3. The Contract Time is identified in the Job Order as the Contract Duration in terms of calendar days. 4. Time is of the Essence of this Contract, and each Job Order issued hereunder, for each Project, and for each phase and/or designed Milestone thereof.

The City will assess liquidated damages as described in each Job Order for each calendar day of delay beyond the Final Completion date.

ARTICLE 2
OVERVIEW OF JOB ORDER CONTRACTING UNDER THIS CONTRACT

1. This Contract establishes an indefinite delivery, indefinite quantity, Job Order Contract for such Services within the scope of this Contract as City may request from time to time by issuance of an individual Job Order for each Project. Unless otherwise specified in a specific Job Order, Job Orders generally will not include Design Services and that where Design Services are necessary, City will provide them under separate contract. There will be a separate Job Order for each Project that will describe the Work to be provided by Contractor for that Project. There may be multiple Projects and therefore multiple Job Orders under this Contract.

2. The amount to be paid by the City for the Project under each Job Order is the Contract Price for that Job Order. The Job Order price will include a total amount for each Job Order priced for the Work described for that Job Order. 3. City shall have the right to perform work of the types included in this Contract itself or to have other contractors perform such work.

4. No Contract in relation to any specific Work is in effect until a Job Order has been fully executed by City and Contractor.

5. During the Term of this Contract, City will issue an individual Job Order request for proposal to Contractor for each Project. Each Job Order will have specific instruction concerning that Job Order. The Contractor will follow these specific instructions when preparing a response in the form of a Job Order Proposal.

   (a) When City identifies a need for performance of a Project under a Job Order; City will issue an RFP to Contractor and also advise Contractor of the nature of the Work to be done. Within seven (7) working days of receipt of this notification, Contractor will:

      (i) Visit the proposed Project Site with City designated representatives; and

   (c) Upon establishment of the scope of the, Contractor will prepare its proposal for accomplishment of the Project.

7. Upon award of a Job Order, a signed copy of the Job Order will be mailed or electronically forwarded to Contractor. Failure by Contractor to pick up or receive the mailed or electronic orders shall not relieve Contractor from the obligation to complete the Work under the Job Order in accordance with the terms of this Contract or the terms of each Job Order.

8. City may provide a verbal NTP for the Work in advance of issuing the formal NTP letter (which will be followed up with a written NTP). Normally, NTP will be issued under separate cover from the Job Order. The Contract duration starts with the date on the NTP letter.

Contractor shall continuously maintain at the Site, for the benefit of City, an updated copy of the awarded Job Order, including one record copy of the Job Order Documents marked to record on a current basis changes, selections and modifications made during construction. Approval by the City, however, shall not be evidence that Construction Work installed pursuant to the City's approval conforms to the requirements of the Contract nor shall such approvals relieve Contractor of any of its responsibilities or warranties under the Contract. If City elects to review Submittals, Contractor shall maintain a Submittal log which shall include, at a minimum, the date of each Submittal, the date of any resubmittal, the date of any approval or rejection, and the reason for any approval or rejection. Contractor shall have the duty to carefully review, inspect and examine any and all Submittals before submission of same to City. Shop Drawings and other Submittals from Contractor do not constitute a part of this Contract.

Contractor shall submit certified results of such tests to City. If the laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any Construction Work to be specifically inspected, tested, or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to City the required certificates of inspection, testing or approval.

15. Contractor shall, during the course of the Construction Work, comply with any regulations or guidelines prescribed by City. Contractor warrants that it will comply with all public laws, ordinances, rules and regulations applicable to the services to be performed under the Contract, including without limitation, those relating to the terms and conditions of the employment of any person by Contractor in connection with the Construction Work to be performed under the Contract.

16. Contractor shall perform the Construction Work in accordance with all construction codes, laws, ordinances or regulations applicable to the design and execution of the Construction Work. Any fine or penalty which may be imposed as consequence of any violation of this provision shall be paid by Contractor, and Contractor, to the fullest extent permitted by the law, shall fully defend, indemnify and hold City harmless for, from and against all loss, damage, and expense, including attorney's fees, resulting from any such violation or alleged violation of codes, laws, ordinances, or regulations, regardless of a concurrent contribution by City, through negligence or other wrongful act, to such loss, damage, or expense, except that such indemnity shall not apply if the violation is solely and directly caused by a negligent or willful act or omission of City, its officers, agents, or employees.

