,100.00	$157,500.00	
Vessels 21 linear feet or greater	50	$3,900.00	$195,000.00	
2-7.16. Dead Animal Carcasses – Work consists of the recovery and disposal of dead animal carcasses.				
	Estimated Quantity	**$ Per Pound**	**Total**	
	10,000	$1.95	$19,500.00	
GRAND TOTAL OF SCHEDULE 2		$7,427,636.00

ST. LUCIE COUNTY BOARD OF COUNTY COMMISSIONERS

LEGAL NOTICE

REQUEST FOR PROPOSAL (RFP)

RFP No. 21-037
Emergency Debris Removal

Sealed Proposals from qualified firms or individuals to provide emergency debris removal services as listed in Request for Proposal No. 21-037 will be received at the St. Lucie County Purchasing Department, 2300 Virginia Avenue, Room 228, Fort Pierce, Florida 34982, **until 3:00 p.m. Local Time, on Wednesday, April 14, 2021,** at which time this RFP will be publicly declared closed.

Proposal documents may be obtained via download from www.DemandStar.com or by contacting the Office of the Purchasing Department at 2300 Virginia Avenue, Room 228, Fort Pierce, Florida, 34982, (772) 462-1700.

Proposers may not withdraw their proposals for a period of 90 calendar days after the day set for the opening of Proposals.

St. Lucie County reserves the right to waive informalities, to reject any and all RFP submittals, and to accept any RFP submittals or any combination of RFP submittals, which in its sole judgment will best serve the public interest.

CAUTION: It is the bidder's/proposer's responsibility to ensure that bids/proposals are received in the Purchasing Department prior to the date and time specified above. Receipt of a bid/proposal in any other County office does not satisfy this requirement.

St. Lucie County is an Equal Opportunity/Affirmative Action Employer.

Publish Date: Sunday, March 7, 2021

PART I: GENERAL INFORMATION

1-1 DEFINITIONS

For the purposes of this Request for Proposals ("RFP"), Proposer shall mean contractors, consultants, respondents, organizations, firms, or other persons submitting a response to this Request for Proposals.

1-2 INVITATION TO PROPOSE; PURPOSE

The Board of County Commissioners, St. Lucie County, Florida (the "Board") solicits proposals from responsible Proposers to provide emergency debris removal services.

1-3 ISSUING OFFICE AND LOCATION OF PROPOSAL OPENING

St. Lucie County Purchasing Department
Administration Annex, Room 228
2300 Virginia Avenue
Fort Pierce, Florida 34982

1-4 CONTRACT AWARDS

The Board anticipates entering into a contract with the Proposer who submits the proposal judged by the Board to be most advantageous. The Board reserves the right to award a contract to other than the lowest price offeror. The Board reserves the right to award more than one contract if in its best interest.

The Proposer understands that this RFP does not constitute an agreement or a contract with the Proposer. An official contract or agreement is not binding until proposals are reviewed and accepted by the Board and both the Board and the successful Proposer approve a written agreement or contract.

The Board reserves the right to reject all proposals, to waive any informalities, and to solicit and re-advertise for other proposals.

1-5 DEVELOPMENT COSTS

Neither the Board nor its representatives shall be liable for any expenses incurred in connection with preparation of a response to this RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the Proposer's ability to meet the requirements of the RFP.

1-6 INQUIRIES

The County will not respond to oral inquiries. Proposers may submit written inquiries for interpretation of this RFP to:

Desiree Cimino – Purchasing Manager
St. Lucie County Purchasing Department
Administration Annex, Room 228
2300 Virginia Avenue
Fort Pierce, Florida, 34982.
Fax Number: 772-462-1704
E-mail: ciminod@stlucieco.org

The County will respond to written inquiries as noted below.

The County will record its responses to inquiries and any supplemental instructions in the form of a written addendum. It will be the Proposers responsibility to make sure all addendums are received.

1-7 TIMETABLES

The Board and the Proposers shall adhere to the following schedule in all actions concerning this RFP.

A. On March 7, 2021, the Board issues the RFP.

B. From March 7, 2021 to April 7, 2021, the County will receive and answer inquiries received by e-mail at ciminod@stlucieco.org.

C. The County must receive the proposals by 3:00 PM on April 14, 2021.

D. From opening time, County staff will review and evaluate the proposals on a timely basis.

E. The Board may enter into a contract after conducting negotiations and obtaining appropriate approvals. The County will notify unsuccessful Proposers at this time.

1-8 DELAYS

The County may delay scheduled due dates if it is to the advantage of the County. The County will notify Proposers of all changes in scheduled due dates by written addenda.

1-9 PROPOSAL SUBMISSION AND WITHDRAWAL

The County will receive proposals at the following address:

St. Lucie County Purchasing Department
Administration Annex, Room 228
2300 Virginia Avenue
Fort Pierce, Florida 34982

To facilitate processing, please mark the outside of the envelope as follows:

"RFP No. 21-037 Emergency Debris Removal"

The envelope shall also include the Proposer's return address.

Proposers shall submit one unbound original (hardcopy), one electronic copy on flash drive and six bound hard copies of the proposal in a sealed, envelope, box, or container marked as noted above. The Proposer may submit the proposal in person or by mail.

The County must receive all proposals by 3:00 PM on April 14, 2021.

Due to the irregularity of mail service, the County cautions Proposers to assure actual delivery of proposals to the County prior to the deadline set for receiving proposals. Telephone confirmation of timely receipt of the proposal may be made by calling (772) 462-1700 before proposal opening time. Proposals received after the established deadline will be returned unopened to the Proposer.

Proposers may withdraw their proposals by notifying the County in writing at any time prior to the opening. Proposers may withdraw their proposals in person or through an authorized representative. Proposers and authorized representatives must disclose their identity and provide a signed receipt for the proposal. Proposals, once opened, become the property of the County and will not be returned to the Proposers. Upon opening, proposals become "public records" and shall be subject to public disclosure in accordance with Chapter 119, Florida Statutes.

1-10 IRREGULARITIES; REJECTION OF PROPOSALS

Proposals not meeting stated minimum terms and qualifications may be rejected by the County as non-responsive or irregular. However, the County reserves the right to waive any irregularities, technicalities or informalities in any proposal. The County reserves the right to reject the Proposal of any Proposer in arrears or in default upon any debt or contract to the Board of County Commissioners of St. Lucie County or who have failed to perform faithfully any previous contract with the County or with other governmental jurisdictions.

1-11 ADDENDA

If revisions become necessary, the County will post written addenda on www.DemandStar.com at least five days prior to the opening date to all Proposers who receive the RFP.

1-12 EQUAL OPPORTUNITY

The County recognizes fair and open competition as a basic tenet of public procurement and encourages participation by small and minority businesses, women's business enterprises, and labor area surplus firms (as listed by the U.S. Department of Labor at https://www.doleta.gov/programs/lsa.cfm). The County requests these businesses to submit evidence of such classification with their proposals.

1-13 ORAL PRESENTATION

At its discretion, the County may require any Proposer to make an oral presentation of the proposal. These presentations provide an opportunity for the Proposer to clarify the proposal for the County. The County will schedule any such presentations.

1-14 INSURANCE

The Proposer, if awarded a contract, shall maintain insurance coverage reflecting the minimum amounts and conditions required by the County.

1-15 LOBBYIST DISCLOSURE REQUIREMENT

Pursuant to Article IV of Chapter 1-2 of the Code of Ordinances of St. Lucie County, Florida, any professional consultant who utilizes the services of a lobbyist as defined in Section 1-2-62 is required to make full disclosure with the Clerk of the Board prior or concurrently with the submission of a proposal to the Board for the performance of any services for the Board. Such disclosure shall include the following:

A. The name of any lobbyist employed directly or indirectly by the consultant for the purpose of influencing or attempting to influence the selection of the professional consultant by the Board.

B. The name and address of the lobbyist.

C. The length of such agreement, contract or understanding and the amount of any fee, gratuity, compensation or consideration paid or promised to be paid to the lobbyist either before or after hiring whether or not same is set out as compensation for the lobbying or is for other services. The disclosure shall be filed with the Clerk on forms provided by the Board and such records shall be open to the public.

Further, contractors that apply or bid for an award of $100,000 or more that may be funded in whole or in part with Federal funds must also submit the anti-lobbying certification attached hereto as Form #8.

1-16 FEASIBILITY STUDIES

The County has established a policy that any professional consultant that contracts with the County as an advisor as to the feasibility of any County capital project, shall not be eligible to participate in any future design work on that project that might become necessary as a result of the consultant's advice. The Board of County Commissioners (the "Board") may determine to waive this policy by majority vote if the Board determines that there is a compelling reason to waive the policy.

1-17 FUNDING

The County intends to seek reimbursement for the costs of the contract from the Federal Emergency Management Agency (FEMA). Accordingly, the contractor will be required to comply will all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.

PART II: SCOPE OF WORK

2-1 INTRODUCTION

St. Lucie County Board of County Commissioners is seeking proposals from qualified firms to provide professional services for the collection and disposal of disaster debris collection activities for the County. The Contractor is expected to be extremely knowledgeable in Federal Emergency Management Agency (FEMA) and Federal Highway Administration (FHWA) regulations, guidelines and operating policies. The Contractor will advise and support the County during a disaster recovery effort and will be responsible for the overall collection and disposal of debris. This will include services to remove, process and lawfully dispose of disaster generated debris (other than hazardous materials and household putrescible garbage) from public property and public right of way in St. Lucie County in response to an emergency event such as, but not limited to, hurricane, tornadoes, flooding, fires or other natural or manmade disaster(s). The Contractor shall coordinate with the County's current disaster debris monitor consultant(s) and the County to insure a compliant, well-managed and organized approach to debris collection and disposal.

The purpose of this Request for Proposal (RFP) is to put in place an indefinite delivery/quantity agreement for the collection and disposal management and support services based upon the specifications detailed herein. Work authorizations will be issued against the Agreement, as necessary to complete work.

2-2 ST. LUCIE COUNTY BACKGROUND

St. Lucie County is located on the Atlantic Coast of Florida between Martin County to the south and Indian River County to the north. St. Lucie County covers a total area of 688.10 square miles of which 575.5 square miles is land and 115.6 square miles is water area. The county encompasses the incorporated cities of Port St. Lucie and St. Lucie Village and the City of Ft. Pierce (county seat).

The entire county had a large growth rate over the last 50 years, growing from a population of 50,836 in 1970 to 344,041 in 2020. The population of the unincorporated areas of the County is 71,620.

2-3 PROJECT INTENT

The Scope of Work is an integrated part of the Contract Documents and as such will not stand alone if used independently. The intent of these documents is to set forth requirements of performance. It is also intended to include all labor and materials, equipment, tools and transportation necessary for the proper execution of the Work, to require new material and equipment unless otherwise indicated, and to require complete performance of the Work in spite of omission of specific reference to any minor component part and to include all items necessary for the proper execution and completion of the Work by the Contractor.

Performance by the Contractor shall be required only to the extent consistent with these documents and reasonably inferable from them as being necessary to produce the intended results.

The Scope of Work is to be used as a general guide and is not intended to be a complete list of all work necessary to complete the project. The successful Contractor shall have broad experience in the areas of providing the collection and disposal of disaster debris, and any additional or required tasks, as deemed necessary to complete the project successfully.

The scope of work performed by the Contractor shall adhere and be followed in accordance with the guidelines set forth within the most current version of FEMA's Public Assistance Program and Policy Guide, FP-104-009-2 (the "PAPPG") (as of this writing the current version is version 4.0, published June 1, 2020). The PAPPG supersedes FEMA 321 / Public Assistance Policy Digest, FEMA 322 / Public Assistance Guide, and FEMA 325 / Public Assistance Debris Management Guide, although Contractor may still consult these resources for general guidance. The collection, removal, and disposal of debris work requires that workers are performing eligible work in accordance with any public assistance guidelines including but not limited to Federal, State and Local regulations.

The purpose of this solicitation is to establish one or more contracts to provide services to remove, process, and lawfully dispose of disaster generated debris (other than hazardous materials and household putrescible garbage) from public property and public right of way in St. Lucie County, Florida in response to an emergency event such as, but not limited to, hurricane(s), tornadoes, flooding, fire or other natural or manmade disaster(s). The County is seeking proposals from highly qualified Vendor(s) with experience in the specialized management of disaster response labor for the removal of debris along with the preparation, response, recovery and mitigation phases of any emergency or disaster. Vendors must have the capability and ability to rapidly respond to wide scale debris volumes typically produced in hurricanes, tornadoes and other disaster types as well as small scale debris volumes.

The Vendor must handle debris management activities in St. Lucie County in accordance with applicable regulations of the Federal Emergency Management Agency (FEMA), Federal Highway Administration (FHWA), Florida Department of Transportation (FDOT), Florida Department of Health (FDH), Natural Resources Conservation Services (NRCS), and the Florida Department of Environmental Protection (FDEP) in conjunction with the County's needs. The Vendor shall have an excellent understanding of the documentation involved for the reimbursement from FEMA, FHWA, or Other Federal Agencies, and the State relief programs to make the process of cost recovery efficient and accurate. The processes and documentation required will be in strict compliance with FEMA, FHWA, or Other Federal Agencies, and other State relief programs regulations regarding eligibility.

Contracts must meet rules for Federal grants, as provided for in Title 2 Code of Federal Regulations (CFR) Part 200, (§ 200.317-200.327, Procurement Standards) in order to be eligible for reimbursement under the Public Assistance Program.

NOTE: This solicitation is not a request for Emergency Debris Monitoring Services. The County currently has separate contracts to provide that service. This RFP is specifically for Emergency Debris Removal Services. Vendors shall not include proposals that include Debris Monitoring Services. One or more Vendor(s) may be selected to provide differing elements or levels of scope of work in accordance with the capabilities and extent of involvement each respondent proposes. Contracts issued resulting from this RFP shall only be activated in the event of a declared emergency. There is no guarantee any contract resulting from this RFP will be activated or any work will be performed.

Scope of services under this contract includes, but is not limited to:

2-4 DELIVERY AND COMPLETION OF WORK FROM THE DATE OF THE NOTICE TO PROCEED

The County will issue the official Notice to Proceed for the services referenced in this RFP and resulting contract. The Notice to Proceed shall be sent via facsimile, mail, or email. Under no circumstances shall the County be liable for any services rendered unless the written Notice to Proceed has been sent and received by the Vendor(s). The Vendor(s) must acknowledge receipt of the written Notice to Proceed. Time for completion may be considered a factor in determining the vendor to whom a Notice to Proceed will be made.

Upon Notice to Proceed and mobilization, the Vendor shall provide the County with a reasonable time frame in which the work will be completed. The County will use the Vendor's estimate to develop a period of performance for work to be completed. This period of performance may be adjusted at the County's discretion. All work shall be performed in accordance with good commercial practice. The work schedule and completion dates shall be adhered to by the vendor(s), except in such cases where the completion date will be delayed due to acts of God, strikes, or other causes beyond the control of the vendor. In these cases, the vendor shall notify the County of the delays in advance of the original completion date so that a revised delivery schedule can be appropriately considered by the County.

Should the vendor(s) to whom the contract(s) is awarded fail to complete the work within the number of days as stated in its offer, it is hereby agreed and understood that the County reserves the authority to cancel the contract with the vendor and to secure the services of another vendor to complete the work. If the County exercises this authority, the County shall be responsible for reimbursing the vendor for work which was completed and found acceptable to the County in accordance with the contract specifications. The County may, at its option, demand payment from the vendor, through an invoice or credit memo, for any additional costs over and beyond the original contract price which were incurred by the County as a result of having to secure the services of another vendor. If the incumbent vendor fails to honor this invoice or credit memo, the County may terminate the contract for default.

2-5 PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which the County has an interest shall be protected against damage or interrupted services at all times by the vendor during the term of the contract; and the vendor shall be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of the vendor's operation on the property. In the event the vendor fails to comply with these requirements, the County reserves the right to secure the required services and charge the costs of such services back to the vendor.

2-6 TERMS AND DEFINITIONS

Definitions are provided for those terms listed below.

a. **Authorized Representative** – County employees and/or contracted individuals designated by the County or County Debris Manager to take actions as described in this RFP and the resulting Contract.

b. **Chipping or Mulching** – see Grinding.

c. **Cleanup Crew** – A group of individuals and/or an individual employed by the Debris Removal Vendor to collect disaster debris.

d. **Construction and Demolition Debris (C&D)** – FEMA's PAPPG defines eligible construction and demolition (C&D) debris as components of buildings and structures, such as lumber and wood, gypsum wallboard, glass, metal, roofing material, tile, carpeting and other floor coverings, window coverings, pipe, concrete, asphalt, equipment, furnishings, and fixtures. (Note: This definition of C&D is for disaster recovery purposes and is not the same definition commonly used in other solid waste documents, such as FDEP Chapter 62-701.) Current eligibility criteria include:

e. **County** – St. Lucie County, Florida

f. **County Approved Final Disposal Site** – a final disposal location approved in writing by the County.

g. **County Debris Manager** – The County will designate a County Debris Manager, who will lead the debris removal process and provide general oversight for all phases of debris removal operations within the County.

h. **Debris** – Items and materials broken, destroyed or displaced by a natural or man-made federally declared disaster. Examples of debris include, but are not limited to: vegetative debris, construction and demolition debris, and personal property.

i. **Debris Clearance** – Clearing roads by pushing debris to the roadside in order to accommodate emergency traffic.

j. **Debris Management Site (DMS)** – A location to temporarily store, reduce, segregate and/or process debris before it is hauled to a final disposal site. May also be referred to as a Temporary Debris Storage and Reduction Site (TDSR Site) or Temporary Debris Staging and Processing Facility (TDSPF).

k. **Debris Monitoring** – Actions taken by the County in order to document eligible quantities and reasonable expenses during debris activities to ensure that the work complies with the contract scope-of-work and/or is eligible for Federal or State grant reimbursement.

l. **Debris Removal** – Picking up debris and taking it to a debris management site, composting facility, recycling facility, permanent landfill, or other reuse or end-use facility.

m. **Demobilization** – Following the completion of services provided under the resulting contract, the Vendor will remove all equipment, supplies and other associated materials involved in the services provided to the County. The Vendor will leave all sites utilized clean and restored to the original state as approved by the County and verified through soil and groundwater samples.

n. **Demolition** – The act or process of reducing a structure, as defined by the State of Florida or local code, to a collapsed state. It contrasts with deconstruction, which is the taking down of a building while carefully preserving valuable elements for reuse.

o. **Designated Area** – Generally bounded by the County line and includes public property and rights-of-way within the unincorporated areas of the County that was directly affected by a debris-generating event.

p. **Disaster Specific Guidance** – Disaster Specific Guidance (DSG) is a policy statement issued in response to a specific post-event situation or need in a state or region. Each DSG is issued a number and is generally referred to, along with their numerical identification.

q. **Eligible** – Eligible means qualifying for and meeting the most current stipulated requirements (at the time written Notice to Proceed is issued and executed by the County to the Vendor) of

the Public Assistance grant program and FEMA's PAPPG and all current FEMA fact sheets, guidance documents, and disaster-specific documents. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by the Federal Emergency Management Agency during the course of a debris removal project. Generally, eligible work is:

- Required as a result of the declared incident;
- Located within the designated area; and
- The legal responsibility of the County.

r. **Emergency Debris Clearance** - The initial debris clearance activity necessary to eliminate life and safety threats (i.e., clearing roads).

s. **Emergency Relief Program** – Provides for the funding of emergency roadway clearing and first pass disaster debris removal on federal aid highways.

t. **E-Waste** – End of life electronics, typically televisions, computers and related components.

u. **FEMA Public Assistance Program and Policy Guide (PAPPG)** – FEMA's comprehensive guidance regarding the policy and program administration of the Public Assistance Program, including eligibility requirements and rules related to disaster debris removal.

v. **FEMA Publication 325 Debris Management Guide** – This publication has been superseded by the PAPPG, but may still be referred to as a reference. It is specifically dedicated to the rules, regulations and policies associated with the debris cleanup process. Familiarity with this publication and any revisions, can aid a local government to limit the amount of non-reimbursable expenses.

w. **Field Inspector** – See Monitor.

x. **Garbage** – Waste that is regularly collected through the County's normal waste collection methods. Includes all putrescible or non-putrescible wastes such as but not limited to, plastics, paper, cardboard, kitchen and table food waste, and animal, vegetative, food or any organic waste that is a result or residential or commercial activities.

y. **Grinding** – Reduction of disaster-related vegetative debris through mechanical means into small pieces to be used as mulch or fuel. Grinding may also be referred to as chipping or mulching.

z. **Hangers** – A hanger is a broken limb or branch. The current eligibility requirements for removal of a hanger according to FEMA's PAPPG are:

- The limbs or branches must be greater than two inches in diameter, measured at the point of break; and

- The limbs or branches must post an immediate threat, e.g., hanging over improved property or public-use areas, such as trails, sidewalks, or playgrounds.

FEMA does not fund removal of broken limbs or branches located on private property unless:

- The limbs or branches extend over the public ROW;
- The limbs or branches pose an immediate threat; and
- The hazard is removed from the public ROW (without entering private property).

Only the minimum cut necessary to remove the hazard is eligible. For example, cutting a branch at the trunk is not eligible if the threat can be eliminated by cutting it at the closest main branch junction.

aa. **Hazardous Stump** – a tree stump that has 50% of the root-ball exposed. Removal of the stump and filling the root-ball hole is eligible. If grinding the stump in-place is less costly than extraction, grinding the stump in-place is eligible.

FEMA only reimburses contracted stump removal on a per-stump basis if:

- The stump is 2 feet or larger in diameter measured 2 feet above the ground; and
- Extraction is required as part of the removal.

The price for stump removal must include extraction, transport, disposal, and filling the root-ball hole.

bb. **Hazardous Tree** – FEMA considers incident-damaged trees to be hazardous and eligible if the tree has a diameter of 6 inches or greater measured 4.5 feet above ground level, and the tree:

- Has a split trunk;
- Has a broken canopy; or
- Is leaning at an angle greater than 30 degrees.

For trees that have 50 percent or more of the root-ball exposed, removal of the tree and root-ball and filling the root-ball hole are eligible. For contracted removal of a tree with a root-ball, FEMA will not reimburse two separate unit costs to remove the tree and its root-ball. For trees that have less than 50 percent of the root-ball exposed, FEMA only provides PA funding to flush cut the item at ground level and dispose of the cut portion based on volume or weight. Grinding any residual stump after cutting the tree is not eligible.

cc. **Hazardous Waste** – Waste with properties that make it potentially harmful to human health or the environment. Hazardous waste is regulated under the Resource Conservation and

Recovery Act (RCRA). In regulatory terms, a RCRA hazardous waste is a waste that appears on one of the four hazardous wastes lists or exhibits at least one of the following four characteristics: ignitability, corrosively, reactivity or toxicity.

dd. **Hold Harmless** – Generally, a contractual arrangement whereby one party agrees to hold the other party without responsibility for damage or other liability incurred as a result of a particular action or transaction.

ee. **Household Hazardous Waste (HHW)** –a hazardous product or material used and disposed of by residential consumers, rather than commercial or industrial consumers. HHW includes some paints, stains, varnishes, solvents, pesticides, and other products or materials containing volatile chemicals that catch fire, react, or explode under certain circumstances, or that are corrosive or toxic. HHW mixed with other debris types will contaminate the entire load, which necessitates special disposal methods. The overall cost of debris disposal can escalate quickly if HHW collection and disposal is not planned and executed with care.

The collection of commercial disaster related hazardous waste is generally not eligible for reimbursement. Commercial hazardous waste will only be collected in the County with written authorization by the County Debris Manager. The disposal of all hazardous waste must be in accordance with all rules and regulations of local, state and federal regulatory agencies.

ff. **Monitor** – Person that observes day-to-day operations of debris removal crews to ensure they are performing eligible work, meeting the County's expectations and contractual requirements and are in compliance with all applicable Federal, State and local regulations. May also be referred to as a "Field Inspector"

gg. **Recycling** – The recovery or use of wastes as a raw material for making products of the same or different nature as the original product.

hh. **Refrigerant** – Ozone depleting compound that must be removed from white goods or other refrigerant containing items prior to recycling or disposal.

ii. **Right of Entry** – As used by FEMA, the document by which a property owner confers to an eligible applicant or its Vendor or the United States Army Corps of Engineers the right to enter onto private property for a specific purpose without committing trespass.

jj. **Right-of-Way** – The portions of land over which facilities such as highways, railroads or power lines are built. It includes land on both sides of the facility up to the private property line.

kk. **Scale/Weigh Station** – A scale used to weigh trucks as they enter and leave a landfill. The difference in weight determines the tonnage dumped and a tipping fee is charged accordingly. It also may be used to determine the quantity of debris picked up and hauled.

ll. **Temporary Debris Staging and Processing Facility (TDSPF)** – Site for the staging and processing of collected debris prior to final disposal. May also be referred to as a Debris Management Site (DMS).

mm. **Temporary Debris Storage and Reduction Site (TDSR)** – Site designated by the County for the storage and reduction of disaster related debris.

nn. **Tipping Fee** – A fee charged by landfills or other waste management facilities based on the weight or volume of debris dumped.

oo. **United States Army Corps of Engineers (USACE)** – A component of the United States Army responsible for constructing and maintaining military installations and other government-owned and controlled facilities. The USACE may be used by FEMA when direct Federal assistance, issued through a mission assignment, is needed.

pp. **Vegetative Debris** – Vegetative debris includes whole trees, stumps, trunks, branches, limbs, and other leafy material. Eligible vegetative debris may include tree limbs, branches, stumps, or trees that are still in place, but damaged to the extent they pose an immediate threat. These items are not eligible if the hazard existed prior to the incident, or if the item is in a natural area and does not extend over improved property or public-use areas, such as trails, sidewalks, or playgrounds. Vegetative debris will largely consist of mounds of tree limbs and branches piled along the public ROW by residents and volunteers.

qq. **Vendor** – the term "Vendor" as used herein, refers to the vendor(s) selected to conduct debris removal operations per the terms of the contract. The term includes primary vendor(s), subcontractors, and individual crews.

rr. **White Goods** – White goods are defined as discarded household appliances such as refrigerators, freezers, air conditioners, heat pumps, ovens, ranges, washing machines, dryers, and water heaters. Many white goods contain ozone depleting refrigerants, mercury, or compressor oils. The Clean Air Act prohibits the release of refrigerants into the atmosphere and requires that certified technicians extract refrigerants from white goods before disposal or recycling. To avoid releases of refrigerants or oils, the collection of white goods should be accomplished carefully by manually placing the appliance on trucks or by using lifting equipment that will not damage the elements that contain the refrigerants or oils. The County will identify certified recycling centers that are permitted to take white goods.

2-6.1 ACRONYMS

ACM - Asbestos Containing Material
C&D - Construction and Demolition
CFR - Code of Federal Regulations
DMS - Debris Management Site
EO - Executive Order
EPA - Environmental Protection Agency
FDEP - Florida Department of Environmental Protection
FDOT - Florida Department of Transportation
FEMA - Federal Emergency Management Agency
FHWA - Federal Highway Administration

GPS - Global Positioning System
HHW - Household Hazardous Waste
OSHA - Occupational Safety and Health Administration
PA - Public Assistance
PPDR - Private Property Debris Removal
PPE - Personal Protective Equipment
PW - Project Worksheet
RACM - Regulated Asbestos Containing Material
RCRA - Resource Conservation and Recovery Act
ROE - Right-of-Entry
ROW - Right-of-Way
RRC - Rapid Response Crew
SWMF - Solid Waste Management Facility
TDSPF - Temporary Debris Staging and Processing Facility
TDSR - Site Temporary Debris Storage and Reduction Site
USACE - United States Army Corps of Engineers
VOCs - Volatile Organic Compounds

2-7 SCOPE OF SERVICES

The selected Vendor shall be capable of assembling, directing, and having the capacity to manage a major workforce, with multiple subcontractors, that can be fully operational in debris management operations and to cover the expenses of a major recovery prior to being paid by the County. Established management teams must be in place. The Vendor(s) shall have the resources to provide the equipment and personnel necessary to cover a major disaster. The Vendor(s) shall be able to assemble trucks, equipment, materials, and crews immediately following a disaster, giving the County priority status.

At a minimum of 48 hours prior to a hurricane event or immediately upon the occurrence of a debris-generating incident within the County for which there is no advance warning, a designated County employee will contact the Vendor(s) to advise them of the County's intent to activate the contract for removal and disposal of disaster debris. Before work begins, the County must issue a written Notice to Proceed. Within 8 hours of receiving the Notice to Proceed, the Vendor(s) will send a management team to report to the County Debris Manager to begin planning for the operations and mobilizing the personnel and equipment as necessary to perform the work. Mobilization by the Vendor(s) shall begin within 24 hours of notification by the County. Within 72 hours of receipt of the Notice to Proceed, the Vendor shall be fully established and continue debris removal operations. The Vendor(s) shall make every effort to be at the disaster site within the stated time frame. The removal and disposal work must be conducted in a systematic and predictable manner.

Under the awarded contract, work shall consist of coordinating and mobilizing an appropriate number of cleanup crews, as determined by the County's Debris Manager. Work shall also include the clearing and removing of any and all "eligible" debris as most currently defined (at the time

Notice to Proceed is issued and executed by the County for the Vendor) by the FEMA Public Assistance grant program guidelines in FEMA's PAPPG, all applicable state and federal Disaster Specific Guidance (DSG) documents, FEMA fact sheets and policies, and as directed by the County Debris Manager. Eligible also includes meeting any changes in definition, rules or requirements regarding debris removal reimbursement as stipulated by FEMA during the course of a debris removal project. The aforementioned definition of "eligible" applies to all uses throughout Scope of Services items 2-7.1 through 2-7.16. Work will include: (1) examining debris to determine whether or not debris is eligible; (2) loading the debris; (3) hauling debris to County approved DMS(s) or County approved Final Disposal Site(s); (4) reducing disaster related debris; (5) hauling reduced debris to a County approved Final Disposal Site; and (6) disposing of reduced debris at a County approved Final Disposal Site. Debris not defined as eligible by FEMA, state or federal DSGs or policies will not be loaded, hauled, or dumped under this contract unless written instructions to do so are given to the Vendor by the County Debris Manager. It shall be the Vendor's responsibility to load, transport, reduce, and properly dispose of any and all disaster generated debris which is the result of the event under which the Vendor was issued Notice to Proceed, unless otherwise directed by the County Debris Manager in writing.

2-7.1 EMERGENCY ROAD CLEARANCE

At the request of the County for this contract, work shall consist of all labor, equipment, fuel and associated costs necessary to clear and remove debris from County roadways, to make them passable immediately following a declared disaster event. All roadways designated by the County Debris Manager shall be clear and passable within 70 working hours of the issuance of Notice to Proceed from the County to conduct emergency roadway clearance work. The County may choose to extend the Vendor's 70-hour limit through a written request. This may include roadways under the jurisdiction of other governmental agencies under the legal responsibility of the County. Clearance of these roadways will be performed as identified by the County Debris Manager. The Vendor shall assist the County and its representatives in ensuring proper documentation of emergency road clearance activities by documenting the type of equipment and/or labor utilized (i.e., certification), starting and ending times, and zones/areas worked. Services performed under this Contract element will be compensated using Schedule 1 – Hourly Labor and Equipment Price Schedule.

2-7.2 ROW VEGETATIVE DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible disaster-related vegetative debris existing on the County ROW to a County approved DMS or a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible vegetative debris that is piled in immediate close

proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Removal of eligible vegetative debris existing in the County will be performed as identified by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved DMS or a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. All eligible debris will be removed from each location before proceeding to the next location unless directed otherwise by the County or its authorized representative.

e. Entry onto private property for the removal of eligible vegetative hazards will only be permitted when directed by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures.

f. The Vendor must provide traffic control as conditions require or as directed by the County Debris Manager.

2-7.3 ROW C&D DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to pick up and transport eligible Construction and Demolition (C&D) debris existing on the County ROW to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. For the purposes of this contract, eligible C&D debris that is piled in immediate close proximity to the street, and is accessible from the street with loading equipment (i.e., not behind a fence or other physical obstacle) will be removed.

b. Removal of eligible C&D debris existing in the County ROW will be performed as identified by the County Debris Manager.

c. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

d. All eligible debris will be removed from each location before proceeding to the next location unless directed otherwise by the County or its authorized representative.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed by the County or its authorized representative. The County will provide specific ROE legal and operational procedures.

g. The Vendor must provide traffic control as conditions require or directed by the County Debris Manager.

h. C&D debris must be monitored for the collection, complete haul, and delivery at the approved final disposal site. The County's authorized representative will obtain the original copy of the disposal or scale ticket showing the inbound and outbound collection vehicle weights.

2-7.4 DEMOLITION, REMOVAL, TRANSPORT, AND DISPOSAL OF NON-RACM STRUCTURES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Non-Regulated Asbestos Containing Material (Non-RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of Non-RACM structures, as well as eligible scattered C&D debris on private property, will be transported to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all Household Hazardous Waste (HHW), E-Waste, White Goods, and Waste Tires from a Non-RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Any structurally unsound and unsafe structures will be identified and presented to the County for direction regarding decommissioning.

c. Removal and transportation of eligible Non-RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

d. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific Right-of-Entry (ROE) legal and operational procedures for private property

debris removal programs if requested.

f. The Vendor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the demolition, handling, and transportation of Non-RACM structures (such as obtaining demolition permits, etc.).

2-7.5 DEMOLITION, REMOVAL, TRANSPORT, AND DISPOSAL OF RACM STRUCTURES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs and other associated costs necessary to decommission, demolish and dispose of eligible Regulated Asbestos Containing Material (RACM) structures on private property within the jurisdictional limits of the County. Under this service, work will include Asbestos Containing Material (ACM) testing, decommissioning, structural demolition, debris removal and site remediation. Further, eligible debris generated from the demolition of structures, as well as eligible scattered C&D debris on private property, will be transported to a County approved Final Disposal Site in accordance with all federal, state and local rules and regulations.

a. Decommissioning consists of the removal and disposal of all HHW, E-Waste, White Goods, and Waste Tires from a RACM structure at a properly sanctioned facility in accordance with all applicable federal, state, and local rules and regulations.

b. Any structurally unsound and unsafe structures will be identified and presented to the County for direction regarding decommissioning.

c. Removal and transportation of eligible RACM demolished structures and eligible scattered C&D debris on private property will be performed as directed in writing by the County Debris Manager.

d. Once the debris removal vehicle has been issued a load ticket from the County's authorized representative, the debris removal vehicle will proceed immediately to a County approved Final Disposal Site that accepts RACM debris. The debris removal vehicle will not collect additional debris once a load ticket has been issued.

e. Entry onto private property for the removal of eligible C&D hazards will only be permitted when directed in writing by the County or its authorized representative. The County will provide specific ROE legal and operational procedures for private property debris removal programs if requested.

f. The Vendor is required to strictly adhere to any and all local, state, and federal regulatory requirements for the demolition, handling, and transportation of RACM structures (such as obtaining demolition permits, burrito wrapping of debris, etc.).

2-7.6 DMS MANAGEMENT, OPERATIONS, AND REDUCTION THROUGH GRINDING

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to manage and operate DMS(s) for the acceptance, management, segregation, staging, and reduction through grinding of eligible disaster related debris. Grinding must be approved by the County Debris Manager prior to commencement of reduction activities. The DMS(s) layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS(s) includes obtaining necessary local, state, and federal permits or approval and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies which may include, but are not limited, to the U.S. Environmental Protection Agency (EPA) and FDEP. The Vendor shall also be responsible for any and all costs associated with third-party groundwater and soil testing.

b. Vendor is responsible for operating the DMS(s) in accordance with Occupational Safety and Health Administration (OSHA), EPA and FDEP guidelines.

c. Debris at DMS(s) will be clearly segregated and managed independently by debris type (C&D, vegetative debris, white goods, and other scope of service items), program (ROW collection, private property debris removal, etc.) and applicant(s) (municipalities located within the County).

d. All un-reduced disaster debris must be staged separately from reduced debris at the DMS(s).

e. If the alternate tonnage price schedule of this RFP is used the Vendor shall obtain, install, and operate scales for weighing incoming debris. Scale/weigh stations shall be installed and certified within 5 business days of Notice to Proceed or written notice that the County intends on using the alternate tonnage schedule of this RFP. Vendor shall provide a sufficient number of scales meeting the County specifications to provide for the efficient delivery of waste streams without excessive wait times. The County shall make the sole determination of time determined to be excessive. To the extent that the County determines that additional scales are required, certified scales must be operational within 5 business days of the County's written request.

f. Maintaining the DMS approach and interior road(s) for all weather conditions for the entire period of debris hauling, including provision of crushed concrete for any roads that require stabilization for ingress and egress.

g. Vendor is responsible for all associated costs necessary to provide DMS(s) utilities such as, but not limited to, water, lighting, and portable toilets. Vendor is responsible for all associated costs necessary to provide DMS(s) traffic control such as, but not limited to, traffic cones and staff with traffic flags.

h. Vendor is responsible for all associated costs necessary to provide DMS(s) dust control and erosion control such as, but not limited to, an operational water truck, silt fencing and other best management practices.

i. Vendor is responsible for all associated costs necessary to provide DMS(s) fire protection such as, but not limited to, an operational water truck (sufficient and equipped for fire protection), fire breaks and a site foreman.

j. Vendor is responsible for all associated costs necessary to provide qualified personnel, as well as lined containers or containment areas, for the segregation of visible HHW/contaminants that may be mixed with disaster debris. The cost associated with qualified personnel and lined containers/containment areas for HHW/contaminant segregation, is a cost reflected in this scope of services. HHW/contaminant material segregated and stored in line containers at the DMS will be collected by the County's Hazardous Materials Removal and Disposal Vendor(s).

k. Vendor is responsible for providing 24 hour DMS(s) security.

l. Vendor will only permit Vendor vehicles and others specifically authorized by the County or its authorized representative on site(s).

m. Vendor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Vendor will at a minimum meet the specifications provided in the Technical Specifications of this RFP (See Section 2-8.16: Debris Site Tower Specifications).

Upon completion of haul-out activities, the Vendor will be responsible for remediating the physical features of the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, sod, and other physical features. Site remediation does not include restoring fencing, lighting, and other permanent structures that may have been demolished at the County's direction for DMS operations. All debris, mulch, and other residual material is to be removed adequately; fill dirt and/or other base material (if required) must meet standards for intended use; new sod or seeding must meet standards for intended use. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP.

2-7.7 DMS MANAGEMENT, OPERATIONS AND REDUCTION THROUGH ABOVE GROUND AIR CURTAIN INCINERATION

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to manage and operate DMS locations for the acceptance, management, segregation, staging, and reduction through above ground air curtain incinerator

(ACI) of eligible disaster-related debris. Above ground ACI reduction must be approved by the County Debris Manager, FDEP, and any other applicable regulatory agencies as required prior to commencement of reduction activities. DMS layout and ingress and egress plan must be approved by the County Debris Manager.

a. The management of DMS locations includes obtaining necessary local, state and federal permits or approval, and operating in accordance with all rules and regulations of local, state and federal regulatory agencies, which may include but are not limited to the EPA and FDEP. The Vendor shall also be responsible for all costs associated with third-party groundwater and soil testing.

b. The Vendor is responsible for operating the DMS locations in accordance with OSHA, EPA, and FDEP guidelines.

c. Debris at DMS locations will be clearly segregated and managed independently by debris type (C&D, vegetative, HHW, etc.); program (ROW collection, private property debris removal, etc.); and applicant(s) (municipalities located within the County). Incidental debris will be removed and disposed of at no additional cost and based on the applicable scope of service in this RFP.

d. All un-reduced storm debris must be staged separately from reduced debris at the DMS locations.

e. If the alternate tonnage price schedule of this RFP is used the Vendor shall obtain, install, and operate scales for weighing incoming debris. Scale/weigh stations shall be installed and certified within 5 business days of Notice to Proceed or written notice that the County intends on using the alternate tonnage schedule of this RFP. Vendor shall provide a sufficient number of scales meeting the County specifications to provide a sufficient number of scales meeting the County Specifications to provide for the efficient delivery of waste streams without excessive wait times. The County shall make the sole determination of time determined to be excessive. To the extent that the County determines that additional scales are required, certified scales must be operational within 5 business days of the County's written request.

f. Maintaining the DMS approach and interior road(s) for all weather conditions for the entire period of debris hauling, including provision of crushed concrete for any roads that require stabilization for ingress and egress.

g. The Vendor is responsible for all associated costs necessary to provide DMS locations utilities, which include but are not limited to, water, lighting, and portable toilets.

h. The Vendor is responsible for all associated costs necessary to provide DMS locations traffic control, which includes but is not limited to traffic cones and staff with traffic flags.

i. The Vendor is responsible for all associated costs necessary to provide DMS locations dust control and erosion control, which includes but is not limited to an operational water truck, silt fencing, and other best management practices.

j. The Vendor is responsible for all associated costs necessary to provide DMS locations fire protection, which include but is not limited to an operational water truck (sufficient and equipped for fire protection), fire breaks, and a site foreman.

k. Vendor is responsible for all associated costs necessary to provide qualified personnel, as well as lined containers or containment areas, for the segregation of visible HHW/contaminants that may be missed, mixed in, or picked up accidently with disaster debris. The cost associated with qualified personnel and lined containers/containment areas for HHW/containment segregation, is a cost reflected in this scope of services. HHW/containment material segregated and stored in lined containers at the DMS will be collected by the County's Hazardous Materials Removal and Disposal Vendor(s).

l. The Vendor is responsible for providing 24-hour security and fire tender for DMS locations.

m. The Vendor will only permit Vendor vehicles and others specifically authorized by the County or its authorized representative on site(s).

n. The Vendor shall provide a tower(s) from which the County or its authorized representative can make volumetric load calls. The tower(s) provided by the Vendor will at a minimum meet the specifications provided in the technical specifications of this RFP (see Section 2-8.16: Debris Site Tower Specifications).

A. Upon completion of haul-out activities, the Vendor will be responsible for remediating the physical features of the site to its original condition prior to site use. Site remediation will include, but is not limited to, returning the original site grade, seeding, sod, and other physical features. Site remediation does not include restoring fencing, concession stands, lighting, and other permanent structures that may have been demolished at the County's direction for DMS operations. All debris, mulch, and other residual material is to be removed adequately; fill dirt and/or other base material (if required) shall meet standards for intended use; new sod or seeding shall meet standards for intended use. Site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. Site remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP.

2-7.8 HAUL-OUT OF REDUCED DEBRIS TO A COUNTY APPROVED FINAL DISPOSAL SITE

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to load and transport reduced eligible material such as ash, compacted C&D, or mulch existing at a County approved DMS(s) to a County approved Final Disposal Site in accordance with all federal, state, and local rules and regulations.

a. The Vendor(s) shall provide the name and address of each disposal facility to be used along with the name and the telephone number of a responsible party for each facility, prior to commencing the work.

b. The Vendor(s) shall not use any disposal facility without the written consent of the County Debris Manager. All costs and fees associated with the disposal of debris shall be reviewed for reasonableness by the County Debris Manager prior to issuing any such authorization.

c. The Vendor shall provide a sufficient number of debris site towers and/or certified scales meeting County specifications to provide for the efficient delivery of waste streams without excessive waiting times. The County shall make the sole determination of excessive wait times. To the extent that the County determines that additional towers and/or scales are required, additional towers must be operational within 48 hours of the County's request and certified scales must be operational within 5 business days of the County's request.

d. At the completion of disposal operations, each disposal facility will issue a written summary of the quantity, type, and origin of waste delivered.

e. The Vendor shall not receive any payment from the County for haul-out or load tickets related to reduced or unreduced debris transported and disposed of at a non-County approved Final Disposal Site.

2-7.9 REMOVAL OF HAZARDOUS TREES AND HANGERS

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to remove all eligible Hazardous Trees 6 inches or greater in diameter, measured 4.5 feet above ground level and eligible Hangers inches or larger in diameter, measured at the point of break. Debris generated from the removal of these eligible Hazardous Trees and eligible Hangers will be placed in the safest possible location on the County ROW and subsequently removed in accordance with the terms, conditions and procedure described in "ROW Vegetative Debris Removal" (Scope of Services, 2-7.2). Eligible hazardous leaning trees less than 6 inches in diameter, measured 4.5 feet from the base of the tree, will be flush cut, loaded and removed in accordance with the terms, conditions, and compensation schedule for Scope of Services, 2-7.2. The County will not compensate the Vendor for cutting leaning trees less than 6 inches in diameter on a unit rate basis. The collection of all eligible hazardous leaning trees and eligible hazardous hanging limbs must be performed on the same day as the cut work. If there is insufficient room for safe placement along the County ROW, then Vendor must load the resulting debris of eligible hazardous leaning trees or eligible hazardous hanging limbs as they are removed.

a. Eligible Hazardous Trees will be identified by the County or its authorized representative for removal. Removal and placement of eligible Hazardous Trees 6 inches or greater in diameter existing on the County ROW or private property will be performed as identified by the County

Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of leaning trees will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hazardous Trees at 2-6(bb) for eligibility requirements.

b. Eligible hazardous Hangers will be identified by the County or its authorized representative for removal. Removal and placement of eligible hazardous hanging limbs 2 inches or greater in diameter measured at the point of break existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of limbs will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hangers at 2-6(z) for eligibility requirements.

2-7.10 REMOVAL OF HAZARDOUS STUMPS

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary to remove all eligible Hazardous Stumps greater than 2 feet in diameter, measured 2 feet from the base of the tree, existing on the County ROW. The Vendor shall be responsible for backfilling any voids left in the ground by removed stumps within 24 hours of stump removal. Any voids not backfilled immediately following Hazardous Stump removal must have measures taken in order to protect public health and safety. Further, debris generated from the removal of Hazardous Stumps existing on the County ROW will be transported to a County approved DMS or a County approved Final Disposal Site in accordance with all federal, state, and local rules and regulations. Eligible Hazardous Stumps 2 feet or less in diameter measured 2 feet from the base of the tree will be considered normal eligible vegetative debris and removed in accordance with Scope of Services, 2-7.2. The diameter of eligible Hazardous Stumps less than 2 feet will be converted into a cubic yardage volume based on the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table) and removed under the terms and conditions Scope of Services, 2-7.2.

a. Eligible Hazardous Stumps will be identified by the County or its authorized representative for removal. Removal and transportation of eligible Hazardous Stumps existing on the County ROW or private property will be performed as identified by the County Debris Manager. All disaster specific eligibility guidelines regarding size and diameter of hazardous stumps will be communicated to the Vendor, in writing, by the County Debris Manager. Refer to the definition of Hazardous Stump at 2-6(aa) for eligibility requirements.

b. Tree stumps that are not attached to the ground will be considered normal vegetative debris and are subject to removal under the terms and conditions of Scope of Services, Item 2-7.2. Stumps with less than fifty percent (50%) of the root ball exposed shall be flush cut to the ground. The stump portion of the tree will not be removed but the residual debris (i.e. tree trunk) will be removed under the terms and conditions of Scope of Services, Item 2-7.2. The

cubic yard volume of unattached stumps will be based off of the diameter conversion using the published FEMA stump conversion table (See Figure 1 – FEMA Stump Conversion Table).

c. Eligible Hazardous Stumps will be marked and uniquely numbered with green paint. Ineligible stumps will be marked with red paint.

d. The unit stump price shall be all inclusive to include but not limited to: stump extraction, stump cavity filling with compacted soils and installation of seed and/or sod, stump hauling, stump reduction, and disposal.

2-7.11 DOCUMENTATION REQUIREMENTS FOR HANGERS, HAZARDOUS TREES, AND HAZARDOUS STUMPS

The Vendor must provide all of the following documentation to support the eligibility of removing tree limbs, branches, stumps, or trees that are still in place:

a. Specifics of the immediate threat with the U.S. National Grid (USNG) location and photograph or video documentation that establishes the item is on public property;

b. Diameter of each item removed (measurement must be 2 feet up the trunk from the ground for stumps and 4.5 feet up for trees);

c. Quantity of material to fill root-ball holes; and

e. Equipment used to perform the work.

f. For Hazardous Stump, the Hazardous Stump Worksheet provided by the monitoring firm(s) will be completed in full for each stump, capturing the following information: (1) Names and signatures of parties present; (2) Physical location (street address, road cross streets, etc.); (3) stump number; (4) size of stump; (5) date.

2-7.12 ROW WHITE GOODS DEBRIS REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the collection of white goods from the ROW, removal of refrigerants, transportation to a County approved DMS, decontamination, and transportation to a County approved Solid Waste Management Facility (SWMF). White goods containing refrigerants must first have such refrigerants removed by the Vendor's qualified technicians prior to mechanical loading.

White goods can be collected without first having refrigerants removed if the white goods are manually placed into a hauling vehicle with lifting equipment so that the elements containing refrigerants or oils are not damaged.

White goods are banned from landfill disposal in the State of Florida, yet but are accepted for recycling.

a. The removal, transportation, and recycling of eligible white goods includes obtaining all necessary local, state, and federal handling permits and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies.

b. All white goods containing food items shall be decontaminated in accordance with local, state, and federal law prior to recycling.

c. The Vendor shall recycle all eligible white goods in accordance with all rules and regulations of local, State, and federal regulatory agencies.

d. Refrigerant containing items will have such refrigerants removed prior to mechanical loading or will be manually loaded and hauled to a St. Lucie County approved Solid Waste Management Facility and turned over to the facility to ensure that these gases are properly removed and stored. No white goods will be accepted that contain food or other waste.

2-7.13 HOUSEHOLD HAZARDOUS WASTE (HHW) REMOVAL, TRANSPORT, AND DISPOSAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and disposal of eligible HHW from the ROW to a permitted hazardous waste facility or municipal solid waste (MSW) type I landfill, as requested by the County.

The removal, transportation, and disposal of eligible HHW includes obtaining all necessary local, state, and federal handling permits, and operating in accordance with all rules and regulations of local, state, and federal regulatory agencies.

All HHW shall be managed as hazardous waste and disposed of at a permitted hazardous waste facility or MSW type I landfill.

2-7.14 E-WASTE REMOVAL

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this contract, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and proper disposal of eligible E-Waste from the ROW to a St. Lucie County approved SWMF. Eligible E-Waste includes, but is not limited to, televisions, computers, computer monitors, and microwaves in areas identified and approved

by the County. The Vendor shall recycle or dispose of all eligible E-Waste Items in accordance with all rules and regulations of local, state and federal regulatory agencies.

2-7.15 ABANDONED VEHICLE AND VESSEL REMOVAL

Services performed under this Contract element will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal and transport of eligible land based abandoned vehicles and vessels in areas identified and approved by the County. The removed eligible vehicles and vessels will be hauled to a County approved staging area and subsequently disposed of by the appropriate regulatory agency.

The removal, transportation and disposal of eligible abandoned vehicles and vessels includes obtaining all necessary local, state and federal handling permits, and operating in accordance with rules and regulations of local, state and federal regulatory agencies.

2-7.16 DEAD ANIMAL CARCASSES

Services performed under this Section will be compensated using Schedule 2 – Unit Rate Price Schedule.

Under this element, work shall consist of all labor, equipment, fuel, traffic control costs, and other associated costs necessary for the removal, transportation, and lawful disposal of dead animal carcasses from the ROW to a County approved Final Disposal Site. Vendor shall coordinate activities with the St. Lucie County Code Enforcement Services Division and the St. Lucie County Health Department.

2-7.17 OTHER DEBRIS REMOVAL WORK

Neither the Vendor nor any subcontractors hired by the Vendor shall solicit work from private citizens or others to be performed in the designated work areas during the term of this agreement. The County reserves the right to require the Vendor to dismiss or remove from the project any workers as the County sees necessary. Any debris removal vehicles dismissed from the project must have their issued placard removed and destroyed.

2-7.18 PRE-EVENT COORDINATION MEETING

The successful Vendor(s) may be required, if requested by the County, to attend an annual pre-hurricane season kickoff meeting with the County and its debris monitoring firm(s) at no cost to the County.

2-7.19 DESCRIPTION OF DESIGNATED AREAS

a. The designated area for debris removal (the County right-of-way) is bounded by the County line and includes public property and Right-of-Ways (ROW), County parks and County debris staging areas within the unincorporated areas of the County and may include private segments within the jurisdictional boundaries of the County. The County Debris Manager may also authorize the Vendor to perform debris removal on non-County maintained roadways or other areas, as directed in writing by the County Debris Manager. If the Vendor is authorized to perform services on non-County maintained roadways or other areas that may not be eligible for reimbursement said load tickets, unit rate tickets, or haul-out tickets must be clearly marked "non-eligible". If tasked with debris removal on Federal Highway Administration (FHWA) Emergency Relief (ER) Program eligible roadways, the Vendor will be required to provide crews separate from those providing County ROW debris removal services. The crews designated to provide debris removal from FHWA-ER eligible roadways will only make one pass to collect debris from FHWA-ER eligible roadways. Further, the Vendor shall abide by all eligibility requirements and guidance set forth by the most current guidance from FHWA for debris removal on FHWA-ER Program eligible roadways. Effective October 1, 2012 FHWA-ER will no longer be responsible for debris removal from FHWA-ER road segments that are eligible under the FEMA Public Assistance Program.

b. The County Debris Manager will authorize and approve which services the Vendor shall provide from the scope of services and which zones/areas must be prioritized.

c. All debris identified by the County Debris Manager shall be removed. The number of complete passes the Vendor shall conduct through the County is at the discretion of the County Debris Manager. Partial removal of debris piles is strictly prohibited. The Vendor shall not move from one designated work area to another designated work area without prior approval from the County or its authorized representative. Any eligible debris, such as fallen trees, which extends onto the ROW from private property, shall be cut at the point where it enters the ROW, and that part of the debris which lies within the ROW shall be removed. The Vendor shall not enter onto private property during the performance of this contract unless specifically authorized by the County Debris Manager in writing.

d. For first pass loose leaves and small debris in excess of two bushel baskets shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than twelve (12) inches in any dimension shall be left at the point of collection.

e. For subsequent and/or final pass loose leaves and small debris in excess of one-bushel basket shall be removed within the designated area. No debris shall be left on the road surface. No single piece of debris larger than six (6) inches in any dimension shall be left at the point of collection.

f. Vendor shall deliver all disaster related debris to a County approved Debris Management Site (DMS) or County approved Final Disposal Site that has been approved to receive disaster-generated debris and adhere to all local, state, and federal regulations.

g. All Final Disposal Sites must be approved, in writing, by the County Debris Manager. The Vendor will be responsible for the handling, reduction and final haul-out and disposal of all reduced and unreduced debris. DMS operations and remediation must comply with all local, state, and federal safety and environmental standards. Vendor reduction, handling, disposal and remediation methods must be approved, in writing, by the County Debris Manager.

h. Payment for disposal costs such as tipping fees incurred by the Vendor at a County approved Final Disposal Site that meet local, state, and federal regulations for disposal will be reimbursed by the County as a pass through cost. Prior to reimbursement by the County, the Vendor must furnish an invoice in hard copy and electronic format matching scale/weigh tickets numbers with load ticket or haul-out ticket numbers and other applicable information. The Vendor will also be required to provide proof of Vendor payment to the County approved Final Disposal Site.

i. The Vendor shall conduct the work so as not to interfere with the disaster response and recovery activities of local, state, and federal governments or agencies, or of any public utilities.

j. The County reserves the right to inspect the DMS, verify quantities, and review operations at any time.

2-7.20 DEBRIS MANAGEMENT SITES (DMS)

The County shall provide predetermined locations to support the event in which the contract is activated. The County shall provide the vendor with an updated list of those locations annually. Depending on the incident in which the contract is activated the County may provide the Vendor with a minimum of 2 DMS locations.
The Debris Management Sites are as follows:

Location	Acreage	Waste Type	GPS Entrance Location
Airport Commerce Park	145	Yard Trash, C&D, Mixed Debris	Lat. 27°29'53.69" Long. 80°23'53.97"
Indian River Estates	2	Yard Trash	Lat. 27°21'07.34" Long. 80°19'32.43"
Savannas Recreation Area	1.5	Yard Trash	Lat. 27°22'53.16" Long. 80°18'19.70"
SLC Fairgrounds	22	Yard Trash, C&D, Mixed Debris	Lat. 27°22'22.89" Long. 80°29'20.59"
Indrio Road Staging Site	200	Yard Trash, C&D, Mixed Debris	Lat. 27°31'14.49" Long. 80°22'19.53"

The County will assign specific DMS to specific Vendor(s) for their sole use. Designated DMS may be a portion of the overall DMS but shall remain the sole responsibility of the assigned Vendor. If additional DMS locations are needed for the operation, the County shall provide an approved list of alternate DMS locations. The list will include all necessary site information to allow the Vendor, with assistance from the County, to submit to FDEP for approval. If the County establishes any additional DMS, a copy of the agreement showing indemnification of the County for the use and proposed restoration plan of the additional sites, shall be provided to the County. In addition, the Vendor shall execute a hold harmless agreement for each additional established DMS that is not identified within the awarded contract. The hold harmless agreement must be approved by the County prior to execution.

Prior to the use of any DMS, analysis of both groundwater and soil will be required by the Vendor to establish pre-use conditions (post remediation site sampling may also be required of the Vendor). Groundwater and soil sampling/analysis must be conducted by an independent Geotechnical Engineer or Geologist and will be performed on behalf of the County at the expense of the Vendor(s). The results of such testing shall be sent directly from the professional to the County. The Vendor shall be required to provide the County with site photographs for each DMS. The photographs will include pre-use, operational, and post site remediation photographs to document site conditions.

The cost associated with preparing, operating, and site remediation of land used as DMS in the County is a cost borne by the Vendor and compensated based on the Vendor's bid for site management and reduction of debris.

The County may also establish designated Residential Convenience Centers (residential drop-off sites). If this should occur, the County may at its option request the Vendor to be responsible for removing all disaster related debris from those sites. Depending on the volume of debris at a Residential Convenience Center, the Vendor may be required to push material to make room for additional debris.

The Vendor's Operations Manager will assign a Foreman to the (each) DMS, who will be responsible for the management of all operations of the site, including traffic control, dumping operations, segregation of debris, grinding, fire protection, and safety. The DMS Foreman will be responsible for monitoring and documenting equipment and labor time and providing the daily operational report to the Vendor's Operation Manager, who will in turn provide this information to the County's Debris Monitoring Consultant. These daily reports must meet the requirements of FEMA, FHWA, or Other Federal Agencies, and other reimbursement and regulatory governmental agencies.

The Vendor will be responsible for returning all utilized DMS to their original condition prior to site use. DMS remediation will include, but is not limited to, returning the original site grade, fill dirt, base material, sod, and other physical features. DMS site remediation will also include returning all utilized sites to their original condition as verified through soil and groundwater samples. DMS remediation will abide by all state and federal environmental regulatory requirements and is subject to final approval by the County and FDEP. All debris, mulch, etc. is to be removed adequately; fill dirt and/or other base material (if required) must meet standards for intended use; new sod or seeding must meet standards for intended use.

2-8 TECHNICAL SPECIFICATIONS

2-8.1 TERMINATION FOR CONVENIENCE

The County reserves the right to terminate the contract with the Vendor(s) at any time and for any reason. This shall supersede the general provisions.

2-8.2 NOTICE TO PROCEED

The County will issue an official Notice to Proceed for the services referenced in this RFP and resulting contract. The Notice to Proceed shall be sent via facsimile or email and followed by regular mail. Under no circumstances shall the County be liable for any services rendered unless the written Notice to Proceed has been sent and received by the Vendors(s). The Vendor(s) must acknowledge receipt of the written Notice to Proceed.

2-8.3 CHANGES IN SCOPE OF WORK

The County Administrator or his designee may request changes in the scope of work to be performed. Such changes, including increase or decrease in compensation must be mutually agreed upon and incorporated by written amendment to the agreement.

2-8.4 SAFETY

The Vendor(s) shall be solely responsible for maintaining safety at all work sites including DMS(s) and debris collection sites. The Vendor(s) shall take all reasonable steps to ensure safety for both workers and visitors to DMS(s) and debris collection sites. Safety at DMS(s) and debris collection sites includes traffic control such as traffic cones and flag personnel. The Vendor(s) will also be solely responsible to ensure that all OSHA requirements are met and a safety officer assigned to the project for the duration of this contract.

2-8.5 ON-SITE PROJECT MANAGER

The Vendor(s) shall provide an on-site project manager to the County. The project manager shall provide a telephone number to the County with which he or she can be reached for the duration of the project. The project manager will be expected to have daily meetings with the County Debris Manager and/or County authorized representatives Daily meeting topics will include, but are not limited to, volume of debris collected, completion progress, County coordination, and damage repairs. Frequency of meetings may be adjusted by the County Debris Manager. The Vendor(s)' project manager must be available 24 hours a day, or as required by the County Debris Manager.

2-8.6 SUPERINTENDENT SHALL BE SUPPLIED BY THE VENDOR

The Vendor shall employ a competent superintendent who shall be in attendance at all times at the project site during the progress of the work. The term "competent" includes an ability to be able to clearly communicate, orally and in writing, in English. The superintendent shall be the primary representative under this contract for the vendor. All authorized communications given to the superintendent by the County, and all contract-related decisions made by the superintendent, shall be binding to the Vendor. The superintendent shall be considered to be, at all times, an employee of the Vendor under its sole direction and not an employee or agent of the County.

2-8.7 EQUIPMENT

a. All trucks and other equipment must be in compliance with all applicable local, state, and federal rules and regulations. Any truck used to haul debris must be capable of rapidly unloading its contents without the assistance of other equipment, be equipped with a tailgate that will effectively contain the debris during transport and permit the truck to be filled to capacity.

b. Sideboards or other extensions to the bed are allowable provided they meet all applicable rules and regulations, cover the front and both sides and are constructed in a manner to withstand severe operating conditions. The sideboards are to be constructed of 2 inch by 6 inch boards or greater and not to extend more than 2 feet above the metal bedsides. Trucks or equipment certified with sideboards must maintain such sideboards and keep them in good repair. In order to ensure compliance, equipment will be inspected by the County's authorized representatives prior to its use by the Vendor(s). The County or its authorized representative may also perform periodic re-inspection of vehicles to verify the certified capacity.

c. Debris shall be reasonably compacted into the hauling vehicle. Any debris extending above the top of the bed shall be secured in place so as to prevent them from falling off. Measures must be taken to avoid the debris blowing out of the hauling vehicle during transport to a County approved DMS or a County approved Final Disposal Site. If falling debris from hauling vehicles presents an issue the County reserves the right to require the contractor to "tarp" or cover debris when hauling.

d. Trucks or equipment designated for use under this contract shall not be used for any other work. The Vendor(s) shall not solicit work from private citizens or others to be performed in the designated work area during the period of this contract. Under no circumstances will the Vendor(s) mix debris hauled for others with debris hauled under this contract. Failure to abide may result in a suspension of the violating truck, crew, or sub-contractor.

e. Equipment used under this contract shall be rubber tired and sized properly to fit loading conditions. Excessive size equipment (100 cubic yards and up) and non-rubber tired equipment must be approved for use on the road by the County Debris Manager.

f. Hand loaded vehicles are prohibited unless pre-authorized, in writing, by the County Debris Manager, following the event. All hand-loaded vehicles will receive an automatic fifty percent (50%) deduction for lack of compaction.

2-8.8 TRAFFIC CONTROL

The Vendor(s) shall mitigate the impact of their operations on local traffic to the fullest extent practical. The Vendor(s) is responsible for establishing and maintaining appropriate traffic controls in all work areas, including DMS(s) and debris collection sites. The Vendor(s) shall provide sufficient signing, flagging, and barricading to ensure the safety of vehicular and pedestrian traffic in all work areas. All work shall be done in conformity with all applicable local, state, and federal

laws, regulations, and ordinances governing personnel, equipment, and work place safety. Any notification of a deficiency in traffic control or other safety items shall be immediately corrected by the Vendor(s). No further work shall take place until the deficiency is corrected. Neither the County Debris Manager nor the authorized representative shall sign any additional load or unit rate tickets until the safety item is corrected. The expense incurred by the Vendor for traffic control is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of scope of services.

Traffic control will conform to FDOT's most current editions of "Roadway and Traffic Design Standards" for Design, Construction, and Maintained Systems and the Federal Highway Administration (FHWA) "Manual on Uniform Traffic Control Devices (MUTCD) for Streets and Highways." These documents can be ordered from F.D.O.T, Maps and Publications Department, 605 Suwannee Street, Tallahassee, Florida, 32399-0450, Phone (904) 488-9220. The foregoing requirements are to be considered as minimum and the Vendor's compliance shall in no way relieve the Vendor of final responsibility for providing adequate traffic control devices for the protection of the public and Vendor's employees throughout the work area.

2-8.9 RAPID RESPONSE CREW

Vendor(s) shall be required to provide the County with access to one or more Rapid Response Crews (RRC) as directed by the County. The purpose of the RRC is to respond immediately to disaster related debris piles as directed by the County Debris Manager or the County's authorized representative. The RRC assists in the overall cleanup effort by responding to and collecting disaster related debris which the County deems a priority for overall County recovery.

2-8.10 HAZARDOUS MATERIALS AND HOUSEHOLD HAZARDOUS WASTE

The Vendors(s) shall set aside and reasonably protect any hazardous materials encountered during debris removal operations for collection and disposal by the County's Hazardous Materials Removal and Disposal contractor(s). The Vendor(s) shall notify the County's monitoring firm(s) of the nature and location of any such debris encountered.

The Vendor(s) and personnel must make every reasonable effort to avoid transporting hazardous materials to the DMS(s) or final disposal sites that are not specifically authorized to accept such materials. Should these materials be inadvertently transported to the aforementioned locations, the Vendor(s) shall be responsible for proper handling and storage of any hazardous materials brought by his/her workforce. The Vendor(s) shall provide a suitable area at each DMS to accommodate all hazardous materials inadvertently brought to the site.

The County or County's Hazardous Materials Removal and Disposal contractor will provide for routine service to collect and dispose of any materials inadvertently delivered to the DMS during removal operations.

2-8.11 WORK HOURS

The Vendor(s) shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Vendor(s). Unless otherwise directed, the Vendor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

2-8.12 TIME OF COMPLETION

The services shall commence upon written notice to proceed from the County manager or his designee, and the project shall be completed in accordance with the project schedule.

2-8.13 LIQUIDATED DAMAGES

Should the Vendor fail to complete requirements set forth in this scope of work, the County will suffer damage. The amount of damage suffered by the County is difficult, if not impossible to determine at this time. Therefore, the Vendor shall pay the County, as liquidated damages, the following:

a. The Vendor shall pay the County, as liquidated damages, $1,000.00 per calendar day of delay to mobilize in the County with the resources required to begin debris removal operations, within 72 hours of being issued Notice to Proceed.

b. The Vendor shall pay the County, as liquidated damages, $500.00 per load of disaster debris collected in the County that is not disposed of at a County approved DMS or County approved Final Disposal Site and/or any associated fines levied by a third party. Application of liquidated damaged does not release the Vendor of all liability associated with hauling and depositing material to an unauthorized location.

c. The Vendor shall pay the County, as liquidated damages, $500.00 per incident where the Vendor fails to repair damages that are caused by the Vendor or subcontractor(s). Application of liquidated damages does not release the Vendor from the responsibility of resolving or repairing damages.

The amounts specified above are mutually agreed upon as reasonable and proper amount of damage the County should suffer by failure of the Vendor to complete requirements set forth in the scope of work.

2-8.14 DAMAGES

All items damaged as a result of Vendor(s) or subcontractor operations, such as but not limited to, sidewalks, curbs, pipes, drains, water mains, pavement, mail boxes, and turf shall be either

repaired or replaced by the Vendor, at their expense, in a manner prescribed by and at the sole satisfaction of the County Debris Manager. Any invoices submitted to the County such as but not limited to, from utility companies, or landowners, which are determined to be the result of damage done by the Vendor, shall be the responsibility of the Vendor. Repairs, or receipt of repairs, shall be completed and submitted to the County prior to submission of the Vendor's invoice for work accomplished. If the Vendor(s) fails to repair any damaged property, the County may have the work performed and charge the Vendor(s).

The Vendor(s) shall be responsible for filling to grade with like material all surface damage, such as rutting and cracks, caused by the Vendor(s)'s equipment during debris removal. The Vendor(s) shall repair all damage to existing grade, road shoulders, trees, shrubs, and grassed areas caused by the Vendor(s)'s equipment or personnel at no additional cost to the County. If the Vendor does damage to a County sign or other property owned by the County, it shall be the responsibility of the Vendor(s) to repair the item back to the original condition. If the repair is not in accordance with County standards, the County shall repair the items and deduct the associated cost from the amount due the Vendor. The Vendor(s) shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the area of work.

Complaints will be addressed within 48 hours and a written report submitted to the County Debris Manager outlining actions taken to correct the complaint. The Vendor shall notify the County immediately of any complaints given directly to the Vendor.

Upon written notice from the Vendor that the damage correction work is complete, the County will make a final inspection with the Vendor and will notify the Vendor in writing of any deficiencies in the project. The Vendor will correct all deficiencies before final acceptance and payment is made. If a second re-inspection is required, the County will assess an $80.00r fee to the Vendor. The $80.00 fee will be assessed for every re-inspection after the first re-inspection. The fee is assessed to offset the additional County labor costs and vehicle usage required for unnecessary inspections and the fee will be deducted from the final invoice for that release order.

No retention will be released to the Vendor(s) prior to a satisfactory damage resolution log being completed addressing all complaints and issues. Should the value of retention exceed the amount of possible outstanding damage claims, the Vendor(s) may petition the County in writing for a partial retainage release.

2-8.15 EXISTING UTILITIES

a. Some trees and debris that are to be removed under the awarded contract may be blocked or entangled with overhead power, telephone, and television cables. In this case, it shall be Vendor's responsibility to coordinate directly with the utility owners to arrange for the removal of the debris without damage to the overhead and underground utility lines (i.e. water and sewer). The Vendor(s) shall pay all such costs to the utility company for any adjustments.

b. The Vendor(s) shall be responsible for all costs incurred to repair damaged utilities that are

caused by the Vendor, as determined by the affected utility company. Payment for repairs to all municipal and privately owned utilities shall be the responsibility of the Vendor(s).

2-8.16 DEBRIS SITE TOWER SPECIFICATIONS

a. The Vendor(s) shall provide as many towers as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. If ingress and egress of a DMS is of significant distance that the County or its authorized representative are unable to verify the entering and exiting trucks, then the Vendor(s) may be required to provide a second tower. The inspection platform of the tower shall be constructed at a minimum height of 10 feet from surrounding grade to finish floor level, have a minimum 8 feet by 8 feet of usable floor area, be covered by a roof with 2 feet overhangs on all sides and be provided with appropriate railings and a stairway. Platform shall be enclosed, starting from platform floor level and extending up 4 feet on all 4 sides. The expense incurred by the Vendor for the construction of towers is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of Scope of Services.

b. Care shall be taken to place tower(s) at a sufficient distance away from any reduction/dumping operations. If necessary, dumping operations may be temporarily suspended by the County Debris Manager due to unsuitable conditions at the tower.

2-8.17 FACILITIES AT DMS LOCATIONS

The Vendor(s) shall provide as many ADA compliant portable toilets as designated by the County at each dumpsite for the use of County authorized representatives during their inspection of dumping operations. The toilet shall be provided prior to start of any dumping operations and kept in a sanitary condition by the Vendor(s) throughout the duration of dumping operations. The expense incurred by the Vendor(s) for the operation of portable toilets is an overhead expense contemplated as part of the Vendor's compensation under the terms and conditions of Scope of Services.

2-8.18 OWNERSHIP OF DEBRIS

All debris residing in the County ROW and County provided DMS(s) shall be the property of the County until final disposal at a properly permitted disposal site. The Vendor(s) shall be responsible for removal of debris up to the point where debris can only be described as light litter and additional collection can be facilitated only by sweeping and raking. In addition to debris stored on the right-of-way as the result of road clearing, the County will direct residents to place debris in segregated piles along the right-of-way, separated as to the waste category. There may be the need to perform some curbside separation of the different materials. Different waste materials will be collected in separate vehicles and may require disposal at different locations, which will be approved by the County. Any items requiring disposal at special facilities shall be required to be monitored for the collection, complete haul, and delivery at the approved special location with the monitor obtaining an original copy of the disposal ticket showing inbound and outbound collection vehicle weights.

All bagged and bundled waste and debris smaller than 2 inches in diameter and shorter than 2 feet in length are outside the scope of this contract unless specifically directed by the County. Collection of Municipal Solid Waste (MSW) is outside the scope of this contract.

2-8.19 ENVIRONMENTAL PROTECTION

a. It is recognized that construction and demolition debris might contain small amounts of asbestos, lead-based paints, treated wood, or similar materials. The Florida Department of Environmental Protection (FDEP) will issue an Emergency Final Order for the classification and disposition of all disaster related wastes. Based on the mandates of this State agency and other applicable state and federal reimbursement agencies, the determination of the character and disposal of waste streams will be decided. The Vendor(s) shall receive a copy of this letter and together with the Monitoring Firm and County; a final disposal plan will be established.

b. Any and all fluids or chemicals (work-related materials such as oil-dri, absorbents, etc.) used by the Vendor(s) must be used and disposed of in accordance with all rules and regulations of local, state, and federal regulatory agencies.

c. Vendor(s) and subcontractors shall not perform maintenance on over-the-road equipment at DMS(s). Maintenance of equipment that typically remain at the DMS (e.g., track hoes, front end loaders, grinders, etc.) may be conducted at the DMS provided best management practices are followed and all wastes are managed and disposed of in accordance with all rules and regulations of local, state, and federal regulatory agencies.

d. The Vendor(s) shall, at its own expense, ensure that noise and dust pollution is minimized to comply with all local and state ordinances and the approval of the County Debris Manager. The Vendor(s) shall comply in a timely manner with all directions of the County Debris Manager regarding the use of a water truck or other approved dust abatement measures.

e. The Vendor(s) shall comply with all laws, rules, regulations, and ordinances regarding environmental protection.

f. The Vendor(s) shall immediately report and document all incidents to the County Debris Manager or the authorized representative that affect the environmental quality of DMS(s) such as, but not limited to, hydraulic fluid leaks, oil spills, or fuel leaks.

g. The Vendor must notify the County regarding any fluid or chemical spillage so that the County or its authorized representative can review and approve of the cleanup.

2-8.20 DOCUMENTATION AND MEASUREMENT

a. Vendor is responsible for ensuring that all labor and equipment used for Emergency Debris Clearance activities is certified and that logs are kept for starting days/times, ending

days/times, and zones, areas, and streets worked.

b. All trucks used for collection and hauling of eligible debris from the County ROW to County approved DMS(s) or County approved Final Disposal Sites shall be measured (inside bed measurements) and certified for cubic yard volume by the County or County-authorized representative. The Vendor shall provide a representative to attest to the certification/measuring process. It is the Vendor's responsibility to verify the accuracy of truck certifications within 48 hours of truck certification (and notify the County of any discrepancies). Placards will be attached to both sides of each certified truck and shall clearly state the truck measurement in cubic yards, Vendor name, assigned truck number, and other pertinent information, as determined by the County Debris Manager. If a vehicle is working under multiple contracts or for multiple communities, it must be re-certified and issued a new placard by a County authorized representative each time it returns to work from other contracts or communities.

c. The Vendor(s) is responsible for ensuring that all subcontractors maintain valid driver's licenses and equipment legally fit for travel on the road.

d. Load tickets will be provided by the County or its authorized representative for recording volumes of debris removal. Unit rate tickets will be provided by the County or its authorized representative for documenting unit rate services, such as Hangers or Hazardous Tree removal. Only tickets designated and approved by the County will be authorized for use. Tickets must be completed in a clear and legible manner. Tickets that require Vendor signature will have the signature as well as name printed in a legible manner. Illegible Load & Unit Rate tickets will not be paid.

- Each ticket shall be of a type that consists of one original and five copies.

- Each ticket shall be used to document the location the disaster related debris was collected (i.e., street address) and the amount picked up, hauled, reduced and disposed of. Vendor(s) are responsible for ensuring all load and unit rate tickets capture location debris or work was completed, collection/disposal date, disposal location, percentage load call or measurement (either tons or percentage load call), and County authorized representative name and signature. No payment will be made by the County for incomplete and/or illegible load or unit rate tickets submitted for payment.

- Load tickets will be issued by an authorized representative of the County at the collection site. The County authorized representative will complete the applicable portion of the load ticket, and provide all five copies to the vehicle operator. Upon arrival at the DMS or County approved Final Disposal Site, the vehicle operator will present the five copies of the load ticket to the County authorized representative on site. Trucks with less than full capacities will be adjusted down by visual inspection. This determination will be made by the County authorized representative present at the DMS or County approved Final Disposal Site. The County authorized representative will validate, enter the estimated debris quantity and sign the load ticket. The County will keep the original copy, 2 copies

will be given back to the vehicle operator and the remaining 2 copies will be provided to the Vendor.

- Loads of processed (e.g., chipped) debris being hauled from a DMS to a County approved Final Disposal Site will follow the same load ticket procedures. A County authorized representative will initiate the load ticket at the DMS. Another County authorized representative will validate and sign the ticket at the County approved Final Disposal Site.

- The Vendor(s) shall give written notice of the location for work scheduled 24 hours in advance.

e. Scope of service items that have rates based on one-way haul mileage shall have such mileage based on "as the crow flies" distance. The radius distance from each DMS or final disposal site to the last loading location written on the load or haul-out ticket will be used to determine the mileage rate category. The County shall determine the mileage calculation method that is ultimately used. One-way mileage rates apply to the following sections within the statement of work:

- Section 2-7.2 – ROW Vegetative Debris Removal

- Section 2-7.3 – ROW C&D Debris Removal

- Section 2-7.4 – Demolition, Removal, Transport and Disposal of Non-RACM Structures

- Section 2-7.5 – Demolition, Removal, Transport and Disposal of RACM Structures

- Section 2-7.8 – Haul-out of Reduced Debris to a County Approved Final Disposal Site

2-8.21 PAYMENT

a. The County, or its authorized representative, will monitor, verify, and document with load tickets or unit rate tickets the completion of all work, as defined in the scope of work. The Vendor(s) will be provided with copies of this documentation. These documents will be used by the Vendor as backup data for invoice submittals. Work not ticketed or not authorized by the County will not be approved for payment. Additionally, any ticket submitted for payment must be legible and properly completed. Tickets missing loading address, truck number, certified capacity, collection monitor signature, disposal site, load call, or disposal monitor signature will not be paid, nor will the County be responsible for unpaid incomplete tickets.

b. If tasked with private property and FHWA-ER funded roadway debris removal operations, these will be invoiced separately from ROW collection removal operations. The County reserves the right to request additional invoice separation by debris type (C&D, vegetative debris, white goods, or other scope of service items), program (ROW collection, private property debris removal, etc.), or both.

c. Invoices shall be submitted to the County's authorized representative on a bi-weekly basis unless otherwise direct by the County. All invoices must be submitted with a hard copy of the invoice and an electronic copy (Microsoft Excel format) of the invoice detail. The invoice detail must consist of a tabular report listing all ticket information required by the County. Invoice detail submittals will be checked against County records. County records are the basis of all payment approvals. Only one hundred percent (100%) accurate and complete invoices shall be forwarded by the County authorized representative to the County for payment.

d. A 10% retainage will be withheld from each reconciled invoice until the end of the project. In order to recover the retainage, the Vendor(s) must successfully complete, and receive a letter of completion from the County, for all work zones. Retainage will be held until final reconciliation is complete. Portions of the retainage may be held by the County to repair damages caused by the Vendor(s) to public or private property.

e. No separate payment will be made for mobilization and demobilization operations. These costs are to be included in the respective unit prices bid for debris removal and will not be adjusted based on the total amount of debris actually removed in the contract.

f. The Vendor is responsible for payment to all subcontractors utilized for the services rendered within this scope of work. The Vendor shall execute release waivers with all subcontractors to release the County from payment to subcontractors directly. The release waivers for all subcontractors shall be provided to the County prior to final retainage release.

g. Payment for disposal cost incurred by the Vendor(s) at County approved Final Disposal Sites will be made at the cost incurred by the Vendor. The County will either coordinate payment of disposal costs directly with the Final Disposal Site or require the Vendor to pay the disposal fees and then invoice the County. The Vendor(s) shall submit a copy of all invoice(s) received by the County approved Final Disposal Site, an electronic copy tabulating all scale or load tickets issued by the County approved Final Disposal Site, and proof of Vendor payment to the County approved Final Disposal Site. The County will not render payment for disposal costs until the Vendor submits applicable disposal site permits or site information for each authorized Final Disposal Site.

h. Vendor(s) must submit a final invoice within 30 days of completion of scope of work. Completion of scope of work will be acknowledged, in writing, by the County Debris Manager. The final invoice must be marked "FINAL INVOICE" and no additional payments will be made after the Vendor's final invoice.

i. In the event any portion of this scope of work is to be funded by State or Federal funds, the Vendor will comply with all requirements of the state or federal government applicable to the use of the funds.

j. The Vendor will retain all records pertaining to the services and the contract for these services and make them available to the County for a period of 7 years following receipt of final payment for the services referenced herein. In the event litigation ensues or the County

challenges a decision by FEMA to disallow or de-obligate costs incurred under the contract, then Vendor shall retain all records hereunder for a period of 7 years after conclusion of the litigation or FEMA dispute, including any and all appeals.

k. Payment shall be tendered in accordance with the Florida Prompt Payment Act, Part VII, Chapter 218, and Florida Statues.

2-8.22 FHWA-ER PROGRAM CONTRACT REQUIREMENTS

The County intends to seek reimbursement from FHWA for the eligible debris removal performed on federal aid roads. Consequently, the County mandates compliance from the successful Vendor regarding the following:

a. FHWA Form 1273, titled Standard Federal-aid Provisions. FHWA Form 1273 will be included in the final contract.

b. Buy America Requirements

c. 49 CFR Part 26, Disadvantage Business Enterprise Program

d. American with Disabilities Act of 1990 (ADA)

e. Convict Labor Prohibition

FHWA-ER Program contract requirements are subject to any changes provided by FHWA during the term of the contract. Based on the current guidance, FHWA will only reimburse the County for the initial collection, hauling and tipping fee, if applicable, of eligible debris. Debris reduction operations are not eligible for reimbursement unless the debris is being reduced as part of a rolling pickup operation. As a result, the FHWA-ER eligible debris that is collected during the first pass shall be hauled to the nearest Final Disposal Site unless otherwise directed by the County.

2-8.23 FINAL PROJECT CLOSE OUT

Upon final inspection of the project by the County, the Vendor(s) shall submit a detailed description of all debris management activities, to include the total volume, by type of debris hauled and/or disposed.

Services not specifically identified in any contract derived from this RFP may be added to the contract upon mutual consent of the contracting parties.

2-8.24 DISTRIBUTION OF WORK

The County reserves the right to activate more than one contractor to provide the debris services outlined in this RFP. The County may also revise the distribution of services provided or work areas (such as zones) at any time during the activation of a contract developed though this RFP.

2-8.25 COUNTY'S DEBRIS MONITORING CONSULTANT

Vendor shall be in contact and comply with the County's contracted consultant and representative for the monitoring of debris collection and removal services. The County's contracted consultant and representative shall be a separate contractor, from this solicitation and its award, who will be exclusively contracted for monitoring services. The monitoring consultant shall certify all of the vendor's loads and the safety of the vehicles in which the debris is being removed.

2-9 SUBCONTRACTORS

The County prefers that the Contractor provide all services needed to comply with the RFP. Should a Sub-Contractor be needed, the Primary Contractor will be the sole point of contact and have sole responsibility for all issues. It is the responsibility of the Primary Contractor to ensure that Sub-Contractors needed to be used during the collection and disposal of disaster debris shall comply with the scope of work initiated to support this project.

If the Contractor intends to subcontract any portion of the work covered by this Contract, the Contractor must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible. Affirmative steps must include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and

5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

2-10 CONTRACT TERMS

The selected Vendor is to provide items and services listed at firm fixed rates on an as needed basis for an initial period of 1 year, renewable for three additional 1 year periods. Both the County and the vendor must mutually agree upon renewals in writing. Rates quoted will be for the first year and will not be changed based on the guidelines outlined in this solicitation.

The awarded contract will contain the required provisions at 2 C.F.R. § 200.326, Appendix II to 2

C.F.R. Part 200, and FEMA guidance, as applicable.

Part III: INSTRUCTION FOR THE PREPARATION OF PROPOSALS AND RESPONSE REQUIREMENTS

The Proposer(s) warrants its response to this Request for Proposals (RFP) to be fully disclosed and correct. The firm must submit a Proposal complying with this RFP, and the information, documents and material submitted in the Proposal must be complete and accurate in all material aspects. All Proposals must contain direct responses to the following questions or requests for information and be organized so that specific questions being responded to are readily identifiable and in the same sequence as outlined below.

Proposers are advised to carefully follow the instructions listed below in order to be considered fully responsive to this RFP. Proposers are further advised that lengthy or overly verbose or redundant submissions are not necessary. Compliance with all requirements will be solely the responsibility of the Proposer. Failure to provide requested information may result in disqualification of response.

The Proposal shall cover in as much detail as possible the requirements of the solicitation, subject to modification and enhancements as a result of information gained during the consultant selection process.

The Proposal must be submitted on 8½"x11" paper, numbered, typewritten, with headings, sections, and sub-sections identified appropriately. The Proposal shall be clear and concise and provide the information requested herein. Statements submitted without the required information will not be considered. Proposals shall be organized and sections tabbed. The Proposer should not withhold any information from the written response in anticipation of presenting the information orally or in a demonstration, since oral presentations or demonstrations may not be solicited. Each Proposer must submit adequate documentation to certify the Proposer's compliance with the County's requirements. Proposers should focus specifically on the information requested. Additional information, unless specifically relevant, may distract rather than add to the Proposer's overall evaluation.

The following information, at a minimum, shall be included in the Proposal:

A. COVER PAGE

Statement of Qualifications Introductory letter: This letter's no more than two pages will summarize in a brief and concise manner the proposer's understanding of the RFP, the County's objective, the proposer's acceptance of conditions and any exceptions to the general terms and conditions of the RFP and to insurance requirements and any other requirements listed in the RFP. The letter should name all of the persons authorized to make presentations for the Offeror, including the titles, addresses, and telephone numbers. The Letter shall be signed by a representative who is authorized to contractually bind the Contractor. If proposal is signed by

someone other than President, Vice President, Treasurer, a copy of your Corporate By-Laws, or a letter signed by a corporate officer must be included.

B. TABBED SECTIONS

TAB 1 REQUIRED FORMS

The following forms are required with Proposer's submittal. Proposals not including the following forms will be rejected and considered non-responsive. Forms can be downloaded in the Required Submittal Packet attached to the solicitation documents.

- Form #1 Proposer Information and Authorized Signature
- Form #2 Non-Collusion Affidavit
- Form #3 Corporate Resolution
- Form #4 Confirmation of Drug-Free Workplace
- Form #5 Public Entity Crime Affidavit
- Form #6 Hold Harmless and Indemnity Agreement
- Form #7 Certification Regarding Debarment & Suspension
- Form #8 Anti-Lobbying Certification
- Form #9 Price Schedules 1 (Hourly) and 2 (Unit Rate)
- Addenda Any and all issued addenda regarding this solicitation, signed and dated, if applicable

TAB 2 EXECUTIVE SUMMARY

This section shall include a summary of your organization, including its history. Indicate the number of years Proposer has had in providing these services. Provide any additional information which will present evaluators with insight about the qualifications, fitness, and abilities of Proposer. This section shall also include a list of all judgments from lawsuits in the last 3 years and current pending lawsuits that are concerned directly with the staff or part of your organization proposed for the contract. Please include a current copy of your State of Florida Corporate Registration. If a Proposer is a corporation, it must be certified with the Florida Secretary of State and have a corporate status in good standing, and in the case of out-of-state corporation, they must present evidence of authority to do business in the State of Florida.

TAB 3 PROPOSER EXPERIENCE AND QUALIFICATIONS

List the names and titles of principals, management, trainers, staff, and personnel who will be assigned to this contract. Include resumes or summary of experience of these persons as an Appendix to the Proposal. The Proposer shall also provide information on services provided in past emergency incidents with other governments, cities of similar size, businesses, corporations, or other entities within the last ten (10) years to demonstrate how its experience makes it qualified for this project. Please include the names of the entities, the length and the magnitude of the incidents that occurred within your Proposal.

TAB 4 REFERENCES

Provide at least 5 references which the Proposer has provided the same or similar services for the same type during the past 10 years and who can attest to the Proposer's ability to perform at or above the current level of expectations set within the scope of work.

Each reference shall include, at a minimum:

- Name and full address of reference organization;
- Name of Contact person for contract;
- Telephone number(s);
- Date of initiation of contract with reference; and
- Brief summary of services provided.

TAB 5 EXISTING CONTRACTUAL OBLIGATIONS

The Respondent shall provide information on any established or currently ongoing contracts with other Governments, cities of similar size, businesses, corporations or other entities. Please include the names of the entities, the lengths of the contract and their expiration dates.

TAB 6 METHODOLOGY, TECHNICAL PLAN, AND APPROACH

Proposer shall describe the methodology, technical plan, and approach they will take to accomplish the work described herein and provide the solution that best suits the County's needs. The Proposer shall provide an overview of how they will work with the County to provide the solution proposed and required services. This refers to the exact type and nature of the Proposer's proposed services and how they accomplish the objectives and needs of the County, as well as the ability to comply with the County's needs for a service provider that is experienced, educated, knowledgeable, and capable of complying and adhering with Federal reimbursement programs. The proposer shall establish a clear demonstration and understanding of the work to be performed with a complete and reasonable plan/proposal for accomplishing the tasks. This shall include the

technical plan being proposed, the equipment being used, the number of personnel being used, and justification for the total time frame to complete the scope of work. Information shall include, but not be limited to the following:

a. Provide and describe a general description of the type of solution and all available processes within the solution proposed.

b. Explain the approach plan to support the needs and objectives of the Scope of Services established within this RFP.

c. Illustrate and describe the ability to provide a quick and rapid response to an incident; including the actual time to respond and provide a fully implemented and operational system prior to an incident or on an emergency on call basis.

d. Illustrate and describe the ability to provide project management and administrative resources.

e. Illustrate and describe the ability to provide collection and disposal of debris and the parameters within that service at all locations.

f. Provide and describe a staffing plan.

g. Illustrate and describe abilities to provide any other related or additional services applicable or related to this type of service.

TAB 7 COST PROPOSAL

This section shall be submitted by utilizing the Cost Proposal form (Form # 11) in the Required Forms Packet. No additional forms will be accepted or submittals that state "see attached". It is the Proposer's responsibility to provide a full disclosure of the pricing requested and all costs associated with a fully implemented and developed solution within this tab.

Schedule 1 shall include hourly rates and the grand total for the following 3 categories. These are identified as:

1. Equipment types w/ operator

2. Labor

3. Crew

Schedule 2 shall include unit rates and the grand total for the following 15 categories. These are identified as:

1. Vegetative Debris Removal (based on section 2-7.2)

2. C&D Debris Removal (based on section 2-7.3)

3. Demolition, Removal, Transport and Disposal of Non-RACM Structures (based on section 2-7.4)

4. Demolition, Removal, Transport and Disposal of RACM Structures (based on section 2-7.5)

5. DMS Operation and Reduction Through Grinding (based on section 2-7.6)

6. DMS Management and Reduction by Air Curtain Incineration (based on section 2-7.7)

7. Haul-Out of Reduced Debris to a County Approved Final Disposal Site (based on section 2-7.8)

8. Removal of Hazardous Trees and Hangers (based on section 2-7.9)

9. Removal of Hazardous Stumps (based on section 2-7.10)

10. ROW White Goods Debris Removal (based on section 2-7.12)

11. Household Hazardous Waste Removal, Transport and Disposal (based on section 2-7.13)

12. E-Waste Removal (based on section 2-7.14)

13. Abandoned Vehicle Removal (based on section 2-7.15)

14. Abandoned Vessel Removal (based on section 2-7.15)

15. Dead Animal Carcasses (based on section 2-7.16)

All fees submitted shall be associated with the fully operational solution during an emergency scenario. Pricing shall include materials, labor, set up fees, training fees, start-up fees, mobilization, demobilization, travel related expenses, meal allowances, hotel rooms, and any charges or other relevant out of pocket expenses associated with the services required within this solicitation. Pricing not within the requested schedules shall be the responsibility of the Proposer to provide these services or purchase these materials.

PART IV: SELECTION CRITERIA AND EVALUATION METHOD

4-1 GENERAL

The County shall be the sole judge of its own best interests, the proposal, and the resulting negotiated agreement. The County reserves the right to investigate the financial capability, reputation, integrity, skill, business experience, and quality of performance under similar operations of each Proposer, including stockholders and principals before making an award. Awards, if any, will be based on both an objective and subjective comparison of Proposals and Proposers. The County's decisions will be final.

The County shall evaluate the merit of the proposal based on the best value criteria listed herein. The sole objective of this evaluation is to select the vendor whose proposal is most responsive and the best value to the County's needs for a contractor to perform Emergency Debris Collection and Removal Services.

The County reserves the right to request additional information or to meet with vendors to discuss points in the Proposal before and after submission, any and all of which may be used in forming a recommendation. This is to include demonstrations of vendor's solutions.

The County reserves the right to reject any and all proposals that fail to meet the requirements of this RFP or which the County determines will not meet its needs. The County may reject the proposal of a vendor who is not, in the opinion of the County, in a position to satisfactorily perform the contract. The County reserves the right to reject any proposal if the evidence submitted by, or investigation of, such vendor fails to satisfy that such vendor is properly qualified to carry out the obligations of the contract and to complete the work contemplated therein.

The County reserves the right to accept or reject in part or in whole any proposal submitted, and to waive any technicalities or informalities for the best interest of the County. The County reserves the right to award based upon individual line items, sections, or total proposal. The County may also accept or reject any of the alternates that may be set forth in a proposal.

4-2 MINIMUM QUALIFICATIONS AND EXPERIENCE

The County is seeking proposals from vendors who are have past, proven, and positive experiences in projects of similar and same size of scope of work. Proposals shall be accepted from vendors who meet the following minimum criteria, evaluated on a pass/fail basis. The Proposer shall:

- Have at least 5 years' experience in providing services for emergency debris collection and disposal services in an emergency scenario or environment.
- Be licensed to conduct business in the State of Florida.
- Provide a copy of the its audited financial statements for the previous two years and proof of its credit rating.
- Provide an organizational chart showing its ownership structure and resumes of experienced key personnel.

Proposals that do not meet these minimum qualifications will be rejected without the further evaluation outlined in Section 4-3.

4-3 EVALUATION METHOD AND SCORING CRITERIA

A Selection Committee will be appointed by the County Administrator and will be responsible for reviewing and evaluating Proposals, selecting the firm(s) that provides the best value to the County, and then negotiating a contract. The Proposers with the highest-ranked submittals may

be asked to make a detailed presentation of their product / service to the Selection Committee.

All Proposers are advised that in the event of receipt of an adequate number of Proposals which in the opinion of the Evaluation committee require no clarification and/or supplementary information, such Proposals may be evaluated without discussion. Hence, proposals should be initially submitted on the most complete and favorable terms which Proposers are capable of offering to the County.

In general, the County wishes to avoid the expense to the County and to proposers of unnecessary presentations. Therefore, the County shall make every reasonable effort to achieve the ranking using written submittals alone. If no single top-ranked firm can be clearly identified by review of the written submittals alone, then the evaluator(s) may request the Purchasing Manager to schedule the top ranked firm(s) for presentations or interviews.

The County may choose to conduct oral interviews with, or receive oral presentations from, one or more of the proposers. If the County chooses to allow oral interviews and/or presentations, such interviews or oral presentations will be open to the public. If oral presentations or interviews are held, the following guidelines will be used.

The Purchasing Manager shall establish the schedule and Proposers will be notified at least 7 calendar days in advance of the date, time and place of the presentations. The specific format of each presentation will be provided to Proposers with the notifications. The County shall allot equal time for each Proposer divided into three sequential parts: formal presentations, questions/answers, and discussion. Oral presentations will provide an opportunity for the Proposers to demonstrate their ability to use time efficiently, effectively, and economically. The times allotted are maximums and no firm will be penalized for using less than the allotted time.

After presentations, firms will be assigned a final score, with the highest ranked firm moving forward to the negotiation phase. The Selection Committee shall rank all complete written proposals and/or formal oral presentations/interviews in order of preference (scoring) and submit this final ranking as its final recommendation. No work for this project shall proceed without written authorization from the County.

The County reserves the right to enter into contract negotiations with the selected Proposer. If the County and the selected Proposer cannot negotiate a successful contract, the County may terminate such negotiations and begin negotiations with the next selected Proposer. No Proposer shall have any rights against the County arising from such negotiations.

Proposal packages will be reviewed and evaluated in accordance with the following criteria and weighting factors:

4-3.1 COMPLIANCE WITH REQUEST FOR PROPOSALS / TAB 1 (0 - 10 POINTS)

This refers to the adherence by the Proposer and the submittal of all required forms, samples and requests within the proposal and all conditions and requirements of this RFP.

4-3.2 RESPONDENTS EXPERIENCE, QUALIFICATIONS, EXISTING CONTRACTS, AND REFERENCES / TABS 2, 3, 4, AND 5 (0 - 30 POINTS)

Offeror's capability in all respects to perform fully the contract requirements, and the tenacity, perseverance, experience, integrity, and reliability which will assure good faith performance, as well as satisfactory reference verification. This criteria includes:

a. The experience of the firm and its record on engagements of a similar nature, including the ability to serve in a similar capacity for other units of government or organizations.

b. The character, integrity, reputation, judgment, experience, and efficiency of the Proposer.

c. Personnel to be assigned to the project, and their education, capabilities, qualifications and experience with similar projects.

d. Reference information gathered from other entities regarding the past experience of the firm; and

e. Strength of the other information required in Tabs 2, 3, 4, and 5.

4-3.3 METHODOLOGY, TECHNICAL PLAN, AND APPROACH / TAB 6 (0 - 30 POINTS)

This refers to the exact type and nature of the Proposer's proposed services and how it plans to accomplish the objectives of the project, as well as the ability to rapidly respond to the County's needs. The Proposer must demonstrate a clear understanding of the work to be performed with a complete and reasonable plan/proposal for accomplishing the tasks. Technical evaluations will be based upon the ability of the proposer to meet or exceed the requirements set forth in the specifications. Estimates concerning the ability of the proposer to perform accordingly shall be made by the County.

a. The ability, capacity, skill and organization of the proposer to perform as proposed.

b. The completeness, reasonableness, and efficiency of the proposed solution, including project management, administrative, and staffing plans.

c. The ability of the Proposer to respond rapidly to the County's needs.

d. Any other value added elements of the Proposal as deemed relevant by the County.

4-3.4 COST PROPOSAL / TAB 7 (0 – 30 POINTS)

This refers to the proposed rates of the Proposer. Please note that price is only one factor for consideration of award. The County reserves the right to award the contract to other than the lowest priced offeror.

Part V: Required Forms Packet

The following eleven (11) forms are required and are to be filled out completely and submitted with your proposal as per Section 4 (Instructions for the Preparation of Proposals and Response Requirements). All applicable forms shall be submitted as required by the solicitation documents.

FORM #1 PROPOSER INFORMATION AND AUTHORIZED SIGNATURE

Proposer (Company) Name: _____

F.E.I.N. or Social Security Number: _____

Mailing Address: _____

City, State, Zip: _____

Telephone Number: _____ Fax Number: _____

E-mail Address _____

Type of Entity: ❑ Corporation ❑ Partnership ❑ Proprietorship ❑ Joint Venture ❑ Other

State of Incorporation: _____ Year of Incorporation: _____

This Proposal is hereby submitted by the above-named entity ("Proposer") to St. Lucie County, Florida 20-033 for Emergency Debris Removal Services ("RFP"), having examined the solicitation and specifications with related documents and the site of the proposed work, and being familiar with all of the conditions surrounding the proposed project including the availability of materials and labor, hereby proposes to furnish all labor, materials, and supplies; and to provide the service in accordance with the terms and specifications set forth in the RFP at the prices provided in this Proposal. The prices in this Proposal will remain firm for a period of up to 90 days in order to allow the County adequate time to evaluate the Proposal. These prices are to cover all expenses incurred in performing the work required under the awarded contract, of which this RFP and Proposal is a part.

Proposer accepts all of the terms and conditions of the RFP. Proposer understands that a background investigation may be conducted by the County prior to award. Proposer hereby agrees to commence work under contract on or before a date to be specified in a written "Notice to Proceed" of the County.

Proposer has examined and carefully studied the Solicitation Documents and the following addendum receipt of which is hereby acknowledged:

No._____ Dated: _____ No. _____ Dated: _____

No. _____ Dated: _____ No. _____ Dated: _____

Proposer certifies that all information contained in this Proposal is truthful to the best of the undersigned's knowledge and belief. Undersigned certifies that it is duly authorized to submit this Proposal on behalf of the Proposer as its act and deed and that the Proposer is ready, willing, and able to perform if awarded the contract.

FORM #2 NON-COLLUSION AFFIDAVIT

STATE OF _____;
COUNTY OF _____;

_____ being first duly sworn, deposes and says that:

1. The undersigned is the _____ (Owner, Partner, Officer, Representative or Agent) of _____ (PROPOSER).

2. PROPOSER is fully informed respecting the preparation and contents of the attached Proposal and of all pertinent circumstances respecting such Bid;

3. Such Proposal is genuine and is not a collusive or sham proposal;

4. Neither the said PROPOSER nor any of its officers, partners, owners, agents, representative, employees or parties in interest, including this affidavit, have in any way colluded, conspired, connived, or agreed, directly or indirectly, with any other PROPOSER, firm, or person to submit a collusive or sham proposal in connection with the Contract for which the attached Proposal has been submitted; or to refrain from responding to the RFP in connection with such Contract; or have in any manner, directly or indirectly, sought by agreement or collusion, or communications, or conference with any PROPOSER, firm, or person to fix the price or prices in the attached Proposal or any other PROPOSER, or to fix any overhead, profit, or cost element of the pricing or the pricing of any other proposer, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against COUNTY, or any person interested in the proposed Contract;

5. The price of items quoted in the attached Proposal are fair and proper and are not tainted by collusion, conspiracy, connivance, or unlawful agreement on the part of the PROPOSER or any other of its agents, representatives, owners, employees or parties in interest.

IN WITNESS THEREOF, I have hereunto subscribed my name as Secretary and affixed the seal of the corporation this _____ day of _____, 20 _____

FORM #4 CONFIRMATION OF DRUG-FREE WORKPLACE

IDENTICAL TIE BIDS: Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quantity, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program (Florida Statutes Section 287.087 Florida Statutes). In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibitions.

2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

3. Give each employee engaged in providing the commodities or Contractual services that are under Bid a copy of the statement specified in subsection (1).

4. In the statement specified in subsection (1), notify the employee that, as a condition of working on the commodities or Contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contenders to, any violation of Chapter 893 Florida Statutes or of any controlled substance law of the United States or any State, for a violation occurring in the workplace no later than five (5) days after the conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community by, any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

Any person submitting a quote, bid or proposal in response to this invitation must execute the enclosed form PUR. 7069, SWORN STATEMENT UNDER SECTION 287.133 (3)(A) FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES, including proper check(s), in the space(s) provided, and enclose it with his quote, bid or proposal. If you are submitting a quote, bid, or proposal on behalf of dealers or suppliers who will ship commodities and receive payment from the resulting contract, it is your responsibility to see that copy (s) of the form are executed by them and are included in your quote, bid or proposal. Corrections to the form will not be allowed after the quote, bid or proposal opening time and date. Failure to complete this form in every detail and submit it with your quote, bid or proposal may result in immediate disqualification of your bid or proposal.

The 1988 Florida Legislature passed Senate Bill 458 creating Sec. 287, 132-133, Florida Statutes, effective 7-1-89. Sec. 287.132 (3)(d), Florida Statutes requires the Florida Department of General Services to maintain and make available to other political entities a "convicted vendor" list consisting of persons and affiliates who are disqualified from public contracting and purchasing process because they have been found guilty of a public entity crime. A public entity crime is described by Sec. 287.133, Florida Statute as a violation of any State or Federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or with an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

By law no public entity shall accept any bid from, award any contract to, or transact any business in excess of the threshold amount provided in Section 287.017, Florida Statute for category two (currently $10,000) with any person or affiliate on the convicted vendor list for a period of 36 months from the date that person or affiliate was placed on the convicted vendor list unless that person or affiliate has been removed from the list pursuant to Section 287.133 (3)(f), Florida Statute.

The attached statement or affidavit will be the form to be utilized and must be properly signed in the presence of a notary public or other officer authorized to administer oaths and properly executed.

The inclusion of the sworn statement or affidavit shall be submitted concurrently with your bid documents. Non-inclusion of this document may necessitate rejection of your bid.

FORM #5 PUBLIC ENTITY CRIME AFFIDAVIT

SWORN STATEMENT UNDER SECTION 287.133 (3) (A), FLORIDA STATUTES
ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

STATE OF _____;
COUNTY OF _____;

1. This sworn statement is submitted to St. Lucie County, Florida.

2. This sworn statement is submitted by _____ (name of entity submitting sworn statement) whose business address is _____ and (if applicable) its Federal Employer Identification Number (FEIN) is _____.

3. My name is _____ and my relationship to the entity named above is _____.

4. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133 (1)(b) Florida Statutes means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

6. I understand that an "affiliate" as defined in Paragraph 287.133 (1)(a), Florida Statutes means:

   a. A predecessor or successor of a person convicted of a public entity crime; or

   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and

agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133 (1)(e), FLORIDA STATUTES, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity.

8. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of any entity.

Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND, (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

FORM #6 HOLD HARMLESS AND INDEMNITY AGREEMENT

_____, agrees through signing of this document by an authorized party or agent that the Proposer shall indemnify and hold harmless the County and its officers; and employees, from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers and employees may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Proposer and persons employed or utilized by the Proposer in the performance of the awarded contract. The Proposer shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. The Proposer expressly understands and agrees that any insurance protection required by the awarded contract or otherwise provided by Proposer shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

FORM #7 CERTIFICATION REGARDING DEBARMENT & SUSPENSION

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the CONTRACTOR (referred to herein as the "prospective lower tier participant") is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The

knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AN VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

FORM #8 ANTI-LOBBYING CERTIFICATION

CERTIFICATION REGARDING LOBBYING FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, CONTRACTOR understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

References for each category of work are to RFP Scope of Services Items 2-7.2 through 2-7.16. If a vendor elects to "No Bid" individual service offerings, its proposal may be considered non-responsive to the County.

2.7-2. Vegetative Debris Removal -- Work consists of the collection and transportation of eligible vegetative debris on the ROW or public property to a County approved debris management site (DMS) or County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	100,000			
16 to 30 Miles	125,000			
31 to 60 Miles	75,000			
Greater than 60 Miles	50,000			

2-7.3. C&D Debris Removal – Work consists of the collection and transportation of eligible C&D on the ROW or public property to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	15,000			
16 to 30 Miles	25,000			
31 to 60 Miles	25,000			
Greater than 60 Miles	15,000			

2-7.4. Demolition, Removal, Transport & Disposal of Non-RACM Structures – Work consists of the decommissioning, demolition and disposal of eligible Non-RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000			
16 to 30 Miles	10,000			

31 to 60 Miles	10,000			
Greater than 60 Miles	5,000			

2-7.5. Demolition, Removal, Transport & Disposal of RACM Structures – Work consists of the decommissioning, demolition and disposal of RACM structures on public or private property and hauling the resulting debris to a County approved final disposal site.

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	5,000			
16 to 30 Miles	10,000			
31 to 60 Miles	10,000			
Greater than 60 Miles	5,000			

2-7.6. DMS Operation and Reduction Through Grinding – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through grinding. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000			

2-7.7. DMS Management & Reduction by Air Curtain Incineration – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through air curtain incinerators. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
	175,000			

2-7.8. Haul-out of Reduced Debris to a County Approved Final Disposal Site – Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County approved final disposal site.

FORM #9 SCHEDULE 2 – UNIT RATE PRICE SCHEDULE

Mileage	Estimated Quantity	$ Per Cubic Yard	Total	$ Per Ton (Alternate)
0 to 15 Miles	6,100			
16 to 30 Miles	9,100			
31 to 60 Miles	15,000			
Greater than 60 Miles	30,000			
2-7.9. Removal of Hazardous Trees and Hangers – Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Item 2, Vegetative Debris Removals				
Diameter	Estimated Quantity	$ Per Tree	Total	
6 inch to 12.99 inch diameter	1,500			
13 inch to 24.99 inch diameter	1,000			
25 inch to 36.99 inch diameter	750			
37 inch to 48.99 inch diameter	300			
49 inch to larger diameter	100			
Hanger Removal (per Tree)	3,000			
2-7.10. Removal of Hazardous Stumps – Work consists of removing eligible hazardous stumps and transporting resulting debris from the ROW to a County Approved DMS. Rate includes removal, backfill of stump hole, reduction and final disposal.				
Diameter	Estimated Quantity	$ Per Stump	Total	
24.1 inch to 36.99 inch diameter	500			
37 inch to 48.99 inch diameter	250			
49 inch and larger diameter				

2-7.12. ROW White Goods Debris Removal – Work consists of the removal of eligible white goods from the ROW to a County approved DMS site or County approved facility for recycling. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible white goods from the County approved DMS to a County approved facility for recycling.

Type of Debris	Estimated Quantity	$ Per Unit	Total	
A/C Units, refrigerators and freezers requiring refrigerant recovery and decontamination	250			
Washers, dryers, stoves, ovens and hot water heaters	500			

2-7.13. Household Hazardous Waste Removal, Transport and Disposal – Work consists of the collection, transportation and disposal of household hazardous waste from the ROW to a County approved permitted hazardous waste facility or MSW type I landfill.

	Estimated Quantity	$ Per Pound	Total	
	10,000			

2-7.14. E-Waste Removal – Work consists of the recovery and disposal of televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.

	Estimated Quantity	$ Per Unit	Total	
	250			

2-7.15. Abandoned Vehicle Removal – Work consists of the removal and transport of eligible abandoned vehicles.

Type of Vehicle	Estimated Quantity	$ Per Unit	Total	
Passenger Car	50			
Single Axle	25			

Double Axle	25			
2-7.15. Abandoned Vessel Removal – Works consists of the removal and transport of eligible abandoned vessels.				
Length of Vessel	Estimated Quantity	$ Per Unit	Total	
Vessels less than 20 linear feet	75			
Vessels 21 linear feet or greater	50			
2-7.16. Dead Animal Carcasses – Work consists of the recovery and disposal of dead animal carcasses.				
	Estimated Quantity	$ Per Pound	Total	
	10,000

Name of Firm: _____

Signature: _____

Date: _____

1. Does the County still have a disaster debris monitoring firm under contract, or is that contract being re-procured as well?
   Answer: The County has newly procured contracts with the following: True North Emergency Mgmt., Thompson Consulting and Tetra Tech.

2. Are you able to provide the names and titles of the evaluation committee members?
   Answer: No

3. Are you able to provide the date, time, and location when the evaluation committee meeting will evaluate proposals?
   Answer: No

4. Where will the intent to award be made, and how will it be communicated to proposers?
   Answer: Notice of Intent are posted on DemandStar.com

5. Does St. Lucie County own any self-loading grapple trucks? If the answer to the previous question is "yes," how many?
   Answer: No

6. How many miles of County maintained roadway is within the County?
   Answer: 540 miles of roadway

7. Does the County have memorandums of understanding or mutual aid agreements in place with other incorporated municipalities within the County that would allow the use of this contract to be utilized by those entities to perform disaster debris management services?
   Answer: No

8. Does the County intend to allow for some of the incorporated municipalities within the County to utilize this contract, and if so, which ones?
   Answer: It is unknown at this time.

9. On page 55 of 76 of the RFP document, the proposed rates will be evaluated on the unit rates submitted for the individual items listed. Does this mean that you will evaluate each line item's cost separately, and thus, will not simply be adding up the line items to come up with a "bid price"?
   Answer: Line items will be evaluated at an overall cost comparison.

10. Does the County plan to evaluate the hourly line items pricing equally with the unit line items pricing, or will they be evaluated and scored separately?
    Answer: They will not be evaluated and scored separately.

11. Line item 2-7.10 of the pricing schedule does not list an estimated quantity for trees that are 49 inches and larger in diameter. Are we to surmise that "0" should be the estimated quantity for this line item?
    Answer: One should be the estimated quantity.

12. Are you able to provide the location(s) of any approved DMS location(s) for the upcoming hurricane season?
    Answer: No

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 06/29/2021

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

First Amendment

DocuSign Envelope ID: A6AFBFC4-9EB2-49C0-B569-88D400592BAF

FIRST AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND DRC EMERGENCY SERVICES, LLC

THIS FIRST AMENDMENT, is made and entered into this 24 day of January, 2023, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **DRC EMERGENCY SERVICES, LLC,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, the parties desire to amend the Agreement to exercise the first one-year renewal option.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

   6. **TERM/TIME OF PERFORMANCE**

   Term: The term of this contract shall be for a period of two (2) years beginning on **February 15, 2022** and continuing through and including **February 14, 2024**. Upon mutual written agreement, this Contract may be extended for two (2) additional one-year renewal terms pursuant to the same terms and conditions.

   Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

   Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

2. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

DocuSign Envelope ID: A6AFBFC4-9EB2-49C0-B569-88D400592BAF

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

SECOND AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND DRC EMERGENCY SERVICES, LLC

THIS SECOND AMENDMENT, is made and entered into this 6 day of February, 2024, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **DRC EMERGENCY SERVICES, LLC,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, on January 24, 2023, the parties executed the first amendment to the Contract to exercise the first one-year renewal option.

WHEREAS, the parties desire to further amend the Contract to exercise the second one-year renewal option and update the pricing.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

6. **TERM/TIME OF PERFORMANCE**

Term: The term of this contract shall be for a period of three (3) years beginning on **February 15, 2022** and continuing through and including **February 14, 2025**. Upon mutual written agreement, this Contract may be extended for one (1) additional one-year renewal period pursuant to the same terms and conditions.

Work Hours: The Contractor shall conduct those debris removal operations generating noise levels above that normally associated with routine traffic flow, during daylight hours only. Work may be performed 7 days per week. Adjustments to work hours, as local conditions may dictate, shall be coordinated between the County and the Contractor. Unless otherwise directed, the Contractor must be capable of conducting volumetric reduction operations at DMS locations on a 24 hour, 7 days a week basis. No work will be performed on recognized County holidays without prior approval of the County Debris Manager.

Time of Completion: The services shall commence upon the written notice to proceed from the County Project Manager or his designee, and the project shall be completed in accordance with the individual project schedule.

2. Paragraph 8. CONTRACT PAYMENT shall be amended to include the following:

Effective February 15, ~~2023~~ 2024, the County shall pay the Contractor for the performance of this Contract and completion of the project in accordance with the Contract Documents: Pursuant to the Exhibit "A" Revised Hourly Labor, Equipment and Materials Price Schedule attached.

3. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

31 to 60 Miles	$35.86	$ 37.65	$251.02	$ 263.57
Greater than 60 Miles	$35.86	$ 37.65	$251.02	$ 263.57

2-7.6. DMS Operation and Reduction Through Grinding – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through grinding. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP.

	Previous Per Cubic Yard	Proposed Per Cubic Yard	Previous Per Ton (Alternate)	Proposed Per Ton (Alternate)
	$ 3.30	$ 3.47	$28.66	$ 30.09

2-7.7. DMS Management & Reduction by Air Curtain Incineration – Work consists of managing and operating DMS for acceptance and reduction of eligible vegetative disaster related debris through air curtain incinerators. The costs associated with acquiring, preparing, leasing, renting, operating and remediating land used as DMS as reflected in this RFP

	Previous Per Cubic Yard	Proposed Per Cubic Yard	Previous Per Ton (Alternate)	Proposed Per Ton (Alternate)
	$ 1.75	$ 1.84	$ 15.75	$ 16.54

2-7.8. Haul-out of Reduced Debris to a County Approved Final Disposal Site – Work consists of loading and transporting reduced eligible disaster related debris at a County approved DMS to a County approved final disposal site.

Mileage	Previous Per Cubic Yard	Proposed Per Cubic Yard	Previous Per Ton (Alternate)	Proposed Per Ton (Alternate)
0 to 15 Miles	$ 3.43	$ 3.60	$ 30.87	$ 32.41
16 to 30 Miles	$ 4.43	$ 4.65	$ 39.87	$ 41.86
31 to 60 Miles	$ 4.43	$ 4.65	$ 39.87	$ 41.86
Greater than 60 Miles	$ 4.43	$ 4.65	$ 39.87	$ 41.86

2-7.9. Removal of Hazardous Trees and Hangers – Work consists of removing eligible hazardous trees or limbs and placing them on the safest possible location on the County ROW for collection under the terms and conditions of Scope of Services Item 2, Vegetative Debris Removals

Diameter	Previous Per Tree	Proposed Per Tree	Percentage Increase	
6 inch to 12.99 inch diameter	$ 40.00	$ 42.00	5%	
13 inch to 24.99 inch diameter	$ 70.00	$ 73.50	5%	
25 inch to 36.99 inch diameter	$ 145.00	$ 152.25	5%	
37 inch to 48.99 inch diameter	$ 245.00	$ 257.25	5%	
49 inch to larger diameter	$ 375.00	$ 393.75	5%	

Hanger Removal (per Tree)	$ 74.00	$ 77.70	5%	

2-7.10. Removal of Hazardous Stumps – Work consists of removing eligible hazardous stumps and transporting resulting debris from the ROW to a County Approved DMS. Rate includes removal, backfill of stump hole, reduction and final disposal

Diameter	Previous Per Stump	Proposed Per Stump	Percentage Increase	
24.1 inch to 36.99 inch diameter	$145.00	$ 152.25	5%	
37 inch to 48.99 inch diameter	$245.00	$ 257.25	5%	
49 inch and larger diameter	$375.00	$ 393.75	5%	

2-7.12. ROW White Goods Debris Removal – Work consists of the removal of eligible white goods from the ROW to a County approved DMS site or County approved facility for recycling. Contractor shall be responsible for recovering/disposing refrigerants as required by law as well as unit decontamination in a contained area. The Contractor shall also be responsible for the transportation of eligible white goods from the County approved DMS to a County approved facility for recycling

Type of Debris	Previous Per Unit	Proposed Per Unit	Percentage Increase	
A/C Units, refrigerators and freezers requiring refrigerant recovery and decontamination	$ 70.00	$ 73.50	5%	
Washers, dryers, stoves, ovens and hot water heaters	$ 35.00	$ 36.75	5%	

2-7.13. Household Hazardous Waste Removal, Transport and Disposal – Work consists of the collection, transportation and disposal of household hazardous waste from the ROW to a County approved permitted hazardous waste facility or MSW type I landfill.

	Previous Per Pound	Proposed Per Pound	Percentage Increase	
	$ 5.95	$ 6.25	5%	

2-7.14. E-Waste Removal – Work consists of the recovery and disposal of televisions, computers, computer monitors, and microwaves unless otherwise specified in writing by the County.

	Previous Per Unit	Proposed Per Unit	Percentage Increase	
	$ 30.00	$ 31.50	5%	

2-7.15. Abandoned Vehicle Removal – Work consists of the removal and transport of eligible abandoned vehicles.

DocuSign Envelope ID: B5C663C4-97F3-472E-91CC-D4A0226FA2F8

St. Lucie County
Third Amendment

THIRD AMENDMENT TO FEBRUARY 15, 2022
CONTRACT C22-02-180
BETWEEN ST. LUCIE COUNTY AND
DRC EMERGENCY SERVICES, LLC

This is the Third Amendment to the February 15, 2022 Contract C22-02-180 between St. Lucie County ("County") and DRC Emergency Services, LLC ("DRC").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and

WHEREAS, on January 24, 2023, the parties executed the first amendment to the Contract to exercise the first one-year renewal option; and

WHEREAS, on February 6, 2024, the parties executed the second amendment to the Contract to exercise the second one-year renewal option and update the pricing; and

WHEREAS, DRC agrees to continue to provide debris management services and emergency response and recovery services to the County in accordance with the terms and conditions of the Contract; and

WHEREAS, the compensation rates listed in Attachment A need to be revised due to the widespread impacts of Hurricane Helene and Hurricane Milton and to reflect rates awarded by other impacted local governments and Florida Department of Transportation in order to not compete for resources from neighboring jurisdictions responding to Hurricanes Helene and Milton; and

WHEREAS, the County has reviewed the awarded rates in other jurisdictions and has determined that those rates are reasonable and appropriate; and

WHEREAS, the Agreement may be amended only by mutual consent of the parties as evidenced by execution of a formal written amendment; and

WHEREAS, DRC agrees to continue to provide debris management services and emergency response and recovery services to the County in accordance with the terms and conditions of the Agreement, as amended; and

WHEREAS, the County and DRC desire that except as amended by the terms of this Amendment, all other terms, covenants and conditions of the Contract, and the rights and

obligations of the County and the DRC, shall remain in full force and effect and are hereby ratified and affirmed.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained herein and for other good and valuable considerations, the receipt and sufficiency of which are hereby mutually acknowledged, the parties hereto agree as follows:

1. The above recitals are true and correct and are incorporated herein by reference.

2. St. Lucie County and DRC agree to the unit pricing set out in Attachment A, Emergency Debris Removal Operations. The unit pricing shall include all expenses incurred by DRC, to include food and lodging, if required. Payment by the County will be made based on actual units of work performed as approved by the County and the County's contracted debris monitor.

3. This third amendment shall be effective on October 17, 2024 and shall apply to all debris collected in response to Hurricane Helene and Milton.

4. Except as amended by the terms of this Amendment, all other terms, covenants and conditions of the Contract, and the rights and obligations of the County and DRC thereunder, shall remain in full force and effect and are hereby ratified and affirmed

IN WITNESS WHEREOF, the parties hereto accepted, made, and executed this Amendment upon the terms and conditions above stated, this 17th day of October, 2024.

Fourth Amendment

Docusign Envelope ID: 10818E1F-B0E6-4CFA-A0B3-E3F464CE1FE1

FOURTH AMENDMENT TO FEBRUARY 15, 2022 CONTRACT
BETWEEN ST. LUCIE COUNTY AND DRC EMERGENCY SERVICES, LLC

THIS FOURTH AMENDMENT, is made and entered into this 10 day of March, 2025, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **DRC EMERGENCY SERVICES, LLC,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on February 15, 2022, the parties entered into a Contract to provide for Emergency Debris Removal; and,

WHEREAS, on January 24, 2023, the parties executed the first amendment to the Contract to exercise the first one-year renewal option.

WHEREAS, on February 6, 2024, the parties executed the second amendment to the Contract to exercise the second one-year renewal option and update the pricing; and,

WHEREAS, on October 17, 2024, the parties executed the third amendment to the Contract to update the Rate Schedule for services related to debris collected in response to Hurricane Helene and Milton; and,

WHEREAS, the parties desire to further amend the Contract to exercise the third one-year renewal option, update the Debris Management Sites (DMS), and clarify the mileage categories.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 6. TERM/TIME OF PERFORMANCE shall be amended to read as follows:

   6. **TERM/TIME OF PERFORMANCE**

   Term: The term of this contract shall be for a period of four (4) years beginning on **February 15, 2022** and continuing through and including **February 14, 2026**.

2. Section 2-7.20 Debris Management Sites (DMS) shall be amended to include the following:

   2-7.20 DEBRIS MANAGEMENT SITES (DMS)

   The County shall provide predetermined locations to support the event in which the contract is activated. The County shall provide the vendor with an updated list of those locations annually. Depending on the incident in which the contract is activated the County may provide the Vendor with a minimum of 2 DMS locations.

   The Current Debris Management Sites are as follows:

Florida Department of Environmental Protection (FDEP) **FDEP Site Name & FDEP WACS #**	**Approximate Acres**	**Permitted Waste Type(s)**	**GPS Entrance Location & Address/Description**
Central County - Midway Site **WACS# 108672** Aka. "Midway" or "Former Tropicana"	~ 11 acres	**Yard Trash, C&D, Mixed**	27°22'29.0"N 80°24'11.6"W 8000 W. Midway Road
Airport West Commerce Park **WACS# 104969** Aka. "Kings Highway"	~ 17 acres Depending on rainfall, 20 additional acres might be usable south of entrance road.	**Yard Trash, C&D, Mixed**	27°29'54.1"N 80°23'54.6"W 3590 N. Kings Hwy.
SLC HD Staging Site **WACS# 99866** Aka. "Indrio Road"	~ 20 usable acres	**Yard Trash, C&D, Mixed**	27°31'14.6"N 80°22'19.6"W (West of US Hwy. 1, east of of Kings Hwy.)
Indian River Estates-Yard Waste **WACS# 106183** Aka. "Indian River Estates"	~ 1 acre, up to 4 acres if site is cleared of all trees and concrete	**Yard Trash ONLY**	27°21'07.5"N 80°19'32.5"W Entrance is a 30' wide easement on US Hwy. 1, just South of Easy Street
St. Lucie County Fairgrounds Staging Area **WACS# 106183** Aka. "Fairgrounds"	~ 9 acres (potentially) The area was used in 2005.	**Yard Trash, C&D, Mixed**	27°21'55.4"N 80°29'20.7"W Enter from Peacock Road

3. Schedule 2 – Unit Rate Price schedule shall be amended to include the following clarification:

Work consists of the collection and transportation of (i)eligible vegetative debris; (ii) C&D; (iii) Non-RACM Structures; (iv) RACM Structures; and (v) reduced eligible disaster related debris on the ROW or public property to a County approved debris management site (DMS) or County approved final disposal site.

Mileages Categories shall be as follows:

A. 0 to 15.9 Miles
B. 16 to 30.9 Miles
C. 31 to 60.9 Miles
D. 70 Miles or Greater

4. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

CONTRACT PROVISIONS FOR FEMA PUBLIC ASSISTANCE

Pursuant to 2 CFR 200.327 and Appendix II to Part 200, the following federal requirements and contract provisions are incorporated herein, where applicable:

Contractor acknowledges that any subcontracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Contractor acknowledges that all subcontracts in excess of $10,000 must address termination for cause and for convenience by the Contractor including the manner by which it will be affected and the basis for settlement.

Contractor agrees to adhere to contract provisions (1) through (20) below where applicable:

1. **Equal Opportunity**: During the performance of this contract, the CONTRACTOR agrees as follows:
During the performance of this contract, the CONTRACTOR agrees as follows:

   (1) The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

   (2) The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

   (3) The CONTRACTOR will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or

applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the CONTRACTOR's legal duty to furnish information.

(4) The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the CONTRACTOR's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the CONTRACTOR's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The CONTRACTOR will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each sub-contractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:
Provided, however, that in the event a CONTRACTOR becomes involved in, or is threatened with, litigation with a sub-contractor or vendor as a result of such direction by the administering agency, the CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.
The applicant further agrees that it will be bound by the above equal opportunity

clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and sub-contractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a CONTRACTOR debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and sub-contractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2. **Davis-Bacon Act:** CONTRACTOR agrees to abide by the following (*as applicable to projects not solely funded by SLFRF funds*):

(1)

Minimum wages —

(i) *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the CONTRACTOR and such laborers and mechanics. As provided in paragraphs (d) and (e) of this section, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(v) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph (a)(4) of this section.

Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (a)(1)(iii) of this section) and the Davis-Bacon poster (WH-1321) must be posted at all times by the CONTRACTOR and its sub-contractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) *Frequently recurring classifications.*

(A) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph (a)(1)(iii) of this section, provided that:

(*1*) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(*2*) The classification is used in the area by the construction industry; and

(*3*) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(B) The Administrator will establish wage rates for such classifications in accordance with paragraph (a)(1)(iii)(A)(*3*) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

(iii) *Conformance.*

(A) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(*1*) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(*2*) The classification is used in the area by the construction industry; and

(*3*) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage

rates contained in the wage determination.

(B) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(C) If the CONTRACTOR and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to *DBAconformance@dol.gov*. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) In the event the CONTRACTOR, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to *DBAconformance@dol.gov,* refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(E) The contracting officer must promptly notify the CONTRACTOR of the action taken by the Wage and Hour Division under paragraphs (a)(1)(iii)(C) and (D) of this section. The CONTRACTOR must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph (a)(1)(iii)(C) or (D) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iv) *Fringe benefits not expressed as an hourly rate.* Whenever the

minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the CONTRACTOR may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(v)

Unfunded plans. If the CONTRACTOR does not make payments to a trustee or other third person, the CONTRACTOR may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the CONTRACTOR, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis- Bacon Act have been met. The Secretary of Labor may require the CONTRACTOR to set aside in a separate account assets for the meeting of obligations under the plan or program.

(vi)

Interest. In the event of a failure to pay all or part of the wages required by the contract, the CONTRACTOR will be required to pay interest on any underpayment of wages.

(2)

Withholding —

(i)

Withholding requirements. The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in paragraph (a) of this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld. In the event of a CONTRACTOR's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work (or otherwise working in construction or

development of the project under a development statute) all or part of the wages required by the contract, or upon the CONTRACTOR's failure to submit the required records as discussed in paragraph (a)(3)(iv) of this section, the City of Fort Pierce may on its own initiative and after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(3)

Records and certified payrolls —

(i)

Basic record requirements —

(A)

Length of record retention. All regular payrolls and other basic records must be maintained by the CONTRACTOR and any sub-contractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(B) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(C) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph (a)(1)(v) of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the CONTRACTOR must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(D) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

(ii) *Certified payroll requirements —*

(A) *Frequency and method of submission.* The CONTRACTOR or sub-contractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the U.S. Treasury if the agency is a party to the contract, but if the agency is not such a party, the CONTRACTOR will submit the certified payrolls to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce. The prime CONTRACTOR is responsible for the submission of all certified payrolls by all sub-contractors. A contracting agency or prime CONTRACTOR may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires

a legally valid electronic signature; the system allows the CONTRACTOR, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime CONTRACTOR permits other methods of submission in situations where the CONTRACTOR is unable or limited in its ability to use or access the electronic system.

(B)

Information required. The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph (a)(3)(i)(B) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH-347 or in any other format desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime CONTRACTOR to require a sub-CONTRACTOR to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime CONTRACTOR for its own records, without weekly submission by the sub-contractor to the sponsoring government agency (or the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records).

(C)

Statement of Compliance. Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the CONTRACTOR or sub-contractor, or the CONTRACTOR's or sub-contractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(*1*)

That the certified payroll for the payroll period contains the information required to be provided under paragraph (a)(3)(ii) of this section, the appropriate information and basic records are being maintained under paragraph (a)(3)(i) of this section, and such information and records are correct and complete;

(*2*) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(*3*) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(D) *Use of Optional Form WH-347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(C) of this section.

(E) *Signature.* The signature by the CONTRACTOR, sub-contractor, or the CONTRACTOR's or sub-contractor's agent must be an original handwritten signature or a legally valid electronic signature.

