Dear Neighbor:

This letter is to inform you that I am applying for a variance application with the City of Glendale. The properties are generally located west of the NWC of 54th Avenue and West Gardenia Avenue with APN 147-18-094B & 147-18-094C. Both properties are located within the Ocotillo District.

Jaime Carrillo Palacios Roque ("Property Owner"), requests consideration of a variance to reduce lot size, setbacks and lot width to newly split parcels within the City of Glendale in Maricopa County most commonly referred to as parcel number 147-18-094B and 147-18-094C. Per the R-2 Zoning District development standards requirements, where a minimum lot area of 10,000 sq.ft. is required the applicant is requesting 6,498 sq.ft. lot size. Where a minimum lot width of 60 feet is required, the applicant is asking for a minimum lot width of 50 feet which is 10ft less than what zoning permits but is also very common with neighboring parcels, both parcel would remain R-2 zoning which is also very common in this area. Where a 15 foot perimeter setback is required, the applicant is requesting a side building setback per the R1-6 Zoning District. The proposed construction for said lots would consist of a new 1,600 sq.ft. single family home with two car garage, covered porch and patio with a total of 3,200 sq.ft. The new home would have a maximum height of 14ft, to give this construction a cleaner look, front and rear yards will be fully landscaped.

For any questions or comments please refer to contact information listed below for myself and City of Glendale. Thank you.