17. All construction and building permits, licenses and authorizations necessary for the construction of the Project shall be secured and paid for by Contractor. Contractor shall notify the City when it has received said permits, licenses, and authorizations, and upon receipt shall supply the City with copies of same. The originals of permits, licenses and

authorizations shall be delivered to the City upon completion of the Construction Work, and receipt of these documents by City shall be a condition precedent to final payment. 18. While on City's property, all Contractor's employees and Subcontractors shall confine themselves to areas designated by the City and will be subject to City's badge and pass requirements, if any, in effect at the Site of the Construction Work.

19. Contractor shall take all reasonable steps and legally required measures at the site to comply with applicable safety regulations and standards and to adequately protect the Construction Work, stored materials, and temporary structures located on the premises, and to prevent unauthorized persons from entering upon the site. Contractor shall at all times safeguard City's property and employees from injury or loss in connection with the performance of the Contract. Contractor shall at all times safeguard and protect its own partially or completely finished Construction Work and that of the adjacent property and all adjacent construction Work from damage. Contractor shall protect City's equipment, apparatus, machinery, and other property and all adjacent construction Work with boarding and other safeguards so as to keep the premises free from dampness, dirt, dust, or other damage and shall remove all such temporary protection upon completion of the Construction Work.

No term or provision of this Contract or act of Contractor in the performance of this Contract shall be construed as making Contractor the agent, servant or employee of City, or making

Contractor or any of its employees eligible for the fringe benefits, such as retirement, insurance and worker's compensation, which City provides its employees.

ARTICLE 8
CONTRACT PRICE

1. City shall pay, and Contractor shall accept, as full and complete payment for all Work associated with each Job Order the amount approved and awarded to the Contractor as a Job Order. Each Job Order will be a separate contract under this Contract. The general terms and conditions will be established by this Contract and special contract provisions will be established within each Job Order.

Job Order Construction Price, unless changed by Supplemental Agreement or Change Order, represents the absolute limit of obligation or liability that City may ever have insofar as the cost for full and final completion of the Work, and the total of all payments to Contractor or its Subcontractors are concerned. Should additional amounts be required to be expended, over and above a Job Order Construction Price, to achieve completion of the Construction Work, including Project construction, and payment to Contractor, in accordance with this Contract and any Special Provisions included in each awarded Job Order, liability for and payment of such additional amounts shall be the sole responsibility of Contractor and its Contract Surety herein, and City shall never be liable for same.

3. In addition to the Construction Work Contractor will perform, it will also provide all the usual and necessary traditional construction management services incident to construction projects of the nature and scope of this Project, for which the Management Fee described in this Contract is paid. The services required are not intended in any manner to diminish the overall responsibility of Contractor for the full and final completion of the Construction Work within the time and cost constraints specified in this Contract.

4. City agrees to pay Contractor for the Cost of the Construction Work as defined in each Job Order, subject to submission by Contractor of all backup substantiation as may be reasonably required by the City. In no event shall the sum of payments for the Cost of the Construction Work and any other Contractor compensation exceed the Construction Price, as adjusted by Change Order. The term "Cost of the Construction Work" shall be defined in each Job Order and be established as a Firm-Fixed Price Contract.

ARTICLE 9
PAYMENT OF THE CONTRACT PRICE

1. Payments of the Contract Price will be made monthly as Work progresses. Payment Applications, covering labor, material, equipment, supplies, and other items completed, delivered or suitably stored on site during a period ending on the last calendar day of each month, shall be submitted to the City by the Contractor on the current edition of AIA

Documents G702 and G703, within five (5) days after end of the period. Payment Applications shall be notarized shall be supported by such data substantiating the Contractor's right to payment as the City may require, and reflect retainage, if any, as is provided. All payments shall be subject to any offset or retainage provisions of the Contract.

2. Each payment made to the Contractor shall be on account of the total amount payable to the Contractor, and title to all Work covered by a paid partial payment shall thereupon pass to the City. Nothing in this section shall be construed as relieving the Contractor from the sole responsibility for care and protection of materials and Work upon which payments have been made, for restoration of any damaged Work, or as a waiver of the right of the City to require fulfillment of all terms of Contract Documents.

3. The City, within seven (7) days after receipt of the Payment Application, will either issue a Certificate for Payment for such amount as is properly due or issue written notice of the reasons for withholding such a certificate.

