APPLICATION TYPE & GOVERNING REGULATIONS

This request is a voluntary annexation governed by:

Florida Statutes §171.044 (Voluntary Annexation)

City of Fort Pierce Comprehensive Plan – Future Land Use Element (Objective 1.11)

City Land Development Code (Annexation & Zoning Consistency Requirements)

STATUTORY COMPLIANCE ANALYSIS (F.S. 171.044)

A. Contiguity: The parcel is significantly contiguous to the municipal boundary of the City.

B. Compactness: The subject parcels form cohesive and regular configuration and are not irregularly shaped to create jurisdictional inefficiencies.

C. Enclave Prevention: The annexation will not create an enclave.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS

Objective 1.11 – The Comprehensive Plan requires annexations to address the following criteria:

- A. Promote efficient service delivery:** The delivery of public services will be at a level equal or better than current service providers.
- B. The ability of the City to provide public services at the City's adopted levels of service:** Water and wastewater services are available: Service connection is feasible via existing infrastructure. No additional demands on city services as no additional residential is proposed. No evidence has been provided indicating LOS deficiencies. However, the following are required at development stage: Concurrency analysis, Capacity verification.
- C. Eliminate an unincorporated Island:** The properties are almost entirely surrounded by the municipal limits of the City.
- D. Avoid creation of enclaves or irregular boundaries:** Does not create an Enclave, results in in-fill of the municipal boundary and improves service delivery.

RECOMMENDATION

Upon annexation, the property must receive a Future Land Use designation, and Zoning district. The designations shall be consistent with County designation unless otherwise approved.

Upon approval of the request for annexation, separate Ordinances will allocate the appropriate City of Fort Pierce Future Land Use Designation and consistent Zoning District.

RECOMMENDATION

The Planning Board forwarded the application to the City Commission with a recommendation of **APPROVAL**.

The City Commission may:

- **APPROVE the request as proposed (staff recommendation).**
- Approve the request with an alternative recommendation.
- Deny the request.