(F) *Falsification.* The falsification of any of the above certifications may subject the CONTRACTOR or sub-contractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(G) *Length of certified payroll retention.* The CONTRACTOR or sub-contractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iii) *Contracts, subcontracts, and related documents.* The CONTRACTOR or sub-contractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The CONTRACTOR or sub-contractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iv) *Required disclosures and access —*

(A) *Required record disclosures and access to workers.* The CONTRACTOR or sub-contractor must make the records required under paragraphs (a)(3)(i) through (iii) of this section, and any other documents that the City of Fort Pierce or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the City of Fort Pierce or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(B) *Sanctions for non-compliance with records and worker access requirements.* If the CONTRACTOR or sub-contractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any CONTRACTOR or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the CONTRACTOR or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(C) *Required information disclosures.* CONTRACTORs and sub-contractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the U.S. Treasury if the agency is a party to the contract, or to the Wage and Hour Division of the Department of Labor. If the Federal agency is not such a party to the contract, the CONTRACTOR, sub-contractor, or both, must, upon request, provide the full Social Security number and last known address,

telephone number, and email address of each covered worker to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce, the CONTRACTOR, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

(4)

Apprentices and equal employment opportunity —

(i)

Apprentices —

(A)

Rate of pay. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the CONTRACTOR will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(B)

Fringe benefits. Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(C)

Apprenticeship ratio. The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the CONTRACTOR as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to

paragraph (a)(4)(i)(D) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(4)(i)(A) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(D)

Reciprocity of ratios and wage rates. Where a CONTRACTOR is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the CONTRACTOR's registered program must be observed.

(ii)

Equal employment opportunity. The use of apprentices and journeyworkers under this part must be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5)

Compliance with Copeland Act requirements. The CONTRACTOR shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this contract.

(6)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses contained in paragraphs (a)(1) through (11) of this section, along with the applicable wage determination(s) and such other clauses or contract modifications as the U.S. Treasury may by appropriate instructions require, and a clause requiring the sub-contractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime CONTRACTOR is responsible for compliance by any sub-contractor or lower tier sub-contractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and may be subject to debarment, as appropriate.

(7) *Contract termination: debarment.* A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a CONTRACTOR and a sub-contractor as provided in 29 CFR 5.12.

(8) *Compliance with Davis-Bacon and Related Act requirements.* All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) *Disputes concerning labor standards.* Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the CONTRACTOR (or any of its sub-contractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) *Certification of eligibility.*

(i) By entering into this contract, the CONTRACTOR certifies that neither it nor any person or firm who has an interest in the CONTRACTOR's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(iii) The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

(11) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(ii) Filing any complaint, initiating or causing to be initiated any

proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

(iv) Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

3. **Contract Work Hours and Safety Standards Act (CWHSSA):** CONTRACTOR hereby agrees to abide by the following:

(1) *Overtime requirements.* No CONTRACTOR or sub-contractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the CONTRACTOR and any sub-contractor responsible therefore shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such CONTRACTOR and sub-contractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of $33 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1).

(3) *Withholding for unpaid wages and liquidated damages —*

(i) *Withholding process.* The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the

CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this paragraph

(b) on this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(4)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses set forth in paragraphs (b)(1) through (5) of this section and a clause requiring the sub-contractors to include these clauses in any lower tier subcontracts. The prime CONTRACTOR is

responsible for compliance by any sub-contractor or lower tier sub-contractor with the clauses set forth in paragraphs (b)(1) through (5). In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and associated liquidated damages and may be subject to debarment, as appropriate.

(5) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

(ii) Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

(iv) Informing any other person about their rights under CWHSSA or this part.

4. <u>Clean Air Act and Federal Water Pollution Control Act:</u>

<u>Clean Air Act</u>
CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury.

<u>Federal Water Pollution Control Act</u>
The CONTRACTOR agrees to comply with all applicable standards, orders, or

regulations issued pursuant to the federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 et seq.
The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the Florida Department of Commerce, if applicable), U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury

5. **Debarment and Suspension:** This contract is a covered transaction for purposes of 2 C.F.R. Part 180 and 2 C.F.R. Part 3000. As such, the CONTRACTOR is required to verify that none of the CONTRACTOR's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
The CONTRACTOR must comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters.
This certification is a material representation of fact relied upon by City of Fort Pierce. If it is later determined that the CONTRACTOR did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to City of Fort Pierce, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.
The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

6. **Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352, as amended.** Contractors who apply or bid for an award of more than $100,000 shall file the required certification. Each tier certifies to the tier above that it will not and has not used federally appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the federal awarding agency.

7. **Procurement of Recovered Materials:** In the performance of this contract, the CONTRACTOR shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired-

a) Competitively within a timeframe providing for compliance with the contract performance schedule;

b) Meeting contract performance requirements; or

c) At a reasonable price.

Information about this requirement, along with the list of EPA-designated items, is available at Comprehensive Procurement Guideline (CPG) Program | US EPA. The CONTRACTOR also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

8. **Prohibition on Contracting for Covered Telecommunications Equipment or Services:** CONTRACTOR agrees to adhere to the following:

(a) *Definitions.* As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in US TREASURY Policy 405-143-1, Prohibitions on Expending US Treasury Award Funds for Covered Telecommunications Equipment or Services, as used in this clause—

(b) *Prohibitions.*

1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

2) Unless an exception in paragraph (c) of this clause applies, the CONTRACTOR and its sub-contractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

i. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

ii. Enter, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or

services as a substantial or essential component of any system, or as critical technology of any system;

iii. Enter, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

iv. Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Exceptions.*

1) This clause does not prohibit Contractors from providing—

i. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

ii. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

2) By necessary implication and regulation, the prohibitions also do not apply to:

i. Covered telecommunications equipment or services that:

a. Are <u>not used</u> as a substantial or essential component of any system; <u>and</u>

b. Are <u>not used</u> as critical technology of any system.

ii. Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d) *Reporting requirement.*

1) In the event the CONTRACTOR identifies covered telecommunications equipment or services used as a substantial or essential component of any

system, or as critical technology as part of any system, during contract performance, or the CONTRACTOR is notified of such by a sub-CONTRACTOR at any tier or by any other source, the CONTRACTOR shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

2) The CONTRACTOR shall report the following information pursuant to paragraph (d)(1) of this clause:

i. Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

ii. Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the CONTRACTOR shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The CONTRACTOR shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments."

9. <u>Domestic Preferences for Procurements:</u>

<u>Domestic Preference for Procurements:</u>
The CONTRACTOR should, to the greatest extent practicable and consistent with law, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.
<u>For purposes of this clause:</u>
Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States."

10. <u>Build America, Buy America Act (BABAA) (*if applicable*):</u>

Contractors and their sub-contractors who apply or bid for an award for an infrastructure project subject to the domestic preference requirement in the Build America, Buy America Act shall file the required certification to the City of Fort Pierce with each bid or offer for an infrastructure project, unless a domestic preference requirement is waived by U.S. Treasury. Contractors and sub-contractors certify that no federal financial assistance funding for infrastructure projects will be provided unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States. BABAA, Pub. L. No. 117-58, §§ 70901-52. Contractors and sub-contractors shall also disclose any use of federal financial assistance for infrastructure projects that does not ensure compliance with BABAA domestic preference requirements. Such disclosures shall be forwarded to the recipient who, in turn, will forward the disclosures to U.S. Treasury, the federal agency; subrecipients will forward disclosures to the pass- through entity, who will, in turn, forward the disclosures to U.S. Treasury.

11. Affirmative Socioeconomic Steps (*if applicable to this Contract*):

When possible, CONTRACTOR should ensure that small businesses, minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms (*See U.S. Department of Labor's list*) take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(6) to ensure that small and minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible.

12. Access to Records. CONTRACTOR agrees to adhere as follows:

The CONTRACTOR agrees to provide City of Fort Pierce, Florida Department of Commerce, the U.S. Treasury Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the CONTRACTOR which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

The CONTRACTOR agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

The CONTRACTOR agrees to provide the U.S. Treasury Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

In compliance with section 1225 of the Disaster Recovery Reform Act of 2018, the City of Fort Pierce and the CONTRACTOR acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the U.S. Treasury Administrator or the Comptroller General of the United States.

13. Compliance with Federal Law, Regulations, and Executive Orders and Acknowledgement of Federal Funding:

This is an acknowledgement that US TREASURY financial assistance will be used to fund all or a portion of the contract. The CONTRACTOR will comply with all applicable federal law, regulations, executive orders, US TREASURY policies, procedures, and directives.

14. No Obligation by Federal Government:

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the recipient or subrecipient, CONTRACTOR, or any other party pertaining to any matter resulting from the contract.

15. Contract Changes or Modifications:

To be allowable under a federal grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

16. Program Fraud and False or Fraudulent Statements or Related Acts:

The CONTRACTOR acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the CONTRACTOR's actions pertaining to this contract.

17. Copyright Materials (*if applicable*):

License and Delivery of Works Subject to Copyright

The CONTRACTOR grants to the City of Fort Pierce, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the CONTRACTOR will identify such data and grant to the City of Fort Pierce or acquire on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the CONTRACTOR will deliver to the City of Fort Pierce data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the City of Fort Pierce.

18. Build America, Buy America Act (BABAA) (*Architectural and/or Engineering Contracts*):

Build America, Buy America Act Preference.

Contractors and sub-contractors agree to incorporate the Buy America Preference into planning and design when providing architectural and/or Engineering professional services for infrastructure projects. Consistent with the Build America, Buy America Act (BABAA) Pub. L. 117- 58 §§ 70901-52, no federal financial assistance funding for infrastructure projects will be used unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States."

19. **Publications**. Any publications produced with funds from this award must display the following language: "This project [is being] [was] supported, in whole or in part, by federal award number [enter project FAIN] awarded to [name of Recipient] by the U.S. Department of the Treasury."

20. **DHS Seal, Logo, and Flags:** CONTRACTOR must obtain written permission from DHS prior to using the DHS seals, logos, crests, reproductions of flags, or likenesses of DHS agency officials. This includes use of DHS component (e.g., U.S. Treasury, CISA, etc.) seals, logos, crests, or reproductions of flags, or likenesses of component officials.

EXHIBIT II
FEMA PUBLIC ASSISTANCE CONTRACT PROVISIONS

- This form is required only for purchases of more than $100,000 -

CERTIFICATION REGARDING LOBBYING
(Appendix A to 31 CFR Part 21 – New Restrictions on Lobbying)

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure

The CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Ch. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

CONTRACTOR SELF-CERTIFICATION
REGARDING BUILD AMERICA BUY AMERICA (BABAA)

The undersigned certifies, to the best of his or her knowledge and belief, that:

The Build America, Buy America Act (BABAA) requires that no federal financial assistance for "infrastructure" projects is provided "unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States." Section 70914 of Public Law No. 117-58, §§ 70901-52.

The undersigned certifies for any projects related to **Emergency Debris Removal Services** that the iron, steel, manufactured products, and construction materials used in this contract are in full compliance with the BABAA requirements including:

1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. All manufactured products purchased with federal financial assistance must be produced in the United States. For a manufactured product to be considered produced in the United States, the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55% of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.

3. All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Section 787.06(13), Florida Statutes, requires all nongovernmental entities executing, renewing, or extending a contract with a governmental entity to provide an affidavit signed by an officer or representative of the nongovernmental entity under penalty of perjury that the nongovernmental entity does not use coercion for labor or services as defined in that statute. As the person authorized to sign on behalf of Vendor, I certify that the company identified does not:

1. Use or threaten to use physical force against any person;
2. Restrain, isolate, or confine or threaten to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Use lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroy, conceal, remove, confiscate, withhold, or possess any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Cause or threaten to cause financial harm to any person;
6. Entice or lure any person by fraud or deceit; or
7. Provide a controlled substance as outlined in Schedule I or Schedule II of section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person.

Under penalties of perjury, I declare that I have read the foregoing document and that the facts stated in it are true.

CAO RLS# / RE: MUTUAL BENEFIT AND USE AGREEMENTS – DEBRIS MONITORING/EMERGENCY DEBRIS REMOVAL SERVICES:

RLS#234	TRUE NORTH EMERGENCY MANAGEMENT, LLC
RLS#235	CUSTOM TREE CARE, INC.
RLS#236	DRC EMERGENCY SERVICES, LLC
RLS#237	BERGERON EMERGENCY SERVICES
RLS#238	CERES ENVIRONMENTAL SERVICES, INC.

DATE: AUGUST 22, 2025

I have reviewed the above Request for Legal Services (RLS) related to the Mutual Benefit and Use Agreements (MBUA) between the City of Fort Pierce and the above-named Contractors which piggybacks on St. Lucie County's contract for emergency debris removal. Please note the following comments:

1. Each MBUA has been revised to reflect the procurement and agreement history.
2. Each MBUA has been revised to reflect the new Term Period and additional provisions. Since these contracts may require debris removal services during a declared state of emergency event, I recommend incorporating contract provisions required should the city seek federal public assistance from FEMA (Federal Emergency Management Agency). Since St. Lucie County's contract with the Contractors does not include all contract language required for federal public assistance, I have drafted an Exhibit that does contain all required provisions.
3. Each MBUA contains language related to passage of SB 180 which requires a breach of contract provision for contracts entered into, renewed, or amended on or after July 1, 2025, requiring the service provider to pay a penalty in the event the provider breaches the contract during an emergency recovery period.
4. A redlined version of the MBUA for True North Emergency Management has been included with this Memo so changes made to all the other MBUAs can be tracked.

5. A clean version of each MBUA is included with this Memo which I recommend for template use for future MBUAs.
6. All MBUAs are approved as to form and correctness.
7. Recommendation: The Department should place all MBUAs on the Commission consent Agenda for review and approval *prior* to execution.

If you have any questions, please do not hesitate to contact this Office via phone or e-mail. Thank you.

City Commission Regular Meeting - 5:05 PM **11. ZZ.**

MUTUAL BENEFIT AND USE AGREEMENT
ADOPTION OF ST. LUCIE COUNTY, CONTRACT C21-01-109
DISASTER DEBRIS MONITORING MANAGEMENT & CONSULTING SERVICES

WHEREAS it is foreseen that it may be in the public interest to provide for the expedient removal of disaster debris within the corporate limits of the City of Fort Pierce, FL resulting from a natural or manmade event; and

WHEREAS the public health and safety of all the citizens will be at serious risk; and

WHEREAS, the immediate economic recovery of the City of Fort Pierce, FL and its citizens is a major concern and the primary priority for recovery; and

WHEREAS, City of Fort Pierce, FL has a community of interest in St. Lucie County, FL with respect to the debris services that may be necessary to affect a recovery from an anticipated storm event; and

WHEREAS, on May 20, 2020, St Lucie County, FL received responses to RFP No. 20-037 for Disaster Debris Monitoring Management and Consultant Services to which True North Emergency Management LLC (hereinafter "Contractor") submitted a competitive proposal and was selected; and

WHEREAS, the City's Purchasing Policy allows for purchases to be made directly from any federal, state, county, city or other governmental contract providing that said contract was the result of a bona fide competitive process and is a current contract. As defined in this contract, the term "Piggyback" refers to City purchases made under the allowance in the City's Purchasing Policies; and

WHEREAS, City of Fort Pierce, FL has reviewed the solicitation, proposal, and evaluation related to the selection of the Contractor by St. Lucie County, FL and endorses the process and selection of Contractor; and

WHEREAS, City of Fort Pierce, FL has reviewed the Contract for Disaster Debris Monitoring Management Consulting Services between **St. Lucie County, FL and True North Emergency Management, LLC**. commencing January 19, 2021, said contract being identified as**:** January 19, 2021, Contract No. C21-01-109, attached hereto as Exhibit "I", *and* has found the Scope of Services, prices, and terms, and conditions as set out in that Contract to be reasonable, acceptable, and of benefit to their citizens; and

WHEREAS, St. Lucie County, FL and Contractor entered in a First Amendment to the January 19, 2021, Contract No. C21-01-109 to revise the Term Period commencing January 19, 2021, and continuing through January 18, 2025; and

WHEREAS, St. Lucie County, FL and Contractor entered in a Second Amendment to the January 19, 2021, Contract No. C21-01-109 to revise the Term Period commencing January 19, 2021, and continuing through January 30, 2026; and

THEREFORE, having reached concurrence and acceptance of the procurement process and the contract stipulations, The City of Fort Pierce, FL agrees to enter into a contract with **True North Emergency Management, LLC.** for Disaster Debris Management & Consulting Services under the original terms, conditions, and pricing of the January 19, 2021, Contract No. C21-01-109 with the additional terms as follows:

1. The above recitals are true and correct and incorporated herein.

2. The parties understand, acknowledge and agree that City of Fort Pierce shall be substituted for any reference to St. Lucie County, Florida or County and as user or buyer of the CONTRACTOR'S goods and/or services provided that such reference does not increase City of Fort Pierce's liability and/or responsibilities for goods and/or services beyond those specifically described in Exhibit I of this Agreement. The Parties' Agreement shall consist of these terms and conditions, Exhibit I, and Exhibit II (hereinafter referred to as the "Agreement"). If there is a conflict between these documents, then in order of preference the terms and conditions contained in this document control first, then Exhibit I, then Exhibit II.

3. CONTRACTOR agrees that Exhibit "II", FEMA Public Assistance Contract Provisions, shall be made part of the Agreement and apply (as applicable) to facilitate City of Fort Pierce's attempt to seek reimbursement from the Federal Emergency Management Agency ("FEMA Reimbursement"), of all, or a portion of, the payments made to CONTRACTOR by City of Fort Pierce. All references herein, to laws, regulations, or standards, shall also mean future amendments, and/or modifications, and/or changes to the same. Unless agreed to, otherwise in writing, signed by both Parties, under no conditions shall CONTRACTOR have a right, and/or claim, to recover any portion of the FEMA Reimbursement that is sought or may be sought by City of Fort Pierce.

4. **Address change for the City**: Notwithstanding the address and contract information for the government entity as set out in Exhibit "I", CONTRACTOR agrees to send notices and invoices to, and will conduct all business with:

City of Fort Pierce, Florida
Attention: Finance
100 N. U.S. Hwy 1, Fort Pierce, FL 34954
Telephone: (772) 467-3000
Email: dfaniel@cityoffortpierce.com

5. At all times, CONTRACTOR shall comply with Florida's public records laws. CONTRACTOR shall abide by all public records laws, and specifically: (1) Keep and maintain public records required by the public agency to perform the service; (2) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law; (3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the public agency; (4) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CITY OF FORT PIERCE'S CUSTODIAN OF PUBLIC RECORDS AT PUBLICRECORDS@CITYOFFORTPIERCE.COM OR 772-467-3065; LOCATED AT 100 N. US HIGHWAY 1, FORT PIERCE, FL 34950.

6. Nothing contained in Exhibit "I", or this Agreement is intended to or shall be read to waive the City's Sovereign Immunity or to increase the limits thereto, pursuant to section 768.28, Florida Statutes.

7. All requirements of Section 448.095, Florida Statutes, shall be complied with by Contractor. In accordance with, Section 448.095, Florida Statutes, Contractor shall register with and utilize the E-Verify System operated by the United States Department of Homeland Security to verify the employment eligibility of all new employees hired during the term of the Agreement and shall expressly require any subcontractors performing work or providing services pursuant to this Agreement to likewise utilize the E-Verify System to verify the employment eligibility of all new employees hired by the subcontractor during the term of this Contract. If Contractor enters into a contract with a subcontractor performing work or providing services on its behalf, Contractor shall also require the subcontractor to provide an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Information on registration for and use of the E-Verify System can be obtained via the internet at the Department of Homeland Security Web site: http://www.dhs.gov/E-Verify. Contractor shall, upon request, provide evidence of compliance with this provision to the City. An agreement terminated pursuant to Section 448.095 is not a breach of contract and may not be considered as such. If the City terminates this Agreement with Contractor, Contractor may not be awarded a public contract for at least one (1) year after the date on which the contract was terminated. Contractor is liable for any additional costs incurred by the City as a result of the termination of this Agreement under Section 448.095, Florida Statutes.

8. CONTRACTOR acknowledges and agrees, in Exhibit "III", an affidavit made part of this Agreement, that CONTRACTOR does not use coercion for labor or services as attested to and signed by an officer or representative of CONTRACTOR in accordance with Florida Statute Section 787.06(13).

9. **Breach of Contract During Emergency Recovery Periods for Natural Emergencies**: As part of this Agreement for goods or services related to emergency response for a natural emergency entered into, renewed, or amended on or after July 1, 2025, and upon breach by CONTRACTOR during an emergency recovery period, CONTRACTOR shall pay a $5,000 penalty and damages, which may be either actual and consequential damages or liquidated damages. As used in this section, the term "emergency recovery period" means a 1-year period that begins on the date that the Governor initially declared a state of emergency for a natural emergency.

Having full authority, the parties do hereby complete this Agreement by signing below:

CONTRACT FOR CONSULTING/PROFESSIONAL SERVICES
DISASTER DEBRIS MANAGEMENT & CONSULTING SERVICES

THIS CONTRACT is made as of the 19th day of January, 2021, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, hereinafter referred to as the "County", and **TRUE NORTH EMERGENCY MANAGEMENT, LLC**, hereinafter referred to as "Consultant".

WITNESSETH:

WHEREAS, pursuant to Section 287.055, Florida Statutes, the County solicited proposals for non-exclusive Contracts to perform professional services for Disaster Debris Monitoring Management and Consulting Services from qualified firms for the performance of these services; and,

WHEREAS, at the regularly scheduled meeting on January 19, 2021, The Board of County Commissioners approved the short list of firms, permission to negotiation a continuing contract, and authorized the execution of an agreement for Continuing professional services between County and Consultant hereinafter referred to as "Contract"; and,

WHEREAS, the Consultant is willing and able to render professional services for various projects on an as-needed basis and for the compensation and on the terms hereinafter set forth; and,

NOW, THEREFORE, the parties hereto, in consideration of the mutual covenants, agreements, terms, and condition contained herein, do agree as follows:

1. **RECITALS**

The Recitals set forth above are fully incorporated into the Contract by reference.

2. **SERVICES**

The Consultant's responsibility under this Contract is to provide professional/consultation services in the area of Disaster Debris Monitoring Management and Consulting Services as the Primary Consultant, as further described in St. Lucie County RFP No. 20-037.

3. **TERM**

The term of the Contract shall be for a period of 3 (three) years beginning on the date first written above. Upon mutual written agreement, this Contract may be extended for 2 (two) additional one-year renewal periods pursuant to the same terms and conditions.

4. **TECHNICAL AND PROFESSIONAL SERVICES**

It shall be the responsibility of the Consultant to work with the County to provide professional services related to disaster debris monitoring management and consulting services for hurricanes,

tornadoes, and other natural and manmade disaster events for St. Lucie County. Each project will require a separate work authorization. The work authorization shall set out the scope of work, time of performance and compensation schedule for each project.

5. **CONTRACT DOCUMENTS**

The Contract Documents which comprise the Contract between the County and the Consultant are attached hereto and made part hereof and consist of the following:

A. This Contract, consisting of pages 01 through 20 inclusive.

B. Consultant's Proposal, consisting of:
Price Proposal Form
Vendor Affidavit Regarding Scrutinized Company List
Certification Regarding Lobbying
Certification Regarding Debarment, Suspension Ineligibility and Voluntary Exclusion
Signed Addendums No. 01 to 05, inclusive

C. RFP Documents, consisting of 35 pages, inclusive

D. Addenda No. 01 to 05, inclusive.

E. Insurance Certificates which shall be provided by the Contractor, along with the return of an executed copy of this Contract.

F. Any Modifications, including change orders, duly delivered after execution of this Contract.

Except for duly authorized and executed Modifications including but not limited to change orders and contract amendments, any conflict between the terms and conditions of this Contract and the terms and conditions of any of the other contract documents shall be interpreted in favor of this Contract.

6. **PERIOD OF SERVICE; WORK AUTHORIZATIONS**

A. The Consultant will be available to begin work promptly after receipt of a fully executed copy of this Agreement. It is agreed that this Agreement shall be considered as a continuing contract and work will be initiated on an assignment by assignment basis. The County reserves the right to select the respective Consultant who the County believes is in its best interest to perform the specified work.

B. If the Consultant's services called for under this Agreement are delayed for reasons beyond the Consultant's control, the time of performance may be adjusted appropriately.

C. Specific work assignments shall be set forth in individual Work Authorizations which will be issued to the Consultant. All Work Authorizations shall be executed on behalf of the County in accordance with the St. Lucie County Purchasing Policy. The Work Authorization shall describe the scope of the work to be performed and shall set forth the schedule for completion of the work.

The County shall provide all criteria and full information as to County's requirements for the assignment and designate in writing a person with authority to act on County's behalf on all matters concerning this assignment.

7. **TIME OF PERFORMANCE**

Each project performed pursuant to this Agreement shall be performed in a timely manner without unreasonable delay within the time period identified in the work authorization. If the work is not fully completed according to the terms of the Contract and within the time limits stipulated in the individual work authorization, it is hereby acknowledged that the County will suffer damages which are not capable of ascertainment or calculation, and therefore the Consultant shall pay the County liquidated damages, a sum of which will be outlined in each individual work authorization, per day for each day following the required completion date, until the date upon which actual completion occurs.

8. **COMPENSATION**

The Consultant shall be compensated for all services satisfactorily completed in accordance with the terms and conditions of this Agreement and each work authorization pursuant to the approved Price Proposal Form. All invoices presented to the County for payment shall be on a Request for Payment form approved by the County.

9. **GENERAL CONDITIONS**

A. The Project Manager for the County is George Landry at (772) 462-1846. The Project Manager for the Consultant is Derrick P. Tucker, P.E. at (601) 506-3298.

B. It is understood and agreed that the Consultant's services under this Agreement do not include participation, whatsoever, in any litigation. Should such services be required, a supplemental agreement may be negotiated between the County and the Consultant describing the services desired and providing a basis for compensation to the Consultant.

B. Upon the Consultant's written request, the County will furnish or cause to be furnished such reports, studies, instruments, documents, and other information as the Consultant and County mutually deem necessary; and the Consultant may rely upon same in performing the services required under this Agreement.

10. **TRUTH-IN-NEGOTIATION CERTIFICATE**

Execution of this Agreement by Consultant shall act as the execution of as truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete and current at the time of execution of the Agreement. The original Agreement rates and any additions thereto shall be adjusted to exclude any significant sums by which County determines the Agreement rate(s) was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such rate adjustments shall be made within one year following the end of this Agreement.

11. **DEFAULT/TERMINATION**

A. FOR CAUSE

If either party fails to fulfill its obligations under this Agreement in a timely and proper manner, the other party shall have the right to terminate this Agreement by giving written notice of any deficiency and by allowing the party in default seven (7) calendar days to correct the deficiency. If the defaulting party fails to correct the deficiency within this time, this Agreement shall terminate at the expiration of the seven (7) calendar day time period.

With regard to the Consultant, the following items shall be considered a default under this Agreement:

(1) If the Consultant should be adjudged bankrupt, or if he, or it, should make a general assignment for the benefit of his, or its, creditors, or if a receiver should be appointed on account of his, or its, insolvency.

(2) If the Consultant should persistently or repeatedly refuse or fail, except in cases for which an extension of time is provided, to provide the services contemplated by this Agreement.

(3) If the Consultant disregards laws, ordinances, or the instructions of the Project Manager or otherwise is guilty of a substantial violation of the provisions of the Agreement.

In the event of termination, the Consultant shall only be entitled to receive payment for work satisfactorily completed prior to the termination date.

B. WITHOUT CAUSE

Either party may terminate the Agreement without cause at any time upon thirty (30) calendar days prior written notice to the other party. In the event of termination, the County shall compensate the Consultant for all authorized work satisfactorily performed through the termination date.

C. SCRUTINIZED COMPANIES TERMINATION

The County may immediately terminate the Contract without cause at any time upon ascertaining that pursuant to § 287.135, Florida Statutes, a company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with an agency or local government entity for goods or services if at the time of bidding or submitting a proposal for a new contract or renewal of an existing contract, or at any time thereafter, the company: (1) is on the Scrutinized Companies that Boycott Israel List, created pursuant to § 215.4725, Florida Statutes, or is engaged in a boycott of Israel; (2) is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to § 215.473, Florida Statutes; or (3) is engaged in business operations in Cuba or Syria. Furthermore, the County may immediately terminate the Contract if it is determined that the company submitted a false certification stating that it was not (1) on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel; (2) was not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; (3) or was not engaged in business operations in Cuba or Syria when in fact the

company was engaged in such activities at the time of the bid or proposal, or at the time of entering into or renewing the Contract.

12. **SUB-CONSULTANTS AND SUBCONTRACTORS**

In the event the Consultant requires the services of any sub-consultant, subcontractor or professional associate in connection with the services to be provided under this Agreement, Consultant shall secure the written approval of County Project Manager before engaging such sub-consultant, subcontractor or professional associate.

If a sub-consultant fails to perform or make progress, as required by this Contract, and it is necessary to replace the sub-consultant to complete the work in a timely fashion, the Consultant shall promptly do so, subject to acceptance of the new sub-consultant by the County. The substitution of a subcontractor shall not be adequate cause to excuse a delay in the performance any portion of this contract as set forth in the Scope of Work.

The Consultant, its sub-consultants, agents, servants, or employees agree to be bound by the Terms and Conditions of this Contract and its agreement with the sub-consultant for work to be performed for the County the Consultant must incorporate the terms of this contract.

13. **FEDERAL AND STATE TAX**

The County is exempt from payment of Florida State Sales and Use Taxes. The County will sign an exemption certificate if submitted by the Consultant. The Consultant shall not be exempted from paying sales tax to its suppliers for materials used to fulfill contractual obligations with the County, nor is the Consultant authorized to use the County's Tax Exemption Number in securing such materials. The Consultant shall be responsible for payment of its own and its share of its employees' payroll, payroll taxes, and benefits with respect to this Contract.

14. **INSURANCE**

The Consultant shall procure and maintain during the life of this Agreement insurance of the types and subject to the limits set forth below. The Consultant shall also provide the County with evidence of this insurance in the form of Certificates of Insurance which shall be subject to the County's approval for adequacy. The County shall be an Additional Insured on policies of Commercial General Liability with respect to all claims arising out of the work performed under this Agreement. The County shall be given thirty (30) days prior written notice of any material changes or cancellations of the policies. If sub-contractors are used by the Consultant, it shall be the responsibility of the Consultant to ensure that all its sub-contractors comply with all the insurance requirements contained herein relating to such sub-contractors.

Except as otherwise stated, the amounts and types of insurance shall conform to the following minimum requirements:

A. **COMMERCIAL GENERAL LIABILITY**

The Consultant shall provide and maintain during the life of this Agreement, at his, its or their own expense, Commercial General Liability insurance on an occurrence basis for a minimum combined single

limit of $1,000,000.00 per occurrence, $2,000,000.00 general aggregate for claims of bodily injury including death, property damage and personal injury. Contractual Liability coverage shall be included.

B. **COMMERCIAL AUTO LIABILITY**

The Consultant shall provide and maintain during the life of this Agreement, at his, its or their own expense, Business Commercial Auto Liability for claims of bodily injury and property damage for minimum limits of $1,000,000.00 combined single limit.

C. **WORKERS' COMPENSATION**

The Consultant shall provide and maintain during the life of this Agreement, at his, its or their own expense, Workers' Compensation insurance coverage to apply for all employees for Florida statutory limits. Coverage B, Employers Liability, shall be written for a minimum liability at $500,000.00 per occurrence.

D. **PROFESSIONAL LIABILITY**

The Consultant shall provide and maintain during the life of this Agreement, at his, its or their own expense, Professional Liability insurance on a claims made basis for a minimum of $1,000,000.00 coverage.

15. **INDEMNIFICATION**

The Consultant covenants and agrees at all times to indemnify and hold harmless the agency, and its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the design professional and other persons employed or utilized by the design professional in the performance of the Agreement. The Consultant hereby acknowledges that the payments made under this Agreement include specific consideration for the indemnification herein provided. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.08, Florida Statute.

The Consultant, without exemption, shall indemnify and hold harmless, the County, State of Florida, the Federal Government its employees, representatives and elected officials from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or item manufactured by the Consultant. Further, if such a claim is made, or is pending, the Consultant may, at its option and expense, procure for the County the right to use, replace, or modify the item to render it non -infringing. If none of the alternatives are reasonably available, the County agrees to return the article on request to the Consultant and receive reimbursement. If the Consultant used any design, device or materials covered by letters, patent or copyright, it is mutually agreed and understood, without exception, that the Contract prices shall include all royalties or cost arising from the use of such design, device or materials in any way involved in the work.

16. **ASSIGNMENT**

The County and Consultant each binds itself and its successors, legal representatives, and assigns to the other party to this Agreement and to the partners, successors, legal representatives, and permitted

assigns of such other party, in respect to all covenants of this Agreement; and, neither the County nor the Consultant will assign or transfer its rights and obligations in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of any public body which may be a party hereto.

The Consultant agrees that the persons named in the scope of work shall provide services as described therein. The services of the person(s) so named are a substantial inducement and material consideration for this Agreement. In the event such persons can no longer provide the services required by this Agreement, the Consultant shall immediately notify the County in writing and the County may elect to terminate this Agreement without any liability to the Consultant for unfinished work product. The County may elect to compensate the Consultant for unfinished work product, provided it is in a form that is sufficiently documented and organized to provide for subsequent utilization in completion of the work product.

17. **PUBLIC RECORDS**

The Consultant shall allow public access to all documents, papers, letters, or other material subject to the provisions of Section 119, Florida Statutes, and made or received by the Consultant in conjunction with this Agreement. Specifically, the Consultant shall:

(a) Keep and maintain public records required by the County to perform the service.

(b) Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Section 119, Florida Statutes or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract if the Consultant does not transfer the records to the County.

(d) Upon completion of the Contract, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of the Contract, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public record disclosure requirements. If the Consultant keeps and maintains public records upon completion of the Contract, the Consultant shall meet all applicable requirements for retaining public records. All record stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology system of the County.

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF

PUBLIC RECORDS AT (772)462-1441, BellamyS@stlucieco.org, COUNTY ATTORNEY'S OFFICE 2300 VIRGINIA AVENUE, FORT PIERCE, FL 34982

18. **CONFLICT OF INTEREST**

The Consultant represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder, as provided for in Section 112.311, Florida Statutes. The Consultant further represents that no person having any interest shall be employed for said performance.

The Consultant shall promptly notify the County in writing by certified mail of all potential conflicts of interest prohibited by existing state law for any prospective business association, interest or other circumstance which may influence or appear to influence the Consultant's judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that the Consultant may undertake and request an opinion of the County as to whether the association, interest or circumstance would, in the opinion of the County, constitute a conflict of interest if entered into by the Consultant. The County agrees to notify the Consultant of its opinion by certified mail within thirty (30) days of receipt of notification by the Consultant. If, in the opinion of the County, the prospective business association, interest or circumstance would not constitute a conflict of interest by the Consultant, the County shall so state in the notification and the Consultant shall, at his/her option, enter into said association, interest or circumstance and it shall be deemed not in conflict of interest with respect to services provided to the County by the Consultant under the terms of this Agreement

19. **EXCUSABLE DELAYS (FORCE MAJEURE)**

Neither party shall be liable to the other for failure to perform its obligations hereunder if and to the extent that such failure to perform results from causes beyond its reasonable control (financial difficulty shall not be considered a cause beyond a party's control), all of which causes herein are called "Force Majeure", including, but without being limited to, strikes, lockouts, or other industrial disturbances; fires; unusual climatic conditions; acts of God; acts of a public enemy; or inability to obtain transportation or necessary materials in the open market. Provided, however, that market conditions, labor conditions, construction industry price trends and similar matters which normally impact on the bidding process shall not be considered a Force Majeure. The party unable to perform as a result of force majeure promptly shall notify the other of the beginning and ending of each such period, and County shall compensate Consultant at the rates set forth herein, for the services performed by Consultant hereunder, up to the date of the beginning of such period. If any period of force majeure continues for thirty (30) days or more, either party shall have the right to terminate this Agreement upon ten (10) days prior written notice to the other party.

20. **PLEDGE OF CREDIT, ARREARS**

The Consultant shall not pledge the County's credit or make it a guarantor of payment of surety for any contract, debt, obligation, judgment, lien, or any form of indebtedness. The Consultant further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Contract.

21. **DISCLOSURE AND OWNERSHIP OF DOCUMENTS**

All original sketches, tracings, drawings, computations, details, design calculations, and other documents and plans that result from the Consultant's services under this Agreement are and remain the property of the County as instruments of service. The Consultant shall furnish copies to the County upon completion of such documents.

The County shall, at no additional expense, be furnished one (1) set of reproducible copies of any maps and/or drawings prepared for it by the Consultant. Consultant shall likewise submit copies of all field notes, calculation sheets and computer discs to the County.

22. **INDEPENDENT CONSULTANT RELATIONSHIP**

The relationship of the Consultant to the County will be solely that of a consultant. The Consultant is an independent contractor and is not an employee or agent of the County. Nothing in this Agreement shall be interpreted to establish any relationship other than that of an independent contractor, between the County and the Consultant, its employees, agents, subcontractors, or assigns, during or after the performance of this Agreement. The Consultant will provide the professional and technical services required for the successful completion of this Agreement in accordance with practices generally acceptable within the industry and good ethical standards.

23. **E-VERIFY/ VERIFICATION OF EMPLOYMENT STATUS**

Effective January 1, 2021, As required by Section 448.095(2)(a), Florida Statute, the Consultant and subcontractor shall register with and use the E-Verify System to verify the work authorization status of all newly hired employees. The County, Consultant, or subcontractor may not enter into a Contract unless each party to the Contract registers with and uses the E-Verify System. The Consultant shall provide documentation of their compliance of this requirement to the County upon request.

If the Consultant enters into a contract with a subcontractor, the subcontractor must provide the Consultant with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an authorized alien. The Consultant shall maintain a copy of such affidavit for the duration of this Contract.

The County will not intentionally award contracts to any Consultant who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions of the Immigration and Nationality Act ("INA"). The County shall consider the employment by the Consultant of unauthorized aliens a violation of 8 U.S.C. Section 1324a(e) [Section 274A(e) of the INA]. The Consultant agrees that such violation by the Consultant shall be grounds for the unilateral cancellation of this Contract by the County.

24. **PROHIBITION AGAINST CONTINGENT FEES**

The Consultant warrants that it has not employed or retained any company or person, other than a bonafide employee working solely for the Consultant, to solicit or secure this Agreement, and that he has not paid or agreed to pay any persons, company, corporation, individual or firm, other than a bonafide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration, contingent upon or resulting from the award of making this Agreement.

25. **AUDIT**

The Consultant agrees that the County or any of its duly authorized representatives shall, until the expiration of three years after expenditure of funds under this Agreement, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Consultant involving transactions related to this Agreement. The Consultant agrees that payment(s) made under this Agreement shall be subject to reduction for amounts charged thereto which are found on the basis of audit examination not to constitute allowable costs under this Agreement. The Consultant shall refund by check payable to the County the amount of such reduction of payments. All required records shall be maintained until an audit is completed and all questions arising therefrom are resolved, or three years after completion of the project and issuance of the final certificate, whichever is sooner.

26. **NON DISCRIMINATION**

The Consultant covenants and agrees that the Consultant shall not discriminate against any employee or applicant for employment to be employed in the performance of the Agreement with respect to hiring, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment because of age, sex or physical handicaps (except where based on a bonafide occupational qualification); or because of marital status, race, color, religion, national origin or ancestry.

27. **ENFORCEMENT COSTS**

It is understood and agreed that the Consultant's services under this Agreement do not include any participation, whatsoever, in any litigation. Should such services be required, a supplemental agreement may be negotiated between the County and the Consultant describing the services desired and providing a basis for compensation to the Consultant.

28. **AUTHORITY TO PRACTICE**

The County represents that it is a political subdivision of the State of Florida with the authority to engage the professional service described herein and to accept the obligation for payment for the services.

The County and Consultant each binds itself and its successors, legal representatives, and assigns to the other party to this Agreement and to the partners, successors, legal representatives, and assigns of such other party, in respect to all covenants of this Agreement; and, neither the County nor the Consultant will assign or transfer their interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the party of any officer or agent of any public body which may be a party hereto.

The Consultant hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business, and that it will at all times conduct its business activities in a reputable manner. Proof of such licenses and approvals shall be submitted to the County's representative on an annual basis.

29. **SEVERABILITY**

If any term or provision of this Contract, or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of this Contract, or the application of such terms or provisions to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term provision of this Contract shall be deemed valid and enforceable to the extent permitted by law.

30. **COMPLETE AGREEMENT**

This Agreement states the entire understanding between the parties and supersedes any written or oral representations, statements, negotiations, or agreements to the contrary. The Consultant recognizes that any representations, statements or negotiations made by the County staff do not suffice to legally bind the County in a contractual relationship unless they have been reduced to writing, authorized, and signed by an authorized County representative. This Agreement shall bind the parties, their assigns, and successors in interest.

31. **AMENDMENT**

This Agreement may be amended only with the written approval and agreement of the parties.

32. **MODIFICATIONS OF WORK**

The County reserves the right to make changes in Scope of Work, including alterations, reductions therein or additions thereto. Upon receipt by the Consultant of the County's notification of a contemplated change, the Consultant shall, **in writing**:

1. Provide a detailed estimate for the increase or decrease in cost due to the contemplated change,

2. Notify the County of any estimated change in the completion date, and

3. Advise the County if the contemplated change shall affect the Consultant's ability to meet the completion dates or schedules of this Contract.

If the County so instructs in writing, the Consultant shall suspend work on that portion of the Scope of Work affected by a contemplated change, pending the County's decision to proceed with the change. If the County elects to make the change, the County shall initiate a Contract Amendment and the Consultant shall not commence work on any such change until such written Amendment is signed by the authorized representative for the County.

33. **NOTICE**

All notices, requests, consents, and other communications required or permitted under this Agreement shall be in writing and shall be (as elected by the person giving such notice) hand delivered by messenger or courier service, telecommunicated, or mailed by registered or certified mail (postage prepaid) return receipt requested, addressed to:

As to County:
St. Lucie County Administrator
Administration Annex
2300 Virginia Avenue
Fort Pierce, Pierce, FL 34982

With a Copy To:
St. Lucie County Attorney
Administration Annex
2300 Virginia Avenue
Fort Pierce, Pierce, FL 34982

As to the Consultant:
True North Emergency Management, LLC
2501 Avenue J, Suite 120
Arlington, Texas 76006
Phone: (817) 548-0696
Facsimile: (817) 265-8532

or to such other address as any party may designate by notice complying with the terms of this Section. Each such notice shall be deemed delivered (a) on the date delivered if by personal delivery, (b) on the date upon which the return receipt is signed or delivery is refused or the notice is designated by the postal authorities as not deliverable, as the case may be, if mailed.

34. **CAPTIONS AND PARAGRAPH HEADINGS**

Captions and paragraph headings contained in this Contract are for convenience and reference only and in no way define, describe, extend or limit the scope and intent of this Contract, nor the intent of any provisions hereof.

35. **WAIVER**

No waiver by the County of any provision of this Contract shall be deemed to be a waiver of any other provisions hereof or of any subsequent breach by of the same, or any other provision or the enforcement thereof. County's consent to of or approval of any act by Consultant requiring consent or approval shall not be deemed to render unnecessary the obtaining of County's consent to or approval of any subsequent act by Consultant requiring consent or approval, whether or not similar to the act so consented or approved.

36. **COMPLIANCE WITH LAWS**

The Consultant, its employees, subcontractors or assigns, shall comply with all applicable federal, state, and local laws and regulations relating to the performance of this Agreement. The County undertakes no duty to ensure such compliance, but will attempt to advise Consultant, upon request, as to any such laws of which it has present knowledge.

37. **INTERPRETATION; VENUE**

This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior verbal or written agreements between the parties with respect thereto. This Agreement may only be amended by written document, properly authorized, executed and delivered by both parties hereto. This Agreement shall be interpreted as a whole unit and section headings are for convenience only. All interpretations shall be governed by the laws of the State of Florida. In the event it is necessary for either party to initiate legal action regarding this Agreement, venue shall

be in the Nineteenth Judicial circuit for St. Lucie County, Florida, for claims under state law and the Southern District of Florida for any claims which are justiciable in federal court.

38. **DISPUTE RESOLUTION**

Any disputes relating to interpretation of the terms of this Contact or a question of fact or arising under this Contract shall be resolved through good faith efforts upon the part of the Consultant and the County or its Project Manager. At all times, the Consultant shall carry on the work and maintain its progress schedule in accordance with the requirements of the Contract and the determination of the County or its representatives, pending resolution of the dispute. Any dispute which is not resolved by mutual agreement shall be decided by the County Administrator who shall reduce the decision to writing. The decision of the County shall be final and conclusive unless determined by a court of competent jurisdiction to be fraudulent, capricious, arbitrary, so grossly erroneous as to necessarily imply bad faith, or not be supported by substantial evidence.

39. **MEDIATION**

Prior to initiating any litigation concerning this Contract, the parties agree to submit the disputed issue or issues to a mediator for non-binding mediation. The parties shall agree on a mediator chosen from a list of certified mediators available from the Clerk of Court for St. Lucie County. The fee of the mediator shall be shared equally by the parties. To the extent allowed by law, the mediation process shall be confidential and the results of the mediation or any testimony or argument introduced at the mediation shall not be admissible as evidence in any subsequent proceeding concerning the disputed issue. In the event that mediation is unsuccessful, either party may bring an action to enforce its rights in a Florida court of appropriate venue and jurisdiction.

40. **ANTITRUST ASSIGNMENT**

The Consultant and the County and the State of Florida recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the State of Florida and local governments. Therefore, the Consultant assigns to the State of Florida and the County any and all claims for such overcharges as to goods, materials or services purchased in connection with the Contract.

41. **CONTRACTING WITH SMALL AND MINORITY BUSINESSES, WOMEN'S BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS**

If the Consultant intends to subcontract any portion of the Services covered by this Agreement, the Consultant must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible. Affirmative steps must include:

(1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

(4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and

(5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

42. **EQUAL EMPLOYMENT OPPORTUNITY**

During the performance of this Contract, the Consultant agrees as follows:

A. The Consultant will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Consultant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

B. The Consultant will, in all solicitations or advertisements for employees placed by or on behalf of the Consultant, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

C. The Consultant will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Consultant's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

D. The Consultant will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

E. The Consultant will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

F. In the event of the Consultant's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Consultant may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with

procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

G. The Consultant will include the portion of the sentence immediately preceding paragraph (A) and the provisions of paragraphs (A) through (G) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Consultant will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a Consultant becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the Consultant may request the United States to enter into such litigation to protect the interests of the United States."

43. **CONTRACTING WORK HOURS AND SAFETY STANDARDS ACT**

A. Overtime requirements. No Consultant or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any work week in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

B. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (A) of this section the Consultant and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Consultant and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (A) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (A) of this section.

C. Withholding for unpaid wages and liquidated damages. The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Consultant or subcontractor under any such contract or any other Federal contract with the same prime Consultant or any other federally- assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Consultant, such sums as may be determined to be necessary to satisfy any liabilities of such Consultant or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (B) of this section.

D. Subcontracts. The Consultant or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (A) through (D) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Consultant shall

be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (A) through (D) of this section.

44. **CONTRACTING COMPLIANCE WITH CLEAN AIR AND CLEAN WATER ACT**

I. **CLEAN AIR ACT**

A. The Consultant agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

B. The Consultant agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the FDEM, Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

C. The Consultant agrees to include these requirements in each subcontract exceeding $100,000 financed in whole or in part with federal assistance provided by FEMA.

II. **FEDERAL WATER POLLUTION CONTROL ACT**

A. The Consultant agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

B. The Consultant agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the city of Evans, Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

C. The Consultant agrees to include these requirements in each subcontract exceeding $100,000 financed in whole or in part with federal assistance provided by FEMA.

45. **SUSPENSION AND DEBARMENT**

Federal regulations restrict the County from contracting with parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. Accordingly, a contract or subcontract must not be made with any parties listed on the SAM Exclusions list. SAM Exclusions is the list maintained by the General Services Administration that contains the name of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under certain statutory or regulatory authority. The Consultant can verify its status and the status of its principals, affiliates, and subcontractors at www.SAM.gov.

(1) This Contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Consultant is required to verify that none of the Consultant, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The Consultant must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the County. If it is later determined that the Consultant did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to FDEM and the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The Consultant agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C during the term of this Contract. The Consultant further agrees to include a provision requiring such compliance in its lower tier covered transactions.

46. **CERTIFICATION REGARDING LOBBYING**

Consultants who apply or bid for an award of $100,000 or more shall file the required certification found at APPENDIX A, 44 C.F.R. PART 18. (See attached Exhibit "A"). Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tear up to the recipient.

47. **PROCUREMENT OF RECOVERED MATERIALS**

(1) In the performance of this Contract, the Consultant shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired:

i. Competitively within a timeframe providing for compliance with the Contract performance schedule;

ii. Meeting Contract performance requirements; or

iii. At a reasonable price.

(2) Information about this requirement is available at EPA's Comprehensive Procurement Guidelines web site, http://www.epa.gov/cpg/. The list of EPA-designated items is available at http://www.epa.gov/cpg/products.htm.

48. **ACCESS TO RECORDS**

The following access to records requirements apply to this Contract:

A. The Consultant agrees to provide the County, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books,

documents, papers, and records of the Consultant which are directly pertinent to this Contract for the purposes of making audits, examinations, excerpts, and transcriptions.

B. The Consultant agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

C. The Consultant agrees to provide the FEMA Administrator or his authorized representative's access to construction or other work sites pertaining to the work being completed under the Contract.

49. **DHS SEAL, LOGO AND FLAGS**

The Consultant shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval.

50. **NO OBLIGATION BY FEDERAL GOVERNMENT**

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the County, Consultant, or any other party pertaining to any matter resulting from the contract.

51. **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS**

The Consultant acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Consultant's actions pertaining to this Contract.

52. **SAFE WORKING ENVIRONMENT**

The Consultant must at all times provide a safe working environment, including properly constructed monitoring towers.

Loading site monitors shall be responsible for checking the area for safety considerations, such as downed power lines, children playing in the area, traffic control needs, and safe operation of trucks and equipment; implementing all safety requirements; performing a pre-work inspection of debris collection areas before loading to identify the location of covered utility meters, transformers, fire hydrants, mail boxes, etc., as a baseline to account for any collateral damage as a result of the debris removal operation; and ensuring that debris loads are contained properly before leaving the loading area.

Tower and site monitors shall be responsible for checking the area for safety considerations, such as downed power lines, children playing in the area, traffic control needs, and safe operation of trucks and equipment; and implementing all safety requirements.

Field supervisors shall be responsible for being familiar with, maintaining, and implementing all safety requirements.

53. **LOAD TICKET SYSTEM REQUIREMENTS**

The Consultant must employ the use of a load ticket system that complies with FEMA requirements. Load tickets prepared by loading site monitors must include the following information:

- Contract number (identified by a number or name)
- Prime contractor's name
- Date
- Truck number
- Truck driver's name
- Description of the debris (Vegetation, Construction & Demolition Debris, White Goods, Household Hazardous Waste)
- Load location (GPS or address preferred)
- Loading date/time (departure from collection location)
- Loading Site Monitor name/signature

Load tickets prepared by tower or site monitors must include the following information:

- Truck capacity in cubic yards or tons
- Load size, either cubic yards (percent of capacity) or tons
- Unloading location
- Unloading date/time (arrival at disposal site)
- Tower/Site Monitor name/signature

54. **QUALIFICATIONS OF MONITORS AND STAFF**

The Consultant shall utilize only monitors that are trained and possess skills adequate to fulfill their duties. Labor rates paid to monitors shall be commensurate with skill level required by the job function. Professional engineers and professional qualifications are not required to perform debris monitoring duties. The Consultant must ensure its staff is familiar with FEMA debris removal eligibility criteria.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Agreement in counterparts each of which shall be treated as an original upon the terms and conditions above stated.

PRICE PROPOSAL FORM

RFP No. 20-037
Disaster Debris Management & Consulting Services

Proposer must submit the following prices for the work described in this solicitation. Labor rates should be inclusive of all small equipment, tools, supplies, and materials necessary for the employee to perform the tasks assigned, including those for communications, personal protective equipment, etc. Labor rates include all costs associated with the use, care, and data management of any approved automated debris management system. Any other out of pocket expenses, such as travel related expenses, meal allowances, or hotel rooms shall be reimbursed at cost and must be pre-approved in writing by the County per RFP Section 2-10.7. Respondent may alter the categories listed below or propose a different form of contract (e.g., unit rates) as an alternative. Rates for large equipment (i.e., equipment powered by fuel) may be separately listed. All equipment rates should be inclusive of costs associated with ownership and operation of equipment (including overhead, maintenance, lubrication, fuel, etc.), with the exception of operator labor. The County will pay only for time that equipment is actually in use and will not pay for stand by time. The County reserves the right to select the proposal that it deems most advantageous to the County, in its sole discretion, based on the evaluation factors as described in this RFP.

Position	Hourly Rates**
Project Manager	$ 89.00
Supervising Monitor	$ 79.00
Loading Site Monitor	$ 39.00
TDSRS Site Monitor	$ 39.00
Roving Monitor	$ 39.00
GIS Specialist	$ 69.00
Administrative Support/Data Entry	$ 29.00
Debris Management Consultant	$ 105.00
Data Manager	$ 79.00
	$
	$
	$
	$
	$

Includes all costs, overhead and profit, also includes all lodging, transportation, and meals.

Identify added value benefits (pro bono) related to debris monitoring that your firm will provide. Item/Description: True North's commitment to our clients is evident in the added value benefit of no cost yearly planning and training to St. Lucie County. This includes a comprehensive review of the existing Disaster Debris Management plan with recommendations for additions and improvements as well as a half day training session to be held on premise for the County. This will ensure the County and its departments are trained and prepared in the event of a debris generating disaster. Additionally, ADMS ticketing will be provided to the County at no charge.

Describe processes in place or methods used to ensure hours worked are reasonable and not inflated (attach additional pages, if necessary): True North will coordinate work schedules with contractors 24 hours in advance and provide work schedules to the County's Authorized Representative Accurate scheduling is critical to ensure adequate monitoring is provided to document debris removal without the unneeded cost of excess monitors. Realistic schedules are also necessary to allow the County to track and oversee the project effectively. Monitors and contractors will be expected to follow these these schedules to ensure efficient, and effective project performance. In order to control costs and save public money, True North is diligent in minimizing hours spent on monitoring activities. We will consult with the County on staffing and work planning, with the County having final say on staffing levels.

The undersigned hereby certifies that they have read and understand the contents of this solicitation and agree to furnish at the prices shown above all of the services specified in the RFP document, subject to all instructions, conditions, specifications and attachments hereto. Failure to have read all the provisions of this solicitation shall not be cause to alter any resulting contract or request additional compensation.

The Board of County Commissioners reserves the right to waive any informalities or minor irregularities, reject any and all bids/Proposals which are incomplete, conditional, obscure, or which contain additions not allowed for, accept or reject any bid/Proposals in whole or in part with or without cause, and accept the bid/RFP which best serves the County.

VENDOR AFFIDAVIT REGARDING SCRUTINIZED COMPANY LIST

Pursuant to § 287.135, Florida Statutes, a company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with St. Lucie County for goods or services if at the time of bidding or submitting a proposal for a new contract or renewal of an existing contract, the company: (1) is on the Scrutinized Companies that Boycott Israel List, created pursuant to § 215.4725, Florida Statutes, or is engaged in a boycott of Israel; (2) is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to § 215.473, Florida Statutes; or (3) is engaged in business operations in Cuba or Syria.

If the bidder or contractor is found to have falsified the attached affidavit, the Board of County Commissioners of St. Lucie County may terminate the contract or reject the bid.

STATE OF ~~FLORIDA~~ TEXAS

COUNTY OF TARRANT

BEFORE ME, the undersigned authority, personally appeared

Derrick Tucker, PE, who, being by me first duly sworn, made the following statement:

1. The Business address of (name of bidder or contractor) is:
   2501 Avenue J, Suite 120, Arlington, TX 76006

2. My relationship to True North Emergency Management, LLC (name of bidder or contractor) is Vice President / Program Manager (relationship such as sole proprietor, partner, president, vice president).

3. I understand that "Boycott of Israel" has the same meaning as defined in § 215.4725, Florida Statutes, and means refusing to deal, terminating business activities, or taking other actions to limit commercial relations with Israel, or persons or entities doing business in Israel or in Israeli-controlled territories, in a discriminatory manner. A statement by a company that it is participating in a boycott of Israel, or that it has initiated a boycott in response to a request for a boycott of Israel or in compliance with, or in furtherance of, calls for a boycott of Israel, may be considered by the State Board of Administration to be evidence that a company is participating in a boycott of Israel. The term does not include restrictive trade practices or boycotts fostered or imposed by foreign countries against Israel.

4. I understand that "business operations" means, for purposes specifically related to Cuba or Syria, engaging in commerce in any form in Cuba or Syria, including, but not limited to, acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, military equipment, or any other apparatus of business or commerce.

5. True North Emergency Management, LLC (name of the bidder or contractor) is not on the Scrutinized Companies that Boycott Israel List, created pursuant to § 215.4725, Florida Statutes, or is engaged in a boycott of Israel.
6. True North Emergency Management, LLC (name of the bidder or contractor) is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to § 215.473, Florida Statutes.
7. True North Emergency Management, LLC (name of the bidder or contractor) is not engaged in business operations in Cuba or Syria.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements
(This form MUST be submitted with each bid or offer exceeding $100,000)

The undersigned Proposer certifies, to the best of his or her knowledge, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Consultant, True North Emergency Management, LLC, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION INELIGIBILITY AND VOLUNTARY EXCLUSION

By signing and submitting this proposal, the Proposer (referred to herein as the "prospective lower tier participant") is providing the certification set out below.

(1) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

(2) The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous because of changed circumstances.

(3) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

(4) The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

(5) The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

(6) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-Procurement Programs.

(7) Nothing contained in the foregoing shall be construed to require the establishment of a system of records to render in good faith the certification required by this clause. The knowledge and information of a participant are not

required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(8) Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

(9) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(10) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Please note the contents herein and affix same to the documents you have on hand. Indicate on the Bid Form that this Addendum has been received.

Q1: Due to requirements for social distancing, would the County consider accepting electronic submissions in lieu of hand-delivered or mailed copies?

A1: No electronic or hand delivered cannot be accepted at this time. Proposals can only be submitted via US mail, Fed-ex or UPS. Please see Addendum No. 3.

Q2: Page 24, Part III of the RFP (section 3-2.4, item 4) states that the proposer must "*identify any modification your firm would require to the enclosed sample agreement prior to execution,*" but no sample agreement was provided. Will the County provide a sample agreement for proposers to review prior to award?

A2: A draft contract has been included with this addendum.

Q3: Is the County open to negotiating the terms and conditions of the agreement with the awarded proposer/contractor?

A3: Yes, on a very limited basis. There are certain terms and conditions in our contracts we cannot revise.

Please sign and return by e-mail to ciminod@stlucieco.org or fax to (772) 462-1704.

Q1: The Price Proposal Form on page 26 of the RFP states, "daily and weekly rates shall be based on 12-hour days, seven days per week." However, the positions listed do not typically require equal working hours to perform the scope of work described in the RFP. Will the County consider reissuing the Price Proposal form to reflect weighted hours or hourly rates only, so proposers may provide a more accurate, estimated fee schedule?

A1: Yes, please see revised Price Proposal form. Please use this form in lieu of the form provided in the RFP document.

ST. LUCIE COUNTY, FLORIDA

REQUEST FOR PROPOSALS

Sealed Proposals will be received at the Purchasing Department, 2300 Virginia Avenue, Fort Pierce, FL 34982, until **3:00 P.M.** local time on **Wednesday, April 1, 2020,** for the following:

RFP No. 20-037
Disaster Debris Monitoring Management and Consulting Services
Solid Waste

RFP documents may be obtained via download from www.DemandStar.com or by contacting the Office of the Purchasing Division at 2300 Virginia Avenue, Fort Pierce, Florida, 34982, (772) 462-1700.

Proposals may be either mailed or hand delivered to the Purchasing Department, 2300 Virginia Avenue, 2nd Floor, Room 228, Fort Pierce, FL 34982. Any proposals received after the above stated time will be returned to the bidder unopened.

The Board of County Commissioners reserves the right to waive any informalities or minor irregularities; reject any and all bids/proposals which are incomplete, conditional, obscure, or which contain additions not allowed for; accept or reject any bids/proposal in whole or in part with or without cause; and accept the bid/proposal which best serves the County.

For Bids, RFP's, Bid Results and other information visit the St. Lucie County Purchasing Web Site at: www.co.st-lucie.fl.us

St. Lucie County is an Equal Opportunity/Affirmative Action Employer.

CAUTION: *It is the bidder's/proposer's responsibility to ensure that bids/proposals are received in the Purchasing Department prior to the date and time specified above. Receipt of a bid/proposal in any other County office does not satisfy this requirement.*

GENERAL INFORMATION

PART I

1-1 DEFINITIONS

For the purposes of this Request for Proposals ("RFP"), proposer shall mean contractors, consultants, respondents, organizations, firms, or other persons submitting a response to this Request for Proposals.

1-2 INVITATION TO PROPOSE; PURPOSE

The Board of County Commissioners, St. Lucie County, Florida (the "Board") solicits proposals from responsible proposers to provide "**Disaster Debris Monitoring Management and Consulting Services**" for St. Lucie County.

1-3 ISSUING OFFICE AND LOCATION OF PROPOSAL OPENING

St. Lucie County Purchasing Department
Administration Annex, Room 228
2300 Virginia Avenue, Fort Pierce, Florida 34982

1-4 CONTRACT AWARDS

The Board anticipates entering into a continuing contract with a termination clause with the proposer(s) who submits the proposal judged by the Board to be most advantageous to the County. The County anticipates awarding one (1) primary contract and up to three (3) additional contracts, but reserves the right to award more if in its best interest. The County's debris removal contractor, or any of its affiliates, will be prohibited from submitting a bid in response to this RFP.

The proposer understands that this RFP does not constitute an agreement or a contract with the proposer. An official contract or agreement is not binding until proposals are reviewed and accepted by the Board and a written agreement, or contract is approved by both the Board and the successful proposer(s).

1-5 DEVELOPMENT COSTS

Neither the Board nor its representatives shall be liable for any expenses incurred in connection with preparation of a response to this RFP. Proposers should prepare their proposals simply and economically, providing a straightforward and concise description of the proposer's ability to meet the requirements of the RFP.

1-6 INQUIRIES/INTERPRETATIONS

The County will not respond to oral inquiries. Proposers may mail or fax written inquiries for interpretation of this RFP to:

Desiree Cimino
St. Lucie County Purchasing Department
Administration Annex, Room 228

2300 Virginia Avenue, Fort Pierce, Florida 34982.
(772) 462-1704 (Fax)
E-mail: ciminod@stlucieco.org

The County will respond to written inquiries if received at least 7 working days prior to the date scheduled for receiving the bid/proposals.

The County will record its responses to inquiries and any supplemental instructions in the form of a written addendum. If addenda are issued, the County **will make every attempt to issue such** addenda at least 5 working days before the date fixed for receiving the proposals. This will be adhered to even if the opening date must be postponed in order to observe the time requirements. **Written addenda will be sent to all appropriate planholders.** No interpretation shall be considered binding unless provided in writing by St. Lucie County.

1-7 SITE VISITATIONS- N/A

1-8 TIMETABLES

The Board and the proposers shall adhere to the following schedule in all actions concerning this RFP.

1-8.1 From opening time, the Board and County staff will review and evaluate the proposals on a timely basis.

1-8.2 The Board may enter into a contract after conducting negotiations and obtaining appropriate approvals. The County may notify unsuccessful proposers at this time.

1-9 DELAYS

The County may delay scheduled due dates if it is to the advantage of the County. The County will notify proposers of all changes in scheduled due dates by written addenda.

1-10 PROPOSAL SUBMISSION AND WITHDRAWAL

The County will receive proposals at the following address:

St. Lucie County Purchasing Department
Administration Annex
2300 Virginia Avenue, Room 228
Fort Pierce, Florida 34982

To facilitate processing, please mark the outside of the envelope with the **RFP No. 20-037 Disaster Debris Monitoring Management and Consulting Services,** next to the vendor name and address.

Proposers shall submit 8 proposals, **one marked original on the outside with an original signature inside, one electronic copy on USB/Flash drive** and 6 hard copies. All proposals shall be submitted in a sealed package marked as

noted above. The proposer may submit the proposal in person, courier or by mail.

Proposers may withdraw their proposals by notifying the County in writing at any time prior to the opening. Proposers may withdraw their proposals in person or through an authorized representative. Proposers and authorized representatives must disclose their identity and provide a signed receipt for the proposal.

Proposals, once opened, become the property of the County and will not be returned to the Proposers. Upon opening, proposals become "public records" and shall be subject to public disclosure in accordance with Chapter 119, Florida Statutes.

Telephone confirmation of timely receipt of the proposal may be made by calling (772) 462-1700 before proposal opening time. Proposals received after the established deadline will be returned unopened to the proposer.

1-11 IRREGULARITIES; REJECTION OF PROPOSALS

Proposals not meeting stated minimum terms and qualifications may be rejected by the County as non-responsive or irregular. However, the County reserves the right to waive any irregularities, technicalities or informalities in any proposal. The County reserves the right to allow for the clarification of questionable entries and for the correction of typographical and mathematical errors, reject the proposal of any proposer in arrears or in default upon any debt or contract to the Board of County Commissioners of St. Lucie County or who have failed to perform faithfully any previous contract with the County or with other governmental jurisdictions. The County reserves the right to reject any or all proposals without cause.

1-12 ADDENDA

If revisions become necessary, the County will provide written addenda at least five working days prior to the opening date to all proposers who receive the RFP. This will be adhered to even if the opening date must be postponed in order to observe the time requirements. Any changes to the RFP will be made available for all prospective proposers to receive. Although we will make an attempt to notify you of the addendum, it is the sole responsibility of the proposer to ensure it is received.

1-13 EQUAL OPPORTUNITY

The County recognizes fair and open competition as a basic tenet of public procurement and encourages participation by minority and women business enterprises.

Further, for contracts funded in whole or in part with Federal funding's, the regulation at 2 C.F.R. § 200.321 requires, where subcontracting is permitted, contractors to take the following affirmative steps:

I. Solicitation Lists. The Contractor must place small and minority businesses and women's business enterprises on solicitation lists.

II. Solicitations. The Contractor must assure that it solicits small and minority businesses and women's business enterprises whenever they are potential sources.

III. Dividing Requirements. The Contractor must divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses and women's business enterprises.

IV. Delivery Schedules. The Contractor must establish delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women's business enterprises.

V. Obtaining Assistance. The Contractor must use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

The County requests minority and women business enterprises to submit evidence of such classification with their proposals.

1-14 ORAL PRESENTATION

At their discretion, the County may require any proposer to make an oral presentation of the proposal. These presentations provide an opportunity for the proposer to clarify the proposal for the County. The County will schedule any such presentations.

1-15 INSURANCE

The proposer, if awarded a contract, shall maintain insurance coverage reflecting the minimum amounts and conditions required by the County as follows:

Worker's Compensation
$500,000 by accident - each accident
$500,000 by disease - each employee
$500,000 by disease - policy limit

Commercial General Liability
$1,000,000 per occurrence
$2,000,000 per job aggregate

Commercial Auto Liability
Combined Single Limit, Bodily Injury/Property Damage
$1,000,000

Professional Liability
$1,000,000 aggregate

1-16 LOBBYIST DISCLOSURE REQUIREMENT

Pursuant to Article IV of Chapter 1-2 of the Code of Ordinances of St. Lucie County, Florida, any professional consultant who utilizes the services of a

lobbyist as defined in Section 1-2-62 is required to make full disclosure with the Clerk of the Board prior or concurrently with the submission of a proposal to the Board for the performance of any services for the Board. Such disclosure shall include the following:

1-16.1 The name of any lobbyist employed directly or indirectly by the consultant for the purpose of influencing or attempting to influence the selection of the professional consultant by the Board.

1-16.2 The name and address of the lobbyist.

1-16.2 The length of such agreement, contract or understanding and the amount of any fee, gratuity, compensation or consideration paid or promised to be paid to the lobbyist either before or after hiring whether or not same is set out as compensation for the lobbying or is for other services.

The disclosure shall be filed with the Clerk on forms provided by the Board and such records shall be open to the public.

Additionally, Proposers shall submit the required certification as laid out in 31 U.S.C. § 1352 and provided as Tab F of this RFP. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

1-17 FEASIBILITY STUDIES

The County has established a policy that any professional consultant that contracts with the County as an advisor as to the feasibility of any County capital project, shall not be eligible to participate in any future design work on that project that might become necessary as a result of the consultant's advice. The Board of County Commissioners (the "Board") may determine to waive this policy by majority vote if the Board determines that there is a compelling reason to waive the policy.

1-18 PUBLIC ENTITY CRIME STATEMENT

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to the County, may not submit a bid on a contract to the County for the construction or repair of a public building or public work, may not submit bids on leases of real property to the County, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with the County, and may not transact business with the County in excess of $10,000.00 for a period of 36 months from the date of being placed on the convicted vendor list.

The County will not intentionally award publicly-funded contracts to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e) [Section 274A(e) of the Immigration and Nationality Act ("INA")]. The County shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the Recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of this Agreement by the County.

1-19 Suspension and Debarment Certification

Any contract entered into as a result of this RFP is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the Proposer is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

The Proposer must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

This certification provided at Part III, Tab F is a material representation of fact relied upon by the County. If it is later determined that the Proposer did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

The Proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The Proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions. The Proposer must execute the required Suspension/Debarment Certification as identified in Part III, Tab F.

STATEMENT OF WORK

PART II

2-1 Acronyms / Abbreviations Used in This Statement of Work:

2-1.1 County: St. Lucie County
2-1.2 FEMA: Federal Emergency Management Agency
2-1.3 FHWA: Federal Highway Administration
2-1.4 OSHA: Occupational Safety and Health Administration
2-1.5 RFP: Request for Proposal
2-1.6 TDSRS: Temporary Debris Storage Reduction Sites

2-2 General:

2-2.1 Hurricanes, tornadoes, and other natural and manmade events frequently produce substantial volumes of debris, creating hazardous conditions that impact public health, welfare, and safety by obstructing roads, by creating obstacles to safe passage of emergency and essential pedestrian and vehicular traffic, and by notably increasing potential exposure to fire and hazardous materials. Debris refers to items and materials broken, destroyed or displaced by a natural or man-made federally declared disaster. Examples of debris include, but are not limited to: vegetative debris, construction and demolition debris, and personal property. To mitigate the hazardous conditions, it is mandatory that there be an early, safe and rapid response to restoring safe and economically viable conditions by the removal of the debris in a prompt and environmentally protective manner

2-2.2 To assist in debris collection during disaster response, St. Lucie County seeks to establish contractual arrangements with at least one (1) primary and up to three (3) additional Proposer(s), to provide management services and technical assistance in regard to the monitoring of disaster debris collection on an as-needed basis. The initial term of the Contract shall be for three (3) years and may be extended for two (2) one (1) year terms at the same prices and conditions, by mutual agreement. The County reserves the right to award more contracts if in its best interest.

2-2.3 The County will assign a Debris Manager to the debris collection/management project and will establish and staff a Debris Management Center. The Debris Management Center will provide a site for overall coordination of the project with the Proposer(s) and local, State, and Federal agencies. Authorized local, State, and Federal agencies will also provide staff to the Debris Management Center to assure a proper level of coordination. The Debris Management Center will be the primary point of contact for the Proposer(s).

2-2.4 The response of the selected monitoring Proposer(s) to the disaster recovery process must be immediate, rapid, and efficient with acceptable cost controls, accountability procedures, written reports and submittals to assure that the County shall have the means to be reimbursed for all eligible disaster recovery costs from appropriate Federal, State, and

private agencies. Response will typically be activated only in the event of an emergency and in accordance with an awarded contract. Response activation will be through a Work Authorization.

2-2.5 Within forty-eight (48) hours of the Work Authorization, the Proposer(s) shall provide an adequate number of professionals and qualified personnel to monitor approximately fifteen (15) debris loading sites and four (4) TDSRS. The Proposer(s) shall also provide roving monitors as needed and dictated by demands of the emergency event. The Proposer(s) shall be required to increase its staffing from this point depending upon the severity of the debris-generating event. At a minimum, the Proposer(s) shall be required to have the ability to provide one additional monitor per day if required to meet the needs of the debris haulers.

2-2.6 The Selected Proposer(s) shall be required to replace any debris monitor whose job performance is deemed unsatisfactory at the discretion of the County's Debris Manager.

2-2.7 The Proposer(s) is required to conduct all Debris Monitoring services in compliance with FEMA, FHWA, OSHA, the County, and any other funding agency rules and guidance, as well as Federal laws, regulations, executive orders, and the federal cost principles at 2 C.F.R. Part 200. Selected Proposer(s) shall work closely with the County's Debris Removal Contractor to ensure that all work is FEMA compliant and all documentation is properly obtained, including GPS coordinates and photos. Selected Proposer(s)' failure to utilize federally-approved documentation while performing work may result in nonpayment of services to the Selected Proposer(s) by the County.

2-2.8 The Proposer(s) shall employ and maintain on the work site(s) a qualified accessible project manager(s) or liaison officer(s). At least one (1) accessible and designated project manager or liaison officer in the area of operation shall have full authority to act on behalf of the Proposer(s) and its subcontractors and all communications given to the project manager or liaison officer in writing by the County's authorized representative shall be as binding as if given to the Proposer(s).

2-3 Monitoring Services

Monitoring services to be provided under the proposed contract shall include, but not be limited to following.

2-3.1 The Proposer(s) shall provide assistance in reviewing and developing the County's Debris Management and Removal Plan specific to the emergency event.

2-3.2 The Proposer(s) shall provide training of selected County staff in essential debris management, monitoring, and collection functions to ensure appropriate interface with staff of Debris Collection Contractors and County, State, and Federal agencies.

2-3.3 The Proposer(s) shall provide field monitors at designated locations to ensure that only eligible debris is being removed and to check and verify information on debris removal and at TDSRS located or developed throughout St. Lucie County or the region if necessary as approved by the County.

2-3.4 The Proposer(s) shall provide technical and permitting assistance associated with the need to locate additional TDSRS when requested by the County;

2-3.5 The Proposer(s) shall provide assistance with hiring, scheduling, dispatching, and logistical operations of the field monitors assigned to work areas of storm debris collection. This assistance will include, but not be limited to:

- Recruiting, hiring, training, deploying, and supervising properly equipped monitors;
- Establishing daily schedules for monitors;
- Monitoring and recording the volumetric measurement (cubic yards or gross empty weight) of each truck that is added into service;
- Maintaining records of contract hauler's trucks, to include cubic yardage or loaded weight, time in and time out, number of loads per day, and other data as requested by designated County staff or as required by State, Federal, or other involved agencies;
- Determining truck assignments and providing the necessary vehicle decals or placards for ease of identification and tracking;
- Coordinating with County personnel to respond to problems in the field to include residential and commercial property damage claims in the process of debris removal;
- Establishing a telephone claim reporting system with a local or toll free number and provide staff for the professional management of receiving complaints, inquiries, and/or damage claims;
- Investigating and documenting damage or other claims;
- Surveying the affected areas for special situations or emergent needs to include, but not be limited to, identifying tree stumps and the management of root balls and associated cavities, hazardous trees (including leaners and hangers), construction and demolition debris, or other potentially hazardous situations;
- Maintaining a list of potentially hazardous locations and situations, coordinating and tracking the appropriate dispatch of staff and equipment to remediate the hazard, and making frequent reports to the County regarding the hazard, remedial action, and post-event status;
- Recording on a map the streets where debris has been collected;
- Performing other duties as directed by designated County personnel.

2-3.6 The Proposer(s) shall collect baseline environmental data according to local, State, and Federal agency requirements from the designated TDSRS prior to the opening of these sites.

2-3.7 The Proposer(s) shall assist the County in obtaining necessary local, State, and Federal permits for the designated TDSRS.

2-3.8 The Proposer(s) shall conduct ongoing environmental data collection per local, State, and Federal requirements for the designated TDSRS, per event or as per the Work Authorization.

2-3.9 The Proposer(s) shall provide technical, clerical, and information technology consultation assistance to the County in completing any and all forms necessary for reimbursement of fees and costs from local, State, or Federal agencies, including FEMA of the Department of Homeland Security, the State of Florida, the FHWA, the Department of Housing and Urban Development, or private insurance carriers relating to eligible costs arising out of the disaster recovery effort. This may include, but is not limited to, the timely and accurate completion and submittal of reimbursement requests; preparation and submittal of any and all necessary cost documentation and substantiations; assisting with the preparation of replies to any and all agency requests, inquiries, or potential denials; and assisting in the preparation of potential decision appeals.

2-3.10 The Proposer(s) shall review and validate Debris Removal Contractor(s) invoices prior to submission to the County for processing.

2-3.11 The Proposer(s) shall assist County staff in conducting an annual tabletop exercise(s) to determine the adequacy of the Emergency Debris Management Plan and related process.

2-4 Personnel

The Debris Monitoring Team to be provided by the Proposer(s) shall include, but not be limited to, the following positions.

2-4.1 Project Manager / Liaison Officer: The primary functions of the Project Manager / Liaison Officer shall be to manage and supervise the debris monitoring services provided by the Proposer(s) and to serve as liaison between the Debris Manager and the Proposer(s).

2-4.2 Supervising Monitors: The functions of the Supervising Monitors shall be the following:

- Verify that only eligible debris is being removed from designated public rights-of-way and public property within assigned debris pickup zones;
- Verify adequate photographic documentation of hazardous trees (leaners and hangers);
- Coordinate activities between monitors;
- Provide breaks to monitors;
- Coordinate, research, and make recommendations on damage claims to the Debris Manager;
- Maintain positive public relations in regard to individual complaints;
- Compile and complete necessary reports;
- Investigate and resolve complaints of residents within the limits of the contract;
- Coordinate daily with the Debris Hauler;
- Coordinate daily operations of monitors.

2-4.3 Loading Site Monitors: The primary functions of the Loading Site Monitors are to complete and issue debris load tickets for eligible debris cleared and removed at locations designated by the Debris Management Center and to verify that only eligible debris is being removed from designated eligible sites within assigned debris pickup zones in St. Lucie County. The loading site monitor shall also photographically document hazardous trees (leaners and hangers).

2-4.4 Management Site Monitors: The primary function of the Management Site Monitors is to complete the load ticket and estimate volumes that have been transported to the debris management site for processing, storage, and disposal. Management Site Monitors shall also verify that all trucks leaving the TDSRS have completely emptied all debris from the trucks.

2-4.5 Roving Monitors: The function of the Roving Monitors is to verify that only eligible debris is being removed from eligible property within assigned debris pickup zones in St. Lucie County. The Roving Monitors shall also photographically document hazardous trees (leaners and hangers). The use of Roving Monitors will be at the request of the County, if the County feels they are needed.

2-4.6 Debris Management Consultant

2-4.6.1 The Proposer(s) shall provide, if requested by the County, the services of an experienced professional (Consultant) to assist the County in the operations and coordination of activities at the Debris Management Center. The qualified individual must have direct debris management experience including the management of debris removal operations, the oversight of temporary debris storage and reduction sites, debris recycling and disposal. Emphasis on management and coordination of post debris-causing event recovery and FEMA reimbursement guidelines are required.

2-4.6.2 The Consultant shall report to the Debris Manager. The Consultant shall perform work as assigned which may include but not be limited to review of plans and procedures; drafting task orders, work plans and reports; audit of Debris Removal Contractor efforts and operations; develop information for public dissemination on debris removal; reduction and disposal; and other duties as assigned.

2-4.6.3 The Debris Manager will issue a task order to mobilize the Proposer to provide the Consultant. The Consultant shall be available on site at the Debris Management Center for a minimum of two (2) weeks following mobilization. The Debris Manager shall establish the service requirements and length of time those services are needed based on needs of the County.

2-5 Employment Requirements

2-5.1 All Loading Site, Management Site, Roving, and Supervising Monitors must speak English, be a minimum of eighteen (18) years of age, and have a valid driver's license issued in the United States.

2-5.2 All Loading Site, Management Site, Roving, and Supervising Monitors must have experience in at least one of the following: , solid waste site operations, construction inspector, land clearing operations, , solid waste collections, previous similar monitoring or inspection experience.

2-5.3 All Loading Site, Management Site, Roving, and Supervising Monitors must be capable of working in an outside environment and be able to climb a staircase or ladder of ten (10) feet high.

2-5.4 All Loading Site, Management Site, Roving, and Supervising Monitors must attend a one-half (½) day debris monitor training session to be conducted at a location specified by the Debris Manager before the start of the first shift. Training will be the responsibility of the Proposer(s) and must be approved by the County.

2-6 Operational Requirements

2-6.1 General Operating Procedures: The County has contracts to remove and transport disaster debris from the public access roadways, rights-of-ways and public property within St. Lucie County to designated TDSRS. Each load of eligible debris shall be tracked using a multi-page load ticket or electronically. The Debris Hauler or the Debris Management Center shall provide the load tickets to be used. The load tickets shall be inventoried and logged by the Proposer(s).

2-6.2 Within forty-eight (48) hours of the issuance of the Work Authorization, the Proposer(s) shall be prepared to provide qualified on-site personnel to monitor debris removal operations at up to fifteen (15) debris loading sites located throughout St. Lucie County. Additional sites may be added as debris removal efforts increase. The Proposer(s) must be prepared to provide a minimum of one (1) Loading Site Monitors per site per day at a minimum of a twelve to fourteen (12-14) hour shift, seven (7) days per week. The Debris Manager will determine the exact number and location of loading sites in coordination with the debris removal contractor.

2-6.3 Within forty-eight (48) hours of the issuance of the Work Authorization, the Proposer(s) shall be prepared to provide qualified, on-site personnel to monitor debris receiving operations at up to four (4) TDSRS located throughout St. Lucie County. Additional sites may be added as debris removal efforts increase. The Proposer(s) must be prepared to provide a minimum of two (2) Debris Management Site Monitors per site per day at a minimum of a twelve to fourteen (12-14) hour shift, seven (7) days per week. The Debris Manager will determine the exact number and location of management sites in coordination with the debris removal contractor.

2-6.4 The Proposer(s) must be prepared to provide Roving Debris Monitors as necessary and needed to monitor and verify eligible debris removal functions. The Roving Debris Monitors must be prepared to operate a minimum of twelve to fourteen (12 – 14) hours per day, seven (7) days per week. The Debris Manager will determine the exact number and location of Roving Debris Monitors in coordination with the debris removal contractor and the Proposer(s).

2-6.5 The Proposer(s) shall provide a sufficient number of Supervising Monitors to supervise the work activities of the Debris Loading Site Monitors, the Debris Management Site Monitors, and the Roving Debris Monitors. The Supervising Monitor(s) must be prepared to operate a minimum of fourteen to sixteen (14 – 16) hours per day, seven (7) days per week. Supervising Monitors are generally limited in number. The exact number will be determined by the type of operation and by the Debris Manager with the advice of the Proposer(s) for each specific event. Supervising Monitors will be provided for, but not limited to, the following purposes: One (1) overall supervisor that coordinates with the Debris Manager on a daily basis, one (1) supervisor for each twenty-five (25) monitors and one (1) supervisor to coordinate office activities and supervise and manage damage investigation.

2-6.6 The Proposer(s) shall provide all management, supervision, labor, logistical support, transportation, mobile communications equipment, computer equipment, safety equipment, digital cameras, video cameras, and Automated Debris Management System (ADMS) necessary to initiate and to safely and accurately perform all of the County's debris monitoring activities. Mobile communications equipment shall be sufficient to allow all monitors to remain in contact with dispatch and supervisor(s) at all times.

2-6.7 The Proposer(s) shall maintain and update a log of damages reported, damage corrections, and releases for work by either the property owner or the County.

2-6.8 The Proposer(s) shall maintain and update a log of the tickets inventoried, issued and/or voided.

2-6.9 The Proposer(s) shall maintain and update tower logs of ticket information.

2-6.10 The Proposer(s) shall maintain and update map books issued by the County, marking work complete with date and daily log of activities.

2-6.11 The Proposer(s) shall maintain and update a log of ineligible debris piles.

2-6.12 Monitoring Sites: The Proposer(s) may have Loading Site Monitors stationed at designated "Control Points" chosen by the debris removal contractor and coordinated with the Debris Management Center the day before beginning the work. The "Control Points" must be kept to a management site. The Proposer(s) must be prepared to provide a minimum of one Loading Site Monitors to be stationed at each "Control

Point." As debris loads are completed, the Debris Loading Site Monitor will give the debris load hauler a load ticket that validates where the material originated and that it is eligible for pickup. Load tickets will be issued in accordance with established procedures and at a minimum must contain either a street address or the nearest intersection to be valid. The Debris Management Site Monitor will estimate the volume of debris hauled at the debris management site.

2-7 Safety and Health Standards

2-7.1 Whenever on a loading site or a debris management site, all personnel of the Proposer(s) must wear required safety equipment as necessary to comply with all OSHA, Federal, State, and local requirements. The following are mandatory: hard hat, reflective vest, safety shoes, long pants, appropriate cold or rainy weather clothing, eye and hearing protection.

2-7.2 The Proposer(s) shall maintain a telephone contact list at each loading site and TDSRS of the employees' supervisor, Debris Manager, Debris Management Center and nearest fire, police, and emergency medical facilities.

2-7.3 The Proposer(s) shall ensure that personnel of the Proposer(s) adhere to all appropriate site safety requirements.

2-8 Other Considerations

2-8.1 The Proposer(s) shall supervise and direct all work using qualified labor and proper equipment for all tasks. Safety of the Proposer's personnel and equipment is the responsibility of the Proposer. Additionally, the Proposer shall pay for all materials, personnel, taxes, and fees necessary to perform work under the terms of the proposed contract.

2-8.2 The Proposer(s) must be duly licensed in accordance with federal and state statutory and regulatory requirements to perform the work being sought through this RFP.

2-8.3 The Proposer(s) shall be responsible for determining what licenses, certifications, and permits shall be necessary to perform work under the proposed contract. Copies of all such licenses, certifications, and permits shall be submitted to the Debris Management Center before commencing work.

2-8.4 During the performance of this contract, the Proposer(s) shall be responsible for correcting any notices of violations issued as a result of actions or operations of the Proposer(s) or its subcontractors. Corrections for any such violations shall be at no additional cost to the County.

2-8.5 The Proposer(s) shall be responsible for paying any and all costs associated with violations of law or regulation relative to the activities of the Proposer(s). Such costs might include but are not limited to: site

cleanup and remediation, fines, administrative and civil penalties, and third party claims imposed on the County by any regulatory agency or by any third party as a result of noncompliance with federal, state, or local environmental laws and regulations or nuisance statues by Proposer(s), its subcontractors, or any other persons, corporations or legal entities retained by the Proposer(s) under this contract.

2-8.6 The Proposer(s) must attend all meetings required by Debris Manager to evaluate the performance of all monitors or to discuss any open contract issues.

2-8.7 The Proposer(s) must provide sufficient personnel and management to assure the policies and procedures of work meets the requirements and intent of the proposed contract.

2-8.8 Proposer(s) will supply door hangers and tags for ineligible debris. The County must approve the format for both. Door hangers will be distributed at the discretion of the County for all ineligible debris piles. See Section 2-10.2 for payment information.

2-8.9 The Proposer(s) may be requested to develop a policies and procedures manual and training courses for monitors. The manual and training courses must be approved by the County.

2-8.10 Annually, the debris hauler will present a daylong course in disaster recovery, policies and procedures. The Proposer(s) shall attend and participate in this course.

2-8.11 It shall be the responsibility of the Proposer(s) to certify that the Debris Hauler has collected all eligible debris in accordance with the County, state and federal policies within specified geographical areas. The Proposer(s) shall be financially responsible for costs for collection, disposal and monitoring of all debris found in violation of the certification. For example, if the Proposer certifies that all eligible debris on Street X has been collected and it is subsequently determined that none or a significant amount of the debris on Street X has not been collected, the Proposer(s) shall be financially responsible for those costs incurred by the County to collect uncollected eligible debris on Street X that are not covered by or included within the County's disaster debris contracts.

2-8.12 The Proposer shall not direct the activities of the Debris Hauler unless directed in writing by the Debris Manager.

2-9 Deliverables

2-9.1 At a minimum, the following deliverables (2.9.1.1 through 2.9.1.12) must be provided to the County at the completion of the Work Authorization. However, deliverables shall be in no way limited to the following list. At is sole discretion; the County may add and/or delete deliverables to meet the needs of the County.

2-9.1.1 Original load tickets shall be boxed, bound by date and

sorted by ticket number.

2-9.1.2 Ticket logs including all information from ticket.

2-9.1.3 Daily tower logs.

2-9.1.4 List of all personnel with signatures and initials.

2-9.1.12 Binder(s) with damage reports, completed repairs, and releases if applicable).

2-9.1.13 Binder(s) with issues and final resolution.

2-9.1.14 Map books boxed by pass with daily logs.

2-9.1.15 List of tickets issued to monitors, by monitor, and list of lost/voided tickets.

2-9.1.16 Each debris removal pass may, at the discretion of the County, have a door hanger placed at each residence or street sign hanger placed at key intersections to indicate pickup has occurred. A report describing the location of hangers shall be provided to the County.

2-9.1.17 Each pile of ineligible debris will be tagged and a list compiled and submitted to the County. The County must approve format of the ineligible debris tag.

2-9.1.11 Daily Report -- The Proposer(s) shall prepare and submit daily operational reports throughout the duration of the recovery operations. Daily reports shall document the debris contractors' activities and progress from the previous day and shall be submitted by 10:30 A.M. to the Debris Manager. Each daily report shall contain the following minimum information.

- Correctly and accurately completed load tickets, demonstrating type and amount of debris collected, consistent with all reporting documents;
- The date and times of operation and pick-up and drop-off locations of all debris loading trucks, including truck ID number and capacity and names of truck drivers;
- Reports, maps and graphs to delineate production rates of crews and their equipment, progress by area and estimations of total quantities remaining, time to completion, and daily cumulative cubic yards of debris removed, processed and hauled.

2-9.1.12 **Final** Report -- A final report will be prepared by the Consultant and submitted to the Debris Manager or designee within thirty (30) days of completion of recovery operations. Recovery Operations includes closure and remediation of TDSRS and conclusions of all related operations. At a minimum this report

will include: a discussion of disaster response requirements and results and recommendations for future disaster response.

2-9.2 All deliverables will be submitted both electronically in a PDF format and on paper.

2-10 Payment

2-10.1 The labor rates provided on the Price Proposal Form of all personnel to be provided by the Proposer(s) shall be at the Proposer's standard billing rate.

2-10.2 All labor rates are to be fully burdened to include all taxes, benefits, handling charges, equipment, mileage, rentals, per diem, housing, reproduction, clerical/administrative tasks, record keeping tasks, reporting tasks, quality control, overhead, profits and any other expenses necessary to the execution of a contract to be developed as a result of this RFP. Invoices to be paid based on labor rates must be substantiated with the following (at a minimum):

- a list of personnel assignments, duties, and responsibilities,
- timesheets detailing the personnel performing the work and the date, time, number of hours, and location where the work is performed;
- verification of equipment time (especially as compared to labor time)
- additional documentation such as load tickets and daily reports, as needed.

2-10.3 No administrative, reporting and/or clerical expenses will be paid. Administrative, reporting and/or clerical expenses are to be burdened to labor rates for the Project Manager, Supervising Monitors, Loading Site Monitors, Debris Management Site Monitors, Roving Debris Monitors, and/or the Debris Management Consultant. Billable time shall be limited to hours when debris-hauling trucks are in operation. The Debris Manager shall determine the hours of truck operation and shall specify a starting time for truck operation. The ending time of truck operation shall be determined by the truck load tickets.

2-10.4 All load tickets, forms, reports and other deliverables shall be accurately and correctly submitted in the initial instance of submittal. The Proposer(s) shall not bill and shall not be paid for time spent by any personnel to correct a load ticket, form, report, or other deliverable.

2-10.5 No overtime rates will be paid by the County. The Proposer(s) must comply with all federal and state labor laws, including the Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708).

2-10.6 Payment Schedule - Invoices will be processed for payment only after approval by the Debris Manager. The Proposer(s) shall be responsible for reviewing the debris hauler's deliverables and invoices and certifying their consistency with the Proposer(s)' deliverables and invoices and for resolving any discrepancies that may exist. Approval for payment shall

not be granted until appropriate deliverables are received and determined to be correct, accurate and consistent by the Debris Manager.

2-10.7 Payment of expenses considered incidental to the execution of the proposed contract are the sole discretion of the County. Examples of such expenses include but are not limited to the following: radio and/or television advertising, mass mailings, hanging of doorknockers, and roadside signs. Typically, those expenses related to public information on a countywide basis would be considered incidental. Furthermore, a test the County will use in determining if an expense is considered incidental is how easily the expenses could have been foreseen by the County or Proposer. The more difficult to predict the expense(s), the more likely the expense will be considered incidental to the contract and paid separately from the contract. Issues listed in section 2.8 (other considerations) will not be considered incidental to the contract. For example, tags for ineligible debris would not be considered incidental to the execution of this contract. Proposers may request in writing a predetermination of whether an anticipated cost(s) is incidental prior to submitting their bid in accordance with standard bidding procedures. The County reserves the right to be the sole judge in determining if an expense is considered incidental to the execution of this contract.

2-11 Project Completion – The project will be considered completed when the Debris Manager accepts all work specified under this contract has been completed to his/her satisfaction and all eligible debris has been picked up within the jurisdictions of the County, and all damage and issues relating to the hurricane recovery have been resolved, and any TDSRS have been restored to their original condition or at the sole discretion of the Debris Manager to meet the needs of the County.

INSTRUCTIONS FOR PREPARING PROPOSALS

PART III

3-1 RULES FOR PROPOSALS

The proposal must name all persons or entities interested in the proposal as principals. The proposal must declare that it is made without collusion with any other person or entity submitting a proposal pursuant to this RFP.

3-2 PROPOSAL FORMAT

Proposers shall prepare their proposals using the following format:

3-2.1 *Letter of Transmittal: – Tab A*

This letter will summarize in a brief and concise manner, the proposer's qualifications. An official authorized to negotiate for the proposer must sign the Letter of Transmittal. The letters should not exceed one page in length.

3-2.2 Firm Qualifications: - Tab B

1. Provide a brief profile of the firm, including the types of services offered; the year founded; form of the organization (corporation, partnership, sole proprietorship); number, size and location of offices; and number of employees.

2. Provide a general description of the firm's financial condition and identify any conditions (e.g., bankruptcy, pending litigation, planned office closures, impending merger) that may impede Proposer's ability to complete the project.

3. Describe the firm's experience in performing work of a similar nature to that solicited in this RFP, and highlight the participation in such work by the key personnel proposed for assignment to this project.

4. Describe the firm's experience in filing and receiving Federal and State reimbursements.

5. List of current and future debris management contractual obligations with their current status and projected termination dates. Explain how you will manage these contracts and still meet the requirements of the County's Contract.

6. Explain history of FEMA reimbursements, including;
    a. Closed, active, pending FEMA disputes, audits or lawsuits.
    b. Explanation of unrecovered FEMA reimbursements.

7. Demonstrate that the Proposer has experience performing work as a primary consultant on Disaster Debris Monitoring projects exceeding one million dollars ($1,000,000) per event.

8. Provide an organizational structure of firm; chain of command, organizational and procedural graphics.

9. Identify subcontractors and subconsultants by company name, address, contact person, telephone number and project function. Describe Proposer's experience working with each proposed firm.

10. Provide list of all government agencies for which the Proposer provided emergency disaster recovery services within the last six (6) years. Provide project/event title and brief description

of the work completed, and whether it was as prime consultant or as subconsultant. Proposer should note whether it was part of a joint venture and, if so, whether your firm was prime or secondary consultant.

11. List of all pending lawsuits involving the corporation, partnership or individuals with more than ten percent (10%) interest that are related to the services to be provided under this RFP.

12. List of all judgments from lawsuits in the last three (3) years involving the corporation, partnership or individuals.

13. Identify any issues or concerns of significance that may be appropriate.

14. Provide as a minimum four (4) references for related experience on the enclosed Reference Form. Contact information provided must be accurate and current.

3-2.3 Staff Experience: - Tab C

1. Provide education, experience, and applicable professional credentials of project staff. Proposer will provide experienced staff. Certification or active involvement with disaster preparedness agencies is highly desirable such as: NIMS certification, FEMA Region IV, FEMA National Advisory Council, FEMA National Training Programs (NTP), FEMA Center for Domestic Preparedness (CDP), FEMA Emergency Management Institute (EMI), Florida State Emergency Response Team (SERT), and/or Florida Governor's Hurricane Conference training/instructor.

2. Provide resumes (not more than one (1) page each) of the Project Manager and key persons to be assigned to the contract with emphasis on their experience with similar work.

3. Identify key personnel proposed to perform the work in the specified tasks and include major areas of subcontract work.

4. Detail the ability and experience of the field staff in the performance of said services.

5. Include a project organization chart which clearly delineates communication/reporting relationships among the project staff for Office Staff and On-site Staff.

6. Include a statement that key personnel will be available to the extent proposed for the duration of the project acknowledging that no person designated as "key" to the project shall be removed or replaced without the prior written concurrence of the County.

7. Briefly describe the number of employees and supervisors available for this contract and the firm's ability to secure subcontractors, if necessary.

8. Identify location of the office responsible for this project, the contact person and supervisory personnel who will work on the project, including the relative experience of all professionals proposed for use on the team in the planning and administration of the project.

3-2.4 Project Approach and Understanding: Tab D

1. The Operational Plan shall clearly address all aspects of the services proposed; including debris monitoring services, pre-planning services, operating plan, mobilization timeframes, staffing, management, employee training, documentation procedures, quality assurance, quality control, customer service plans, onsite emergency response and communications, assistance with FEMA Reimbursement, etc.

2. Describe the approach to completing the tasks specified in the Scope of Services and clearly

describe all aspects of the proposed plan of action for the County.

3. Include a statement indicating ability to begin work with minimum notice. Proposer may also propose procedural or technical enhancements/innovations to the Scope of Services which do not materially deviate from the objectives or required content of the Scope of services.

4. Identify any modifications your firm would require to the enclosed sample agreement prior to execution.

3-2.5 Cost Proposal: Tab E

The proposal shall complete the enclosed Price Proposal Form. Labor rates are to be quoted on a fully-burdened basis, incorporating direct labor cost, indirect cost and profit.

3-2.6 Additional Data: Tab F

Completed Certification Regarding Prohibition against Contracting with Scrutinized Companies
Completed Certification Regarding Lobbying
Completed Certification Regarding Debarment, Suspension Ineligibility and Voluntary Exclusion

EVALUATION OF PROPOSALS

PART IV

4-1 EVALUATION METHOD AND CRITERIA

A. General: The County shall be the sole judge of its own best interests, the proposal, and the resulting negotiated agreement. The County reserves the right to investigate the financial capability, reputation, integrity, skill, business experience and quality of performance under similar operations of each proposer, including stockholders and principals before making an award. Awards, if any, will be based on both an objective and subjective comparison of Proposals and Proposers. The County's decisions will be final.

The County's evaluation criteria will include, but shall not be limited to, consideration of the following:

POINT SYSTEM FOR SHORT LISTING AND FINAL SELECTION OF FIRMS

Evaluation Criteria	*Evaluation Points Maximum*
Firm qualifications (Section 3-2.2)	*25*
Staff and Availability (Section 3-2-3)	*25*
Project Approach & Understanding (Section 3-2-4)	*25*
Cost Proposal (Section 3-2.5)	*25*

PRICE PROPOSAL FORM

RFP No. 20-037
Disaster Debris Management & Consulting Services

Proposer must submit the following prices for the work described in this solicitation. Labor rates should be inclusive of all small equipment, tools, supplies, and materials necessary for the employee to perform the tasks assigned, including those for communications, personal protective equipment, etc. Labor rates include all costs associated with the use, care, and data management of any approved automated debris management system. Any other out of pocket expenses, such as travel related expenses, meal allowances, or hotel rooms shall be reimbursed at cost and must be pre-approved in writing by the County per RFP Section 2-10.7. Respondent may alter the categories listed below or propose a different form of contract (e.g., unit rates) as an alternative. Rates for large equipment (i.e., equipment powered by fuel) may be separately listed. All equipment rates should be inclusive of costs associated with ownership and operation of equipment (including overhead, maintenance, lubrication, fuel, etc.), with the exception of operator labor. The County will pay only for time that equipment is actually in use and will not pay for stand by time. The County reserves the right to select the proposal that it deems most advantageous to the County, in its sole discretion, based on the evaluation factors as described in this RFP.

Daily and weekly rates shall be based on 12-hour days, seven days per week.

Position	Hourly Rate	Daily Rates	Weekly Rates
Project Manager	$	$	$
Supervising Monitor	$	$	$
Loading Site Monitor	$	$	$
TDSRS Site Monitor	$	$	$

VENDOR AFFIDAVIT REGARDING SCRUTINIZED COMPANY LIST

Pursuant to § 287.135, Florida Statutes, a company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with St. Lucie County for goods or services if at the time of bidding or submitting a proposal for a new contract or renewal of an existing contract, the company: (1) is on the Scrutinized Companies that Boycott Israel List, created pursuant to § 215.4725, Florida Statutes, or is engaged in a boycott of Israel; (2) is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to § 215.473, Florida Statutes; or (3) is engaged in business operations in Cuba or Syria.

If the bidder or contractor is found to have falsified the attached affidavit, the Board of County Commissioners of St. Lucie County may terminate the contract or reject the bid.

STATE OF FLORIDA

COUNTY OF _____

BEFORE ME, the undersigned authority, personally appeared

_____, who, being by me first duly sworn, made the following statement:

1. The Business address of (name of bidder or contractor) is:_____

   _____

2. My relationship to _____(name of bidder or contractor) is_____(relationship such as sole proprietor, partner, president, vice president).

3. I understand that "Boycott of Israel" has the same meaning as defined in § 215.4725, Florida Statutes, and means refusing to deal, terminating business activities, or taking other actions to limit commercial relations with Israel, or persons or entities doing business in Israel or in Israeli-controlled territories, in a discriminatory manner. A statement by a company that it is participating in a boycott of Israel, or that it has initiated a boycott in response to a request for a boycott of Israel or in compliance with, or in furtherance of, calls for a boycott of Israel, may be considered by the State Board of Administration to be evidence that a company is participating in a boycott of Israel. The term does not include restrictive trade practices or boycotts fostered or imposed by foreign countries against Israel.

4. I understand that "business operations" means, for purposes specifically related to Cuba or Syria, engaging in commerce in any form in Cuba or Syria, including, but not limited to, acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, military equipment, or any other apparatus of business or commerce.

5. _____ (name of the bidder or contractor) is not on the Scrutinized Companies that Boycott Israel List, created pursuant to § 215.4725, Florida Statutes, or is engaged in a boycott of Israel.

6. _____ (name of the bidder or contractor) is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to § 215.473, Florida Statutes.

7. _____ (name of the bidder or contractor) is not engaged in business operations in Cuba or Syria.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements
(This form MUST be submitted with each bid or offer exceeding $100,000)

The undersigned Proposer certifies, to the best of his or her knowledge, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Consultant, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION INELIGIBILITY AND VOLUNTARY EXCLUSION

By signing and submitting this proposal, the Proposer (referred to herein as the "prospective lower tier participant") is providing the certification set out below.

(1) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

(2) The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous because of changed circumstances.

(3) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

(4) The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

(5) The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

(6) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-Procurement Programs.

(7) Nothing contained in the foregoing shall be construed to require the establishment of a system of records to render in good faith the certification required by this clause. The knowledge and information of a participant are not

required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(8) Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

(9) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(10) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

May 7, 2020

To: All Prospective Bidders:

The following changes, additions, clarifications, and deletions amend the Bid Documents of the above captioned Project, and shall become an integral part of the Contract Documents. Please note the contents herein and affix same to the documents you have on hand. Indicate on the Bid Form that this Addendum has been received.

Q1: Due to requirements for social distancing, would the County consider accepting electronic submissions in lieu of hand-delivered or mailed copies?

A1: No electronic or hand delivered cannot be accepted at this time. Proposals can only be submitted via US mail, Fed-ex or UPS. Please see Addendum No. 3.

Q2: Page 24, Part III of the RFP (section 3-2.4, item 4) states that the proposer must "*identify any modification your firm would require to the enclosed sample agreement prior to execution,*" but no sample agreement was provided. Will the County provide a sample agreement for proposers to review prior to award?

A2: A draft contract has been included with this addendum.

Q3: Is the County open to negotiating the terms and conditions of the agreement with the awarded proposer/contractor?

A3: Yes, on a very limited basis. There are certain terms and conditions in our contracts we cannot revise.

Please sign and return by e-mail to ciminod@stlucieco.org or fax to (772) 462-1704.

Q1: The Price Proposal Form on page 26 of the RFP states, "daily and weekly rates shall be based on 12-hour days, seven days per week." However, the positions listed do not typically require equal working hours to perform the scope of work described in the RFP. Will the County consider reissuing the Price Proposal form to reflect weighted hours or hourly rates only, so proposers may provide a more accurate, estimated fee schedule?

A1: Yes, please see revised Price Proposal form. Please use this form in lieu of the form provided in the RFP document.

Please sign and return by e-mail to ciminod@stlucieco.org or fax to (772) 462-1704.

*ACTION ITEM - REQUEST FOR PROPOSAL

AGENDA REQUEST

TO: **Board of County Commissioners**

PRESENTED BY: Desiree Cimino, Purchasing Manager

SUBMITTED BY: Office of Management & Budget

SUBJECT: Request for Proposal (RFP) No. 20-037 Disaster Debris Monitoring Management and Consultant Services

BACKGROUND:

On May 20, 2020, responses to RFP No. 20-037, Disaster Debris Monitoring Management and Consultant Services, were opened. Six proposals were received; 241 companies were notified and 32 RFP documents were distributed.

The purpose of this RFP is for a firm to assist in debris collection during disaster recovery. St. Lucie County seeks to establish contractual arrangements, with at least one (1) primary and up to two (2) additional qualified firms, to provide management services and technical assistance in regard to the monitoring of disaster debris collection on an as-needed basis.
Hurricanes, tornadoes, and other natural and manmade events frequently produce substantial volumes of debris, creating hazardous conditions that impact public health, welfare and safety by obstructing roads, by creating obstacles to safe passage of emergency and essential pedestrian and vehicular traffic, and by notably increasing potential exposure to fire and hazardous materials. To mitigate the hazardous conditions, it is mandatory that there be an early, safe and rapid response to restoring safe and economically viable conditions by the removal of the debris in a prompt and environmentally protective manner.

The response of the selected monitoring proposer(s) to the disaster recovery process must be immediate, rapid and efficient with acceptable cost controls, accountability procedures, written reports and submittals to assure that the County shall have the means to be reimbursed for all eligible disaster recovery costs from appropriate federal, state, and private agencies. Response will typically be activated only in the event of an emergency and in accordance with an awarded contract.

On December 9, 2020, the selection committee evaluated and ranked the proposals that were received. the committee members' scores and ranking for each firm are provided in Attachment A.

the short-listed firms in order of ranking are as follows:

1. True North Emergency Management of Arlington, Texas
2. Tetra Tech, Inc. - Maitland, Florida
3. Thompson Consulting Services, LLC - Lake Mary, Florida

PREVIOUS ACTION:

N/A

FINANCIAL IMPACT:

Funds are available in 401-3410-534000-340000, Solid Waste - Other Contractual Services.

RECOMMENDATION:

Staff recommends Board approval to award RFP No. 20-037, Disaster Debris Monitoring Management and Consultant Services, to True North Emergency Management, as the primary consultant and Thompson Consulting Services, Tetra Tech, as the secondary consultants and authorization for the Chairman to sign documents as approved by the County Attorney.

St. Lucie County
First Amendment

DocuSign Envelope ID: 470A4E35-9FF0-4CDF-B8B4-39A2AE819FD3

C21-01-109

FIRST AMENDMENT TO JANUARY 19, 2021 CONTRACT
BETWEEN ST. LUCIE COUNTY AND TRUE NORTH EMERGENCY MANAGEMENT, LLC

THIS FIRST AMENDMENT, is made and entered into this 13 day of Novemba, 2023, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **TRUE NORTH EMERGENCY MANAGEMENT, LLC.**, or his, its of their successors, executors, administrators, and assigns (the "Consultant").

WHEREAS, on January 19, 2021, the parties entered into a contract to provide disaster debris management and consulting services; and,

WHEREAS, the parties desire to amend the Contract to exercise the first one-year renewal option.

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 3. TERM shall be amended to read as follows:

   3. **TERM**

   The term of the Contract shall be for a period of four (4) years beginning on **January 19, 2021** and continuing through **January 18, 2025**. Upon mutual written agreement, this Contract may be extended for one (1) additional one-year renewal period pursuant to the same terms and conditions.

2. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Amendment upon the terms and conditions above stated.

C21-01-109

SECOND AMENDMENT TO JANUARY 19, 2021 CONTRACT
BETWEEN ST. LUCIE COUNTY AND
TRUE NORTH EMERGENCY MANAGEMENT, LLC

THIS SECOND AMENDMENT, is made and entered into this 3 day of December, 2024, by and between **ST. LUCIE COUNTY**, a political subdivision of the State of Florida, (the "County") and **TRUE NORTH EMERGENCY MANAGEMENT, LLC,** or his, its or their successors, executors, administrators, and assigns (the "Contractor").

WHEREAS, on January 19, 2021, the parties entered into a Contract to provide for Disaster Debris Management and Consulting Services; and,

WHEREAS, on November 13, 2023, the parties executed the first amendment to exercise the first one-year renewal options; and,

WHEREAS, the parties desire to further amend the Contract to exercise the second one-year renewal option; and,

NOW, THEREFORE, in consideration of the mutual promise contained herein, the parties agree to amend the Contract as follows:

1. Paragraph 3. **TERM** shall be amended to read as follows:

   3. **TERM**

   The term of this Contract shall begin on **January 19, 2021** and shall continue through and including **January 30, 2026**.

2. Except as amended herein, all other terms and conditions of the Contract shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have accepted, made and executed this Agreement upon the terms and conditions above stated.

CONTRACT PROVISIONS FOR FEMA PUBLIC ASSISTANCE

Pursuant to 2 CFR 200.327 and Appendix II to Part 200, the following federal requirements and contract provisions are incorporated herein, where applicable:

Contractor acknowledges that any subcontracts for more than the simplified acquisition threshold currently set at $250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Contractor acknowledges that all subcontracts in excess of $10,000 must address termination for cause and for convenience by the Contractor including the manner by which it will be affected and the basis for settlement.

Contractor agrees to adhere to contract provisions (1) through (20) below where applicable:

1. **Equal Opportunity**: During the performance of this contract, the CONTRACTOR agrees as follows:
During the performance of this contract, the CONTRACTOR agrees as follows:

   (1) The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

   (2) The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

   (3) The CONTRACTOR will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or

applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the CONTRACTOR's legal duty to furnish information.

(4) The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the CONTRACTOR's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the CONTRACTOR's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The CONTRACTOR will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each sub-contractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:
Provided, however, that in the event a CONTRACTOR becomes involved in, or is threatened with, litigation with a sub-contractor or vendor as a result of such direction by the administering agency, the CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.
The applicant further agrees that it will be bound by the above equal opportunity

clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and sub-contractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a CONTRACTOR debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and sub-contractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2. **Davis-Bacon Act:** CONTRACTOR agrees to abide by the following (*as applicable to projects not solely funded by SLFRF funds*):

(1)

Minimum wages —

(i) *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the CONTRACTOR and such laborers and mechanics. As provided in paragraphs (d) and (e) of this section, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act (40 U.S.C. 3141(2)(B)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(v) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph (a)(4) of this section.

Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided,* That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (a)(1)(iii) of this section) and the Davis-Bacon poster (WH-1321) must be posted at all times by the CONTRACTOR and its sub-contractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) *Frequently recurring classifications.*

(A) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in 29 CFR part 1, a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph (a)(1)(iii) of this section, provided that:

(*1*) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(*2*) The classification is used in the area by the construction industry; and

(*3*) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(B) The Administrator will establish wage rates for such classifications in accordance with paragraph (a)(1)(iii)(A)(*3*) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

(iii) *Conformance.*

(A) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(*1*) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(*2*) The classification is used in the area by the construction industry; and

(*3*) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage

rates contained in the wage determination.

(B) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(C) If the CONTRACTOR and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to *DBAconformance@dol.gov*. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) In the event the CONTRACTOR, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to *DBAconformance@dol.gov,* refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(E) The contracting officer must promptly notify the CONTRACTOR of the action taken by the Wage and Hour Division under paragraphs (a)(1)(iii)(C) and (D) of this section. The CONTRACTOR must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph (a)(1)(iii)(C) or (D) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iv) *Fringe benefits not expressed as an hourly rate.* Whenever the

minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the CONTRACTOR may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(v)

Unfunded plans. If the CONTRACTOR does not make payments to a trustee or other third person, the CONTRACTOR may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided,* That the Secretary of Labor has found, upon the written request of the CONTRACTOR, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis- Bacon Act have been met. The Secretary of Labor may require the CONTRACTOR to set aside in a separate account assets for the meeting of obligations under the plan or program.

(vi)

Interest. In the event of a failure to pay all or part of the wages required by the contract, the CONTRACTOR will be required to pay interest on any underpayment of wages.

(2)

Withholding —

(i)

Withholding requirements. The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in paragraph (a) of this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld. In the event of a CONTRACTOR's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work (or otherwise working in construction or

development of the project under a development statute) all or part of the wages required by the contract, or upon the CONTRACTOR's failure to submit the required records as discussed in paragraph (a)(3)(iv) of this section, the City of Fort Pierce may on its own initiative and after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(3)

Records and certified payrolls —

(i)

Basic record requirements —

(A)

Length of record retention. All regular payrolls and other basic records must be maintained by the CONTRACTOR and any sub-contractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(B) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(C) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph (a)(1)(v) of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B) of the Davis-Bacon Act, the CONTRACTOR must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(D) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

(ii) *Certified payroll requirements —*

(A) *Frequency and method of submission.* The CONTRACTOR or sub-contractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the U.S. Treasury if the agency is a party to the contract, but if the agency is not such a party, the CONTRACTOR will submit the certified payrolls to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce. The prime CONTRACTOR is responsible for the submission of all certified payrolls by all sub-contractors. A contracting agency or prime CONTRACTOR may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires

a legally valid electronic signature; the system allows the CONTRACTOR, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime CONTRACTOR permits other methods of submission in situations where the CONTRACTOR is unable or limited in its ability to use or access the electronic system.

(B)

Information required. The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph (a)(3)(i)(B) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (*e.g.,* the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH-347 or in any other format desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division website at *https://www.dol.gov/sites/dolgov/files/WHD/legacy/files/wh347/.pdf* or its successor website. It is not a violation of this section for a prime CONTRACTOR to require a sub-CONTRACTOR to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime CONTRACTOR for its own records, without weekly submission by the sub-contractor to the sponsoring government agency (or the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records).

(C)

Statement of Compliance. Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the CONTRACTOR or sub-contractor, or the CONTRACTOR's or sub-contractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(*1*)

That the certified payroll for the payroll period contains the information required to be provided under paragraph (a)(3)(ii) of this section, the appropriate information and basic records are being maintained under paragraph (a)(3)(i) of this section, and such information and records are correct and complete;

(*2*) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3; and

(*3*) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(D) *Use of Optional Form WH-347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(C) of this section.

(E) *Signature.* The signature by the CONTRACTOR, sub-contractor, or the CONTRACTOR's or sub-contractor's agent must be an original handwritten signature or a legally valid electronic signature.

(F) *Falsification.* The falsification of any of the above certifications may subject the CONTRACTOR or sub-contractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 3729.

(G) *Length of certified payroll retention.* The CONTRACTOR or sub-contractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iii) *Contracts, subcontracts, and related documents.* The CONTRACTOR or sub-contractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The CONTRACTOR or sub-contractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

(iv) *Required disclosures and access —*

(A) *Required record disclosures and access to workers.* The CONTRACTOR or sub-contractor must make the records required under paragraphs (a)(3)(i) through (iii) of this section, and any other documents that the City of Fort Pierce or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the City of Fort Pierce or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(B) *Sanctions for non-compliance with records and worker access requirements.* If the CONTRACTOR or sub-contractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the CONTRACTOR, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any CONTRACTOR or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under 29 CFR part 6 any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the CONTRACTOR or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(C) *Required information disclosures.* CONTRACTORs and sub-contractors must maintain the full Social Security number and last known address, telephone number, and email address of each covered worker, and must provide them upon request to the U.S. Treasury if the agency is a party to the contract, or to the Wage and Hour Division of the Department of Labor. If the Federal agency is not such a party to the contract, the CONTRACTOR, sub-contractor, or both, must, upon request, provide the full Social Security number and last known address,

telephone number, and email address of each covered worker to the applicant, sponsor, owner, or other entity, as the case may be, that maintains such records, for transmission to the City of Fort Pierce, the CONTRACTOR, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

(4)

Apprentices and equal employment opportunity —

(i)

Apprentices —

(A)

Rate of pay. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the CONTRACTOR will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(B)

Fringe benefits. Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(C)

Apprenticeship ratio. The allowable ratio of apprentices to journeyworkers on the job site in any craft classification must not be greater than the ratio permitted to the CONTRACTOR as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to

paragraph (a)(4)(i)(D) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(4)(i)(A) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(D)

Reciprocity of ratios and wage rates. Where a CONTRACTOR is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the CONTRACTOR's registered program must be observed.

(ii)

Equal employment opportunity. The use of apprentices and journeyworkers under this part must be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5)

Compliance with Copeland Act requirements. The CONTRACTOR shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. Part 3 as may be applicable, which are incorporated by reference into this contract.

(6)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses contained in paragraphs (a)(1) through (11) of this section, along with the applicable wage determination(s) and such other clauses or contract modifications as the U.S. Treasury may by appropriate instructions require, and a clause requiring the sub-contractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime CONTRACTOR is responsible for compliance by any sub-contractor or lower tier sub-contractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and may be subject to debarment, as appropriate.

(7) *Contract termination: debarment.* A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a CONTRACTOR and a sub-contractor as provided in 29 CFR 5.12.

(8) *Compliance with Davis-Bacon and Related Act requirements.* All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) *Disputes concerning labor standards.* Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the CONTRACTOR (or any of its sub-contractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) *Certification of eligibility.*

(i) By entering into this contract, the CONTRACTOR certifies that neither it nor any person or firm who has an interest in the CONTRACTOR's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of 40 U.S.C. 3144(b) or § 5.12(a).

(iii) The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, 18 U.S.C. 1001.

(11) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(ii) Filing any complaint, initiating or causing to be initiated any

proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or 29 CFR part 1 or 3;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or 29 CFR part 1 or 3; or

(iv) Informing any other person about their rights under the DBA, Related Acts, this part, or 29 CFR part 1 or 3.

3. **Contract Work Hours and Safety Standards Act (CWHSSA):** CONTRACTOR hereby agrees to abide by the following:

(1) *Overtime requirements.* No CONTRACTOR or sub-contractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the CONTRACTOR and any sub-contractor responsible therefore shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such CONTRACTOR and sub-contractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of $33 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1).

(3) *Withholding for unpaid wages and liquidated damages —*

(i) *Withholding process.* The City of Fort Pierce may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the

CONTRACTOR so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime CONTRACTOR or any sub-contractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this paragraph

(b) on this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime CONTRACTOR (as defined in § 5.2). The necessary funds may be withheld from the CONTRACTOR under this contract, any other Federal contract with the same prime CONTRACTOR, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime CONTRACTOR, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the CONTRACTOR liability for which the funds were withheld.

(ii)

Priority to withheld funds. The Department has priority to funds withheld or to be withheld in accordance with paragraph (a)(2)(i) or (b)(3)(i) of this section, or both, over claims to those funds by:

(A)

A CONTRACTOR's surety(ies), including without limitation performance bond sureties and payment bond sureties;

(B)

A contracting agency for its reprocurement costs;

(C)

A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a CONTRACTOR, or a CONTRACTOR's bankruptcy estate;

(D)

A CONTRACTOR's assignee(s);

(E)

A CONTRACTOR's successor(s); or

(F)

A claim asserted under the Prompt Payment Act, 31 U.S.C. 3901-3907.

(4)

Subcontracts. The CONTRACTOR or sub-contractor must insert in any subcontracts the clauses set forth in paragraphs (b)(1) through (5) of this section and a clause requiring the sub-contractors to include these clauses in any lower tier subcontracts. The prime CONTRACTOR is

responsible for compliance by any sub-contractor or lower tier sub-contractor with the clauses set forth in paragraphs (b)(1) through (5). In the event of any violations of these clauses, the prime CONTRACTOR and any sub-contractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier sub-contractors, and associated liquidated damages and may be subject to debarment, as appropriate.

(5) *Anti-retaliation.* It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

(i) Notifying any CONTRACTOR of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

(ii) Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

(iii) Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

(iv) Informing any other person about their rights under CWHSSA or this part.

4. <u>Clean Air Act and Federal Water Pollution Control Act:</u>

<u>Clean Air Act</u>
CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury.

<u>Federal Water Pollution Control Act</u>
The CONTRACTOR agrees to comply with all applicable standards, orders, or

regulations issued pursuant to the federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 et seq.
The CONTRACTOR agrees to report each violation to the City of Fort Pierce and understands and agrees that the City of Fort Pierce will, in turn, report each violation as required to assure notification to the Florida Department of Commerce, if applicable), U.S. Treasury, and the appropriate Environmental Protection Agency Regional Office.
The CONTRACTOR agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with federal assistance provided by U.S. Treasury

5. **Debarment and Suspension:** This contract is a covered transaction for purposes of 2 C.F.R. Part 180 and 2 C.F.R. Part 3000. As such, the CONTRACTOR is required to verify that none of the CONTRACTOR's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
The CONTRACTOR must comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters.
This certification is a material representation of fact relied upon by City of Fort Pierce. If it is later determined that the CONTRACTOR did not comply with 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C, in addition to remedies available to City of Fort Pierce, the federal government may pursue available remedies, including but not limited to suspension and/or debarment.
The bidder or proposer agrees to comply with the requirements of 2 C.F.R. Part 180, subpart C and 2 C.F.R. Part 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

6. **Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352, as amended.** Contractors who apply or bid for an award of more than $100,000 shall file the required certification. Each tier certifies to the tier above that it will not and has not used federally appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the federal awarding agency.

7. **Procurement of Recovered Materials:** In the performance of this contract, the CONTRACTOR shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired-

a) Competitively within a timeframe providing for compliance with the contract performance schedule;

b) Meeting contract performance requirements; or

c) At a reasonable price.

Information about this requirement, along with the list of EPA-designated items, is available at Comprehensive Procurement Guideline (CPG) Program | US EPA. The CONTRACTOR also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

8. **Prohibition on Contracting for Covered Telecommunications Equipment or Services:** CONTRACTOR agrees to adhere to the following:

(a) *Definitions.* As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in US TREASURY Policy 405-143-1, Prohibitions on Expending US Treasury Award Funds for Covered Telecommunications Equipment or Services, as used in this clause—

(b) *Prohibitions.*

1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

2) Unless an exception in paragraph (c) of this clause applies, the CONTRACTOR and its sub-contractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

i. Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

ii. Enter, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or

services as a substantial or essential component of any system, or as critical technology of any system;

iii. Enter, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

iv. Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Exceptions.*

1) This clause does not prohibit Contractors from providing—

i. A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

ii. Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

2) By necessary implication and regulation, the prohibitions also do not apply to:

i. Covered telecommunications equipment or services that:

a. Are <u>not used</u> as a substantial or essential component of any system; <u>and</u>

b. Are <u>not used</u> as critical technology of any system.

ii. Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d) *Reporting requirement.*

1) In the event the CONTRACTOR identifies covered telecommunications equipment or services used as a substantial or essential component of any

system, or as critical technology as part of any system, during contract performance, or the CONTRACTOR is notified of such by a sub-CONTRACTOR at any tier or by any other source, the CONTRACTOR shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

2) The CONTRACTOR shall report the following information pursuant to paragraph (d)(1) of this clause:

i. Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

ii. Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the CONTRACTOR shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The CONTRACTOR shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments."

9. <u>Domestic Preferences for Procurements:</u>

<u>Domestic Preference for Procurements:</u>
The CONTRACTOR should, to the greatest extent practicable and consistent with law, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.
<u>For purposes of this clause:</u>
Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States."

10. <u>Build America, Buy America Act (BABAA) (*if applicable*):</u>

Contractors and their sub-contractors who apply or bid for an award for an infrastructure project subject to the domestic preference requirement in the Build America, Buy America Act shall file the required certification to the City of Fort Pierce with each bid or offer for an infrastructure project, unless a domestic preference requirement is waived by U.S. Treasury. Contractors and sub-contractors certify that no federal financial assistance funding for infrastructure projects will be provided unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States. BABAA, Pub. L. No. 117-58, §§ 70901-52. Contractors and sub-contractors shall also disclose any use of federal financial assistance for infrastructure projects that does not ensure compliance with BABAA domestic preference requirements. Such disclosures shall be forwarded to the recipient who, in turn, will forward the disclosures to U.S. Treasury, the federal agency; subrecipients will forward disclosures to the pass- through entity, who will, in turn, forward the disclosures to U.S. Treasury.

11. Affirmative Socioeconomic Steps (*if applicable to this Contract*):

When possible, CONTRACTOR should ensure that small businesses, minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms (*See U.S. Department of Labor's list*) take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(6) to ensure that small and minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible.

12. Access to Records. CONTRACTOR agrees to adhere as follows:

The CONTRACTOR agrees to provide City of Fort Pierce, Florida Department of Commerce, the U.S. Treasury Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the CONTRACTOR which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

The CONTRACTOR agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

The CONTRACTOR agrees to provide the U.S. Treasury Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

In compliance with section 1225 of the Disaster Recovery Reform Act of 2018, the City of Fort Pierce and the CONTRACTOR acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the U.S. Treasury Administrator or the Comptroller General of the United States.

13. Compliance with Federal Law, Regulations, and Executive Orders and Acknowledgement of Federal Funding:

This is an acknowledgement that US TREASURY financial assistance will be used to fund all or a portion of the contract. The CONTRACTOR will comply with all applicable federal law, regulations, executive orders, US TREASURY policies, procedures, and directives.

14. No Obligation by Federal Government:

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the recipient or subrecipient, CONTRACTOR, or any other party pertaining to any matter resulting from the contract.

15. Contract Changes or Modifications:

To be allowable under a federal grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

16. Program Fraud and False or Fraudulent Statements or Related Acts:

The CONTRACTOR acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the CONTRACTOR's actions pertaining to this contract.

17. Copyright Materials (*if applicable*):

License and Delivery of Works Subject to Copyright

The CONTRACTOR grants to the City of Fort Pierce, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the CONTRACTOR will identify such data and grant to the City of Fort Pierce or acquire on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the CONTRACTOR will deliver to the City of Fort Pierce data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the City of Fort Pierce.

18. Build America, Buy America Act (BABAA) (*Architectural and/or Engineering Contracts*):

Build America, Buy America Act Preference.

Contractors and sub-contractors agree to incorporate the Buy America Preference into planning and design when providing architectural and/or Engineering professional services for infrastructure projects. Consistent with the Build America, Buy America Act (BABAA) Pub. L. 117- 58 §§ 70901-52, no federal financial assistance funding for infrastructure projects will be used unless all the iron, steel, manufactured projects, and construction materials used in the project are produced in the United States."

19. **Publications**. Any publications produced with funds from this award must display the following language: "This project [is being] [was] supported, in whole or in part, by federal award number [enter project FAIN] awarded to [name of Recipient] by the U.S. Department of the Treasury."

20. **DHS Seal, Logo, and Flags:** CONTRACTOR must obtain written permission from DHS prior to using the DHS seals, logos, crests, reproductions of flags, or likenesses of DHS agency officials. This includes use of DHS component (e.g., U.S. Treasury, CISA, etc.) seals, logos, crests, or reproductions of flags, or likenesses of component officials.

EXHIBIT II
FEMA PUBLIC ASSISTANCE CONTRACT PROVISIONS

- This form is required only for purchases of more than $100,000 -

CERTIFICATION REGARDING LOBBYING
(Appendix A to 31 CFR Part 21 – New Restrictions on Lobbying)

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure

The CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Ch. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

CONTRACTOR SELF-CERTIFICATION
REGARDING BUILD AMERICA BUY AMERICA (BABAA)

The undersigned certifies, to the best of his or her knowledge and belief, that:

The Build America, Buy America Act (BABAA) requires that no federal financial assistance for "infrastructure" projects is provided "unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States." Section 70914 of Public Law No. 117-58, §§ 70901-52.

The undersigned certifies for any projects related to **Emergency Debris Removal Services** that the iron, steel, manufactured products, and construction materials used in this contract are in full compliance with the BABAA requirements including:

1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. All manufactured products purchased with federal financial assistance must be produced in the United States. For a manufactured product to be considered produced in the United States, the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55% of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.

3. All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

CONTRACTOR certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the CONTRACTOR understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Section 787.06(13), Florida Statutes, requires all nongovernmental entities executing, renewing, or extending a contract with a governmental entity to provide an affidavit signed by an officer or representative of the nongovernmental entity under penalty of perjury that the nongovernmental entity does not use coercion for labor or services as defined in that statute. As the person authorized to sign on behalf of Vendor, I certify that the company identified does not:

1. Use or threaten to use physical force against any person;
2. Restrain, isolate, or confine or threaten to restrain, isolate, or confine any person without lawful authority and against her or his will;
3. Use lending or other credit methods to establish a debt by any person when labor or services are pledged as a security for the debt, if the value of the labor or services as reasonably assessed is not applied toward the liquidation of the debt, the length and nature of the labor or services are not respectively limited and defined;
4. Destroy, conceal, remove, confiscate, withhold, or possess any actual or purported passport, visa, or other immigration document, or any other actual or purported government identification document, of any person;
5. Cause or threaten to cause financial harm to any person;
6. Entice or lure any person by fraud or deceit; or
7. Provide a controlled substance as outlined in Schedule I or Schedule II of section 893.03, Florida Statutes, to any person for the purpose of exploitation of that person.

Under penalties of perjury, I declare that I have read the foregoing document and that the facts stated in it are true.

CAO RLS# / RE: MUTUAL BENEFIT AND USE AGREEMENTS – DEBRIS MONITORING/EMERGENCY DEBRIS REMOVAL SERVICES:

RLS#234	TRUE NORTH EMERGENCY MANAGEMENT, LLC
RLS#235	CUSTOM TREE CARE, INC.
RLS#236	DRC EMERGENCY SERVICES, LLC
RLS#237	BERGERON EMERGENCY SERVICES
RLS#238	CERES ENVIRONMENTAL SERVICES, INC.

