THIS LINKING AGREEMENT (this "Agreement") is entered into as of this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, between the City of Glendale, an Arizona municipal corporation (the "City"), and Diversified Flooring Services-Phoenix LLC, a(n) Arizona limited liability company authorized to do business in Arizona ("Contractor"), collectively, the "Parties."

**RECITALS**

- A. On December 6, 2022 under 1 Government Procurement Alliance (1GPA), the Paradise Valley Unified School District entered into a contract with Contractor to purchase the goods and services described in the 1GPA Floor Covering Products and Services Contract #23-08PV-03 ("Cooperative Purchasing Agreement"), which is attached hereto as Exhibit A. The Cooperative Purchasing Agreement permits its cooperative use by other governmental agencies including the City.
- B. Section 2-149 of the City's Procurement Code permits the Materials Manager to procure goods and services by participating with other governmental units in cooperative purchasing agreements when the best interests of the City would be served.
- C. Section 2-149 also provides that the Materials Manager may enter into such cooperative agreements without meeting the formal or informal solicitation and bid requirements of Glendale City Code Sections 2-145 and 2-146.
- D. The City desires to contract with Contractor for supplies or services identical, or nearly identical, to the supplies or services Contractor is providing other units of government under the Cooperative Purchasing Agreement. Contractor consents to the City's utilization of the Cooperative Purchasing Agreement as the basis of this Agreement, and Contractor desires to enter into this Agreement to provide the supplies and services set forth in this Agreement.

**AGREEMENT**

NOW, THEREFORE, in consideration of the foregoing recitals, which are incorporated by reference, and the covenants and promises contained in this Linking Agreement, the parties agree as follows:

1. Term of Agreement. The City is purchasing supplies and/or services from Contractor pursuant to the Cooperative Purchasing Agreement. According to the Cooperative Purchasing Agreement, purchases can be made by governmental entities from the date of award, which was December 6, 2022, until the date the contract expires on December 6, 2023, unless the term of the Cooperative Purchasing Agreement is extended by the mutual agreement of the original contracting parties. The Cooperative Purchasing Agreement, however, may not be extended beyond December 6, 2027. The initial period of this Agreement, therefore, is the period from the Effective Date of this Agreement until December 6, 2023. The City may renew the term of this Agreement for (4) one-year periods until the

Cooperative Purchasing Agreement expires on December 6, 2027. Glendale renewals are not automatic and shall only occur if the City gives the Contractor notice of its intent to renew. The City may give the Contractor notice of its intent to renew this Agreement 30 days prior to the anniversary of the Effective Date to effectuate such renewal.

2. Scope of Work; Terms, Conditions, and Specifications.

- A. Contractor shall provide City the supplies and/or services identified in the Scope of Work attached as Exhibit B.
- B. Contractor agrees to comply with all the terms, conditions and specifications of the Cooperative Purchasing Agreement. Such terms, conditions and specifications are specifically incorporated into and are an enforceable part of this Agreement.

3. Compensation.

- A. City shall pay Contractor compensation at the same rate and on the same schedule as provided in the Cooperative Purchasing Agreement, which is attached hereto as Exhibit C.
- B. The total purchase price for the supplies and/or services purchased under this Agreement shall not exceed eight hundred and seventy-five thousand dollars (\$875,000) for the entire term of the Agreement (initial term plus any renewals).

4. Cancellation. This Agreement may be cancelled pursuant to A.R.S. § 38-511.

5. Non-discrimination. Contractor must not discriminate against any employee or applicant for employment on the basis of race, color, religion, sex, national origin, age, marital status, sexual orientation, gender identity or expression, genetic characteristics, familial status, U.S. military veteran status or any disability. Contractor will require any Sub-contractor to be bound to the same requirements as stated within this section. Contractor, and on behalf of any subcontractors, warrants compliance with this section.

6. Insurance Certificate. A certificate of insurance applying to this Agreement must be provided to the City prior to the Effective Date.

7. E-verify. Contractor complies with A.R.S. § 23-214 and agrees to comply with the requirements of A.R.S. § 41-4401.

8. No Boycott of Israel. To the extent A.R.S § 35-393 through § 35-393.03 are applicable, the parties hereby certify that they are not currently engaged in, and agree for the duration of the Agreement to not engage in, a boycott of goods or services from Israel, as that term is defined in A.R.S § 35-393.

9. Attestation of PCI Compliance. When applicable, the Contractor will provide the City annually with a Payment Card Industry Data Security Standard (PCI DSS) attestation of compliance certificate signed by an officer of Contractor with oversight responsibility.

**INSTRUCTIONS:** Provide not-to-exceed pricing for any other service offered by your firm. Add the type of service or offering in column "A" such as Labor, Floor Prep, Maintenance, Removal, Install, or Other. Add pertinent comments in the "Notes" column, including minimums if applicable. Actual rates given to the Member may be less depending on the various factors surrounding the project, but they may not be more. Lines may be added as needed.

