**GRANT AGREEMENT
BETWEEN
THE STATE OF ARIZONA
AND
CITY OF GLENDALE**

THIS AGREEMENT is entered into _____ by and between the STATE OF ARIZONA acting by and through the ARIZONA DEPARTMENT OF TRANSPORTATION, Multimodal Planning Division, Aeronautics Group, herein referred to as the "STATE" and the CITY OF GLENDALE, a political subdivision of the STATE of Arizona, herein referred to as the "SPONSOR". The STATE of Arizona, Arizona Department of Transportation and City of Glendale are collectively referred to as the "Parties", and individually as STATE, SPONSOR, and "Party".

I. RECITALS

1. The STATE is empowered by Arizona Revised Statute § 28-401 to enter into this Agreement and has delegated to the undersigned the authority to execute this Agreement on behalf of the STATE.
2. The Airport Pavement Management System (APMS) program is a grant program established to assist in the preservation of the Arizona airport system infrastructure to support safe airports for the citizens of Arizona. As a benefit of the grant, procurement of construction services is performed by the Arizona Department of Transportation to assure quality contractors and compliance with Federal Aviation Administration (FAA) regulations and the APMS grant requirements. The final Grant for this project shall be the final construction costs less the required match percentage 10% from the SPONSOR. Because the Grant program requires advance payment before a contractor can receive notice to proceed, SPONSOR Match is calculated on the engineer's construction estimate, with reconciliation to actuals to be completed post-construction.
3. Funding for this Project is pursuant to Arizona Revised Statute § 28-8202.D and authority to accept SPONSOR contribution is pursuant to Arizona Revised Statutes § 28-8242.A.2(d).
4. The SPONSOR is empowered by Arizona Revised Statute § 28-8413.B.2 to enter into this Agreement and has authorized the undersigned to execute this Agreement on behalf of the SPONSOR in accordance with an applicable resolution, Board-granted authority, or local ordinance; a copy of which is attached and incorporated hereto.
5. The STATE and SPONSOR desire to share in costs for pavement preservation at the Glendale Municipal Airport (Airport), hereinafter referred to as the Project. The Project will include APMS - Rwy 1/19 Section 10; 1-inch AC Overlay and Pavement Markings.

6. The total pre-design estimated cost of the Project construction was \$1,822,000.00. The SPONSOR shall contribute the Required Match Percentage of the Project construction cost. Payment of the Required Match Percentage of the estimated Project construction cost (\$182,200.00) is due and payable upon signing this Agreement and must be received by the STATE before Notice to Proceed for construction will be issued. If construction is awarded at a higher price than estimated, or if there are in-field or other modifications during construction, the State, at its option, may invoice the additional match and the SPONSOR shall remit according to § II(2)(g). Any remaining balance of SPONSOR's contribution totaling the Required Match Percentage of the actual total Project construction cost shall be due and payable upon completion of the project. See § II(1)(e) for final accounting reconciliation of the Project costs.
7. The STATE is responsible for all Project related procurement(s) and for paying all awarded contractor(s) performing activities for the Project. The STATE will pay all design, engineering, construction administration, grant administration, and construction costs for the Project less the SPONSOR/Airport Match requirement with the expectation that the Project will be completed and the expected benefits to the STATE and its constituents will be accomplished. In the event that the SPONSOR or the Airport cancel this Project after the STATE incurs these expenses, thus preventing the benefits to the STATE and its constituents to be accomplished, the SPONSOR is responsible to reimburse the STATE for all Project costs incurred by the STATE including but not limited to staff charges (pay rate plus indirect cost rate) in addition to direct expenses paid to vendors/consultants/contractors.

THEREFORE, in consideration of the mutual agreements expressed herein, it is agreed as follows:

II. RESPONSIBILITIES

1. The STATE shall:
 - a. Conduct investigations and prepare, in compliance with Federal Aviation Administration (FAA), state, or local standards, design plans, specifications and such other documents and services required for design, project coordination, construction bidding and construction.
 - b. Invoice the SPONSOR for the Required Match Percentage of the pre-design estimated construction cost, and collect this match payment prior to issuing notice to proceed for any construction contract. Invoice, at the option of the STATE, additional match requirements if construction is awarded at a higher price than estimated, or if there are in-field or other modifications during construction. Invoice, after completion of the project for any remaining match requirements to bring total match from the SPONSOR to equal the Required Match Percentage of the actual project construction costs.
 - c. Advertise for Project bids and award one or more design, construction administration, and/or construction contracts for the Project and make all payments to the contractor(s) OR shall perform the Project and administration in-house, at the option of the STATE.
 - d. Provide final inspection and acceptance of the Project.