DATE: AUGUST 22, 2025

I have reviewed the above Request for Legal Services (RLS) related to the Mutual Benefit and Use Agreements (MBUA) between the City of Fort Pierce and the above-named Contractors which piggybacks on St. Lucie County's contract for emergency debris removal. Please note the following comments:

1. Each MBUA has been revised to reflect the procurement and agreement history.
2. Each MBUA has been revised to reflect the new Term Period and additional provisions. Since these contracts may require debris removal services during a declared state of emergency event, I recommend incorporating contract provisions required should the city seek federal public assistance from FEMA (Federal Emergency Management Agency). Since St. Lucie County's contract with the Contractors does not include all contract language required for federal public assistance, I have drafted an Exhibit that does contain all required provisions.
3. Each MBUA contains language related to passage of SB 180 which requires a breach of contract provision for contracts entered into, renewed, or amended on or after July 1, 2025, requiring the service provider to pay a penalty in the event the provider breaches the contract during an emergency recovery period.
4. A redlined version of the MBUA for True North Emergency Management has been included with this Memo so changes made to all the other MBUAs can be tracked.

5. A clean version of each MBUA is included with this Memo which I recommend for template use for future MBUAs.
6. All MBUAs are approved as to form and correctness.
7. Recommendation: The Department should place all MBUAs on the Commission consent Agenda for review and approval *prior* to execution.

If you have any questions, please do not hesitate to contact this Office via phone or e-mail. Thank you.

City Commission Regular Meeting - 5:05 PM **12. A.**

Meeting Date: 09/02/2025

Re: Voluntary Annexation - 1903 S. 37th Street

Submitted For: Kev Freeman, Planning Director, Planning Department

SUBJECT:

Legislative Hearing - Ordinance 25-023 - Review and approval of Voluntary Annexation by owner Troil South, LLC, to extend the territorial limits of the City of Fort Pierce, Florida, to include one (1) parcel at 1903 S. 37th Street. The proposed City Future Land Use designation is General Commercial (GC) and Zoning classification of General Commercial (C-3). Parcel ID: 2417-331-0001-000-0.
SECOND READING

SUMMARY:

Project#: PZANN2025-00002
A voluntary application for annexation was submitted by applicant Giagrande Engineering & Planning on behalf of property owner, Troil South, LLC. The request is to annex Parcel ID: 2417-331-0001-000-0, located at 1903 S. 37th Street. The subject property has s St. Lucie County Future Land Use designation of Commercial (COM) and a St. Lucie County Zoning classification of Commercial Neighborhood (CN). The proposed City Future Land Use designation is General Commercial (GC) and Zoning classification of General Commercial (C-3).

RECOMMENDATION:

Staff has confirmed that the property is located within unincorporated St. Lucie County and is contiguous to the Fort Pierce City municipal boundary and within the FPUA service area.

Staff's recommendation is for the Planning Board to move the proposed annexation application for Approval to City Commission.

ALTERNATIVES:

ORDINANCE NO. 25-023

AN **ORDINANCE EXTENDING THE TERRITORIAL LIMITS OF THE CITY OF FORT PIERCE, FLORIDA, TO INCLUDE ONE (1) PARCEL AT 1903 S. 37th STREET AND SHOWN ON EXHIBIT A**; DIRECTING THE ST. LUCIE COUNTY PROPERTY APPRAISER TO ASSESS SAID PROPERTY AND PLACE IT ON THE CITY TAX ROLLS AS OF JANUARY 1, 2026; DIRECTING THE ST. LUCIE COUNTY TAX COLLECTOR TO COLLECT TAXES ON THE HEREIN DESCRIBED PROPERTY; ESTABLISHING THE FORT PIERCE ZONING DESIGNATION; ESTABLISHING THE FORT PIERCE LAND USE DESIGNATION; DIRECTING FILING OF THE ORDINANCE WITH THE CLERK OF THE CIRCUIT COURT AND CHIEF ADMINISTRATIVE OFFICER OF ST. LUCIE COUNTY; DIRECTING REVISION OF THE CHARTER BOUNDARY ARTICLE TO BE FILED WITH THE DEPARTMENT OF STATE AND SUBMITTED TO THE OFFICE OF ECONOMIC AND DEMOGRAPHIC RESEARCH; PROVIDING FOR A SEVERABILITY CLAUSE; REPEALING ALL ORDINANCES OR PARTS THEREOF IN CONFILICT HEREWITH; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Part I, Chapter 171, Florida Statutes, sets forth a procedure for Municipal Annexation; and

WHEREAS, in accordance with Section 171.044 of the Florida Statutes, the owner or owners of real property in an unincorporated area of a county which is contiguous to a municipality and reasonably compact may petition the governing body of said municipality that said property be annexed to the municipality; and

WHEREAS, the property is contiguous to the municipality of the City of Fort Pierce; and

WHEREAS, the estimated population of the annexation is zero (0); and

WHEREAS, the owner(s) have petitioned for voluntary annexation to the municipality of the City of Fort Pierce; and

WHEREAS, the petition bears the signature(s) of current and/or former owner(s) of property in the area proposed to be annexed; and

WHEREAS, the City of Fort Pierce Planning Board, at their July 14th, 2025, meeting voted 5 to 5 recommend approval of the annexation; and

WHEREAS, in accordance with Policy Section 4.1.1 of the Joint Planning Agreement between the City of Fort Pierce and St. Lucie County, the City Planning Department has provided notice of this annexation via certified mail to the St. Lucie County Administrator's Office on July 21, 2025, no fewer than thirty (30) days prior to the first reading of this annexation Ordinance by the City Commission of the City of Fort Pierce, Florida; and

WHEREAS, in accordance with Section 171.044(6) of the Florida Statutes, the City Planning Department has provided notice of this annexation, via certified mail, to the St. Lucie County Board of County Commissioners on July 21, 2025, no fewer than ten (10) days prior to publishing or posting the ordinance notice.

NOW, THEREFORE BE IT ORDAINED by the City Commission of the City of Fort Pierce, Florida as follows:

SECTION 1. The territorial limits of the City of Fort Pierce, Florida, are hereby extended, as depicted on Exhibit "A", attached hereto, and incorporated herein; and the following property is hereby annexed into the City:

a) Parcel ID: 2417-331-0001-000-0
LEGAL DESCRIPTION:

17 35 40 BEG AT NE COR OF SW 1/4 OF SW 1/4, TH RUN W 258.23 FT, TH SLY 120 FT, TH ELY TO E LI OF SW 1/4 OF SW 1/4, TH NLY TO POB (81)(0.63 AC) (OR 4077-2458)

Containing 0.63 acres (more or less)

Said property containing approximately 0.63 acres and being generally located at 1903 S. 37th Street, Fort Pierce, FL.

SECTION 2. That the St. Lucie County Property Appraiser and the St. Lucie County Tax Collector are directed to place upon and add to the assessment roll, and to collect taxes on the land described in Exhibit "A" hereof as of January 1, 2026, and subsequent years, and to enter the same at such valuation that it will bear an equal and just proportion of taxes as of that date and subsequent years. The property tax classifications and exemptions currently in effect upon and applied to the land described in Exhibit "A" shall not be affected by this Ordinance, so long as the classifications and exemptions are consistent with the standards set forth by the Saint Lucie County Property Appraiser. Nothing in this Ordinance is intended to, or shall be construed as, a revocation of abrogation of the land's current Saint Lucie County Property Appraiser's tax classifications and exemptions.

SECTION 3. That upon this Ordinance becoming effective, the land herein described on Exhibit "A" and annexed into the territorial limits of the City of Fort Pierce shall be zoned General Commercial (C-3) and assigned a Future Land Use Designation of General Commercial (GC), as depicted on Exhibit "B" attached hereto and incorporated herein.

SECTION 4. That in accordance with Section 171.044(3), this Ordinance shall be filed with clerk of the circuit court, the chief administrative officer of St. Lucie County, and the Department of State within seven (7) days after adoption.

SECTION 5. That in accordance with Section 171.091, any change in the City boundaries through annexation shall revise the charter boundary article and shall be filed as a revision of the charter with the department of State within thirty (30) days; and a copy of such revision shall be submitted to the Office of Economic and Demographic Research along with a statement specifying the population census effect and the affected land area.

SECTION 6. The provisions of this Ordinance are declared to be severable and if any section, sentence, clause, or phrase of this Ordinance shall, for any reason, be held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections, sentences, clauses, and phrases of this Ordinance, which shall remain in effect, it being the legislative intent that this Ordinance shall stand notwithstanding the invalidity of any part.

SECTION 7. All Ordinances or parts thereof that may be determined to be in conflict herewith are hereby repealed.

SECTION 8. This Ordinance shall be and become effective immediately upon final passage.

APPROVED AS TO FORM & CORRECTNESS:

SUMMARY

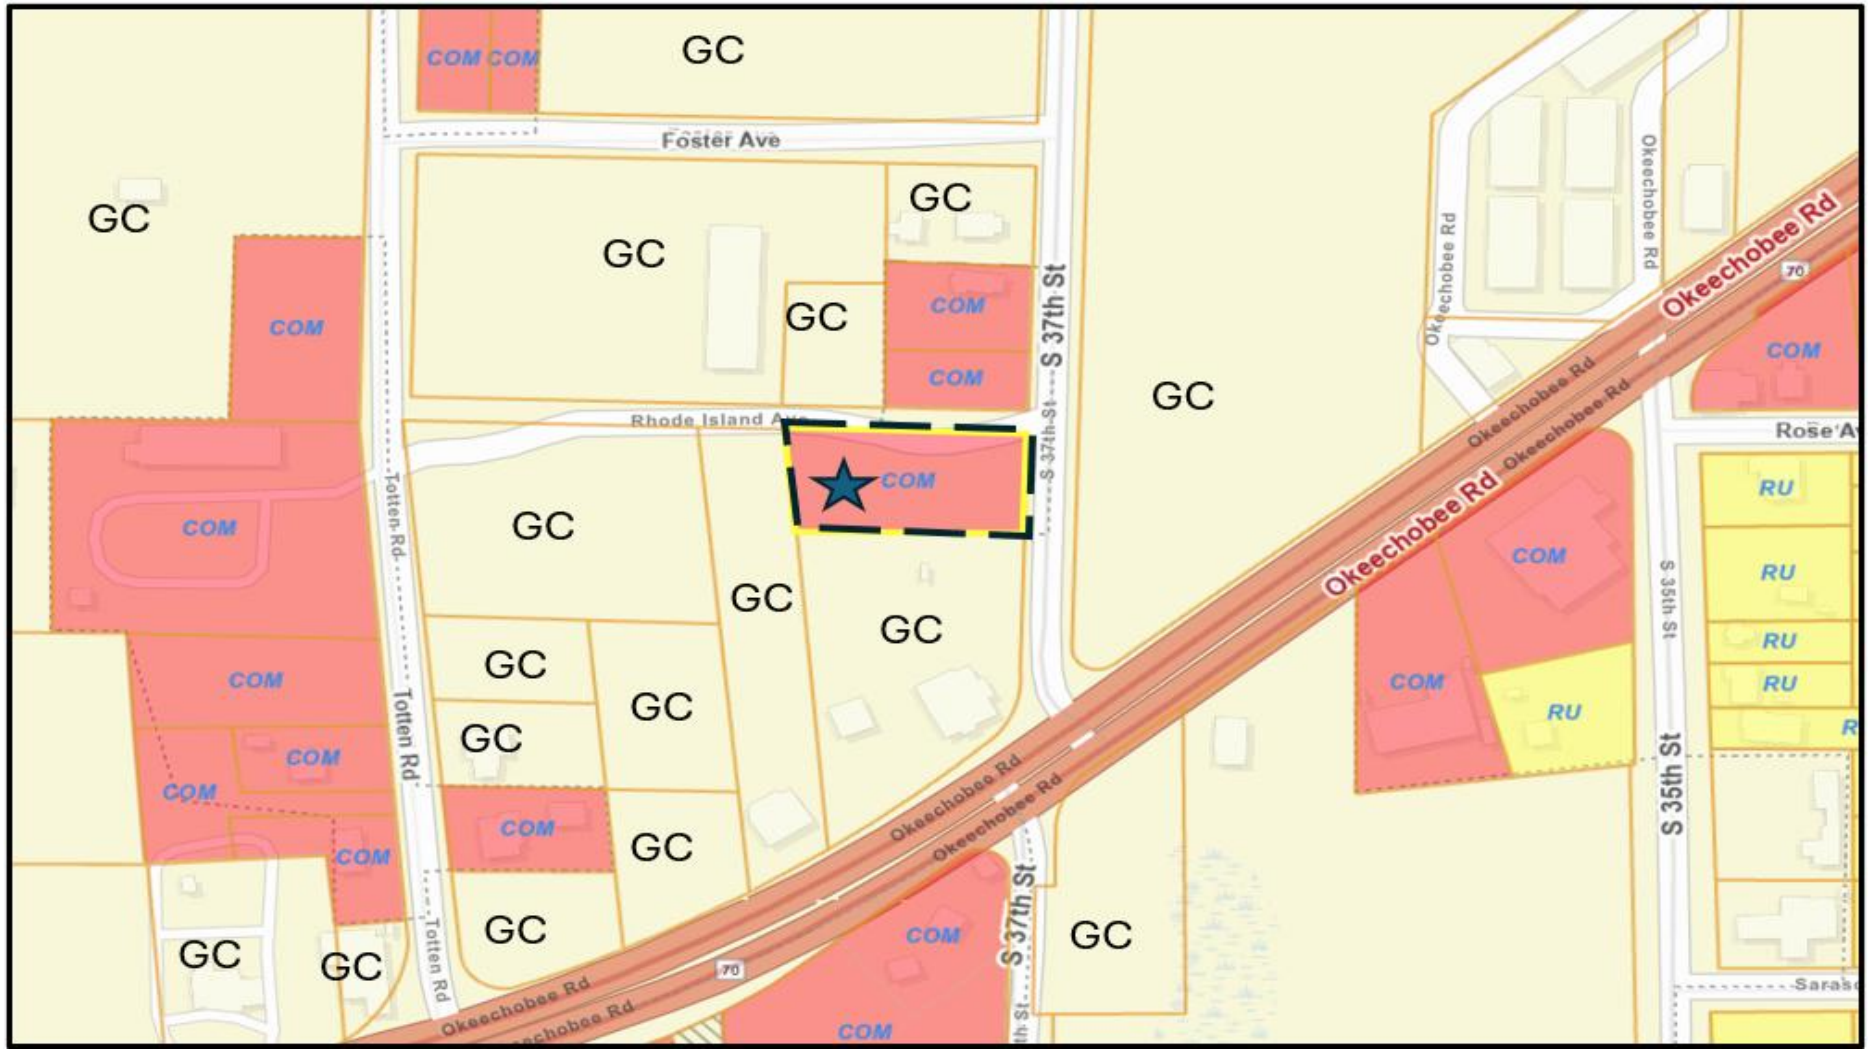
Request to review a Voluntary Application for Annexation for one (1) parcel of land at 1903 S. 37th Street.

SITE LOCATION/AREA = 0.63 +/- acres

CITY LIMITS

City Boundaries

1903 S. 37th Street ANNEXATION

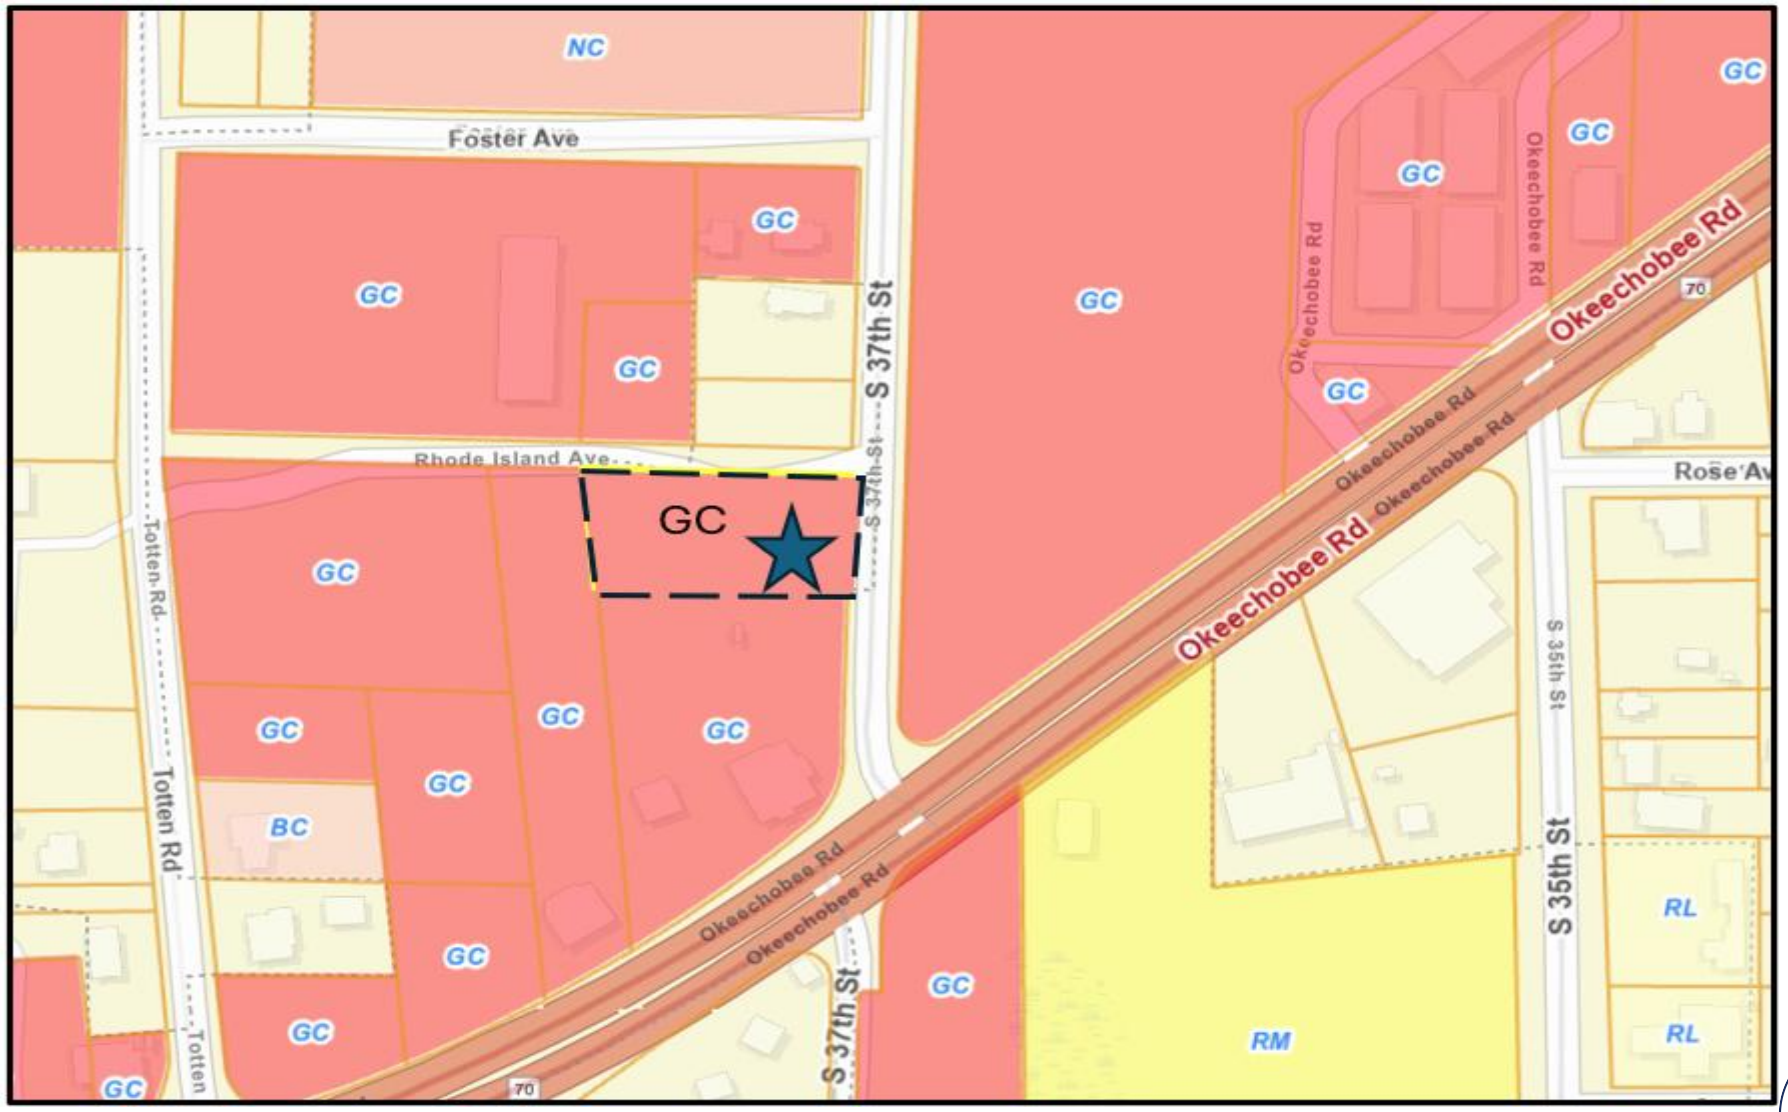


COMPREHENSIVE PLAN

Pursuant to Comprehensive Plan policy 1.11.5 “properties annexed shall receive a land use designation compatible with the County land use designation, unless otherwise approved by the City Commission.” Staff has confirmed that the property is located within unincorporated St. Lucie County and is contiguous to the Fort Pierce City municipal boundary and within the FPUA service area. Furthermore, pursuant to Chapter 171.046(1), F.S., whereas the Legislature recognizes that enclaves can create significant problems in planning, growth management, and service delivery, and therefore declares that it is the policy of the state to eliminate enclaves.

The current taxable value of the property is $34,991. Should the Application for Annexation be approved it could create a new source of ad-valorem tax revenue annually to the City of Fort Pierce if developed, depending on the millage rate per year, which currently is 6.9000.

EXISTING FUTURE LAND USE: County



Current FLU: COM Commercial– (St. Lucie County)

1903 S. 37th Street ANNEXATION

RECOMMENDATION

At the July 14, 2025, Planning Board meeting, the board voted unanimously to approve the annexation.

Staff has confirmed that the property is located within unincorporated St. Lucie County and is contiguous to the Fort Pierce City municipal boundary and within the FPUA service area.

Staff's recommendation is for the Planning Board to move the proposed annexation application for **Approval** to City Commission.

ALTERNATIVE RECOMMENDATIONS

1. Recommend Approval with conditions.

2. Recommend Disapproval.

Surrounding FLU:	COM	GC	GC	GC
Surrounding Zoning:	CN	C-3	C-3	C-3

Staff Analysis:

Request

This is a voluntary annexation on parcel ID: 2417-331-0001-000-0 Address: 1903 S. 37th St.

INSERT LOCATION MAP

The subject property has a St. Lucie County Future Land Use Designation Commercial (COM) and a zoning classification of Commercial General (CG). To ensure consistency with Policy 1.11.5 of the City's Comprehensive Plan, the proposed City Future Land Use designation for the parcels will be changed to General Commercial (GC) and the Zoning classification of General Commercial (C-3).

Pursuant to Comprehensive Plan policy 1.11.5 "properties annexed shall receive a land use designation compatible with the County land use designation, unless otherwise approved by the City Commission." Staff has confirmed that the property is located within unincorporated St. Lucie County and are contiguous to the Fort Pierce City municipal boundary and within the FPUA service area.

The current taxable value of the property is $34,991. Should the Application for Annexation be approved, it could create a new source of ad-valorem tax revenue annually to the City of Fort Pierce, depending on the millage rate per year, which currently is 6.9000. Currently the property has a dwelling structure.

Comprehensive Plan
Staff has reviewed the Comprehensive Plan and find the proposed annexation is consistent with the following Objectives and Policies:

Objective 1.11 of the Comprehensive Plan: "Annex properties within the Fort Pierce Utilities Authority Boundary in an orderly manner that promotes efficiency of public service provision and economic vitality of the City."

The property is within the FPUA service boundary. Policy, 1.11.1 of the City Comprehensive Plan: "The City shall evaluate proposed annexation within the urban service boundary based upon the following criteria:

1. The ability of the City to provide public services at a level equal to or better than that available from the current service providers;
2. The ability of the City to provide public services at the City's adopted levels of service;
3. Whether the annexation would eliminate an unincorporated island or could be expanded to eliminate an unincorporated island; and
4. Whether the annexation would eliminate an irregularity or irregularities in the City's boundaries, thereby improving service delivery."

The subject property is in an area that consists of properties that are within both the St. Lucie County and the City of Fort Pierce jurisdictions. The parcel abuts properties that are within the City limits. The annexation of the property would assist in the City's effort to eliminate jurisdictional irregularities along the City's boundary and provide more efficient public services. Furthermore, pursuant to Chapter 171.046(1), F.S., whereas the Legislature recognizes that enclaves can create significant problems in planning, growth management, and service delivery, and therefore declares that it is the policy of the state to eliminate enclaves.

Staff is requesting that the City of Fort Pierce Future Land Use and Zoning be modified to General Commercial (GC) and General Commercial (C-3), respectively, and the City's Comprehensive Plan. Therefore, the requested Future Land Use and Zoning Classifications of GC and C-3, respectively, would be consistent with Policy 1.11.5 and the City's Comprehensive Plan. Pursuant to the Future Land Use Element of the Comprehensive Plan, annexations are reviewed for fiscal impacts, the effect upon adopted level of service standards for public facilities, and the elimination of the municipal boundary irregularities to improve service delivery.

Public Notification

In accordance with Policy Section 4.1.1 of the Joint Planning Agreement between the City of Fort Pierce and St. Lucie County, the City Planning Department provided notice of the annexation by mail to the St. Lucie County Administrator's and Attorney's office on July 15, 2025, no fewer than thirty (30) days prior to the first reading of these annexations by the City Commission. Notice by newspaper was submitted for Sunday's August 3rd and 17th, 2025 publication.

Technical Review Committee

All affected Departments have reviewed the submittals and have no objections regarding the proposed voluntary annexation applications based on compliance with the requirements of the City Code and Comprehensive Plan.

Planning Board

The City of Fort Pierce Planning Board, at their July 14, 2025, meeting, voted 5 to 5 to recommend Approval of the annexation.

Staff Recommendation

As proposed, the annexation meets the standards of the City's Comprehensive Plan, specifically Policy Section 1.11 regarding annexations. Therefore, the Planning Staff recommends approval of the proposed voluntary annexation, along with the associated Future Land Use designation of GC and the Zoning classification of C-3.

Re : Annexation
1903 S 37th Street Parcel 2417-331-0001-000-0
PZANN2025-00002

Date : June 16, 2025

This is to advise you that we have completed the review of the following documents as received by this office on June 5, 2025:

- ☐ Development Permit Compliance Review
- ☐ Site Plan
- ☐ Conditional Use
- ☐ Permits
- ☐ Construction Drawings
- ☐ Test Reports & Related Documents
- ☐ Record Drawings
- ☒ Other Annexation

Based on our reviews and appropriate site final inspection, we

- ☒ Recommend
- ☐ Do Not Recommend
- ☐ Site Plan Approval
- ☐ DPCR Approval
- ☒ Annexation

Developer, Owner, Engineer, Contractor, and other members of the Development Team must be aware, the above recommendation is based only on the construction requirements of the engineering plans and other engineering documentation approved by this department. The Development Team shall be responsible for the compliance with other City department requirements and all approved documents, as well as Local, State and Federal regulations. The development requirements for this project may necessitate additional construction requirements that are not subject to this department's review for approval.

BUSINESS IMPACT ESTIMATE

SUBMITTED BY:

SUBJECT:

---

1. Summary of the proposed ordinance, including a statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the municipality.

2. Estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City:

   a. Estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted.

   b. Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible.

   c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance.

4. Any additional information the Commission may find useful.

Passed

6. NEW BUSINESS

a. **PZANN2025-00002**
Annexation
1903 S. 37th Street

Ms. Driver gave an overview of the application. She said the site area is approximately 63 acres and the taxable value of the property is $34,991. Ms. Driver stated the existing county Future Land Use is Commercial and the proposed Future Land Use is General Commercial. The existing county zoning is Commercial Neighborhood and the proposed zoning is General Commercial. Ms. Driver showed the Future Land Use comparison chart.

No one spoke for or against the application.

Motion was made by Justine Carter, and seconded by Alexander Edwards to forward a recommendation of approval of the proposed annexation to the City Commission.

AYE: Ryan Collins, Clayton Johnson, Justine Carter, Alexander Edwards, Chair Nichelle Clemons

Passed

b. **PZSITE2025-00027**
Major Site Plan Amendment
Kings Landing
Generally located at or near 322 North 2nd Street

Mr. Freeman gave an overview of the application. He said the application proposes a major amendment to a previously approved site plan of eight (8) parcels in respect of the Kings Landing development. Mr. Freeman noted that on February 7, 2022, the City replaced the site plan with an amended site plan through Ordinance 22-003. Mr. Freeman explained there have been changes to the development agreement and the potential developers of the property. He said the application is under time constraints through a development agreement. He noted the Historic Preservation Board and City Commission hearings have to take place before September 2025. Mr. Freeman stated the existing zoning is PD - Planned Development and the existing Future Land Use is CBD - Central Business District. He showed the original site plan and the amended site plan. Mr. Freeman said the revision to the site plan was formulated through a meeting with the applicant, developer, and a number of city departments. One of the main points of the staff was how to be efficient in the layout and how additional parking could be created on the property in excess of what was already being proposed. He said the amended site plan has one single spine through route from Indian River Drive to N. 2nd Street and the site became more efficient and allowed for the development of a larger capacity parking garage within the property.

Mr. Freeman showed the Kings Landing site data comparison. He explained that the townhomes have been removed and are being constructed individually. The site has been bifurcated into two. The changes to the site plan include a downsized restaurant, the hotel has gone from 140 to potentially 148 rooms, retail space has been upsized, parking has increased to 516 parking spaces, and a fitness area and meeting rooms have been added. Mr. Freeman said the landscape plan centers on creating a pedestrian-friendly welcoming through street and lots of landscaping around the property. Mr. Freeman highlighted that it is important that this part of the development complies with the latest development agreement and all the dates in the proposal line up with the

agreement. The phasing schedule has been lined up to meet the timeline. Mr. Freeman showed the architectural drawings. He noted there are outstanding comments from the Engineering department that the applicant is working on and will need to be resolved before the presentation to the City Commission. Mr. Freeman said the Historic Preservation Board will be looking more at the architecture. He is hoping the City Commission hearing will be in September 2025 with all the Engineering comments complied with.

Ms. Carter asked if there had been discussions about making it a better plan with pervious pavement. Mr. Freeman said the applicant is proposing large tracts of pervious stormwater treatment.

Mr. Collins asked if the hotel parking was on site or in the city's parking garage.

Chair Clemons asked for clarification on the parking garage being completed in phase 2 and the hotel being completed in phase 1.

Dave Baggett, applicant representative from Haley Ward, answered questions from the Board. He stated eco-friendly items are actively being incorporated into the project. Mr. Baggett said they are working with the Ferguson company, which uses a lot of innovative stormwater technology. He said the site never had a permanent stormwater management system when it was the FPUA power plant. He said they are landscaping wherever they can. More details will be available at the site work permit when the construction plans are approved and the Engineering comments are addressed.

Bill Ware from Live Oak Holdings, answered the question about phasing. He stated they have three (3) phases and the third phase is the lot on the west side of 2nd Street. In an ideal world, Mr. Ware said he would like to start phase two before phase one is completed, which means the parking garage and everything to the south has to be commenced shortly thereafter. In the meantime, they would have to use the lot on the west side of 2nd Street for any parking needs and construction activity if the hotel is completed before the garage is done.

Ms. Carter asked if the lot has enough space if the hotel was at full capacity.

Mr. Collins asked if the plan was for the hotel to use the parking on site. Mr. Ware said the top floor of the hotel will be dedicated to the hotel. Mr. Collins asked about the brand of the hotel. Mr. Ware stated the hotel will be a Marriot Tribute. Mr. Collins asked if there was a restaurant on site. Mr. Ware said there is a restaurant in the hotel and on the first floor of the building adjacent to the hotel will also be a restaurant space.

Perry Lloyd, resident, said palm trees don't help with shade. He said there are no real trees in the drawing and Moore's creek could be smelly.

Ms. Carter asked about the impact of the drainage going into Moore's Creek and if there is room for improvement in adding trees. Mr. Baggett stated the stormwater system will provide for treatment and attenuation and a permit is required by South Florida Water Management. He said the rendering is an architectural concept and the landscape plan outlines the species of trees.

Mr. Johnson noted the development has more landscaping than most projects. There are 54 trees and 225 palm trees, and they have been asked to remove some of the landscaping.

Motion was made by Justine Carter, and seconded by Clayton Johnson to approve Kings Landing Major Amendment to the Site Plan with the following being met prior to presentation to the City Commission:
A. All requirements of the City's Engineering Department have been met. TOGETHER with the following Conditions added to the Ordinance

1. The Kings Villas element of the site plan is not incorporated within this approved site plan reference 25-114 HD KING - WARE R11.DWG.
2. The Timetable of Development shall comply with the Third Amendment to the Amended and Restated Agreement for Development of King's Landing, such;
   - Phase 1 to be completed no later than July 11, 2028.
   - Phase 2 building permits or DPCR approval for must be complete by February 24, 2027. Construction commencement for Phase 2 no later than May 19, 2027, and completion of Phase 2 no later than May 29, 2029
   - Phase 3 building permit or DPCR approval for construction of Phase 3 no later than August 23, 2028, and construction commencement of Phase 3 no later than November 15, 2028. Construction completion of Phase 3 no later than November 13, 2029.
3. All required Roadway improvements (including sidewalks) shall be completed and approved in compliance with the Development Agreement.
4. A Plat shall be required prior to the application for building permits in respect of vertical construction.

AYE: Justine Carter, Alexander Edwards, Clayton Johnson, Chair Nichelle Clemons
NAY: Ryan Collins

c. **PZCON2025-00006**
Conditional Use with No New Construction
House of Peace Group Living Facility
2021 Sunrise Boulevard

Mr. Gilmore gave an overview of the application. He said the request is to operate a licensed Agency for Persons with Disabilities (APD) provider group home. Mr. Gilmore stated the site is approximately 19 acres with an existing Future Land Use of Office-Professional and Business Services (OP) and the zoning of Office Commercial (C-1). The property is a 1,650 square-foot, single-family, one-story, 1954 home with 4-bedrooms and 2-bathrooms. The home is primarily surrounded by residential uses; all single-family homes and three (3) commercial parcels. Mr. Gilmore said the site currently has a driveway that does not have the minimum required driveway width. He said the group home will accommodate a maximum of five (5) residents, ranging from 21 to 65 years old. The home is co-ed, housing both male and female residents. Mr. Gilmore said the House of Peace will employ four (4) full-time rotating staff members. Staff will work in rotating shifts to ensure 24/7 supervision and support. He stated transportation will be provided by the facility, including a dedicated transport van used to take residents to and from medical appointments, community activities, and other services. Mr. Gilmore said staff recommend approval with two (2) conditions.

LaShonda Roberts, applicant and owner, stated the group home is a great opportunity to help, and she is looking forward to providing the service.

Chair Clemons asked if the driveway extension had been completed. Ms. Roberts said she will complete the driveway once the application has been approved.

Perry Lloyd, a resident, said there are lots of group homes in the neighborhood and state law

requires a specific distance between them.

Lisa Kauffman, property owner to the north of the home, said she doesn't know who will be at the group home. She also noted the group home is close to an elementary school and the group home provides no advantages to the neighborhood. Ms. Kauffman said the future sale of her home might not be a possibility.

William Faitella, resident, said he lives in the house next door. He said there is an elementary school, an at-risk school and a middle school nearby. Mr. Faitella said he is not sure if the group home will be a house of recovery.

Ms. Roberts, applicant, said the facility is for persons with mental disabilities. The residents will not be able to drive and will only be escorted by staff. She also noted that the residents have no place to go, and they do not communicate with their families. Ms. Roberts said she works for the school district, and she would not put any students in jeopardy.

Mr. Collins asked if there is a precedent for this type of change for the city. Mr. Gilmore said the state preempted jurisdiction to allow for six (6) individuals in residential zoning districts. He explained the group home is in a commercial zoning district, which requires Conditional Use approval. Mr. Gilmore said if there is another group home in the alloted area, the state would not issue a license.

Motion was made by Alexander Edwards, and seconded by Justine Carter to forward a recommendation of approval to the City Commission with the following two (2) conditions:

1. Per City Code Section 125-316. – Access Control: Residential driveways shall be a minimum of 12 feet wide with a maximum of 26 feet wide. The driveway width must be extended to a minimum width of 12 feet.
2. Limit the number of vehicles parked to no more than two (2) vehicles at a time.

AYE: Alexander Edwards, Clayton Johnson, Justine Carter, Chair Nichelle Clemons
NAY: Ryan Collins
Passed

d. **PZCON2025-00003**
Conditional Use with No New Construction
Aspatria Institute College
1404 South 28th Street

Ms. Driver gave an overview of the application. The parcel is approximately 68 acres with a Future Land Use of General Commercial (GC) and zoning of General Commercial (C-3). Ms. Driver said the college is for students 17 to 55 years old and the college offers diploma programs and associate of science degrees. Ms. Driver provided the operation details for the college, and she said three (3) new trees are shown on the landscape plan.

Chair Clemons asked if there was an irrigation system.

Dr. Jose Garcia, President of Aspatria College, said they have been approved by the state for college classes. He said the main campus is in Jacksonville, Florida and the Fort Pierce location will be a satellite campus. Dr. Garcia said normally, on site, there will be six (6) to ten (10) students and a staff of about four (4). Most of the classes are online. He stated some of the students would use the lab on the campus and the clinical rotations would be through the affiliated clinics. Dr. Garcia said the associate degrees are also done online, and they will

visit the campus only to register. He concluded that the flow of individuals going to the site will be very limited.

Perry Lloyed, resident, stated the parking at the building is insufficient.

Mr. Johnson asked if there would be an issue with the residential neighborhood with the classes being held till 10:00 PM.

Ms. Carter asked for the maximum number of students on the campus at one time.

Mr. Collins asked if the parking was adequte.

Motion was made by Ryan Collins, and seconded by Clayton Johnson to forward a recommendation of approval to the City Commission with the two (2) conditions:

1. Sign permits should be applied for prior to the issuance of Certificate of Occupancy
2. A notarized Landscape Maintenance Agreement is due prior to the issuance of CO

e. **PZANN2025-00003**
Proposed Annexation Agreement Discussion - Ashley Capital
Several parcels, including 2314-801-0006-000-1
North of Pruitt Research Road and West of Kings Highway

Mr. Freeman said this is an annexation agreement with Ashley Capital, who is designing a development off of South Kings Highway in the county. The agreement is to bring it in to the city at a later time and essentially underwrite that it is acceptable among both parties, including the county. The development will be processed, planned and approved in the county and subsequently be brought into the city.

Lee Dobbins, attorney from the Dean Mead Law Firm, stated that in 2022, St. Lucie County put out an RFP to purchase part of the county's undeveloped land in the TCERDA business park. They were looking for an experienced developer that could come in to provide good-paying jobs. He said Ashley Capital has a good proven track record in order to be able to deliver on the county's goals of providing economic development and good-paying jobs. Mr. Dobbins provided the history of Ashley Capital. They are looking to develop a large commercial/industrial facility that is different from large warehouse facilities. Mr. Dobbins noted that Ashley Capital owns and operates their facilities. He said research showed St. Lucie County has a strong need for smaller bays that would be available for up-and-coming businesses. Mr. Dobbins stated that in October 2024, Ashley Capital and St. Lucie County entered into an option agreement. He said Ashley Capital has to do a Future Land Use Amendment, zoning change and get site plan approval. Mr. Dobbins explained that once Ashley Capital gets all the land development approvals, they will close on the property and move forward with developing it. He highlighted that there is a reverter clause in the option agreement that says if Ashley Capital does not meet timeframes in terms of build out, the county can call the property back. Mr Dobbins stated there was an interlocal agreement between the city, FPUA, St. Lucie county and TCERDA relating to annexations of properties on Kings Highway in 2010. He noted that in January 2025 the agreement was further amended. The annexation agreement provides the timeframe for the TCERDA properties on Kings Highway being annexed into the city. Mr. Dobbins said the property Ashley Capital is buying from the county is a part of that land and Ashley Capital has another

60 acres they already own that they bought from the school district, which is also part of this development. He said Ashley Capital wants to avoid delays in the development of the property. They are concerned that if the property or parts of the property get annexed mainstream that could create problems with them getting their approvals. Mr. Dobbins said they approached city staff to see if they could enter into an annexation agreement that would allow Ashley Capital to annex in phases. City staff were supportive of it and an agreement was drafted to accomplish that.

Chair Clemons asked why they do not want to annex and build into the city. Mr. Dobbins said this is a county deal and the county wants to control it. The county wants to make sure they are not going to close the property until they know they are getting what was promised. The option agreement provides that Ashley Capital has to go through the entire process with the county before they close. They are going forward with a Planned Non-Residential Development (PNRD) which is similar to the city's Planned Development, which would include conditions of approval, conditional uses, allowed uses, and site plan. The county wants something that fits within TCERDA.

Ms. Carter asked if the city had to annex the property after it was built and Mr. Collins asked why they wanted the property annexed into the city.

Mr. Freeman said the city would like to see it annexed because of jobs and tax revenue for the city. The infrastructure and bureaucratic work would have been completed by the county.

Mr. Dobbins said the interlocal agreement between the city and county provides that properties within this area could be annexed within the next two years.

Ms. Carter asked if that is a normal timeline for properties being annexed into the city. Ms. Carter asked if there were concerns at all about the different codes between the county and the city.

Mr. Freeman said properties in the county that hook up to city services, water and sewer become subject to an agreement where, if they ever become contiguous with the city, the city would annex the property. Mr. Freeman stated it was taken to the Technical Review Committee to ensure that, in the design process, the applicant and review teams would be cognizant of what the city would be looking for. Mr. Freeman noted it is a very important piece of the Kings Highway area in terms of job creation and setting out a design template and also encouraging this sort of development in this location.

Ms. Carter asked what size of businesses would be in the buildings.

Jill Marasa, Ashley Capital Director of Development for the Treasure Coast, and Ryan Bloss, Ashley Capital Director of Leasing, signed in. Ms. Marasa said the goal is to have a mid-size project from 4,000 square feet up to 200,000 square feet. Ms. Marasa said they are looking for high-quality jobs focusing on manufacturing, aviation, synergy with the airport, trade in the region and what IRSC is doing at the Eastman Workforce Center. She noted this would be the first "Class A" commerce park in unincorporated St. Lucie County and probably the first one in Fort Pierce. Ms. Marasa highlighted that Ashley Capital has high standards, and they build for the long term because they will be here for the long term, and it also allows them to attract the highest and best businesses.

Mr. Freeman said staff will be reporting on the comments from the Planning Board to the City Commission.

Mr. Collins said he thinks this is a good deal and Chair Clemons said this is a win-win for the city.

7. COMMENTS FROM THE PUBLIC

There were no comments from the public.

8. DIRECTOR'S REPORT

Mr. Freeman stated the city is moving forward with the review of the comprehensive plan. As part of that, there will be two comprehensive plan workshops on August 6, 2025, and October 9, 2025, between 5 and 7 PM, that will be hosted by the Treasure Coast Regional Planning Council. He said the Treasure Coast Regional Planning Council has been appointed to look at the update of the comprehensive plan, which is required by state statute. He said the Treasure Coast Regional Planning Council will be giving a presentation at the Planning Board meeting and the City Commission day meeting on September 8, 2025. Mr. Freeman said there will be a questionnaire on the city's website that people can respond to. He noted there will be an opportunity for city citizens and representatives to put forward their issues and recommendations.

Mr. Freeman said at the budget workshop on July 14, 2025, there was large discussion looking at potential cuts in departments to get funding for the police and public works as far as staffing and salaries. He said the budget situation will be rationalized this week, and it will be presented to the City Commission on July 21, 2025.

Mr. Freeman said the Causeway Cove application is going on behind the scenes. He stated he had a conference call last week to talk about the methodology the development would need to be used for the traffic impact statement. Mr. Freeman said the call was with FDOT, St. Luice County, TPO and the reviewing consultant. Mr. Freeman noted staff and external agencies will be ensuring the traffic impact statement meets the criteria. He said once that is agreed upon, the applicant will form an analysis, and it will go through the county to their consultant for their review. The city will see the results and decide whether it will be acceptable or what measures will be needed for whatever traffic and transportation concerns arise.

9. BOARD COMMENTS

There were no comments from the Board.

RE:	ANNEXATION - 1903 S. 37TH STREET - PARCEL ID: 2417-331-0001-000-0
CAO RLS FILE:	RLS 25-194
DATE:	JULY 18, 2025

I have reviewed the above Request for Legal Services (RLS) related to an Annexation Ordinance for 1903 S. 37th Street. I have made suggested changes to the document as follows:

1. The effective date of the tax roll has been changed to January 1, 2026 instead of the July 1, 2025 date that was included. Per the Property Appraiser's Office, properties annexed by June 1 of a year go on the current year's tax rolls effective January 1 of the current year. Properties annexed after June 1, must go on the next year's tax rolls, effective January 1 of the next year. This information has been correct before and provided to the Planning Department. Please ensure this is corrected moving forward in all Ordinances submitted for review. I have also attached the email from the Property Appraiser's Office explaining this breakdown. If there are any questions, please let me know.
2. I have corrected the title block to explain the zoning classification and future land use designation being established are a City of Fort Pierce classification and designation.
3. I have changed zoning classification to zoning designation in the title block from consistency with how that is titled throughout the rest of the Ordinance and its Exhibits.
4. I have included in Section 3 that the word "zoned".
5. I have capitalized "Ordinance" in Section 4.
6. I have removed the February and March advertisement dates that were included. If this Ordinance was advertised then, it must be readvertised due to the changes in the title block. The advertisement dates will need to be included prior to presentation to the City Commission.

Please note, the Exhibits do not include the Parcel ID on the maps that are included. In reviewing the prior Annexation Ordinances, this is done in all of the most recent Ordinances I reviewed. It is recommended this be reviewed with the Planning Director and changed, if he believes it should be.

The Annexation Ordinance has been uploaded to Agenda Quick in a Track Changes and Clean Copy format with suggested changes 1-6, above, incorporated. The Clean Copy is approved as to form and correctness. If the Parcel ID number is added to the Exhibits, that **does not** need to be resubmitted for further review, unless you wish this Office to do so.

If you have any questions, please do not hesitate to contact this Office via phone or e-mail.

Thank you.

CITY OF FORT PIERCE
NOTICE OF PROPOSED ANNEXATION

The City Commission of the City of Fort Pierce, Florida, pursuant to Chapter 171 of Florida State Statutes, and of the Code of Ordinances of the City of Fort Pierce, will on Monday, August 18, 2025 and Tuesday, September 2, 2025 hold Public Hearings on the enactment of the following proposed annexation ordinance on first and second readings, respectively, in the City Hall Commission Chambers, 100 North U.S. #1, Fort Pierce, Florida, at their meetings which begin at 5:05 p.m., to consider review and approval of the following ordinance entitled:

AN **ORDINANCE EXTENDING THE TERRITORIAL LIMITS OF THE CITY OF FORT PIERCE, FLORIDA, TO INCLUDE ONE (1) PARCEL AT 1903 S. 37th STREET AND SHOWN ON EXHIBIT A**; DIRECTING THE ST. LUCIE COUNTY PROPERTY APPRAISER TO ASSESS SAID PROPERTY AND PLACE IT ON THE CITY TAX ROLLS AS OF JANUARY 1, 2026; DIRECTING THE ST. LUCIE COUNTY TAX COLLECTOR TO COLLECT TAXES ON THE HEREIN DESCRIBED PROPERTY; ESTABLISHING THE FORT PIERCE ZONING DESIGNATION; ESTABLISHING THE FORT PIERCE LAND USE DESIGNATION; DIRECTING FILING OF THE ORDINANCE WITH THE CLERK OF THE CIRCUIT COURT AND CHIEF ADMINISTRATIVE OFFICER OF ST. LUCIE COUNTY; DIRECTING REVISION OF THE CHARTER BOUNDARY ARTICLE TO BE FILED WITH THE DEPARTMENT OF STATE AND SUBMITTED TO THE OFFICE OF ECONOMIC AND DEMOGRAPHIC RESEARCH; PROVIDING FOR A SEVERABILITY CLAUSE; REPEALING ALL ORDINANCES OR PARTS THEREOF IN CONFILICT HEREWITH; AND PROVIDING FOR AN EFFECTIVE DATE.

All interested parties may appear at the Public Hearings and be heard with respect to the proposed annexation. Said proposed ordinance and application will be available for inspection in the City Clerk's Office, City Hall, 100 North U.S. #1, Fort Pierce, Florida.

Pursuant to Section 286.0105, Florida Statutes, the City hereby advises you that if you or another person decide to appeal any decision made by the City Commission with respect to any matter considered at its meeting or hearing, that you or said person will need a record of the proceedings, and that for such purpose, affected persons may need to insure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

In accordance with the Americans with Disabilities Act and Section 286.26, Florida Statutes, persons with disabilities needing special accommodation to participate in this meeting should contact the City Clerk's Office at (772) 467-3065 at least 48 hours prior to the meeting.

Re: Proposed Ordinance 25-024, Mandatory Structural Inspections

Submitted For: Paul Thomas, Building Official, Building

SUBJECT:

PULLED AT STAFF'S REQUEST. Legislative Hearing - Ordinance 25-024 Creating Chapter 103, Article XII Mandatory Structural Inspections for Condominium and Cooperative Buildings. SECOND READING

SUMMARY:

The Florida Legislature enacted mandatory structural inspections for condominium and cooperative buildings to ensure such buildings are safe for continued use. The proposed Ordinance adopts a timeframe to schedule or commence repairs following the receipt of a Phase Two Milestone Inspection Report, as required by Section 553.899(11), Florida Statutes.

RECOMMENDATION:

Staff recommends approval of proposed Ordinance 25-024 Creating Chapter 103, Article XII "MANDATORY STRUCTURAL INSPECTIONS FOR CONDOMINIUM AND COOPERATIVE BUILDINGS".

ALTERNATIVES:

Do not approve at this time.

RE: Ord. 25-XXX MANDATORY STRUCTURAL INSPECTIONS FOR CONDOMINIUM AND COOPERATIVE BUILDINGS

CAO RLS FILE: 25-221

DATE: July 31, 2025

I have reviewed the above request for legal services related to the Ordinance concerning mandatory structural inspections for condominium and cooperative buildings. A redlined and clean copy of the Ordinance has been uploaded, and the clean copy is approved as to form and correctness.

If you have any questions, please do not hesitate to contact this Office via phone or e-mail.

Thank you.

ORDINANCE NO. 25-024

AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF FORT PIERCE, FLORIDA; **CREATING CHAPTER 103 – BUILDINGS AND BUILDING REGULATIONS, ARTICLE XII – MANDATORY STRUCTURAL INSPECTIONS FOR CONDOMINIUM AND COOPERATIVE BUILDINGS, SECTIONS 103-425 – 103-449**; **PROVIDING FOR A TITLE IN SECTION 103-425**; **PROVIDING FOR APPLICABILITY IN SECTION 103-426**; **PROVIDING FOR DEFINITIONS IN SECTION 103-427**; **PROVIDING FOR A TIMEFRAME TO SCHEDULE OR COMMENCE REPAIRS FOLLOWING RECEIPT OF A PHASE TWO INSPECTION REPORT IN SECTION 103-428**; **PROVIDING FOR ENFORCEMENT IN SECTION 103-429**; **PROVIDING FOR RESERVATION OF SECTIONS 103-430 – 103-449**; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Florida Legislature enacted mandatory structural inspections for condominium and cooperative buildings to ensure such buildings are safe for continued use; and

WHEREAS, section 553.899(11)(2025), Florida Statutes, requires municipalities to adopt an ordinance requiring that a condominium or cooperative association and any other owner subject to section 553.899, Florida Statutes schedule or commence repairs for substantial structural deterioration within a specified timeframe.

NOW, THEREFORE, BE IT ORDAINED by the City Commission of the City of Fort Pierce, Florida:

SECTION 1. Chapter 103 – Buildings and Building Regulations, Article XII – Mandatory Structural Inspections for Condominium and Cooperative Buildings, Section 103-425 - Title of the Code of Ordinances of the City of Fort Pierce, is hereby created and adopted as follows:

Article XII. – MANDATORY STRUCTURAL INSPECTIONS FOR CONDOMINIUM AND COOPERATIVE BUILDINGS

Sec. 103-425. – Title.

This article shall be known as “Mandatory Structural Inspections for Condominium and Cooperative Buildings”.

Sec. 103-426. – Applicability.

The provisions of section 553.899, Florida Statutes and Chapter 1 of the Florida Building Code shall be applicable as a standard in the City. Every condominium and cooperative building subject to the provisions of section 553.899, Florida Statutes and Chapter 1 of the Florida Building Code shall comply with the provisions set forth herein.

Sec. 103-427. – Definitions.

Words, terms and phrases, when used in this article, shall have the meanings ascribed to them in section 553.899, Florida Statutes and chapter 1 of the Florida Building Code, except where the context clearly indicates a different meaning

Sec. 103-428. – Timeframe.

A condominium or cooperative association and any other owner that is subject to this section shall schedule or commence repairs for substantial structural deterioration within 365 days after the city receives a phase two inspection report. If an owner of the building fails to submit proof to the city that repairs have been scheduled or have

commenced for substantial structural deterioration identified in a phase two inspection report within such timeframe, the city must review and determine if the building is unsafe for human occupancy.

Sec. 103-429. – Enforcement.

This article shall be enforceable in the same manner as any other ordinances or laws of the city, as provided elsewhere in this Code, or as otherwise provided by law.

Secs. 103-430 – 103-449. – Reserved.

SECTION 2. All ordinances or parts of ordinances in conflict herewith are and the same shall be repealed and shall be of no further force or effect whatsoever.

SECTION 3. This ordinance is and the same shall become effective immediately upon final passage hereof.

SECTION 4. If any provision of this Ordinance is held to be invalid, unconstitutional, or unenforceable for any reason by a court of competent jurisdiction, such invalidity shall not affect the validity of the remaining portions of this article, which shall be deemed separate, distinct and independent provisions to the fullest extent possible.

APPROVED AS TO FORM
AND CORRECTNESS:

Meeting Date: 09/02/2025

Re: Kings Landing PD - Amendment to Final Site Plan

Submitted For: Kev Freeman, Planning Director, Planning Department

SUBJECT:

Quasi-Judicial Hearing - Ordinance No. 25-025. An Ordinance amending the King's Landing Planned Development in respect of (8) eight parcels and representing approximately 7.50 acres of land generally located at or near 322 North 2nd Street, as established by Ordinance 20-012 and amended by Ordinance 22-003 and the associated conceptual site plan(s) thereto; approving a final site plan; approving a planned development zoning agreement; providing for a severability clause; providing for repeal of ordinances or parts thereof in conflict herewith and providing for an effective date. FIRST READING

SUMMARY:

Pursuant to Code Sections 125-157 (2), 125-212, 125-313 and 125-314, the applicant is seeking approval for a major amendment to the PD and Site Plan (Development and Design Review) to construct a mixed-use development project, known as Kings Landing, on 7.824 acres generally located at 322 North 2nd Street.
On February 7, 2022, the City amended and restated Ordinance 20-012 to replace the previously approved conceptual master plan with a final site plan for the Subject Property located at or near 322 North 2nd Street, through Ordinance 22-003. The amended final site plan will replace the previously approved final site plan (Ord 22-003).
The subject parcels have a Future Land Use designation of Central Business District (CBD) with a compatible overlying Zoning classification of PD. The land is currently cleared, and part of the original Kings Landing development is undergoing town-home construction. The site subject to this application remains undeveloped. Parcel ID(s): 2410-503-0041-020-4, 2410-503-0043-000-2, 2410-503-0020-000-5, 2410-503-0019-010-8, 2410-503-0019-000-5, 2410-503-0034-000-6, 2410-503-0036-010-3, and 2410-503-0030-000-8.

The proposed amendments include:
·Re-arrangement of the building footprints.
·Re-arrangement of the roadway connections within the site.
·Increase in on-site parking spaces.
·Greater variety of uses.
·Building height distribution.

RECOMMENDATION:

Staff recommend **Approval** of the amendment to the Kings Landing PD site plan subject to the six (6) attached conditions:
1. The Kings Villas element of the site plan is not incorporated within this approved site plan reference 25-114 HD KING - WARE R11.DWG.
2. The Timetable of Development shall comply with the Third Amendment to the Amended and Restated Agreement for Development of King's Landing, such;
·Phase 1 to be completed no later than July 11, 2028.
·Phase 2 building permits or DPCR approval for must be complete by February 24, 2027. Construction commencement for Phase 2 no later than May 19, 2027, and completion of Phase 2 no later than May 29, 2029.
·Phase 3 building permit or DPCR approval for construction of Phase 3 no later than August 23, 2028, and construction commencement of Phase 3 no later than November 15, 2028. Construction completion of Phase 3 no later than November 13, 2029.
3. All required roadway improvements (including sidewalks) shall be completed and approved in compliance with the Development Agreement.
4. A Plat shall be required prior to the application for building permits in respect of vertical construction.
5. A Street Lighting Plan shall be submitted and approved prior to first certificate of occupancy in respect of a vertical construction building permit within each phase.
6. A Landscape maintenance agreement shall be submitted and approved prior to first certificate of occupancy in respect of a vertical construction building permit within each phase.

ALTERNATIVES:

Approval with additional/alternative conditions.

2410-503-0036-010-3,
2410-503-0030-000-8

Historic Status

This is a vacant property located in the Downtown Historic District.

Background

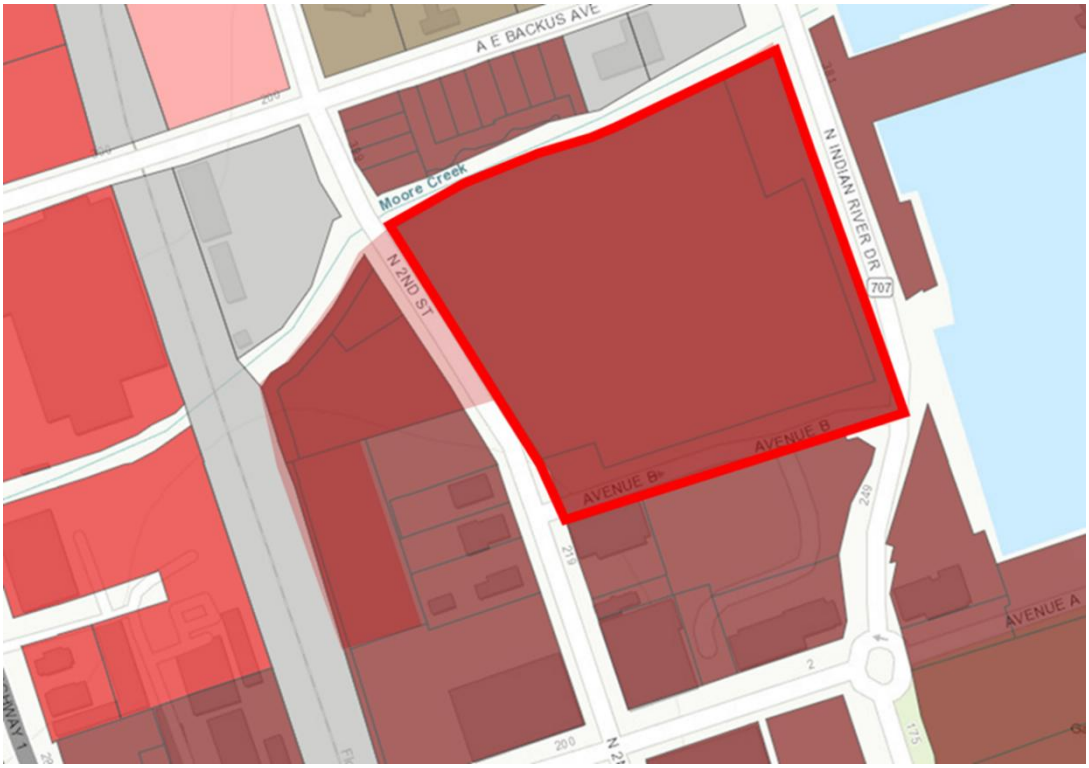
In 2002, Downtown Fort Pierce was designated as a historic district due to the architectural significance in the Mediterranean Revival, Mission, Art Modern, Bungalow, Classical Revival, Colonial Revival, Frame Vernacular and Masonry Vernacular styles. The Downtown Historic District is the foundation for the City's commercial, political, and social history.

On August 17, 2020, the City of Fort Pierce (the "City") and the Fort Pierce Redevelopment Agency (the "FPRA") as owners of said property rezoned the Subject Property located at or near 322 North 2nd Street from Central Commercial, C-4 (2 properties) & Light industrial, I-1 (8 properties) to Planned Development, PD, with an underlying zoning of Central Commercial, C- 4, and approved a conceptual site plan, through Ordinance 20-012; (the "King's Landing Planned Development"). Ordinance 20-011 amended the Future Land Use from Industrial to Central Business District.

On May 24, 2021, the Historic Preservation Board (HPB) approved a Certificate of Appropriateness (COA) for the King's Landing project, the site of the former H.D. King Plant site, circa 1911, located in the heart of the City's downtown. On October 25, 2021, following the HPB approval, an application for an amendment to the Planned Development (PD) and Site Plan was recommended for approval by the Planning Board (PB).

On February 7, 2022, the City amended and restated Ordinance 20-012 to replace the previously approved conceptual master plan with a site plan for the Subject Property located at or near 322 North 2nd Street, through Ordinance 22-003.

The City, the FPRA, and Audubon Development, Inc. ("Audubon") entered into a Development agreement dated December 2, 2019, which was subsequently amended through a third amendment, dated April 8, 2025. Said Development Agreement shall serve as the Planned Development Zoning Agreement required under the Code for the Subject Property.



On January 6, 2025, the City passed Resolution No. 25-R05, approving the sale of a portion (0.76 Acres) of the King's Landing Planned Development along A.E. Backus Avenue to be developed as residential villas (the "Villas Plat Property"). The Villas Plat Property obtained Final Plat approval for ten (10) single-family lots on September 5, 2023.

The subject parcels have a Future Land Use designation of Central Business District (CBD) with a compatible overlying Zoning classification of PD. The land is currently cleared, and part of the original Kings Landing development is undergoing town-home construction. The site subject of this application remains undeveloped.

Location

Zoning & Future Land Use (Planned Development Zoning & Central Business District (FLU)

Downtown Business and Entertainment District Overlay

The property of this application is located within the Downtown Business and Entertainment District Overlay (downtown overlay)

City Code that delineates downtown and defines desirable characteristics of this area. The purpose of this overlay is to recognize:

- The unique urban character of the downtown;
- The unique orientation to the waterfront;
- Its historic urban design typified by its pedestrian-oriented design and its humanscale development to further the downtown's desirability as a place to work, play and live through encouraging a broad variety of urbanscale uses.

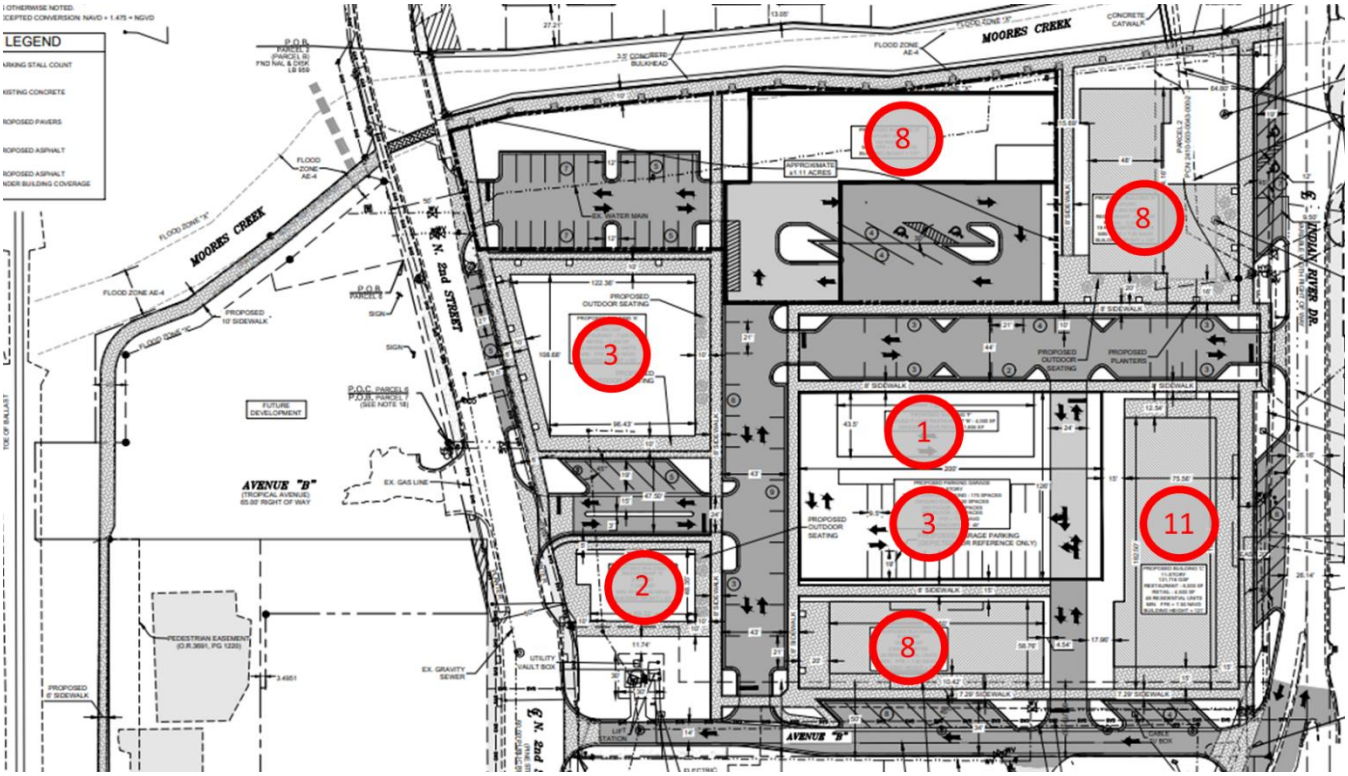
Pursuant to Code Section Sec. 125-157(2)3.(i) and (ii), all parcels within the district are exempt from off-street parking and landscaping requirements.

Amendment to the adopted PD

The purpose of the PD District is to provide a process for the evaluation of individually planned developments which may not otherwise be permitted in the zoning districts. The PD District is to be a voluntary process commenced by an applicant for such zoning designation. The standards and procedures of this district are intended to promote flexibility of design and permit planned diversification and integration of uses and structures, while at the same time granting the city commission the absolute authority to establish such limitations and regulations as it deems necessary to protect the public health, safety and general welfare.

The PD district is designed to allow an applicant to submit a proposal for consideration, for any use or any mixture of uses. Changes to approved PD site plans are either major modifications or minor modifications. A major modification requires the approval of the city commission, while a minor modification may be done administratively by the planning director. Generally, additions, deletions, changes in the use, density, sequence of development or other specifications of an approved PD plan are to be viewed as a major modification.

The subject site plan will replace the previously approved site plan (Ord 22-003) in respect of the Subject Property. The amendments include:



- Re-arrangement of the building footprints.

- Re-arrangement of the roadway connections within the site.
- Increase in on-site parking spaces.
- Variety of uses.
- Building height distribution.

Existing Approved Site Plan (Building Heights Indicated)

Proposed Amended Site Plan (Building Heights Indicated)

Site Plan (Development and Design Review) Criteria

All development requiring site plan approval are subject to the City's design review process. In addition, the City's Planning Board functions as the design review board being responsible for such design review, which is completed as part of the development review process. Design review related to any changes to historic structures, or any new construction on an historic site or in an historic district shall also be reviewed by the Historic Preservation Board in accordance with Chapter 111.

The quality and compatibility of any proposed development in the City is of public concern for all building and site improvements. The City's architectural design review standards suggest approaches to design situations that will contribute to the existing and developing character of the City.

The intent of the City's design review process is not to stifle innovative architecture but rather to ensure respect for and reduce incompatible and adverse impacts on the visual experience throughout the City. The City Code seeks to accomplish appropriate design through respectful interpretation of vernacular building typologies and styles in proposed development. The City Code encourages proposed designs to take cues from traditional styles characteristic of the City’s architecture, including but not limited to wood and

masonry vernacular buildings characterized by a blend of Cracker, Classical Revival, Victorian, Mediterranean, including Mission and Spanish Eclectic, Streamlined Art Deco, Mid-Century Modern, Colonial, Prairie and Craftsman styles.

The proposal provides its own interpretation of these styles and vernacular palette, influenced by local and regional architectural patterns. The site design, building layout, and architectural design are considered to be compatible with the scale and character of the City's mix of existing buildings and land uses.

Comprehensive Plan

1.1.6 Policy: B.

Central Business District (CBD):

The CBD designation provides for mixed-use development that may include office commercial/retail, and residential. The CBD is intended to provide for higher density mixed-use development within downtown Fort Pierce. Uses within the CBD shall include residential (condominiums, apartments, single family, attached and detached); office including, but not limited to, including artist work and sales space; retail including, but not limited to, boutiques, cafes, and restaurants; fuel sales; hotels/motels; parks and recreation; governmental facilities; complementary parks and parking facilities. This land use designation allows a maximum density of 30 dwelling units per acre and a maximum FAR of 3.0. Key characteristics of CBD shall include:

- Compact and intensive development pattern on a pedestrian scale;
- Buildings oriented to the street and define the streetscape and civic spaces;
- Development design that encourages pedestrian-oriented activities with
- plazas, cafes, bookstores, and restaurants that draw a variety of people;
- Vertical and horizontal integration of residential and non-residential uses;
- Good connection to transit and pedestrian facilities;
- Public parks and open space areas within walking distance of development;
- Parking that is integrated into street design and buildings or placed in separate structures; and
- Wide sidewalks with appropriate pedestrian amenities.

Residential uses shall comprise a minimum of 25 percent of the total floor area of the Central Business District future land use designation. Single family uses

shall only be permitted as a part of an overall mixed-use development which includes office, commercial, artisan, or retail.

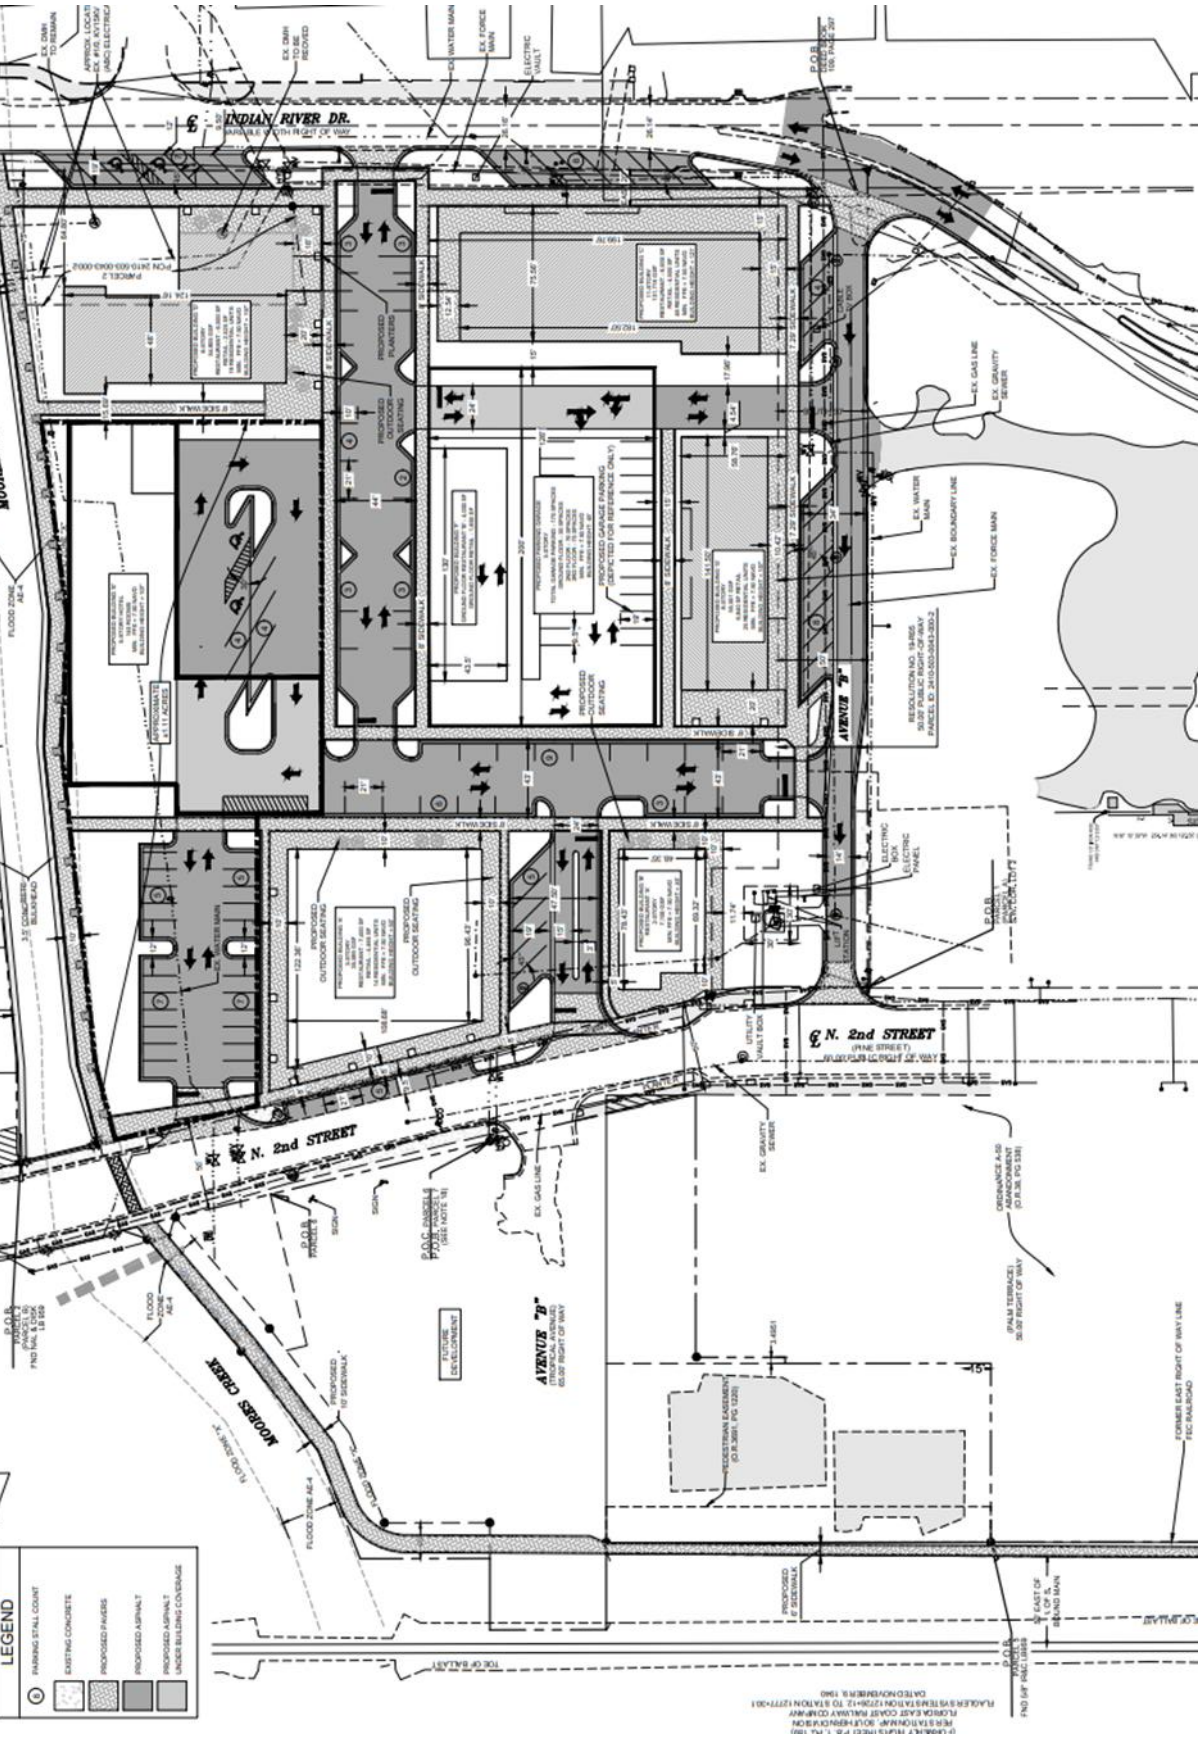
The proposed amendment to the site plan complies with the Comprehensive Plan in general and specifically with Comprehensive Plan Policy 1.1.6. B.

Public Health, Safety and General Welfare

The proposal will not have an adverse effect on the ability of the city to satisfy land and water use needs and to meet transportation demands and provide community facilities and services, and will promote and protect the public health, safety and general welfare as required by Section 125-136 of the City's Code of Ordinances;

Technical Review Committee (TRC)

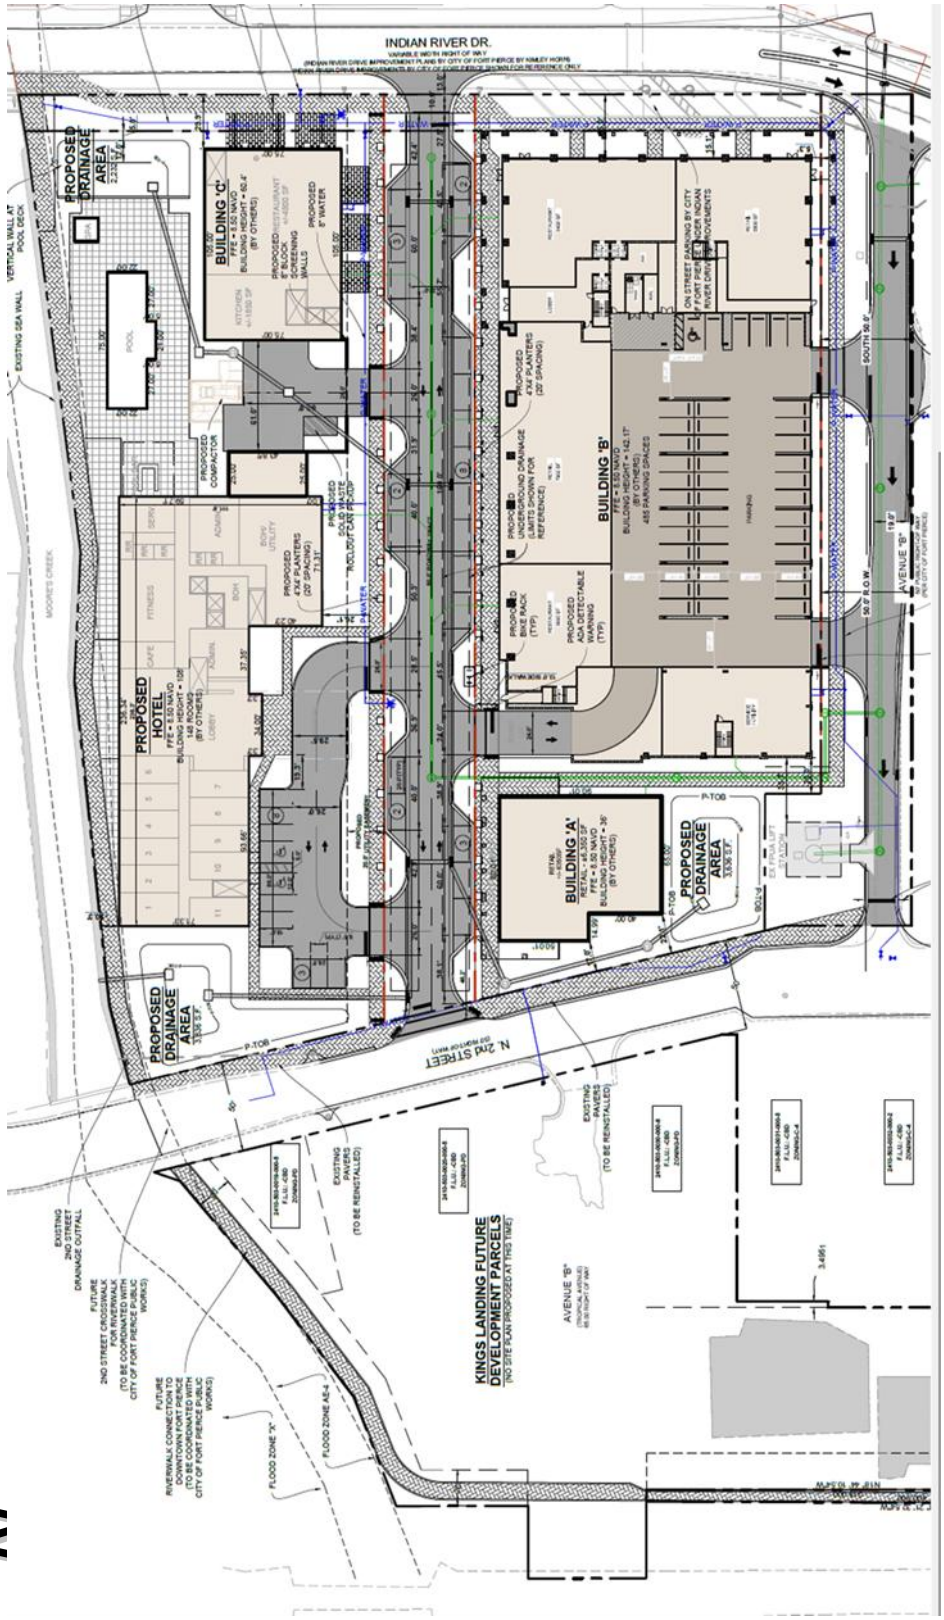
All affected city and county departments have reviewed the proposed major amendment to the approved PD Development and Site Plan (Development and Design) Review applications.



Planning Board

The City of Fort Pierce Planning Board, at their July 14, 2025, meeting, voted 4 to 1 to recommend approval of the major amendment to the Planned Development Zoning and the Final Site Plan.

Historic Preservation Board



The City of Fort Pierce Historic Preservation Board, at their July 28, 2025 meeting, voted 5 to 0 to approve the request for a Certificate of Appropriateness for the major amendment to the Planned Development Zoning and the Final Site Plan.

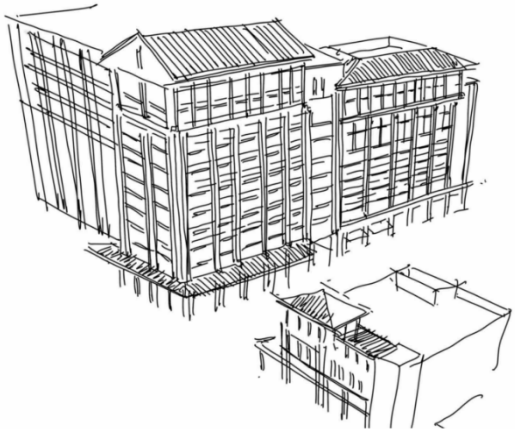
EXISTING APPROVED SITE PLAN

PROPOSED SITE PLAN

The amended site plan includes an interior parking structure and adjustments to the layout, streets and parking configurations, among other refinements.

PROPOSED SITE PLAN

Architectural Design Concepts and Architectural Language:



The following elevations shown on the subsequent pages demonstrate the architectural style of the proposed King's Landing mixed use development. Although the design is described as contemporary, featured elements include historical elements of the Mediterranean Revival, Mission, Bungalow, and Masonry Vernacular styles.

- The massing of the development steps down from the east to west, ending at 2-3 stories along the eastern edge adjacent to the lower scale of the existing development.
- Active Urban Street, laid out as a central boulevard spine.
- Active Restaurant and Retail at street level.
- Active uses lining the parking garage to the street.
- Development comprises a mixture of contemporary structures, in general keeping with the south Florida stye.
- Architectural detail such as standing seam roofs, exposed rafter tail detailing and overhangs.
- Terraces and street level colonnades.
- Mixture of gable and hip roof profiles to create variety and roof articulation.
- Painted stucco, horizontal slat and veneer stone cladding at accent areas.
- Varied pattern of window openings and proportion.
- Horizonal articulation throughout.
- Louvered panels and sun grills.

Conclusion:

Positioned at a prominent downtown location, overlooking the Indian River waterfront and city marina. The architectural style is contemporary but features design elements that blend with the existing surroundings and urban marina setting and scenic beauty. The proposed development maintains human scale and pedestrian orientation through dedicated walkways, shaded arcades, and expansive storefronts.

RECOMMENDATION

Staff recommend **Approval** of the amendment to the Kings Landing PD site plan subject to the six (6) attached conditions:

1. The Kings Villas element of the site plan is not incorporated within this approved site plan reference 25-114 HD KING - WARE R11.DWG.

2. The Timetable of Development shall comply with the Third Amendment to the Amended and Restated Agreement for Development of King's Landing, such;

·Phase 1 to be completed no later than July 11, 2028.

·Phase 2 building permits or DPCR approval for must be complete by February 24, 2027. Construction commencement for Phase 2 no later than May 19, 2027, and completion of Phase 2 no later than May 29, 2029.

·Phase 3 building permit or DPCR approval for construction of Phase 3 no later than August 23, 2028, and construction commencement of Phase 3 no later than November 15, 2028. Construction completion of Phase 3 no later than November 13, 2029.

3. All required roadway improvements (including sidewalks) shall be completed and approved in compliance with the Development Agreement.

4. A Plat shall be required prior to the application for building permits in respect of vertical construction.

5. A Street Lighting Plan shall be submitted and approved prior to first certificate of occupancy in respect of a vertical construction building permit within each phase.

6. A Landscape maintenance agreement shall be submitted and approved prior to first certificate of occupancy in respect of a vertical construction building permit within each phase.

Alternative Actions:

- Approve the proposed revised Site Plan Amendment. with conditions or recommendations
- Deny the proposed revised Site Plan Amendment.

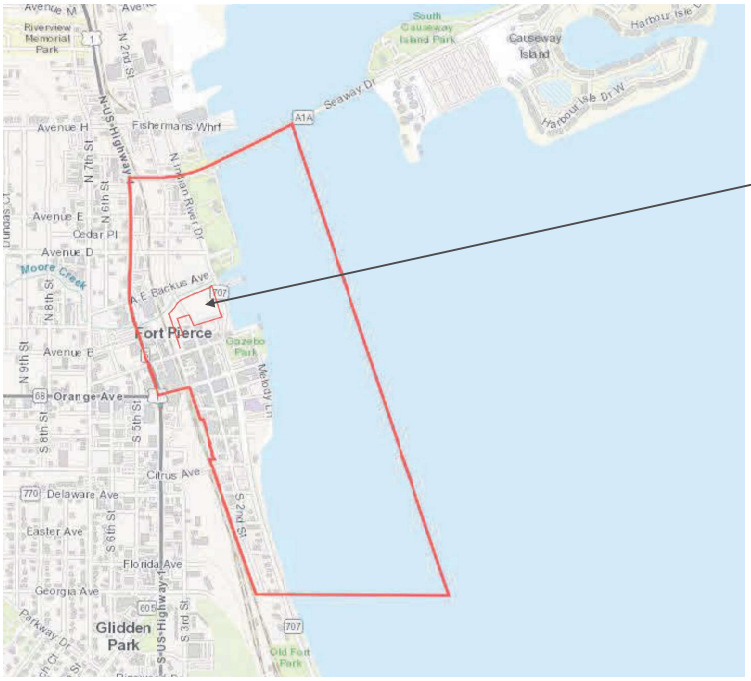
SUMMARY

The application proposes a major amendment to a previously approved site plan in respect of the Kings Landing development.

On February 7, 2022, the City replaced the site plan with an amended site plan for the subject properties, through Ordinance 22-003.

This proposal incorporates an amended final site plan and revised architectural design and building layout.

BACKGROUND



On May 24, 2021, the Historic Preservation Board (HPB) approved a Certificate of Appropriateness (COA) for the King's Landing project, the site of the former H.D. King Plant site, circa 1911, located in the heart of the City's downtown. On October 25, 2021, following the HPB approval, an application for an amendment to the Planned Development (PD) and Site Plan was recommended for approval by the Planning Board (PB). The application was further amended and approved by the HPB and thereafter approved by the City Commission at its February 7, 2022, meeting. This application includes design elements presented and approved by the PB at its July 14, 2025, meeting. The changes include additional parking and redesigned building footprints, and site layout.

The subject properties consist of approximately 7.824 acres and are located west of Indian River Drive and south of A.E. Backus Avenue. The subject parcels have a Future Land Use designation of Central Business District (CBD) with a compatible overlying Zoning classification of PD. The land is currently cleared, and part of the original Kings Landing development is undergoing town-home construction. The area subject to this application remains undeveloped.

ORDINANCE NO. 25-025

AN ORDINANCE BY THE CITY COMMISSION OF THE CITY OF FORT PIERCE, FLORIDA; **AMENDING THE KING'S LANDING PLANNED DEVELOPMENT IN RESPECT OF EIGHT (8) PARCELS AND REPRESENTING APPROXIMATELY 7.50 ACRES OF LAND GENERALLY LOCATED AT OR NEAR 322 NORTH 2ND STREET AS ESTABLISHED BY ORDINANCE NO. 20-012 AND AMENDED BY ORDINANCE 22-003 AND THE ASSOCIATED CONCEPTUAL SITE PLAN(S) THERETO; APPROVING A FINAL SITE PLAN**; **APPROVING A PLANNED DEVELOPMENT ZONING AGREEMENT;** PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR REPEAL OF ORDINANCES OR PARTS THEREOF IN CONFLICT HEREWITH; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the property is located at or near 322 North 2nd Street within the City of Fort Pierce, Florida, consisting of eight (8) parcels and representing approximately 7.50 acres of land and excludes the Villas Plat Property of King's Landing (the "Subject Property"), as depicted in Exhibit "A"; and

WHEREAS, on August 17, 2020, the City of Fort Pierce (the "City") and the Fort Pierce Redevelopment Agency (the "FPRA") as owners of said property rezoned the Subject Property located at or near 322 North 2nd Street from Central Commercial, C-4 (2 properties) & Light industrial, I-1 (8 properties) to Planned Development, PD, with an underlying zoning of Central Commercial, C- 4, and approved a conceptual site plan, through Ordinance 20-012; (the "King's Landing Planned Development"); and

WHEREAS, on February 7, 2022, the City amended and restated Ordinance 20-012 to replace the previously approved conceptual master plan with a site plan for the Subject Property located at or near 322 North 2nd Street, through Ordinance 22-003; and

WHEREAS, the Applicant seeks a major amendment to the existing Planned Development Zoning to incorporate the approval of the Final Site Plan to the King's Landing Planned Development for the Subject Property, as depicted on the Final Site Plan attached hereto as Exhibit "B"; and

WHEREAS, the City, the FPRA, and Audubon Development, Inc. ("Audubon") entered into an agreement dated December 2, 2019 and recorded in Official Records Book 4353, Page 1200, as amended by that certain First Amendment to Agreement for Development of King's Landing, dated February 3, 2020 and recorded in Official Records Book 4382, Page 118, both of the Public Records of St. Lucie County Florida (collectively, the "Original Agreement for Development"); and

WHEREAS, the City, the FPRA, and Audubon entered into an Amended and Restated Agreement for Development of King's Landing dated February 8, 2022, and recorded in Official Records Book 4775, Page 2707, of the Public Records of St. Lucie County which superseded the Original Agreement for Development; and

WHEREAS, Audubon, the City, and the FPRA entered into a First Amendment to the Amended and Restated Agreement, dated November 21, 2022, and recorded in Official Records Book 4919, Page 632, of the Public Records of St. Lucie County (the "First Amendment"); and

WHEREAS, Audubon, the City, and the FPRA entered into a Second Amendment to the Amended and Restated Agreement, dated August 13, 2024, and recorded in Official Records Book 5192, Page 666,

of the Public Records of St. Lucie County (the "Second Amendment")

WHEREAS, Audubon, the City, and the FPRA entered into a Third Amendment to the Amended and Restated Agreement, dated April 8, 2025, and recorded in Official Records Book 5296, Page 2970, of the Public Records of St. Lucie County (the “Third Amendment”) (the entire agreement as amended by the First, Second, and Third Amendments is collectively referred to hereinafter as the "Amended and Restated Agreement"); and

WHEREAS, on January 6, 2025, the City passed Resolution No. 25-R05, approving the sale of a portion of the King’s Landing Planned Development along A.E. Backus Avenue to be developed as residential villas (the “Villas Plat Property”) from Audubon to Kings Landing Ft Pierce, LLC (the “Villas Plat Owner”); and

WHEREAS, Audubon and the Villas Plat Owner executed a Partial Assignment and Assumption of Development Agreement dated January 17, 2025, and recorded in Official Records Book 5259, Page 2961, of the Public Records of St. Lucie County, assigning and assuming all rights duties and obligations of Audubon under the Amended and Restated Agreement as to the Villas Plat Property to the Villas Plat Owner; and

WHEREAS, the 0.76 acres Villas Plat Property of the King’s Landing Planned Development obtained Final Plat approval for ten (10) single-family lots on September 5, 2023; and

WHEREAS, no portion of this Ordinance is to apply to, change, repeal, or amend the Villas Plat Property of the King’s Landing Planned Development’s site plan approval(s) whether approved through ordinance or otherwise; and

WHEREAS, this Ordinance is consistent with the comprehensive plan, will not have an adverse effect on the ability of the city to satisfy land and water use needs and to meet transportation demands and provide community facilities and services, and will promote and protect the public health, safety and general welfare as required by Section 125-136 of the City’s Code of Ordinances; and

WHEREAS, the City of Fort Pierce Planning Board, at their July 14, 2025, meeting, voted 4 to 1 to recommend approval of the major amendment to the Planned Development Zoning and the Final Site Plan; and

WHEREAS, the City of Fort Pierce Historic Preservation Board, at their July 28, 2025 meeting, voted 5 to 0 to approve the request for a Certificate of Appropriateness for the major amendment to the Planned Development Zoning and the Final Site Plan; and

WHEREAS, pursuant to Section 125-212 of the City’s Code of Ordinances, enacted after conceptual site plan approval for the King’s Landing Planned Development, this Planned Development is now permitted in the City subject to a Planned Development Zoning Agreement; and

WHEREAS, the Amended and Restated Agreement and any subsequent amendments thereto shall serve as the Planned Development Zoning Agreement required under the Code for the Subject Property.

NOW, THEREFORE BE IT ORDAINED by the City Commission of the City of Fort Pierce, Florida as follows:

SECTION 1. From and after the effective date hereof, this Ordinance approving a major amendment to the Planned Development Zoning is approved with respect to the following eight (8) parcels, totaling 7.06 acres:

Parcel IDs 2410-503-0041-020-4, 2410-503-0043-000-2, 2410-503-0020-000-5, 2410-503-0019-010-8, 2410-503-0019-000-5, 2410-503-0034-000-6, 2410-503-0036-010-3, 2410-503-0030-000-8

From and after the effective date hereof, the following properties legally described as: PARCEL A:

BEING A PARCEL OF LAND LYING IN BLOCK “A”, ACCORDING TO AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 189 OF THE PUBLIC RECORDS OF ST. LUCIE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHWEST CORNER OF LOT 8, BLOCK F, OF SAID AARON LEE'S MAP OF FORT PIERCE, PROCEED NORTH 18°44'11” WEST ALONG THE WEST LINE OF BLOCK F AND THE EAST RIGHT-OF-WAY LINE OF NORTH 2ND STREET (FORMERLY KNOWN AS PINE STREET, AS SHOWN ON SAID AARON LEE'S MAP OF FORT PIERCE AND BEING A 60.00-FOOT-WIDE PUBLIC RIGHT-OF-WAY), A DISTANCE OF 254.00 FEET TO THE SOUTHWEST CORNER OF LOT 2 OF SAID MAP OF FORT PIERCE, SAID CORNER BEING THE POINT OF BEGINNING; THENCE NORTH 18°44'11" WEST, ALONG THE WEST LINE OF LOTS 2 AND 1 AND EAST RIGHT-OF-WAY LINE OF SAID 2ND STREET A DISTANCE OF 69.41 FEET TO A POINT OF INTERSECTION WITH THE EAST RIGHT-OF- WAY LINE OF THE ADJUSTED NORTH 2ND STREET; THENCE NORTH 32°17'09" WEST, ALONG SAID EAST RIGHT-OF-WAY LINE, A DISTANCE OF 371.24 FEET TO A POINT ON THE 3.50-FOOT-WIDE CONCRETE BULKHEAD BOUNDING MOORES CREEK; THENCE ALONG SAID BULKHEAD THE FOLLOWING (5) COURSES AND DISTANCES: NORTH 56°42'22" EAST, A DISTANCE OF 44.68 FEET; THENCE NORTH 65°10'23" EAST, A DISTANCE OF 179.28 FEET; THENCE NORTH 74°04'13" EAST, A DISTANCE OF 71.16 FEET; THENCE NORTH 63°51'02" EAST, A DISTANCE OF 224.31 FEET; THENCE NORTH 61°33'56" EAST, A DISTANCE OF 29.63 FEET TO A POINT ON THE WESTERLY RIGHT-OF- WAY LINE OF INDIAN RIVER DRIVE (A VARIABLE-WIDTH RIGHT-OF-WAY), AS SHOWN ON THE STATE OF FLORIDA STATE ROAD DEPARTMENT RIGHT-OF-WAY MAP SECTION 94500, LAST REVISED OCTOBER 5, 1960; THENCE SOUTH 18°43'54" EAST, ALONG SAID WESTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 491.42 FEET TO A POINT ON THE EASTERLY PROLONGATION OF THE SOUTHERLY LINE OF SAID LOT 2, AND LOT 3, SAID BLOCK F; THENCE SOUTH 71°18'49" WEST, ALONG SAID EASTERLY PROLONGATION, AND THE SOUTH LINE OF SAID LOT 3, AND 2, A DISTANCE OF 457.21 FEET TO THE POINT OF BEGINNING.

CONTAINING 5.266 ACRES (229,381.98 SQUARE FEET), MORE OR LESS.

TOGETHER WITH PARCEL B (NORTH):

BEING A PARCEL OF LAND LYING IN BLOCK “A” AND A PORTION OF LOT 1, BLOCK “B”, ACCORDING TO AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 189 OF THE PUBLIC RECORDS OF ST. LUCIE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHWEST CORNER OF LOT 8, BLOCK F, OF SAID AARON LEE'S MAP OF FORT PIERCE, PROCEED NORTH 18°44'11” WEST ALONG THE WEST LINE OF BLOCK F AND THE EAST RIGHT-OF-WAY LINE OF NORTH 2ND STREET (FORMERLY KNOWN AS PINE STREET, AS SHOWN ON SAID AARON LEE'S MAP OF FORT PIERCE AND BEING A 60.00-FOOT-WIDE PUBLIC RIGHT-OF-WAY), A DISTANCE OF 323.41 FEET TO A POINT OF INTERSECTION WITH THE EAST RIGHT-OF-WAY LINE OF THE ADJUSTED NORTH 2ND/ STREET; THENCE NORTH 32°17'09" WEST, ALONG SAID EAST RIGHT-OF- WAY LINE, A DISTANCE OF 371.24 FEET TO A POINT ON THE 3.50-FOOT-WIDE CONCRETE BULKHEAD BOUNDING MOORES CREEK; THENCE CONTINUE NORTH 32°17'09” WEST, A DISTANCE OF 44.51 FEET TO A POINT ON THE NORTHERLY 3.50- FOOT-WIDE CONCRETE BULKHEAD, SAID POINT BEING THE POINT OF BEGINNING; THENCE NORTH 32°17'09" WEST, DEPARTING SAID CREEK, AND ALONG SAID EAST RIGHT-OF-WAY LINE, A DISTANCE OF 53.76 FEET TO A POINT ON THE WEST LINE OF LOT 1, BLOCK “B”; THENCE NORTH 18°44'11" WEST, A DISTANCE OF 67.04

FEET TO THE NORTHWEST CORNER OF SAID LOT 1, AND A POINT ON THE SOUTH RIGHT-OF -WAY LINE OF AVENUE C (FORMERLY KNOWN AS SEMINOLE AVENUE AS SHOWN ON SAID AARON LEE'S MAP OF FORT PIERCE); THENCE NORTH 71°02'48" EAST, DEPARTING SAID NORTHWEST CORNER AND ALONG SAID SOUTH RIGHT-OF-WAY LINE, A DISTANCE OF 304.27 FEET TO THE WEST LINE OF THE EAST 92.7 FEET OF LOT 1 OF BLOCK “A” OF SAID AARON LEE'S MAP OF FORT PIERCE; THENCE SOUTH 18°43'54" EAST, A DISTANCE OF 103.40 FEET TO A POINT ON THE NORTHERLY 3.50-FOOT-WIDE CONCRETE BULKHEAD BOUNDING MOORES CREEK; THENCE ALONG SAID CONCRETE BULKHEAD THE FOLLOWING (4) COURSES AND DISTANCES: SOUTH 74°39'15" WEST, A DISTANCE OF 51.85 FEET; THENCE SOUTH 65°37'46" WEST, A DISTANCE OF 181.91 FEET; THENCE SOUTH 70°48'08" WEST, A DISTANCE OF 53.29 FEET; THENCE SOUTH 53°00'56" WEST, A DISTANCE OF 5.89 FEET TO THE POINT OF BEGINNING.

CONTAINING 0.759 ACRES (33,042.66 SQUARE FEET), MORE OR LESS.

TOGETHER WITH PARCEL C (WEST):

A PARCEL OF LAND BEING LOTS 5 AND 6 OF BLOCK “E”, PORTIONS OF LOTS 7 AND 8 OF BLOCK “E”, A PORTION OF AVENUE “B” AS SHOWN ON AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 189 TOGETHER WITH LOT 1 AND THE WEST 3.50 FEET OF LOT 2 OF THE NEW SUBDIVISION BLOCK E OF AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 192, OF THE PUBLIC RECORDS OF ST. LUCIE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

RE: PZSITE2025-00027 - KINGS LANDING - MAJOR SITE PLAN

CAO RLS FILE: RLS 25-207

DATE: AUGUST 4, 2025

I have reviewed the above Request for Legal Services (RLS) related to the Site Plan for King's Landing. Per our discussion, this is the Final Site Plan approval for the main King's Landing project. Additionally, due to the new Code of Ordinance Requirements, a Planned Development Agreement is required for this property. You have indicated you are comfortable with the existing Development Agreement and Amendments thereto and any subsequent Amendments acting as the Planned Development Agreement for this PD. I have made suggested changes based on these understandings. There are blanks in the Ordinance where you will need to fill in the book and page number for the Villas Property Amendment (presuming it is approved; if not, that Whereas clause will need to be deleted) and the date the Villas Final Site Plan was approved. With all blanks filled in and the suggested changes included, the Ordinance is approved as to form and correctness. I have uploaded the Ordinance in Track Changes and Clean Copy formats for your utilization.

If you have any questions, please do not hesitate to contact this Office via phone or e-mail.

Thank you.
SH

HALEY WARD

PROJECT NARRATIVE & COVER LETTER

Kings Landing

Site Plan Amendment

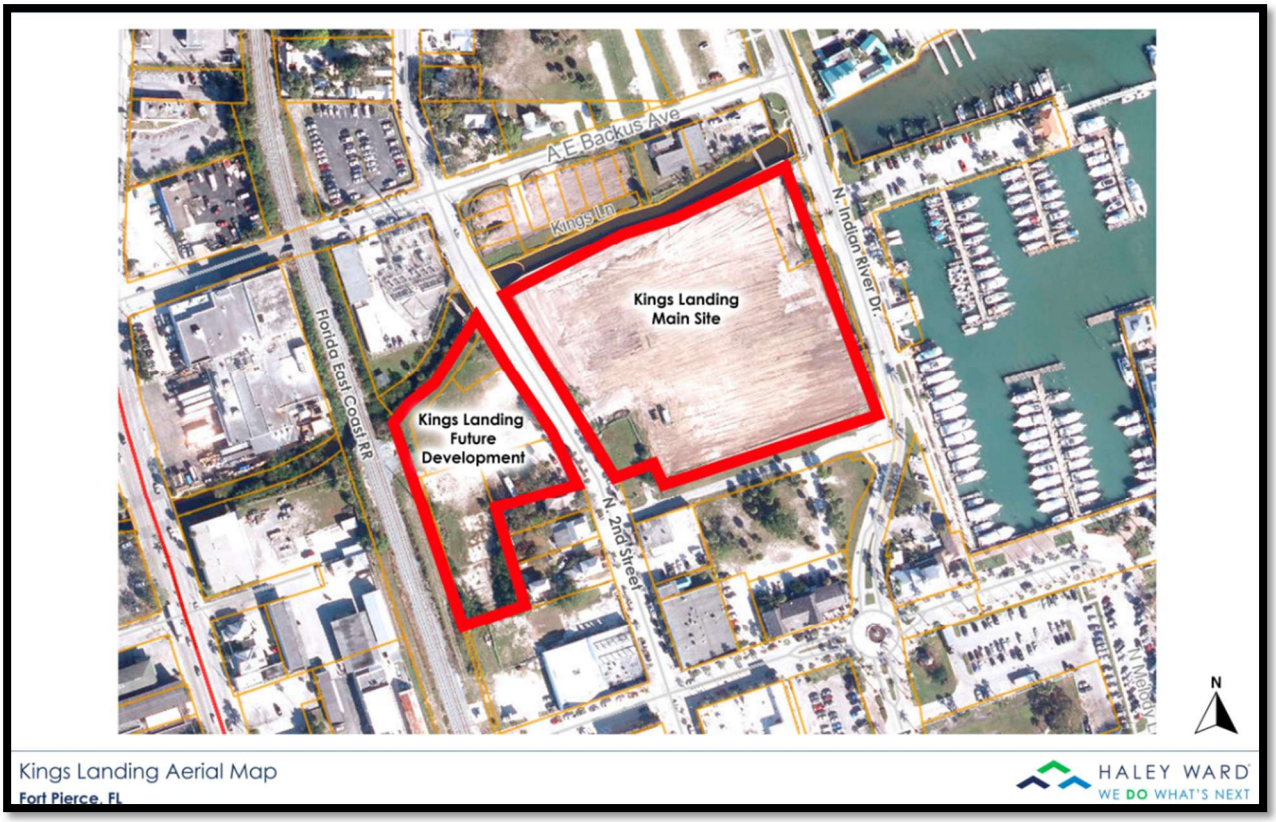
May 27, 2025

REQUEST

On behalf of the petitioner, Haley Ward, Inc. is requesting approval of a site plan amendment to the previously approved Kings Landing development. The parcel is located east of N. 2nd Street and south of Moore's Creek in Fort Pierce, Florida. The subject parcels total approximately 7.06 acres.

SITE CHARACTERISTICS & PROJECT HISTORY

The subject properties are located in the City of Fort Pierce. Below is a list of the parcels associated with this request:



Parcel ID	Jurisdiction	FLU	Zoning
2410-503-0041-020-4	Fort Pierce	CBD	PD
2410-503-0043-000-2	Fort Pierce	CBD	PD
2410-503-0020-000-5	Fort Pierce	CBD	PD
2410-503-0019-010-8	Fort Pierce	CBD	PD
2410-503-0019-000-5	Fort Pierce	CBD	PD
2410-503-0034-000-6	Fort Pierce	CBD	PD
2410-503-0036-010-3	Fort Pierce	CBD	PD
2410-503-0030-000-8	Fort Pierce	CBD	PD
TOTAL ACREAGE:	**7.06 Acres**		

The subject parcels are located in the City of Fort Pierce and have a Future Land Use designation of Central Business District (CBD) and an underlying Zoning designation of Planned Development (PD). The Major Site Plan for Kings Landing was approved on February 10, 2022. A minor site plan amendment was approved by the City of Fort Pierce Planning Department on July 21, 2023 for changes to the Villas site layout and residential unit type on the north side of Moore's Creek. A site plan extension was granted as allowed under Senate Bill 250 which extended the expiration of this site plan to July 20, 2028. The applicant is proposing revisions to the plan which includes a reconfiguration of the buildings / uses proposed in this mixed-use development. The proposed

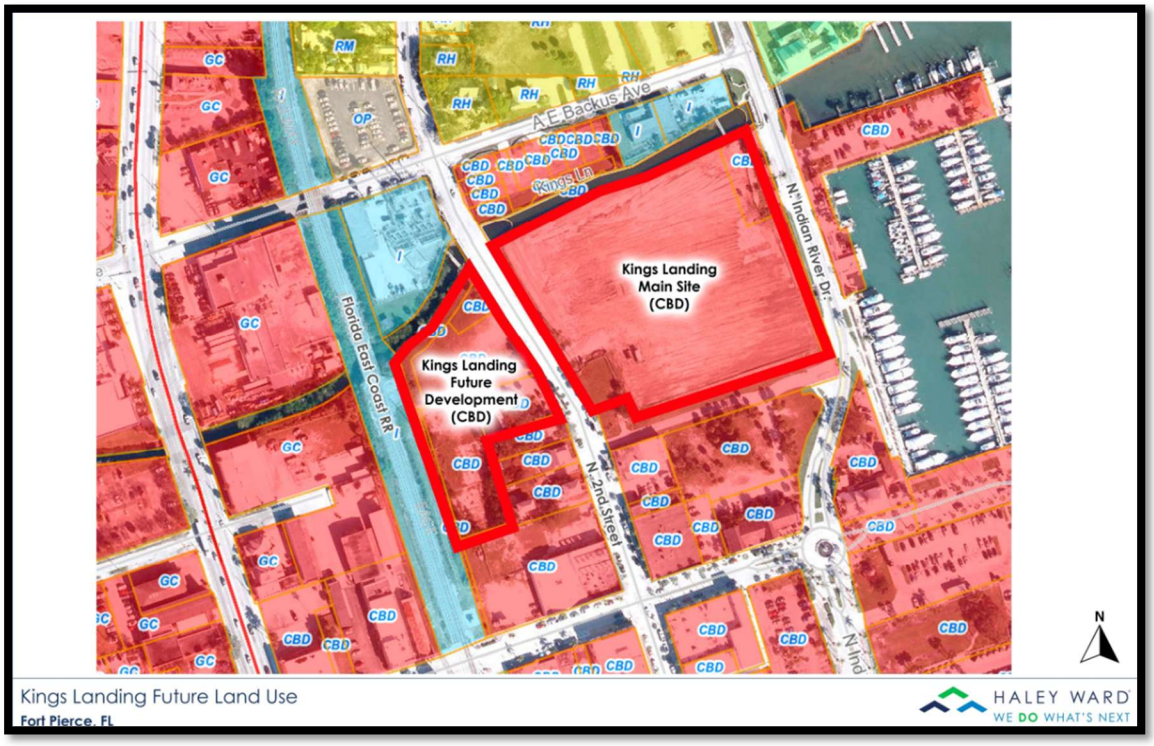
10250 SW VILLAGE PARKWAY, SUITE 201, PORT ST. LUCIE, FL 34987 772.462.2455 | HALEYWARD.COM

development maintains the general character, scope of uses, arrangement of building elevations (rising to the east direction) as the originally approved site plan. Please see architectural package contained in the submitted Design Review for further building details.

Aerial Map

North of the parcels lies Moore's Creek followed by a residential development known as Villas at Kings Landing. The Villas at Kings Landing are no longer associated with this amendment. Those parcels have a Future Land Use designation of Central Business District (CBD) and an underlying Zoning designation of Planned Development (PD).

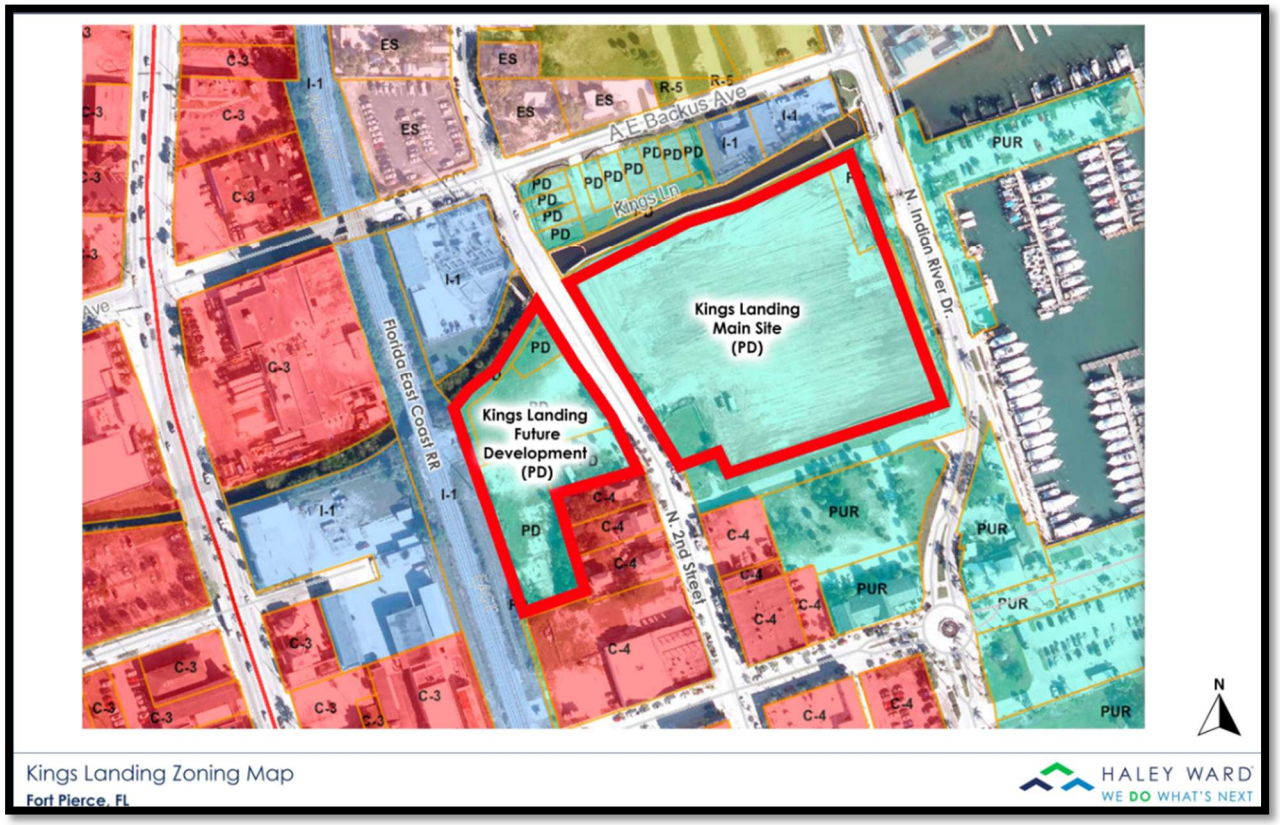
South of the subject parcel lies the right of way of Avenue "B" followed by a commercial parcel to the southwest and an undeveloped parcel to the southeast which have a Future Land Use designation of Central Business District (CBD). The southwest parcel has a Zoning designation of Central Commercial



Zone (C-4) and the parcel to the southeast has a Zoning designation of Planned Development (PD).

East of the subject parcel lies the right of way of North Indian River Drive followed by the Fort Pierce Marina. The Marina has a Future Land Use designation of Central Business District (CBD) and an underlying Zoning designation of Planned Unit Redevelopment (PUR).

West of the main Kings Landing parcels lies the right-of-way of N. Second Street. West of the right-of-way lies parcels owned by the petitioner and slated for future development.



West of the future development parcels (as noted in the above noted aerial map) lies the Florida East Coast Railroad. This parcel has a Future Land Use designation of Industrial (I) and an underlying Zoning designation of Light Industrial (I-1). West of the railroad lies developed commercial parcels. These parcels have a Future Land Use designation of Central Business District (CBD) and an underlying Zoning designation of General Commercial (C-3).

DEVELOPMENT REVIEW REQUIREMENTS

Section 125-313(a)(3) of the City of Fort Pierce Code of Ordinances identifies the requirements for Major and Minor Site Plan Applications. The attached materials meet all of the requirements of Section 125-313.

1) **The legal description for the proposed development is as follows:**

PARCEL A:
BEING A PARCEL OF LAND LYING IN BLOCK "A", ACCORDING TO AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 189 OF THE PUBLIC RECORDS OF ST. LUCIE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHWEST CORNER OF LOT 8, BLOCK F, OF SAID AARON LEE'S MAP OF FORT PIERCE, PROCEED NORTH 18°44'11" WEST ALONG THE WEST LINE OF BLOCK F AND THE EAST RIGHT-OF-WAY LINE OF NORTH 2ND/ STREET (FORMERLY KNOWN AS PINE STREET, AS SHOWN ON SAID AARON LEE'S MAP OF FORT PIERCE AND BEING A 60.00-FOOT-WIDE PUBLIC RIGHT-OF-WAY), A DISTANCE OF 254.00 FEET TO THE SOUTHWEST CORNER OF LOT 2 OF SAID MAP OF FORT PIERCE, SAID CORNER BEING THE POINT OF BEGINNING; THENCE NORTH 18°44'11" WEST, ALONG THE WEST LINE OF LOTS 2 AND 1 AND EAST RIGHT-OF-WAY LINE OF SAID 2ND/ STREET A DISTANCE OF 69.41 FEET TO A POINT OF INTERSECTION WITH

THE EAST RIGHT-OF-WAY LINE OF THE ADJUSTED NORTH 2ND/ STREET; THENCE NORTH 32°17'09" WEST, ALONG SAID EAST RIGHT-OF-WAY LINE, A DISTANCE OF 371.24 FEET TO A POINT ON THE 3.50-FOOT-WIDE CONCRETE BULKHEAD BOUNDING MOORES CREEK; THENCE ALONG SAID BULKHEAD THE FOLLOWING (5) COURSES AND DISTANCES: NORTH 56°42'22" EAST, A DISTANCE OF 44.68 FEET; THENCE NORTH 65°10'23" EAST, A DISTANCE OF 179.28 FEET; THENCE NORTH 74°04'13" EAST, A DISTANCE OF 71.16 FEET; THENCE NORTH 63°51'02" EAST, A DISTANCE OF 224.31 FEET; THENCE NORTH 61°33'56" EAST, A DISTANCE OF 29.63 FEET TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF INDIAN RIVER DRIVE (A VARIABLE-WIDTH RIGHT-OF-WAY), AS SHOWN ON THE STATE OF FLORIDA STATE ROAD DEPARTMENT RIGHT-OF-WAY MAP SECTION 94500, LAST REVISED OCTOBER 5, 1960; THENCE SOUTH 18°43'54" EAST, ALONG SAID WESTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 491.42 FEET TO A POINT ON THE EASTERLY PROLONGATION OF THE SOUTHERLY LINE OF SAID LOT 2, AND LOT 3, SAID BLOCK F; THENCE SOUTH 71°18'49" WEST, ALONG SAID EASTERLY PROLONGATION, AND THE SOUTH LINE OF SAID LOT 3, AND 2, A DISTANCE OF 457.21 FEET TO THE POINT OF BEGINNING.

CONTAINING 5.266 ACRES (229,381.98 SQUARE FEET), MORE OR LESS.

TOGETHER WITH PARCEL C (WEST):

A PARCEL OF LAND BEING LOTS 5 AND 6 OF BLOCK "E", PORTIONS OF LOTS 7 AND 8 OF BLOCK "E", A PORTION OF AVENUE "B" AS SHOWN ON AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 189 TOGETHER WITH LOT 1 AND THE WEST 3.50 FEET OF LOT 2 OF THE NEW SUBDIVISION BLOCK E OF AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 192, OF THE PUBLIC RECORDS OF ST. LUCIE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHWEST CORNER OF LOT 8, BLOCK F, OF SAID AARON LEE'S MAP OF FORT PIERCE, PROCEED SOUTH 71°18'49" WEST, ALONG THE EASTERLY PROLONGATION OF THE SOUTH LINE OF BLOCK "E" AND ALONG SAID SOUTH LINE, A DISTANCE OF 310.00 FEET TO THE POINT OF BEGINNING; THENCE CONTINUE ALONG SAID SOUTH BLOCK LINE SOUTH 71°25'01" WEST, A DISTANCE OF 8.93 FEET TO A POINT ON THE EAST RIGHT-OF-WAY LINE OF THE FLORIDA EAST COAST RAILROAD AS SHOWN ON THE STATION MAP, SOUTHERN DIVISION, FLORIDA EAST COAST RAILWAY COMPANY FLAGLER SYSTEM STATION 12741+93.7 TO STATION 12796+90.0, DATED SEPTEMBER 5, 1944; THENCE NORTH 18°21'33" WEST, ALONG SAID EASTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 400.00 FEET A POINT ON THE NORTH LINE OF LOT 7, SAID BLOCK "E", SAID NORTH LINE ALSO BEING THE SOUTH RIGHT-OF-WAY LINE OF AVENUE "B", BEING FORMERLY KNOWN AS TROPICAL AVENUE AS SHOWN ON AFOREMENTIONED AARON LEE'S MAP OF FORT PIERCE (A 65.00-FOOT-WIDE RIGHT-OF-WAY); THENCE SOUTH 71°18'49" WEST, A DISTANCE OF 42.46 FEET; THENCE NORTH 18°49'01" WEST, A DISTANCE OF 65.00 FEET; THENCE NORTH 71°18'49" EAST, A DISTANCE OF 40.00 FEET;THENCE NORTH 18°49'01" WEST, A DISTANCE OF 72.51 FEET TO A POINT ON THE SOUTH TOP OF BANK OF MOORES CREEK; THENCE ALONG SAID SOUTH TOP OF BANK THE

FOLLOWING (4) COURSES AND DISTANCES: NORTH 49°57'34" EAST, A DISTANCE OF 64.50 FEET; THENCE NORTH 33°59'38" EAST, A DISTANCE OF 70.44 FEET; THENCE NORTH 31°08'29" EAST, A DISTANCE OF 82.06 FEET; THENCE NORTH 0°15'54" EAST, A DISTANCE OF 14.97 FEET TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF THE ADJUSTED 2ND/ STREET (A 60.00-FOOT-WIDE PUBLIC RIGHT-OF-WAY); THENCE SOUTH 32°17'09" EAST, ALONG SAID WESTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 320.88 FEET TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF 2ND/ STREET AS SHOWN ON AFOREMENTIONED AARON LEE'S MAP OF FORT PIERCE; THENCE SOUTH 18°44'11" EAST, ALONG SAID WESTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 8.92 FEET TO A POINT ON THE SOUTHERLY LINE OF LOT 1, SAID BLOCK "E"; THENCE SOUTH 71°18'49" WEST, ALONG SAID SOUTHERLY LINE, A DISTANCE OF 146.50 FEET TO A POINT OF INTERSECTION WITH A LINE LYING AND BEING 3.50 FEET EAST OF AND PARALLEL WITH THE WEST LINE OF LOT 2, SAID BLOCK "E"; THENCE SOUTH 18°44'11" EAST, A DISTANCE OF 50.00 FEET TO THE SOUTH LINE OF SAID LOT 2, SAID LINE ALSO BEING THE NORTH LINE OF LOT 3, SAID BLOCK "E"; THENCE SOUTH 71°18'49" WEST, ALONG SAID NORTH LOT LINE, A DISTANCE OF 3.50 FEET TO THE WEST LINE OF SAID LOT 3; THENCE SOUTH 18°44'11" EAST, ALONG THE WEST LINE OF LOTS 3 AND 4 AND THE SOUTHERLY PROLONGATION THEREOF, A DISTANCE OF 115.00 FEET TO A POINT ON A LINE LYING AND BEING 15.00 FEET SOUTH OF AND PARALLEL WITH THE NORTHERLY RIGHT-OF-WAY LINE OF CHURCH STREET, FORMERLY KNOWN AS PALM TERRACE ON THE AFOREMENTIONED AARON LEE'S MAP OF FORT PIERCE (A 50.00-FOOT-WIDE RIGHT-OF-WAY; THENCE SOUTH 71°18'49" WEST, ALONG SAID PARALLEL LINE, A DISTANCE OF 100.00 FEET TO A POINT OF INTERSECTION WITH THE NORTHERLY PROLONGATION OF THE WEST LINE OF LOT 9, SAID BLOCK "E"; THENCE SOUTH 18°44'11" EAST, ALONG SAID PROLONGATED LINE AND WEST LINE OF LOT 9 A DISTANCE OF 185.00 FEET TO THE POINT OF BEGINNING.

CONTAINING 1.799 ACRES (78,361.87 SQUARE FEET), MORE OR LESS.

2) Name of ownership

Audubon Development, Inc.
184 Sunset Ave, # 38
Palm Beach, FL 33480

3) Development timeline

As outlined in the Third Amendment to Amended and Restated Agreement for Development of Kings Landing dated April 8, 2025, please see below development times:

- Phase 1 to be completed no later than July 11, 2028.
- Phase 2 building permits or DPCR approval for must be complete by February 24, 2027. Construction commencement for Phase 2 no

later than May 19, 2027 and completion of Phase 2 no later than May 29, 2029.

- Phase 3 building permit or DPCR approval for construction of Phase 3 no later than August 23, 2028 and construction commencement of Phase 3 no later than November 15, 2028. Construction completion of Phase 3 no later than November 13, 2029.

4) Phasing

Though the Third Amendment to Amended and Restated Agreement for Development of Kings Landing reflects three (3) phases, the developer intends to complete construction in two (2) phases.

- Phase 1: 148 Room Hotel, Proposed Building C (Retail 6,250 SF w/ rooftop amenity), the east / west spile road and supporting core infrastructure for Kings Landing.
- Phase 2: Proposed Building A & Building B with parking garage and supporting infrastructure.
- Phase 3: Parcels west of 2nd Street are proposed as "future development" until such time a formal site plan and uses can be developed.

Based on the above and attached information, the applicant respectfully requests review and approval of the requested site plan amendment for Kings Landing.

re: King’s Landing Design Narrative

King’s Landing is a mixed-use waterfront project with a unique sense of place and an aesthetic that will create a lasting memory through architecture and art. A destination that resonates in the mind. Architecture is at one with the community, the site, and the vernacular of a historic location.

King's Landing is an urban infill project that incorporates 106 residential units, 148 key hotel, mixed retail, function spaces, and restaurants in the heart of the city. King's Landing enhances the waterfront experience of this destination marina through vibrant walkable streets, bringing local residents, marina guests, and hotel guests together in an active gathering space. Above the restaurant spaces along the waterfront is a rooftop multi-use function space to hold small events and gatherings. The residential component incorporates luxury waterfront living with large exterior living room spaces creating a seamless indoor/outdoor experience, and rooftop amenities and pool area along the Southwest side of the building. Ample parking for the hotel and residences is provided in a multi-level garage screened behind retail and residential units.

The overall character of King’s Landing respects the surrounding community not only inherent in the architectural style, colors, and details, but in the overall massing that steps down from the East to the West, ending up at 2-3 stories along the Eastern edge adjacent to the lower scale of the existing residences. Drawing inspiration from the South Florida Style, the various buildings in the development provide different interpretations to create a rich contemporary collection of structures that form a cohesive whole. Standing seam roofs, exposed rafter tail detailing, large overhangs, deep terraces, and street level colonnades are implemented throughout. A mix of gable and hip roof profiles created additional variety in the forms. Wall finishes consisting of a mix of painted stucco,

horizontal slat, and veneer shell stone cladding at accent areas are also in keeping with the South Florida Style. The façade design creates a horizontal articulation of base, mid-zone, & roof level from heavy to light. The condominium/mixed use building brings a level of contemporary flare to the style with large glass window openings and glass railings. Louvered panels and sun grills create a final consistent language of detailing.

King's Landing, a project for the evolving City of Ft. Pierce.

SPECIAL WARRANTY DEED

THIS SPECIAL WARRANTY DEED is made as of the 8th day of March, 2022, by the FORT PIERCE REDEVELOPMENT AGENCY, a community redevelopment agency established pursuant to Florida Statutes Chapter 163 ("**Grantor**"), to AUDUBON DEVELOPMENT, INC., a Florida corporation, whose address is P.O. Box 981, Palm Beach, Florida, 33480 ("**Grantee**").

(Whenever used herein, the terms "Grantor" and "Grantee" include all the parties to this instrument and the heirs, personal representatives and assigns of individuals and the successors and assigns of corporations, limited liability companies, partnerships, governmental and quasi-governmental entities.)

WITNESSETH:

THAT GRANTOR, for and in consideration of the sum of Ten Dollars ($10.00) and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, by these presents does grant, bargain, sell, alienate, remise, release, convey and confirm unto Grantee, all those certain parcels of real property (the "**Land**") situate in St. Lucie County, Florida and more particularly described in **Exhibit "A"**, attached hereto and made a part hereof.

TOGETHER WITH all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

TO HAVE AND TO HOLD the same in fee simple forever.

AND GRANTOR hereby covenants with Grantee that Grantor is lawfully seized of the Land in fee simple; that Grantor has good right and lawful authority to sell and convey Grantor's interest in and to the Land and hereby warrants the title to the Land and will defend the same against the lawful claims of all persons claiming by, through or under Grantor, but not otherwise. This conveyance is subject to taxes accruing subsequent to December 31, 2023, and to easements, restrictions, agreements, conditions, limitations, reservations and other matters of record, if any, but this reference to the foregoing shall not operate to reimpose the same.

PROVIDED THAT in the event that Grantee defaults on its obligations set forth in that certain Agreement for Development of King's Landing, by and between The City of Fort Pierce, the Fort Pierce Redevelopment Agency and Grantee, dated February 8, 2022, and recorded in Official Records Book 4775, Page 2707, of the Public Records of St. Lucie County, Florida, then Grantor shall have the right to re-enter and retake possession of the Land, and fee simple title to such land shall revert to the Grantor.

IN WITNESS WHEREOF, the party referred to above as Grantor has caused this instrument to be executed and delivered in its name and has intended the same to be and become effective as of the day and year first above written.

