

## **Water Development Impact Fees being Updated**

In order to ensure new growth pays their fair share of the costs needed to add infrastructure capacity necessary to serve new growth, and to ensure existing residents and businesses level of service in our street network, is not diminished, the city of Glendale, consistent with state statutes and many other municipalities charges Development Impact Fees. The Development Impact Fee Schedule is included in the Land Use Assumption and Infrastructure Improvement Plan which is available for your review by clicking the link below.. If you have questions please contact Don Bessler, Director of Engineering at [Dbessler@glendaleaz.com](mailto:Dbessler@glendaleaz.com).