- e. Subsequent to Project completion, determination of final quantities and services, and approval and acceptance of the Project, produce and submit to the SPONSOR a final accounting reconciliation of actual Project costs.
 - i. In the event that the Required Match Percentage of the actual Project construction costs exceed the amount remitted by the SPONSOR, the STATE will invoice the SPONSOR for the remaining contribution required to equal the Required Match Percentage of the actual Project construction costs.
 - ii. In the event that the Required Match Percentage of the actual Project construction costs is less than the amount remitted by the SPONSOR, the STATE will reimburse the SPONSOR for any overpayment.
 - iii. In the event that the SPONSOR or the Airport cancels this Project after the STATE incurs any expenses/costs, the SPONSOR is responsible to reimburse the STATE for all Project costs incurred by the STATE including but not limited to staff time and effort in addition to direct expenses paid to vendors/consultants/contractors.
- f. Reimburse the SPONSOR for any contribution that exceeded the Required Match Percentage of the final Project construction costs within 30 calendar days of receiving a signed final accounting reconciliation of the Project costs from the SPONSOR.

2. The SPONSOR shall:

- a. Remit payment of the Required Match Percentage of the estimated Project construction cost as documented in the Recitals of this Agreement and as instructed on the Invoice. Payment is due and payable upon signature of this Agreement and must be received by the STATE before notice to proceed for construction will be issued. If construction is awarded at a higher price than estimated, or if there are in-field or other modifications during construction, the State, at its option, may invoice the additional match and the SPONSOR shall remit according to § II(2)(g). Any remaining balance of SPONSOR's contribution totaling the Required Match Percentage of the actual total Project construction cost shall be due and payable upon completion of the project. See § II(1)(d) for final accounting reconciliation of the Project costs.
- b. Schedule and provide authorized Airport access for the STATE, the STATE's representative(s), and the contractor(s) for the purposes of preparing design plans and specifications for the Project, constructing the Project, administering the construction of the Project, and for final inspection.
- c. Coordinate with the STATE and obtain authorized approval on safety plans, security plans, phasing plans, and construction schedules prepared by the STATE.
- d. Coordinate with airport users, issue or have the Airport issue NOTAMs (Notice to Airmen) as required, and provide operations support during construction, as needed.
- e. Upon completion and acceptance of the Project by the STATE, provide and/or ensure maintenance of the Airport improvements from the Project.
- f. Abide by and enforce the SPONSOR Assurances.
- g. Remit to the STATE within 30 days after receiving an invoice for any additional contribution required based on modifications of the Project estimate or subsequent to the post-completion

Project accounting cost reconciliation; or in the event that the SPONSOR or the Airport cancels this Project after the STATE incurs any expenses/costs, thus preventing the benefits to the STATE and its constituents to be accomplished, the SPONSOR is responsible to reimburse the STATE for all Project costs incurred by the STATE including but not limited to staff time and effort in addition to direct expenses paid to vendors/consultants/contractors.

III. SPONSOR ASSURANCES

The SPONSOR hereby covenants and agrees with the STATE as follows:

1. The Project is consistent with plans (existing at the time of approval of the Project) of entities authorized by the STATE to plan for the development of the area within which the Project exists.
2. The SPONSOR will furnish to the STATE each quarter a current listing of all aircraft based on the Airport.
3. These covenants shall become effective upon execution of this Agreement for the Project or any portion thereof, made by the STATE and shall constitute a part of the Agreement thus formed and shall remain in full force and effect throughout the life of this Agreement.
4. The SPONSOR is the owner or lessee of the property or properties on which the Airport is located and that the lease guarantees that the SPONSOR has full control of the use of the property through the life of this Agreement. In the event there are changes in airport ownership or to an airport lease during the life of this Agreement, responsibilities under this Agreement shall be transferred to the new owner or lessee as part of that arrangement and the parties to the new arrangement shall submit a request to the STATE to amend this Agreement as necessary to transfer responsibility to the new owner or lessee.
5. To restrict the use of land, adjacent to or in the immediate vicinity of the Airport, to activities and purposes compatible with normal Airport operations and to take appropriate action including the adoption of appropriate zoning laws.
6. To promote safe airport operations by clearing and protecting the approaches to the Airport by removing, lowering, relocating, marking and/or lighting existing airport hazards and to prevent, to the extent possible, establishment or creation of future airport hazards.
7. To operate the Airport for the use and benefit of the public and to keep the Airport open to all types, kinds and classes of aeronautical use without discrimination between such types, kinds and classes; and establish such fair, equal and nondiscriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; and provided further, and prohibit any given type, kind or class of aeronautical use of the Airport if such use would create unsafe conditions, interfere with normal operation of aircraft, or cause damage or lead to the deterioration of the runway or other Airport facilities.
8. To suitably operate and maintain the Airport and all facilities thereon or connected therewith which are necessary for Airport purposes and to prohibit any activity thereon which would interfere with its use for aeronautical purposes and to operate essential facilities, including night lighting systems, when installed, in such manner as to assure their availability to all users of the Airport; provided that nothing contained herein shall be construed to require that the Airport be operated and maintained for

aeronautical uses during temporary periods when snow, flood or other climatic conditions interfere substantially with such operation and maintenance.

9. To refrain from entering into any transaction which would deprive the SPONSOR of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another agency eligible to assume such obligations and having the power, authority and financial resources to carry out such obligations; and, if an arrangement is made for management or operation of the Airport by an agency or person other than the SPONSOR, the SPONSOR will reserve sufficient powers and authority to ensure that the Airport will be operated and maintained in accordance with these covenants.
10. To maintain a current Airport Layout Plan (ALP) of the Airport, which shows building areas and landing areas, indicating present and planned development and to furnish the STATE an updated ALP of the Airport as changes are made.

In the event the STATE cancels this Agreement prior to commencement of performance, the STATE shall reimburse the SPONSOR any remitted advance contribution, the amount of which is described in the Recital(s) of this Agreement.
3. This Agreement may be canceled in accordance with Arizona Revised Statutes § 38-511.
4. If the SPONSOR fails to comply with any portion of this Agreement, the STATE, by written notice to the SPONSOR, may suspend participation until appropriate corrective action has been taken by the SPONSOR.
5. The STATE reserves the right to terminate this Agreement in whole or in part due to failure of the SPONSOR to carry out any term, promise, assurance, or condition of the Agreement. The STATE will issue a written notice to SPONSOR for failure to adequately perform, or if there is reason for the STATE to believe that the SPONSOR cannot or will not adequately perform the requirements of the Agreement. If SPONSOR does not submit a Corrective Action Plan to the satisfaction of the STATE within a ten (10) day period after receipt of written notice from STATE, then the STATE, by written notice to the SPONSOR, may terminate the Agreement in whole or in part. The notice of termination will contain the reasons for termination, the effective date, costs incurred prior to termination, and if known any liquidated damages payments or fees due to contractors contracted for this Project. The SPONSOR shall reimburse the STATE any costs incurred prior to the date of termination, liquidated damages payments or fees due to contractors for this Project, and any legal or administrative fees required to collect or defund under this clause.

6. When the continuation of the Project will not produce beneficial results commensurate with the further expenditure of funds, or when funds are not appropriated or are withdrawn for use hereunder, the STATE may terminate this Agreement.

11. Every payment obligation of the STATE under this Agreement is conditioned upon the availability of funds appropriated or allocated for the payment of such obligation. If funds are not allocated and available for the continuance of this Agreement, this Agreement may be terminated by the STATE at any time. No liability shall accrue to the STATE in the event this provision is exercised, and the STATE shall not be obligated or liable for any future payments or for any damages as a result of termination under this paragraph.
12. In the event the STATE cancels an in-progress Project prior to its completion through no fault of the SPONSOR or the AIRPORT, the STATE shall move the project to final accounting reconciliation as described in section II.1.e.