Signed, sealed and delivered

***Change in Demand**	Trips	Trips
Impact to Capacity		

IV. Project Description

PHASING
Is this project (phase) part of a larger project? [ ] Yes [ ] No
If yes, enumerate each phase, the number of units or square footage in each phase and beginning/completion date.
Total Project: Residential Units: Single Family: Multifamily:
Non-residential (square footage):
Mixed-use (describe use):
(If this is a single phase project, name it Phase I – Total)

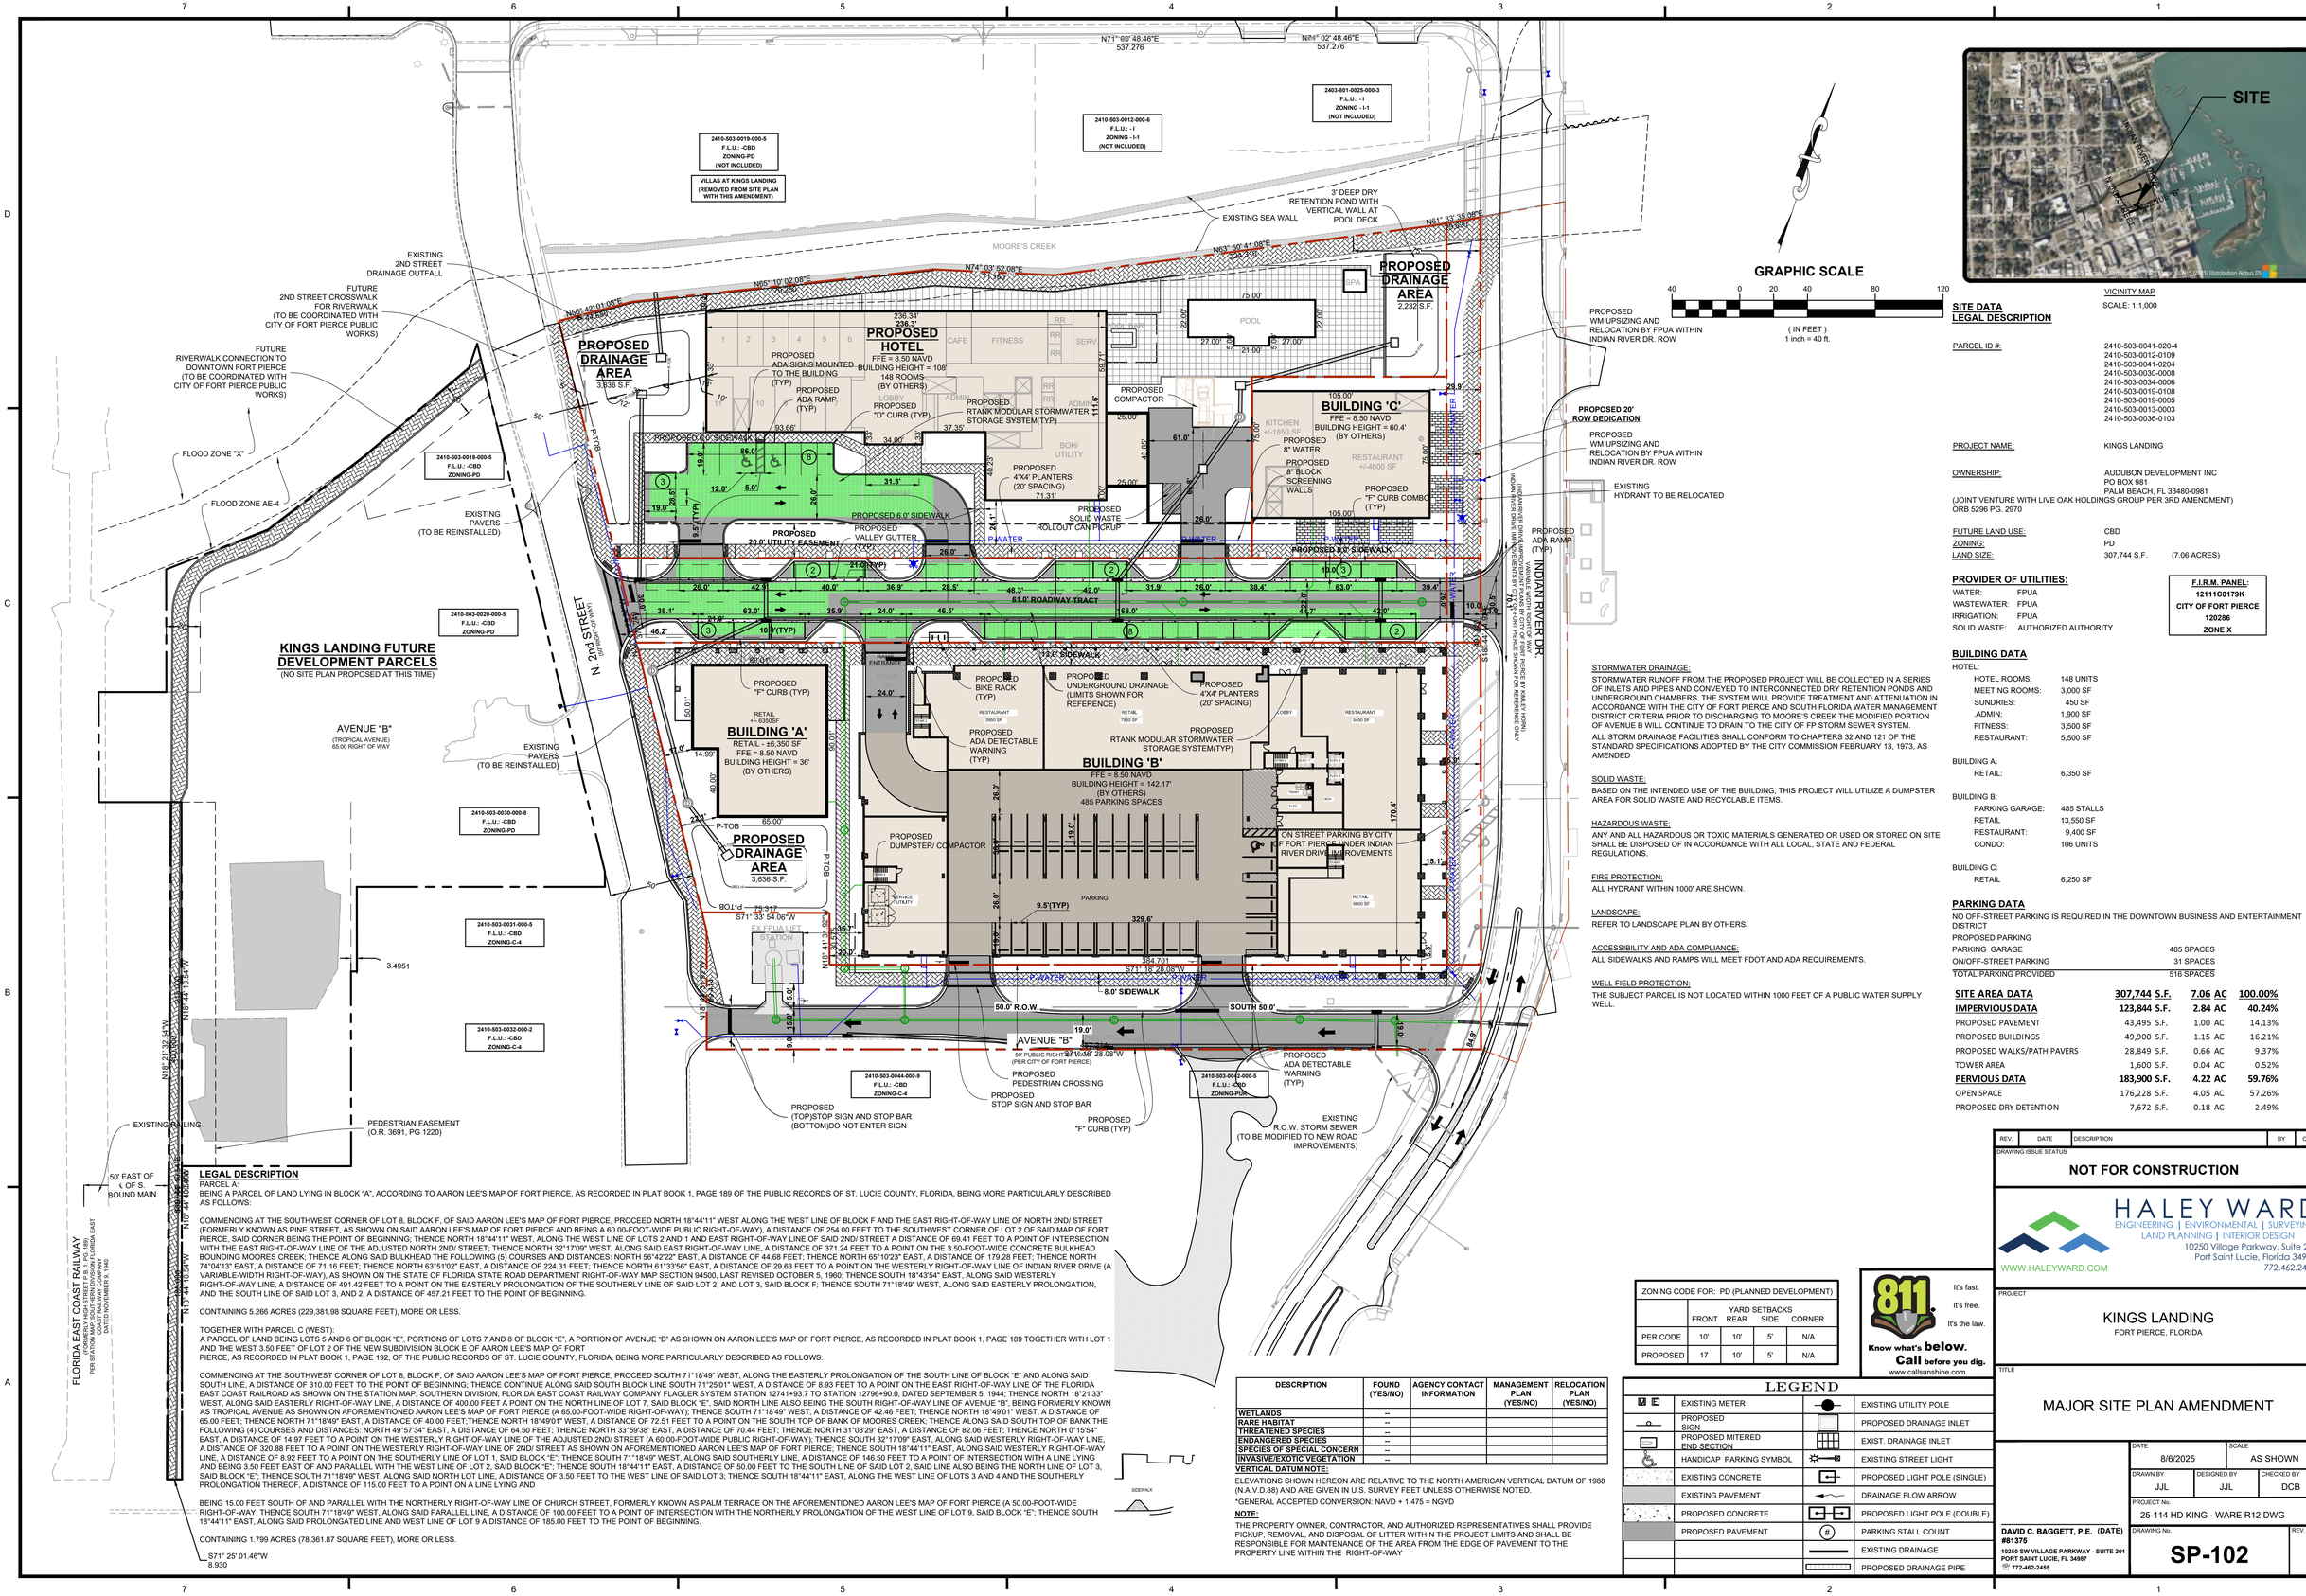
RESIDENTIAL DATA

Type	**Phase**	**Number of Units**	**Acres**	**Expected beginning date**	**Expected completion date**
Single-family, detached					
Single-family, attached					
Multi-family					
Other (specify)					

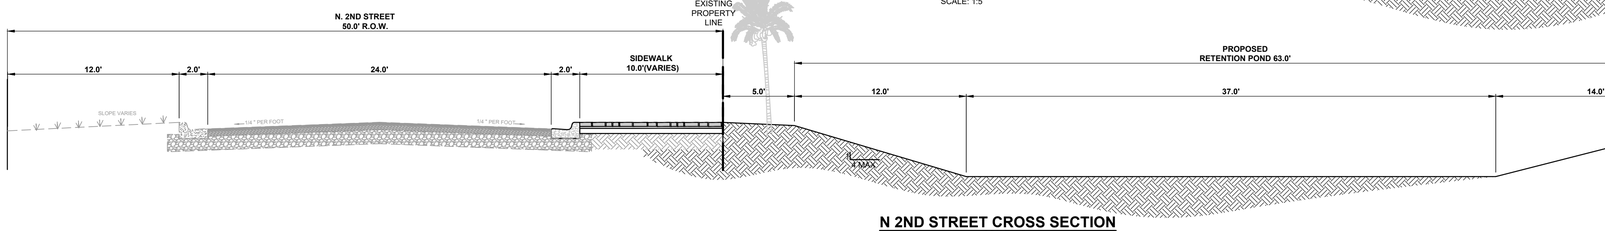
NON-RESIDENTIAL DATA					
Type(s) specify	**Phase**	**Square footage**	**Acres**	**Expecting beginning date**	**Expected completion date**

REMAINING 3.14 AC OF TOTAL 7.06 AC IS CURRENTLY PRIVATELY OWNED BY AUDUBON DEVELOPMENT FOR PHASE 3 FUTURE DEVELOPMENT OR RIGHT OF WAY TO BE CONVEYED TO CITY OF FORT PIERCE. PHASE 3 ON WEST SIDE OF 2ND STREET NO PROPOSED SITE PLAN CURRENTLY. COMPLETION DATE PER AGREEMENT WITH CITY OF FORT PIERCE NO LATER THAN 11/13/2029

A. Indicate whether the proposed project will be eliminating any existing recreational facilities. If yes, detail the number and type being eliminated. [ ] Yes [ ] No

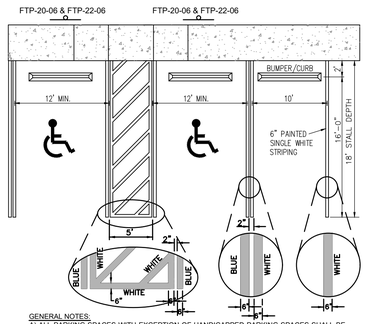


B. 1. Does this application involve demolition or re-use of any structure(s)? [ ] Yes [ ] No
If yes, what is the size of the structure(s) to be demolished or re-used? _____



2. What is the current use of the structure to be demolished or re-used? _____

3. Are you claiming trip credits for the demolition or re-use of a structure(s) at the site? [ ] Yes [ ] No
If yes, provide estimates of credits for each previous use at the site. (Attach sheet with calculations)



C. Exemptions Requested:

** Complete section if requesting a change in zoning, future land use, or expanding

CONCEPT SKETCH

CONCEPT SKETCH

DESIGN CONCEPTS AND ARCHITECTURAL LANGUAGE:

- MASSING STEPS DOWN FROM THE EAST TO THE WEST, ENDING UP AT 2-3 STORIES ALONG THE EASTERN EDGE ADJACENT TO THE LOWER SCALE OF THE EXISTING RESIDENCES.
- ACTIVE URBAN STREET EXPERIENCE.
- RETAIL AND RESTAURANT ALONG STREET LEVEL.
- ACTIVE USES LINING THE PARKING LEVELS TO THE STREET.
- DRAWING INSPIRATION FROM THE SOUTH FLORIDA STYLE, THE VARIOUS BUILDINGS IN THE DEVELOPMENT PROVIDE DIFFERENT INTERPRETATIONS TO CREATE A RICH CONTEMPORARY COLLECTION OF STRUCTURES THAT FORM A COHESIVE WHOLE.
- STANDING SEAM ROOFS WITH EXPOSED RAFTER TAIL DETAILING AND LARGE OVERHANGS.
- TERRACES, AND STREET LEVEL COLONNADES ARE IMPLEMENTED THROUGHOUT .
- A MIX OF GABLE AND HIP ROOF PROFILES CREATED ADDITIONAL VARIETY IN THE FORMS.
- WALL FINISHES CONSISTING OF A MIX OF PAINTED STUCCO, HORIZONTAL SLAT, AND VENEER SHELL STONE CLADDING AT ACCENT AREAS ARE ALSO IN KEEPING WITH THE SOUTH FLORIDA STYLE.
- VARIED WINDOW PATTERNING WITH VARIATIONS FROM FULL HEIGHT WINDOWS TO PUNCHED OPENINGS.
- HORIZONTAL ARTICULATION OF BASE, MID-ZONE, & ROOF LEVEL FROM HEAVY TO LIGHT.
- LOUVERED PANELS AND SUN GRILLS CREATE A FINAL CONSISTENT LANGUAGE OF DETAILING.

To the best of the architect's or engineer's knowledge, the plans and specifications comply with the applicable minimum building codes and the applicable fire safety standards as determined by the local authority in accordance with this section and Chapter 633, Florida Statutes.

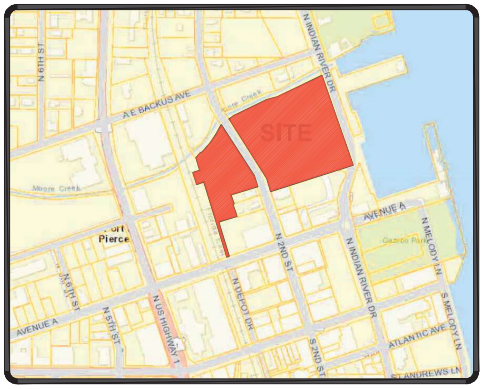
PARCEL A:

BEING A PARCEL OF LAND LYING IN BLOCK 'A', ACCORDING TO AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 189 OF THE PUBLIC RECORDS OF ST. LUCIE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHWEST CORNER OF LOT 8, BLOCK F, OF SAID AARON LEE'S MAP OF FORT PIERCE, PROCEED NORTH 18°44'11" WEST ALONG THE WEST LINE OF BLOCK F AND THE EAST RIGHT-OF-WAY LINE OF NORTH 2ND STREET (FORMERLY KNOWN AS PINE STREET, AS SHOWN ON SAID AARON LEE'S MAP OF FORT PIERCE AND BEING A 60.00-FOOT-WIDE PUBLIC RIGHT-OF-WAY), A DISTANCE OF 254.00 FEET TO THE SOUTHWEST CORNER OF LOT 2 OF SAID MAP OF FORT PIERCE, SAID CORNER BEING THE POINT OF BEGINNING; THENCE NORTH 18°44'11" WEST, ALONG THE WEST LINE OF LOTS 2 AND 1 AND EAST RIGHT-OF-WAY LINE OF SAID 2ND STREET A DISTANCE OF 69.41 FEET TO A POINT OF INTERSECTION WITH THE EAST RIGHT-OF-WAY LINE OF THE ADJUSTED NORTH 2ND STREET; THENCE NORTH 32°17'09" WEST, ALONG SAID EAST RIGHT-OF-WAY LINE, A DISTANCE OF 371.24 FEET TO A POINT ON THE 3.50-FOOT-WIDE CONCRETE BULKHEAD BOUNDING MOORES CREEK; THENCE ALONG SAID BULKHEAD THE FOLLOWING (5) COURSES AND DISTANCES: NORTH 56°42'32" EAST, A DISTANCE OF 44.68 FEET; THENCE NORTH 65°57'23" EAST, A DISTANCE OF 178.28 FEET; THENCE NORTH 74°04'13" EAST, A DISTANCE OF 71.16 FEET; THENCE NORTH 63°51'02" EAST, A DISTANCE OF 224.31 FEET; THENCE NORTH 61°53'56" EAST, A DISTANCE OF 29.63 FEET TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF INDIAN RIVER DRIVE (A VARIABLE-WIDTH RIGHT-OF-WAY), AS SHOWN ON THE STATE OF FLORIDA STATE ROAD DEPARTMENT RIGHT-OF-WAY MAP SECTION 94003, LAST REVISED OCTOBER 5, 1960; THENCE SOUTH 18°43'54" EAST, ALONG SAID WESTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 491.42 FEET TO A POINT ON THE EASTERLY PROLONGATION OF THE SOUTHERLY LINE OF SAID LOT 2, AND LOT 3, SAID BLOCK F; THENCE SOUTH 71°16'49" WEST, ALONG SAID EASTERLY PROLONGATION, AND THE SOUTH LINE OF SAID LOT 3, AND 2, A DISTANCE OF 457.21 FEET TO THE POINT OF BEGINNING.



CONTAINING 5.266 ACRES (229,381.98 SQUARE FEET), MORE OR LESS.

TOGETHER WITH PARCEL C (WEST):

A PARCEL OF LAND BEING LOTS 5 AND 6 OF BLOCK E, PORTIONS OF LOTS 7 AND 8 OF BLOCK E, A PORTION OF AVENUE B AS SHOWN ON AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 189 TOGETHER WITH LOT 1 AND THE WEST 3.50 FEET OF LOT 2 OF THE NEW SUBDIVISION BLOCK E OF AARON LEE'S MAP OF FORT PIERCE, AS RECORDED IN PLAT BOOK 1, PAGE 192, OF THE PUBLIC RECORDS OF ST. LUCIE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHWEST CORNER OF LOT 8, BLOCK F, OF SAID AARON LEE'S MAP OF FORT PIERCE, PROCEED SOUTH 71°16'49" WEST, ALONG THE EASTERLY PROLONGATION OF THE SOUTH LINE OF BLOCK E' AND ALONG SAID SOUTH LINE, A DISTANCE OF 310.00 FEET TO THE POINT OF BEGINNING; THENCE CONTINUE ALONG SAID SOUTH BLOCK LINE SOUTH 71°25'01" WEST, A DISTANCE OF 8.93 FEET TO A POINT ON THE EAST RIGHT-OF-WAY LINE OF THE FLORIDA EAST COAST RAILROAD AS SHOWN ON THE STATION MAP, SOUTHERN DIVISION, FLORIDA EAST COAST RAILWAY COMPANY FLAGLER SYSTEM STATION 1274+83.7 TO STATION 1279+90.0, DATED SEPTEMBER 6, 1946; THENCE NORTH 18°21'58" WEST, ALONG SAID EASTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 400.00 FEET A POINT ON THE NORTH LINE OF LOT 7, SAID BLOCK E, SAID NORTH LINE ALSO BEING THE SOUTH RIGHT-OF-WAY LINE OF AVENUE B', BEING FORMERLY KNOWN AS 'TROPICAL AVENUE' AS SHOWN ON AFOREMENTIONED AARON LEE'S MAP OF FORT PIERCE (A 65.00-FOOT-WIDE RIGHT-OF-WAY); THENCE SOUTH 71°16'49" WEST, A DISTANCE OF 43.46 FEET; THENCE NORTH 18°49'01" WEST, A DISTANCE OF 65.00 FEET; THENCE NORTH 71°16'49" EAST, A DISTANCE OF 40.00 FEET; THENCE NORTH 18°49'01" WEST, A DISTANCE OF 72.85 FEET TO A POINT ON THE SOUTH TOP OF BANK OF MOORES CREEK; THENCE ALONG SAID SOUTH TOP OF BANK THE FOLLOWING (4) COURSES AND DISTANCES: NORTH 49°57'34" EAST, A DISTANCE OF 84.50 FEET; THENCE NORTH 33°58'38" EAST, A DISTANCE OF 70.44 FEET; THENCE NORTH 31°08'29" EAST, A DISTANCE OF 82.26 FEET; THENCE NORTH 01°25'47" EAST, A DISTANCE OF 14.97 FEET TO A POINT ON THE WESTERLY RIGHT-OF-WAY LINE OF THE ADJUSTED 2ND STREET (A 60.00-FOOT-WIDE PUBLIC RIGHT-OF-WAY); THENCE SOUTH 32°17'09" EAST, ALONG SAID WESTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 322.66 FEET TO THE WESTERLY PROLONGATION AND THE SOUTH LINE OF LOT 1, SAID BLOCK E'; THENCE NORTH 71°16'49" EAST, ALONG SAID SOUTH LINE AND THE WESTERLY PROLONGATION THEREOF, A DISTANCE OF 60.00 FEET TO THE EASTERLY RIGHT-OF-WAY LINE OF SAID 2ND STREET; THENCE NORTH 18°44'11" EAST, ALONG SAID WESTERLY RIGHT-OF-WAY LINE, A DISTANCE OF 8.93 FEET TO A POINT ON THE SOUTHERLY LINE OF LOT 1, SAID BLOCK E'; THENCE SOUTH 71°16'49" WEST, ALONG SAID SOUTHERLY LINE, A DISTANCE OF 146.50 FEET TO A POINT OF INTERSECTION WITH A LINE LYING AND BEING 3.50 FEET EAST OF AND PARALLEL WITH THE WEST LINE OF LOT 2, SAID BLOCK E'; THENCE SOUTH 18°44'11" EAST, A DISTANCE OF 50.00 FEET TO THE SOUTH LINE OF SAID LOT 2, SAID LINE ALSO BEING THE NORTH LINE OF LOT 3, SAID BLOCK E'; THENCE SOUTH 71°16'49" WEST, ALONG SAID NORTH LOT LINE, A DISTANCE OF 3.50 FEET TO THE WEST LINE OF SAID LOT 3; THENCE SOUTH 18°44'11" EAST, ALONG THE WEST LINE OF LOTS 3 AND 4 AND THE SOUTHERLY PROLONGATION THEREOF, A DISTANCE OF 115.00 FEET TO A POINT ON A LINE LYING AND BEING 15.00 FEET SOUTH OF AND PARALLEL WITH THE NORTHERLY RIGHT-OF-WAY LINE OF CHURCH STREET, FORMERLY KNOWN AS PALM TERRACE ON THE AFOREMENTIONED AARON LEE'S MAP OF FORT PIERCE (A 50.00-FOOT-WIDE RIGHT-OF-WAY); THENCE SOUTH 71°16'49" WEST, ALONG SAID PARALLEL LINE, A DISTANCE OF 100.00 FEET TO A POINT OF INTERSECTION WITH THE NORTHERLY PROLONGATION OF THE WEST LINE OF LOT 8, SAID BLOCK E'; THENCE SOUTH 18°44'11" EAST, ALONG SAID PROLONGATED LINE AND WEST LINE OF LOT 8 A DISTANCE OF 186.00 FEET TO THE POINT OF BEGINNING.

CONTAINING 1.799 ACRES (78,361.87 SQUARE FEET), MORE OR LESS.

ST. LUCIE COUNTY, FLORIDA

VICINITY MAP

NO SCALE

FLIGHT NOTES & ACCURACY REPORT:

1. THIS SITE WAS FLOWN ON DECEMBER 19, 2019, JUNE 10, 2024, AND JANUARY 29, 2025 UTILIZING A DJI PHANTOM 4 PRO SERIES DRONE, WITH DRONE DEPLOY VERSION 2.34.0 FOR FLIGHT PLANNING AND POST PROCESSING.
2. THE FLIGHT WAS CONDUCTED BY CERTIFIED REMOTE PILOT NO. 4297805.
3. HORIZONTAL CONTROL STATEMENT: MAP BASED UPON NORTH AMERICAN DATUM OF 1983 (NAD83), FLORIDA STATE PLANE PROJECTION, EAST ZONE, US SURVEY FEET, FLS3-GP AND UTILIZING EPSG CODE 2236. USE OF FOUND FLAT CONTROL, STATE RIGHT OF WAY POINTS, NGS MONUMENTATION AND/OR SECTIONAL BREAKDOWN WERE USED AS PART OF THE MAPPING PROCESS. DISTANCES SHOWN ARE IN U.S. SURVEY FEET AND DECIMAL PARTS THEREOF.
4. MEASUREMENTS OF DISTANCE, AREA AND VOLUME WITHIN THE SURVEY ARE ACCURATE TO WITHIN 1–3 TIMES THE GROUND SAMPLING DISTANCE (GSD) AS REPORTED BELOW, UNLESS OTHERWISE NOTED. USE OF GSD ARE AS REQUIRED.
5. FEATURES ARE LIMITED TO THOSE VISIBLE AT TIME OF THE PHOTOGRAPHY AND ARE SUBJECT TO FIELD VERIFICATION BY THE END USER. BUILDING OUTLINES REPRESENT APPROXIMATE ROOF LINE LOCATIONS AS SEEN ON THE AERIAL PHOTOGRAPHY, UNLESS OTHERWISE NOTED.
6. AREAS DESIGNATED AS "OBSCURED" INDICATE THE GROUND IS OBSCURED BY VEGETATION AND/OR SHADOWS. MAPPING WITHIN THESE AREAS MAY NOT MEET STANDARD ACCURACY.
7. RELATIVE ACCURACY:
   - GROUND SAMPLING DISTANCE (GSD) RANGE= 0.21 IN/PIXEL
   - TOTAL (RMSE) Xc 0.0012 Yc 0.0014 Zc 0.0001

GROUND CONTROL DATA:

SURVEYORS NOTES AND REPORT:

1. REPRODUCTIONS OF THIS MAP ARE NOT VALID WITHOUT THE SIGNATURE AND ORIGINAL RAISED SEAL OF A FLORIDA LICENSED SURVEYOR AND MAPPER. THIS SURVEY CANNOT BE TRANSFERRED OR ASSIGNED WITHOUT THE SPECIFIC WRITTEN PERMISSION OF ENGINEERING, DESIGN AND CONSTRUCTION, INC. IT IS A VIOLATION OF CHAPTER 5J-17, FLORIDA ADMINISTRATIVE CODE, TO ALTER THIS SURVEY WITHOUT THE EXPRESS PRIOR WRITTEN CONSENT OF THE SURVEYOR. ADDITIONS AND/OR DELETIONS MADE TO THE FACE OF THIS SURVEY WILL MAKE THIS SURVEY INVALID.
2. THE LAST DATE OF FIELD WORK WAS JANUARY 28, 2025.
3. UNLESS OTHERWISE NOTED HEREON, IT IS ASSUMED BY THE CLIENT, A TITLE SEARCH FOR THIS PROPERTY HAS NOT BEEN ABSTRACTED TO SHOW MATTERS OF RECORD SUCH AS EASEMENTS OR OTHER ENCUMBRANCES OR RESTRICTIONS.
4. PARCELS CONTAIN A TOTAL OF 7.1 ACRES, MORE OR LESS.
5. BEARINGS SHOWN HEREON ARE BASED ON THE SOUTH BOUNDARY LINE OF PARCEL "A" PER THE LINE LABELED AS (BEARING BASIS) AND ALL OTHER BEARINGS ARE RELATIVE THERETO. DISTANCES ARE IN U.S. SURVEY FEET AND DECIMAL PARTS THEREOF.
6. THIS BOUNDARY SURVEY HAS BEEN REFERENCED TO THE FLORIDA STATE PLANE COORDINATE SYSTEM-EAST ZONE, NAD 83 (1990).
7. SUB-SURFACE IMPROVEMENTS INCLUDING UNDERGROUND UTILITIES, UTILITY SERVICES, WERE NOT LOCATED AS PART OF THIS SURVEY.
8. REVISIONS SHOWN HEREON DO NOT REPRESENT A "FIELD SURVEY UPDATE" UNLESS OTHERWISE NOTED.
9. IN ORDER TO CLEARLY REPRESENT THE GRAPHICAL INFORMATION DERIVED FROM THIS SURVEY, IT MAY BE NECESSARY TO MORE CLEARLY ILLUSTRATE THE RELATIONSHIP BETWEEN PHYSICAL IMPROVEMENTS AND/OR LOT LINES. THE DIMENSIONS SHOWN SHALL CONTROL THE LOCATION, OF THE IMPROVEMENTS, OVER THE SCALED POSITIONS.
10. THE OWNERSHIP OF PERIMETER FENCES, WALLS, HEDGES AND LANDSCAPING, IF ANY, SHOWN HEREON ARE NOT KNOWN AND ARE NOT LISTED AS ENCROACHMENTS, THEIR RELATIVE LOCATION IS SHOWN IN RELATION TO THE BOUNDARY LINES SHOWN.
11. THE SURVEY MAP SHOWN HEREON DOES NOT NECESSARILY CONTAIN ALL OF THE INFORMATION OBTAINED OR DEVELOPED BY THE UNDERSIGNED SURVEYOR IN HIS FIELD WORK, OFFICE WORK OR RESEARCH.
12. THE SURVEYOR HAS NOT BEEN PROVIDED WITH ANY DEEDS OR SURVEYS FOR ADJACENTS INTO THE REALIGNED PORTION OF N. 2ND STREET. THIS SURVEYOR HAS NO KNOWLEDGE OF ANY RIGHT OF WAY DEDICATION FOR THIS REALIGNMENT AND IT IS UNCLEAR IF THIS TRIANGULAR PORTION HAS BEEN TAKEN FOR RIGHT OF WAY OR IS RETAINED AS OWNERSHIP.
13. MOORE'S CREEK AND PLATTED RIVER BANK HAVE BEEN DIGITIZED FROM THE PLAT OF AARON LEE'S MAP OF FORT PIERCE, FLORIDA, PER PLAT BOOK 1, PAGE 189, AND ARE FOR INFORMATIONAL PURPOSES ONLY.
14. FLOOD ZONE LINES SHOWN HEREON ARE APPROXIMATE AND ARE BASED ON F.E.M.A. FIRM NO. 12111C0179K, DATED FEBRUARY 19, 2020. THE PROPERTY WHICH IS THE SUBJECT OF THIS SURVEY APPEARS TO BE SITUATE IN FLOOD ZONES X, ZONE X (0.2% ANNUAL CHANCE FLOOD HAZARD), AE-4 & AE REGULATORY FLOODWAY AT THIS TIME. THE EXACT DESIGNATION CAN ONLY BE DETERMINED BY AN ELEVATION CERTIFICATE.

2 OF 2

Sheet Legend

Sheet L-1	Key Sheet
Sheet L-2	Landscape Plan-South Section
Sheet L-3	Landscape Plan-North Section
Sheet L-4	Landscape Data, Plant List, Details & Specifications

General Notes

1. No plant substitutions can be made without the City of Fort Pierce's approval.
2. All required landscape improvements must be inspected and approved by the City prior to the issuance of a Certificate of Occupancy.
3. Any existing landscaping, sod, or irrigation damaged or destroyed during the construction shall be replaced prior to the final inspection.
4. All prohibited exotic and invasive species shall be removed from the entire site prior to issuance of certificate of occupancy.
5. Planting adjacent to fire hydrants is to have a minimum clear radius of 7.5' as required by the NFPA Uniform Fire Code Florida Edition 18.3.4.1 Hydrants. All fire hydrants and fire check valves shall have a minimum of 7.5' from the front and sides with 4' from the rear to all landscape material per the Florida Fire Prevention Code.

Phasing Notes

1. No landscaping in Phase 1 will be installed until after the construction of the adjacent future phased buildings. This is to prevent the damage of the landscaping in the surrounding shared areas until all construction is complete.

Landscape Specifications

1. All tree and plant material to be Florida No. 1 or better, as classified in "Grades and Standards for Nursery Plants", Part 1 and Part II, State of Florida, Dept. of Agriculture, Tallahassee. All plants not listed in "Grades and Standards for Nursery Plants" shall conform to a Florida No. 1 as to: (1) health and vitality, (2) condition of foliage, (3) root system, (4) freedom from pest or mechanical damage, (5) heavily branched and densely foliated according to the accepted normal shape of the species.
2. Undersizing or substitution of one species or cultivar for another species is a breach of contract and will be "Rejected" at the time of final landscape inspection unless approved by Landscape Architect.
3. Project Warranty: All plant material shall be warranted for a period of one (1) year after date of substantial completion against defects, including death and unsatisfactory growth, except for defects resulting from abuse or damage by others or unusual phenomena or incidents which are beyond the contractor's control.
4. Any and all conditions which the contractor feels will be detrimental to the success of the planting shall be brought to the owner or representative's attention.
5. The contractor shall verify the location of underground utilities prior to commencing work on any project area.
6. Mulch planting areas with 3" layer of Melaleuca, Eucalyptus, or Enviromulch. Cypress Mulch is NOT ACCEPTABLE. Planting beds to receive mulch throughout entire bed area.
7. All plants to be set to ultimate grade. No filling will be permitted around trunks or stems. Mulch to be kept a minimum of 2" away from trunks and stems.
8. Planting trees and shrubs: Excavate hole per planting detail. When plant is set, place additional backfill consisting of a 50% mixture of Peat humus and natural soil around the base and sides of ball, and work each layer to settle backfill and eliminate voids and air pockets. When excavation is approximately 2/3 full, water thoroughly before placing remainder of backfill. Water again after placing final layer of backfill and before installing mulch.
9. Guy and stake trees in 3 directions with galvanized wire, through flexible hose chafing guards, with wooden stake anchors immediately after planting. (See Detail)
10. Trees and shrubs shall be fertilized with a complete natural organic fertilizer with a ratio of approximately 3:02 or 3:03 (e.g., one labeled 15-0-0). Similar analysis such as 16-0-8 (4:0:2) can also be used. Fertilizers that are slow release, controlled release, sulphur coated or with nitrogen as ISOU or ureaformaldehyde have extended release period. Thirty to fifty percent of the nitrogen should be water insoluble or slow release.

Palms should receive a complete granular fertilizer formulated for palms ("Palm Special") at a rate of 5 to 8 lbs. per palm.

Agriform 20-5-8 twenty-one gram planting tablets may be substituted for granular fertilizer, if utilized, the following rates shall be utilized: Position plant in hole, Backfill halfway up the rootball, Place table(s) beside rootball about 1" from root tips. Do not place table(s) in bottom of hole.

1 Gallon 1 Tablet
3 Gallon 2 Tablets
25 Gallon & B&B Trees 2 per 1" caliper

11. All planting areas and sod to be irrigated to provide 100% coverage. Shop drawings to be submitted by the irrigation contractor for approval prior to installation.
12. Maintain trees, shrubs, and other plants by watering, cultivating, and weeding as required for healthy growth. Restore planting saucers and mulch. Tighten and repair stake and guying and reset trees and shrubs to proper grade or vertical position as required. Spray as necessary to keep trees and shrubs free of insects and disease. The contractor shall begin maintenance immediately after planting and shall continue maintenance through final acceptance when Certificate of Occupancy is issued to the General Contractor by City and project is released by the General Contractor to Client.
13. Prune trees and shrubs only to remove damaged branches as directed by the Landscape Architect.
14. Planting Lawns: Provide clean, strongly rooted, uniformly sized strips of Stenotaphrom secundatum Floritam (unless otherwise noted); machine stripped not more than 24 hours prior to laying. Grade and roll prepared lawn surface, Water thoroughly but not to create muddy soil conditions. Lay sod strips with tight joints, roll or tamp lightly, and water thoroughly.
15. Maintain positive drainage, no planting is to block drainage.
16. Drainage Testing
Prior to planting of trees, palms, and specimen material, each planting pit shall be tested in the following manner to verify adequate drainage.
A) Dig each planting pit to the minimum specified size.
B) Fill the planting pit with (12") twelve inches of water. If the water level in the planting pit drops (4") four or more inches within (4) four hours, the drainage is sufficient and a drainage channel is not required. If the water level drops less than (4") four inches within the (4) four hour period, then a drainage channel is required.
C) When a drainage channel is required, the drainage channel must extend down through the non porous soil and into porous soil. (See Drainage Testing Detail)
D) Discard all material removed from the drainage channel.
E) When backfilling the planting pit, add coarse gravel to the drainage channel. Also, care must be taken to keep the consistency of the soil mix the same throughout the planting pit.

NOTES:
1. Contractor to include drainage testing for all trees and palms in bid. If drainage is inadequate, the soil specification in item #6 above shall be revised for site conditions. Contractor shall notify the Owner and Landscape Architect of poor drainage conditions in writing and written direction will be provided to the contractor of appropriate soil mixture specification to be used.
2. All fertilizers shall meet the City of Fort Pierce's fertilizer ordinance.

Reference: **Environmental Assessment**
Kings Landing Redevelopment
Fort Pierce, St. Lucie County, FL

Dear Mr. Matteson,

EDC, Inc. (EDC) has completed this Environmental Assessment (EA) for the below referenced properties. The purpose of this evaluation was to conduct a review of the below listed parcels by means of site visit, review of available aerial photography, listed species review, review of soil resources, and review of environmental regulation pertaining to these parcels.

Parcel ID	Parcel Address	Acreage	Current FLU	Current Zoning
2410-503-0041-020-4	322 N. 2nd Street	5.27	I	LI
2410-503-0012-010-9	125 A E Backus Avenue	0.69	I	LI
2410-503-0020-000-5	N 2nd Street	0.41	I	LI
2410-503-0034-000-6	218 Avenue B	0.494	I	LI
2410-503-0019-000-5	N 2nd Street	0.1	I	LI
2410-503-0030-000-8	N. 2nd Street	0.169	I	LI
TOTAL ACRES:		**7.13**		

The following report details the findings of our on-site and desktop investigations of the properties as they pertain to City of Fort Pierce regulations.

Please contact the undersigned if you have any questions regarding this report.

Respectfully submitted,
EDC, Inc.

Anthony A. Adams, BS
Sr. Biologist | Certified Arborist

ENGINEERS ◆ SURVEYORS ◆ ENVIRONMENTAL

ENVIRONMENTAL ASSESSMENT

North 2nd Avenue and E Backus Street
Fort Pierce, St. Lucie County, FL

Date: February 01, 2021
Project # 19-361

Prepared For:
Dale Matteson
Audubon Development
184 Sunset Ave #38
Palm Beach, FL 33480
dale@audubondevelopment.com

Prepared By:
EDC, Inc.
10250 SW Village Parkway
Port St Lucie, Florida 34987
(772) 223-5200

The subject property evaluated as part of this Environmental Assessment consists of an approximately 7.13 acres, divided between six (6) parcels:

Parcel ID	Parcel Address	Acreage	Current FLU	Current Zoning
2410-503-0041-020-4	322 N. 2nd Street	5.27	I	LI
2410-503-0012-010-9	125 A E Backus Avenue	0.69	I	LI
2410-503-0020-000-5	N 2nd Street	0.41	I	LI
2410-503-0034-000-6	218 Avenue B	0.494	I	LI
2410-503-0019-000-5	N 2nd Street	0.1	I	LI
2410-503-0030-000-8	N. 2nd Street	0.169	I	LI
TOTAL ACRES:		**7.13**		

These properties are located at North 2nd Ave, East Backus Street, and 218 Avenue B in Fort Pierce, St Lucie County, Florida. According to the St Lucie County Property Appraiser, the subject property has a land use code of 8000 Light Industrial.

This environmental assessment was completed as a precursor to permitting and review by a governmental agency as an applicable document for the supporting information associated with a building permit or land development application. EDC, Inc. staff visited the property on January 29, 2021 in order to ascertain the status and composition of any critical habitats, such as wetlands and native uplands that may be onsite.

VEGETATION:

It is the opinion of EDC that there is no native upland habitat located on site. The habitat consisted of the following classification; 190 – Open Land with a regularly maintained groundcover.

The following native vegetation was found on site:

Common Name	Species Name
Cabbage Palm	*Sabal Palmetto*
Live Oak	*Quercus virginicus*

The following invasive vegetation was found on site:

Common Name	Species Name
Brazilian Pepper	*Schinus terebinthifolia*
Bahia Grass	*Paspalum notatum*

WETLAND DELINEATION:

According to aerial photographs and site visit, it appears that there are no wetlands on site. Based on the State definition, a wetland consists of three components: 1). Hydric soils. 2). Wetland plants. 3). Hydrologic patterns. These components were not found during the field reconnaissance on the property. At the time of the site reconnaissance, there were no wetland indicators.

A wetland delineation will not be needed.

WILDLIFE EVALUATION:
EDC, Inc. conducted a pedestrian survey throughout the property to investigate for the presence of any plant or animal listed species. No gopher tortoises or any other state or federally listed plant/animal species were found on site.

SOIL COMPOSITION:
Based on a review of the USDA Web Soil the site is composed of:

Urban land- This miscellaneous area is where the natural soil cannot be readily observed. The soils have been generally altered by grading and shaping, or have been covered with 5 to 12 inches of sandy fill material.

SITE HISTORY:
After reviewing aerial images provided by Google Earth and St Lucie County Property Appraiser, it is evident that approximately 3.75 acres, of the largest parcel was used for industrial purposes. Storage tanks, large building structures, and equipment can be seen. The site was demolished in 2008, according to aerials and permit history of the parcel. The parcel and surrounding parcels have remained vacant since the demolition occurred. According to the St Lucie County Property Appraiser, the current property owner is the Fort Pierce Redevelopment Agency.

CITY OF FORT PIERCE REGULATIONS:
The following City of Fort Pierce Land Development Regulations apply to the subject property:

Sec. 123-64. - Permit required.

(a) *Tree removal permit.* No person shall, directly or indirectly, cut down, substantially alter, destroy, remove, relocate, damage or authorize any such act involving a protected tree situated on land within the city, without first obtaining a tree removal permit. But the following activities may be done without applying for a permit:

There are native palms with a clear trunk of 10', based on site observations, as well as large oaks. To remove them, a mitigation plan will be needed as part of a Tree Removal Permit application.

SUMMARY:
It is the professional opinion of EDC that there is no native upland habitat on site. In addition, no wetlands were found on site. Lastly, no gopher tortoises or any other state or federally listed plant/animal species were found on site.

THIS DOCUMENT, TOGETHER WITH THE CONCEPTS AND DESIGNS PRESENTED HEREIN, AS AN INSTRUMENT OF SERVICE, IS INTENDED ONLY FOR THE SPECIFIC PURPOSE AND CLIENT FOR WHICH IT WAS PREPARED. REUSE OF AND IMPROPER RELIANCE ON THIS DOCUMENT WITHOUT WRITTEN AUTHORIZATION AND ADOPTION BY EDC, INC. SHALL BE WITHOUT LIABILITY TO EDC, INC.

Z:\EDC-2019\19-361 - Kings Landing - HD King\ENGINEERING\AutoCAD\DWGs\19-361 Site Plan R21.dwg, Site Plan (with hotel), 12/9/2021 4:02:21 PM, Jessica, EDC, Inc.

SURVEY NOTES:
ELEVATIONS SHOWN HEREON ARE RELATIVE TO THE NORTH AMERICAN VERTICAL DATUM OF 1988 (N.A.V.D.88) AND ARE GIVEN IN U.S. SURVEY FEET UNLESS OTHERWISE NOTED.
*GENERAL ACCEPTED CONVERSION: NAVD + 1.475 = NGVD

WATER AND SEWER:
EXISTING WATER AND SEWER SERVICE WILL UTILIZED.

DRAINAGE:
THE DRAINAGE FOR THE MAIN SITE SOUTH OF MOORE'S CREEK WILL CONSIST OF UNDERGROUND EXFILTRATION TRENCHES. THE TRENCH SYSTEM WILL BUBBLE UP INTO A DRY DETENTION AREA WHERE IT WILL DISCHARGE INTO MOORE'S CREEK VIA A CONTROL STRUCTURE. THE NORTH SIDE OF MOORE'S CREEK WILL PROVIDE DRAINAGE VIA PROPOSED DRY RETENTION SWALES AND A DRY RETENTION POND. THE SYSTEM WILL BE DESIGNED TO MEET THE WATER QUALITY AND QUANTITY CRITERIA OF THE CITY OF FORT PIERCE AND SFWMD. THE MODIFIED PORTION OF AVENUE B WILL CONTINUE TO DRAIN TO THE CITY OF FP STORM SEWER SYSTEM.

FILE # 5466588 OR BOOK 5296 PAGE 2970, Recorded 04/10/2025 11:43:11 AM

THIRD AMENDMENT TO AMENDED AND RESTATED AGREEMENT FOR DEVELOPMENT OF KING'S LANDING

THIS THIRD AMENDMENT TO THE AMENDED AND RESTATED AGREEMENT FOR DEVELOPMENT OF KING'S LANDING (the "Agreement") is made and entered into as of this 8 day of April 2025, by and between AUDUBON DEVELOPMENT, INC., a Florida corporation (hereafter referred to as "Audubon"), whose mailing address is P.O. Box 981, Palm Beach, FL 33480, the CITY OF FORT PIERCE, a Florida municipal corporation (hereafter referred to as the "City of Fort Pierce"), whose mailing address is City Hall, 100 North U.S. 1, Fort Pierce, FL 34950 and the FORT PIERCE REDEVELOPMENT AGENCY, a community redevelopment agency established pursuant to Florida Statutes Chapter 163 (the "FPRA") (collectively, the City of Fort Pierce and the FPRA shall be referred to herein as the "City"); and LIVE OAK HOLDINGS GROUP, LLC., a Florida Limited Liability Company (hereafter referred to as "Live Oak Holdings Group"), whose mailing address is 100 N. Laura Street, Suite 900, Jacksonville, FL 32202.

W I T N E S S E T H:

WHEREAS, as a result of that certain competitive solicitation and procurement (RFQ-2019-003), the City and Audubon entered into an agreement dated December 2, 2019 and recorded in Official Records Book 4353, Page 1200, as amended by that certain First Amendment to Agreement for Development of King's Landing, dated February 3, 2020 and recorded in Official Records Book 4382, Page 118, both of the Public Records of St. Lucie County Florida (collectively, the "Original Agreement for Development");

WHEREAS, the City and Audubon entered into an Amended and Restated Agreement for Development of King's Landing dated February 8, 2022, and recorded in Official Records Book 4775, Page 2707, of the Public Records of St. Lucie County which supersedes the Original Agreement for Development;

WHEREAS, Audubon and the City entered into a First Amendment to the Amended and Restated Agreement, dated November 21, 2022, and recorded in Official Records Book 4919, Page 632, of the Public Records of St. Lucie County (the "First Amendment"); extending certain development deadlines reflected in Section 9, and revising Section 13, related to Tax Increment Financing;

WHEREAS, Audubon and the City entered into a Second Amendment to the Amended and Restated Agreement, dated August 13, 2024, and recorded in Official Records Book 5192, Page 666, of the Public Records of St. Lucie County (the "Second Amendment"); approving Harbert Realty Services as a joint venture partner subject to certain conditions and extending certain development deadlines (the Amended and Restated Agreement as amended by the First Amendment and Second Amendment is collectively referred to hereinafter as the "Amended and Restated Agreement");

WHEREAS, on January 6, 2025, the City passed Resolution No.25-R05, approving the sale of a portion of the Project (all references to "the Project" in this Agreement shall have the meaning defined in the Amended and Restated Agreement) commonly known as the villas plat from Audubon to Kings Landing Ft Pierce, LLC, a Florida limited liability company whose mailing address is 3670 Maguire Blvd., Suite 220, Orlando, FL 32803;

WHEREAS, no portion of this Agreement shall be construed to alter the terms of Resolution No. 25-R05 nor the requirements assigned to Kings Landing Ft Pierce, LLC under that certain assignment and assumption agreement executed January 17, 2025;

WHEREAS, on January 8, 2025, before entering into a final joint venture partnership agreement as contemplated by the Second Amendment, Audubon and Harbert Realty Services, LLC agreed that transition of leadership to Live Oak Holdings Group is in the best interest of the Project, and Audubon provided the City Attorney with a letter addressed to the City Commission containing information related to this transition on January 9, 2025, requesting the City approve Live Oak Holdings Group as a joint venture partner pursuant to paragraph 12 of the Amended and Restated Agreement instead of Harbert Realty Services and presenting written "Joint Venture Salient Terms" entered into between Audubon and Live Oak Holdings Group;

WHEREAS, Audubon and Live Oak Holdings Group, now instead intend to finalize their relationship structure through a purchase and sale agreement, in which Live Oak Holdings Group purchases the Land (as defined in the Purchase and Sale Agreement) together with all development rights and responsibilities associated with the Amended and Restated Agreement and Audubon's interest in the Project is reduced to a limited partnership interest from conveyance of a portion of its purchase price;

WHEREAS, Audubon formally requested approval of the purchase and sale agreement in writing via FedEx delivery received by the City Manager on March 27, 2025;

WHEREAS, the City acknowledges that the deadlines listed on Lines 1-5 of the Construction Schedule, attached hereto as Exhibit "A" have been satisfied through meeting presentations, due diligence, and preliminary site plan modification review with City staff;

WHEREAS, the parties desire to further amend the Amended and Restated Agreement on the terms stated herein.

NOW THEREFORE, the undersigned parties to this Agreement do hereby amend the Amended and Restated Agreement as set forth herein:

1. **Recitals.** The recitals set forth above are incorporated herein by reference and made a part of this Agreement as if fully set forth herein verbatim.

2. **Effective Date.** This Agreement shall become effective immediately upon approval and execution by Audubon, the City's City Commission, the FPRA Board, and Live Oak Holdings Group, whichever is later.

3. **Development Obligations; Timeline.** From and after the effective date of this Agreement, the parties agree that Audubon and/or Live Oak Holdings Group

shall comply with and perform all obligations, terms, and conditions of the Amended and Restated Agreement, including but not limited to strict compliance with the Construction Schedule and all Development Deadlines in Paragraph 9 as amended by the Second Amendment, in part, consistent with Section 8.04 of the Purchase and Sale Agreement. Audubon agrees to cooperate with Live Oak Holdings Group, including but not limited to executing owner authorizations and submitting required documents to the City. The Construction Schedule is re-attached hereto as Exhibit "A." Audubon and/or Live Oak Holdings Group shall be jointly and severally responsible for complying with all Start and Finish Dates for each Task Name within Exhibit "A."

Any site plan amendment shall be submitted by Audubon and/or Live Oak Holdings Group in final and complete form to the City's Planning Department on or before May 31, 2025. Audubon and/or Live Oak Holdings Group shall use all best efforts and due diligence in submitting any additional documentation and/or information reasonably requested by any City department in relation to review of the site plan amendment application and/or reasonably requested in relation to committee, board, City Commission, and/or FPRA Board review and approvals of the site plan amendment.

4. **Approval of Purchase and Sale Agreement.** Pursuant to Paragraph 12 of the Amended and Restated Agreement for Development of King's Landing, the City hereby approves the sale to Live Oak Holdings Group pursuant to that certain Purchase and Sale Agreement dated February 21, 2025, as amended by that certain First Amendment to Purchase and Sale Agreement dated February 27, 2025 (collectively, the "Purchase and Sale Agreement"), a true and accurate copy of which is attached hereto as Exhibit "B", subject to the following conditions:

   a. The City's requested approval of the Purchase and Sale Agreement is limited solely to the explicitly named entity requested therein, Live Oak Holdings Group. Nothing contained in this Agreement shall be construed as an approval or acceptance of any subsequent assignment, transfer, joint venture, or other transfer to any other entity or affiliate pursuant to Section 15.06 of the Purchase and Sale Agreement without prior written approval of the City, including but not limited to the "Hotel Owner" or "Primary Owner" referred to therein. Any further assignment or transfer shall require at least thirty (30) days' written notice to the City with sufficient information for the City to review and approve, in its reasonable discretion, consistent with the requirements and diligence of its original award under RFQ No. 2019-003.

   b. The parties acknowledge that despite the language included in Section 13.01 of the Purchase and Sale Agreement, the Purchase and Sale Agreement is a public

record subject to all requirements of article I, section 24 of the Florida Constitution, and chapter 119, Florida Statutes, et. al.

c. Nothing contained herein shall be construed as accepting any breach or variation to the terms of the Amended and Restated Agreement, including but not limited to the City's reversion rights. The City demands strict compliance and performance with all conditions, obligations, and deliverables under the Amended and Restated Agreement.

5. **Closing Document Approval.** Audubon and/or Live Oak Holdings Group shall provide the City with a final copy of the deed intended to convey the Land at closing and the assignment and assumption agreement required to be delivered at closing no later than sixty (60) days prior to July 15, 2026, or such earlier date as closing may occur pursuant to Article V of the Purchase and Sale Agreement. The closing shall not proceed absent approval from the City as to the language of the deed and the assignment and assumption contract.

6. **Hotel Approvals.** By closing or July 15, 2026, whichever occurs sooner, Live Oak Holdings Group shall have partnered with Mainsail Lodging and Development and the "Hotel Financing" referred to in Article V of the Purchase and Sale Agreement shall be fully and finally closed.

7. **Further Amendments; Extension of Outside Closing Date.** Notwithstanding the ability to amend the Purchase and Sale Agreement or extend the Outside Closing Date pursuant to Article V of the Purchase and Sale Agreement, the closing shall not be extended and there shall be no further amendments of the Purchase and Sale Agreement without the prior written approval of the City.

8. **Performance Bond.** The performance bond relating to Infrastructure Improvements ("Infrastructure Performance Bond") and the performance bonds for Phases 2 through 4 referenced in Paragraph 10(d) of the Amended and Restated Agreement shall be obtained by Live Oak Holdings Group in an amount that equals or exceeds the estimated cost of such construction based on an updated estimate, the estimated amount of which shall be agreed to by the City and Live Oak Holdings Group, within thirty (30) days of receiving written permit approval by the City's building department for each Phase or receiving written permit approval or reactivation of an existing permit(s), whichever occurs sooner, from the City's building department for the site work permit(s) for the Infrastructure Improvements required in Phase 1. Live Oak Holdings Group shall provide the City with notification of permit issuance or reactivation, which may be emailed to the City Manager with carbon copy to the City Attorney, within two (2) business days of receipt. The parties agree that no vertical construction (other than the Hotel) will be conducted by Audubon or Live Oak Holdings Group during Phase 1; therefore, no additional performance bonds, apart from the Infrastructure Performance Bond required for the Infrastructure

Improvements, must be posted by either Audubon or Live Oak Holdings Group in relation to Phase 1. If any permit is extended beyond one (1) year from the date of issuance, whether by local or statutory authority, without the commencement of construction for the applicable Phase, all performance bonds shall be reviewed for updates to the estimated cost of the applicable construction, the estimated cost of which shall be reasonably agreed to by the City and Live Oak Holdings Group. The performance bond shall be adjusted by Live Oak Holdings Group for any increased estimated cost of construction for each performance bond.

9. **Time of the Essence; Material Breach.** Time is of the essence for all deadlines stated in this Agreement and the Amended and Restated Agreement. Except as provided below, the failure of Audubon and/or Live Oak Holdings Group to strictly and timely comply with any term, condition, or requirement of this Agreement or the Amended and Restated Agreement shall constitute a material breach for which the City may declare the Amended and Restated Agreement to be in default in accordance with the conditions of Paragraph 10 of the Amended and Restated Agreement, and, thereafter, the City may proceed with any and all available remedies. The parties acknowledge and agree that nothing contained herein shall be construed as an agreement to modify or release the City's rights of reversion. In the event that Audubon and/or Live Oak Holdings Group terminate or otherwise fail to close on the purchase and sale of the Land by the Outside Closing Date (as defined in the Purchase and Sale Agreement) neither Audubon nor Live Oak Holdings Group shall have the right to cure such default and the City shall have the right to immediately exercise its rights of reversion upon written notice to Audubon (notice to Live Oaks Holdings Group shall not be required). Audubon agrees it shall not contest the City's immediate exercise of reversion rights and will not contest any legal filings by the City to exercise its reversion rights, except as to assert unreasonable action by the City that resulted in the failure to close on the purchase and sale of the Land by the Outside Closing Date (as defined in the Purchase and Sale Agreement). Upon judicial determination of reversion of title to the Land in favor of the City, Audubon will cooperate with returning the Land in the same title and physical condition it received it, unless improvements have been made to the Land pursuant to the Amended and Restated Agreement, for which the City may agree to accept as is in its sole discretion, and acknowledges that it received the Land for below fair market value ($0.00) under section 163.3180, Florida Statutes, and therefore agrees no bond shall be required to be placed in court registry.

10. **Current Defaults or Breaches.** While the parties acknowledge the City could presently proceed with a notice of default and/or breach pursuant to the Amended and Restated Agreement and under the Second Amendment, the City agrees it will not issue such notice for currently existing defaults or breaches. The City agrees it shall only proceed with a notice of default and/or breach for defaults or breaches which occur after the effective date of this Agreement. Nothing herein, however, shall

limit the City's legal rights or abilities pursuant to the Amended and Restated Agreement, at law, or in equity, to include its right of reversion, should there by any future default(s) or breach(es) by Audubon, Live Oaks Holding Group, or any other subsequent party. Further, nothing herein shall limit the City's ability to proceed with and/or enforce, through any and all available legal means, code enforcement or building code violations on the Land, to include those currently existing.

11. **Notice.** Any notices to be given with respect to Live Oak Holdings Group as to this Agreement or the Amended and Restated Agreement shall be in the same manner as provided in Paragraph 20 of the Amended and Restated Agreement to:
To Live Oak Holdings Group, LLC,:

Live Oak Holdings Group, LLC
100 N. Laura Street, Suite 900
Jacksonville, FL 32202
Attn: Paul Bertozzi and Bill Ware

With a copy to:

Lippes Mathias, LLP
10151 Deerwood Park Blvd., Building 300 Suite 300
Jacksonville, FL 32256
Attn: Christopher Walker

12. **Notice Address Update.** Pursuant to Paragraph 20 of the Amended and Restated Agreement, a change of address for Audubon is as follows:

To Audubon Development, Inc.:

Audubon Development, Inc.
P.O. Box 981
Palm Beach , FL 33480

With a copy to:

Jones Foster, P.A.
505 S. Flagler Drive, Suite 1100,
West Palm Beach, FL 33401
Attn: Lainey Francisco

13. **No Further Amendment of Amended and Restated Agreement.** Except as specifically modified and amended hereby, the Amended and Restated Agreement shall remain in full force and effect. Further, Paragraphs 5, 6, 7, 8, and 9 shall specifically remain in full force and effect as written and contained within the Second Amendment.

14. **Counterparts; Electronic Signatures.** This Agreement may be executed in any number of identical counterparts each of which shall be deemed to be an original for all purposes but all of which shall constitute one and the same instrument, and a copy of such signature received through telefax or electronic transmission shall bind the party whose signature is so received as if such signature were an original. In making proof of this Agreement, it shall not be necessary to produce or account for more of such counterparts than are required to show that each party hereto executed at least one such counterpart.

(REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year first above written.

FIRST AMENDMENT TO PURCHASE AND SALE AGREEMENT

THIS FIRST AMENDMENT TO PURCHASE AND SALE AGREEMENT (this "**Amendment**") is made and entered into as of the 27th day of February, 2025 (the "**Effective Date**"), by and between **AUDUBON DEVELOPMENT, INC.**, a Florida corporation ("**Seller**"), and **LIVE OAK HOLDINGS GROUP, LLC**, a Florida limited liability company ("**Purchaser**").

WITNESSETH:

WHEREAS, Seller and Purchaser entered into that certain Purchase and Sale Agreement dated February 21, 2025 (the "**Agreement**"), relating to the purchase and sale of certain real property located in St. Lucie County, Florida as more particularly described in the Agreement; and

WHEREAS, Purchaser and Seller desire to enter into this Amendment to amend certain terms and conditions of the Agreement.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements of the parties, and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged and agreed by each of the parties, Seller and Purchaser do hereby covenant and agree as follows:

1. **Recitals**. Seller and Purchaser do hereby mutually represent and warrant that the foregoing recitals are true and correct, and said recitals are hereby ratified, confirmed, and incorporated into the body of this Amendment.

2. **Defined Terms**. Any capitalized terms utilized in this Amendment and which are not separately defined herein shall have the meaning ascribed thereto in the Agreement.

3. **Third Amendment to the Municipal Agreement**. Notwithstanding anything to the contrary in the Agreement, if the Third Amendment referenced in Section 8.04 in the Agreement is not fully executed by the Seller, City and FPRA on or before May 22, 2025, then the Agreement shall terminate and be of no further force and effect.

4. **Modification**. Except as modified by this Amendment, the terms and conditions of the Agreement are hereby ratified, confirmed and shall remain unchanged and in full force and effect. In the event of a conflict between the terms of this Amendment and the terms of the Agreement, the terms of this Amendment shall govern. Seller and Purchaser hereby agree that the Agreement, as amended by this Amendment, shall constitute a valid and binding contract between Seller and Purchaser.

5. **Counterparts; Facsimile**. This Amendment may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. A facsimile or e-mail copy of this Amendment and any signatures hereon shall be considered for all purposes as originals.

PURCHASE AND SALE AGREEMENT

between

AUDUBON DEVELOPMENT, INC., Seller

and

LIVE OAK HOLDINGS GROUP, LLC, Purchaser

dated as of

February 21, 2025

PURCHASE AND SALE AGREEMENT

This PURCHASE AND SALE AGREEMENT (this "**Agreement**"), dated as of the 21st day of February, 2025, is entered into between Audubon Development, Inc., a Florida corporation ("**Seller**"), having an address at P.O. Box 981, Palm Beach, FL 33480, and Live Oak Holdings Group, LLC, a Florida limited liability company ("**Purchaser**"), having an address at 100 N Laura Street, Suite 900, Jacksonville, FL 32202.

RECITALS

WHEREAS, Seller is the owner of the Property (as hereinafter defined); and

WHEREAS, subject to the terms and conditions hereof, Seller desires to sell to Purchaser the Property and Purchaser desires to purchase the Property from Seller.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

ARTICLE I

"**Plans and Surveys**" has the meaning set forth in Section 2.01(g).

"**Property**" has the meaning set forth in Section 2.01.

"**Purchase Price**" has the meaning set forth in Section 3.01.

"**Purchaser**" has the meaning set forth in the preamble.

"**Purchaser's Costs**" has the meaning set forth in Section 11.01(b).

"**Purchaser Default**" has the meaning set forth in Section 11.01(a).

"**Purchaser's Representatives**" has the meaning set forth in Section 4.03.

"**Purchaser's Termination Notice**" has the meaning set forth in Section 9.02.

"**Seller**" has the meaning set forth in the preamble.

"**Seller Default**" has the meaning set forth in Section 11.01(b).

"**Service Contracts**" has the meaning set forth in Section 7.01(f).

"**Site Plan**" has the meaning set forth in Section 3.01(b).

"**Survey**" has the meaning set forth in Section 6.03(a).

"**Title Commitment**" has the meaning set forth in Section 6.03(a).

"**Title Insurance Company**" has the meaning set forth in Section 6.01.

"**Title Objection**" has the meaning set forth in 6.03(b).

"**Title Objection Notice**" has the meaning set forth in 6.03(b).

"**Title Objection Response**" has the meaning set forth in 6.03(b).

"**Transaction Parties**" has the meaning set forth in Section 13.01.

"**Transfer Tax Documents**" has the meaning set forth in Section 5.02(b).

"**Violations**" has the meaning set forth in Section 6.05.

"**Voluntary Liens**" has the meaning set forth in 6.04(a).

ARTICLE II
CONVEYANCE OF THE PROPERTY

Section 2.01 Subject of Conveyance. Seller agrees to sell and convey to Purchaser and Purchaser agrees to purchase from Seller, upon the terms and conditions hereinafter set forth, all right, title, and interest of Seller in and to the following (collectively referred to herein as the "**Property**"):

(a) All those certain lots, pieces, or parcels of land located in Fort Pierce, St. Lucie County, Florida, as more particularly bounded and described in Exhibit A attached hereto and hereby made a part hereof (the "**Land**");

(b) All improvements located on the Land and all Seller's right, title, and interest in and to any and all fixtures attached thereto (collectively, the "**Improvements**");

(c) All equipment, machinery, apparatus, appliances, and other articles of personal property located on and used in connection with the operation of the Improvements (collectively, the "**Personal Property**");

(d) All rights appurtenant to the Land, if any, including without limitation, any strips and gores abutting the Land, and any land lying in the bed of any street, road, or avenue in front of, or adjoining the Land, to the center line thereof;

(e) All other rights, privileges, easements, licenses, appurtenances, and hereditaments relating to the Property;

(f) **Intentionally Deleted.**

(g) All plans, surveys, specifications, drawings, architectural and engineering drawings, permits and other ancillary documents related to the construction, renovation or improvement of the Property in the possession of the Seller or in the possession of any of the Seller's contractors, sub-contractors, consultants, vendors, affiliates, assigns, partners, or otherwise, to the extent transferable in connection with the sale of the Property (collectively, the "**Plans and Surveys**");

(h) All right, title, and interest of Seller in and to the Assumed Contracts, pursuant to Section 8.03 of this Agreement;

(i) Any permit, entitlement, governmental approval, incentives, certificate of occupancy, license, or other form of authorization or approval issued by a government agency or authority and legally required for the Property's construction, ownership, operation, and use to the extent transferable with the sale of the Property. (collectively, the "**Assumed Permits and Licenses**").

(j) Any written warranty, guaranty, or other obligation from any contractor, manufacturer, or vendor to any improvements, furnishings, fixture, or equipment located at the Property, to the extent assignable in connection with the sale of the Property ("**Assumed Warranties and Guaranties**"); and

(k) All rights, title, and interests of Seller in and to: (i) computer software used in connection with any computer systems regarding the Property; (ii) trademarks, trade names, service marks, social media, and other intellectual property rights held or used in connection with the Property or the operation; (iii) other intangibles associated with the Property, including, without limitation, goodwill, logos, and designs related to the Property and other general intangibles relating to the Property; and (iv) all telephone exchange numbers specifically dedicated and identified with the Property (collectively, the "**Intangible Property**").

(l) All right, title, and interest of Seller in and to all engineered plans, approved or otherwise; specifications; construction contracts; construction agreements; the

Reservation Agreements; contracts with any third-party real estate companies, including but not limited to, residential condominium unit and commercial, retail and restaurant space reservation deposits, to the extent assignable in connection with the sale of the Property ("**Construction and Management Agreements**"). The assignment of the Construction and Management Agreements shall also include, to the extent assignable, all licenses with any third-party real estate companies in possession, or where issuance is being contemplated, of the Seller or Seller's assigns, affiliates, partners, vendors. For avoidance of doubt, the licenses contemplated here include, but are not limited to, licenses issued by a government authority, or any other license which could be deemed a license and connected to the Property

ARTICLE III
PURCHASE PRICE

Section 3.01 Purchase Price and Deposit. The purchase price to be paid by Purchaser to Seller for the Property is SIX MILLION FOUR HUNDRED EIGHTY THOUSAND DOLLARS and 00/100 Dollars ($6,480,000.00) (the "**Purchase Price**"). The Purchase Price shall be payable as follows:

(a) Within THREE (3) Business Days after the Effective Date, Purchaser shall pay the sum of TWO HUNDRED FIFTY THOUSAND DOLLARS AND 00/100 ("250,000.00") (the "**Initial Deposit**") by Purchaser's certified check or official bank check, subject to collection, made payable to Seller, or by wire transfer of immediately available federal funds to an account at such bank as designated by Seller.

(b) Within THREE (3) Business Days after the earlier to occur of (i) Purchaser's receipt of City's written approval of the modified project site plan (the "**Site Plan**") or (ii) ONE HUNDRED EIGHTY (180) days after the Effective Date, an additional deposit in the amount of TWO HUNDRED FIFTY THOUSAND AND NO/100 DOLLARS ("250,000.00") (the **Additional Deposit**"), by Purchaser's certified check or official bank check, subject to collection, made payable to Seller, or by wire transfer of immediately available federal funds to an account at such bank as designated by Seller. The Initial Deposit and the Additional Deposit are collectively referred to herein as the "**Deposit.**"

(c) THREE MILLION NINE HUNDRED EIGHTY THOUSAND DOLLARS AND 00/100 ($3,980,000.00) of the Purchase Price shall be paid to Seller on the Closing Date, subject to any credits or apportionments as provided for under this Agreement, simultaneously with delivery of the Deed, by certified or official bank checks or by one or more wire transfers of immediately available federal funds to an account, or accounts, designated in writing by Seller no later than the Closing Date.

(d) The balance of the Purchase Price in the amount of TWO MILLION DOLLARS 00/100 ($2,000,000.00) shall be conveyed and contributed by Seller and considered paid by Purchaser to Seller in the form of a limited partnership interest in the amount of ONE MILLION DOLLARS 00/100 ($1,000,000.00) in the development entity (the "**Hotel Owner**") of the contemplated hotel development on the Property (the "**Hotel**

Site"), and ONE MILLION DOLLARS 00/100 ($1,000,000.00) in the development entity (the "**Primary Owner**") of the contemplated residential condominium and commercial, retail, and restaurant development on the Property (the "**Primary Site**"). Purchaser shall confirm the allocation of the Purchase Price between the Hotel Site and the Primary Site within THIRTY (30) days after the Effective Date, provided that such allocation shall be reasonably acceptable to Seller. The preliminary legal description for the real property upon which the Hotel Site and Primary Site are to be located on the Land as described in Exhibit A attached hereto and made a part hereof. Within one hundred eighty (180) days of the Effective Date of this Agreement, Purchaser shall obtain specific legal descriptions for both the Hotel Site and Primary Site, at which time this Agreement shall be amended to add said legal descriptions for the Hotel Site and Primary Site as Exhibit A-1 and Exhibits A-2 to this Agreement. The operating agreements for the Hotel Owner and the Primary Owner (the "**Operating Agreements**") shall provide (i) for Seller's limited partnership interests to generate a minimum of 8% internal rate of return (calculated from the Closing Date), (ii) for Seller's limited partnership interests to be subject to the same treatment as other limited partnership interests, provided that Seller shall not be obligated to make any additional capital contributions beyond Seller's initial $2,000,000.00 contribution, (iii) that Seller's limited partnership interests shall not be diluted in the event of a limited partner capital call, and (iv) that Purchaser shall be obligated to buy Seller's limited partnership interests for an amount equal to an 8% internal rate of return (calculated from the Closing Date) if a liquidation event has not occurred by the date which is five (5) years following the Closing Date, subject to any delay resulting from a Force Majeure Event. The form of the Operating Agreements shall be reasonably acceptable to Purchaser and Seller.

ARTICLE IV
DUE DILIGENCE INVESTIGATION

Section 4.01 Due Diligence Materials. Seller has delivered, or shall cause to be delivered, or made available, all to the extent in Seller's possession or control, materials relating to the Property's physical and environmental condition, and any other documents relating to the Property reasonably requested to date by Purchaser as set forth in the checklist attached hereto as Exhibit B (collectively, the "**Due Diligence Materials**"). Purchaser reserves the right to make additional requests of Due Diligence Materials up to FIVE (5) business days following the commencement of the Due Diligence Period.

Section 4.02 Due Diligence Period. Purchaser shall have a period of TWENTY (20) days following the full execution of this Agreement by both parties on February 21, 2025 (the "**Due Diligence Period**"), to conduct or cause to be conducted any and all tests, studies, surveys, inspections, reviews, assessments, or evaluations of the Property, including without limitation engineering, topographic, soils, zoning, wetlands, geotechnical and environmental inspections (including Phase I and/or Phase II environmental site assessments to be performed by an environmental consultant selected by Purchaser) (the "**Inspections**"), as Purchaser deems necessary, desirable, or appropriate in its sole and absolute discretion, and analysis of the Due Diligence Materials. Purchaser shall have the unconditional right, for any reason or no reason whatsoever, to

terminate this Agreement upon written notice to Seller delivered at any time prior to 11:59 p.m. Eastern on the last day of the Due Diligence Period. If Purchaser does not timely notify Seller of its election to terminate this Agreement prior to 11:59 p.m. Eastern on the last day of the Due Diligence Period, Purchaser shall be deemed to have elected to proceed to Closing, subject to the terms and conditions of this Agreement. If Purchaser elects to terminate this Agreement as provided in this Section 4.02, Seller shall return the Deposit to Purchaser, upon such refund being made this Agreement shall terminate, and the parties shall have no further liability hereunder (except with respect to those obligations hereunder which expressly survive the termination of this Agreement). Notwithstanding anything to the contrary contained in this Agreement, amendments to this Agreement to extend the Due Diligence Period may be agreed upon in writing or email by each party or each party's respective attorney and notices to terminate this Agreement prior to the expiration of the Due Diligence Period may be given, by Purchaser as provided in this Agreement or by Purchaser or Purchaser's attorney by fax or by email to Seller and/or Seller's attorney.

Section 4.03 Purchaser's Access. At any time prior to the Closing, including the Due Diligence Period, and at all times, subject to Section 4.04, Purchaser and its agents, employees, consultants, inspectors, appraisers, engineers, and contractors (collectively, "**Purchaser's Representatives**") shall have the right to enter upon and pass through the Property during normal business hours to examine and inspect the same, as well as conduct reasonable tests, studies, investigations, and surveys to assess utility availability, soil conditions, environmental conditions, physical condition, and the like of the Property.

Section 4.04 Purchaser's Right to Inspect.

(a) In conducting the Inspections or otherwise accessing the Property, Purchaser shall at all times comply with all laws and regulations of all applicable governmental authorities In connection with such Inspections, neither Purchaser nor any of Purchaser's Representatives shall: (i) unreasonably interfere with or permit unreasonable interference with any person occupying or providing service at the Property; or (ii) unreasonably interfere with the business of Seller (or any of its tenants) conducted at the Property or unreasonably disturb the use or occupancy of any occupant of the Property.

(b) Purchaser shall schedule and coordinate all Inspections or other access thereto with Seller and shall give Seller at least TWO (2) Business Days' prior notice thereof. Seller shall be entitled to have a representative present at all times during each such inspection or other access. Seller shall allow the Purchaser's Representatives unlimited access to the Property and to other information pertaining thereto in the possession or within the control of Seller for the purpose of the Inspections.

Section 4.05 Seller Indemnification. Purchaser agrees to indemnify and hold Seller harmless from and against any and all losses, costs, damages, liens, claims, liabilities, or expenses (including, but not limited to, Seller's reasonable attorneys' fees, court costs, and disbursements but excluding consequential and indirect damages) incurred by Seller arising from or by reason of Purchaser's and/or Purchaser's

Representatives' access to, or Inspections of, the Property, except to the extent such losses, costs, damages, liens, claims, liabilities, or expenses are caused by or resulting from: (a) Seller's negligence or willful misconduct; and/or (b) any pre-existing, dangerous, illegal, or defective condition at the Property, except to the extent that such matters or conditions are aggravated by Purchaser's negligence or willful misconduct. The provisions of this Section 4.05 shall survive for a period of TWELVE (12) months following the Closing or earlier termination of this Agreement.

ARTICLE V
CLOSING

The closing of the transaction contemplated by this Agreement (the "**Closing**") shall occur through an escrow closing with Lippes Mathias LLP ("**Escrow Agent**") and shall occur on the date ("**Closing Date**") which is the earlier to occur of (i) the closing of loan financing ("**Hotel Financing**") with respect to that certain hotel to be developed in connection with respect to King's Landing Phase I Development, as contemplated in that certain MOU between Live Oak Contracting and Mainsail Lodging and Development dated January 8, 2025 ("**MOU**"), and (ii) July 15, 2026 (the "**Outside Closing Date**"). Notwithstanding the foregoing, Purchaser may extend the Outside Closing Date upon written notice to Seller in the event that the Hotel Financing is not complete on July 15, 2026, as a result of a Force Majeure Event, and in such event the Outside Closing Date shall be extended by the corresponding number of days during which said Force Majeure Event prevents Purchase from obtaining the Hotel Financing. Purchaser shall give written notice to Seller of any alleged delay in the completion of the Hotel Financing resulting from a Force Majeure Event within five (5) days after the commencement of the Force Majeure Event, which notice shall identify the nature and expected duration of the Force Majeure Event. In no event shall the Outside Closing Date be extended more than one hundred eighty (180) days as a result of a Force Majeure Event.

Section 5.01 Intentionally Omitted.

Section 5.02 Seller's Closing Deliverables. At Closing, Seller shall deliver or cause to be delivered to each of the Hotel Owner and the Primary Owner, as applicable, each the following documents executed, certified, and acknowledged by Seller, as appropriate:

(a) One (1) original special warranty deed (the "**Deed**") duly executed with the appropriate acknowledgment form and otherwise in proper form for recording so as to convey title to the Hotel Site to the Hotel Owner and title to the Primary Site to the Primary Owner as required by this Agreement.

(b) Counterparts of any required transfer tax returns (the "**Transfer Tax Documents**"), or in each instance and if available, an electronic filing of such returns, together with the required payment of applicable transfer taxes, pursuant to the requirements of the applicable state and local taxing authorities.

(c) A bill of sale (the "**Bill of Sale**") executed by Seller, conveying to the Hotel Owner and the Primary Owner good and marketable title to the Personal Property as

described in the Bill of Sale, free and clear of all encumbrances and adverse claims, and payment of all sales taxes payable in connection with such conveyance of Personal Property.

(d) Assignment of the following, to the extent assignable: (i) all Construction and Management Agreements; (ii) all Assumed Permits and Licenses; (iii) all Plans and Surveys, (iv) the Municipal Agreement; and (v) any Reservation Agreements in effect at the Closing (collectively, the ("**Assignments**"). In conjunction with Seller's delivery of the Assignments, Seller shall also deliver to the Hotel Owner and the Primary Owner the corresponding originals or copies of the Construction and Management Agreements; Assumed Permits and Licenses; and Plans and Surveys being assigned from Seller to the Hotel Owner and the Primary Owner. Notwithstanding the foregoing, Purchaser shall be responsible for obtaining the necessary consents related to any assignment, however, Seller shall cooperate with Purchaser's efforts in obtaining such consents.

(e) A certification that Seller is not a "foreign person" as such term is defined in Section 1445 of the Internal Revenue Code, as amended and the regulations thereunder (collectively, the "**Code**"), which certification shall be signed under penalty of perjury.

(f) Originals, or copies certified by Seller as being complete, of all applicable outstanding bills, invoices, reservation deposit refunds, and other items that shall be paid by Seller on or before the Closing Date.

(g) A seller's affidavit in form reasonably acceptable to the Title Insurance Company.

(h) A resolution of the president of Seller authorizing the transactions contemplated hereby and the execution and delivery of the documents required to be executed and delivered hereunder.

(i) A written certificate stating that all representations and warranties contained in Section 7.01 remain, as of the Closing Date, true, correct, and complete in all material respects as when first made hereunder

(j) Counterparts of closing statements jointly prepared by Seller and the Hotel Owner or the Primary Owner, as applicable, reflecting the prorations and adjustments required under Section 5.06 of this Agreement and the balance of the Purchase Price due Seller as allocated between the Hotel Site and the Primary Site as agreed upon by the parties.

(k) A certified current list of all reservation deposits, which reservation deposits shall be credited to the Primary Owner at the Closing, and current bank statement reflecting same; and Seller certification that all cancelled reservations have been refunded.

(l) An assignment and assumption of contracts, warranties, permits, and licenses executed by Seller and assigning all Seller's right, title, and interest in the Assumed Contracts, Assumed Permits and Licenses, and Assumed Warranties and Guaranties.

(m) A notice to each vendor under the Assumed Contracts, if any, if required by the terms of such Assumed Contracts.

(n) Evidence of termination of all Service Contracts, if any, except for the Assumed Contracts which the Hotel Owner or the Primary Owner, as applicable, has elected to assume pursuant to Section 8.03 hereof, together with proof of payment in full by Seller of any and all liabilities, fees, costs, or other expenses of Seller resulting from the Service Contracts, the termination thereof and the release of the counterparties thereto.

(o) The Operating Agreements.

(p) Originals or, if originals are not in the possession or control of Seller, copies of Plans and Surveys, to the extent same are in Seller's possession or under Seller's control.

(q) All other documents necessary or otherwise reasonably required by the Escrow Agent and Title Insurance Company to consummate the transactions contemplated by this Agreement.

Section 5.03 Purchaser's Closing Deliverables. On the Closing Date, the Hotel Owner and the Primary Owner shall each deliver or cause to be delivered to Seller, each of the following documents, executed, certified, and acknowledged by the Hotel Owner and the Primary Owner, as appropriate:

(a) The balance of the Purchase Price as set forth in Section 3.01(b), as adjusted for apportionments pursuant to Section 5.05 of this Agreement and as allocated between the Hotel Site and the Primary Site as agreed upon by the parties.

(b) The Hotel Owner and the Primary Owner shall, where applicable, join with Seller in the execution and delivery of the closing documents and instruments required under Section 5.02 of this Agreement.

(c) Resolutions consistent with the Operating Agreements authorizing the transactions contemplated hereby and the execution and delivery of the documents required to be executed and delivered hereunder.

(d) All other documents reasonably necessary or otherwise required by the Escrow Agent or the Title Insurance Company to consummate the transactions contemplated by this Agreement.

Section 5.04 Closing Costs.

(a) Seller and Purchaser shall each pay the fees and expenses of its own counsel in connection with the preparation and negotiation of this Agreement. The Deed and other agreements and instruments related to the transaction contemplated by this Agreement and such legal costs shall not be part of the closing costs; provided, however, that if any legal action is instituted under this Agreement, the prevailing party in such action shall be entitled to recover from the other party costs related to such legal action, including

reasonable attorneys' fees and costs in all trial, appellate, post-judgment, and bankruptcy proceedings.

(b) Seller shall pay:

(i) All recording fees for the release of any liens on the Property, as required pursuant to the terms of this Agreement;

(ii) All Delinquent Property Taxes (as hereinafter defined) and associated expenses related thereto; and

(iii) Any and all costs incurred by Seller in connection with the preparation, review, and negotiation of this Agreement and the transactions and the Closing contemplated by this Agreement, including any attorneys' or consultancy fees.

(c) Purchaser shall pay:

(i) The costs charged by Purchaser's Title Insurance Company for the owner's policy; loan policy and all endorsements and the loan policy;

(ii) The costs related to the Survey and any other survey or survey update;

(iii) Any state/county/city/town transfer taxes and sales taxes payable in connection with the transaction contemplated by this Agreement

(iv) Escrow Agent's fees;

(v) Any other fees or costs incurred by Purchaser in connection with Purchaser's due diligence reviews or the transactions contemplated by this Agreement, including, without limitation, Purchaser's attorneys' fees; and

(vi) All costs related to the recording fees payable in connection with the recording of the Deed and Purchaser's lender's security instruments, if any.

Section 5.05 Apportionments. The following shall be apportioned as of 11:59 p.m. of the date immediately preceding the Closing Date, unless expressly provided for otherwise:

(a) All real estate taxes based on the fiscal year for which they are assessed and any assessments, provided, however, that if any such charges are payable by any tenant under a lease, such charges shall not be apportioned. If the Closing shall occur before a new tax rate is fixed, the apportionment of real estate taxes shall be upon the basis of the tax rate for the preceding fiscal period applied to the latest assessed valuation, however, adjustment shall be made when the actual tax amount is determined. If the Property shall be, or has been, affected by any assessments or special assessments payable in a lump sum or which are, or may become, payable in installments, of which the first installment is then

a charge or lien, or has already been paid, then at the Closing such amounts shall be paid in full by Seller. Purchaser acknowledges that Seller has informed Purchaser that real estate taxes for the Property are delinquent ("**Delinquent Property Taxes**") and Purchaser agrees that, until the Closing, Seller shall not be obligated to pay such Delinquent Property Taxes or any other real estate taxes that become due and payable prior the Closing; provided, however, Seller shall remain solely liable for the payment of such Delinquent Property Taxes at Closing, including, but not limited, to any late fees, interest or other expenses due to such Delinquent Property Taxes being past due. Seller shall take any and all actions necessary to redeem, payoff or otherwise terminate any such tax certificate at or prior to Closing.

(b) All water and sewer charges based on the fiscal year for which they are assessed, unless the meters are read on the date immediately preceding the Closing Date; provided that Purchaser shall be responsible for all utility hook up charges and related administrative fees.

(c) Utilities, fuel, gas, and electric charges based on most recently issued bills, unless the meters are read on the date immediately preceding the Closing Date; provided, however, that if any such charges are payable by any tenant under a lease, such charges shall not be apportioned.

(d) Administrative fees allowable by law on tenant security deposits.

(e) All other items customarily apportioned in connection with sales of property substantially similar to the Property in the State of Florida.

(f) Fees, charges, penalties, or costs assessed by any governmental organization.

Section 5.06 Miscellaneous. Any miscellaneous adjustments payable by either Purchaser or Seller, as the case may be, that occur at the Closing may be paid at the Closing by delivery of personal or business checks, provided, however, that such miscellaneous adjustments do not exceed ONE THOUSAND and 00/100 Dollars ($1,000.00). Any errors in calculations or apportionments shall be corrected or adjusted as soon as practicable after the Closing Date. The provisions of this Section 5.06 shall survive the Closing.

ARTICLE VI
TITLE MATTERS AND REVIEW

Section 6.01 Acceptable Title. Seller shall convey, and Purchaser shall accept, such title to the Property that Escrow Agent as authorized agent for Fidelity Title Insurance Company (the "**Title Insurance Company**") is willing to insure at regular rates, subject to the matters set forth in this Agreement. Seller shall convey, and Purchaser shall accept, fee simple title to the Property in accordance with the terms and conditions of this Agreement, and subject only to:

(a) The Permitted Exceptions; and

(b) Such other matters as any Title Insurance Company shall be willing to omit as exceptions to coverage or to except with insurance against collection out of or enforcement against the Property.

Section 6.02 Permitted Exceptions. The Property shall be sold, assigned, and conveyed by Seller to Purchaser, and Purchaser shall accept and assume same, subject only to the following matters (collectively, the "**Permitted Exceptions**"):

(a) Any and all present and future zoning, building, environmental, and other laws, statutes, ordinances, codes, rules, regulations, requirements, or executive mandates of all governmental authorities having jurisdiction with respect to the Property, including, without limitation, landmark designations and all zoning variances and special exceptions, if any.

(b) Possible encroachments and/or projections of stoop areas, roof cornices, window trims, vent pipes, cellar doors, steps, columns and column bases, flue pipes, signs, piers, lintels, windowsills, fire escapes, satellite dishes, protective netting; sidewalk sheds, ledges, fences, coping walls (including retaining walls and yard walls), air-conditioners, and the like, if any, on, under, or above any street or highway, the Property, or any adjoining property.

(c) The state of facts shown on that certain ALTA/NSPS Land Title Survey made by EDC, Inc. dated February 27, 2020 ("**Survey**") and any additional state of facts a new or updated survey or personal inspection would show.

(d) Taxes and assessments for the year of Closing which are not yet due and payable.

(e) Easements and other matters of record approved or deemed approved by Purchaser.

Section 6.03 Title.

(a) Within TEN (10) Business Days following the execution of this Agreement: (i) Purchaser shall cause the Title Insurance Company to deliver to Purchaser a commitment for owner's policy of title insurance from the Title Insurance Company, together with true, legible (to the extent available), and complete copies of any tax search, departmental or municipal searches, and all instruments giving rise to any defects or exceptions to title to the Property (collectively, the "**Title Commitment**"), which Title Commitment shall be delivered to counsel for both Purchaser and Seller concurrently; and (ii) Seller shall deliver to Purchaser a copy of the Survey, which Purchaser may cause to be updated at Purchaser's expense.

(b) Within FIFTEEN (15) days from Purchaser's receipt of the last of the Title Commitment and Survey, Purchaser shall review such items and deliver to Seller, in writing (the "**Title Objection Notice**"), such objections as Purchaser may have to anything

contained or set forth therein ("**Title Objections**"). Any items to which Purchaser does not object within the FIFTEEN (15) day review period shall be deemed to be approved by Purchaser and shall be part of the Permitted Exceptions as defined in Section 6.02 of this Agreement. Seller shall have TEN (10) days from Seller's receipt of the Title Objection Notice to provide written notice to Purchaser ("**Title Objection Response**") advising if Seller elects to: (i) attempt to cure certain Title Objections, whereupon Seller shall diligently take action to cure any such Title Objections identified by Seller in its notice to Purchaser within thirty (30) days, as may reasonably be extended by Seller to allow Seller to cure same (the "**Cure Period**"); or (ii) not cure some or all of the Title Objections. Seller shall use best efforts to eliminate any Title Objections it elects to attempt to cure pursuant to its Title Objection Response within the Cure Period. In the event Seller does not cure the Title Objections it elected to attempt to cure prior to the expiration of the Cure Period, or Seller elects not to cure some or all of the Title Objections as set forth in its Title Objection Response, Purchaser shall have the right to: (1) terminate this Agreement by written notice to Seller delivered within ten (10) days following the expiration of the Cure Period or Purchaser's receipt of Seller's Title Objection Response, as applicable, in which event Purchaser shall receive a refund of the Deposit and this Agreement shall thereupon be deemed terminated and of no further effect, and neither party hereto shall have any obligations to the other hereunder or by reason hereof, except for the provisions hereof that expressly survive termination of this Agreement; or (2) proceed to Closing hereunder with no reduction in the Purchase Price. All title exceptions which are approved or deemed approved by Purchaser shall constitute Permitted Exceptions for purposes hereof. Notwithstanding the foregoing: (A) subject to Sections 6.02(c) and 6.02(d) above, the standard preprinted exceptions set forth in the Title Commitment shall not constitute Permitted Exceptions for purposes hereof; and (B) all matters reflected on Schedule B-I of the Title Commitment shall be discharged and satisfied by Seller and/or Purchaser, as applicable, prior to Closing.

Section 6.04 Seller's Inability to Convey.

(a) Seller shall be required to cause to be released, satisfied, and removed of record as of the Closing Date: (i) any encumbrances which have been voluntarily recorded or otherwise placed, or permitted to be placed, by Seller against the Property on or following the Effective Date (other than with the prior written approval of Purchaser, which approval shall not be withheld, conditioned, or delayed with respect to the granting of Purchaser's approval in connection with requests for instruments to be recorded for the benefit of any utility or governmental authority but in all other cases in Purchaser's sole and absolute discretion); and (ii) any mortgages, deeds of trust, security instruments, financing statements, or other instruments which evidence or secure indebtedness, judgments, and liens against the Property, including, without limitation, mechanics' liens, tax liens and real estate taxes, including the Delinquent Property Taxes, water rates, and sewer rents and taxes, in each case, which were caused by the actions or omissions of Seller and are due and payable but which remain unpaid and/or of record as of the Closing Date ("**Voluntary Liens**"). Seller may use Seller's proceeds from the Purchase Price to discharge and remove of record any Voluntary Liens on the Closing Date, and if Seller fails to discharge and remove of record any Voluntary Liens on or prior to the Closing Date, Purchaser shall be entitled to deduct from the Purchase Price such amounts as may

be required to satisfy and discharge the matters required to be satisfied and discharged by Seller pursuant to the preceding sentence.

(b) Notwithstanding anything in this Section 6.04 above to the contrary, Purchaser may at any time accept such title as Seller can convey, without reduction of the Purchase Price or any credit or allowance on account thereof or any claim against Seller. The acceptance of the Deed by Purchaser shall be deemed to be full performance of, and discharge of, every agreement and obligation on Seller's part to be performed under this Agreement, except for such matters which are expressly stated to survive the Closing hereunder

Section 6.05 Violations. Purchaser agrees to purchase the Property subject to any and all notes or notices of violations of law or municipal ordinances, orders, designations, or requirements whatsoever noted in or issued by any federal, state, municipal, or other governmental department, agency, or bureau or any other governmental authority having jurisdiction over the Property (collectively, "**Violations**"), or any condition or state of repair or disrepair of the Property, whether or not noted, which, if noted, would result in a Violation being placed on the Property. Notwithstanding the foregoing, at Closing, Seller shall pay all fines and penalties assessed against the Property, if any.

ARTICLE VII
REPRESENTATIONS AND WARRANTIES

Section 7.01 Seller's Representations and Warranties. Seller represents and warrants to Purchaser on and as of the date of this Agreement and on and as of the Closing Date, as follows:

(a) Seller is duly organized, validly existing, and in good standing under the laws of the State of FLORIDA and has the requisite power and authority to enter into this Agreement and the instruments referenced herein, and to consummate the transactions contemplated hereby.

(b) The execution, delivery, and performance of this Agreement by Seller and all agreements, instruments, and documents herein provided to be executed by Seller on the Closing Date: (i) do not violate the entity documents of Seller, or any contract, agreement, commitment, lease, order, judgment, or decree to which Seller is a party; and (ii) have been duly authorized by the resolutions of the manager of Seller and the appropriate and necessary action has been taken by such manager on the part of Seller. The individuals executing this Agreement and the instruments referenced herein on behalf of Seller have the legal power, right, and actual authority to bind Seller to the terms and conditions hereof and thereof. This Agreement is valid and binding upon Seller, subject to bankruptcy, reorganization, and other similar laws affecting the enforcement of creditors' rights generally.

(c) To Seller's knowledge, neither the execution, delivery, or performance of this Agreement, nor the consummation of the transactions contemplated hereby is prohibited by, or requires Seller to obtain any consent, authorization, approval, or

registration under any law, statute, rule, regulation, judgment, order, writ, injunction, or decree which is binding upon Seller which has not been previously obtained.

(d) Seller is not a "foreign person" within the meaning of Section 1445 of the Code.

(e) Except for what was disclosed in writing by Seller to Purchaser, there is no litigation, arbitration, or other legal or administrative suit, action, proceeding, or investigation pending or threatened against or involving Seller or the ownership or operation of the Property, including, but not limited to, any condemnation action relating to the Property.

(f) Seller has not entered into any service, maintenance, supply, leasing, brokerage, and listing and/or other contracts relating to the Property (along with all amendments and modifications thereof, the "**Service Contracts**") which shall be binding upon the Purchaser after the Closing, other than the Assumed Contracts. Seller has performed all its obligations under each of the Service Contracts and to Seller's knowledge, no fact or circumstance has occurred which, by itself or with the passage of time or the giving of notice or both, would constitute a default by any party under any of the Service Contracts. Seller has delivered to Purchaser true, correct, and complete copies of all Service Contracts.

(g) Seller has not received, except as disclosed in writing to Purchaser, notice of any material violation of any law or municipal ordinance, order, or requirement noted or issued against the Property by any governmental authority having jurisdiction over the Property, that has not been cured, corrected, or waived as of the Effective Date.

(h) Seller has delivered or made available to Purchaser complete copies of all the Due Diligence Materials to the extent in Seller's possession or under Seller's control with regard to the Property, and to Seller's knowledge there are no other documents or information included within the definition of Due Diligence Materials that have not been provided to the Purchaser. To Seller's knowledge, none of such Due Diligence Materials contains any untrue statement of a material fact or omits to state a fact necessary to make the statement of fact contained therein not misleading in any material respect.

(i) To Seller's knowledge, the Hazardous Materials disclosed in the Due Diligence Materials have been properly remediated as evidenced by Seller's receipt of that certain Groundwater Monitoring Well Abandonment Report dated August 28, 2023, prepared by Andersen Andre Consulting Engineers, Inc. under File Number 22-156, a copy of which is which are attached hereto as Exhibit C, and Seller has not placed, installed or stored any Hazardous Materials at, on, in, or under the Property, and to Seller's knowledge no such Hazardous Materials are otherwise existing at, on, in, or under the Property in violation of any Environmental Laws. "**Hazardous Materials**" means "Hazardous Material," "Hazardous Substance," "Pollutant or Contaminant," and "Petroleum" and "Natural Gas Liquids," as those terms are defined or used in CERCLA, and any other substances regulated because of their effect or potential effect on public health and the environment, including PCBs, lead paint, asbestos, urea formaldehyde, radioactive

materials, putrescible materials, and infectious materials. "**Environmental Laws**" means, without limitation, the Resource Conservation and Recovery Act and the Comprehensive Environmental Response Compensation and Liability Act and other federal, state, county, municipal, and other local laws governing or relating to Hazardous Materials or the environment together with their implementing regulations, ordinances, and guidelines.

(j) Seller has not: (i) filed any voluntary or had involuntarily filed against it in any court or with any governmental body pursuant to any statute either of the United States or of any State, a petition in bankruptcy or insolvency or seeking to effect any plan or other arrangement with creditors, or seeking the appointment of a receiver; (ii) had a receiver, conservator, or liquidating agent or similar person appointed for all or a substantial portion of its assets; (iii) suffered the attachment or other judicial seizure of all, or substantially all, of its assets; (iv) given notice to any person or governmental body of insolvency; or (v) made an assignment for the benefit of its creditors or taken any other similar action for the protection or benefit of its creditors. Seller is not insolvent and shall not be rendered insolvent by the performance of its obligations under this Agreement.

(k) Intentionally omitted.

(l) Seller is not, and shall not become, a person or entity with whom United States persons or entities are restricted or prohibited from doing business under regulations of the Office of Foreign Asset Control ("**OFAC**") of the Department of the Treasury (including those named on OFAC's specially designated and blocked persons list) or under any statute, executive order (including the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism), or other governmental action and is not and shall not engage in any dealings or transactions or be otherwise associated with such persons or entities.

(m) The representations and warranties set forth in this Section 7.01 shall be continuing and shall be true and correct in all material respects as of the Closing Date with the same force and effect as if made at that time. Subject to the terms and conditions of Article XI, the representations and warranties of Seller set forth in this Section 7.01 shall survive the Closing and shall not be affected by any investigation, verification, or approval by any party or anyone on behalf of any party to this Agreement.

(n) Except for the lease for approximately 1,200 square feet of restaurant space at the Property to be granted to Indian River State College pursuant to Section 8.01(c) below, no person, party, entity, or otherwise currently possesses or has the option to possess a leasehold interest in the Property.

Section 7.02 Purchaser's Representations and Warranties. Purchaser represents and warrants that:

(a) Purchaser is a limited liability company duly organized, validly existing, and in good standing under the laws of the State of Delaware, is qualified to conduct business in the State of Florida, and has the requisite power and authority to enter into this

Agreement and the instruments referenced herein, and to consummate the transactions contemplated hereby.

(b) The execution, delivery, and performance of this Agreement by Purchaser and all agreements, instruments, and documents herein provided to be executed by Purchaser on the Closing Date: (i) do not violate the operating agreement of Purchaser, or any contract, agreement, commitment, lease, order, judgment, or decree to which Purchaser is a party; and (ii) have been duly authorized by the resolutions of the manager of Purchaser and the appropriate and necessary action has been taken by such manager on the part of Purchaser. The individuals executing this Agreement and the instruments referenced herein on behalf of Purchaser have the legal power, right, and actual authority to bind Purchaser to the terms and conditions hereof and thereof. This Agreement is valid and binding upon Purchaser, subject to bankruptcy, reorganization, and other similar laws affecting the enforcement of creditors' rights generally.

(c) Neither the execution, delivery, or performance of this Agreement, nor the consummation of the transactions contemplated hereby is prohibited by, or requires Purchaser to obtain any consent, authorization, approval, or registration under any law, statute, rule, regulation, judgment, order, writ, injunction, or decree which is binding upon Purchaser which has not been previously obtained.

(d) Purchaser is not a person or entity with whom United States persons or entities are restricted or prohibited from doing business under regulations OFAC (including those named on OFAC's specially designated and blocked persons list) or under any statute, executive order (including the September 24, 2001, Executive Order Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism), or other governmental action and is not and shall not engage in any dealings or transactions or be otherwise associated with such persons or entities.

(e) To the best of its knowledge, there are no judgments, orders, or decrees of any kind against Purchaser unpaid or unsatisfied of record, nor any actions, suits, or other legal or administrative proceedings pending or, to the best of Purchaser's actual knowledge, threatened against Purchaser, which would have any material adverse effect on the business or assets or the condition, financial or otherwise, of Purchaser or the ability of Purchaser to consummate the transactions contemplated by this Agreement.

(f) The representations and warranties set forth in this Section 7.02 shall be continuing and shall be true and correct in all material respects as of the Closing Date with the same force and effect as if made at that time. The representations and warranties set forth in this Section 7.02 shall survive the Closing and shall not be affected by any investigation, verification, or approval by any party or anyone on behalf of any party to this Agreement.

Section 7.03 Bring Down Certificate. Seller and Purchaser shall each deliver a bring down certificate reaffirming the accuracy and truthfulness of each of their representations and warranties in Section 7.01 and 7.02 (or, if any has ceased to be true, so indicating), and providing that such representations and warranties shall survive the

Closing and the delivery of the Deed at Closing in accordance with the terms and conditions of this Agreement.

ARTICLE VIII
SELLER'S COVENANTS

Section 8.01 Leases. During the period from the Effective Date until the Closing Date, Seller shall not:

(a) Without Purchaser's consent, enter into any agreements ("**Reservation Agreements**") providing for new reservation deposits, or submit or consider any proposal for a new reservation deposit. Purchaser agrees to honor all reservations and Reservation Agreements, that have not otherwise cancelled, which exist as of the Closing.

(b) Enter into any new agreements with any brokers in connection with any prospective buyers for new reservation deposits from the date of this Agreement through the Closing Date, or earlier termination of this Agreement, without Purchaser's consent and Purchaser shall assume at the Closing all obligations under such agreements. There shall be no apportionment between Seller and Purchaser of any commission payments arising under such agreements and originating from prospective tenants who after the Closing Date become tenants of the Property. Purchaser shall pay all commissions and other financial obligations with respect to leases executed after the execution of this Agreement.

(c) Purchaser acknowledges that Seller is obligated to donate approximately 1,200 square feet of restaurant space at the Property to Indian River State College pursuant to the material lease terms attached hereto as Exhibit D. Purchaser acknowledges that the terms set forth in Exhibit D remain subject to the reasonable approval of Indian River State College; provided, however, the only obligations in the lease that Purchaser shall be required to donate to Indian River State College are: (i) the Base Rent of $42,000.00 annually; and (ii) the one time Tenant Improvement Allowance of $42,000.00, and Indian River State College shall be solely liable for all other costs and expenses related to the construction, occupancy and use of the donated restaurant space throughout the term of the lease. At Closing, Seller and Purchaser shall execute and record in the public records a memorandum of agreement pursuant to which Purchaser shall agree to grant such lease, and Purchaser shall indemnify, defend, and hold the Seller harmless from, any and all claims, losses, damages, liabilities, and expenses (including, without limitation, reasonable attorneys' fees and disbursements) arising in connection with any failure by Purchaser to grant such lease. The foregoing indemnification shall survive the Closing.

Section 8.02 Maintenance and Repairs. During the period from the Effective Date until the Closing Date, Seller shall cause the Property, and the Improvements, to be maintained in substantially the same manner as prior to the date of this Agreement pursuant to Seller's normal course of business. Seller shall not cause or make any new improvements, alterations, or demolition to the Property.

Section 8.03 Service Contracts. Following the Effective Date, Seller shall not enter into any new Service Contract which is not terminable on thirty (30) days prior notice without Purchaser's prior written consent, which may be withheld in Purchaser's sole discretion. Purchaser shall identify all Service Contracts to be terminated at or prior to the Closing within THIRTY (30) days after the Effective Date, and Seller shall, at its sole cost and expense, terminate the Service Contracts so identified. Purchaser shall assume all other Service Contracts (including any new Service Contracts entered into by Seller in accordance with this Section 8.03) (the "**Assumed Contracts**"). Notwithstanding the foregoing Seller shall terminate the Management Agreement and any leasing broker listing agreements for the Property effective as of the Closing.

Section 8.04 Municipal Agreement. Purchaser acknowledges that Seller, the City of Fort Pierce (the "**City**"), and the Fort Pierce Redevelopment Agency ("**FPRA**") are parties to that certain Amended and Restated Agreement for Development of King's Landing dated February 8, 2022, and recorded in Official Records Book 4775, Page 2707, of the Public Records of St. Lucie County, as amended by that certain First Amendment to Amended and Restated Agreement for Development of King's Landing dated November 21, 2022, and recorded in Official Records Book 4919, Page 632, of the Public Records of St. Lucie County, and as amended by that certain Second Amendment to Amended and Restated Agreement for Development of King's Landing dated August 13, 2024, and recorded in Official Records Book 5192, Page 666, of the Public Records of St. Lucie County (collectively, as amended, the "**Municipal Agreement**"). Purchaser and Seller agree that this Agreement shall not become effective until Seller, the City, and FPRA have executed a third amendment to the Municipal Agreement (the "**Third Amendment**") approving this Agreement, and that the effective date of this Agreement shall be the date on which the Third Amendment is fully executed, delivered by the parties to it, and recorded in the public records of St. Lucie County, Florida ("**Effective Date**"). Purchaser and Seller also agree that this Agreement shall be subject to the applicable terms and conditions set forth in the Municipal Agreement, and that the Land will be conveyed at Closing subject to the Municipal Agreement. Seller will use commercially reasonable efforts to cause City and FPRA to acknowledge in the Third Amendment the delivery of items under the Municipal Agreement by Purchaser on behalf of Seller. If the Third Amendment is not executed on or before THIRTY (30) days from the full execution of this Agreement, then this Agreement shall terminate and be of no further force and effect. From and after the Effective Date, Purchaser shall comply with and perform the Seller's obligations under the Municipal Agreement, and Purchaser agrees that any failure to perform the Seller's obligations under the Municipal Agreement shall be a default under this Agreement. Purchaser shall also indemnify, defend, and hold the Seller harmless from, any and all claims, losses, damages, liabilities, and expenses (including, without limitation, reasonable attorneys' fees and disbursements) arising in connection with any failure by Purchaser to perform such obligations under the Municipal Agreement, and the foregoing indemnification shall survive the Closing or any earlier termination of this Agreement. Purchaser shall submit the Site Plan to the City for approval by no later than May 31, 2025.

ARTICLE IX
RISK OF LOSS

Section 9.01 Risk of Loss. If prior to the Closing Date any portion of the Property shall be taken by condemnation or eminent domain or damaged or destroyed by fire or other casualty, neither party shall have the right to cancel this Agreement, except as otherwise provided in Section 9.02 of this Agreement. If this Agreement is not terminated in strict accordance with such Section 9.02, Purchaser shall purchase the Property in accordance with this Agreement, and the Purchase Price shall not be reduced; provided, however, that Seller's rights to any award resulting from such taking or any insurance proceeds resulting from such fire or other casualty shall be assigned by Seller to Purchaser at the Closing. Purchaser shall also receive a credit against the Purchase Price for any deductible applicable under any insurance policy (less any reasonable sums expended by Seller for repair or restoration through the Closing Date). Purchaser and Seller hereby irrevocably waive the provision of any statute that provides for a different outcome or treatment if the Property shall be taken or damaged or destroyed by fire or other casualty.

Section 9.02 Major Taking or Casualty. If prior to the Closing Date any portion of the Property shall be: (a) taken by any condemnation or eminent domain which permanently and materially impairs the current use of the Property; or (b) damaged or destroyed by fire or other casualty and the cost of repair exceeds ONE HUNDRED THOUSAND and 00/100 Dollars ($100,000.00), then Purchaser may terminate this Agreement by giving Seller written notice thereof ("**Purchaser's Termination Notice**") FIFTEEN (15) days from the date Purchaser receives written notice of any such taking, fire, or other casualty. Upon receipt of Purchaser's Termination Notice, Seller shall refund to Purchaser the Deposit and upon such refund being made, this Agreement shall terminate and neither party shall have any further rights and/or obligations with respect to each other or this Agreement, except for any obligations that expressly survive termination of this Agreement.

ARTICLE X
NOTICES

Section 10.01 Delivery of Notices. Unless specifically stated otherwise in this Agreement, all notices, demands, consents, approvals, waivers, or other communications (for purposes of this Section 10.01 collectively referred to as "**Notices**") shall be in writing and delivered to Purchaser, Seller, or Escrow Agent, at the addresses set forth in Section 10.02, by one of the following methods:

(a) Personal delivery, whereby delivery is deemed to have occurred at the time of delivery;

(b) Overnight delivery by a nationally recognized overnight courier company, whereby delivery is deemed to have occurred the Business Day following deposit with the courier;

(c) Registered or certified mail, postage-prepaid, return receipt requested, whereby delivery is deemed to have occurred on the third Business Day following deposit with the U.S. Postal Service; or

(d) Electronic transmission (facsimile or email) provided that such transmission is completed no later than 5:00 p.m. Eastern on a Business Day.

Section 10.02 Parties' Addresses.

(a) Unless changed in accordance with Section 10.02(b) of this Agreement, the addresses for all communications and notices shall be as follows:

If to Seller:

Audubon Development, Inc.
P.O. Box 981
Palm Beach, FL 33480
Attn: Dale Matteson
Email: dale@audubondevelopment.com

With a copy to:

Jones Foster P.A.
350 Royal Palm Way, Suite 406
Palm Beach,. FL 33480
Attention: Ben Alexander
Email: balexander@jonesfoster.com

If to Purchaser:

Name: LIVE OAK HOLDINGS GROUP, LLC
Address: 100 N Laura Street, Suite 900, Jacksonville,
Fl 32202
Telephone:904-497-1500
Attention: Paul Bertozzi
Email:paulb@liveoakcontracting.com

With a copy to:

Name: Lippes Mathias, LLP
Address: 10151 Deerwood Park Blvd

Building 300, Suite 300

Jacksonville, Fl 32256
Telephone:904-660-0020
Attention: Christopher Walker
Email:cwalker@lippes.com
Facsimile:

If to Escrow Agent:

Name: Lippes Mathias, LLP
Address: 10151 Deerwood Park Blvd

Building 300, Suite 300
Jacksonville, Fl 32256
Attention: Christopher Walker
Email: cwalker@lippes.com
Facsimile:

(b) Any party may, by notice given in accordance with this Article, designate a different address or person for receipt of all communications or notices.

(c) Any notice under this Agreement may be given by the attorneys of the respective parties who are hereby authorized to do so on their behalf.

ARTICLE XI
REMEDIES

Section 11.01 Remedies.

(a) If Purchaser shall default in the observance or performance of Purchaser's obligations under this Agreement and the Closing does not occur as a result thereof (a "**Purchaser Default**"), Seller's sole and exclusive remedy shall be to retain the Deposit, and any interest earned thereon, as liquidated damages for Purchaser's Default, upon which this Agreement shall be terminated, and the parties shall be released from further liability to each other hereunder, except for those obligations and liabilities that are expressly stated to survive termination of this Agreement. SELLER AND PURCHASER AGREE THAT IT WOULD BE IMPRACTICAL AND EXTREMELY DIFFICULT TO ESTIMATE THE DAMAGES WHICH SELLER MAY SUFFER UPON A PURCHASER DEFAULT AND THAT THE DEPOSIT AND ANY INTEREST EARNED THEREON, AS THE CASE MAY BE, REPRESENTS A REASONABLE ESTIMATE OF THE TOTAL NET DETRIMENT THAT SELLER WOULD SUFFER UPON A PURCHASER DEFAULT. SUCH LIQUIDATED AND AGREED DAMAGES ARE NOT INTENDED AS A FORFEITURE OR A PENALTY WITHIN THE MEANING OF APPLICABLE LAW.

(b) If Seller shall default in the performance of any of Seller's obligations to be performed under this Agreement and the Closing does not occur as a result thereof (a "**Seller Default**"), Purchaser's sole and exclusive remedy shall be to either: (i) terminate this Agreement by delivery of written notice to Seller and Seller shall return the Deposit to

Purchaser whereupon this Agreement shall terminate and neither party shall have any further rights or obligations with respect to each other or this Agreement, except those that are expressly provided in this Agreement to survive the termination hereof; or (ii) continue this Agreement and seek specific performance of Seller's obligations hereunder, provided that any such action for specific performance must be commenced within THIRTY (30) days after such default. Notwithstanding the foregoing, if Seller shall willfully default in its obligation to close the transaction hereunder on the Closing Date and specific performance shall not be a legally available remedy to Purchaser as a result thereof, then Purchaser shall: (x) have the right to receive a return of the Deposit; and (y) be entitled to (and Seller shall reimburse Purchaser for) Purchaser's Costs (which reimbursement obligation shall survive the termination of this Agreement). The term "**Purchaser's Costs**" is defined for the purpose of this Agreement as the expenses, if any, actually incurred by Purchaser from and after the Effective Date for: (i) title examination, survey, and municipal searches, including the issuance of Purchaser's Title Commitment and any continuation thereof, without issuance of a title insurance policy; (ii) fees paid to Purchaser's engineer for preparing any environmental and engineering reports with respect to the Property; and (iii) the actual and reasonable third-party costs incurred by Purchaser in connection with the negotiation of this Agreement and Purchaser's due diligence with respect to the Property, including, without limitation, reasonable attorneys' fees; provided, however that in no event shall the Purchaser's Costs exceed FIVE HUNDRED THOUSAND and 00/100 Dollars ($500,000.00).

(c) Upon the release of the Deposit to Purchaser (if applicable) and reimbursement of Purchaser's Costs (if applicable), this Agreement shall be deemed null and void and no party hereto shall have any obligations to, or rights against, the other hereunder, except as expressly provided herein.

ARTICLE XII
INTENTIONALLY OMITTED

ARTICLE XIII
CONFIDENTIALITY AND PRESS RELEASE

Section 13.01 Confidentiality. Each party covenants and agrees not to communicate: (a) the terms or any aspect of this Agreement and the transactions contemplated hereby; and (b) the content of any and all information in respect of the Property which is supplied by either party (collectively, the "**Confidential Information**") to any person or entity, without the express written consent of such party; provided, however, that a party may, without consent, disclose the Confidential Information: (i) to its respective advisors, consultants, attorneys, accountants, partners, investors, and lenders (the "**Transaction Parties**") without the express written consent of the disclosing party, so long as any such Transaction Parties to whom disclosure is made shall also agree to keep all such information confidential in accordance with the terms hereof; (ii) to the City, the FPRA, or otherwise as required to perform the obligations required by the Municipal Agreement, and (iii) if disclosure is required by law or by regulatory or judicial process or pursuant to any regulations promulgated by the New York Stock Exchange or other

public exchange for the sale and purchase of securities, provided that in such event the disclosing party shall notify the other party in writing of such required disclosure, shall exercise all commercially reasonable efforts to preserve the confidentiality of the Confidential Information, including, without limitation, reasonably cooperating with the other party to obtain an appropriate order or other reliable assurance that confidential treatment shall be accorded such Confidential Information by such tribunal and shall disclose only that portion of the Confidential Information which it is legally required to disclose. The foregoing confidentiality obligations shall not apply to the extent that any such Confidential Information is a matter of public record or is provided in other sources readily available to the real estate industry other than as a result of disclosure by a party or its Transaction Parties. Each party shall indemnify, defend, and hold the other party harmless from, any and all claims, losses, damages, liabilities, and expenses (including, without limitation, reasonable attorneys' fees and disbursements) arising in connection with such party's obligations under this Section 13.01 and/or the disclosure of any Confidential Information by such party and/or by such party's Transaction Parties in violation of this Section 13.01.

Section 13.02 Return or Destruction of Confidential Information. As of the Closing Date or in the event of a termination of this Agreement, if applicable, such confidentiality shall be maintained by the parties and all Confidential Information in accordance with the written request of either party shall be either promptly: (a) returned to the disclosing party; or (b) destroyed by the nondisclosing party, with any such destruction confirmed in writing.

Section 13.03 No Press Release; Publicity. Prior to the Closing Date: (a) no press releases or public statements shall be issued or made by either Seller or Purchaser with respect to the transactions contemplated by this Agreement; and (b) Purchaser and Seller shall confer and agree on a press release to be issued jointly by Purchaser and Seller disclosing the transaction and the appropriate time for making such release. At no time, whether prior to or following the Closing Date, shall either Purchaser or Seller issue any press releases (or other public statements) with respect to the transactions contemplated in this Agreement which disclose the Purchase Price or contain any mention of the other Party to this Agreement without the approval of such other Party, which approval may be withheld in such other Party's sole and absolute discretion.

Section 13.04 Survival. The provisions of this Article shall survive the Closing or earlier termination of this Agreement.

ARTICLE XIV
BROKERS

Section 14.01 Brokers. Purchaser and Seller each represent and warrant to each other that they dealt with no broker in connection with, nor has any broker had any part in bringing about this transaction.

Section 14.02 Survival. The provisions of this Article XIV shall survive the Closing or the termination of this Agreement prior to the Closing.

ARTICLE XV
MISCELLANEOUS

Section 15.01 Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of Florida

Section 15.02 Merger; No Representations. This Agreement constitutes the sole and entire agreement of the parties to this Agreement with respect to the subject matter contained herein and supersedes all prior and contemporaneous understandings and agreements, both written and oral, with respect to such subject matter. This Agreement is entered into after full investigation, no party is relying upon any statement or representation, not set forth in this Agreement, made by any other party.

Section 15.03 No Survival. Except as otherwise provided in this Agreement, no representations, warranties, covenants, or other obligations of Seller set forth in this Agreement shall survive the Closing and no action based thereon shall be commenced after the Closing.

Section 15.04 Business Days. Whenever any action must be taken (including the giving of notices) under this Agreement during a certain time period (or by a particular date) that ends or occurs on a nonbusiness day, then such period (or date) shall be extended until the next succeeding Business Day. As used herein, the term **"Business Day"** shall mean any day other than a Saturday, a Sunday, or a legal holiday on which national banks are not open for general business in the State of Florida.

Section 15.05 Modifications and Amendments. This Agreement cannot under any circumstance be modified or amended orally and no agreement shall be effective to waive, change, modify, terminate, or discharge this Agreement, in whole or in part, unless such agreement is in writing and is signed by both Seller and Purchaser.

Section 15.06 Successors and Assigns; Assignment. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs or successors and permitted assigns. Purchaser shall have the right to assign, transfer, or convey its rights and obligations under this Agreement or in the Property, without the prior written consent of Seller, to: (i) an affiliate or related entity of Purchaser under the majority ownership and control of the principals of Purchaser; (ii) Hotel Owner; or (iii) Primary Owner; provided, however, that any assignee shall assume all Purchaser's obligations hereunder and succeed to all Purchaser's rights and remedies hereunder, written notice to Seller of the assignment and assumption must be delivered to Seller prior to the Closing, and Purchaser shall be released from its obligations under this Agreement, specifically excluding any of Purchaser's indemnification obligations and its obligations as to the Municipal Agreement with the City under this Agreement, for which Purchaser shall remain obligated.

Section 15.07 Severability. If any term or provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect, invalidate, or render unenforceable any other term or provision of this

Agreement. Upon such determination that any term or other provision is invalid, illegal, or unenforceable, the parties hereto shall negotiate in good faith to modify this Agreement so as to affect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated by this Agreement be consummated as originally contemplated to the greatest extent possible.

Section 15.08 Further Assurances. Each of the parties hereto shall execute and deliver such additional documents, instruments, conveyances, and assurances and take such further actions as may be required to carry out the provisions of this Agreement and give effect to the transactions contemplated hereby, provided such documents are customarily delivered in real estate transactions in the State of Florida and do not impose any material obligations upon any party hereunder except as set forth in this Agreement.

Section 15.09 Counterparts. This Agreement may be executed by the parties in separate counterparts, each of which when so executed and delivered shall be an original for all purposes, but all such counterparts shall together constitute but one and the same instrument.

Section 15.10 Headings. The captions or paragraph titles contained in this Agreement are for convenience and reference only and shall not be deemed a part of the text of this Agreement.

Section 15.11 No Waivers. No waiver by any party of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party providing the waiver. No waiver by either party of any failure or refusal to comply with any obligations under this Agreement shall be deemed a waiver of any other or subsequent failure or refusal to so comply.

Section 15.12 No Offer. This Agreement shall not be deemed an offer or binding upon Seller or Purchaser until this Agreement is fully executed and delivered by Seller and Purchaser.

Section 15.13 Waiver of Jury Trial. SELLER AND PURCHASER HEREBY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM (WHETHER ARISING IN TORT OR CONTRACT) BROUGHT BY SUCH PARTY AGAINST THE OTHER ON ANY MATTER ARISING OUT OF OR IN ANY WAY CONNECTED WITH THIS AGREEMENT.

Section 15.14 Time of the Essence. The parties hereto acknowledge and agree that, except as otherwise expressly provided in this Agreement, TIME IS OF THE ESSENCE for the performance of all actions (including, without limitation, the giving of Notices, the delivery of documents, and the funding of money) required or permitted to be taken under this Agreement. Whenever action must be taken (including, without limitation, the giving of Notice, the delivery of documents, or the funding of money) under this Agreement, prior to the expiration of, by no later than, or on a particular date, unless otherwise expressly provided in this Agreement, such action must be completed by 11:59 p.m. Eastern on such date, provided that such action must be completed by 4:00 p.m.

Eastern with respect to the payment of the balance of the Purchase Price and other payments by Purchaser on the Closing Date. However, notwithstanding anything to the contrary herein, whenever action must be taken (including, without limitation, the giving of Notice, the delivery of documents, or the funding of money) under this Agreement prior to the expiration of, by no later than, or on a particular date that is not a Business Day, then such date shall be extended until the immediately following Business Day.

Section 15.15 Force Majeure Event. Is hereby defined as any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, acts of war, terrorism, terrorist activities, inability to obtain services, labor, or materials or reasonable substitutes therefore, governmental actions, civil commotions, fire, flood, tornado, hurricane earthquake or other casualty, pandemic, and other causes beyond the reasonable control of the party obligated to perform under this Agreement (collectively, a "**Force Majeure Event**"). Except as otherwise set forth herein, a Force Majeure Event shall excuse the performance of such party for a period equal to any such prevention, delay or stoppage and, therefore, if this Agreement specifies a time period for performance of an obligation of either party, that time period shall be extended by the period of any delay in such party's performance caused by a Force Majeure Event. In the event a Force Majeure Event prevents performance by a party, such party shall give written notice to the other party within five (5) days after the commencement of the Force Majeure Event, which notice shall identify the nature and expected duration of the Force Majeure Event.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed as of the date first written above.

PURCHASER:

LIVE OAK HOLDINGS GROUP, LLC, a Florida limited liability company

By: _____
Name: Paul Scotese
Title: President

SELLER:

AUDUBON DEVELOPMENT, INC., a Florida corporation

By: Dale Matteson _____
Name: Dale Matteson
Title: President and CEO

Exhibit A

Legal Description

PARCEL A:

Being a parcel of land lying in Block "A", according to AARON LEE'S MAP OF FORT PIERCE, as recorded in Plat Book 1, Page 189 of the Public Records of St. Lucie County, Florida, being more particularly described as follows:

Commencing at the Southwest corner of Lot 8, Block F, of said AARON LEE'S MAP OF FORT PIERCE, proceed North 18°44'11" West along the West line of Block F and the East Right-of-Way line of North 2nd Street (formerly known as Pine Street, as shown on said AARON LEE'S MAP OF FORT PIERCE and being a 50.00-foot-wide Public Right-of-Way), a distance of 254.00 feet to the Southwest corner of Lot 2 of said Map of Fort Pierce, said corner being the POINT OF BEGINNING; thence North 18°44'11" West, along the West line of Lots 2 and 1 and East Right-of-Way line of said 2nd Street a distance of 69.41 feet to a point of intersection with the East Right-of-Way line of the adjusted North 2nd Street; thence North 32°17'09" West, along said East Right-of-Way line, a distance of 371.24 feet to a point on the 3.50-foot-wide concrete bulkhead bounding Moore's Creek; thence along said bulkhead the following (5) courses and distances: North 56°42'22" East, a distance of 44.68 feet; thence North 65° 10'23" East, a distance of 179.28 feet; thence North 74 04'13" East, a distance of 71.16 feet; thence North 63 51'02" East, a distance of 224.31 feet; thence North 61 33'56 East, a distance of 29.63 feet to a point on the Westerly Right-of-Way line of Indian River Drive (s variable width Right-of-Way), as shown on the State of Florida State Road Department Right-of-Way Map Section 94500, last revised October 5, 1960; thence South 18 43'54" East, along said Westerly Right-of-Way line, a distance of 491.42 feet to a point on the Easterly prolongation of the Southerly line of said Lot 2, and Lot 3, said Block F; thence South 71 18'49" West, along said Easterly prolongation, and the South line of Lot 3, and 2, a distance of 457.21 feet to the POINT OF BEGINNING.

TOGETHER WITH PARCEL B (NORTH):

Being a parcel of land lying in Block "A" and a portion of Lot 1, Block "B", according to AARON LEE'S MAP OF FORT PIERCE, as recorded in Plat Book 1, Page 189, of the Public Records of St. Lucie County, Florida, being more particularly described as follows:

Commencing at the Southwest corner of Lot 8, Block F, of said AARON LEE'S MAP OF FORT PIERCE, proceed North 18°44'11" West along the West line of Block F and the East Right-of-Way line of North 2nd Street (formerly known as Pine Street, as shown on said and being a 60.00-foot-wide Public Right-of-Way), a distance of 323.41 feet to a point of intersection with the East Right-of-Way line of the adjusted North 2nd Street; thence North 32°17'09" West, along said East Right-of-Way line, a distance of 371.24 feet to a point on the 3.50-foot-wide concrete bulkhead bounding Moore's Creek; thence continue North 32°17'09" West, a distance of 44.51 feet to a point on the Northerly 3.50-foot-wide concrete bulkhead, said point being the POINT OF BEGINNING; thence North 32°17'09" West, departing said Creek, and along said East Right-of-Way line , a distance of 53.76 feet to a point on the West line of Lot 1, Block "B"; thence North 18°44'11" West, a distance of 67.04 feet to the Northwest corner of said Lot 1, and a point on the South Right-of-Way line of Avenue C (formerly known as Seminole Avenue as shown on said AARON LEE'S MAP OF FORT PIERCE); thence North 71°02'48" East, departing said Northwest corner and along said South Right-of-Way line, a distance of 304.27 feet to the West line of the East 92.7 feet of Lot 1 of Block "A" of said AARON LEE'S MAP OF FORT PIERCE; thence South 18°43'54" East, a distance of 103.40 feet to a point on the Northerly 3.50-foot-wide concrete bulkhead bounding Moore's Creek; thence along said concrete bulkhead the following (4) courses and distances: South 74°39'15" West, a distance of 51.85 feet; thence South 65°37'46" West, a distance of 181.91 feet; thence South 70°48'08" West, a distance of 53.29 feet; thence South 53°00'56" West, a distance of 5.89 feet to the POINT OF BEGINNING.

TOGETHER WITH PARCEL C (WEST):

A parcel of land being Lots 5 and 6 of Block "E", portions of Lots 7 and 8 of Block "E", a portion of Avenue "B: as shown on AARON LEE'S MAP OF FORT PIERCE, as recorded in Plat Book 1, Page 189, together with Lot 1 and the West 3.50 feet of Lot 2 of the New Subdivision Block E of AARON LEE'S MAP OF FORT PIERCE, as recorded in Plat Book 1, Page 192 of the Public Records of St.

Lucie County, Florida, being more particularly described as follows:

Commencing at the Southwest corner of Lot 8, Block F, of said AARON LEE'S MAP OF FORT PIERCE, proceed South 71°18'49" West, along the Easterly prolongation of the South line of Block "E" and along said South line, a distance of 310.00 feet to the POINT OF BEGINNING: thence continue along said South Block line South 71°25'01" West, a distance of 8.93 feet to a point on the East Right-of-Way line of the Florida East Coast Railroad as shown on the Station Map, Southern Division, Florida East Coast Railway Company Flagler System Station 12741+93.7 to Station 12796+90.0, dated September 5, 1944; thence North 18°21'33" West, along said Easterly Right-of-Way line, a distance of 400.00 feet (to) a point on the North line of Lot 7, said Block "E", said North line also being the South Right-of-Way line of Avenue "B", being formerly known as Tropical Avenue as shown on aforementioned AARON LEE'S MAP OF FORT PIERCE (a 65.00-foot-wide Right-of-Way); thence South 71°18'49" West, a distance of 42.46 feet; thence North 18°49'01" West, a distance of 65.00 feet; thence North 71°18'49"East, a distance of 40.00 feet; thence North 18°49'01" West, a distance of 72.51 feet to a point on the South Top of Bank of Moore's Creek; thence along said South Top of Bank the following (4) courses and distances; North 49°57'34" East, a distance of 64.50 feet; thence North 33°59'38" East , a distance of 70.44 feet; thence North 31°08'29" East, a distance of 82.06 feet; thence North 0°15'54" East, a distance of 14.97 feet to a point on the Westerly Right-of-Way line of the adjusted 2nd Street (a 60.00 -foot-wide Public Right-of-Way); thence South 32°17'09" East, along said Westerly Right-of-Way line, a distance of 320.88 feet to a point on the Westerly Right-of-Way line of 2nd Street as shown on aforementioned AARON LEE'S MAP OF FORT PIERCE; thence South 18°44'11" East, along said Westerly Right-of-Way line, a distance of 8.92 feet to a point on the Southerly line of Lot 1, said Block "E"; thence South 71°18'49" West, along said Southerly line, a distance of 146.50 feet to a point of intersection with a line lying and being 3.50 feet East of and parallel with the West line of Lot 2, said Block "E"; thence South 18°44'11" East, a distance of 50.00 feet to the South line of said Lot 2, said line also being the North line of Lot 3, said Block "E"; thence South 71°18'49" West, along said North Lot line, a distance of 3.50 feet to the West line of said Lot 3; thence South 18°44'11" East, along the West line of Lots 3 and 4 and the Southerly prolongation thereof, a distance of 115.00 feet to a point on a line lying and being 15.00 feet South of and parallel with the Northerly Right-of-Way line of Church Street, formerly know as Palm Terrace on the aforementioned AARON LEE'S MAP OF FORT PIERCE (a 50.00-foot-wide Right-of-Way); thence South 71°18'49" West, along said parallel line, a distance of 100.00 feet to a point of intersection with the Northerly prolongation of the West line of Lot 9, said Block "E"; thence South 18°44'11" East, along said prolongated line and West line of Lot 9 a distance of 185.00 feet to the POINT OF BEGINNING.

