Any breach of Contractor's warranty of compliance with the State and Federal Immigration Laws, or of any other provision of this section, shall be deemed to be a material breach subjecting Contractor to penalties up to and including suspension or termination of this Contract. If the breach is by a subcontractor, and the subcontract is suspended or terminated as a result, Contractor shall be required to take such steps as may be necessary to either self-perform the services that would have been provided under the subcontract or retain a replacement subcontractor as soon as possible so as not to delay project completion.

Contractor shall advise each subcontractor of County's rights, and the subcontractor's obligations, under this Section by including a provision in each subcontract substantially in the following form: "Subcontractor hereby warrants that it will always during the term of this Contract comply with all federal immigration laws applicable to Subcontractor's employees, and with the requirements of A.R.S. § 23-214(A). and records to ensure that Subcontractor is in compliance with these requirements. Any breach of this paragraph by Subcontractor will be deemed to be a material breach of this Contract subjecting Subcontractor to penalties up to and including suspension or termination of this Contract."

Any additional costs attributable directly or indirectly to remedial action under this Section shall be the responsibility of Contractor.

Unless specifically stated otherwise in the specifications, this definition does not apply to indirect or 'overhead' services, redundant backup services, or services that are incidental to the performance of the contract. This provision applies to work performed by subcontractors at all tiers.

3.13 Records

Under A.R.S. § 35-214 and § 35-215, Contractor shall retain and shall contractually require each subcontractor to retain all data and other "records" relating to the acquisition and performance of the Contract for a period of five (5) years after the completion of the contract. 4.2 Applicable Taxes

Contractor shall be responsible for paying all applicable taxes.

Gila County is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes.

Contractor and all subcontractors shall pay all Federal, state, and local taxes applicable to its operation and any persons employed by Contractor. Contractor shall, and shall require all subcontractors to, hold County harmless from: any responsibility for taxes, damages, and interest, if applicable; contributions required under federal and/or state or local laws and regulations; and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security, and Worker's Compensation.

4.3 Availability of Funds for the Next County Fiscal Year

Funds may not presently be available for performance under this Contract beyond the current County fiscal year. No legal liability on the part of County for any payment may arise under this Contract beyond the current County fiscal year until funds are made available for performance of this Contract.

4.4 Availability of Funds for the Current County Fiscal Year

Should the County Board of Supervisors reduce the appropriations for any reason and these goods or services are not funded, County may take any of the following actions: accept a decrease in price offered by Contractor; cancel the contract; or cancel the contract and resolicit the requirements.

ARTICLE 5 - CONTRACT CHANGES

5.1 Amendment

This Contract is issued under the authority of the County Board of Supervisors. The contract may be modified only through a contract Amendment within the scope of the contract. Changes to the contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by a person who is not specifically authorized by the Procurement Officer in writing or made unilaterally by Contractor are violations of the contract and of applicable law. Such changes, including unauthorized written contract amendments, shall be void and without effect, and Contractor shall not be entitled to any claim under this Contract based on those changes.

5.2 Subcontracts

Contractor shall not enter into any Subcontract under this Contract for the performance of this Contract without the advance written approval of the Procurement Officer. Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by Contractor, either directly or indirectly, shall be considered employees or agents of Contractor and not County. Nothing contained in any contract or joint venture agreement shall create any obligation on the part of County to pay any subcontractor. The Subcontract shall incorporate by reference the terms and conditions of this Contract.

5.3 Assignment and Delegation

No right or interest in this Contract shall be assignable in whole or in part without the written consent of the parties hereto, and no delegation of any duty of Contractor shall be made without prior written permission of the County's Chief Financial Officer. This Contract and all of the terms, conditions, and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto. County shall not unreasonably withhold approval of assignment/delegation and shall notify the Contractor of County's position within fifteen (15) days of receipt of written notice.

ARTICLE 6 - RISK AND LIABILITY

6.1 Risk of Loss

Contractor shall bear all risk of loss of or damage to equipment and materials until the County's written acceptance of the location where they are installed. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with Contractor regardless of receipt.

6.2 Indemnification

Contractor agrees to defend, indemnify, and hold County, its elected officials, officers, agents, and employees, harmless from and against any and all liabilities, demands, claims, suits, losses, damages, causes of action, fines, or judgments, including costs, attorneys' and witnesses' and expert witnesses' fees, and expenses incident thereto, relating to bodily injuries to persons (including death) and for loss of, damage to, or destruction of real and/or tangible personal property (including property of County) and all other types of claims resulting from the actual or alleged negligence, misconduct, or fault of Contractor resulting from the acts or omissions of Contractor, its employees, agents, or subcontractors in the performance of the contract.

Contractor shall do nothing to prejudice County's right to recover against third parties for any loss, destruction, or damage to County property, and shall at County's request and expense, furnish reasonable assistance and cooperation, including assistance in the prosecution or defense of suit and the execution of instruments of assignment in favor of County in obtaining recovery. In any instance where Contractor has accepted a tender from County, Contractor agrees to update County during the course of the litigation and to timely notify County of any issues that may involve the independent negligence of County that is not covered by the tender.

