The City will administer the design, and the State will advertise, bid and award, and administer the construction of the Project.
4. The interest of the State in this Project is the acquisition of federal funds for the use and benefit of the City and authorization of such federal funds for the Project pursuant to federal law and regulations. The State shall be the designated agent for the City for the Project, if

the Project is approved by Federal Highway Administration (FHWA) and funds for the Project are available.

THEREFORE, the Recitals set forth above are incorporated into this Agreement and in consideration of the mutual terms expressed herein, it is agreed as follows:

II. SCOPE OF WORK

1. The Parties agree:
 - a. The Project will be completed, accepted, and paid for in accordance with the requirements of the Project plans and specifications.
 - b. The final Project amount may exceed the initial estimate(s) identified in Exhibit A, and in such case, the City is responsible for, and agrees to pay, any and all actual costs exceeding the initial estimate. If the final Project amount is less than the initial estimate, the difference between the final bid amount and the initial estimate will be de-obligated or otherwise released from the Project. The City acknowledges it remains responsible for actual costs and agrees to pay according to the terms of this Agreement.
 - c. The City and ADOT will each separately file a Notice of Intent (NOI) under the Construction General Permit (CGP) with the Arizona Department of Environmental Quality (ADEQ) before construction begins, if applicable to the Project.

2. The State will:
 - a. Execute this Agreement, and if the Project is approved by FHWA and funds for the Project are available, be the City's designated agent for the Project.
 - b. After this Agreement is executed, and prior to performing or authorizing any work, invoice the City for the City's share of the initial Project Development Administration (PDA) costs, estimated at \$30,000.00. If PDA costs exceed the estimate during the development of design, notify the City, obtain concurrence prior to continuing with the development of design, and invoice as determined by ADOT and the City for additional costs to complete PDA for the Project. After the Project costs for the procurement of the Equipment are finalized invoice or reimburse the City for the difference between actual costs and the amount the City has already paid for PDA.
 - c. After receipt of the PDA costs, review design plans, specifications, cost estimates and other such documents required for the construction bidding and construction for the Project, including scoping/design plans and comments required by FHWA to qualify projects for and to receive federal funds, provide design review comments to the City, as appropriate.
 - d. After completion of design review and prior to bid advertisement, invoice the City for the actual PDA costs, as applicable, and the City's share of the Project construction costs, estimated at \$40,841.00. After the Project costs for construction are finalized, the State

- will either invoice or reimburse the City for the difference between estimated and actual costs. De-obligate or otherwise release any remaining federal funds from the scoping/design phase of the Project.
- e. After receipt of the actual PDA costs, if applicable, and the City's estimated share of the Project construction costs, submit all required documentation to FHWA with the recommendation that the maximum federal funds programmed for construction of this Project be approved. Should costs exceed the maximum federal funds available, it is understood and agreed that the City will be responsible for any overage.
 - f. After receipt of FHWA authorization, proceed to advertise for, receive and open bids award and enter into a contract with the firm for the construction of the Project. If the bid amounts exceed the construction cost estimate, obtain City concurrence prior to awarding the contract. After the Project is awarded, invoice the City for the difference between estimated and actual costs, if applicable.
 - g. Notify the City of completion and final acceptance of the Project. At such time, file a Notice of Termination (NOT) with ADEQ transferring CGP responsibilities to the City, and provide a copy to the City indicating that the State's maintenance responsibility of the Project is terminated, as applicable.
 - h. Notify the City of completion and final acceptance of the Project, coordinate with the City and turnover full responsibility of the Project improvements.
 - i. Not be obligated to maintain the Project, should the City fail to budget or provide for proper and perpetual maintenance as set forth in this Agreement.
3. The City will:

 - b. Within 30 days of receipt of an invoice from the State, pay the City's share of the initial PDA costs, estimated at \$30,000.00. Be responsible and pay for the difference between the estimated and actual PDA costs of the Project within 30 days of receipt of an invoice.
 - c. Prepare and provide design plans, specifications, cost estimates and other such documents required for the construction bidding and construction of the Project, including scoping/design plans and documents required by FHWA to qualify projects for and to receive federal funds; incorporate design review comments from the State, as appropriate.

Be responsible for and pay the difference between the estimated and actual construction costs of the Project, within 30 days of receipt of an invoice.
- f. Be responsible for all costs incurred in performing and accomplishing the work as set forth under this Agreement, that are not covered by federal funding. Should costs be deemed ineligible or exceed the maximum federal funds available, it is understood and agreed that the City is responsible for these costs; payment for these costs shall be made within 30 days of receipt of an invoice from the State.
- g. Certify that all necessary rights of way have been or will be acquired prior to advertisement for bid and also certify that all obstructions or unauthorized encroachments of whatever nature, either above or below the surface of the Project area, shall be removed from the proposed right of way, or will be removed prior to the start of construction, in accordance with The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as amended; 49 CFR 24.102 Basic Acquisition Policies; 49 CFR 24.4 Assurances, Monitoring and Corrective Action, parts (a) & (b) and ADOT Right of Way Procedures Manual: 8.02 Responsibilities, 8.03 Prime Functions, 9.06 Monitoring Process and 9.07 Certification of Compliance.