LESS AND EXCEPT:

Lots 1 through 10, King's Lane (Private Access Tract), and Drainage Tract, Villas at Kings Landing, according to the plat thereof as recorded in Plat Book 119, Pages 11 and 12, Public Records of St. Lucie County, Florida.

Exhibit B

DUE DILIGENCE MATERIALS CHECKLIST

Seller shall provide responses and/or copies for all items listed herein below regarding the Property. Please note that in the event Seller does not have any information and/or documentation pertaining to any of the items listed below, please indicate same by stating "**None**" next to such items.

Real Property Considerations:

- Legal description of the Property owned by Seller – **See Exhibit A to this Agreement.**
- Existing title policies – **Owner's Title Policy delivered to the Buyer by email on February 19, 2025.**
- Existing surveys – **Survey (as defined in the Agreement) delivered to the Buyer by email on February 19, 2025.**
- Zoning approvals, variances or use permits – **None.**
- All notes, mortgages, deeds of trusts and other interests (other than the reservations discussed below) granted to third parties in respect to the Property – **None.**
- All unrecorded easements and rights of way owned or granted by Seller for the Property – **None.**
- Confirmation of public access to Property – **None.**
- All encroachments from or onto Seller's property, access restrictions, and violations of buildings set-back requirements – **See the Survey.**
- Description of all recent completed construction and construction in progress – **None.**
- Utilities access and metering (electric, cable, gas, water, sewer) – **None.**
- List of personal property included in the sale – **None.**

Contracts Agreements:

- New construction, improvements, repair and maintenance contracts – **None.**
- Service and maintenance agreements – **None.**
- Patent and copyright licensing agreements and the like – **None.**
- All agreements and instruments securing indebtedness, e.g., mortgages, installment sales contracts, notes, deeds of trust, security agreements, pledge agreements and guarantee agreements – **None.**
- Open purchase orders or other documents constituting agreements to purchase goods or services – **None.**
- Copies of all contracts currently in place – **None.**
- Master list of all existing reservations for the Property. – **Schedule of current reservations delivered to the Buyer by email on February 21, 2025.**

Environmental Considerations:

- All documents relating to the inspection of the Property for asbestos, PCB's and other environmental, health or other hazards and the abatement of any such hazards; including all documents related to any inspection of the water supplies to the Property or condition of drinking water to the Property – **All existing environmental documentation in the Seller's possession delivered to the Buyer by email on February 19. 2025.**

- All documents relating to the Seller's compliance with, or potential, alleged or actual violation of, any state, federal, local or regional statute, code, regulation, ordinance, resolution, order, judgment or ruling or any common law doctrine pertaining to the disposal, release, movement, storage or handling of any hazardous substance and any petroleum product or any material regulated or controlled under any federal, state or local enactments addressing preservation of the environment – **All existing environmental documentation in the Seller's possession delivered to the Buyer by email on February 19. 2025.**
- All Phase I and Phase II environmental reports – **All existing environmental documentation in the Seller's possession delivered to the Buyer by email on February 19. 2025.**
- Infectious or hazardous waste disposal agreements – **None.**

Insurance Information:

- List and descriptions of pending or threatened insurance claims – **None.**
- List of all current outstanding claims, insurance coverage available and reserves established regarding same – **None.**

Litigation and Liabilities:

- Schedule of all existing and reasonably imminent or threatened judicial and arbitration proceedings (including, without limitation, tort, breach of contract, EEOC, workers' compensation, unemployment compensation claims, wage and hour complaints), identifying opposing parties, nature of claim, counsel for both sides, insurance coverage status and likely exposure. As to existing litigation, provide identification of counsel for each party, assessment of status, claim and defense prepared by Seller's counsel – **None.**
- Schedule of all known contingent liabilities – **None.**
- Schedule of all administrative proceedings (whether federal, state or local), pending or threatened – **None.**
- Schedule of all governmental investigations or inquiries, pending or threatened – **None.**
- Schedule of all labor disputes – **None.**
- Description of all agreements with collection agencies and similar organizations regarding current litigation, assignment and collection guidelines on accounts receivable – **None.**
- Description of any injunctions, court orders or consent decrees to which Seller is a party – **None.**

Regulatory:

- All business licenses or permits (including without limitation, operationally required licenses, limited sales tax permits, certificates of occupancy, pollution control permits, boiler permits, elevator permits, parking structure permits, etc.) – **None.**
- Building Code compliance – **None.**
- All correspondence and filings with federal, state, local and any other regulatory bodies or agencies – **All such correspondence in the Seller's possession was delivered to the Buyer by email on February 19, 2025.**
- Description of all multi-party contracts and agreements regarding pricing or delivery of services – **None.**

- Copies of all manuals, policies and similar information relating to compliance with regulatory requirements – **None.**

Miscellaneous:

- List of patents, trademarks, trade names, service marks, trade secrets, or copyright materials – **None.**
- Description of any construction projects – **None.**
- Evidence of planning and zoning approvals including licensing approvals received to date for any construction project – **None.**
- Architect, general contractor or other contracts relating to any construction project – **None.**

KINGS LANDING (FKA H.D. KING POWER PLANT)
301 N. INDIAN RIVER DRIVE
FORT PIERCE, ST. LUCIE COUNTY, FLORIDA
WASTE CLEANUP ID NO. ERIC_6906, COM_8363

Dear Ms. Havranek:

Andersen Andre Consulting Engineers, Inc. (AACE) is pleased to submit this report which documents the abandonment of nine (9) groundwater monitoring wells at the above referenced project site. The scope of service was designed to fulfill the requirements that all groundwater monitoring wells must be properly abandoned as outlined in the Florida Department of Environmental Protection's (FDEP) "Site Rehabilitation Completion Order" letter dated August 4, 2023. A copy of this correspondence is attached hereto.

On August 15, 2023, an AACE representative was on-site to oversee the abandonment of the groundwater monitoring wells. The 2-inch diameter wells were originally installed to the depths indicated on the table below. The locations of the monitoring wells are shown on the attached Well Location Plan. The well abandonments were performed by Down the Hole Testing & Drilling, Inc. of Port St. Lucie, Florida, a licensed well contractor (License No. 11352). Each of the wells was filled with neat cement utilizing a tremie pipe in accordance with Florida Administrative Code 62-532.500(5), cut flush with the ground surface and covered with the surrounding soil. Copies of the well abandonment reports are attached hereto.

Well No.	Relative Top of Casing Elevation	Total Well Depth (Referenced from Ground Surface)
MW-1	11.97'	12'
MW-2	12.92'	12'
MW-3	12.84'	12'
MW-4	1289'	12'
MW-5	13.15'	12'
MW-6	12.30'	12'
MW-7	12.43'	12'
MW-8	12.00'	12'
MW-9	12.27'	12'

It has been a pleasure assisting you with this project. Should you have any questions regarding this report, or if we may be of any further assistance, please contact us.

Best regards,
ANDERSEN ANDRE CONSULTING ENGINEERS, INC.

Subject: **Site Rehabilitation Completion Order (SRCO)**
KINGS LANDING (FKA H.D. KING POWER PLANT)
301 N. Indian River Drive
Fort Pierce, St. Lucie County, Florida
Site ID: ERIC_6906 (formerly COM_82363); BF561101001

Dear Mr. Dobbins:

The Florida Department of Environmental Protection (Department), Southeast District, has reviewed the Natural Attenuation Monitoring Plan (NAMP) Year No. 1, Event No. 2 (Y1E2) dated July 20, 2023 (received July 21, 2023), prepared and submitted by Andersen Andre Consulting Engineers, Inc. (AACE) for the property referenced above. Maps showing the location of the Site and the former location of the "contaminated site" (i.e., contaminant plume) for which this Order is being issued are attached as Exhibit 1 and 2 and are incorporated by reference herein.

The contamination, which was reported via Phase I Environmental Site Assessment dated December 7, 2007, consisted of semi-volatile organic compounds, polychlorinated biphenyls, total recoverable petroleum hydrocarbons, aluminum, arsenic, barium, cadmium, chromium, cobalt, copper, iron, lead, manganese, mercury, nickel, thallium, silver, vanadium, and zinc. The subject site subsequently entered into a Brownfields Site Rehabilitation Agreement (BSRA) on November 29, 2012. The NFA Proposal is supported by earlier submittals, prepared pursuant to the requirements of Chapter 62-780, Florida Administrative Code (F.A.C.), which can be found in the department's document repository at: http://depedms.dep.state.fl.us/Oculus/servlet/login.

Based on the documentation submitted with the July 2023 NAM activities and other submitted documents, the Department has reasonable assurance that you have met the criteria in Chapter 62- 780, F.A.C. The submittals indicate that soil and groundwater contaminant concentrations are below the applicable Soil Cleanup Target Levels and Maximum Concentration Limits or Groundwater Cleanup Target Levels as adopted in

Chapter 62-777, F.A.C. (Effective date April 17, 2005.) Therefore, you have satisfied the site rehabilitation requirements for the above referenced contaminated site and are released from any further obligation to conduct site rehabilitation at the contaminated site, except as set forth below. See attached Exhibit 3, incorporated by reference herein, which includes information regarding the contaminants, affected media, and applicable cleanup target levels for the contaminated site that is the subject of this Order.

Failure to meet the following requirement will result in the revocation of this Order:

(a) You are required to properly plug and abandon all monitoring wells, injection wells, extraction wells, and sparge wells, unless these wells are otherwise required for compliance with a local ordinance or another cleanup, within 60 days of receipt of this Order. The wells must be plugged and abandoned in accordance with the requirements of Rule 62-532.500(5), F.A.C. A Well Plugging Report shall be submitted within 30 days of well plugging.

Further, in accordance with Section 376.30701(4), Florida Statutes (F.S.), upon completion of site rehabilitation, additional site rehabilitation is not required unless it is demonstrated that:

(a) Fraud was committed in demonstrating site conditions or completion of site rehabilitation;

(b) New information confirms the existence of an area of previously unknown contamination which exceeds the site-specific rehabilitation levels established in accordance with Section 376.30701(2), F.S., or which otherwise poses the threat of real and substantial harm to public health, safety, or the environment;

(b) A new discharge of pollutants or hazardous substances occurs at the site subsequent to the issuance of this Order.

NOTICE OF RIGHTS

This action is final and effective on the date filed with the Clerk of the Department unless a petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., before the deadline for filing a petition. On the filing of a timely and sufficient petition, this action will not be final and effective until a subsequent order of the Department. Because the administrative hearing process is designed to formulate final agency action, the subsequent order may modify or take a different position than this action.

Petition for Administrative Hearing

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. Pursuant to Rules 28-106.201 and 28-106.301, F.A.C., a petition for an administrative hearing must contain the following information:

(a) The name and address of each agency affected and each agency's file or identification number, if known;
(b) The name, address, any e-mail address, any facsimile number, and telephone number of the petitioner, if the petitioner is not represented by an attorney or a qualified representative; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
(c) A statement of when and how the petitioner received notice of the agency decision;
(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
(e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action;
(f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
(g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

The petition must be filed (received by the Clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, or via electronic correspondence at Agency_Clerk@FloridaDEP.gov. Also, a copy of the petition shall be mailed to the addressee of this order at the address indicated above at the time of filing.

Time Period for Filing a Petition

In accordance with Rule 62-110.106(3), F.A.C., petitions for an administrative hearing by the addressee of this order must be filed within **21** days of receipt of this written notice. Petitions filed by any persons other than the addressee of this order must be filed within **21** days of publication of the notice or within **21** days of receipt of the written notice, whichever occurs first.

The failure to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C. If you do not publish notice of this action, this waiver may not apply to persons who have not received a clear point of entry.

Extension of Time

Under Rule 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an

administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, or via electronic correspondence at Agency_Clerk@FloridaDEP.gov, before the deadline for filing a petition for an administrative hearing. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

Mediation

Mediation is not available in this proceeding.

Judicial Review

Once this decision becomes final, any party to this action has the right to seek judicial review pursuant to Section 120.68, F.S., by filing a Notice of Appeal pursuant to Florida Rules of Appellate Procedure 9.110 and 9.190 with the Clerk of the Department in the Office of General Counsel (Station #35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000) and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice must be filed within 30 days from the date this action is filed with the Clerk of the Department.

Questions

Any questions regarding the Department's review of the Natural Attenuation Monitoring Plan (NAMP) Year No. 1, Event No. 2 (Y1E2) and No Further Action (NFA) Proposal, dated July 20, 2023, should be directed to Nikol Havranek at (561) 681-6656 or by email at Nikol.Havranek@FloridaDEP.gov. Questions regarding legal issues should be referred to the Department's Office of General Counsel at (850)245-2242. Contact with any of the above does not constitute a petition for administrative hearing or request for an extension of time to file a petition for administrative hearing.

Exhibit D

Indian River State College Material Lease Terms

Landlord:	Live Oak Holdings Group, LLC, or assignee
Tenant:	Indian River State College
Leased Premises:	1,200 square foot restaurant space located within Landlord's development Property, the location of which shall be in the sole discretion of Landlord.
Term:	Sixty (60) months from the date Tenant obtains a certificate of occupancy for the Leased Premises. Tenant shall have no option to extend the term of the lease unless agreed upon in writing by Landlord, in Landlord's sole discretion.
Base Rent:	$42,000 annually throughout the term of the lease ($35/sq. ft.); provided, however, No base rent shall be payable from Tenant to Landlord during the Term of the lease, as Landlord is donating the use of Leased Premises to Tenant free of any such Base Rent, except in the event of a default, under the lease to be executed between the parties.
Common Area Maintenance:	Through the Term of the lease, Tenant shall be obligated to pay Landlord its proportionate share of the Common Area Maintenance expenses applicable to the Leased Premises, which CAM shall include any and all taxes, insurance and other expenses related to the overall management and operation of the development within which the Leased Premises is located.
Utilities:	Tenant shall be solely responsible for the payment of all utilities servicing the Leased Premises (including hook-up fees) throughout the term of the lease.
Permitted Use:	The Leased Premises shall only be used as a restaurant open to the general public. Landlord shall have the right to approve, in its reasonable discretion, any restaurant concept proposed by Tenant.
Landlord's Work	Landlord shall deliver the Leased Premises to Tenant as an unfinished "shell" whereupon Tenant shall complete the design, construction and installation of any necessary furniture, fixtures, and equipment.
Tenant's Work	Tenant shall be solely responsible for the buildout of the the Leased Premises, including but not limited to the design, construction, and the installation of any necessary, plumbing, HVAC equipment and duct work, electrical, internet and communication wiring, furniture, fixtures, and other restaurant equipment.
Tenant Improvement Allowance:	Tenant shall receive a payment from Landlord equal to $35.00 per square foot of the Leased Premises for a total amount of for a total amount of $42,000 as a Tenant improvement allowance, and Tenant shall be responsible for the cost of all Tenant's Work in accordance with making said improvements.
Subleasing:	Tenant shall be prohibited from subleasing any portion of the Leased Premises with first obtaining the written consent of Landlord, which consent Landlord may withhold in its sole discretion.

Re: Sunrise Village Apartments (Major Site Plan and Innovative Community Development) - 3000 Okeechobee Rd.

Submitted For: Kev Freeman, Planning Director, Planning Department

---

SUBJECT:

Quasi-Judicial Hearing - an application for Major Site Plan with innovative designs has been submitted by property owner, Arrow Investment Group, LLC and Representative WGI, Inc., to construct a 106 apartments on 6.87 acres, located at 3000 Okeechobee Rd., Fort Pierce, FL. The properties are zoned Medium Density Residential (R-4). Parcel ID is 2417-504-0020-0001-6.

SUMMARY:

A major site with innovative design application has been submitted by applicant WGI, Inc., on behalf of property owner, Arrow Investment Group, LLC to a develop multi-family living space on 6.87 acres of land.

RECOMMENDATION:

Staff's recommendation is for **Approval** of the major site plan and innovative community design with the following seven (7) conditions:

1. Prior to issuance of final certificate of occupancy, a Landscape Maintenance Agreement shall be approved and shall acknowledge the following:
    a.All approved landscaping shall be installed, irrigated, and maintained in perpetuity in accordance with section 123-7 of the City Code of Ordinances, in order that it continues to present a healthy, neat, and orderly appearance free of refuse and debris, in conformity with the following requirements:
        i.Vegetation required by this article shall be replaced with equivalent or better vegetation if it is not living. All trees for which credit is awarded, and which subsequently die shall be replaced by the same or greater number of living trees according to the standards established in this article
        ii.Maintenance shall include sufficient weeding, watering, fertilizing, pruning, mowing, edging, mulching and other horticultural practices to ensure that the landscaping continues to maintain a healthy, neat, and orderly appearance
2. A 5-foot sidewalk along S. 31st Street to provide site connectivity to the existing Okeechobee Road sidewalk
3. A 12.5 ft. right-of-way donation on S. 31st Street
4. Prior to the CO, a maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same
5. Sign permits shall be filed separately during the permit process
6. An updated Environmental Assessment shall be required prior to land clearing and development

7. Prior to the issuance of any site clearing permits, the applicant shall provide a Tree Mitigation Survey and coordinate with the City of Fort Pierce Arborist for the required mitigation of the City's regulated trees proposed to be removed as a result of its site development/construction activity

ALTERNATIVES:

1. Recommend approval with additional/modified conditions
2. Recommend approval

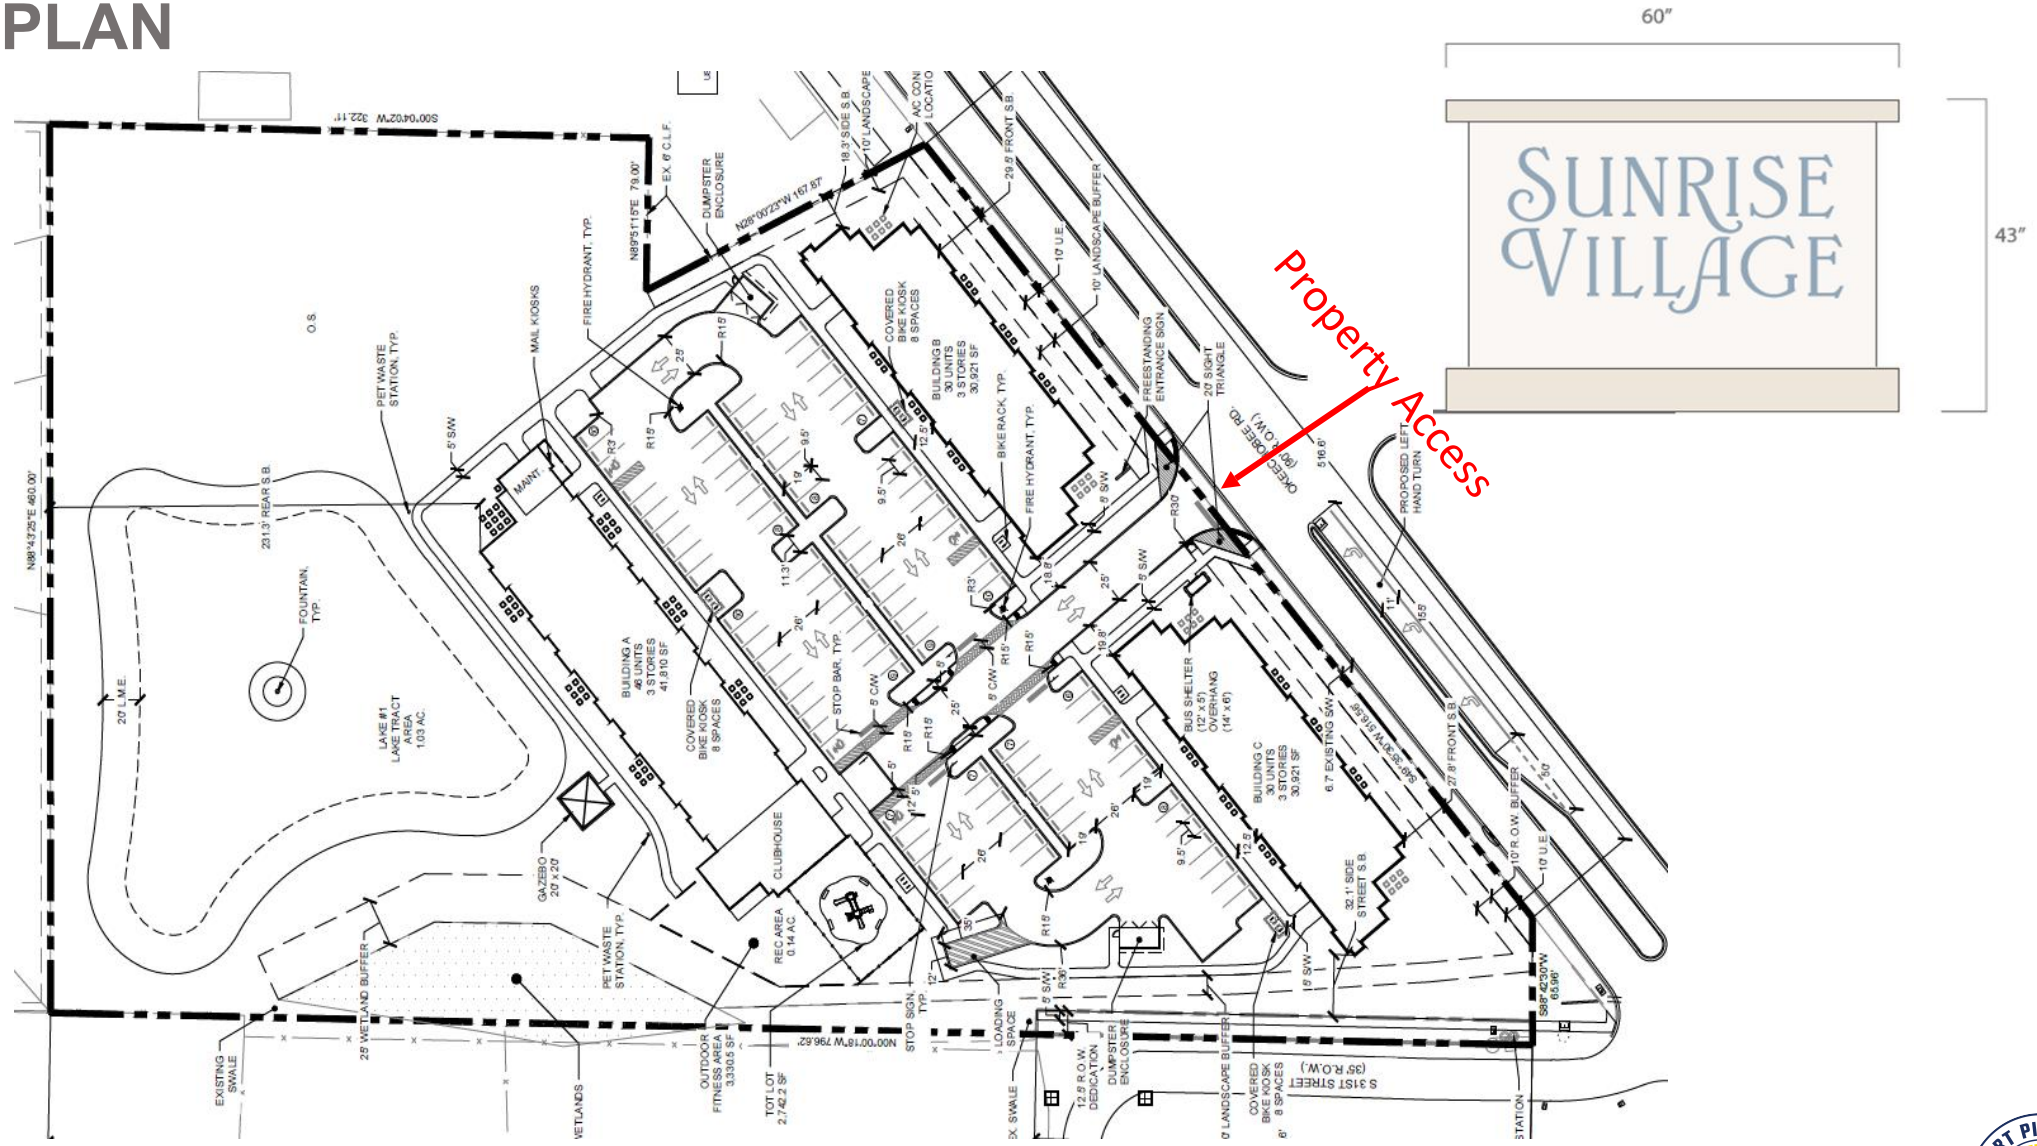
Article V: Sec. 125-243

Innovative Community Development

Purpose. Innovative community developments are primarily creative and imaginative housing, mixed-use and community-oriented development. **Innovation is achieved** by use of material, solar juxtaposition, clustering, positive environmental impacts, energy efficiency, **economic sustainability and by employing methods to achieve distinctiveness and excellence in siting, design, pedestrian accessibility, and landscaping.**



Potential uses. The following uses are allowed in an innovative community development if, through conditional use review process, the city commission considers them appropriate for the particular development being proposed:

(2) Duplexes, quadplexes, triplexes, and **multifamily housing** developments, when permitted in the zone.

1.1.7 Policy:

The City will allow a density bonus of 5 dwelling units per acre above the maximum permitted density for developments located within ¼ mile of a rail station, multimodal transit center, or transit stop.

RECOMMENDATIONS

Staff has confirmed that the enhanced architectural design features and community amenities align with the city's expectations, as referred to the Sec. 125-143, Innovative Community Design.

Staff's recommendation is **APPROVAL** of the site plan with the following seven (7) conditions:

1. Prior to issuance of final certificate of occupancy, a Landscape Maintenance Agreement shall be approved and shall acknowledge the following:
    a. All approved landscaping shall be installed, irrigated, and maintained in perpetuity in accordance with section 123-7 of the City Code of Ordinances, in order that it continues to present a healthy, neat, and orderly appearance free of refuse and debris, in conformity with the following requirements:
        i. Vegetation required by this article shall be replaced with equivalent or better vegetation if it is not living. All trees for which credit is awarded, and which subsequently die shall be replaced by the same or greater number of living trees according to the standards established in this article
        ii. Maintenance shall include sufficient weeding, watering, fertilizing, pruning, mowing, edging, mulching and other horticultural practices to ensure that the landscaping continues to maintain a healthy, neat, and orderly appearance
2. A 5-foot sidewalk along S. 31st Street to provide site connectivity to the existing Okeechobee Road sidewalk
3. A 12.5 ft. right-of-way donation on S. 31st Street

RECOMMENDATIONS cont'd

4. Prior to the CO, a maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same
5. Sign permits shall be filed separately during the permit process
6. An updated Environmental Assessment shall be required prior to land clearing and development
7. Prior to the issuance of any site clearing permits, the applicant shall provide a Tree Mitigation Survey and coordinate with the City of Fort Pierce Arborist for the required mitigation of the City's regulated trees proposed to be removed as a result of its site development/construction activity

ALTERNATIVE RECOMMENDATION

1. Recommend Approval with additional/modified conditions.

2. Recommend Disapproval.

STraCAT (Sound Transmission Classification Assessment Tool)

Overview

The Sound Transmission Classification Assessment Tool (STraCAT) is an electronic version of Figures 17 and 19 in The HUD Noise Guidebook. The purpose of this tool is to document sound attenuation performance of wall systems. Based on wall, window, and door Sound Transmission Classification (STC) values, the STraCAT generates a composite STC value for the wall assembly as a whole. Users can enter the calculated noise level related to a specific Noise Assessment Location in front of a building façade and STraCAT will generate a target required attenuation value for the wall assembly in STC. Based on wall materials, the tool will state whether the composite wall assembly STC meets the required attenuation value.

How to Use This Tool

Location, Noise Level and Wall Configuration to Be Analyzed

STraCAT is designed to calculate the attenuation provided by the wall assembly for one wall of one unit. If unit exterior square footage and window/door configuration is identical around the structure, a single STraCAT may be sufficient. If units vary, at least one STraCAT should be completed for each different exterior unit wall configuration to document that all will achieve the required attenuation. Additionally, if attenuation is not based on a single worst-case NAL, but there are multiple NALs which require different levels of attenuation around the structure, a STraCAT should be completed for each differing exterior wall configuration associated with each NAL.

Exterior wall configurations associated with an NAL include those with parallel (facing) or near-parallel exposure as well as those with perpendicular exposure. When a façade has parallel or perpendicular exposure to two or more NALs, you should base the required attenuation on the NAL with the highest calculated noise level. For corner units where the unit interior receives exterior noise through two facades, the STraCAT calculation should incorporate the area of wall, window and door materials pertaining to the corner unit's total exterior wall area (i.e., from both walls)

Site Location: 3000 Okeechobee Road

Site Area: 6.87 acres

Staff Analysis:

Request

In accordance with Article V Sections 125-235 of the City Code, the applicant is requesting the review and approval of Conditional Use (Innovative Community Development) with New Construction to develop 106

apartment units.

Future Land Use & Zoning

The Medium Density Residential (RM) designation is intended for parcels that are best suited for multifamily residential uses ranging in density from six and one-half to 12 dwelling units per acre. This category allows small-lot single family units and multifamily dwellings including duplexes, condominiums and townhomes. Limited commercial uses intended to serve the residential uses shall be allowed. Compatible public, quasi-public, and special uses including parks, churches, non-profit clubs, schools and daycare facilities shall also be allowed. This category combines the previously allowed Medium Density Residential (Rme) and Moderate Density Residential (Rmo) categories.

The subject site has a zoning district classification of the Medium Density Residential (R-4) district is designed to accommodate a variety of housing types, including conventional single-family dwellings, duplexes and, where desirable, townhome dwellings, mobile homes or multifamily housing with three or more dwelling units. Maximum gross densities should generally not exceed ten units per acre for conventional developments and 12 units per acre for innovative residential developments. This intensity of residential use is envisioned for locations which have public water and sewer service, and which have adequate access to arterial or collector streets. Certain non-residential uses are permitted under the parameters and safeguards set forth in this section.

Innovative Community Development

According to Article V, Sec. 125-243, the purpose of the Innovative community developments are primarily creative and imaginative housing, mixed-use and community-oriented development. Innovation is achieved by use of material, solar juxtaposition, clustering, positive environmental impacts, energy efficiency, economic sustainability and by employing methods to achieve distinctiveness and excellence in siting, design, pedestrian accessibility, and landscaping. Reductions in required on-site parking, adoption of reduced and zero setbacks, expedited planning review and reductions in various building siting requirements are used to encourage these developments.

Design Review

The architectural style incorporates a blend of modern and traditional elements, and an Anglo Caribbean architectural style with varied rooflines, open stairwells and breezeways, and quality façade treatments. This avoids repetition and enhances neighborhood character. High-performance, sustainable materials including masonry walls and low-VOC interior finishes are incorporated into the design. These enhance durability, lower long-term maintenance and attenuates environmental noise.

The light blue and white exterior buildings colors trimmed with bronze metal shingles provide depth and accentuates the architectural aesthetics. Units are located on one quadrant of the site, ensuring that all units are close to the street to accommodate pedestrian and bike accessibility. This allows for preservation of the site that has semi-natural state. Concrete building material will be utilized to reduce traffic and noise impact outside.

Lower roof overhangs will be added to rear-end of buildings B and C as well as over the mail kiosk located at building A. In addition, metal corbels will be added to exterior of buildings for decorative and overhang

support. Wall mounted light and lantern fixtures will be installed on each side of all stair entries and at the columns of the clubhouse.

Further enhancing the street-facing elevations, Bahama shutters (awnings) will be installed, particularly along Okeechobee Road. All buildings will feature hipped roofs with slopes and roofing is asphalt shingles. Facades include stucco surrounds and banding to articulate different sections and stucco trim window trim is provided.

Parking

Per city code Sec. 125-243, Innovative Community Development code allows for a reduction in on-site parking. Acting on this code, the proposed development has a requirement of 159 parking stalls. The applicant will provide 106 parking stalls. The reduced parking is justified because the property is located within ¼ mile of ART route 3 and there will be 24 bike covered kiosks (1 station with 8 stalls per building) and 1 bike rack.

The reduced parking spaces on site will result in less impervious areas and a reduction to the urban heat island effect.

Landscaping

Enhanced landscape that includes drought-tolerant, native species, and shade trees is provided throughout the site and exceeds code requirements in several areas. Landscape buffers will soften the building edges and define outdoor gathering areas, contributing to a strong sense of place. Approximately 226 trees will be relocated and preserved throughout the property. According to the landscape details, the maximum height of a tree that will be located on site is 36 feet in height. 34 trees with continuous hedging will be planted within the buffer located on south right-of-way. In addition to the landscape buffer that will provide privacy for buildings B and C, there will be a 4ft. height black aluminum decorative fence. Installing the fence will increase privacy and prevent pedestrian trespassing along Okeechobee Road.

Traffic Impact Statement

Truckin Traffic, LLC conducted the traffic study to determine the developments impact. According to the submitted impact statement, Okeechobee Road is operating below 110 percent of the maximum volume. Sunrise Village affordable jousting project meets the de minimis impact thresholds. Simply put, the traffic study conducted indicates that the traffic impact would not affect more than 1 percent of the maximum volume at the adopted level of service of the transportation facility as determined by the local government.

Lighting

The applicant provided a luminaire schedule for the development. A total of 23 single foot candles will be placed throughout the property, providing ample lighting.

Technical Review Committee

All affected departments have reviewed the proposed Major Site Plan: Innovative Community Development with regard to the requirements of the City Code. Findings from the review by corresponding departments and the associated responses by the applicant are provided with the staff's supporting documents.

Neighbor Property Owner Response Summary

A total of 62 notifications of the proposal were mailed to the owners of property located within 500 feet of the subject property. As of August 20, 2025, there has been one (1) response by adjacent property owners regarding the request. An update will be provided to the City Commissioners at the public hearing.

Planning Board Recommendation

The Planning Board, at their August 11,2025 meeting, voted 6-0 to recommend approval of the request with conditions as excepted from Sec. 125-325:

Staff Recommendation*:*

The proposed application meets the minimum standards of the City's Code Section 125-235. Therefore, Staff recommends that the City Commission **APPROVE** the subject: Major Site Plan with innovation with the seven (7) noted two Conditions:

1. Prior to issuance of final certificate of occupancy, a Landscape Maintenance Agreement shall be approved and shall acknowledge the following:
    a. All approved landscaping shall be installed, irrigated, and maintained in perpetuity in accordance with section 123-7 of the City Code of Ordinances, in order that it continues to present a healthy, neat, and orderly appearance free of refuse and debris, in conformity with the following requirements:
        i. Vegetation required by this article shall be replaced with equivalent or better vegetation if it is not living. All trees for which credit is awarded, and which subsequently die shall be replaced by the same or greater number of living trees according to the standards established in this article
        ii. Maintenance shall include sufficient weeding, watering, fertilizing, pruning, mowing, edging, mulching and other horticultural practices to ensure that the landscaping continues to maintain a healthy, neat, and orderly appearance
2. A 5-foot sidewalk along S. 31st Street to provide site connectivity to the existing Okeechobee Road sidewalk
3. A 12.5 ft. right-of-way donation on S. 31st Street
4. Prior to the CO, a maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same
5. Sign permits shall be filed separately during the permit process
6. An updated Environmental Assessment shall be required prior to land clearing and development

7. Prior to the issuance of any site clearing permits, the applicant shall provide a Tree Mitigation Survey and coordinate with the City of Fort Pierce Arborist for the required mitigation of the City's regulated trees proposed to be removed as a result of its site development/construction activity

Special Warranty Deed

This Special Warranty Deed made this **30th** day of **September, 2019** between **Cypress Trust Company, a Florida corporation**, as Trustee under Special Purpose Revocable Trust Agreement dated November 22, 2013, as modified; Cypress Trust Company, as Trustee under Special Purpose Revocable Trust Agreement dated May 18, 2004, as modified; Cypress Trust Company, as Trustee under Special Purpose Revocable Trust Agreement dated June 8, 2004; Cypress Trust Company, as Trustee under Special Purpose Revocable Trust Agreement dated June 2, 2004; Cypress Trust Company, as Trustee under Special Purpose Revocable Trust Agreement dated October 17, 2003; Cypress Trust Company, as Trustee under Special Purpose Revocable Trust Agreement dated March 23, 2005; Cypress Trust Company, as Trustee under Special Purpose Revocable Trust Agreement dated February 21, 2006; and Cypress Trust Company, as Trustee under IRA Self-directed Trust Agreement dated February 13, 2005, whose post office address is **251 Royal Palm Way, Suite 500, Palm Beach, FL 33480**, grantor, and **Arrow Investment Group LLC, a Florida limited liability company**, whose post office address is **4512 North Flagler Dr., #2056, West Palm Beach, FL 33407**, grantee:

(Whenever used herein the terms grantor and grantee include all the parties to this instrument and the heirs, legal representatives, and assigns of individuals, and the successors and assigns of corporations, trusts and trustees)

Witnesseth, that said grantor, for and in consideration of the sum TEN AND NO/100 DOLLARS ($10.00) and other good and valuable considerations to said grantor in hand paid by said grantee, the receipt whereof is hereby acknowledged, has granted, bargained, and sold to the said grantee, and grantee's heirs and assigns forever, the following described land, situate, lying and being in **Saint Lucie County, Florida**, to-wit:

Block "D", Less rights-of-way, COLLIER'S SUBDIVISION, according to the Plat thereof, recorded in Plat Book 4, Page 63, Public Records of St. Lucie County, Florida, being more particularly described as follows:
Commence at a railroad spike at the Southwest corner of the Northeast 1/4 of Section 17, Township 35 South, Range 40 East, St, Lucie County, Florida; thence run N 88°42'30"E, along the South line of the said Northeast 1/4, a distance of 661.40 feet to the West line of Block "D" of Collier's Subdivision, as recorded in Plat Book 4, Page 63, Public Records of St. Lucie County, Florida; thence run N 00°00'18" W, along the West line of said Block D, a distance of 27.01 feet, to the POINT OF BEGINNING; thence continue N 00°00'18" W, a distance of 796.62 feet, to the Northwest corner of said Block D; thence run N 88°43'25" E, along the North line of said Block D, a distance of 460.00 feet; thence run S 00°04'02" W, a distance of 470.52 Feet, to the Northerly right-of-way line of Okeechobee Road [State Road 70]; thence run S 49°35'30" W, along the said Northerly right-of-way line, a distance of 516.56 feet; thence run S 88°42'30" W, a distance of 65.96 feet, to the POINT OF BEGINNING, all lying and being in Section 17, Township 35 South, Range 40 East, St. Lucie County, Florida.
Less and excepting the following:
A portion of Block "D", COLLIER'S SUBDIVISION, according to the Plat thereof as recorded in Plat Book 4, Page 63, of the Public Records of St. Lucie County, Florida.
Being more particularly described as follows:

Begin at the Southeast corner of said Block "D", said corner being situated on the Northerly right-of-way line of Okeechobee Road [State Road 70]; thence, North 28°00'23" W, a distance of 167.87 feet; thence, North 89°51'15" E, a distance of 79.00 feet to the East line of said Block D; thence,
South 00°04'02" W, along said East line, a distance of 148.41 feet to the Point of Beginning of the herein described parcel of land.
Said lands situate, lying and being in Section 17, Township 35 South, Range 40 East, City of Fort Pierce, St. Lucie County, Florida.

Parcel Identification Number: 2417-504-0020-001-6

Subject to taxes for 2019 and subsequent years; covenants, conditions, restrictions, easements, reservations and limitations of record, if any.

Grantor is an institutional lender and is acting solely in a fiduciary capacity.

Together with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

To Have and to Hold, the same in fee simple forever.

And the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in fee simple; that the grantor has good right and lawful authority to sell and convey said land; that the grantor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons claiming by, through or under grantors.

In Witness Whereof, grantor has hereunto set grantor's hand and seal the day and year first above written.

Signed, sealed and delivered in our presence:

TITLE COMMITMENT REVIEW:

BROWN & PHILLIPS, INC. (B-P), HAS REVIEWED SCHEDULE B-II OF THE FURNISHED FIRST AMERICAN TITLE INSURANCE COMPANY COMMITMENT, FILE NO: 1054-5782967, DATED AUGUST 7, 2024, AND OFFER THE FOLLOWING COMMENTS:

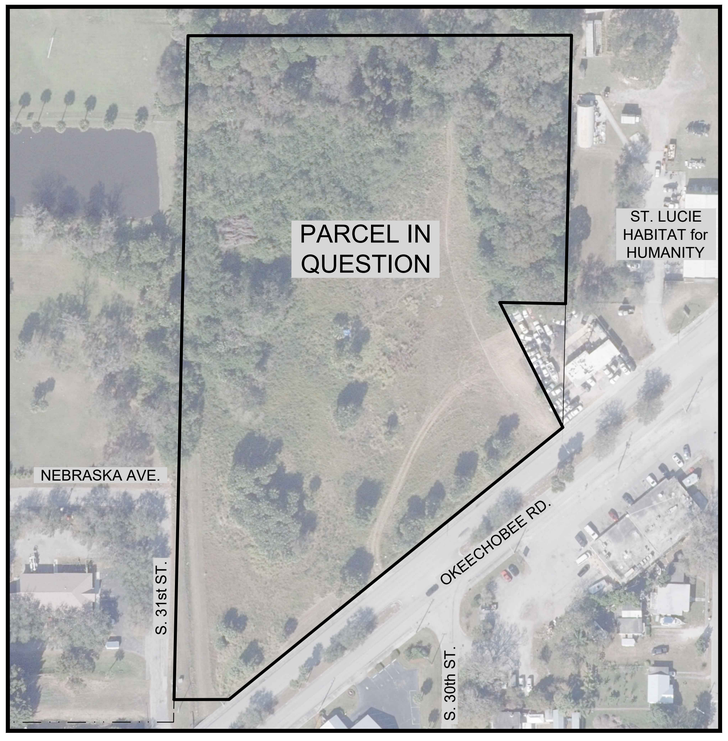
1. DEFECTS, LIENS, ENCUMBRANCES, ADVERSE CLAIMS OR OTHER MATTERS, IF ANY, CREATED, FIRST APPEARING IN THE PUBLIC RECORDS OR ATTACHING SUBSEQUENT TO THE EFFECTIVE DATE BUT PRIOR TO THE DATE THE PROPOSED INSURED ACQUIRES FOR VALUE OF RECORD THE ESTATE OR INTEREST OR MORTGAGE THEREON COVERED BY THIS COMMITMENT.
-THIS ITEM CANNOT BE ADDRESSED ON THE SURVEY UNLESS SPECIFIC INFORMATION IS FURNISHED TO B-P.

2. ANY RIGHTS, INTERESTS, OR CLAIMS OF PARTIES IN POSSESSION OF THE LAND NOT SHOWN BY THE PUBLIC RECORDS.
-THIS ITEM CANNOT BE ADDRESSED ON THE SURVEY UNLESS SPECIFIC INFORMATION IS FURNISHED TO B-P.

3. ANY ENCROACHMENT, ENCUMBRANCE, VIOLATION, VARIATION OR ADVERSE CIRCUMSTANCE AFFECTING THE TITLE THAT WOULD BE DISCLOSED BY AN ACCURATE AND COMPLETE LAND SURVEY OF THE LAND.
-ABOVE GROUND, VISIBLE ENCROACHMENTS, IF ANY, ARE SHOWN ON THE SURVEY.
-THE REMAINING ITEMS CANNOT BE ADDRESSED ON THE SURVEY UNLESS SPECIFIC INFORMATION IS FURNISHED TO B-P.

4. ANY LIEN, FOR SERVICES, LABOR, OR MATERIALS IN CONNECTION WITH IMPROVEMENTS, REPAIRS OR RENOVATIONS PROVIDED BEFORE, ON, OR AFTER DATE OF POLICY, NOT SHOWN BY THE PUBLIC RECORDS.
- LIENS ARE NOT A SURVEY ISSUE.

5. ANY DISPUTE AS TO THE BOUNDARIES CAUSED BY A CHANGE IN THE LOCATION OF ANY WATER BODY WITHIN OR ADJACENT TO THE LAND PRIOR TO DATE OF POLICY, AND ANY ADVERSE CLAIM TO ALL OR PART OF THE LAND THAT IS, AT DATE OF POLICY, OR WAS PREVIOUSLY UNDER WATER.
-THIS ITEM CANNOT BE ADDRESSED ON THE SURVEY UNLESS SPECIFIC INFORMATION IS FURNISHED TO B-P.



6. TAXES OR SPECIAL ASSESSMENTS NOT SHOWN AS LIENS IN THE PUBLIC RECORDS OR IN THE RECORDS OF THE LOCAL TAX COLLECTING AUTHORITY, AT DATE OF POLICY.
-TAXES ARE NOT A SURVEY ISSUE.

7. INTENTIONALLY DELETED

8. TAXES AND ASSESSMENTS FOR THE YEAR 2024 AND SUBSEQUENT YEARS, WHICH ARE NOT YET DUE AND PAYABLE.
-TAXES ARE NOT A SURVEY ISSUE.

9. RESTRICTIONS, DEDICATIONS, CONDITIONS, RESERVATIONS, EASEMENTS AND OTHER MATTERS SHOWN ON THE PLAT OF COLLIER'S SUBDIVISION, AS RECORDED IN PLAT BOOK 4, PAGE(S) 63, BUT DELETING ANY COVENANT, CONDITION OR RESTRICTION INDICATING A PREFERENCE, LIMITATION OR DISCRIMINATION BASED ON RACE, COLOR, RELIGION, SEX, HANDICAP, FAMILIAL STATUS OR NATIONAL ORIGIN TO THE EXTENT SUCH COVENANTS, CONDITIONS OR RESTRICTIONS VIOLATE 42 USC 3604(C).
-AFFECTS, MATTERS PER THE PLAT ARE SHOWN ON THE SURVEY.
-THE REMAINING ITEMS CANNOT BE ADDRESSED ON THE SURVEY UNLESS SPECIFIC INFORMATION IS FURNISHED TO B-P.

10. INTENTIONALLY DELETED

SURVEY REPORT:

1. THIS IS A BOUNDARY SURVEY, PREPARED IN ACCORDANCE WITH THE APPLICABLE PORTIONS OF THE STANDARDS OF PRACTICE SET FORTH IN RULE 5J-17.051 THROUGH 5J-17.053, FLORIDA ADMINISTRATIVE CODE.
   THE FIELD WORK WAS COMPLETED ON NOVEMBER 15, 2024.
2. THE SURVEY WAS BASED ON INSTRUCTIONS FROM CLIENT, AND ST. LUCIE COUNTY SURVEY DEPARTMENT INFORMATION.
3. BEARINGS ARE BASED ON S49°35'30"W (DEED) ALONG THE NORTH RIGHT-OF-WAY OF OKEECHOBEE ROAD.
4. THE LEGAL DESCRIPTION IS RECORDED IN OFFICIAL RECORD BOOK 3204 PAGE 743.
5. AREA = 6.796 ACRES, MORE OR LESS.
6. EASEMENTS, RESTRICTIONS, AND OTHER ITEMS OF RECORD ARE SHOWN ARE PER AN ALTA COMMITMENT FOR TITLE INSURANCE ISSUED BY FIRST AMERICAN TITLE INSURANCE COMPANY; FILE NO: 1054-5782967; COMMITMENT DATE: AUGUST 7, 2024 AT 8:00 AM.
   THIS OFFICE HAS FOUND NO GORES, GAPS OR HIATUSES WITH REFERENCE TO THE SUBJECT PROPERTY.
   THE SUBJECT PROPERTY ABUTS OKEECHOBEE ROAD, A PUBLIC ROADWAY.
   NO SEARCH OF THE PUBLIC RECORDS HAS BEEN PERFORMED BY BROWN & PHILLIPS, INC.
   THERE MAY BE ADDITIONAL EASEMENTS AND/OR RESTRICTIONS NOT SHOWN ON THIS SURVEY THAT MAY BE FOUND IN THE PUBLIC RECORDS OF PALM BEACH COUNTY.
7. ALL DISTANCES ARE MEASURED UNLESS NOTED OTHERWISE.
   ALL FIELD-MEASURED DIMENSIONS ALONG THE BOUNDARY WERE IN SIGNIFICANT AGREEMENT WITH THE PLAT, DEED, AND/OR CALCULATED VALUES.
8. ALL FIELD-MEASURED CONTROL MEASUREMENTS EXCEEDED AN ACCURACY OF 1:7,500.
9. THE EXPECTED HORIZONTAL AND VERTICAL PRECISION OF ITEMS SHOWN ON THIS SURVEY ARE AS FOLLOWS:
   1) BOUNDARY LINES – 0.10'
   2) TOPOGRAPHIC FEATURES – 0.20'
   3) ELEVATIONS ON CONSTRUCTED HARD SURFACES (PAVEMENT, CONCRETE, ETC.) – 0.05'
   4) ELEVATIONS ON NATURAL SURFACES (GROUND, DIRT, ETC.) – 0.10'
10. THE CURRENT USE OF THE SUBJECT PROPERTY IS VACANT.
11. THE CONTRACTED PURPOSE OF THIS SURVEY IS FOR PURCHASE OF THE PROPERTY.
    THIS SURVEY IS NOT VALID FOR ANY OTHER USE.
12. ADDITIONS OR DELETIONS TO SURVEY MAPS OR REPORTS BY OTHER THAN THE SIGNING PARTY OR PARTIES IS PROHIBITED WITHOUT WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.
13. THIS SURVEY WAS PREPARED FOR THE PARTIES LISTED BELOW AND IS NOT ASSIGNABLE:
    -BLUE SKY COMMUNITIES, LLC
    -NELSON MULLINS RILEY & SCARBOROUGH LLP
    -FIRST AMERICAN TITLE INSURANCE COMPANY
14. THIS MAP IS INTENDED TO BE DISPLAYED AT A SCALE OF 1"=50', ON A 24"x 36" SHEET 1.
    SCALE OF 1"=20', ON A 24"x 36" SHEET 2-4.
15. SOME TOPOGRAPHIC FEATURES MAY BE EXAGGERATED IN SCALE FOR CLARITY. THE CENTER OF THE SYMBOL OF SUCH FEATURES IS THE CORRECT LOCATION.
16. NO UNDERGROUND INSTALLATIONS OR IMPROVEMENTS HAVE BEEN LOCATED AS PART OF THIS SURVEY.
17. ELEVATIONS SHOWN HEREON ARE IN NORTH AMERICAN VERTICAL DATUM OF 1988, AND ARE REFERENCED TO ST. LUCIE COUNTY BENCHMARK "VIR 3-10", ELEVATION=17.47.
18. +15.0 DENOTES SPOT ELEVATION, REFERENCED TO NORTH AMERICAN VERTICAL DATUM OF 1988.
19. STATE PLANE COORDINATES
    A. COORDINATES SHOWN ARE GRID
    B. DATUM – NAD 83, 2011 ADJUSTMENT
    C. ZONE – FLORIDA EAST
    D. LINEAR UNIT – US SURVEY FOOT
    E. COORDINATE SYSTEM 1983/2011 STATE PLANE
    F. TRANSVERSE MERCATOR PROJECTION

DESIGN NARRATIVE
Sunrise Village
Application No. TBD
Initial Submittal: February 21, 2025

REQUEST

The following document serves as the Design Narrative for the proposed project known as Sunrise Village. This report outlines compliance with Section 125-314 – Design Review of the Land Development Code, and includes details of the proposed design and intent.

SITE CHARACTERISTICS

The subject property is identified by Parcel Number 241750400200016 and address 3000 Okeechobee Road, Fort Pierce, FL 34947. The 6.80-acre site is zoned Medium Density Residential (RM) and has a Medium Density Residential (R-4) Future Land Use Designation. 106 affordable multifamily dwelling units are proposed on the site, with a clubhouse, 0.14-acre recreation area, and 1.03-acre lake tract. The site aerial and parcel information are shown in Figure 1 and Table 1 below:

Figure 1 – Site Aerial

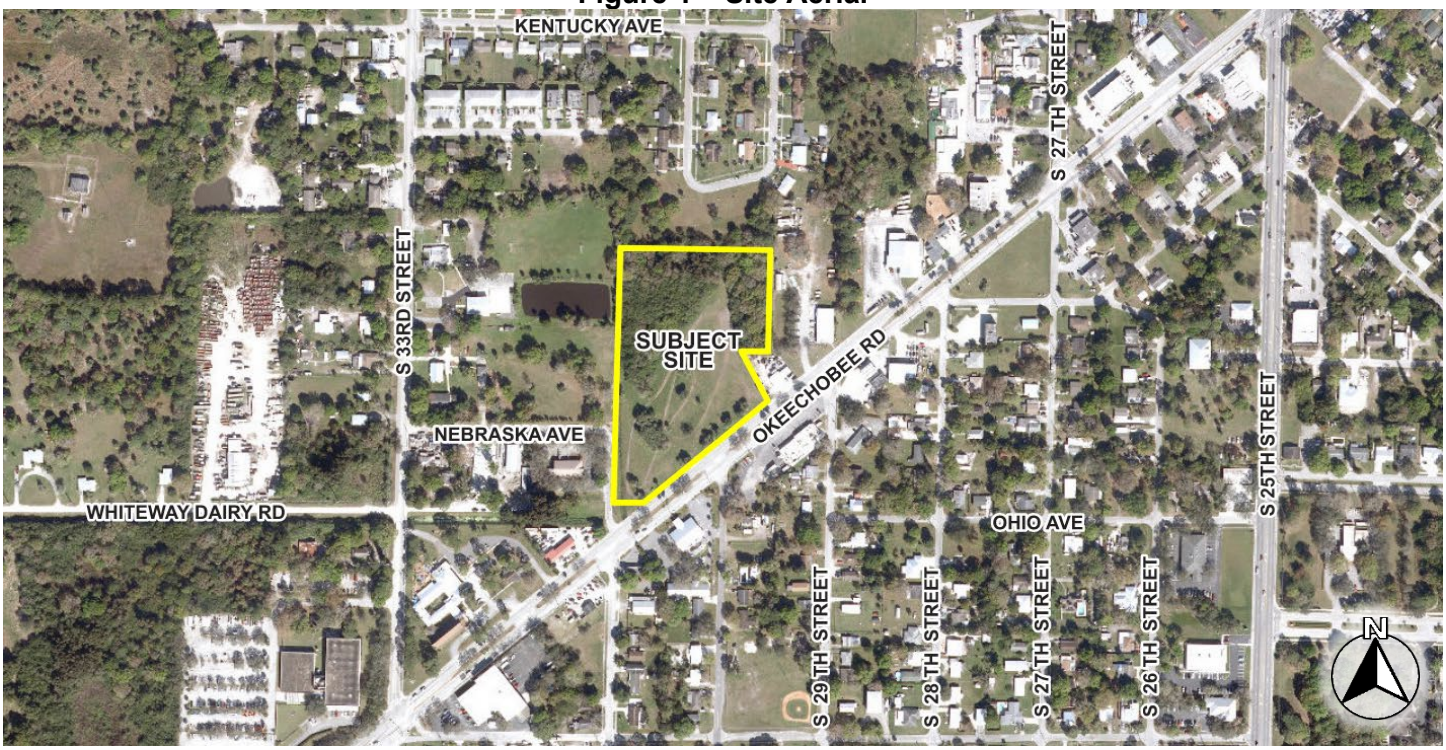

Table 1 – Parcels

Parcel Number	Owner	Acreage
2417-504-0020-001-6	Arrow Investment Group LLC	6.80 Acres

PROPOSED DEVELOPMENT

The proposed development includes 106 multifamily dwelling units dispersed throughout three buildings (A, B, and C). Building A includes 46 units, Building B includes 30 units and Building C includes 30 units. A 1.03-acre lake tract with a fountain is located on the northern portion of the site, bordered on the west by wetlands to be preserved. Existing vegetation on the northeast portion of the site is also preserved as development is concentrated closer to Okeechobee Road. The Applicant is requesting approval of the site as an Innovative Community Development due to unique architecture, much needed affordable housing, enhanced landscaping,

preservation of the existing environment and transit-oriented design featuring access to public transportation, bicycle parking improvements and pedestrian connectivity.

The Applicant is requesting approval of a Conditional Use to allow for an Innovative Community Development. Details of the conditional use request are detailed further in the provided justification statement.

ARCHITECTURAL STANDARDS

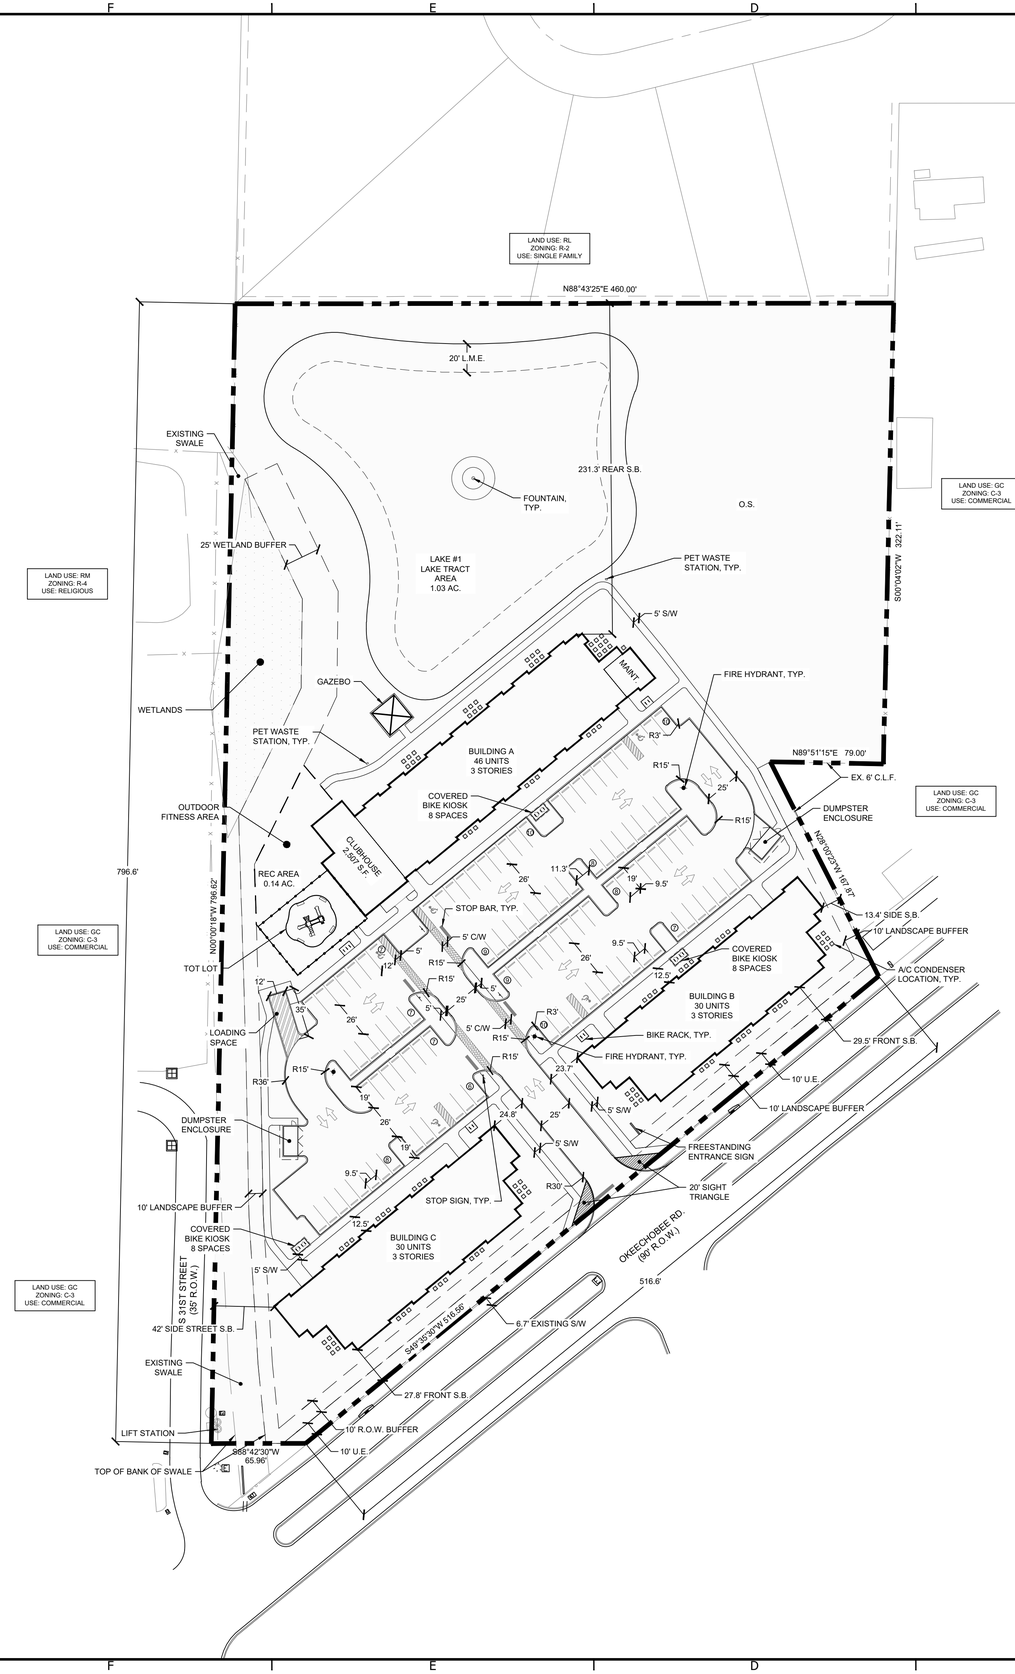
The Design Review Process requires that the development proposal complies with the Architectural standards approved by Resolution 24-R57 in December 2024 and reflected in Section 125-314 of the code.

The proposed architecture complies with the standards, providing an Anglo-Caribbean architecture style, which is deemed appropriate for the city based on historical precedence and building scale. The buildings are designed as Anglo-Caribbean and are three stories in height. Building A includes 46 units, Building B includes 30 units, and Building C includes 30 units. Each building is a garden style apartment with open stairwells and breezeways. Proposed buildings are three stories in height and incorporate a variety of materials in the design. Undulating facades and changes in roof height emphasize the vertical, breaking up the horizontal. Brackets are visible at the roof on the taller facades. Construction materials consist of exterior CMU walls, wood interior partitions, and wood roof trusses. Typical building finishes are painted stucco, shingle roofing, and vinyl windows. Building A includes the clubhouse amenity space comprised of a great room, activity room, offices, and fitness room for use by residents. Within this building there are taller ceilings between level one and two. There is a mix of 1 bedroom, 2 bedroom, and 3 bedroom units in each building to meet FHA and UFAS compliance as required.

APPROVAL STANDARDS – DESIGN REVIEW

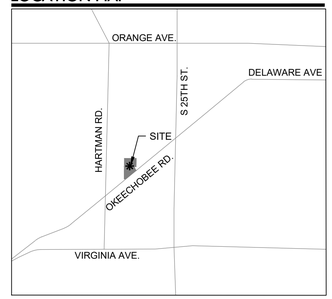
Per Section 125-314(e)(1), the following standards are considered by the design review board when reviewing the application.

a. *The design, including landscape features, is architecturally compatible with surrounding structures so as to be reasonably harmonious in landscaping, style, and color;*
The proposed architectural style is Anglo-Caribbean which is consistent with the City's architectural standards based on historical precedence. A variety of construction materials and unique façade design is proposed as well. Refer to the architectural plans provided. Architectural design is paired with enhanced landscape design. Enhanced landscaping is provided in the right of way buffer, along Okeechobee Road, and within the buffers adjacent to neighboring properties. Proposed landscaping material and height are strategically designed to provide a sustainable barrier that fosters both visual and environmental harmony between properties.



b. *If the property is located within a historic preservation district, the design features are reasonably consistent with the historic character of the predominant architectural style within the district;*
This criterion is not applicable. The site is not located within a historic preservation district.

c. *The design features will enhance or preserve the quality of the surrounding area so as not to detract from existing property values or impact adversely on existing scenic, natural, or historic beauty;*
The proposed development will enhance and preserve the quality of the surrounding area. The immediate area has been analyzed and the proposed design intends to bring both aesthetic value and support the surrounding uses and businesses by providing affordable housing units.



d. *The design avoids undue monotony in structural design features.*
The proposed architectural design avoids undue monotony in structural design features. A variety of materials and decorative design elements are provided, described in the Architectural Standards section of this narrative. Please refer to the architectural plans provided for further visuals.

CONCLUSION

On behalf of the Applicant, WGI respectfully requests approval of a 106-unit multifamily affordable housing development. This document serves as a project conformance narrative to demonstrate compliance with the design review guidelines established in the land development code.

THE SUNRISE CITY
FORT PIERCE
PLANNING DEPARTMENT
Florida

CONCURRENCY
CAPACITY ANALYSIS

I. Site Data:

	Existing Use	Future Land Use	Zoning
North			
South			
East			
West			

	Future Land Use	Zoning Classification	Maximum Intensity Residential: Dwelling Units per Acre Other: Square Footage	Total Acreage	Flood Zone
Current					
****Proposed**					N/A

II. Public Facilities Information:

A. Potable Water:	
Average Use	Residential: 100 gallons per day per person (du x 2.6= persons x 100 gpd = demand) Other: 0.125 gallons per day per square foot
Demand Analysis	Maximum
Current Zoning/FLU	Total gallons per day
**Proposed Zoning/FLU	Total gallons per day
**Change in Demand	Total gallons per day

B. Wastewater:	
Average Use	Residential: 100 gallons per day per person (du x 2.6= persons x 100 gpd = demand) Other: 0.1 gallons per day per square foot
Demand Analysis	Maximum
Current Zoning/FLU	Total gallons per day
**Proposed Zoning/FLU	Total gallons per day
**Change in Demand	Total gallons per day

C. Parks and Recreation (Residential Classifications Only):
(Du x 2.6 = persons + 44,227 = population /LOS)

Park Type	LOS	Existing Population Park Demand	Proposed Population Park Demand	Change in Demand
Regional	20 acres per 1,000 people			
Urban District	5 acres per 1,000 people			
Community	2.5 acres per 1,000 people			
Neighborhood	1.36 acres per 1,000 people			

D. Public Schools (Residential Classifications Only):
Single Family: (du x 0.405 = students/70% K-8/30% High)
Multi-family: (du x 0.207 = students/70% K-8/30% High)

	K-8	High
School Name		
City		
Distance		
Current Zoning/FLU Enrollment Demand		
****Proposed Zoning/FLU Enrollment Demand**		
****Change in Demand**		

E. Solid Waste: Residential (2 yard serves 15 units, 4 yard serves 30 units, 6 yard serves 45 units, 8 yard serves 60 units)	
Demand Analysis	Maximum
Current Zoning/FLU	
****Proposed Zoning/FLU**	
***Change in Demand**	

F. Stormwater:
Potential increase in volume discharged due to increased impervious coverage, reduced groundwater seepage or loss of surface water storage impacting Adopted LOS of 25-year 3-day storm Pre vs. Post Runoff (Storm sewers to convey 5 year- 1 day storm event; Canals to convey 3 year – 1 day storm event)

Impact	

III. Transportation Analysis: *Complete ITE Trip Generation Form (Attached)*

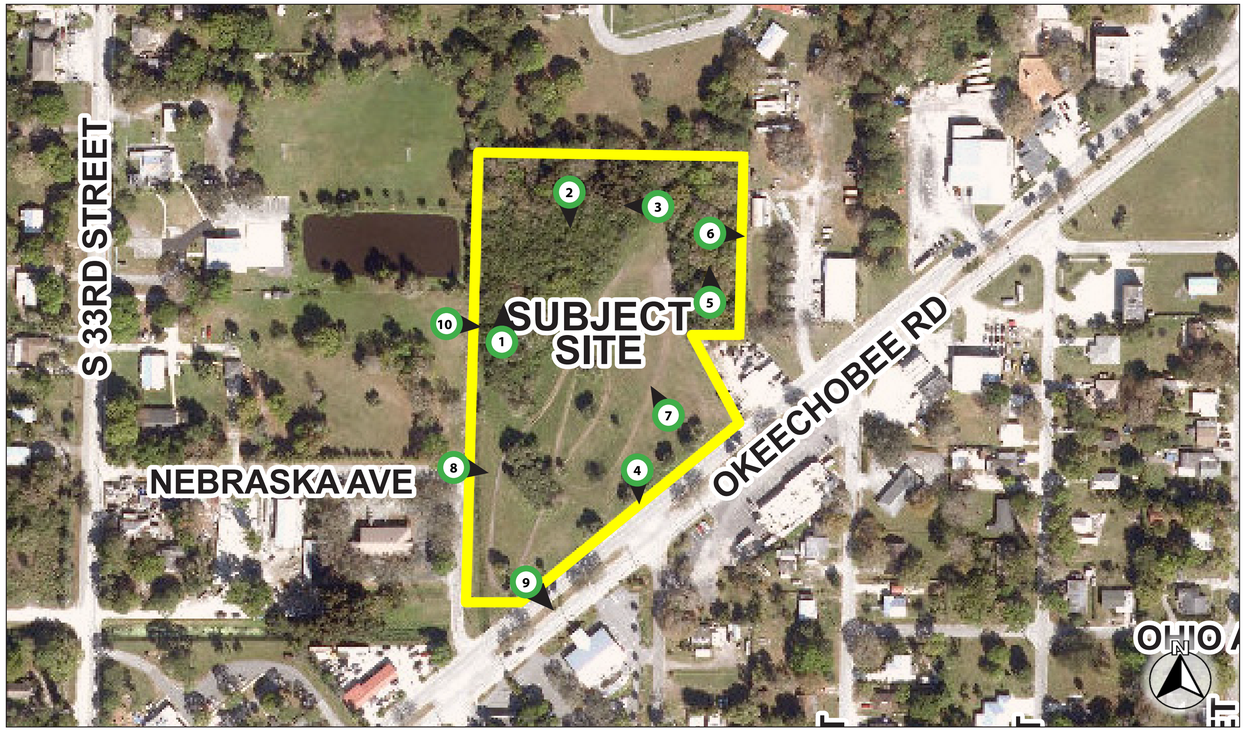
G. Transportation Analysis: Complete ITE Trip Generation Data Form Most recent ITE Code for use; HCM Roadway Capacity		
	AADT	**AM/PM Peak Hour Trips**
Demand Analysis	Maximum	Maximum
Current Zoning/FLU		
****Proposed Zoning/FLU**		
***Change in Demand**	Trips	Trips
Impact to Capacity		

IV. Project Description

PHASING
Is this project (phase) part of a larger project? [ ] Yes [ ] No
If yes, enumerate each phase, the number of units or square footage in each phase and beginning/completion date.
Total Project: Residential Units: Single Family: Multifamily:
Non-residential (square footage):
Mixed-use (describe use):
(If this is a single phase project, name it Phase I – Total)

RESIDENTIAL DATA

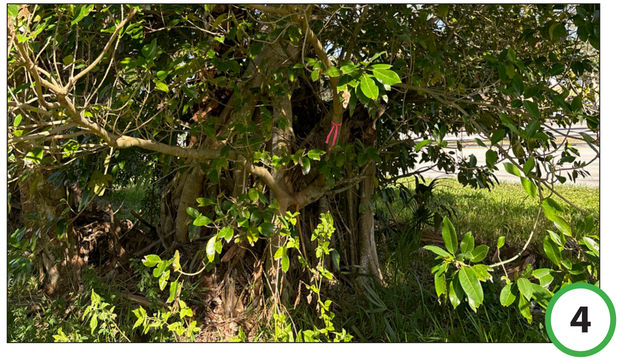
Type	**Phase**	**Number of Units**	**Acres**	**Expected beginning date**	**Expected completion date**
Single-family, detached					
Single-family, attached					
Multi-family					
Other (specify)					



NON-RESIDENTIAL DATA					
Type(s) specify	**Phase**	**Square footage**	**Acres**	**Expecting beginning date**	**Expected completion date**

A. Indicate whether the proposed project will be eliminating any existing recreational facilities. If yes, detail the number and type being eliminated. [ ] Yes [ ] No

B. 1. Does this application involve demolition or re-use of any structure(s)? [ ] Yes [ ] No
If yes, what is the size of the structure(s) to be demolished or re-used? _____
2. What is the current use of the structure to be demolished or re-used? _____
3. Are you claiming trip credits for the demolition or re-use of a structure(s) at the site? [ ] Yes [ ] No
If yes, provide estimates of credits for each previous use at the site. (Attach sheet with calculations)



C. Exemptions Requested:

** Complete section if requesting a change in zoning, future land use, or expanding

LANDSCAPE PLAN

SHEET

LP-1.02

PROJECT# 11038.00

LANDSCAPE REQUIREMENTS

FORT PIERCE, FLORIDA

LANDSCAPING	REQUIRED	PROVIDED
10' LANDSCAPE BUFFER ADJACENT TO OTHER PROPERTY		
1 TREE PER 200SF OF REQUIRED LANDSCAPE AREA CONTINUOUS HEDGE AT 36" HT (3 PALM = 1 TREE @ NO MORE THAN 50% OF TOTAL REQUIRED TREES)	WEST BUFFER 130 LF X 10 LF = 1,300 SF REQUIRED LANDSCAPE AREA 1,300 SF / 200 = 7 TREES EAST BUFFER 168LF X 10 LF = 1,680 SF REQUIRED LANDSCAPE AREA 1,680 SF / 200 = 9 TREES	WEST BUFFER 4 PROPOSED TREES + (10 RELOCATED PALM + 2 PRESERVED PALMS) @ 3:1 = 8 TREES PROVIDED CONTINUOUS HEDGE AT 36" PROVIDED EAST BUFFER 5 PROPOSED TREES + 12 RELOCATED PALMS @ 3:1 = 9 TREES PROVIDED CONTINUOUS HEDGE AT 36" PROVIDED
10' R.O.W. LANDSCAPE BUFFER		
1 TREE PER 300SF OF REQUIRED LANDSCAPE AREA CONTINUOUS HEDGE AT 36" HT (3 PALM = 1 TREE @ NO MORE THAN 50% OF TOTAL REQUIRED TREES)	SOUTH R.O.W. BUFFER: (231 LF + 186 LF) X 10 LF = 2,502 SF REQUIRED LANDSCAPE AREA 2,502 SF / 300 = 14 TREES WEST R.O.W. BUFFER: 266 LF X 10 LF = 2,660 SF REQUIRED LANDSCAPE AREA 2,660 SF / 300 = 9 TREES	SOUTH R.O.W. BUFFER: 8 PROPOSED TREES + 24 RELOCATED PALMS @ 3:1 = 16 TREES PROVIDED CONTINUOUS HEDGE AT 36" PROVIDED WEST R.O.W. BUFFER: 5 PROPOSED TREES + 12 RELOCATED PALMS @ 3:1 = 9 TREES PROVIDED CONTINUOUS HEDGE AT 36" PROVIDED
INTERIOR VUA LANDSCAPE		
1 SF OF INTERIOR LANDSCAPING PER 15 SF OF VEHICULAR USE AREA 1 TREE PER 100SF OF REQUIRED INTERIOR LANDSCAPE AREA EACH SEPARATE LANDSCAPE AREA SHALL HAVE AT LEAST ONE TREE, ONE OR MORE SHRUBS, OR ONE OR MORE HEDGES, AND GROUND COVER.	48,634 SF / 15 SF = 3,243 SF INTERIOR LANDSCAPE AREA 3,243 SF / 100 = 33 REQUIRED TREES	26 PROPOSED TREES + (8 PROPOSED PALMS + 18 RELOCATED PALMS) @ 3:1 = 34 TREES PROVIDED

PLANT SCHEDULE OVERALL

SYMBOL	CODE	QTY	COMMON NAME	BOTANICAL NAME	REMARKS
TREES					
+	CE	7	Green Buttonwood	Conocarpus erectus	12` HT MIN., 5` SPRD MIN., 3" CAL. TO BE MAINTAINED FOR 5' MIN CLEARWOOD
	DR	1	Royal Poinciana	Delonix regia	20' - 30' HT. x 15` SPRD., 6" CAL. MIN., SPECIMEN, FIELD GROWN, TO BE MAINTAINED FOR 5' MIN CLEARWOOD
•	ED	8	Japanese Blueberry Tree	Elaeocarpus decipiens	14` HT. X 5` SPRD., 2.5" MIN. CAL. TO BE MAINTAINED AT 5' CLEARWOOD.
•	IC	11	Dahoon Holly	Ilex cassine	12` HT. X 5` SPRD, 2.5" MIN. CAL. TO BE MAINTAINED FOR 5' MIN CLEARWOOD
•	MG	11	Southern Magnolia	Magnolia grandiflora	12` HT. X 5` SPRD, 3.5" MIN. CAL. TO BE MAINTAINED FOR 5' MIN CLEARWOOD
•	ML	6	Little Gem Dwarf Southern Magnolia	Magnolia grandiflora 'Little Gem'	12' HT. x 6` SPRD, 3" CAL. MIN.
•	QV	2	Live Oak	Quercus virginiana	15` HT. X 8` SPRD, 3.5" MIN. CAL. TO BE MAINTAINED FOR 5' MIN CLEARWOOD
PALMS					
	SP	4	Cabbage Palm	Sabal palmetto	14`-16` HT., 10` C.T.
RELOCATED TREES					
	PA-R	76	Relocated Cabbage Palm	Relocated Sabal Palmetto	SEE TABULAR TREE LIST ON TREE INVENTORY PLAN FOR DETAILS
PALM TREES					
	RE	8	Florida Royal Palm	Roystonea elata	10' GW., WITH TROY BELT, FULL INTACT FRONDS.
SHRUBS					
	AO	26	Giant Silver Bromeliad	Alcantarea odorata	30" O.A. HT., SPECIMEN
	SR2	22	Orange Bird of Paradise	Strelitzia reginae 'dwarf'	42" HT. X 42" SPRD. FULL.
SHRUB AREAS					
	AD	80	Myers Asparagus Fern	Asparagus densiflorus 'Myers'	18" HT x 18" SPRD @ 18" O.C., MAINTAINED AT 24" HT.
	CI	703	Green Cocoplum	Chrysobalanus icaco	36" HT. X 36" SPRD. @ 36" O.C.
	FG	277	Green Island Ficus	Ficus microcarpa 'Green Island'	12" HT x 12" SPRD @ 18" O.C.
	MC2	224	Pink Muhly	Muhlenbergia capillaris	30" HT X 24" SPRD @ 24" O.C.
	POM	459	Podocarpus	Podocarpus macrophyllus `Maki`	48" HT x 24" SPRD. @ 24" O.C. FULL TO BASE
	SR4	133	Saw Palmetto	Serenoa repens	36" HT. X 36" SPRD., FULL TO BASE, @ 36" O.C.
	ZP	66	Coontie	Zamia pumila	12" HT. X 12" SPRD. @ 18" O.C.
GROUND COVERS					
	AG	360	Perennial Peanut	Arachis glabrata	6" HT X 12" SPRD @ 12" O.C.
	DT	56	Variegated Flax Lily	Dianella tasmanica `Variegata`	12" HT X 12" SPRD @ 18" O.C.
	JC	638	Shore Juniper	Juniperus conferta `Compacta`	6" HT. SPREADING @18" O.C.
	LIE	662	Liriope	Liriope muscari `Evergreen Giant`	12" HT. X 12" SPRD. @ 18" OC
	MS	38	Powderpuff Mimosa	Mimosa strigillosa	6" HT X 12" SPRD @ 12" O.C.
	NE	19	Boston Fern	Nephrolepis exaltata	12" HT X 12" SPRD @ 18" O.C.
	OJ	227	Mondo Grass	Ophiopogon japonicus	6" HT x 6" SPRD @ 12" O.C.

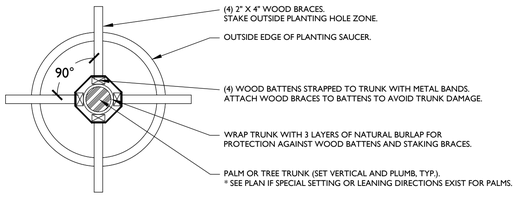
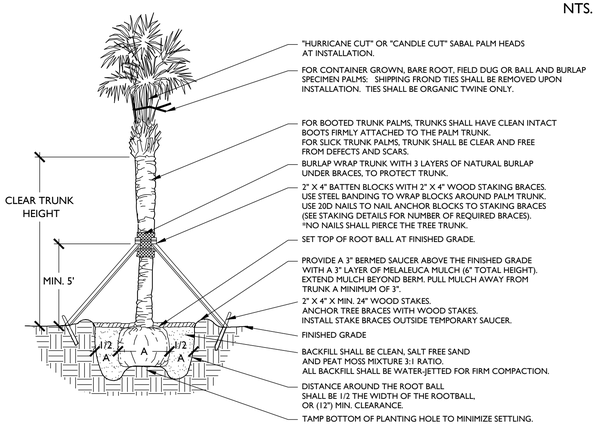
SMALL PALM STAKING PLAN

NTS.



NOTE:
1. APPLICABLE TO ALL PALMS WITH CALIPER SIZE OF LESS THAN SIX (6) INCHES.
2. ALL TREE SUPPORTS MATERIALS ARE TO BE REMOVED FROM EACH TREE ONCE IT IS ESTABLISHED. TYPICALLY SIX MONTHS FOR SHADE TREES OR ONE YEAR FOR PALMS.

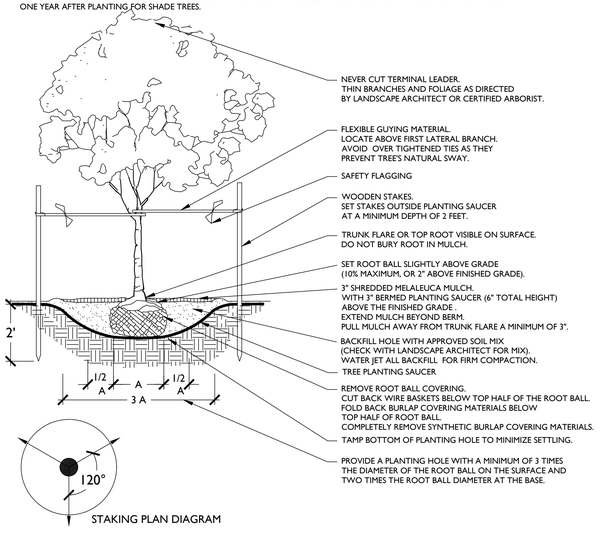
LARGE PALM OR TREE STAKING PLAN



NTS.

NOTE:
1. APPLICABLE TO ALL MULTI-TRUNK PALMS AND PALMS WITH CALIPER SIZE OF SIX (6) INCHES OR GREATER
2. ALL TREE SUPPORTS MATERIALS ARE TO BE REMOVED FROM EACH TREE ONCE IT IS ESTABLISHED. TYPICALLY SIX MONTHS FOR SHADE TREES OR ONE YEAR FOR PALMS.

PALM PLANTING DETAIL



NTS.

TREE PLANTING DETAIL

NOTE:
1. ALL TREE SUPPORT MATERIALS ARE TO BE REMOVED FROM EACH TREE ONCE IT IS ESTABLISHED. TYPICALLY SIX MONTHS TO ONE YEAR AFTER PLANTING FOR SHADE TREES.

ROOT BARRIER DETAIL

NOTE:
1. TREES ARE TO BE INSTALLED WITH A MINIMUM TEN FOOT (10') SEPARATION FROM ANY PUBLIC WATER OR PUBLIC SEWER MAIN AND/OR SERVICE, HYDRANTS, AND LIFT STATIONS. IF A TEN FOOT (10') SEPARATION CANNOT BE ACHIEVED, THE TREE SHALL BE INSTALLED WITH A ROOT BARRIER SYSTEM.

2. ROOT BARRIERS SHALL COMPLY WITH ALL REQUIREMENTS OF THE MUNICIPALITY WITHIN WHICH THEY ARE LOCATED AS WELL AS WITH ANY REQUIREMENTS OF THE UTILITY HOLDER OF THE AFFECTED UTILITIES. IN THE EVENT THAT CONFLICTING REQUIREMENTS EXIST BETWEEN THIS ROOT BARRIER DETAIL AND THE MUNTICPALITY/UTILITY HOLDER REQUIREMENTS, THE MORE STRINGENT OF THE REQUIREMENTS SHALL BE APPLICABLE.

LANDSCAPE NOTES:

1. STRUCTURAL ELEMENTS AND HARDSCAPE FEATURES INDICATED ON LANDSCAPE PLANS ARE FOR INFORMATIONAL PURPOSES ONLY. LANDSCAPE PLANS ARE TO BE UTILIZED FOR LOCATION OF LIVING PLANT MATERIAL ONLY. LANDSCAPE PLANS SHOULD NOT BE UTILIZED FOR STAKING AND LAYOUT OR LOCATION OF ANY STRUCTURAL SITE FEATURES INCLUDING BUT NOT LIMITED TO: BUILDINGS, SIGNAGE, PATHWAYS, EASEMENTS, BERMS, WALL, FENCES, UTILITIES OR ROADWAYS.
2. CONTRACTOR SHALL ACQUIRE ALL APPLICABLE FEDERAL, STATE, LOCAL, JURISDICTIONAL OR UTILITY COMPANY PERMITS REQUIRED PRIOR TO REMOVAL, RELOCATION, AND/OR INSTALLATION OF LANDSCAPE MATERIALS INDICATED WITHIN PLAN DOCUMENTS. THE CONTRACTOR SHALL HAVE PERMITS "IN HAND" PRIOR TO STARTING WORK. LANDSCAPE ARCHITECT SHALL BEAR NO RESPONSIBILITY FOR WORK PERFORMED WITHOUT PERMITTED DRAWINGS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL CHANGES TO THE WORK, AT NO ADDITIONAL COST TO THE OWNER, AS A RESULT OF UNAUTHORIZED WORK PRIOR TO RECEIPT OF PERMIT.
3. TREES SHOWN ON THIS PLAN ARE FOR GRAPHIC REPRESENTATION ONLY. TREE SPACING IS BASED ON DESIGN REQUIREMENTS AND THE TREES SHOWN ON THESE PLANS ATTEMPT TO ACCOMPLISH THAT SPACING WHILE MAINTAINING THE REQUIRED SETBACKS FROM UTILITIES. IN THE EVENT OF A CONFLICT, AFFECTED PLANT MATERIAL SHALL BE FIELD ADJUSTED WITH THE APPROVAL OF THE LANDSCAPE ARCHITECT TO AVOID CONFLICTS WITH THE WITH EXISTING AND PROPOSED UTILITIES, LIGHT POLES, DRAINAGE STRUCTURES OR LINES, LAKE MAINTENANCE EASEMENTS OR OTHER AFFECTED SITE FEATURES.
4. ANY PLANTING WITHIN THE SIGHT TRIANGLES SHALL PROVIDE UNOBSTRUCTED VIEWS AT A LEVEL BETWEEN 30" AND 8' ABOVE THE PAVEMENT.
5. ALL UTILITY BOXES/ STRUCTURES TO BE SCREENED ON 3 SIDES W/ APPROVED PLANTING MATERIAL.
6. IRRIGATION IS REQUIRED PROVIDING 100% COVERAGE WITH A MAXIMUM OF 50% OVERLAP, AN AUTOMATIC RAIN SENSOR MUST BE INCLUDED.
7. ALL PLANT MATERIAL TO BE INSTALLED SHALL CONFORM TO FLORIDA POWER AND LIGHT'S (FPL'S) RIGHT TREE RIGHT PLACE GUIDELINES.
8. IN CASE OF DISCREPANCIES PLANS TAKE PRECEDENCE OVER PLANT LIST.
9. LANDSCAPE CONTRACTOR RESPONSIBLE FOR VERIFICATION OF ALL QUANTITIES PRIOR TO BIDDING.
10. REMOVAL OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR.
11. RELOCATION OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR. REFER TO SPECIFICATIONS FOR RELOCATION INSTRUCTIONS.
12. ALL PLANT MATERIAL TO BE FLORIDA GRADE #1 AT TIME OF INSTALLATION UNLESS OTHERWISE NOTED.
13. TO SUPPORT LONG-TERM PLANT HEALTH, PLANTING SOIL FOR ALL LANDSCAPED AREAS SHALL CONSIST OF EXISTING SOIL MIXED WITH 50 PERCENT RECYCLED TOP SOIL.

PROJECT# 11038.00

Landscape Planting - Part I. General

I. Description of Work
A. Provide all exterior planting as shown on the drawings or inferable therefrom and/or as specified in accordance with the requirements of the Contract Documents. Landscape plans provided indicate the proposed location of living plant material only. Structural elements and hardscape features indicated on the landscape plans are for information purposes only. Landscape plans are not to be utilized for staking and layout or location of any structural site features including but not limited to, buildings, signage, pathways, easements, utilities or roadways.
B. These specifications include standards necessary for and incidental to the execution and completion of planting as indicated on the prepared drawings and specified herein.
C. All applicable federal, state and local permits shall be attained prior to the removal, relocation, or installation of plant materials indicated within the plan documents.
D. Protection of existing features. During construction, protect all existing trees, shrubs, and other specified vegetation, site features and improvements, structures, and utilities specified herein and/or on submitted drawings. Removal or destruction of existing plantings is prohibited unless specifically authorized by the owner, and with permit as required by associated federal, state and local government agencies.

II. Applicable Standards
A. American National Standards for Tree Care Operations, ANSI A300. American National Standards Institute, 11 West 42nd Street, New York, N.Y. 10036.
B. American Standard for Nursery Stock, ANSI Z60.1, American Nursery and Landscape Association, 1250 Eye Street. NW, Suite 500, Washington, D.C. 20005.
C. Hortus Third, The Staff of the L.H. Bailey Hortorium, 1976. MacMillan Publishing Co., New York.
D. Florida Department of Agriculture "Grades and Standards for Nursery Plants", most recent addition.
E. National Arborist Association- Pruning Standards for Shade Trees
F. All standards shall include the latest additions and amendments as of the date of advertisement for bids

III. Qualifications
A. Landscape planting and related work shall be performed by a firm with a minimum of five years experience specializing in this type of work. All contractors and their sub-contractors who will be performing any landscape work included in this section of the specification shall be approved by the landscape architect.
B. Landscape Contractor shall be licensed and shall carry any necessary insurance and shall protect the Landscape Architect and Owner against all liabilities, claims or demands for injuries or damage to any person or property growing out of the performance of the work under this contract. All workers shall be covered by Workman's Compensation Insurance.

IV. Requirements of Regulatory Agencies
A. Certificates of inspection shall accompany the invoice for each shipment of plants as may be required by law for transportation. File certificates with the landscape architect prior to acceptance of the material. Inspection by federal or state authorities at place of growth does not preclude rejection of the plants at the site.

V. Submittals
A. Manufacturer's Data: Submit copies of the manufacturer's and/or source data for all materials specified, including soils, soil amendments and fertilizer materials. Comply with regulations applicable to landscape materials.
B. Samples: Submit samples of all topsoil, soil mixes, mulches, and organic materials. Samples shall weigh 1 kg (2 lb) and be packaged in plastic bags. Samples shall be typical of the lot of material to be delivered to the site and provide an accurate indication of color, texture, and organic makeup of the material.
C. Nursery Sources: Submit a list of all nurseries that will supply plants, along with a list of the plants they will provide and the location of the nursery.
D. Soil Test: Submit soil test analysis report for each sample of topsoil and planting mix from a soil testing laboratory approved by the landscape architect.
1. Provide a particle size analysis, including the following gradient of mineral content:

USDA Designation	Size in mm
Gravel	+2 mm
Very Course Sand	1-2 mm
Coarse Sand	0.5-1 mm
Medium Sand	0.25-0.5 mm
Fine Sand	0.1-0.25 mm
Very fine sand	0.05-0.1 mm
Silt	0.002-0.05 mm
Clay	smaller than 0.002

2. Provide a chemical analysis, including the following:
a. pH and buffer pH
b. Percentage of organic content by oven-dried weight.
c. Nutrient levels by parts per million, including phosphorus, potassium magnesium, manganese, iron, zinc, and calcium. Nutrient test shall include the testing laboratory recommendations for supplemental additions to the soil based on the requirements of horticultural plants.
d. Soluble salt by electrical conductivity of a 1:2, soil: water, sample measured in millimho per cm.
e. Cation exchange capacity (CEC).
E. Material Testing: Submit the manufacturers particle size analysis, and the pH analysis and provide a description and source location for the content material of all organic materials.
F. Maintenance Instructions: Prior to the end of maintenance period, Landscape Contractor shall furnish three copies of written maintenance instructions to the Landscape Architect for transmittal to the Owner for maintenance and care of installed plants through their full growing season.

VI. Utility Verification
A. The contractor shall contact the local utility companies for verification of the location of all underground utility lines in the area of the work. The contractor shall be responsible for all damage resulting from neglect or failure to comply with this requirement.

Part 2. Materials

I. Plants
A. Plants shall be true to species and variety specified and nursery-grown in accordance with good horticultural practices under climatic conditions similar to those in the locality of the project for at least two years. They shall have been freshly dug.
1. All plant names and descriptions shall be as defined in Hortus Third.
2. All plants shall be grown and harvested in accordance with the American Standard for Nursery Stock and Florida Department of Agriculture Grades and Standards for Nursery Plants.
3. Unless approved by the landscape architect, plants shall have been grown at a latitude not more than 325 km (200 miles) north or south of the latitude of the project unless the provenance of the plant can be documented to be compatible with the latitude and cold hardiness zone of the planting location.
B. Unless specifically noted, all plants shall be exceptionally heavy, symmetrical, and so trained or favored in development and appearance as to be unquestionably and outstandingly superior in form, compactness, and symmetry. They shall be sound, healthy, vigorous, well branched, and densely foliated when in leaf; free of disease and insects, eggs, or larvae; and shall have healthy, well-developed root systems. They shall be free from physical damage or other conditions that would prevent vigorous growth.
1. Trees with multiple leaders, unless specified, will be rejected. Trees with a damaged or crooked leader, bark abrasions, sunscald, disfiguring knots, insect damage, or cuts of limbs over 20 mm (3/4 in.) in diameter that are not completely closed will be rejected.
C. Plants shall conform to the measurements specified, except that plants larger than those specified may be used if approved by the landscape architect. Use of larger plants shall not increase the contract price. If larger plants are approved, the root ball shall be increased in proportion to the size of the plant.
1. Caliper measurements shall be taken on the trunk 150 mm (6 in.) above the natural ground line for trees up to and including 100 mm (4 in.) in caliper, and 300 mm (12 in.) above the natural ground line for trees over 100 mm (4 in.) in caliper. Height and spread dimensions specified refer to the main body of the plant and not from branch tip to branch tip. Plants shall be measured when branches are in their normal position. If a range of sizes is given, no plant shall be less than the minimum size, and no less than 50 percent of the plants shall be as large as the maximum size specified. Measurements specified are minimum sizes acceptable after pruning, where pruning is required. Plants that meet measurements but do not possess a standard relationship between height and spread, according to the Florida Department of Agriculture Grades and Standards for Nursery Plants, shall be rejected.
D. Substitutions of plant materials will not be permitted unless authorized in writing by the landscape architect. If proof is submitted in writing that a plant specified is not obtainable, consideration will be given to the nearest available size or similar variety, with a corresponding adjustment of the contract price.
E. The plant schedule provided at the end of this section, or on the drawing, is for the contractor's information only, and no guarantee is expressed or implied that quantities therein are correct or that the list is complete. The contractor shall ensure that all plant materials shown on the drawings are included in his or her bid.
F. All plants shall be labeled by plant name. Labels shall be attached securely to all plants, bundles, and containers of plant materials when delivered. Plant labels shall be durable and legible, with information given in weather-resistant ink or embossed process lettering.
G. Selection and Tagging
1. Plants shall be subject to inspection for conformity to specification requirements and approval by the landscape architect at their place of growth and upon delivery. Such approval shall not impair the right of inspection and rejection during progress of the work.
2. A written request for the inspection of plant material at their place of growth shall be submitted to the landscape architect at least ten calendar days prior to digging. This request shall state the place of growth and the quantity of plants to be inspected. The landscape architect may refuse inspection at this time if, in his or her judgment, sufficient quantities of plants are not available for inspection or landscape architect deems inspection is not required.
3. All field grown deciduous trees shall be marked to indicate the trees north orientation in the nursery. Place a 1-in. diameter spot of white paint onto the north side of the tree trunk within the bottom 12 inches of the trunk.
H. Anti-Desiccants
1. Anti-desiccants, if specified, are to be applied to plants in full leaf immediately before digging or as required by the landscape architect. Anti-desiccants are to be sprayed so that all leaves and branches are covered with a continuous protective film.
I. Balled and Burlapped (B&B) Plant Materials
1. Trees designated B&B shall be properly dug with firm, natural balls of soil retaining as many fibrous roots as possible, in sizes and shapes as specified in the Florida Department of Agriculture Grades and Standards for Nursery Plants. Balls shall be firmly wrapped with synthetic, natural, or treated burlap, and/or wire. All synthetic fabric should be removed from the rootball prior to planting. True biodegradable burlap can be left around the root ball. The root collar shall be apparent at surface of ball. Trees with loose, broken, processed, or manufactured root balls will not be accepted, except with special written approval before planting.
J. Container Plants
1. Plants grown in containers shall be of appropriate size for the container as specified in the most recent edition of the Florida Department of Agriculture Grades and Standards for Nursery Plants and be free of circling roots on the exterior and interior of the root ball.
2. Container plants shall have been grown in the container long enough to have established roots throughout the growing medium.
K. Bareroot and Collected Plants
1. Plants designated as bareroot or collected plants shall conform to the American Standard for Nursery Stock.
2. Bareroot material shall not be dug or installed after bud break or before dormancy.
3. Collected plant material that has not been taken from active nursery operations shall be dug with a root ball spread at least 1/3 greater than nursery grown plants. When specified or approved, shall be in good health, free from disease, insect or weed infestation and shall not be planted before inspection and acceptance at the site. Testing may be required at the discretion of the Landscape Architect and/or the Owner and shall be provided at no additional cost.
L. Specimen Material: Plant material specified as specimens are to be approved by the Landscape Architect before being brought to the site. Unless otherwise noted on the drawings, these plants shall be Florida Fancy.
M. Palms
1. Coconut Palms shall be grown from a certified seed.
2. All palm species except Sabal palmetto shall have roots adequately wrapped before transporting.
3. Sabal palms shall have a hurricane cut. Sabal palms shall be installed on site at the earliest opportunity in the construction process. All Sabal palms shall be from Palm Beach County or other sandy soils. All Sabal palms shall be Florida Fancy.
4. For booted trunk palms, trunks shall have clean intact boots firmly attached to the palm trunk. For slick trunk palms, trunk shall be clear and free from defect and scars.
5. The Contractor shall treat all palms as required to prevent infestation by the palmetto weevil.
N. Sod
1. Sod shall be graded #1 or better. Sod shall be loam or muck grown with a firm, full texture and good root development. Sod shall be thick, healthy and free from defects and debris including but not limited to dead thatch, insects, fungus, diseases and contamination by weeds, other grass varieties or objectionable plant material.
2. Sod shall be sufficiently thick to insure a dense stand of live grass. Sod shall be live, fresh, and uninjured at the time of planting. Plant sod within 48 hours after harvesting.
3. Sod area shall be all areas not otherwise identified and shall include the area beyond the property line to the edge of pavement and/or edge of water.
O. Immediately after harvesting plants, protect from drying and damage until shipped and delivered to the planting site. Rootballs shall be checked regularly and watered sufficiently to maintain root viability.
P. Transportation and Storage of Plant Material
1. Branches shall be tied with rope or twine only, and in such a manner that no damage will occur to the bark or branches.
2. During transportation of plant material, the contractor shall exercise care to prevent injury and drying out of the trees. Should the roots be dried out, large branches broken, balls of earth broken or loosened, or areas of bark torn, the landscape architect may reject the injured tree(s) and order them replaced at no additional cost to the owner. All loads of plants shall be covered at all times with tarpaulin or canvas. Loads that are not protected will be rejected.
3. All bareroot stock sent from the storage facility shall be adequately covered with wet soil, sawdust, woodchips, moss, peat, straw, hay, or other acceptable moisture-holding medium, and shall be covered with a tarpaulin or canvas. Loads that are not protected in the above manner may be rejected.
4. Plants must be protected at all times from sun or drying winds. Those that cannot be planted immediately on delivery shall be kept in the shade, well protected with soil, wet mulch, or other acceptable material, and kept well watered. Plants shall not remain unplanted any longer than three days after delivery. Plants shall not be bound with wire or rope at any time so as to damage the bark or break branches. Plants shall be lifted and handled with suitable support of the soil ball to avoid damaging it.
Q. Mechanized Tree Spade Requirements
Trees may be moved and planted with an approved mechanical tree spade. The tree spade shall move trees limited to the maximum size allowed for a similar B&B root-ball diameter according to the American Standard for Nursery Stock or the manufacturer's maximum size recommendation for the tree spade being used, whichever is smaller. The machine shall be approved by the landscape architect prior to use. Trees shall be planted at the designated locations in the manner shown in the plans and in accordance with applicable sections of the specifications.

II Materials for Planting
A. Mulch: Except as otherwise specified, mulch shall be shredded Melaleuca mulch - grade "A". All Melaleuca mulch shall be made entirely from the wood and bark of the
Melaleuca quinquinerva tree. It shall not contain more than 10% bark (by volume). Shreds and chips shall not be larger the ¾" diameter and 1½" in length. Mulch shall
be free of weeds, seeds, and any other organic or inorganic material other than Melaleuca wood and bark. It shall not contain stones or other foreign material that will prevent its eventual decay. This shall be applied to all planted areas where indicated so that, after installation, the mulch thickness will not be less than 3". Submit sample for approval.
B. Peat: Shall be horticultural peat composed of not less than 60% decomposed organic matter by weight, on an oven dried basis. Peat shall be delivered to the site in a
workable condition free from lumps.
C. Gravel Mulch: Use only where specifically indicated on the plans of the size and type shown. Unless otherwise specified it shall be water-worn, hard durable gravel, washed free of loam, sand, clay and other foreign substances. It shall be a minimum of 3" deep and shall be contained with edging or other approved gravel stop as indicated on the plans. It shall be a maximum of 1 1/2", a minimum of 3/4" and of a readily-available natural gravel color range. Provide geotextile filter fabric below aggregate rock.
Submit sample for approval.
D. Root Barrier: Where specified, root barriers shall be installed on all tree and palm material in accordance with the root barrier detail provided within the plan drawings. Root barriers shall comply with all requirements of the municipality within which they are located as well as with any utility holder requirements of any affected utilities. In the event that conflicting requirements exist between the root barrier detail provided within the plan documents and the municipality/utility holder requirements, the more stringent of the requirements shall be applicable.
E. Planter Edging: Use only where specifically indicated on plans. Edging shall be the color black.
F. Anti-desiccant: shall be an emulsion specifically manufactured for agricultural use, which provides a protective film over plant surfaces. Anti-desiccants shall be delivered in containers of the manufacturer and shall be mixed according to the manufacturer's directions. Submit manufacturer literature for approval.

III. Materials for Soil Amendment
A. Pine Bark: Horticultural-grade milled pine bark, with 80 percent of the material by volume sized between 0.1 and 15.0 mm.
1. Pine bark shall be aged sufficiently to break down all woody material. Pine bark shall be screened.
2. pH shall range between 4 and 7.0.
3. Submit manufacturer literature for approval.
B. Organic Matter: Leaf matter and yard waste composted sufficiently to break down all woody fibers, seeds, and leaf structures, and free of toxic and nonorganic matter. Organic matter shall be commercially prepared compost. Submit 0.5 kg (1 lb) sample and suppliers literature for approval.
C. Course Sand: Course concrete sand, ASTM C-33 Fine Aggregate, with a Fines Modulus Index of 2.75 or greater.
1. Sands shall be clean, sharp, natural sands free of limestone, shale and slate particles.
2. Provide the following particle size distribution:

Sieve	Percentage Passing
3/8 in (9.5 mm)	100
No. 4 (4.75 mm)	95-100
No. 8 (2.36 mm)	80-100
No. 16 (1.18 mm)	50-85
No. 30 (0.60 mm)	25-60
No. 50 (0.30 mm)	10-30
No. 100 (0.15 mm)	2-10

D. Lime: shall be ground, palletized, or pulverized lime manufactured to meet agricultural standards and contain a maximum of 60 percent oxide (i.e. calcium oxide plus magnesium oxide). Submit manufacturer literature for approval.
E. Sulfur: shall be flowers of sulfur, pelletized or granular sulfur, or iron sulfate. Submit manufacturer literature for approval.
F. Fertilizer: Agricultural fertilizer of a formula indicated by the soil test. Fertilizers shall be organic, slow-release compositions whenever applicable. Submit manufacturer literature for approval.

IV. Planting Mix
A. Planting Mix
1. Planting Mix for Trees, Shrubs, Groundcovers and vines: Check with landscape architect for appropriate mixture.
2. Planting Mix for Palms: Mixture of course sand and peat mixed to the following proportion:

Component	Percent by Volume
Coarse Sand	75%
Peat	25%

B. Planting mix shall be thoroughly mixed, screened, and shredded.
C. Prior to beginning the mixing process, submit a 1-kg (2-lb) sample of the proposed mix with soil test results that indicate the mix ratio and the results achieved.
D. During the mixing process but prior to installing the mix, submit a 1-kg (2-lb) sample for each 200 cubic meters (250 cubic yards) of planting mix, taken randomly from the finished soil mix, with soil test results for approval. In the event that the test results do not meet the required particle size distribution, remix and resubmit a revised planting mix.
E. Make all amendments of lime/sulfur and fertilizer indicated by the soil test results at the time of mixing.
F. All mixing shall take place in the contractors yard, using commercial mixing equipment sufficient to thoroughly mix all components uniformly
G. Protect the planting mix from erosion prior to installation.

Part 3. Execution

I. Excavation of Planted Areas
A. Locations for plants and/or outlines of areas to be planted are to be staked out at the site. Locate and mark all subsurface utility lines. Approval of the stakeout by the landscape architect is required before excavation begins.
B. Tree, shrub, and groundcover beds are to be excavated to the depth and widths indicated on the landscape plan detail drawings. If the planting area under any tree is initially dug too deep, the soil added to bring it up to the correct level should be thoroughly tamped.
1. The sides of the excavation of all planting areas shall be sloped at a 45 degrees. The bottom of all beds shall slope parallel to the proposed grades or toward any subsurface drain lines within the planting bed. The bottom of the planting bed directly under any tree shall be horizontal such that the tree sits plumb.
2. Maintain all required angles of repose of the adjacent materials as shown on the drawings. Do not excavate compacted subgrades of adjacent pavement or structures.
3. Subgrade soils shall be separated from the topsoil, removed from the area, and not used as backfill in any planted or lawn area. Excavations shall not be left uncovered or unprotected overnight.
C. For trees and shrubs planted in individual holes in areas of good soil that is to remain in place and/or to receive amendment in the top 150-mm (6 in.) layer, excavate the
hole to the depth of the root ball and to widths shown on the drawing. Slope the sides of the excavation at a 45 degree angle up and away from the bottom of the excavation.
1. In areas of slowly draining soils, the root ball may be set up to 75 mm (3 in.) or 1/8 of the depth of the root ball above the adjacent soil level.
2. Save the existing soil to be used as backfill around the tree.
3. On steep slopes, the depth of the excavation shall be measured at the center of the hole and the excavation dug as shown on the drawings.
D. Detrimental soil conditions: The landscape architect is to be notified, in writing, of soil conditions encountered, including poor drainage, that the contractor considers detrimental to the growth of plant material. When detrimental conditions are uncovered, planting shall be discontinued until instructions to resolve the conditions are received from the landscape architect.
E. Obstructions: If rock, underground construction work, utilities, tree roots, or other obstructions are encountered in the excavation of planting areas, alternate locations for
any planting shall be determined by the landscape architect.

II. Installation of Planting Mix
A. Prior to the installation of the planting mix, install subsurface drains, irrigation main lines, lateral lines, and irrigation risers shown on the drawings.
B. The landscape architect shall review the preparation of subgrades prior to the installation of planting mix.
C. Do not proceed with the installation of planting mix until all utility work in the area has been installed.
D. Protect adjacent walls, walks, and utilities from damage or staining by the soil. Use 12-mm (1/2 in.) plywood and/or plastic sheeting as directed to cover existing concrete,
metal, masonry work, and other items as directed during the progress of the work.
1. Clean up any soil or dirt spilled on any paved surface at the end of each working day.
2. Any damage to the paving or architectural work caused by the soils installation contractor shall be repaired by the general contractor at the soils installation contractors expense.
E. Till the subsoil into the bottom layer of topsoil or planting mix.
1. Loosen the soil of the subgrade to a depth of 50 to 75 mm (2 to 3 in.) with a rotoriller or other suitable device.
2. Spread a layer of the specified topsoil or planting mix 50 mm (2 in.) deep over the subgrade. Thoroughly till the planting mix and the subgrade together.
3. Immediately install the remaining topsoil or planting mix in accordance with the following specifications. Protect the tilled area from traffic. DO NOT allow the tilled subgrade to become compacted.
4. In the event that the tilled area becomes compacted, till the area again prior to installing the planting mix.
F. Install the remaining topsoil or planting mix in 200- to 250-mm (8- to 10-in.) lifts to the depths and shown on the drawing details. The depths and grades shown on the drawings are the final grades after soil settlement and shrinkage of the organic material. The contractor shall install the soil at a higher level to anticipate this reduction of soil volume, depending on predicted settling properties for each type of soil.
1. Phase the installation of the soil such that equipment does not have to travel over already-installed topsoil or planting mixes.
2. Compact each lift sufficiently to reduce settling but not enough to prevent the movement of water and feeder roots through the soil. The soil in each lift should feel firm to the foot in all areas and make only slight heel prints. Overcompaction shall be determined by the following field percolation test.
a. Dig a hole 250 mm (10 in.) in diameter and 250 mm (10 in.) deep.
b. Fill the hole with water and let it drain completely. Immediately refill the hole with water, and measure the rate of fall in the water level.
c. In the event that the water drains at a rate less than 25 mm (1 in.) per hour, till the soil to a depth required to break the overcompaction.
d. The landscape architect shall determine the need for, and the number and location of percolation tests based on observed field conditions of the soil.
3. Maintain moisture conditions within the soils during installation to allow for satisfactory compaction. Suspend installation operations if the soil becomes wet. Do not place soils on wet subgrade.
4. Provide adequate equipment to achieve consistent and uniform compaction of the soils. Use the smallest equipment that can reasonably perform the task of spreading and compaction.
5. Add lime, sulfur, fertilizer, and other amendments during soil installation. Spread the amendments over the top layer of soil and till into the top 100 mm (4 in.) of soil. Soil amendments may be added at the same time that organic matter, when required, is added to the top layer of soil.
6. Protect soil from overcompaction after placement. An area that becomes overcompacted shall be tilled to a depth of 125 mm (6 in.). Uneven or settled areas shall be filled and regraded.

III. Fine Grading
A. It shall be the responsibility of the Contractor to finish grade (min. 6" below adjacent F.F.E.). Finish grades in planting areas shall be one inch lower than adjacent paving and are to include 3" of mulching. New earthwork shall blend smoothly into the existing earthwork, and grades shall pitch evenly between spot grades. All planted areas must pitch to drain at a minimum of 1/4" per foot. Any discrepancies not allowing this to occur shall be reported to the Landscape Architect prior to continuing work.
B. Fill all dips and remove any bumps in the overall plane of the slope.
1. The tolerance for dips and bumps in lawn areas shall be a 12-mm (1/2 in.) deviation from the plane in 3,000 mm (10 ft).
2. The tolerance for dips and bumps in shrub planting areas shall be a 25-mm (1 in.) deviation from the plane in 3,000 mm (10 ft).
3. All fine grading shall be inspected and approved by the landscape architect prior to planting, mulching, sodding, or seeding.
C. Berming shall not be placed within 10' of any existing tree nor will it be allowed to encroach upon any utility, drainage, or maintenance easement. Berming shall not impede or obstruct any necessary swales needed to drain other areas for the property.

IV. Planting Operations
A. Plants shall be set on flat-tamped or unexcavated pads at the same relationship to finished grade as they were to the ground from which they were dug, unless otherwise noted on the drawings. Plants must be set plumb and braced in position until topsoil or planting mix has been placed and tamped around the base of the root ball. Improper compacting of the soil around the root ball may result in the tree settling or leaning. Plants shall be set so that they will be at the same depth and so that the root ball does not shift or move laterally one year later.
1. Determine the elevation of the root flare and ensure that it is planted at grade. This may require that the tree be set higher than the grade in the nursery.
2. If the root flare is less than 50 mm (2 in.) below the soil level of the root ball, plant the tree the appropriate level above the grade to set the flare even with the grade. If the flare is more than 50 mm (2 in) at the center of the root ball the tree shall be rejected.
B. Lift plants only from the bottom of the root balls or with belts or lifting harnesses of sufficient width not to damage the root balls. Do not lift trees by their trunk or use the trunk as a lever in positioning or moving the tree in the planting area.
C. Remove plastic, paper, or fiber pots from containerized plant material. Pull roots out of the root mat. Loosen the potting medium and shake away from the root mat. Immediately after removing the container, install the plant such that the roots do not dry out. Pack planting mix around the exposed roots while planting.
D. The roots of bare-root trees shall be pruned at the time of planting to remove damaged or undesirable roots (those likely to become a detriment to future growth of the root system). Bare-root trees shall have the roots spread to approximate the natural position of the roots and shall be centered in the planting pit. The planting-soil backfill shall be worked firmly into and around the roots, with care taken to fill in completely with no air pockets.
E. Cut ropes or strings from the top of shrub root balls and trees smaller than 3 in. caliper after plant has been set. Remove burlap or cloth wrapping and any wire baskets from around top half of balls. Do not turn under and bury portions of burlap at top of ball.
1. Do not immediately remove the ropes and burlap from trees larger than 3 in. caliper. Return to each tree three months after planting and cut all ropes around the trunks and tops of the root balls of these trees.
2. Completely remove any waterproof or water-repellant strings or wrappings from the root ball and trunk before backfilling.
F. Set balled and burlapped trees in the hole with the north marker facing north unless otherwise approved by the landscape architect.
G. Place native soil, topsoil, or planting mix into the area around the tree, tamping lightly to reduce settlement.
1. For plants planted in individual holes in existing soil, add any required soil amendments to the soils, as the material is being backfilled around the plant. Ensure that the amendments are thoroughly mixed into the backfill.
2. For plants planted in large beds of prepared soil, add soil amendments during the soil installation process.
3. Ensure that the backfill immediately around the base of the root ball is tamped with foot pressure sufficient to prevent the root ball from shifting or leaning.
H. Solid sod shall be laid with closely abutting joints with a tamped or rolled, even surface. Stagger strips to offset joints in adjacent courses. Bring the sod edge in a neat, clean manner to the edge of all paving and shrub areas. Sod along slopes shall be pegged to hold sod in place along slopes or banks a wood peg acceptable to the Landscape Architect shall be used at no additional cost to the Owner. If, in the opinion of the Landscape Architect, top-dressing is necessary after rolling, clean sand will be evenly applied over the entire surface and thoroughly washed in without additional charge.
I. Thoroughly water all plants immediately after planting. Apply water by hose directly to the root ball and the adjacent soil.
J. Remove all tags, labels, strings, etc. from all plants.
K. Remove any excess soil, debris, and planting material from the job site at the end of each workday.
L. Form watering saucers 100 mm (4 in.) high immediately outside the area of the root ball of each tree as indicated on the drawings.

V. Relocation of Existing Material:
A. Landscape Contractor shall root prune trees which are to be relocated in accordance with approved horticultural practices and the following procedures.
1. Select a healthy tree
2. Selectively trim the canopy removing dead limbs, cross branching over crowned areas, and lower undesirable limbs. Fertilize and water trees before pruning.
3. Root prune 50% of the root system approximately 18"-2' deep (depending upon species and size). This is done by hand with sharp hand tools or a root pruning saw. The diameter of the root ball to be pruned is 8-12 inches per every one inch of diameter at breast height of the tree.
4. Back fill the existing soil with peat moss to stimulate new root growth of the pruned roots.
5. Water in thoroughly and treat with a mycorrhizae and a low nitrogen fertilizer (so not to burn the pruned roots). Brace trees if deemed necessary.
6. The root pruned tree should be watered every day (especially during warm months of the season), the equivalent of 5 gallons for every DBH of tree per day.
7. Root pruned trees should be let to stand for a minimum of 6 weeks for trees less than 8" DBH and as long as 3 months for larger specimens prior to transplanting.
8. For best results and survivorship, new root growth should be evident on root pruned trees prior to transplanting.
9. Upon transplanting, water should be applied every day as outlined in step 6 for at least one year.

VI. Staking and Guying
A. The Contractor shall stake all trees and palms in accordance with the tree and palm staking details provided within the plan drawings. Alternate methods of guying or staking may be employed with the prior approval of the Landscape Architect.
B. The Contractor shall be responsible for the replacement or adjustment of all trees, palms or shrubs that fall or lean during the guarantee period. The Contractor shall be responsible for any damage caused by the falling or leaning of trees.
C. Stakes and guys shall be installed immediately upon approval or planting, and shall be removed in accordance with the staking details provide within the plan drawings. Any tree that is not stable at the end of the warranty period shall be rejected.

VII. Pruning
A. Plants shall not be heavily pruned at the time of planting. Pruning is required at planting time to correct defects in the tree structure, including removal of injured branches, waterspouts, suckers, and interfering branches. Healthy lower branches and interior small twigs should not be removed except as necessary to clear walks and roads. In no case should more than one-quarter of the branching structure be removed. Retain the normal or natural shape of the plant.
B. All pruning shall be completed using clean, sharp tools. All cuts shall be clean and smooth, with the bark intact with no rough edges or tears.
C. Pruning of large trees shall be done from a hydraulic man-lift such that it is not necessary to climb the tree.

VIII. Mulching
A. All trees, palms, shrubs, and other plantings will be mulched with mulch previously approved by the landscape architect. The mulch shall be a minimum 3" thick layer over all tree, shrub and ground cover planting areas, unless otherwise specified. All mulch layers shall be of the specified thickness at the time of the final acceptance of the work. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.
B. Place mulch at least 3" in depth in a circle around all trees located in lawn areas. The diameter of the circle shall be 18" in diameter larger than the ball of the plant provided. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.

IX. Maintenance of Trees, Shrubs, and Vines
A. Maintenance shall begin immediately after each plant is planted and continue until its acceptance has been confirmed by the landscape architect.
B. Maintenance shall consist of pruning, watering, cultivating, weeding, mulching, fertilizing, tightening and repairing guys and stakes, resetting plants to proper grades or upright position, restoring of the planting saucer, and furnishing and applying such sprays or other materials as necessary to keep plantings free of insects and diseases and in vigorous condition.
C. Planting areas and plants shall be protected at all times against trespassing and damage of all kinds for the duration of the maintenance period. If a plant becomes damaged or injured, it shall be treated or replaced as directed by the landscape architect at no additional cost.
D. Watering: Contractor shall irrigate as required to maintain vigorous and healthy tree growth. Overwatering or flooding shall not be allowed. The contractor shall monitor, adjust, and use existing irrigation facilities, if available, and furnish any additional material, equipment, or water to ensure adequate irrigation. Root balls of all trees and large shrubs shall be spot watered using handheld hoses during the first four months after planting, as required to ensure adequate water within the root ball.
E. During periods of restricted water usage, all governmental regulations (permanent and temporary) shall be followed. The contractor may have to transport water from ponds or other sources, at no additional expense to the owner when irrigation systems are unavailable.
F. Remove soil ridges from around watering basins prior to end of maintenance period, as directed by Landscape Architect

X. Acceptance
A. The landscape architect shall inspect all work for acceptance upon written request of the contractor. The request shall be received at least ten calendar days before the anticipated date of inspection.
B. Acceptance of plant material shall be for general conformance to specified size, character, and quality and shall not relieve the contractor of responsibility for full conformance to the contract documents, including correct species.
C. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect, the landscape architect shall certify in writing that the work has been accepted.

XI. Acceptance in Part
A. Work may be accepted in parts when the landscape architect and contractor deem that practice to be in their mutual interest. Approval must be given in writing by the landscape architect to the contractor verifying that the work is to be completed in parts. Acceptance of work in parts shall not waive any other provision of this contract.

XII. Guarantee Period and Replacements
A. The guarantee period for trees and shrubs shall begin at the date of acceptance.
B. The contractor shall guarantee all plant material to be in healthy and flourishing condition for a period of one year from the date of acceptance.
C. When work is accepted in parts, the guarantee periods extend from each of the partial acceptances to the terminal date of the guarantee of the last acceptance. Thus, all guarantee periods terminate at one time.
D. The contractor shall replace, without cost, as soon as weather conditions permit, and within a specified planting period, all plants determined by the landscape architect to be dead or in an unacceptable condition during and at the end of the guarantee period. To be considered acceptable, plants shall be free of dead or dying branches and branch tips and shall bear foliage of normal density, size, and color. Replacements shall closely match adjacent specimens of the same species. Replacements shall be subject to all requirements stated in this specification.
E. The guarantee of all replacement plants shall extend for an additional period of one year from the date of their acceptance after replacement. In the event that a replacement plant is not acceptable during or at the end of said extended guarantee period, the landscape architect may elect subsequent replacement or credit for that item.
F. At the end of the guarantee, the contractor shall reset grades that have settled below the proposed grades on the drawings.
G. The contractor shall make periodic inspections, at no extra cost, during the guarantee period to determine what changes, if any, should be made in the maintenance program. If changes are recommended, they shall be submitted in writing to the landscape architect. Claims by the contractor that the owners maintenance practices or lack of maintenance resulted in dead or dying plants will not be considered if such claims have not been documented by the contractor during the guarantee period.

XIII. Final Inspection and Final Acceptance
At the end of the guarantee period and upon written request of the contractor, the landscape architect will inspect all guaranteed work for final acceptance. The request shall be received at least ten calendar days before the anticipated date for final inspection. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect at that time, the landscape architect shall certify, in writing, that the project has received final acceptance.

SITE PHOTOMETRIC PLAN

SHEET NUMBER

E0.12

SITE ANALYSIS STUDY
Sunrise Village
Application No. TBD
Initial Submittal: February 21, 2025

The following document serves as the required Site Analysis Study for the proposed project known as Sunrise Village required by section 125-314(c)(1)b. in the code.

SITE CHARACTERISTICS

The 6.08-acre subject property is identified by Parcel Number 241750400200016 and is located at 3000 Okeechobee Road, Fort Pierce, FL 34947. The site is zoned Medium Density Residential (RM), has a Medium Density Residential (R-4) Future Land Use Designation, is located in Flood Zone X, and is located within the Community Redevelopment Area (CRA). **Figure 1** and **Table 1** below reference the general location of the site and ownership information.

Figure 1 – Site Aerial

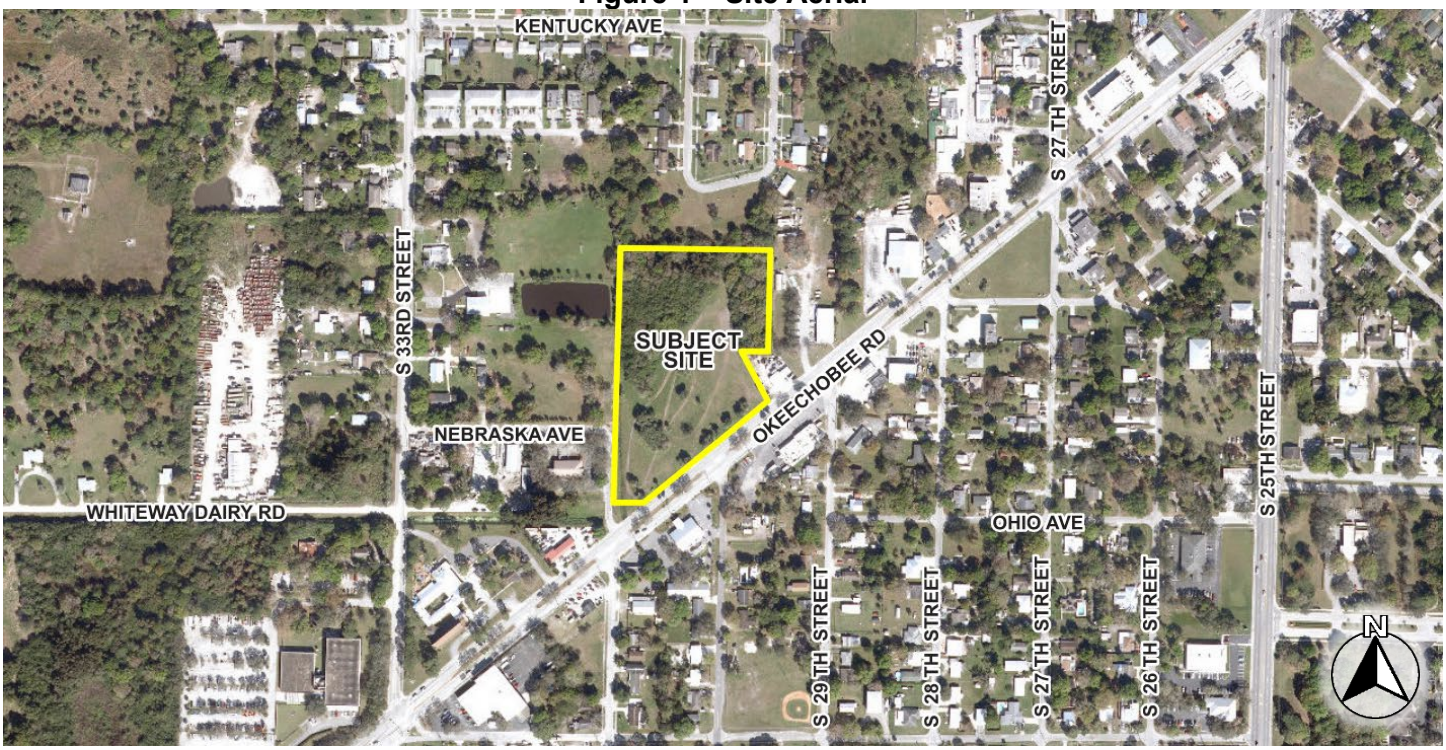

Table 1 – Parcels

Parcel Number	Owner	Acreage
2417-504-0020-001-6	Arrow Investment Group LLC	6.80 Acres

SITE ANALYSIS STUDY CRITERIA

Per Section 125-3149(c)(1)b, a site analysis study is required for design review, and shall include analysis of specimen trees and other natural vegetation, access, significant topography, wetlands, buffers, setbacks, views, orientation, the surrounding built environment and other site features that may influence design elements. The sections below provide an analysis of the site.

Specimen Trees and Vegetation

Please refer to the Environmental Impact Report provided.

Wetlands
Please refer to the Environmental Impact Report provided.

Access
Legal access to the site is currently on Okeechobee Road and will remain. The proposed development will have one access point along Okeechobee Road for both ingress and egress with a drive aisle that is 25 feet wide. No other access points are proposed for the site.

Significant Topography
The subject property does not appear to have significant topography.

Setbacks
The proposed setbacks are in accordance with the R-4 zoning district regulations. The side street, side, and rear setbacks exceed the requirements. Refer to the table below:

Table 2 – Minimum Building Setbacks

	Front	Side Corner	Side	Rear
Required	25 feet	15 feet	10 feet	20 feet
Provided	25 feet	42 feet	13.4 feet	231.8 feet

Buffers
Adequate landscape buffers are provided in accordance with the Land Development Code. A 10-foot landscape buffer is provided on the western property line and will include landscaping material and screening between the adjacent property. A 10-foot right-of-way buffer is provided on the southeast property line along Okeechobee Road. A 25-foot wetland buffer is provided between the wetlands on the west property line and the proposed lake and recreation area.

Orientation and Views
The three proposed residential buildings are organized in a way to maximize development potential of the site and maintain adequate internal circulation. All 106 units are dispersed between three 3-story apartment buildings. Buildings B and C front Okeechobee Rd, which runs southwest to northeast. The buildings are oriented at the same angle as the road, which minimizes visual impact to the surrounding properties, specifically the single family residential lots to the north and west. The angle of the proposed buildings minimizes direct views between residents of the single-family homes and proposed development, as they are not directly facing one another. In addition, there is a 1.03-acre lake tract on the northwest corner of the site, adjacent to wetlands that border a portion of the west property line.

Surrounding Built Environment
The surrounding uses of residential and institutional appear compatible with the proposed development. The site is predominately surrounded by low-density residential and low-intensity commercial uses.

Table 3 – Surrounding Properties

	FLU Designation	Zoning District	Existing Use
North	Low Density Residential (RL)	Single-family intermediate density (R-2)	Single Family Homes
South	General Commercial (GC)	General Commercial (C-3)	Commercial
East	General Commercial (GC)	General Commercial (C-3)	Industrial (Auto Body Shop) Retail (Habitat for Humanity Restore)
West	Medium Density Residential (RM)	Medium density residential (R-4)	Residential Vacant Commercial
	General Commercial (GC)	General Commercial (C-3)	

North: Immediately to the north of the site are primarily single family residential homes. This area is zoned R-2, with a Future Land Use Designation of RL.

South: Immediately to the south of the site is Okeechobee Road. Just south of Okeechobee Road is additional commercial development zoned C-3 with a future land use designation of GC.

East: Immediately to the east of the site is commercial development, including an auto body shop and a retail Habitat for Humanity Restore. This land is zoned C-3 and has a future land use designation of GC.

West: Immediately to the west of the site has a mix of uses. There is vacant land, a single family lot, and a commercial building. The northern parcels are zoned R-4 with a future land use of RM, and the southern parcels are zoned C-3 and have a future land use designation of GC.

The proposed affordable multifamily housing development is consistent with intent of the R-4 zoning district and general area. Located along Okeechobee Road, a major corridor with access to multiple modes of transit, the proposed development will introduce much needed multifamily affordable housing to the area.