Without limiting the foregoing, Contractor shall, without limitation, at its expense defend County against all claims asserted by any person that anything provided by Contractor infringes a patent, copyright, trade secret, or other intellectual property right and shall, without limitation, pay the costs, damages, and attorneys' fees awarded against County in any such action, or pay any settlement of such action or claim. Each party agrees to notify the other promptly of any matters to which this provision may apply and to cooperate with each other in connection with such defense or settlement. If a preliminary or final judgment shall be obtained against County's use or operation of the items provided by Contractor hereunder or any part thereof by reason of any alleged infringement, Contractor shall, at its expense and without limitation, either (a) modify the item so that it becomes non-infringing; or (b) procure for County the right to continue to use the item; or (c) substitute for the infringing item other item(s) having at least equivalent capability; or (d) refund to County an amount equal to the price paid, less reasonable usage, from the time of installation acceptance through cessation of use, which amount shall be calculated on a useful life of not less than five (5) years, and plus any additional costs County may incur to acquire substitute supplies or services.

County assumes no liability for actions of Contractor and shall not indemnify or hold Contractor or any third-party harmless for claims based on this Contract or use of Contractor-provided supplies or services. Neither party shall be liable for incidental, special, or consequential damages.

6.3 Force Majeure

Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God; acts of the public enemy; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; lockouts; injunctions-intervention-acts; or failures or refusals to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

Force Majeure shall not include the following occurrences: Late delivery of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market; late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or inability of either Contractor or any subcontractor to acquire or maintain any required insurance, bonds, licenses, or permits.

If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed via certified mail, return receipt requested, and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by contract amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent, that such delay or failure is caused by force majeure.

6.4 Third Party Antitrust Violations

Contractor assigns to County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to Contractor, toward fulfillment of this Contract.

6.5 Care of County Property

Contractor will be responsible for any damages to County property when such property is the responsibility of or in the custody of Contractor or its employees.

ARTICLE 7 - WARRANTIES

7.1 Liens

Contractor warrants that the materials supplied under this Contract are free of liens and shall remain free of liens.

7.2 Quality

Unless otherwise modified elsewhere in these terms and conditions, Contractor warrants that, for one (1) year after County's written acceptance of each location, the materials and workmanship shall be: of a quality to pass without objection in the trade under the contract description; fit for the intended purposes for which the materials are used; with the variations permitted by the contract and are of even kind, quantity, and quality within each unit and among all units; adequately contained, packaged, and marked as the contract may require; and conform to the written promises or affirmations of fact made by Contractor.

7.3 Quality of Work

Contractor shall be responsible for the professional quality and technical accuracy of the goods and services provided under this Contract. Services shall be performed in accordance with generally accepted professional and industry standards. All services shall conform to and be in compliance with applicable federal, state, and local statutes, rules, codes, laws, ordinances, regulations, and restrictions. Contractor shall work closely with County, and provide all reports and documents, including proposed corrective work through the Procurement Officer or their designee.

7.4 Fitness

Contractor warrants that any material supplied to County shall fully conform to all requirements of the contract and all representations of Contractor, and shall be fit for all purposes and uses required by the contract.

7.5 Inspection/Testing

The warranties set forth in paragraphs 7.1 through 7.4 of this section are not affected by inspection or testing of or payment for the materials by County.

7.6 Compliance with Applicable Laws

The materials and services supplied under this Contract shall comply with all applicable federal, state, and local laws, and Contractor shall maintain all applicable licenses and permit requirements.

7.7 IT 508 Compliance

Unless specifically authorized in the contract, any electronic or information technology offered to Gila County under this Contract shall comply with Section 508 of the Rehabilitation Act of 1973, which requires that employees and members of the public shall have access to and use of information technology that is comparable to the access and use by employees and members of the public who are not individuals with disabilities.

7.8 Survival of Rights and Obligations After Contract Expiration or Termination

All representations and warranties made by Contractor under this Contract shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12-529, County is not subject to or barred by any limitations of actions prescribed in A.R.S. Title 12, Chapter 5.

Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer including,

without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

ARTICLE 8 - COUNTY'S CONTRACTUAL REMEDIES

8.1 Right to Assurance

If County in good faith has reason to believe that Contractor does not intend to, or is unable to perform or continue performing under this Contract, the Procurement Officer may demand in writing that Contractor give a written assurance of intent to perform. Failure by Contractor to provide written assurance within the number of days specified in the demand may, at County's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the Contract.

8.2 Stop Work Order

County may, at any time, by written order to Contractor, require Contractor to stop all or any part of the work called for by this Contract for period(s) of days indicated by County after the order is delivered to Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

If a stop work order issued under this clause is cancelled or the period of the order or any extension expires, Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be amended in writing accordingly.