Subject: ADOT Airport Surface Treatment Program 2024
Glendale Municipal Airport Rwy 1/19 Section 10; 1-inch AC Overlay and Pavement Markings

Dear Mr. Smith

ADOT MPD – Aeronautics Group has completed the planning and program development phase of the State’s Airport Pavement Preservation Program for fiscal year 2024. This is a program that ADOT Aeronautics began the groundwork for in 2000 and updates every three to four years when they contract to have pavements at all the State’s public airports evaluated and rated as to their pavement condition index (PCI). The results of the current study show the pavement maintenance recommendations for the airport pavements that still have useable life remaining. Each airport in the study will receive a complete report specific to their respective airports.

Maintenance options such as crack seals, seal coats, thin overlays, and PCCP joint repairs are scheduled for individual runways, taxiways, and aprons at various airports for each of the years in a five-year period. Projects are tentatively scheduled based on PCI priorities and the program’s funding budget. Glendale Municipal Airport is included in fiscal year 2024 of the program for Runway 1/19 Section 10; 1-inch AC Overlay and Pavement Markings with a construction estimate of \$1,822,000.

Under this program, ADOT’s Program Manager will design, support the bidding process, and administer the construction of the maintenance projects. ADOT will pay 100% of the design and construction administration costs. ADOT will then pay the full construction costs to the contractor. The Sponsor will pay, directly to ADOT, their 10 percent share of the construction cost (approx. \$182,200 for City of Glendale).

After review of the current recommendations, we have included the following treatments: 1-inch AC Overlay and Pavement Markings. We have included the preliminary program for Glendale Municipal Airport consisting of an aerial schematic exhibit and a preliminary opinion of probable cost. Prior to finalizing the program and proceeding with the design and construction we need to verify the Sponsor’s intentions for participation in this program. It is expected that actual construction will begin no sooner than March 2024.

Please return by email to Matthew Munden at mmunden@azdot.gov and Tammy Martelle, Kimley-Horn and Associates at tammy.martelle@kimley-horn.com a copy of the executed letter indicating your position on this matter **as soon as possible, but no later than August 31, 2023**. Upon receipt of your acknowledgement to participate in this program, a Grant Agreement with the State and the invoice for your 10 percent (10%) share of the construction cost will be submitted electronically to you via DocuSign (an IGA). Instructions will be provided for your execution of the Grant Agreement using DocuSign. Payment of your invoice for your 10% share of the construction costs must be received by ADOT before construction can commence on your project.

Please initial or sign the Grant Agreement/IGA to complete the signature process before processing payment of the invoice. An Authorizing Resolution, Board-Granted Authority, or Local Ordinance will be necessary to attach to the Grant Agreement/IGA (sent via DocuSign) that will be issued by ADOT at a later date.

Payment of 10% of the estimated Project construction cost is due and payable upon signing the Grant Agreement and must be received by the STATE before Notice to Proceed for construction will be issued. If construction is awarded at a higher price than estimated, or if there are in-field or other modifications during construction, the STATE, at its option, may invoice the additional match and the SPONSOR shall remit the additional match upon receipt of invoice. Upon completion of the Project, ADOT will produce a final accounting reconciliation of the construction costs. In the event, actual construction cost exceeds the estimate, the STATE will invoice the SPONSOR for the remaining contribution required to equal 10% of the actual construction cost. In the event the actual construction cost is less than the estimate, the STATE will reimburse the SPONSOR for any overpayment.

Also, a separate email will be sent with the **Recipient Contact Information** that needs to be filled out and returned to me. This information is necessary for the IGA to be sent for signatures. **If there is a change on this form before you receive the IGA, please contact Tammy Martelle at Kimley-Horn with updated information as soon as possible.**

If you have any questions or desire any additional information, please don't hesitate to contact me at (602) 712-7647.

Sincerely,

ADOT MPD – AERONAUTICS GROUP

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Arizona Dept of Transportation (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Arizona Dept of Transportation:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To advise Arizona Dept of Transportation of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at DocuSignRequest@azdot.gov and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address.. In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.

To request paper copies from Arizona Dept of Transportation

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to DocuSignRequest@azdot.gov and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Arizona Dept of Transportation

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to DocuSignRequest@azdot.gov and in the body of such request you must state your e-mail, full name, IS Postal Address, telephone number, and account number.