4. The issuance of a Certificate for Payment will constitute a representation by the City, observations at the site and the data comprising the Application for Payment, that the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by or performed under the Contract Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in his certificate); and that the Contractor is entitled to payment in the amount certified.

5. Payment may be withheld in whole or in part to protect the City on account of:

   (a) Unsatisfactory job progress as determined by the City.
   (b) Defective Work or materials not remedied.
   (c) Disputed Work or materials.
   (d) Claims or other encumbrances filed or reasonable evidence indicating probable filing of claims or other encumbrances by Subcontractors or Suppliers, or others.
   (e) Failure of the Contractor to make payment to Subcontractors or Suppliers within seven (7) days after receipt of each progress payment.
   (f) A reasonable doubt as determined by the City that the Work can be completed for the unpaid balance of the Contract Price or within the Contract Time.
   (g) The Contractor's failure to perform any of its contractual obligations under the Contractor Documents, or any other Contract with the City.
   (h) Deficiencies or claims asserted by City against Contractor arising from any other project. Within fourteen (14) days following the receipt of the Certificate of Payment, the City shall pay to the Contractor 90% of the value of the Work in place and materials suitably stored at the Site. The remaining 10% shall be retained by the City until the Contract is 50% completed at which time the retainage shall be reduced to 5%;

provided that: (a) the Contractor is making satisfactory progress on the Contract; and (b) in the City's sole judgment, there is no specific cause or claim requiring a greater amount than 5% to be retained. Thereafter, the City shall pay the Contractor 95% of the value of the Work, unless and until it determines satisfactory progress is not being made, at which time the 10% retainage may be reinstated. Such 10% reinstatement would be 10% of the total contract value of Work in place and materials stored. The City's sole judgment concerning the satisfactory progress of the Work shall be final.

6. Within sixty (60) days after the issuance of the Certificate of Final Completion by the City and receipt of all other documents required by the Contract, all retained amounts shall be paid to Contractor as part of Final Payment:

   (a) The Final Payment shall not become due until the Contractor delivers to the City full and final unconditional releases from Subcontractors and major Suppliers acknowledging payment in full. Any claim filed thereafter shall be the responsibility of the Contractor.
   (b) If any claim remains unsatisfied after all payments are made, the Contractor shall immediately upon demand refund to the City all monies that the latter may be compelled to pay in discharging such claim including all costs, interest and attorneys' fees.

ARTICLE 10
SUBSTANTIAL AND FINAL COMPLETION

1. "Substantial Completion" means that stage in the progression of the Construction Work, as approved by City in writing, when the Project is sufficiently complete in accordance with the Contract that City can enjoy beneficial use or occupancy of the entire Project and can utilize it for all of its intended purposes. A condition precedent to Substantial Completion is the receipt by City of all necessary authorizations for the use of the Project required by any governmental or regulatory authority. City reserves the right to use any part, phase or system of the Project when such part, phase or system is substantially completed, but such partial use of the Project shall not result in the Project being deemed substantially complete, and such partial use shall not be evidence of Substantial Completion.

2. When Contractor believes that the Construction Work is substantially complete, Contractor shall notify the City in writing and shall submit to City a list of items remaining to be completed or corrected. The City, the City's designee, (or an independent consultant hired by City) will perform an inspection. If the Construction Work is substantially complete, in the sole opinion of City, City will prepare a Certificate of Substantial Completion which shall establish the date of Substantial Completion. The Certificate of Substantial Completion shall state the responsibilities of City and Contractor for Project security, maintenance, damage to the Construction Work, and insurance, and shall fix the date, not more than 30 days after the established date of Substantial Completion, within

which Contractor shall complete any items of incomplete or defective Construction Work. The Certificate of Substantial Completion shall be submitted to Contractor for its written acceptance of the responsibilities assigned to it in such certificate.

3. Upon Substantial Completion of the Construction Work, and upon execution by both City and Contractor of the Certificate of Substantial Completion, City shall pay Contractor, within thirty (30) days, all sums due Contractor, including such amount of retainage as the City in its sole discretion wishes to pay based upon the value of remaining performance, less the reasonable costs, as determined by City in City's sole discretion, for completing all incomplete Construction Work and/or any Design Services, correcting and bringing into strict conformance all defective and nonconforming Construction Work, and handling all outstanding or threatened claims.

4. "Final Completion" means the completion of all Work required by, and in strict compliance with, this Contract, the Job Order, including Contractor's provision to City of all documents and deliverables required to be provided by the Contract.