CONCLUSION

On behalf of the Applicant, WGI respectfully requests approval of the 106-unit affordable multifamily development.

ENVIRONMENTAL IMPACT REPORT
BLUE SKY – SUNRISE VILLAGE
Ft. Pierce
February 20, 2025

INTRODUCTION

The intent of this report is to document potential environmental impacts within the below identified property including wetlands, uplands, and the potential for threatened and endangered species. This report has been prepared in accordance with the City of Fort Pierce Land Development Code.

The subject property consists of one parcel totaling approximately 6.87 acres 3000 Okeechobee Road in Ft. Pierce Florida (Parcel Control Numbers: 2417-504-0020-001-6). Please refer to **Exhibit A** (Location Map) for details.

SOURCES OF INFORMATION

Literature reviews, agency database searches and coordination, and a field review were conducted to document existing habitat types within and around the property. The information collected and databases reviewed included:

- U.S. Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) Soil Map
- USDA NRCS Soil Survey of St. Lucie, Florida, 2023;
- Florida Association of Professional Soil Classifiers, Hydric Soils of Florida Handbook, 4th ed. (Hurt et. al. 2007)
- U.S. Fish and Wildlife Service (USFWS), Classification of Wetlands and Deepwater Habitats of the United States (Cowardin et. al. 1979; 2013)
- Florida Natural Areas Inventory (FNAI) Biodiversity Matrix (Matrix Unit ID 66175 and 66176)
- National Wetland Inventory Maps
- Various Florida Fish and Wildlife Conservation Commission (FWC) GIS data layers
- USFWS, South Florida Ecological Services Office Wood Stork Florida Nesting Colonies Maps
- USFWS Critical habitat for threatened and endangered species mapper
- USFWS IPac Planning Tool
- Florida Department of Transportation (FDOT) Florida Land Use, Cover and Forms Classifications System (FLUCFCS), 3rd ed., January 1999
- Code of Ordinances Fort Pierce
- St. Lucie County Property Appraiser's Website
- South Florida Water Management District

FIELD REVIEW

WGI scientists familiar with Florida natural communities conducted a field review on November 5, 2024. During this review, each vegetative community type was walked and visually inspected to verify community boundaries, dominant vegetation, and the potential for occurrence of threatened and endangered species.

SOILS

Based upon the USDA NRCS Soil Survey for St. Lucie County, two soil types are mapped within the Subject Property. A soil map is included as Exhibit B Soil Survey. Listed below are each of the soil types found within the Subject Property and a general description of the characteristics of each soil type and commonly associated vegetation.

(25) Nettles and Oldsmar Sands – This poorly drained, nearly level soil is on broad flatwood areas. The water table is within a depth of 10 inches for 2 to 4 months during wet seasons and between depths of 10 to 40 inches for 6 months or longer in most years. Natural vegetation is slash pine, cabbage palm, saw palmetto, wax myrtle, inkberry, fetterbush, creeping bluestem, chalky bluestem, Florida three awn, and pineland three awn.

(44) Tantile and Pomona Sands – This poorly drained soil is found in low-lying depressions and wet flatwoods. The water table is within a depth of 6 inches for most of the year. Natural vegetation consists of bald cypress, slash pine, wax myrtle, fetterbush, maiden cane, sawgrass, chalky bluestem, Florida three-awn, and pineland three-awn.

WGI biologists referred to the *Hydric Soils of Florida Handbook, 4th Edition (2007)* to determine the hydric rating of each soil identified on site. The following soils have been determined to be considered hydric: Nettles and Oldsmar sands (MU 25), and Tantile and Pomona sands (MU 44).

EXISTING LAND USE

Existing land uses and natural habitats within the subject property were classified using the FLUCFCS (1999). Four land use/cover types were determined to be present within the project area. A map depicting the existing land use/cover types encountered within the property is attached as Exhibit C (Existing Land Use Map) general descriptions of the land use/cover types are provided below.

UPLAND COMMUNITIES

The upland habitat in the northeast and northwest regions is somewhat disturbed by Brazilian pepper and melaleuca. In contrast, the central and southern regions of the property have sparser vegetation, with widely spaced cabbage palms and fewer invasive species.

The following descriptions of upland habitats on the property are below.

428 – Cabbage Palm (6.17 AC)
This forest community is pure or predominantly cabbage palm and is found on sandy type soils. Associates include a wide variety of large and small hardwoods. In South Florida, cabbage palm may be strongly associated with slash and/or longleaf pine.

The following is a list of the dominant native and non-native plant species identified in the uplands on the property during the field review:

Common Name	Scientific Name	Designation
Sabal Palm	*Sabal palmetto*	Native
Laurel Oak	*Quercus laurifolia*	Native
Strangler fig	*Ficus aurea*	Native
Brazilian Pepper	*Schinus terebinthifolia*	Invasive

WETLANDS AND OTHER SURFACE WATERS
WGI scientists familiar with Florida wetland communities conducted a field review of the subject property. The purpose of the field review was to delineate the limits of, and gather pertinent information about, any wetlands that may exist onsite. Delineation of wetlands regulated by South Florida Water Management (SFWMD) and by FDEP under the State 404 Program is done according to Chapter 62-340 Florida Administrative Code (F.A.C.), Delineation of the Landward Extent of Wetlands and Surface Waters. The *Florida Wetlands Delineation Manual* (Gilbert et al., 1995) serves as a guide to Chapter 62-340. In this evaluation, WGI used the intent and methodology of the manual to form the opinion that there is one wetland within the boundaries of the subject property.

Below is the description of the wetland and the habitat type, FLUCFCS classifications, dominant vegetation, and approximate acreage. A map depicting these wetlands and surface waters is attached as Exhibit D (Wetland and Surface Water Map).

Surface Water 01 (0.12 acres)
FLUCFCS: 510 Canal/ditch
Surface water 01 is a drainage ditch/canal that is connected to offsite canals via culverts.

Wetland 01 (0.39 acres)
FLUCFCS: 619 Exotic Wetland Hardwoods
Wetland 01 is a highly disturbed forested wetland dominated by Brazilian pepper (Schinus terebinthifolia) and melaleuca. Additional vegetation, comprising approximately 10% or less of the coverage, includes laurel oak (Quercus laurifolia), red maple (Acer rubrum), and sabal palm (Sabal palmetto).

Wetland 02 (0.19 acres)
FLUCFCS: 640 Vegetated Non-Forested Wetlands
Wetland 02 is vegetated not forested and located in a drainage swale on the western boundary of the subject property. Dominant vegetation includes pickerelweed, switchgrass, dogfennel, and Brazilian pepper.

THREATENED AND ENDANGERED SPECIES

In order to determine federal and state listed protected plant and animal species that have the potential to occur within the property, available online data was collected and evaluated. In addition, a field review was conducted by WGI scientists on November 5, 2025. The purpose of the field review was to assess the potential for the occurrence of protected species within the property, and to identify any critical habitat that might be located within or adjacent to the property. During the field review, the property was canvassed for direct observations of listed species or signs of their presence, including trails, tracks, scats, nests (cavity or stick), burrows, or calls. This was a field review level assessment; many species have specific protocols to determine their presence or absence and such surveys have not been conducted at this time. Therefore, WGI can provide an opinion on the presence or absence of protected species, but not an absolute determination.

Based on the information collected, as well as a site-specific field review, federal or state listed protected plant and animal species were identified as occurring or having the potential to occur within the project area. The potential of occurrence for each species was ranked as Low, Moderate, High, or Observed based on the habitat requirements for each species, the presence and quality of the habitat within the project area, the surrounding land use, and documented occurrences of the species within or in the vicinity of the project area. A Low ranking indicates that there is no suitable habitat present within the project area and that the potential for listed species is highly unlikely. A Moderate ranking indicates that suitable habitat is present within the project area, but that the potential for listed species is unlikely. A High ranking indicates that suitable habitat is present within the project area and that listed species are likely. An Observed ranking indicates that a listed species was directly observed within the project area.

The following table lists the protected species based on FNAI's Biodiversity Matrix that in WGI's opinion have a reasonable likelihood of occurrence in the project area. The table lists their federal or state protection status, preferred habitat, and a ranking of potential for occurrence within the property.

Species	Designated Status			Habitat Preference	Potential for Occurrence Onsite
	USFWS	FWC	DOACS		
FAUNA					
REPTILIAN / AMPHIBIAN					
Eastern indigo snake *(Drymarchon corais couperi)*	T			Pine and scrubby flatwoods, high pine, dry prairie, edges of freshwater marshes, agricultural fields, coastal dunes, and human altered habitats	Low
Gopher tortoise (*Gopherus polyphemus)*		T		Upland habitats with relatively well- drained, sandy soils. Usually inhabits longleaf pine and xeric oak sandhills, scrub, xeric hammock, pine flatwoods, dry prairie, coastal grasslands and dunes, mixed hardwood-pine communities, and a variety of disturbed habitats.	Low
AVIAN					
Florida burrowing owl (*Athene cunicularia floridana)*		T		Open prairies in Florida that have very little understory vegetation. These areas include golf courses, airports, pastures, agriculture fields, and vacant lots.	Low
Snail kite *(Rostrhamus sociabilis)*	E			Inhabits shallow freshwater marshes and shallow grassy shorelines of lakes.	Low
Wood stork *Mycteria americana*	T			Fresh and saltwater marshes, tidal flats, wet prairies, forested wetlands, flooded pastures, and ditches.	Moderate
Bald eagle (*Haliaeetus leucocephalus*)	N/A	N/A	N/A	Nesting and roosting habitat consists of forested habitats with mature canopy trees. Preferred foraging habitat consists of expanses of shallow fresh or salt water that includes a diversity and abundance of prey and access to shallow water and tall trees/structures for perching.	Low
MAMMALS					
Florida panther (*Puma concolor coryi*)	E			Habitat selection is related to prey availability and suitable habitat includes dense understory vegetation for stalking/feeding, resting, and denning. Preferred habitat is typically forested habitat types interspersed with other habitat types. The species requires large, contiguous areas.	Habitat not onsite

Legend:
USFWS = United States Fish and Wildlife Service
FWC = Florida Fish and Wildlife Conservation Commission DOACS = Florida Department of Agriculture & Consumer Services E = Endangered
T = Threatened
SSC = Species of Special Concern
(S/A) = Threatened/Similarity of Appearance
N/A = Not Applicable
Low = Suitable habitat found within the project area, but no documented element occurrence of the species within one (1) mile of the project area and no observations were made during field reviews.
Moderate = Suitable habitat exists and the species has been documented within one (1) mile of the project area, but no observations were made during field reviews.
High = Suitable habitat exists and species was observed within the project area during field reviews.

MAN-MADE FEATURES

The surface water that borders the subject property to the west is a manmade drainage ditch that is connected to canals offsite via culverts. There are no barns, houses, or any other man-made structures present on the property.

FINDINGS AND DISCUSSION

Based on the above findings, there are natural features present on the property that are regulated by federal, state, and local agencies.

Wetlands and Other Surface Waters

The wetland boundaries in this report were delineated by a Professional Wetland Scientist (PWS) and will be reviewed by SFWMD during the ERP application process. It was determined that there are 0.58 acres of isolated wetlands located on the property as well as 0.12 acres of surface waters. No existing state or federal environmental resource permits were found for the subject property during research.

Threatened and Endangered Species

The subject property is located within the USFWS Consultation Area for the wood stork (*Mycteria americana*). Surface waters and wetlands with a seasonal high-water depth between 2 inches and 15 inches with 25 percent aquatic vegetation coverage or less are considered suitable foraging habitat (SFH) for the wood stork. SFH for the wood stork may be present on the subject property. The USFWS will require consultation during the review process to ensure that there is no net loss of SFH. This no net loss of SFH is usually accomplished through the development of stormwater retention ponds and the required planted littoral zones. All impacts to wood stork SFH will be offset during wetland permitting.

The Subject Property is located within the USFWS Consultation Area for the Federally threatened eastern indigo snake (*Drymarchon corais couperi*). Suitable nesting habitat consists of pine and scrubby flatwoods, high pine, dry prairie, edges of freshwater marshes, agricultural fields, coastal dunes, and human altered habitats. Based on August 1, 2017 guidance from the USFWS regarding consultation measures for the eastern indigo snake, it is anticipated any proposed development project will "key out" for a determination of "Not Likely to Adversely Affect" (NLAA) to eastern indigo habitat because the Subject Property impacts would be less than 25 acres in size and the Standard Protection Guidelines for the Eastern Indigo Snake will be used during construction. According to the 2017 programmatic key, this project would follow a path of A → B → C → D → E → NLAA. If an eastern indigo snake is encountered, the snake must be allowed to vacate prior to the commencement of proposed work in the area.

The subject property is located within the USFWS Consultation Area for the federally threatened Audubon's crested caracara (*Caracara cheriway*), which is protected under the federal MBTA. Caracara habitat includes wet prairies, wooded areas with saw palmetto, cypress, scrub oaks, and pastures. No observations of nests or physical sightings of the species were observed during field review.

The subject property is located within the USFWS Consultation Area for the federally threatened Everglades snail kite (*Rostrhamus sociabilis plumbeus*), also protected under the MBTA. Everglades snail kites prefer to inhabit shallow freshwater marshes and shallow grassy shorelines of lakes without mature canopy coverage. No observations of nests or physical observations of the species were made during the field review.

Due to the density of the vegetation on the majority of the site suitable habitat for the Florida burrowing owl (*Athene cunicularia floridana*) is not present on the subject property. During the field review on November 5, 2024, no apparent evidence of burrowing owls or their burrows was observed on the subject property.

The subject property is located within the USFWS Consultation Area for the red-cockaded woodpecker (*Picoides borealis*). The red-cockaded woodpecker lives and forages in mature pine forests, specifically those with longleaf pines averaging 80 to 120 years old and loblolly pines averaging 70 to 100 years old. Red-cockaded woodpeckers live in groups with a breeding pair and as many as four helpers, usually male offspring from the previous year. Each group needs about 200 acres of old pine forest to support its foraging and nesting needs. The project site does not contain suitable foraging or nesting habitat for the species. No observations of nests or physical observations of the species were made during the field review. Use of the consultation key resulted in the following sequential determination: Ab > Bb, "no effect" on the red-cockaded woodpecker.

During the field review on November 5, 2025, no apparent evidence of gopher tortoises, burrowing owls or their burrows were observed on the property.

<u>Uplands and Trees</u>

The Subject Property consists of approximately 6.17 acres of upland cabbage palm dominant forest. Proposed onsite impacts include impacts to native trees, exotic vegetation, and native upland habitat. Approximately 6.17 acres of upland habitat is proposed to be impacted by the development of the subject property. A tree permit will be required, and all impacted trees will be mitigated as required.

CONCLUSION

- Uplands/Trees: Protected trees exist on the subject property and a tree removal permit will be required prior to their removal.

- Wetlands and Other Surface Waters: At least one of the wetlands on the subject property likely fall under the jurisdiction of the USACE, requiring an Approved Jurisdictional Determination (AJD) to confirm. Additionally, the project will necessitate an Individual Environmental Resource Permit (ERP) from the SFWMD and possibly an Individual Permit from USACE.

- Listed Species: The subject property is located within the USFWS Consultation Areas for the red-cockaded woodpecker, Everglades snail kite, Eastern indigo snake, Audubon's crested caracara, and wood stork. Additionally, the subject property is within the ranges of state-listed species Florida sandhill crane, Florida burrowing owl, and gopher tortoise. Habitat for the wood stork and possibly the snail kite was observed on the property. Impacts to species are not anticipated and will be reviewed by FWC and USFWS during the ERP application review.

JUSTIFICATION STATEMENT
Sunrise Village
Application No. TBD
Initial Submittal: February 21, 2025

REQUEST

On behalf of the Applicant, WGI is requesting approval of the following:

1) **Major Site Plan** for 106-unit affordable housing multifamily development.
2) **Design Review** for 106-unit affordable housing multifamily development.
3) **Conditional Use** for an Innovative Community Development.
4) **Density Bonus** of 5 units per acre per section 125-326(b)(2) in the land development code.

SITE CHARACTERISTICS

The 6.80-acre subject property is identified by Parcel Number 241750400200016 and is located at 3000 Okeechobee Road, Fort Pierce, FL 34947. The site is zoned Medium Density Residential (RM), has a Medium Density Residential (R-4) Future Land Use Designation, is located in Flood Zone X and within the Community Redevelopment Area (CRA). **Figure 1** and **Table 1** below reference the general location of the site and ownership information.

Figure 1 – Site Aerial

Table 1 – Parcels

Parcel Number	Owner	Acreage
2417-504-0020-001-6	Arrow Investment Group LLC	6.80 Acres

DEVELOPMENT HISTORY

The subject site was previously approved by the City Commission in 2023 for a 112-unit multi-family development known as Aria Apartments. The approved development included 112 multi-family units, a 2,168 square foot clubhouse with a pool, and additional amenities and improvements to the site.

Table 2 – Previous Approvals

Application	Request(s)	Resolution/Approval Date
Aria Apartments	Approval of a Site Plan (Development Review and Design Review) and Conditional Use to construct a 112-unit multi-family innovative residential development with a 2,168 square foot clubhouse with a swimming pool, and associated site improvements.	01/17/2023

SURROUNDING PROPERTIES

The surrounding uses of residential and institutional are compatible with the proposed development. The site is predominately surrounded by low and mediumdensity residential and low-intensity commercial uses.

Table 3 – Surrounding Properties

	FLU Designation	Zoning District	Existing Use
North	Low Density Residential (RL)	Single-family intermediate density (R-2)	Single Family Homes
South	General Commercial (GC)	General Commercial (C-3)	Commercial
East	General Commercial (GC)	General Commercial (C-3)	Industrial (Auto Body Shop) Retail (Habitat for Humanity Restore)
West	Medium Density Residential (RM)	Medium density residential (R-4)	Residential Vacant Commercial
	General Commercial (GC)	General Commercial (C-3)	

North: Immediately to the north of the site are primarily single-family residential homes. This area is zoned R-2, with a Future Land Use Designation of RL.

South: Immediately to the south of the site is Okeechobee Road. Just south of Okeechobee Road is additional commercial development zoned C-3 with a future land use designation of GC.

East: Immediately to the east of the site is commercial development, including an auto body shop and a retail Habitat for Humanity Restore. This land is zoned C-3 and has a future land use designation of GC.

West: Immediately to the west of the site are a mix of uses. There is vacant land, a single-family lot, and a commercial building. The northern parcels are zoned R-4 with a future land use of RM, and the southern parcels are zoned C-3 and have a future land use designation of GC.

PROPOSED DEVELOPMENT

The proposed development includes 106 multifamily dwelling units dispersed throughout three buildings (A, B, and C). Building A includes 46 units, Building B includes 30 units and Building C includes 30 units. A 1.03-acre lake tract with a fountain is located on the northern portion of the site, bordered on the west by wetlands to be preserved. Existing vegetation on the northeast portion of the site is also preserved as development is concentrated closer to Okeechobee Road. The Applicant is requesting approval of the site as an Innovative Community Development due to unique architecture, much needed affordable housing, enhanced landscaping, preservation of the existing environment and transit-oriented design featuring access to public transportation, bicycle parking improvements and pedestrian connectivity.

PROPERTY DEVELOPMENT STANDARDS (R-4 ZONING DISTRICT)

The subject site is zoned Medium Density Residential (R-4), which has a set of required property development regulations established in Sec. 125-194. The proposed development is designed as an innovative community development, which allows for more flexible regulations that may supersede the R-4 district. However, the development is designed to comply with the R-4 district and standard zoning regulations with exception to a reduction to the proposed vehicular parking. The sections below outline the standard and proposed regulations.

Density

Per Section 125-194 (a), the R-4 district allows for a maximum of ten dwelling units per acre for conventional developments, and twelve units per acre for innovative residential developments. The Applicant is proposing an innovative community development, outlined later in this report, which allows for a total base density of twelve dwelling units per acre.

The Applicant is requesting an additional 5 dwelling units per acre density bonus outlined in Section 125-326(b)(2), allowing for a maximum density of 17 dwelling units per acre. The site is located within a one-fourth mile radius of a transit stop, which allows up to a five dwelling unit per acre density bonus.

The Code further restricts the density bonus to a maximum of five (5) additional units per acre pursuant to City Code 125-326 (c)(2) as the project is inside of the boundary of the Community Redevelopment Agency (CRA). Therefore, the maximum density permitted is seventeen (17) dwelling units per acre. Please note that the proposed development is consistent with the previously approved 17 dwelling unit per acre development.

Uses

The proposed development will include 106 multifamily residential units, with accessory uses including a clubhouse and recreation area. Multi-Dwelling buildings are permitted in the R-4 zoning district per Section 125-187 - Allowed Uses.

Property Development Regulations

The table below details standard property development regulations required by Section 125-194.

Table 4 – Property Development Regulations

Standard	Required	Provided
Minimum Lot Area	0.1 acre	6.80 acres
Minimum Lot Width	75 feet	516.6’
Minimum Lot Depth	70 feet	796.6’
Maximum Lot Coverage	50 percent	12.5 percent
Minimum Yards		
Front Yard Depth	25 feet	27.8 feet
Side Corner	15 feet	42 feet
Side Yard Depth	10 feet	13.4 feet
Rear Yard Depth	20 feet	231.8 feet
Maximum Building Height	45 feet	45 feet (3 stories)

Parking

A parking study prepared by High Point Engineering, Inc. is provided to support the proposed reduction in vehicular parking from the standards outlined in Section 125-315 of the code. Section 125-243(a) of the code states that reductions in required on-site parking may be utilized for innovative community developments, for which the Applicant is requesting conditional use approval.

Section 125-315 of the land development code requires 1.5 spaces per multifamily unit, or 159 spaces. The proposed development is providing 106 vehicular parking spaces based on anticipated demand and design of the development. Per the parking demand study, a future resident of this development will possess, on average,

less than one vehicle per bedroom. The study also reviews an existing affordable housing development in the City of Fort Pierce named Blue Sky Landing as a case study for comparison. The findings of the study determined that the peak parking demand ratio versus bedrooms measured during the day of observations was less than the proposed onsite parking spaces per bedroom. As Blue Sky Landing and the proposed Sunrise Village development are located within the same geographic area, have a similar anticipated demographic group, close proximity to public transit and comparable design features, the peak parking demand ratios collected at Blue Sky Landing support the estimated future peak parking demand of Sunrise Village. Refer to the parking demand study and supporting narrative for further details, data, and analysis. In addition, the design of the proposed development to promote bicycle use and pedestrian connectivity further supports the reduction in vehicular parking provided.

INNOVATIVE COMMUNITY DEVELOPMENT

The Applicant is requesting Conditional Use approval of the proposed development as an Innovative Community Development. Per section 125-243 in the code, “Innovative community developments are primarily creative and imaginative housing, mixed-use and community-oriented development.” The proposed development meets this intent through the unique design elements outlined below.

Multifamily developments are considered an appropriate use for an innovative community development if the use is permitted in the zoning district. Multi-Dwelling buildings are permitted in the R-4 zoning district per Section 125-187 - Allowed Uses. The development will be comprised of one hundred percent affordable units which will bring much needed affordable housing to the area. Buildings are oriented with the intent of working around the existing natural features on the site, including an existing wetland in the northwest corner to be preserved and natural open space in the northeast corner. The majority of existing vegetation on site is located on the northeast and northwest portions of the site, therefore buildings are located on the southern portion of the site closest to Okeechobee Road.

Pedestrian circulation with looped access is provided on site, forming internal connections between the residential buildings and amenities as well as external connections to Okeechobee Rd. The design encourages the use of multiple modes of transportation by providing covered bike kiosks and a surplus of bicycle parking. The site is also located within one quarter of a mile from the Okeechobee and 33rd Street bus stop which can be safely reached by residents utilizing the proposed internal sidewalk that connects to the existing sidewalk on Okeechobee Road.

The proposed development features an Anglo Caribbean architectural style with three story garden apartments containing open stairwells and breezeways. A variation of materials are proposed, including exterior CMU walls, wood interior partitions, and wood roof trusses. Typical building finishes are painted stucco, shingle roofing, and vinyl windows. Refer to the provided architectural floor plans, elevations and color board.

Enhanced landscaping is provided throughout the site as well, exceeding code requirements in several areas throughout the site. The 10-foot right of way buffer along Okeechobee Road exceeds the minimum code requirements, showcasing a commitment to enhanced environmental integration. Along Okeechobee Rd, an upgraded streetscape is incorporated into the buffer, utilizing a mix of relocated palms and proposed trees to meet buffer requirements and serve as vertical elements within the streetscape. The strategic layering of shrubs and groundcover not only enhances aesthetic appeal but also supports ecological sustainability by promoting biodiversity and soil health within the buffer zone.

Within the east and west buffers, the height of proposed trees either meet or exceed code requirements, emphasizing an effort to create a green, sustainable barrier that fosters both visual and environmental harmony between properties.

The entrance design for the development exceeds code requirements with enhanced landscaping to elevate the overall aesthetic and experience. A combination of vertical elements, such as Royal Palms and Japanese

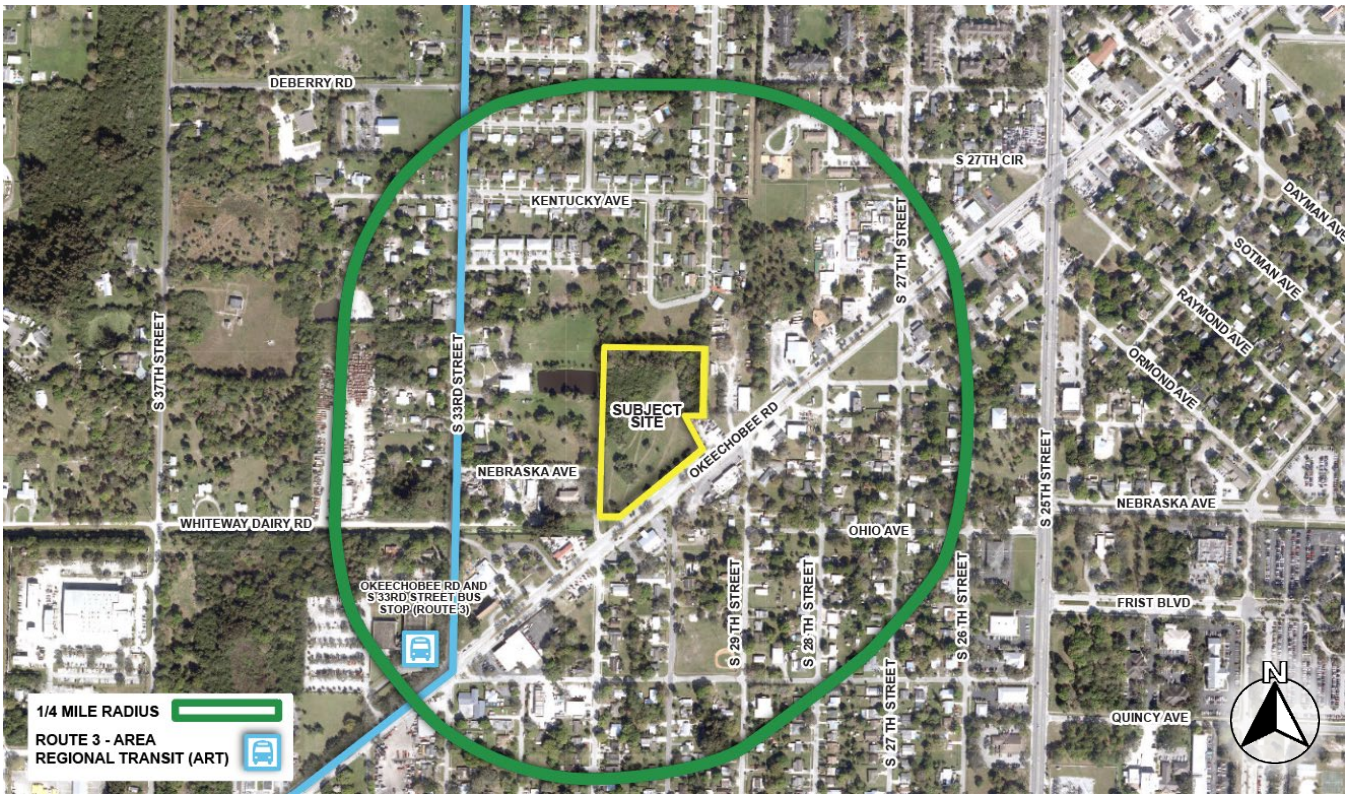
Blueberry trees, are alternated to create a distinguished sense of arrival. Beneath the trees, carefully selected shrubs and groundcovers are layered to support local ecosystems while ensuring year-round visual interest. The entrance area and landscaping islands along the entrance drive utilize the same plant species to establish a cohesive and consistent experience. This design approach balances both beauty and ecological health, reflecting a commitment to sustainable landscaping practices.

At the terminal island near the clubhouse, a specimen Royal Poinciana tree is thoughtfully placed as a focal point, visible from the entry drive for the development. Surrounding it, a layered composition of shrubs and groundcover provides a sustainable and attractive environment that enhances the overall landscape design, encouraging biodiversity while offering visual interest year-round.

The development meets the intent of an Innovative Community Development by proposing unique architectural design, enhanced landscaping, and overall creative design practices.

DENSITY BONUS – PROXIMITY TO TRANSIT STOP

The Applicant is requesting approval of an additional density bonus in accordance with Sec. 125-326(b)(2). This section allows for a density bonus of up to five dwelling units per acre for development located within one-fourth mile radius of a rail station, multimodal transit center, or transit stop. The subject site is located within a one-fourth mile radius of the Okeechobee Road and S 33rd Street bus stop. Figure 2 below shows the subject property, bus stop location, and ¼ mile radius. The criteria are as follows:



1) *Property located within the coastal high hazard area (CHHA), as defined by the adopted city comprehensive plan and the state statutes, is not eligible for density bonus provisions;*
   The subject site is not located within the CHHA, therefore it is eligible for density bonus provisions.

2) *A maximum of five dwelling units per acre density bonus is permitted for development located within one-fourth mile radius of a rail station, multimodal transit center or transit stop;*
   The subject site is located within one-fourth of a mile from the Okeechobee Rd and S 33rd Street Bus Stop that is within Route 3 of the *Area Regional Transit (ART) system.*

3) *The rail station, multimodal transit center or transit stop must be serviced by the regulating transit authority of the particular transportation facility at the time that the density bonus is awarded;*
   Stated above, the Okeechobee Rd and S 33rd Street Bus Stop is services by the Area Regional Transit (ART) system.

4) *Development is eligible for density bonus provisions if it is located within the one-fourth-mile radius by any measure; and;*
   The subject site is located within one-fourth of a mile from the Okeechobee Rd and S 33rd Street Bus Stop that is within Route 3 of the *Area Regional Transit (ART) system*.

(Intentionally left blank)

5) *The director of planning may make the determination that a development is eligible for density bonus provisions if it is located outside the one-fourth-mile radius but within an enclave surrounded on all sides by several density bonus boundary limits.*
This criteria is not applicable, as the site is located within the one-fourth mile radius of a transit stop.

CONCLUSION

On behalf of the Applicant, WGI, Inc. is requesting approval of a Major Site Plan for a 106-unit affordable housing multifamily development, Conditional Use to allow an Innovative Community Development, Density Bonus of 5 units per acre per section 125-326(b)(2) in the land development code, and Design Review Approval for the 106-unit affordable housing multifamily development.

Parking Reduction Narrative

For

Sunrise Village

3000 Okeechobee Rd
Fort Pierce, FL 34947

Prepared for:
City of Fort Pierce
Planning Department

Prepared by:
Blue Sky Communities, LLC
180 Fountain Parkway N, Suite 100
St. Petersburg, Florida 33716

INTRODUCTION

The present narrative is a supplement to the Parking Demand Study for Sunrise Village completed on 01/24/2025 by High Point Engineering, Inc. This parking demand study has been prepared as technical support for a parking reduction request to approve a total of 106 on-site surface parking spaces, for the proposed 106-dwelling unit multi-family affordable housing project. This narrative's intent is to substantiate the fact that vehicular ownership and usage for demographics like that of the subject property, as evidenced in fully operational affordable housing communities developed by Blue Sky, is much lower than required per code.

THE TEAM

Sunrise Village is in the heart of an evolving urban/suburban landscape. With direct access to the Okeechobee Rd corridor, Sunrise Village emerges as a transformative initiative, set to redefine the living experience for families that earn at or lower than 60% of the area median income (AMI). In the collaborative venture that is Sunrise Village, Blue Sky Communities has found a steadfast partner in Carteret Management. Blue Sky Communities serves as the Developer, while Carteret Management undertakes the responsibility of administering property management and resident programs services. Blue Sky Communities, as the Developer, brings its unique expertise and philosophy to the table, aligning seamlessly with the City of Fort Pierce's own vision for developing communities that not only provide a higher quality lifestyle but also make a lasting impact on society in general. This shared commitment to creating spaces that go beyond mere structures is evident in the unified approach the parties involved bring to the endeavor. Carteret Management, in its role as the provider of property management services, adds a layer of expertise to ensure the flawless functioning and maintenance of Sunrise Village as well as facilitating a complex array of resident services. Their partnership with Blue Sky evidences a shared dedication to excellence in managing the property, contributing to the overall success and sustainability of this transformative initiative.

Blue Sky Communities:

Since 2012, Blue Sky has been inspiring positive change in communities across Florida through high-quality workforce housing development.

As a developer and owner of multifamily affordable housing using the Federal Housing Credits program, Blue Sky is a leading advocate for helping nonprofit groups and local governments reach their affordable housing goals by developing state of the art, environmentally sound affordable housing units. Through partnerships, Blue Sky helps these groups by developing neighborhood assets that stakeholders can be proud of for decades.

Carteret Management

Formed in 1971, Carteret has multi-generational knowledge of how to properly manage workforce housing. Carteret's first four decades were focused on developing expertise in various HUD programs, including Sections 202, 236 and 8 of the National Housing Act. To this resume, Carteret has added extensive work in the Low-Income Housing Tax Credit (LIHTC) program and other often-related programs such as SAIL, HOME, SHIP, state and local Bond programs, and NHTF.

Carteret's property management services include the oversight of all day-to-day duties and responsibilities necessary for the professional management of a property, including, but not limited to, 24-hour response, building systems maintenance, marketing and leasing, comprehensive accounting services, staff management and training, building and grounds maintenance, and supervision of renovations and repairs to buildings. Their commitment to physical maintenance, curb appeal and resident satisfaction is unparalleled in the affordable housing world. Carteret takes an active approach to achieving strong resident relations, strict programmatic compliance, and excellent physical asset management. From initial contact with applicants through the move in process, management works with tenants to understand property rules and establish parameters for being a good neighbor. On-site staff works hand-in hand with regional teams and a third-party compliance company to ensure that tenant qualifications are handled in a thorough and proper manner. Ongoing interaction with the residents allows management to address any concerns, mediate conflicts, and encourage positive community spirit. Carteret also places emphasis on regular site inspections and proactive maintenance plans to ensure that the physical asset is maintained at the highest standard.

Carteret is an Accredited Management Organization through the Institute of Real Estate Management (IREM), with Laurel Macdonald, President of Carteret, as its executive CPM, and is also certified as a Woman Business Enterprise ("WBE") through National Women Business Owners Corporation ("NWBOC") and the City of Tampa through the Minority and Small Business Development certification program. Carteret's leadership team and on site staff hold various designations including BOS, COS, C3P, HCCP, TCS, CAMT, CPO and EPA certifications.

Carteret's comprehensive approach to management services has contributed to five decades of success in the oversight of affordable housing properties. We invite you to drive by Carteret's managed communities, we think you will be impressed with the cleanliness and state of repair, as well as overall curb appeal of these properties.

OUR RESIDENTS AND PROGRAMS

Sunrise Village will serve families earning at or below 60% of the area median income (AMI). The primary focus of the community is to offer, through our management staff, at no cost to the resident, the following programs to support our residents and their families:

Health and Wellness programs:

Staff will provide on-site health and wellness services which include, but not be limited to, clinical health care needs such as blood pressure monitoring, pulse, temperature, cholesterol, glucose and other wellness screenings, as well as health education and nutrition. We will partner with community health care providers and provide the space for services to be delivered, including offices for a service coordinator, nurse and other health or social services providers as well as group health education.

Employment Assistance Programs:

Staff will provide workshops/meetings offering employment counseling by a knowledgeable employment counselor. Such a program includes employability skills workshops providing

instruction in the basic skills necessary for getting, keeping, and doing well in a job. Relevant areas of instruction include:

• Evaluation of current job skills.

• Assistance in setting job goals.

• Assistance in development of and regular review/update of an individualized plan for each participating resident.

• Resume assistance.

• Interview preparation.

• Placement and follow-up services.

Financial Management Programs:

Staff will provide a series of classes to provide residents training in various aspects of personal financial management:

• Financial budgeting and bill-paying including training in the use of technologies and web-based applications.

• Tax preparation including do's and don'ts, common tips, and how and where to file, including electronically.

• Fraud prevention including how to prevent credit card and banking fraud, identity theft, computer hacking and avoiding common consumer scams.

• Retirement planning & savings options including preparing a will and estate planning.

• Homebuyer education including how to prepare to buy a home, and how to access to first-time homebuyer programs in the county in which the development is located.

Our ultimate purpose is to ensure that our residents, and their families are supported and in route to thriving as individuals and as members of the community. Blue Sky and our management partner Carteret Management Corporation will always strive to improve not just the physical aspects of the development but also the social and human interactions of our residents to positively impact the community as a whole enhancing life in the City of Ft. Pierce for years to come.

PARKING PROPOSAL

We believe, based on physical observation and data from our fully operational developments of similar demographic, that the amount of parking required per code will be excessive. As illustrated in the parking study utilizing the actual observations at Blue Sky Landing -which caters to a similar demographic-, the amount of parking spaces required to service the needs of Sunrise Village is 98 spaces. We are presently proposing 106 units (1 space per unit) which exceeds the number of spaces called for in the study. We believe our current proposition ensures ample parking for our residents and visitors while achieving the City's Innovative Design objective of reducing the amount of impervious area promoting enhanced landscaping and green areas with pedestrian access creating a relaxing and community friendly environment. Our proximity transit and the likely option of adding a bus stop close to our location will enhance walkability, "bikability" and a lesser dependency on automobile usage.

CONCLUSION

The average Peak Parking Demand ratio per bedroom for Blue Sky Landing, a similar demographic and less than 2 miles away, observed is 0.52 (316 bedrooms). Applying this percentage to the 106 units proposed at Sunrise Village (188 bedrooms X 0.52) results in 98 parking spaces required. The proposed 106 spaces provided should be sufficient to accommodate the parking needs of our future residents.

TRAFFIC IMPACT STATEMENT

TO: City of Fort Pierce

FROM: Jane A. Caldera, P.E.

COPY TO: Ash Leyva – Blue Skey Communities
Jerrod Purser - WGI

DATE: February 19, 2025

SUBJECT: De Minimis Impact Request
3000 Okeechobee Rd - Sunrise Village
Property Control Number: 2417-504-0020-001-6

This Traffic Impact Statement has been prepared to provide the City of Fort Pierce with the pertinent traffic data needed to review and approved an application for exemption to City Code Chapter 150 - CONCURRENCY MANAGEMENT - Sec. 105-6. - Concurrency assessment, based on meeting the De-Minimis impact criteria per Sec. 105.6(b)(2) for the Sunrise Village Affordable Housing development project.

The Sunrise Village major site plan application is for a 106 unit affordable housing development planned on a 6.8 acre parcel location on the northeast quadrant of Okeechobee Road and S 31st Street in the City of Fort Pierce. The site location and area roadways are shown in Figure 1 below.

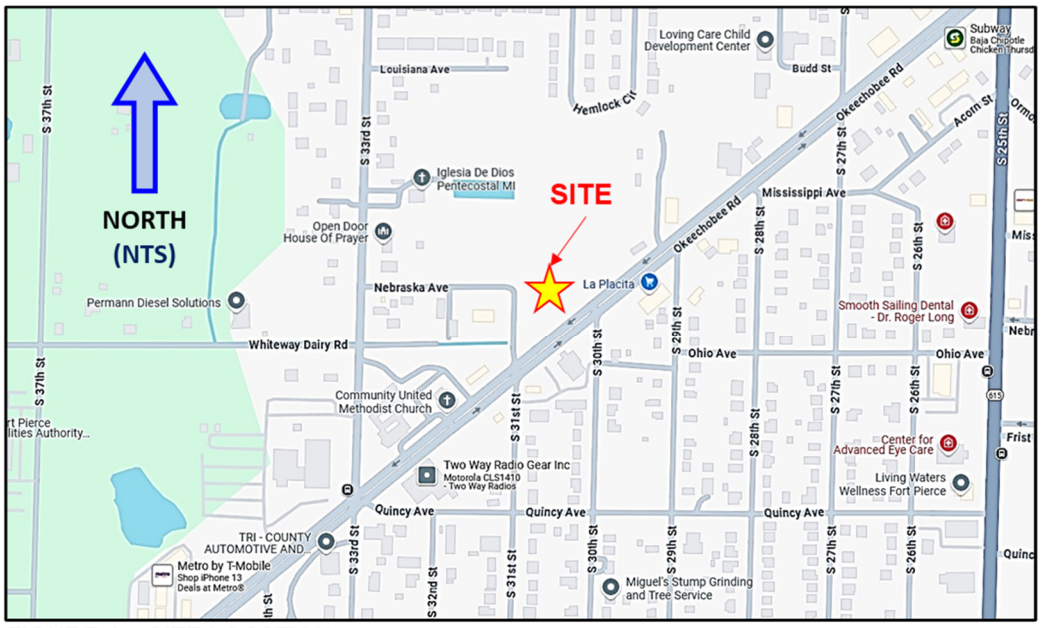

FIGURE 1 – SITE LOCATION

TRIP GENERATION:

The trip generation estimates for the proposed affordable housing development were based on the trip rates contained in the 11th Edition of the Institute of Transportation of Engineers (ITE) Trip Generation Manual. Tables 1, 2 and 3 below contain the trip generation calculations associated with the 106 unit affordable housing development.

TABLE 1 - DAILY TRIP GENERATION ESTIMATES

ITE Land-Use Category	ITE Land-Use (Code)	Independent Variable	(1) ITE Ave Rate	Size	Total Trips	In	Out
PROPOSED LAND-USE							
Affordable Housing	223	DWELLING UNITS	4.81	106	510	255	255

(1) The Trip Generation Rates were obtained from ITE Trip Generation Manual, 11th Edition.

TABLE 2 - AM PEAK HOUR TRIP GENERATION ESTIMATES

ITE Land-Use Category	ITE Land-Use (Code)	Independent Variable	(1) ITE Ave Rate	Size	Total Trips	In	Out
PROPOSED LAND-USE							
Affordable Housing	223	DWELLING UNITS	0.36	106	38	11	27

(1) The Trip Generation Rates were obtained from ITE Trip Generation Manual, 11th Edition.

TABLE 3 - PM PEAK HOUR TRIP GENERATION ESTIMATES

ITE Land-Use Category	ITE Land-Use (Code)	Independent Variable	(1) ITE Ave Rate	Size	Total Trips	In	Out
PROPOSED LAND-USE							
Affordable Housing	223	DWELLING UNITS	0.46	106	49	29	20

(1) The Trip Generation Rates were obtained from ITE Trip Generation Manual, 11th Edition.

SITE TRAFFIC DISTRIBUTION:

The site traffic distribution for this development was determined based on the area demographics and the area roadway network. Figure 2 below displays the traffic distribution.

FIGURE 2 – SITE TRAFFIC DISTRIBUTION

DETERMINATION OF DE MINIMIS IMPACT:

Florida law defines de minimis impact as "an impact that would not affect more than 1 percent of the maximum volume at the adopted level of service of the transportation facility as determined by the local government." (§163.3180(6), F.S.)

Fort Pierce City Code Sec.105.6(b)(2) defines 'De minimis impacts" as follows:

a. *An impact that would not affect more than one percent of the maximum volume at the adopted level of service of the affected transportation facility as determined by the director of planning.*

b. *An impact for which the sum of existing roadway volumes and the projected volumes from approved projects on a transportation facility does not exceed 110 percent of the maximum volume at the adopted level of service of the affected transportation facility.*

c. *An impact that would not exceed the adopted of service standard of any affected designated hurricane evaluation routes.*

Table 4 below contains the relevant traffic data used to calculate the site traffic as a percentage of maximum service volume.

TABLE 4
DETERMINATION OF DE MINIMIS IMPACT TEST

Road Name	Limits	Functional Class (1)	Context Class (1)	No. of Lanes	LOS STD (2)	2-Way PK-HR Capacity MSV (3)	Site Traffic Dist.	PM Net New Trips (2-way)	Site Traffic as % of MSV at LOS STD	De minimis Impact Threshold	De minimis Impact
Okeechobee Road	33rd ST to Site Access Driveway/30th ST	Urban Minor Arterial	C4 - Urban General	4D	D	3,250	45%	22.1	0.7%	<= 1%	YES
Okeechobee Road	Site Access Driveway/ 30th ST to 25th ST	Urban Minor Arterial	C4 - Urban General	4D	D	3,250	55%	27.0	0.8%	<= 1%	YES
						PM PEAK-HOUR SITE TRAFFIC (2-WAY)		***49***			

(1) FDOT GIS Maps

(2) City of Fort Pierce Code Sec. 105-6.(e) Level of service standards and review criteria. Table B. Level of Service Standards.

(3) FDOT 2023 Multimodal Quality/Level of Service Handbook, Appendix B: Florida's Generalized Service Volume Tables

As indicated in the table above, the minimal amount of peak hour traffic estimated to be generated by this site falls below the one percent threshold, therefore criteria (a) is satisfied.

According to the Traffic Counts and Level of Service Report 2024, prepared by the St Lucie Transportation Planning Organization (TPO), the adjacent transportation facility, Okeechobee Road Station ID 689), is operating well below the 110 percent of the maximum volume; therefore criteria (b) and (c) are satisfied. A copy of the relevant page from the St Lucie TPO report is attached to this statement.

As indicated in this Traffic Impact Statement, the Sunrise Village affordable housing project meets the de minimis impact thresholds requirements and can be granted an exemption to City Code Chapter 105 - CONCURRENCY MANAGEMENT.

Please contact me if you have any questions or need additional information to deem this project as having de minimis impact on the adjacent roadway.

Adjustment Factors

The peak hour directional service volumes should be adjust by multiplying by 1.2 for one-way facilities
The AADT service volumes should be adjusted by multiplying 0.6 for one way facilities 2 Lane Divided Roadway with an Exclusive Left Turn Lane(s): Multiply by 1.05
2 lane Undivided Roadway with No Exclusive Left Turn Lane(s): Multiply by 0.80

Exclusive right turn lane(s): Multiply by 1.05
Multilane Undivided Roadway with an Exclusive Left Turn Lane(s): Multiply by 0.95
Multilane Roadway with No Exclusive Left Turn Lane(s): Multiply by 0.75
Non-State Signalized Roadway: Multiply by 0.90

This table does not constitute a standard and should be used only for general planning applications. The table should not be used for corridor or intersection design, where more refined techniques exist.
* Cannot be achieved using table input value defaults.
** Not applicable for that level of service letter grade. For the automobile mode, volumes greater than level of service D become F because intersection capacities have been reached.

CONSENT FORM

PARKING DEMAND STUDY

INTRODUCTION

This report summarizes the results of a parking demand study for Sunrise Village. The proposed affordable housing development for working families is planned to be constructed on the property located at 3000 Okeechobee Road in Fort Pierce, St. Lucie County, Florida. Based on the analysis provided herein, on average, a future resident of this development will possess less than one vehicle per bedroom. This parking demand study has been prepared as technical support for a parking waiver request to approve a total of 106 on-site surface parking spaces, for the proposed 106-dwelling unit multi-family affordable housing project. The referenced property will have full access to and from Okeechobee Road.

BACKGROUND

The project site is located on the north side of Okeechobee Road, north of Virginia Avenue (State Road 70) in Section 17, Township 35 South, Range 40 East within the incorporated area of the City of Fort Pierce. The property is identified by the St. Lucie County Property Appraiser's Office with parcel identification number 2417-504-0020-001-6. The total site area is approximately 6.57 acres and is bounded by Okeechobee Road to the south, commercial, institutional, and office properties to the east and west, and a residential subdivision to the north. The property is currently vacant and undeveloped.

The proposed Sunrise Village development will consist of three (3) 3-story low-rise buildings, including 106 dwelling units containing 38 units of 1 bedroom, 54 units of 2 bedrooms, and 14 units of 3 bedrooms for a total of 188 bedrooms (i.e., average unit mix of 1.77 bedrooms per dwelling unit), 106 surface parking spaces (i.e., 0.56 spaces per bedroom), a stormwater collection system that will discharge stormwater run-off generated within the property to the onsite detention pond, sanitary sewer system, potable water service for domestic consumption and fire protection, and Florida native drought tolerant landscape. The proposed development is planned in a single phase. The setbacks, drainage, parking, and landscaping are designed to support the proposed development of the property.

The City of Fort Pierce Land Development Code (LDC) Section 125-315 requires 1.5 spaces for each dwelling unit parking ratio for triplexes, quadraplexes and multifamily housing developments. The City of Fort Pierce LDC minimum required vehicle parking for the proposed apartment complex is 159 parking spaces. Further, City of Fort Pierce LDC requires one short-term bicycle parking space per 10 dwelling units, 2 bicycle parking spaces minimum. The proposed site layout and parking plan prepared by WGI shows a total of 106 vehicle parking spaces on-site including 5 accessible parking spaces plus 42 parking spaces including 24 covered and secured bicycle parking spaces and 18 exterior bicycle parking spaces. Off-street motor vehicle parking space requirements may be reduced by one vehicular parking space for every ten long-term bicycle parking spaces provided up to a total maximum reduction of five motor vehicle parking spaces. Consequently, when considering both vehicular and long-term bicycle parking, the total parking supply ratio provided by the proposed Sunrise Village Apartments is 1.0 parking spaces per dwelling unit, representing a deficit from the Code requirements of 48 parking spaces.

Parking ratios per dwelling unit may not accurately reflect the actual parking demand generated by a residential development. This is attributed to the fact that the relation between the number of drivers and the various dwelling unit sizes in any apartment complex cannot be adequately captured by measuring parking ratios per unit. For example, a one-bedroom dwelling might be associated with a single resident driver or a couple of drivers. In contrast, a two-bedroom dwelling or three-bedroom dwelling considers the likelihood of a larger household with one adult driver or multiple drivers and with or without teenage drivers. Therefore, a parking study aligned with the number of bedrooms provides a more accurate representation of the parking demand within a multifamily apartment development.

According to ITE Parking Generation Manual 6th Edition, it is expected that the number of bedrooms and number of residents are likely correlated to the parking demand generated by a residential site. Parking studies of multifamily housing should attempt to obtain information on occupancy rate and on the mix of residential unit sizes (i.e., number of units by number of bedrooms at the site complex).

The City of Fort Pierce LDC currently does not specify parking ratios per bedroom for multi-family land use. Thus, the focus of this parking study was to determine the Peak Period Parking Demand per bedroom for affordable housing developments for families that can be used in the City of Fort Pierce in support of a request for a reduction in parking. The City of Fort Pierce LDC Sec. 125-243. Innovative Community Development - Ordinance No. 24-032 allows for reductions in required on-site parking to create community-oriented developments. Per Ordinance No. 24-032, innovation can be achieved by use of material, solar juxtaposition, clustering, positive environmental impacts, energy efficiency, economic sustainability and by employing methods to achieve distinctiveness and excellence in siting, design, pedestrian accessibility, and landscaping. The use of parking estimates derived from studies by ULI, ITE, or the Traffic Institute, along with data collected from uses or combinations of uses similar to the proposed use, is a valid alternative to support a reduction in the required on-site parking as part of an innovative community development approach. Density, scale, bulk, area, type of activity, and location shall determine comparability.

There is an affordable housing project in the City of Fort Pierce with similar demographics near the project site. This project was selected due to their geographic location and similarity to the proposed development to estimate future parking demand for the proposed Sunrise Village development.

See Attached:

- *Site Location (Exhibit A)*
- *Proposed Parking Layout (Exhibit B)*

DATA COLLECTION AND EXISTING CONDITIONS

Parking observations were conducted at a nearby affordable housing apartment complex, Blue Sky Landing, located at 100 Blue Sky Circle in Fort Pierce. This existing development was selected for the parking demand study due to its similarities in geographic location, land use, number of units, and number of bedrooms.

Data Collection at Blue Sky Landing

Blue Sky Landing is an affordable housing community located on the north side of Okeechobee Road (State Road 70) on the west side of McNeil Road, within the incorporated area of the City of Fort Pierce. The Blue Sky Landing development is located approximately 1.9 miles south of the proposed Sunrise Village development. Blue Sky Landing is comprised of four (4) 4-story low-rise buildings including 164 dwelling units distributed in 4 studios, 36 units of 1 bedroom, 96 units of 2 bedrooms, 28 units of 3 bedrooms, for a total of 316 bedrooms (i.e., average unit mix of 1.93 bedrooms per dwelling unit). At the time of this study, the apartment complex had an occupancy level of 100%. Blue Sky Landing has a surface parking lot with a total of 246 spaces (i.e., 0.78 parking space per bedroom). Parking observations at this location took place on Monday November 18, 2024, from 4:00 am to 8:00 am and from 8:00 pm to 12:00 am. The observations consisted of identifying the number of parking spaces occupied at 5-minute intervals. The weather conditions during the observations were cloudy with temperatures around 70°F.

The observations indicate the highest peak period parking demand ratio occurred between 10:00 pm and 11:00 pm. At 10:25 pm, 163 parking spaces of the 246 parking spaces were occupied and 83 parking spaces were available. The computed Peak Parking Demand Ratio vs Bedrooms was 0.52 spaces per bedroom. At 4:00 am, the apartment complex exhibited a parking demand ratio of 0.48 spaces per bedroom and at 8:00 pm a ratio of 0.42 spaces per bedroom. Furthermore, the observation taken at midnight showed that Blue Sky Landing had a parking demand ratio of 0.51 spaces per bedroom.

See Attached:

- *Peak Period Parking Demand Summary Tables for Observation Taken on* Monday November 18, 2024 *(Exhibit C)*
- *Peak Period Parking Demand Ratio vs Bedrooms and Peak Period Parking Demand Ratio vs Dwelling Units Graphs for Observation Taken on* Monday November 18, 2024 *(Exhibit D)*

PARKING DEMAND ANALYSIS

According to Blue Sky Communities, LLC, the developer of Sunrise Village, the proposed development is an affordable housing community for families that will consist of 106 dwelling units distributed in three (3) 3-story low-rise buildings with a total of 188 bedrooms.

Exhibits C and D summarize the Peak Parking Demand Ratio vs Bedrooms measured at Blue Sky Landing. The Peak Parking Demand Ratio vs Bedrooms measured during the day of observations was less than the proposed onsite parking spaces per bedroom. The Peak Parking Demand Ratio vs Bedrooms measured at Blue Sky Landing is 0.52 spaces per bedroom.

Blue Sky Landing serves the same geographic area (i.e., urban setting) as Sunrise Village. The land use, number of units, mix of units, number of bedrooms, and demographic group (i.e., families) for the existing Blue Sky Landing is comparable with the same features as the proposed Sunrise Village. Blue Sky Landing is surrounded by the same collector/arterial road (i.e., State Road 70) and in proximity to bus transit and public transportation routes. Because of these similarities, the Peak Parking Demand Ratios observed at Blue Sky Landing is considered adequate technical support to estimate the future peak parking demand of Sunrise Village.

Further, the proposed residential unit mix for Sunrise Village is 36% of 1 bedroom, 51% of 2 bedrooms, and 13% of 3 bedrooms. Blue Sky Landing has a unit mix of 24% of studio and 1 bedroom, 58% of 2 bedrooms, and 17% of 3 bedrooms. Accordingly, Sunrise Village's unit mix of two-bedroom and three-bedroom units will align closely with the unit mix at Blue Sky Landing.

In terms of average dwelling unit size, Sunrise Village is projected to have 1.77 bedrooms per unit (i.e., 188 bedrooms / 106 dwelling units). The average unit size is 92% of 1.93 bedrooms per unit (i.e., 316 bedrooms / 164 dwelling units) for Blue Sky Landing.

Site Name	**Blue Sky Landing**
Project Size	**164 Dwelling Units**
Occupancy	**100%**
Average Unit Mix	**1.93 Bedrooms per Unit**
Parking Facility	**246 Spaces**
Parking Supply	**0.78 Spaces per Bedroom**
Observation Day	**Monday (11/18/24)**
4:00 am - 5:00 am	0.48
5:00 am - 6:00 am	0.47
6:00 am - 7:00 am	0.44
7:00 am - 8:00 am	0.34
8:00 pm - 9:00 pm	0.47
9:00 pm - 10:00 pm	0.49
10:00 pm - 11:00 pm	**0.52**
11:00 pm - 12:00 pm	0.51
Peak	**0.52**
Mean	**0.44**
Median	**0.47**
Mode	**0.51**
Range	**0.34 – 0.52**

Notes: Ratios rounded to two decimals.
Source: High Point Engineering, November 2024

The table above shows a statistical analysis of the parking demand observations at Blue Sky Landing in Fort Pierce based on vehicles per bedroom.

The observed Peak Parking Demand Ratio vs Bedroom in Blue Sky Landing, can be effectively extrapolated to forecast the future peak parking demand for Sunrise Village.

Applying Blue Sky Landing Peak Parking Demand Ratio to Sunrise Village yields:

0.52 spaces per bedroom x 188 bedrooms = 97.8 spaces.

Rounding to the nearest integer, the estimated parking demand for Sunrise Village is 98 spaces.

The above computed peak parking demand using the extrapolated Peak Parking Demand Ratio from Blue Sky Landing is less than the proposed parking supply. The likelihood that the expected peak parking demand for Sunrise Village can be accommodated by 106 parking spaces is acceptable.

Furthermore, Average Peak Period Parking Demand data from Institute of Transportation Engineers (ITE) Parking Generation, 6th Edition was also used to estimate the future parking demand for Sunrise Village as well as to compare the ITE published ratios with the results obtained from the observations taken at Blue Sky Landing.

The Institute of Transportation Engineers (ITE) Parking Generation, 6th Edition, offers a land use for affordable housing which is defined as all multifamily housing that is rented at below market rate to households that includes at least one employed member. Eligibility to live in affordable housing can be a function of limited household income and resident age (i.e., senior housing). For most of the study sites in the ITE Parking Generation, 6th Edition, 100 percent of the dwelling units are considered affordable. The ITE Parking Generation, 6th Edition does not provide information for Average Peak Period Parking Demand vs. Dwelling Unit Size (i.e., number of units by number of bedrooms per site) or separate parking rates for percentage of visitor parking.

The Average Peak Period Parking Demand Ratio to Bedrooms suggested by the ITE Parking Generation, 6th Edition, Affordable Housing – Income Limits subset, for estimating the off-street parking per bedroom required for workforce housing are as follows:

Weekday (Monday - Friday) in General Urban / Suburban Location:

Peak Period Parking Demand vs Bedrooms: 0.55 parked vehicles
Range of Rates: 0.29 – 0.85
Standard Deviation: 0.14
Number of Studies: 10
Average number of bedrooms: 101

Saturday in General Urban / Suburban Areas:

Peak Period Parking Demand vs Bedrooms: 0.27 parked vehicles
Range of Rates: 0.27 – 0.27
Standard Deviation: N/A
Number of Studies: 1
Average number of bedrooms: 44

Applying the Average Peak Period Parking Demand Ratio to Bedrooms recommended by the ITE Parking Generation, 6th Edition, Affordable Housing – Income Limits to Sunrise Village yields:

0.55 spaces per bedroom x 188 bedrooms = 103.4 spaces.

Rounding up, the estimated parking demand for Sunrise Village is 104 spaces.

The above ITE Parking Generation, 6th Edition Peak Period Parking Demand vs Bedrooms is less than the proposed parking supply rate of 0.56 spaces per dwelling unit. Particularly, the sites included the ITE Parking Generation Manual, 6th Edition spanned locations in Alabama, California, Connecticut, District of Columbia, Maryland, Massachusetts, New Jersey, and Oregon, encompassing survey periods in the 1990s and the 2010s. It's important to highlight that the study in ITE Parking Generation Manual, 6th Edition did not include sites in Florida. Additionally, the ITE Parking Generation Manual, 6th Edition, for Land Use 223 - Affordable

Housing – Income Limits, does not provide a 95% Confidence Interval due to the limited number of studies available for inclusion.

Likewise, the Average Peak Period Parking Demand Ratios to Dwelling Units suggested by the ITE Parking Generation, 6th Edition for estimating the minimum off-street parking required for Affordable Housing – Income Limits are as follows:

Weekday (Monday - Friday) in Urban / Suburban Areas:

Peak Period Parking Demand per Dwelling Unit: 1.00 parked vehicles
Range of Rates: 0.32 – 1.66
Standard Deviation: 0.28
Peak Period of Parking Demand: 10:00 pm – 5:00 am
Number of Studies: 30
Average number of Dwelling Units: 156

Saturday in Urban / Suburban Areas:

Peak Period Parking Demand per Dwelling Unit: 0.86 parked vehicles
Range of Rates: 0.61 – 1.28
Standard Deviation: 0.27
Peak Period of Parking Demand: 11:00 pm – 7:00 am
Number of Studies: 7
Average number of Dwelling Units: 176

Sunday in Urban / Suburban Areas:

Peak Period Parking Demand per Dwelling Unit: 0.96 parked vehicles
Range of Rates: 0.75 – 1.17
Standard Deviation: 0.23
Peak Period of Parking Demand: 11:00 pm – 7:00 am
Number of Studies: 3
Average number of Dwelling Units: 240

Applying the Average Peak Period Parking Demand Ratio to Dwelling Units in a Weekday recommended by the ITE Parking Generation, 6th Edition, Affordable Housing – Income Limits to Sunrise Village yields:

1.00 space per Dwelling Unit x 106 Units = 106 spaces.

Applying the Average Peak Period Parking Demand Ratio to Dwelling Units in a Sunday recommended by the ITE Parking Generation, 6th Edition, Affordable Housing – Income Limits to Sunrise Village yields:

0.96 space per Dwelling Unit x 106 Units = 101.8 spaces.

Rounding up, the estimated parking demand for Sunrise Village is 102 spaces.

The following table taken from ITE Parking Generation Manual, 6th Edition, presents a Time-of-Day distribution of parking demand on a weekday in a general urban/suburban setting for income limits land use category:

Percent of Weekday Peak Parking Demand	
Hour Beginning	**Income Limits**
4:00 a.m.	-
5:00 a.m.	100%
6:00 a.m.	94%
7:00 a.m.	85%
8:00 a.m.	77%
9:00 a.m.	73%
10:00 a.m.	71%
11:00 a.m.	-
5:00 p.m.	-
6:00 p.m.	79%
7:00 p.m.	83%
8:00 p.m.	90%
9:00 p.m.	93%
10:00 p.m.	97%
11:00 p.m.	-

See Attached:

- *Institute of Transportation Engineers (ITE) Parking Generation, 6th Edition Data Summary for Land Use: 223 Affordable Housing – Income Limits (Exhibit E)*

In addition, the following unique circumstances apply to the Sunrise Village site:

- The project is being developed with unassigned parking. The entire parking facility will be accessible to all future residents based on the order of their arrival.

- Future residents will have the opportunity to use public transit as an alternative method of transportation. Area Regional Transit Route 3 runs along Okeechobee Road (County Road 770) and South 33rd Street, with a convenient bus stop located at the corner of Okeechobee Road and South 33rd Street approximately a 5-minute walk to the southwest of the project site. Area Regional Transit Route 8 runs north-south along South 25th Street, with two convenient bus stops located at the corner of Ohio Avenue and South 25th Street and First Boulevard and South 25th Street approximately a 10-minute walk to the west of the project site.

CONCLUSION

The Peak Parking Demand Ratio per bedroom on a weekday for Affordable Housing – Limited Income in a general urban/suburban setting, as suggested by the ITE Parking Generation, 6th Edition (i.e., 0.55), is slightly higher than the Peak Parking Demand Ratio per bedroom measured at Blue Sky Landing (i.e., 0.52).

However, the Peak Parking Demand Ratio per bedroom observed at Blue Sky Landing in the City of Fort Pierce is considered better suited for projecting the Peak Parking Demand for Sunrise Village compared to the ratios suggested by the ITE Parking Generation, 6th Edition, due to the proximity to the project site, dwelling unit size, and demographic characteristics.

Therefore, the planned 106 parking spaces, equivalent to 0.56 spaces per bedroom for the proposed 106 dwelling units, are anticipated to meet the future parking demand for Sunrise Village during all periods.

If you have any questions regarding the information contained herein, please do not hesitate to contact me.

Sincerely,
HIGH POINT ENGINEERING, INC.

Braulio Grajales, P.E.
Principal Engineer

May 15, 2025

Attention: Kerry Driver, Senior Planner
City of Fort Pierce
Planning Department
Technical review Committee Comments

RE: Sunrise Village - Major Site Plan: Innovative Development (PZSITE2025-00009)

Ms. Driver,

Please accept this letter in response to the Technical Review Committee (TRC) comments for the proposed Sunrise Village Development issued on April 16, 2025.

I. CITY OF FORT PIERCE PLANNING DEPARTMENT

1. The site plan should reflect the square footage of each building.

   Response: Acknowledged. The site plan shows the square footage for each building. Building type A is roughly 14,800 SF per level and 41,810 GSF total. Building type B is roughly 10,310 SF per level and 30,921 GSF total. Please note that both buildings B and C are Building 'Type B'.

2. The 106-unit apartment complex requires 159 regular parking spaces. The justification statement for parking reduction is not sufficient, therefore, Planning does not support the reduction. In lieu of reduced parking and aligning with the proposed innovative community design, consideration should be given to adding additional property amenities such as basketball or pickleball court, sand volleyball court, splash pad, etc.

   Response: Please refer to the justification statement with additional previous/impervious information, provided parking demand study and parking demand study narrative. Section 125-243(a) in the code states:

   a. *Purpose. Innovative community developments are primarily creative and imaginative housing, mixed-use and community-oriented development. Innovation is achieved by use of material, solar juxtaposition, clustering, positive environmental impacts, energy efficiency, economic sustainability and by employing methods to achieve distinctiveness and excellence in siting, design, pedestrian accessibility, and landscaping. Reductions in required on-site parking, adoption of reduced and zero setbacks, expedited planning review and reductions in various building siting requirements are used to encourage these developments.*

   The proposed development meets this intent through the elements outlined below.

   - **Material** - High-performance, sustainable materials including block exterior walls and low-VOC interior finishes are incorporated into the design. These enhance durability, lower long-term maintenance, and reduce environmental impact.
   - **Solar Juxtaposition** - The site plan is oriented to maximize southern exposure for rooftops, ensuring optimal conditions for solar panel installation if the budget will allow. This improves energy efficiency and supports future renewable energy integration.
   - **Clustering** - All units are located in one quadrant of the site, ensuring that all units are close to the street to accommodate pedestrian and bike accessibility. This also preserves a substantial part of the site in its current semi-natural state.

- **Positive Environmental Impacts** - The project includes retention areas and native landscaping to enhance stormwater management, reduce runoff, and support pollinator habitats. We are also reusing portions of existing outfall swale to reduce redundancies. Additionally, the site is designed around existing wetland areas that will remain.
- **Energy Efficiency** - All units are designed to meet Energy Star standards, with high-efficiency HVAC systems, insulation, and appliances. Verdant systems allow management to monitor and manage humidity levels in the units. The project will achieve NGBS green certification.
- **Economic Sustainability** - A mix of unit types and income levels will be provided, all below 80% AMI. Therefore, this is a 100% attainable workforce (affordable) housing development, which supports economic diversity within the community.
- **Distinctiveness and Excellence in Siting** - The development is designed around a large pond and green space that serves as a communal focal point. Each building is carefully positioned to take advantage of views, sunlight, and connectivity to shared amenities. Amenities include a playground, outdoor fitness area, gazebo overlooking the pond, and clubhouse.
- **Design** - The architectural style incorporates a blend of modern and traditional elements, and an Anglo Caribbean architectural style with varied rooflines, open stairwells and breezeways, and quality façade treatments. This avoids repetition and enhances neighborhood character.
- **Pedestrian Accessibility** - A network of sidewalks connects all residential units to amenity spaces, transit stops, and offsite neighborhood areas. Onsite traffic calming measures will prioritize safety for pedestrians and cyclists.
- **Landscaping** - Enhanced landscaping that includes drought-tolerant, native species, and shade trees is provided throughout the site and exceeds code requirements in several areas. Landscaped buffers soften building edges and define outdoor gathering areas, contributing to a strong sense of place.

Several amenities are provided on site for residents including a tot lot/playground, outdoor exercise area, clubhouse, and gazebo. The clubhouse is comprised of a great room, activity room, offices, and fitness room, and the gazebo overlooks the lake and open space at the north end of the site.

Additionally, the design encourages the use of multiple modes of transportation by providing covered bike kiosks and a surplus of bicycle parking. The site is also located within one quarter of a mile from the Okeechobee and 33rd Street bus stop which can be safely reached by residents utilizing the proposed internal sidewalk that connects to the existing sidewalk on Okeechobee Road. Bio-retention is also proposed in the median area of the center parking for additional stormwater treatment. The overall site design will incorporate Crime Prevention Through Environmental Design (CPTED) elements and will be CPTED certified.

Advisory Comments

I. Sign permits shall be filed separately during the permit process.

Response: Acknowledged. Sign permits will be filed separately at the time of permitting.

II. CITY OF FORT PIERCE ENGINEERING DEPARTMENT (Letter dated April 16th, 2025)

Engineering comments:

1. Provide a 5-foot sidewalk along South 31st Street to provide site connectivity to the Existing Okeechobee Road Sidewalk.

   Response: An existing FPUA lift station occupies the right-of-way between the edge of pavement and the on-site ditch. There isn't room to place any sidewalk in the existing right-of-way or a future dedicated right of way with the existing improvements that were not anticipated to be modified. There are no users that a sidewalk along S 31st Street to Nebraska Avenue is served by.

2. The City of Fort Pierce Code of Ordinances specifies that roadways classified as "local" shall have a minimum right-of-way width of 60-feet. South 31st Street has a substandard right-of-way width of 35-feet. Therefore, it is requested that the applicant provide a 12.5-feet right-of-way donation, which is half of the required 25-feet as a part of the site plan approval process.

   Response: A 12.5' dedication of the property frontage along S. 31st Street is equivalent to dedicating the existing on-site ditch and lift station to the City. The City previously identified that they do not want ownership of these elements. As noted previously, the applicant would be happy to dedicate or provide an easement for the entire ditch and lift station area for the City to utilize as they see fit, as long as legal positive outfall for the property can remain connected.

Advisory comments:

1. The project shall have all State and Federal permits in place prior to conducting any land clearing operations as the submitted Environmental Assessment Report indicates that wetlands are present on the site as well as possible threatened species.

   Response: Acknowledged.

2. Okeechobee Road is a St. Lucie County roadway, verification by the County of possible required roadway improvements shall be provided by the County.

   Response: Acknowledged.

3. The drainage plan was reviewed conceptually and will be reviewed in depth at time Building Permit application.

   Response: Acknowledged.

4. Prior to issuance of a Certificate of Occupancy, a final inspection shall be scheduled with this department and the following shall be submitted to the City Engineer:
   a. A certificate of completion signed and sealed by the engineer of record.
   b. Two copies of certified as-builts.
   c. Signed and sealed density test with location map of test areas.
   d. A maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same.

Response: Acknowledged.

III. CITY OF FORT PIERCE BUILDING DEPARTMENT

Building Official or his representative has no comment at the time of this meeting, but reserves the submission of comments upon completion of the official plan review.

1. Pre-construction meeting with the City's Building Department is requested.

   Response: This item was not checked off on the form, and is not applicable.

2. All new construction or alterations shall meet the requirements of the Florida Building Code 8th Edition.

   Response: Acknowledged. This Project is New Construction and will meet the 2023 FBC 8th Edition.

3. Building Permit required.

   Response: Acknowledged. This Project is New Construction and will meet the 2023 FBC 8th Edition.

4. Signed and sealed construction drawings required.

   Response: Acknowledged.

5. Must meet the following Accessibility requirements:
   a. Accessible route
   b. Handicapped parking spaces
   c. Means of egress

   Response: An accessible route will be provided from all Level 1 FHA units to all amenities on site. Handicap parking spaces will be provided per Florida Building Code. Means of Egress will be provided and shown on life safety plan sheets.

6. Change of Use required
   a. Shall include a signed and sealed Life Safely Plan
   b. Shall include a signed and sealed comprehensive drawing, detailing how the building and MEC elements will comply with the Florida Building Code requirements.

      Response: This item was not checked off by the reviewer and is not applicable.

7. Property exists in Special Flood Hazard Area. All Federal and State requirements shall be addressed.

   Response: This item was not checked off by the reviewer and is not applicable.

8. Flood Development Permit required.

   Response: This item was not checked off by the reviewer and is not applicable.

9. Final plat and approved parcel ID's required to submit or DPCR and building permit review.

   Response: This item was not checked off by the reviewer and is not applicable.

10. Open permits requiring attention exist.

    Response: This item was not checked off by the reviewer and is not applicable.

11. Shall meet the Fire Prevention Code:
    a. sprinkler system is required.
    b. Smoke alarm system is required.

    Response: An NFPA 13-R system will be provided at all residential units. An NFPA 13 system will be provided at the clubhouse. Smoke alarm systems will be provided.

12. Other

    Response: This item was not checked off by the reviewer and is not applicable.

IV. CITY OF FORT PIERCE POLICE DEPARTMENT

Comments: (Officer Damian Spotts)

1. Regarding the development of this project, the total added dwelling units upon the City of Fort Pierce is anticipated at 106. While the frequency and exact type of calls cannot be predicted at this time, it should be presumed that calls for service will arise from within this project, once it is completed and occupied by the intended users. A table is included below, showing the predicted needs for additional police officers based on the proposed development.

   Please also ensure the walking paths around the lake area are illuminated so that use at night is protected by proper illumination and undesired activities are discouraged. Consider options such as pedestrian scale lighting solutions to ensure the pathways are illuminated but light trespass is minimized to not disturb the surroundings. In addition, ensure the sightlines around the pathways are preserved to maximize natural surveillance. Proper selection and maintenance of landscaping around the area is key.

   Response: Acknowledged. Please note that no walking path is proposed around the lake. However, all pedestrian areas will be properly illuminated, sightlines will be preserved, and this project will be designed in accordance with CPTED requirements. Additionally, the development will have video surveillance and additional security methods.

V. FORT PIERCE UTILITIES AUTHORITY

a. **W/WW Engineering:** Approved as noted.
   Water and sewer services from FPUA are accessible for this site. Kindly submit three comprehensive sets of utility construction plans, accompanied by a completed plan review application and a commercial service application, to the Water and Wastewater Engineering Department for assessment. Submissions should be directed to 1701 S 37th Street, Fort Pierce, Florida.

   For additional details or assistance, please contact John Biggs at 772-466-1600 ext. 3474.

   Response: Acknowledged.

b. **Electric Engineering:** FPUA Electric & Gas Engineering has reviewed the application. Approved.

   New Pad mount transformer lead time is 52 weeks.

Please contact Eric Meyer for electric customer requirements and project coordination before work begins.

Eric Meyer, P.E.
Supervising Engineer
Fort Pierce Utilities Authority
emeyer@fpua.com
(772) 466-1600 ext. 6305

Response: Acknowledged. The Applicant will reach out to Mr. Meyer.

c. **GAS**

Letter noting that Blue Sky can save utility cost by considering gas, and that FPUA can offer infrastructure to Sunrise (Gas mains and services) at no cost to the project.

Billy Dupre
Business Development Representative - Gas Operations - Fort Pierce Utilities Authority
1701 S 37th Street
Fort Pierce FL 34947
C: 772-216-3498
O: 772-466-1600 X4705
F: 772-468-2413

Response: Acknowledged. The Applicant will consider.

d. **FPUAnet Fiber**

FPUAnet Approves. Fiber Internet Service – Available.
Contact Eric Peters at (772) 468-1697 or peters@fpua.com for Fiber Internet requirements

Response: Acknowledged. The Applicant will reach out to Mr. Peters.

VI. BUREAU OF FIRE PREVENTION SITE PLAN REVIEW

Site Plan Requires resubmittal. The Following Conditions/Revisions are necessary:

1. Please submit a completed application for Development/Site Plan Review (St. Lucie County Fire District Development & Site Plan Review Application). This form is available on-line at https://www.slcfd.com.

   Response: An application for Development/Site Plan Review will be submitted concurrently with this application.

2. Fire District review fees are due at the time of submittal. An abbreviated fee schedule is included on the application form.

   Response: Acknowledged.

3. Please provide an electronic revised copy of the site plan if applicable (pdf format).

   Response: Acknowledged. A copy of the site plan will be provided in the Development/Site Plan review application.

4. Please provide written acknowledgement of the conditions/revisions provided.

   Response: Acknowledged. This letter serves as written acknowledgement of the conditions/revisions needed.

5. A separate review and permit is required for Underground Fire Mains connected to standpipes or sprinkler systems.

   Response: Acknowledged.

6. Fire department access roads provided in accordance with 18.2.3 shall be provided at the start of a project and shall be maintained throughout construction. (NFPA 1 16.1.4). Surface. Fire department access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall be provided with an all-weather driving surface. (NFPA 1.18.2.3.5.2)

   Response: Acknowledged.

7. Electronic security gates must have an access control key switch on the control panel to allow for Fire Department entry in an emergency. Manual security gates that will be locked require a Knox lock. All security gates shall maintain a clear width of 12 feet when open and provide a means to open the gates manually upon loss of power. (SLCFD Resolution 740-23)

   Response: Acknowledged. Either an access control key switch or a knox box will be provided for Fire Department access.

8. Per the St. Lucie County Fire District Fire Prevention Code Resolution 740-23, at least 13 feet 6 inches nominal vertical clearance shall be provided and maintained over the full width of all means of access (including, but not limited to trees, canopies, etc.)

   Response: Acknowledged. Clearance will comply with these requirements.

9. The Fire District reserves the right for future comments at the site plan & building construction phase.

   Response: Acknowledged.

10. Fire apparatus access roads shall be provided such that any portion of the facility or any portion of an exterior wall of the first story of the building is located not more than 150 ft from fire apparatus access roads as measured by an approved route around the exterior of the building or facility. NFPA 1 18.2.3.2.2. (Installation of a sprinkler system will be required if this distance requirement is not met.)

    Response: A sprinkler system in accordance with NFPA 13R will be provided. Distance will be increased to 450’.

11. Where buildings are protected throughout with an approved automatic sprinkler system that is installed in accordance with NFPA 13, NFPA 13R, or NFPA 13D, the distance in 18.2.3.2.2 shall be permitted to be increased to 450 ft (137 m). (NFPA 1 18.2.3.2.2.1)

    Response: A sprinkler system in accordance with NFPA 13R will be provided. Distance will be increased to 450’.

12. Please provide a truck circulation detail.

    Response: A truck turning circulation detail is provided. Refer sheet RP-1.

13. Be advised: Dimensions of largest vehicle are as follows: 38 tons or 77,000 lbs, 47.5 ft. total length, 21.5 ft. wheel base, 10.5 ft. total width, 41.5 degree turning radius.(SLCFD Resolution 740-23)

    Response: Acknowledged.

14. Minimum roadway pavement width (two-way traffic) shall be twenty (20) ft. (SLCFD Resolution 740-23)

    Response: Acknowledged.

15. Minimum roadway pavement width (one-way traffic) shall be twelve (12) ft. (SLCFD Resolution 740-23)

    Response: Acknowledged.

16. Fire apparatus access roads connecting to roadways shall be provided with curb cuts extending at least 2 ft (0.61 m) beyond each edge of the fire apparatus access road. (NFPA 1 18.2.3.5.3.3)

    Response: Acknowledged.

17. The angle of approach and departure for any means of fire apparatus access road shall not exceed 1 ft drop in 20 ft (0.3 m drop in 6 m) or the design limitations of the fire apparatus of the fire department, and shall be subject to approval by the AHJ.(NFPA 1 18.2.3.5.6.2)

    Response: Acknowledged.

18. A fire department access road shall extend to within 50 ft (15 m) of at least one exterior door that can be opened from the outside and that provides access to the interior of the building. (NFPA 1.18.2.3.2.1)

    Response: An access road is within 50’ of an exterior entrance to the building. Please note that the proposed buildings have breezeways.

19. Dead-end roadways serving commercial or residential occupancies must include a cul-de-sac when the roadway length exceeds one hundred-fifty (150) feet. "Y" or "T" type turnaround arrangements are permitted. The minimum length must be equal to the length of the longest fire apparatus. (SLCFD Resolution 740-23)

    Response: Acknowledged.

20. Fire hydrants (shall be) are provided for buildings other than detached one-and-two-family dwellings IAW both of the following 1) The maximum distance to a fire hydrant from the closest point in the building shall not exceed 400 feet. 2) The maximum distance between fire hydrants shall not exceed 500 feet. NFPA 1:18.5.3. Please provide fire flow calculations for hydrants.

    Response: Acknowledged. The maximum distance to the fire hydrant shall not exceed 400’.

21. Fire Hydrants (shall be) are provided for detached one- and two-family dwellings IAW both of the following: 1) The maximum distance to a fire hydrant from the closet point on the building shall not exceed 600 feet. 2) The maximum distance between fire hydrants shall not exceed 800 feet. NFPA 1:18.5.2.

    Response: Acknowledged. This is not applicable, as the proposed use is multi-family residential.

22. An approved water supply capable of supplying the required fire flow for fire protection (shall be) is identified to all premises upon which facilities, buildings, or portions of buildings which are to be constructed or moved into the jurisdiction. The approved water supply shall be in accordance with NFPA 1:18.4.

    Response: Acknowledged. A flow test has been requested.

23. Fire department connections shall be located on the street side of buildings and shall be located and arranged so that hose lines can be readily attached to the inlets without interference from any nearby objects, including buildings, fences, landscaping, or other fire department connections. The locations of connections shall be based upon the access requirements of the fire department.

    Response: Acknowledged.

24. The distance allowed between the fire department connection and a fire hydrant shall be no more than one hundred fifty (150) feet as a vehicle travels.

    Response: Acknowledged.

25. Where underground water mains and hydrants are to be provided, they shall be installed, completed, and in service prior to commencing construction work on any structure. It is not intended to prohibit the construction of non-combustible structure foundation elements such as foundations and footings prior to the completion of underground water mains and hydrants (NFPA 1 16.4.3.1.3).

    Response: Acknowledged.

26. The minimum size of water mains for supplying water for firefighting purposes shall be six (6) inches. b. The minimum size of water mains supplying hydrants on a dead end main shall be eight (8) inches. c. The maximum number of hydrants located on a dead end main shall be one (1). d. Grid or Tee systems shall be supplied by a minimum of an eight (8) inch looped main. Exceptions may be granted based on the capacity of the water distribution system but in no case shall the main size be less than six (6) inches. e. The minimum size water main(s) shall be determined by the needed fire flow as established by the Fire Marshal and based on the current Insurance Service Office (ISO) requirements.

    Response: Acknowledged.

27. Hydrants shall be located no more than 12ft. from the curb of roadways or from the edge of payment. Clearances of three feet (3 ft.) shall be maintained around the circumference of hydrants. A clear space of not less than five feet (5ft.) shall be provided in front of each hydrant connection having a diameter greater than 2 ½ inches. The center of hose outlet shall be not less than 18 inches above final grade. (SLCFD Fire Prevention Code Resolution 740-23).

    Response: Acknowledged.

28. Site Plans submitted in accordance with this Fire Prevention Code shall include the size, layout, and offsite connections for the water distribution system and the location of all existing and proposed fire hydrants within one thousand (1,000) feet of the proposed project.

    Response: Acknowledged. This information has been added to the site plan.

VII. ST LUCIE COUNTY PUBLIC WORKS DEPARTMENT

Grant Chambers - The following comments are offered by SLC PW-Engineering

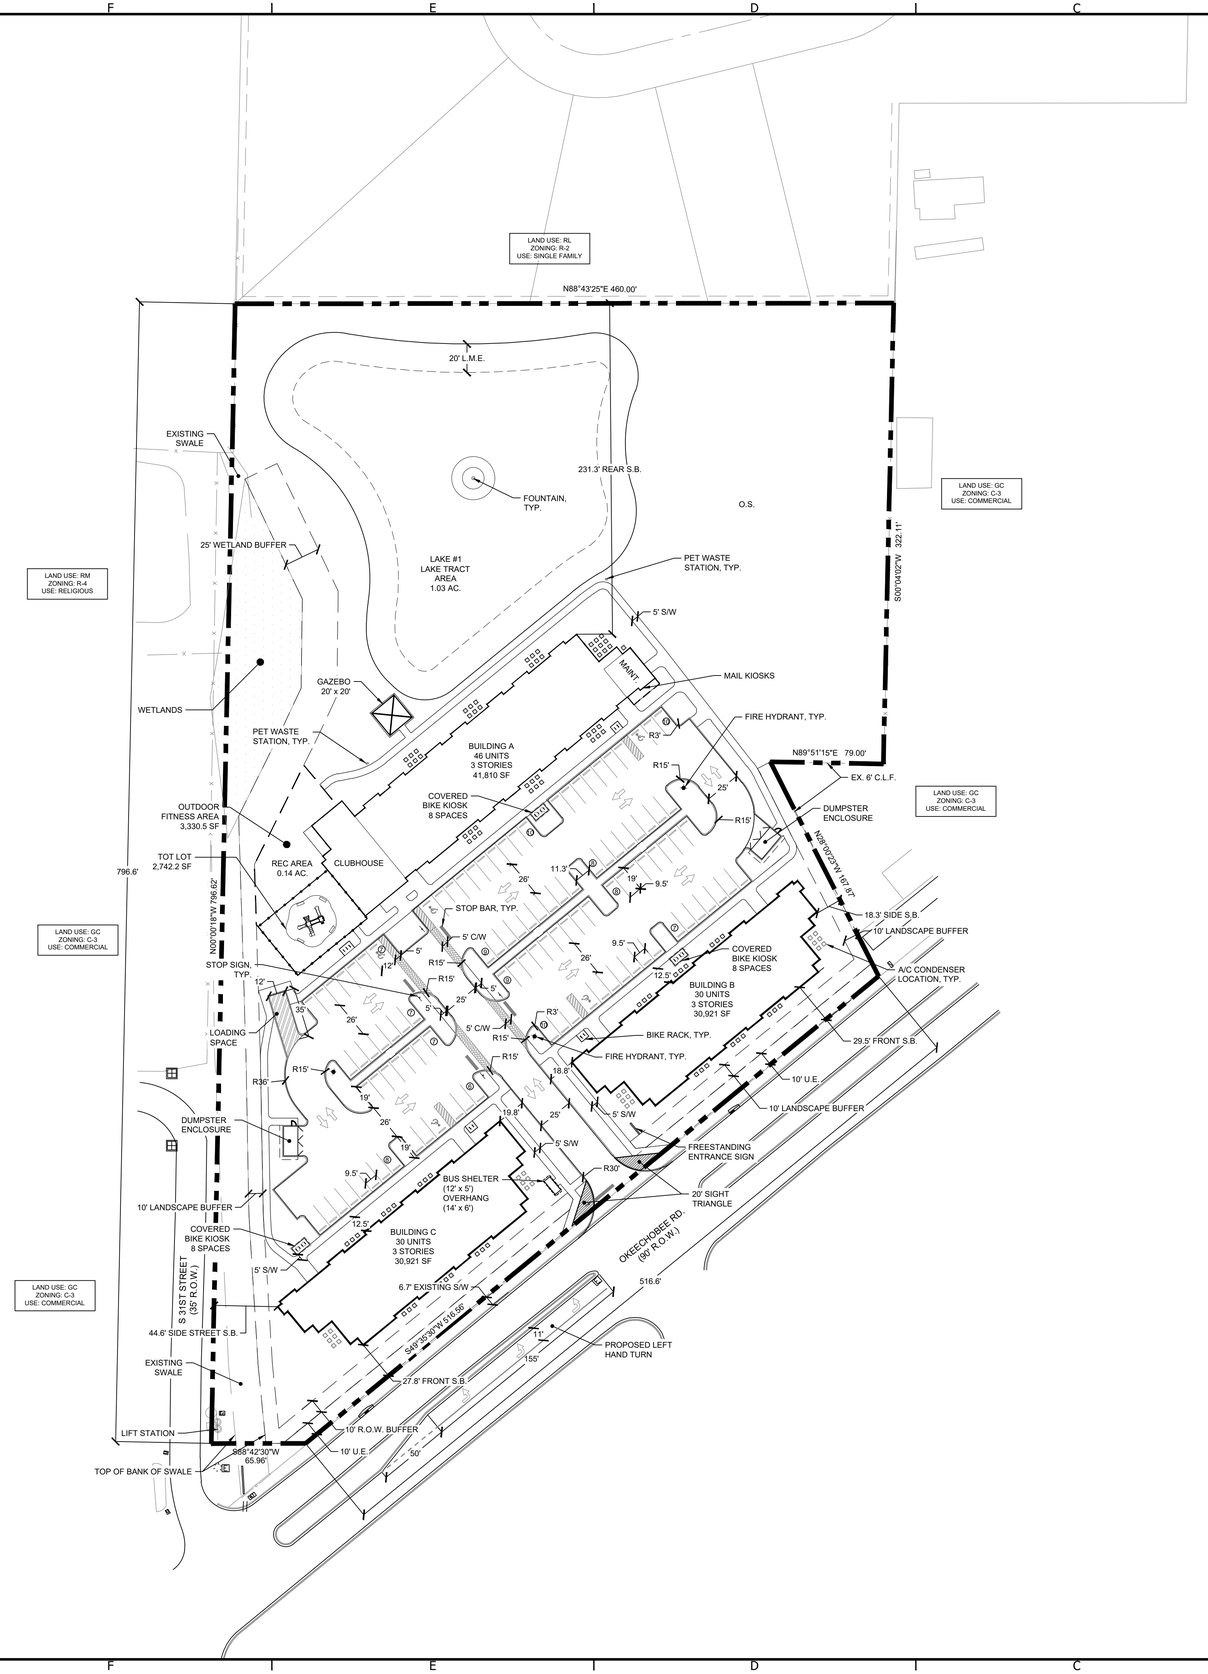
1. A traffic analysis including turn lane analysis is required at the cost of the applicant. The County and City have adopted the TPO's standard methodology for traffic analysis. Please coordinate with Kori Benton in the County's Planning department.

    Response: A Traffic Impact Statement (TIS), dated 2/19/2025, documenting that the Sunrise Village affordable housing project meets the de minimis impact thresholds requirements was submitted to the City of Fort Pierce with the original submittal package. After the 4/17/2025 City of Fort Pierce TRC meeting, the TIS was reviewed my St Lucie County and their Third-Party Traffic Consultants (Kimley Horn). Per the last email correspondence, from Alex Manning with Kimley Horn on 4/30/2025, the TIS was deemed sufficient and was under review.

    Attached to this submittal is a copy of the request Turn Lane Analysis report (dated 5/14/2025) requested by St Lucie County to review the turn lane needs at the project site access driveway. As indicated in the Turn Lane Analysis report, a left turn lane is warranted, and the right turn lane is not warranted. The site plan now reflects a 205-foot left turn lane to the site access driveway.

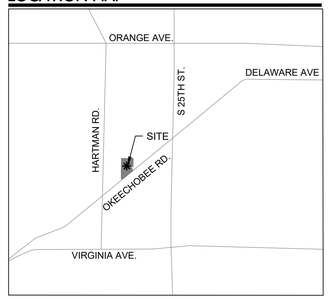
2. Additional Right-of-Way may be required if turn lanes are required.

    Response: As indicated in the Turn Lane Analysis report (dated 5/14/2025) at left turn lane is warranted and the right turn lane is not warranted. No additional right of way is required to construct the left turn lane to the site access driveway.



Thank you for your consideration. If you have any questions please reach out to me at 561-537-4533 or Jerrod.Purser@wginc.com.

Sincerely,



WGI, Inc.

Jerrod Purser, PLA
Senior Project Manager

DESIGN NARRATIVE
Sunrise Village
Application No. PZSITE2025-00009
Initial Submittal: February 21, 2025
Resubmittal: May 15, 2025

REQUEST

The following document serves as the Design Narrative for the proposed project known as Sunrise Village. This report outlines compliance with Section 125-314 – Design Review of the Land Development Code, and includes details of the proposed design and intent.

SITE CHARACTERISTICS

The subject property is identified by Parcel Number 241750400200016 and address 3000 Okeechobee Road, Fort Pierce, FL 34947. The 6.80-acre site is zoned Medium Density Residential (R-4) and has a Medium Density Residential (RM) Future Land Use Designation. 106 affordable multifamily dwelling units are proposed on the site, with amenities including a clubhouse, outdoor fitness area, 0.14-acre recreation area, gazebo, and 1.03-acre lake tract. The site aerial and parcel information are shown in Figure 1 and Table 1 below:

Figure 1 – Site Aerial

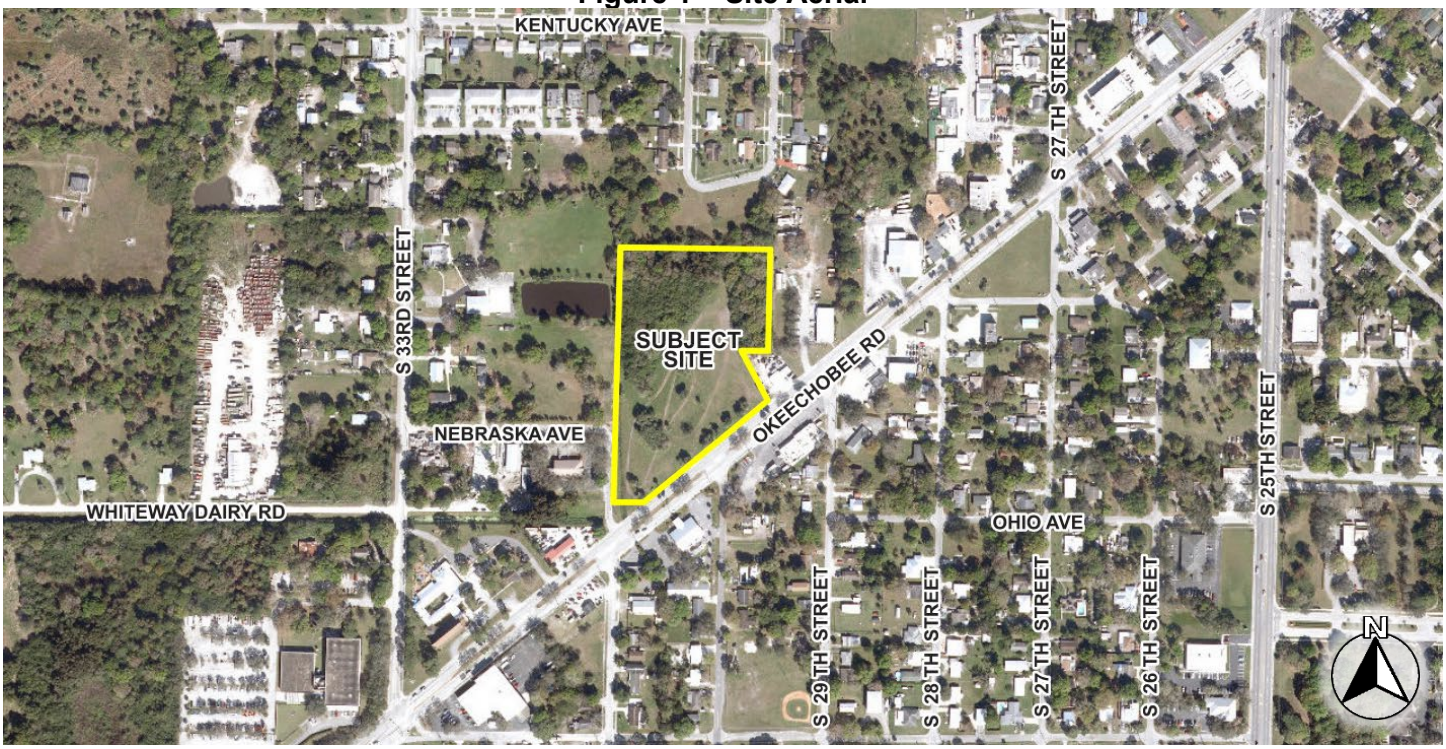

Table 1 – Parcels

Parcel Number	Owner	Acreage
2417-504-0020-001-6	Arrow Investment Group LLC	6.80 Acres

PROPOSED DEVELOPMENT

The proposed development includes 106 multifamily dwelling units dispersed throughout three buildings (A, B, and C). Building A includes 46 units, Building B includes 30 units and Building C includes 30 units. A 1.03-acre lake tract with a fountain is located on the northern portion of the site, bordered on the west by wetlands to be preserved. Existing vegetation on the northeast portion of the site is also preserved as development is concentrated closer to Okeechobee Road. The Applicant is requesting approval of the site as an Innovative

Community Development due to unique architecture, much needed affordable housing, on-site amenities, enhanced landscaping, preservation of the existing environment and transit-oriented design featuring access to public transportation, bicycle parking improvements and pedestrian connectivity.

The Applicant is requesting approval of a Conditional Use to allow for an Innovative Community Development. Details of the conditional use request are detailed further in the provided justification statement.

ARCHITECTURAL STANDARDS

The Design Review Process requires that the development proposal complies with the Architectural standards approved by Resolution 24-R57 in December 2024 and reflected in Section 125-314 of the code.

The proposed architecture complies with the standards, providing an Anglo-Caribbean architecture style, which is deemed appropriate for the city based on historical precedence and building scale. The buildings are designed as Anglo-Caribbean and are three stories in height. Building A includes 46 units, Building B includes 30 units, and Building C includes 30 units. Each building is a garden style apartment with open stairwells and breezeways. Proposed buildings are three stories in height and incorporate a variety of materials in the design. Undulating facades and changes in roof height emphasize the vertical, breaking up the horizontal. Brackets are visible at the roof on the taller facades. Construction materials consist of exterior CMU walls, wood interior partitions, and wood roof trusses. Typical building finishes are painted stucco, shingle roofing, and vinyl windows. Building A includes the clubhouse amenity space comprised of a great room, activity room, offices, and fitness room for use by residents. Within this building there are taller ceilings between level one and two. There is a mix of 1 bedroom, 2 bedroom, and 3 bedroom units in each building to meet FHA and UFAS compliance as required.

APPROVAL STANDARDS – DESIGN REVIEW

Per Section 125-314(e)(1), the following standards are considered by the design review board when reviewing the application.

a. *The design, including landscape features, is architecturally compatible with surrounding structures so as to be reasonably harmonious in landscaping, style, and color;*
The proposed architectural style is Anglo-Caribbean which is consistent with the City's architectural standards based on historical precedence. A variety of construction materials and unique façade design is proposed as well. Refer to the architectural plans provided. Architectural design is paired with enhanced landscape design. Enhanced landscaping is provided in the right of way buffer, along Okeechobee Road, and within the buffers adjacent to neighboring properties. Proposed landscaping material and height are strategically designed to provide a sustainable barrier that fosters both visual and environmental harmony between properties.

b. *If the property is located within a historic preservation district, the design features are reasonably consistent with the historic character of the predominant architectural style within the district;*
This criterion is not applicable. The site is not located within a historic preservation district.

c. *The design features will enhance or preserve the quality of the surrounding area so as not to detract from existing property values or impact adversely on existing scenic, natural, or historic beauty;*
The proposed development will enhance and preserve the quality of the surrounding area. The immediate area has been analyzed and the proposed design intends to bring both aesthetic value and support the surrounding uses and businesses by providing affordable housing units.

d. *The design avoids undue monotony in structural design features.*
The proposed architectural design avoids undue monotony in structural design features. A variety of materials and decorative design elements are provided, described in the Architectural Standards section of this narrative. Please refer to the architectural plans provided for further visuals.

CONCLUSION

On behalf of the Applicant, WGI respectfully requests approval of a 106-unit multifamily affordable housing development. This document serves as a project conformance narrative to demonstrate compliance with the design review guidelines established in the land development code.

JUSTIFICATION STATEMENT
Sunrise Village
Application No. PZSITE2025-00009
Initial Submittal: February 21, 2025
Resubmittal: May 15, 2025

REQUEST

On behalf of the Applicant, WGI is requesting approval of the following:

1) **Major Site Plan** for 106-unit affordable housing multifamily development.
2) **Design Review** for 106-unit affordable housing multifamily development.
3) **Conditional Use** for an Innovative Community Development.
4) **Density Bonus** of 5 units per acre per section 125-326(b)(2) in the land development code.

SITE CHARACTERISTICS

The 6.80-acre subject property is identified by Parcel Number 241750400200016 and is located at 3000 Okeechobee Road, Fort Pierce, FL 34947. The site is zoned Medium Density Residential (R-4), has a Medium Density Residential (RM) Future Land Use Designation, and is located in Flood Zone X. **Figure 1** and **Table 1** below reference the general location of the site and ownership information.

Figure 1 – Site Aerial

Table 1 – Parcels

Parcel Number	Owner	Acreage
2417-504-0020-001-6	Arrow Investment Group LLC	6.80 Acres

DEVELOPMENT HISTORY

The subject site was previously approved by the City Commission in 2023 for a 112-unit multi-family development known as Aria Apartments. The approved development included 112 multi-family units, a 2,168 square foot clubhouse with a pool, and additional amenities and improvements to the site.

Table 2 – Previous Approvals

Application	Request(s)	Resolution/Approval Date
Aria Apartments	Approval of a Site Plan (Development Review and Design Review) and Conditional Use to construct a 112-unit multi-family innovative residential development with a 2,168 square foot clubhouse with a swimming pool, and associated site improvements.	01/17/2023

SURROUNDING PROPERTIES

The surrounding uses of residential and institutional are compatible with the proposed development. The site is predominately surrounded by low and medium density residential and low-intensity commercial uses.

Table 3 – Surrounding Properties

	FLU Designation	Zoning District	Existing Use
North	Low Density Residential (RL)	Single-family intermediate density (R-2)	Single Family Homes
South	General Commercial (GC)	General Commercial (C-3)	Commercial
East	General Commercial (GC)	General Commercial (C-3)	Industrial (Auto Body Shop) Retail (Habitat for Humanity Restore)
West	Medium Density Residential (RM)	Medium density residential (R-4)	Residential Vacant Commercial
	General Commercial (GC)	General Commercial (C-3)	

North: Immediately to the north of the site are primarily single-family residential homes. This area is zoned R-2, with a Future Land Use Designation of RL.

South: Immediately to the south of the site is Okeechobee Road. Just south of Okeechobee Road is additional commercial development zoned C-3 with a future land use designation of GC.

East: Immediately to the east of the site is commercial development, including an auto body shop and a retail Habitat for Humanity Restore. This land is zoned C-3 and has a future land use designation of GC.

West: Immediately to the west of the site are a mix of uses. There is vacant land, a single-family lot, and a commercial building. The northern parcels are zoned R-4 with a future land use of RM, and the southern parcels are zoned C-3 and have a future land use designation of GC.

PROPOSED DEVELOPMENT

The proposed development includes 106 multifamily dwelling units dispersed throughout three buildings (A, B, and C). Building A includes 46 units, Building B includes 30 units and Building C includes 30 units. A 1.03-acre lake tract with a fountain is located on the northern portion of the site, bordered on the west by wetlands to be preserved. Existing vegetation on the northeast portion of the site is also preserved as development is concentrated closer to Okeechobee Road. The Applicant is requesting approval of the site as an Innovative Community Development due to unique architecture, much needed affordable housing, on-site amenities, enhanced landscaping, preservation of the existing environment and transit-oriented design featuring access to public transportation, bicycle parking improvements and pedestrian connectivity.

PROPERTY DEVELOPMENT STANDARDS (R-4 ZONING DISTRICT)

The subject site is zoned Medium Density Residential (R-4), which has a set of required property development regulations established in Sec. 125-194. The proposed development is designed as an innovative community development, which allows for more flexible regulations that may supersede the R-4 district. However, the development is designed to comply with the R-4 district and standard zoning regulations with exception to a reduction to the proposed vehicular parking. The sections below outline the standard and proposed regulations.

Density

Per Section 125-194 (a), the R-4 district allows for a maximum of ten dwelling units per acre for conventional developments, and twelve units per acre for innovative residential developments. The Applicant is proposing an innovative community development, outlined later in this report, which allows for a total base density of twelve dwelling units per acre.

The Applicant is requesting an additional 5 dwelling units per acre density bonus outlined in Section 125-326(b)(2), allowing for a maximum density of 17 dwelling units per acre. The site is located within a one-fourth mile radius of a transit stop, which allows up to a five dwelling unit per acre density bonus. Therefore, the maximum density permitted is seventeen (17) dwelling units per acre. Please note that the proposed development is consistent with the previously approved 17 dwelling unit per acre development.

Uses

The proposed development will include 106 multifamily residential units, with accessory uses including a clubhouse and recreation area. Multi-Dwelling buildings are permitted in the R-4 zoning district per Section 125-187 - Allowed Uses.

Property Development Regulations

The table below details standard property development regulations required by Section 125-194.

Table 4 – Property Development Regulations

Standard	Required	Provided
Minimum Lot Area	0.1 acre	6.80 acres
Minimum Lot Width	75 feet	516.6’
Minimum Lot Depth	70 feet	796.6’
Maximum Lot Coverage	50 percent	12.5 percent
Minimum Yards		
Front Yard Depth	25 feet	27.8 feet
Side Corner	15 feet	42 feet
Side Yard Depth	10 feet	13.4 feet
Rear Yard Depth	20 feet	231.8 feet
Maximum Building Height	45 feet	45 feet (3 stories)

Parking

A parking study prepared by High Point Engineering, Inc. is provided to support the proposed reduction in vehicular parking from the standards outlined in Section 125-315 of the code. Section 125-243(a) of the code states that reductions in required on-site parking may be utilized for innovative community developments, for which the Applicant is requesting conditional use approval.

Section 125-315 of the land development code requires 1.5 spaces per multifamily unit, or 159 spaces. The proposed development is providing 106 vehicular parking spaces based on anticipated demand and design of the development. Per the parking demand study, a future resident of this development will possess, on average, less than one vehicle per bedroom. The study also reviews an existing affordable housing development in the City of Fort Pierce named Blue Sky Landing as a case study for comparison. The findings of the study determined that the peak parking demand ratio versus bedrooms measured during the day of observations was less than

the proposed onsite parking spaces per bedroom. As Blue Sky Landing and the proposed Sunrise Village development are located within the same geographic area, have a similar anticipated demographic group, close proximity to public transit and comparable design features, the peak parking demand ratios collected at Blue Sky Landing support the estimated future peak parking demand of Sunrise Village. Refer to the parking demand study and supporting narrative for further details, data, and analysis. In addition, the design of the proposed development to promote bicycle use and pedestrian connectivity further supports the reduction in vehicular parking provided.

Reduced parking on site will result in less impervious area and a reduction to the urban heat island effect. The table below compares pervious and impervious calculations for the proposed 106 parking spaces versus 159 spaces by standard requirements. By reducing parking on-site, there is a 6.3 percent reduction of impervious area.

Table 5 – Pervious and Impervious Calculations

	Number of Spaces	Pervious Area	Impervious Area
Standard Parking	159	(60.5%) 179,142.57 SF	(39.5%) 116,870.40 SF
Proposed Parking	106	(66.8%) 197,692.57 SF	(33.2%) 98,320.40 SF

INNOVATIVE COMMUNITY DEVELOPMENT

The Applicant is requesting Conditional Use approval of the proposed development as an Innovative Community Development. Per section 125-243(a) in the code, “Innovative community developments are primarily creative and imaginative housing, mixed-use and community-oriented development.” Additionally, “Innovation is achieved by use of material, solar juxtaposition, clustering, positive environmental impacts, energy efficiency, economic sustainability and by employing methods to achieve distinctiveness and excellence in siting, design, pedestrian accessibility, and landscaping. Reductions in required on-site parking, adoption of reduced and zero setbacks, expedited planning review and reductions in various building siting requirements are used to encourage these developments.” The proposed development meets this intent through the elements outlined below.

- **Material -** High-performance, sustainable materials including block exterior walls and low-VOC interior finishes are incorporated into the design. These enhance durability, lower long-term maintenance, and reduce environmental impact.
- **Solar Juxtaposition -** The site plan is oriented to maximize southern exposure for rooftops, ensuring optimal conditions for solar panel installation if the budget will allow. This improves energy efficiency and supports future renewable energy integration.
- **Clustering** - All units are located in one quadrant of the site, ensuring that all units are close to the street to accommodate pedestrian and bike accessibility. This also preserves a substantial part of the site in its current semi-natural state.
- **Positive Environmental Impacts** - The project includes retention areas and native landscaping to enhance stormwater management, reduce runoff, and support pollinator habitats. We are also reusing portions of existing outfall swale to reduce redundancies. Additionally, the site is designed around existing wetland areas that will remain.
- **Energy Efficiency** - All units are designed to meet Energy Star standards, with high-efficiency HVAC systems, insulation, and appliances. Verdant systems allow management to monitor and manage humidity levels in the units. The project will achieve NGBS green certification.
- **Economic Sustainability** - A mix of unit types and income levels will be provided, all below 80% AMI. Therefore, this is a 100% attainable workforce (affordable) housing, which supports economic diversity within the community.
- **Distinctiveness and Excellence in Siting** - The development is designed around a large pond and green space that serves as a communal focal point. Each building is carefully positioned to take

advantage of views, sunlight, and connectivity to shared amenities. Amenities include a playground, outdoor fitness area, gazebo overlooking the pond, and clubhouse.

- **Design -** The architectural style incorporates a blend of modern and traditional elements, and an Anglo Caribbean architectural style with varied rooflines, open stairwells and breezeways, and quality façade treatments. This avoids repetition and enhances neighborhood character.
- **Pedestrian Accessibility** - A network of sidewalks connects all residential units to amenity spaces, transit stops, and offsite neighborhood areas. Onsite traffic calming measures will prioritize safety for pedestrians and cyclists.
- **Landscaping** - Enhanced landscaping that includes drought-tolerant, native species, and shade trees is provided throughout the site and exceeds code requirements in several areas. Landscaped buffers soften building edges and define outdoor gathering areas, contributing to a strong sense of place.

Several amenities are provided on site for residents including a tot lot/playground, outdoor exercise area, clubhouse, and gazebo. The clubhouse is comprised of a great room, activity room, offices, and fitness room, and the gazebo overlooks the lake and open space at the north end of the site.

Additionally, the design encourages the use of multiple modes of transportation by providing covered bike kiosks and a surplus of bicycle parking. The site is also located within one quarter of a mile from the Okeechobee and 33rd Street bus stop which can be safely reached by residents utilizing the proposed internal sidewalk that connects to the existing sidewalk on Okeechobee Road. Bio-retention is also proposed in the median area of the center parking for additional stormwater treatment. The overall site design will incorporate Crime Prevention Through Environmental Design (CPTED) elements and will be CPTED certified.

Per section 125-243(c), multifamily developments are considered an appropriate use for an innovative community development if the use is permitted in the zoning district. Multi-Dwelling buildings are permitted in the R-4 zoning district per Section 125-187 - Allowed Uses. The development will be comprised of one hundred percent affordable units which will bring much needed affordable housing to the area. Buildings are oriented with the intent of working around the existing natural features on the site, including an existing wetland in the northwest corner to be preserved and natural open space in the northeast corner. The majority of existing vegetation on site is located on the northeast and northwest portions of the site, therefore buildings are located on the southern portion of the site closest to Okeechobee Road.

Pedestrian circulation with looped access is provided on site, forming internal connections between the residential buildings and amenities as well as external connections to Okeechobee Rd. The design encourages the use of multiple modes of transportation by providing covered bike kiosks and a surplus of bicycle parking. The site is also located within one quarter of a mile from the Okeechobee and 33rd Street bus stop which can be safely reached by residents utilizing the proposed internal sidewalk that connects to the existing sidewalk on Okeechobee Road.

The proposed development features an Anglo Caribbean architectural style with three story garden apartments containing open stairwells and breezeways. A variation of materials are proposed, including exterior CMU walls, wood interior partitions, and wood roof trusses. Typical building finishes are painted stucco, shingle roofing, and vinyl windows. Refer to the provided architectural floor plans, elevations and color board.

Enhanced landscaping is provided throughout the site as well, exceeding code requirements in several areas throughout the site. The 10-foot right of way buffer along Okeechobee Road exceeds the minimum code requirements, showcasing a commitment to enhanced environmental integration. Along Okeechobee Rd, an upgraded streetscape is incorporated into the buffer, utilizing a mix of relocated palms and proposed trees to meet buffer requirements and serve as vertical elements within the streetscape. The strategic layering of shrubs and groundcover not only enhances aesthetic appeal but also supports ecological sustainability by promoting biodiversity and soil health within the buffer zone.

Within the east and west buffers, the height of proposed trees either meet or exceed code requirements, emphasizing an effort to create a green, sustainable barrier that fosters both visual and environmental harmony between properties.

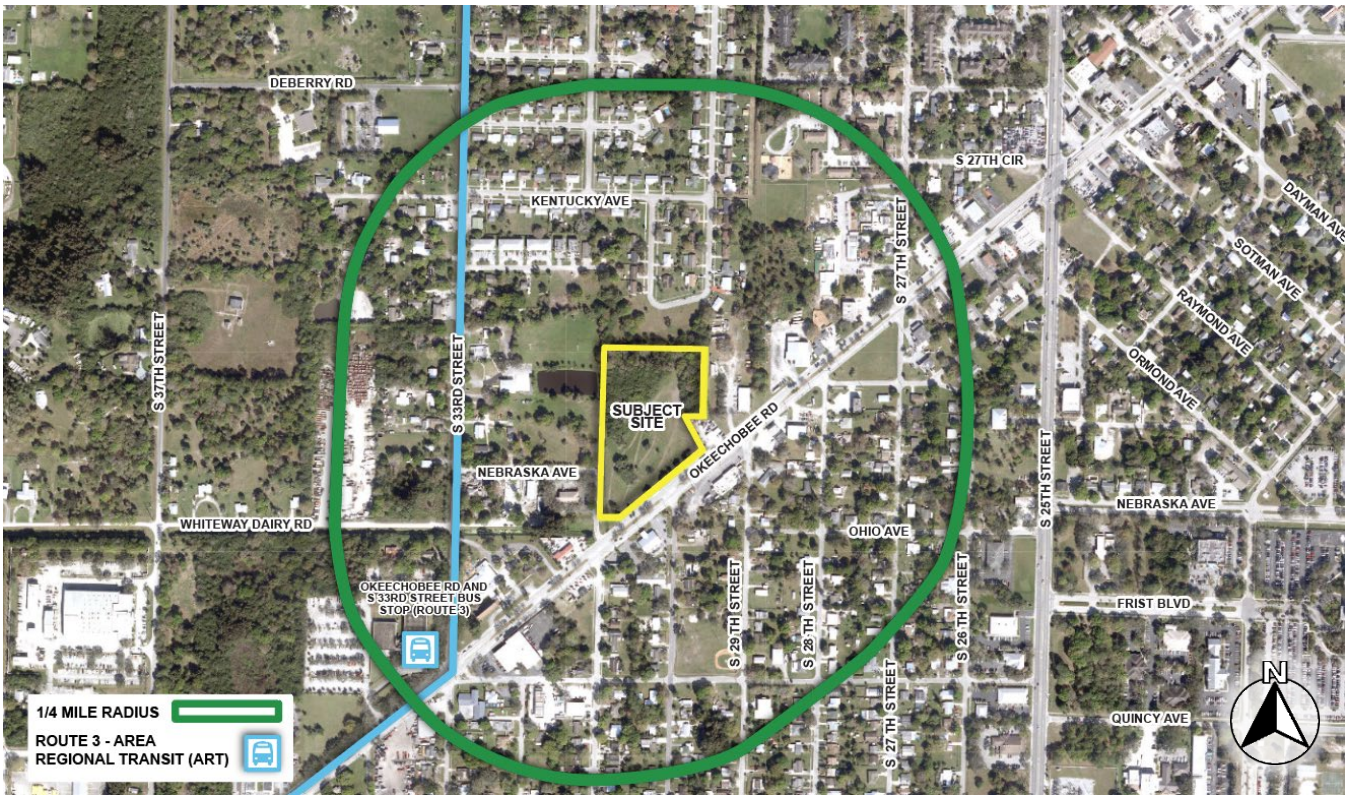
The entrance design for the development exceeds code requirements with enhanced landscaping to elevate the overall aesthetic and experience. A combination of vertical elements, such as Royal Palms and Japanese Blueberry trees, are alternated to create a distinguished sense of arrival. Beneath the trees, carefully selected shrubs and groundcovers are layered to support local ecosystems while ensuring year-round visual interest. The entrance area and landscaping islands along the entrance drive utilize the same plant species to establish a cohesive and consistent experience. This design approach balances both beauty and ecological health, reflecting a commitment to sustainable landscaping practices.

At the terminal island near the clubhouse, a specimen Royal Poinciana tree is thoughtfully placed as a focal point, visible from the entry drive for the development. Surrounding it, a layered composition of shrubs and groundcover provides a sustainable and attractive environment that enhances the overall landscape design, encouraging biodiversity while offering visual interest year-round.

The development meets the intent of an Innovative Community Development by proposing unique architectural design, enhanced landscaping, and overall creative design practices.

DENSITY BONUS – PROXIMITY TO TRANSIT STOP

The Applicant is requesting approval of an additional density bonus in accordance with Sec. 125-326(b)(2). This section allows for a density bonus of up to five dwelling units per acre for development located within one-fourth mile radius of a rail station, multimodal transit center, or transit stop. The subject site is located within a one-fourth mile radius of the Okeechobee Road and S 33rd Street bus stop. Figure 2 below shows the subject property, bus stop location, and ¼ mile radius. The criteria are as follows:

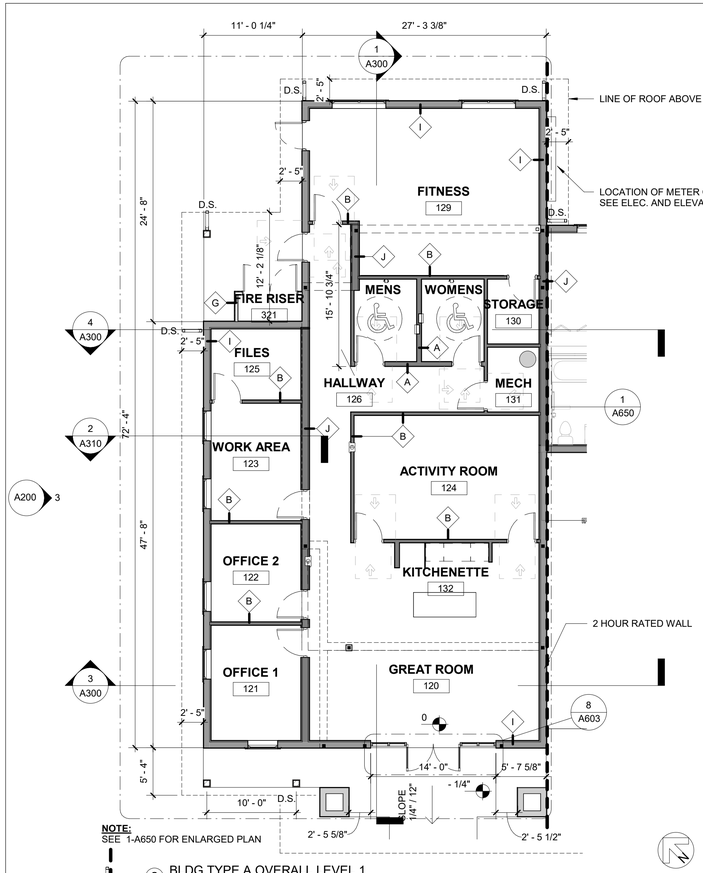


1) *Property located within the coastal high hazard area (CHHA), as defined by the adopted city comprehensive plan and the state statutes, is not eligible for density bonus provisions;*
   The subject site is not located within the CHHA, therefore it is eligible for density bonus provisions.

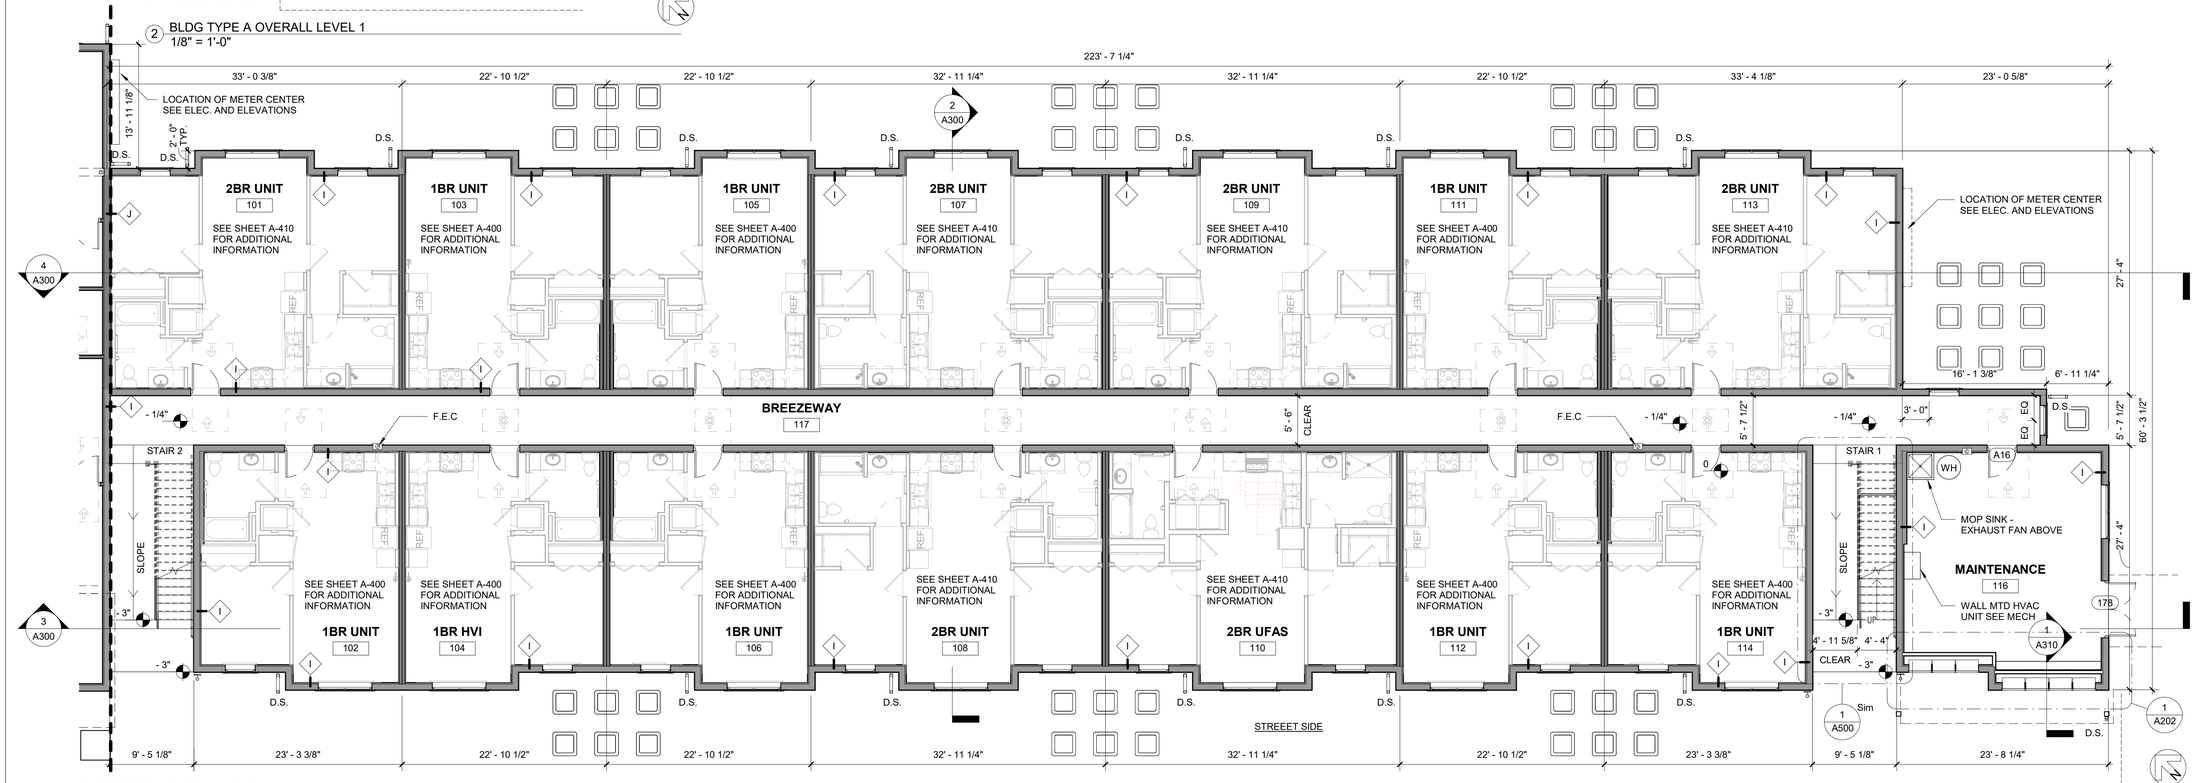
2) *A maximum of five dwelling units per acre density bonus is permitted for development located within one-fourth mile radius of a rail station, multimodal transit center or transit stop;*
   The subject site is located within one-fourth of a mile from the Okeechobee Rd and S 33rd Street Bus Stop that is within Route 3 of the *Area Regional Transit (ART) system.*

3) *The rail station, multimodal transit center or transit stop must be serviced by the regulating transit authority of the particular transportation facility at the time that the density bonus is awarded;*
   Stated above, the Okeechobee Rd and S 33rd Street Bus Stop is services by the Area Regional Transit (ART) system.

4) *Development is eligible for density bonus provisions if it is located within the one-fourth-mile radius by any measure; and;*



The subject site is located within one-fourth of a mile from the Okeechobee Rd and S 33rd Street Bus Stop that is within Route 3 of the *Area Regional Transit (ART) system*.



5) *The director of planning may make the determination that a development is eligible for density bonus provisions if it is located outside the one-fourth-mile radius but within an enclave surrounded on all sides by several density bonus boundary limits.*
This criteria is not applicable, as the site is located within the one-fourth mile radius of a transit stop.

CONCLUSION

On behalf of the Applicant, WGI, Inc. is requesting approval of a Major Site Plan for a 106-unit affordable housing multifamily development, Conditional Use to allow an Innovative Community Development, Density Bonus of 5 units per acre per section 125-326(b)(2) in the land development code, and Design Review Approval for the 106-unit affordable housing multifamily development.

THESE DRAWINGS AND PLANS, ANY REPRODUCTION THEREOF, AND ANY CAD OR ELECTRONIC FILE OF THESE DRAWINGS AND PLANS (HEREINAFTER "PLANS") ARE THE SOLE AND EXCLUSIVE, PROPRIETARY PROPERTY OF BDG ARCHITECTS, AND MAY NOT BE REPRODUCED, PUBLISHED, MODIFIED OR USED IN ANY WAY WITHOUT THE EXPRESS WRITTEN PERMISSION OF BDG ARCHITECTS. USE OF THESE PLANS FOR CONSTRUCTION SHALL BE CONSIDERED ACCEPTANCE OF THE TERMS CONTAINED HEREIN AND THE SUITABILITY AND CONSTRUCTABILITY OF THE PLANS. THE PLANS SHALL NOT BE SCALED OR MODIFIED FOR ANY PURPOSE WITHOUT THE EXPRESS WRITTEN APPROVAL OF BDG ARCHITECTS. ANY CHANGES TO THESE PLANS, REGARDLESS OF HOW MINOR, WITHOUT THE EXPRESS WRITTEN APPROVAL OF BDG ARCHITECTS, ANY CONSTRUCTION EXECUTED FROM THESE PLANS WITHOUT THE EXPRESS WRITTEN APPROVAL OF BDG ARCHITECTS, OR ANY CHANGE IN THE SCOPE, DESIGN, OR INTENT OF THESE PLANS FOR ANY REASON, BY ANY PERSON OTHER THAN BDG ARCHITECTS, SHALL RELIEVE BDG ARCHITECTS OF ANY RESPONSIBILITY OR OBLIGATIONS BDG ARCHITECTS MAY HAVE ON THE PROJECT, AND RESULT IN THE FULL AND COMPLETE RELEASE OF BDG ARCHITECTS FROM ANY LIABILITY, CLAIMS, OR DAMAGES INCLUDING ERRORS AND OMISSIONS ARISING OUT OF OR RELATED TO THE PLANS. ANY DISCREPANCIES OR CONFLICTS IN THE PLANS SHALL BE REFERRED IMMEDIATELY TO BDG ARCHITECTS FOR CLARIFICATION PRIOR TO CONTINUING WITH THE WORK. FAILURE TO REFER DISCREPANCIES OR CONFLICTS TO BDG ARCHITECTS PRIOR TO PERFORMING WORK SHALL RESULT IN THE WAIVER OF ANY CLAIMS OR DAMAGES ASSOCIATED WITH THE DISCREPANCIES OR CONFLICTS. THE CONTRACTOR IS RESPONSIBLE FOR THE COORDINATION, SCHEDULING AND CONFORMANCE OF ITS WORK AND ALL WORK PERFORMED BY SUBCONTRACTORS OR OTHER TRADES WITH THE DESIGN DOCUMENTS.

A STATEMENT ON "ALL" SIGNED AND SEALED PLANS THAT TO THE BEST OF THE ARCHITECTS KNOWLEDGE THE PLANS AND SPECIFICATIONS COMPLY WITH THE MINIMUM BUILDING CODES.