This is considered a fixed price schedule for all items bid under the contract. Fixed prices shall be firm until each anniversary date of the contract. In the event of an occurrence of one or more allowable economic price adjustment contingencies, Contractor may submit a fully documented request for a fixed price list adjustment to LGPA. Documentation may include a letter from the manufacturer clearly stating the amount of increase and product lines affected. Contractor shall also submit supporting documentation that demonstrates that any requested price increase was unpredictable at the time of price list submital and results from an increased cost to Contractor that was out of their control. ## INTRODUCTION

### Who are we?

1Government Procurement Alliance (1GPA), is a non-profit national governmental purchasing cooperative which allows public agencies to take advantage of existing contracts to purchase the goods and services they need from local and national vendors.

Eligible using members include school districts, charter schools, universities, colleges, cities, towns, municipalities, counties, states, local governments, federal government, Native American communities, fire districts, and any other political subdivision.

### What do we do?

We provide contracts for a broad range of commodities and services that are available to the Cooperative eligible members through a government purchasing cooperative or Interlocal agreement. All of our contracts are competitively procured and awarded in compliance with state statutes, procurement laws and regulations.

Contracts are approved and awarded by 1GPA's lead governmental entities and are only available for use and benefit of all entities complying with state procurement laws and regulations.

### Why are we preferred?

The Cooperative's pooled purchasing power means public and private schools, cities, counties and state agencies, non-profits, as well as colleges, universities and Native American communities **can save actual budget dollars** on our contracts utilizing best business practices.

Our agency is dedicated to negotiating the best contracts with the best firms locally or nationally to ensure our members receive quality products and services at the best price.

We service our members by providing in-house knowledge of public procurement practices in conjunction with quality business practices to mainstream the purchasing process for large and complex solicitations that can take up to 6 to 12 months for our members on their own.

We pride our firm on our commitment to compliance, innovation, and collaboration.

***As a government purchasing cooperative, 1GPA offers its Members access to a broad range of vendors whose goods and services have been competitively procured by 1GPA, in coordination with its governmental lead agencies. When conducting competitive solicitations, 1GPA takes all steps necessary to comply with federal, state and local procurement laws applicable to both the Lead Agency identified in the solicitation, as well as to 1GPA. Each Member must make its own independent determination as to (1) whether the Member may, under laws applicable to the Member, lawfully purchase particular goods or services through purchasing cooperatives, and (2) whether the Member must comply with any additional procedures required under laws applicable to the Member prior to completing a cooperative purchase. 1GPA makes no representations or warranties to its Members, or to any vendors, regarding such matters.***

## SPECIAL TERMS AND CONDITIONS

- A. Contractor agrees that, once assigned to work under this contract, key personnel shall not be removed or replaced without written notice to 1GPA or Member.
- B. If key personnel are not available for work under this contract for a continuous period exceeding 30 calendar days or are expected to devote substantially less effort to the work than initially anticipated, the contractor shall immediately notify 1GPA or Member and shall, subject to the concurrence of the District, replace such personnel with personnel of substantially equal ability and qualifications.

46. **EMPLOYEE IDENTIFICATION:** All employees must check in at the front office of each Member site. The employee must have an identification badge at all times in clear view, with picture ID and name of the Contractor. In addition, the employee shirt must have the company name on it. Failure to have any of these items will result with the employee being escorted off property.
47. **FINGERPRINT & BACKGROUND CHECKS:** 1GPA anticipates that services under this contract may cause the contractor and proposed subcontractors to have direct, unsupervised contact with pupils. In accordance with ARS § 15-512(H), a contractor, subcontractor or vendor or any employee of a contractor, subcontractor or vendor who is contracted to provide services on a regular basis at an individual school shall be required to obtain a valid fingerprint clearance card pursuant to title 41, chapter 12, Article 3.1. Therefore, the Contractor and any proposed subcontractors warrant compliance with ARS subsection 41-4401, ARS subsection 23-214, the Federal Immigration and Nationality ACT (FINA) and all other federal, state and local immigration laws and regulations related to the immigration status of its employees. The contractor must have all employees on-site submit to a fingerprint clearance conducted by Department of Public Safety and all employees must carry fingerprint card at all times. These warranties shall remain in effect through the term of the contract.

1GPA may, at its sole discretion, require evidence of compliance during the evaluation process or contract term. Should 1GPA or Member request evidence of compliance, the Contractor and any proposed subcontractors shall have 5 working days from receipt of the request to supply adequate information. Failure to supply the requested information or if 1GPA or Member suspects or finds the Contractor or any of its subcontractors are not in compliance, 1GPA or Member may pursue any and all remedies allowed by law, including, but not limited to: non-consideration of contract award, suspension of work, termination of the contract for default, and suspension and/or debarment of the Contractor. All costs associated with verification and any remedies are the sole responsibility of the Contractor and any proposed subcontractor.