5. When Contractor believes that all of the Construction Work is finally complete, and Contractor is ready for a final inspection, Contractor shall so notify the City in writing. The City (or an independent consultant hired by City) will then make final inspection of the Construction Work and, if the Construction Work is complete in strict accordance with the Contract, and the Contract has been fully performed, then City will issue a Certificate for Final Payment, providing for payment of the remainder of the Contract Price, less any amount withheld pursuant to the Contract.

6. City shall make final payment of all remaining sums due to Contractor within thirty (30) days after Final Completion as reflected by City's Certificate for Final Payment, provided that all documents and deliverables required to be delivered to City under this Contract have been delivered as required, and provided that all other conditions precedent to payment have been satisfied.

7. Prior to being entitled to receive final payment, and as a condition precedent thereto, Contractor shall furnish City, in the form and manner required by the City, the following:

   (a) an Affidavit of Final Payment and Release, in particular certifying that all Subcontractors and Suppliers have been paid all sums lawfully due to them, and releasing City from all claims that Contractor had or might have asserted during the performance of this Contract;
   (b) if required by City, separate releases of lien or lien waivers from each Subcontractor, lower tier subcontractor, laborer, Supplier or other person or entity who has, or might assert a claim against City or City's property;
   (c) consent of surety to final payment;
   (d) a complete set of the as-built drawings to include AutoCAD disks and the record set of Contract Documents; and

(e) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of a Contractor, or expressly required herein, as a part of or prior to Project closeout.

8. Acceptance by Contractor of final payment shall constitute a waiver and release of all claims against City by Contractor except for those claims previously made in writing against City by Contractor, pending at the time of final payment and specifically identified on Contractor's pay request for final payment as unsettled at the time it submits its pay request.

ARTICLE 11
CITY'S DUTIES, OBLIGATIONS, AND RESPONSIBILITIES

In addition to payment, City shall undertake to perform the following:

1. City shall provide Contractor with information regarding City's requirements for the Project including any desired or required design or construction schedule.

2. City shall review any documents submitted by Contractor requiring City's decision, and shall render any required decisions pertaining thereto.

3. In the event City knows of any material fault or defect in the Construction Work, nonconformance with the Contract, or of any errors, omissions or inconsistencies in the Design Documents, then City shall give prompt notice thereof in writing to Contractor.

4. City shall provide Contractor access to the Site and to the Construction Work, and shall provide Contractor with such information, existing and reasonably available, necessary to Contractor's performance of the Contract as Contractor may request.

5. City shall cooperate with Contractor in securing any necessary licenses, permits, approvals or other necessary authorizations for the design, construction and certification of the Project.

6. City shall perform the duties set forth in this Article 11 in a reasonably expeditious fashion so as to permit the orderly and timely progress of Contractor's Design Services and of the Construction Work.

7. City's review, inspection, or approval of any Construction Work, Design Documents, Submittals, or pay requests by Contractor shall be solely for the purpose of determining whether such Construction Work and such documents are generally consistent with City's construction program and requirements. No review, inspection, or approval by City of the Construction Work or documents shall relieve Contractor of its responsibility for the performance of its obligations under the Contract or the accuracy, adequacy, fitness, suitability, or coordination of its Design Services or the Construction Work. Approval by

any governmental or other regulatory agency or other governing body of any Construction Work, Design Documents, or Contract Documents shall not relieve Contractor of responsibility for the strict performance of its obligations under the Contract. Payment by City pursuant to the Contract shall not constitute a waiver of any of City's rights under the Contract or at law, and Contractor expressly accepts the risk that defects in its performance, if any, may not be discovered until after payment, including final payment, is made by City.

9. City's agreement not to exercise, or its delay or failure to exercise, any right under the Contract or to require strict compliance with any obligation of Contractor under the Contract shall not be a waiver of the right to exercise such right or to insist on such compliance at any other time or on any other occasion.

10. City shall furnish to Contractor, prior to the execution of each Job Order, any and all written and tangible material knowingly in its possession concerning conditions below ground at the site of the Project. Such written and tangible material is furnished to Contractor only in order to make complete disclosure of such material and for no other purpose. By furnishing such material, City does not represent, warrant, or guarantee its accuracy or completeness either in whole or in part, and shall have no liability therefore. If Contractor requests in writing, City shall also furnish surveys, legal limitations, and utility locations (if known), and a legal description of the Project site.

