I just wanted to take a minute to say how pleased I was when a claw truck showed up on a Sunday for the overwhelming pile we have accumulated of yard waste since the freeze. The driver, a gentleman named "J" (Jameson) cleaned it all up. From what he told me he would not typically be working at all on a Sunday but wanted to try and help relieve the back-up being experienced due to trucks down and lack of drivers. He was polite, great at running the truck, and very professional. I hope you can find more dedicated employees like J to get the system back up and running to the great service we used to have here in the city.

Thanks,