LANDSCAPE NOTES:

1. STRUCTURAL ELEMENTS AND HARDSCAPE FEATURES INDICATED ON LANDSCAPE PLANS ARE FOR INFORMATIONAL PURPOSES ONLY. LANDSCAPE PLANS ARE TO BE UTILIZED FOR LOCATION OF LIVING PLANT MATERIAL ONLY. LANDSCAPE PLANS SHOULD NOT BE UTILIZED FOR STAKING AND LAYOUT OR LOCATION OF ANY STRUCTURAL SITE FEATURES INCLUDING BUT NOT LIMITED TO: BUILDINGS, SIGNAGE, PATHWAYS, EASEMENTS, BERMS, WALL, FENCES, UTILITIES OR ROADWAYS.
2. CONTRACTOR SHALL ACQUIRE ALL APPLICABLE FEDERAL, STATE, LOCAL, JURISDICTIONAL OR UTILITY COMPANY PERMITS REQUIRED PRIOR TO REMOVAL, RELOCATION, AND/OR INSTALLATION OF LANDSCAPE MATERIALS INDICATED WITHIN PLAN DOCUMENTS. THE CONTRACTOR SHALL HAVE PERMITS "IN HAND" PRIOR TO STARTING WORK. LANDSCAPE ARCHITECT SHALL BEAR NO RESPONSIBILITY FOR WORK PERFORMED WITHOUT PERMITTED DRAWINGS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL CHANGES TO THE WORK, AT NO ADDITIONAL COST TO THE OWNER, AS A RESULT OF UNAUTHORIZED WORK PRIOR TO RECEIPT OF PERMIT.
3. TREES SHOWN ON THIS PLAN ARE FOR GRAPHIC REPRESENTATION ONLY. TREE SPACING IS BASED ON DESIGN REQUIREMENTS AND THE TREES SHOWN ON THESE PLANS ATTEMPT TO ACCOMPLISH THAT SPACING WHILE MAINTAINING THE REQUIRED SETBACKS FROM UTILITIES. IN THE EVENT OF A CONFLICT, AFFECTED PLANT MATERIAL SHALL BE FIELD ADJUSTED WITH THE APPROVAL OF THE LANDSCAPE ARCHITECT TO AVOID CONFLICTS WITH THE WITH EXISTING AND PROPOSED UTILITIES, LIGHT POLES, DRAINAGE STRUCTURES OR LINES, LAKE MAINTENANCE EASEMENTS OR OTHER AFFECTED SITE FEATURES.
4. ANY PLANTING WITHIN THE SIGHT TRIANGLES SHALL PROVIDE UNOBSTRUCTED VIEWS AT A LEVEL BETWEEN 30" AND 8' ABOVE THE PAVEMENT.
5. ALL UTILITY BOXES/ STRUCTURES TO BE SCREENED ON 3 SIDES W/ APPROVED PLANTING MATERIAL.
6. IRRIGATION IS REQUIRED PROVIDING 100% COVERAGE WITH A MAXIMUM OF 50% OVERLAP, AN AUTOMATIC RAIN SENSOR MUST BE INCLUDED.
7. ALL PLANT MATERIAL TO BE INSTALLED SHALL CONFORM TO FLORIDA POWER AND LIGHT'S (FPL'S) RIGHT TREE RIGHT PLACE GUIDELINES.
8. IN CASE OF DISCREPANCIES PLANS TAKE PRECEDENCE OVER PLANT LIST.
9. LANDSCAPE CONTRACTOR RESPONSIBLE FOR VERIFICATION OF ALL QUANTITIES PRIOR TO BIDDING.
10. REMOVAL OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR.
11. RELOCATION OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR. REFER TO SPECIFICATIONS FOR RELOCATION INSTRUCTIONS.
12. ALL PLANT MATERIAL TO BE FLORIDA GRADE #1 AT TIME OF INSTALLATION UNLESS OTHERWISE NOTED.
13. TO SUPPORT LONG-TERM PLANT HEALTH, PLANTING SOIL FOR ALL LANDSCAPED AREAS SHALL CONSIST OF EXISTING SOIL MIXED WITH 50 PERCENT RECYCLED TOP SOIL.
14. PER THE ST. LUCIE COUNTY FIRE DISTRICT FIRE PREVENTION CODE RESOLUTION 740-23, AT LEAST 13 FEET 6 INCHES NOMINAL VERTICAL CLEARANCE SHALL BE PROVIDED AND MAINTAINED OVER THE FULL WIDTH OF ALL MEANS OF ACCESS (INCLUDING, BUT NOT LIMITED TO TREES, CANOPIES, ETC.)

Call 811 two business days before digging

Landscape Planting - Part I. General

I. Description of Work
A. Provide all exterior planting as shown on the drawings or inferable therefrom and/or as specified in accordance with the requirements of the Contract Documents. Landscape plans provided indicate the proposed location of living plant material only. Structural elements and hardscape features indicated on the landscape plans are for information purposes only. Landscape plans are not to be utilized for staking and layout or location of any structural site features including but not limited to, buildings, signage, pathways, easements, utilities or roadways.
B. These specifications include standards necessary for and incidental to the execution and completion of planting as indicated on the prepared drawings and specified herein.
C. All applicable federal, state and local permits shall be attained prior to the removal, relocation, or installation of plant materials indicated within the plan documents.
D. Protection of existing features. During construction, protect all existing trees, shrubs, and other specified vegetation, site features and improvements, structures, and utilities specified herein and/or on submitted drawings. Removal or destruction of existing plantings is prohibited unless specifically authorized by the owner, and with permit as required by associated federal, state and local government agencies.

II. Applicable Standards
A. American National Standards for Tree Care Operations, ANSI A300. American National Standards Institute, 11 West 42nd Street, New York, N.Y. 10036.
B. American Standard for Nursery Stock, ANSI Z60.1, American Nursery and Landscape Association, 1250 Eye Street. NW, Suite 500, Washington, D.C. 20005.
C. Hortus Third, The Staff of the L.H. Bailey Hortorium, 1976. MacMillan Publishing Co., New York.
D. Florida Department of Agriculture "Grades and Standards for Nursery Plants", most recent addition.
E. National Arborist Association- Pruning Standards for Shade Trees
F. All standards shall include the latest additions and amendments as of the date of advertisement for bids

III. Qualifications
A. Landscape planting and related work shall be performed by a firm with a minimum of five years experience specializing in this type of work. All contractors and their sub-contractors who will be performing any landscape work included in this section of the specification shall be approved by the landscape architect.
B. Landscape Contractor shall be licensed and shall carry any necessary insurance and shall protect the Landscape Architect and Owner against all liabilities, claims or demands for injuries or damage to any person or property growing out of the performance of the work under this contract. All workers shall be covered by Workman's Compensation Insurance.

IV. Requirements of Regulatory Agencies
A. Certificates of inspection shall accompany the invoice for each shipment of plants as may be required by law for transportation. File certificates with the landscape architect prior to acceptance of the material. Inspection by federal or state authorities at place of growth does not preclude rejection of the plants at the site.

V. Submittals
A. Manufacturer's Data: Submit copies of the manufacturer's and/or source data for all materials specified, including soils, soil amendments and fertilizer materials. Comply with regulations applicable to landscape materials.
B. Samples: Submit samples of all topsoil, soil mixes, mulches, and organic materials. Samples shall weigh 1 kg (2 lb) and be packaged in plastic bags. Samples shall be typical of the lot of material to be delivered to the site and provide an accurate indication of color, texture, and organic makeup of the material.
C. Nursery Sources: Submit a list of all nurseries that will supply plants, along with a list of the plants they will provide and the location of the nursery.
D. Soil Test: Submit soil test analysis report for each sample of topsoil and planting mix from a soil testing laboratory approved by the landscape architect.
1. Provide a particle size analysis, including the following gradient of mineral content:

USDA Designation	Size in mm
Gravel	+2 mm
Very Course Sand	1-2 mm
Coarse Sand	0.5-1 mm
Medium Sand	0.25-0.5 mm
Fine Sand	0.1-0.25 mm
Very fine sand	0.05-0.1 mm
Silt	0.002-0.05 mm
Clay	smaller than 0.002

2. Provide a chemical analysis, including the following:
a. pH and buffer pH
b. Percentage of organic content by oven-dried weight.
c. Nutrient levels by parts per million, including phosphorus, potassium magnesium, manganese, iron, zinc, and calcium. Nutrient test shall include the testing laboratory recommendations for supplemental additions to the soil based on the requirements of horticultural plants.
d. Soluble salt by electrical conductivity of a 1:2, soil: water, sample measured in millimho per cm.
e. Cation exchange capacity (CEC).
E. Material Testing: Submit the manufacturers particle size analysis, and the pH analysis and provide a description and source location for the content material of all organic materials.
F. Maintenance Instructions: Prior to the end of maintenance period, Landscape Contractor shall furnish three copies of written maintenance instructions to the Landscape Architect for transmittal to the Owner for maintenance and care of installed plants through their full growing season.

VI. Utility Verification
A. The contractor shall contact the local utility companies for verification of the location of all underground utility lines in the area of the work. The contractor shall be responsible for all damage resulting from neglect or failure to comply with this requirement.

Part 2. Materials

I. Plants
A. Plants shall be true to species and variety specified and nursery-grown in accordance with good horticultural practices under climatic conditions similar to those in the locality of the project for at least two years. They shall have been freshly dug.
1. All plant names and descriptions shall be as defined in Hortus Third.
2. All plants shall be grown and harvested in accordance with the American Standard for Nursery Stock and Florida Department of Agriculture Grades and Standards for Nursery Plants.
3. Unless approved by the landscape architect, plants shall have been grown at a latitude not more than 325 km (200 miles) north or south of the latitude of the project unless the provenance of the plant can be documented to be compatible with the latitude and cold hardiness zone of the planting location.
B. Unless specifically noted, all plants shall be exceptionally heavy, symmetrical, and so trained or favored in development and appearance as to be unquestionably and outstandingly superior in form, compactness, and symmetry. They shall be sound, healthy, vigorous, well branched, and densely foliated when in leaf; free of disease and insects, eggs, or larvae; and shall have healthy, well-developed root systems. They shall be free from physical damage or other conditions that would prevent vigorous growth.
1. Trees with multiple leaders, unless specified, will be rejected. Trees with a damaged or crooked leader, bark abrasions, sunscald, disfiguring knots, insect damage, or cuts of limbs over 20 mm (3/4 in.) in diameter that are not completely closed will be rejected.
C. Plants shall conform to the measurements specified, except that plants larger than those specified may be used if approved by the landscape architect. Use of larger plants shall not increase the contract price. If larger plants are approved, the root ball shall be increased in proportion to the size of the plant.
1. Caliper measurements shall be taken on the trunk 150 mm (6 in.) above the natural ground line for trees up to and including 100 mm (4 in.) in caliper, and 300 mm (12 in.) above the natural ground line for trees over 100 mm (4 in.) in caliper. Height and spread dimensions specified refer to the main body of the plant and not from branch tip to branch tip. Plants shall be measured when branches are in their normal position. If a range of sizes is given, no plant shall be less than the minimum size, and no less than 50 percent of the plants shall be as large as the maximum size specified. Measurements specified are minimum sizes acceptable after pruning, where pruning is required. Plants that meet measurements but do not possess a standard relationship between height and spread, according to the Florida Department of Agriculture Grades and Standards for Nursery Plants, shall be rejected.
D. Substitutions of plant materials will not be permitted unless authorized in writing by the landscape architect. If proof is submitted in writing that a plant specified is not obtainable, consideration will be given to the nearest available size or similar variety, with a corresponding adjustment of the contract price.
E. The plant schedule provided at the end of this section, or on the drawing, is for the contractor's information only, and no guarantee is expressed or implied that quantities therein are correct or that the list is complete. The contractor shall ensure that all plant materials shown on the drawings are included in his or her bid.
F. All plants shall be labeled by plant name. Labels shall be attached securely to all plants, bundles, and containers of plant materials when delivered. Plant labels shall be durable and legible, with information given in weather-resistant ink or embossed process lettering.
G. Selection and Tagging
1. Plants shall be subject to inspection for conformity to specification requirements and approval by the landscape architect at their place of growth and upon delivery. Such approval shall not impair the right of inspection and rejection during progress of the work.
2. A written request for the inspection of plant material at their place of growth shall be submitted to the landscape architect at least ten calendar days prior to digging. This request shall state the place of growth and the quantity of plants to be inspected. The landscape architect may refuse inspection at this time if, in his or her judgment, sufficient quantities of plants are not available for inspection or landscape architect deems inspection is not required.
3. All field grown deciduous trees shall be marked to indicate the trees north orientation in the nursery. Place a 1-in. diameter spot of white paint onto the north side of the tree trunk within the bottom 12 inches of the trunk.
H. Anti-Desiccants
1. Anti-desiccants, if specified, are to be applied to plants in full leaf immediately before digging or as required by the landscape architect. Anti-desiccants are to be sprayed so that all leaves and branches are covered with a continuous protective film.
I. Balled and Burlapped (B&B) Plant Materials
1. Trees designated B&B shall be properly dug with firm, natural balls of soil retaining as many fibrous roots as possible, in sizes and shapes as specified in the Florida Department of Agriculture Grades and Standards for Nursery Plants. Balls shall be firmly wrapped with synthetic, natural, or treated burlap, and/or wire. All synthetic fabric should be removed from the rootball prior to planting. True biodegradable burlap can be left around the root ball. The root collar shall be apparent at surface of ball. Trees with loose, broken, processed, or manufactured root balls will not be accepted, except with special written approval before planting.
J. Container Plants
1. Plants grown in containers shall be of appropriate size for the container as specified in the most recent edition of the Florida Department of Agriculture Grades and Standards for Nursery Plants and be free of circling roots on the exterior and interior of the root ball.
2. Container plants shall have been grown in the container long enough to have established roots throughout the growing medium.
K. Bareroot and Collected Plants
1. Plants designated as bareroot or collected plants shall conform to the American Standard for Nursery Stock.
2. Bareroot material shall not be dug or installed after bud break or before dormancy.
3. Collected plant material that has not been taken from active nursery operations shall be dug with a root ball spread at least 1/3 greater than nursery grown plants. When specified or approved, shall be in good health, free from disease, insect or weed infestation and shall not be planted before inspection and acceptance at the site. Testing may be required at the discretion of the Landscape Architect and/or the Owner and shall be provided at no additional cost.
L. Specimen Material: Plant material specified as specimens are to be approved by the Landscape Architect before being brought to the site. Unless otherwise noted on the drawings, these plants shall be Florida Fancy.
M. Palms
1. Coconut Palms shall be grown from a certified seed.
2. All palm species except Sabal palmetto shall have roots adequately wrapped before transporting.
3. Sabal palms shall have a hurricane cut. Sabal palms shall be installed on site at the earliest opportunity in the construction process. All Sabal palms shall be from St. Lucie County or other sandy soils. All Sabal palms shall be Florida Fancy.
4. For booted trunk palms, trunks shall have clean intact boots firmly attached to the palm trunk. For slick trunk palms, trunk shall be clear and free from defect and scars.
5. The Contractor shall treat all palms as required to prevent infestation by the palmetto weevil.
N. Sod
1. Sod shall be graded #1 or better. Sod shall be loam or muck grown with a firm, full texture and good root development. Sod shall be thick, healthy and free from defects and debris including but not limited to dead thatch, insects, fungus, diseases and contamination by weeds, other grass varieties or objectionable plant material.
2. Sod shall be sufficiently thick to insure a dense stand of live grass. Sod shall be live, fresh, and uninjured at the time of planting. Plant sod within 48 hours after harvesting.
3. Sod area shall be all areas not otherwise identified and shall include the area beyond the property line to the edge of pavement and/or edge of water.
O. Immediately after harvesting plants, protect from drying and damage until shipped and delivered to the planting site. Rootballs shall be checked regularly and watered sufficiently to maintain root viability.
P. Transportation and Storage of Plant Material
1. Branches shall be tied with rope or twine only, and in such a manner that no damage will occur to the bark or branches.
2. During transportation of plant material, the contractor shall exercise care to prevent injury and drying out of the trees. Should the roots be dried out, large branches broken, balls of earth broken or loosened, or areas of bark torn, the landscape architect may reject the injured tree(s) and order them replaced at no additional cost to the owner. All loads of plants shall be covered at all times with tarpaulin or canvas. Loads that are not protected will be rejected.
3. All bareroot stock sent from the storage facility shall be adequately covered with wet soil, sawdust, woodchips, moss, peat, straw, hay, or other acceptable moisture-holding medium, and shall be covered with a tarpaulin or canvas. Loads that are not protected in the above manner may be rejected.
4. Plants must be protected at all times from sun or drying winds. Those that cannot be planted immediately on delivery shall be kept in the shade, well protected with soil, wet mulch, or other acceptable material, and kept well watered. Plants shall not remain unplanted any longer than three days after delivery. Plants shall not be bound with wire or rope at any time so as to damage the bark or break branches. Plants shall be lifted and handled with suitable support of the soil ball to avoid damaging it.
Q. Mechanized Tree Spade Requirements
Trees may be moved and planted with an approved mechanical tree spade. The tree spade shall move trees limited to the maximum size allowed for a similar B&B root-ball diameter according to the American Standard for Nursery Stock or the manufacturer's maximum size recommendation for the tree spade being used, whichever is smaller. The machine shall be approved by the landscape architect prior to use. Trees shall be planted at the designated locations in the manner shown in the plans and in accordance with applicable sections of the specifications.

II Materials for Planting
A. Mulch: Except as otherwise specified, mulch shall be shredded Melaleuca mulch - grade "A". All Melaleuca mulch shall be made entirely from the wood and bark of the
Melaleuca quinquinerva tree. It shall not contain more than 10% bark (by volume). Shreds and chips shall not be larger the ¾" diameter and 1½" in length. Mulch shall
be free of weeds, seeds, and any other organic or inorganic material other than Melaleuca wood and bark. It shall not contain stones or other foreign material that will prevent its eventual decay. This shall be applied to all planted areas where indicated so that, after installation, the mulch thickness will not be less than 3". Submit sample for approval.
B. Peat: Shall be horticultural peat composed of not less than 60% decomposed organic matter by weight, on an oven dried basis. Peat shall be delivered to the site in a
workable condition free from lumps.
C. Gravel Mulch: Use only where specifically indicated on the plans of the size and type shown. Unless otherwise specified it shall be water-worn, hard durable gravel, washed free of loam, sand, clay and other foreign substances. It shall be a minimum of 3" deep and shall be contained with edging or other approved gravel stop as indicated on the plans. It shall be a maximum of 1 1/2", a minimum of 3/4" and of a readily-available natural gravel color range. Provide geotextile filter fabric below aggregate rock.
Submit sample for approval.
D. Root Barrier: Where specified, root barriers shall be installed on all tree and palm material in accordance with the root barrier detail provided within the plan drawings. Root barriers shall comply with all requirements of the municipality within which they are located as well as with any utility holder requirements of any affected utilities. In the event that conflicting requirements exist between the root barrier detail provided within the plan documents and the municipality/utility holder requirements, the more stringent of the requirements shall be applicable.
E. Planter Edging: Use only where specifically indicated on plans. Edging shall be the color black.
F. Anti-desiccant: shall be an emulsion specifically manufactured for agricultural use, which provides a protective film over plant surfaces. Anti-desiccants shall be delivered in containers of the manufacturer and shall be mixed according to the manufacturer's directions. Submit manufacturer literature for approval.

III. Materials for Soil Amendment
A. Pine Bark: Horticultural-grade milled pine bark, with 80 percent of the material by volume sized between 0.1 and 15.0 mm.
1. Pine bark shall be aged sufficiently to break down all woody material. Pine bark shall be screened.
2. pH shall range between 4 and 7.0.
3. Submit manufacturer literature for approval.
B. Organic Matter: Leaf matter and yard waste composted sufficiently to break down all woody fibers, seeds, and leaf structures, and free of toxic and nonorganic matter. Organic matter shall be commercially prepared compost. Submit 0.5 kg (1 lb) sample and suppliers literature for approval.
C. Course Sand: Course concrete sand, ASTM C-33 Fine Aggregate, with a Fines Modulus Index of 2.75 or greater.
1. Sands shall be clean, sharp, natural sands free of limestone, shale and slate particles.
2. Provide the following particle size distribution:

Sieve	Percentage Passing
3/8 in (9.5 mm)	100
No. 4 (4.75 mm)	95-100
No. 8 (2.36 mm)	80-100
No. 16 (1.18 mm)	50-85
No. 30 (0.60 mm)	25-60
No. 50 (0.30 mm)	10-30
No. 100 (0.15 mm)	2-10

D. Lime: shall be ground, palletized, or pulverized lime manufactured to meet agricultural standards and contain a maximum of 60 percent oxide (i.e. calcium oxide plus magnesium oxide). Submit manufacturer literature for approval.
E. Sulfur: shall be flowers of sulfur, pelletized or granular sulfur, or iron sulfate. Submit manufacturer literature for approval.
F. Fertilizer: Agricultural fertilizer of a formula indicated by the soil test. Fertilizers shall be organic, slow-release compositions whenever applicable. Submit manufacturer literature for approval.

IV. Planting Mix
A. Planting Mix
1. Planting Mix for Trees, Shrubs, Groundcovers and vines: Check with landscape architect for appropriate mixture.
2. Planting Mix for Palms: Mixture of course sand and peat mixed to the following proportion:

Component	Percent by Volume
Coarse Sand	75%
Peat	25%

B. Planting mix shall be thoroughly mixed, screened, and shredded.
C. Prior to beginning the mixing process, submit a 1-kg (2-lb) sample of the proposed mix with soil test results that indicate the mix ratio and the results achieved.
D. During the mixing process but prior to installing the mix, submit a 1-kg (2-lb) sample for each 200 cubic meters (250 cubic yards) of planting mix, taken randomly from the finished soil mix, with soil test results for approval. In the event that the test results do not meet the required particle size distribution, remix and resubmit a revised planting mix.
E. Make all amendments of lime/sulfur and fertilizer indicated by the soil test results at the time of mixing.
F. All mixing shall take place in the contractors yard, using commercial mixing equipment sufficient to thoroughly mix all components uniformly
G. Protect the planting mix from erosion prior to installation.

Part 3. Execution

I. Excavation of Planted Areas
A. Locations for plants and/or outlines of areas to be planted are to be staked out at the site. Locate and mark all subsurface utility lines. Approval of the stakeout by the landscape architect is required before excavation begins.
B. Tree, shrub, and groundcover beds are to be excavated to the depth and widths indicated on the landscape plan detail drawings. If the planting area under any tree is initially dug too deep, the soil added to bring it up to the correct level should be thoroughly tamped.
1. The sides of the excavation of all planting areas shall be sloped at a 45 degrees. The bottom of all beds shall slope parallel to the proposed grades or toward any subsurface drain lines within the planting bed. The bottom of the planting bed directly under any tree shall be horizontal such that the tree sits plumb.
2. Maintain all required angles of repose of the adjacent materials as shown on the drawings. Do not excavate compacted subgrades of adjacent pavement or structures.
3. Subgrade soils shall be separated from the topsoil, removed from the area, and not used as backfill in any planted or lawn area. Excavations shall not be left uncovered or unprotected overnight.
C. For trees and shrubs planted in individual holes in areas of good soil that is to remain in place and/or to receive amendment in the top 150-mm (6 in.) layer, excavate the
hole to the depth of the root ball and to widths shown on the drawing. Slope the sides of the excavation at a 45 degree angle up and away from the bottom of the excavation.
1. In areas of slowly draining soils, the root ball may be set up to 75 mm (3 in.) or 1/8 of the depth of the root ball above the adjacent soil level.
2. Save the existing soil to be used as backfill around the tree.
3. On steep slopes, the depth of the excavation shall be measured at the center of the hole and the excavation dug as shown on the drawings.
D. Detrimental soil conditions: The landscape architect is to be notified, in writing, of soil conditions encountered, including poor drainage, that the contractor considers detrimental to the growth of plant material. When detrimental conditions are uncovered, planting shall be discontinued until instructions to resolve the conditions are received from the landscape architect.
E. Obstructions: If rock, underground construction work, utilities, tree roots, or other obstructions are encountered in the excavation of planting areas, alternate locations for
any planting shall be determined by the landscape architect.

II. Installation of Planting Mix
A. Prior to the installation of the planting mix, install subsurface drains, irrigation main lines, lateral lines, and irrigation risers shown on the drawings.
B. The landscape architect shall review the preparation of subgrades prior to the installation of planting mix.
C. Do not proceed with the installation of planting mix until all utility work in the area has been installed.
D. Protect adjacent walls, walks, and utilities from damage or staining by the soil. Use 12-mm (1/2 in.) plywood and/or plastic sheeting as directed to cover existing concrete,
metal, masonry work, and other items as directed during the progress of the work.
1. Clean up any soil or dirt spilled on any paved surface at the end of each working day.
2. Any damage to the paving or architectural work caused by the soils installation contractor shall be repaired by the general contractor at the soils installation contractors expense.
E. Till the subsoil into the bottom layer of topsoil or planting mix.
1. Loosen the soil of the subgrade to a depth of 50 to 75 mm (2 to 3 in.) with a rotoriller or other suitable device.
2. Spread a layer of the specified topsoil or planting mix 50 mm (2 in.) deep over the subgrade. Thoroughly till the planting mix and the subgrade together.
3. Immediately install the remaining topsoil or planting mix in accordance with the following specifications. Protect the tilled area from traffic. DO NOT allow the tilled subgrade to become compacted.
4. In the event that the tilled area becomes compacted, till the area again prior to installing the planting mix.
F. Install the remaining topsoil or planting mix in 200- to 250-mm (8- to 10-in.) lifts to the depths and shown on the drawing details. The depths and grades shown on the drawings are the final grades after soil settlement and shrinkage of the organic material. The contractor shall install the soil at a higher level to anticipate this reduction of soil volume, depending on predicted settling properties for each type of soil.
1. Phase the installation of the soil such that equipment does not have to travel over already-installed topsoil or planting mixes.
2. Compact each lift sufficiently to reduce settling but not enough to prevent the movement of water and feeder roots through the soil. The soil in each lift should feel firm to the foot in all areas and make only slight heel prints. Overcompaction shall be determined by the following field percolation test.
a. Dig a hole 250 mm (10 in.) in diameter and 250 mm (10 in.) deep.
b. Fill the hole with water and let it drain completely. Immediately refill the hole with water, and measure the rate of fall in the water level.
c. In the event that the water drains at a rate less than 25 mm (1 in.) per hour, till the soil to a depth required to break the overcompaction.
d. The landscape architect shall determine the need for, and the number and location of percolation tests based on observed field conditions of the soil.
3. Maintain moisture conditions within the soils during installation to allow for satisfactory compaction. Suspend installation operations if the soil becomes wet. Do not place soils on wet subgrade.
4. Provide adequate equipment to achieve consistent and uniform compaction of the soils. Use the smallest equipment that can reasonably perform the task of spreading and compaction.
5. Add lime, sulfur, fertilizer, and other amendments during soil installation. Spread the amendments over the top layer of soil and till into the top 100 mm (4 in.) of soil. Soil amendments may be added at the same time that organic matter, when required, is added to the top layer of soil.
6. Protect soil from overcompaction after placement. An area that becomes overcompacted shall be tilled to a depth of 125 mm (6 in.). Uneven or settled areas shall be filled and regraded.

III. Fine Grading
A. It shall be the responsibility of the Contractor to finish grade (min. 6" below adjacent F.F.E.). Finish grades in planting areas shall be one inch lower than adjacent paving and are to include 3" of mulching. New earthwork shall blend smoothly into the existing earthwork, and grades shall pitch evenly between spot grades. All planted areas must pitch to drain at a minimum of 1/4" per foot. Any discrepancies not allowing this to occur shall be reported to the Landscape Architect prior to continuing work.
B. Fill all dips and remove any bumps in the overall plane of the slope.
1. The tolerance for dips and bumps in lawn areas shall be a 12-mm (1/2 in.) deviation from the plane in 3,000 mm (10 ft).
2. The tolerance for dips and bumps in shrub planting areas shall be a 25-mm (1 in.) deviation from the plane in 3,000 mm (10 ft).
3. All fine grading shall be inspected and approved by the landscape architect prior to planting, mulching, sodding, or seeding.
C. Berming shall not be placed within 10' of any existing tree nor will it be allowed to encroach upon any drainage, or maintenance easement. Berming shall not impede or obstruct any necessary swales needed to drain other areas for the property.

IV. Planting Operations
A. Plants shall be set on flat-tamped or unexcavated pads at the same relationship to finished grade as they were to the ground from which they were dug, unless otherwise noted on the drawings. Plants must be set plumb and braced in position until topsoil or planting mix has been placed and tamped around the base of the root ball. Improper compacting of the soil around the root ball may result in the tree settling or leaning. Plants shall be set so that they will be at the same depth and so that the root ball does not shift or move laterally one year later.
1. Determine the elevation of the root flare and ensure that it is planted at grade. This may require that the tree be set higher than the grade in the nursery.
2. If the root flare is less than 50 mm (2 in.) below the soil level of the root ball, plant the tree the appropriate level above the grade to set the flare even with the grade. If the flare is more than 50 mm (2 in) at the center of the root ball the tree shall be rejected.
B. Lift plants only from the bottom of the root balls or with belts or lifting harnesses of sufficient width not to damage the root balls. Do not lift trees by their trunk or use the trunk as a lever in positioning or moving the tree in the planting area.
C. Remove plastic, paper, or fiber pots from containerized plant material. Pull roots out of the root mat. Loosen the potting medium and shake away from the root mat. Immediately after removing the container, install the plant such that the roots do not dry out. Pack planting mix around the exposed roots while planting.
D. The roots of bare-root trees shall be pruned at the time of planting to remove damaged or undesirable roots (those likely to become a detriment to future growth of the root system). Bare-root trees shall have the roots spread to approximate the natural position of the roots and shall be centered in the planting pit. The planting-soil backfill shall be worked firmly into and around the roots, with care taken to fill in completely with no air pockets.
E. Cut ropes or strings from the top of shrub root balls and trees smaller than 3 in. caliper after plant has been set. Remove burlap or cloth wrapping and any wire baskets from around top half of balls. Do not turn under and bury portions of burlap at top of ball.
1. Do not immediately remove the ropes and burlap from trees larger than 3 in. caliper. Return to each tree three months after planting and cut all ropes around the trunks and tops of the root balls of these trees.
2. Completely remove any waterproof or water-repellant strings or wrappings from the root ball and trunk before backfilling.
F. Set balled and burlapped trees in the hole with the north marker facing north unless otherwise approved by the landscape architect.
G. Place native soil, topsoil, or planting mix into the area around the tree, tamping lightly to reduce settlement.
1. For plants planted in individual holes in existing soil, add any required soil amendments to the soils, as the material is being backfilled around the plant. Ensure that the amendments are thoroughly mixed into the backfill.
2. For plants planted in large beds of prepared soil, add soil amendments during the soil installation process.
3. Ensure that the backfill immediately around the base of the root ball is tamped with foot pressure sufficient to prevent the root ball from shifting or leaning.
H. Solid sod shall be laid with closely abutting joints with a tamped or rolled, even surface. Stagger strips to offset joints in adjacent courses. Bring the sod edge in a neat, clean manner to the edge of all paving and shrub areas. Sod along slopes shall be pegged to hold sod in place along slopes or banks a wood peg acceptable to the Landscape Architect shall be used at no additional cost to the Owner. If, in the opinion of the Landscape Architect, top-dressing is necessary after rolling, clean sand will be evenly applied over the entire surface and thoroughly washed in without additional charge.
I. Thoroughly water all plants immediately after planting. Apply water by hose directly to the root ball and the adjacent soil.
J. Remove all tags, labels, strings, etc. from all plants.
K. Remove any excess soil, debris, and planting material from the job site at the end of each workday.
L. Form watering saucers 100 mm (4 in.) high immediately outside the area of the root ball of each tree as indicated on the drawings.

V. Relocation of Existing Material:
A. Landscape Contractor shall root prune trees which are to be relocated in accordance with approved horticultural practices and the following procedures.
1. Select a healthy tree
2. Selectively trim the canopy removing dead limbs, cross branching over crowned areas, and lower undesirable limbs. Fertilize and water trees before pruning.
3. Root prune 50% of the root system approximately 18"-2' deep (depending upon species and size). This is done by hand with sharp hand tools or a root pruning saw. The diameter of the root ball to be pruned is 8-12 inches per every one inch of diameter at breast height of the tree.
4. Back fill the existing soil with peat moss to stimulate new root growth of the pruned roots.
5. Water in thoroughly and treat with a mycorrhizae and a low nitrogen fertilizer (so not to burn the pruned roots). Brace trees if deemed necessary.
6. The root pruned tree should be watered every day (especially during warm months of the season), the equivalent of 5 gallons for every DBH of tree per day.
7. Root pruned trees should be let to stand for a minimum of 6 weeks for trees less than 8" DBH and as long as 3 months for larger specimens prior to transplanting.
8. For best results and survivorship, new root growth should be evident on root pruned trees prior to transplanting.
9. Upon transplanting, water should be applied every day as outlined in step 6 for at least one year.

VI. Staking and Guying
A. The Contractor shall stake all trees and palms in accordance with the tree and palm staking details provided within the plan drawings. Alternate methods of guying or staking may be employed with the prior approval of the Landscape Architect.
B. The Contractor shall be responsible for the replacement or adjustment of all trees, palms or shrubs that fall or lean during the guarantee period. The Contractor shall be responsible for any damage caused by the falling or leaning of trees.
C. Stakes and guys shall be installed immediately upon approval or planting, and shall be removed in accordance with the staking details provide within the plan drawings. Any tree that is not stable at the end of the warranty period shall be rejected.

VII. Pruning
A. Plants shall not be heavily pruned at the time of planting. Pruning is required at planting time to correct defects in the tree structure, including removal of injured branches, waterspouts, suckers, and interfering branches. Healthy lower branches and interior small twigs should not be removed except as necessary to clear walks and roads. In no case should more than one-quarter of the branching structure be removed. Retain the normal or natural shape of the plant.
B. All pruning shall be completed using clean, sharp tools. All cuts shall be clean and smooth, with the bark intact with no rough edges or tears.
C. Pruning of large trees shall be done from a hydraulic man-lift such that it is not necessary to climb the tree.

VIII. Mulching
A. All trees, palms, shrubs, and other plantings will be mulched with mulch previously approved by the landscape architect. The mulch shall be a minimum 3" thick layer over all tree, shrub and ground cover planting areas, unless otherwise specified. All mulch layers shall be of the specified thickness at the time of the final acceptance of the work. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.
B. Place mulch at least 3" in depth in a circle around all trees located in lawn areas. The diameter of the circle shall be 18" in diameter larger than the ball of the plant provided. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.

IX. Maintenance of Trees, Shrubs, and Vines
A. Maintenance shall begin immediately after each plant is planted and continue until its acceptance has been confirmed by the landscape architect.
B. Maintenance shall consist of pruning, watering, cultivating, weeding, mulching, fertilizing, tightening and repairing guys and stakes, resetting plants to proper grades or upright position, restoring of the planting saucer, and furnishing and applying such sprays or other materials as necessary to keep plantings free of insects and diseases and in vigorous condition.
C. Planting areas and plants shall be protected at all times against trespassing and damage of all kinds for the duration of the maintenance period. If a plant becomes damaged or injured, it shall be treated or replaced as directed by the landscape architect at no additional cost.
D. Watering: Contractor shall irrigate as required to maintain vigorous and healthy tree growth. Overwatering or flooding shall not be allowed. The contractor shall monitor, adjust, and use existing irrigation facilities, if available, and furnish any additional material, equipment, or water to ensure adequate irrigation. Root balls of all trees and large shrubs shall be spot watered using handheld hoses during the first four months after planting, as required to ensure adequate water within the root ball.
E. During periods of restricted water usage, all governmental regulations (permanent and temporary) shall be followed. The contractor may have to transport water from ponds or other sources, at no additional expense to the owner when irrigation systems are unavailable.
F. Remove soil ridges from around watering basins prior to end of maintenance period, as directed by Landscape Architect

X. Acceptance
A. The landscape architect shall inspect all work for acceptance upon written request of the contractor. The request shall be received at least ten calendar days before the anticipated date of inspection.
B. Acceptance of plant material shall be for general conformance to specified size, character, and quality and shall not relieve the contractor of responsibility for full conformance to the contract documents, including correct species.
C. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect, the landscape architect shall certify in writing that the work has been accepted.

XI. Acceptance in Part
A. Work may be accepted in parts when the landscape architect and contractor deem that practice to be in their mutual interest. Approval must be given in writing by the landscape architect to the contractor verifying that the work is to be completed in parts. Acceptance of work in parts shall not waive any other provision of this contract.

XII. Guarantee Period and Replacements
A. The guarantee period for trees and shrubs shall begin at the date of acceptance.
B. The contractor shall guarantee all plant material to be in healthy and flourishing condition for a period of one year from the date of acceptance.
C. When work is accepted in parts, the guarantee periods extend from each of the partial acceptances to the terminal date of the guarantee of the last acceptance. Thus, all guarantee periods terminate at one time.
D. The contractor shall replace, without cost, as soon as weather conditions permit, and within a specified planting period, all plants determined by the landscape architect to be dead or in an unacceptable condition during and at the end of the guarantee period. To be considered acceptable, plants shall be free of dead or dying branches and branch tips and shall bear foliage of normal density, size, and color. Replacements shall closely match adjacent specimens of the same species. Replacements shall be subject to all requirements stated in this specification.
E. The guarantee of all replacement plants shall extend for an additional period of one year from the date of their acceptance after replacement. In the event that a replacement plant is not acceptable during or at the end of said extended guarantee period, the landscape architect may elect subsequent replacement or credit for that item.
F. At the end of the guarantee, the contractor shall reset grades that have settled below the proposed grades on the drawings.
G. The contractor shall make periodic inspections, at no extra cost, during the guarantee period to determine what changes, if any, should be made in the maintenance program. If changes are recommended, they shall be submitted in writing to the landscape architect. Claims by the contractor that the owners maintenance practices or lack of maintenance resulted in dead or dying plants will not be considered if such claims have not been documented by the contractor during the guarantee period.

XIII. Final Inspection and Final Acceptance
At the end of the guarantee period and upon written request of the contractor, the landscape architect will inspect all guaranteed work for final acceptance. The request shall be received at least ten calendar days before the anticipated date for final inspection. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect at that time, the landscape architect shall certify, in writing, that the project has received final acceptance.

Developer School Planning and Capacity

Instructions: Please submit completed worksheet with development plan to the governmental entity where development plan approval is sought. For projects that are expected to generate more than 200 students a pre-application conference with the School District is recommended. This may be held in conjunction with the local government preapplication meeting.

Please check [✓] type of application

- [ ] **Rezoning with Residential Component** (Complete Section A only)
- [ ] **Future Land Use Amendments** (Complete Section A only)
- [x] **Final Development Order// General Review and** Adequate Capacity Determination (Complete Section B only)

PROJECT INFORMATION	
Project Name	Sunrise Village (PZSITE2025-00009)
Project Type: (Comp Plan / Rezoning / PUD / Site Plan / etc.)	Site Plan Approval / Conditional Use
Municipality	City of Fort Pierce
Parcel Identification Number (s) (PIN) (Attach separate sheet if necessary)	2417504002000 16
Location / Address of Subject Property	3000 Okeechobee Road, Fort Pierce, FL 34947
Acreage of Project	6.8 acres
Anticipated Start Date and anticipated phasing	TBD
OWNERSHIP / AGENT INFORMATION	
Owner's Name	Mustafa E Altinok - Authorized Member, Arrow Investment Group, LLC
Owner's Signature	
Agent's Name/Company (if applicable)	Jerrod Purser (WGI, Inc.)
Mailing Address	3230 W. Commercial Blvd, Suite 300, Fort Lauderdale, FL 33309
Phone 561-537-4533	Email Jerrod.Purser@wginc.com

SECTION A: Rezoning with Residential Component and Future Land Use Amendments

Please check [✓] to indicated that you have included the following:

- [ ] Please attach location sketch
- [ ] Please attach property survey or preliminary site plan that shows the existing and proposed zoning and land use designations.

	Existing	*Proposed*
Land Use Designation (attach separate table for multiple uses)		
Zoning (attach separate table for multiple zoning designations)		
Maximum Number of dwelling units allowed		
Estimated Number of binding age restricted dwelling units		
Describe any other items related to the use		

SECTION B: Final Development Order// General Review and Adequate Capacity Determination

For projects that are expected to generate more than 200 students, we recommend that the applicant have a pre-application conference with the School District. This may be held in conjunction with the local government preapplication meeting.

Please check [✓] to indicate that you have included the following:

X Please attach location sketch, property survey or preliminary site plan that shows the proposed uses.

N/A If applicable, please complete the *Application for Exemption: School Impact Fees for Age Restricted Housing for Housing Older Persons.* [2]

N/A If the project is anticipated to be phased, please describe and graphic showing phasing schedule.[3]

Please describe project and general schedule

The Applicant is proposing a 106-unit multifamily affordable housing development. In addition to the residential units, a 1.03-acre lake, 0.14-acre recreation area, and clubhouse are provided on site.

Proposed Residential Uses

Unit Type	Dwelling Units	Student Generation[1]
Single Family:	-	-
Multi-Family:	106	22
Age Restricted[2]:	-	-

If the access of the project is located on a collector or arterial roadway, please address a potential bus stop location to provide safe waiting for parents and students as well as loading and disembarkment of students from buses

A school bus stop location is proposed for students. Refer to the provided site plan.

[1]For student generation rate use 0.405 students per single family unit and 0.207 students per multi-family unit (includes townhouses).
[2]A Restrictive Covenant is required for age-restricted communities that are exempt from concurrency and impact fees.
[3]If applicable, please attach a Phasing Plan showing the number and type of units to receive certificate of occupancy by phase

TURN LANE ANALYSIS REPORT

TO: City of Fort Pierce
St Lucie County

FROM: Jane A. Caldera, P.E.

COPY TO: Ash Leyva – Blue Skey Communities
Jerrod Purser - WGI

DATE: May 14, 2025

SUBJECT: Major Site Plan: Innovative Development (PZSITE2025-00009)
3000 Okeechobee Rd - Sunrise Village
Property Control Number: 2417-504-0020-001-6

At the request of St Lucie County, a turn lane analysis has been prepared to evaluate the need for turn lanes at the requested site access driveway on Okeechobee Road, opposite S 31st Street in the City of Fort Pierce. The turn lane analysis presented below is based on NCHRP report 457.

BACKGROUND INFORMATION

A Traffic Impact Statement (dated 2/19/2025) requesting approval of De-Minimis for the Sunrise Village Affordable Housing development project has been submitted to the City of Fort Pierce and St Lucie County.

The Sunrise Village development consist of a 106 unit affordable housing project planned on a 6.8 acre parcel location on the northeast quadrant of Okeechobee Road and S 31st Street in the City of Fort Pierce. The site traffic data from the Traffic Impact Statement has been used as the basis of this turn lane analysis. A copy of the Traffic Impact Statement, dated 2/19/2025, attached as Exhibit A for your reference.

TURN LANE EVALUATION AT SITE DRIVEWAY

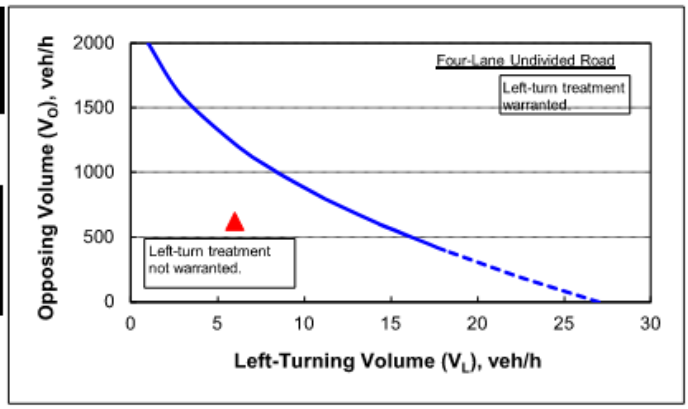
Left Turn Lane

NCHRP Report 457, from the FDOT Multimodal Access Management Guidebook was used to evaluate the need for a left turn lane to access driveways on Okeechobee Road. Based on the NCHRP Report 457 a left turn lane is warranted. Figures 1 and 2 contain the relevant information used to evaluate the left turn lane warrant at the site access driveway for the AM and PM Post Development Traffic Conditions.

Figure 2 - 5. Guideline for determining the need for a major-road left-turn bay at a two-way stop-controlled intersection.

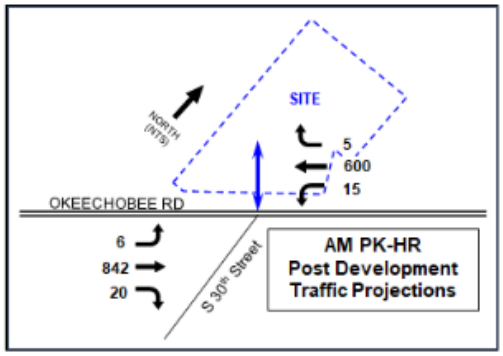
4-lane roadway

INPUT



Variable	Value
Left-turning volume (V_L), veh/h:	6
Advancing volume (V_A), veh/h:	868
Opposing volume (V_O), veh/h:	620

OUTPUT



Variable	Message
Opposing volume (V_O) check:	O.K.
Combined volume (V_A and V_O) check:	O.K.
Guidance for determining the need for a major-road left-turn bay:	
Left-turn treatment NOT warranted.	

CALIBRATION CONSTANTS

Variable	Value
Average time for making left-turn s:	4.0
Critical headway s:	6.0

Note: When V_O < 400 veh/h (dashed line), a left-turn lane is not normally warranted unless the advancing volume (V_A) in the same direction as the left-turning traffic exceeds 400 veh/h (V_A > 400 veh/h).

Right Turn Lane

NCHRP Report 457, from the FDOT Multimodal Access Management Guidebook was used to evaluate the need for a right turn lane to access driveways. Based on the NCHRP Report 457 a right turn lane is not warranted on Okeechobee Road at the site access driveway. Figures 3 and 4 contain the relevant information used to evaluate the right turn lane warrant for the site access driveway for the AM and PM Post Development Traffic Conditions.

TRAFFIC IMPACT STATEMENT

TO: City of Fort Pierce

FROM: Jane A. Caldera, P.E.

COPY TO: Ash Leyva – Blue Skey Communities
Jerrod Purser - WGI

DATE: February 19, 2025

SUBJECT: De Minimis Impact Request
3000 Okeechobee Rd - Sunrise Village
Property Control Number: 2417-504-0020-001-6

This Traffic Impact Statement has been prepared to provide the City of Fort Pierce with the pertinent traffic data needed to review and approved an application for exemption to City Code Chapter 150 - CONCURRENCY MANAGEMENT - Sec. 105-6. - Concurrency assessment, based on meeting the De-Minimis impact criteria per Sec. 105.6(b)(2) for the Sunrise Village Affordable Housing development project.

The Sunrise Village major site plan application is for a 106 unit affordable housing development planned on a 6.8 acre parcel location on the northeast quadrant of Okeechobee Road and S 31st Street in the City of Fort Pierce. The site location and area roadways are shown in Figure 1 below.

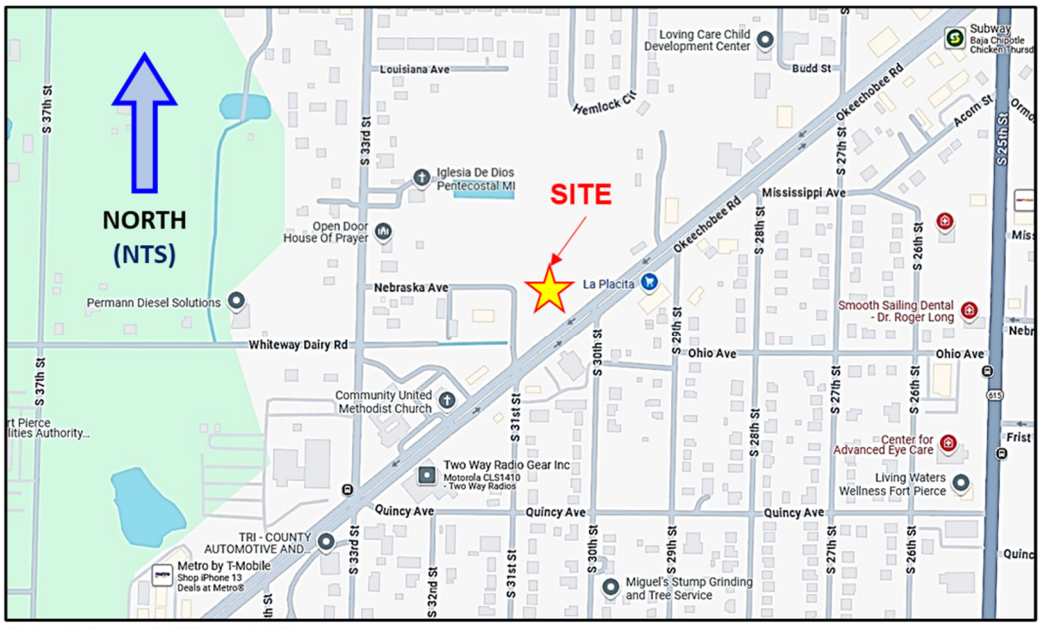

FIGURE 1 – SITE LOCATION

TRIP GENERATION:

The trip generation estimates for the proposed affordable housing development were based on the trip rates contained in the 11th Edition of the Institute of Transportation of Engineers (ITE) Trip Generation Manual. Tables 1, 2 and 3 below contain the trip generation calculations associated with the 106 unit affordable housing development.

TABLE 1 - DAILY TRIP GENERATION ESTIMATES

ITE Land-Use Category	ITE Land-Use (Code)	Independent Variable	(1) ITE Ave Rate	Size	Total Trips	In	Out
PROPOSED LAND-USE							
Affordable Housing	223	DWELLING UNITS	4.81	106	510	255	255

(1) The Trip Generation Rates were obtained from ITE Trip Generation Manual, 11th Edition.

TABLE 2 - AM PEAK HOUR TRIP GENERATION ESTIMATES

ITE Land-Use Category	ITE Land-Use (Code)	Independent Variable	(1) ITE Ave Rate	Size	Total Trips	In	Out
PROPOSED LAND-USE							
Affordable Housing	223	DWELLING UNITS	0.36	106	38	11	27

(1) The Trip Generation Rates were obtained from ITE Trip Generation Manual, 11th Edition.

TABLE 3 - PM PEAK HOUR TRIP GENERATION ESTIMATES

ITE Land-Use Category	ITE Land-Use (Code)	Independent Variable	(1) ITE Ave Rate	Size	Total Trips	In	Out
PROPOSED LAND-USE							
Affordable Housing	223	DWELLING UNITS	0.46	106	49	29	20

(1) The Trip Generation Rates were obtained from ITE Trip Generation Manual, 11th Edition.

SITE TRAFFIC DISTRIBUTION:

The site traffic distribution for this development was determined based on the area demographics and the area roadway network. Figure 2 below displays the traffic distribution.

FIGURE 2 – SITE TRAFFIC DISTRIBUTION

DETERMINATION OF DE MINIMIS IMPACT:

Florida law defines de minimis impact as “an impact that would not affect more than 1 percent of the maximum volume at the adopted level of service of the transportation facility as determined by the local government.” (§163.3180(6), F.S.)

Fort Pierce City Code Sec.105.6(b)(2) defines ‘De minimis impacts” as follows:

a. *An impact that would not affect more than one percent of the maximum volume at the adopted level of service of the affected transportation facility as determined by the director of planning.*

b. *An impact for which the sum of existing roadway volumes and the projected volumes from approved projects on a transportation facility does not exceed 110 percent of the maximum volume at the adopted level of service of the affected transportation facility.*

c. *An impact that would not exceed the adopted of service standard of any affected designated hurricane evaluation routes.*

Table 4 below contains the relevant traffic data used to calculate the site traffic as a percentage of maximum service volume.

TABLE 4
DETERMINATION OF DE MINIMIS IMPACT TEST

Road Name	Limits	Functional Class (1)	Context Class (1)	No. of Lanes	LOS STD (2)	2-Way PK-HR Capacity MSV (3)	Site Traffic Dist.	PM Net New Trips (2-way)	Site Traffic as % of MSV at LOS STD	De minimis Impact Threshold	De minimis Impact
Okeechobee Road	33rd ST to Site Access Driveway/30th ST	Urban Minor Arterial	C4 - Urban General	4D	D	3,250	45%	22.1	0.7%	<= 1%	YES
Okeechobee Road	Site Access Driveway/ 30th ST to 25th ST	Urban Minor Arterial	C4 - Urban General	4D	D	3,250	55%	27.0	0.8%	<= 1%	YES
						PM PEAK-HOUR SITE TRAFFIC (2-WAY)		***49***			

(1) FDOT GIS Maps

(2) City of Fort Pierce Code Sec. 105-6.(e) Level of service standards and review criteria. Table B. Level of Service Standards.

(3) FDOT 2023 Multimodal Quality/Level of Service Handbook, Appendix B: Florida's Generalized Service Volume Tables

As indicated in the table above, the minimal amount of peak hour traffic estimated to be generated by this site falls below the one percent threshold, therefore criteria (a) is satisfied.

According to the Traffic Counts and Level of Service Report 2024, prepared by the St Lucie Transportation Planning Organization (TPO), the adjacent transportation facility, Okeechobee Road Station ID 689), is operating well below the 110 percent of the maximum volume; therefore criteria (b) and (c) are satisfied. A copy of the relevant page from the St Lucie TPO report is attached to this statement.

As indicated in this Traffic Impact Statement, the Sunrise Village affordable housing project meets the de minimis impact thresholds requirements and can be granted an exemption to City Code Chapter 105 - CONCURRENCY MANAGEMENT.

Please contact me if you have any questions or need additional information to deem this project as having de minimis impact on the adjacent roadway.

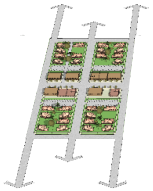
* **NOTE:** A six digit number in the "STATION ID" column identifies segment counted by FDOT. FDOT count stations use standard K and D factors to determine peak hour values.
Peak hour data is not available for locations on State roads due to differences in data availability, LOS Methodologies, and service level thresholds.
Please refer to FDOT sources for detailed data on FDOT traffic counts.



* Volumes shown were adjusted using FDOT Seasonal Factors

* AADT = Annual Average Daily Traffic (volumes for both directions where applicable)

*** NOTE:** If the Last Count Year is older than the year of the report, the AADT is projected from historical traffic count data.

Adjustment Factors

The peak hour directional service volumes should be adjust by multiplying by 1.2 for one-way facilities
The AADT service volumes should be adjusted by multiplying 0.6 for one way facilities 2 Lane Divided Roadway with an Exclusive Left Turn Lane(s): Multiply by 1.05
2 lane Undivided Roadway with No Exclusive Left Turn Lane(s): Multiply by 0.80
Exclusive right turn lane(s): Multiply by 1.05
Multilane Undivided Roadway with an Exclusive Left Turn Lane(s): Multiply by 0.95
Multilane Roadway with No Exclusive Left Turn Lane(s): Multiply by 0.75
Non-State Signalized Roadway: Multiply by 0.90

This table does not constitute a standard and should be used only for general planning applications. The table should not be used for corridor or intersection design, where more refined techniques exist.
* Cannot be achieved using table input value defaults.
** Not applicable for that level of service letter grade. For the automobile mode, volumes greater than level of service D become F because intersection capacities have been reached.

RE: Sunrise Village - Major Site Plan: Innovative Development (PZSITE2025-00009)

Ms. Driver,

Please accept this letter as a formal clarification of the PZSITE2025-00009 Density Request.

The subject site is eligible for up to 17 dwelling units per acre based on the density bonus allowances in the code. For clarification, the Applicant is requesting approval of a gross density of 15.6 dwelling units per acre for 106 multifamily units.

If you have any questions, please contact me at 561-537-4533 or Jerrod.Purser@wginc.com.

Sincerely,

WGI, Inc.

Jerrod Purser, PLA
Senior Project Manager

Sound Transmission Classification Assessment Tool (STraCAT)

Overview

The Sound Transmission Classification Assessment Tool (STraCAT) is an electronic version of Figures 17 and 19 in The HUD Noise Guidebook. The purpose of this tool is to document sound attenuation performance of wall systems. Based on wall, window, and door Sound Transmission Classification (STC) values, the STraCAT generates a composite STC value for the wall assembly as a whole. Users can enter the calculated noise level related to a specific Noise Assessment Location in front of a building façade and STraCAT will generate a target required attenuation value for the wall assembly in STC. Based on wall materials, the tool will state whether the composite wall assembly STC meets the required attenuation value.

How to Use This Tool

Location, Noise Level and Wall Configuration to Be Analyzed
STraCAT is designed to calculate the attenuation provided by the wall assembly for one wall of one unit. If unit exterior square footage and window/door configuration is identical around the structure, a single STraCAT may be sufficient. If units vary, at least one STraCAT should be completed for each different exterior unit wall configuration to document that all will achieve the required attenuation. Additionally, if attenuation is not based on a single worst-case NAL, but there are multiple NALs which require different levels of attenuation around the structure, a STraCAT should be completed for each differing exterior wall configuration associated with each NAL.

Exterior wall configurations associated with an NAL include those with parallel (facing) or near-parallel exposure as well as those with perpendicular exposure. When a façade has parallel or perpendicular exposure to two or more NALs, you should base the required attenuation on the NAL with the highest calculated noise level. For corner units where the unit interior receives exterior noise through two facades, the STraCAT calculation should incorporate the area of wall, window and door materials pertaining to the corner unit's total exterior wall area (i.e., from both walls).
Information to Be Entered

Users first enter basic project information and the NAL noise level that will be used as the basis for required attenuation. This noise level must be entered in whole numbers. STraCAT users then enter information on wall, window and door component type and area. Again, as noted above, the wall, window and door entries are based on one unit, and one wall (except for corner units as discussed above). The tool sums total wall square footage based on the combined area of walls, doors and windows for the façade being evaluated.

Users may input STC values for materials in one of two ways. The tool includes a dropdown menu of common construction materials with STC values prefilled. If selected construction materials are not included in this dropdown menu, the user may also enter the STC for a given component manually. Verification of the component STC must be included in the ERR. Documentation includes the architect or construction manager's project plans showing wall material specifications. For new construction or for components that will be newly installed in an existing wall, documentation also includes the manufacturer's product specification sheet (cut sheet) documenting the STC rating of selected doors and windows.

Required STC Rating and Determination of Compliance

Finally, based on project information entered the tool will indicate the required STC rating for the wall assembly being evaluated and whether or not the materials specified will produce a combined rating that meets this requirement. Note that for noise levels above 75 dB DNL, either HUD (for 24 CFR Part 50 reviews) or the Responsible Entity (for 24 CFR Part 58 reviews) must approve the level and type of attenuation, among other processing requirements. Required attenuation values generated by STraCAT for NALs above 75 dB DNL should therefore be considered tentative pending approval by HUD or the RE.

Part 4 - Tips

What do you do if the preferred wall design is not sufficient to achieve the required attenuation? Another wall design with more substantial materials will work, but may not be the most cost-effective solution. Try adding some other elements for just a little more attenuation.

For example:

- Staggering the studs in a wall offers approximately 4dB of additional protection.
- Increasing the stud spacing from 16" on center to 24" can increase the STC from 2-5dB.
- Adding a 2" air space can provide 3dB more attenuation.
- Increasing a wall's air space from 3" to 6"can reduce noise levels by an additional 5dB.
- Adding a layer of ½" gypsum board on "Z" furring channels adds 2dB of attenuation.
- Using resilient channels and clips between wall panels and studs can improve the STC from 2-5dB.
- Adding a layer of ½" gypsum board on resilient channels adds 5dB of attenuation.
- Adding acoustical or isolation blankets to a wall's airspace can add 4-10dB of attenuation.
- A 1" rockwool acoustical blanket adds 3dB to the wall's STC.
- Filling the cells of lightweight concrete masonry units with expanded mineral loose-fill insulation adds 2dB to the STC.

Mr. Kevin Freeman
Planning Director
City of Fort Pierce
100 North US 1
Fort Pierce, FL 34950

Dear Mr. Freeman,

Thank you for your comments regarding the Sunrise Village affordable housing development.

I want to assure you that there was **no intent** to mislead the City or the Commission. The inspirational images included in the presentation package prepared in February of this year, were provided solely to convey the general design intent and were not intended to represent the final elevations. While your email referred to these as photo renderings, they were clearly labeled as inspirational photos. The current architectural elevations accurately depict the proposed design and reflect consistency with the standards. In response to your email, you wanted "more" of the following features:

1. **Balconies –**
   While we understand and respect your recommendation to incorporate balconies into the design, it is important to note that balconies are not a mandatory requirement. Within the financial framework of affordable housing development, our priority is to maximize the overall benefit to residents. By not incorporating balconies, we are able to direct construction resources into enhanced shared amenities and improved site design. These enhanced features will serve all residents rather than a limited number of units. This approach is deliberate and ensures that resources are used in the most equitable and impactful way, supporting the long-term success of the project.
2. **Roof overhangs at lower levels-**
   *BDG and Blue Sky Communities reviewed the elevations and **will add** some lower roof overhangs facing Okeechobee Road to meet this recommendation. This occurs at Building B. At Building A, we have lower roofs at the community building in two locations and on the other side, where the mail kiosk is located. Corbels **will be added** to visually enhance that area.*
3. **Details of wall mounted light fixtures-**
   *In addition to the wall mounted light fixture shown in the original submission, **we are also adding** a large 24-27" lantern fixture on each side of all stair entries and at the columns of the clubhouse. See attached packet for review.*
4. ***Blank Expanse of wall elevations-***
   Per the Fort Pierce Architectural Standards on Anglo Caribbean Style: "The walls of the buildings are generally stuccoed masonry, though the upper floors may be finished in

wood. The wall openings are relatively small compared to the expanse of the building's facade. Elements such as exterior stairs, chimneys, stoops, and benches are sculptural in nature and help provide visual interest to the otherwise straightforward, sober forms of the building". In alignment with these standards, our design incorporates stuccoed masonry walls, smaller wall openings compared to the façade, and the form is straightforward. In addition, the exterior stairs are recessed within the massing of the building to create depth and increase visual interest to the façade.

5. **Additional Awnings.**
   We recognize that much of the visual interest is concentrated within the site through stair openings and lower rooflines. To further enhance the street-facing elevations, we will be incorporating additional Bahama shutters (awnings), particularly along Okeechobee Road.
6. **Conformity with the architectural style as set out in the Architectural Design Standards or a statement of why the design departs from regulation.**
   In response to your request regarding conformity with the Fort Pierce Architectural Standards, for items based on the Anglo-Caribbean style please find the following points of alignment:
   - The design adheres to the Anglo-Caribbean style, as outlined in the architectural guidelines.
   - Buildings feature stuccoed masonry walls with proportionally small openings relative to the façade.
   - Exterior staircases are integrated into passageways that signal pedestrian entry, consistent with the guideline's description to break up massing while providing "straightforward and sober façades".
   - All buildings feature hipped roofs with slopes that conform to the prescribed standards.
   - Roofing is asphalt shingle and is within the suggested roof pitch.
   - Façades include stucco surrounds and banding to articulate different sections and stucco trim window trim is provided.
   - Roof overhangs are deep and supported by brackets, with a prominent "tower" element and porch at the clubhouse entrance.

   In response to your request regarding conformity with the Fort Pierce Architectural Standards regarding general multifamily design features, the project includes:
   - Varied roof heights, color schemes, and stucco joint placement to break up building mass and add visual interest.
   - A consistent rhythm of fenestration and façade composition.
   - Color selections based on the standard palette.
   - A tower element to denote public spaces.
   - Active entries are located away from street frontages.
   - Operable windows throughout.
   - Lighting is designed in accordance with CPTED (Crime Prevention Through Environmental Design) principles.

Additionally, we have included a visual submission to further demonstrate compliance with the applicable regulations and design standards.

7. **Reduce the 'hotel' appearance.**
   It is BDG's opinion that this comment is not based on objective design standards. We respectfully submit that the proposed design does not reflect the characteristics typically associated with hotels, such as PTAC louvers, little to no undulation of facades, a flat and unarticulated roof, etc. The proposed design provides architectural character and visual variety that are not characteristic of hotels.

   For reference, below is BDG's narrative describing the Sunrise Village Apartments:

   > *Sunrise Village Apartments comprises three buildings featuring two building types. The architectural style is Anglo-Caribbean, and each structure is three stories tall. These are garden-style apartments with open stairwells and breezeways. The facades are designed with undulating forms and varied roof heights to emphasize verticality and break up horizontal massing. Roof brackets are visible on the taller facades. Construction includes exterior CMU walls, wood-framed interior partitions, and wood roof trusses. Exterior finishes consist of painted stucco, asphalt shingle roofing, and vinyl windows.*
   >
   > *Building A incorporates the clubhouse amenity space, which includes a great room, activity room, offices, and a fitness center. This building features increased ceiling heights between the first and second floors. Each building contains a mix of one-, two-, and three-bedroom units to ensure compliance with FHA and UFAS requirements.*

We appreciate your feedback and remain committed to ensuring that Sunrise Village Apartments align with the City's architectural standards and expectations.

Sincerely,

Anne Marie L. Ellis
Senior Project Architect
BDG LLP

LANDSCAPE NOTES:

1. STRUCTURAL ELEMENTS AND HARDSCAPE FEATURES INDICATED ON LANDSCAPE PLANS ARE FOR INFORMATIONAL PURPOSES ONLY. LANDSCAPE PLANS ARE TO BE UTILIZED FOR LOCATION OF LIVING PLANT MATERIAL ONLY. LANDSCAPE PLANS SHOULD NOT BE UTILIZED FOR STAKING AND LAYOUT OR LOCATION OF ANY STRUCTURAL SITE FEATURES INCLUDING BUT NOT LIMITED TO: BUILDINGS, SIGNAGE, PATHWAYS, EASEMENTS, BERMS, WALL, FENCES, UTILITIES OR ROADWAYS.
2. CONTRACTOR SHALL ACQUIRE ALL APPLICABLE FEDERAL, STATE, LOCAL, JURISDICTIONAL OR UTILITY COMPANY PERMITS REQUIRED PRIOR TO REMOVAL, RELOCATION, AND/OR INSTALLATION OF LANDSCAPE MATERIALS INDICATED WITHIN PLAN DOCUMENTS. THE CONTRACTOR SHALL HAVE PERMITS "IN HAND" PRIOR TO STARTING WORK. LANDSCAPE ARCHITECT SHALL BEAR NO RESPONSIBILITY FOR WORK PERFORMED WITHOUT PERMITTED DRAWINGS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL CHANGES TO THE WORK, AT NO ADDITIONAL COST TO THE OWNER, AS A RESULT OF UNAUTHORIZED WORK PRIOR TO RECEIPT OF PERMIT.
3. TREES SHOWN ON THIS PLAN ARE FOR GRAPHIC REPRESENTATION ONLY. TREE SPACING IS BASED ON DESIGN REQUIREMENTS AND THE TREES SHOWN ON THESE PLANS ATTEMPT TO ACCOMPLISH THAT SPACING WHILE MAINTAINING THE REQUIRED SETBACKS FROM UTILITIES. IN THE EVENT OF A CONFLICT, AFFECTED PLANT MATERIAL SHALL BE FIELD ADJUSTED WITH THE APPROVAL OF THE LANDSCAPE ARCHITECT TO AVOID CONFLICTS WITH THE WITH EXISTING AND PROPOSED UTILITIES, LIGHT POLES, DRAINAGE STRUCTURES OR LINES, LAKE MAINTENANCE EASEMENTS OR OTHER AFFECTED SITE FEATURES.
4. ANY PLANTING WITHIN THE SIGHT TRIANGLES SHALL PROVIDE UNOBSTRUCTED VIEWS AT A LEVEL BETWEEN 30" AND 8' ABOVE THE PAVEMENT.
5. ALL UTILITY BOXES/ STRUCTURES TO BE SCREENED ON 3 SIDES W/ APPROVED PLANTING MATERIAL.
6. IRRIGATION IS REQUIRED PROVIDING 100% COVERAGE WITH A MAXIMUM OF 50% OVERLAP, AN AUTOMATIC RAIN SENSOR MUST BE INCLUDED.
7. ALL PLANT MATERIAL TO BE INSTALLED SHALL CONFORM TO FLORIDA POWER AND LIGHT'S (FPL'S) RIGHT TREE RIGHT PLACE GUIDELINES.
8. IN CASE OF DISCREPANCIES PLANS TAKE PRECEDENCE OVER PLANT LIST.
9. LANDSCAPE CONTRACTOR RESPONSIBLE FOR VERIFICATION OF ALL QUANTITIES PRIOR TO BIDDING.
10. REMOVAL OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR.
11. RELOCATION OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR. REFER TO SPECIFICATIONS FOR RELOCATION INSTRUCTIONS.
12. ALL PLANT MATERIAL TO BE FLORIDA GRADE #1 AT TIME OF INSTALLATION UNLESS OTHERWISE NOTED.
13. TO SUPPORT LONG-TERM PLANT HEALTH, PLANTING SOIL FOR ALL LANDSCAPED AREAS SHALL CONSIST OF EXISTING SOIL MIXED WITH 50 PERCENT RECYCLED TOP SOIL.
14. PER THE ST. LUCIE COUNTY FIRE DISTRICT FIRE PREVENTION CODE RESOLUTION 740-23, AT LEAST 13 FEET 6 INCHES NOMINAL VERTICAL CLEARANCE SHALL BE PROVIDED AND MAINTAINED OVER THE FULL WIDTH OF ALL MEANS OF ACCESS (INCLUDING, BUT NOT LIMITED TO TREES, CANOPIES, ETC.)

811 Know what's BELOW. CALL before you dig
Call 811 two business days before digging

LANDSCAPE DETAILS

SHEET
LP-3.01

PROJECT# 11038.00

Landscape Planting - Part I. General

I. Description of Work
A. Provide all exterior planting as shown on the drawings or inferable therefrom and/or as specified in accordance with the requirements of the Contract Documents. Landscape plans provided indicate the proposed location of living plant material only. Structural elements and hardscape features indicated on the landscape plans are for information purposes only. Landscape plans are not to be utilized for staking and layout or location of any structural site features including but not limited to, buildings, signage, pathways, easements, utilities or roadways.
B. These specifications include standards necessary for and incidental to the execution and completion of planting as indicated on the prepared drawings and specified herein.
C. All applicable federal, state and local permits shall be attained prior to the removal, relocation, or installation of plant materials indicated within the plan documents.
D. Protection of existing features. During construction, protect all existing trees, shrubs, and other specified vegetation, site features and improvements, structures, and utilities specified herein and/or on submitted drawings. Removal or destruction of existing plantings is prohibited unless specifically authorized by the owner, and with permit as required by associated federal, state and local government agencies.

II. Applicable Standards
A. American National Standards for Tree Care Operations, ANSI A300. American National Standards Institute, 11 West 42nd Street, New York, N.Y. 10036.
B. American Standard for Nursery Stock, ANSI Z60.1, American Nursery and Landscape Association, 1250 Eye Street. NW, Suite 500, Washington, D.C. 20005.
C. Hortus Third, The Staff of the L.H. Bailey Hortorium, 1976. MacMillan Publishing Co., New York.
D. Florida Department of Agriculture "Grades and Standards for Nursery Plants", most recent addition.
E. National Arborist Association- Pruning Standards for Shade Trees
F. All standards shall include the latest additions and amendments as of the date of advertisement for bids

III. Qualifications
A. Landscape planting and related work shall be performed by a firm with a minimum of five years experience specializing in this type of work. All contractors and their sub-contractors who will be performing any landscape work included in this section of the specification shall be approved by the landscape architect.
B. Landscape Contractor shall be licensed and shall carry any necessary insurance and shall protect the Landscape Architect and Owner against all liabilities, claims or demands for injuries or damage to any person or property growing out of the performance of the work under this contract. All workers shall be covered by Workman's Compensation Insurance.

IV. Requirements of Regulatory Agencies
A. Certificates of inspection shall accompany the invoice for each shipment of plants as may be required by law for transportation. File certificates with the landscape architect prior to acceptance of the material. Inspection by federal or state authorities at place of growth does not preclude rejection of the plants at the site.

V. Submittals
A. Manufacturer's Data: Submit copies of the manufacturer's and/or source data for all materials specified, including soils, soil amendments and fertilizer materials. Comply with regulations applicable to landscape materials.
B. Samples: Submit samples of all topsoil, soil mixes, mulches, and organic materials. Samples shall weigh 1 kg (2 lb) and be packaged in plastic bags. Samples shall be typical of the lot of material to be delivered to the site and provide an accurate indication of color, texture, and organic makeup of the material.
C. Nursery Sources: Submit a list of all nurseries that will supply plants, along with a list of the plants they will provide and the location of the nursery.
D. Soil Test: Submit soil test analysis report for each sample of topsoil and planting mix from a soil testing laboratory approved by the landscape architect.
1. Provide a particle size analysis, including the following gradient of mineral content:

USDA Designation	Size in mm
Gravel	+2 mm
Very Course Sand	1-2 mm
Coarse Sand	0.5-1 mm
Medium Sand	0.25-0.5 mm
Fine Sand	0.1-0.25 mm
Very fine sand	0.05-0.1 mm
Silt	0.002-0.05 mm
Clay	smaller than 0.002

2. Provide a chemical analysis, including the following:
a. pH and buffer pH
b. Percentage of organic content by oven-dried weight.
c. Nutrient levels by parts per million, including phosphorus, potassium magnesium, manganese, iron, zinc, and calcium. Nutrient test shall include the testing laboratory recommendations for supplemental additions to the soil based on the requirements of horticultural plants.
d. Soluble salt by electrical conductivity of a 1:2, soil: water, sample measured in millimho per cm.
e. Cation exchange capacity (CEC).
E. Material Testing: Submit the manufacturers particle size analysis, and the pH analysis and provide a description and source location for the content material of all organic materials.
F. Maintenance Instructions: Prior to the end of maintenance period, Landscape Contractor shall furnish three copies of written maintenance instructions to the Landscape Architect for transmittal to the Owner for maintenance and care of installed plants through their full growing season.

VI. Utility Verification
A. The contractor shall contact the local utility companies for verification of the location of all underground utility lines in the area of the work. The contractor shall be responsible for all damage resulting from neglect or failure to comply with this requirement.

Part 2. Materials

I. Plants
A. Plants shall be true to species and variety specified and nursery-grown in accordance with good horticultural practices under climatic conditions similar to those in the locality of the project for at least two years. They shall have been freshly dug.
1. All plant names and descriptions shall be as defined in Hortus Third.
2. All plants shall be grown and harvested in accordance with the American Standard for Nursery Stock and Florida Department of Agriculture Grades and Standards for Nursery Plants.
3. Unless approved by the landscape architect, plants shall have been grown at a latitude not more than 325 km (200 miles) north or south of the latitude of the project unless the provenance of the plant can be documented to be compatible with the latitude and cold hardiness zone of the planting location.
B. Unless specifically noted, all plants shall be exceptionally heavy, symmetrical, and so trained or favored in development and appearance as to be unquestionably and outstandingly superior in form, compactness, and symmetry. They shall be sound, healthy, vigorous, well branched, and densely foliated when in leaf; free of disease and insects, eggs, or larvae; and shall have healthy, well-developed root systems. They shall be free from physical damage or other conditions that would prevent vigorous growth.
1. Trees with multiple leaders, unless specified, will be rejected. Trees with a damaged or crooked leader, bark abrasions, sunscald, disfiguring knots, insect damage, or cuts of limbs over 20 mm (3/4 in.) in diameter that are not completely closed will be rejected.
C. Plants shall conform to the measurements specified, except that plants larger than those specified may be used if approved by the landscape architect. Use of larger plants shall not increase the contract price. If larger plants are approved, the root ball shall be increased in proportion to the size of the plant.
1. Caliper measurements shall be taken on the trunk 150 mm (6 in.) above the natural ground line for trees up to and including 100 mm (4 in.) in caliper, and 300 mm (12 in.) above the natural ground line for trees over 100 mm (4 in.) in caliper. Height and spread dimensions specified refer to the main body of the plant and not from branch tip to branch tip. Plants shall be measured when branches are in their normal position. If a range of sizes is given, no plant shall be less than the minimum size, and no less than 50 percent of the plants shall be as large as the maximum size specified. Measurements specified are minimum sizes acceptable after pruning, where pruning is required. Plants that meet measurements but do not possess a standard relationship between height and spread, according to the Florida Department of Agriculture Grades and Standards for Nursery Plants, shall be rejected.
D. Substitutions of plant materials will not be permitted unless authorized in writing by the landscape architect. If proof is submitted in writing that a plant specified is not obtainable, consideration will be given to the nearest available size or similar variety, with a corresponding adjustment of the contract price.
E. The plant schedule provided at the end of this section, or on the drawing, is for the contractor's information only, and no guarantee is expressed or implied that quantities therein are correct or that the list is complete. The contractor shall ensure that all plant materials shown on the drawings are included in his or her bid.
F. All plants shall be labeled by plant name. Labels shall be attached securely to all plants, bundles, and containers of plant materials when delivered. Plant labels shall be durable and legible, with information given in weather-resistant ink or embossed process lettering.
G. Selection and Tagging
1. Plants shall be subject to inspection for conformity to specification requirements and approval by the landscape architect at their place of growth and upon delivery. Such approval shall not impair the right of inspection and rejection during progress of the work.
2. A written request for the inspection of plant material at their place of growth shall be submitted to the landscape architect at least ten calendar days prior to digging. This request shall state the place of growth and the quantity of plants to be inspected. The landscape architect may refuse inspection at this time if, in his or her judgment, sufficient quantities of plants are not available for inspection or landscape architect deems inspection is not required.
3. All field grown deciduous trees shall be marked to indicate the trees north orientation in the nursery. Place a 1-in. diameter spot of white paint onto the north side of the tree trunk within the bottom 12 inches of the trunk.
H. Anti-Desiccants
1. Anti-desiccants, if specified, are to be applied to plants in full leaf immediately before digging or as required by the landscape architect. Anti-desiccants are to be sprayed so that all leaves and branches are covered with a continuous protective film.
I. Balled and Burlapped (B&B) Plant Materials
1. Trees designated B&B shall be properly dug with firm, natural balls of soil retaining as many fibrous roots as possible, in sizes and shapes as specified in the Florida Department of Agriculture Grades and Standards for Nursery Plants. Balls shall be firmly wrapped with synthetic, natural, or treated burlap, and/or wire. All synthetic fabric should be removed from the rootball prior to planting. True biodegradable burlap can be left around the root ball. The root collar shall be apparent at surface of ball. Trees with loose, broken, processed, or manufactured root balls will not be accepted, except with special written approval before planting.
J. Container Plants
1. Plants grown in containers shall be of appropriate size for the container as specified in the most recent edition of the Florida Department of Agriculture Grades and Standards for Nursery Plants and be free of circling roots on the exterior and interior of the root ball.
2. Container plants shall have been grown in the container long enough to have established roots throughout the growing medium.
K. Bareroot and Collected Plants
1. Plants designated as bareroot or collected plants shall conform to the American Standard for Nursery Stock.
2. Bareroot material shall not be dug or installed after bud break or before dormancy.
3. Collected plant material that has not been taken from active nursery operations shall be dug with a root ball spread at least 1/3 greater than nursery grown plants. When specified or approved, shall be in good health, free from disease, insect or weed infestation and shall not be planted before inspection and acceptance at the site. Testing may be required at the discretion of the Landscape Architect and/or the Owner and shall be provided at no additional cost.
L. Specimen Material: Plant material specified as specimens are to be approved by the Landscape Architect before being brought to the site. Unless otherwise noted on the drawings, these plants shall be Florida Fancy.
M. Palms
1. Coconut Palms shall be grown from a certified seed.
2. All palm species except Sabal palmetto shall have roots adequately wrapped before transporting.
3. Sabal palms shall have a hurricane cut. Sabal palms shall be installed on site at the earliest opportunity in the construction process. All Sabal palms shall be from St. Lucie County or other sandy soils. All Sabal palms shall be Florida Fancy.
4. For booted trunk palms, trunks shall have clean intact boots firmly attached to the palm trunk. For slick trunk palms, trunk shall be clear and free from defect and scars.
5. The Contractor shall treat all palms as required to prevent infestation by the palmetto weevil.
N. Sod
1. Sod shall be graded #1 or better. Sod shall be loam or muck grown with a firm, full texture and good root development. Sod shall be thick, healthy and free from defects and debris including but not limited to dead thatch, insects, fungus, diseases and contamination by weeds, other grass varieties or objectionable plant material.
2. Sod shall be sufficiently thick to insure a dense stand of live grass. Sod shall be live, fresh, and uninjured at the time of planting. Plant sod within 48 hours after harvesting.
3. Sod area shall be all areas not otherwise identified and shall include the area beyond the property line to the edge of pavement and/or edge of water.
O. Immediately after harvesting plants, protect from drying and damage until shipped and delivered to the planting site. Rootballs shall be checked regularly and watered sufficiently to maintain root viability.
P. Transportation and Storage of Plant Material
1. Branches shall be tied with rope or twine only, and in such a manner that no damage will occur to the bark or branches.
2. During transportation of plant material, the contractor shall exercise care to prevent injury and drying out of the trees. Should the roots be dried out, large branches broken, balls of earth broken or loosened, or areas of bark torn, the landscape architect may reject the injured tree(s) and order them replaced at no additional cost to the owner. All loads of plants shall be covered at all times with tarpaulin or canvas. Loads that are not protected will be rejected.
3. All bareroot stock sent from the storage facility shall be adequately covered with wet soil, sawdust, woodchips, moss, peat, straw, hay, or other acceptable moisture-holding medium, and shall be covered with a tarpaulin or canvas. Loads that are not protected in the above manner may be rejected.
4. Plants must be protected at all times from sun or drying winds. Those that cannot be planted immediately on delivery shall be kept in the shade, well protected with soil, wet mulch, or other acceptable material, and kept well watered. Plants shall not remain unplanted any longer than three days after delivery. Plants shall not be bound with wire or rope at any time so as to damage the bark or break branches. Plants shall be lifted and handled with suitable support of the soil ball to avoid damaging it.
Q. Mechanized Tree Spade Requirements
Trees may be moved and planted with an approved mechanical tree spade. The tree spade shall move trees limited to the maximum size allowed for a similar B&B root-ball diameter according to the American Standard for Nursery Stock or the manufacturer's maximum size recommendation for the tree spade being used, whichever is smaller. The machine shall be approved by the landscape architect prior to use. Trees shall be planted at the designated locations in the manner shown in the plans and in accordance with applicable sections of the specifications.

II Materials for Planting
A. Mulch: Except as otherwise specified, mulch shall be shredded Melaleuca mulch - grade "A". All Melaleuca mulch shall be made entirely from the wood and bark of the
Melaleuca quinquinerva tree. It shall not contain more than 10% bark (by volume). Shreds and chips shall not be larger the ¾" diameter and 1½" in length. Mulch shall
be free of weeds, seeds, and any other organic or inorganic material other than Melaleuca wood and bark. It shall not contain stones or other foreign material that will prevent its eventual decay. This shall be applied to all planted areas where indicated so that, after installation, the mulch thickness will not be less than 3". Submit sample for approval.
B. Peat: Shall be horticultural peat composed of not less than 60% decomposed organic matter by weight, on an oven dried basis. Peat shall be delivered to the site in a
workable condition free from lumps.
C. Gravel Mulch: Use only where specifically indicated on the plans of the size and type shown. Unless otherwise specified it shall be water-worn, hard durable gravel, washed free of loam, sand, clay and other foreign substances. It shall be a minimum of 3" deep and shall be contained with edging or other approved gravel stop as indicated on the plans. It shall be a maximum of 1 1/2", a minimum of 3/4" and of a readily-available natural gravel color range. Provide geotextile filter fabric below aggregate rock.
Submit sample for approval.
D. Root Barrier: Where specified, root barriers shall be installed on all tree and palm material in accordance with the root barrier detail provided within the plan drawings. Root barriers shall comply with all requirements of the municipality within which they are located as well as with any utility holder requirements of any affected utilities. In the event that conflicting requirements exist between the root barrier detail provided within the plan documents and the municipality/utility holder requirements, the more stringent of the requirements shall be applicable.
E. Planter Edging: Use only where specifically indicated on plans. Edging shall be the color black.
F. Anti-desiccant: shall be an emulsion specifically manufactured for agricultural use, which provides a protective film over plant surfaces. Anti-desiccants shall be delivered in containers of the manufacturer and shall be mixed according to the manufacturer's directions. Submit manufacturer literature for approval.

III. Materials for Soil Amendment
A. Pine Bark: Horticultural-grade milled pine bark, with 80 percent of the material by volume sized between 0.1 and 15.0 mm.
1. Pine bark shall be aged sufficiently to break down all woody material. Pine bark shall be screened.
2. pH shall range between 4 and 7.0.
3. Submit manufacturer literature for approval.
B. Organic Matter: Leaf matter and yard waste composted sufficiently to break down all woody fibers, seeds, and leaf structures, and free of toxic and nonorganic matter. Organic matter shall be commercially prepared compost. Submit 0.5 kg (1 lb) sample and suppliers literature for approval.
C. Course Sand: Course concrete sand, ASTM C-33 Fine Aggregate, with a Fines Modulus Index of 2.75 or greater.
1. Sands shall be clean, sharp, natural sands free of limestone, shale and slate particles.
2. Provide the following particle size distribution:

Sieve	Percentage Passing
3/8 in (9.5 mm)	100
No. 4 (4.75 mm)	95-100
No. 8 (2.36 mm)	80-100
No. 16 (1.18 mm)	50-85
No. 30 (0.60 mm)	25-60
No. 50 (0.30 mm)	10-30
No. 100 (0.15 mm)	2-10

D. Lime: shall be ground, palletized, or pulverized lime manufactured to meet agricultural standards and contain a maximum of 60 percent oxide (i.e. calcium oxide plus magnesium oxide). Submit manufacturer literature for approval.
E. Sulfur: shall be flowers of sulfur, pelletized or granular sulfur, or iron sulfate. Submit manufacturer literature for approval.
F. Fertilizer: Agricultural fertilizer of a formula indicated by the soil test. Fertilizers shall be organic, slow-release compositions whenever applicable. Submit manufacturer literature for approval.

IV. Planting Mix
A. Planting Mix
1. Planting Mix for Trees, Shrubs, Groundcovers and vines: Check with landscape architect for appropriate mixture.
2. Planting Mix for Palms: Mixture of course sand and peat mixed to the following proportion:

Component	Percent by Volume
Coarse Sand	75%
Peat	25%

B. Planting mix shall be thoroughly mixed, screened, and shredded.
C. Prior to beginning the mixing process, submit a 1-kg (2-lb) sample of the proposed mix with soil test results that indicate the mix ratio and the results achieved.
D. During the mixing process but prior to installing the mix, submit a 1-kg (2-lb) sample for each 200 cubic meters (250 cubic yards) of planting mix, taken randomly from the finished soil mix, with soil test results for approval. In the event that the test results do not meet the required particle size distribution, remix and resubmit a revised planting mix.
E. Make all amendments of lime/sulfur and fertilizer indicated by the soil test results at the time of mixing.
F. All mixing shall take place in the contractors yard, using commercial mixing equipment sufficient to thoroughly mix all components uniformly
G. Protect the planting mix from erosion prior to installation.

Part 3. Execution

I. Excavation of Planted Areas
A. Locations for plants and/or outlines of areas to be planted are to be staked out at the site. Locate and mark all subsurface utility lines. Approval of the stakeout by the landscape architect is required before excavation begins.
B. Tree, shrub, and groundcover beds are to be excavated to the depth and widths indicated on the landscape plan detail drawings. If the planting area under any tree is initially dug too deep, the soil added to bring it up to the correct level should be thoroughly tamped.
1. The sides of the excavation of all planting areas shall be sloped at a 45 degrees. The bottom of all beds shall slope parallel to the proposed grades or toward any subsurface drain lines within the planting bed. The bottom of the planting bed directly under any tree shall be horizontal such that the tree sits plumb.
2. Maintain all required angles of repose of the adjacent materials as shown on the drawings. Do not excavate compacted subgrades of adjacent pavement or structures.
3. Subgrade soils shall be separated from the topsoil, removed from the area, and not used as backfill in any planted or lawn area. Excavations shall not be left uncovered or unprotected overnight.
C. For trees and shrubs planted in individual holes in areas of good soil that is to remain in place and/or to receive amendment in the top 150-mm (6 in.) layer, excavate the
hole to the depth of the root ball and to widths shown on the drawing. Slope the sides of the excavation at a 45 degree angle up and away from the bottom of the excavation.
1. In areas of slowly draining soils, the root ball may be set up to 75 mm (3 in.) or 1/8 of the depth of the root ball above the adjacent soil level.
2. Save the existing soil to be used as backfill around the tree.
3. On steep slopes, the depth of the excavation shall be measured at the center of the hole and the excavation dug as shown on the drawings.
D. Detrimental soil conditions: The landscape architect is to be notified, in writing, of soil conditions encountered, including poor drainage, that the contractor considers detrimental to the growth of plant material. When detrimental conditions are uncovered, planting shall be discontinued until instructions to resolve the conditions are received from the landscape architect.
E. Obstructions: If rock, underground construction work, utilities, tree roots, or other obstructions are encountered in the excavation of planting areas, alternate locations for
any planting shall be determined by the landscape architect.

II. Installation of Planting Mix
A. Prior to the installation of the planting mix, install subsurface drains, irrigation main lines, lateral lines, and irrigation risers shown on the drawings.
B. The landscape architect shall review the preparation of subgrades prior to the installation of planting mix.
C. Do not proceed with the installation of planting mix until all utility work in the area has been installed.
D. Protect adjacent walls, walks, and utilities from damage or staining by the soil. Use 12-mm (1/2 in.) plywood and/or plastic sheeting as directed to cover existing concrete,
metal, masonry work, and other items as directed during the progress of the work.
1. Clean up any soil or dirt spilled on any paved surface at the end of each working day.
2. Any damage to the paving or architectural work caused by the soils installation contractor shall be repaired by the general contractor at the soils installation contractors expense.
E. Till the subsoil into the bottom layer of topsoil or planting mix.
1. Loosen the soil of the subgrade to a depth of 50 to 75 mm (2 to 3 in.) with a rotoiller or other suitable device.
2. Spread a layer of the specified topsoil or planting mix 50 mm (2 in.) deep over the subgrade. Thoroughly till the planting mix and the subgrade together.
3. Immediately install the remaining topsoil or planting mix in accordance with the following specifications. Protect the tilled area from traffic. DO NOT allow the tilled subgrade to become compacted.
4. In the event that the tilled area becomes compacted, till the area again prior to installing the planting mix.
F. Install the remaining topsoil or planting mix in 200- to 250-mm (8- to 10-in.) lifts to the depths and shown on the drawing details. The depths and grades shown on the drawings are the final grades after soil settlement and shrinkage of the organic material. The contractor shall install the soil at a higher level to anticipate this reduction of soil volume, depending on predicted settling properties for each type of soil.
1. Phase the installation of the soil such that equipment does not have to travel over already-installed topsoil or planting mixes.
2. Compact each lift sufficiently to reduce settling but not enough to prevent the movement of water and feeder roots through the soil. The soil in each lift should feel firm to the foot in all areas and make only slight heel prints. Overcompaction shall be determined by the following field percolation test.
a. Dig a hole 250 mm (10 in.) in diameter and 250 mm (10 in.) deep.
b. Fill the hole with water and let it drain completely. Immediately refill the hole with water, and measure the rate of fall in the water level.
c. In the event that the water drains at a rate less than 25 mm (1 in.) per hour, till the soil to a depth required to break the overcompaction.
d. The landscape architect shall determine the need for, and the number and location of percolation tests based on observed field conditions of the soil.
3. Maintain moisture conditions within the soils during installation to allow for satisfactory compaction. Suspend installation operations if the soil becomes wet. Do not place soils on wet subgrade.
4. Provide adequate equipment to achieve consistent and uniform compaction of the soils. Use the smallest equipment that can reasonably perform the task of spreading and compaction.
5. Add lime, sulfur, fertilizer, and other amendments during soil installation. Spread the amendments over the top layer of soil and till into the top 100 mm (4 in.) of soil. Soil amendments may be added at the same time that organic matter, when required, is added to the top layer of soil.
6. Protect soil from overcompaction after placement. An area that becomes overcompacted shall be tilled to a depth of 125 mm (6 in.). Uneven or settled areas shall be filled and regraded.

III. Fine Grading
A. It shall be the responsibility of the Contractor to finish grade (min. 6" below adjacent F.F.E.). Finish grades in planting areas shall be one inch lower than adjacent paving and are to include 3" of mulching. New earthwork shall blend smoothly into the existing earthwork, and grades shall pitch evenly between spot grades. All planted areas must pitch to drain at a minimum of 1/4" per foot. Any discrepancies not allowing this to occur shall be reported to the Landscape Architect prior to continuing work.
B. Fill all dips and remove any bumps in the overall plane of the slope.
1. The tolerance for dips and bumps in lawn areas shall be a 12-mm (1/2 in.) deviation from the plane in 3,000 mm (10 ft).
2. The tolerance for dips and bumps in shrub planting areas shall be a 25-mm (1 in.) deviation from the plane in 3,000 mm (10 ft).
3. All fine grading shall be inspected and approved by the landscape architect prior to planting, mulching, sodding, or seeding.
C. Berming shall not be placed within 10' of any existing tree nor will it be allowed to encroach upon any drainage, or maintenance easement. Berming shall not impede or obstruct any necessary swales needed to drain other areas for the property.

IV. Planting Operations
A. Plants shall be set on flat-tamped or unexcavated pads at the same relationship to finished grade as they were to the ground from which they were dug, unless otherwise noted on the drawings. Plants must be set plumb and braced in position until topsoil or planting mix has been placed and tamped around the base of the root ball. Improper compacting of the soil around the root ball may result in the tree settling or leaning. Plants shall be set so that they will be at the same depth and so that the root ball does not shift or move laterally one year later.
1. Determine the elevation of the root flare and ensure that it is planted at grade. This may require that the tree be set higher than the grade in the nursery.
2. If the root flare is less than 50 mm (2 in.) below the soil level of the root ball, plant the tree the appropriate level above the grade to set the flare even with the grade. If the flare is more than 50 mm (2 in) at the center of the root ball the tree shall be rejected.
B. Lift plants only from the bottom of the root balls or with belts or lifting harnesses of sufficient width not to damage the root balls. Do not lift trees by their trunk or use the trunk as a lever in positioning or moving the tree in the planting area.
C. Remove plastic, paper, or fiber pots from containerized plant material. Pull roots out of the root mat. Loosen the potting medium and shake away from the root mat. Immediately after removing the container, install the plant such that the roots do not dry out. Pack planting mix around the exposed roots while planting.
D. The roots of bare-root trees shall be pruned at the time of planting to remove damaged or undesirable roots (those likely to become a detriment to future growth of the root system). Bare-root trees shall have the roots spread to approximate the natural position of the roots and shall be centered in the planting pit. The planting-soil backfill shall be worked firmly into and around the roots, with care taken to fill in completely with no air pockets.
E. Cut ropes or strings from the top of shrub root balls and trees smaller than 3 in. caliper after plant has been set. Remove burlap or cloth wrapping and any wire baskets from around top half of balls. Do not turn under and bury portions of burlap at top of ball.
1. Do not immediately remove the ropes and burlap from trees larger than 3 in. caliper. Return to each tree three months after planting and cut all ropes around the trunks and tops of the root balls of these trees.
2. Completely remove any waterproof or water-repellant strings or wrappings from the root ball and trunk before backfilling.
F. Set balled and burlapped trees in the hole with the north marker facing north unless otherwise approved by the landscape architect.
G. Place native soil, topsoil, or planting mix into the area around the tree, tamping lightly to reduce settlement.
1. For plants planted in individual holes in existing soil, add any required soil amendments to the soils, as the material is being backfilled around the plant. Ensure that the amendments are thoroughly mixed into the backfill.
2. For plants planted in large beds of prepared soil, add soil amendments during the soil installation process.
3. Ensure that the backfill immediately around the base of the root ball is tamped with foot pressure sufficient to prevent the root ball from shifting or leaning.
H. Solid sod shall be laid with closely abutting joints with a tamped or rolled, even surface. Stagger strips to offset joints in adjacent courses. Bring the sod edge in a neat, clean manner to the edge of all paving and shrub areas. Sod along slopes shall be pegged to hold sod in place along slopes or banks a wood peg acceptable to the Landscape Architect shall be used at no additional cost to the Owner. If, in the opinion of the Landscape Architect, top-dressing is necessary after rolling, clean sand will be evenly applied over the entire surface and thoroughly washed in without additional charge.
I. Thoroughly water all plants immediately after planting. Apply water by hose directly to the root ball and the adjacent soil.
J. Remove all tags, labels, strings, etc. from all plants.
K. Remove any excess soil, debris, and planting material from the job site at the end of each workday.
L. Form watering saucers 100 mm (4 in.) high immediately outside the area of the root ball of each tree as indicated on the drawings.

V. Relocation of Existing Material:
A. Landscape Contractor shall root prune trees which are to be relocated in accordance with approved horticultural practices and the following procedures.
1. Select a healthy tree
2. Selectively trim the canopy removing dead limbs, cross branching over crowned areas, and lower undesirable limbs. Fertilize and water trees before pruning.
3. Root prune 50% of the root system approximately 18"-2' deep (depending upon species and size). This is done by hand with sharp hand tools or a root pruning saw. The diameter of the root ball to be pruned is 8-12 inches per every one inch of diameter at breast height of the tree.
4. Back fill the existing soil with peat moss to stimulate new root growth of the pruned roots.
5. Water in thoroughly and treat with a mycorrhizae and a low nitrogen fertilizer (so not to burn the pruned roots). Brace trees if deemed necessary.
6. The root pruned tree should be watered every day (especially during warm months of the season), the equivalent of 5 gallons for every DBH of tree per day.
7. Root pruned trees should be let to stand for a minimum of 6 weeks for trees less than 8" DBH and as long as 3 months for larger specimens prior to transplanting.
8. For best results and survivorship, new root growth should be evident on root pruned trees prior to transplanting.
9. Upon transplanting, water should be applied every day as outlined in step 6 for at least one year.

VI. Staking and Guying
A. The Contractor shall stake all trees and palms in accordance with the tree and palm staking details provided within the plan drawings. Alternate methods of guying or staking may be employed with the prior approval of the Landscape Architect.
B. The Contractor shall be responsible for the replacement or adjustment of all trees, palms or shrubs that fall or lean during the guarantee period. The Contractor shall be responsible for any damage caused by the falling or leaning of trees.
C. Stakes and guys shall be installed immediately upon approval or planting, and shall be removed in accordance with the staking details provide within the plan drawings. Any tree that is not stable at the end of the warranty period shall be rejected.

VII. Pruning
A. Plants shall not be heavily pruned at the time of planting. Pruning is required at planting time to correct defects in the tree structure, including removal of injured branches, waterspouts, suckers, and interfering branches. Healthy lower branches and interior small twigs should not be removed except as necessary to clear walks and roads. In no case should more than one-quarter of the branching structure be removed. Retain the normal or natural shape of the plant.
B. All pruning shall be completed using clean, sharp tools. All cuts shall be clean and smooth, with the bark intact with no rough edges or tears.
C. Pruning of large trees shall be done from a hydraulic man-lift such that it is not necessary to climb the tree.

VIII. Mulching
A. All trees, palms, shrubs, and other plantings will be mulched with mulch previously approved by the landscape architect. The mulch shall be a minimum 3" thick layer over all tree, shrub and ground cover planting areas, unless otherwise specified. All mulch layers shall be of the specified thickness at the time of the final acceptance of the work. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.
B. Place mulch at least 3" in depth in a circle around all trees located in lawn areas. The diameter of the circle shall be 18" in diameter larger than the ball of the plant provided. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.

IX. Maintenance of Trees, Shrubs, and Vines
A. Maintenance shall begin immediately after each plant is planted and continue until its acceptance has been confirmed by the landscape architect.
B. Maintenance shall consist of pruning, watering, cultivating, weeding, mulching, fertilizing, tightening and repairing guys and stakes, resetting plants to proper grades or upright position, restoring of the planting saucer, and furnishing and applying such sprays or other materials as necessary to keep plantings free of insects and diseases and in vigorous condition.
C. Planting areas and plants shall be protected at all times against trespassing and damage of all kinds for the duration of the maintenance period. If a plant becomes damaged or injured, it shall be treated or replaced as directed by the landscape architect at no additional cost.
D. Watering: Contractor shall irrigate as required to maintain vigorous and healthy tree growth. Overwatering or flooding shall not be allowed. The contractor shall monitor, adjust, and use existing irrigation facilities, if available, and furnish any additional material, equipment, or water to ensure adequate irrigation. Root balls of all trees and large shrubs shall be spot watered using handheld hoses during the first four months after planting, as required to ensure adequate water within the root ball.
E. During periods of restricted water usage, all governmental regulations (permanent and temporary) shall be followed. The contractor may have to transport water from ponds or other sources, at no additional expense to the owner when irrigation systems are unavailable.
F. Remove soil ridges from around watering basins prior to end of maintenance period, as directed by Landscape Architect

X. Acceptance
A. The landscape architect shall inspect all work for acceptance upon written request of the contractor. The request shall be received at least ten calendar days before the anticipated date of inspection.
B. Acceptance of plant material shall be for general conformance to specified size, character, and quality and shall not relieve the contractor of responsibility for full conformance to the contract documents, including correct species.
C. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect, the landscape architect shall certify in writing that the work has been accepted.

XI. Acceptance in Part
A. Work may be accepted in parts when the landscape architect and contractor deem that practice to be in their mutual interest. Approval must be given in writing by the landscape architect to the contractor verifying that the work is to be completed in parts. Acceptance of work in parts shall not waive any other provision of this contract.

XII. Guarantee Period and Replacements
A. The guarantee period for trees and shrubs shall begin at the date of acceptance.
B. The contractor shall guarantee all plant material to be in healthy and flourishing condition for a period of one year from the date of acceptance.
C. When work is accepted in parts, the guarantee periods extend from each of the partial acceptances to the terminal date of the guarantee of the last acceptance. Thus, all guarantee periods terminate at one time.
D. The contractor shall replace, without cost, as soon as weather conditions permit, and within a specified planting period, all plants determined by the landscape architect to be dead or in an unacceptable condition during and at the end of the guarantee period. To be considered acceptable, plants shall be free of dead or dying branches and branch tips and shall bear foliage of normal density, size, and color. Replacements shall closely match adjacent specimens of the same species. Replacements shall be subject to all requirements stated in this specification.
E. The guarantee of all replacement plants shall extend for an additional period of one year from the date of their acceptance after replacement. In the event that a replacement plant is not acceptable during or at the end of said extended guarantee period, the landscape architect may elect subsequent replacement or credit for that item.
F. At the end of the guarantee, the contractor shall reset grades that have settled below the proposed grades on the drawings.
G. The contractor shall make periodic inspections, at no extra cost, during the guarantee period to determine what changes, if any, should be made in the maintenance program. If changes are recommended, they shall be submitted in writing to the landscape architect. Claims by the contractor that the owners maintenance practices or lack of maintenance resulted in dead or dying plants will not be considered if such claims have not been documented by the contractor during the guarantee period.

XIII. Final Inspection and Final Acceptance
At the end of the guarantee period and upon written request of the contractor, the landscape architect will inspect all guaranteed work for final acceptance. The request shall be received at least ten calendar days before the anticipated date for final inspection. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect at that time, the landscape architect shall certify, in writing, that the project has received final acceptance.

Subject: Major Site Plan: Innovative Development (PZSITE2025-00009)
Sunrise Village Apartments – 3000 Okeechobee Rd.
Technical Review Committee comments **for April 17, 2025, TRC Meeting**

City of Fort Pierce Planning Department

Application **requires resubmittal** for the following reasons:

1. The site plan should reflect the square footage of each building
2. The 106-unit apartment complex requires 159 regular parking spaces. The justification statement for parking reduction is not sufficient, therefore, Planning does not support the reduction. In lieu of reduced parking and aligning with the proposed innovative community design, consideration should be given to adding additional property amenities such as basketball or pickleball court, sand volleyball court, splash pad, etc.
3. The site plan does not reflect the mail kiosk location

Advisory Comments

4. Sign permits shall be filed separately during the permit process

Re : Site Plan – Sunrise Village Apartments – 3000 Okeechobee Road

Date : April 15, 2025

This is to advise you that we have completed the review of the following documents as received by this office on April 4, 2025:

- [x] Site Plan
- [ ] Test Reports & Related Documents
- [ ] Record Drawings
- [ ] Clearances from all applicable Local, State and Federal Agencies
- [ ] Building Construction Plans
- [ ] Certificate of Completion
- [ ] Permits from applicable Local, State & Federal Agencies

Based on our reviews and appropriate site final inspection, we

- [x] Recommend
- [ ] Do Not Recommend

- [x] Site Plan
- [ ] DPCR
- [ ] C/O

Developer, Owner, Engineer, Contractor and other members of the Development Team must be aware, the above recommendation is based only on the construction requirements of the engineering plans and other engineering documentation approved by this department. The Development Team shall be responsible for the compliance with other City department requirements and all approved documents, as well as Local, State and Federal regulations. The development requirements for this project may necessitate additional construction requirements that are not subject to this department's review for approval.

- [x] See attached for advisory comments

100 NORTH US 1, FORT PIERCE, FLORIDA 34950 • CITYOFFORTPIERCE.COM • TEL: 772.467.3000 • FAX: 772.460.6847

ADVISORY COMMENTS

1. The project shall have all State and Federal permits in place prior to conducting any land clearing operations as the submitted Environmental Assessment Report indicates that wetlands are present on the site as well as possible threatened species.
2. Okeechobee Road is a St. Lucie County roadway, verification by the County of possible required roadway improvements shall be provided by the County.
3. The drainage plan was reviewed conceptually and will be reviewed in depth at time Building Permit application.
4. Prior to issuance of a Certificate of Occupancy, a final inspection shall be scheduled with this department and the following shall be submitted to the City Engineer:

    a. A certificate of completion signed and sealed by the engineer of record.
    b. Two copies of certified as-builts.
    c. Signed and sealed density test with location map of test areas.
    d. A maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same.

Z:\Shared\4400 Engineering\ENGINEERING\Site Development Projects\Addresses\2001 - 3000\3000 Okeechobee Road\Site Plan\Submittal No. 1 - 040425\SP Comments REVISED - 041625.docx

ENGINEERING COMMENTS:

1. Provide a 5-foot sidewalk along South 31st Street to provide site connectivity to the existing Okeechobee Road sidewalk.
2. The City of Fort Pierce Code of Ordinances specifies that roadways classified as "local" shall have a minimum right-of-way width of 60-feet. South 31st Street has a substandard right-of-way width of 35-feet. Therefore, it is requested that the applicant provide a 12.5-feet right-of-way donation, which is half of the required 25-feet as a part of the site plan approval process.

ADVISORY COMMENTS:

1. The project shall have all State and Federal permits in place prior to conducting any land clearing operations as the submitted Environmental Assessment Report indicates that wetlands are present on the site as well as possible threatened species.
2. Okeechobee Road is a St. Lucie County roadway, verification by the County of possible required roadway improvements shall be provided by the County.
3. The drainage plan was reviewed conceptually and will be reviewed in depth at time Building Permit application.
4. Prior to issuance of a Certificate of Occupancy, a final inspection shall be scheduled with this department and the following shall be submitted to the City Engineer:

    a. A certificate of completion signed and sealed by the engineer of record.
    b. Two copies of certified as-builts.
    c. Signed and sealed density test with location map of test areas.
    d. A maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same.

BUILDING DEPARTMENT
TECHNICAL REVIEW COMMITTEE (TRC)
COMMENT FORM

Meeting Date: 4/17/25
Property Address: PZSITE 2025 00009 Minor Site Plan Sunrise Village Apartments 3000 Okeechobee Rd.

Please be advised that the project may trigger the requirements indicated below:

☑ 1. Building Official or his representative has no comment at the time of this meeting, but reserves the submission of comments upon completion of the official plan review.

☐ 2. Pre-construction meeting with the City's Building Department is requested.

☑ 3. All new construction or alterations shall meet the requirements of the Florida Building Code 8th Edition.

☒ 4. Building Permit required.

☑ 5. Signed and sealed construction drawings required.

☐ 6. Must meet the following Accessibility requirements:

- ☐ Accessible route
- ☐ Handicapped parking spaces
- ☑ Means of egress

☐ 7. Change of Use required

- ☐ Shall include a signed and sealed Life Safety Plan
- ☐ Shall include a signed and sealed comprehensive drawing, detailing how the building and MEC elements will comply with the Florida Building Code requirements.

☐ 8. Property exists in Special Flood Hazard Area. All Federal and State requirements shall be addressed.

☐ 9. Flood Development Permit required.

☐ 10. Final plat and approved parcel ID's required to submit or DPCR and building permit review.

☐ 11. Open permits, requiring attention exist.

☑ 12. Shall meet the Fire Prevention Code:

- ☑ Sprinkler system is required.
- ☑ Smoke alarm system is required.

☐ 15. Other

Additional Comments/Requirements: Permits required

Building Official's or Representative's Signature _____ Date: 4/15/25

Case #: PZSITE2025-00009

Planner: City of Ft. Pierce Planning Department.

3000 Okeechobee Rd, Ft. Pierce (Sunrise Village Apartments).

Site Plan

Comments:

Regarding the development of this project, the total added dwelling units upon the City of Fort Pierce is anticipated at 106. While the frequency and exact type of calls cannot be predicted at this time, it should be presumed that calls for service will arise from within this project, once it is completed and occupied by the intended users. A table is included below, showing the predicted needs for additional police officers based on the proposed development.

Please also ensure the walking paths around the lake area are illuminated so that use at night is protected by proper illumination and undesired activities are discouraged. Consider options such as pedestrian scale lighting solutions to ensure the pathways are illuminated but light trespass is minimized to not disturb the surroundings. In addition, ensure the sightlines around the pathways are preserved to maximize natural surveillance. Proper selection and maintenance of landscaping around the area is key.

Thank you for your attention and consideration.

Current population of Ft Pierce (2021 Census)		47927
Current total of Officers Ft Pierce PD (FY24)		141
Current rate of Officers per 1000 population		2.9
Number of proposed housing units		106
Average number of people per household	x	2.5
total proposed population increase		265

Technical Review Committee Meeting

TECHNICAL REVIEW PROJECT: PZSITE2025-00009
Site Plan - Sunrise Village Apartments - 3000 Okeechobee Road

W/WW Engineering: Approved as noted,
Water and sewer services from FPUA are accessible for this site. Kindly submit three comprehensive sets of utility construction plans, accompanied by a completed plan review application and a commercial service application, to the Water and Wastewater Engineering Department for assessment. Submissions should be directed to 1701 S 37th Street, Fort Pierce, Florida.
For additional details or assistance, please contact John Biggs at 772-466-1600 ext. 3474.

Electric Engineering: FPUA Electric & Gas Engineering has reviewed the application. **Approved**.

New pad mount transformer lead time is up to 52 weeks.

Please contact Eric Meyer for electric customer requirements and project coordination.
Before work begins.

Eric Meyer, P.E.
Supervising Engineer
Fort Pierce Utilities Authority
emeyer@fpua.com

Gas: We are in the process of reviewing your application for your transformative 106-unit affordable multi-family housing project at Sunrise Village. We commend Blue Sky Communities and Carteret Management for your steadfast commitment to creating sustainable and high-quality housing solutions for the Fort Pierce community.

We are particularly excited about the potential integration of natural gas into your development. Given your focus on affordability and positive community impact, natural gas provides a compelling energy solution. Fort Pierce Utilities Authority is ready to support Sunrise

Village with our readily available natural gas infrastructure, conveniently located near your development site.

Heating water, drying clothes, and cooking with natural gas can reduce utility costs by up to 30% compared to electric-only solutions. This translates into significant savings for the future residents of Sunrise Village, aligning perfectly with your goal to assist families earning at or below 60% of the area's median income.

Additionally, by choosing natural gas, your project can significantly reduce its total electrical load, potentially lowering electrical infrastructure costs by tens of thousands of dollars—an advantage that cannot be overlooked.

To further streamline your development, we are pleased to offer comprehensive support, including the installation of necessary gas infrastructure—gas mains and services—**at no cost to the project**. We will also provide water heaters tailored to your specific needs, enhancing both cost savings and operational efficiency.

Fort Pierce Utilities Authority is eager to partner with you on this initiative. We are confident that integrating natural gas into Sunrise Village will not only reduce costs but also contribute to the long-term sustainability and success of the community.

Please feel free to contact me directly to discuss this opportunity further or to arrange a meeting with our team.

Thank you for considering this energy-efficient path forward. We look forward to supporting your efforts to redefine affordable housing in Fort Pierce.

Developer Letter.pdf

Fort Pierce Utilities Authority
FPUAnet Communications
500 Boston Avenue (PO Box 3191)
Fort Pierce, FL 34950 (34948)

Dear Developer,

I'm reaching out on behalf of **FPUAnet**, the City of Fort Pierce's municipal fiber internet provider, to introduce how we can support your next development project with fast, reliable, and cost-effective connectivity built for long-term growth.

Here's why developers like you choose **FPUAnet**:

• **Scalable Fiber Infrastructure**
Our fiber network is designed to evolve with the needs of Fort Pierce, ensuring your properties have the bandwidth to support future technologies, smart building systems, and high-demand applications.

• **Gigabit Speeds at Every Site**
Whether it's residential, commercial, or mixed-use, we deliver **consistent gigabit speeds** across our service area—ensuring your tenants and buyers enjoy fast, seamless internet.

• **Community-Wide Coverage**
We don't just serve high-density areas—we extend fiber access to underserved neighborhoods, helping developers meet connectivity requirements across all project types and locations.

• **Cost-Effective & Developer-Friendly**
With **competitive pricing** and a **community-first model**, FPUAnet offers lower rates than private ISPs—helping keep your project costs in check, with no hidden fees or profit-driven markups.

On top of that, **our dedicated local support team is available 24/7**, giving you and your buyers reliable access to real people who know the area and the network inside and out.

I'd love to discuss how we can help meet your project's specific connectivity needs. Please feel free to reach me directly at **peters@fpua.com** or **772-468-1697**.

Looking forward to partnering with you.

Best regards,
Eric Peters
On behalf of FPUAnet

BUREAU OF FIRE PREVENTION

SITE PLAN REVIEW

TO: Site Plan Applicant

SITE PLAN: 3000 Okeechobee Road PZSITE2025-00009

REVIEW DATE: 4/7/2025

PLANNER: KERRY DRIVER

REVIEWED BY: Lt Jesse Almand

Site Plan Approved with conditions: _____

Site Plan Requires Re-submittal: __X_____

The Following Conditions/Revisions Are Necessary:

1. **Please submit a completed application for Development/Site Plan Review (St. Lucie County Fire District Development & Site Plan Review Application). This form is available on-line at https://www.slcfd.com.**
2. **Fire District review fees are due at the time of submittal. An abbreviated fee schedule is included on the application form.**
3. **Please provide an electronic revised copy of the site plan if applicable (pdf format).**
4. **Please provide written acknowledgement of the conditions/revisions provided.**
5. **A separate review and permit is required for Underground Fire Mains connected to standpipes or sprinkler systems.**
6. **Fire department access roads provided in accordance with 18.2.3 shall be provided at the start of a project and shall be maintained throughout construction. (NFPA 1 16.1.4). Surface. Fire department access roads shall be designed and maintained to**

support the imposed loads of fire apparatus and shall be provided with an all-weather driving surface. (NFPA 1.18.2.3.5.2)

7. **Electronic security gates must have an access control key switch on the control panel to allow for Fire Department entry in an emergency. Manual security gates that will be locked require a Knox lock. All security gates shall maintain a clear width of 12 feet when open and provide a means to open the gates manually upon loss of power. (SLCFD Resolution 740-23)**

8. **Per the St. Lucie County Fire District Fire Prevention Code Resolution 740-23, at least 13 feet 6 inches nominal vertical clearance shall be provided and maintained over the full width of all means of access (including, but not limited to trees, canopies, etc.)**

9. **The Fire District reserves the right for future comments at the site plan & building construction phase.**

10. **Fire apparatus access roads shall be provided such that any portion of the facility or any portion of an exterior wall of the first story of the building is located not more than 150 ft from fire apparatus access roads as measured by an approved route around the exterior of the building or facility. NFPA 1 18.2.3.2.2. (*Installation of a sprinkler system will be required if this distance requirement is not met.)***

11. **Where buildings are protected throughout with an approved automatic sprinkler system that is installed in accordance with NFPA 13, NFPA 13R, or NFPA 13D, the distance in 18.2.3.2.2 shall be permitted to be increased to 450 ft (137 m). (NFPA 1 18.2.3.2.2.1)**

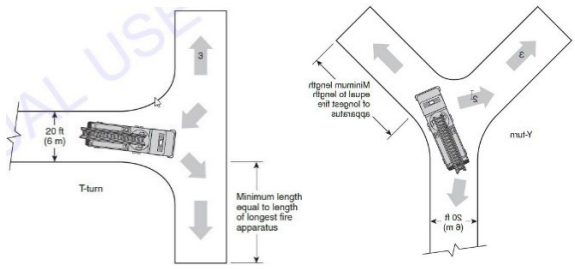
12. **Please provide a truck circulation detail.**

13. **Be advised: Dimensions of largest vehicle are as follows: 38 tons or 77,000 lbs, 47.5 ft. total length, 21.5 ft. wheel base, 10.5 ft. total width, 41.5 degree turning radius. (SLCFD Resolution 740-23)**

14. **Minimum roadway pavement width (two-way traffic) shall be twenty (20) ft. (SLCFD Resolution 740-23)**

ST. LUCIE COUNTY FIRE DISTRICT
Community Risk Reduction Division
Office of the Fire Marshal

Telephone: **(772) 621-3322**
Fax: **(772) 621-3604**



15. **Minimum roadway pavement width (one-way traffic) shall be twelve (12) ft. (SLCFD Resolution 740-23)**

16. **Fire apparatus access roads connecting to roadways shall be provided with curb cuts extending at least 2 ft (0.61 m) beyond each edge of the fire apparatus access road. (NFPA 1 18.2.3.5.3.3)**

17. **The angle of approach and departure for any means of fire apparatus access road shall not exceed 1 ft drop in 20 ft (0.3 m drop in 6 m) or the design limitations of the fire apparatus of the fire department, and shall be subject to approval by the AHJ.(NFPA 1 18.2.3.5.6.2)**

18. **A fire department access road shall extend to within 50 ft (15 m) of at least one exterior door that can be opened from the outside and that provides access to the interior of the building. (NFPA 1.18.2.3.2.1)**

19. **Dead-end roadways serving commercial or residential occupancies must include a cul-de-sac when the roadway length exceeds one hundred-fifty (150) feet. "Y" or "T" type turnaround arrangements are permitted. The minimum length must be equal to the length of the longest fire apparatus. (SLCFD Resolution 740-23)**

20. **Fire hydrants (shall be) are provided for buildings other than detached one-and-two-family dwellings IAW both of the following 1) The maximum distance to a fire hydrant from the closest point in the building shall not exceed 400 feet. 2) The maximum distance between fire hydrants shall not exceed 500 feet. NFPA 1:18.5.3. Please provide fire flow calculations for hydrants.**

21. **Fire Hydrants (shall be) are provided for detached one- and two-family dwellings IAW both of the following: 1) The maximum distance to a fire hydrant from the**

closet point on the building shall not exceed 600 feet. 2) The maximum distance between fire hydrants shall not exceed 800 feet. NFPA 1:18.5.2.

22. **An approved water supply capable of supplying the required fire flow for fire protection (shall be) is identified to all premises upon which facilities, buildings, or portions of buildings which are to be constructed or moved into the jurisdiction. The approved water supply shall be in accordance with NFPA 1:18.4.**

23. **Fire department connections shall be located on the street side of buildings and shall be located and arranged so that hose lines can be readily attached to the inlets without interference from any nearby objects, including buildings, fences, landscaping, or other fire department connections. The locations of connections shall be based upon the access requirements of the fire department.**

24. **The distance allowed between the fire department connection and a fire hydrant shall be no more than one hundred fifty (150) feet as a vehicle travels.**

25. **Where underground water mains and hydrants are to be provided, they shall be installed, completed, and in service prior to commencing construction work on any structure. It is not intended to prohibit the construction of non-combustible structure foundation elements such as foundations and footings prior to the completion of underground water mains and hydrants (NFPA 1 16.4.3.1.3).**

26. **The minimum size of water mains for supplying water for firefighting purposes shall be six (6) inches. b. The minimum size of water mains supplying hydrants on a dead end main shall be eight (8) inches. c. The maximum number of hydrants located on a dead end main shall be one (1). d. Grid or Tee systems shall be supplied by a minimum of an eight (8) inch looped main. Exceptions may be granted based on the capacity of the water distribution system but in no case shall the main size be less than six (6) inches. e. The minimum size water main(s) shall be determined by the needed fire flow as established by the Fire Marshal and based on the current Insurance Service Office (ISO) requirements.**

27. **Hydrants shall be located no more than 12ft. from the curb of roadways or from the edge of payment. Clearances of three feet (3 ft.) shall be maintained around the circumference of hydrants. A clear space of not less than five feet (5ft.) shall be provided in front of each hydrant connection having a diameter greater than 2 ½ inches. The center of hose outlet shall be not less than 18 inches above final grade. (SLCFD Fire Prevention Code Resolution 740-23).**

ST. LUCIE COUNTY FIRE DISTRICT
Community Risk Reduction Division
Office of the Fire Marshal

Telephone: **(772) 621-3322**
Fax: **(772) 621-3604**

28. Site Plans submitted in accordance with this Fire Prevention Code shall include the size, layout, and offsite connections for the water distribution system and the location of all existing and proposed fire hydrants within one thousand (1,000) feet of the proposed project.

April 15, 2025

PROJECT: Sunrise Village Apartments

REF: PZSITE2025-00009

TO: Kerry Driver

FROM: Grant Chambers

The following comments are offered by SLC PW - Engineering:

1. A traffic analysis including turn lane analysis is required at the cost of the applicant. The County and City have adopted the TPO's standard methodology for traffic analysis. Please coordinate with Kori Benton in the County's Planning department.
2. Additional Right-of-Way may be required if turn lanes are required.

1. LOCATION, ELEVATION, AND DIMENSIONS OF EXISTING UTILITIES, STRUCTURES, AND OTHER FEATURES ARE SHOWN IN ACCORDANCE WITH THE BEST INFORMATION AVAILABLE AT TIME OF THE PREPARATION OF THE PLANS BUT DO NOT PURPORT TO BE ABSOLUTELY CORRECT.

2. THE CONTRACTOR SHALL VERIFY THE LOCATION, ELEVATION, AND DIMENSIONS OF ALL EXISTING UTILITIES, STRUCTURES, AND OTHER FEATURES AFFECTING HIS/HER WORK AND SHALL COMPLY WITH ALL STATE, COUNTY, AND LOCAL ORDINANCES AND OBTAIN ANY NECESSARY WORK PERMITS THAT MAY BE REQUIRED PRIOR TO CONSTRUCTION.

3. THE CONTRACTOR SHALL PROVIDE AT LEAST 2 BUSINESS DAYS NOTICE TO THE VARIOUS UTILITY COMPANIES, IN ORDER TO LOCATE AND IDENTIFY THEIR EXISTING UNDERGROUND FACILITIES PRIOR TO CONSTRUCTION, AS ESTABLISHED BY THE "UNDERGROUND FACILITY DAMAGE PREVENTION AND SAFETY ACT."

4. CONTRACTOR SHALL BE RESPONSIBLE FOR ALL OF THE COORDINATION OF CONSTRUCTION SCHEDULING BETWEEN THE CONTRACTOR AND ALL UTILITY AGENCIES.

   NOTE:
   THIS INCLUDES MEETING WITH UTILITY AGENCIES PRIOR TO THE PRE-CONSTRUCTION CONFERENCE TO ADJUST THEIR SCHEDULES TO COINCIDE WITH THE CONTRACTORS CONSTRUCTION SCHEDULE.

5. MAINTENANCE OF TRAFFIC WILL BE THE RESPONSIBILITY OF THE CONTRACTOR AND MUST BE APPROVED BY THE GOVERNING AGENCY PRIOR TO ITS IMPLEMENTATION.

6. OVERALL CLEAN-UP SHALL BE ACCOMPLISHED BY THE CONTRACTOR IN ACCORDANCE WITH THE LOCAL JURISDICTION OR FDOT STANDARDS. ANY AND ALL EXPENSES INCURRED FOR THIS WORK SHALL BE INCLUDED IN THE UNIT PRICE BID FOR OTHER ITEMS.

7. ALL SIDEWALK RAMPS SHALL BE BUILT PER THE LATEST FDOT ROADWAY AND TRAFFIC DESIGN STANDARDS AT THE TIME OF BID.

8. SIDEWALK AND BUS PAD CROSS SLOPES SHALL NOT EXCEED 2% POSITIVE OR NEGATIVE GRADE. ALL SIDEWALK AND BUS PAD AREAS EXCEEDING 2% DURING CONSTRUCTION WILL BE REMOVED AND REPLACED AT NO ADDITIONAL COST TO THE OWNER.

9. ALL EXISTING DRAINAGE STRUCTURES ARE TO REMAIN UNLESS OTHERWISE NOTED.

10. THE CONTRACTOR IS REQUIRED TO SAW CUT EXISTING PAVEMENT AND PROVIDE EXPANSION MATERIAL WHERE NECESSARY TO PROVIDE A UNIFORM CONSTRUCTION JOINT FOR ALL AREAS REQUIRING WIDENING OR CURB CONSTRUCTION. THE COST ASSOCIATED WITH SAW CUTTING AND INSTALLING EXPANSION JOINT FILLER (1/2") WILL BE INCIDENTAL TO THE ADJACENT WORK.

11. BENCHMARK DATUM IS FLORIDA STATE PLANE COORDINATE SYSTEM (EAST ZONE 901) NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD '88).

12. ALL SIDEWALK PLACED OUTSIDE THE SHELTER PAD SHALL BE 4" THICK UNLESS OTHERWISE NOTED.

13. ALL EXISTING SIGNS WITHIN THE PROJECT LIMITS SHALL REMAIN UNLESS OTHERWISE NOTED.

NOTE:
CONTRACTOR TO SUBMIT SHOP DRAWINGS OF ANCHOR BOLT SPECIFICATIONS AND SIZE TO KIMLEY-HORN AND ASSOCIATES PRIOR TO MATERIAL FABRICATION OR BUS SHELTER INSTALLATION.

GENERAL NOTES AND SPECIFICATIONS

PART 1 – GENERAL

1.01 PROJECT IDENTIFICATION: BUS SHELTER CONCRETE PAD PREPARED BY KIMLEY-HORN AND ASSOCIATES, INC. BASED ON THE FOLLOWING INFORMATION:

NOMINAL WIND SPEED: 116 MPH
ULTIMATE WIND SPEED: 150 MPH
WIND PRESSURE: 33.3 PSF
EXPOSURE B
RISK CATEGORY I

PART 2 – WORK ELEMENTS / SPECIFICATIONS

2.01 GENERAL DESCRIPTION: THE WORK OF THIS CONTRACT INCLUDES CONCRETE AND STEEL.

2.02 WORK STANDARDS:

A. ALL WORK TO BE PERFORMED PER ACI 224, ACI 546, AND PRODUCT MANUFACTURER'S SPECIFICATIONS UNLESS OTHERWISE NOTED ON PLANS. REFER ANY CONFLICTS BETWEEN ACI SPECIFICATIONS AND MANUFACTURER'S SPECIFICATIONS TO THE ENGINEER FOR RESOLUTION.
B. WELDING: PERFORMED BY AN AWS CERTIFIED WELDER AND IN COMPLIANCE WITH AWS D.1.1. ALL WELD SIZES SHALL BE THE MAXIMUM ALLOWED BY MATERIAL BEING WELDED WITH E 70XX ELECTRODE.

2.03 REINFORCED CONCRETE

A. ALL CONCRETE MATERIALS, PLACING AND HANDLING SHALL BE IN ACCORDANCE WITH AMERICAN CONCRETE INSTITUTE PUBLICATIONS ACI 301 AND ACI 318.
B. CURING OF CONCRETE SHALL BE IN STRICT ACCORDANCE WITH ACI 301 PROVISIONS.
C. ALL STRUCTURAL CONCRETE SHALL BE HIGH EARLY STRENGTH (MINIMUM 4000 PSI IN 12 HOURS)
D. WATER SHALL NOT BE ADDED TO CONCRETE AT THE JOBSITE UNLESS SPECIFIC AUTHORIZATION IS INDICATED ON THE DELIVERY TICKET. NOTIFY ENGINEER OF TOTAL QUANTITY OF WATER ADDED TO ANY TRUCK. REPEAT NECESSARY TESTING IF WATER IS ADDED AFTER INITIAL SAMPLING.
E. ALL ANCHOR BOLTS SHALL BE ACCURATELY SET WITHIN A TOLERANCE OF +/- 1/16 INCH IN BOTH ELEVATION AND LOCATION.
F. ALL CONCRETE SHALL BE PLACED IN THE DRY. ALL FORMS SHALL BE FREE OF STANDING WATER.
G. ALL CONCRETE SHALL BE VIBRATED IN PLACE IN ACCORDANCE WITH ACI RECOMMENDED PRACTICES. NO PLACING OF CONCRETE WILL BE COMMENCED UNLESS THERE ARE TWO OPERABLE CONCRETE VIBRATORS ON THE JOB SITE.
H. CONCRETE COVER OVER REINFORCING STEEL SHALL BE AS FOLLOWS, U.O.N.:
CONCRETE CAST AGAINST EARTH 3 IN.
ALL OTHER CONCRETE 2 IN.
I. PROVIDE 3/4 INCH CHAMFERS ON ALL EXPOSED EDGES, EXCEPT AS OTHERWISE NOTED.
J. ANY TIES, STRAPS OR OTHER METALLIC FORMWORK ITEMS SHALL BE REMOVED TO A DEPTH OF 1-1/2 INCHES MINIMUM BELOW FINISHED CONCRETE SURFACE. CONCRETE SHALL BE REPAIRED IN ACCORDANCE WITH ACI 301.
K. FORMED SURFACES SHALL RECEIVE A SMOOTH-FORM FINISH IN ACCORDANCE WITH ACI 301. OFFSET BETWEEN ADJACENT PIECES OF FORMWORK FACING MATERIAL SHALL NOT EXCEED "CLASS A" TOLERANCE REQUIREMENTS OF ACI 117 (I.E. 1/8 INCH MAX. OFFSET).
L. SLAB SURFACES SHALL RECEIVE A TROWELED FINISH IN ACCORDANCE WITH ACI 301. FINISH TOLERANCES SHALL BE IN ACCORDANCE WITH "VERY FLAT" CLASSIFICATION REQUIREMENTS OF ACI 117 (I.E. 1/8 INCH MAX. IN 10 FEET).
M. WHERE A NONSLIP FINISH IS REQUIRED, GIVE THE SURFACE A BROOM FINISH OR DRY-SHAKE APPLICATION OF FINELY CRUSHED ABRASIVE PARTICLES.
N. COORDINATE SIZE, TYPE AND LOCATION OF ALL PENETRATIONS, CONDUIT, CHAMFERS AND EMBEDDED ITEMS PRIOR TO CONCRETE PLACEMENT.
O. DO NOT IMPOSE SERVICE LOADS ON CONCRETE ELEMENTS UNTIL THE CONCRETE HAS REACHED ITS SPECIFIED MINIMUM COMPRESSIVE STRENGTH.