11. City shall obtain all easements required for construction, and shall pay for necessary assessments and charges required for use and occupancy of the Construction Work. Contractor shall render such assistance as City may request in obtaining such easements, certificates of occupancy, and the like.

12. In the event Contractor fails or refuses to perform the Construction Work in strict accordance with the Contract, or is otherwise in breach of this Contract in any way, City may, at its option, instruct Contractor to cease and desist from performing further Construction Work, or any part thereof. Upon receipt of such instruction from City in writing, Contractor shall immediately cease and desist as instructed by City and shall not proceed further until the cause for City's instructions has been corrected, no longer exists, or City instructs that the Construction Work may resume.

13. In the event City issues such instructions to stop Construction Work, and in the further event that Contractor fails and refuses within seven (7) days of receipt of same to provide adequate assurance to City that the cause of such instructions will be eliminated or corrected, then City shall have the right to carry out the Construction Work with its own forces, or with the forces of other contractors, and Contractor shall be fully responsible for the costs incurred in correcting any defective or deficient Construction Work. The rights set forth in Article 11, Paragraph 11 and this Article 11, Paragraph 12 are in addition to, and without prejudice to, any other rights or remedies City may have against Contractor, including the rights to terminate or withhold payment as provided herein.

ARTICLE 12
JOB ORDER (PROJECT) DOCUMENTATION

1. Contractor shall maintain and protect all records relating in any manner whatsoever to the Project (the "Project Records") for no less than four (4) years after Final Completion of the Project, and for any longer period of time as may be required by law or good management practice.

2. All Project Records which are in the possession of Contractor or Contractors Subcontractors shall be made available to City for inspection and copying upon City's request at any time. Additionally, such records shall be made available upon request by City to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. The Project Records include, without limitation, all drawings, plans, specifications, Submittals, correspondence, logs, minutes, memoranda, photographs, tape or videotape recordings, or other writings or things which document the Project, its design, or its construction. Said records include those documents reflecting the cost of design and construction to Contractor.

ARTICLE 13
PERSONNEL, SUBCONTRACTORS AND SUPPLIERS

1. A "Subcontractor" means an entity which has a direct contract with Contractor to perform a portion of the Construction Work or the Design Services. For purposes of the Contract, Subcontractors shall also include those furnishing any equipment and materials for the Project.

2. A "Supplier" means an entity providing only equipment or materials for the performance of the Construction Work.

3. Upon execution of this Contract, and at such later times as may be applicable, Contractor shall furnish City, in writing, the names of persons or entities proposed by Contractor to act as Subcontractors on the Project. Contractor shall provide such information regarding such proposed Subcontractors as City deems necessary. City shall promptly reply to Contractor, in writing, stating any objections City may have to such proposed Subcontractors. Contractor shall not enter into a subcontract with an intended Subcontractor with reference to whom City objects. Any consent or failure to reject by City shall in no way relieve Contractor of any of its duties or warranties under the Contract.

4. All subcontracts and purchase orders with Subcontractors shall afford Contractor rights against the Subcontractor which correspond to those rights afforded to City against Contractor under this Contract, including those rights of Contract suspension, termination, and stop Construction Work orders as set forth in this Contract. It is expressly agreed that no relationship of agency, employment, contract, obligation or otherwise

shall be created between City and any Subcontractor of Contractor, and a provision to this effect shall be inserted into all agreements between Contractor and its Subcontractors.

5. Should Contractor subcontract all or any part of the Construction Work, such subcontracting of the Construction Work shall not relieve Contractor from any liability or obligation under the Contract or under any applicable policy, law or regulation, and Contractor shall be responsible for all and any acts, defaults, omissions or negligence of its Subcontractors, Suppliers, and CONTRACTOR'S.

6. In accordance with Article 7, Paragraph 4 above, Contractor shall employ and assign only qualified and competent personnel to perform any service or task concerning the Project. Contractor shall designate one such person as the Project Contractor. Absent written instruction from Contractor to the contrary, the Project Contractor shall be deemed to be Contractor's authorized representative and shall be authorized to receive and accept any and all communications from City. Key design and supervisory personnel assigned by Contractor to each Job Order will be provided at the time the contractor submits the RFP pricing package. The contractor shall conform to all requirements established in each Job Order RFP issued by the City.

7. If, at any time during the course of the Project, City reasonably determines that the performance of any Subcontractor or any member of Contractor's staff construction working on the Project is unsatisfactory, City's Representative may require Contractor to remove such Subcontractor or staff member from the Project immediately and replace the staff member at no cost or penalty to City for delays or inefficiencies the change may cause.

