## SUMMARY

Subject parcel contains 0.19 acres, and is located at the southern end of the City limits on Hutchison Island. For reference, approximately ¼ mile south of the Blue Heron Boulevard/A1A intersection and south of Pie Hole Pizza on the west side of the road.

Current St. Lucie County Future Land Use Designation / Zoning:

- FLU - RS, Residential Suburban, 2 du/ac
- Zone - HIRD, Hutchinson Island Residential District

Parcel is currently vacant and contains natural mangroves.

The current taxable value of the property is approximately \$27,860. Should the Application for Annexation be approved, and future development of the land occurs, the property could create a new source of ad-valorem tax revenue annually to the City of Fort Pierce, depending on the millage rate per year, which currently is 6.9000.

# ZONING

In review of the bulk area regulations for the R-1 zoning district, the subject parcel would be considered non-conforming with regard to lot area and lot width requirements.

However, Section 125-70 of the Land Development Code provides for the continued use of non-conforming lots and the owner would be allowed to construct a single-family residence.

	R-1 Requirements	Subject Parcel
Lot Size	12,000 sq. ft.	8,333 sq. ft.
Lot Width	75 ft.	60 ft.

# ANNEXATION REVIEW CRITERIA

Future Land Use Policy 1.11.1 of the Comprehensive Plan provides four (4) criteria by which annexations should be evaluated.

Criteria	Evaluation
City can provide services at equal or better levels than current providers.	Yes.
City can provide services at adopted levels of service.	Yes.
Annexation eliminates or could be expanded to eliminate an enclave.	Neither eliminates or creates and enclave.
Annexation eliminates irregularity in City boundary and improves services delivery.	Neither eliminates or creates irregularity.

## TECHNICAL REVIEW COMMITTEE

All affected departments have reviewed the proposed ANNEXATION with regards to consistency with established ordinances and requirements of the City Code and Comprehensive Plan.

All Departments have supported the annexation, given the subject property is not allowed to construct a septic system on the property and is required to connect to water and sewer services provided by FPUA which would be regulated by building permitting.

## STAFF RECOMMENDATION

Staff recommends that the Planning Board recommend APPROVAL of the proposed ANNEXATION.

- Consistent with Florida Statute 171.044.
- Consistent with Comprehensive Plan Objective 1.11 and Policies 1.11.5 and 1.11.1.
- Does not adversely affect the public health, safety, convenience and general welfare.
