

The city of Glendale, AZ is updating the Transportation Development Impact Fees to ensure that new growth pays its proportional fair share for capacity in our transportation network. As part of that process the city has commissioned TischlerBise to develop the *Land Use Assumptions and Transportation Infrastructure Improvements Plan*. A copy of the draft report will be available for public review on the city of Glendale website. The city intends to hold a Public Hearing on June 28<sup>th</sup>, 2022 at 5:30PM, at the city of Glendale City Council Chambers located at 5850 West Glendale Ave for the purpose of taking public comments. No formal action will occur at that time.