8.3 Non-Exclusive Remedies

The rights and remedies of County under this Contract are not exclusive.

8.4 Nonconforming Tender

Materials or services supplied under this Contract shall fully comply with the Contract. The delivery of materials or services or a portion of the materials or services that do not fully comply constitutes a breach of contract. On delivery of nonconforming materials or services, County may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies available at law or in equity, or pursue any other right or remedy available to it.

8.5 Right of Offset

County shall be entitled to offset against any sums due to Contractor, any expenses or costs incurred by County, or damages assessed by County concerning Contractor's nonconforming performance or failure to perform the Contract, including expenses, costs, and damages described in the Uniform Terms and Conditions.

ARTICLE 9 - CONTRACT TERMINATION

9.1 Cancellation for Conflict of Interest

Pursuant to A.R.S. § 38-511, County may cancel this Contract within three (3) years after contract execution without penalty or further obligation if any person significantly involved in initiating,

negotiating, securing, drafting, or creating the Contract on behalf of County is or becomes at any time while the Contract or an extension of the Contract is in effect an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when Contractor receives written notice of the cancellation unless the notice specifies a later time.

9.2 Gratuities

County may, by written notice, terminate this Contract, in whole or in part, if County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of County for the purpose of influencing the outcome of the procurement or securing the Contract, an amendment to the Contract, or favorable treatment concerning the Contract, including the making of any determination or decision about contract performance. County, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

9.3 Suspension or Debarment

County may, by written notice to Contractor, immediately terminate this Contract if County determines that Contractor has been debarred, suspended, or otherwise lawfully prohibited from participating in any public procurement activity including, but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. Submittal of an offer or execution of a contract shall attest that Contractor is not currently suspended or debarred. If Contractor becomes suspended or debarred, Contractor shall immediately notify County.

9.4 Termination for Convenience

County reserves the right to terminate the Contract, in whole or in part at any time, when in the best interests of County without penalty or recourse. Upon receipt of the written notice, Contractor shall stop all work, as directed in the notice, and notify all subcontractors of the effective date of the termination and minimize all further costs to County. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract shall become the property of and be delivered to County upon demand. Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed, and materials accepted before the effective date of the termination.

9.5 Termination for Default

County reserves the right to terminate any part or all of this Contract if Contractor fails to carry out any term, promise, or condition of the Contract. County will issue a written Notice of Default to Contractor if, in the opinion of County, Contractor:

A. Is or becomes insolvent or is a party to any voluntary bankruptcy or receivership proceeding, makes an assignment for a creditor, or there is any similar action that affects Contractor's capability to perform under the Contract.

B. Is the subject of a petition for involuntary bankruptcy not removed within sixty (60) days.

C. Fails to obtain and/or keep any required insurance policies in full force and effect at all times during the term of the Contract.

D. Provides services that do not meet the requirements of the Contract or conducts business in an unethical or illegal manner.

E. Fails to complete the required work or fails to perform required services within the time frame stipulated.

F. Fails to materially perform or comply with the terms and conditions of the Contract.

Failure of Contractor to remedy any problems noted by the deadline set in the Notice of Default or to otherwise bring performance to satisfactory levels that are within the requirements of the Contract shall give County cause to cancel this Contract.

If County terminates the Contract, Contractor will be provided with a written notice that specifies the effective date of the termination. After receipt of the Notice of Termination, Contractor agrees to perform under the terms and conditions of this Contract up to and including the date of termination as though no termination has been made. In addition, Contractor shall deliver to the Procurement Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Contract, whether completed or not.

If the Contract is terminated for default, County reserves the right to purchase the goods and/or services required under the Contract from the open market, to complete required work itself, or have it completed at the expense of Contractor.

County may recover any excess costs by (1) deduction from an unpaid balance due to Contractor; (2) collection against the offer and/or performance security, if any; (3) collection against liquidated damages (if applicable); or (4) a combination of the aforementioned remedies or other remedies as provided by law.

9.6 Continuation of Performance Through Termination

Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

ARTICLE 10 - CONTRACT CLAIMS

All claims and controversies shall be subject to the Gila County Procurement Policy.

ARTICLE 11 - ARBITRATION AND DISPUTE RESOLUTION

In the event of a dispute arising out of this Contract, the parties shall first meet and confer in a good faith effort to resolve the dispute. No provision of this Contract shall require arbitration upon County except by County's express written consent given subsequent to the execution of the Contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, et seq. If the parties are unable to resolve the dispute through the meet and confer process or agreed arbitration, the Gila County Superior Court is the proper forum for resolution of the dispute. Contractor shall continue to render the services required by this Contract without interruption, notwithstanding the provisions of this Article.

The insurance requirements herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. ***All certificates and endorsements are to be received and approved by County before work commences.***

Each insurance policy required by this Contract must be in effect at or prior to commencement of work under this Contract and remain in effect for the duration of the project. The County project, contract number, and project description shall be noted on the certificate of insurance.