ARTICLE 14
CHANGES AND EXTENSIONS OF TIME

1. Changes in the Design Services (if required) or the Construction Work under this Contract, consisting of additions, deletions, revisions or any combination thereof, may be ordered unilaterally by City without invalidating the Contract. Such changes shall be communicated by Change Order, Field Order or supplemental agreement, as applicable. Contractor shall proceed diligently with any changes, and same shall be accomplished in strict accordance with the terms and conditions as set forth in this Contract/Job Order.

2. All change orders, changes requested by Contractor, or extensions of Contract Time occurring during construction of the Project related to actual Construction Work shall be governed by the applicable provisions of this Contract/Job Order. All requests for additional compensation due to a change in the scope, and all requests for an extension of time to the Schedule, shall include sufficient backup documentation to reasonably understand the request and the amount of time or compensation requested and determines the merits of the request.

3. Upon the occurrence of a change order for Construction Work which increases the Cost of the Construction Work, the Construction Price will thereafter include such Cost of the Construction Work and Services attributable to such change to the extent allowed.

4. In the event the parties are unable to agree on the terms of a Change Order or Supplemental Agreement, then Contractor shall continue to diligently perform the Work, including any change directed by City by Change Order or Supplemental Agreement, and shall keep thorough records of the cost of performance of such Change Order or Supplemental Agreement.

5. Contractor recognizes and accepts a fiduciary relationship of trust and confidence hereby established between Contractor and City and agrees that it shall at all times in good faith use its best efforts to advance City's interests and agrees to perform the Work in the highest professional manner.

ARTICLE 15
CLAIMS BY CONTRACTOR

1. Claims by Contractor against City are subject to the terms and conditions of this Article 15, and strict compliance herewith shall be a condition precedent to any liability of City therefore.

2. All claims for additional compensation or additional time, regardless of their nature, when they occur, or whether they occur during the design or construction phase, shall be governed by the City of Buckeye Procurement Code.

3. Contractor shall provide, and continue to provide, to City all such documentation, including cost and time records, as and when City may request so that City may evaluate Contractor's claim.

4. Contractor shall continue its performance under this Contract regardless of the existence of any claims submitted by Contractor against City.

5. In the event Contractor seeks to make a claim for an increase in the Construction Price, as a condition precedent to any liability of City for any claim, Contractor shall strictly comply with the requirements of Paragraph 2 above and such notice shall be given by Contractor before proceeding to execute any alleged additional or changed Construction Work. Failure of the condition precedent to occur shall constitute a waiver by Contractor of any claim.

6. In connection with any claim by Contractor against City for compensation in excess of the Construction Price, any liability of City shall be strictly limited to the Cost of the Construction Work and Design Services if required as defined and allowed in this Contract

and subsequent Job Orders and shall in no event include, indirect, consequential, impact or other costs, expenses or damages of Contractor or its Subcontractors. City shall not be liable to Contractor for claims of third parties, including Subcontractors, for acts, omissions, events, or conditions for which City would not be liable to Contractor under the terms of the Contract. As a condition precedent to City's liability to Contractor for any loss or damage resulting from claims of third parties, including Subcontractors, such third parties must have complied with all conditions contained in their agreements with Contractor and such claims must have been submitted to City by Contractor in strict compliance with all the requirements of this Article. City shall not be liable to Contractor for claims of third parties including Subcontractors, unless and until the liability of Contractor has been established in a court of competent jurisdiction.

7. The resolution of any claim under this Article shall be reflected by a Change Order or Supplemental Agreement executed by City and Contractor.

ARTICLE 16
UNCOVERING AND CORRECTING CONSTRUCTION WORK

1. If any of the Construction Work is covered, concealed or obscured contrary to the written request of City, or contrary to any provision of the Contract, said Construction Work shall, if required by City, be uncovered for inspection and shall be properly replaced at Contractor's expense without change in the Contract Time.

2. If any of the Construction Work is covered, concealed or obscured in a manner not inconsistent with Paragraph 1 above, it shall, if required by City, be uncovered for inspection. If such Construction Work conforms strictly to the Contract, the cost of uncovering and proper replacement shall be charged to City. If such Construction Work does not strictly conform to the Contract, Contractor shall pay the cost of uncovering and proper replacement.