2.04 REINFORCING STEEL

A. REINFORCING STEEL SHALL BE OF DOMESTIC MANUFACTURE AND IN ACCORDANCE WITH ASTM A615 WITH SUPPLEMENT, GRADE 60; MAXIMUM WORKING STRESS OF 24,000 PSI.
B. TOLERANCES FOR REINFORCING BAR FABRICATION SHALL CONFORM TO THE CURRENT CRSI MANUAL OF STANDARD PRACTICE.
C. ALL REINFORCING STEEL SHALL BE UNCOATED (BLACK) DEFORMED BARS AND SHALL BE FREE FROM LOOSE RUST, SCALE OR OTHER COATINGS.
D. ALL REINFORCING STEEL SHALL BE ACCURATELY PLACED, RIGIDLY SUPPORTED AND FIRMLY TIED IN PLACE WITH BAR SUPPORTS AND SPACERS. VERIFY THAT PLACEMENT OF REINFORCING STEEL WILL NOT CONFLICT WITH SUBSEQUENT INSTALLATION OF ANCHOR BOLTS, FASTENERS OR FIELD-DRILLED COMPONENTS.
E. UNLESS OTHERWISE NOTED, LAP BOTTOM STEEL OVER STRUCTURAL SUPPORTS AND TOP STEEL AT MIDSPAN.
F. ALL LAP LENGTHS SHALL BE IN ACCORDANCE WITH ACI 318, ACI 530 AND CRSI STANDARD PRACTICES, U.O.N.
G. HOOK DISCONTINUOUS ENDS OF ALL TOP BARS AND ALL BARS IN WALLS U.O.N.
H. ACI STANDARD HOOKS SHALL BE USED AS A MINIMUM, U.O.N.
I. ALL DIMENSIONS PERTAINING TO LOCATION OF REINFORCING BARS ARE TO CENTERLINE OF BARS EXCEPT WHERE THE CLEAR DIMENSION IS SHOWN TO FACE OF CONCRETE.
J. SUBMIT SHOP DRAWINGS TO ENGINEER FOR REVIEW PRIOR TO FABRICATING REINFORCING STEEL. DO NOT REPRODUCE THE STRUCTURAL DRAWINGS FOR USE AS PLACING DRAWINGS OR SHOP DRAWINGS.
K. PROVIDE CONSTRUCTION JOINTS IN ACCORDANCE WITH ACI 318 AND SUBMIT DRAWINGS SHOWING LOCATIONS AND DIRECTION OF POUR FOR ENGINEER'S REVIEW. PROVIDE KEYWAYS AND ADEQUATE DOWELS AT ALL CONSTRUCTION JOINTS.
L. PROVIDE REINFORCING STEEL ERECTOR WITH A SET OF STRUCTURAL DRAWINGS FOR FIELD USE. INSPECT REINFORCING STEEL PLACEMENT FROM SHOP DRAWINGS.

Subject: **Site Plan Review – Sunrise Village**

Dear Planning Department,

St. Lucie Public Schools has reviewed the site plan submission for the proposed Sunrise Village development. We appreciate the opportunity to provide feedback during this stage of the planning process.

One important consideration we would like to bring to your attention is the potential location of a school bus stop. The current plan does not indicate a location for the bus stop which would direct the bus stop to be placed near Okeechobee Road. We have significant concerns due to the high volume of traffic on this roadway. For the safety and efficiency of student transportation, we respectfully request that the bus stop be located within the development.

A potential solution could be to incorporate a roundabout or similar traffic-calming design within the development that would allow school buses to enter, safely pick up and drop off students, and exit without disrupting traffic flow along Okeechobee Road.

Additionally, we ask that provisions be made for parking in the vicinity of the bus stop. Many of our parents prefer to wait with or for their children at the stop, and adequate parking will be essential to ensure both convenience and safety.

We appreciate your attention to this matter and look forward to continued collaboration to ensure the safe and effective integration of school transportation needs into the Sunrise Village development.

Sincerely,

Nicole Fogarty
Director of Growth Management, Land Acquisitions & Intergovernmental Relations

Site Plan Approved with conditions: _X_____

Site Plan Requires Re-submittal: _____

The Following Conditions/Revisions Are Necessary:

1. ~~**Please submit a completed application for Development/Site Plan Review (St. Lucie County Fire District Development & Site Plan Review Application). This form is available on-line at https://www.slcfd.com.**~~ **Received 5/23/2025**

2. ~~**Fire District review fees are due at the time of submittal. An abbreviated fee schedule is included on the application form.**~~ **Received 6/10/2025**

3. ~~**Please provide an electronic revised copy of the site plan if applicable (pdf format).**~~

4. ~~**Please provide written acknowledgement of the conditions/revisions provided.**~~ **Received 6/9/2025**

5. ~~**A separate review and permit is required for Underground Fire Mains connected to standpipes or sprinkler systems.**~~

6. ~~**Fire department access roads provided in accordance with 18.2.3 shall be provided at the start of a project and shall be maintained throughout construction. (NFPA 1 16.1.4). Surface. Fire department access roads shall be designed and maintained to**~~

~~**support the imposed loads of fire apparatus and shall be provided with an all-weather driving surface. (NFPA 1.18.2.3.5.2)**~~

7. ~~**Electronic security gates must have an access control key switch on the control panel to allow for Fire Department entry in an emergency. Manual security gates that will be locked require a Knox lock. All security gates shall maintain a clear width of 12 feet when open and provide a means to open the gates manually upon loss of power. (SLCFD Resolution 740-23)**~~

8. ~~**Per the St. Lucie County Fire District Fire Prevention Code Resolution 740-23, at least 13 feet 6 inches nominal vertical clearance shall be provided and maintained over the full width of all means of access (including, but not limited to trees, canopies, etc.)**~~

9. ~~**The Fire District reserves the right for future comments at the site plan & building construction phase.**~~

10. ~~**Fire apparatus access roads shall be provided such that any portion of the facility or any portion of an exterior wall of the first story of the building is located not more than 150 ft from fire apparatus access roads as measured by an approved route around the exterior of the building or facility. NFPA 1 18.2.3.2.2. (*Installation of a sprinkler system will be required if this distance requirement is not met.)***~~

11. ~~**Where buildings are protected throughout with an approved automatic sprinkler system that is installed in accordance with NFPA 13, NFPA 13R, or NFPA 13D, the distance in 18.2.3.2.2 shall be permitted to be increased to 450 ft (137 m). (NFPA 1 18.2.3.2.2.1)**~~

12. ~~**Please provide a truck circulation detail.**~~

13. ~~**Be advised: Dimensions of largest vehicle are as follows: 38 tons or 77,000 lbs, 47.5 ft. total length, 21.5 ft. wheel base, 10.5 ft. total width, 41.5 degree turning radius. (SLCFD Resolution 740-23)**~~

14. ~~**Minimum roadway pavement width (two-way traffic) shall be twenty (20) ft. (SLCFD Resolution 740-23)**~~

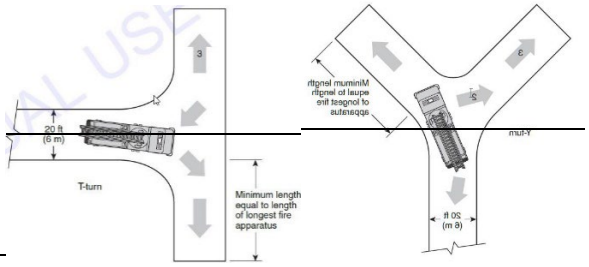
Community Risk Reduction Division
Office of the Fire Marshal

Telephone: **(772) 621-3322**
Fax: **(772) 621-3604**



15. ~~**Minimum roadway pavement width (one-way traffic) shall be twelve (12) ft. (SLCFD Resolution 740-23)**~~

16. ~~**Fire apparatus access roads connecting to roadways shall be provided with curb cuts extending at least 2 ft (0.61 m) beyond each edge of the fire apparatus access road. (NFPA 1 18.2.3.5.3.3)**~~

17. ~~**The angle of approach and departure for any means of fire apparatus access road shall not exceed 1 ft drop in 20 ft (0.3 m drop in 6 m) or the design limitations of the fire apparatus of the fire department, and shall be subject to approval by the AHJ.(NFPA 1 18.2.3.5.6.2)**~~

18. ~~**A fire department access road shall extend to within 50 ft (15 m) of at least one exterior door that can be opened from the outside and that provides access to the interior of the building. (NFPA 1.18.2.3.2.1)**~~

19. ~~**Dead-end roadways serving commercial or residential occupancies must include a cul-de-sac when the roadway length exceeds one hundred-fifty (150) feet. "Y" or "T" type turnaround arrangements are permitted. The minimum length must be equal to the length of the longest fire apparatus. (SLCFD Resolution 740-23)**~~

20. ~~**Fire hydrants (shall be) are provided for buildings other than detached one-and-two-family dwellings IAW both of the following 1) The maximum distance to a fire hydrant from the closest point in the building shall not exceed 400 feet. 2) The maximum distance between fire hydrants shall not exceed 500 feet. NFPA 1:18.5.3. Please provide fire flow calculations for hydrants.**~~

21. ~~**Fire Hydrants (shall be) are provided for detached one- and two-family dwellings IAW both of the following: 1) The maximum distance to a fire hydrant from the**~~

~~**closet point on the building shall not exceed 600 feet. 2) The maximum distance between fire hydrants shall not exceed 800 feet. NFPA 1:18.5.2.**~~

22. ~~**An approved water supply capable of supplying the required fire flow for fire protection (shall be) is identified to all premises upon which facilities, buildings, or portions of buildings which are to be constructed or moved into the jurisdiction. The approved water supply shall be in accordance with NFPA 1:18.4.**~~

23. ~~**Fire department connections shall be located on the street side of buildings and shall be located and arranged so that hose lines can be readily attached to the inlets without interference from any nearby objects, including buildings, fences, landscaping, or other fire department connections. The locations of connections shall be based upon the access requirements of the fire department.**~~

24. ~~**The distance allowed between the fire department connection and a fire hydrant shall be no more than one hundred fifty (150) feet as a vehicle travels.**~~

25. ~~**Where underground water mains and hydrants are to be provided, they shall be installed, completed, and in service prior to commencing construction work on any structure. It is not intended to prohibit the construction of non-combustible structure foundation elements such as foundations and footings prior to the completion of underground water mains and hydrants (NFPA 1 16.4.3.1.3).**~~

26. ~~**The minimum size of water mains for supplying water for firefighting purposes shall be six (6) inches. b. The minimum size of water mains supplying hydrants on a dead end main shall be eight (8) inches. c. The maximum number of hydrants located on a dead end main shall be one (1). d. Grid or Tee systems shall be supplied by a minimum of an eight (8) inch looped main. Exceptions may be granted based on the capacity of the water distribution system but in no case shall the main size be less than six (6) inches. e. The minimum size water main(s) shall be determined by the needed fire flow as established by the Fire Marshal and based on the current Insurance Service Office (ISO) requirements.**~~

27. ~~**Hydrants shall be located no more than 12ft. from the curb of roadways or from the edge of payment. Clearances of three feet (3 ft.) shall be maintained around the circumference of hydrants. A clear space of not less than five feet (5ft.) shall be provided in front of each hydrant connection having a diameter greater than 2 ½ inches. The center of hose outlet shall be not less than 18 inches above final grade. (SLCFD Fire Prevention Code Resolution 740-23).**~~

Subject: **Updated Site Plan Review – Sunrise Village**

Dear Planning Department,

Following our recent meeting and review of the newly submitted site plan for Sunrise Village, we appreciate the revision showing the proposed school bus stop located further away from Okeechobee Road. Based on this updated layout, St. Lucie Public Schools will be able to accommodate the bus stop by situating it just west of the development's entrance, heading south westbound. This adjustment provides a safer pick-up and drop-off area for students and minimizes direct impact from the high-traffic conditions along Okeechobee Road.

While this revised location is acceptable, we would like to reiterate that our preference remains for the bus stop to be placed within the development itself. An internal location would allow school buses to enter, load and unload students safely, and exit without disrupting the traffic flow on adjacent roadways. It would also allow for better access for parents who often wait with or for their children.

We thank you for your continued collaboration and consideration of student safety in the planning of this project.

Sincerely,

Nicole Fogarty
Director of Growth Management, Land Acquisitions & Intergovernmental Relations

ENGINEERING
DEPARTMENT

TO : Kerry Driver, Senior Planner

FROM : Venetia Barnes, Stormwater Engineer

THRU : Mark Zrallack, P.E., City Engineer

RE : Site Plan – Sunrise Village Apartments – 3000 Okeechobee Road

DATE : July 21, 2025

This is to advise you that we have completed the review of the following documents received by this office on July 18, 2025:

- [x] Site Plan
- [ ] Test Reports & Related Documents
- [ ] Record Drawings
- [ ] Clearances from all applicable Local, State and Federal Agencies
- [ ] Building Construction Plans
- [ ] Certificate of Completion
- [ ] Permits from applicable Local, State & Federal Agencies

Based on our reviews and appropriate site final inspection, we

- [x] Recommend
- [ ] Do Not Recommend

- [x] Site Plan
- [ ] DPCR
- [ ] C/O

Developer, Owner, Engineer, Contractor and other members of the Development Team must be aware, the above recommendation is based only on the construction requirements of the engineering plans and other engineering documentation approved by this department. The Development Team shall be responsible for the compliance with other City department requirements and all approved documents, as well as Local, State and Federal regulations. The development requirements for this project may necessitate additional construction requirements that are not subject to this department's review for approval.

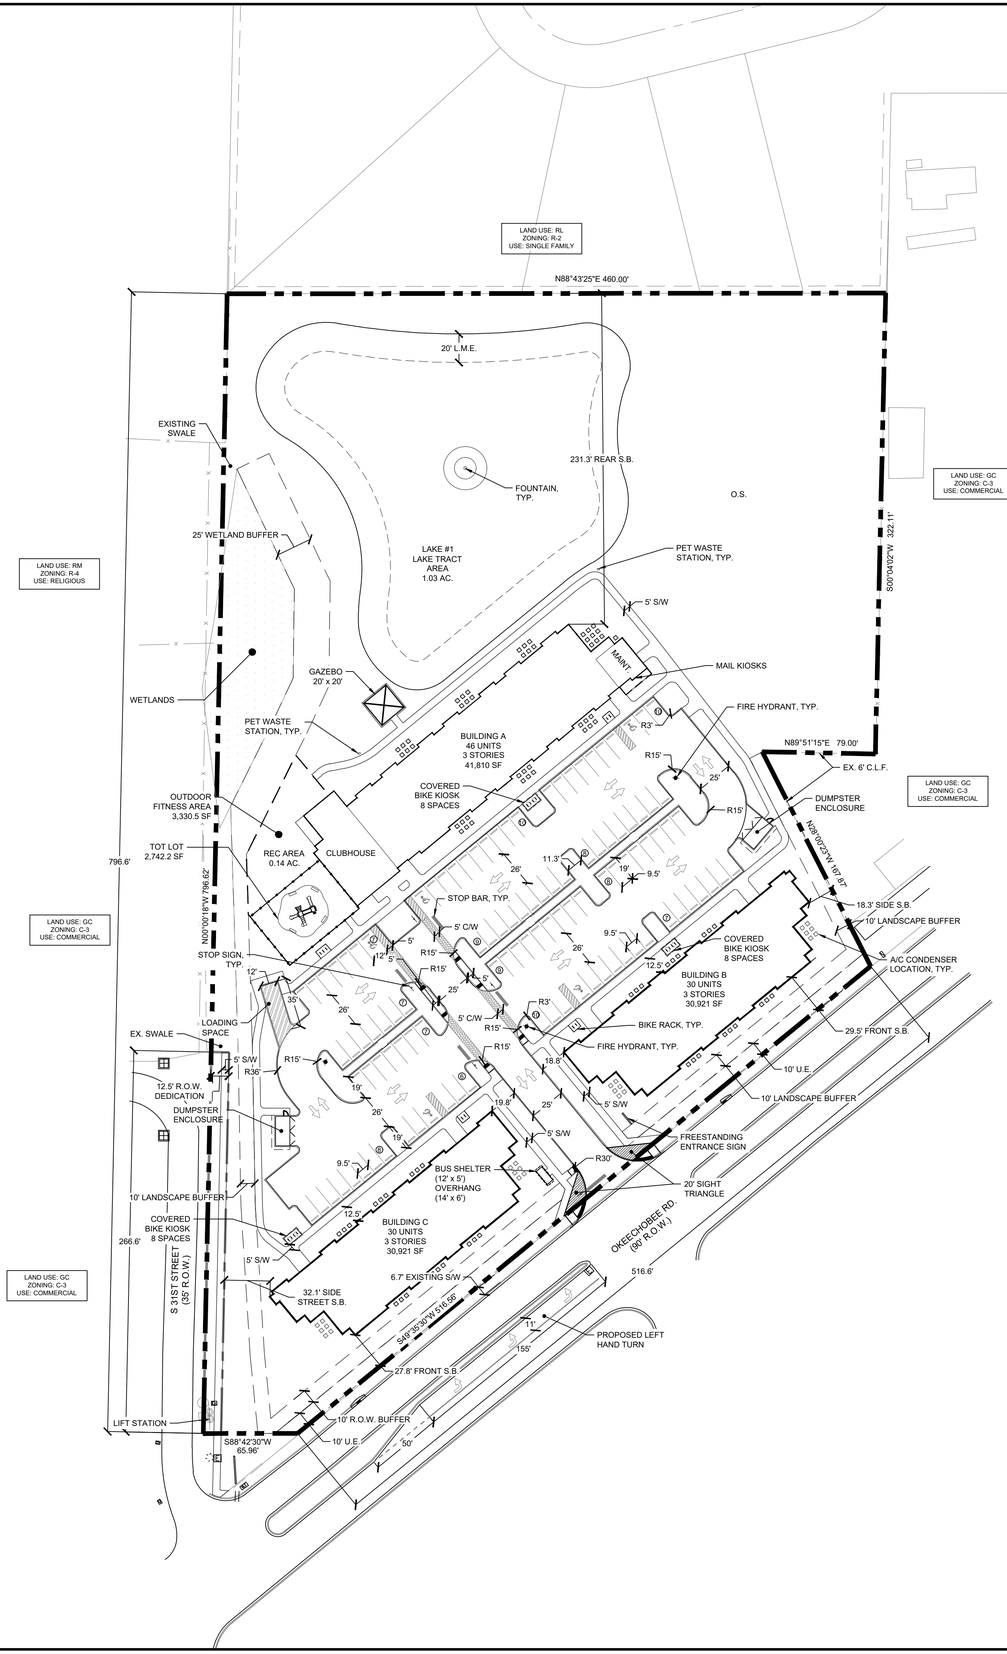
- [x] See attached for conditions of approval comments

Z:\Shared\4400 Engineering\ENGINEERING\Site Development Projects\Addresses\2001 - 3000\3000 Okeechobee Road\Site Plan\Submittal No. 3 - 071825\SP Approval w. Conditions- 072125.docx

ENGINEERING APPROVAL CONDITIONS:

As provided in the revised site plan layout submitted on Friday, July 18th, the following are approved conditions:

1. A 5-foot sidewalk along South 31st Street to provide site connectivity to the existing Okeechobee Road sidewalk.
2. A 12.5-feet right-of-way donation, which is half of the required 25-feet as a part of the site plan approval process. The City of Fort Pierce Code of Ordinances specifies that roadways classified as "local" shall have a minimum right-of-way width of 60-feet. South 31st Street has a substandard right-of-way width of 35-feet. Therefore, it was requested that the applicant provide the 12.5 feet-feet right-of-way donation.



ADVISORY COMMENTS:

1. The project shall have all State and Federal permits in place prior to conducting any land clearing operations as the submitted Environmental Assessment Report indicates that wetlands are present on the site as well as possible threatened species.
2. Okeechobee Road is a St. Lucie County roadway, verification by the County of possible required roadway improvements shall be provided by the County.
3. The drainage plan was reviewed conceptually and will be reviewed in depth at time Building Permit application.
4. Prior to issuance of a Certificate of Occupancy, a final inspection shall be scheduled with this department and the following shall be submitted to the City Engineer:

    a. A certificate of completion signed and sealed by the engineer of record.
    b. Two copies of certified as-builts.
    c. Signed and sealed density test with location map of test areas.
    d. A maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same.

Re: **Sunrise village**
Final Review of Turn Lane Analysis

Kimley-Horn has reviewed the traffic impact analysis (revised January 2025) prepared by Truckin Traffic, LLC. related to the above-mentioned project. The proposed development consists of 106 affordable housing units. The site is generally located in the northeast quadrant of Okeechobee Road and S 31st street in the city of Fort Pierce.

A left turn lane is warranted at the intersection of Okeechobee Road and the project driveway, however a right turn lane is not warranted at this location

Thank you for the opportunity to assist Saint Lucie County in reviewing this project. Please contact us if you have any questions or need additional information.

RE: Sunrise Village - Major Site Plan: Innovative Development (PZSITE2025-00009)

Ms. Driver,

Please accept this letter as a formal clarification of the PZSITE2025-00009 Density Request.

The subject site is eligible for up to 17 dwelling units per acre based on the density bonus allowances in the code. For clarification, the Applicant is requesting approval of a gross density of 15.6 dwelling units per acre for 106 multifamily units.

If you have any questions, please contact me at 561-537-4533 or Jerrod.Purser@wginc.com.

Sincerely,

THE SUNRISE CITY
FORT PIERCE
PLANNING DEPARTMENT
Florida

August 12, 2025

Dear Property Owner:

The property owner of **Arrow Investment Group, LLC** is requesting approval of an **innovative development major site plan,** for 106-unit apartment buildings. The proposed name is Sunrise Village Apartments, and it is located at 3000 Okeechobee Road., Parcel ID 2417-504-0020-001-6.

> *Legal description: COLLIER`S S/D BLK D ALL BLK D-LESS S 27 FT AND SELY 7 FT FOR RD R/W AND LESS THAT PART MPDAF: BEG INT OF SE COR OF BLK D AND NLY RD R/W LI OF OKEEC RD RUN N 28 00 23 W 167.87 FT,TH N 89 51 15 E 79 FT TO E LI OF BLK D,TH S 00 04 02 W ALG E LI 148.41 FT TO NLY RD R/W LI OF OKEEC RD AND POB-(6.86 AC)*

The property has a zoning classification of Medium Density Residential (R-4) and a future land use designation of Medium Density Residential (RM).

A public hearing is scheduled before the **City Commission** of the City of Fort Pierce, Florida, at their meeting on **Tuesday, September 2, 2025**, which begins at **5:05 p.m**., in the City Hall Commission Chambers, 100 North U.S. Highway 1, Fort Pierce, Florida. You are provided with the opportunity to attend the public hearing and to speak in favor of, or in opposition to, the requested **Major Site Plan: Innovative Community Development with affordable housing** application. If you have any inquiries, or would like to review the complete application, please dial (772) 467-3739 or email kdriver@cityoffortpierce.com. Furthermore, published agenda packets for each City Commission meeting are provided a few days in advance at the following web address: http://cityoffortpierce.com/223/Agendas-Minutes.

Sincerely,

Kerry C. Driver
Senior Planner

CITY OF FORT PIERCE

PLANNING BOARD

Planning Board Minutes

OF THE REGULAR MEETING OF THE FORT PIERCE CITY PLANNING BOARD HELD ON MONDAY, AUGUST 11, 2025, IN FORT PIERCE CITY HALL, COMMISSION CHAMBERS, 100 NORTH US HIGHWAY 1, FORT PIERCE, FLORIDA.

1. CALL TO ORDER

2. PLEDGE OF ALLEGIANCE

3. ROLL CALL

Ms. Clemons entered the meeting at 4:01 PM.

Present:	Nichelle Clemons; Christopher Widing; Clayton Johnson; Justine Carter; Ryan Collins; Anton Kreisl, Chair
Absent:	Alexander Edwards
Staff Present:	Kev Freeman, Planning Director Vennis Gilmore, Historic Preservation Planner/Senior Planner Kerry Driver, Senior Planner Alicia Rosenthal, Planning and Development Organizer

4. CONSIDERATION OF ABSENCES

Me. Edwards was excused.

5. APPROVAL OF MINUTES

a. Minutes from the July 14, 2025 meeting

Motion was made by Ryan Collins, and seconded by Justine Carter to approve the minutes from the July 14, 2025, meeting.

AYE: Clayton Johnson, Justine Carter, Ryan Collins, Nichelle Clemons, Christopher Widing, Chair Anton Kreisl

Passed

6. NEW BUSINESS

a. **PZANN2025-00001**
Annexation
MRM Ventures
Parcel ID: 2421-233-0001-000-2

Mr. Gilmore gave an overview of the annexation, at or near the northeast corner of South 25th Street and Cortez Boulevard. He stated the annexation is for one (1) parcel into the City, with a City Future Land Use of RL, Residential Low-Density, and a City zoning of R-2, Single Family Intermediate Zone. Mr. Gilmore said the approximate 8.25 acre property has a St. Lucie County Future Land Use Designation of RU, Residential Urban, and a St. Lucie County Zoning designation of RS-4, Residential, Single-Family – 4/du. Mr. Gilmore said the current taxable value of the property is approximately $839,500 and the maximum build out potential is an increase of 12 residential units. He concluded that staff recommended that the Planning Board recommend approval of the proposed annexation to the City Commission.

Motion was made by Nichelle Clemons, and seconded by Ryan Collins to forward a recommendation of approval of the annexation to the City Commission.

AYE: Ryan Collins, Nichelle Clemons, Christopher Widing, Clayton Johnson, Justine Carter, Chair Anton Kreisl

Passed

b. **PD2024-00007**
Zoning Atlas Map Amendment
Cornerstone Master Planned Development
2721 S. Jenkins Road

Mr. Gilmore stated the request is for a Zoning Atlas Map Amendment of two (2) parcels of land to change the Zoning classification from General Commercial Zone (C-3) to Pulte-Cornerstone Planned Development (PD) with an associated Master Development Plan.

He stated the application proposes a 250-unit fee-simple single-family residential community with a range of home sizes, a range of designs, and amenities including a linear park, pocket park, pool, recreational playground and a public art identity feature.

Mr. Gilmore reviewed the history of the parcel. He said on November 3, 2008, the City Commission approved a site plan to construct a 383,605-square-foot commercial development consisting of eight (8) buildings by the name of Newberry Fields. On December 9, 2024, the Planning Board reviewed and recommended approval of the concurrent application for a Future Land Use Amendment of the subject property. The applicant requested to change the Future Land Use from GC, General Commercial to RM, Medium Density Residential.

Mr. Gilmore showed the landscape plan, and reviewed the PD benefits and the traffic analysis. He also stated a Signal Warrant Analysis was prepared at the request of the St. Lucie County Public Works/Engineering department by Traffic & Mobility Consultants. He

noted the analysis was submitted to St. Lucie County on August 5, 2025, for consideration of a traffic signal.

Mr. Freeman explained what was going on behind the scenes with the application. He said there are two interested parties, including the applicant and the neighboring property owner to the north, who is proposing commercial development on the property in the future. The neighboring property owner to the north has requested that St. Lucie County consider full access from Jenkins Road to his property and the residential property. Negotiations are being taken between both parties and St. Lucie County. The city requested input from St. Lucie County to settle out what they would be allowed to do there. The city is dependent on St. Lucie County either agreeing or not agreeing to full access to the neighboring commercial property.

Leslie Olson, Principal of the District Planning Group, introduced the team working on the Master Planned Development. She said the parcel is located southeast of Okeechobee Road and I-95, and across the street from Avalon Crossing and Wawa on Jenkins Road. She stated they are working closely with the commercial property owner just to the north.

Lee Dobbins of the Dean Mead Law Firm, gave an update on the project process, and he noted the applicant plans to come back in September 2025 for the Final Planned Development, which will include the Planned Development Agreement.

Ms. Olson continued with her presentation. She said the site has great access to the state's intermodal system and visibility from I-95. The project will incorporate a tall sculptural piece of art welcoming you to the City of Fort Pierce at the SW corner of the parcel.

Ms. Olson noted the change in the Future Land Use will generate 88% less traffic than in the former Future Land Use. She said the site design is a grid pattern for walkability, including tree-lined streets and nature trails.

Ms. Olson stated the north entrance, closest to Okeechobee Road, would be shared with the commercial property owner to the north. She highlighted that they are advocating for full access to the northern site. She stated a second entrance to the south is being added that aligns with Independence Classical Academy, where a traffic signal is also needed. Ms. Olson said the developer will be contributing to the cost of the traffic signalization. She noted they will be providing both north and south-bound turning lanes at both entrances. Ms. Olson showed the location of the bus stop, and said the school bus would pull into the commercial site to the north, swing to the south into the development and then do a right turn-out.

Ms. Olson showed the phasing plan and said they plan to start from the south and work north.

Mr. Widing asked if the School Board of St. Lucie County liked the bus stop location and if the location was set in stone. Chair Kreisl asked if the location of the bus stop is contingent on the access agreement with the neighbor to the north. He also asked if there was a back-up plan if the agreement did not work. Ms. Olson said there is another way to re-route the bus. Ms. Clemons stated she was concerned that the bus stop is located in phase 2 of construction as opposed to phase 1, which has the majority of the residential units. Ms. Olson said the phasing line could be adjusted to include the bus stop in phase 1.

Mr. Johnson asked if semi-trucks would go through the residential neighborhood if the commercial entity entered through its own property. He also asked about time limits for access. Ms. Olson said the site has been designed so no houses would face the northern road where commercial trucks can go back and forth. Ms. Olson said the intent was to have some access to the commercial property as well, so the trucks could do a right in and right

out. She said it has not been negotiated yet between the contract buyer, Pulte, and the owner of the commercial property on how that will work. Mr. Johnson asked if there was any potential impact on the bus stop and commercial vehicles. Ms. Olson said the bus stop is tucked away in a pocket park area and there is no need for children to walk on the road. The site is small and will not create that much traffic. Mr. Johnson asked if there would be a stipulation for a wall or fencing to separate the residential and commercial parcels or only landscape buffers. Ms. Olson said they are only proposing landscape buffers.

Ms. Carter asked if the site had to be designed the way it is in order for commercial and bus stop access to occur. Ms. Olson said the bus stop location is the best and most efficient location on the site, and it allows the bus to do a right in and right out.

Mr. Collins asked if there was any insight into the deviation of the site from commercial to residential. Ms. Olson said she believes it is the market economy.

Chair Kreisl asked if there was a berm or wall planned for the buffer on the west side, along I-95. Ms. Olson said a wall is planned with landscaping on either side. She noted that the city will be allowed to use the wall for public art.

Luke Lambert, Traffic Consultant, provided information on the traffic signalization issue. He stated the Cornerstone Pulte project is looking at two access points on Jenkins Road. The northern access will have a cross-access easement to the commercial parcel. The southern access is across from the Independence Classical Academy. Mr. Lambert said the Independence Classical Academy submitted an application for a signal warrant. The county reviewed the application and warranted a traffic signal for a single hour. He stated, on behalf of Pulte, an analysis was done on the school, church and the residential component and the analysis showed a signal was warranted based on the school's impact. Mr. Lambert noted Pulte would contribute to the cost of the signal.

Chair Kreisl asked if the signaling access had been determined. Mr. Lambert said they are still waiting to hear from St. Lucie County.

Ken Simigran, owner of commercial property just to the north of Cornerstone, said he used to own the 50 acres of land called Newberry Fields, which he sold to Pulte. He said the original intent was to make a Master Planned Retail Development, which is why the cross access exists. Mr. Simigran stated the county asked that the commercial property restrict access to a right in and right out only. Mr. Simigran said everyone has worked together to activate cross access. He highlighted that full access is critical for customers to go north or south on Jenkins Road.

Chair Kreisl asked if there were any obstacles to the way the access is going to work. Mr. Simigran said there are no issues and both Pulte and the city have worked hard at getting everyone aligned. He said Panda Express is sitting on the sidelines watching to see if the full access gets approved or if it gets approved with the condition that St. Lucie County can change the access in the future.

Mr. Freeman said, outside of the comments the city is likely to get from the county, he is looking for a determination from the Planning Board to support a full-access driveway for the commercial development, so the city can provide the county with how the development can proceed. He noted, ultimately, it is the country's decision whether full access will be granted. Mr. Freeman said an agreement has been reached between both parties, and it settles issues with the parties involved and the school district to ensure the bus stop is in the correct location.

Board discussion ensued on sidewalks, road widening, traffic and moving the bus stop

location to Phase 1 of construction. Ms. Olson said she would show the optional bus stop location to the school board. Luke Lambert stated Jenkins Road is planned to be widened to a four (4) lane roadway.

Motion was made by Christopher Widing, and seconded by Justine Carter to forward a recommendation of approval of the Master Plan Development with the following 15 conditions.

1. A Final PD shall be required prior to any development activities with the Master Site Plan by HJA Design Studio, Job No. 2024-31, 06.13.2025.
2. The minimum Open Space shall be 20% of the Final PD site area.
3. The maximum density shall be 5 dwelling units per acre of the Final PD site area.
4. The Final PD plan shall conform to the requirements of the City Code of Ordinances unless alternate standards are approved through the Planned Development Agreement.
5. A Gopher Tortoise Survey shall be submitted within ninety (90) days of land clearing to ensure that all Gopher Tortoises are accounted for and undisturbed.
6. If required by the USFWS (US Fish and Wildlife Service), a Wood Stork foraging Habitat Assessment shall be carried out on site within ninety (90) days of land clearing.
7. After approval of the Final PD Site Plan, a detailed stormwater and drainage plan and statement shall be submitted at the time of Building Permit.
8. The Final PD site plan shall be in unified control and property ownership. All land intended to be included in the planned development shall be under the legal control of the applicant.
9. The Final PD site plan shall include a general description of the buildings and streetscapes including standards for height, building coverage, parking areas, and public improvements proposed for the development.
10. The Final PD site plan shall include all agreements, provisions and covenants which govern the use, maintenance, and continued protection of the planned development and any of its common open space or other shared areas. This material shall include material which binds successors in title to any commitments concerning completion of the project and its maintenance and operation.
11. If the applicant intends to phase out the project, please include a development phasing schedule indicating:

    The approximate date when construction of the project is expected to begin.

    The number of phases in which the project will be built and the approximate date when construction of each phase can be expected to begin and completed.

    A general description of the buildings and streetscapes including standards for height, building coverage, parking areas, and public improvements proposed for each phase of the development.

12. The Final PD site plan shall contain the following information, at minimum: a. A Landscape and irrigation plan per section 123-4 of the City Ordinance. b. Proposed lot lines and other divisions of land for management, use or allocation purposes. c. The location, size and height of present and proposed buildings and structures. d. The location and size of all areas proposed to be conveyed, dedicated, or reserved for streets, parks, playgrounds, public and semi-public buildings, and similar uses. e. The existing and proposed vehicular circulation system, including off-street parking, and loading areas. f. The pedestrian circulation system, including its interrelationships with the vehicular circulation system, within the development to adjacent streets, showing all curb cuts and sidewalks. g. The existing and proposed utility systems, including sanitary sewers, storm sewers and water, electric and gas lines. h. The proposed buffering treatment of the perimeter of the planned development, refuse stations, storage areas,

or loading areas, including materials and techniques used such as screens, fences, and walls

13. A Unity of Title with the St. Lucie County Clerk of Courts and a Parcel Combination with the St. Lucie County Property Appraiser shall be completed prior to the issuance of any Building Permit.
14. Contact the Florida Department of Transportation (FDOT) to ensure appropriate noise attenuation measures are implemented to eliminate the potential for traffic noise intrusion into the residential development. Enhancements to minimize interior noise, such as but not limited to double-glazed glass windows, sound absorptive insulation, and door treatments that meet HUD specifications for all units shall be incorporated into the residential units prior to granting a certificate of occupancy.
15. Adjust phasing line before the Final PD to include the north access and bus option with sidewalks completed and roadway access from the developed part of phase 1.

AYE: Ryan Collins, Nichelle Clemons, Christopher Widing, Clayton Johnson, Justine Carter, Chair Anton Kreisl

Passed

c. **PZCON2025-00007**
Conditional Use
Live Oak Detox Center
912 Avenue I

Mr. Gilmore stated the application is to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients. The subject site is approximately 0.56 acres and the property currently consists of a one-story, 8-bedroom, 5-bathroom detox facility built in 1987. The existing future land use (FLU) designation is Medium Density Residential (RM), and the zoning classification is Medium Density Residential Zone (R-4).

Mr. Gilmore noted the site currently does not meet the required parking requirements with eight (8) parking spaces and one (1) handicap parking space. He noted the City Commission approved the Conditional Use for fourteen (14) clients on February 16, 2016. He said the approval was contingent upon either providing the necessary parking spaces or pursuing the option of payment in lieu of parking.

Mr. Gilmore said Live Oak Detox is a licensed, short-term residential detoxification facility offering medically monitored withdrawal services in a structured, secure environment. Mr. Gilmore explained the Live Oak Detox Facility will always employ a maximum of six (6) staff on-site. He said licensed nurses and behavioral health technicians will work in rotating shifts to ensure 24/7 supervision and care. All transportation to and from the facility is provided by the facility staff. Visitors are restricted and only allowed under exceptional circumstances. At peak staffing (with the proposed 16-client capacity), the number of vehicles will remain within the existing parking capacity.

Mr. Gilmore showed the site plan, floor plan and front elevation.

Chair Kreisl asked what the parking requirements would be today and how many parking spaces would need to be added. Mr. Freeman stated transportation is provided by staff. He noted that if the number of staff is not increased, parking will not need to be increased. Mr. Gilmore stated the parking code requirement is 1.5 spaces per bed.

Cody Neely, Applicant, stated Live Oak Detox was not his company in 2016. He said the building has eight (8) rooms and can accommodate 16 clients. He also mentioned there is a half parking spot that can accommodate a small vehicle or motorcycle.

Chair Kreisl stated he was concerned about the parking, and he asked about the maximum number of staff. Mr. Neely said the business follows staffing guidelines by the Department of Children and Families. He said none of the residents drive and there is no visitation. He noted that the facility is short term and parking six (6) cars is not a true concern. Mr. Freeman suggested adding the condition that parking is restricted to staff only. Ms. Clemons said the parking restriction is restraining vendors from delivering supplies. Board discussion ensued about adding a parking condition of approval.

Motion was made by Clayton Johnson, and seconded by Justine Carter to forward a recommendation of approval of the Conditional Use to the City Commission with the following condition:

1. Additional parking requirements are waived if the use and business are maintained.

AYE: Nichelle Clemons, Christopher Widing, Clayton Johnson, Justine Carter, Ryan Collins, Chair Anton Kreisl

Passed

d. **PZSITE2025-00009**
Major Site Plan and Innovative Community Development
Sunrise Village Apartments
3000 Okeechobee Road

Ms. Driver gave an overview of the application and said the three (3) multi-level, multifamily buildings are proposed to offer community amenities and resources, unique architectural designs, enhanced landscaping and transit-oriented design features. The proposed development is located on a parcel of approximately 6.87 acres. The future land use of the parcel is Medium Density Residential, RM, and the zoning is Medium Density Residential, R-4. Ms. Driver showed the site plan, floor plan, elevations, and landscape plan.

Chair Kreisl asked if the fire district commented about not having secondary access, and he asked about the sidewalk and right-of-way conditions of approval. Ms. Driver stated the fire district wanted a turn around.

Jerrod Purser, Planner from WGI, stated there is a 12.5-foot right-of-way dedication that the Engineering department requested along the west property line to Nebraska Avenue and a 5-foot sidewalk connection on the east side to Okeechobee Road.

Chair Kreisl asked if a left turn was being proposed onto Okeechobee Road. He also asked if the St. Lucie County school board commented on the length of distance the bus has to travel. Mr. Purser said their preference was a bus stop on Okeechobee Road, but the school district expressed they would like the bus to come in to the site and circulate down to the bus shelter.

Ms. Carter asked why the buildings were so close to the main road versus a lake, pond or landscaping being closer to the road. She stated she had concerns about traffic noise. Mr. Purser said they wanted to create a streetscape element with the landscaping instead of a huge parking lot up against the main road. He also noted it is part of meeting the innovative design criteria. Mr. Freeman said the design is a normal urban planning design process.

Chair Kreisl asked for a more significant landscape buffer, so the buildings are not exposed

as much from the street view. Mr. Purser said there are relocated sable palms and taller trees on the frontage. Mr. Purser noted that as part of the innovative design, the materials of the building are block exterior with some other materials included that are more durable and will provide a sound barrier.

Chair Kreisl asked about phasing and Ms. Carter asked about a playground and a dog park.

Mr. Johnson asked if there were any concerns with traffic going eastbound coming onto Okeechobee Road from 31st Street without having a second entry or exit.

Adam Schildmeier, Civil Engineer from WGI, stated there were no concerns shown in the traffic study that was conducted. He highlighted that the traffic signals at 25th Street and 33rd Street break up the traffic and there is a protected median on Okeechobee Road.

Chair Kreisl asked if the property was rezoned from commercial and if there was any recent history on the parcel, being that all the frontage parcels on Okeechobee Road are commercial.

Ms Carter asked staff to consider brick and stone materials to help with noise.

Mr. Widing said having a pond at the back of the community can become a functional gathering place for the residents to enjoy.

Ash Leyva, Vice-President of Blue Sky Communities and developer of Sunrise Village, stated that an environmental impact study is required, as part of their funding process. He explained one aspect of the study is noise. He highlighted the buildings and materials were analyzed for sound, and the findings were below 70 decibels, which is considered noise.

Motion was made by Nichelle Clemons, and seconded by Christopher Widing to forward a recommendation of approval of the site plan to the City Commission with the following (7) seven conditions:

1. Prior to issuance of final certificate of occupancy, a Landscape Maintenance Agreement shall be approved and shall acknowledge the following:
   a. All approved landscaping shall be installed, irrigated, and maintained in perpetuity in accordance with section 123-7 of the City Code of Ordinances, in order that it continues to present a healthy, neat, and orderly appearance free of refuse and debris, in conformity with the following requirements:
   i. Vegetation required by this article shall be replaced with equivalent or better vegetation if it is not living. All trees for which credit is awarded, and which subsequently die shall be replaced by the same or greater number of living trees according to the standards established in this article
   ii. Maintenance shall include sufficient weeding, watering, fertilizing, pruning, mowing, edging, mulching and other horticultural practices to ensure that the landscaping continues to maintain a healthy, neat, and orderly appearance
2. A 5-foot sidewalk along S. 31st Street to provide site connectivity to the existing Okeechobee Road sidewalk.
3. A 12.5 ft. right-of-way donation on S. 31st Street.
4. Prior to the CO, a maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same.
5. Sign permits shall be filed separately during the permit process.
6. An updated Environmental Assessment shall be required prior to land clearing and

development.

7. Prior to the issuance of any site clearing permits, the applicant shall provide a Tree Mitigation Survey and coordinate with the City of Fort Pierce Arborist for the required mitigation of the City's regulated trees proposed to be removed as a result of its site development/construction activity.

AYE: Christopher Widing, Clayton Johnson, Justine Carter, Ryan Collins, Nichelle Clemons, Chair Anton Kreisl

Passed

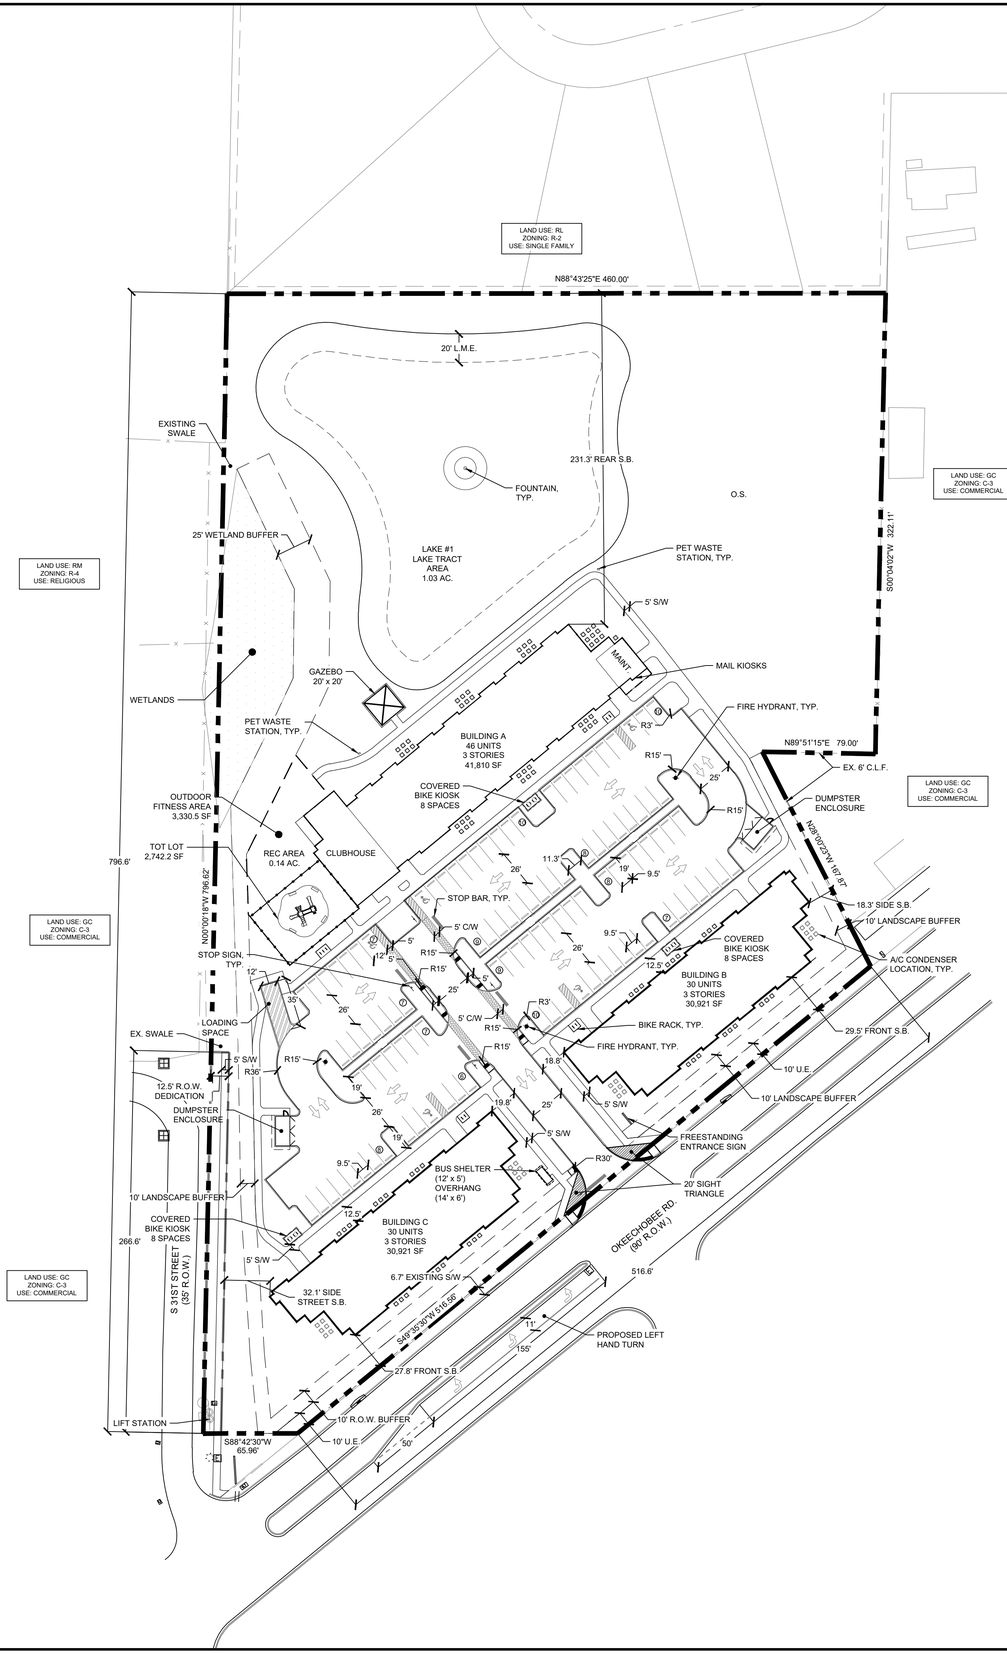
7. COMMENTS FROM THE PUBLIC

There were no comments from the public.

8. DIRECTOR'S REPORT

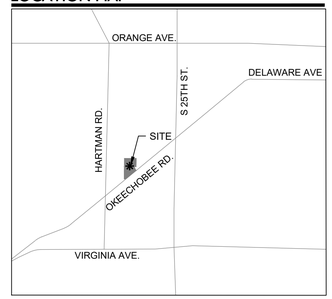
Mr. Freeman stated the first outreach meeting to update the Comprehensive Plan was held, and the second outreach meeting is October 9, 2025. He said city residents and businesses can take a survey on the city's website and make comments on what they would like to see in the future.

Mr. Freeman said he will be doing a full analysis and preparing a memo to the Planning Board and City Commission relating to State Senate Bill 108. He said it is an unusual bill that initially dealt with rebuilding quicker after hurricanes. Within the bill there is an element that if a city or county is within a certain radius of a hurricane, there are provisions that restrict any changes, within a certain time period, to the comprehensive plan or zoning regulations which are more restrictive than those already in place. He noted this has a significant impact on the direction the city is moving.



Mr. Freeman said he would also be doing a full analysis, based on the contents of the changes to the Live Local Act, involving development on church properties. He said the process will have to be determined by the City Commission.

Mr. Freeman said there was an update from the government lobbyist representative at the City Commission day meeting on August 11, 2025, regarding upcoming bills and direction from the state. Mr. Freeman said there may be more legislation coming through that involves planning.



9. BOARD COMMENTS

There were no comments from the Board.

HIGH POINT | ENGINEERING

Team Introductions

Project Location

PZSITE2025-00009

- **Major Site Plan** approval for a 106-unit affordable housing multifamily development.
- **Design Review** approval for a 106-unit affordable housing multifamily development.
- **Conditional Use** approval for an Innovative Community Development.
- **Density Bonus** of 5 units per acre per section 125-326(b)(2) in the land development code.

Application Requests

a. Purpose. Innovative community developments are primarily creative and imaginative housing, mixed-use and community-oriented development. **Innovation is achieved by use of material, solar juxtaposition, clustering, positive environmental impacts, energy efficiency, economic sustainability and by employing methods to achieve distinctiveness and excellence in siting, design, pedestrian accessibility, and landscaping**. Reductions in required on-site parking, adoption of reduced and zero setbacks, expedited planning review and reductions in various building siting requirements are used to encourage these developments.

Sec. 125-243 Innovative Community Development

- **Material -** High-performance, sustainable materials including block exterior walls and low-VOC interior finishes are incorporated into the design. These enhance durability, lower long-term maintenance, and reduce environmental impact.
- **Solar Juxtaposition -** The site plan is oriented to maximize southern exposure for rooftops, ensuring optimal conditions for solar panel installation if the budget will allow. This improves energy efficiency and supports future renewable energy integration.
- **Clustering** - All units are located in one quadrant of the site, ensuring that all units are close to the street to accommodate pedestrian and bike accessibility. This also preserves a substantial part of the site in its current semi-natural state.
- **Positive Environmental Impacts** - The project includes retention areas and native landscaping to enhance stormwater management, reduce runoff, and support pollinator habitats. We are also reusing portions of existing outfall swale to reduce redundancies. Additionally, the site is designed around existing wetland areas that will remain.
- **Energy Efficiency** - All units are designed to meet Energy Star standards, with high-efficiency HVAC systems, insulation, and appliances. Verdant systems allow management to monitor and manage humidity levels in the units. The project will achieve NGBS green certification.

Sec. 125-243 Innovative Community Development

- **Economic Sustainability** - A mix of unit types and income levels will be provided, all below 80% AMI. Therefore, this is a 100% attainable workforce (affordable) housing, which supports economic diversity within the community.
- **Distinctiveness and Excellence in Siting** - The development is designed around a large pond and green space that serves as a communal focal point. Each building is carefully positioned to take advantage of views, sunlight, and connectivity to shared amenities. Amenities include a playground, outdoor fitness area, gazebo overlooking the pond, clubhouse and covered bike kiosks.
- **Design -** The architectural style incorporates a blend of modern and traditional elements, and an Anglo Caribbean architectural style with varied rooflines, open stairwells and breezeways, and quality façade treatments. This avoids repetition and enhances neighborhood character.
- **Pedestrian Accessibility** - A network of sidewalks connects all residential units to amenity spaces, transit stops, and offsite neighborhood areas. Onsite traffic calming measures will prioritize safety for pedestrians and cyclists.
- **Landscaping** - Enhanced landscaping that includes drought-tolerant, native species, and shade trees is provided throughout the site and exceeds code requirements in several areas. Landscaped buffers soften building edges and define outdoor gathering areas, contributing to a strong sense of place.

Sec. 125-243 Innovative Community Development

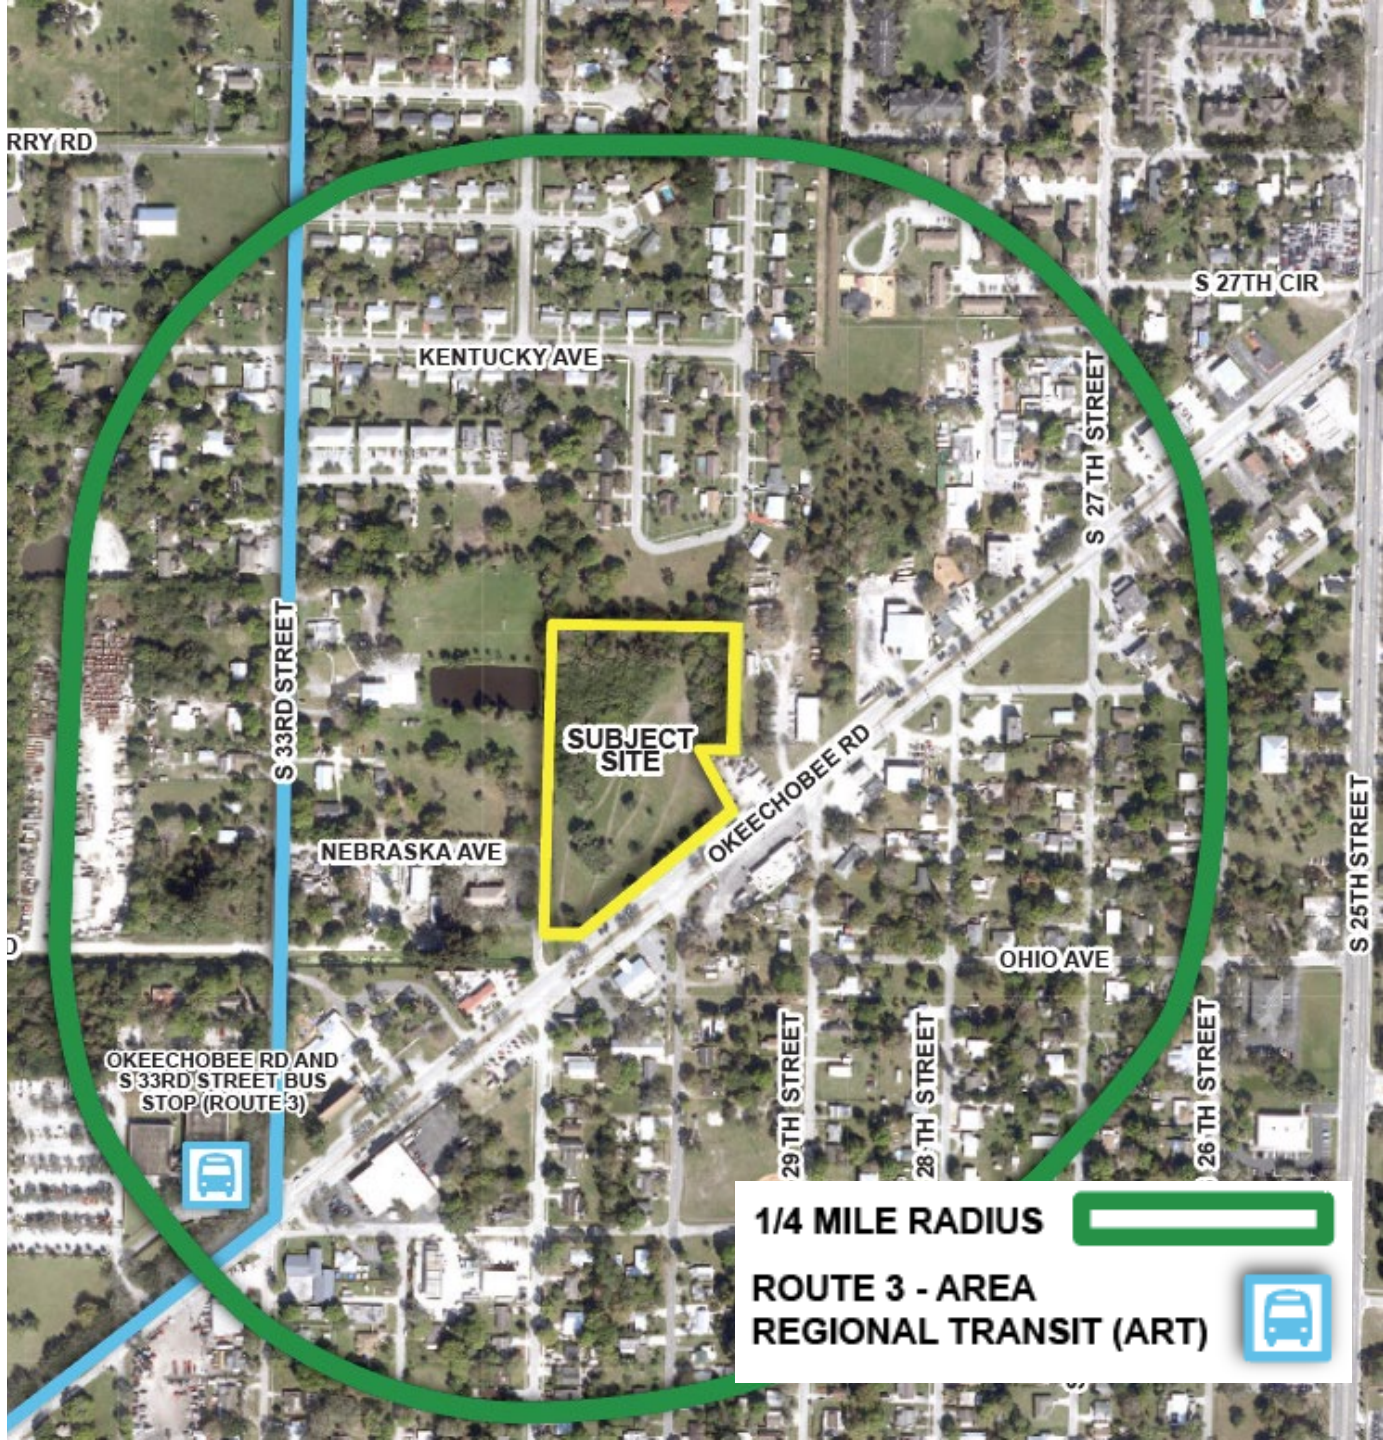
Section 125-243(a) of the code states that reductions in required on-site parking may be utilized for innovative community developments, for which the Applicant is requesting conditional use approval.

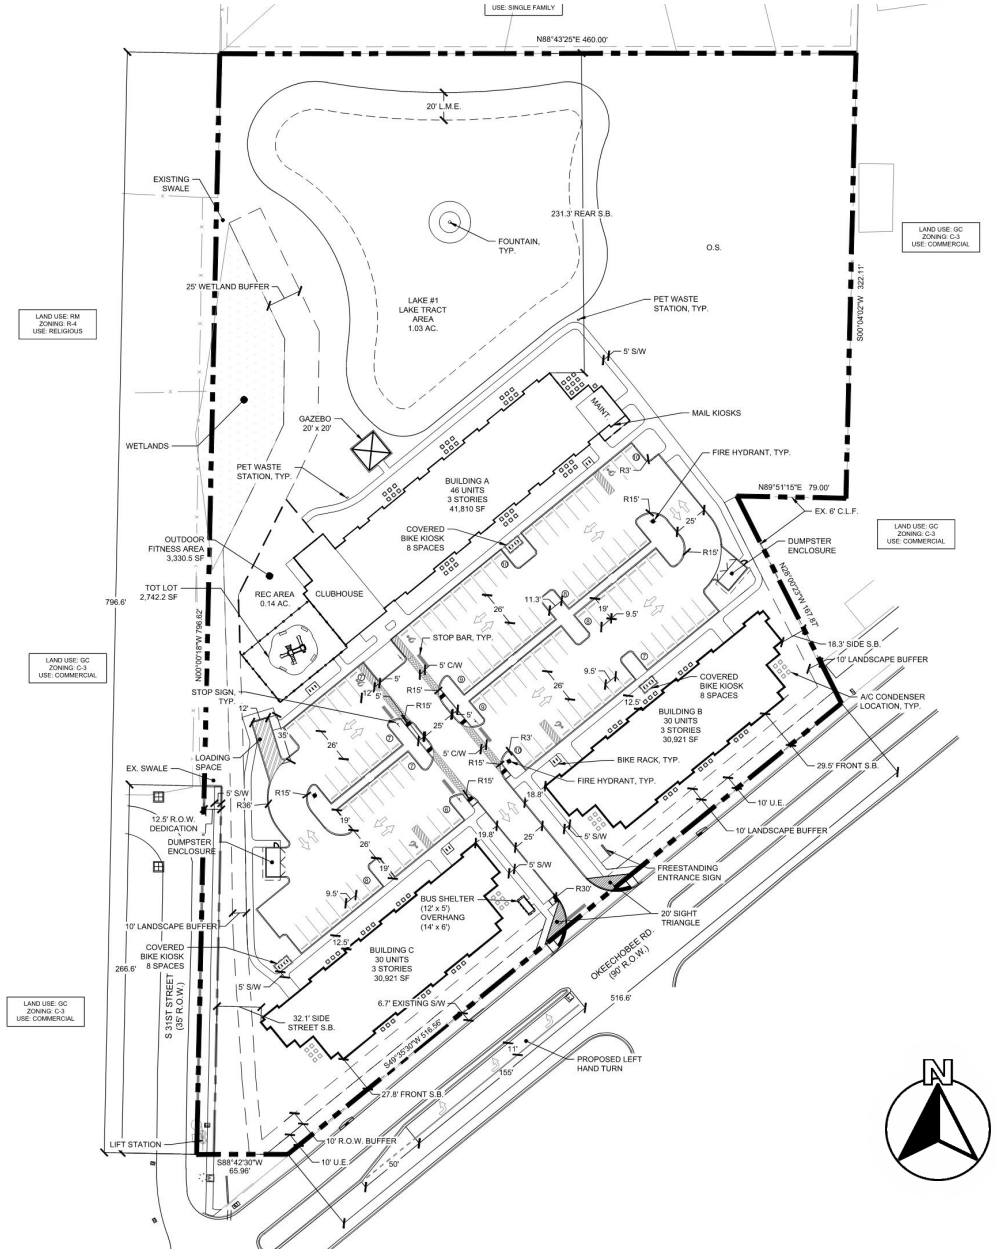
Reduced parking on site will result in less impervious area and a reduction to the urban heat island effect. The table below compares pervious and impervious calculations for the proposed 106 parking spaces versus 159 spaces by standard requirements. By reducing parking on-site, there is a 6.3 percent reduction of impervious area.

	Number of Spaces	Pervious Area	Impervious Area
Standard Parking	159	(60.5%) 179,142.57 SF	(39.5%) 116,870.40 SF
Proposed Parking	106	(66.8%) 197,692.57 SF	(33.2%) 98,320.40 SF

The average Peak Parking Demand ratio per bedroom for Blue Sky Landing, a similar demographic and less than 2 miles away, observed is 0.52 (316 bedrooms). Applying this percentage to the 106 units proposed at Sunrise Village (188 bedrooms X 0.52) results in 98 parking spaces required. The proposed 106 spaces provided are sufficient to accommodate the parking needs of our future residents.

Proposed Parking





Precedent Design Photos – Blue Sky Landing

Density Bonus

Sec. 125-326(b)(2) allows for a density bonus of **up to five dwelling units per acre** for development located within one-fourth mile radius of a rail station, multimodal transit center, or transit stop.

The subject site is located within a one-fourth mile radius of the Okeechobee Road and S 33rd Street bus stop.

CITY OF FORT PIERCE
NOTICE OF PUBLIC HEARING

The City Commission of the City of Fort Pierce, Florida, pursuant to Section 125-37 of the Code of Ordinances of the City of Fort Pierce, will on Tuesday, September 2, 2025, hold quasi-judicial Public Hearings in the City Hall Commission Chambers, 100 North U.S. Highway 1, Fort Pierce, Florida, at their meeting which begins at 5:05 p.m., to consider review and approval of the following applications:

1. An application for Major Site Plan with Innovative Community Development submitted by property owner, Arrow Investment Group, LLC and Representative WGI, Inc., to construct 106 multi-level apartment units at 3000 Okeechobee Road, Fort Pierce, FL. The property is zoned Medium Density Residential (R-4). Parcel ID: 2417-504-0020-001-6.

2. An application (PZCON2025-00007) for a Conditional Use to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients 912 Avenue I, Fort Pierce, FL. The property is zoned Medium Density Residential (R-4). Parcel ID: 2403-707-0009-000-6.

All interested parties may appear at the meeting and be heard with respect to the Application(s). The Quasi-Judicial procedures can be found on the City's website: https://www.cityoffortpierce.com/DocumentCenter/View/6740/Quasi-Judicial-Procedures. Said applications will be available for inspection in the City Clerk's Office, City Hall, 100 North U.S. Highway 1, Fort Pierce, Florida.

ANY PERSON SEEKING TO APPEAL THE DECISION OF THE CITY COMMISSION AS TO THE FOREGOING IS ADVISED THAT A RECORD OF PROCEEDINGS IS REQUIRED IN ANY SUCH APPEAL AND THAT SUCH PERSON MAY NEED TO ENSURE THAT A VERBATIM RECORD OF PROCEEDINGS IS MADE INCLUDING THE TESTIMONY AND EVIDENCE UPON WHICH THE APPEAL IS TO BE BASED.

In accordance with the Americans with Disabilities Act and Section 286.26, Florida Statutes, persons with disabilities needing special accommodation to participate in this meeting should contact the City Clerk's Office at (772) 467-3065 at least 48 hours prior to the meeting.

Re: Live Oak Detox Facility

Submitted For: Kev Freeman, Planning Director, Planning Department

SUBJECT:

Quasi-Judicial Hearing - Review and approval of an application (PZCON2025-00007) for a Conditional Use to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients 912 Avenue I, Fort Pierce, FL. The property is zoned Medium Density Residential (R-4). Parcel ID: 2403-707-0009-000-6.

SUMMARY:

Request for review of an application for a Conditional Use (No New Construction) to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients.

The subject site is located at 912 Avenue I in Fort Pierce, FL. It is comprised of approximately 0.56 acres of land and identified by the parcel number 2403-707-0009-000-6. The existing future land use (FLU) designation is Medium Density Residential (RM), and the zoning classification is Medium Density Residential Zone (R-4). The property currently consists of a one-story, 8-bedroom, 5-bathroom Detox Facility built in 1987. Residential uses primarily surround the home; all single-family homes and three (3) vacant parcels. Immediately to the north, west, and south are single-family and multi-family residences. The southwest and east consist of vacant parcels.

Live Oak Detox is a licensed, short-term residential detoxification facility offering medically monitored withdrawal services in a structured, secure environment. The facility provides medical detoxification and individualized and group-based therapeutic support during the initial stabilization period of recovery from substance use. The facility is licensed under the Florida Department of Children and Families (DCF), accredited by The Joint Commission, and intends to be compliant with all State and City regulations.

RECOMMENDATION:

The proposed Conditional Use (No New Construction) application adheres to the requirements of the City Land Development Code and guidelines of the City's Comprehensive Plan. Therefore, Staff recommends **APPROVAL** of the requested application with the following condition:

1. Additional parking requirements are waived if the use and business are continuously maintained.

ALTERNATIVES:

SUMMARY

Request for review of an application for a Conditional Use (No New Construction) to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients located in the R-4, Medium Density Residential Zone, and located at 912 Avenue I.

BACKGROUND

The property currently consists of a one-story, 8-bedroom, 5-bathroom Detox Facility built in 1987. Residential uses primarily surround the home; all single-family homes and three (3) vacant parcels. Immediately to the north, west, and south are single-family and multi-family residences. The southwest and east consist of vacant parcels.

Live Oak Detox is a licensed, short-term residential detoxification facility offering medically monitored withdrawal services in a structured, secure environment. The facility provides medical detoxification and individualized and group-based therapeutic support during the initial stabilization period of recovery from substance use. The facility is licensed under the Florida Department of Children and Families (DCF), accredited by The Joint Commission, and intends to be compliant with all State and City regulations.

HISTORY

On February 16, 2016: City Commission unanimously approved a Conditional Use to operate a Detox Facility with 14 clients at the subject address of 912 Avenue I, with the following conditions:

1. Provide required parking to the site or pursue payment in lieu of program.
2. Re-stripe existing parking stalls.
3. Install landscaping such as trees and shrubs as required per the code.
4. Comply with all violations reviewed by the Special Magistrate.
5. Construct a fence around the property.

CONDITIONAL USE

Sec. 125-237. - Procedure for the review and approval of conditional uses.

The application for conditional use with the application for site plan review, when not exempt in accordance with the requirements of section 125-236, shall be reviewed as a unit in accordance with the requirements of section 125-313 except that:

(1)The city commission shall hold a public hearing in accordance with the provisions of section 125-37 prior to acting on the application for conditional use.

(2)In permitting a conditional use or the modification of an existing conditional use, the city commission may impose, in addition to those standards and requirements expressly specified in this chapter, any condition which it finds to be necessary to protect the best interest of the surrounding property of the city.

PLANNING BOARD RECOMMENDATION

The Planning Board, at its August 11th, 2025, meeting, unanimously recommended approval of the proposed Conditional Use with one (1) condition that additional parking requirements are waived if the use and business are continuously maintained.

STAFF RECOMMENDATION

Staff recommends that the City Commission **APPROVE** the proposed Conditional Use (No New Construction) with the following condition:

1. Additional parking requirements are waived if the use and business are continuously maintained.

ALTERNATIVE MOTIONS

1. Modified Approval.

or

2. Disapproval.

Staff Analysis:

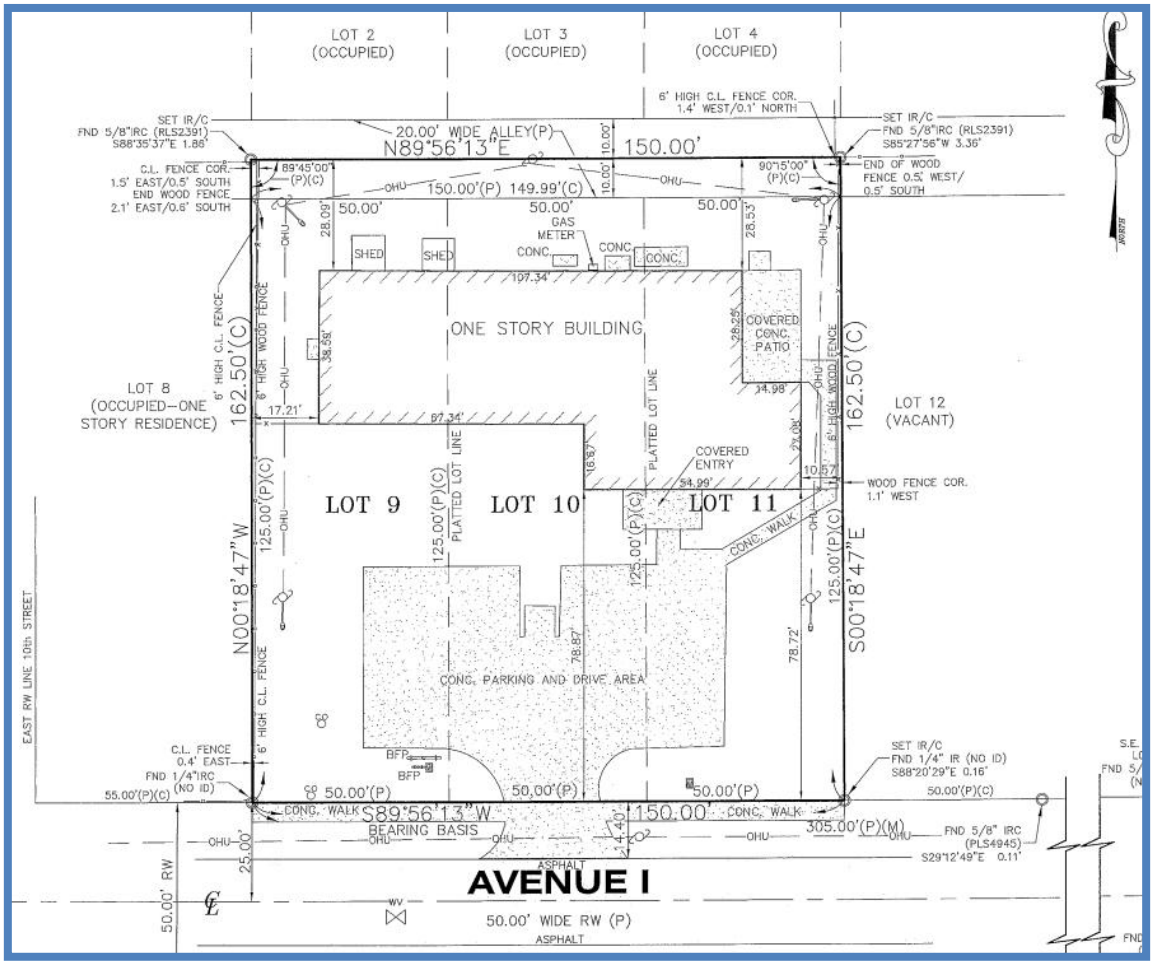
Request
Request for review of an application for a Conditional Use (No New Construction) to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients.

Project Summary
The subject site is located at 912 Avenue I in Fort Pierce, FL. It is comprised of approximately 0.56 acres of land and identified by the parcel number 2403-707-0009-000-6. The existing future land use (FLU) designation is Medium Density Residential (RM), and the zoning classification is Medium Density Residential Zone (R-4). The property currently consists of a one-story, 8-bedroom, 5-bathroom Detox Facility built in 1987. Residential uses primarily surround the home; all single-family homes and three (3) vacant parcels. Immediately to the north, west, and south are single-family and multi-family residences. The southwest and east consist of vacant parcels.

Per City of Fort Pierce Code Section 125-315. – Off-street parking and loading., Hospitals require 1.5 parking spaces per bed. The site currently does not meet the required parking requirements, with 7 parking spaces and 1 handicap parking space. However, the City Commission approved conditional use for fourteen (14) clients on February 26, 2016. This approval is contingent upon either providing the necessary parking spaces or pursuing the option of payment in lieu of parking.

Live Oak Detox is a licensed, short-term residential detoxification facility offering medically monitored withdrawal services in a structured, secure environment. The facility provides medical detoxification and individualized and group-based therapeutic support during the initial stabilization period of recovery from substance use. The facility is licensed under the Florida Department of Children and Families (DCF), accredited by The Joint Commission, and intends to be compliant with all State and City regulations.

The Detox Facility proposes to accommodate a maximum of sixteen (16) clients, aged 18 years and older. The home is co-ed, housing both male and female clients who are eligible for services. The clients will have same-gender room assignments and strict supervision to maintain compliance with licensure standards. Two clients will occupy each room. The Live Oak Detox Facility will always employ a maximum of 6 staff on-site. Additional staff shall include the Clinical Director (Therapist), Case Manager, and Chef. Licensed nurses and behavioral health technicians will work in rotating shifts to ensure 24/7 supervision and care. Daily clinical oversight by a physician or nurse practitioner will be on-call 24/7 and required to make daily rounds. Staffing levels for the facility will be in compliance with the Florida Department of Children and Families (DCF) Rule 65D-30.006(4)(d) for licensed detoxification facilities; which requires a minimum of one (1) nurse and one (1) support staff per shift. The clients are not permitted to bring vehicles for transportation. All transportation to and from the facility is provided by the facility staff. Visitors are restricted and only allowed under exceptional circumstances. At peak staffing (with the proposed 16-client capacity), the number of vehicles will remain within the existing parking capacity.

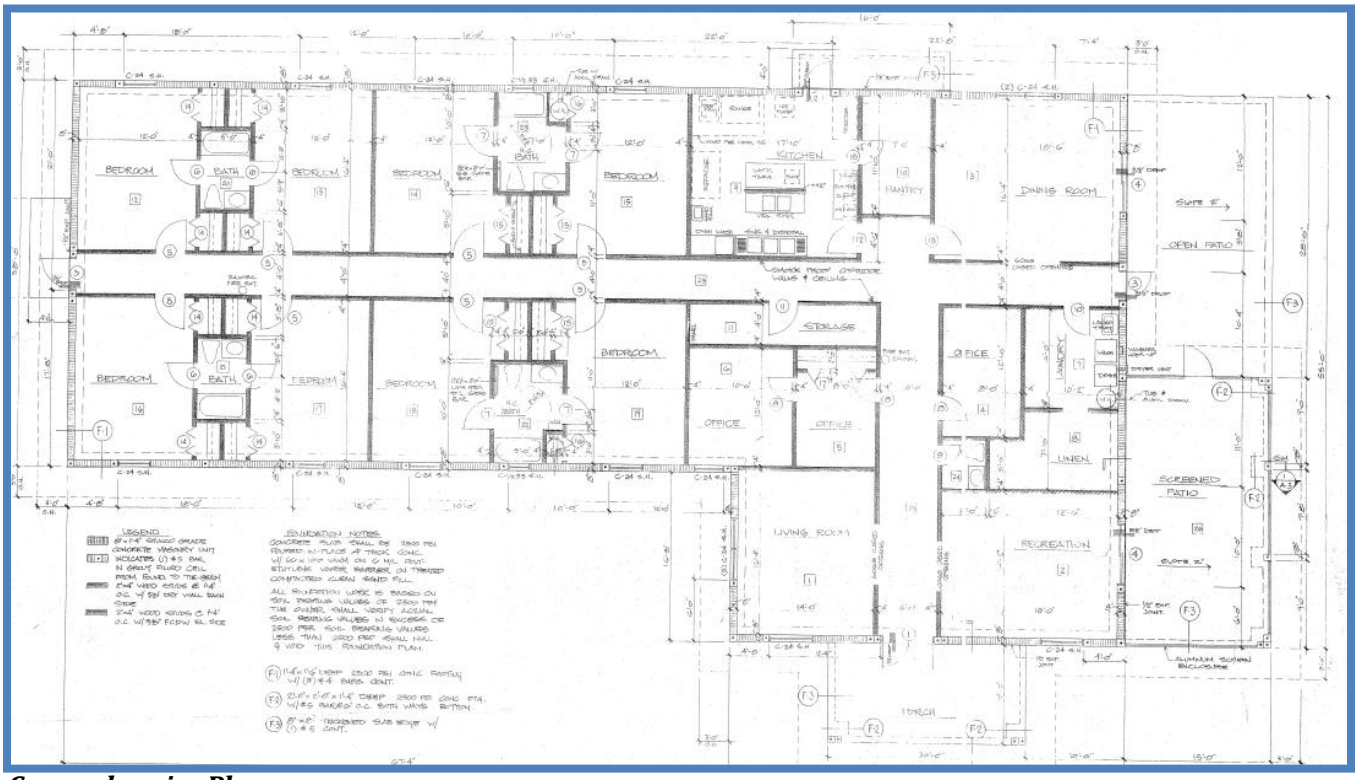


Programs and services shall include 24/7 medical monitoring for safe detoxification, individual and group therapy, relapse prevention planning, 12-step facilitation, holistic services (meditation, nutrition education, art therapy), vocational and life skills support, case management and discharge planning, meals, housing, supervision, and transportation.

History
On February 16, 2016: City Commission unanimously approved a Conditional Use to operate a Detox Facility with 14 clients at the subject address of 912 Avenue I, with the following conditions:

1. Provide required parking to the site or pursue payment in lieu of program.
2. Re-stripe existing parking stalls.
3. Install landscaping such as trees and shrubs as required per the code.
4. Comply with all violations reviewed by the Special Magistrate.

5. Construct a fence around the property.



Site Plan

Front Elevation

Floor Plan

Comprehensive Plan

The subject property is designated with an RM, Medium Density Residential future land use. The designation is intended for parcels that are best suited for multifamily residential uses ranging in density from six and one-half to 12 dwelling units per acre. This category allows small-lot single family units and multifamily dwellings including duplexes, condominiums and townhomes. Limited commercial uses intended to serve the residential uses shall be allowed. Compatible public, quasi-public, and special uses including parks, churches, non-profit clubs, schools and daycare facilities shall also be allowed. This category combines the previously allowed Medium Density Residential (Rme) and Moderate Density Residential (Rmo) categories.

Summary of Technical Review Committee

All affected departments have reviewed the proposed Conditional Use with regard to consistency with established ordinances and requirements of the City Code.

Full findings and comments from the review by the corresponding departments, as well as the applicant's responses and plan amendments, are provided for consideration by the Planning Board.

Planning Board Recommendation:
The Planning Board, at its August 11th, 2025, meeting, unanimously recommended approval of the proposed Conditional Use with one (1) condition that additional parking requirements are waived if the use and business are continuously maintained.

Staff Recommendation:
The proposed Conditional Use (No New Construction) application adheres to the requirements of the City Land Development Code and guidelines of the City's Comprehensive Plan. Therefore, Staff recommends **APPROVAL** of the requested application with the following condition:

1. Additional parking requirements are waived if the use and business are continuously maintained.

CITY OF FORT PIERCE

PLANNING BOARD

Planning Board Minutes

OF THE REGULAR MEETING OF THE FORT PIERCE CITY PLANNING BOARD HELD ON MONDAY, AUGUST 11, 2025, IN FORT PIERCE CITY HALL, COMMISSION CHAMBERS, 100 NORTH US HIGHWAY 1, FORT PIERCE, FLORIDA.

1. CALL TO ORDER

2. PLEDGE OF ALLEGIANCE

3. ROLL CALL

Ms. Clemons entered the meeting at 4:01 PM.

Present:	Nichelle Clemons; Christopher Widing; Clayton Johnson; Justine Carter; Ryan Collins; Anton Kreisl, Chair
Absent:	Alexander Edwards
Staff Present:	Kev Freeman, Planning Director Vennis Gilmore, Historic Preservation Planner/Senior Planner Kerry Driver, Senior Planner Alicia Rosenthal, Planning and Development Organizer

4. CONSIDERATION OF ABSENCES

Me. Edwards was excused.

5. APPROVAL OF MINUTES

a. Minutes from the July 14, 2025 meeting

Motion was made by Ryan Collins, and seconded by Justine Carter to approve the minutes from the July 14, 2025, meeting.

AYE: Clayton Johnson, Justine Carter, Ryan Collins, Nichelle Clemons, Christopher Widing, Chair Anton Kreisl

Passed

6. NEW BUSINESS

a. **PZANN2025-00001**
Annexation
MRM Ventures
Parcel ID: 2421-233-0001-000-2

Mr. Gilmore gave an overview of the annexation, at or near the northeast corner of South 25th Street and Cortez Boulevard. He stated the annexation is for one (1) parcel into the City, with a City Future Land Use of RL, Residential Low-Density, and a City zoning of R-2, Single Family Intermediate Zone. Mr. Gilmore said the approximate 8.25 acre property has a St. Lucie County Future Land Use Designation of RU, Residential Urban, and a St. Lucie County Zoning designation of RS-4, Residential, Single-Family – 4/du. Mr. Gilmore said the current taxable value of the property is approximately $839,500 and the maximum build out potential is an increase of 12 residential units. He concluded that staff recommended that the Planning Board recommend approval of the proposed annexation to the City Commission.

Motion was made by Nichelle Clemons, and seconded by Ryan Collins to forward a recommendation of approval of the annexation to the City Commission.

AYE: Ryan Collins, Nichelle Clemons, Christopher Widing, Clayton Johnson, Justine Carter, Chair Anton Kreisl

Passed

b. **PD2024-00007**
Zoning Atlas Map Amendment
Cornerstone Master Planned Development
2721 S. Jenkins Road

Mr. Gilmore stated the request is for a Zoning Atlas Map Amendment of two (2) parcels of land to change the Zoning classification from General Commercial Zone (C-3) to Pulte-Cornerstone Planned Development (PD) with an associated Master Development Plan.

He stated the application proposes a 250-unit fee-simple single-family residential community with a range of home sizes, a range of designs, and amenities including a linear park, pocket park, pool, recreational playground and a public art identity feature.

Mr. Gilmore reviewed the history of the parcel. He said on November 3, 2008, the City Commission approved a site plan to construct a 383,605-square-foot commercial development consisting of eight (8) buildings by the name of Newberry Fields. On December 9, 2024, the Planning Board reviewed and recommended approval of the concurrent application for a Future Land Use Amendment of the subject property. The applicant requested to change the Future Land Use from GC, General Commercial to RM, Medium Density Residential.

Mr. Gilmore showed the landscape plan, and reviewed the PD benefits and the traffic analysis. He also stated a Signal Warrant Analysis was prepared at the request of the St. Lucie County Public Works/Engineering department by Traffic & Mobility Consultants. He

noted the analysis was submitted to St. Lucie County on August 5, 2025, for consideration of a traffic signal.

Mr. Freeman explained what was going on behind the scenes with the application. He said there are two interested parties, including the applicant and the neighboring property owner to the north, who is proposing commercial development on the property in the future. The neighboring property owner to the north has requested that St. Lucie County consider full access from Jenkins Road to his property and the residential property. Negotiations are being taken between both parties and St. Lucie County. The city requested input from St. Lucie County to settle out what they would be allowed to do there. The city is dependent on St. Lucie County either agreeing or not agreeing to full access to the neighboring commercial property.

Leslie Olson, Principal of the District Planning Group, introduced the team working on the Master Planned Development. She said the parcel is located southeast of Okeechobee Road and I-95, and across the street from Avalon Crossing and Wawa on Jenkins Road. She stated they are working closely with the commercial property owner just to the north.

Lee Dobbins of the Dean Mead Law Firm, gave an update on the project process, and he noted the applicant plans to come back in September 2025 for the Final Planned Development, which will include the Planned Development Agreement.

Ms. Olson continued with her presentation. She said the site has great access to the state's intermodal system and visibility from I-95. The project will incorporate a tall sculptural piece of art welcoming you to the City of Fort Pierce at the SW corner of the parcel.

Ms. Olson noted the change in the Future Land Use will generate 88% less traffic than in the former Future Land Use. She said the site design is a grid pattern for walkability, including tree-lined streets and nature trails.

Ms. Olson stated the north entrance, closest to Okeechobee Road, would be shared with the commercial property owner to the north. She highlighted that they are advocating for full access to the northern site. She stated a second entrance to the south is being added that aligns with Independence Classical Academy, where a traffic signal is also needed. Ms. Olson said the developer will be contributing to the cost of the traffic signalization. She noted they will be providing both north and south-bound turning lanes at both entrances. Ms. Olson showed the location of the bus stop, and said the school bus would pull into the commercial site to the north, swing to the south into the development and then do a right turn-out.

Ms. Olson showed the phasing plan and said they plan to start from the south and work north.

Mr. Widing asked if the School Board of St. Lucie County liked the bus stop location and if the location was set in stone. Chair Kreisl asked if the location of the bus stop is contingent on the access agreement with the neighbor to the north. He also asked if there was a back-up plan if the agreement did not work. Ms. Olson said there is another way to re-route the bus. Ms. Clemons stated she was concerned that the bus stop is located in phase 2 of construction as opposed to phase 1, which has the majority of the residential units. Ms. Olson said the phasing line could be adjusted to include the bus stop in phase 1.

Mr. Johnson asked if semi-trucks would go through the residential neighborhood if the commercial entity entered through its own property. He also asked about time limits for access. Ms. Olson said the site has been designed so no houses would face the northern road where commercial trucks can go back and forth. Ms. Olson said the intent was to have some access to the commercial property as well, so the trucks could do a right in and right

out. She said it has not been negotiated yet between the contract buyer, Pulte, and the owner of the commercial property on how that will work. Mr. Johnson asked if there was any potential impact on the bus stop and commercial vehicles. Ms. Olson said the bus stop is tucked away in a pocket park area and there is no need for children to walk on the road. The site is small and will not create that much traffic. Mr. Johnson asked if there would be a stipulation for a wall or fencing to separate the residential and commercial parcels or only landscape buffers. Ms. Olson said they are only proposing landscape buffers.

Ms. Carter asked if the site had to be designed the way it is in order for commercial and bus stop access to occur. Ms. Olson said the bus stop location is the best and most efficient location on the site, and it allows the bus to do a right in and right out.

Mr. Collins asked if there was any insight into the deviation of the site from commercial to residential. Ms. Olson said she believes it is the market economy.

Chair Kreisl asked if there was a berm or wall planned for the buffer on the west side, along I-95. Ms. Olson said a wall is planned with landscaping on either side. She noted that the city will be allowed to use the wall for public art.

Luke Lambert, Traffic Consultant, provided information on the traffic signalization issue. He stated the Cornerstone Pulte project is looking at two access points on Jenkins Road. The northern access will have a cross-access easement to the commercial parcel. The southern access is across from the Independence Classical Academy. Mr. Lambert said the Independence Classical Academy submitted an application for a signal warrant. The county reviewed the application and warranted a traffic signal for a single hour. He stated, on behalf of Pulte, an analysis was done on the school, church and the residential component and the analysis showed a signal was warranted based on the school's impact. Mr. Lambert noted Pulte would contribute to the cost of the signal.

Chair Kreisl asked if the signaling access had been determined. Mr. Lambert said they are still waiting to hear from St. Lucie County.

Ken Simigran, owner of commercial property just to the north of Cornerstone, said he used to own the 50 acres of land called Newberry Fields, which he sold to Pulte. He said the original intent was to make a Master Planned Retail Development, which is why the cross access exists. Mr. Simigran stated the county asked that the commercial property restrict access to a right in and right out only. Mr. Simigran said everyone has worked together to activate cross access. He highlighted that full access is critical for customers to go north or south on Jenkins Road.

Chair Kreisl asked if there were any obstacles to the way the access is going to work. Mr. Simigran said there are no issues and both Pulte and the city have worked hard at getting everyone aligned. He said Panda Express is sitting on the sidelines watching to see if the full access gets approved or if it gets approved with the condition that St. Lucie County can change the access in the future.

Mr. Freeman said, outside of the comments the city is likely to get from the county, he is looking for a determination from the Planning Board to support a full-access driveway for the commercial development, so the city can provide the county with how the development can proceed. He noted, ultimately, it is the country's decision whether full access will be granted. Mr. Freeman said an agreement has been reached between both parties, and it settles issues with the parties involved and the school district to ensure the bus stop is in the correct location.

Board discussion ensued on sidewalks, road widening, traffic and moving the bus stop

location to Phase 1 of construction. Ms. Olson said she would show the optional bus stop location to the school board. Luke Lambert stated Jenkins Road is planned to be widened to a four (4) lane roadway.

Motion was made by Christopher Widing, and seconded by Justine Carter to forward a recommendation of approval of the Master Plan Development with the following 15 conditions.

1. A Final PD shall be required prior to any development activities with the Master Site Plan by HJA Design Studio, Job No. 2024-31, 06.13.2025.
2. The minimum Open Space shall be 20% of the Final PD site area.
3. The maximum density shall be 5 dwelling units per acre of the Final PD site area.
4. The Final PD plan shall conform to the requirements of the City Code of Ordinances unless alternate standards are approved through the Planned Development Agreement.
5. A Gopher Tortoise Survey shall be submitted within ninety (90) days of land clearing to ensure that all Gopher Tortoises are accounted for and undisturbed.
6. If required by the USFWS (US Fish and Wildlife Service), a Wood Stork foraging Habitat Assessment shall be carried out on site within ninety (90) days of land clearing.
7. After approval of the Final PD Site Plan, a detailed stormwater and drainage plan and statement shall be submitted at the time of Building Permit.
8. The Final PD site plan shall be in unified control and property ownership. All land intended to be included in the planned development shall be under the legal control of the applicant.
9. The Final PD site plan shall include a general description of the buildings and streetscapes including standards for height, building coverage, parking areas, and public improvements proposed for the development.
10. The Final PD site plan shall include all agreements, provisions and covenants which govern the use, maintenance, and continued protection of the planned development and any of its common open space or other shared areas. This material shall include material which binds successors in title to any commitments concerning completion of the project and its maintenance and operation.
11. If the applicant intends to phase out the project, please include a development phasing schedule indicating:

    The approximate date when construction of the project is expected to begin.

    The number of phases in which the project will be built and the approximate date when construction of each phase can be expected to begin and completed.

    A general description of the buildings and streetscapes including standards for height, building coverage, parking areas, and public improvements proposed for each phase of the development.

12. The Final PD site plan shall contain the following information, at minimum: a. A Landscape and irrigation plan per section 123-4 of the City Ordinance. b. Proposed lot lines and other divisions of land for management, use or allocation purposes. c. The location, size and height of present and proposed buildings and structures. d. The location and size of all areas proposed to be conveyed, dedicated, or reserved for streets, parks, playgrounds, public and semi-public buildings, and similar uses. e. The existing and proposed vehicular circulation system, including off-street parking, and loading areas. f. The pedestrian circulation system, including its interrelationships with the vehicular circulation system, within the development to adjacent streets, showing all curb cuts and sidewalks. g. The existing and proposed utility systems, including sanitary sewers, storm sewers and water, electric and gas lines. h. The proposed buffering treatment of the perimeter of the planned development, refuse stations, storage areas,

or loading areas, including materials and techniques used such as screens, fences, and walls

13. A Unity of Title with the St. Lucie County Clerk of Courts and a Parcel Combination with the St. Lucie County Property Appraiser shall be completed prior to the issuance of any Building Permit.
14. Contact the Florida Department of Transportation (FDOT) to ensure appropriate noise attenuation measures are implemented to eliminate the potential for traffic noise intrusion into the residential development. Enhancements to minimize interior noise, such as but not limited to double-glazed glass windows, sound absorptive insulation, and door treatments that meet HUD specifications for all units shall be incorporated into the residential units prior to granting a certificate of occupancy.
15. Adjust phasing line before the Final PD to include the north access and bus option with sidewalks completed and roadway access from the developed part of phase 1.

Passed

c. **PZCON2025-00007**
Conditional Use
Live Oak Detox Center
912 Avenue I

Mr. Gilmore stated the application is to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients. The subject site is approximately 0.56 acres and the property currently consists of a one-story, 8-bedroom, 5-bathroom detox facility built in 1987. The existing future land use (FLU) designation is Medium Density Residential (RM), and the zoning classification is Medium Density Residential Zone (R-4).

Mr. Gilmore noted the site currently does not meet the required parking requirements with eight (8) parking spaces and one (1) handicap parking space. He noted the City Commission approved the Conditional Use for fourteen (14) clients on February 16, 2016. He said the approval was contingent upon either providing the necessary parking spaces or pursuing the option of payment in lieu of parking.

Mr. Gilmore said Live Oak Detox is a licensed, short-term residential detoxification facility offering medically monitored withdrawal services in a structured, secure environment. Mr. Gilmore explained the Live Oak Detox Facility will always employ a maximum of six (6) staff on-site. He said licensed nurses and behavioral health technicians will work in rotating shifts to ensure 24/7 supervision and care. All transportation to and from the facility is provided by the facility staff. Visitors are restricted and only allowed under exceptional circumstances. At peak staffing (with the proposed 16-client capacity), the number of vehicles will remain within the existing parking capacity.

Mr. Gilmore showed the site plan, floor plan and front elevation.

Chair Kreisl asked what the parking requirements would be today and how many parking spaces would need to be added. Mr. Freeman stated transportation is provided by staff. He noted that if the number of staff is not increased, parking will not need to be increased. Mr. Gilmore stated the parking code requirement is 1.5 spaces per bed.

Cody Neely, Applicant, stated Live Oak Detox was not his company in 2016. He said the building has eight (8) rooms and can accommodate 16 clients. He also mentioned there is a half parking spot that can accommodate a small vehicle or motorcycle.

Chair Kreisl stated he was concerned about the parking, and he asked about the maximum number of staff. Mr. Neely said the business follows staffing guidelines by the Department of Children and Families. He said none of the residents drive and there is no visitation. He noted that the facility is short term and parking six (6) cars is not a true concern. Mr. Freeman suggested adding the condition that parking is restricted to staff only. Ms. Clemons said the parking restriction is restraining vendors from delivering supplies. Board discussion ensued about adding a parking condition of approval.

Motion was made by Clayton Johnson, and seconded by Justine Carter to forward a recommendation of approval of the Conditional Use to the City Commission with the following condition:

1. Additional parking requirements are waived if the use and business are maintained.

AYE: Nichelle Clemons, Christopher Widing, Clayton Johnson, Justine Carter, Ryan Collins, Chair Anton Kreisl

Passed

d. **PZSITE2025-00009**
Major Site Plan and Innovative Community Development
Sunrise Village Apartments
3000 Okeechobee Road

Ms. Driver gave an overview of the application and said the three (3) multi-level, multifamily buildings are proposed to offer community amenities and resources, unique architectural designs, enhanced landscaping and transit-oriented design features. The proposed development is located on a parcel of approximately 6.87 acres. The future land use of the parcel is Medium Density Residential, RM, and the zoning is Medium Density Residential, R-4. Ms. Driver showed the site plan, floor plan, elevations, and landscape plan.

Chair Kreisl asked if the fire district commented about not having secondary access, and he asked about the sidewalk and right-of-way conditions of approval. Ms. Driver stated the fire district wanted a turn around.

Jerrod Purser, Planner from WGI, stated there is a 12.5-foot right-of-way dedication that the Engineering department requested along the west property line to Nebraska Avenue and a 5-foot sidewalk connection on the east side to Okeechobee Road.

Chair Kreisl asked if a left turn was being proposed onto Okeechobee Road. He also asked if the St. Lucie County school board commented on the length of distance the bus has to travel. Mr. Purser said their preference was a bus stop on Okeechobee Road, but the school district expressed they would like the bus to come in to the site and circulate down to the bus shelter.

Ms. Carter asked why the buildings were so close to the main road versus a lake, pond or landscaping being closer to the road. She stated she had concerns about traffic noise. Mr. Purser said they wanted to create a streetscape element with the landscaping instead of a huge parking lot up against the main road. He also noted it is part of meeting the innovative design criteria. Mr. Freeman said the design is a normal urban planning design process.

Chair Kreisl asked for a more significant landscape buffer, so the buildings are not exposed

as much from the street view. Mr. Purser said there are relocated sable palms and taller trees on the frontage. Mr. Purser noted that as part of the innovative design, the materials of the building are block exterior with some other materials included that are more durable and will provide a sound barrier.

Chair Kreisl asked about phasing and Ms. Carter asked about a playground and a dog park.

Mr. Johnson asked if there were any concerns with traffic going eastbound coming onto Okeechobee Road from 31st Street without having a second entry or exit.

Adam Schildmeier, Civil Engineer from WGI, stated there were no concerns shown in the traffic study that was conducted. He highlighted that the traffic signals at 25th Street and 33rd Street break up the traffic and there is a protected median on Okeechobee Road.

Chair Kreisl asked if the property was rezoned from commercial and if there was any recent history on the parcel, being that all the frontage parcels on Okeechobee Road are commercial.

Ms Carter asked staff to consider brick and stone materials to help with noise.

Mr. Widing said having a pond at the back of the community can become a functional gathering place for the residents to enjoy.

Ash Leyva, Vice-President of Blue Sky Communities and developer of Sunrise Village, stated that an environmental impact study is required, as part of their funding process. He explained one aspect of the study is noise. He highlighted the buildings and materials were analyzed for sound, and the findings were below 70 decibels, which is considered noise.

Motion was made by Nichelle Clemons, and seconded by Christopher Widing to forward a recommendation of approval of the site plan to the City Commission with the following (7) seven conditions:

1. Prior to issuance of final certificate of occupancy, a Landscape Maintenance Agreement shall be approved and shall acknowledge the following:
   a. All approved landscaping shall be installed, irrigated, and maintained in perpetuity in accordance with section 123-7 of the City Code of Ordinances, in order that it continues to present a healthy, neat, and orderly appearance free of refuse and debris, in conformity with the following requirements:
   i. Vegetation required by this article shall be replaced with equivalent or better vegetation if it is not living. All trees for which credit is awarded, and which subsequently die shall be replaced by the same or greater number of living trees according to the standards established in this article
   ii. Maintenance shall include sufficient weeding, watering, fertilizing, pruning, mowing, edging, mulching and other horticultural practices to ensure that the landscaping continues to maintain a healthy, neat, and orderly appearance
2. A 5-foot sidewalk along S. 31st Street to provide site connectivity to the existing Okeechobee Road sidewalk.
3. A 12.5 ft. right-of-way donation on S. 31st Street.
4. Prior to the CO, a maintenance plan and agreement signed by the owner and/or operating entity shall be notarized and submitted to the City Engineer. The agreement shall include the operation and maintenance of all stormwater facilities and shall ensure the stormwater management system has a plan for the removal of nuisance and invasive exotics or other vegetation to ensure no re-growth of the same.
5. Sign permits shall be filed separately during the permit process.
6. An updated Environmental Assessment shall be required prior to land clearing and

development.

7. Prior to the issuance of any site clearing permits, the applicant shall provide a Tree Mitigation Survey and coordinate with the City of Fort Pierce Arborist for the required mitigation of the City's regulated trees proposed to be removed as a result of its site development/construction activity.

AYE: Christopher Widing, Clayton Johnson, Justine Carter, Ryan Collins, Nichelle Clemons, Chair Anton Kreisl

Passed

7. COMMENTS FROM THE PUBLIC

There were no comments from the public.

8. DIRECTOR'S REPORT

Mr. Freeman stated the first outreach meeting to update the Comprehensive Plan was held, and the second outreach meeting is October 9, 2025. He said city residents and businesses can take a survey on the city's website and make comments on what they would like to see in the future.

Mr. Freeman said he will be doing a full analysis and preparing a memo to the Planning Board and City Commission relating to State Senate Bill 108. He said it is an unusual bill that initially dealt with rebuilding quicker after hurricanes. Within the bill there is an element that if a city or county is within a certain radius of a hurricane, there are provisions that restrict any changes, within a certain time period, to the comprehensive plan or zoning regulations which are more restrictive than those already in place. He noted this has a significant impact on the direction the city is moving.

Mr. Freeman said he would also be doing a full analysis, based on the contents of the changes to the Live Local Act, involving development on church properties. He said the process will have to be determined by the City Commission.

Mr. Freeman said there was an update from the government lobbyist representative at the City Commission day meeting on August 11, 2025, regarding upcoming bills and direction from the state. Mr. Freeman said there may be more legislation coming through that involves planning.

9. BOARD COMMENTS

There were no comments from the Board.

Mr. Tyler Gorman
117 SE Seminole Street
Stuart, FL 34994

Dear Mr. Gorman:

On February 26, 2016, I provided you a letter outlining the approval of your conditional use application. Unfortunately, I failed to include the condition that a fence be constructed. Accordingly, please see the revised conditions of approval below:

1. Provide required parking to the site or pursue payment in lieu of program.
2. Re-stripe existing parking stalls.
3. Install landscaping such as trees and shrubs as required per the code.
4. Comply with all violations reviewed by the Special Magistrate.
5. Construct a fence around the property.

I apologize for any inconvenience. If you have any questions, please contact the Planning Department.

Very truly yours,

Linda W. Cox

SUBJECT: Conditional Use – Water's Edge Recovery – 912 Avenue I

DATE: February 4th, 2016

STAFF REPORT

Owner: PC Hotel/Kevin Gallagher
6550 Pasacola Blvd, Pasacola, FL 32505

Applicant/Representative: Water's Edge Recovery / Tyler Gorman
117 SE Seminole Street, Stuart, FL 34994

Requested Action: Approval of a Conditional Use Application to allow the use of a detoxification facility (hospital).

Location: 912 Avenue I

Parcel IDs: 2403-707-0009-000-6

Current Zoning: R4, Medium Density Residential

Current Future Land Use: RM, Medium Density Residential

Surrounding Zoning:

North	East	South	West
R4	R4	R4	R4

Parcel(s) Size: .56 acres

Staff Analysis:

The applicant, Water's Edge Recovery, is proposing a short term residential detoxification facility located at 912 Avenue I. This property is zoned R4, Medium Density Residential and has an underlying future land use of RM, Medium Density Residential.

The facility is approximately 5,200 sq. ft. and will house a maximum of 14 clients who will be seeking treatment. All clients participating in the Water's Edge Recovery program will be voluntary and will not be court ordered. The site will be secure and will have 24 hour staff. A number of services will be provided to their clients such as Health & Wellbeing Workshops, Group Activities, Triggers & High Risk Situations workshops, Creative writing and others. The facility will not allow visitors unless under extreme circumstances. Transportation will be provided, as no client will be able to bring their own car on-site.

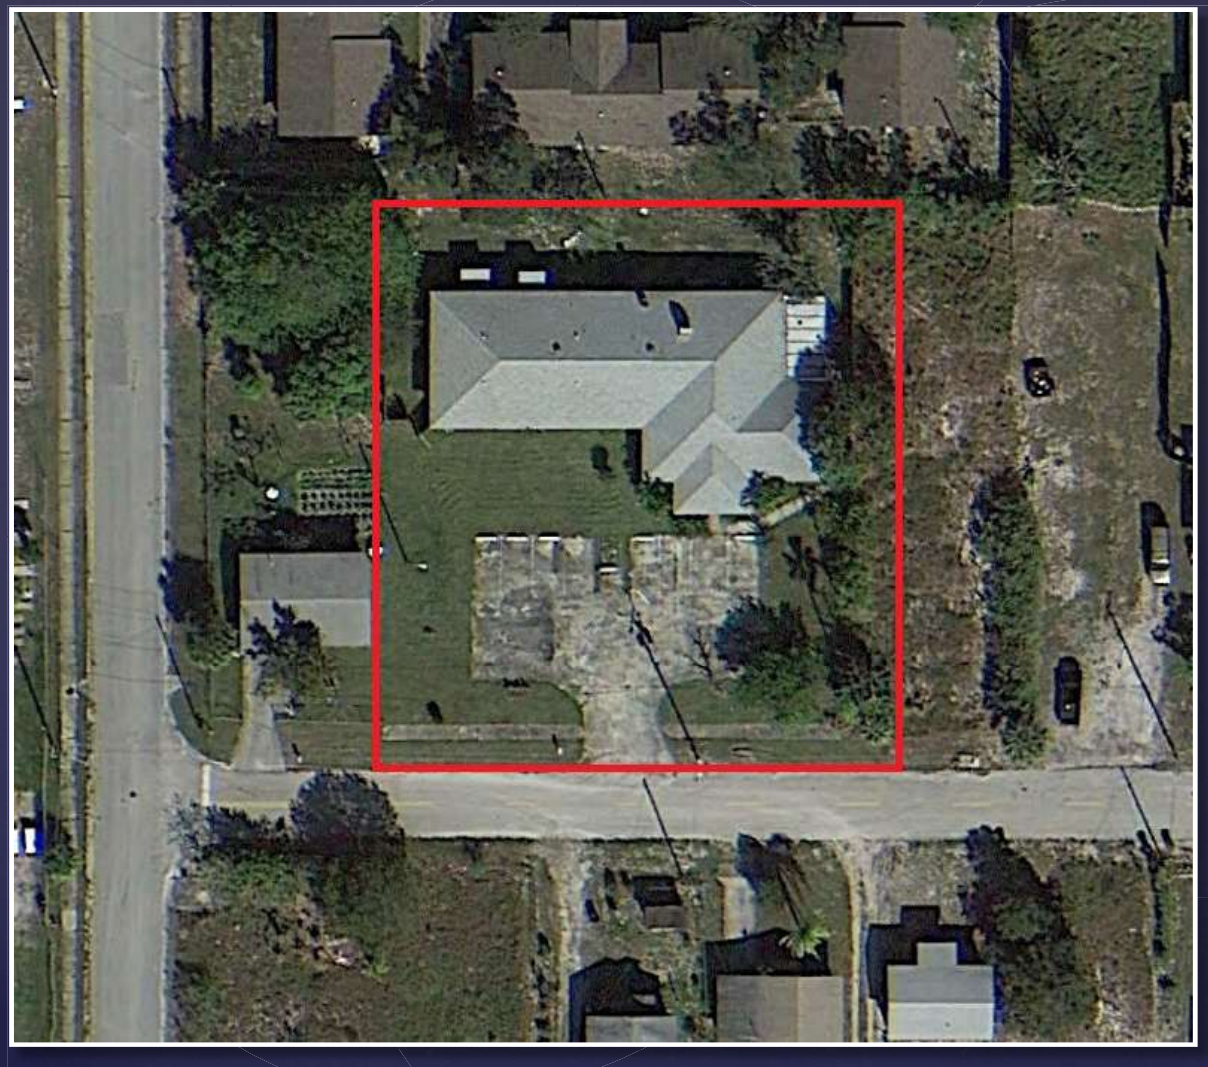
TRC Comments:

The application was transmitted to the reviewing departments. TRC comments are attached to this staff report.

Planning Board Recommendation:

At their January 26th, 2016, the Planning Board motioned to deny the Conditional Use application. The motion passed with a 7-3 vote.

Staff Recommendation:



Staff recommends that the City Commission send the application back to the Planning Board for a re-hearing to hear new evidence about the licensing standards for the facility and their ability to obtain the required licenses.

Planning Department

Conditional Use w/ No New Construction

Water's Edge Recovery – 912 Avenue I

- Approximately .56 acres
- Zoned R4, Medium Density Residential with RM, Medium Density Residential FLU
- Proposed use is synonymous with definition of the use “hospital”.

- Proposed detoxification center.
- Approximately 5,200 sq. ft.
- A maximum of 14 voluntary clients
- Offer services such as Health & Wellbeing Workshops, Group Activities, Triggers & High Risk Situations workshops
- 24 hour staff

Detailed Narrative – Conditional Use Application

Request for Use of 8th Bedroom – No New Construction or Site Modifications

Namaste Recovery Center LLC, dba Live Oak Detox, respectfully submits this request to amend the previously approved conditional use at 912 Avenue I, Fort Pierce, FL 34950. This application proposes to utilize the facility's 8th bedroom to increase client capacity from 14 to 16. No new construction or site improvements are proposed, and no other modifications to the original conditional use approval are requested.

Facility Overview

- **Property Address:** 912 Avenue I, Fort Pierce, FL 34950
- **Zoning:** R4 – Medium Density Residential
- **Future Land Use:** RM – Medium Density Residential
- **Total Building Area:** ~5,258 sq. ft.
- **Parcel Size:** 0.56 acres
- **Total Bedrooms:** 8
- **Requested Occupancy:** 16 clients (2 per bedroom)
- **Existing Conditional Use Approval:** 14 clients

Live Oak Detox is a licensed, short-term residential detoxification facility offering medically monitored withdrawal services in a structured, secure environment. The facility provides medical detoxification and individualized and group-based therapeutic support during the initial stabilization period of recovery from substance use.

Clients and Staffing

- **Client Profile:** Adults 18 and older, voluntarily admitted; no court-ordered or forensic clients.
- **Gender:** Both male and female clients accepted, with same-gender room assignments and strict supervision to maintain compliance with licensure standards.
- **Staffing:**
    - 24/7 onsite supervision and care by licensed nurses and behavioral health technicians (support staff)
    - Daily clinical oversight by a physician or nurse practitioner, on call 24/7 and required to make daily rounds.
    - Additional staff: Clinical Director (Therapist), Case Manager, Chef
    - Max simultaneous staff on-site: 6
    - Staffing levels compliant with DCF Rule 65D-30.006(4)(d) for licensed detoxification facilities:
        - Beds 1–15: 1 nurse + 1 support staff per shift

- Beds 16–20: 1 nurse + 2 support staff per shift

Transportation and Parking

- Clients are not permitted to bring vehicles to the facility.
- All transportation to and from the facility is provided by facility staff.
- Visitors are restricted, only allowed under exceptional circumstances.
- On-site parking spaces: 8
- At peak staffing (with the proposed 16-client capacity), the number of vehicles remains within existing parking capacity.

Programs and Services Provided

- 24/7 medical monitoring for safe detoxification
- Individual and group therapy
- Relapse prevention planning
- 12-step facilitation
- Holistic services: meditation, nutrition education, art therapy
- Vocational and life skills support
- Case management and discharge planning
- Meals, housing, supervision, and transportation included
- This is not an assisted living facility

Licensing and Compliance

- The facility is licensed under the Florida Department of Children and Families (DCF)
- Accredited by **The Joint Commission**
- Compliant with all state and municipal regulations

Conditional Use History

- **October 23, 2015:** Original Conditional Use Application submitted by Water's Edge Recovery requesting Approval of a Conditional Use Application to Allow the Use of a 14-bed Detoxification Facility (hospital).
- **February 16, 2016: City Commission Unanimously approved** the Conditional Use Application with conditions:
    1. Provide or fund required parking
    2. Re-stripe parking stalls
    3. Install landscaping
    4. Resolve Special Magistrate violations

5. Construct a perimeter fence

Summary of Requested Addendum to Conditional- Use

We respectfully request approval to utilize the **8th bedroom** in the facility, thereby increasing the approved capacity from **14 to 16 clients**. There are **no proposed changes to the structure, site plan, or previously approved conditions**. The facility was originally built to accommodate 16 clients and is fully capable of doing so under current code and licensure standards.

Live Oak Detox is a respected provider in the community, employing local residents and providing a vital service to individuals seeking recovery in a safe, medically supervised environment. We remain committed to being a good neighbor and community partner in Fort Pierce.

Sincerely,

Haley Neeley
President
Namaste Recovery Center, LLC / dba Live Oak Detox

WARRANTY DEED (STATUTORY FORM- SECTION 689.02 F.S.)

This indenture made this 12 day of **July 2022**, BETWEEN **PC Hotel LLC, a Florida Limited Liability Company**, whose post office address is **8831 S Redwood Road, Ste D2, West Jordan, UT 84088**, grantors, and **Fort Flo Holdings LLC, a Delaware Limited Liability Company** whose post address is: **PO Box 278996, Miramar, FL 33027**, grantees.

WITNESSETH, That said Grantors, for and in consideration of the sum of Ten and 00/100's ($10.00) Dollars and other good and valuable considerations to said grantor in hand paid by said grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the grantee and grantee's heirs and assigns forever the following described land situate, lying in St. Lucie County, Florida, to-wit:

Lots 9, 10, and 11 and ½ of the vacated alley adjoining on the North, Richard Edwards Subdivision, according to the map or plat thereof as recorded in Plat Book 10, Page 1, Public Records of St. Lucie County, Florida.

Parcel Identification Number: 2403-707-0009-000-6

Subject to Real Estate taxes for the year 2022 and thereafter.

Subject to Easements, Dedications, Limitations, etc. of record, and zoning ordinances, without, however, re-imposing the same.

And said grantor does hereby fully warrant the title to said land, and will defend the same against the lawful claims of all persons whomsoever.

"Grantor" and "grantee" are used for singular or plural, as context requires.

IN WITNESS WHEREOF, Grantors have hereunto set grantors' hands and seal the day and year first above written.

CITY OF FORT PIERCE
NOTICE OF PUBLIC HEARING

The City Commission of the City of Fort Pierce, Florida, pursuant to Section 125-37 of the Code of Ordinances of the City of Fort Pierce, will on Tuesday, September 2, 2025, hold quasi-judicial Public Hearings in the City Hall Commission Chambers, 100 North U.S. Highway 1, Fort Pierce, Florida, at their meeting which begins at 5:05 p.m., to consider review and approval of the following applications:

1. An application for Major Site Plan with Innovative Community Development submitted by property owner, Arrow Investment Group, LLC and Representative WGI, Inc., to construct 106 multi-level apartment units at 3000 Okeechobee Road, Fort Pierce, FL. The property is zoned Medium Density Residential (R-4). Parcel ID: 2417-504-0020-001-6.

2. An application (PZCON2025-00007) for a Conditional Use to increase the occupancy of an existing Detox Facility from fourteen (14) to sixteen (16) clients 912 Avenue I, Fort Pierce, FL. The property is zoned Medium Density Residential (R-4). Parcel ID: 2403-707-0009-000-6.

All interested parties may appear at the meeting and be heard with respect to the Application(s). The Quasi-Judicial procedures can be found on the City's website: https://www.cityoffortpierce.com/DocumentCenter/View/6740/Quasi-Judicial-Procedures. Said applications will be available for inspection in the City Clerk's Office, City Hall, 100 North U.S. Highway 1, Fort Pierce, Florida.

ANY PERSON SEEKING TO APPEAL THE DECISION OF THE CITY COMMISSION AS TO THE FOREGOING IS ADVISED THAT A RECORD OF PROCEEDINGS IS REQUIRED IN ANY SUCH APPEAL AND THAT SUCH PERSON MAY NEED TO ENSURE THAT A VERBATIM RECORD OF PROCEEDINGS IS MADE INCLUDING THE TESTIMONY AND EVIDENCE UPON WHICH THE APPEAL IS TO BE BASED.

In accordance with the Americans with Disabilities Act and Section 286.26, Florida Statutes, persons with disabilities needing special accommodation to participate in this meeting should contact the City Clerk's Office at (772) 467-3065 at least 48 hours prior to the meeting.

Rising Stars at Summer Camp

While the Sunrise Theatre may not host major stars during the summer, its Summer Camp is clearly nurturing the next generation of performers. This year, the theatre ran three sold-out sessions, each culminating in a camper-created performance that showcased their talents in acting, singing, and dancing.

Unlike previous years when the camp was outsourced, this year's program was produced in-house by local young theatre professionals, thanks to the support of the Sunrise Theatre Foundation and the Children's Services Council. Led by Camp Director Naomi Araya and a dedicated team of five counselors, the camp offered a rich blend of performance training, creative collaboration, and classic summer fun.

Campers not only performed in original 30-minute productions—contributing to script writing and set design—but also participated in workshops and games that built confidence, teamwork, and creativity. The program's impact was evident: all sessions reached full capacity with 60 children each, and 64 campers were fully sponsored, allowing them to attend at no cost to their families.

The final performances drew large, enthusiastic audiences of family and friends, creating a powerful sense of community. Kelly Santos of the Children's Services Council praised the camp's inclusive and nurturing environment, noting the emotional moment when castmates supported a peer who forgot her lines. "The energy in the room spoke volumes about the impact your team has on the lives of these young performers," she said.

The overwhelming turnout, glowing feedback, and visible growth in the campers all point to one thing: the Sunrise Theatre Summer Camp was a resounding success.

PLANNING DETERMINATIONS

MILLCREEK

The City Commission approved a Planned Development Final Site Plan for the construction of 439 dwelling units, consisting of 309 townhomes and 130 detached single-family homes, at a density of 7.1 dwelling units per acre (du/ac). The project includes plans for a clubhouse with amenities (to be constructed in Phase 2), a dog park, and a pocket park.

ASPATRIA INSTITUTE

The City Commission approved a Conditional Use application submitted by Aspatria Institute. The property, located at 1404 S. 28th Street, includes a 4,000-square-foot, two-story building that will be used for classrooms and training labs. The Institute will offer medical training through hybrid programs that combine in-person instruction with online coursework. Additionally, externship opportunities will be available, providing hands-on experience at established medical practices.

Beautification in Progress

As part of the City's ongoing beautification efforts, the Public Works Department trimmed Sabal Palms in the Downtown area during the month of August. Palm trimming enhances the visual appeal of the area and reduces the amount of tree debris that falls onto sidewalks and streets during high wind and rain events.

Sabal Palms used as street trees in municipal settings should be trimmed twice a year to maintain a well-manicured appearance. The Washingtonia Palms near the Marina are scheduled to be trimmed in early September 2025.

The Department is also identifying additional areas in the City for future palm trimming. These areas include:

- Avenue D from U.S. 1 to 25th Street
- Maravilla Park

City Sponsored Event

St. Lucie Helping Hands Ministries Back-to-School Giveaway

August 1, 2025

Indian Hills Golf Course

Plenty of work has been done on the turfgrass throughout these warmer summer months to ensure peak health heading into the fall season. Tremendous support has come from the Turf Doctor and the outstanding Maintenance Team! The crew has been extremely active—fertilizing and spraying almost daily—steadily tipping the balance toward healthier grass and fewer weeds. Some turf challenges remain on the front nine, but significant progress has been made in a short amount of time!

From a financial perspective, the year has been very encouraging. As of mid-August, approximately 800 additional rounds and $80,000 in increased revenue have been recorded compared to the same period last year. Improved course conditions have led to more play and, in turn, more revenue. All signs point to the strongest financial year in quite some time!

The second greens aeration is scheduled for Tuesday and Wednesday, September 2nd & 3rd. Please note: the Golf Course and Practice Range will be CLOSED on both days. Reopening is scheduled for Thursday, September 4th, with reduced rates available for approximately 10 days during recovery. Additionally, the course will be CLOSED for ONE DAY ONLY on Tuesday, September 23rd for an insecticide application.

Both the course and practice facility will reopen on Wednesday, September 24th.

Indian Hills is proud to serve as the host site for the First Tee's Veterans Program, which has been running for several months. First Tee offers FREE golf clinics to veterans—America's heroes—every Tuesday from 12:30 PM to 1:30 PM through September.

The high school golf season is now underway, and Indian Hills is once again the home course for Fort Pierce Central. Throughout the season, the course will host practices and approximately 15 boys' and girls' matches, welcoming between 300–350 student-athletes from local schools.

Word of mouth remains the most powerful form of advertising. Guests who have enjoyed the improvements are encouraged to share the experience with others. Suggestions for improvement are always welcome to help keep the momentum going.

A heartfelt thank-you goes out to all members and guests for continued support. Be sure to "Like" and "Follow" Indian Hills Golf Course on Facebook and Instagram for near-daily updates on course conditions and ongoing maintenance projects.

FPPD Community Connections

DUNN'S KIDS EVENT

On August 1, the Fort Pierce Police Department joined the 5th Annual Dunn's KIDS Foundation Back to School Backpack event at the St. Lucie PAL Center. It was a great day filled with energy and excitement as 1,000 backpacks loaded with school supplies were handed out to local kids. We were proud to be part of this effort to help students start the school year off strong and confident.

NATIONAL NIGHT OUT

We had a fantastic time on August 5 at the River Walk Center for this year's National Night Out. This annual event is all about building stronger connections between police and the community, and it was great to see so many families come out. FPPD hosted info tables, gave taser and drone demos, and handed out activity books and safety materials for the kids. It was a fun and meaningful night for everyone involved.

TUNNELS OF HOPE

Throughout August, FPPD officers and staff participated in several "Tunnels of Hope" events at schools across St. Lucie County. Hosted by the Roundtable of St. Lucie County's Kids at Hope program, these events are like pep rallies designed to motivate and encourage students as they head into a new school year and testing season. Officers lined the halls, high-fived students, and reminded them that their community is behind them every step of the way.

GREAT AMERICAN RAFT RACE

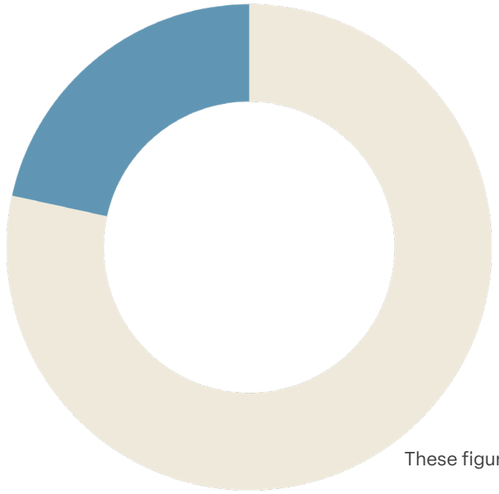
On August 7, FPPD took part in the Great American Raft Race at Causeway Cove Marina, hosted by ProjectLift. This event gives local youth a chance to show off their creativity and teamwork by building and racing their own rafts. We were thrilled to cheer on our FPPD Courageous Kids, who took home first and second place in several categories. It was a day full of fun, teamwork, and community spirit.

515 - 527 CORAL SANDS

Vertical construction has started for the new townhomes built on Coral Sands Way just across the street from Porpoise Beach Access, on Jimmy Buffett Memorial Highway (A1A). The home pictured at 522 Coral Sands Way has begun foundation work with the compaction test completed, termite treatment completed and placement of footing steel in preparation of the slab being poured. The first floor of the home at 519 Coral Sands Way has been mostly constructed. Inspections are being done in phases, per floor. Twelve town homes are planned to be constructed at this site.

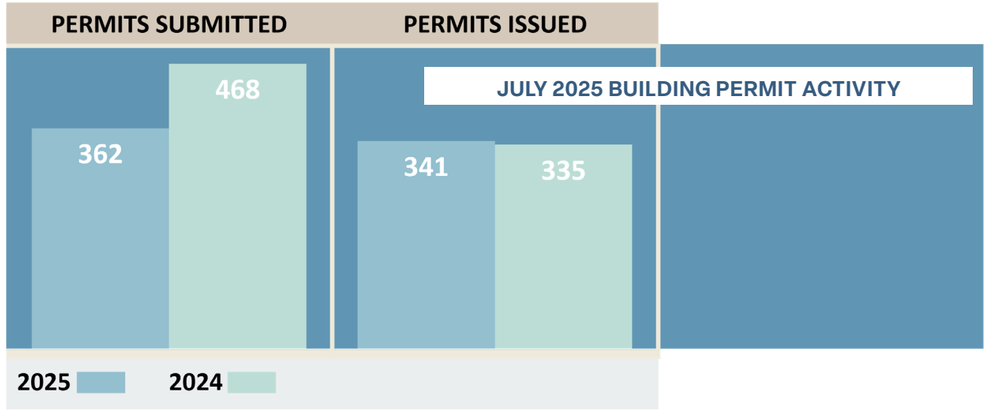
2005 - 2085 S JENKINS RD

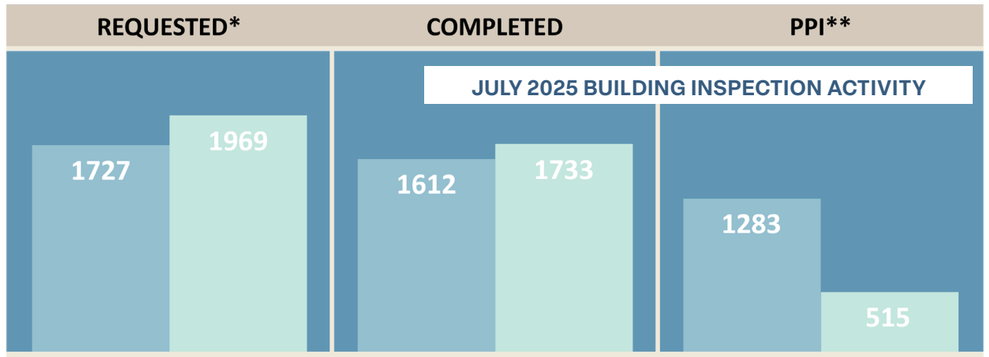
Construction of the three-story apartment buildings and single-story garages at the corner of Jenkins Rd and Graham Rd is ongoing. Siding and windows have recently been installed and inspected on some of the buildings, with roof shingles ready to be installed. Once the buildings are "dried in", work inside will begin.



514 N US HWY 1

Windows and doors have recently been installed and are ready for inspection at this new veterinary clinic located at US Hwy 1 and Avenue D. The roof covering is ready to be installed, and with the structure "dried in", interior work may begin.





JULY 2025 NEW CONSTRUCTION VALUES

Leisure Services Programs Update

The Recreation Center wrapped up a successful summer season with the conclusion of Summer Jam 2.0. Campers enjoyed a memorable final day filled with outdoor games and two large water slides, closing out the program with laughter, teamwork, and fun in the sun. This year's camp provided a safe and engaging environment for youth to learn, grow, and make lasting memories. A recap video capturing the highlights of Summer Jam 2.0 is available here.

August also marked the exciting kickoff of the 2025 Fort Pierce Firehawks Football & Cheer season at Khalil Mack Stadium in the historic Lincoln Park community.

Our players and cheerleaders displayed outstanding teamwork and community pride from the first whistle to the last cheer. A recap of opening weekend is available, and the community is invited to support the Firehawks at home games on September 13, October 4, October 11, and October 18 (Homecoming). In addition, the Martial Arts program at the Recreation Center continues to grow, offering participants lessons in coordination, respect, concentration, fitness, and discipline—furthering our mission to provide diverse recreational opportunities for residents of all ages. For more information, please call the Fort Pierce Recreation Center at 772-774-3792.

Frances Avenue Roadway Improvements

The work associated with this roadway improvement project includes drainage improvements, water main installation, utility adjustments and roadway restoration. Paving was completed on Monday, August 18.

JC Penney Parking Lot

Inspections continue on the dumpster enclosures.

Avenue D (29th Street to US 1)

Staff is preparing an agenda item for the September 2, 2025 City Commission meeting for approval of the award.

Nebraska Avenue Sidewalk (Lawnwood Circle) Phase 1

The FDOT LAP Agreement was approved by the City Commission on August 18, 2025. Staff is awaiting coordination with FDOT for authorization to advertise. This project includes federal Transportation Alternatives Program (TAP) funding.

2025 Street Resurfacing Program

Staff is currently working with the contractor to issue a Notice to Proceed.

Fairway Drive Drainage Repairs

Repairs to the existing drainage system within the area of Fairway Drive from Grandview Boulevard to Trinidad Avenue. A total of 0.22 miles (1,131.10 Linear Feet) of main trunk line pipe replacement to include both 36-inch and 42-inch reinforced concrete pipes (RCP). Also, a storm manhole replacement, rehabilitation of nine structures (two manholes and seven catch basins). Roadway and right of way restorations include curb, sod, roadway mill and overlay and final restorations. Roadway restorations are on-going.

Indian River Drive Corridor Improvements Project (Seaway Drive to Avenue A)

Full roadway and bridge reconstruction of Indian River Drive between Seaway Drive and Avenue A. The corridor improvements include the addition of on-street parking, a curb and gutter roadway section complete with sidewalks, decorative streetlights, water, sewer, and electric upgrades, bridge reconstruction over Moore's Creek, an upgraded stormwater collection system, landscaping, and ADA-compliant upgrades, including brick paver crosswalks.

Negotiations with the low bidder were successful, and the revised bid was approved by the City Commission during the July 21, 2025, meeting. The construction contract has been approved by the City Attorney's Office and was forwarded to the contractor on August 20, 2025, with the goal of presenting it to the Commission on September 8, 2025, for authorization for the Mayor to execute the contract. A pre-construction meeting has been scheduled for September 11, 2025, and construction is expected to commence in October 2025.

Surfside Neighborhood Roadway Improvements

The roadway improvement project will include drainage enhancements in the Surfside Park neighborhood. The streets identified for these improvements are Melaleuca, Plover, Pelican, Walnut, Eucalyptus, Cypress, Sunset Isles, Mimosa, and Jacaranda. Planned upgrades include the construction of valley gutters on both sides of the roadway, regrading to eliminate the remaining roadside swales, driveway replacements, and milling and resurfacing of the pavement.

Additionally, FPUA will upgrade water mains and sanitary sewers on three of the roadways. The contract is scheduled to be presented on September 2, 2025, to authorize the Mayor to execute it. A pre-construction meeting is scheduled for August 25, 2025, and construction is expected to begin in October 2025.