48. **BID SECURITY:** School procurement rules require that all competitive sealed procurement for construction have bid security, if the amount of construction contract will exceed the amount established by R7-2-1002(A). Bid security as a percentage of the bid amount is unacceptable, as this is a term contract with no specific bid amount.

**Bidders shall include acceptable bid security in the amount of \$100,000 with submission of their Bid.**

Acceptable bid security for this solicitation will be a certified check, or an annual or one time bid bond underwritten by a licensed surety company, with the principal being the prime contractor and 1GPA being the Obligee.

49. **PERFORMANCE AND PAYMENT BONDS:** Performance and Payment Bonds between the 1GPA member and the prime contractor shall be executed on forms substantially equivalent to the forms provided at the end of this solicitation document if the value of the construction or construction services award exceeds the amount established in Arizona Administrative Code R7-2-1002(A), currently \$100,000.

Upon execution of a contract between 1GPA member and prime contractor, performance and payment bonds shall be provided to the member as required in R7-2-1103 as applicable. The prime contractor agrees to notify the 1GPA member in writing of this requirement before accepting any work orders. If the prime contractor fails to deliver any required performance or payment bonds, the contract with 1GPA may be terminated. The contractor may be asked to supply copies of performance and payment bonds to 1GPA for administrative purposes.

Performance Bond - The contractor shall be required to furnish an irrevocable security in the amount of 100% of the total contract price payable to the 1GPA Member, binding the contractor to provide faithful performance of the contract.

## SPECIAL TERMS AND CONDITIONS

Payment Bond - The contractor shall be required to furnish non-revocable security for the protection of all persons supplying labor and material to the contractor or any subcontractor for the performance of any work related to the contract. Payment security shall be in the amount of 100% of the total contract price and be payable to the 1GPA Member.

**50. MEMBER DELAYS:** As required by Arizona Administrative Code R7-2-1087(D), the contractor will negotiate with 1GPA Member for the recovery of damages related to expenses incurred by the contractor for a delay for which the 1GPA Member is responsible, that is unreasonable under the circumstances and that was not within the contemplation of the parties to the contract. This negotiation does not void any provision in the contract that requires notice of delays, provides for arbitration or any other procedure for settlement or provides for liquidated damages.

**51. PROGRESS PAYMENTS:** Arizona Administrative Code R7-2-1105 allows for progress payments to the contractor of construction if the contractor agrees to adhere to ARS 41-2577 (B) (D) (F). All progress payments must be invoiced to the 1GPA member. It is the responsibility of the 1GPA member to review and approve any estimates of work completed. Payment shall be made within 14 days after the estimate of the work is certified and approved, except that a percentage of all estimates shall be retained as provided in R7-2-1104. If the 1GPA member issues a written statement to the Contractor that the estimate of work is not approved and certified, the 1GPA member may withhold an amount from the progress payment that the 1GPA member reasonably expects to incur in correcting the deficiency set forth in the written finding, as permitted in R7-2-1105 (A). In such cases, the Contractor agrees to hold 1GPA harmless for any deficiency payment.

Progress payments may be made to the prime contractor on the basis of a duly certified and approved estimate of work performed during the preceding month. The prime contractor must agree to pay any subcontractors or material suppliers within seven (7) days of their receipt of the progress payment, unless otherwise agreed on in writing between the parties involved.

Once all bonds are in place, the prime contractor and the 1GPA member will agree upon a schedule of payments based on identifiable milestones. If any payment to the contractor is delayed after the date due, interest shall be paid at the rate of one percent per month, or a fraction of a month, on such unpaid balance as may be due. Any late charges will be the responsibility of the 1GPA Member. Acceptance of final payment is a waiver of all claims except unsettled claims previously made in writing.

**52. RETENTION:** Ten (10) percent of all contract payments shall be retained by the 1GPA member as insurance of proper performance of the contractor. Contractor agrees to identify the amount to be retained on invoices to 1GPA member for each progress payment.

When the contract is fifty (50) percent completed, on half of the amount retained shall be paid to the contractor upon the contractor's request provided the contractor is making satisfactory progress on the contract and there is no specific cause or claim requiring a greater amount to be retained.

After the contract is fifty (50) percent completed, no more than five percent of the amount of any subsequent progress payments shall be retained providing the contractor is making satisfactory progress on the project, except if at any time the governing board of the member determines satisfactory progress is not being made, at which point ten percent retention shall be reinstated.

Retention applies only to amounts payable for construction and does not apply to amounts payable for design services, preconstruction services, finance services, maintenance services, or any other related services included in the contract.

If the 1GPA member and the contractor agree to a substitute security, the agreement must be in full compliance with Arizona Administrative Code R7-2-1104 (D)(E)(F)(G). If a substitute security is agreed to, the prime contractor must provide 1GPA member with a signed and acknowledged waiver of any right or power of the obligor to set off any claim against 1GPA member.