3. Contractor shall immediately proceed to correct Construction Work rejected by City as defective or failing to conform to the Contract. Contractor shall pay all costs and expenses associated with correcting such rejected Construction Work, including any additional testing and inspections made necessary thereby.

4. In addition to its warranty obligations set forth elsewhere herein, Contractor shall be specifically obligated to correct at its cost and expense any and all defective or nonconforming Construction Work for a period of twelve (12) months following Final Completion upon written direction from City. This obligation shall survive final payment by City and termination of the Contract.

5. Nothing contained in Paragraph 4 shall establish any period of limitation with respect to other obligations which Contractor has under the Contract. Establishment of the one-year

time period in Paragraph 4 above relates only to the duty to Contractor to specifically correct the Construction Work.

6. City may, but shall in no event be required to, choose to accept defective or nonconforming Construction Work. In such event, the Contract Price shall be reduced by the reasonable costs of removing and correcting the defective or nonconforming Construction Work. City shall be entitled to a reduction in the Construction Price regardless of whether City has, in fact, removed and corrected such defective Construction Work. If the unpaid balance of the Construction Price, if any, is insufficient to compensate City for the acceptance of defective or nonconforming Construction Work, Contractor shall, upon written demand from City, pay City such additional compensation for accepting defective or nonconforming Construction Work.

ARTICLE 17
SUSPENSION AND TERMINATION

1. City may for any reason whatsoever suspend performance under the Contract. City shall give written notice of such suspension to Contractor specifying when such suspension is to become effective.

2. From and upon the effective date of any Suspension ordered by City, Contractor shall incur no further expense or obligations in connection with this Contract and Contractor shall cease its performance. Contractor shall also, at City's direction, either suspend or assign to City any of its open or outstanding subcontracts or purchase orders.

3. In the event City directs a suspension of performance under this Article 17, through no fault of Contractor, and provided Contractor submits a proper claim as provided in this Contract, City shall pay Contractor as full compensation for such suspension Contractor's reasonable costs, actually incurred and paid, of:

   (a) Demobilization and remobilization, including such costs paid to Subcontractors
   (b) preserving and protecting Construction Work in place;

These costs shall not include amounts paid in accordance with other provisions of this Contract. In no event shall Contractor be entitled to recover lost profits or other incidental or consequential damages from City on account of a termination for convenience, or an erroneous termination for cause as described below.

7. If Contractor does not perform the Construction Work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment and materials, or proceeds to disobey applicable laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise commits a violation of a material provision of the Contract, then City may by written notice to Contractor, without prejudice to any other right or remedy against Contractor or others, terminate the performance of Contractor and take possession of the Project site and of all materials and equipment at the site and may finish the Construction Work by whatever methods it may deem

expedient. In such cases, Contractor shall not be entitled to receive any further payment until the Construction Work is finished.

8. In the event the employment of Contractor is terminated by City for cause and it is subsequently determinedly a court or other tribunal of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under this Paragraph and the provisions of this Paragraph regarding compensation shall apply.

(i) All certificates and endorsements are to be received and approved by the City before work commences. Each insurance policy required by this Contract must be in effect at or prior to the earlier of commencement of work under this Contract or the signing of this Contract and remain in effect for the duration of the Project. Failure to maintain the insurance policies as required by this Contract or to provide evidence of renewal is a material breach of contract.

(ii) All certificates of insurance required by this Contract shall be sent directly to the City of Buckeye, Contracts Manager. The contract number and project description shall be included on the Certificates of Insurance. The City reserves the right to require complete, certified copies of all insurance policies required by this Contract, at any time.

(m) The bonds shall be made payable and acceptable to the City of Buckeye.

(n) The bonds shall be written or countersigned by an authorized representative of the surety who is either a resident of the state of Arizona or whose principal office is maintained in this state, as by law required, and the bonds shall have attached thereto a certified copy of Power of Attorney of the signing official. If one Power of Attorney is submitted, it shall be for twice the total Contract amount. If two Powers of Attorney are submitted, each shall be for the total Contract amount. 3. Approval, disapproval or failure to act by City regarding any insurance supplied by Contractor or its Subcontractors shall not relieve Contractor of full responsibility or liability for damages, errors, omissions or accidents as set forth in this Contract. Neither the bankruptcy or insolvency of Contractor's insurer nor any denial of liability by Contractor's insurer shall exonerate Contractor from the liability or responsibility of Contractor set forth in this Contract.
